

At THE CHURCHES

**FIRST BAPTIST CHURCH**  
Park Avenue at Sixth Street  
W. P. Brooks, Jr., pastor  
Sundays, 9:45 A. M.  
Morning Worship, 10:30 A. M.  
Training Union, 6:45 P. M.  
Evening Worship, 8:00 P. M.  
Dr. C. H. Williams will speak at both the morning and evening services.

**CHRISTIAN & MISSIONARY ALLIANCE CHURCH**  
On Sanford-Orlando Highway  
Rev. Glenn E. Smith, Pastor  
10:00 A. M. Bible School, Mr. A. Wisnold, Supt.  
11:00 A. M. Morning Worship  
7:45 P. M. Evening Service.  
The pastor will speak at both Sunday Services, and the public is cordially invited to attend.

**BEARDALL AVENUE CHAPEL**  
Rev. Douglas E. Charles, Pastor  
8:00 P. M. Sunday School  
8:45 P. M. Worship Service  
Wednesday 8:00 P. M. Prayer Meeting.

**THE CHURCH OF GOD**  
Elm Avenue  
Rev. Joe C. Crews, Pastor  
Sunday School begins at 10:00 A. M. with Clyde C. Muse as Superintendent. We have classes for all ages with good teachers.

**HOLY CROSS CHURCH**  
Mark T. Carpenter, B. D., Rector  
7th Sunday after Trinity  
9:30 A. M. Holy Communion and sermon.  
The Rt. Rev. Charles H. Colman, retired Bishop of Puerto Rico, will minister. Holy Communion in the absence of the Rector.

**FIRST METHODIST CHURCH**  
Park Avenue at Fifth Street  
J. E. McKinley, Minister  
9:45 A. M. Church School for all ages.  
11:00 A. M. Morning Worship "On Final Ground." Solo: "The Lost Chord" by Mrs. Roby Laing.  
7:00 P. M. Youth Fellowship.  
8:00 P. M. Union Service at the Presbyterian Church. Sermon by Rev. Charles Thompson, superintendent of the Methodist Children's Home; Special Music by the Children's Home Chorus.

**SOUTHSIDE BAPTIST CHURCH**  
Laurie Avenue and Ninth Street  
Wilton Finch, Pastor  
Mildard Hunt,  
Director of Youth Activities  
SUNDAY  
8:00 A. M. Sunday School for all ages.  
11:00 A. M. Morning Worship. Message by the Pastor.  
7:00 P. M. Baptist Training Union for all ages.  
8:00 P. M. Evening Service. Song service and message by the Pastor.

**WEDNESDAY**  
8:00 P. M. Midweek Prayer Meeting.  
All young people are especially invited to attend the Training Union on Sunday evening. We are re-organizing and making new plans.

**SEVENTH DAY ADVENTIST CHURCH**  
Seventh Street and Elm Avenue  
Sabbath School 9:30 A. M. and Church services at 11:00 A. M. Saturday. Prayer meeting at 8:00 P. M. Wednesday.

**FIRST PRESBYTERIAN CHURCH**  
E. D. Browlee, D. D. Pastor  
Rev. Douglas E. Charles,  
Assistant Pastor  
9:45 A. M. Sunday School for all ages.  
11:00 A. M. Morning Worship Service. Sermon by Rev. Charles. 7:00 P. M. Junior and Senior Young People's Meeting.  
8:00 P. M. Union Worship at the Presbyterian Church Rev. Charles Thompson, Supt. of the Methodist Orphanage will preach and the children from the home will give special music.

**CONGREGATIONAL CHURCH**  
Park Avenue and Third Street  
John Bernard Ross, Minister  
Sunday School, 10:00 A. M.  
Morning Worship, 11:00 A. M.  
Subject: "Christ's Way With Men."

**Tax Veto**  
(Continued from Page One)  
tax cutting bill with the assertion it is still the "wrong kind of tax reduction" — at the "wrong time."

House leaders planned an immediate vote and confidently jured that the necessary two-thirds majority to override. But Republicans foresaw little hope of obtaining an overriding majority in the Senate. Failure of either House to override, they say, will kill any tax reduction for the current session of Congress.

Mr. Truman's veto message went to the House which originated the income tax slashing measure to become effective January 1. The first bill he vetoed was identical, except that it would have taken effect last July 1.

Since that veto, the President said, "there has been no lessening of the need to make substantial payments on the public debt."

Mr. Truman said that when the time comes to lessen the wartime tax burden it should be reduced "on a basis that is fair to low income groups as well as to high income groups."

Without specifying when he thought the time would be ripe for cutting taxes, the President asserted:

"I am unequivocally committed to the right kind of tax reduction at the right time."

The Republican bill trims taxes from 30 per cent in the lowest taxable incomes to 10.5 per cent on incomes over \$302,000. But Mr. Truman termed this measure "a premature and faulty tax reduction bill" which would inject into the tax system "inequities which would greatly increase the difficulty of making desirable revisions."

He added that the legislation is "at complete variance with the fundamental requirements of a good tax bill," and said he is "compelled" to veto it.

The President referred to international obligations as another reason for delaying the reduction of taxes. He said:

"Our responsibilities for international rehabilitation have an important bearing on our efforts to secure lasting peace."

The recent refusal of certain nations to join in common endeavors to establish conditions of stability increases the difficulty of our task."

The President said the bill represents not only "unsound fiscal policy" but would contribute "to inflationary pressures which we have made progress in combatting but have by no means overcome."

He continued:

"As I stated in the message on H. R. 1, (the first tax bill) there is no justification for tax reduction so long as price stability at local levels has not been secured and business employment and national income continue at peak levels."

Since his original veto, Mr. Truman said income payments to individuals have continued to rise and the general level of business activity is establishing new high records, while the number of civilians employed has also increased.

Asserting that total employment in June increased by 1,725,000 over May, bringing the total now employed to more than 60,000,000, "the highest in history," the President declared:

"There is still no convincing evidence that a recession is imminent."

"Tax reduction now would delay the readjustments of prices and wages necessary to maintain this high prosperity. It would lead to an even higher level of prices for consumer goods, which would increase the danger of a recession."

southern newspaper paid \$80 a ton for short-width newsprint which resulted in a paper with some pages only one and one-half columns wide.

The whole problem of the newsprint shortage despite some what higher production in Canada, the main world producer and this country's chief source of supply, now is being investigated by two committees of Congress. The Canadian Combines Investigation Commission has made a "confidential" report regarding an alleged "combine" in the newsprint industry in Canada.

**Peace Overture Made To Dutch By Indonesia**  
Offer To Raise Food Blockade Made By Premier Over Radio  
BATAVIA, Java, July 18, (AP) — Indonesian Premier Amir Sjaifoeddin said in a radio speech today the republic was prepared to halt all hostilities and friendly action provided the "Dutch show an eagerness to reach a peaceful solution too." The speech, broadcast over all Indonesian stations, offered also to lift the food blockade against cities occupied by the Dutch.

It came at a moment when Dutch-Indonesian negotiations appeared to have broken down over a proposed cease-fire order and police powers in a projected interim government. The Dutch had predicted armed hostilities would start this weekend because Sjaifoeddin had rejected all Dutch demands.

Reported clashes along the front lines complicated the tension. The Indonesian Navy asserted the Dutch had fired 210 shells into the village of Bandung, ten miles south of Bandung, inflicting heavy casualties over a three-hour period.

Another Republican report said Dutch and Indonesian troops fought yesterday at Blodjoug Malakka; near Bandung.

A Dutch communique said the Indonesians had committed "far more than" 121 troops violations in the last two weeks and had violated the peace accord more than 1,000 times since the Republicans issued their first cease-fire order Feb. 27. The Republican army charged yesterday the Dutch had violated the truce 300 times in June.

Deputy Premiers A. K. Gani and Setjowati of the Indonesian republic postponed their return from Batavia, the Dutch capital of Jogjakarta, while both sides anxiously awaited a decision from the Hague about whether the Netherlands would take up arms to solve the latest stalemate.

A military spokesman in the Hague said yesterday the Dutch had 98,000 well equipped troops on Java and Sumatra and 10,000 more on other East Indies islands. The Indonesian Republican army was reported to have 300,000 troops, not including guerrillas.

**Refugee Ship**  
(Continued from Page One)  
identified as the former American merchantman President Warfield — approached Haifa in custody of British destroyers.

