**Youth Stopped
 By Deputies
 Says Stole Car**

A 19-year-old Duval, N. C. youth was removed from the car today after being stopped by two deputies on an automobile theft charge after being apprehended early Sunday morning by Deputies M. H. McCallister and Robert E. G. McCallister.

passed the officers on the Orlando Highway about 3 a. m. Sunday and they, noticing his auto failed to bear a license tag, overtook him for questioning.

Acting upon a hunch, Carroll told Guy that they had a report on the car having been stolen and Guy confessed that he had taken the 1954 model Dodge from a Daytona Beach automobile lot. He further admitted having sold the spare tire for \$3 to purchase gas in Deland. When arrested he had \$25 cents in his possession.

Guy, who allegedly had taken the car about midnight, was charged locally for speeding and driving without a driver's license. The Daytona Beach charge, McCallister said, was a technical one, concerning the heat counts.

**Fern Park Woman
 Hurt In Accident**

Distracted by her children accompanying her in her 1952 auto mobile, Mrs. Helen Fanaras Scharpf, Fern Park, suffered severe facial lacerations when her automobile left the road three miles south of Sanford on Highway 427 and struck a tree.

The automobile was damaged to the extent of \$250. Trooper R. D. Harrison said. She was accompanied by her three small children, Linda, 3, Nancy, 2, and Robert, aged three months, when the auto left the road. No charges will be filed, Harrison stated.

At noon Saturday while traveling on the new Sandhills Springs road about one mile east of Sandhills, a 1951 model Ford left the high way and ran 250 feet off the road through a thicket throwing all occupants off the vehicle. Harrison reported.

The car was driven by Monarcha Woodall, 15, Orlando. Injured were Charles Dunn, Orlando, who suffered a fractured arm, and Christine Graham, 11, Orlando, who has undetermined injuries. Other occupants were Edna Wilder, 17, of Winter Park and Barbara Fox, of Winter Park according to Harrison's report. All were taken to the Florida Sanitarium and Hospital. The Graham girl and Dunn were admitted as patients.

THIS OLD SPANISH TYPE CATHEDRAL was among the many buildings destroyed at Burgos when an earthquake shook the central Philippines, killing at least 13 persons and injuring scores of others. The earthquake, the worst in a century, leveled hundreds of homes.

Political Strife Weakens France

PARIS (AP)—French politics have taken a turbulent and perilous turn in the West's defense.

The troubles of the French center have become the work of the Western world, while French politics have become the work of the West. The French center has become the work of the Western world, while French politics have become the work of the West.

A piece of the empire already has slipped away—many say by default in Indochina, and Western defense plans must be revised. And as France turns her attention to the rest of her overseas territories, much of it being many a Frenchman openly admits the decline of the great nation's power.

In Indochina, France's stake in the cards against her. She permitted no political organization which would fill the vacuum that might come if she left by French departure. Politically, all Viet Nam stands to be controlled eventually by the Communists, whether the shooting war ends formally or not. Communism will have grabbed up another piece of real estate, largely by political means.

In North Africa, the meaning of the battle of Dien Bien Phu and the humiliation of France were not lost upon the nationalist movement. Many forces were anxious to bring the message home to North Africa.

Tunis is in a dangerous condition with an organized rebel force—its leaders' political leanings a matter of dispute—already in action and reminding the French to step up their military forces.

In Morocco, terror increases daily much of it inspired by nationalists attempting to seize and take over the nationalist cause.

In Algeria, either in the French framework and more solidly held after a century of occupation, nationalists openly announce themselves as willing to wait for the time to strike. They frankly say France still has too much military power in Algeria, that they will not waste their manpower in futile ventures. But with each blow to French prestige, Algerian nationalists grow more hopeful. And the Communist party is legal in Algeria though outlawed in Tunis and Morocco, and has a grip on

Alabama
 (Continued From Page One)
 Phoenix City anti-Communist crusader, Patterson was slain June 18, a few days before he was scheduled to appear before the Jefferson grand jury to testify in the vote fraud inquiry.

The vote fraud charge against Garrett, Ferral and Reid is a misdemeanor, punishable on conviction by a fine of not more than \$1000 and a prison term of not more than 12 months.

Indictments against the three men were returned June 30, but under Alabama law, officials were barred from announcing the charge against the attorney general until his arrest.

Garrett, Ferral and Reid all were active supporters of Porter in the hot race for the post. Garrett now holds during the campaign between Patterson and Porter both men accused the other of a correct total of 23,000. It had been changed to 23,000.

Town Lures Shiite Moslem Pilgrims

BAGHDAD, Iraq (AP)—In life and in death, the holy city of An Najaf lures the Shiite Moslems. A steady stream of humans flows from the desert every week from Iran, a predominantly Shiite country, in final pilgrimage to the hallowed soil of the town in southern Iraq.

Cars, buses and trucks carry them to An Najaf, where the dead are buried near the tomb of Ali, cousin of the prophet Mohammed and most revered leader of the Shiite religion.

To the Shiite Moslem, An Najaf is even more important than Mecca. Its normal population of less than 250,000 mark by pilgrims moving in from Iran, all parts of Iraq, Lebanon, and more distant pockets of the Moslem world.

The Shiites sometimes are called the Protestants of Islam. During the first century of the Islamic era, they broke off from the orthodox or Sunni Moslems and have been separate ever since. They are supreme in Iran, claim a small majority in Iraq and have a strong concentration in southern Lebanon. Shiites generally are less friend-

ly to Christians than are Sunni Moslems. Here in Baghdad, the most beautiful mosques are controlled by Shiites and Christians because of the tradition that infidels are unclean. A Shiite in Baghdad will give a Christian a drink of water on a hot day, for instance, but he will immediately wash the glass thoroughly and discard it, as if a dog or a leper had drunk from it.

Temporary marriages are a special convenience for pilgrims going to An Najaf and the nearby shrines at Kerbela. These pilgrims frequently stay for months. Under Shiite law, the visiting men may marry Iraqi Shiite women for an agreed period of time, after which the marriage automatically is dissolved without need for a formal divorce.

These marriages can be for 10 minutes or 10 years. Always the man pays an agreed sum to the woman. This sum may be only a token payment of a few coins or a substantial fortune. Any children resulting are the legal children of the father.

These temporary unions are blessed by the Shiite mullahs, or

clergymen. Women entering into such marriages remain completely respectable Shiites.

Among Shiites, the practice is "Islamic" and "realistic, moral means of controlling normal human passions which otherwise would be perverted into immoral channels.

An Najaf is a center of Shiite learning as well as a holy shrine. Students come from all parts of the Shiite world to study under the mainly on the Arabic text of the Koran.

Practical Nurses Complete Course

An educational course for local practical nurses, taught by Miss Susan Halterson and Mrs. Joyce Willink, both registered nurses here, has been completed.

The course was sponsored by the Seminole County board of public instruction and the Seminole County Medical Association.

"The objective of the course," according to Fred Murray, County director of adult and vocational education, "was to improve the efficiency of experienced practical nurses who have not had the benefit of formal training." The course was 72 hours long.

Participating in the study were Leona Barnes, Kathleen Brown, Joan Butler, Terry Gibbs, Mary Mitchell, Grace Lundgren, Clover Mera, Margaret Pearson, Edith Sprinkle, Mabel Tynes, Lucille Mayo, Dorothy Potter, Ella Jones and Grace Starnes.

If enough interest is shown, an other course will be started at a later date, according to Murray.

\$3 Billion In U.S. Expenditures Fails To Halt Disastrous Floods

By Edwin R. Cotton, President American Watershed Council, Inc.

WASHINGTON, D. C.—(Special)—Soil is our greatest resource and will hold more water than all of the structures man can build. Failure to recognize this simple fact has cost the nation's taxpayers billions of dollars.

In taking cognizance of this serious waste, a House report on Soil Conservation and Watershed Programs had this to say: "In the past four decades more than \$3 billion of federal funds have been spent on flood control projects and still, every year, an estimated 70% of flood damage occurs on the agricultural lands in the upper reaches of the watersheds.

Exemption from taxation to give preference customers a subsidy in their electric power rates has had a strong influence on decisions to build multi-purpose dams. Perhaps the watershed legislation, which provides that "the cost of the program and improvements shall be shared equally between participants in proportion to the benefit each will receive," might also be applied by Congress to hydroelectric projects. Such a program would provide a means of financing large dams and, quite possibly, more upstream water treatment under way today, had the laws governing sale of hydroelectricity been amended to require that the public bodies and cooperatives be based on a similar principle of equal payment and if land owners had been considered, instead of politicians. Economists feel that so long as these public bodies and cooperatives get their power tax-free, while the other 10% of the nation's electric consumers do not, pressure for more power dams will continue.

On the other hand, they are enthusiastic over the new watershed legislation because they see in it direct economic benefits to agriculture, industry and labor and to citizens who are dependent on controlled runoff of water for adequate year-round supply. All that is needed to make it work, they say, is complete coordination of local interests with Secretary Benson and other federal agencies.

Joint Action Required
 Responsibility for government's participation in small watershed soil conservation and water reclamation programs will rest with Secretary of Agriculture Ezra Benson under current watershed legislation. This legislation requires the Secretary to act jointly with other federal agencies, state, county and other local government units, soil conservation or watershed districts and local citizens groups in a program that "will provide an additional means of aiding in the conservation of scarce water supplies."

