Mothers March Tonight— Help Them Fight Polio

The Works Proposal Defeated

WASHINGTON (UPI) — The House Appropriations Committee, chaired by President Eisenhower's vote of a public works bill today rejected a new bill tailored to meet all his objections.

The committee rejected, by a 20 to 19 vote, a measure which had been stripped of 67 projects to which the president objected.

The committee then voted, 20 to 19, to turn over to a subcommittee the task of drafting another bill. The subcommittee planned its first meeting this afternoon.

Eisenhower was a tremendous victory Wednesday when the House, by a one-vote margin, refused to override his veto of the bill, often referred to as the "anti-works" measure. The veto of the bill would have appropriated \$2,500,000 for the public works program.

Committee members included some who demanded that any new bill include at least some of the 67 disputed projects. Others wanted to eliminate some projects the president approved.

MARVIN CAREY AND SHERIFF J. L. HOBBY

Sheriffs Approve Boy For Association Ranch

Seminole County has made its first placement at the Florida Sheriff's Boys' Ranch.

Twelve-year-old Marvin Carey of Sanford, after passing physical and intelligence tests, was taken to the ranch recently by Sheriff J. L. Hobby. The sheriff's project on the Suwannee River near Live Oak provides modernistic ranch type homes, recreation and professional administration for underprivileged boys. Marvin is scheduled to stay there until he can live on his own.

Mrs. Akerstrom Dies At Age 79

Mrs. Elsie Akerstrom, 79, wife of William O. Akerstrom, 200 Palmetto Ave., died Wednesday at her home after a short illness.

She has lived in Sanford five years, moving here from White Plains, L. I. A member of the First Methodist Church, she is survived by her husband, one daughter, Mrs. Wallace Harpell, White Plains, L. I.; two sons, Harold Anderson, Hayward, N. J., and Robert Anderson, Ardsley, N. Y.; two nephews, George Akerstrom, White Plains, N. Y., and John Akerstrom, Massena, N. Y.; five grandchildren and one great-grandson.

Funeral services will be conducted at 2 p. m. Friday at Erling Funeral Home, with the Rev. T. C. O'Steen officiating. The body will be sent to Flushing, N. Y., for burial.

Argentine 'Rebel' Generals Detain

BUENOS AIRES (UPI) — Argentine "rebel" generals barred new challenges to President Arturo Frondizi's government today, rejecting his dismissal of Gen. Carlos R. Toranzo Montero as commander of the army.

The Cordoba garrison and the anti-aircraft academy in the Mar del Plata had proclaimed their open defiance of the government order, and a "great majority" of the nation's other garrisons were reported siding with Toranzo.

Gen. Pedro S. Castaneda, chosen by the government to replace Toranzo, said he had no idea how soon he would be able to assume command.

The Cordoba garrison, cradle of the revolution that overthrew President Juan D. Peron in 1955, was the first sizeable military organization to reject Toranzo's dismissal.

Lake Helen Plans Labor Day Events

Lake Helen will hold its annual Labor Day celebration Monday in the town's Bluffs Park.

Home racing events are scheduled for 10 a. m. and children's contests for 2:30 p. m. Games for young and old will be available and an old-fashioned fish fry will round out the celebration presented under the auspices of the Lake Helen-Casagada Post 127 of the American Legion.

The new Legion building will be open during the afternoon.

Mothers Seek Polio Funds Tonight; Collection At Bridge Also Scheduled

The Mothers March on Polio tonight will climax the emergency drive for funds by the Seminole County chapter of the National Foundation.

The mothers will be ringing doorbells from 6 to 7 p. m. to ask donations to the fund, which is completely depleted, although the work of the chapter must continue.

Funds collected will be handed in to the Sanford Herald building. The group hopes to have the funds tabulated by 9 p. m. and will prepare a report on the results.

The O'Steen bridge on Hwy. 415 will be manned by fair bridgekeepers Saturday and Sunday.

Enterprise School Adds 51 Students

The Enterprise Elementary school opened Monday with an increase of 51 students over the 1959 first day's count. The total was 281, announced Prof. L. O. Hayman.

Teachers for this year are as follows: First grade, Miss Dorothy Chambers; second, Mrs. Bertha Hardie; third, Mrs. Ethel Tark; fourth, Miss Louise Ball; fifth, Mrs. Ruth Ryan; sixth, Mrs. Bechler Alley; seventh, William Earring; eighth, Mrs. Daisy Gunn.

Mrs. Harvey Dunn, assisted by Mrs. Bill Suryear, will operate the lunchroom and L. M. Wright and J. B. Oviatt are custodians.

Labor Day will be the first holiday for the year.

Dog Catcher Has One For Birds

An overly-friendly bird was picked up by city dogcatcher J. L. Rich.

A pigeon-like bird outside Mrs. William Stearn's front door landed on her children's shoulders every time they stepped outside and also tried to get into the house, Mrs. Stearn told Sanford police. The bird landed on one boy's head. It apparently belonged to the Sanford area.

Labor Bill Approval Expected

WASHINGTON (UPI) — An 84-vote majority in the House is expected to pass the labor bill today by a vote of 84 to 76.

Democratic Leader Lyndon B. Johnson called the measure in early and said he would hold them late tonight, if necessary, to get it passed. The House was expected to follow suit Friday.

Virtually everyone in the Senate except Sen. Wayne Morse (D-Ore.) looked forward to the vote although many were not entirely pleased with all the provisions in the bill.