Seizure of the refugee ship was disclosed in an official announcement by British authorities, who said that the boarding party had "encountered strong resistance" and that tear gas had been used by both sides in the battle.

The announcement said that damages had been suffered by both the intercepting naval vessels and by the refugee ship during the clash.

The steamer President Warfield, once carried thousands of vacationists between Baltimore and Norfolk, as queen of the old Bay Line fleet.

She participated in the Normandy invasion in 1944 and later turned up as a troopship plying the shallow Baine between Le Havre and Rouen.

She was mustered into war service in 1942, made an Atlantic crossing under her own power, and participated in pre-invasion amphibious maneuvers off Barnstaple and the North Devon coast of England.

The Warfield came back to the states battered and destined for the scrap heap, but the Weston Trading Company of New York bid for her \$50,000 at a surplus sale.

A later announcement said she had been bought by the Chinese-American Industrial Company of New York and would go into service as a Chinese river boat.

But she started for China by way of Marseille, France. Most of her cargo when she set out was life preservers and mess kits. There wasn't much doubt she really was headed for a job of running Jewish immigrants into Palestine.

**Washington Meet**  
(Continued from Page One)  
Sanford which are eager to maintain adequate airport facilities, but which have been handicapped in doing so because of inadequate income to defray the large expenses involved.

From inquiries that have been sent to the Chamber of Commerce, Mr. Higgins said he is confident that a great deal of the property at the airport can be filled with approved businesses whose rentals will go far toward offsetting expenses of the airport.

**Bonded Debt**  
(Continued from Page One)  
\$100,000 for real estate; \$100,000 for hospital (never built); \$75,000 for Parkway; \$100,000 for a swimming pool (not built); \$675,000 for sewers; \$100,000 for a fire station (not built); \$325,000 on the waterworks and \$182,000 on the gas plant.

The failure of the Seminole County Bank in 1927 accounted for a loss of more than \$1,000,000 of city money derived from bonds, including the funds for the new hospital, swimming pool, fire station, \$400,000 for the bulkhead and part of the sewer funds.

**UNION WORSHIP SERVICE**  
To Be Held In  
The Presbyterian Church  
Sunday Night, July 20 at 8:00 P. M.

**High Corn Prices Result In Smaller Supplies Of Meat**  
BY ALEXANDER R. GEORGE, WASHINGTON — Smaller meat supplies are in prospect for next year as a result of the high price of corn.

Government livestock experts also say that if consumer demand continues strong, meat prices are likely to be higher in 1938 because of the shortened supply.

High prices for corn tend to reduce the future meat supplies because many corn growers figure they can make more money by selling their corn than by feeding it to hogs and cattle. Farmers, particularly those in the corn belt, keep a sharp eye on the hog-corn price ratio.

The Technical Deadline  
This ratio means, generally speaking, that when the market price of 100 pounds of hogs is less than the price of 11.5 bushels of corn is the "signal" for less feeding of corn in normal times, when most hog-feeding farmers are efficient and experienced operators.

However, the big increase in the demand for meat during the war and postwar period brought a large number of inexperienced hog producers into the business. Many of these newcomers figure it pays to swap or reduce corn-feeding when the price of 100 pounds of hogs is less than the price of 13 bushels of corn.

A Department of Agriculture market observer recently estimated that 100 pounds of hogs were bringing in money equivalent to only 10.3 bushels of corn. Corn prices increased considerably after that computation was made.

Fall and Winter Prospects  
While prospective reduction in livestock feeding indicates smaller meat supplies next year, butcher shops probably will be heavily stocked in the coming fall and winter months. There has been a record slaughter of cattle and calves this year, and an increased output of pork is indicated for this summer and fall.

The Bureau of Agricultural Economics says this year's huge slaughter of cattle and calves will result in a sharp reduction in the number of those animals on farms. Cattle feeding in 1938 probably will be below the high rate of this year. As a result, says the bureau, beef and veal output is expected to be reduced next year.

However, food supply observers say that even if meat output is reduced as much as 18 pounds per person next year, it will not necessarily mean "a critical shortage" except possibly for those who do not have the money to buy meat.

The average consumer per person for the years 1935-1938 was 125.4 pounds, almost 28 pounds less per person than this year's estimated average of 153 pounds. This year's consumption is said to be the largest in 36 years.

**Newsprint Prices**  
(Continued from Page One)  
Some dealers call this free market — as contrasted with the contract market at \$91 — a "gray market."

One paper dealer is currently offering 500 tons of high-quality Swedish newsprint at \$240 a ton at Curacao, Netherlands West Indies. This is equivalent to about \$250 a ton delivered in New York.

Another source of supply for the high-priced free market is the duration of Canadian paper consigned to New York for re-export.

A typical transaction occurred several weeks ago, one paper dealer said, involving a shipment of newsprint to Shanghai from a Canadian mill through the port of New York. The exporter in New York learned that his Shanghai customer had gone bankrupt after the paper had arrived in New York, this dealer said. The paper eventually filtered into the free market.

Well-informed sources in the industry stated they knew of only one instance, involving about 25 tons of newsprint, in which a Canadian mill deliberately arranged with the New York agent to divert into the free market newsprint which was ultimately bound for re-export from New York.

A fair quantity of off-claim newsprint also has found its way to the high-priced market. Normally a publisher would not bother with such news but one

THE WEATHER Considerable cloudiness through Tuesday with scattered showers mostly during afternoon.

Truman Calls For Stronger Defense Against Inflation

Unprecedented Prosperity Cited But Inflationary Problems Outlined

WASHINGTON, July 21 (AP)— President Truman said today that the nation has surged to a pinnacle of "unprecedented prosperity," but must strengthen its defense against inflation.

In a special mid-year economic report to Congress, the Chief Executive declared that production now is running at a rate of \$225,000,000 a year far surpassing anything in history, and added:

"We can place the high production and the high employment that we have today on a firm foundation of continuing prosperity and peace."

But threaded through the 30,000 word document were four C-Corn, Coal, Construction and Commerce overseas, named by Mr. Truman as developments which mean that "inflationary problems may become stronger."

Terminating price reductions still necessary in many areas, the President said they must not be swamped in a wave of speculation caused by the forecast of a short corn crop or by a wave of new wage and price boosts pegged to John L. Lewis' coal contract settlement.

Mr. Truman said there are as yet no grounds for real alarm or for general speculative increases in food prices arising (Continued on Page Six)

Court Rules On Papers And Files Of F. D. Roosevelt

POUGHKEEPSIE, N. Y., July 21 (AP)— Dutchess County Surrogate Frederick S. Quintero ruled today that all papers and files of the late President Roosevelt are "a valid and effective gift to the United States government to be placed, maintained and preserved in the Franklin D. Roosevelt Library at Hyde Park."

Last Spring, when the Senate War Investigating Committee sought permission to go through the papers in search of information dealing with Navy purchases of Arabian oil, Fred W. Shipman, librarian, said "at such time as the Roosevelt papers are turned over to the government by court order, the United States architect would face no insurmountable problem in making the papers available to a Senate committee or any other government body for official use."

Earl K. Koons, an attorney for the Roosevelt estate, referring to the subpoena, said today: "No one knows whether the documents sought are among Mr. Roosevelt's papers. If they are they will be supplied to the committee as soon as possible. Every effort will be made to comply with the subpoena."

Two Pieces of Local Property Are Sold The Gulf Oil Company is planning considerable increase in the size of its filling station at Frank Avenue and First Street, and have purchased the Lula Miller property adjoining the station on First Street for this purpose.

The old home on the property will be moved to another site, according to W. K. Williams, realtor, who handled the transaction.

Mr. Williams also announced that W. E. Swain had sold his home at 216 West Nineteenth Street to Mr. and Mrs. T. H. Dixon who came to Sanford several months ago from Waycross, Ga. Mr. Dixon is an employee of the Atlantic Coast Line Railroad.

5,000,000 Reds In U. S. Are Said Pushing 3rd Party

House Passes Measure Outlawing Poll Tax Requirement

WASHINGTON, July 21 (AP)— An estimate that there are about 5,000,000 Communists or sympathizers in the United States—all pushing for a coalition of Leftists, was given the House Committee on Un-American Activities today by Walter S. Steele of Washington.

Steele was the first of 14 witnesses scheduled as the committee began a week of public hearings on Communist activities. He testified as chairman of the National Security Committee of the American coalition of patriotic, civic and fraternal societies. The coalition is an organization of 84 societies promoting patriotism, Steele said. He gave this breakdown of Communists and their sympathizers in this country:

- 1. Upwards of 100,000 card-carrying members of the Communist Party.
2. Another 100,000 candidates for party membership.
3. Approximately 4,800 members of Communist front organizations.

