Plans Are Received For Firm's Building

Post Office May Mechanize City Route Carriers

A survey is being conducted, according to Joel Field, Sanford Postmaster, to determine the feasibility of mechanizing the entire city route carriers.

To assist in the survey, Al Blaine, a representative of the Regional Industrial Engineers of Atlanta, Ga., is in Sanford poring over maps of Sanford to establish mileage and length of routes.

The "mailster", a dressed up and highly improved "scoter" is the type of transportation proposed for the mechanization, said the local Postmaster.

In order to make the survey, huge maps have been prepared with about five streets wide the scope of each section so that streets and routes can more easily be determined.

"Whether or not the mechanization will take place is still a question," said Postmaster Field, "and must await the outcome of the survey now being made."

Taking part in the survey is Superintendent of Mails Dick McLaulin and Clerk Clyde Piery.

"If the feasibility of the survey is approved," the Postmaster revealed, "mail and parcel post will be delivered by the carriers which in turn will make deliveries earlier and more complete."

EDITOR RESIGNS

TALLAHASSEE (AP)—Charles H. Anderson, managing editor of the Florida State News Bureau has resigned because of failure to receive a salary increase in the past two years.

Anderson, who was earning \$5,000 a year, has been with the bureau for five years. It is a division of the State Development Commission.

He said he will take a public relations job with a housing development: a Marathon on the Florida Keys.

Plans Are Received For Firm's Building

Post Office May Mechanize City Route Carriers

"Plans for the new Sanford Manufacturing Company's building, which include the working drawings and specifications, have been received and have gone to the mortgage company for a final commitment," William H. "Bill" Stemper, vice chairman of the Sanford Industrial Board, said late yesterday afternoon.

"In addition," said Stemper, "response has been good on the request for Sanford people to invest in this growing company."

Stemper said that all contacts made by the volunteers who have been working with the Sanford Manufacturing company officials in order to keep the industry in Sanford "have been made by mail in order to keep too much work from being thrown onto any one group."

Sanford citizens who would like to invest in a Sanford enterprise can volunteer their pledges, Stemper commented.

In answer to several questions which have been raised concerning the enterprise, including "How will the funds be disbursed?" and "whether or no the investments will be paid off with the original mortgage?" Stemper said, "Three of the investors have been named as agents with the Florida State Bank as the depository to receive and disburse the funds by a trust agreement."

He also said "Repayment of the investments will be made simultaneous with the original mortgage and such payments will include the interest."

"This is not a give-away program" emphasized the Sanford Industrial Board's vice-chairman, "but a means to make financing available to an organization that has proven by actual experience that they can operate in Sanford and bring new money into the community's economic life."

"I would like to point out," Stemper said, "that the Sanford Manufacturing Company's money to provide plans and specifications for the new building and as their part of the investment, has already been deposited in the local bank."

"We have been able to retain an important industry in Sanford, providing a large annual payroll, because of the wonderful cooperation on the part of the City of Sanford in making land available and lending their assistance whenever possible without impairing the city's normal services," Stemper explained.

Capt. Blackburn Makes Non-Stop East-West Flight

A recent flight of an A3D, non-stop from the California coast to Jacksonville, without refueling, points up the importance of the Sanford Naval Air Station, and its readiness for the defense of the United States around the clock, in all weather, or at any location.

Captain J. T. Blackburn, Commanding Officer of Heavy Attack Wing One, stationed at the local Navy base, piloting an A3D, left the California coast at 11:04 a.m. last Monday flying at 38,000 feet and made a low pass at Oklahoma City for timing purposes, during the Oklahoma City Air Show, at 1:37 p.m.

(Continued on Page Eight)

Weather

Partly cloudy through Friday with scattered afternoon and evening showers; low to night 68-72.

Blackburn, Commanding Officer of Heavy Attack Wing One, for his speed record Monday as he flew over Oklahoma City on a non-stop flight from the California coast to Jacksonville. (Inset Capt. J. T. Blackburn). (Official U. S. Navy Photo)

Guards Escort Negroes

STURGIS, Ky. (AP)—An angry, yelling mob of 400-500 persons swung fists here today as National Guard troops escorted nine Negro youths into the previously all-white Sturgis High School.

The armed troops got the youths through the yelling, fist-swinging crowd after a five-minute struggle. Five unidentified men were seized by the troops, who moved into this western Kentucky town of 5,000 last night. The seized men were quickly removed from the scene by State Police.

The troops, after taking the Negro youths into the school approximately a half hour before classes were to open, fixed bayonets and drove the crowd away from the school building.

As the Negro youths left their homes about a mile from this mining and farming town's only high school, crowds began to gather along the way engaging in name-calling as the youths walked down the street.

By the time they had reached the school's vicinity, the crowd had reached nearly 600.

When several in the crowd tried to grab the youths, National Guardsmen stepped in. Fists began to fly but the troops pushed their way through and after driving the crowd back across the street remained with fixed bayonets around the school.

Many white children remained outside the school.

Maj. Gen. J. B. Williams, commanding officer of about 210 members of the 240th Tank Battalion which was ordered to this small community along with four tanks, said:

"I have issued orders to keep the street clear and traffic moving. All children who want to enter the school will be admitted."

The crowd remained milling around the school approximately 45 minutes after the Negro youths had entered. They continued heckling the troops.

Gen. Williams said last night after the troops' arrival that the Guardsmen would remain as long as necessary and were well-prepared for any eventuality."

Later, a sixth unidentified man was arrested when he assaulted State Police Det. Leroy Poole.

Tanks moved up into the street directly in front of the school building.

A solid line of Guardsmen was strung along the block from one end to the other as school buses began to arrive with white children.

As the children alighted from the buses, the crowd began to chant. The crowd kept up the chant as the assembly bell sounded inside the school.

A few minutes later, some children began to leave the school. Many girls were crying. As they reached the outside the crowd cheered.

One mother ran to a window and shouted for her children to leave. Some children inside the school yelled in reply:

"We're not coming out. The law is the law."

Other parents entered the school and returned to the outside with their children.

Plans were adopted for Sept. 30 when the minister expects to be in attendance at the annual International Convention of Disciples of Christ, Des Moines, Ia. A goal of \$220.00 for missionary causes in Unified Promotion was adopted. The sum is to come from the church budget and be sent in by June 30.

Committees planning the observance of the congregation's 31st anniversary and home coming on Sept. 23 were commended for their work. The program committee composed of W. H. Young, Mrs. O. T. Pearson and Mrs. H. K. Ring has secured State Secretary Lawrence S. Ashley, Ocala, a guest speaker for the afternoon program. Lester Tharp and Misses Flo Bishop and Nancy Hicks have sent out invitations to all present and former members. An offering for the education building will be taken at the anniversary. The adopted goal for the day's offering is \$2500.00. This week the offering committee, Geo. Walter Morgan, chairman, is mailing an appeal for the offering. A sketch of the highlights in the history of the church is in preparation, and will be put in a souvenir booklet. The board has ordered the publication of 300 copies of the booklet. A committee headed by Mrs. James L. Horton, Sr., is gathering names for the offering.

