> If there is no penalty for selfish actions or those that disregard the rights of others, then
> what's to keep the same thing could be sooner than you think.

Without invading Spolski's sports realm, let's sympathize with the baseball fans of Jimmy Courier who had hoped to watch the erstwhile Oviedo pitcher last Saturday. He was supposed to be working against Rollins college. Instead he was working against an examination in Gainesville. But we'll bet he still "right in there pitching"for that good grade.

may be partitud for giving the exact years. For it was in 1912 that Juliette "Daisy" Low, found-all the Girl Scouts in the United States after be-ing implied by what Lord Baden-Powell had done in England with the Boy Scouts.

It is not at all unusual for our ladies to assert that they "misunderstool!." And it is to clear up any wrong assumption that the Girl Scouts are

principally "cookie purveyore" that some basic facts need to be stated.

The good deeds of the troops speak for themselves. These achievements stem from the basic purpose of girl scouting which is officially stated as: to "Inspire girls with the highest ideals of character, conduct and patriotism."

Reduce this to the many activities of the Girl factors and patriotism.

Secute this to the many activities of the Girl Secute at taking our youngsters in their formative years and striving to "enlarge character by practices, not m-realy by precepts" and an understanding of the Girl Scout purpose is possible.

Here in Sentord, our Girl Scouts function as a part of the Citrus Council of Girl Scouts.

There are deveted lessers, happy and active scorts and a year I showing P. A such troops in our city have doubled in the past three and one-half years, while the population been in South Seminole has produced a seven-fold growth of

No comment on Girl Scouts can fairly be made without reference to Mrs. Randall Chase of our city, for Mrs. Chase is a Girl Scout pioncer who is still lending her wisdom, experience

and ability to the movement.

Returning to the cookie theme, we would not down-grade the usefulness of this activity, nor the joy experienced when one (or more) of these happy, green-clad girls offers to let un buy the savory goodies.

But we would ask that the householder see

more than the girl and the cookie. For teamwork, personal achievement, and the soul-satisfying light of helping others shine from the

Buy the cookies, and in the buying give a deep thought to our Girl Scouts in Seminole County. Admittedly these are times that call for strength which can only come from character built on the basic principles which have made our nation great.

So, Happy Birthday, Girl Scouts of all ages, we salute you, we hall you and, above all, we cherish what you are and what you are doing!

Clark Holmes, Norm Lowther, Cordon Hartman and Tom Sawyer.

UNDER THE BLUE ENSIGN U. S. COAST GUARD AUXILIARY

GUARD:

Flotiis 41 has completed its Basic Qualification Course for respective members of the Coast Guard Auxiliary. The last session on March 4 dealt with medical self-belp. To this end an excellent guest speaker was Mr. D. W. Richmond, Safety Engineer with Florida Power, who gave concise instruction heart massage and mouth-to-mouth resuscitation. Such first aid knowledge is of extreme importance to any individual, and putting Mr. Richmond's technique to use when a dire emergency arises might well save a human life.

The next public course in booting safety and seams will begin on Monday, March 18 at 8:00 p.m. at the Civic Conter. Curtis Duneway and Erule Baumeister, aided by Sea Explorer Helloway, ron the Sundown Patrol on the 3rd.

The U.S. Coast Guard Auxiliary, whose revered blue ensign flies proudly from Alaska to the lovely islands of Hawaii, from the Bay of Fundy to the American Virgin Islands, had its be-

gisning in January of 1930. In that memorable year, when Flushing Meadow on Long Island was showing increasing animation with the creation of the World's Fair, and there were very evident signs of a global conflict impending, the U. S. Coast Guard saw the need, of assistance in coping with the problem of boating safety. Admiral Thomas Molloy, USCG, recalled the distinguished service rendered the nation by such civilian boating groups | 2. Paper Hangers as the U.S. Power Squadron during World War I. He was 3. Roofers

involved in the war that was already apace in Europe, the 5. Septic Tanks Coast Guard would have enough on its hands with its normal | 6. Storm Windows assignments without the trial of teaching safety to boatmen.

Then, as now, was the waterborne public sorely in need of coaching in seamanship and safety in boat handling.

The Auxiliary was formed, actually, as the Coast Guard Reserve on June 23, 1930 (53 Stat. 854) with the following

To promote efficiency in the operation of meterbeats and yachts. To fester a wider knowledge of and better compliance with the laws, rules and regulations governing the oper-

Guard Reserve. It is the only civilian boating organization in the country with such official recognition. It is a non-military group yet is an integral part of the regular Coast Guard. In addition to Admiral Molloy, another dedicated Coast Guard officer, Admiral Russell R. Waesche, worked unstitting-

ly to promote the Coast Guard Auxiliary.