As for their political activity, Steele asserted: "They are now pushing for a coalition of Leftists with the expectation of forming a major third party."

Steele called the front organizations "far more dangerous" than the party. He explained: "The leaders are published as authors, professors, scientists and professional men. Ever increasing numbers are joining them. All are gradually veering to the party line through the pulling of the strings of the tireless workers among those forces who have party affiliations."

Steele said he submitted to the War Department two months ago a list of 2,000 Army officers or men who are members of the Communist Party in front-line legislation to outlaw the poll tax as a requirement for voting (Continued on Page Six)

Motorcyclist Hurt In Highway Wreck

Condition of Roy Clyde Kitchins, 28 year old Ocoee mechanic, whose motorcycle was wrecked shortly after 2 o'clock Sunday afternoon when he attempted at high rate of speed to pass an automobile on the Orlando road at "Death Valley," is today reported as serious at Fernald-Laughton-Memorial Hospital, and x-rays are being taken to determine possible concussion, according to State Highway Patrolman L. C. Bender, who investigated the accident.

Both Kitchens and his wife, Myrtle Kitchens were taken to the hospital by Charles Luke, manager of the Mather Furniture Store and a witness to the accident. Mr. Kitchens who was treated for cuts and bruises, was released from the hospital last evening.

The accident took place about 150 feet south of the well which is south of the Big Tree road. The motorcycle, a Harley Davidson, 37 model, collided with the left rear fender of the 1941 Chrysler Sedan driven north on the highway by Josephine Minsy, 36 year old Orlando negress. According to Patrolman Bender, the motorcycle was dragged about 150 feet.

RECORD FLIGHT MANILA, July 21, (AP)— A Northwest Airlines stratospherer arrived here today, completing the company's first commercial flight from the United States via the North Pacific route.

FIRE A carelessly thrown cigar resulted in a fire that set a porch on fire Saturday afternoon at 810½ Laurel Avenue. Damage was small according to Fire Chief M. N. Cleveland.

H. W. SCHRODER DIES Herman W. Schroder died this morning at 3:15 o'clock at his home in Lake Monroe. Funeral services will be announced later by the Erickson Funeral Home, in charge of arrangements.

Orlandoan Fined On Out-Of-Season Hunting Charge

Ray A. Hollenbeck of Orlando was arrested last Monday near Chuluota on a charge of hunting out of season after he had killed two turkeys on the preceding day. The turkey he shot in turn County Judge R. W. Ware and fined \$100 and costs.

Six Man Jury In Papy Case Is Agreed On

Judge Directs Jurors Be Kept Together And Cut Off From News Publications

TALLAHASSEE, Fla., July 21 (AP)— A six man trial jury was seated today after two and a half hours of examination to try former Representative Bernie C. Papy of Key West on charges of bribing fellow House members.

As soon as the jury was sworn in, the court recessed until 2:30 P. M. Odham and Rep. Clarence M. Camp of Ocala accused Papy of offering bribes to help defeat a bill prohibiting telephone and telegraph companies from giving their service to race bet bookmakers. They are the State's principal witnesses.

During selection of the jury, Papy sat calmly at the defense table, surrounded by six lawyers. He also asked them whether they would lean "to the slightest degree" toward the prosecution if Papy were not called to the stand to testify in his own defense. All replied they would not let that influence them.

Three state employees among the prospective jurors were excused, either by the prosecution or the defense. Judge W. May Walker excused two men when they said they had preconceived ideas about the charges.

Before court recessed for lunch, Judge Walker directed that the jurors be kept together through the trial and that they be kept off from access to magazines and newspapers until a verdict is reached.

The action was taken at the suggestion of the State Attorney.

No Action Taken To Lower Auction Fee By City Body

The City Commission declined to act Friday evening on a measure proposed by Commissioner Andrew Caraway at the request of George Austin of the House Furniture Company that the license fee for auction sales be reduced from \$100 a day to \$20 a day. The motion died for lack of a second. City Manager H. N. Sayer said today.

Ned Smith, owner of the Sanford Furniture Company, and Jack Ragan, manager of the Seminole County Motors, Inc., appeared before the Commission and opposed reduction of the fee for auction.

Until Oct. 1, 1944, this fee was \$10 a day, said Mr. Sayer, and at that time was increased to the present \$100 rate. He declared that Mr. Austin had appeared at a meeting of the Commission on July 10, requested the reduction, and had pointed out that Orlando had reduced the rate from \$250 to \$50 a day. Mayor Gut, with the approval of the Commissioners, then directed City Attorney Fred Wilson to prepare an ordinance containing the proposed reduction to be submitted at the Friday meeting.

Commissioners Hishup and Leaver were absent from the Friday meeting. Tonight, the Commission will meet to consider (Continued on Page Six)

Camp Winona Activities Highlighted By Treasure Hunt And Stunt Night

By BOBBY PARKS Camp Scribble Wednesday and Thursday were busy days at Camp Winona with the many activities going full blast.

Hitting off to a slow start because of weather, is going full blast now with daily prizes being awarded to the boy who makes the highest score. "Squirrel" Bowen won a rifleman's hand-book for the highest score Thursday of a 43 out of a possible 50.

Many of the boys went with Mr. Morris for an interesting 2 1/2 mile trip around the lake. On the hike the boys visited many points of interest around Winona and the outing was a huge success.

Some of the boys tangled with a hornet's nest at an old slaughter house. Thursday night was stunt night with each cabin entertaining the rest of the camp with an original stunt. The stunts were judged by the number of boys in it, its originality and the acting. Cabin 1, under direction of Danny Callahan won first place with a skit of an operation.

Gromyko Hits Balkan Inquiry

SOVIET DELEGATE Andrei A. Gromyko (left) is shown as he spoke on the Greek situation before the United Nations Council at Lake Success, N. Y. He said that the Soviet Union "cannot agree" to the U. S. proposal for the establishment of a semi-permanent frontier commission in the Balkans. He left members of the Council in the dark as to whether he would veto the American resolution or merely abstain. Seated at right is Sir Alexander Cadogan of Great Britain. (International)

Aiken Reports His Experience On Talent Show

The most noticeable thing about New York City to a country boy visiting the city for the first time is the lack of sunshine, Dick Aikin, who recently won the Arthur Godfrey talent scout program, told his fellow Rotarians at their regular weekly luncheon. Mr. Aikin added that after he caught cold, he spent a good deal of time looking around New York for some little corner where he could get in the sun.

Another unforgettable impression, Mr. Aikin stated, was the speed of the subways and the jam they produce during the rush hour. He told of taking his first subway ride on an overnight trip to Orange, N. J., where he visited some friends and said that he never will forget the funny sensation in his ears as he went under the Hudson River.

Mr. Aikin recounted his experience in connection with when he was in the city for a contest to make the arrangements.

John V. Martin, Former Deputy Sheriff, Dies

John Vivian Martin, 69, died Saturday morning at 8:00 o'clock at his home on South Sanford Avenue. He had made his home in Sanford for 23 years.

Formerly with the Sheriff's office, Mr. Martin was born June 17, 1878 in Decatur, Iowa.

In addition to the widow, Mrs. Anna Martin, other survivors include three sons, Warren W. Martin, Pelican Rapids, Minn.; John V. Martin, Jr., and William R. Martin, Sanford; one grandson, Carroll Martin, Pelican Rapids, Minn.; two brothers, Chris Martin of East Anglin and Lorn Martin of Pennsylvania.

Funeral services will be held at the Erickson Funeral Home at 4:00 P. M. Tuesday and interment will take place in Evergreen Cemetery. The Rev. Glenn E. Smith and Rev. J. W. Austin will officiate. Members of the Elk Club will have charge of the graveside services.

Senora Peron Will Not Visit Britain

LONDON, July 21 (AP)— A British Foreign Office spokesman told a news conference today that Senora Eva Peron, wife of the Argentine president, had definitely called her plans for a visit to England.

"The Argentine ministry of foreign affairs," the spokesman said, "has informed the British Embassy in Buenos Aires that Senora Peron will not be visiting England during her present European tour."

The spokesman's announcement came less than 10 days after he had disclosed that Queen Elizabeth had "initiated" she would be glad to receive Senora Peron if she came to Britain.