This new program is designed to hold the water near where it falls, either in the earth or in small hold-in dams on branches and creeks in

J. FRASCOCK, JR., Cashier.

State of Florida, County of Volusia.
 sworn to and subscribed before me on the 13th day of July, 1954, and I hereby certify that I am not an officer or director of the bank named herein.
 My commission expires 10-11-54.

Judge Volunteers Air For Alcoholic
 LOS ANGELES (AP)—"I want to stop drinking but I can't," Edward G. Robinson Jr. told the Domestic Relations Court yesterday.
 "I've had some experience in those matters," replied Superior Judge Elmer D. Doyle. "I'll show you how."
 So the busy judge, who handles more than 100 cases a day, offered to set aside his lunch each day for two weeks to talk to the art? 21-year-old man, who has been arrested three times in recent months for intoxication.
 Young Robinson's wife Frances, who whom he recently was reconciled, promised to help the judge. "I hope it works," she said. "It must work."

Dogs Can Start Barking Earlier
 WATERSTOWN, N. Y. (AP)—A barking dog's life, the City Council says, can begin an hour earlier each morning.
 The Council voted last night to amend a recent ordinance that stipulated that dogs "are not permitted to bark or bark between the hours of 11 p.m. and 6 a.m. so as to disturb the neighbors."
 Yielding slightly to the protest of dog owners, who had trouble convincing the pets, the council men moved the morning curfew back to 7 a.m.

Makers of photographic material estimate that Americans are taking pictures with their cameras at the rate of more than five million a day.

ROSEMARY EXPERTING
 HOLLYWOOD (AP)—Singer Rosemary Clooney and her husband Jose Ferrer, announced last night on the eve of their first wedding anniversary that they are expecting a child next January.

The couple returned yesterday from New York, where Miss Clooney appeared in a television show. She hopes to appear in one or two more movies before the stork arrives.

City
 (Continued From Page One)
 Foot boat, which now is at Ridgely, would start in September. The boat, which holds 20 below deck and 32 above deck, she said, could be used for both sight-seeing and fishing. Mrs. Van Lantz, who said she has "loved San for 30 years."

The Commission accepted a low bid of \$5,000.00 from the Burroughs Adding Machine Co. for a judiciously accounting machine and an utility billing machine.
 A request by Wellborn Phillips Jr., Orlando contractor, for an extension of 22 acres in the Loch Arbor subdivision was denied. Phillips intends to construct 40 homes on the tract, but the Commission deemed the property too far from the city limits to consider annexation at this time.

Commissioners entered into an agreement with the Geological Survey, United States Department of Interior, to continue a study of water resources in Sanford and Seminole County for another year. Five-hundred dollars was appropriated to defray cost. County and State funds also have been allocated for the survey.

Approval was given to Sullivan, Long and Hagerity, holder of contracts No. 5 and 6 in the water and sewer program, to submit to McDaniel Brothers of Bossier, La. The former is also a licensor firm.

Contract No. 4 of the water and sewer program was awarded to Hubbard Construction Co. of Orlando. The agreement was in the amount of \$340,076.10.

All sewer taps will be at a cost of \$25 until the completion of the water and sewer program, commissioners decreed. Heretofore the charge was \$50.

PROSPECTS BETTER FOR ENDING DISPUTE
 CAIRO, Egypt (AP)—Prospects for a settlement of the British-Egyptian dispute over the Suez Canal zone were brightened today by the lifting of Egyptian restrictions on British trade.
 A trade boycott was instituted nearly two years ago as a protest against British occupation of the zone.
 Premier Gamal Abdel Nasser called a Cabinet meeting tonight. At it the Egyptians may decide whether to reopen formal negotiations with the British on a settlement of the Suez problem.

Heat Causes Hospital Trouble
 GRANITE CITY, Ill. (AP)—St. Elizabeth Hospital nurses had trouble keeping their clinical thermometers down below 105 degrees because of the heat here yesterday.

The temperature in the hospital rooms was 105 degrees and it was a sweltering 109.3 in nearby St. Louis.
 A hospital official said the thermometers maintain the temperature of the environment until they are shaken down. She explained an accurate reading could be taken by keeping the thermometer in cool water or alcohol and then putting it quickly into the patient's mouth.
 One nurse took her thermometer into an air-conditioned room, ran cool water over it and cooled it to 98 degrees but by the time she got back to her patient the thermometer read 105 again.

U of F Sponsoring Slogan Contest
 GAINESVILLE. Can you find a few words together and come up with a clever slogan?
 If so, you may win \$200.00 in prize if you submit the best slogan for the University of Florida's 1954 homecoming. The contest, which is open to all Florida residents, closes July 15 and entries should be submitted to Slogan Contest, Florida Union Campaign, University of Florida, Gainesville, Fla.
 Slogans should be short and original.

Prospects Better For Ending Dispute
 CAIRO, Egypt (AP)—Prospects for a settlement of the British-Egyptian dispute over the Suez Canal zone were brightened today by the lifting of Egyptian restrictions on British trade.
 A trade boycott was instituted nearly two years ago as a protest against British occupation of the zone.
 Premier Gamal Abdel Nasser called a Cabinet meeting tonight. At it the Egyptians may decide whether to reopen formal negotiations with the British on a settlement of the Suez problem.

Large Transactions Made In County

Two deals of sizable sums have been filed recently in the office of County Clerk O. P. Herndon. Mr. and Mrs. Charles T. Nihilack yesterday decided property in the amount of \$85,000 to Chase Groves Inc., and Saturday a \$70,000 transaction took place between Gordon T. Barnett, Orlando, and his wife, Meli J. Barnett to Eileen L. Monger.

It was the most brisk weekend in the past few weeks, Herndon said.

NEGRO IS INSPECTOR
 PHILADELPHIA (AP)—Commissioner Thomas Gibbons yesterday announced appointment of Allen Ballard as the first Negro member of the Philadelphia Police Department to attain the post of inspector.

increase from \$9,000 to \$10,500 for President George W. Gore Jr. of Florida A. & M. University.

Short Time Remains In Which To Meet Ultimatum On Rabies Issued By City

Two days remain in which local dog owners will have time in which to have their dogs vaccinated against rabies before the ultimatum set by the City takes effect.

City Mgr. Warren Knowles has said that dogs that are not vaccinated against the dread disease by Thursday will be picked up by the police department if caught running at large.

Rabies has been all around us in considerable degree, but Seminole County has been

fortunate in not being plagued by the mauler. However, the time to prepare against the disease is now — not after it strikes here.

It costs just a nominal fee to get this protection for our pets. If a person has ever seen a dog that has contracted the disease, he would know it is a small price to pay to protect his pet. Once an animal contracts the disease there just isn't any hope for it.

Also, the same applies for human beings. If any human should have the misfortune to contract the disease, his chances of survival are nil, also.

In addition, there is a certain fatality rate in giving protective medication to humans after they have been bitten by rabid animals.

So let's not take any chances with our animals—and ourselves. Let's stymie any onset of rabies in this area before it starts—let's get our dogs vaccinated!

We Need Conservatives

W. C. Mullendore, president of Southern California Edison Company, recently spoke on the importance of the true conservative. His remarks are refreshing in an era when office holders of all parties at every political level are scrambling to be identified as liberals, which generally means being liberal with the taxpayer's money.

In describing the "perspective of a conservative" Mr. Mullendore praised the "type of conservative mind and thought which has both breadth and depth, which is neither nearsighted nor narrow-minded, but is aware of the past and has dispassionately studied the lessons of experience, which sees the present as the fruit of the past and the seed of the future, and respects the relationship of cause and effect."

He then touched upon some of the things that are causing conservatives such grave concern in our country today: the expansion of credit, subsidized production and consumption at home and abroad, stimulation of capital investment—all under government mandate, with purchasing power secured through inflation and a vast expansion of debt for non-productive purposes. For example, the increase in private debt alone since 1950 and has been about \$100,000,000,000. The non-farm home mortgage debt in this country in 1925 totaled \$12,000,000,000—today it is approximately \$60,000,000,000. Since the end of World War II other consumer debt has increased from less than \$5,000,000,000 to more than \$28,000,000,000, or between 500 and 600 per cent and so far as the federal government is concerned, spending beyond income has become habitual. During the last four fiscal

years (1950 to 1953) authorized expenditures exceeded actual revenues by over \$19,000,000,000.

Nowadays it is up to conservatives with a perspective to keep hammering at the false brand of liberalism that leads nations to ruin and bankruptcy. Again quoting Mr. Mullendore: "A review of the history of the past two decades should suggest . . . that we should make an honest inquiry into present practices and their meaning. If we will fearlessly and honestly make such an examination, we cannot but see that the sources of much of our present prosperity are destructive spendthrift policies . . . not only the freedom of the American people but the fate of a civilization is involved."

Reaching a potential audience of 200,000,000 over a national network of 500 Mutual stations, the Florida Citrus Commission's new radio show, "Florida Calling," featuring Tom Moore, went on the air Monday July 5 from Winter Haven.

It was my privilege to see the opening show, and for my money it is terrific and if it doesn't sell Florida and Florida citrus, nothing will. Tom Moore has put together a bang-up variety show that can hold its own with the best of them. If you haven't heard it, tune in your local Mutual station and listen to it any morning from 11:00 to 11:35 each weekday Monday through Friday.

As a listener, Tom Moore is tops. He doesn't have to "work at it" for he is selling Florida and Florida citrus on the hill. He brings a class of fresh orange juice in his hand, he sells so much sincerity and enthusiasm in his appeal that his message can't help but hit the bull's-eye.