Another highly displeased person was Teamster President James R. Hoffa, whose giant union was the prime target of the bill. Hoffa called it "a last day for labor."

Morse, a member of the conference committee which forged the compromise Wednesday after 12 days of negotiations, said he would speak at some length to explain why he refused to sign the conference report.

Labor Secretary James P. Mitchell hailed the legislation, with his new curbs on "backlash" picketing and secondary boycotts, as "the type the president has long requested" to stamp out union racketeering.

He promised it would be used "only to help labor and management clean their ranks of corrupt elements" and not "to hurt unions or harass management."

He said "no honest trade unionist or employer had anything to fear."

Rep. Robert F. Griffin (D-Mich.) and Phil Landrum (D-Ga.), co-authors of the House bill, said the compromise was basically their measure "with a few clarifying amendments."

Injunction Asked For Casselberry

A temporary injunction against Casselberry government officials was asked of Judge Volle Williams today by five of the town's citizens.

The injunction against Mayor Donald Williams, the town's five aldermen, the town clerk and an Election Board, to prevent them "from conducting an election for the purpose of electing a Charter Board until such time as a duly elected Board of Electors" for Casselberry exists, is asked by the plaintiffs.

The Election Board recently appointed by Mayor Williams and approved by the aldermen is legally unauthorized to conduct election of a Charter Board Sept. 5, say plaintiffs C. Raymond McCord, Benjamin N. Evans, Herman E. Joyce and Joseph Mulson. Election Board members must be elected by qualified town electors, according to Florida law, the plaintiffs declared.

The Election Board chosen by the mayor and aldermen July 13 is composed of Raymond Morris, Junius Allen, David Thomas and Rocco Burrows.

The Board was to serve in the election of a five person Charter Board which would prepare a new Casselberry town charter.

Martin Adds Contract

MIAMI BEACH (UPI) — The Air Force awarded a five million dollar contract to the Martin Company's Orlando Division for continued research and development of an air-to-surface guided missile. It was announced today at the Air Force Association convention.

Italian, Ike Agree

PARIS (UPI) — President Eisenhower conferred for two hours on Wednesday with Italian Premier Amintore Fanfani. It was announced officially that they reached "full identity of views" on all questions.

Road Half Finished

TALLAHASSEE (UPI) — The Road Department said today construction of more than four miles of interstate highway near Lake Helen in Volusia County is more than half complete. The \$1,000,000 project extends from one-half mile southwest of Lake Helen, northward to approximately two miles north of Lake Helen.

Strike 51 Days Old

NEW YORK (UPI) — The steel strike entered its 51st day today in an atmosphere of secrecy concerning the exact status of the prolonged contract negotiations. Chief Federal Mediator Joseph P. Finnegan refused to say whether any progress is being made toward a settlement of the strike.

Exhibit Draws Nikita

MOSCOW (UPI) — Soviet Premier Nikita Khrushchev paid his third visit to the American exhibition today on the eve of the fair's closing after his six-week run. Khrushchev, accompanied by Deputy Premier Anastas Mikoyan, first examined the American satellite, the Deere-V6 on display in the gold dome in Sokolniki Park.

Fugitive Gives Up

PHILADELPHIA (UPI) — James Francis Duffy, who once boasted he would shoot it out with police down to the last bullet, was arrested without a struggle just one week after he was placed on the FBI's "10 most wanted" list. Duffy, 51, was seized in a North Philadelphia rooming house less than five hours after he arrived here by bus from Newark, N. J., Wednesday.

New Electronics Course Started

The Electronics Assembly course given at Dynatronics Inc. and sponsored by the county vocational school department re-opened for its third session Monday night. Twenty-four are in the new class.

In the last session, 22 women completed the course and 12 have been hired. Interested women should register with the Florida State Employment Service for the finger dexterity and eye-hand coordination test.

Beasley 'Glad' Caldwell Out

DEFUNIAK SPRINGS (UPI) — House Speaker Thomas D. Beasley said today he is "delighted" that former Gov. Millard F. Caldwell has bowed out of next year's governor's race.

Beasley said Caldwell "would cut into my vote."

Menon To Remain Head of India's U.N. Delegation

NEW DELHI (UPI) — Premier Jawaharlal Nehru said today Defense Minister V. K. Krishna Menon will head India's U. N. delegation this year as usual despite the Communist threat to the northern borders.

Nehru spoke in Parliament in answer to a pointed question from Socialist leader Acharya Kripalani, who asked whether it was wise for the defense minister to leave India at a time of crisis.

"The country's defense is in safe hands," Nehru said. "If necessary, further arrangements could be made without difficulty. The defense minister could be called back."

Kripalani was active earlier in the week in a campaign led by the opposition in an effort to force Menon to resign.

Newspapers here said today India is preparing to rush troops north to meet the threat of Communist infiltration of the border states of Bhutan and Sikkim.

The Hindustan Standard said a regiment of Gurkhas, tough mountain men from the border state of Nepal, is reported already on the way from Darjeeling to an unannounced point.

Unconfirmed reports earlier this week said armed forces from China had already invaded Bhutan. Other Communist units were reported massing opposite Lachen and the Natunha Pass, points where it is practical for men in large numbers to cross the rugged Sikkim border.

60-Year Sanford Resident Dies

Mrs. Cora McMillan Beck, 79, of Paola, died Wednesday in a local nursing home. She came to Sanford from Quitman, Ga. 60 years ago and is a member of the Missionary Baptist Church in Boca Grande, Fla.