Trade unions here had signified their intention to demonstrate against Senora Peron if she visited Britain and had referred to her as "a fascist ambassador."

Dutch Forces Attack Indonesian Republic By Land, Sea And Air

Rebels Forced Into Yugoslavia By Greek Troops

UN Commission Plans To Visit Area Of Initial Invasion

ATHENS, July 21 (AP)— Press dispatches reported today that guerrilla bands had attacked two points in northern Greece near the Yugoslav border, and that in each case they withdrew after a battle to the Yugoslav territory.

Greek troops pursued harassing action against Leftist forces in the mountains near the frontier of Albania, Yugoslavia's western neighbor, after repelling the offensive against Koinits last week.

Dispatches today from Salonika said 400 guerrillas had attacked Mougas, 25 miles north of Salonika, at dawn yesterday but were repelled by Greek commandos who killed 10 before the remaining guerrillas fled across the Yugoslav border two miles away.

Other dispatches said 300 guerrillas raided a police station at Mesohori, about two miles south of the Yugoslav border, and 41 miles northwest of Florina, where Greek authorities said they have feared a possible "invasion." Simultaneously a band armed with heavy machineguns and mortars was reported to have attacked the nearby village of Mesokambos, setting fire to nine houses, despite strong opposition by armed peasants.

One newspaper account declared the attack supported by machinegun fire from the 80th Yugoslav frontier post.

Meanwhile, the United Nations submission investigating Greek border disorders announced that it planned to visit Koinits to inspect the area where guerrilla forces launched their first (Continued on Page Six)

Curfew Restrains 90,000 Additional Jews In Palestine

Repercussions Feared On Deporting Refugees To France

JERUSALEM, July 21 (AP)— A dusk-to-dawn curfew was ordered today for 90,000 Jerusalem Jews, bringing to 155,000 the number of Jews under curfew restrictions here, in Haifa and in the Natanya area. The action followed a new outbreak of violence which left three dead and 23 wounded in 48 hours.

The British Army was ordered to lock in the Jewish quarters here from 7:00 P. M. to 5:00 A. M. daily "until further notice."

Some 50,000 Jews in Haifa already were under a similar curfew. About 15,000 at Natanya have been under martial law for a week as a result of the kidnapping of two British army sergeants.

Fear of repercussions for the deportation from Haifa of 4,500 or more uncertified Jewish refugees of the Exodus of 1947 was reported to be the reason for the extended curfew.

In London, authoritative Whitehall informants said that the Jews without visas seized Friday aboard the refugee ship were being shipped back to France in a "new and tougher" approach to the handling of such blockade runners.

However, the British foreign and colonial office spokesmen refused to comment.

The informants said the Jews returned to France presumably would be accommodated in displaced persons' camps.

Britain has been in touch with "certain" European countries on the whole question of Jewish immigration to the Holy Land, they said, and arrangements have been made with at least Italy and France to halt the flow of European Jews without immigration certificates by returning them to their embarkation ports.

This course has been advocated by the Arab leadership of Palestine.

Florida Pilots Club To Be Formed Here

Formation of a Central Florida Pilots Club was announced today by Roy Browning, airport manager, following the successful completion of the breakfast flight initiated by the Sanford School of Aviation Sunday morning. The purpose of the new organization is to encourage the use of the airplane in Central Florida and any flier with a student pilot's certificate is eligible to join.

Sunday's breakfast flight came off as scheduled. Mr. Browning stated, with 8 planes and 17 pilots leaving the Sanford airport at 8:15 A. M. They arrived at New Smyrna at 8:35 A. M. and were driven to the beach in cars furnished by Bill Wright and Windsor Rowley, operators of the New Smyrna Aero Service. Later breakfast was served at the Airport Grill.

Among those participating, besides Mr. Browning were Walter Krohne, Jr., C. B. Gunn, Howard Shroyck, Oliver Bjoblom, Merrill Tindale, Charles Baker, Julian Simmons, Roy Nixon, Ted Jackson, Gene Boyer and Larry Hackett.

The committee named rising living costs for its decision yesterday to move money from "Big Four," signs of the first wage contract this year among the nation's major producers.

Republic's President Appeals For UN Security Council To Take Up Issue

BATAVIA, Java, July 21 (AP)— President Soekarno said by radio tonight the Dutch were attacking his Indonesian Republic by land, air and sea. He appealed to the world to force the United Nations Security Council to take up the issue.

A Dutch communique said Dutch warplanes had attacked Republican airfields in Java and Sumatra because Indonesian fighter planes were ready for action.

The Dutch, declaring they would not attack either the civil population or non-military objectives, were attempting to immobilize harassing anti-aircraft guns at the fields and the Republican air force, believed to number about 40 obsolete Japanese planes, many in poor repair.

The Republican radio, over which Soekarno appealed, said Dutch artillery had opened fire south of Bandung, 100 miles southeast of Batavia. The report said two Dutch planes using rockets attacked Malaya, in west Java, and that other Dutch aircraft had started a Soekarta-Staden railway train.

Indonesian broadcast and other sources said the finely equipped Dutch army of about 150,000 men, using mostly U. S. Land Lease surplus military equipment, was striking simultaneously at numerous points.

Dr. H. J. Van Mook, acting Dutch governor general, called the skrimshaw "police action." Gen. Simon H. Spoor, Dutch commander, said in an order of the day that "our enemies are those elements which try to sabotage the sincere implementation of the agreements reached." (Continued on Page Six)

Company Honors Production Chief Upon Retirement

More than 100 employees of the Florida Power Corporation gathered Friday afternoon to honor retired production superintendent George E. Turner at the Benson Springs Power plant which was renamed the George E. Turner plant. A plaque in the hallway of the building inscribed with Mr. Turner's name, was unveiled by A. W. Higgins, president of the company.

Mr. Turner, who lives in Orlando, had charge of the construction of the Benson plant on the shores of Lake Monroe in 1926, was in the service of the company for more than 22 years, and has 44 years of experience in the industry.

He was presented with a 32 degree Masonic ring in token of appreciation, and Mrs. Turner received a corsage of red roses. W. J. Clapp, new production superintendent, served as master of ceremonies. A talk was given by Pres. Higgins, who highly praised Mr. Turner, as well as R. J. Allen, chief engineer of the company.

Following the ceremony, a fish fry and picnic was held on the plant grounds. There were many visitors of the company, formerly known as The Florida Public Service Company, from Winter Park, Deland and St. Petersburg.

Frank George Murphy Died Saturday A. M.

Frank George Murphy, a resident of Sanford for the last three years, died at the local Truett Camp where he resided, at 1:30 A. M. Saturday after a brief illness.

Born Apr. 20, 1875 in Emory, Ill., he deceased was a retired Railroad Track Supervisor.

Survivors include the widow, Mrs. Nella M. Murphy, Sanford; three daughters, Mrs. W. L. Maughan, Bartow, Mrs. W. A. Knight, Charleston, S. C., and Mrs. Harvey Hale, Sanford; three sons, K. M. Maughan, Sanford, W. H. Knight, Los Angeles, Calif., and J. E. Knight, Bloomington, Ind.; also 11 grandchildren and six great grandchildren.

Funeral services will be conducted at the Erickson Funeral Home Tuesday at 11:00 A. M. with the Rev. Douglas Charles officiating. Burial will be made in Evergreen Cemetery.

Published daily except Sunday and holidays. Entered as second-class matter October 27, 1937, at the Post Office at Sanford, Florida, under No. 1074.

The Lost Family Doctor

According to Arthur J. Snider, a writer on scientific subjects, the family doctor, like the early American Indian, is slowly vanishing.

A survey conducted by the United States Public Health Service shows that one in every ten physicians in a large midwestern city is a specialist in surgery, one in every twenty a specialist in internal medicine, and one in twenty a specialist in eye, ear, nose and throat diseases.

Some steps are being taken to make a career as a general practitioner more desirable. Legislation is being proposed in some states to supply scholarship funds for students who will return to small towns on completion of their courses.

The old-fashioned family doctor was a force for good in the community. His understanding of human nature rivaled that of the modern psychiatrist, and his knowledge of the workings of the body was acquired by a wide and varied experience added to his school and hospital work.

Medical students of today may well follow his example. Families really need this help. The new doctors, however, need to be more justly paid in money as well as gratitude.

Russia in Written Off

Three advantages result from Russian refusal to cooperate with the Western powers in any move toward a common front, says Hal O'Flaherty, an American correspondent in Europe.