Heamed to the nation's highways, "Florida Calling" literally transports the lady of the house to Florida where with genial Tom Moore as her guide, she visits fruit laden groves, sniffs the perfume of orange blossoms and basks in warm sunshine that is tempered with cooling breezes.

Each day some lucky listener is given an opportunity to win an all-expense 10-day tour for Florida when a telephone call is placed somewhere in the United States. A question is asked and if the right answer is given the dream vacation is theirs. Those who fail to win the Florida trip receive a consolation prize of a box of choice Florida citrus fruit.

Winners are flown to Florida

Civil Defense Move

The Federal Civil Defense Administration has announced that it will shortly move its headquarters to Battle Creek, Michigan, from Washington, D. C. The main reason for the move is that in the event of war Washington would be a logical target for enemy bombers. The Civil Defense Administration will have to direct rescue operations and maintain civil activities in any emergency. Hence, it is wise to move Civil Defense headquarters to a city which would not be a logical target.

It is frightening to think that Washington and other major cities might be destroyed in the event of war. The very thought should inspire us to greater efforts and prayers for finding ways to avoid war. But wisdom dictates that we prepare for whatever may come. If the move from Washington to Battle Creek by CDA should prove to be unneeded we can all rejoice. On the other hand, if Washington is ever attacked, there might be reason to be glad that civil defense operations can be directed from an area relatively free of danger.

I will ease me of mine adversaries, and avenge me of my enemies. — Isaiah 1:24. That is a normal human impulse, but it is a mistake. It is wise to leave vengeance to God. We hurt ourselves when we try to "get even" with those who have done us wrong. Hatred poisons the whole system. Do your enemy a favor and see what happens.

HAL BOYLE

Farm Girl In Big Salary Bracket

NEW YORK (AP)—They say the big city is a place where a country boy can come and, by hard work, earn enough money to be able to afford to live in the country again.

The saying holds true for country girls, too—for example, Martha Wright.

Martha, a farmer's granddaughter, first learned to sing by crooning barnyard lullabies back in Duval, Wash. She hit the heights here, however, by "Washing that Man Right Out of Her Hair" through 1,004 performances of "South Pacific."

Today the blue-eyed farmgirl with the tumbled mop of red-blond hair, who was glad to get \$8 for her first radio appearance, now is in the \$100,000-a-year-plus bracket.

But while she thinks Broadway is a great street to make a living on, she agrees with most out-of-towners that it's no place to live for anybody who ever liked to go barefoot. She gets her mail at a 16-acre rented country place near Westport, Conn.

"It was like going back to my childhood," she said the other day during a break in rehearsals for a TV show.

"I was raised on a farm, and need to love to ride farm horses. I don't have any horses now, but the place has two swine, a stray pigpen and a couple of black miniature ponies."

"No, I don't find it lonely. City folks get me down. It is wonderful to be able to read a newspaper and to have a telephone. I do my own gardening and take care of the yard, too. My only ne-

romantic interest right now is the power mower at home."

Martha has retained the typical Westerner's preference for a simple informal living. She has a breezy dislike for all forms of fuss and ceremony. She drives to and from work herself, and this summer she and her maid will take turns at the wheel on a motor tour to Seattle, where her parents live.

"About the only problem I have right now is this darned weight," she said, comfortable forking at a piece of chopped sirloin steak. "I don't have to fight weight hard—but sometimes I should fight it harder than I do."

When she has to take off a few pounds, she doesn't resort to pills or capsules. She has known little illness in her life and has a healthy person's distrust of medicines.

"I don't cut out any of my regular foods, not even butter," she said. "I just cut down on the amount. I suppose it would help if I ate more fruit, but I don't care for it. I ate too much green fruit off the trees as a kid, I guess."

Martha knows hundreds of songs by heart—"Just how many I couldn't say." Her two favorites are "Cock-Eyed Optimist"—even after singing it 1,004 times in "South Pacific"—and "Blue Room."

Many singers are haunted by a nightmare fear they will forget lyrics in the middle of a big musical number.

"I'm scared to death of the start of my performance that I'll forget a line and somebody'll say, 'I do, I make up another line and go

right on. I never panic when I make a boo-boo.

"It's a funny thing, but the audience seems to like you better when you make a boo-boo—as long as they see you don't let it throw you. They like to see a singer act like a human being."

That's the only way Martha knows how to act.

News Of Men In Service

WASHINGTON, D. C. (AP)—The Bureau of Naval Personnel has announced an advancement in rating to aviation electronics technician second class, USN, for William V. Ingraham, son of Mr. and Mrs. C. A. Ingraham, 806 E. 25th St., while serving the attack aircraft carrier USS Randolph in the Mediterranean, and aviation electrician third class, USN, for Daniel C. Stafford, Jr., son of Mr. and Mrs. Daniel C. Stafford, of 221 Magnolia Ave., residing at the U. S. Naval Auxiliary Air Station, Glynn, Brunswick, Ga.

Fifty officer advancements are made on the basis of Navy-wide competitive written examinations, demonstrated proficiency in performance of duties, and leadership ability.

SEEN GAME THE HARD WAY RICHMOND, Va. (AP)—Richard Ashworth, 9, wanted to see the all-England Virginia of the International League play against OHAWA. Not having any money he attempted to scale the left field fence. Instead he snagged his leg on a piece of wire.

After emergency treatment Richard was given a box seal by the team's physician, Dr. E. E. Haddock, who is also Richmond's mayor and a team booster.

right on. I never panic when I make a boo-boo.

JAMES MARLOW

Too Late To Classify

By RUSSELL RAY

Reaching a potential audience of 200,000,000 over a national network of 500 Mutual stations, the Florida Citrus Commission's new radio show, "Florida Calling," featuring Tom Moore, went on the air Monday July 5 from Winter Haven.

It was my privilege to see the opening show, and for my money it is terrific and if it doesn't sell Florida and Florida citrus, nothing will. Tom Moore has put together a bang-up variety show that can hold its own with the best of them. If you haven't heard it, tune in your local Mutual station and listen to it any morning from 11:00 to 11:35 each weekday Monday through Friday.

As a listener, Tom Moore is tops. He doesn't have to "work at it" for he is selling Florida and Florida citrus on the hill. He brings a class of fresh orange juice in his hand, he sells so much sincerity and enthusiasm in his appeal that his message can't help but hit the bull's-eye.

Heamed to the nation's highways, "Florida Calling" literally transports the lady of the house to Florida where with genial Tom Moore as her guide, she visits fruit laden groves, sniffs the perfume of orange blossoms and basks in warm sunshine that is tempered with cooling breezes.

Each day some lucky listener is given an opportunity to win an all-expense 10-day tour for Florida when a telephone call is placed somewhere in the United States. A question is asked and if the right answer is given the dream vacation is theirs. Those who fail to win the Florida trip receive a consolation prize of a box of choice Florida citrus fruit.

Winners are flown to Florida

By Eastern Air Lines arriving at Tampa International Airport where they will dine at Bartle's (named restaurant). A new Cadillac car and chauffeur awaits them and they are taken on a statewide tour that carries them down the West Coast with stops at St. Petersburg, Sarasota, Naples, Everglades City and on to Miami and Key West; up the East Coast to St. Augustine and through the center of the state with visits to such attractions as World Fine Studios, Silver Springs and Cypress Gardens.

Before returning home they will appear on the "Florida Calling" program to tell of their thrilling experience and what the appetite of other listeners who hope that they, too, may be lucky enough to win such a wonderful dream vacation.

The musical variety show, headed by Tom Moore, presents a group of pleasing and talented entertainers who are on their toes every minute and doing a marvelous job. Featured as vocalists are two youngsters who are as good as they come—Miss Shelby Davis and Ray Evans. Remember their names and keep your eye on them for they are going places. If you ask me, I'd say they were the most promising young singers in the entertainment world today with ability and personalities that put them out front and will keep them there.

"Four men who sound like a million" is the way Tom Moore describes the amazing outfit that is the most versatile I have ever encountered. Made up of four musical wizards, Sam Porfitt, Fred Kessler, Ben Carlton and Jack Gandy, they perform a variety of music at the organ, they play a dozen different instruments between them with rhythm that sets your ears a-tingle and your feet tapping all through the show.

It took genuine faith, courage and vision on the part of the members of the Florida Citrus Commission to underwrite such a show before it was built on the strength of one man's pledge of performance, but they did, and I believe that now they have seen it they realize their faith was more than justified. I, for one, wish to congratulate them and am confident every dollar invested will pay handsome dividends in citrus sales. Florida is Calling lustily and the answer should be most gratifying.

Yours truly,

Red Cross Course On Water Safety Proves Difficult

The American Red Cross water safety instructors course conducted last week at the municipal pool came to a close Friday night with only one of the six candidates successfully meeting the requirements. Four present instructors had their certificates renewed and are qualified as water safety instructors for the coming year.

Classes were conducted by Bob Zandberg, field representative of the ARC.

Helen Mitchell was the successful candidate. Instructors were Miss Beatrice Thomas Bishop, Miss Frances Cobb, Thomas Stinger and Mrs. P. D. Scott.

Dulles' Foreign Policy Criticized

WASHINGTON (AP)—Foreign policy by impulse. That's Secretary of State Dulles' policy on Indochina. He would have foreseen the crisis and planned for it. He didn't. When it came, he rushed off to Europe seeking a solution. He

found none. Now, suddenly, he's off to Europe, again. Both trips were on the spur of the moment. He had talked big. He produced no action. He had talked optimistically. It proved erroneous. The French may make a peace that will let the Communists take much of Indochina now, all of it eventually. Dulles seems helpless to stop it and apparently feels helpless. The record tells the story.