Orlando Woman Drowns As Car Goes Into Lake Monroe

MRS. VARSENIG KAZARIAN, 79, was pulled from this automobile and was dead on arrival at Seminole Memorial Hospital. The Chevrolet sedan skidded out of control for approximately 700 feet before toppling over the seawall on 17-92 just north of Sanford. (Staff Photo)

Driver Is In State Of Shock

An Orlando woman was dead on arrival at the Seminole Memorial Hospital following an accident this morning shortly after 11 o'clock when a car, driven by her husband, went out of control and toppled over the sea wall about 1 1/2 miles north of Sanford on highway 17-92.

Mrs. Varsenig Kazarian, 79, apparently died of drowning as the automobile sank in shallow water of Lake Monroe, according to coroner W. Hugh Duncan who said that a Coroners Jury would not be called because of eye witnesses.

Mr. and Mrs. Joe Williams, on their honeymoon from Cairo, Ill., were traveling north and met the Kazarian automobile as it swerved out of control and went into the water.

Williams, attempting to keep the automobile which landed on its side, from toppling over, received a bruised knee as he scaled the concrete bulkhead.

According to the reports of eye witnesses and the investigation of Florida Highway Patrolman Carl Williams, the Kazarian automobile was traveling south driven by Mardiros Kazarian, husband of the drowned woman, whose address was given as 915 Euclid Ave., Orlando, went out of control for about 700 feet before crashing into the water.

The car, according to reports, was traveling at an apparent high rate of speed as it swerved off the highway to the right, back onto the highway and then skidded to the left of the pavement, back to the right again, and finally made a sharp swerve to the left, plowed up dirt across the shoulder of the road and then went over the side of the concrete seawall.

It is reported that Mr. and Mrs. Kazarian are the parents of Harry and Carl Kazarian, operators of the Orange Pharmacy in Orlando.

Mardiros Kazarian, the driver, was reported not to be injured but was in a state of shock. Apparently, on the driver's side of the car, Kazarian was not submerged in the water as was Mrs. Kazarian, and was pulled from the car uninjured. Mrs. Kazarian, it is reported, received a bruise on her left shoulder but received no other injuries from the impact of the car as it fell over into the water.

At the scene, assisting in the investigation of the accident, was Capt. Arnold Williams of the Sanford Police Department.

No other car was involved in the accident, said Patrolman Carl Williams, who also reported that the Kazarian automobile went out of control on a straight stretch of highway.

Church Board OK's Decree Opposing Pari-Mutuel Betting

The official board of the First Christian Church Tuesday authorized the drafting of a resolution expressing opposition to the proposed expansion of gambling in the county by the introduction of pari-mutuel betting on harness racing.

A vote on the issue was held Tuesday, to be held in connection with the November election.

Plans were adopted for Sept. 30 when the minister expects to be in attendance at the annual International Convention of Disciples of Christ, Des Moines, Ia. A goal of \$220.00 for missionary causes in Unified Promotion was adopted. The sum is to come from the church budget and be sent in by June 30.

Committees planning the observance of the congregation's 31st anniversary and home coming on Sept. 23 were commended for their work. The program committee composed of W. H. Young, Mrs. O. T. SHS Team Tearing Up Practice Field

A green but apparently willing Seminole squad of football aspirants are tearing up the practice field at the local high school with an apparent determination to make a record for themselves in their opening season in the Orange Belt conference.

Midway through the third week of practice the Seminole High school griders are grinding away at fundamentals under the patient coaching who are trying to shape a squad of inexperienced men into a working machine that can come off winner in its first game of the season. That date with Cocoa on Sept. 21 is far too close, according to the mentors.

Yesterday was the third day that the gridmen had worn pads and despite their lack of polish, there were many of them that showed a willingness to play a "rock 'em and sock 'em" game and thus show their coaches that they deserved to be in the starting lineup when the season opens.

The greenward at the high school is dotted with some 65 hopefuls, each determined to make good. There are 26 of these lads that are in the A squad under the guidance of Head Coach Bud Fleming and his assistants, Bud Lyle and Dave Laude.

According to these sweating craftsmen, the places on the team are wide open right now. "Every man with whom we are now working has a chance to get the call when we go against Cocoa," Fleming said. "We know we don't have much experience in the roster, so we are looking for the fellow that can show us that he really likes an show us that he really likes to play this game."

Taking stock of the boys whose suits were turning dark with sweat, Fleming and Lyle agreed that the squad was lighter than last year's edition of the Seminoles, adding that they didn't have what would be called a "big" man. There was some hope that speed would develop as some of the team got used to carrying the weight of the uniforms and got into better condition.

Carried over from the 1955 eleven, Brantley Schirard gets many nods of approval from Lyle and Laude, who are working with the lumen, as he cracks in on defense. Bud and Dave also say that they see some real potential in a pair of tackles, Meredith Scott and Charles Pense. In the style of play used by the Seminoles these two spots are key positions and the mentors are anxiously scanning the available material for boys who can "do a man's work."

Dick Silvers, who interned at (Continued on Page Eight)

Rev. G. B. Price Is New Minister Of Local Church

Gerald B. Price, who has been pastor of the Temple Baptist Church at Appalachia, Va., for the past 2 1/2 years, has accepted the call of the South Side Baptist Church at Sanford.

Rev. Price formerly pastored the West View Park Baptist Church at Kingsport, Tenn. for 6 years, and also was pastor of the Asbury Baptist Church at Johnson City, Tenn. for 5 years.

He will be preaching each Sunday, beginning this Sunday at 11 a.m. and 7:45 p.m. and also Wednesday evenings at 7:45 p.m.

Rev. Price will also be preaching each Sunday afternoon at 3 p.m. at the Lagrange Baptist Mission at Mims, R. B. Lunsford, the former pastor of South Side Baptist Church in Brazil, South America.

An invitation to all the services of the church is cordially extended to everyone.

Planet Mars To Be In View Tonight

NEW YORK (AP)—Tonight at midnight EST, thousands of telescopes will be trained on the red planet Mars, which gets more "neighborly" than it has been for 32 years.

The intriguing planet, only half as big as the earth, wheels into view astronomically only 33,163,000 miles away—the closest since 1924.

Mars rises in the Southeast and sets in the Southwest. It will be closest around midnight but will be visible all of the evening hours.

The planet shines red because more than half its surface seemingly is covered with orange-red desert, low mountains, and barren landscape swept by hot winds.

The controversial "canals" will come in for close attention. Some claim to have seen such waterways, but others note that photographs fail to show them clearly if at all.

Scientists say that if "beings" do exist on Mars they'll have to be different from us, because the planet's atmosphere is said to be almost devoid of oxygen and more dependent on nitrogen.

Auto Smashes Into Post Office Wall

An automobile, apparently out of control, smashed into the side wall of the Sanford Post office this morning shortly before 8:30.

Taking down the parking sign in the Post Office parking area near the corner of First and Palm-to-Ave., the automobile caused minor damage to the building and to the car.

A water faucet on the outside of the building was smashed and the bumper of the car dented.

Drive of the automobile was W. W. Star, 79-year-old Orlando businessman who maintains an office in Sanford at 1200 Elm Ave.

Investigation for the Sanford Police Department was made by Captain Arnold Williams.

Siberia In Vast Upheaval

NOVOSIBIRSK, Siberia—Siberia, long considered a frozen wilderness, is in a vast upheaval, moving at break neck speed into the industrial age.