1. The division of Europe gives the United States and Britain a free hand to proceed with the restoration of western democracy. Inevitable delays can be avoided.

2. The area to be given relief can be narrowed down and costs reduced.

3. The demonstration of Western ideals in Europe will have a more powerful effect on the nations immediately adjacent. One system or the other will prove to be right.

These three advantages will make things easier for the time being. But after the problems of occupation and reconstruction are solved or have worked themselves out, and Russia has had time to recoup her fortunes, the test will come.

Be Just a Little Bit Better

Does the salesman who earns \$20,000 a year have ten times as much sales ability as the salesman covering the same territory with the same line who earns \$2,000 a year?

Most men and women think there is a tremendous difference in ability and performance between the man who is just getting by and the man at the top.

Florida Markets Managers To Hold 2 Day Conference

JACKSONVILLE, July 21 (AP)—Four Florida market managers, several representing officials of the United States Department of Agriculture, and a number of Federal and State experts on various phases of production and marketing of agricultural products will meet in Jacksonville, Wednesday and Thursday of this week for the annual conference of Florida State Market Managers.

The official program, released today, revealed that the Florida system of State-operated markets is recognized nationally for its pioneering work.

Director William L. Wilson in outlining plans for the conference, said that recognition is based primarily on the fact that the program progressed along conservative lines and that we have progressed steadily.

The records show gains in overall volume of business handled, for every year since our initial sales in the Sanford Market in 1935.

The gross volume for the last fiscal year was more than six times as large as for the first fiscal year. That's a record which reflects credit on the conservative policy.

Commissioner Mayo has insisted upon from the beginning.

"I think the point should be emphasized, however, that growth of our markets is not the most important yardstick for measurement of their worth to Florida.

What that market should only be established where the facilities they should provide were either non-existent or inadequate.

This has meant therefore that facilities have been provided where they would give maximum service to people who needed that service.

To a large extent this policy has tended to build up agriculture in the general public mind.

"For this reason any expansion, however slight, must be regarded as serious. One thing has been determined. Taken in its early stages, Polo can be a very profitable business.

Every physician knows this, is on the alert to isolate, to treat, to fight this dread illness.

Consult your doctor if you feel you are becoming ill, or if you have any of the symptoms mentioned in this article.

Label Suit Against Newspaper Is Lost

TALLAHASSEE, July 21, (AP)—Operators of a night club cannot collect label damages from the Miami Herald for publication of a statement that a man was shot in their establishment, when actually he was shot just outside the Florida Supreme Court house.

The decision, by Justice Roy Chapman, affirmed a District Circuit Court order sustaining the Herald's demurrer to a suit brought by operators of the Diagon.

The suit was filed in the District Circuit Court in Tallahassee.

The operators of the night club sought to collect damages from the Miami Herald for publication of a statement that a man was shot in their establishment.

The court said the statement was not defamatory because it was true.

# Celery Feds Win 2 and Drop 2 Contests Over Weekend

### Lake Hurls 19 Inning 1 To 0 Shutout Over Red Hats; Orlando Senses Here Tomorrow

**By ARTHUR BECKWITH, JR., Herald Sports Editor.**  
The last morning Sanford Celery Feds copped two hits and dropped two games over the weekend to continue to play 600 ball.  
Friday night at the local ballpark the Celerymen triumphed over the Red Hats, 6 to 1, as Manager Bill Steinbeck used four batters in an attempt to win the 14 hit barrage of the Feds. Johnny Tomat and Charlie Bissas were on the hill for the Celerymen, while Jim Schaefer, Ralph Peck, Viet Alonzo and Ben Harbin took for the University City nine.  
Saturday night the outstanding contest of many years' contention in the Florida State League was played in Sanford, and it was a second tilt of the two attractions.  
The Red Hats nipped the Feds in the opening tilt of the 26 frame evening by a 4 to 2 margin, but Buddy Lake, the iron arm of the Sanford Celery Feds, turned in a magnificent 19 inning 1 to 0 victory over the Hats in which he pitched a four hit shutout over the right field wall of Central Park in Sanford to decide the tie and the Celerymen played with Viet Alonzo.  
Lake played the first game, a seven inning contest, at third base and returned to pitch in the second game. All in all Lake played 26 innings of baseball for the Feds.  
Another outstanding feat of the two contests was Don Ford's standing play behind the plate. Ford caught all 26 innings and played every out of the game.  
Empire Kerry Davis and Eddie Reed each have the right to place features in their July 21st edition of the Sanford Herald. The two contests were the games of the week and were not obtained due to the dispute of an umpire's decision. This is a controversial one since the contest in the Florida State League, and in nothing short of a miracle, the Feds in the highly competitive Florida State League, and in nothing short of a miracle, the Feds in the highly competitive Florida State League, and in nothing short of a miracle, the Feds in the highly competitive Florida State League.

### To Be Honored Tomorrow

Buddy Lake, Sanford baseball star, will be honored tomorrow night by the Sanford fans for his excellent play against the Red Hats in the University City Saturday night for his 1 to 0 victory over the Celerymen in a 19 inning battle.

Truman's Message

Continued From Page One
from the forecast of a corn harvest 20 percent below last year's.

1. Full publicity as to the true farm outlook, perhaps including a campaign for "strict economy" in the use of some foods.

2. Quick planning for conservation, through export controls and possibly by renewing the government's recently imposed power to control the amount of grain used by distillers and other processors.

Mr. Truman renewed his plea of ten days ago that coal, steel and other industries, forgo immediate price increases until they test the real costs of the wage boost won by Lewis' miners.

Stability in steel prices would be a wise economic policy for this industry as well as for the country," the President declared.

whereas increases based on guesses and an "exaggerated interpretation" could "start another price-wage spiral" in motion.

Construction and especially housing remains in some respects "our domestic problem. No. 1," Mr. Truman said.

The general health of the economy so far has concealed the dangers in high building costs and lagging construction, he said.

"But it is none too early to be concerned about a possible relapse of housing into its previous state of chronic ill-health and instability."

As for foreign commerce, exports have skyrocketed to an annual rate of \$2,700,000,000, creating "some strain" of shortages at home.

The American military governor, in a report to Washington, where a British-American conference on boosting Ruhr coal production has been scheduled for this week, said the lack of coal and electric power was having a particular effect on the chemical and newsprint industries.

Clay said the U. S. zone had sent 2,550 new miners into the Ruhr region and hoped to boost that number to 50,000, but added that the program was handicapped by a housing shortage.

The report stated that absenteeism among factory workers, foraging in the countryside for food, was another reason for the setback in production.

Clay said the U. S. zone had sent 2,550 new miners into the Ruhr region and hoped to boost that number to 50,000, but added that the program was handicapped by a housing shortage.

NEW YORK (UPI) Mrs. Thomas (Julia Donahue) Higgins (above) was arrested in Belgium on a charge of smuggling nylon.

General Bradley To Visit Europe On 6 Week Tour

NEW YORK, July 21 (AP)—Omar Nelson Bradley, the "doughboy's general," is going back over there.

In a period of mounting tension in the Balkans, America's most experienced field commander is being sent to Europe and the Mediterranean soon for a six-week inspection of what is left of those regions of the Army he once called the greatest in history.

This brief leave from his duties as Veterans' Administrator is believed a preliminary to his taking over the key chief-of-staff post in the American Army upon the retirement next year of General Dwight Eisenhower, his wartime boss.

It will be the first return in two years for Bradley to the scenes of his victories, and he will find the situation greatly changed. What lies ahead of him on the road back?

He left Europe, with four great Allies—United States, Britain, Russia and France—still celebrating the unity of a wartime triumph. He will find Europe now an area of squarrels in which no two allies agree on what shall be done with the slowly reviving foe.

He will find there neither war nor peace—for the peace isn't yet written with the main enemy—but only a twilight compromise, under which ultimate decisions have been postponed from week to week and month to month.

He will find the sureties of the battlefield, where nations and man unite in common fear, replaced by the uncertainties of the diplomatic table, where they often drift apart in mutual distrust or under the tug of separate greed.

He will find that the superb, combat-trained, million-man American Army he led has dwindled to 200,000 men or fewer, an army containing many teen-age youngsters who never saw action, an Army that suffers from the evils that have afflicted all occupation armies from pre-Roman times—venereal disease, black marketing and the softening influence of intermingling with foreign civilians in a foreign culture.