Survivors are two sons, Gordon McMillan Cocos, Leroy McMillan, Paola; three daughters, Mrs. J. C. Wolfe, Birmingham, Ala.; Mrs. Harley Lee, Osteen, Mrs. Edna White, Sanford; 15 grandchildren and 16 great-grandchildren.

Funeral services will be held at the graveside at Paola Church of Christ Cemetery at 2 p. m. Saturday with Gramkow Funeral Home in charge. The Rev. Cecil Shaffer, pastor of the Paola Wesleyan Methodist Church, will officiate.

Canaveral Wage Dispute Settled

CAPE CANAVERAL (UPI) — A three-day strike at the nation's missile test center ended Wednesday when striking equipment operators won a wage dispute with a civilian construction firm.

The settlement cleared the way for the return today of more than 200 construction workers involved in several important missile projects, including the Pershing and Minuteman missiles and the Saturn space rocket.

Shipp Has Day

MARIANNA (UPI) — Friday, Oct. 7, is "John Shipp Appreciation Day" in this Little West Florida community. Shipp is being honored for his service to Jackson County in the state Legislature.

Eisenhower Says NATO Has 'No Second Place'

PARIS (UPI) — President Eisenhower assured the Western Allies today there are no "second place" nations in NATO. He called on the 15 members of the North Atlantic Alliance to stand firm behind their collective principles in the interest of world peace.

The President made a sudden, uncheduled visit to NATO headquarters before beginning top secret talks with French President Charles de Gaulle in an effort to heal their glaring differences before Eisenhower meets with Soviet Premier Nikita S. Khrushchev.

At a glittering state banquet at Elysee Palace Wednesday night, following a triumphal reception by a million cheering Parisians, de Gaulle and Eisenhower acknowledged they did not see eye to eye on all things.

This was after they had had two talks, each an hour long, on Algeria, NATO, West Berlin and France's hopes to gain a greater voice in development of Western global policies.

But both expressed confidence that the traditional friendship between the United States and France would help solve their problems.

Eisenhower told the NATO ministers that he went before them with no new proposals but merely in gratitude and praise for the work of the permanent council.

"The United States needs no position in NATO except that of an equal partner ready to work with all reasonable nations regardless of their size," said Eisenhower.

"We believe in the right and in the duty of every nation to contribute to the peace and stability of the world," he said.

"NATO is a matter of spirit, of determination to work as partners and to preserve those ideals that we all cherish.

"If we are firm among ourselves, if we refuse to retreat one inch from principle, if we remain flexible as far as tactics are involved, if we give to NATO the same patriotic devotion that we give to each of our nations, then there will be no war—then there will be peace."

Bill To Hike Bond Interest Okayed

WASHINGTON (UPI) — The House Ways and Means Committee today approved by voice vote a bill to permit payment of higher interest on government savings bonds.

The legislation which Democratic leaders plan to ram through Congress before adjournment would permit higher interest on bonds now held by an estimated 60 million persons, as well as on bonds purchased in the future.

The bill would allow President Eisenhower to ignore the present 2.5% per cent ceiling on interest rates paid on Series E and H bonds.

But the committee rejected 14 to 11 a move to broaden the measure so it would also permit the Treasury to disregard the 4% per cent interest rate limit on marketable government securities.

Eisenhower has hinted he might call Congress back into special session this fall if it adjourns without repealing the 4% per cent ceiling on marketable securities as well as that on savings bonds.

Kiwanians Hear Circusland Plan

Circusland will be symbolic of the 1950 to the 1960 era, the years when the circus became the "greatest show on earth," Maurice Marshall, president of Entertainment Enterprises, told Sanford Kiwanians yesterday.

Circusland is designed to have a town and country motif, according to Marshall. The eight blocks of Circusland town will contain educational and merchandising exhibits, with goods to be sold. Buildings as permanent as those in any town will be constructed on a seven-eighths scale, he said.

Exhibits of dairy and citrus farms and of Florida agriculture are set for the country area,

News Programs Gain Exemption

WASHINGTON (UPI) — The Senate today passed by voice vote and sent to the White House a bill exempting news programs from the requirement that equal time be granted to political candidates.

The measure, drafted by Senate House conferees, was approved by the House Wednesday, 85 to 70.

No dissenting Senate votes were heard. Approval came, however, only after brief but lively debate in which several senators expressed concern over the exemption provided for regularly scheduled news panel shows.

Sen. Clark (D-Calif.) said his concern over the panel shows stems out of his own political experience and the kind of treatment he said newspapers have given to Democratic candidates. He called radio and TV "the last refuge" for campaigning Democrats.

Clark said he did not want to see broadcasters and television free to "give us the business the way the newspapers of the nation have."

Worry Clinic

Feet's remarks may surprise many of you who have not kept up-to-date on child care. So discuss this case at your church meeting or Women's Club, and be sure you remind children they can "adopt" adults just as readily as adults can adopt them. To show them what is expected of them make in a happy home, send for the "Test for Teen-Agers" below.

By DR. GEORGE W. CRANE
 CASE C—62: Pearl G., aged 28, is the kindly matron of a Children's Home.

"Dr. Crane, our youngsters are not all orphans, for at least half of them have one or both parents living.

"Because of divorce or financial strain, the children are placed in our care.

