

British Labor Demands Vote On Peace Plan

Manifesto By Labor Front Insists General Election Be Called On Policy

Chamberlain Wins In Commons Vote

Winston Churchill, Lloyd George Join Labor In Opposition

LONDON, Feb. 23.—(AP)—The British Labor Party and the Trades Union Council issued a manifesto today demanding the government submit its foreign policy to an immediate general election.

The nation's foreign policy has changed radically within the past few days when Prime Minister Neville Chamberlain decided to seek the friendship of Dictator Hitler of Germany and Mussolini of Italy rather than oppose their "invasion" of weaker countries.

A thundering conservative majority last night gave Prime Minister Neville Chamberlain a House of Commons victory in the wake of a cabinet crisis that ushered out Anthony Eden as foreign secretary and signalled a new British policy of capitulating dictators.

By a vote of 330 to 168, Commons rejected a labor motion to censure the Prime Minister's action.

Fighting bitter attacks in the tumultuous Commons, Chamberlain declared his new policy of appeasement.

Six Pleas Heard By Judge R. W. Ware

Six pleas of guilt were heard recently by County Judge R. W. Ware, records at the Court House revealed today.

The County Judge showed no mercy to James Walton who pleaded guilty to charges of driving while intoxicated and reckless driving. For the former charge the County sentenced the defendant to pay a fine of \$100 and costs or serve 60 days in the County Jail and the alternative of a fine of \$75 and costs or 90 days in jail after he pleaded guilty to the reckless driving charge.

Clint Murphy, charged with assault and battery was sentenced to pay a fine of \$25 and costs or serve three months in the County Jail. Charlie Kimball, charged with possession of liquor without payment of the revenue tax, was sentenced to pay a fine of \$15 and costs or serve 30 days.

Indiana Farmers Are Visitors In Sanford

A party of Indiana Farmers who are making a tour of the State, visited Sanford and Seminole County today.

Although previous announcements indicated that approximately 200 farmers would be in the party, only 11 are making the tour of the state in the special Florida Motor Loan bus.

Adapted from the report of the Florida Motor Loan bus, which is in charge of the party that made headquarters at the Mayfield Hotel and reported the decrease in withdrawals because of the business recession.

The visiting farmers, Chamberlain officials reported were led in their going of the national hour of the state, dedicating it the most extensive section of the State they had visited.

PERSHING ILL

Gen. John J. Pershing, commander of the American Expeditionary Forces in France during the World War, was reported dangerously ill yesterday when he is spending the winter in Tucson, Ariz.

General Pershing Reported Better By Army Doctors

Week Of Rheumatism Is Followed By Heart Complication

TUCSON, Ariz., Feb. 23.—(AP)—Physicians attending General John J. Pershing said today the 77-year-old World War leader "is definitely better."

The General, ill more than a week from rheumatism and heart complications, was removed from his hotel quarters to a desert sanatorium yesterday afternoon.

The 77-year-old general of the armies of the United States suffered a relapse yesterday after being confined to bed for a week with an attack of rheumatism and a cold.

Dr. Roland Dastum ordered him moved from his hotel room to the desert sanatorium, and requested the war department to send a consultant.

Lieut.-Col. R. V. Marrietta, Fort Sam Houston, one of the army's leading authorities in diseases of internal organs, was ordered to his bedside.

Navy Maneuvers Are Shrouded In Secrecy

WASHINGTON, Feb. 23.—(AP)—The navy surrounded with warlike secrecy today its fourth Pacific fleet maneuvers in the Pacific where more than 50,000 men and officers will test the fighting strength of 150 warcraft.

Naval officers disclosed the secrecy order while the House naval committee heard Rear Admiral William Duffoon, chief of naval construction, testify that it would cost \$2,300,000,000 to provide a separate fleet to defend the Atlantic coast.

The navy's Order barred newspaper representations from all fighting craft which will maneuver over the Pacific from Alaska to Panama and the Panama Canal from the middle of March to late April.

Damages Are Sought For Accident Victims

G. W. Spencer, local attorney, yesterday afternoon filed interpleur of bringing suit against R. M. Kidd, of Charlotte, N. C. for damages as a result of the auto accident on the highway just west of here early Sunday in which Deanna Cameron and E. H. McDonald were killed.

Mr. Spencer is seeking \$10,000 damages for each of the widows and his action followed the verdict of a Covington Jury yesterday that the two met their death "through no fault of the truck driver A. Michael."

Fascism Given High Praise At Jaycee Meet

Joseph DeBella, Italian Living In DeLand, Explains Purposes Of Fascism

Outlining the growth and development of Fascism and branding it a role in Italy as a "wonderful success," Joseph DeBella of DeLand, born and reared in Italy but for 27 years an American citizen, told members of the Junior Chamber of Commerce at their regular meeting yesterday of DeLand, born and reared in Italy evolved from an organization of Italian World War veterans, Jay Cee officials reported today.

