## 'Texas Rangers' Moved; Could Start New Trend

By WILLIAM EWALD  
NEW YORK (UPI) — "Tales of the Texas Rangers," a giddyapper which ABC-TV shifted Monday night from an afternoon spot to prime evening time, could start a new trend in TV: The infant Western.

The infant Western, I should explain, is one step below the juvenile Western and two steps below the adult Western. The adult Western of course, is one in which all the horses are over 21.

"Tales of the Texas Rangers" is unblushingly nursery-oriented. On the basis of Monday night's entry, I would say its story line is primitive and its production and point of view cheerfully stone age. Its Indiana Jones night were all taken, but this was balanced by the fact that the lead actors were rotten, too.

The latest Nielsen ratings show seven Westerns in the top 10 and 10 Westerns in the top 16. The movement is prime time of "Tales of the Texas Rangers," a who-dunit of wailing manners, would seem to indicate programmers feel anything with a horse will go. They may be right, but it's a woeeful prospect to contemplate.

## Lake Mary News

By ETTIE JANE KEOGH  
Christmas parties were held by each grade of the Lake Mary Elementary school last Friday afternoon in gaily decorated rooms. A program for parents was held in the morning.

The church of the Nazarene presented a Christmas program Sunday evening. Unique was the fact that cast members composed of Sunday school classes, chose parts rather than receiving assigned parts.

Sunday school children of the Community Presbyterian church were featured in the program presented at the evening service hour, Sunday. The story of the little shepherd who didn't get to the Holy City was told in skit and song.

Later, Santa greeted each child in the audience and each received a stocking of candy.

Following the program and party, The Westminster Fellowship of the Upsala and Lake Mary churches caroled.

Sunday School Parties  
Mrs. Leffer, primary teacher in the Presbyterian first and second graders' class, entertained pupils at a party at the church, Monday morning. Each child was presented a gift and games played.

Birthday Party  
Keith Keogh was honored at a party celebrating his sixth birthday Monday morning. Guests included boys in his first grade class and his cousins.

The children played outdoor games, made place mats with Christmas designs and were served refreshments of Santa cake, apples and grape punch.

Carol Service  
Presbyterians will present a carol service Christmas Eve at 8. Rev. John Wiley invites invitation to the public to join the service of song and scripture.

Following the service, Mrs. Ty Dedman and Mr. and Mrs. Richard Keogh will serve refreshments in the Educational building honoring Mr. and Mrs. R. M. Hall and Mr. and Mrs. H. M. Gleason who will celebrate their wedding anniversaries.

The Channel Swim: NBC-TV will bury the nighttime version of "Tic Tac Dough" early next month and replace it with "Buckskin."

"Northwest Passage" will be shifted into the "Buckskin" slot and a new show, "Buddy Bregman's Music Shop" moved into the old "Northwest Passage" time period.

NBC-TV will repeat the Bob Hope Moscow show on Jan. 25, on Jan. 25 a new show, "Jackpot Bowling" will replace the NBC-TV Friday night fight. ABC-TV will resume its "Wisdom" series on Feb. 8 with anthropologist Margaret Mead.

Frank Sinatra will guest on Bing Crosby's next ABC-TV special on March 2. Harry Wood is stepping out as producer of the CBS-TV "Jimmy Dean Show" to produce the best film for a new CBS-TV musical half-hour, "A Song A Minute". ABC-TV is changing the title of its evening series, "A Day In Court" to "Accused."

The United Nations singers were booked into NBC-TV's "County Fair" Christmas Day.

# Wreck Hurts Navy Man

A Navy man is in serious condition at the Orlando Air Force Base Hospital following an accident last night on Orange road.

Owen Preston Jones, 31, suffered severe lacerations and a possible cerebral concussion when his head was pinned between the door cut off by the pressure of the car. He is being treated at the Naval Air Station, Sanford.

According to Sheriff's Deputy L. J. Kriz, Jones was traveling west on Orange at an approximate speed of 30 miles an hour. The posted speed is 25 miles per hour when he entered a curve just west of the Pinecrest Baptist Church and lost control of his car. The automobile rolled three times on one side of the road crossed to the other side and rolled once 21 yards in an easterly direction.

## 22 Persons Killed On Florida Roads

MIAMI (UPI)—A long Christmas weekend of too much speeding, drinking and not enough common sense on the highways resulted in the death toll in Florida soaring to 22 persons, according to a United Press International survey showed at least 22 persons died in traffic accidents during the four-day holiday period beginning 6 p.m. Wednesday and ending last midnight.

Three other persons died in fires and four were killed in miscellaneous accidents. Delayed reports were expected to push this figure even higher.

The Highway Patrol blamed many of the accidents on excessive speed and drinking, despite repeated warnings to motorists and maximum safety precautions by local and state road patrolmen.

Two-year-old Hazel Hackney of Naples apparently became the first drowning victim of the holiday period Sunday when she took off her shoes and went wading in a lake near her home.

A rash of traffic deaths Sunday kept Highway Patrolmen busy retabulating the fatality toll.

Pauline Beebecker, 39, of Fort Walton Beach was killed when her car plowed into a big gasoline tanker truck.

Thomas A. Jones, 16, of LaFayette, was fatally injured in an accident on State Road 23 north of Gainesville.

Mrs. Bessie Thomas, Fort Lauderdale, and George Robinson, Bayton, were killed in a wreck near West Palm Beach.

In earlier accidents over the weekend Carl E. Johnson, 31, Negro, was fatally injured when he was struck by a car in Miami. An unidentified Negro, about 60, was killed by a hit-and-run driver near Delray Beach.

## Frisky Lion Causes Pope John Concern

VATICAN CITY (UPI)—Pope John XXIII held a frisky lion cub named Dolly in his lap today when the circus came to town.

About 200 lion tamers, trapeze artists, clowns, roustabouts and members of their families were received by the pontiff in a mass audience for the circus, today.

A tamer placed Dolly, a 45-day-old cub born in a circus cage, on Pope John's lap. The cub was playful and the Pope was obviously nervous.

"Easy, easy," he laughed. "I'm accustomed to the lions of Venice—don't you see?"

The symbol of the city of Venice, where Pope John was patriarch before becoming pontiff, is a winged lion. He includes the symbol on his pontifical coat of arms.

One young artist of the circus, Graziella Venturi, brought out two white doves for the Pope to admire. The lights of the glittering chandelier hall went down and a spotlight came on.

The doves fluttered around their trainer to the accompaniment of a "don't you see" music from the circus musician. Pope John applauded with delight.

## Board Gets Ready For School Work

The Board of Public Instruction in Seminole County is paving the way for school improvements in 1950.

At present, bids are being advertised for the demolition of the existing Junior High School building on Palmetto Ave. The fence already has been torn down. The school was vacated last summer. Students now attend Pinecrest and St. Johns schools.

Bids also will be received until Jan. 13 for an Intercommunal system at Crooms Academy. The bids for both projects will be opened and read aloud at 10 a. m. The school board will hold an organizational meeting Jan. 10 to adopt a resolution for the sale of school bonds. After bids are opened Feb. 10, the board will be able to determine the approximate date when the money will be released for construction.

## Berlin Troops Get Defense Equipment

BERLIN (UPI)—The U. S. Army reinforced its garrison in Communist-ruled West Berlin by supplying it with new armored equipment, it was disclosed today.

The Army shipped in six M59 "armored personnel carriers," an Army spokesman said. The carriers are tank-like treads, are mounted machine guns. They carry 12 men each and are amphibious.

They are designed to carry combat-ready troops in places of action.

Equipment of the carriers here presents a considerable boost in the combat strength of West Berlin's 4,000 American troops.

The carriers were shipped in by truck three weeks ago over the 110-mile highway through East Germany's concrete-enclosed West Berlin with West German Soviet border guards passed the carriers without difficulty, the spokesman said.

The spokesman disclosed details of the shipment only when their appearance on training maneuvers in the city earned comment. He attempted to play down the shipment by asserting it had no connection with the Soviet demand that the U. S. British and French leave the city.