"And we send many of these

youngsters into good homes in our area, not as legally adopted children, but for extended visits.

"In the Children's Home, too, we establish a young married couple in what corresponds to a large apartment, wherein we may have 8 or 10 children.

"The married couple act as foster parents. They eat together and have a large living room with TV, etc. It resembles a normal home atmosphere.

"But how can we handle the occasional child who is belligerent and who refuses to cooperate properly?"

GOOD CHILD PSYCHOLOGY
 It is always wise to remind children that the true parent-child bond is PURELY a spiritual one. Blood kinship has been much overdone in past generations. Remember, the first pair of real kinsfolk on this earth were Cain and Abel.

Despite being blood brothers, they founded Hell Cain slew Abel. So remind children that it isn't similar ancestry or an identical surname that produces a true family kinship, but love and voluntary affection.

MARRIAGE IS ADOPTION
 When a man marries, he simply "adopts" a woman who reciprocates his respect and affection. It is their spiritual union which produces true marriage, for they are not blood kin.

In fact, the usual young man accidentally meets his future wife. They begin to develop an interest by casual dating and ultimately become so attached to each other that they wish to "adopt" each other permanently.

Later, if they have no blood offspring, they can pick a child for legal adoption just exactly as they choose their mate for the legal "adoption" called matrimony.

And please remind children that adoption is not a one-way street. Usually people think just of adults adopting children.

But children can adopt adults, too. And it's great fun.

So emphasize the fact that youngsters can pick their own foster uncles and aunts or parents and siblings if they reciprocate love and affection for the latter.

"What should I call Mr. Cooper?" our older boy once asked me.

"Just call him Uncle Miles," I added, "for you can adopt uncles if you like them."

Our modern Children's Homes are thus operated very wisely and the children are surrounded with care that is both intelligent and loving.

Indeed, many of the young college couples who now act as foster parents for a floor with 8 or 10 youngsters, offer those children better parental attention and more actual evidences of constructive love, than the real parents ever did.

Remind your own flesh-and-blood children, too, that love and family team-work are essential for a happy home.

So send for my "Behavior Test For Teen-Agers" enclosing a stamped return envelope, plus 20c (non-profit). It shows specific duties that children should assume to be real teammates.

(Always write to Dr. Crane in care of this newspaper, enclosing a long 4c stamped, addressed envelope and 20c to cover typing and printing costs when you send for one of his book-lets.)

It's 'Be Careful' Time Once Again

It's time again to caution everybody to drive safely and avoid the Labor Day holiday death roster and we dutifully repeat the warning.

Highway Patrolman J. L. Sikes was in the office the other day to bring some pamphlets explaining the new statewide point system for recording arrests for traffic violations and suspending drivers' licenses when the point total goes too high.

A Real Answer?

BIRMINGHAM, Ala. (UPI)—President Eisenhower has been asked by an Alabama group of Negroes to conduct a poll among southern Negroes to see whether they want desegregation or segregation.

The Southern Negro Improvement Assn. of Alabama, which claims 8,000 members and is headed by Samuel H. Moore of Birmingham, sent Eisenhower a telegram Tuesday which told him "both races in the South" want segregation and "are unalterably opposed to the integration of races in public schools."

Assignment Washington

By ED KOTERBA
 WASHINGTON — Senator Paul Douglas, once a professor of economics, bumps around Washington in a blue, 1954 four-door Chevrolet sedan.

Dismal is the attitude of the Illinois Democrat toward these big, black limousines caught up in downtown traffic jams. Especially when they're big, black bureaucratic limousines.

Douglas got so fuming mad about these luxurious carriages that he stormed up to the director of the Bureau of the Budget for an accounting. And the count came to 90 limousines or heavy sedans. The President has eight, for instance, and the Treasury Department, 10.

These chauffeured wagons are

in addition to the 1,450 ordinary government-owned cars, like tax-payers' weekly drive.

The Senator was really wound up on the Senate floor. He said: "Our streets and parking areas fairly swarm with huge limousines, each with their stone-faced chauffeurs."

Little did the Senator say about the stone-faced chauffeurs who were waiting, at that very moment, in front of the Capitol for their VIP bosses of Congress.

Letters To The Editor

Editor:
 Enclosed is my check for extension of my mail subscription to The Sanford Herald. Having left my home there some 19 years ago for service with the Army, it is a real touch of home to receive the hometown paper.

I feel proud to be from Sanford, particularly since it has made such strides forward in recent years. I am not a member of the Chamber of Commerce, but I can assure you I am an everyday booster of Sanford and the great state of Florida.

It will be one of my happiest moments next year when I retire and bring my family back to Sanford to stay.

Moon Still Shines
 WASHINGTON (UPI)—Internal Revenue agents seized 19,908 gallons of moonshine liquor in July and arrested 200 bootleggers operating 600 stills, the Treasury Department reported Sunday. North Carolina was the best hunting ground for the agents. They closed 167 stills and arrested 214 persons in the state.

Washington Calling

BY HARRISON WILSON
 LONDON — In his somewhat over-enthusiastic letter to the White House, both in public and in private, he seems almost to say that he would rather see the President in the White House than in the White House.

The British Secretary of State, Lord Avon, is to be the one who will announce the sale of London Airport to the Government of the United Kingdom. He was the one who heard the news that Great Britain is to sell London Airport to the Government of the United Kingdom.