After the World War, Mr. DeBella said, Americans who fought for their country formed the American Legion with the objective of helping widows and orphans of fallen and disabled comrades. An identical organization was formed in Italy called the Fascists.

They chose as their president, Mr. DeBella said, a Corporal who had been wounded on the front lines of World War, who each time escaped from a hospital to return to battle, swathed in bandages. His name was Benito Mussolini. The organization, being truly patriotic, was naturally in earnest to subvert elements of communism and anarchism which were

Paul V. McNutt Will Not Run In 1940

WASHINGTON, Feb. 23.—(AP)—Paul V. McNutt, high commissioner to the Philippines, said today that he expects in 1940 to demarcate presidential nomination "I am not a candidate for any public office."

The former Indiana governor made the assertion at a press conference a few hours before he was to be the guest of honor at a spectacular reception arranged by Indiana political leaders who desire to give him a boost toward the White House.

Although McNutt parried political questions, his political advisers were frank to say they held high ambitions for him.

The regular business meeting of the Lion's Club will be held in the Valley Hotel tonight. Lodge officials reported today.

CITY NEWS BRIEFS

The Monday Chapter No. 15 of the A. M. held their regular conclave last night.

The regular business meeting of the Lion's Club will be held in the Valley Hotel tonight. Lodge officials reported today.

The City Director wishes to congratulate Mr. and Mrs. H. H. Whidson who are celebrating their 40th wedding anniversary today.

The weekly meeting of the Chess and Checker Club will be held in the Valley Hotel Thursday night at 7:30 o'clock. H. M. Burns, secretary, said today.

Baptist Memorial services are being conducted in the tent at Fourth Street and Kim Avenue under the direction of the Rev. J. H. Hardy, pastor of the church and Texas. The public is invited to attend the meetings.

The regular monthly benefit dance of the local Lodge B. P. O. Elks will be held in the Lodge Hall Friday night beginning at 8:30 o'clock. Officials announced today, adding that Peckham's Orchestra will furnish music for the occasion.

The Rev. and Mrs. Bernard Mason, organist and choir director of the First Baptist Church, will present a sacred concert in the First Baptist Church here tonight beginning at 8:00 o'clock. The Rev. W. P. Brooks, announced today, adding that there will be no admission charges.

MIRRORS IN THE EAST

Mirrors in the East. Conflicting emotions grip Chinese today and these faces reflect the thoughts in the sands in the country where antiquity rubs elbows with modernity. Upper left, a Chinese soldier, his grim face in smiles. Upper right, a calm, military young man who boasts he slew six Japanese single-handed. Lower left, an earnest young trooper under training. Lower right, a patriarch, opposed to war, wedded to a philosophy of peace and opium pipes.

Federal Aid Is Asked To Improve Nation's Schools

Congress Is Given Report Recommending \$850,000,000 Grant

WASHINGTON, Feb. 23.—(AP)—President Roosevelt transmitted to Congress today a report of the advisory committee on education recommending new federal grants of \$85,000,000 to states during the next six years to improve the public schools.

The grants, to begin a year hence at \$70,000,000, would be increased approximately \$10,000,000 each of the ten following years and \$20,000,000 each year thereafter until they reach \$150,000,000 in 1945.

These grants would be in addition to the permanently authorized federal grants of more than \$50,000,000 a year for vocational education.

Road Department To Receive Paving Bids

PAID-UP BIDDING, Feb. 23.—(AP)—The Road Department will receive bids March 1 for paving one fourth of a mile of state road 4 between N.W. Street and Vine Street in Jacksonville.

It is a Federal-aid project. The paving is to be reinforced concrete seven inches thick and 40 feet wide from curb to curb.

The department also will receive bids for building and surfacing approaches to the Yellow House county.

Celery Feds Lose Hard Fought Game To Orlando Tigers By 35 To 30 Score

By JULIAN STENSTROM
Coach Leonard L. Melucas of Seminole High School Celery Feds nearly knocked the highly touted Orlando High School Tigers out of a seeded berth in the forthcoming region basketball tournament to be held in Jacksonville next week by holding the Tigers down to a 35 to 30 decision in the last scheduled game of the season last night.

The Feds led the game and played brilliant ball in both offense and defensive departments and held a lead over the Tigers after two minutes of play in the initial period until three minutes remaining to play in the final quarter.

After Orlando made the initial field goal, Mel Williams sent the ball into the basket with the first marker and then the Sanford center, called two more baskets to take a 6 to 2 lead.

Secretary Ickes Calls For Front Against Fascism

Plea Is Re-Broadcast To British Empire; Without Precedent

WASHINGTON, Feb. 23.—(AP)—Secretary of Interior Harold I. Ickes, in an unprecedented broadcast to Great Britain last night, appealed for strengthening of the world Democratic front to beat the threat of Fascism and Communism which have the will to conquer at all costs.