## Final Yule Note: Poor Man Is Rich

PORTO Portugal (UPI)—Carlos Lima Garcia, 25, a poor laborer, came home from Canada for Christmas and quickly became a rich man.

Garcia, who barely scraped enough money together to emigrate to Canada and considered himself lucky to save enough for a trip home, bought a state lottery ticket when he arrived. The ticket won and paid back his money. He re-invested the fund in the final draw of the year and won \$143,600 during the week end.

## Hook Snags Shirt, Angler Saved Boy

FLEETWOOD, England (UPI)—Fisherman James Stanfield, 52, saved 3-year-old Robert Reid from drowning Sunday by hooking the child's shirt with a 20-yard cast. Stanfield saw Robert fall into the water from an embankment upstream. As the boy floated by face down, Stanfield cast out with his fishing reel and snared the child's shirt. He reeled the boy in and administered artificial respiration until Robert regained consciousness.

## West Europe's Economy Throws Away 'Crutches'

LONDON (UPI)—West Europe today demonstrated its postwar economy recovery by putting into effect currency reforms that were likened to a sick man being able to throw away his crutches.

The British pound sterling and the currencies of 10 other West European nations became "externally convertible," or almost free currencies, when markets opened today. There was no major reaction, and the currencies remained firm, with no sign of panic buying.

The currency reforms meant that foreign firms which have huge sums tied up in pounds sterling or other European currencies may use them as they see fit and exchange them for U. S. and Canadian dollars. This was of particular importance to the United States and Canada, and first reaction was that trade should step up enormously.

Formerly foreign business firms holding large sums of pounds sterling were forced to trade only in sterling areas or face huge losses when they were converted into dollars. Britain hopes for full convertibility during 1950—freeing the use of pounds sterling for British purchases abroad.

In London, the pound sterling got off to a shaky start on the first day of money freedom. In 30 years, but there was no rush to buy gold or sell out paper currencies. Foreign exchange dealers said the pound was putting up a firm front to the world.

## Prefers One Role

HOLLYWOOD (UPI)—Robert Taylor is one actor who does not want to become an independent producer like Marlon Brando, Burt Lancaster and Kirk Douglas.

"I'm working in 'The Hangman' now at Paramount," he said. "The director and producer have all the headaches—I don't. Life's too short for me to try to kill myself trying to prove I'm a genius."

## Heavy Rains Pose Flood Threats To Virginia, Carolina

United Press International Heavy rain continued to soak the Carolinas and Virginia today, sending the New River over its banks and bringing the threat of minor floods along river valleys.

Weather forecasters said the New River was expected to climb about three feet above flood stage at Galax, Va. They said the rain would probably end later today but predicted possible further flooding at the Roanoke, Tar, Neuse and Cape Fear river basins.

In the nation's midsection an invasion of cold air was expected to chase a spell of springlike weather that saw the mercury rise to a record 61 degrees in Chicago Sunday. The previous high of 50 for the date was set in 1885.

An arctic air mass pushed into the nation's north-central section and surged southward through the Dakotas into Nebraska today. Temperatures tumbled an average of 20 degrees under the influence of the cold air, plunging to near zero early today in North Dakota and to the 20s in Nebraska.

The heavy rains that pelted the east narrowed to the Virginia and North Carolina during the night. More than 3 1/2 inches of rain doused Roanoke, Va., and nearly an inch fell at Richmond and Norfolk.

Dense fog developed in the midland over the Mississippi Valley and blanketed parts of Illinois, Kentucky and Indiana along the Ohio Valley. The fog was blamed for a rash of traffic accidents, including one which killed four persons near Greenup.

Light snow fell near the leading edge of the cold air in Minnesota and scattered drizzle occurred in Wisconsin and upper Michigan.

## Big Presses Roll In New York Again

NEW YORK (UPI)—The giant presses of nine major New York City dailies, stilled 20 days by the costlier strike in newspaper history, rolled once more today, sending forth sorely missed papers for a news-famished public.

Newspapers began hitting the streets this morning, a few hours after the Mail and Deliverers Union Sunday night voted 2,081,331 to accept a new two-year contract.

The reading public, which normally devours 3,500,000 weekdays newspapers, and 8 million on Sunday, eagerly snapped up the papers as they reached the newsstands. On all sides there were expressions of relief that the frustrating news blackout was over.

The two morning tabloids came out with pulsating headlines across their front pages.

"We're off and running again," the New York Daily News announced.

And the New York Mirror banded "Hello again!"

The prolonged strike had not only gotten on people's nerves but had dealt a hard blow to the city's economy. It cost the publishing business an estimated 23 million dollars in advertising and circulation revenue, and additional millions of dollars in losses to department stores, specialty shops, theaters, movies and other concerns.

## Influence Probers Split On Goldfine

WASHINGTON (UPI)—House influence investigators headed today toward a possible angry split over whether their final report should include any comment on the sensational Adams-Goldfine case.

The secret report—disclosed to United Press International last week—so far did not even mention former Presidential Assistant Sherman Adams and his relationship with multimillionaire Bernard Goldfine.

But several members of the subcommittee have made clear they would press for inclusion of at least some reference to the case.

Members gathered today for a closed two-day meeting called by Chairman Owen Harris (D Ark.) to give final approval to the report. They tentatively agreed on it earlier this month.

The tentative report—scheduled to be released in its final form next month—calls for:

A series of stiff new laws aimed at wiping out bribery attempts to influence the six federal regulatory agencies. The laws—providing jail sentences and civil sanctions—would aim at such acts as those involving congressional and executive department officials.

## 'New Idea' Slated In Effort To End Strike By Eastern

MIAMI (UPI)—A federal mediator disclosed today he will offer "some new ideas" to East German Air Lines and its striking flight engineers in hopes of ending a crippling five-week walkout.

Mediator Warren Lane said he was hopeful that his new settlement formula would be acceptable to both management and labor, but he refused to be optimistic about it or to give details of the plan.

"It could bring about a settlement," he said, "but then I've thought that we were about to come to an agreement several times during the talks only to run into a deadlock and I hesitate to say what the chances are for agreement on this."

Lane said he would put the idea before representatives of both sides in separate meetings today.

"We may know something more this afternoon, after the talks," he said.

## Repeat Performance

HOLLYWOOD (UPI)—Seems that old movie wardrobes never fade—they just are dyed for TV.

Kenan Wynne made this discovery recently at a dress rehearsal for the Alcoa Goodspeed Theater TV play, "Afternoon of the Beast." In the play, Wynne found a label with his name on it. Turned out the suit was the same one worn in a film called "Thrill of Brazil." That was 12 years ago.

## New Service Slated

MOBILE, Ala. (UPI)—Two new Cunard line freighters will begin making monthly calls to Gulf ports in January inaugurating new service between the United States and London.

## Hotels Labor Target

MIAMI BEACH (UPI)—The Hotel Employees Union says it will resume its battle early next year to unionize all hotel workers in Greater Miami.

## Drivers Become Careful, Holiday Record Averted

United Press International Homebound motorists apparently shocked by the early rate of traffic deaths, slowed down during the weekend to save the nation from posting a record Christmas holiday highway fatality toll.

The National Safety Council said the four-day toll which appeared headed for an all-time high at the start slackened off in the final two days.

## Reds Rattle Sabre On Berlin Blockade

BERLIN (UPI)—Moscow and the East German Communists rattled Soviet inter-continental rockets today with a new warning of war if the West refuses to bow to Communist demands to get out of Berlin.

"The Soviet Communist Party newspaper Pravda said that 'any provocation in West Berlin and attempted aggression against the German Democratic Republic (East Germany) may start a major war.'"

It added that in such a war Russia would have "the most up-to-date arms, including inter-continental rockets which are invulnerable carriers of powerful thermonuclear warheads."

The East German Communist newspaper Berliner Zeitung said the East would use the most modern weapons if the West tried to use tanks to break a new Berlin blockade. It also hinted the East German might interfere with Western Allied air and rail traffic in the city.