Its 20 million old settlers and countless new immigrants display the typical traits of persons rushing ahead into a new era—including socialistic for the old and eagerness for the new.

The fact that the industrial and agricultural surge is directed from above by party chief Nikita S. Khrushchev and other top Communists along strictly party lines contrasts sharply with a similar development of the United States a half century ago.

This central Siberian city of about 500,000, long forbidden territory for Westerners, is the heart of an effort to create a huge new economic base for the Soviet Union.

Its inhabitants proudly call it "the Chicago of the Soviet Union." It is a miniature of the Soviet Union's vast interior.

It has a rich agricultural hinterland, grain elevators, slaughterhouses, it is a big railway junction and river port. It is an administrative center. It supports many modern houses and educational institutions.

All the pulls and tugs currently assailing the Soviet people may be studied here as though a cross sampling had been gathered specially.

The downgrading of Joseph Stalin, for instance, made a profound impact on these people 2,000 miles from Moscow.

"The people were a little hurt in their feelings," a high woman party functionary told this reporter while driving out to a collective farm the other day. "The criticism of the cult of personality was a little unexpected, but the people realized it was just, in general, it has been met very favorably."

The woman, Valentina Trofimova Melnikova, is a member of the district Soviet council and chairman of its permanent committee on culture. A prominent party member, she is one of those who have benefited personally from the Communist regime.

Mrs. Melnikova said the Soviet

YOU'RE TELLING ME!

THE GOP convention was a great relief. After hearing the previous week that the nation was on the rocks, you learned we couldn't be in better shape.

The list of acceptable two presidential nominees is a good one. The list turned out to be a list toward Nixon.

Joe Martin told the GOP delegates that "never again" must they allow complacency to set them on election. It's reported they aren't honoring the former to count his chicken, either.

Between Governor Langlie's "we have kept our promise" and Governor Clement's "great fairways of indifference," you hardly know which way to go. Whatever you do, look both ways before crossing the street.

In Chicago the Democrats were up in all hours. With the Republicans in San Francisco it was all over.

One distinctive figure in San Francisco was Gov. Christian Mortenson. You couldn't tell whether he dropped in or dropped out.

Like the Democrats, the Republicans compromised on civil rights. They were civil enough not to say the Supreme Court is right.

The visiting reporters saw a new Novosibirsk television station under construction. The "contingents" were still being used there. But we were told they were in the minority and getting fewer every day.

The majority of the people this reporter talked with from the Ural Mountains to the Ob River, declared determinedly they were thrilled to be here and taking part in the building of Siberia.

Naturally, persons who moved out to new farms where the housing and working conditions were better than the old ones were happiest.

This was especially true of women, many of whom for the first time had their own homes—even when it was just a two-room unheated lean-to, with no bath.

"Oh, yes, I'm satisfied, so satisfied," said the good looking wife of a state farm tractor driver. She had formerly lived in a one-room Novosibirsk apartment before moving some 150 miles down river into the former wilderness.

Sex has been one of the most effective appeals attracting youth to the farms.

One of the new land's farms with a population of about 1,800 had 27 marriages and 104 births in this first year of operation.

Almost all Siberians are consumed with curiosity about the cost of the clothes they were wearing and whether most Americans really drive automobiles.

They were convinced Americans do drive—and glad to have the fact confirmed.

It can be said without exaggeration that no "hate America" campaign has taken hold here.

War or the threat of war seemed very remote. There was no evidence that the average person thought about it.

Instead, most people were concentrating on economic development where they have a personal stake.

New farms, new waterpower dam sites, new mines, new factories, new apartment houses are mushrooming.

The United States and Alaska control only 8 per cent of the forested area of the world.

LOS ANGELES (AP)—Written a popular song?

Experts say an estimated six million Americans have at least one hit tune ready. Yet nearly all of American's most popular songs are consistently turned out by a few hundred professional writers.

Sporadically, the creative spark burning brightly in millions of amateurs is fanned when one of their group turned out a runaway hit.

At the University of California at Los Angeles the amateur song writer never had it so good. UCLA has the only source of its kind in U.S. college education—popular lyric writing.

"Let's get one thing straight right now," says Hal Levy, the class instructor. "This course isn't designed to teach you how to write a hit song. If I know how to write a hit I wouldn't be teaching the course."

Levy is a member of the American Society of Composers, Authors and Publishers ASCAP. He says ASCAP's cooperation is largely responsible for the class's success.

To help Levy teach his classes are fellow song writers from Hollywood. Guest lecturers have included Oscar Hammerstein, Johnny Mercer, Johnny Green, Harry Carmichael, Harry Warren, Sammy Cahn and Peggy Lee.

"Our aim in these night classes," says Levy, a stocky man with thinning dark hair, "is to teach the students how to write better lyrics."

And while no hits have yet come from the class many of its members have had songs recorded.

"One interesting development," says Levy, "is that I have been approached by four local publishers and two in the East wanting me to give them a crack at the material being developed in class."

Since the course was originated by Levy in 1952, under auspices of UCLA's Extension Division, about 600 students have taken part. An university awards two credits each for the beginners' class and follow-up workshop.

Beginners hear basic lectures on rhyme, form, unity, meter, imagery, rhythm and other technical aspects of the craft.

After the class is fundamentals the student is permitted to enroll in the workshop which usually begins with a group assignment such as writing lyrics for the "Blue Danube" or the "Skaters Waltz."

SHOOTING RULES ACCIDENT

ORLANDO (AP)—The fatal shooting of Mrs. Mauche R. Wilson, 32, by her Air Force husband last week was an accident, a coroner's jury ruled yesterday.

M. Sgt. Samuel Wilson broke down in tears and could not compose himself to testify in full at the inquest.

Previously, he had told police he justly pointed what he thought was an empty pistol at his wife's head and pulled the trigger.

BIG PRODUCER

BANKRUPT (AP)—Saskatchewan led all other provinces and territories in muskrat production in Canada last year with harvest totaling 1,941,000 animals, a provincial record. Harold Reed, northern game supervisor here, said the pelts brought \$2,127,462.

REGISTER AND VOTE

vote as you think but VOTE now

The nation's 6,175,124 Cub Scouts, Boy Scouts, Explorers and their leaders, in cooperation with Freedom Foundation of Valley Forge, are busy in a nationwide Get-Out-the-Vote campaign. One and a quarter million of these posters are being placed on display to remind citizens to register and vote. The "Vote Election Day, November 6, the Scouts will place Liberty banners on the doorsteps of 25,000,000 homes urging every citizen to vote.

Written Any Popular Songs?

NEW YORK (AP)—Death takes no chances in most fatal automobile accidents.

For when people are killed, they usually suffer two or three injuries each serious enough to cause death.

This is one finding from the automotive crash injury research project of Cornell University Medical School. The study seeks to pin down the causes of deaths and injuries, as a basis for scientifically engineering the answers to prevent them.

More than two-thirds of persons killed in highway accidents have fatal-type injuries in at least two different body areas, says John O. Moore, directing the research.

" seldom is there a single injury to one single area, such as the head, chest or abdomen, which could be said to have caused death beyond anything else," he reports.

"More likely there are multiple injuries even to one single area, such as the head or chest.