His plea, which was re-broadcast through the British Empire, was regarded especially significant in view of the governmental crisis in London and Prime Minister Neville Chamberlain's attempts to open diplomatic discussions for a rapprochement with Italy.

The outspoken cabinet officer said that Fascism is the greatest threat in the world today, and added that totalitarianism in any form is akin to the spirit of the English-speaking democracies and cannot live side by side in the same country with democracy.

Ickes was the first of a group of speakers, not yet named, who will address Britain over international radio linkups under the title "America speaks."

"The community of interest that exists between Britain and America, as well as between other people who believe in democracy, should be strengthened," he declared.

The principal of democracy is (Continued on Page Three)

Rebels Launch Triple Attack On Loyalists

Land, Sea And Air Forces Combine In Most Decisive Action Of Civil War

HERNDAYE, France, Feb. 23.—(AP)—Combined land, sea and air attacks today carried Spanish insurgents toward the government's Mediterranean seaboard strongholds. The movement, following the fall of strategic Teruel on the eastern front, threatened to develop into a decisive action of the Spanish civil war.

Military dispatches said that while insurgent troops drove eastward, warships rounded the coast and planes rained over cities behind the lines after triple action yesterday brought the occupation of Teruel, sea bombardments of Sagunto and Valencia, and air raids on coastal Barcelona and Tarragona.

Government troops, driven out of Teruel, hastily formed new lines between that point and sea.

Yesterday the strategic city of Teruel in ruins after two months of bombardment, fell under Spanish rebel control again when government forces gave up its defense and made a hasty retreat.

The rebels reoccupied the city, 160 miles east of Madrid, two months after the government took it in one of its most successful operations of the war.

Entirely surrounded by rebel troops, the government garrison formed into an attacking column and fought its way out of the city after a night of bitter street fighting.

Government advisers said the retreating troops fell back to the northeast Spanish town of Alcañiz, 100 miles east of Teruel, in the defense where the government stopped the rebels early in the war and held them for nearly a year and a half.

Government advisers said the retreating troops fell back to the northeast Spanish town of Alcañiz, 100 miles east of Teruel, in the defense where the government stopped the rebels early in the war and held them for nearly a year and a half.

Government advisers said the retreating troops fell back to the northeast Spanish town of Alcañiz, 100 miles east of Teruel, in the defense where the government stopped the rebels early in the war and held them for nearly a year and a half.

Dan Brainard Signs For Season With Charlotte Outfit

Dan Brainard, East Coast youth who was an ace mountaineer for the Lookouts in the Florida State League last season, ended his contract worries when he returned to the second contract to Charlotte yesterday, only this time it bore his signature. The Herald advised today.

Brainard refused to comment on how much the contract called for but he stated that he will report as scheduled in Charlotte early next month.

Brainard played in 41 Sanford games last season, including all relief roles. He won 19 games during the regular playing season and lost 11 for an average of .633 while during the series with DeLand and Gainesville, he was credited with two victories and one loss. He struck out 200 batters during the year and sent 115 men down via the strike-out route.

Brainard will play under Calvin Griffith with the Hornets and is expected to take over a starting pitcher's berth. Along with Brainard those who are going to Charlotte from the Sanford club are "Swede" Martin, Bobby Prichard, Mayo Langston, Ellis Clary, and several others.

Chinese Airplanes Attack Jap Colony In First Air Raid

Kiwanis Club Is Given Exhibition Of Radio System

An explanation and demonstration of the new police radio system was given at the regular weekly luncheon of the Kiwanis Club today by radio expert P. A. Anderson of Camden, N. J., and Harry Leighley of Atlanta, Ga., who are in Sanford installing the new radio unit.

Songs were also rendered as part of the program by Dr. James R. Clinton, an evangelist who is conducting services at the Congregational Church.

The Vocational Guidance Committee reported that Judge R. W. Ware had delivered a talk on "Law" before the junior class of the Seminole High School and announced that Dr. D. G. Scott will give a talk at the Oveido High School Friday on "Medicine."

In explaining the ultra frequency system which he has just installed at the local Police Station, Mr. Leighley pointed to the advantages of this type for Police work over the conventional short wave sets employed by many Police stations over the nation.

The radio expert asserted that there were no dead spots caused by high buildings or other obstacles which might cause deflection of the radio waves and another important feature is that coverage is limited to the immediate vicinity of the transmitter, and only specially sets can pick up the signals.

Mr. Leighley commented on the 120 foot mast on which the radiator for the local station has been mounted, declaring that the height of the mast insures coverage of the entire county.

He reported that the equipment was completely installed and ready for operations and declared that initial tests showed perfect coverage to the County line 18 miles away, and also recounted an incident which occurred as tests were being made during the installation.

