The length of a man's legs need not frustrate the spiritual fulfillment of your existence. fhe strength of his purpose. By crawling one day, we are able to climb another. The Church holds before our eyes the goals of Christ. And though for a month of Sundays There may have been spiritual giants like we may seem to crawl . . . one Sunday we Saul of Tarsus who, in one overpowering experience, turned from violent resistance to fruitful service for Christ. But there have been Doubting Thomases also . . . men and women who gradually, and only with the patience and help of God, found themselves in Don't he surprised, then, if an essessional wisit to church has brought no remarkable change in But decide now to seek . . .

discover, as millions of disciples before us, that we have begun to climb. THE CHURCH FOR ALL ... ALL FOR THE CHURCH The Church is the greatest factor on earth for the building of character and good citizen-ship. It is a storehouse of spiritual values. Without a strong Church, neither democ-racy nor civilization can sur-vive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself material support. Plan to go to church regularly and read your Bible daily.