On April 18, 1953, three months after he took office, he said the "Communists in the Far East can no longer count on winning by shifting their strength and by focusing attack on one or another free world position that is isolated from the others."

That is precisely what the Chinese Communists did after they got an armistice in Korea in mid-1953. They began pouring supplies and advisers into Indochina to help the Communist-led Vietminh against the French.

On Jan. 25 began the conference between Dulles and the foreign ministers of Britain, France and Russia: Eden, Bidault and Molotov. Before arriving there Dulles said the conference would be a waste of time if all Molotov wanted to do was divide the Allies.

That's all the conference accomplished. Molotov used it to start the machinery for dividing the Allies. The main purpose of the conference—unification of Germany and an anti-Red coalition to bend an inch on them.

But he got agreement by Dulles, Eden and Bidault to meet with him and the Chinese Communist Premier Chen, E. I., at Geneva in April to discuss peace in Korea and Indochina. The French, tired of fighting eight years in Indochina, were anxious for peace.

On March 29 Dulles, suddenly, said the possibility of Communist domination of all Southeast Asia should be stopped by "united action." Any step so momentous would require call for consultation between Dulles and America's al-

Public Forum

This column is for Sanford Herald readers to use in expressing their opinions upon any matters of interest to the general public. We solicit your ideas and fair criticism of any existing conditions, city wide, state and national, comment, or criticisms of individuals, public officials, groups or organizations, but be temperate, fair and logical. No personalities. The length of your letter depends upon the importance of what you have to say. All letters will be signed by writer with address, though signature will be withheld from publication upon request. Wherever possible letters should be limited to 200 or 300 words. The Herald reserves the right to edit or cut letters to fit the space available.

Editor
The Sanford Herald
Sanford, Florida
Dear Sir:

We would like to express our appreciation to you for your recent editorial and pictures which resulted in the cleaning up of the South Park Avenue parkways.

For several years the Garden Club has sponsored the "Don't Be a Litterbug" campaign and many magazines and periodicals have publicized this campaign further as evidence by the article, "Are You A Litterbug?" which appeared in the June issue of The Herald's Digest.

We want to commend you for your interest in the Litterbug campaign and assure you of our complete cooperation in any beautification project for our city.

Yours truly,
Mrs. George McCall,
President,
Mrs. Donald Jones,
Secretary
Sanford Garden Club

The Sanford Herald

Gentlemen:
Please accept our thanks for publishing our appeal for the John E. Courier family. Giving to this fund was a splendid expression of appreciation for the bravery shown by Mr. Courier. This assistance greatly relieved this deserving family of this additional worry during the critical stage of their misfortune.

Yours truly,
The Citizens Bank of Ovid

Red Cross Course On Water Safety Proves Difficult

The American Red Cross water safety instructors course conducted last week at the municipal pool came to a close Friday night with only one of the six candidates successfully meeting the requirements. Four present instructors had their certificates renewed and are qualified as water safety instructors for the coming year.

Classes were conducted by Bob Zandberg, field representative of the ARC.

Helen Mitchell was the successful candidate. Instructors were Miss Beatrice Thomas Bishop, Miss Frances Cobb, Thomas Stinger and Mrs. P. D. Scott.

Female Disorder Helped By Use of Male Hormones

HERMAN N. DUNDEIN, M.D.

MALE hormones are being used to cure a purely female disorder, endometriosis. This occurs when the lining membrane of the womb becomes misplaced and attaches itself within the abdominal cavity.

Other Organs Affected
The lining, or endometrium, as it is known medically, attaches itself onto other organs such as the outside of the womb, the ovaries, the bowel, the bladder, or other surrounding tissue.

The reason for the occurrence of this disease is not known. It is fairly common among women, especially those of the childbearing age.

Cycle May Form
The misplaced tissue causes disability and pain, and may cause the formation of cysts on the affected organs.

The major symptom is severe pain during menstruation. There may be pain and discomfort with intercourse as well as some difficulty in bearing children. The discomfort of this disease is sometimes so great as to include pain and cramping during certain times of the month. There may be irregular bleeding.

Pain Grows Worse
As time goes on, the pain dur-

ing menstrual periods grows progressively worse. Sometimes the discomfort is so great that radical surgery must be performed in order to relieve it. These are usually exceptional cases.

Production of the female hormone by the ovaries stimulates the symptoms.

Male Hormones Given
However, it has been found that large doses of male hormone, given under the direction of a physician, relieves severe symptoms. Even after the medicine is stopped, the symptoms are eased for 6 to 12 months.

Many women who had previously had difficulty were able to become pregnant after this treatment was administered.

The side effects from the male hormone treatment were extremely minor.

The earlier that endometriosis is discovered, the better the results that can be expected.

QUESTION AND ANSWERS

Q. E. A.: I have a severe case of psoriasis. Will sun bathing be harmful?

A.: Answer: No, in fact the sun or ultraviolet rays are very beneficial in many cases of psoriasis.

Mary Pickford Is Nearing 61, Looks Younger

HOLLYWOOD—This is a success story—the success being Mary Pickford's ability to keep busy and happy in retirement and to grow old gracefully. She is nearing 61, but looks years younger.

There are two deep perpendicular ridges between her eyes—signs of excitement, nothing else. She has a slight mid-section roundness that comes to all of us eventually, but I'd guess she weighs only 10 or 15 pounds more than she did 20 years ago when she retired.

"What does she do to keep happy?" She gives a lot of time and energy, and money, too, to charities, principally Catholic and Jewish, although she is of no other faith. She writes and calls nearly every day asking her to lend her name to this or that. She won't be a letterhead member of any committee.

"Unless I can really find time to do a movement, I won't lend my name. Names do not mean a thing, but a good solid committee meeting does."

She runs a big house, the faded Pickfair. There are several servants and a secretary. She personally approves every bill and signs every check.

Her husband, Buddy Rogers, she has interests in TV stations. They invested in oil but got only dry holes.

A big interest now is the effort to raise further funds for the Motion Picture Relief Fund. She and Jean Harlow, perpetual president of the fund, are working on a musical exhibit for tourists.

"We'd have sets and costumes and stills and miniatures of pictures in production," she explains. "I said people want to see stars, not things. Mary disagreed, but admitted stars might be induced to take part in the tourist attraction."

"It would give me something further to do," she said. "There could be reproductions of interiors of stars' homes—my five-room, W.C. Rogers' ranch, of Marilyn Monroe's dining room. Or would they be more interested in her boudoir?"

FRENCH RIBBON CAMISOLE
—Designed by Tina Leser, has a flaring skirt of pink linen and comes from her collection for summer. The ribbon, pale pink woven with green and shocking pink dots, is twisted into a bow-knot over the bosom. Little strips of it top the deep patch pockets on the skirt.

T. E. L. Class Has Meeting in Chapel

The T. E. L. Class of the First Baptist Church met recently in the chapel with Mrs. Ellen Louney and her group as hostesses. Mrs. Grace Bishop gave the devotional using for her subject, "Hope," and the scripture was taken from Malachi 3:18.

Prayer was led by Mrs. R. L. Garrison and group captains and officers gave satisfactory reports.

At the close of the meeting refreshments were served by Mrs. Grace Bishop, Mrs. M. Cumming, Mrs. Lillian Vickery, Mrs. C. E. Denton, Mrs. J. A. Benson, Mrs. E. M. Carroll, Mrs. Henrietta Leonard, Mrs. W. L. Stouffer, Mrs. W. B. Rowland, Mrs. Sally Allen, Mrs. L. A. Smith, Mrs. R. L. Garrison, Miss Minnie Stewart, and Sue Lynn Denton.

Harriet Smart Honored At Party In Coral Gables

Miss Harriet Smart, while visiting Seminole High School Band master Ernest Cowley in Miami over the weekend, was entertained at a dinner party given in her honor by the world renowned conductor and conductor, Henry Fillmore.

The event was held at the Green Isle Country Club in Coral Gables. The party consisted of several members of the University of Miami Music Camp where Mr. Cowley is an instructor.

Circle Makes Plans To Visit Shut-Ins

The July meeting of Circle No. 1 of the First Baptist church held yesterday was opened by prayer led by Mrs. B. C. Steele.

Mrs. J. E. French, chairman, asked Mrs. B. R. Beck to give the devotional in which it was brought out that it is the duty of Christians to reflect His image in everyday events.

Plans were made to visit the shut-in members and to contact those who were absent. For the community mission project, the circle decided to send cards to a number of shut-ins and prepare the church communion set.

The meeting was closed with prayer led by Mrs. H. W. Rucker in which she prayed that missionaries might be sent to the Philippines and for grace and wisdom to carry out the work that reaches to the far corners of the world.

Those present were: Mrs. H. J. Finch, Mrs. H. W. Rucker, Mrs. B. C. Steele, and Mrs. B. R. Beck.

Business Women's Circles To Meet Here Next Month

Mrs. V. C. Messinger was hostess at her home on North Elliott Ave. last night for the meeting of the Elsie Knight Circle of the First Baptist Church with Mrs. R. E. Peurifoy presiding in the absence of the chairman, Mrs. F. L. Damper.

The devotional "Knowing the Way" was presented by Mrs. Irving Pryor. Mrs. Estelle Gilson, stewardship chairman, gave the "S-S's on Tithing." She explained the reason for tithing was that "God commands it" (she said that tithing is held accountable for his tithes and offerings and that "love should constrain us in our giving").