Mr. Anderson, whose automobile is equipped with a two-way outfit similar to that of the local Police Department, was coming to Sanford from Tampa and heard the test signals of the Sanford station below Orlando, Mr. Leighley reported. In Winter Park he transmitted signals from his auto which were picked up on the receiver of the local police cruiser by Chief of Police Roy G. Williams.

Mr. Anderson, who is sales manager of the Police Radio division of the RCA, demonstrated the operation of the two-way sets to members of the Kiwanis Club following the meeting.

Guests at the meeting were Messrs. Joe Smous and John Berkoff of Park Ridge, Ill., Mr. Anderson, Mr. Leighley, Chief of Police Roy G. Williams, Dr. James R. Clinton, Philadelphia, Pa., Dr. John R. Williams of Atlanta, Ga.

Legion Drum Corps Practices Wednesday

Beginning tonight the regular practice sessions of the Sons of the Legion Drum and Bugle Corps will be held on Wednesday night instead of Friday night. Percy Mero, advisor of the group announced today.

Mr. Mero said that the decrease in attendance because of other activities scheduled for Friday nights was the reason for the change and also announced that the drills will be held from 7:00 o'clock to 8:00 o'clock as has been the custom.

Following the drill session in preparation for their appearance at the Father Son Banquet of the local Legionnaires on Mar. 7, shooting practice will be held in the Arcade gallery for those who wish to attend. Tommy Mero and Fred Wight tied for high honors last week, both scoring 45 points of a possible 50.

Robber Escapes With Suits From Cleaners

A burglar entered Lane's Dry Cleaners on Second Street between Park and Mainolia Avenues some time last night and escaped with an estimated \$500 worth of clothing. Chief of Police Roy G. Williams reported this morning.

The marauder entered the establishment through knocking out a lobby panel in the rear door with a jack lever. Members of the Police Department have investigated but as yet have found nothing which might lead to the identification of the burglar.

Sgt. J. A. Howard, local fingerprint expert, stated that attempts will be made to remove fingerprints from the jack lever which was recovered by Police.

TO OPEN CITY BUILDING

LEESBURG, Feb. 23.—John L. Fahn, Lake County representative and mayor of Leesburg, will speak tomorrow evening at the formal opening of the new community house at Coleman.

LOCAL WEATHER

Cloudy, probably showers tonight and Thursday. Slightly warmer on next central slightly colder in extreme portion tonight, slightly colder north and central portions today.

WEDNESDAY, FEB. 23, 1938

BIBLE VERSE FOR TODAY

JUDGE YOURSELF IMPARTIALLY: He that is first in his own cause seemeth just; but his neighbor cometh and searcheth him.—Prov. 18:17.

There is so much news from Europe these days that some of the bigger Florida newspapers seem to be overlooking the fact that a senatorial race is on.

On the front page of the current issue of Florida Farm & Grove is a picture of Seminole County's Big Tree. Farm & Grove is circulated by most of the leading newspapers in the state.

Many a budding young writer these days is figuring on being the man to take O. O. McIntyre's place. But the world is still waiting for someone who can fill Will Rogers's shoes, and Arthur Brisbane's.

Many of the "big shots" in Florida met in Mount Dora Tuesday to speak at the Third Annual Convention of the Florida Waterway Congress. Most of them discussed the cross state canal, estimated the expenditure of \$225,000,000 in Florida, predicted its construction. But not one of them mentioned the taxpayer. He was the "forgotten man".

Not many people are impressed when they read in the papers that forty thousand persons were killed last year in automobile accidents. They are impressed when they see a car in which people whom they knew were riding and which has been frightfully demolished against the side of a truck while its occupants have been as frightfully killed or injured. It is brought home to us when it happens to people we know. And the worst part about it is that such accidents can be prevented. Some day they will be.

Celery selling in northern markets for less than the cost of transportation, citrus fruit still hanging on the trees because it does not pay to pick it, unemployment increasing everywhere, are giving new life to the Townsend old age pension movement. Arguments as to the wisdom of giving \$200,000,000 elderly people \$200 a month as a pension find attentive ears among depressed people who would not give it a moment's thought if they were not so depressed. With Dr. Roosevelt having reached the doubtful stage as a result, the people naturally look for another one.

It is interesting to note that while the Eden policy is the dangerous one, as far as any immediate conflict with Germany or Italy is concerned, it is the common people in England, the Labor party if you please, which is most insistent that England take a strong stand, as Eden advocated, refuse to compromise with the fascist dictators, and protect the weaker nations of Europe, even at the cost of war. If war should result from such a policy, demanded by the rank and file, at least the war couldn't be blamed on the munition makers and the financial interests.