He will find in this remnant American Army at least one unit that can strike with wartime precision and power—the mobile combat force built up by his old lieutenant, Maj. General "Eynis" (Old Gravel Voice) Harmon, tank battle veteran of Sicily, Italy, France, Belgium, Holland and Germany.

Bradley undoubtedly will gather information that will be reflected in future American military planning. There would be no other real purpose in his going. But along his journey, also, will be many mileposts of memory he helped make famous in the second World War—Hill 609 in Tunisia, Troina in Sicily, St. Lo in Normandy, the Ardennes in Belgium, the Siegfried Line and the Rhine in Germany.

But he probably won't get to visit the River Elbe area, where he linked up with the Russians to end the war and swapped the Soviet commander a jeep for a riding horse as a victory souvenir. Only Red troops patrol the Elbe these days.

The Soviet military leaders know Bradley's record too well to underestimate him. But he will certainly be a puzzle to the German people. Accustomed to the showy, barking goose-stepping officiousness of Prussian militarists, they will find it hard to understand this tall school teacher-looking man with the kindly face who has always maintained perfect discipline without ever raising his voice.

Rep. Jerry Collins of Saratoga, who was one of the leaders in the fight to oust Pappy from the House after his indictment, was in the courthouse but did not immediately come into the courtroom.

Pappy was accompanied by his teen-age son, B. C. Papy, Jr., who sat in the courtroom audience.

Twenty-one of the 92 prospective jurors were excused or were absent because they could not be located. State and defense counsel started examining the veniremen.

The State was represented by State Attorney Orion C. Parker, Jr., and Phil O'Connell.

Papy's attorneys of record were identified in the courtroom as former state senator Pat Whitaker of Tampa, J. Lewis Hall and Weldon G. Starry of Tallahassee and G. A. Worley of Miami, former Dade county state attorney. Also on the defense counsel table were J. Launcelot Lester and Monroe county attorney Paul Sawyer, both of Key West.

Indonesia Attacked

(Continued From Page One) to hinder the restoration of law and establishment of security for all men of good will in this country and to obstruct the rehabilitation and reconstruction of Indonesia.

The shooting came after months of haggling over implementation of the Cheribon agreement, promising the wealthy Dutch East Indies independence under the Netherlands crown as "the United States of Indonesia."

The Dutch closed down the Indonesian News Agency Antara and started military censorship, light now but nonetheless real. The Dutch army announced that newsmen would be rationed to 50 words daily if they wished to send telegraphic dispatches from forward areas.

Van Mook announced last night that censorship would be confined strictly to military matters which immediately concerned the Indonesian forces. He said there would be no political censorship and that Republican newspapers would be permitted to continue to operate.

Indonesian Deputy Premier A. K. Gani—guarded by by armed Dutch soldiers—asked in an interview that the consuls of Britain, the United States and other foreign powers assemble to hear an Indonesian protest against the alleged commencement of hostilities by the Dutch.

Premier Amir Sjarifoedja broadcast an appeal from his ancient, hill-war.

Palestine Curfew

(Continued From Page One) been sent to detention camps on Cyprus.

This generally was supposed to have been the destination of the deportation ships Ocean Vigor, Runnymede Park and Empire Royal when they sailed from Haifa with the Exodus of 1947 immigrants Saturday morning.

The fact the Haifa-Cyprus run is only a 16-hour voyage, however, combined with the fact that there was no official announcement later Saturday of the arrival at Haifa, created tension among Jews in Palestine.

A Jewish agency spokesman in Jerusalem said today the "mystery" of the case was "a cause for new disquiet and concern and can only serve to deepen the anguish and resentment of Palestine Jewry."

A British colonial office spokesman said the Cyprus camps certainly were not full. He said probably about 10,000 Jews were in the camps, but many more could be accommodated. (Jewish sources in Palestine have estimated the number held on Cyprus at 15,000.)

The Whitehall informants suggested that this could mean that any Jews seized by the British on the Palestine coast would continue to be sent to Cyprus if no arrangements had been made with the particular European country from which they sailed for the return of such immigrants.

The return of the Jews without visas, the informants said,

Commission Meet

(Continued From Page One) unfinished business, Mr. Sayer announced.

It was agreed Friday to grant to the Forbes and Doyle contracting firm of Connecticut an option for purchase of City owned lots in the Magnolia Heights section for building 50 five room homes of the pre-fabricated type, each having an area of approximately 1,000 square feet.

The project is awaiting PHA approval, said Mr. Sayer. Each home will occupy 1 1/2 lots.

Another request for city lots was presented by Claude Whidden, representing interests not named. The action was tabled until Commissioners can be present to consider it, Mr. Sayer, again announced.

The Commission voted to again meet on Aug. 4 as a Tax Equalization Board at which time they will hold a public hearing in regard to a proposed raise of 10 percent in City tax valuation for 1947.

A hearing was also set for the first week in August to consider revoking the license of a beer garden operated at 801 West Ninth Street by J. D. Carlton. A petition of residents in that vicinity was read in which the place was described as a public nuisance.

Request of the Silver Fleet Cab Company to increase rates was considered and the company was asked to submit further data as would cause future immigrants to "think twice" before boarding the crowded blockade runners.

Greek Fight

(Continued From Page One) big attack against government forces eight days ago.

A government military leader told the subcommittee the guerrillas at Konitsa wore Albanian uniforms and launched the offensive to set up a free government at Konitsa.

Government circles, meanwhile expressed surprise that the guerrillas who were routed last week by loyalist forces in northwestern Greece had not proclaimed the area a "Communist free state."

"We cannot understand the delay," a foreign ministry spokesman said. "We have been expecting it any day. The only reason probably is because the Communists have not been able to induce non-Communist Leftists to participate in such a government."

"We have information," he said, "that a number of respectable Leftists have been contacted, but they declined. The Communists want to camouflage the operation behind some respectable name."

New Zealand occupies 103,700 square miles.

success on the Arthur Dorey program from his first victory in March on the Orlando talent scout show to his use of Kate Smith's dressing room where he found a chaise lounge chair big enough to accommodate him in the Radio City Music Hall. This Music Hall, he said, is the largest in the world, but more impressive than that, he added, are its wonderful acoustics.

The most unfortunate part of his trip, he explained, was the cold he contracted after taking a hot shower just before spending three hours rehearsing in an air conditioned room. As a result of this cold, he spent most of the next two days after the Godfrey program in bed trying to get ready for the Chesterfield program on Monday. However, he had not entirely recovered from his cold by the time he returned home at the end of that week.

Mr. Alkin played a recording of the song "Glimmie Mix" as sung by him on the Godfrey program and also the final test including a few verses from each of the contestants. Sanford people in the audience that night, he said, were Mr. and Mrs. Frank Shames, Mrs. MacNeill and Mrs. Tom Boy.

Visitors at today's luncheon were W. H. Rappard and John Payne of Orlando and Rev. Douglas Charles of Sanford.

PLANE CRASH

BUENOS AIRES, July 21 (AP)—An Argentine army transport plane crashed today near the El Palomas military airport and first official reports said 36 persons were killed.

The plane, named in honor of George Washington, is a genus of the palm family, native to southern California and Arizona.

The waltz, introduced from Germany into France and England 1818, got its name from a waltz, was ridiculed at first.

Among the newest and oddest electrical devices is a flashlight that peers around corners—the bulb is mounted in the end of a flexible metal tube.

## Papy Defense Move To Bar Testimony Of Brailey Odham Denied

Representative Allowed To Relate  
Conversation Involving  
Bribery

TALLAHASSEE, July 22 (AP)—Circuit Judge W. May Walker today denied a defense motion which would have cut the ground completely away from the state's bribery charge against former Rep. Bernie C. Papy of Key West.

He declined to bar testimony of Rep. Brailey Odham of Sanford that Papy had offered him cash and whiskey to help defeat a bill denying telegraph service to race bet bookmakers.

Odham's testimony was given while the jury was excluded from the courtroom pending Judge Walker's ruling on the point. The Sanford legislator prepared to repeat it before the jurors, admitted after the ruling was made.

State Attorney Oton C. Parker, Jr., said that an order ruling out testimony involving conversations between legislators in and around the House chamber automatically would mean a directed verdict of acquittal "because we have no other evidence."

Defense attorneys Weldon G. Stary of Tallahassee and Pat Whitaker of Tampa contended such testimony should not be admitted under a 259-year-old English common law of absolute immunity of judicial and legislative proceedings.

Whitaker said the bribery charges should have been disposed of by the Legislature and "it isn't good government for the court to strike down an independent branch and set itself up as a law unto itself."