The new Communist threats failed to dim the defiance of West Berlin Mayor Willy Brandt, who praised the recent NATO foreign ministers' rejection of the Soviet proposal to make Berlin a free city.

## Pacifists To Post 'Ban Bomb' Bonds

SWAFFHAM, England (UPI)—Fourteen pacifists were ordered to post 10 pound (\$20) "good behavior" bonds today for taking part in a "ban the bomb" demonstration at a secret Thor missile base under construction here.

The 14 were among 45 members of the Direct Action Committee Against Nuclear War ordered to appear at the Swaffham court. All were charged with obstructing police who first ordered them carried their bodies from the guarded base north of London.

Under the court's order, the pacifists would have to forfeit their bonds unless they keep the peace for one year.

## Seminole Growing Faster Than State

Seminole County ranks among 16 Florida counties experiencing tremendous population gains in the eight years since the 1950 census.

The 16 counties had greater percentage gains than the state with increases ranging from 62 per cent in Manatee County to 264 per cent in Brevard. The state's population is up 60 per cent over 1950.

Provisional estimates released by the Bureau of Economic Research at the University of Florida show Seminole County up 11.7 per cent since 1950, when the population was 24,900.

Estimated population on July 1, 1958, in this, the smallest of Florida's 67 counties, was a whopping 46,200 persons. That's a lot of growing. Other counties showing gains more than the state population were Brevard, Broward, Charlotte, Collier, Dale, Indian River, Manatee, Martin, Okaloosa, Palm Beach, Pinellas, St. Lucie and Sarasota.

Seminole County reports show that per cent of building permits issued in 1958 were for residences. Commercial building has fallen behind the general state average.

Florida now ranks as the second fastest growing state in the nation exceeded only by Nevada.

## Radio Urges Army To Stop Fighting; Island May Be Cut

HAVANA (UPI)—Rebel forces driving across the central "waist-band" of Cuba in an attempt to cut the island republic in two broadcast appeals to government troops today to end the bitter fighting and join the rebel cause.

The rebels predicted victory on the central front within "a matter of hours."

A rebel radio station which said it was transmitting from the Escambray region in Las Villas province, issued a statement addressed to the Cuban army:

"Men of the Armed Forces—the end of the dictatorship is near. 'Soldiers—join the revolution.'"

Then, addressing President Fulgencio Batista, the station added: "Fulgencio Batista—you have been left alone with our murderers."

Rebel broadcasts intercepted in Havana said the insurgent forces were on the verge of complete control of the strategic central Cuban provinces of Las Villas despite heavy losses suffered during more than seven hours of attack by Cuban air force B-26 bombers.

The rebels also claimed capture of two towns and a sugar mill in Oriente Province, increasing their domination of the area surrounding the U.S. naval base at Guantanamo.

A series of rebel broadcasts heard on short-wave frequencies claimed rebel successes in central Cuba. One broadcast said the mountain city of Trinidad and Ciego de Avila on the south coast were totally surrounded by rebel forces and were expected to fall soon.

However, the rebels admitted that Cuban air force B-26 bombers inflicted "many casualties" on their forces in attacks near Sancti Spiritus, capital of Las Villas province, and at Jaitoaco, 86 miles to the southeast.

## Four Die Of Gas; Murder Is Hinted

EL PASO, Tex. (UPI)—Police hinted today that the deaths of four persons in the same house by a mysterious gas may have been cleverly planned murders.

Detective J. Al Hiler said he had not ruled out the possibility that the deaths were caused by an "engineered gas job."

The victims were Maj. Forrest Tilson, 41; his wife, Vivian, 39; and Henry Epley Jr., 17. Mrs. Tilson's brother, their bodies were found Sunday. H. H. Epley Sr., 60, Mrs. Tilson's father, died in the same house Friday.

Maj. and Mrs. Tilson came from Lawton, Okla., to attend the Elder Epley's funeral. His death was at first blamed on natural causes.

There were other theories that something about the adobe house may have caused the deaths. One theory was that something in the mop bucket used in the bedroom where the Tilsons and Epleys died may have created a poison gas.

Another theory was that a septic tank near the bedroom may have given off a toxic gas.

Autopsies were performed on all the bodies and the coroner expected to make his report today after another check at the house.

## Appointed To Board

NEW YORK (UPI)—Arthur F. Burns, chairman of President Eisenhower's Council of Economic Advisers from 1953 to 1956, has been named to the board of trustees of the Twentieth Century Fund.

## Weather

Partly cloudy and not much change in temperature today and tonight. High today 58 to 66, low tonight 50 to 55. Tuesday mostly cloudy, possibly some rain by night. Northwest and north winds 3 to 12 miles per hour today, becoming light and variable tonight.

# Janitor Held In Slaying Admits Unsolved Murder

**BUFFALO, N.Y. (UPI)—**A 33-year-old janitor charged with the Christmas Eve slaying of a young married woman, has admitted he took part in the unsolved murder of a Miami divorcee seven years ago, police disclosed today.

# Negroes Excluded From Big Parade

**MONTGOMERY, Ala. (UPI)—**Only white bands will march in the inaugural parade for Alabama's new governor next month. Ed Azar, chairman of inaugural ceremonies, said Gov. - elect John Patterson decided not to invite Negro bands because of his legal battles against the National Assn. for the Advancement of Colored People.

Negro bands have participated in the past. "Being the leader of the fight against the NAACP, a group which apparently is the leader of the colored people in this state, Patterson felt it would be embarrassing to ask them to participate," Azar said.

"The inauguration is a salute to the new governor, and Mr. Patterson just felt it would put the colored people in an embarrassing position. He had no desire to eliminate anybody."

The Tuskegee News, a Negro weekly, had reported that the band from famous Tuskegee Institute and musical groups from a number of state-supported schools had been dropped from the parade.

# Delivery Service Pamphlet Revised

The Post Office Department has revised its informational pamphlet entitled, "Rural Delivery Service." The material in the pamphlet has been widely used for many years in school instruction and as library information.

New statistics have been produced, showing that despite the increased number of "city people," more than 23,000,000 individuals are served on rural routes.

This is only one of the informative gems included in the new brochure. The pamphlet may be obtained by writing to "The Special Assistant to the Postmaster General, P. O. Department, Washington 25, D. C."

Sanford Postmaster Joel Field suggests that requests for the booklet will be serviced more promptly if accompanied by a self-addressed envelope, at least 5 1/2 inches by 8 1/2 inches in size.

# Plane Takes Flip, Pilot Is Unhurt

**MYRTLE BEACH, S.C. (UPI)—**A Daytona Beach man escaped without injury Sunday when his light plane was flipped over by a gust of wind while landing at Myrtle Beach Air Force Base, a William A. Faust, formerly of Myrtle Beach, was attempting to land the single engine Cessna when it was caught by the wind and turned over.

An Air Force spokesman said the plane suffered extensive damage.

# Wage Hike Gained By Many In Year

**WASHINGTON (UPI)—**About 85 per cent of American workers covered by collective bargaining contracts received wage increases this year, the Labor Department said today.

The raises averaged 12 cents an hour. They covered about 6,800,000 workers in all industries except construction, services, finance and government.

# Marine Instructor Goes On Trial For Fleecing Recruits

**PARRIS ISLAND, S.C. (UPI)—**Trial by general court-martial was scheduled today for a drill instructor charged with fleecing Marine recruits out of \$800 by forcing them to contribute \$10 each to a "sergeant's kitty."

S.Sgt. Ralph A. J. Grant of Racine, Wis., also was charged with mistreating recruits in his platoon.

Trial of Grant launched a new series of three general court-martials at this big recruit depot which was the scene of the "Death March" nearly three years ago. S.Sgt. Matthew C. McKee was reduced to private in that case for leading his platoon on a night march into a tidal creek in which six recruits drowned.

Scheduled for trial after Grant are Sgts. Willard R. Post of Augusta, Ga., and Ronald J. Heller of Milwaukee.

Charges against Post are identical to those against Grant, while Heller is charged only with assault and battery.

Charges against the three resulted from complaints made by six members of Ohio's "Steel Valley" platoon. They are now at Camp Lejeune, N.C., for advanced infantry training.