GIs Get 2,000 Navy Sandwiches

BUFFALO, N. Y. (UPI)—The USO had a big party planned for crewmen of the USS Mason when the ship was anchored off Buffalo harbor in Lake Erie, but bad weather cancelled the sailors' shore leave.

So GIs from nearby Army Nike bases were invited over instead and they finished all 2,000 of the sandwiches and every crumb of the cake intended for the Navy.

Investment

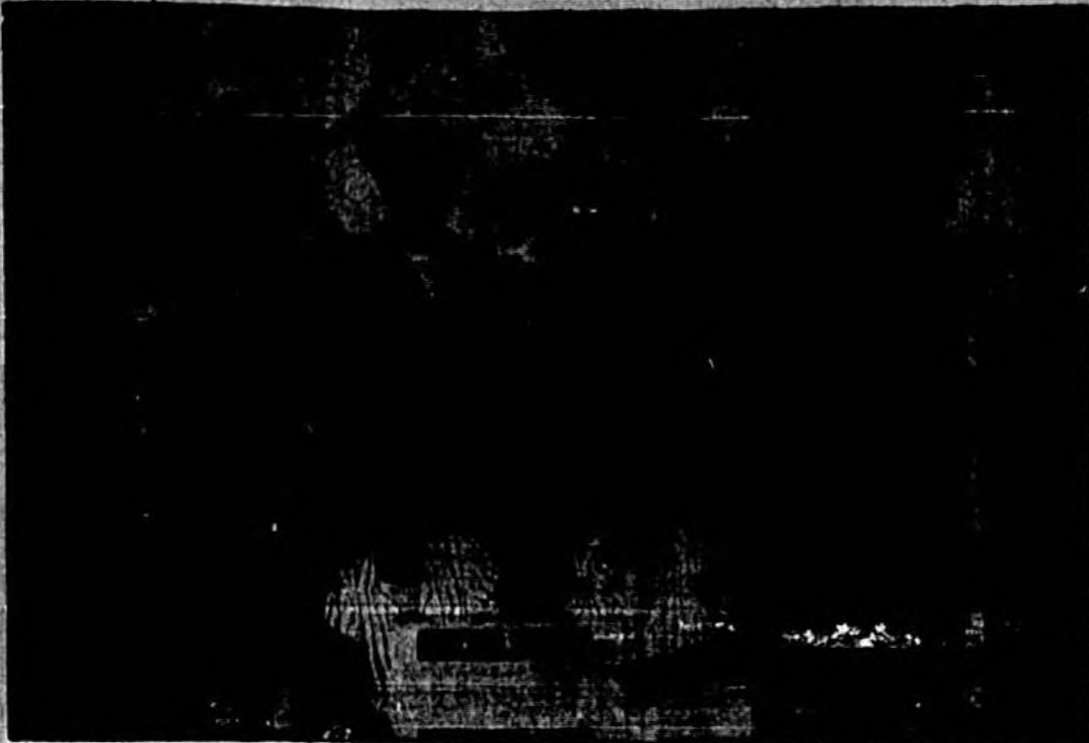

... makes it a wiser decision than ever!

As a motoring investment, the Cadillac motor car is without rival, for the benefits and savings accrue in several forms. First, there are the many features included in its original price—items that most other cars label as extra cost. Next, there is its remarkable economy of operation and maintenance. Lastly, there is the consistent demand for the car at resale time. And always, of course, there is the sheer enjoyment of owning and driving a Cadillac. Visit your dealer for the firsthand facts that make it a wiser decision than ever.

Box Blast Open 5 1/2 Game Lead; Gents Win To Retain Margin

United Press International
 (Special to The Post) — The White Sox, looking for their first win since the White Sox season opened.

They got that victory plumb out of the gate by blasting scores 11 runs during one inning Wednesday night on runs to a two-out stop over the Tigers, 7-3 and 11-4.

All the heavy lifting got the White Sox to the second-place position in last ball as far as the outcome of the American League pennant race is concerned.

Diller Hanover Wins 'Hambo'

DU QUAIN, N.Y. (UPI) — Diller Hanover, the heavy favorite, won the start, but a race he won the richest harness race in history in the 10th Kentucky Stakes for \$100,000 at Saratoga Wednesday.

The boy who gave his owners, the Hahn family of Watertown, N.Y., a record-breaking first-place money of \$100,000 at the total of \$125,000 purse with his straight heat victory.

The 10th Kentucky Stakes, won by Hanover, paid \$60,125 to the winner of a total purse of \$117,117.

Seminoles Knock Heads For Hour

By JERRY COVINGTON
 (Special to The Post) — Jim Figgitt and Dave Lantz got their charges down to business this week with lengthy scrimmages. Time is drawing near for the opening grid contest Sept. 18 against the Titusville Terriers and the Seminole coaches are busily preparing the attack to be at full strength.

Yesterday afternoon the two coaches met for more than an hour working on the offensive and defensive plays. The final 30 minutes of the afternoon was spent running various split-T and single wing plays against the Junior Varsity.

This season the Seminole will run mainly from the split-T and a special series of single wing will be used to capitalize on the good work around the outside. Yesterday the offense looked best on the drive series off the guard holes and end sweeps.

Halfbacks Ray Lundquist and John Lovelace are shaping up to be two of the finest looking runners in the area. Both lads have good power through the middle and with their exceptional speed around the

ends they will give the opposition plenty to worry about. Bobby Barbour and Billy Rowles are also running with authority and will give plenty of reserve strength at this spot.