Sanford's bid for erection here of a Florida American Legion headquarters and memorial building was personally presented by Joel S. Field, Sanford postmaster and member of the Campbell-Lossing Post 53 selectin committee to the Special Headquarters Selection Committee headed by Col. Tom Cooley of Mt. Dora which met at the Hotel Mayflower, Jacksonville Saturday afternoon in connection with the Department summer conference.

Mr. Field informed members of the Post last evening at their supper meeting at the Legion Hut of this submission, and revealed that of the four cities which submitted offers, Tallahassee, which was represented by Post Comdr. Walter Rotunda, was the only other Florida city to submit a bid for the site. Henry Wolcott presided at the Post meeting.

The 10 member committee in Jacksonville, at whose meeting State Commander Frank Cason was present, met Nov. 11 as the deadline for other cities to make offers possible bids for the project, Mr. Field announced.

After Nov. 1, he said, Chairman Cooley will call a meeting within the next 10 days to decide on the three best bids and (Continued on Page 51)

**Drug Store Observes  
23rd Anniversary**

O. Lang, pharmacist, has operated his drug store at its present site for the past 23 years, he revealed today. With Mrs. Lang he came here from Birmingham, Ala. and on July 22, 1924 opened the store on First Street in the White Building.

Before moving to Birmingham, Mr. Lang operated a drug store in Enterprise, Ala. for 11 years. The Langs home is at 1913 Sanford Avenue.

### CORRECTION

The Herald regrets an error made in the obituary of Frank George Murphy which appeared in Monday's issue. The survivors include three sons, K. M. Murphy of Sanford, W. H. Murphy of Los Angeles, Calif., and J. R. Murphy of Birmingham, Ind. Mr. Murphy died in a local hospital Saturday morning after a brief illness.

**Official Gives  
Eyewitness Story  
Of Burma Slaying**

SINGLE GUNMAN KILLED  
NATION'S LEADERS  
AT COUNCIL TABLE

RANGOON, Burma, July 22 (AP)—Finance Minister U. Mya, a survivor of the assassination Saturday in which seven of top Burmese leaders were slain, said today a lone gunman invaded the ministerial council chamber and calmly perpetrated the crime.

Thakin Nu, successor to the murdered U Aung San as deputy chairman of the government's executive council, said Aung San remained two months earlier that a "terrorist murder plot" was being readied but discredited the reports. He said the de facto leader of the Burma government did not believe anyone in the country would plot against his life.

U Saw, former premier whom the British ousted and jailed on charges of collaboration with the Japanese, and 19 assistants were placed under arrest soon after the assassinations.

Speaking to a new conference U Mya gave this first eye witness account of the murders: "One lone gunman advanced silently without striking upon the council table and aimed steadily at Aung San. Within a few feet of the table, he halted. Then he opened fire, swung the gun leftward and continued firing at those seated on the left of Aung San."

"As Aung San fell and the gunman turned his attention to the others further from me, I seized the opportunity to escape. I leaped for the doorway, pulled down the bolt and ran from the room."

"There was no guard at the door. The executive council so far has never been guarded. The only police at the secretariat that (Continued on Page 51)

**Return Of War Dead  
Gets Underway Soon**

PARIS, July 22 (AP)—The return of U. S. World War II dead from European graves will get underway July 28, at Henri Chapelle Cemetery near Liege, Belgium, the American Graves Registration Commission announced today.

The Henri Chapelle Cemetery is the second largest in the European area, and 17,319 Americans are buried there. It was established by the 1st Army in September, 1944. Many of its dead fell in the battles for Aachen and in the Ardennes campaign.

"Only those dead whose next of kin have elected to have their remains brought back to the homeland will be returned," the AGRC said.

The first shipment is scheduled to depart from Antwerp early in October.

**House Kills Tax On  
Jewelry Under \$25**

WASHINGTON, July 22 (AP)—The House voted today to cut the tax on jewelry from 25 percent to 10 percent. The bill also takes the 20 percent tax off jewelry selling for less than \$25 and exempts musical instruments purchased by religious or educational institutions.

To become law, the bill will also have to win approval by the Senate and President Truman.

**Red Satellites  
Receive Warning  
To Aid U.N. Plan**

PUNITIVE ACTION BY

THREATENED BY U. S.

LAKE SUCCESS, July 22 (AP)—The United States warned the Balkan states today that any refusal to cooperate with proposed border watch commission might bring punitive action by the United Nations Security Council.

The warning was voiced by Herschel V. Johnson, Deputy U. S. delegate, in reply to Soviet contentions that the council could do more than make recommendations under Chapter VI of the U. N. Charter under which the present case is being considered.

Johnson said the refusal of any country to cooperate with the proposed border commission would lay it open to much graver charges and action under another chapter of the charter. He presumably referred to Chapter VII, which provides for sanctions and military action.

Johnson said he accepted a French amendment to the preamble of the American resolution which would stipulate that continuation of the disturbed situation in the (Continued on Page 51)

**U. S. Hits Slow Pay  
Of Reds For Supplies**

WASHINGTON, July 22 (AP)—A new American protest to Moscow involving \$1,000,000 worth of oil machinery missing in Romania, getting Russia's hope today of clouded lend-lease refinery equipment from the United States.

Delivery of \$10,000,000 worth of post lend-lease supplies, much of it oil equipment, has been stopped by Congress because of Moscow's delay in settling the Soviet Union's wartime account.

Administration officials who have urged Congress to relax this stand lest it be interpreted abroad as an American disregard of contract pledges acknowledged that Russia's tactics in Romania might permanently bar the shipment despite Moscow's willingness to pay for the goods.

The State Department disclosed yesterday a formal note had been handed the Soviet foreign office, protesting Russia's failure to pay for 7,000 tons of oil equipment removed from Romania by Red army troops.

**U. S. Envoy To China  
Begins Conferences**

NANKING, July 22 (AP)—China's military situation came under close scrutiny today by an American presidential envoy on a fact-finding mission and by top Chinese generals who conferred with Chiang Kai-shek on coordination of operations in the war against Chinese Reds.

The American was Lieut. General Albert C. Wedemeyer, whose survey for President Truman, likely will determine U. S. policy toward China. He held informal conferences at the American Embassy soon after his arrival, and tomorrow he will talk with Chiang and other high government officials.

In a written statement, Wedemeyer said: "My mission is essentially one of fact-finding in which I am aided by a small group of men expert in several fields of economics, finance, engineering and political affairs. We are interested particularly in learning and seeing something of the efficacy of measures taken by the Chinese government looking toward Chinese recovery."

**All Official  
Reds In U. S.  
Called Spies**

SOVIET OPERATION IN  
AMERICA THROUGH  
PARTY REVEALED BY  
FORMER COMMUNIST

WASHINGTON, July 22 (AP)—Victor Kravchenko told Congress today that "every responsible representative of the Soviet government in the United States may be regarded as an economical or political spy."

Kravchenko, former official of the Soviet Purchasing Commission in New York, testified before the House Committee on Un-American Activities.

He said that Mr. Sedov, who was deputy chairman of the Purchasing Commission, actually was superior to the Russian ambassador from the Communist Party point of view.

Andrei Gromyko, now representing Russia in the United Nations, was ambassador at the time, Kravchenko said.

The one-time Russian army officer described Sedov as the "main personality representing the central committee on the Communist Party in the United States."

He said no decisions could be made without Sedov's participation, adding that when secret conferences were held at the purchasing commission, Sedov presided rather than the general who was head of the agency.

Kravchenko later broke with the Russian government, renounced Communism and told why in a book, "I Chose Freedom."

Robert E. Stripling, chief investigator for the committee asked Kravchenko for information on actual assignments to spy work made by the Communist Party in this country.

In general, the witness said, no person holding a position in connection with economic affairs arrives here from Russia "without a specific assignment with reference to collection of secret documents."

**Navy To Cut Forces  
By 1,000 Officers**

WASHINGTON, July 22 (AP)—The Navy announced today an immediate reduction of 1,000 officers because of budget cuts voted by Congress. The move will reduce the number of active officers from a present strength of 47,000 to 46,000.

Congress gave the Navy \$3,300,000,000 for its operations until July 1948, or approximately \$900,000,000 less than President Truman had asked. The Navy cut 1,000 officers from the active ranks, and 200 will revert to non-commissioned ranks, the announcement said.