# Des Moines Probes Burning Of Cross

**DES MOINES, Iowa (UPI)—**The Des Moines Commission on Human Rights announced it will hold a special meeting in a day or two to investigate the burning of a cross on the lawn of a white minister who sold his home to a Negro couple.

The cross, formed by oil-soaked bales of hay, was burned Saturday night on the front lawn of the home of the Rev. Ian J. McCrea, minister of education at the University Christian Church here.

McCrea was out of town when the cross burned and his wife and three children were home alone. The McCrea plan to move to another section of the city Feb. 1.

The minister sold his home in the all-white neighborhood to Mr. and Mrs. Harold Carr, whose residence is to be torn down to make room for a freeway.

Malcolm Higgins, executive secretary of the rights commission, said he would call the special meeting in order to draft recommendations on the situation for the City Council.

He said an attempt was made to "buy off" the Carrs for \$1,000 several days ago at a meeting of residents of the neighborhood. The Carrs refused the offer, Higgins said.

# Shore Patrolmen To Aid Policemen

Cooperation of the Navy Security office has been praised by Police Chief Roy Williams, who has told City Commissioners that Shore Patrol personnel will accompany local police officers between the hours of 8 p. m. and 4 a. m.

A letter from Capt. Lionel Arthur, Naval Air Station commander, stated that a shore patrolman could not be permanently assigned to the detail, but the schedule had been adjusted to provide the maximum support possible.

The request from the city for Navy shore patrolmen arose after several incidents involving servicemen.

# Uncle Sam Owes, Owns Great Deal

**WASHINGTON (UPI)—**Uncle Sam may owe a lot of money, but it turns out he owns almost as much as he owes.

In fact, a House committee reports the latest count shows that if the recently-acquired Hope diamond is included and a realistic price is put on such things as the White House grounds, still carried at \$1,000 because that's the original cost, the balance sheet might even come out in the black.

The House Committee on Government Operations said Sunday night it prepared the inventory for the fourth straight year, as a sort of report to the stockholders.

The report showed that as of last June 30 federal agencies owned land, buildings, and other things, all over the world, worth 262 billion dollars. On the same day the national debt stood at about 276 billion dollars.

(That 262 billion dollars comes to about \$1,933 for each man, woman and child in the country; The Census Bureau said just Saturday that the U.S. population surpassed 175,500,000.)

On June 30, 1937, the government owned real and personal property worth 250 billion dollars. On June 30, 1936, the figure was 235 billion, and one year before that, 208 billion.

Although much of the increase represented steadily rising assets, a committee spokesman said another factor was that government agencies keep turning up property they didn't know they had.

# Quotable Quotes

United Press International PARIS — Gen. Charles de Gaulle, announcing an austerity program, designed to improve France's financial status:

"We have decided, and tomorrow (Monday) we will put into effect, a whole series of financial, economic and social measures which will put the nation on a basis of truth and severity, the only basis which can permit it to build up its prosperity."

# Funeral Tomorrow For Fred Othman, Noted Columnist

**WASHINGTON (UPI)—**Funeral services will be held Tuesday for Frederick C. Othman, 53, Washington columnist for United Feature Syndicate, who died Saturday night of a heart ailment.

The body will be taken to Memphis for a private service and burial in Forest Hill Cemetery there.

The writer, whose daily column sparked with his sharp wit, died in Doctors Hospital where he had been a patient since suffering a coronary occlusion on Dec. 16.

He was stricken with the heart attack while covering the house subcommittee investigation into the difficulties of defeated Rep. Coya Knutson (D-Minn.).

A native of St. Louis, Othman began his newspaper career with the St. Louis bureau of the Associated Press while still an undergraduate at Washington University.

His column appeared daily in The Sanford Herald.

He joined United Press in 1929 and for the next five years traveled extensively, covering such widely different events as the Al Capone trial, a Mexican revolution, a California nudist colony, and numerous murders, kidnappings and disasters.

In 1932, he was sent to Washington with instructions to write a daily feature story. He found the nation's capital a wonderful zoo, full of such phenomena as blue eagles and official duck census-takers.

After five years in Washington, Othman went to Hollywood to write a motion picture column for U. P., a stint that he recalled as a lot of fun.

But he returned to Washington in the mid-1940's to stay, becoming a columnist for United Feature Syndicate in January 1948. His column was published by more than 150 newspapers in the United States and Canada.

# Couple Celebrates Anniversary Interfraternity Dance Held

Mr. and Mrs. R. F. Crenshaw were honored at an open house at their home on East 7th St. Sunday afternoon. The occasion honored the couple on their fiftieth wedding anniversary.

Hosts and hostesses were their sons and daughters-in-law, Mr. and Mrs. R. D. Crenshaw, Orlando, and Mr. and Mrs. J. M. Crenshaw, Texas. The two couples in addition to the honorees formed the receiving line. The ladies all wore attractive corsages.

In the dining room the buffet held burning gold tapers in matching candleholders. The table was overlaid with an antique white cut-work cloth. A large floral arrangement centered the table. This was flanked by a pair of two-branched candelabra. At one end was a three-tiered wedding cake. A silver coffee service was placed at the other end. Pouring during the afternoon were Mrs. Mittie Crenshaw and Mrs. Earl Crenshaw. Assisting in the dining room were Mrs. Sam Levy and Mrs. A. B. Abrams.

## Party Is Scheduled

A New Year's Eve party is scheduled for Wednesday night from 9:12 p. m. at the American Legion Home on 17-92. The party will be given by the American Legion Post 31 and the Auxiliary. Members and veterans' friends are invited to attend.

## BIRTHS

Mr. and Mrs. W. A. Cook announce the birth of a baby girl, Sherry Noel Cook, born Dec. 25 in the Seminole Memorial Hospital. The baby weighed eight pounds, nine ounces. Proud grandparents are Mr. and Mrs. A. L. Wilson and Mr. J. W. Cook.

Punch for the children was served in the breakfast room. A gold color scheme prevailed in that room also. Miss Carolyn Crenshaw presided at the punch bowl.

Calling during the afternoon were relatives, close friends, and neighbors. Out-of-town guests included Mr. and Mrs. Earl Crenshaw, Mr. and Mrs. Don Crenshaw and children, Mrs. Elizabeth Smith, Mrs. Mittie Crenshaw, Mr. and Mrs. T. M. Strong, all of Orlando.

## Beauties Give Tips

PASADENA, Cal. (UPI)—Take it from the Rose Queens. They really is a secret formula for beauty.

Who could be more likely to know the secret than these winners of the beauty crown of the Pasadena Tournament of Roses? The very first Rose Queen, Hazel Woods McConnell, vintage 1901, is still attractive, living proof of the old saw: "Once a queen, always a queen."

Her secret, she says, is a girl who lets herself feel loved and discouraged can look old at twenty. To Cheryl Walker Coumbie, the 1958 Rose Queen, good grooming is the essence of beauty. Cheryl gave up an acting career to marry a successful physician. She now has a 10-year-old daughter. "I choose my clothes to fit my way of life, rather than slavishly following the dictates of fashion," says Cheryl.

Gaiety and laughter prevailed at the 11th annual Interfraternity Ball held Christmas night from 9 p. m. to 1 a. m.

Scene of the gala affair was the ballroom of the Mayfair Inn. Holiday decorations formed a background. Fashions and glamour

were much in evidence. Red was the pre-dominating color in the ladies' fashions, and silks worn by the ladies.

A great many tables were set up off the dance floor. Every age group was represented with an unusual number of young people present. Greetings and news were exchanged as college students home for the holidays saw members of their high school class and old friends. Tony Perez and his band played for dancing. This was their ninth engagement for the dance. The music was an inspiration to many couples with agile feet. A number of people were wished happy birthday during the evening.

Robert Bilhimer, in charge of reservations, reported that 323 people attended the affair. Brack Perkins Jr., president of the Interfraternity Council, was in charge of all arrangements. Wally Phillips is treasurer of the organization.

watching for the bargains economists expect on the pork and Jones, Mr. Glynn Jones and Mr. Terry Trooper.