The quarterbacking chores are being shared between Alex McElhin and Mike Roberts. Both are progressing nicely in the ball handling department, with still a good bit of work to be done on the passing game. Roberts is working as the punter for the Seminole and he still is a little away from being ready in this phase.

Big Neely Ross has been the biggest surprise to the Seminole coaches. They are more than pleased with his defensive play over the middle of the line and it looks as though he could be able to fill the shoes of graduated Dave Stanley in this department. He is crashing well and spent most of the afternoon in the offensive backfield mulling up the works for the ball carriers. He is big with plenty of speed at short range. He is fast becoming the Seminole lineman to watch this season.

There is a real battle going on for the starting offensive center spot. Senior Tommy Butler is holding a slight edge in the race over Juniors Johnny Wheelchel and Paul Flowers. Butler is the only one of the three with any varsity experience. Wheelchel is really a tough competitor all the way and will be one of the big defensive guys at the linebacker spot.

The Seminole coaches are still looking for a pair to fill the defensive end positions. This has turned out to be the big problem this year. The offensive work of Terry Christensen and Jim Gracey has been impressive but they are still not ready to halt the opposing offense around the ends.

for the Indians when he checked the Athletics on one run and five hits after taking over for Herb Sears in the first inning. Dick Williams' third inning homer was the only run Bell gave up.

Southpaw Billy O'Dell halted Baltimore's four-game losing streak when he limited Boston to seven hits for his eighth triumph. The Orioles got the loser Tom Brewer for two runs in the second inning on three hits, a walk and an error, then added two more in the third.

Yogi Berra's 14th homer with one on in the eighth broke a 2-2 tie and sank the Senators. The Yankees handed Pedro Ramos his 17th defeat, against 12 victories.

Jackie Brandt's 12th homer in the ninth inning gave the Giants their victory over the Cubs. Victim of Brandt's blow was reliever Don Eleton, who suffered his seventh loss against six wins.

Rookie Chuck Churn's able relief job helped the Dodgers down the Cardinals. Churn, a Pitts-

burgh castoff, entered the game in the fifth inning with the bases loaded, one out and the score tied 5-5. He then got Curt Flood to hit into a double play. The Dodgers broke the tie with two runs off rookie Bob Dillha in the sixth.

The last-place Phillies pounded out 18 hits, including homers by Carl Sawalnt and Gene Freese, in beating the Braves. It was the third straight loss for the Braves, who are now four games behind the Giants.

Willie Jones' three-run homer off reliever Ken Ray in the eighth inning gave the Reds their opening game victory over the Pirates. The loss, however, was charged to Vern Law, who put two runners on base before he gave way to Face.

In the nightcap, Johnny Temple's triple and Pinson's double broke a 1-1 tie in the eighth and earned Don Newcombe his 12th victory. Bob Friend was tagged with his 16th setback.

Sandspur Bowling Loop All Tied Up

Two teams had to forfeit their games Tuesday night, as the Sandspur Bowling League got off to a slow start. Roundballs paid the forfeit to Wilson-Maier, but would have found them a hard team to beat, as the furniture team rolled a high 180 series, 874 game, to lead in the team prize bracket.

Irving Fryor's team took all three from the Pig N' Whistle, and The Foodmart benefited by a forfeit from Robson Sporting Goods. This leaves the top spot in a three way tie, and second slot in the same position.

Marie Woods, with a 500 scratch series was high for the night; Louise Hoeford had a 516 handicap series, and Faye Griffin had high handicap game of 182. Mary Tomalecki picked up the 5-7 split, as did Lillian Ogden, Libby Whitehead, and Eve Rogers. Next Tuesday will find Foodmart and Roundballs & Anderson on the one and two alleys; Pig N' Whistle against Robsons on three and four, and Fryors Insurance team playing opposite Wilson-Maier on lanes five and six.

Seven In A Row

NEW YORK (UPI) — Jockey Willie Shoemaker made it seven victories in two days when he scored a triple at Belmont Park Wednesday. Shoemaker's triumphs included both ends of an \$88.70 daily double.

Roberts Wins Pole

DARLINGTON, S. C. (UPI) — Defending champion Glen (Fireball) Roberts set a new track record Wednesday while winning the pole position for the Labor Day Southern 500-mile stock car race.

Williamson Looks Good For Gators

United Press International
 Full-scale scrimmages will be played on several Southeastern Conference football practice fields today as the squads begin to sharpen on fundamentals.

90-degree plus heat through-out of the South Wednesday failed to dampen spirits. Most teams started heavy work on their passing games.

Senior Wayne Williamson of Tampa looked like he was big enough to fill Jimmy Dunn's shoes at quarterback for the University of Florida Gators.

Georgia's Bulldogs, worrying about the Alabama game Sept. 19, ran through their first scrimmage. Quarterbacks Charley Britt of North Augusta, S. C., and Francis Tarkenton of Athens were praised by Coach Wally Butts.

LSU lost one of its "Chinese Bandit" halfbacks when letterman Henry Lee Roberts of Little Rock announced he would not play football this year. He gave no reason for his decision.

Mississippi State third team quarterback John Corroto injured a neck muscle during scrimmage and is expected to be out for a few days.

Quarterbacks Bobby Franklin, Jake Gibbs and Doug Elmore shared passing chores as the Mississippi Rebels stressed their overhead attack. Coach Johnny Vaughn said they looked good in practice.