"Besides badly crushed skulls, the victims may have ribs driven into the heart, ruptured arteries or hearts, ruptured livers or spleens. They suffered a generalized crushing. People in these accidents seem to get hurt all over. We are dealing with gigantic forces, beyond body stress limits."

Americans have been dying in highway accidents at the rate of 26 to 28 thousand annually for 25 years, with a million more plus injuries each year.

Speed, poor roads, incompetent drivers, drink, bad weather, automobile design and other things all have been blamed as factors contributing to the ghastly toll. Remedies proposed range from putting speed governors on cars, stricter law enforcement and licensing, engineering better highways, changes in auto design to reduce death or injuries if accidents do occur.

The Cornell research, Moore explains, seeks to gather reliable statistics to pinpoint just why people were killed or injured, and then propose remedies that would reduce or eliminate some of the risks.

Similar fact-finding research brought a drastic reduction in deaths and injuries from military airplane crashes during and after World War II, Moore said. These studies led to better clean-up of design of cockpit to avoid projections, superior and stronger seats and harnesses, better traffic control systems, better selection and training of pilots. Airplane deaths and injuries were slashed tremendously even though the speeds of planes increased with the jet age.

The auto research, begun a few years ago, now has been grandly expanded with research funds coming from the Army, U.S. Public Health Service, and two auto-

Death Takes No Chances in Most Fatal Auto Wrecks

State police and physicians in 11 states are cooperating, filling in detailed report forms. The speed of cars, angle of impact, time of day or night, number of occupants and where seated, whether door opened, type of road, and other data are gathered on each accident.

These statistics formed the factual grounds for changes such as new designs of locks to keep doors

Legal Notice

IN THE COURT OF THE COUNTY JUDGE, IN AND FOR THE COUNTY OF SEMINOLE, FLORIDA, PROBATE DIVISION.

NOTICE TO CREDITORS

IN RE: ESTATE OF HENRIETTA M. MULLERBERG.

Deceased.

TO ALL PERSONS AND CREDITORS HAVING CLAIMS OR DEMANDS AGAINST SAID ESTATE:

You and each of you are hereby notified and required to present any claims and demands which you, or either of you, may have against the estate of HENRIETTA M. MULLERBERG, deceased, late of the County of Seminole, Florida, to the County Judge of Seminole County, Florida, at his office in the Court House of said County at Sanford, Florida, within eight calendar months from the time of the first publication of this notice.

Each claim or demand shall be in writing, and shall state the place of residence and post office address of the claimant, and shall be accompanied by a verified copy of the claim, and any such claim or demand not so filed in accordance with section 732.29, Florida Statutes, by the undersigned, shall be void and of no effect.

Witness my hand and the seal of the Court of Seminole County, Florida, in the City of Sanford, Florida, this 1st day of August, 1956.

Miss Dobson Reveals Final Wedding Plans

Miss Lois Ann Dobson, daughter of Mr. and Mrs. E. C. Dobson, and Paul P. Drophuk, son of Mr. and Mrs. T. J. Drophuk of Ham-tranck, Mich., have announced final plans for their wedding to be held on Sunday, Sept. 9, at 2:30 p.m. in the First Christian Church, with the Rev. Perry L. Stone officiating.
Miss Dobson has chosen as best man her cousin, Mrs. William D. Hawkins. Best man will be Theodore J. Drophuk, brother of the groom, while usher-groomsman will be Jimmy L. Horton Jr. and William D. Hawkins. Mrs. Richard Galloway has been invited to be soloist and Mrs. N. V. Farmer will be organist. All friends and relatives of the couple are invited to the wedding and the reception which will follow in the church paragon.

between you 'n me

By PAT WOOD

Miss Margaret Ellison, who is Grand Matron for the Rainbow Girls in the state of Florida and Worthy Advisor to the Sanford Assembly, had a delightful visit with the Montgomery, Ala., Assembly when she was spending some time in that city recently. Before moving to Florida, she belonged to the Montgomery Assembly and so it was like "old times" dropping in on them for a visit.

I guess you just can't keep good friends apart. Mrs. Ralph Smith tells me that while they were in Weaverville, N. C. they had dinner a couple of times with Mr. and Mrs. Clifford Baker who were staying in a near-by Hendersonville.

For two days I have been asking people what they did for Labor Day and they all have given me practically the same answer: "Nothing" "Stayed Home" etc. I guess everyone else decided, as we did, that it is just as easy to have a good time at home, and far safer.

One family that did not stay home, but set an example in good neighborliness, that we all might follow, were the E. J. Moughtons, who invited a new family in their community to share in their Labor Day pleasure by accompanying them to New Smyrna Beach. I'm sure Mr. and Mrs. Ralph Strobridge, of Pennyan, N. Y. appreciated their gracious gesture. Mr. Strobridge sold

Class meeting Held At McKinley Hall; New Officers Told

The Daughters of Wesley of the First Methodist Church met at McKinley Hall Tuesday night with the following ladies as hostesses: Mrs. Albert Hickson, Mrs. J. A. Howard, Mrs. Ben Monroe, Mrs. Brodie Williams, Mrs. T. A. Rowland, Mrs. C. M. Flowers, Mrs. E. C. Williams, Mrs. Rupert Strickland, Mrs. J. P. Thurmond, Mrs. J. H. McCaskill. The hall was beautifully decorated for the meeting with vari-colored hibiscus and assorted greenery.

Mrs. Roy Tills, president, presided over the meeting which opened with the class song followed by the Lord's Prayer. Reports were given by all committee chairmen and Mrs. Brodie Williams introduced her sister, Mrs. J. C. Cannon, who is visiting her from Tampa.

Contributing to the birthday bank were Mrs. Brodie Williams, Mrs. Pauline Howard, Mrs. Clark Leonard, Mrs. J. R. Hawthorne, Mrs. F. G. Harriman, Mrs. R. P. Cobb, Mrs. Sam Pickens, Mrs. Rupert Strickland and Mrs. Charles Mervinther.

The ladies decided on selling Christmas Cards and stationery, with pictures of the Methodist Church on both, this fall.

The nominating committee announced that the following would be the officers for the coming year: Mrs. W. E. Raines, president; Mrs. E. C. Williams, vice-president; Mrs. Alene Chapman, secretary; Mrs. Bertha Woodcock, treasurer; Mrs. Charles Mervinther, teacher; and Mrs. R. F. Cole, assistant teacher.

Plans were made for a covered dish supper to be held in October with Mrs. Roy Tills being named chairman.

During the social hour, games were conducted by Mrs. Albert Hickson.

There were thirty members present.

Methodist Circle Plans Bazaar For November

The regular meeting of Circle Number Ten of the W.S.C.S. of the First Methodist Church was held at the home of Mrs. R. D. Duncan, 119 W. 19th Street.

Mrs. Duncan led the devotional and Mrs. G. G. Myers conducted the study. The meeting was presided over by Mrs. W. B. Kirby, in the absence of the chairman, Mrs. J. H. Nicholson.

Plans were discussed for a bazaar to be held in November, after which refreshments were served to the following members and visitors: Mrs. C. L. Butner, Mrs. G. G. Myers, Mrs. Robert Bennett, Mrs. W. B. Kirby, Mrs. H. Lee Jr., Mrs. Hugh Carlton, Mrs. O. L. Lopes, Mrs. Earl Dossey, Mrs. Emory Spear, Mrs. Byron Squires, and Mrs. H. T. Hatchett.