Walter Lippmann says it is not inconceivable that what has happened to Austria may some day happen to some South American country. In certain parts of the continent on our south are large areas densely populated with foreign elements having strong ties with the old country. Italy and Germany are perhaps the best represented of any European country besides Spain. What would happen to the Monroe Doctrine, Mr. Lippmann wants to know, if a group of Europeans living in South America should seize possession of their government, ally, or subject themselves, to some European power.

A Chance To Cut Taxes

The extent and seriousness of tax delinquency in Sanford has been brought to light by the recent decision of the City Commission to effect a compromise settlement of outstanding taxes prior to 1934. Figures released at the City Hall disclose that out of a total assessed valuation of \$5,521,136 on real property, \$2,500,000, or nearly half, is not paying taxes, and in most cases has not paid any taxes for five or ten years.

And so we have a situation in Sanford where half the property is forced to carry the tax burden for the whole town. And since the cost of operating the City and providing for the debt service is fairly rigidly fixed and certainly cannot be reduced any more than it has been, the burden of the taxpayers is twice as heavy as it would be if everyone were paying his taxes.

At the present time the City levies a 30 mill tax against real property assessed at \$5,521,136 (except in cases of homesteads where the millage is 15) and last year it collected from this tax a total of \$67,916. Since only half the property in town paid any tax, it is clear from this that if all had paid the City would have received approximately \$135,000.

Just what this additional revenue of \$67,000 would mean to the City and to the taxpayers is not difficult to see when one realizes that the total operating expenses of the City are only \$96,000 and that the total requirements for interest on the entire bond debt this year are only \$52,000. In other words the revenue received from the taxpayers who have not been paying taxes alone would be more than sufficient to carry the bonded indebtedness.

The effect of this would be to lighten the load for all the taxpayers. There has been some criticism of the compromise plan on the grounds that it is not fair to those who have been paying their taxes in full, year after year right through the depression. These taxpayers should not lose sight of the fact that if other property owners can be brought back into the taxpaying class, the burden which all taxpayers will have to bear in the future will be made considerably lighter.

And the property owner, who is delinquent and who is wondering whether it is worth while to pay up and who is considering the probable amount of his taxes in years to come, should remember that they will be considerably lighter than they are at present if all the delinquent taxpayers in the City resume the payment of taxes. They should remember, too, that if some of them don't, their property will be foreclosed by the City and sold to someone else who will be glad enough to pay the taxes in the future.

The compromise plan, as we see it, offers the best opportunity for real tax reduction which the City has had in many a year and it is one in which every honest citizen should join in whole-hearted co-operation.

A Queer Alliance

The old familiar saying that "If you don't want to get stunk up, don't run around with skunks" is admirably exemplified, it seems to us, in the current attempt of the British Prime Minister to make friends with Hitler and Mussolini.

Both the fascist dictators have ably demonstrated again and again that they are a pair of unmitigated bullies, utterly unscrupulous in their methods, arrogant, ruthless, blood-thirsty, selfish and domineering. They would stop at nothing to gain their ends, and would as soon double-cross their best friend, or slit the throat of an innocent child, as the worst pirate that ever skuttled a ship, or the lowest racketeer that ever darkened Chicago's horizon in the heyday of gangster warfare.

To try to make friends with such a crew is as futile as marrying the most notorious harlot in town with the hope of reforming her, or playing poker with the biggest crook in the underworld after he has promised not to cheat you, or getting into the rumble seat with your best girl after a drug crazed dope-fiend had promised to drive you home at a speed not in excess of 30 miles an hour.

Mr. Chamberlain may be striving to postpone a war until England is better prepared, or he may be waiting, for political reasons, until British public opinion compels him to take a stronger stand, but if he sincerely believes that Hitler and Mussolini are to be trusted to preserve the peace of Europe in return for any concessions which England is prepared to give, he is a bigger fool than any prime minister ought to be.

MAN ABOUT MANHATTAN

By GEORGE TUCKER

NEW YORK, Feb. 23.—Occasionally there shuffles up to the curb a panhandler with a new and refreshing argument.

Such a browser stepped smartly up to Bob Ripley and touched him on the arm. "Excuse me," he said. "Can you let me have 25 cents for a cup of coffee?"

"Thirty-five cent coffee costs only a nickel,"

"Yeah, I know," replied the beggar. "But I've got to get my turkey dressed."

"If I see him who tells this one on himself, Joe was pretty much in need of sleep and was gratefully pounding his ear the other night when a terrific racket brought him angrily into this world."

Donning his robe, the head leader rushed next door and gave the unthinking merry-makers a blistering dressing down.

"Say," ejaculated the fellow "didn't you Joe Hines?"

"Well, yes I am," replied Hines, somewhat mollified, "what about it?"

"Gosh, I think you're the greatest band leader in New York. I was just playing some of your records. . . . Tell me when that trumpet goes, ta-to-to-ti-ti, what is that bell-like noise in the background?"