At Auburn, two heavy practice sessions Wednesday made Coach Ralph Jordan smile. He was pleased with sophomores Bobby Hunt at quarterback, Dave Woodward and George Cross at tack-

les and Don Machen at halfback. Hardest hit so early in the practice season was the University of Alabama, where seven players were disabled for one reason or another. The latest casualty was junior end Henry O'Steen, having trouble with a knee.

Junior Gene Eiter from Chattanooga proved the most accurate passer among talkbacks at the University of Tennessee ran through aerial patterns.

Tulane's Andy Pines, remembering he coached the SEC's No. 2 passing team last year, also stressed passing.

Age Fashionable In Filmland

By VERNON SCOTT

HOLLYWOOD (UPI) — Youth may be served, but not in Movie-land where leading ladies over 50 outnumber glamour gals in their 20s by more than 3-1.

And calculated horses 40 and older are twice as prevalent as younger leading men.

It was 10 years in England last month when Ginger Rogers admitted she was 47. Ginger was just being honest while most of her contemporaries guard their age more carefully than their diamonds and furs.

Hollywood's record books, going back to the early days of the talkies, provide the ages for almost every star in movies and TV. Frequently, an actress grows younger as new editions come off the presses. In other cases the birth date is missing altogether.

Still going strong in the glamour department, though well along in their 40s are Jane Wyman, 43; Lucille Ball, 42; Debra Kaye, 41; Ann Blythe, 41; Betty Grable, 40; Lucille Ball, 40; Ingrid Bergman, 39; and Vivian Leigh, 38.

Nobody really expects a woman to give her true age, but for the most part the Motion Picture Almanac is accurate within four or five years. It gives the following ages for the younger crop of actresses:

Liz Taylor, 27; Shirley MacLaine, 26; Kim Novak, 25; Debbie Reynolds, 24; Natalie Wood, 23; Joanne Woodward, 22; Jayne Mansfield, 21-22; Vera-Ann, 20; Sophia Loren, 20; Leslie Caron, 19;

Mitie Gaynor, 19 and Pier Angeli, 17.

Rolling along in their 30s are June Allyson, 33; Lauren Bacall, 34; Jane Baxter, 33; Ann Blythe, 32; Jane Russell, 32; Marilyn Monroe, 31; Eva Marie Saint, 30; Deborah Kerr, 29; Doris Day, 28; Rhonda Fleming, 28; Ava Gardner, 28; Janet Leigh, 28; and Susan Hayward, Lane Turner, and Rita Hayworth, all 28.

Fifty isn't too old for leading men, who are less touchy about admitting their age than their feminine counterparts.

Clark Gable is 46; James Cagney, 44; Gary Cooper, 43; Joseph Cotton, 42; Bing Crosby, 42; Gary Grant, 42; Ray Milland, 41; Jimmy Stewart, 41; John Wayne, 40; and Henry Fonda, 39.

Majority of top-flight male stars, however, are in their 40s. Bill Holden is 41; Glenn Ford, 40; Van Johnson, 40; Alan Ladd, 40; Burt Lancaster, 40; Kirk Douglas, 40; Dean Jagger, 40; Bob Mitchum, 40; David Niven, 40; Gregory Peck, 40; Frank Sinatra, 40; and Robert Taylor, 40.

Package Bomb Kills Widow, 62

SEATTLE, Wash. (UPI) — A 62-year-old widow was killed and two neighbor women injured Wednesday night when a bomb disguised as a package blew up on the victim's front porch.

Mrs. Pearl Kangle was blown to bits when she picked up the package. One of her neighbors, Mrs. Edith Frishman, suffered leg cuts and bruises. Another neighbor, Mrs. Albert Bowman, was treated at West Seattle Hospital for shock and minor cuts.

Mrs. Friedman's husband said his wife and Mrs. Bowman had been visiting another friend in the neighborhood and had decided to stop by and say goodnight to Mrs. Kangle on the way home.

Mrs. Bowman noticed the package on the porch and told Mrs. Kangle about it after they were inside. Mrs. Kangle stopped outside, picked up the package and it exploded.

Hoover Lashes Citizens For Apathy On Crime

WASHINGTON (UPI)—FBI Director J. Edgar Hoover lashed out today at Americans who stand idle while criminals turn parts of the nation into a "no man's land" of violence.

Hoover, writing in the FBI Law Enforcement Bulletin, described as "shocking" the 5.3 per cent increase in crime last year. He noted it was the highest rate in the recorded history of U. S. crime.

The FBI chief said the report showed that some areas are a veritable "no man's land" where crime is ever lurking. He reprimanded citizens who have a "detached attitude towards crime."

"This country's citizens," Hoover wrote, "must awaken to the fact that the war on crime is not just the battle of the law enforcement officer."

"Every citizen has a stake when hoodlums prowl the streets bra-

only committing atrocities which appall even veteran police officers. No one is immune from the attacks of depraved murderers, robbers, sex offenders and kidnapers."

Hoover said the police officers are a "small patrol" when compared with the "army of law breakers roaming America."

"Often the law enforcement officer's battle is a lonely one," he added, "and too frequently the citizens who should be his allies are indifferent and apathetic."

Outfielder Fined

TORONTO (UPI) — Outfielder Bobby Wilson of the Toronto Maple Leafs has been fined by Manager Dixie Walker for benching himself Sunday in the first game of a doubleheader with the Montreal Royals. Wilson said he quit because he was sick to his stomach.