Information For Veterans

Here are authoritative answers from the Veterans Administration to four questions of interest to former servicemen and their families:

Q. I hold a Korean GI term insurance policy. Do I have the right to convert to a permanent plan? I am not a disabled veteran.

A. No. Under the law, Korean GI term insurance policies may not be converted to permanent plans of insurance. Service-disabled Korea veterans, however, may obtain permanent forms of GI insurance.

Q. My father died in military service, and I am eligible for training under the new education program for children of deceased veterans. May I take my training on-the-job?

A. No. The law prohibits on-the-job training. Your training must be taken in the classroom.

Q. I am a totally disabled veteran drawing a monthly pension from VA. My GI endowment insurance policy has just matured, so I receive a small sum each month. Are these insurance proceeds considered income, for pension purposes?

A. No. Proceeds of matured endowment policies are not considered as income for pension purposes.

Q. I am attending graduate school under the Korean GI Bill. What is considered full-time training?

A. VA will accept the word of a responsible official of the school as to whether you are taking full-time training, so long as you are a resident student. Courses pursued in absentia, however, will be considered as less than full-time.

Veterans living in Central Florida who wish further information about their GI Benefits should write the VA office at 44 E. Central Ave., Orlando.

Heavily waxed cartons come in round tub shape with snap-on lids; they're useful for freezing either liquid or dry foods.

Bridal Shower Given Recently For Miss Dobson

Miss Nancy Hicks and Miss Bobbie Morton were hostesses at a shower recently honoring Miss Lois Ann Dobson, who will be married this weekend.

The high spot of the evening was the wishing well which contained a floral arrangement of yellow roses, pom-poms and chrysanthemums. Beside the wishing well stood a doll dressed as a bride and surrounded by coins.

Each of the guests made a wish for the bride-to-be, after which several games were played, the prize-winners being Mrs. Bill Hawkins, Mrs. E. C. Dobson, and Mrs. C. L. Butner.

The center piece of yellow flowers and tapers on the refreshment table was beautifully arranged and refreshments were served to the following ladies: Mrs. Herbert Collier, Mrs. W. E. Willis, Mrs. Ethel Thomas, Mrs. T. F. Hicks, Mrs. R. L. Morton, Mrs. Clara Hargrave, Mrs. Arthur Padgo, Mrs. Robert Hodges, Mrs. Harry Adair Jr., Mrs. Iris Measer, Mrs. W. O. Carpenter, Mrs. Jack Shapiro, Mrs. E. C. Dobson, Mrs. Bill Hawkins, Mrs. C. L. Butner, Miss Nancy Hicks and Miss Bobbie Morton.

Personals

Mrs. G. A. Campbell is here from Birmingham, Ala., visiting Mrs. J. A. Ellison and Mrs. Kathleen Reynolds.

Mrs. C. T. Ellison and her daughters, Margaret and Carol, returned recently from Alabama, where they visited in Birmingham, Montgomery and Thoraby.

The friends of R. N. Windham will be interested to learn that he re-entered the Orange Memorial Hospital on Monday. He underwent tests on Tuesday and is scheduled for surgery on Thursday.

Craig Anderson arrived home Tuesday from Norfolk, Va., where he is stationed with the navy. He will spend two weeks here with his mother Mrs. C. A. Anderson Jr. and his sister, Laura Ann.

Mrs. Beatrice Hamp's daughter, Mrs. C. D. Yates, left Saturday night with her husband and daughter, for California, stopping enroute to spend Sunday with Mr. and Mrs. A. L. Jaquet in Elloit, Miss. After visiting with friends and relatives in California, the Yates' will fly to Honolulu where Mr. Yates is stationed with the Submarine Division of the U.S. Navy. Mrs. Yates will be remembered as the former Miss Betty Hamp.

Mr. and Mrs. George R. McCall have returned from a vacation spent in Morris Hill, N.C. While there they saw Mr. and Mrs. R. F. Cooper, also of Sanford.

Also returning from vacations in North Carolina were Mr. and Mrs. Ralph Smith who got home Sunday after a stay in Weaverville, and Mr. and Mrs. Clifford Baker, who returned Friday from two months spent in Hendersonville.

Mrs. J. Danforth Wright has visiting her, her sister, Mrs. D. W. Smith of Valdosta, Ga., who will be here for about two weeks.

Baby Popularity Contest Revealed By Beta Sigma Phi

Initial plans for the annual Beta Sigma Phi Bazaar were discussed last night at the home of Mrs. J. Harold Chapman. The "Harvest Bazaar" will be held Thursday, November 8, at the Episcopal Parish House. Mrs. Warren Knowles is Bazaar Chairman, and special committee chairmen are: Christmas Ornament Booth, Mrs. Donald Bales; Bake Sale Booth, Mrs. Jack Armstrong; White Elephant, Mrs. Jimmy Horton; Fish Pond, Mrs. Herbert Strimstrom; Shell Jewelry, Mrs. Vernon Hardin; Ham Bopper, Mrs. G. Andrew Speer; Handwork, Mrs. J. Harold Chapman; and Publicity, Mrs. Volle Williams. It was decided to have a baby popularity contest. Any child five or under may be entered by their parents by having a free picture taken at Nichols' Studio. Grandparents, aunts, uncles and friends may vote for their favorite by coming to the Bazaar and dropping pennies into a jar. Babies of Beta Sigma Phi members are not eligible.

The rush list for this year was discussed, and plans for a rush party to be held September 24 are being made by Mrs. Gordon Fredrick, Social Chairman and her committee.

The new year books and program books were passed to those present. Mrs. Roy Saxon was introduced as a new member and Mrs. J. Harold Chapman was elected Valentine Girl for this year.

Refreshments were served by the hostesses, Mrs. G. Andrew Speer and Mrs. J. Harold Chapman to the following: Mrs. Jean Armstrong, Miss Anna Corley, Mrs. Evelyn Cushing, Mrs. Virginia Frederick, Mrs. Pat Hardin, Mrs. Sue Harper, Mrs. Elizabeth Horton, Mrs. Charlotte Knowles, Mrs. Eida Nichols, Mrs. Frances Roberts, Miss Joni Saunders, Miss Cherry Singletary, Mrs. Carolyn Stenstrom, Mrs. Inkie Thurmond, Mrs. Connie Williams, Miss Jeanette Wolfer and Mrs. W. G. Fleming.

Funeral Services Held Yesterday For H. J. Bales

Funeral services for Howard J. Bales, 63, who passed away Monday at his home in Mount Dora, were held yesterday afternoon at 2 o'clock in the Rehbeim Funeral Home Chapel, with the Rev. Robert W. Blackburn officiating.

Mr. Bales is the father of Donald J. Bales, Sanford automobile dealer.

Burial services will be in Cleveland Heights, O.

Mr. Bales came to Mount Dora from Cleveland 11 years ago.

He was a member of the Community Church, Masonic Lodge, the Florida Peace Officers Association, and the Mount Dora Police Reserve.

Survivors include his wife, Mrs. Beulah Mae Bales; one daughter, Mrs. W. H. McCandless of Dayton, O.; one son, Donald J. Bales of Sanford; two sisters, Mrs. Pearl Ham, Winter, W. Va., Nellie Wedder, Cleveland, O.; and five grand children.