Several hours later, when Joe got back to his own room, he

STRANGE AS IT SEEMS—By JOHN HIX

For further proof address the author, inclosing a stamped envelope for reply. Reg. U. S. Pat. Off.

Cartoon titled 'STRANGE AS IT SEEMS' by John Hix. It depicts a man in a hat looking at a large snake crawling in a loop. Text includes: 'THE FIRST NEWSPAPER CARTOON IN AMERICA WAS HERE!', 'JOIN OR DIE', 'IT SHOWED A SNAKE CRAWLING IN 'UP AND DOWN' LOOPS, BUT SNAKES DO NOT CRAWL THAT WAY!', 'THE MYSTERY NUMBER! (2127-1)(2126) THE LARGEST PERFECT NUMBER KNOWN, HAS NEVER BEEN COMPUTED! ONLY 7 PERFECT NUMBERS (EQUAL TO THE SUM OF THEIR DIVISIBLE PARTS) OCCUR IN THE FIRST BILLION... EIGHTH IS 2,305,843,008,139,562,128', 'BLIND INSECT ARCHITECTS—ANTS OF NORTHERN AUSTRALIA BUILD THEIR NESTS IN PERFECT NORTH-SOUTH ALIGNMENT TO RECEIVE A MINIMUM OF HEAT FROM THE SUN—YET THE TINY INSECTS NEVER SEE SUNLIGHT!', 'PETER II. of Yugoslavia, THE LARGEST KINGDOM, RECEIVES \$800,000 A YEAR—MORE THAN ANY OTHER MONARCH EXCEPT HIROHITO, EMPEROR OF JAPAN!', 'HIGH-SALARIED KINGS . . . Not King George VI of England, but young Peter II of Yugoslavia is Europe's highest paid monarch, George gets a mere \$500,000 pittance to do with what he likes; Peter draws \$850,000 a year, Hirohito, Emperor of Japan, leads with a \$2,250,000 annual income—about \$6,000 a day!', 'PERFECT NUMBERS . . . A perfect number is one which is equal to the sum of its divisible parts. Thus six equals the sum of one, two and three. Strange as it seems, there are only four perfect numbers in the first million! Two (six and twenty eight) occur in the first hundred whole numbers; seven in the first billion. Eighth is 2,305,843,008,139,562,128. The largest known perfect number is 2127-1 multiplied by 2126. It has never been computed, so far as is known.', 'CARTOON MISTAKE . . . Strange as it seems, America's first cartoon committed a glaring error. Its author, Benjamin Franklin, had created an exact left portrayal of the "united west" continent of the early American colonies in 1754, but sadly illustrated the idea with a disoriented snake crawling in up-and-down loops, something snakes never do. They "crawl" sideways.', 'THE BLIND ARCHITECTS . . . "Go to the ant, thou sluggard, consider her ways, and be wise," Proverbs, VI:6. No more wonderful organization of life exists than among the countless billions of ants that crawl over the face of the Earth. Many lessons in sociology may be learned from study of their ways, some of which are so amazing as to be unbelievable. Strange as it seems, in Northern Australia there is a member of the ant family—the termite, Ambrozoa meridionalis—that builds huge nests of earth in exactly a north-south orientation, to receive a minimum of heat from the strange summer sun. Yet, oddly, this ant is totally blind! How the millions of tiny insects know just where to drop their tiny loads of dirt particles to create the amazing structure is a mystery of nature. Each mound is about eight feet high. Its north-south axis is roughly ten feet long while the east-west axis measures but two feet at the greatest width. Natives of Australia have long made use of these "compass-nests" in finding their way through dense forests.', 'DISPELLING THE FOG By CHARLES MICHELSON Democratic National Committee. Republican thunder filled the air on the anniversary of Lincoln's birthday. We had speeches from Senator Vandenberg, potential candidate for the Presidency, from Chairman John Hamilton of the Republican National Committee, and various Senators, Governors, and lesser lights. With one exception—the speech of Governor Aiken of Vermont—it is doubtful if anybody who listened to those speeches can recall more than an empty rumbling of attacks on President Roosevelt and the restoration of threatened banalities as to the high motives, purposes and prospects of the minority party. There was no constructive word anywhere. Several of them, including Senator Vandenberg and Senator Bridges, of New Hampshire, essayed the task of writing a Republican platform. They numbered the points—eight in the case of the Michigan Senator, ten in the case of his New England colleague—and there was not a new word or a new thought in any of the numbered paragraphs. The Republican principles would seem to be limited to being for what everybody else is for and against: poverty, unemployment, dictatorship, communism and fascism. The inference was, of course, that the Democratic party, and particularly the Roosevelt administration, stood for all the evils and none of the beauties. That was why the note sounded by the Governor of one of the two States that actually voted against Roosevelt in 1936 was such a relief. In all probability, the Governor of Vermont sounded a very loud note to give you an inferiority complex, remember that Shakespeare used only 15,000. One of the politest visitors to New York this season was the London dramatic critic who described a certain play as "ham yether slowly tried." However, he added, there is much to be said for good ham.