That's the outlook for 1959, summed up by farm and consumer experts of the Department of Agriculture.

The overall food price average is expected to come down slightly in 1959 because there will be more food on the market, these experts explain.

Pork production is headed up and poultry production will remain high. There will be more citrus in food markets and unless there's a repetition of last year's unusual freezes in the south, vegetable supplies also will be much greater.

Total food spending will probably top the 1958 level slightly, the experts predict, although the average family's food bill is likely to be a little lower.

Some of the highlights, as seen by government specialists:

**MEAT:** Beef supplies will be about the same or up slightly and prices will likely be about the same as in 1958. Pork production will rise sharply and retail prices, beginning in early spring, will go substantially below 1958 levels. Little change is expected in supplies or prices of other red meats.

**FISH:** There may be heavier supplies of canned fish through mid-spring and prices could ease slightly. Little change is expected for fresh and frozen fish.

**POULTRY AND EGGS:** Poultry supplies on a per capita basis may go up to a record high in 1959. Prices, which reached the lowest levels since the early 1940's this year, are likely to continue low and could sag further early in the year. Eggs will probably be cheaper in the first half of 1959 than a year earlier.

**FRUITS:** The big news is the increase in citrus production over last year's freeze-blasted harvest, with supplies of frozen concentrated juices rising and prices down. Fresh fruits generally will be in more plentiful supply through mid-spring than a year ago, and a little cheaper.

**VEGETABLES:** Vegetable supplies through the winter and spring will be greater than a year ago with substantial increases for potatoes and dry beans. Prices for fresh vegetables through the winter will probably be much lower than the high levels of one year ago. Because of higher processing and distributing costs, retail prices of most processed vegetables may be a little higher.

## FUTURE FLORIDA CHURCHMAN: learning today...leading tomorrow!

Today, free to worship and free to study, he learns a fuller understanding of the love and glory of God. Tomorrow he may step into the pulpit so that a new generation in Florida may know the miracle of faith. What will be his opportunities for religious teaching and guidance in the coming years? Today, religion is a vital and integral part of our daily lives, with over 3,200 churches in Florida representing sixteen religious faiths. Additional churches are being built every year to serve the needs of impressive and growing numbers of worshippers who see in religion the hope of the world.

But what of tomorrow? Will this boy be entirely free to continue the important work—God's work—according to his own beliefs in God? Or, will he and his congregation be under fire from meddling bureaucrats and socialist schemers who aspire to regiment religious thinking, along with business and industry? Above all else, we must preserve this child's right to worship in his own way—to know and teach of God in his own way—according to the precepts of Freedom of Religion... a cornerstone of the foundation on which our democracy rests.

Just as America allows us freedom of worship... so, too, in a free America, we produce and enjoy the world's highest standard of living... standards achieved in our free economy through the development of the world's most abundant power supply. Here in Florida, our Company is continuing to push ahead—building new plants, new lines, new substations to the tune of \$75 million a year on a record breaking expansion program—helping build a bigger, better Florida... bringing you more power for HAPPIER FLORIDA LIVING... ELECTRICALLY!

## Clerk Is Recognized For Years Of Service

Heidt Sayer, Sanford city clerk for the past 31 years, has been cited for his fine service by the City Commission.

In recognition for his outstanding service over the years, the Commission called attention of the public to Sayer's record. Commissioners, themselves, long have known his value to the City of Sanford.

The resolution adopted at the last meeting said, in part: "It is the considered opinion of all of those who know him, as well as the present City Commission, that Heidt Sayer is the fitting example of that 'indispensable' person so necessary to the effective, progressive operation of the affairs of government in the City of Sanford."

Heidt Sayer also was described as the man who has had more to do with the tremendous progress and great strides through periods of adversity than any other single individual ever to hold an official capacity with the City of Sanford.

He has been city clerk since joining the city government 31 years ago. At times, he also filled the position of manager, tax collector and finance director.

Heidt Sayer is a fine example of those who devote their lives to public service. He never sought the glory which comes with triumphant political campaigns and the holding of elective office. He has been content to serve the people of Sanford from behind the scenes.

Many people in Sanford know Heidt Sayer. Many probably do not. In his capacity, he is rather inconspicuous, but always on hand when his advice or records are needed.

It is fitting that the City Commission should give public recognition to the "man behind the men" who make the city government run. Heidt Sayer is gravely ill in Seminole Memorial Hospital.

All who know him wish for him a speedy recovery.

## Lady Golfers Coming

Sanford soon will be visited by another distinguished delegation—the outstanding lady golfers in the nation.

On Jan. 2, the Ladies Professional Golf Association will stage a clinic at the Mayfair Inn Country Club. The first LPGA tournament for Mayfair is scheduled Jan. 9-11.

Many of the nation's top women golfers will be here for the clinic and tournament. As is the case of the men who played and watched the PGA tournament here, Sanford should go all out to make these visitors welcome.

Sanford did an outstanding job during the PGA tournament. The golfers were pleased by the size and action of the gallery. A repeat performance for the ladies will do much to enhance Sanford's reputation as the "Most Courteous City in Florida."

## Fred Othman Says

(Editor's Note: Inez Robb, William S. White and other United Feature staffers will supply columns for Frederick Othman during the coming weeks. Othman suffered a heart attack last week while covering the first social event of the season at the White House. He now is confined to bed.)

By INEZ ROBB  
 Gentlemen, be seated!  
 This is your day. Here is a lady author, Mildred Savage, who thinks you are made of the stuff of heroes and that you are heroic. To her, you aren't "beat" or an existentialist bum, or an organization man, or a conformist in a charcoal gray suit or a slave to a commutator's timetable.

In her novel, "Farrish" (widely hailed by reviewers from coast to coast as one of the best first novels of 1958), Mrs. Savage paints you as the master of your fate, the captain of your soul. This is certainly reverse English. Since World War II, most novelists have painted you as the victim of fate. In Mrs. Savage's novel, the protagonist doesn't wind up as president of U. S. Steel, having sold his soul to the devil in the interim. His wife to the wolves and his kids to the probation officer. Her hero ends up with his girl, a small tobacco farm in Connecticut and a right to look himself in the eye.

"Farrish doesn't set the world on fire," Mrs. Savage said the other day, in discussing her hero, "but he ends up with his own man, on his own terms."

"I don't hold with the view that man is always defeated by life. Man wins very often when what he is trying to win makes sense. When a man comes to terms with his abilities and his world, and then turns his energies toward what gives him satisfaction rather than satisfying others or satisfying convention, he has a chance to win."

"No man should throw his life away on something he doesn't really want," the author said, "sowing rebellion far and wide. Man ought to like what he does to earn his bread. He certainly ought to get out of life more than bare existence on the intellectual, emotional and psychological level."

"I think one reason the Western horn opera is so popular on these days is because its hero is a free soul. He's his own man. He hasn't been smothered by the current fash for conformity. Why, a rugged individualist today gives most persons a feeling of inadequacy and guilt! And it gives them a secret yearning to be free, too."

"As for the Beat Generation, I can't stand it. And I can't stand whiners, either, or people who are filled with self-pity."

This pretty, slight young woman with the black hair and eyes doesn't like neurotics, either. Her family, which consists of husband Bernard, a lumberman, and two children, Susan, 15, and Michael, 12, is happily free of them. They live quietly in Norwich, Conn., and so far all the fortune that the Literary Guild and Warner Bros. have paid for "Farrish" hasn't affected their life by jot or tittle.

"My husband gave me this before 'Farrish,'" Mrs. Savage said, as I cast an eye on a rich, dark milk stool. "It took me five years to write the book, and ever since it was published I've been too busy

## Lee Becomes Veep Of ACL Railroad

Philip J. Lee, Tampa, has been named vice-president of the Atlantic Coast Line Railroad. The announcement was made by W. Thomas Rice, president of ACL.

Lee has been assistant vice president of the Tampa District since Jan. 1, 1958. He previously was executive general agent, and has had experience with ACL for many years. His headquarters are in Tampa.