Two Young Sisters Are Killed By Auto While Going Home

CHICAGO (U.P.)—Two young sisters were killed by a speeding automobile yesterday as they walked home to lunch from the opening day of school.

Jeanette Griffiths, 7, a second grader, and her sister, Alexandria, 5, a kindergarten pupil, were struck as they walked in a group of 25 other students on a sidewalk adjoining the school.

A third girl was knocked down and scalded from water spilling from the car's radiator. The other pupils escaped injury.

Richard Dombek, 18 driver of the car, had received a temporary driving permit Tuesday and was operating the family automobile for the first time alone.

Police said the car apparently made a sharp, fast turn and hit a lamp post. Bouncing off the post it swerved against the sidewalk and over the curb into the children.

Dombek, a high school student, became hysterical after the crash. At a police station he beat his head against a washroom wall and tried to strangle himself. He was turned over to juvenile authorities to await questioning at an inquest.

SHERIFF'S DEPT. GETS CLEAN BILL OF HEALTH
FORT LAUDERDALE (U.P.)—A grand jury investigating vice in Broward County has given the sheriff's department a clean bill of health.

The jury also reported it found nothing irregular in the operation of the county jail.

The vice investigation is to continue.

GRAPEFRUIT PRICES LOWER
LAKELAND (U.P.)—The first grapefruit from the Isle of Pines' new crop has brought prices lower than last season's opening sales produced.

Florida Citrus Mutual said the opening sales were from \$2.64 a box for Duncan variety "goldens" to a top of \$4.90 for 1,795 boxes of Stacy Duncan.

The first prices last season were an average of \$3.25 to \$7.25.

Capt. Blackburn

(Continued from Page One)
In the two hours and 33 minutes flight a speed of 606.537 miles per hour was recorded to win a special Navy competition during the big air event held on Labor Day.

Assisting Captain Blackburn was Comdr. F. F. Stevens, Commanding Officer of VAW-1, a unit of Heavy Attack Wing One.

Captain Blackburn, after flying low over the Oklahoma City Air Show field, climbed back up to high altitude and continued his flight to Jacksonville landing their at 2:34 p.m., with his flight time established at 4 hours and 30 minutes.

There is no particular record for the long east-west flight of 2,304 nautical miles. However, the flight shows the long range possibilities of the ASD in extending the striking range of carriers beyond any point heretofore attained to carry out unescorted attacks with the atom bomb or other weapons against defended submarine bases and harbor installations.

Southern Belle, California Beauty Hold Contest Lead

ATLANTIC CITY, N. J., (U.P.)—A Southern belle and a California charmer held an early lead today in the Miss America sweepstakes.

Miss Alabama, 19-year-old Ann Sitar Ariall of Birmingham, won top honors in the talent division of the annual pageant last night with a rollicking song and dance rendition of a musical comedy number.

Miss California, Joan Colleen Beckett, 18, of Sacramento, was the choice in bathing suit competition. A honey blonde with blue-green eyes, she paraded her 36-34-38 charms down a runway in a white swimsuit with halter straps.

The results of the first night's evening gown competition were not announced, according to custom.

The 50 girls seeking the title of Miss America 1957 have been divided into three sections, each to be judged separately for beauty in a bathing suit, for poise and grace in an evening gown and for talent.

The sections rotate tonight and tomorrow night with the field narrowed to 10 semifinalists by Saturday morning. The girls try to pick up extra points for personality at breakfast meetings with the 11 judges.

The reigning Miss America, Sharon Kay Ritchie of Denver, Colo., will crown her successor during the finals Saturday night which will be televised nationally on ABC.

Francis Smathers Joins U.S. Navy

Off to make a career for himself in Naval Aviation is Francis William Smathers, son of Mr. and Mrs. Joe Smathers, Box 288, Lake Mary. Francis Smathers is the nephew of the U. S. Senator George Smathers.

Enlisting in the Navy as an Airman Recruit young Smathers said "I learned while I was attending Gordon Military College that I wanted to serve in the Navy and work in aviation. I guess I have always liked aviation and Naval Aviation seems to be the answer to what I've been wanting."

Smathers was sworn into the Navy at the Navy Recruiting Station in Jacksonville, the main station for the Florida District. He will undergo his basic training at the Great Lakes Naval Training Center, Great Lakes, Ill. Upon completion of his "boot" training he will be granted 14 days leave, and then will be assigned to his first duty with Naval Aviation either on board ship or at one of the Naval Air Stations.

DOUBLE TROUBLE

hering for an exhibit materials relating to the history of the congregation, including record books, clippings, and pictures of former pastors, charter members and long-time leaders.

The church will cooperate in the observance of October, as Church Loyalty Month, sponsored by the Seminole County Ministerial Association.

Evening services of worship will be resumed Sunday, 7:30, following a summer recess. Informal congregational singing will be featured, and Pastor Perry L. Stone will begin a series of sermons on the Epistle to the Philippians. Prior to the service the Christian Youth Fellowship will be reorganized.

Pennsylvania Pair
Observing 72 Years
Of Marriage Today

BOYERTOWN, Pa. (U.P.)—Mr. and Mrs. Reuben Sloter are observing a wedding anniversary today. Nothing special in the way of entertainment. Some of the children might drop by. But that's about all.

"Nothing to get excited about. Can't understand all the commotion anyway," was the way Reuben put it when newsmen called.

Of course, wedding anniversaries are hardly a novelty to the couple. After all, this is their seventy-second.

Ellamina Crouhamel was a bride of 20 and Reuben, whom she'd known as a neighbor boy all her life, was a year younger when they took their vows at the home of their minister, Rev. Jacob Kehm in nearby Sellersville.

The retired farmer and his wife have a simple philosophy to offer today's newlyweds:

"To have a long marriage requires, of course, a long life. And the healthy life of a farm is the best advice I can offer," Reuben observed.

His wife, with an impish smile had this to add:

"Men can't do without women. Remember this, girls, and live by the golden rule, and you'll both be very happy."

Tax Collections Increase Last Month In County

The barometer of increasing business continues to go up in Seminole County and over the State of Florida as a whole according to the monthly release from Ray E. Green, State Comptroller.

Sales tax collections for the month of August (based on July sales, increased an approximate two per cent over the same period last year.

The sales tax collections for the month ended Aug. 31, 1956, in Seminole County were \$22,712.64 compared with \$22,311.87 for the month ended Aug. 31, 1955.

Sales tax collections during the month of August (based on July sales) totaled \$7,183,068, an increase of \$35,464 over the previous month's collections of \$7,148,604 and \$1,078,380 more than for the same month in 1955 when \$6,106,688 was collected. The increase over last year's collections is over 17 1/2 per cent.

Collections to date this fiscal year (two months) amount to \$14,334,672, an increase of \$2,392,975 over the \$12,041,697 collected during the first two months of last (1955) fiscal year. This is an increase of just under 19 per cent.

This year's increases are percentage-wise higher than increases shown last year over the year prior to that. July and August 1955 collections were 18 1/4 per cent higher than July and August 1954. July and August 1956 are close to 19 per cent higher than July and August 1955.

Total sales tax collections during the 12 months of that fiscal year amounted to \$96,101,920. An overall average increase of 18 1/4 per cent will result in sales tax collections of \$100 million dollars this fiscal year.