particular, ran true to the archaic political habit of prophesying abundant success in the elections this year and in 1940. Perhaps some people may remember the equal positiveness with which the election of Governor Landon was forecasted. Perhaps some of the more sanguine Republican chiefs did for a time entertain the thought that the Governor of Kansas would become President of the United States two years ago, but certainly neither Senator Vandenberg nor any other of the statesmen who went on the air on Lincoln Day entertains a similar superstition about what will happen next November or November two years hence. Even those funny alleged surveys which the newspapers are publishing do not even suggest such a possibility. The most recent of these alleged surveys described in headlines the falling off of the administration's popularity as about one percent. In other words, if this guess were correct and the election were today, Franklin D. Roosevelt would still be elected

Annual Party Given By Girl's Hi-Y Club

The annual party given by the Girl's Hi-Y Club of Seminole High School in honor of the Future Farmers of America was held Monday night at the High School. Committees in charge were as follows: refreshments, Betty Thurmond, Carolyn Boyd, Ann Wright, Nellie Cunningham, Virginia Ford, Louise Hardin and Sadee Williams; games, Marjorie Cogburn, Elizabeth Laffler, Cecelia Truluck and Dorothy Wiggins. At the conclusion of the games a prize was awarded to Fred Bowers. Miss Betty Aiken served as a fortune teller.

Those present were: the Misses Edna Stich, Eda Stich, Duchess Wright, Corby McCall, Margaret Van Ness, Lois Wolfer, Doris Sue Williams, Nancy Brock, Martha Telford, Mildred Wells, Cecelia Truluck, Dorothy Wiggins, Elizabeth Laffler, Jacqueline Campbell, Nancy Rosetter, Gretchen Morrison, Elizabeth Dyson, Wilma Lehnart, Virginia Dunn, Ann Benson, Irene Lundquist, Iris Sebree, Helen Shoemaker, Doris Hayes, Lola Hodges, Grace Sebree, Thelma Burns, Grace Taylor, Katherine Harrison, Alice Johnson and Nellie Cunningham.

Also the Misses Margaret Tenhet, Virginia Ford, Louise Hardin, Betty Thurmond, Marjorie Cogburn, Donna Morgan, Doris Jackson, Sadee Williams, Ann Wright, Carolyn Boyd, Betty Aiken and Mrs. R. C. Maxwell. And Alex Johnson, Roy Hildum, Sam Ritchie, Fred Bowers, J. C. Spivey, Robert James, Harvey Hale, David Shannon, Robert Mauser, H. W. Shannon, George Mauser, Ronald W. Minchred, Harold Clause, Nash Kennedy, Mike Saus, Amos Jones, Kenneth Gustavson, Bill Martin, Harold Keeling, Robert Greer, Frank Jones, Jack Martin, Charles Bradbury, and Gordon Gustavson.

Fidelis Class Meets At Mrs. Pell's Home

Mrs. J. P. Holtzclaw, president, presided over the meeting of the Fidelis Class of the First Baptist Church which was held last night at the home of Mrs. W. J. Pell, on Palmetto Avenue.
After a short business session during which routine matters were discussed several games and contests were enjoyed for which Miss Lorene Franklin was awarded a prize.
The hostess served refreshments to the following: Mrs. Homer Little, Mrs. J. P. Whittaker, Mrs. J. E. Stempert, Mrs. S. C. Grant, Mrs. J. A. Barn, Mrs. D. K. McCab, Mrs. J. P. Holtzclaw, Mrs. J. A. Blount, Jr., Mrs. G. B. Moore, Mrs. M. W. Roberts, Mrs. H. W. Landy, Mrs. J. L. Thornley, Mrs. S. H. English, Mrs. L. B. Reel, Mrs. John L. Miller, Mrs. Myron Smith, Mrs. C. P. Henderson, Miss Lorene Franklin and Miss Minnie Beck.

Plans Laid By Girl Scouts For Court

The Girl Scouts of Troop No. 2 made plans for the next court of awards at their regular meeting which was held Tuesday at the Little House.
During the afternoon several tenderfoot tests were passed after which ice cream was served to approximately 18 girls.

Personals

Mr. and Mrs. Sam Fleischer and daughter, Phyllis, of Sarasota are visiting here.
Robert Axt of Blueville, N. J., is spending several weeks with Mr. and Mrs. R. B. Axt.
Miss Nell Malloney of New York City is the guest of her sister, Mrs. Frank McKeon.
Mrs. Fred Frankhouse of Port Royal, Pa., will arrive tomorrow to be the guest of Mr. and Mrs. Ben Cantwell.