The only horses left on active duty in the Army are a few quartered at Fort Myer, Va., for ceremonial purposes and a few others assigned to pulling clean-up wagons at a disciplinary barracks in California.

# Washington Calling

By Marquis Childs

**WASHINGTON** — Three times during the year now ending the cycle of challenge, repulse and standoff has been repeated. Lebanon, the China offshore islands, and Berlin — this is the familiar drama of the cold war.

As in the past the partisans of John Foster Dulles are saying that we have a Secretary of State who can stand firm. He has proved once more, so say those still faithful, that he will not let the United States be pushed around.

This, it is scarcely necessary to add, is a tragic confusion of the meaning of the events of the past year. Merely to stay in place — to stand firm — in the deadly race with communism is to lose by default. While expanding so much effort staying in place the West has seen communism advance in decisive areas of conflict.

In refusing to "back down" Secretary Dulles, in the view of his loyal followers, has rejected the defeatist counsel of those who would "appease" the Communists.

But the truth is that in the face of a crisis with the prestige and position of the West at stake no one is for "backing down." Even the Communists can hardly be naive enough to believe the United States will "back down" when confronted with a threat of force.

But it is in the failures of the evasions leading up to the crisis — that one more brink — which seem to an increasing number of Dulles' critics to be the perhaps fatal flaw in American foreign policy. Far from strengthening the West, each brink produces new strains and stresses. Obviously that is the objective of the Communist conspirators, who may gamble for a big backdown but are quite willing to take the lesser gains. The year just ending has shown this in full measure.

Before the tests came there was, however, a curious and now almost forgotten interlude in which Dulles emerged, as so he felt at the time, on solid ground. The Russians last spring seized on the American practice of sending SAC bombers with hydrogen bombs over the Arctic in response to radar warnings. This, said Moscow with full propaganda thunder, was a terrible threat to the peace.

With the resourcefulness in give-and-take he so often shows Dulles challenged the Soviets before the United Nations to accept mutual inspection in the Arctic. They said "no," as they will always say "no" to any massive inspection system imposed at one bound. At the NATO ministers' conference in Copenhagen in May Dulles was confident he had demonstrated once and for all the futility of any negotiation with Moscow. In private to his colleagues he expressed something like a sense of triumph that he had put an end to the nonsense about "talking with the Russians."

But the three brinks that followed have dimmed, if indeed they have not erased, that brief triumph. While the Marines kept Lebanon from collapse, the neutralists have now taken over and the rebels are in power. The Eisenhower Doctrine, which was to have been a bulwark in the Middle East, is defunct. Major sources of oil for Western Europe are more gravely threatened than ever before.

# TCU: Quarterback Is Key

**EDITORS NOTE:** This is the last of the dispatches on the football teams playing in the post-season bowl games.

(TEXAS CHRISTIAN)  
By ED FITE

**FORT WORTH, Tex. (UPI)—**Hunter Enis, a lanky quarterback who blossomed from the obscurity of the fourth team to pilot Texas Christian into its third Cotton Bowl classic in four years, has provided Coach Abe Martin with one of his proudest moments.

"I've enjoyed three things most of all during my connection with TCU coaching," Martin said. "and each one of them has concerned a quarterback that made his critics — and mine — eat their words by living up to the faith I had in them."

The first was Ronald Clink in 1954, the second was Dick Finney last year and now Enis, Martin said.

Enis was the only one of the trio who had enough help to push the Frogs into a bowl game. But Martin and all of Enis' mates heartily agree that the quarterback was the "key" man that led the Frogs into a bowl game. He carried the color of Air Force Academy at Dallas. After two desultory seasons with the scrubs, Enis suddenly popped

up with phenomenal passing performances in spring training and Martin decided to go with him this season.

Camp followers and others advised Martin against entrusting what appeared to be an otherwise potent team to such an inexperienced hand. But Martin stuck to his guns.

After the first two games, in which TCU walloped Kansas with second strings, doing much of the damage and lost to Iowa when the offense bogged down, Martin wavered and demoted Enis.

He got into the next game in the final three minutes with TCU trailing Arkansas 7-6 and socked in on his own 27-yard line. Martin sent in Enis with orders to pass. Instead, Enis noticed the Arkansas linebackers playing wide and decided to use fullback Jack Spikes on the middle on a trap play. It clicked for 39 yards and two plays later Enis passed for the winning touchdown.

That was the turning point for Enis — and the team," Martin said. "After that he had confidence in himself and so did his teammates. He proved a real brainy signal-caller and a clutch passer."

Enis wasn't the whole show in the drive to the Southwest Conference crown, however.

The TCU offense, like Enis, wasn't spectacular. But it was solid, and it got the job done while the defense chipped in handily.

Spikes, a bruising 200-pounder with the agility of a halfback, was the mainstay for the running game, with sporadic assists from halfbacks Marvin Lasater and Marshall Harris, who specialize in crisp blocks and tough tackles.

This running game moved along at 207 yards per game and Enis passing contributed a 105-yard-per-game balance.

The Giants won the toss to receive the kickoff in the overtime. All they needed to win was to keep the ball and score in any fashion.

Baltimore immediately forced the Giants to punt. Unita, Amecche, Berry, and L. G. Payne went to work on their 20. Dick Modzelewski, New York's tank-like tackle, halted the drive momentarily when he bolted through and dumped Unita for an eight-yard loss on the Baltimore 36. But Unita fired 21 yards to Berry on the New York 43 and halted a trap for Modzelewski. When he fell for it and came barreling through on the next play he left a big hole and Amecche ran 23 yards to the Giant 20.

Unitas, who played sandlot football for 8 1/2 years after he was released by the Pittsburgh Steelers in 1955, was hobbling on a right leg injured earlier in the game but his head was clear and he still was the gaubling signal-caller who now makes more than \$1,000 a game. Instead of playing conservative football and sticking to rushes, he fired to Berry on the eight. Then he bulletted one to Jim Mutscheller in the right corner on the one. Mutscheller and George Press then opened a big hole at right tackle and Amecche rammed over to win the thriller.

The overtime was almost an anti-climax for the thrill-deadened spectators. The Giants, trailing 14-3 after Amecche's first scoring plunge and Unita's 15-yard touchdown loss to Berry, had halted the Colts on the one late in the third period. New York then took charge.

Kyle Rote fumbled Charley Conerly's long pass after being hit by Andy Nelson but Alex Webster scooped up the ball and ran to the one to complete an 86-yard play. Mel Triplett's plunge made it 14-10. Then the Giants drove 41 yards in four plays with Conerly passing 15 yards to Gifford for a touchdown.

That gave the Giants a 17-14 lead and they still held it when Marchetti and 285-pound tackle Gene Lipscomb hit Gifford and forced New York to punt with only 2 1/2 minutes to go. The Colts took over on their 14 and New York's inspired defense, led by Modzelewski, end Andy Robatelli and linebacker Sam Huff, appeared to have Unita and victory in its grasp.

Unitas missed with two passes, hit Moore for 11 yards and missed again. Then he hit Berry with passes of 25, 15 and 22 yards. Myhra followed with his field goal to match the 36-yarder Pat Sumnerall booted in the first period and forced the overtime period.

## Unitas Leads Baltimore To Victory Over Giants

**NEW YORK (UPI)—**Johnny Unitas, a former six-dollar-a-game sandlotter, won \$10,000 today, an automobile and a permanent place in the hearts of Baltimore fans for leading the Colts to their first National League title on one leg.

The Colts won the championship in their first title appearance following nine years of frustrating failure in two leagues. In order to

## Florida To Defend Gator Cage Title; 4 Teams Entered

**JACKSONVILLE (UPI)—**Four Southeastern Conference squads play first round games in the eighth annual Gator Bowl Basketball Tournament tonight, with Louisiana State and Mississippi strong favorites to repeat the crown from defending champion Florida.

The fast-breaking LSU Bengals take on Georgia in the 7:30 p.m. opener and Ole Miss, paced by high scoring Jack Waters, meets Florida in the 9:15 p.m. event.