S.H.S. Team

(Continued from Page 1)
The local high school last year, is back as a member of the regular teaching staff and has the B squad freshmen and sophomores under his wing. An athlete at Stetson, he is driving the youngsters in their conditioning exercises and basic football to get them ready for their game that is right on the heels of that of the Varsity.

Fleming has been concentrating on the work of the ball-toters and blockers and shakes his head carefully when asked about his charges. With the shortage of beef in the roll call, the head coach is looking for some speed and some passers that might offset the weight disadvantage, but so far while some of the boys show promise, none has brought a glint to the mentor's eyes.

Al Stanley is a southpaw and Fleming hopes that he can develop a threat on this asset. He says that Al has to work plenty, not only to get some "game savvy" but to acquire skill with his left-handed tosses. The head coach added that Stanley would get plenty of chances in practice to show how fast he could develop.

Bobby Johnson and Phil Byrd are two other backs that have shown some drive and indicate that there is a possibility of their developing into right hand pigskin pitchers.

The fullback job is as wide open as a hungry baby sparrow's mouth, according to Coach Fleming—and will be even harder to fill, he thinks.

"The point is," he went on, "that almost any one in uniform can make this Seminole team by showing a lot of hustle and some willingness to do to the best of his ability what the coaches are teaching. I'd like to compliment

PATRICK AIR FORCE BASE TO GET ADDITION

JACKSONVILLE (U.P.)—Prevatt Builders Inc. of Jacksonville submitted an apparent low bid of \$342,657 for construction of an engine shop and an addition to the central fire control station at Patrick Air Force Base near Cocoa, Army Engineers reported.

the boys as a whole on their eagerness and their apparent determination that the Seminoles will take the Orange Belt pennant this year. I hope they keep up that fight. Right now they have a long way to go. We know it—and I think they do, too, and are willing to work for it."

Herlong Hits Lund's Appeal

DYER S. "BUD" TALLEY

Lumber, Building Supply Co. To Hold 3-Day Opening

A new lumber and building supply company will hold its formal opening in Sanford next Monday, Tuesday and Wednesday, according to officials of the concern. Gregory Lumber Co. of Sanford, located on Maple Ave. at Sixth St., where the Security Lumber Co. was formerly in business will be open for the three days from 7:30 a. m. to 8 p. m. distributing souvenirs and door prizes.

Officials of the new company are R. K. Gregory, president and C. A. Walker, general manager. Dye S. "Bud" Talley will manage the new lumber and building material house.

Talley said this morning that a complete lumber yard, handling building materials, hardware, the new form would feature paints, plumbing supplies, roofing and wallboard.

All stocks of southern pine fir, cypress and cedar, along with flooring and ceiling will be on hand. Handling mostly finished lumber and plywoods (interior and exterior), along with timbers, he said.

'Quakes Are Felt In 3 States

KNOXVILLE, Tenn. (AP)—Two "low intensity" earthquakes rocked Knoxville and a wide area of east Tennessee, southeastern Kentucky and western North Carolina today, but there were no immediate reports of injuries or damage.

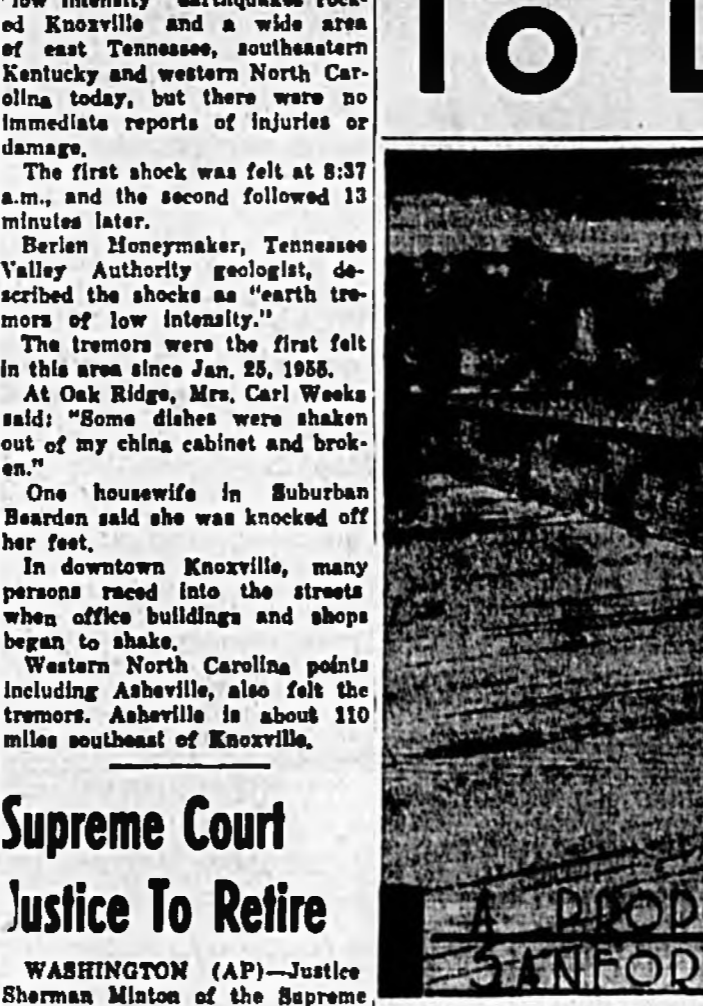

The first shock was felt at 8:37 a. m., and the second followed 13 minutes later. Berlan Moneymaker, Tennessee Valley Authority geologist, described the shocks as "earth tremors of low intensity."

The tremors were the first felt in this area since Jan. 25, 1955. At Oak Ridge, Mrs. Carl Weeks said: "Some dishes were shaken out of my china cabinet and broken."

One housewife in Suburban Bearden said she was knocked off her feet. In downtown Knoxville, many persons raced into the streets when office buildings and shops began to shake.

Western North Carolina points including Asheville, also felt the tremors. Asheville is about 110 miles southeast of Knoxville.

Kentucky Heads Ready To Declare Martial Law

PROPOSED INDUSTRIAL BUILDING AT SANFORD, MISSOURI

STURGIS, Ky., (AP)—State officials were ready to declare martial law in this western Kentucky mining and farming community today as National Guardsmen and State Police prepared for a showdown with an expected crowd of 1,000 intent on keeping nine Negro youths from attending Sturgis High School.

Adj. Gen. J. J. Williams returned from a conference with Gov. A. B. Chandler in Frankfort. He had papers needing only his signature to put this community of approximately 5,000 persons under martial law.

The National Guard commander said the papers were drawn up by the governor as a precautionary measure since reports had been received at least 1,000 persons, including coal miners, "nearby Pleasure Ridge, were expected to gather at the previously all-white school."

The Guardsmen and State Police stopped an angry crowd yesterday, escorting the nine Negroes into and out of the school. The students later vowed they had "enrolled to stay."

Gen. Williams said he would declare martial law, under which the community, including its courts, would be under military rule, only if it is necessary.

Weapons Are Set Up At School

Don Sturgill, Kentucky's deputy safety commissioner, said the governor has given Gen. Williams authority to call in all the National Guardsmen necessary to preserve order and keep them in Sturgis until "spring if necessary."