Mrs. A. J. Peterson, a visitor from the day circles of the W.M.U., told of the association meeting which will be held in the church July 22 beginning at 10 a. m. with a covered dish luncheon at noon. She displayed an achievement award that was won by the W.M.U. of the First Baptist Church, explaining that this church was one of a limited number receiving such an award.

Announcement was made of the Federation of Business Women's Circles which will hold a meeting in Sanford on Aug. 24 when the Elsie Knight Circle will act as hostess. The Federation is composed of members from Daytona Beach, Deland, New Smyrna and Sanford. Luncheon will be served at 7 p. m. in the educational building followed by the meeting. Mrs. N. C. Slawter will serve as chairman in charge of arrangements for the supper.

Mrs. Peterson thanked the circle for its contribution of \$12 toward sending a girl to Camp McCardell's contribution to the fall fund luncheon.

This annual designer long has anticipated the fall collection, and has been treating her models to slouch for this time. She underlines the sweater dress, which is simply a gathered tube sweater, worn with or without a narrow belt.

The blouse-waist length jacket, a particular pet of the careless Claire, who likes it as well as she always has in one costume—one over the other, with a matching skirt.

Outstanding are her tweeds in unusual mixtures and velveteens combined with soft pink or bright red blouses and matching under "jumpsuits," also designed by Miss McCordell.

For the college crowd she shows the wildly popular knee-length skirts in bright colors or wool, and trousers pleated, slacks with fly-fronts having brass buttons.

The "cloche" silhouette is the high note in Hannah Troy's collection, designed by Ruess. This is a fitted, princess style, and continues to stress the fitted ruff, the Princess silhouette and the nipped waist. The coat dress is a favorite here, being shown in many fabrics, in and including white satin embroidered in rhinestones.

These showings marked the opening of a crowded week of New York fall fashion showings, shown for the benefit of the International Fashion Press.

Baptist Circle 3 To Visit Home

Circle No. 3 of the Baptist W. M. U. met at the church yesterday morning with Mrs. Brailley Odham, circle chairman, presiding as the session opened with the members repeating the watchword in unison.

The devotional, "Labor Together With God," was given by Mrs. John Fox and Mrs. George Dixon led in prayer. "The Children Rejoiced" was the subject of the vicariously sermon offered by Mrs. Clyde Humphrey who stressed the importance of teaching children to tithe.

Mrs. Odham announced that the community mission for the month will be to visit the County Home and take fruit to the people there. Those present for the monthly meeting were: Mrs. J. A. Williams, Mrs. John Fox, Mrs. Sally Allen, Mrs. Ben Wade, Mrs. Ben Newsome, Mrs. A. L. Barineau, Mrs. Turner Lodge, Mrs. G. C. Dixon, Mrs. Clyde Humphrey, and Mrs. Brailley Odham.

Slouchy Look Scheduled For Fall Fashions

NEW YORK (AP)—The "sloppy" sweater, with an outside turtle neck which pulls up over the head to form a hood, is the latest. McCardell's contribution to the fall line.

Watermelon Pickle Long-time Favorite

Watermelon pickle has long been a favorite sweet spicy relish that housewives make at home as a "specialty" to add zest to meals. Myrtle Wilson, Home Demonstration Agent, says that everyone knows that cantaloupe can be used for this type pickle. For those who live in localities where cantaloupes are plentiful this summer, here's a recipe that makes about 3 1/2 pints of pickle.

Ingredients: 3 pounds pared and cubed cantaloupe (1 1/2 to 2 pints); 2 quarts lime water (that is, 1 tablespoon of "lime" or calcium oxide, purchased at drugstores, in 2 quarts water); 1 stick cinnamon about 3 inches long; 1 tablespoon whole cloves; 1 small piece ginger root; 2 cups vinegar; 1 quart water; 2 pounds (4 cups) sugar.

To make: Soak the prepared cantaloupe an hour in the lime water and drain. Cover with fresh water and cook until tender—about 20 minutes. Let stand overnight in cooking water in a cool place and drain. Tie the spices in a cloth. Put them into a kettle with vinegar, water and sugar. Bring to boiling. Add cantaloupe and boil gently 20 minutes. Let stand overnight. Cook again about 20 minutes, or until the melon looks "clear" or translucent, and the syrup is fairly thick. Pack the canning in clean hot jars and pour in the syrup, filling the jars to the top. Seal tight.

Experts estimate that Americans have twice the spending power they had in 1930.

CALENDAR OF EVENTS

TUESDAY

The Pilot Club will meet at Mrs. M. L. Baber's on Seminole Boulevard at 8 p. m. for a picnic.

8 p. m. The Gleasons' Class of the First Baptist Church will hold their monthly business and social meeting at the home of Mrs. Thea Stiles, 507 E. 20th St. with Mrs. V. S. Harty as hostess.

8:30 "Dance", 8 p. m. 11 p. m. Senior Hostesses' Pilot Club.

The Women's Bible Class of the First Baptist Church will meet at 7:30 p. m. at the home of Mrs. V. S. Harty, 507 E. 20th St. Magnolia Ave. Group No. 2 will hostess for the meeting.

The First Baptist Intermediate Church will meet at 7:30 p. m. at the home of Mrs. V. S. Harty, 507 E. 20th St. from 7:30 to 10:00 p. m.

The Unity Truth Class will meet at the Valley Hotel at 7:45 p. m. with Carolyn Peterson as teacher. The public is invited.

8:45 p. m. Anna Miller Circle served dish supper at the Elys Club grounds.

WEDNESDAY

The Prayer Meeting Service at the First Baptist Church will begin at 4 p. m. We continue with the theme "Preaching the Spiritual Life."

7 p. m. Young peoples choir practice at the Central Baptist Church, 8 p. m. Regular and Prayers service at the Central Baptist Church. The adult choir will rehearse after the prayer service.

THURSDAY

The Ladies Aid Society of the Lutheran Church of the Redeemer will meet at the home of Mrs. James Buckler, West 3rd St. at 7:30 p. m.

The Music Reading Class meets at the First Baptist Church at 6:45 p. m. in the chapel.

The Junior R. Y. will meet at the First Baptist church at 7 p. m. The Men's Brotherhood of the First Baptist church will have its monthly luncheon and program meeting beginning at 2 p. m. in the Memorial Educational building.

The Adult Choir of the First Baptist Church will hold rehearsal at 8:30 p. m.

6:30 p. m. The Brotherhood and W.M.U. of the Central Baptist Church will meet for their regular dinner meeting.

FRIDAY

The First Baptist Youth Choir will hold rehearsal beginning at 7:30 p. m.

Saturday

Mrs. Helen Strasser and daughter, Mrs. Jacqueline of Trenton, N. J. have returned to their home after visiting in Sanford with relatives and friends. While here they stayed at the home of Mrs. A. D. Zachary.

Sunday

Friends of Mrs. J. N. Robson Sr. will be interested to know that she is in St. Mary's Hospital in Anderson, S. C. where she is under going observation with her 11-year-old daughter, Miss Pearl Robson.

Those from Sanford attending the American Legion Auxiliary South District School of Instruction at the San Juan Hotel in Orlando Sunday were Mrs. B. L. Miller, Mrs. C. E. Hunter, Mrs. J. Q. Galloway, Mrs. Robert Deane, Mrs. H. B. Howell, Mrs. G. C. Chittie, and Mrs. Doris Elder.

Home Demonstration members attending the State Council meeting in Gainesville are Mrs. R. L. Warren, Sanford Club entrant, Mrs. Dress Revue entrant, Mrs. J. B. Crawford, Sanford; Mrs. J. M. Dingman, Lake Mary, representing Seminole County; Mrs. C. W. Siskion, president, Lake Mary; Mrs. Marie Turner, Longwood; and Mrs. L. D. Beckoff, Mrs. George Otto, Longwood, vice president of the State Council, chairman of the banquet; Mrs. J. W. Yarbrough, Geneva, Mrs. Barnes Guthrie, Chulavita, delegate from Seminole County to State Council.

Because summer camps and cottages are often far from fire departments, and since cooking and heating equipment is often improperly adjusted, fires are a big danger. Especially, careful during your stay in a vacation paradise. And keep a box of baking soda handy to the cooking unit, as ideal for extinguishing grease fires quickly. Just sprinkle soda on the flames. It cuts off the oxygen supply, snuffs out the blaze.

Personals

Mr. and Mrs. A. J. Walker and guests, Mr. and Mrs. S. S. Goethe of Palatka and Mrs. Neva Allen of Daxton, Ohio left Sunday for a vacation in Havana, Cuba and other points of interest.

S. S. and Mrs. F. O. Hall of Panama City have been the guests of her parents, Mr. and Mrs. L. A. Smith and family, and his brother-in-law and sister, Mr. and Mrs. Roy Barrow and family.

Joy Lee Guburn has as her guest for two weeks her little cousin, Nancy Tyson of St. Cloud.

Mrs. Lodge Talks On Stewardship

Circle No. 6 of the First Baptist Church met yesterday morning at the church with Mrs. A. J. Thomas presiding. The opening prayer and devotional from Mal 3:10 were given by Mrs. W. E. Vance who used as her subject "Found Faithful!"

Mrs. Jesse Lodge gave a talk on stewardship and Mrs. Minnie Stewart reported on the training schools. Plans were discussed for the association W.M.U. meeting to be held here July 22 at 10 a. m. Members present were: Mrs. W. E. Vance, Mrs. A. J. Thomas, Mrs. Jesse Lodge, Mrs. O. C. Gibbs, Mrs. A. J. Cumming, Mrs. Francis Bishop, Mrs. Roy Britt, and Mrs. Minnie Stewart.