**Dutch Troops' Landing On  
Java Gain First Objectives;  
Note To UN Outlines Policy**

NETHERLANDS STATES  
POLICE MEASURES  
COMPELLED BY  
REPUBLIC'S ACTIONS

LAKE SUCCESS, July 22 (AP)—The Netherlands government informed the United States that it had been compelled to "resort to police measures" against the Indonesian Republic because of continued "acts of violence."

At the same time, it was disclosed that the Indonesian government itself had sent a communication to the Security Council. The contents were not known, but the note was presumed to be an appeal for aid.

The Dutch note charged the Indonesians with "senseless destruction," with maintaining a food blockade, and with carrying on "hostile and inflammatory propaganda."

"The Netherlands as the state with whom the sovereignty of this territory rests and which consequently is ultimately responsible for maintaining law and order cannot allow these inimical actions to continue," the Netherlands government said.

"It has become patently clear that the present republican government is incapable of maintaining security, law and order in their territory while refusing to cooperate with the Netherlands government to create the necessary conditions for peace."

"In these circumstances the majority government has with the utmost reluctance been compelled to authorize the flight of Governor-General to resort to police measures of a strictly limited character."

**CAB Announces  
New Regulations  
For Air Safety**

WASHINGTON, July 22 (AP)—The Civil Aeronautics Board has given formal notice of proposed new rules to require radar clearance indicators in airplanes for a two-year experimental period beginning Jan. 1.

The board also announced a proposed new rule requiring increased clearances in flying over mountainous terrain during bad weather and the revival of a pre-war rule requiring the carrying of an automatic flight recorder.

The two new proposals grew from the board's continuing special air safety inquiry last year. The inquiry, which has been under discussion for some time, is an aid to enforcement of flight rules and investigation of accidents.

The flight recorder is a device placed in the rear of the plane to show its path through the air and also the effect of rough air on the plane. Use of the recorder was dropped in June, 1944, because of war-time materials shortages.

The radar absolute terrain proximity indicator will be used as a supplement to pressure type altimeters. One now on the market shows a light and blows a horn when the plane approaches within a specified distance of an obstruction. The board's proposed rule would require such a device in all scheduled airline planes flying at night or through overcast.

**Indonesian Revolt Seen As Sign  
Days Of Imperialism Are Fading**

By DEWITT MACKENZIE  
AP Foreign Affairs Analyst

There is no dark mystery about the "revolt" which has erupted again between the Indonesian Republic and the imperial Dutch forces. It is just another of many indications that the day of imperialism is fading.

To understand the cause of the current crisis we must go back a bit. The revolutionary Indonesian Republic has been the de facto government of the major portions of the archipelago of Java and Sumatra since the winter of 1945. Lengthy negotiations between the Dutch rebels (heavily punctuated by warfare) finally resulted in an agreement whereby a United States of Indonesia, encompassing both the republic and the remainder of the East Indies, would come into being in 1949.

This new nation was to have dominion status. Holland was to retain a hand in foreign relations, defense, finance and in subjects of an economical or cultural nature. The Queen of Holland also was to be Queen of the Dominion. Disagreement over the method of implementing the new government is credited with precipitating the latest upheaval.

However, I think we must go deeper than that. If we could look into the mind of the Indonesian Republic, we would find a severe five-hour engagement in the Pandang sector of Sumatra yesterday and other clashes on that island were reported by an Indonesian army communiqué. The bulletin also said that on Sunday, two Dutch warships off Masak on the extreme tip of Java were shelled by Indonesians. (Continued on Page 51)

**Auction Fee Cut  
To \$20 Per Day  
By Commission**

MINNEAPOLIS CLUB ASSURES  
CITY ON BALL  
PARK CONDITIONS

The City Commission last evening voted to reduce the license fee for holding auctions by Sanford merchants from \$100 to \$20 a day, with the amendment that a maximum of 15 days be allowed during the year to any firm to hold auctions. This action followed a statement of City Attorney Fred R. Wilson to the effect that in his opinion, a \$100 a day fee would be terred excessive by the courts.

The motion to reduce the fee was made by Commissioner Robert A. Williams. Mayor H. J. Gut presided over the meeting. Commissioners Andrew Caraway were present. Two commissioners were absent: George Bishop, due to illness, and Lea R. Lesler who is out of town.

The matter of reducing the fee was first presented to the Commission on July 10 by George Austin of the Thorpe Furniture Company. Mayor Gut then directed Attorney Wilson to draw up an ordinance reducing the fee from \$100 a day to \$20 a day. At the meeting last Friday, Commissioner Caraway moved that the ordinance be adopted, but the motion died for want of a second.

Following the opinion given by Attorney Wilson, the ordinance was passed on its first reading last evening. The reduction, said Mr. Sayer, applies to firms that have been in business two years or more. For firms that have not been here that length of time (Continued on Page 51)

**New Catcher Signed  
By Sanford Feds**

Bill Lewis, a 6 foot 198 pound backstop from Follansbee, W. Va. was signed by the Sanford Celery Feds today. It was announced by John Kridler, vice president of the Sanford Baseball Association.

Lewis has been playing for the Miami entry in the Florida International League and has been hitting .298 for Miami.

**Mission To Explain  
Republic's Position  
Planned By  
Former Premier**

BATAVIA, July 22 (AP)—Indonesian sources said today troops who stormed ashore on the north and east coasts of Java yesterday had been engaged in heavy fighting. The Dutch, reporting all objectives reached in operation, said resistance was "less than expected."

A Dutch army communiqué placed Dutch casualties yesterday at 150 dead and wounded.

President Soekarno of the Indonesian Republic announced that former Premier Sutan Sjahrir had left Java on a mission to explain the republic's position abroad. (Arriving in Singapore, Sjahrir said he would visit the United States, India and Australia on his mission.)

A Royal Netherlands navy communiqué said landing craft of the navy and warships disembarked troops at Banjawaung on the east coast of Java and at Paik Putih on the north coast. It was the first amphibious operation since the end of World War II.

A Dutch army communiqué said the troops gained initial objectives and made additional advances. A severe five-hour engagement in the Pandang sector of Sumatra yesterday and other clashes on that island were reported by an Indonesian army communiqué. The bulletin also said that on Sunday, two Dutch warships off Masak on the extreme tip of Java were shelled by Indonesians. (Continued on Page 51)

**Greece Reports  
Crete Uprising,  
Rebel Attacks**

ATHENS, July 22 (AP)—Civil strife erupted anew on the island of Crete today and sporadic guerrilla attacks were reported elsewhere in Greece, the government announced.

The Canea area of Crete, quiet for the past few weeks, was under a curfew ordered by the military government, Col. Frangoudakis, after a band of 20 men attacked a radio station just outside the capital. (This dispatch did not further identify the attackers.)

The authorities announced that guerrillas near Canea set fire to the village of Kamillia and blew a bridge in reprisal for the slaying by a Canea mob of two persons held in connection with the killing of a flight instructor.

In northwest Greece in the area east of Ioannina, two military planes were reported between government forces and remnants of Leftist Guerrilla units. One guerrilla unit, attempting to reach Agrafon, was reported under attack by government forces south of Grevenon. (Other minor clashes were said to have taken place on the southern slopes of the Grammos Mountains.)

The government announced that on Sunday Guerrilla forces lost 87 killed, 19 wounded and 17 captured.

North of Kilkis, a band coming down from the hills attacked and held a village near Sariza for three hours before armored cars and troops recaptured the community, military sources said.

Far to the east, virtually on the Turkish border at Orestias, military sources said Leftist Guerrillas were routed with losses of men and war supplies in a battle with an "Evros" (Rightist) unit.

**Schrader Funeral  
Planned Tomorrow**

Funeral services for Herman W. Schrader, 65, who died yesterday morning at his home, 1242 N. B. Road, will be held Wednesday afternoon at 4:00 o'clock at the Erickson Funeral Home. Interment will be in Evergreen Cemetery.

Mr. Schrader was born Oct. 26, 1881 in Reading, Iowa. He was a member of the First Methodist Church of Sanford. For the past year he operated a grocery store in Lake Monroe.

Survivors include the widow, five sons, Edward of Denver, Ia., Archie of Waterloo, Ia., George and Billy of Waverly, Ia., and Wendell of Streammore, Ill.; two daughters, Mrs. Glenn Staffler of Olympia, Wash. and Mrs. Ernest Wanson of Waverly, and one brother, William Schrader of Minneapolis, Minn.

### THE WEATHER

Partly cloudy tonight and Wednesday. Gentle variable winds.