Sturgill also increased the number of State Police on duty here to 26. Eighteen police cars were parked in front of the school building this morning.

Troop-manned machineguns which were set up around the building. Other troops patrolled the corridors, classrooms and sidewalks with carbines and burlap guns.

Sturgill quoted the governor as saying he "was ashamed of the way the people of Sturgis have acted. This is a government of law, not a government of men and anyone gets hurt I want it to be them, (the mob) not us."

Sturgill reported local officials were cooperating 100 per cent with the state government. Seven men were arrested on breach of peace charges yesterday when the fist-waving crowd attempted to stop entry of the Negro youths into the school.

Supreme Court Justice To Retire

WASHINGTON (AP)—Justice Sherman Minton of the Supreme Court today announced that he will retire on Oct. 15.

Minton said he is leaving because of impaired health. He will be 66 on Oct. 20. In a letter sent to the White House this morning, Minton notified President Eisenhower of his plan. The justice has a circulatory condition in his legs. He told the President he does not feel he could carry out "the exacting duties of my office" in his present condition.

Appointed by President Harry Truman, Minton went on the Supreme Court bench Oct. 15, 1949. Previously he served more than eight years on the U.S. Circuit Court in Chicago.

This gives him sufficient years in federal courts for him to retire at full pay of \$35,000 a year.

Contractors and construction companies desiring to submit a bid on the proposed building may secure copies of the working drawings and specifications. A deposit of \$25 is required, said Frank G. George, the architect, who may be contacted at his office or by calling phone number 2487.

Separate bids are being accepted for general work, plumbing, heating and air conditioning, and electrical. A contract for each phase of the work will be issued.

Astronomer Tells Seeing 'Canals' On Planet Mars

By THE ASSOCIATED PRESS
A Japanese astronomer today reported seeing several "canals" in the northern hemisphere of the planet Mars—under close scrutiny by starazers around the world.

The existence of such canals long has been the subject of great debate. They were first reported many decades ago, but other observers who have spent a lifetime at telescopes failed to catch a glimpse of them.

The latest report came from Dr. Michikazu Onishi of Kobe, Japan, who like many other astronomers in recent weeks has concentrated attention on Mars during its closest approach to Earth since 1956.

Funeral Services Will Be Conducted Today For F. Nixon

WHITTIER, Calif. (AP)—Funeral services will be conducted today for Frank Nixon, father of Vice President Richard M. Nixon. He died Tuesday at the age of 77.

Attending the services at 2 p. m. in the East Whittier Friends Church will be the vice president, his wife, Pat, and other members of the immediate family.

The family has asked that, instead of sending flowers, friends make contributions to the Arthritis and Rheumatism Foundation of New York City. The vice president's father suffered from arthritis.

Architect Taking Bids For Proposed Company Building

Bids are being accepted for the construction of the proposed Sanford Manufacturing Co. building which is to be located on West First St., according to a release from W. H. "Bill" Stumper, vice chairman of the Sanford Industrial Board.

The bids are being received by Frank G. George, architect, in room 413 of the Sanford Atlantic National Bank Building. George said last night that the closing date for receiving the bids, originally set Sept. 14, has been extended to Sept. 20.

Contractors and construction companies desiring to submit a bid on the proposed building may secure copies of the working drawings and specifications. A deposit of \$25 is required, said Frank G. George, the architect, who may be contacted at his office or by calling phone number 2487.

Separate bids are being accepted for general work, plumbing, heating and air conditioning, and electrical. A contract for each phase of the work will be issued.

Leaders Against Adlai Speaking In Harlem

NEW YORK (AP)—Democratic leaders in Harlem, predominantly Negro area here, reportedly have said that Negro dissatisfaction with the Democratic party's platform on civil rights made it inadvisable that Adlai E. Stevenson speak in Harlem "for the time being."

Stevenson, Democratic presidential candidate, and Sen. Estes Kefauver of Tennessee, his running mate, arrive here tomorrow for a five-day campaign in New York State, New Jersey and Connecticut.

In an airport interview last night in Chicago, Stevenson—just returned from speaking in San Francisco—said he was familiar with his immediate campaign plans and that they did not include speaking in Harlem "at this time."

"I suppose I will unquestionably address Negro groups at some times," Stevenson said. "I have no objection to meeting with Negro leaders."

Oviedo P-TA Board Discusses Plans, Projects For Year

Mrs. James Partin, president of the Oviedo P-TA, called a board meeting Thursday evening to discuss plans and projects for the coming school year.

Members of the board present included the following (chairman) Mrs. F. W. Spahr; hospital lady, Mrs. T. L. Lingo Jr.; blue ribbons, Mrs. John Evans; civil defense and safety, M. H. DeShazo; publicity and historian, Mrs. R. W. Estes; health, Mrs. W. C. Schumacher; institutional representative of Boy Scouts, W. A. Teague; membership and publications, Mrs. A. A. Myers; music, Mrs. John Courier Jr.; program, Mrs. James Pearson; recreation, Mrs. Milton Gore; study course, Mrs. W. H. Martin; and room mother captain, Mrs. John Duda.

Also the following room mothers were named: first grade, Mrs. Sparks Lee Clontz; second grade, Mrs. A. H. Ray Jr.; third grade, Mrs. Henry Walcott; fourth grade, Mrs. T. Aulin; fifth grade, Theron Reynolds; sixth grade, Mrs. Ben Slavik; seventh grade, Mrs. Ben Walwright; eighth grade, Mrs. Marion Estes; ninth grade, Mrs. R. C. Miller; tenth grade, Mrs. Joe Mikler Jr.; eleventh grade, Mrs. Roy Welsenberg; and twelfth grade, Mrs. John Duda.

Announcement was made that the annual teachers supper will be held Friday, Sept. 14 at 7 p. m. at the Memorial Building.

Plans Completed For Open House Sunday Afternoon

By HELEN SNOODGRAM
ENTERTAINMENT—There has been much activity around the newly remodeled Episcopal Parish House on the corner of Main St. and De Bary Ave. this week as the plans are completed, the great mowed things put in final shape for the "big day," Sunday from 2-5 p. m. when the Ladies Auxiliary plans an open house tea.

Mythical Joe Smith Invited To Demos Drive Kick-off

HARRISBURG, Pa. (AP)—Mythical Joe Smith, Vice President Nixon's only opposition for renomination, has been invited to the Democrats' campaign kick-off in Pennsylvania next Thursday.

11-Year-Old Girl Scalped; Machine Catches Hair

SAN DIEGO (AP)—Janice Cory, 11, who was scalped when her long hair caught in a whirling gear of a dough mixing machine in a bakery, was in serious condition today.

Brunette, Three Blondes Leading In Beauty Contest

ATLANTIC CITY, N. J. (AP)—Three blondes and a brunette are the front-runners going into the third round of preliminary judging tonight in the annual Miss America pageant.

Special Consultant For Veterans Will Be Here Sept. 10

Veterans of this area who need assistance in obtaining benefits provided by law may receive guidance from Marshall Penton, Field Supervisor, Florida Department of Veterans Affairs. Veterans or their dependents may consult Penton while he is in this area and may receive assistance in filing applications for hospitalization, compensation, pensions, insurance problems, loan benefits, educational training, burial benefits and miscellaneous subjects, where legal entitlement is involved.