WHY WASH CLOTHES?

While methods of washing continue to improve, see. Laundry clothes today for the same long reasons our forefathers did, namely, to get them clean and to make them look and feel better.

When you are shifting tomorrow for summer salad plates, cut a dash off the stem end of the tomatoes, then scoop out the seed and pulp with a teaspoon. Now sprinkle the inside of the tomatoes with salt and invert while you are preparing the filling.

They planned to leave today with the latter Mr. Stone for Daytona Beach where they will spend some time and will later be joined by Elizabeth Sanford, Mrs. J. M. Dingman, Lake Mary, representing Seminole County; Mrs. C. W. Siskion, president, Lake Mary; Mrs. Marie Turner, Longwood; and Mrs. L. D. Beckoff, Mrs. George Otto, Longwood, vice president of the State Council, chairman of the banquet; Mrs. J. W. Yarbrough, Geneva, Mrs. Barnes Guthrie, Chulavita, delegate from Seminole County to State Council.

Mr. and Mrs. Alfred Stone of Chicago, Ill. have arrived to visit for several weeks with his parents, Mr. and Mrs. George Stone.

Emily Rockett Of Boston Owns Fleet Of 90 Taxicabs, Is Head Of Company

By RICHARD JENSON

When she was 17, Emily Rockett was a young girl, a member of the Boston City Club. She owns a fleet of 90 taxicabs. Emily has been president of the Boston City Club since 1923. Her father died when she was 17 and Emily inherited the business.

Employees of the company look a well-dressed, well-dressed woman, a well-dressed woman, a well-dressed woman. She is just as good and just as careful as the men in the industry. She is just as good and just as careful as the men in the industry. She is just as good and just as careful as the men in the industry.

I don't know a thing about the taxi business, Emily admitted. I only know a few things about it. I had no interest in it until I had a chance to see it. I had no interest in it until I had a chance to see it. I had no interest in it until I had a chance to see it.

In 1918, she was in the Boston City Club. She was in the Boston City Club. She was in the Boston City Club. She was in the Boston City Club. She was in the Boston City Club.

In 1923, she was in the Boston City Club. She was in the Boston City Club. She was in the Boston City Club. She was in the Boston City Club. She was in the Boston City Club.

In 1928, she was in the Boston City Club. She was in the Boston City Club. She was in the Boston City Club. She was in the Boston City Club. She was in the Boston City Club.

In 1931, she was in the Boston City Club. She was in the Boston City Club. She was in the Boston City Club. She was in the Boston City Club. She was in the Boston City Club.

Her father had a fleet of 90 taxicabs and she inherited it. She is just as good and just as careful as the men in the industry. She is just as good and just as careful as the men in the industry. She is just as good and just as careful as the men in the industry.

Next in Emily's management policy was a program to cut down highway accidents. To accomplish this, a campaign was started to install a new type of road sign. The sign was a simple one, but it was a good one. It was a simple one, but it was a good one. It was a simple one, but it was a good one.

Don't employ women drivers? No.

COLORFUL SOCKS

IN BLOCK DIAMOND ARGYLE

Nothing but the best of wool and quality in these Hologram socks. They're colored Diamond Argyle. They're very durable too. Because they're made of soft open cotton with high fast color fast dye. Ask for style 2400. You'll want several pair.

PETE OSBORNE
While the affair was primarily in honor of Herbert B. McQuillan, Stetson's new coach, an old gentleman from Brooklyn, N. Y., drew a sizeable share of attention up at the Lake Hereford Yacht Club in Deland last night.

It happened when Lee Fugle, the master of ceremonies, asked for the person who played football at the earliest date to stand and be recognized—and as an added award promised to buy his meal. The first gentleman should have, by all rights, gained the honor, you would have thought. He played football in 1911.

And when a fellow stood and said he played in 1901 you know he had it in the bag. But enter Major Joseph Cavacava from Brooklyn who announced that he had played at Boys' High, Brooklyn, in 1897, 94, 95, and at Columbia University in 1899. Needless to say, he took the prize.

Proving that the game is long in history and filled with memories of happy times.

A word of congratulations is due Fugle in order for those responsible for the banquet in McQuillan's honor. It was smoothly organized, did not lag or drag out, was interesting and to the point. Probably Fugle deserves a lion's share of the credit for his keen handling of the introduction and announcements. He did a fine job as did everyone else connected.

Coach Joe Herry says that, since his return to Deland, McQuillan hasn't hit the sack prior to midnight more than once or twice. The studies are quiet and is busy making preparations. Herry says with a gleam of confidence. He seems quite pleased with his boss and is looking forward to gaining knowledge from the older mentor.

Fugle, who is from McQuillan's home town, Rochester, Minn., says that every since he was a kid McQuillan has been a student of football and is also a stout believer in academic lines. "He's not kidding when he says he wants students first, then players. He believes players must be students in order to be smart enough to play football," Fugle went on.

Douglas Stenstrom, Seminole County chairman of the Stetson alumni, was highly pleased with McQuillan, saying that he was looking forward to seeing the team in action. He was particularly impressed with his sincerity, an incident which failed to escape anyone after hearing the retiree's 29 minute talk.

Outfielders Lead In Batting Races

NEW YORK—Outfielders dug the spotlight in the major league batting races today with Duke Snider of Brooklyn and Irv Noren of the New York Yankees showing the way and several others in contention.

Snider slumped seven points to .367 last week with 11 hits in 36 at bats. Meanwhile outfielders Don Mueller of the Giants and Gus Bell of Cincinnati closed in. Mueller with a three-point increase to .350 and Bell with a four-point gain to .344.

Wally Moon, St. Louis outfielder, is fourth at .333 followed by teammates Red Schoendienst and Stan Musial with .331.

In the American League, Noren took over the top spot from Cleveland's Bobby Avila. He gained 15 points to .341 while Avila tumbled off nine to .341.

Mickey Mantle of the Yankees is third with .316, followed by Nellie Fox of Chicago, .315, and Minnie Miñoso of the White Sox and Al Rosen of Cleveland with .313 apiece.

BOOB NIGHTLY ROOTS

LAWRENCE, Kan. — Tom Root is going to do some rooting for the school he once rooted against.

Last fall, Root was a student and cheerleader at Kansas State College. At mid-term he transferred to the University of Kansas—arch rival of Kansas State.

Now the engineering sophomore from Atchison, Kan., has been named one of nine cheerleaders at K.S.U. for the 1954-55 academic year.

Doubles Play In Tourney Starts Today

Hugh Carlton won over Garnett White, 6-3, 7-7, yesterday in the first round of the tennis championships played in the men's bracket.

Nam Katz swept past Tommy Kuhn, 6-3, 6-2; Jimmy Davis moved over Gibson Hales, 6-1, 6-0; and Bob Horsdorf scored over Gene Smith 6-0, 6-0, in play in the boys' pairings.

Director Fred Ganas has announced Sunday as the deadline for completion of second round action and set next Wednesday, July 21, as the final date for semi-final play. Sunday, July 25, has been asked for final play in all brackets.

Ganas also released the pairings for double play which gets underway today:

The pairings:
Turker-C. Morrison—Bye
Kuhn—Horsdorf vs. White—Murray
Katz—Davis—Bye
Savage—William—Bye
Fleming—Angel vs. Morgan—Ganas
Carlton—J. Morrison vs. Bates
Priestor—Doody—Bye

15-Mile Causeway Will Be Opened

At Tampa Sept. 6
ST. PETERSBURG - Four years after construction began, the 15-mile causeway over Tampa Bay - the longest open water bridge crossing in North America - will be opened to traffic Sept. 6.
The state is building it at a cost of 22½ million dollars. It hopes the money will come back through a toll of \$1.75 for each passenger vehicle, including all occupants.
Although it was to be called the Sunshine Skyway, the span has been nicknamed the Bridge of 3000 Fishermen, crossing some of the country's best fishing miles of catwalks from which fishermen may drop their lines into the bay.
It will shorten the distance between St. Petersburg and points south by 40 miles. Now a 100-mile trip to St. Petersburg and the nearby Gulf of Mexico beaches are no longer a dead-end peninsula.
The spectacular feature of the causeway is the 1000-foot-long span over the Tampa Bay ship channel, used by ocean-going vessels. It will carry traffic 150 feet over the water.
Surveyors indicate that 2000 vehicles will use the new bridge annually.
QUINCY HILDEY, St. Petersburg, said Herman G. Danbury, president of the city's Chamber of Commerce, "We never for a moment will do anything to displace the fisherman's landing, which has been a part of our life for many years."

DELATED STORM VICTIM

STUTTGART, Ark. - The tornado that cut through Arkansas on Monday night, killing 17 people, later, James Leon Washburn, 76, who suffered a head injury in the storm, fell into an irrigation ditch and drowned. His father and the boy had frequent, sudden fighting spells since the tornado, and of course said evidence indicated that the boy fainted as he fell into the water.

Albert's abilities were of a most peculiar brand. But an ad in classified put his abilities in demand.

Eden Figures In World Affairs

LONDON.—Anthony Eden, accepting a cigarette from Joseph Stalin, today is the most famous man in the world.

Eden's popularity is due to his role in the recent war, his diplomatic skill, and his personal charm. He is the only man in the world who has been both a member of the House of Commons and a member of the House of Lords.

Eden's role in the recent war was crucial. He was the British Foreign Secretary during the war, and he played a key role in the formation of the United Nations. He was also instrumental in the formation of the NATO alliance.