LSU and Mississippi both have 52 marks to date and have the speed and experience in wait into the Tuesday night finals. But Florida and Georgia have risen to occasion a couple of times this season and are capable of an upset.

Florida, with a 43 mark, and Georgia, with four wins and two losses, are the only teams in the journey which have met previously this season. The Bulldogs nipped the Gators 66-63 in a thriller.

The losers of tonight's play meet for third place at 7:30 p.m. Tuesday while the winners meet in the finals at 9:15 p.m.

## Red Players Arrive

**NEW YORK (UPI)—**The Russian national amateur ice hockey team is due to arrive today to play a number of exhibition games.

## Simla Is Favored In Featured Ninth

Simla, widely regarded as one of the Sanford-Orlando Kennel Club's fastest greyhounds, hasn't won a race in four starts this season, but Ben Jacques' smooth-striding miss is a heavy favorite to get that first victory in the featured ninth tonight.

The 67-pound daughter of famed Master All has baced three seconds and a fourth in her efforts so far this year. Twice Simla ran second to Inudural, perhaps the fastest greyhound in the world.

In her last start Wednesday, Simla came from seventh place and missed victory by only a nose. This time the morning line has pegged the sleek white and brindle female as a solid 2 to 1 choice to crack the win column.

Hobby Son, second choice on the "line," also is looking for his first triumph. Like Simla, the Hobby Hour youngster flashed impressive form in taking several pre-season schooling wins.

Rounding out the field are such capable steppers as Elegant Miss, Rusty Reason, Terbie Ted, Tamar, Hornswoggled and Gay Raven. Rocky Mac Ginty heads another Grade A lineup in the eighth heat.

## Syracuse Arrives For Orange Battle

**MIAMI (UPI)—**The Syracuse Orangemen staged their first regular workout under the Florida sun today for their New Year's Day battle with Oklahoma in the Orange Bowl.

Syracuse arrived Sunday and rested most of the afternoon after being in a hotel.

Coach Ben Schwartzwalder said the team kept up its daily practice sessions during the Christmas holidays and appeared to be in good shape, both mentally and physically.

He said Oklahoma's speed was one of the main obstacles to overcome in the classic. But he added that he hoped to match the speed with his own team's hard-hitting offense, hustle and power.

2 Men Convicted Of Abusing Child

MIAMI (UPI)—Criminal Court Judge Ben Willard today convicted two bachelors of mistreating a 5-year-old boy given to them because his mother didn't like him.

'Donated' To Them

Willard sentenced Donald D. Wallace and Raymond Jacobson, both 29, to six months imprisonment in the county stockade, the maximum punishment under state law.

The two bachelors were charged with aggravated assault and cruel and inhuman punishment of a minor child, "create unrest."

The blast of the Guanabacoa explosives rocked lower Havana. Police called in all reserves and alerted the 19 regiment stations in the Havana area. Roads and airports were blocked off.

Few Men Involved

First reports said several armed men aboard a six-wheeled truck pulled up in front of the explosives storage of Ampera de Cuba, and with the aid of two of the three soldiers on guard loaded the vehicle.

They tied up a civilian watchman and the third soldier and dynamited what explosives were left.

Polaris Gets Off; Veers, Destroyed

CAPE CANAVERAL, Fla. (UPI)—A Navy Polaris missile, designed to be fired from submerged submarines, rocketed off to a clear Florida sky today but the second stage had to be destroyed after about a minute and a half when it veered from its planned course.

However, a Navy spokesman called the launch "a partial success" since it was the first time a Polaris with both stages had been fired. Also, the two stages separated during flight, which was one of the main tests.

The missile was fired at 10:28 a.m. and shot straight up into a blue sky. A little less than a minute later ground observers could see the first stage burn out and the second stage kick in.

The second stage continued upward and out of sight from the ground. It was then, about 1 1/2 minutes after the launch, that the range safety officer pushed the destruction button.

Although it was the first time a rocket in the new series managed to get off the ground, it was the 22nd launching of a Polaris test vehicle in 25 attempts.

Doctor Seeks Land For Negro Exodus

NEW ORLEANS (UPI)—A 62-year-old physician has written to six northern and western states about any federal land available to southern Negroes who are "unhappy and dissatisfied."

Dr. Frederick Rhodes said his letters were prompted by the hope that some "cheap frontier" land could be obtained for Negroes who he knew were unhappy with conditions south of the Mason Dixon line and would like to "homestead" in the North.

"This is my own idea. I got no one of no place specifically in mind. But, as a doctor, I have many patients who are unhappy and dissatisfied with conditions in the South," he said.

"I just thought that maybe if I had information about some federal land that could be homesteaded that I could suggest that these unhappy people move away from the south and perhaps colonize somewhere else where they would not have the racial problems and have more of an opportunity for various types of recreation and education and a better means of livelihood."

Rhodes said he wrote to the secretaries of state in Wisconsin, Nebraska, Idaho, Washington, Oregon, and Iowa.

The two men and Mrs. Richie were taken to the Seminole Memorial hospital for emergency treatment and later released. Frisoe suffered a lacerated right knee.

According to investigating officer, Sgt. Ben Butler, damages to the Frisoe pick-up truck were estimated at \$500. The 1957 car driven by Frisoe suffered \$700 in damages.

Two Missiles Per Month U.S. Goal In New Year

WASHINGTON (UPI)—The United States plans to launch an average of two satellites a month in 1959 while at the same time forging ahead with ballistic missile and other nuclear weapons to deter Russia from war.

Final Rites Held For Wreck Victim

Funeral services were held yesterday afternoon for Carl Wayne Smith, 21, Standard-based Navy man who died in an automobile accident Saturday night near North Wilkesboro, N. C.

Smith, who was on Christmas leave from his duties in VAH-9, was forced off the road by an oncoming automobile, which struck his vehicle in the left side.

He is survived by his wife, Shirley Irene, and two children, Mrs. Smith and one of the children were passengers in the automobile. They were removed from the critical list at a North Wilkesboro Hospital Sunday.

The young Navy man was an aviation ordnance man second class. He reported to VAH-9 in March, 1957, and participated in both the Strikeback and Mediterranean cruises. He was a native of Fair-View, N. C.

Twenty men from VAH-9 attended funeral services at the Bowling Spring Baptist Church cemetery, North Wilkesboro.

Both America and Russia are perfecting intercontinental ballistic missiles (ICBM), but neither has them in service. The U.S. Atlas ICBM, one of which became the new orbiting 8,300 pound satellite, is slated to enter Strategic Air Command units by the end of 1959.

Perfecting ICBM's Both America and Russia are perfecting intercontinental ballistic missiles (ICBM), but neither has them in service. The U.S. Atlas ICBM, one of which became the new orbiting 8,300 pound satellite, is slated to enter Strategic Air Command units by the end of 1959.

NAS Is Growing Unit Moving Here

Capt. James D. Ramage, commander Heavy Attack Wing 49, announced today that VAH-9 will move to Sanford in January from its base at the Jacksonville Naval Air Station.

Facilities to house the squadron and its equipment have been completed with the construction of new hangars and shop spaces at the local air station.

The move is the culmination of a long effort to base all Atlantic Fleet Heavy Attack squadrons at one location. While defensive forces are being reduced in most areas, Central Florida is growing in its military strength.

With the coming of Heavy Attack Squadron One, the HatWing "family" is completed. The Sanford Naval Air Station will now be home to the entire Atlantic Fleet Heavy Attack nuclear striking force, the Navy's "Sunday Punch."

Some of the VAH-9 families have already started to move. They have started men will report here, obtain housing and then move their families. Cdr. Sid Dancy, squadron commander already has established his residence here.

Capt. Ramage, in making the announcement, said, "We want to make one of Heavy Attack Squadron One feel that Sanford wants them. We will help them in any way we can to get settled as soon as possible; it is a big move with much work involved. In order to get the men back to their normal training cycle it will require the support of everyone here at Sanford."

Details of the welcome aboard ceremony will be completed by Fleet Aircraft Service Squadron Fifty-one.

