TALLAHASSEE (AP)-Republican Gov. Claude Kirk said today that results of the New Hampshire primary "show that President Johnson is losing the battle for the support of the American people." He said that the vote Tuesday showed that Johnson got what he termed "a vote of no confidence," falling to win even a majority of the votes of the Democrats voting in New Hampshire." "This vote of no confidence

firmly establishes the defeatibility of Lyndon Johnson. The can't win image now belongs to the man in the White House," Kirk said in a statement. Kirk said, "The two saddest Americans this morning are LBJ, who now wishes he didn't run, and Bobby Kennedy, who now wishes he did."

he logically assumed that two great issues deminated their thinking. One is the national malaise over the Vienam war. The other the lack of forceful, candid leadership by the administration in coping with the domestic challenge of crime in the streets and violence in the cities. What then is the part of the voter, the Sanford citizen who is not only aware of these na-tional crises but is willing to do his part? To us it is simple—yet complex; easy to define—hard

The second obligation is one which we applaud in our friends and neighbors, yet find it hard to apply to curselves: keep objective, appraise candidates on the basis of past performance and present deeds, not on rosy promises which are out of line with the record. If this sounds boring or different, don't be-lieve it! If we are headed into one of the most

critical, controversial, discordant and passion-dominated presidential elections in years, then we are also offered the opportunity to particithem now in these preliminary months before the main event. There is no doubt that all of our political strength, our political knowledge, our political judgment will be needed before the November election day dawns.

WHEN FIGURING INCOME TAX ...

Use your powers of deduction.

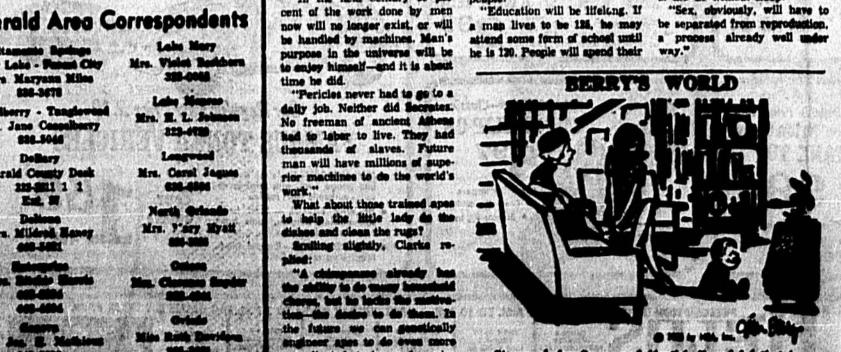

April 15th is coming up fast, so don't put off those tax computations. Hasty, last minute figuring can cost you money. Here's a hint or two to help you cut those taxes to the bone:

First-take advantage of every possible deduction. If you're not sure, consult a reliable tax guide, or a professional tax consultant. They can save you plenty.

Second-support free enterprise against the threat of government ownership. Federally maintained business and industry means higher taxes. The spirit of individual initiative was responsible for making America great . . . and it's our responsibility to keep it that way!

All the students are looking forward to the big graduation dance which is being planned for April 20 at the Sanford Civic Center. This dance has been originated to pay tribute to the first graduating members from Seminole JC. Our first graduating class will consist of nearly 150 students that will be receiving their Associate of Arts

At this time the schedule of buildings to be erected at SJC look something like this. Starting some time in the month of June the first permanent building which will be the language and history department will be started. This building will cost near the \$2.4 million mark and be one of the most modern buildings of its kind in the state. Other major construction projects will be strting all during the summer and it is hoped that the campus will be completed

Elections for SGA are also coming up in the near future. The SJC Circus is now planning its first show to be held near the last of April. The Circus suffered a crippling blow when their instructor Gene Rowell was injured when he fell from the high wire and broke his leg. Rowell's leg is still in a cast but he is now back at his instructing duties and the Circus is really shaping up.

Kathy and Kevin celebrate St. Patrick's Day . . . Kathy wears her green plaid dress, and Kevin his sweater with the emerald stripe. The hats are those we brought

They don't really know what the day is all about. But they heard Dan singing in the shower, "the wearin' o' the green," and saw the color of the tie he placed on

They don't miss a thing! That old saying that actions speak louder than words is certainly true around our children. They are regular little copycats. That's why Dan and I make it a habit to go to church every Sunday with them. We want God and His Church to be a real part of their lives, not just something they have heard about.

Give your children a chance to know Ged. Go to church and take them with