Eden's personal charm is also a major factor in his popularity. He is a well-known orator, and he has a warm, friendly personality. He is also a skilled negotiator, and he has been able to bring about several important agreements.

Eden's popularity is not limited to the United Kingdom. He is also popular in the United States and in other parts of the world. He is seen as a man of integrity and a man who stands for freedom and democracy.

Benito Mussolini once called him, and Eden went on to set the pace for the world to follow. He is the only man in the world who has been both a member of the House of Commons and a member of the House of Lords.

Eden's role in the recent war was crucial. He was the British Foreign Secretary during the war, and he played a key role in the formation of the United Nations. He was also instrumental in the formation of the NATO alliance.

Eden's personal charm is also a major factor in his popularity. He is a well-known orator, and he has a warm, friendly personality. He is also a skilled negotiator, and he has been able to bring about several important agreements.

Eden's popularity is not limited to the United Kingdom. He is also popular in the United States and in other parts of the world. He is seen as a man of integrity and a man who stands for freedom and democracy.

Both oppose a quick SEATO because, as they see it, a SEATO suddenly set up while negotiations work at Geneva would have a threatening, warlike look and if there was a chance of a settlement at Geneva SEATO would scare the Reds off.

As he sees it and as Churchill sees it, the French have botched up Indochina. The Communists probably would win free elections in many areas, and it is better to admit some measure of defeat, split the country and stop the fighting than to risk a rain of atom bombs on London.

Taylor, deceased, to the undersigned at her office in the County of Seminole, Florida, within the time of the first publication of this notice, to-wit: on or before the 15th day of August, 1954. The time of the first publication of this notice is on or before the 15th day of August, 1954. The undersigned is the executor of the estate of Olga E. Taylor, deceased, and she is the only person who has a right to receive any distribution of the assets of the estate.

Storm-Resistant Building Erected

NEW YORK.—A new hurricane-resistant office building in downtown Miami, thought to be the building in the state of Florida, has been built to withstand a high wind of 100 miles per square foot, according to the magazine.

Fourteen stories high, the building is topped by a large penthouse. The all-steel construction of the building saved an estimated 10 to 15 per cent in steel tonnage, according to the magazine.

Karakul sheep, new born lambs of which produce Caracul fur for the world, are being raised in the United States. The National Geographic Society is the sponsor of the project.

McCarthy Calls Thursday Meet

WASHINGTON.—Sen. McCarthy (R-Wis.) today called for a Senate investigation subcommittee meeting Thursday which could produce action on demands for the firing of some staff employees.

McCarthy, the chairman, told newsmen he was calling the meeting specifically as a step toward his long-deferred investigation of alleged Communist infiltration on defense plants.

The meeting will mark its first official session with McCarthy as chairman since the subcommittee voted last spring to investigate the McCarthy Army case. He expected all transportation policies and problems.

Embassy 'Pushing' For Yanks' Release

FRANKFURT, Germany.—The U. S. Embassy in Prague said today it is "pushing" for release of American soldiers seized by Czech Communist border guards July 4.

"We keep pushing for their release," an embassy spokesman said by telephone, "and anything is possible. We are hoping something might happen this week."

"So far, we haven't heard a thing. We have no idea where they are."

Tuna fish weighing 200 pounds and Marlin weighing more than 1,000 pounds have been caught off the American coast by the National Geographic Society.

BETTY ROBERTS, 3, stands close to her grandmother, Mrs. Harry Rosenberg in Miami, Fla., as police search separately for the sex maniac who kidnaped, raped and strangled Betty's sister, Judith Ann 7. Betty last detectives to a nearby street where she said two men, supposed to be gardeners, stopped and talked to the little girl 17 hours before Judith was taken from her bed.

Central U. S. Being Baked By Heat Wave

THE ASSOCIATED PRESS

The biggest heat wave so far this summer baked central sections of the nation today with little real relief in sight.

At least eight deaths were attributed to the heat.

The mercury soared to an unofficial 121 degrees in Pittsburg, Kans., yesterday and plus-100-degree readings were common from the Rockies eastward to the Great Lakes.

Local water shortages developed in some communities from the heat and lack of rainfall, but no widespread crop damage has developed yet.

In Kansas City, where the temperature reached 109, so many people turned on their air conditioners that power lines became overloaded. The Kansas City Power and Light Co. said power use hit an all-time high last night.

Midwest City, an Oklahoma City suburb of 20,000, ran out of water as 107-degree heat led to record consumption. Officials said shortages will occur daily as long as the heat continues.

Tuesday's high heat records were set yesterday.

Columbia, Mo., 113; Springfield, Mo., 108; Rapid City, S.D., 109; Dallas, Tex., 110.3; Oklahoma City, 107; and Casper, Wyo., 104.

The temperature reached 93 or above in all states except a strip along the Atlantic coast from the Carolinas to New England and in the northwest over Washington.

Local water shortages developed in some communities from the heat and lack of rainfall, but no widespread crop damage has developed yet.

In Kansas City, where the temperature reached 109, so many people turned on their air conditioners that power lines became overloaded. The Kansas City Power and Light Co. said power use hit an all-time high last night.

Strolling In Sanford

Don't forget about the Cardinal-Longwood baseball game here tonight at 8 o'clock. The Cards beat the Central Florida League-leading Pinecastle High Flyers Sunday, giving them a 9-9 record for the season.

POCKETFULL OF DOG—Mrs. Kay Shumaker came into The Herald office yesterday with this little pooch in her slacks pocket. The dog's name is "Fossil."

Did you ever know there was a newspaper in this area called The Enterprise Herald? Well, The Herald has a photostatic copy of the front page of this paper, which was dubbed "The County Paper of Volusia County." It is dated Nov. 10, 1933. More about it will be told later in this column.

Rhee To Make Official Visit

SEOUL—President Syngman Rhee will fly to the United States next week on an official state visit to discuss the future of his war-battered, divided nation the U.S. Embassy announced today.

A highly informed source said the 78-year-old President and his wife probably would depart Monday.

U.S. Ambassador Ellis O. Briggs will leave for Washington Saturday to assist in preparations for Rhee's visit.

Rhee received an invitation several weeks ago from President Eisenhower and Secretary of State Dulles to discuss steps made necessary by failure of the Geneva conference to unify North and South Korea.

The fiery old President is expected to seek:

1. Substantial U.S. financial aid in the buildup of South Korea's 20 division army and possible creation of a million-man reserve force.

2. A bigger voice for South Korea in the disposition of U.S. economic aid funds being used to rebuild and rehabilitate the country.

3. A larger role for South Korea in the disposal of U.S. economic aid funds being used to rebuild and rehabilitate the country.

4. A larger role for South Korea in the disposal of U.S. economic aid funds being used to rebuild and rehabilitate the country.

5. A larger role for South Korea in the disposal of U.S. economic aid funds being used to rebuild and rehabilitate the country.

6. A larger role for South Korea in the disposal of U.S. economic aid funds being used to rebuild and rehabilitate the country.

7. A larger role for South Korea in the disposal of U.S. economic aid funds being used to rebuild and rehabilitate the country.

8. A larger role for South Korea in the disposal of U.S. economic aid funds being used to rebuild and rehabilitate the country.

9. A larger role for South Korea in the disposal of U.S. economic aid funds being used to rebuild and rehabilitate the country.

10. A larger role for South Korea in the disposal of U.S. economic aid funds being used to rebuild and rehabilitate the country.

Churchill, Attlee Clash In Red China Debate

Ex-Prime Minister Critical Of Dulles; Favors Seating Commie Nation In UN

LONDON (AP)—Prime Minister Churchill clashed bitterly with Clement Attlee, former Labor Prime Minister, today in a House of Commons debate over the seating of Communist China in the United Nations.

Attlee started off by accusing Secretary of State Dulles of "playing right into the hands of the Communists" by failing to return to the Geneva conference. He said it is "wrong, unwise and contrary to the principles of the United Nations" to bar Red China from that organization.

Churchill replied that an effort now to force Red China into the U.N. would be regarded in the United States as an "unjustified act of unfriendliness."

Churchill accused Attlee of making "one long whine of criticism against the United States and of course advancing the implications, if not the virtues, of Communist China."

Churchill emphasized that Red China was still technically at war with the United Nations and was "stimulating the war in Indo-China."

With law out, Churchill went on to warn:

"I am sure to choose such a moment as this to try to force the entry of Communist China into the United Nations would be to complicate altogether the very grave affairs we have to deal with in so many other spheres and would be regarded as most harsh and uncalled for act of unfriendliness by the mighty people of the United States, to whom we owe much and from whom we govern-ment ever received more than the Labor government."

Attlee, interrupting, said he never suggested that "at this moment this could be done."

"I am glad to hear that," retorted Churchill, "because it would, in any case be difficult to deal with the matter at this very moment."

Churchill said Monday that he felt Red China should eventually get into the U.N.—but declared the Communists must first give genuine evidence of good faith.

Churchill drew cheers from the Conservative side of the House by declaring "It was only a little while ago that Mr. Attlee joined the United States in repelling Communist aggression."

Attlee was Prime Minister when the Korean War broke out and backed the U.N. intervention. He also was Prime Minister when Britain recognized Peking in 1950.

Before Churchill spoke Attlee told the house:

"I can perfectly understand the American fear of militant communism and possible Chinese aggression throughout Asia, but I think it is worth while looking at this from the other point of view. There is the Chinese point of view. Here you have a revolutionary government which is undoubtedly supported by the mass of the people."