State Faces School Mixing

MIAMI (UPI)—The possibility of more than 20 Negro children attending school with white students next week pushed Florida today closer to the first break in its segregation front.

located in an area that has proved predominantly Negro.

Integration pressure also was being applied near Tampa where schools opened this week. Negro parents have picketed and refused to let their children attend a temporary all-Negro school erected near Fort Tampa City.

Florida Growth Fund Has Interest Of Far Places

Note: The Herald has had some inquiries about printing financial news. Today we start a column of information by Gordon J. Toll, manager of the Security Associates Inc. office in Sanford. It will become a regular feature and the Herald invites comment and suggestions about it.

Paris edition of the New York Herald Tribune, "Florida is a magic word over there. Europeans are attracted to growing areas and Florida is certainly one of the fastest growing in the world."

Following a federal court order last year, the state-supported university admitted Negro George Starke, 27, Orlando, to its law school.

The past year has brought many changes in Sanford as well as the state of Florida. All signs of Florida's future point upward says Frank Bateman, a veteran of Wall Street, who recently launched the Florida Growth Fund. This mutual fund started with a smattering of Florida issues and has built up to a fund that now includes 56 Florida corporations and eight southern firms.

Ford Motor Company formed its own financing subsidiary, Ford Motor Credit Company. The move followed postponement until next February of further action on Senate bills to bar car makers from financing sales of their own products.

The University of Florida may have two Negroes enrolled in its graduate school when it opens this month.

It is interesting to note that a Swiss bank has a \$100,000 interest in the fund and other investors as far away as Caracas, Santiago, and Lima are interested, too. According to Bateman, who occasionally advertises his fund in the

Experts speak: G. M. Loeb, analyst for E. F. Hutton & Co., says the Dow-Jones Industrial Average has a good chance of making a new high after Labor Day. However, he adds, the number of issues which will be responsible for this will be very limited. Loeb commented that special selection will be necessary.

SIX-FOOT RATTLER killed by H. L. Johnson of Lake Monroe is held up by Bobby Johnson, who said "he's really heavy." The boy's father killed the big snake with a soft drink bottle after it appeared in the middle of the unloading of the family boat on the Wakiva River.

A boost in the prime lending rates to the 5 per cent level—highest since 1930—and a similar rise in lending rates to brokers and dealers sent stocks downward earlier this week. First National City Bank of New York initiated the increase from 4 1/2 to 5 per cent and other lenders followed suit. The prime rate is that which is charged on loans to borrowers with top credit and other lending rates are scaled upward from it. Thus, the rise will increase carrying charges on stock margin accounts.

Local interest: Minute Maid Corp. has gone one step further in what seems to be a program of diversification by announcing that they have purchased Tenco, Inc., Linden, N. J., a major producer of soluble coffee. The purchase price is believed to be near the \$10 million mark. Tenco's 1958 sales were approximately \$40 million. It packages, blends and distributes soluble coffee on a worldwide basis and packs private label brands of coffee for food chains and regional roasters.

Millage Remains Same As City Approves Budgets For 59-60

Commission Unanimous In Voting 17-Mill Rate

By JACK PHILLIPS

Sanford's 1959-60 budget was unanimously approved by the City Commission last night. Expenditures of \$704,615.36 for general government operation, \$227,250 for payment on city debt and \$372,059.89 for the utility budget were approved. Revenues are expected to balance these figures, except in the utility budget, where an \$18,624.11 revenue surplus is anticipated.

Millage will remain the same as for last year's budget. A tax of 17 mills will be levied to pay for city operating expenses and to help pay off city debt. Although the operations millage charge of \$11 per thousand on real estate will be levied only on homes valued above \$5,000, the 54 per thousand will be levied on all real and personal property. The level of assessment has been set at 62 per cent of property's market value.

The 1959-60 total operating and debt service figure is \$933,865.36, compared with \$916,941.73 for 1958-59, and \$898,624.40 for 1957-58.

Reductions in expenditures were difficult and not in the best interests of the City's operation. Several desired items or projects will simply have to wait," City Manager Warren Knowles said.

Highest proposed expenditures in the general operating budget are \$114,710 for the city Fire Dept., \$112,547 for the Police Dept. and \$105,380 for city streets.

Bulletin

WASHINGTON (UPI)—The House ended today a two-year congressional struggle to write a labor reform bill by overwhelmingly passing a compromise measure lauded by Democrats and Republicans alike. The bill was sent to President Eisenhower for his signature.

The bill, designed to drive crooks and racketeers out of the labor-management field, is the most important piece of labor legislation to go through Congress since the Taft-Hartley law was passed in 1947.

Enrollment Requires Changes For Schools

The record enrollment in Seminole County Schools has caused the School Board to effect several changes in the placement of children in the various schools.

The Lyman School and the new Altamonte Springs Elementary School cannot serve the total of approximately 2,300 children in that section on single sessions, so it is necessary to place children in grades 1-4 in double sessions in both schools, the board said.

This schedule will begin Tuesday of next week, since Monday is a holiday. The first session children will start school at 8 a. m. and end at 12 noon. The second session will commence at 12:10 p. m. and end at 4 p. m.

The fifth and sixth grade children from the Wilson School, Paola, are being transferred to the Lake Monroe School. The board feels that by increasing the size of the Monroe School and placing another teacher there, a better instructional program can be worked out for all the children, the board said. This would make