Con Admits Duping Drunk Into Prison

JEFFERSON CITY, Mo. (UPI)—A convicted racist's admission that he duped a drunk friend into confessing a murder he committed was under consideration today by Scott County authorities.

Joseph Slayton's confession that he and not Iler Lynn Hester shot and killed Charleston football star John Malugen, 18, near St. Louis last year, was announced by Gov. James T. Blair.

Slayton, 18, now serving 15 years for raping Malugen's companion, Miss June Cartberry, on Jan. 3, 1957, reportedly made the statement to four reporters of details Oct. 28.

Slayton maintained Hester, who is serving life sentence for the murder, was asleep at the time of the rape slaying.

The next morning I told Hester he was the one that had murdered the boy," Slayton said. "He thought he had because he was drunk."

Blair said he directed tests on Slayton toward "some discrepancies" in his story, but that the test was "not conclusive." Blair has referred Slayton's confession to Scott County officials and to Hester's attorney, who has appealed the case.

Kin In Abundance

CHICAGO (UPI)—Mrs. Evelyn De Coste believes families should get together during the holiday season, even if it means hiring a hall.

She hired one for a get-together of her 9 children, 43 grandchildren, 15 great-grandchildren, plus an undetermined number of in-laws.

Heavy Snow Hits Southwest; Many Stranded On Roads

United Press International A record southwestern snow storm raged through the night, crippling traffic and stranding motorists in parts of Texas, Oklahoma and New Mexico.

A record 14 inches of snow stalled traffic in Albuquerque, N. M. Monday, snapping utility lines and knocking out electricity to at least 50,000 persons.

Up to 15 inches of snow hit other sections of the southern plains of New Mexico and drifting snow of six to seven inches swept the Oklahoma and Texas panhandles.

Drifts of nearly eight feet closed all roads in the Oklahoma panhandle during the night, and other roads in central and northwestern Oklahoma were reported as hazardous with snow and freezing rain.

In Texas, scores of persons were stranded by the heavy snow along U. S. 28 from Amarillo to Dumas Monday before highway crews opened the highway Monday night.

The Texas Highway Patrol said roads into New Mexico north of Amarillo were blocked by snow, and plows worked through the drifts to assure traffic.

The snowstorm continued during the night from Oklahoma and southern Kansas westward into southern Colorado and eastern New Mexico.

An 18-inch snowfall buried Fort Collins, Trinidad (Colo.) reported five inches and Denver had one inch.

1959 Cotton Maid Selection Tonight

MEMPHIS (UPI)—The 1959 Maid of Cotton will be chosen tonight by the Cotton Guild.

At sea we have laws on these matters. Whether those laws apply in such cases as this is something that must be worked out between the United States and Cuba."

After the new maid is crowned, from among 20 beauties from 13 cotton producing states, she will represent the entire cotton industry as a living model on a worldwide tour to promote the versatility of cotton as a style fabric.

She will get a half-dozen truck loads or more of clothing to wear on her six-month goodwill tour.

The new maid will call at such exotic spots as Nassau, Oahu, Paris, Kaituma, Hong Kong, Bangkok, Bombay and Athens.

Judging from the beauty of the "phibotic" qualities, ability to model, stamina enough to stand up in the rigors of the six-month tour, personality and background and training on the subject of cotton.

Today, each of the finalists met privately with the seven-judge panel one woman and six men. The judges took a quick peek at the 20 girls in tight, trim bathing suits, since the sponsoring National Cotton Council prizes itself on banning public "cheesecake."

The finalists were guests at a dinner-dance, sponsored by the Memphis Press-Scimitar, a Scripps-Hearst newspaper, to feature the finalists; the girls were introduced to their escorts who will square them around the city.

Gator Bowl Slated To Pass Up 1959; Set Jan. 2, 1960

JACKSONVILLE (UPI)—There will be no Gator Bowl football game in 1959. The 13th annual classic will be played Jan. 2, 1960, instead.

In a brief announcement today, Bowl President Van Fletcher said the executive committee had decided on the later date after a recommendation by the television committee.

TV Committee Chairman Roger L. Mann conferred with Columbia Broadcasting System and it was agreed that Saturday, Jan. 2 would be the most suitable date for the game.

Van Fletcher pointed out that the preceding Saturday is Dec. 28 and that past experiences by other bowls indicated that fans don't favor turning out for an athletic event the day after Christmas.

The basketball tournament will be played prior to the football game, Van Fletcher said.

So, Here It Is!

JACKSONVILLE (UPI)—A customer complained to garbage service operator M. F. Newton that garbage men hadn't been picking up his rubbish.

And as the man walked out of the Clean Collection Service office, Newton said the customer dumped a box of garbage on the floor.

Teachers Removed At Point Of Gun

NEW ORLEANS (UPI)—Cuban Nationalist policemen stormed aboard an American airplane at Havana airport Monday and seized two Kentucky school teachers homeward-bound after a Caribbean vacation.

Passengers on the plane said when it landed here that the two seized men had been discussing the Cuban revolution in the Havana airport shortly before the incident, and that was apparently the reason for the arrest.

The State Department instructed the U. S. embassy in Havana to inquire into the case.

The teachers were identified as James Reid, 38 and Larry P. Brantley, 22, both faculty members of Waggoner high school, Louisville, Ky. Brantley's father said his son and Reid went to Jamaica for a holiday vacation.

Larry had no interest in Cuban politics beyond what he read in the paper, like anybody else," he said. "He was just traveling through there."

Elma Sebastian, one of three stewardesses on the plane, said the police stormed aboard the craft and seized the men before she realized what was happening.

"I was standing at the rear door checking the passengers aboard," she said. "Reid and Brantley were near the middle of the cabin. The plainclothesmen pushed past me."

They grabbed Reid from his seat and he asked, "What's this for? You can't do this. I'm an American citizen."

"Then one of the Cuban police said: 'It has something to do with what you said in the terminal.'"

Another passenger said the two men were arrested, protesting from the plane, a rocketed pistol at their backs.

"I was done with force and violence and without my permission," he said. "They entered an American vessel and took off two so-called American citizens."

Callin, who said he was "one of Billy Mitchell's World War pilots," said such incidents are not defined by law.

"If we are classified as a vessel at sea the entry was as illegal as it can be," he said. "But no official precedent as far as I know has been set in the courts regarding air piracy."

"At sea we have laws on these matters. Whether those laws apply in such cases as this is something that must be worked out between the United States and Cuba."

Celebrations Set To Welcome '59

More than 300 reservations have been made for the New Year's Eve party at the Mayfair Inn. Dancing will begin at 10 p. m. Favours will be distributed at midnight when hundreds of balloons will float down from the ballroom ceiling.

A lavish buffet will be served in the ballroom at 11 p. m.

Other New Year's Eve celebrations include the dance at the Sanford Elk's Club from 9 to 1, and a sirloin steak dinner followed by dancing and a floor show at the Mount Plymouth Country Club and Hotel. The floor show includes Princess Neva, mentalist and fire dancer. Dinner will be served from 8 to 11 p. m. with breakfast at 2 a. m.

The Elk's party also includes an orchestra and breakfast at 2 a. m. Hotels and clubs in Seminole County will resound with music, while smaller celebrations in private homes usher in 1959 with equal vigor.

Caldwell to Speak At C Of C Banquet

Former Governor Mildred Caldwell will speak at the annual Seminole County Chamber of Commerce banquet Feb. 12, Mack Cleveland Jr. announced this morning.

Chamber members still recall Caldwell's blistering attack on increased government spending, when he spoke before the state convention in November. Included in the speech were blasts against political party chairmen who "ought so outrageously" for the Negro vote in the last election.

Cleveland said that Caldwell would pick his own subject for the dinner meeting, and that "no matter what he picks, it is bound to be interesting."

Caldwell has had an extensive governmental experience. He is presently an attorney in Tallahassee.

The banquet will be held in the ballroom of the Mayfair Inn. The chairman will be revealed by Mack Cleveland within a few days. All members of the Chamber of Commerce will be invited to attend.