PARSONS, Kan. (AP)—The Rev. Julius Busse, 67, a Catholic priest who once said he considered it a privilege to die of cancer, died last night.

His death at Mercy Hospital ended months of suffering from abdominal cancer.

Fr. Busse attracted attention last January when he said death is a thing "to be desired, not feared."

"It is a journey from earth to heaven, and who would say the change is not for the better?" he said.

His disease was discovered in 1952 when he visited Mercy Hospital in preparation for a trip to Osaka, Japan, where he was going to found a Passionist monastery.

Subsequently he underwent four operations.

After the last operation, in the fall of 1950, he was told his case was incurable. Last January, his doctors said death was near.

"I consider it a privilege to die of cancer," the priest said at the time, "with cancer you have time to prepare for death."

INJURED FATALLY—Mr. and Mrs. James Hailton of Fort Lauderdale, both 61, were injured fatally in an automobile crash here yesterday.

The crash occurred on U.S. Highway 1, near the intersection of U.S. Highway 1 and U.S. Highway 1A, at 10:30 p.m. yesterday.

The car was driven by Mrs. Hailton. The car was traveling south on U.S. Highway 1, and was struck by a car traveling north on U.S. Highway 1A.

Epidemic Declared In City

Fort Lauderdale Health Dept. Declared Epidemic Area

FORT LAUDERDALE (AP)—The State Board of Health today declared the northwest section of Fort Lauderdale a polio epidemic area and rushed in 10,000 cubic centimeters of gamma globulin.

Dr. Paul Hughes, county health director, said he would begin giving shots to all pregnant women in the area and to children up to 15 years of age starting at 8 p.m. tomorrow.

Hughes pointed out that an area is considered epidemic when more than 30 cases per 100,000 population are reported in one week.

He said that in the northwest section, with a population of about 10,000, a total of 20 cases had been reported in the past month.

The number of polio cases in the county reached 64 yesterday and Dr. Hughes said he hoped "the peak of the outbreak may have been reached."

Last year 77 cases were reported.

Girl Scouts To Give Water Ballet Friday

About 45 girls in Girl Scouts will present a water ballet Friday at 7:30 p.m. at the municipal pool, according to Mrs. E. D. Scott, executive instructor and president of the Girl Scout Council.

The show is under the direction of Mrs. Scott, Mrs. Leslie B. Clark, Mrs. E. Smith, Mrs. E. M. Albright and Mrs. Fred Hobbs, troop leaders and swimming instructors. All except Mrs. Scott and Mrs. Hobbs are Navy wives.

The show will be open to the public and no admission will be charged. The pool will not be open for general swimming until the program is finished. Sound equipment is being furnished by Dick Allen.

Red Cross certificates and Girl Scout merit badges will be presented to girls who have been participating in the Scout swimming program.

An average of 40 girls have taken part in the program's activities each year, according to Mrs. Scott.

Orioles' Decision Is Delayed

A decision by Arthur Ehlers, general manager, concerning the spring training site for the Orioles, concerning the American League team in 1955, will be made in about a week, it was learned today from Warren Knowles, City Manager.

Ehlers' selection lies between Ft. Lauderdale and Orlando. A move is underway by local sports enthusiasts to sway his choice by flooding him with telegrams which indicate our interest in having his team train here next year.

Almost 50 messages were delivered to him at his Baltimore headquarters this morning.

The Chamber of Commerce is urging this method of showing that Sanford fans are interested in the Orioles and suggest that those who are in accord with the proposition indicate to Ehlers by telegram.

"There are several details yet to be worked out, but we are in favor of his club's training here, it probably will be helpful," Knowles said.

Project Begins Today In Park

Work on water and sewer project in Melton Park and early indication given contractors Bumpy an Simpson cause to fear trouble with the underground conditions.

Monday, a shorted street Warren Knowles, City Manager said the trouble isn't too serious but a delay may result in no progress due to the underground conditions.

The City Manager also told that main extensions for project No. 2 have arrived in town, and E. H. Holcombe, Clearwater contractor, will begin work on that project Monday.

Firemen Answer Two Minor Calls

Fire department action has been limited to two calls this week chief Mack Cleveland said today.

A slight blaze developed in the neon sign at the Colonial Service Station, 15th St. and French Ave. Sunday afternoon but damage was negligible. A shorted wire caused little damage in a dwelling at 507 E. Eighth St. when firemen answered an early morning call.

Ike Says Farm, Tax Programs Would Be Helpful To Nation

Heat Wave Goes Toward Atlantic; 17 Known Victims

By THE ASSOCIATED PRESS

The season's most extensive and most severe heat wave has moved eastward to the Atlantic today while a cold front from the north began moving into the Midwest.

Widespread relief was in sight for southern sections of the country, where seven consecutive days of plus 100-degree heat have taken a toll of crop and poultry losses.

Heat waves in some parts at least 27 across the country and more records topped yesterday as the sweeter belt stretched from southern Texas and South Dakota eastward.

Oklahoma counted 5 heat victims, Colorado 4, Illinois 2, Missouri 2, Nebraska 1, Louisiana 1 and Pennsylvania 1.

The heat wave was centered in southeastern Kansas and northern Oklahoma.

The day's highest official reading was 114, reached at Ponca city, Okla., and Emporia and Council Bluffs.

The day's lowest official reading was 64, reached at Ponca city, Okla., and Emporia and Council Bluffs.

Wife Tells Story About Her Love For 'Other Man'

ALLAGAN, Mich. (AP)—Mrs. Edith Small's story of love for a man admitted to an affair with her husband, Dr. Kenneth D. Small, of Detroit.

Dr. Small, 41, is charged with first degree murder in the slaying May 29 of Mrs. Lark, 40-year-old New York school teacher.

Police said Mrs. Small admitted to a weak summer romance with Alagan and blamed it on a pistol bullet at the time she was in love with Lark.

But she frankly admitted to a love affair with Lark during the vacation last winter, after her husband had declined to go with her to Palm Harbor where she met her husband's former secretary.

Dr. Small began drinking after the heat here and on one occasion beat her by striking her about the "other man."

Defense Counsel Leo Hoffman asked her to state in her own words what she had in mind when she shot her husband.

"I was in love with Lark at that time," she said.

"I was in love with Lark at that time," she said.

Comments On Death Of Bill

Smith To Go To Geneva

WASHINGTON (AP)—President Eisenhower nudged Congress today for quick passage of his tax and farm programs.

He said the tax program would help the economy expand and create more jobs and his farm proposals would benefit the entire country and this prove to be the best kind of politics.

Eisenhower also told a news conference that the House members who killed his health insurance program simply don't understand the facts of life.

The American people lost, he said, when the House rejected the program 238-134 yesterday.

And, Eisenhower said, he will carry on the fight for such a program as long as he is in office.

In the field of foreign affairs, Eisenhower said, he expected to announce something shortly on the American-British-French talks in Paris on the Indochina question.

In Paris, a communique from the foreign ministers of the three nations announced that Undersecretary of State Walter Bedell Smith will go to Geneva soon to represent the United States at the conference there on the Indochina situation.

Eisenhower said Dulles went to Paris early this week to see, among other things, if United States representation at the Geneva talks would be helpful rather than damaging in reaching an Indochina settlement.

He said Dulles' visit reflects a grave concern on the part of this country to keep a united front on fundamental principles with its chief allies, Britain and France.

The President also made a formal announcement that South Korean President Syngman Rhee's July 26 visit to the United States will be for the purpose of making further plans for "the attainment of a unified, free and independent Korea."

It was announced in Seoul earlier in the day that Rhee would visit Washington.

On other matters Eisenhower said:

1. He is not going to let his proposal of a limited strategic atom program for peaceful purposes if he can help it. This is the program he outlined before the United Nations last December. It calls for participation by the Russians as well as the United States. The President said he was sure British Prime Minister Churchill agreed with him. The plan should not be even if some people—meaning the Russians—will not go along with it. His meaning seemed to be that an atomic pool without the Soviet bloc is a possibility.

2. He thinks the Senate Agriculture Committee made a grave error in voting to raise the support price of butter from 75 to 85 percent of parity.

3. He is not going to let his proposal of a limited strategic atom program for peaceful purposes if he can help it. This is the program he outlined before the United Nations last December. Pilot Club Host To Delegates From Sanford To Girls State

The five girls who attended Girls State in Tallahassee, sponsored by various clubs, were guests of the Pilot Club at a picnic meeting held at the home of Mrs. M. L. Raborn Sr. on Monday night.

Miss Barbara Brown, Pilot Club sponsored delegate, introduced the other girls including the Misses Terrell Jean Nelson, Marianne Strickland, Colleen Engelbreton and Helen Alexander. They sang the official "Girls State Song."

Miss Alexander recounted their experiences on the way up to Tallahassee and told of the Boys State-Girls State dance given the evening of their arrival.

The Sunday morning picnic was given by Miss Engelbreton and Miss Strickland who said all of the Sanford girls participated in the picnic services and sang in the morning chorus on Sunday afternoon at the home of Ed Dandridge and Mrs. Doak S. Campbell.

Miss Brown explained the formation of the two parties and the picnic and speaker leading up to the primary and general election. An interesting account of a "mock trial" was given by Miss Alexander who said she had been selected to the offices of State officials.

Wrote to the Supreme Court building and the governor's home were given by Miss Engelbreton and Miss Strickland who said all of the Sanford girls participated in the picnic services and sang in the morning chorus on Sunday afternoon at the home of Ed Dandridge and Mrs. Doak S. Campbell.