Fifty-Fifty Bible Class Holds Meet

Mrs. C. E. Williams, Mrs. Oscar Price and Miss Louise Swain were hostesses to the members of the Fifty-Fifty Bible Class which met Monday evening at the Methodist Church Annex.
The meeting was presided over by the vice-president, Mrs. G. H. Sims. Mrs. L. M. Swain gave the devotional after which the Rev. Paul Redeman led in prayer.
During the social hour a Professor Quiz Contest was enjoyed for which Mrs. G. H. Sims was awarded the prize. Refreshments were served by the hostesses to the following:
Mr. and Mrs. W. C. Coleman, Mr. and Mrs. L. M. Swain, Mr. and Mrs. G. H. Sims, Mr. and Mrs. Clarence L. Wynn, Mr. and Mrs. C. E. McSherron, Mr. and Mrs. L. C. Goodby, Mr. and Mrs. R. U. Hittelson, Mrs. Eacar Price, Mr. and Mrs. Arthur Phillips, Mrs. J. H. Thudel, Mrs. P. W. Bradford, Mrs. R. W. Ware, Mrs. W. P. Bryan, Mrs. C. E. Williams, the Misses Eula McCullar, Louise Swain, Emily Priest and Norine Norwood. Also Ed Mitchell the Rev. Paul Redeman, George Sims, Jr., Douglas McSherron and Duane McLarrow.

Chairmen Announced For Legion Dance

Mrs. Henry McLaulin, Jr. recently elected general chairman for the benefit dance to be sponsored by the American Legion Auxiliary on March 1, has announced the following committee chairman:
Orchestra—Mrs. C. L. Irwin, Piano—Mrs. H. C. Washburn, Floor Show—Mrs. P. E. Bonnell.
Publicity—Mrs. V. M. Green, Tickets—Mrs. W. D. Hoffman, Tables—Mrs. P. J. Angel, Decorations—Mrs. T. L. Sullivan.
Mrs. Sullivan, president, stated the Auxiliary has received many enthusiastic endorsements of its New Year's Eve Dance and it is hoped that this dance will be even more worthy of a large patronage. The orchestra committee has been fortunate in securing Victor Westey's orchestra and believe their choice will receive the enthusiastic approval of hundreds of dancers in Sanford and vicinity. All committee chairmen are working to make this dance an event Sanford dancers will remember with pleasure.
"Those in charge of arrangements," she further said, "express appreciation for the splendid cooperation they're enjoying and strong encouragement for the ultimate success of this benefit dance."

Fascism Given High Praise At Jaycee Meet

Continued From Page One
at that time sweeping Italy, he said.
Continually gaining strength in parliamentary representation, they took over the control of the government in 1921 and their President, Mussolini, was appointed Premier of Italy.
The suppression of communism and anarchism, then so prevalent, required a strong hand and stronger measures, and these of necessity were resorted to by the Fascists in their fight to save their country, Mr. DeBella said, declaring "so rose Fascism."
Mr. DeBella, from personal experience, was strong in his praise of the almost immeasurable improvement that Fascism has made in Italy since coming into power. The people are happier, more prosperous, he said. Taxes are equally distributed—capital and labor bearing their share without prejudice to either—working together in harmony.
All finances, are conserved for the benefit of the country and freedom of religious belief is of paramount importance. On the whole Fascism has worked wonders in Italy, Mr. DeBella stated.
Mr. DeBella was strong in his condemnation of Nazism, the basic principles of which, he declared, were as far removed from those upon which Fascism was founded as the north and south poles.
Communist propaganda attempts to brand all who are opposed to Communism as Fascists, but this is far from the truth, Mr. DeBella asserted, declaring that Fascists are bitter enemies of the Communist creed, but that all enemies of Communism are not Fascists.
Fascism in the true sense exists only in Italy—not in Germany, Spain or Japan or in any other nation to which the term has been loosely applied, DeBella declared, adding that Fascism has its faults, as has every other form of government but that in Italy it has been a wonderful success.
The fight today, DeBella declared in conclusion is against Communism and anarchism. "If Democracies fail in their fight against these elements, God forbid that they should, then Fascism must carry on the fight to save the world from ruin," he said.
Mr. DeBella came to the United States at the age of 20 and has lived here for 27 years, serving with the American forces during the World War. He returned to Italy in 1933 and was engaged in road and building construction for two years, and during that time he claimed that he secured a first hand and intimate knowledge of the workings of Fascism.
E. E. Lane, president of the Club, presided over the meeting yesterday and Joe Davis, was chairman of the program committee.
Mr. Lane reported that further plans were discussed for the proposed city golf tournament to be sponsored by the organization. Visitors at the meeting yesterday, included Dr. H. W. Tucker and R. J. Holly, Jr.

Celery Feds Lose Hard Fought Game

Continued From Page One
play the Fed leverage until the final minutes of the last period.
With the final minutes of play coming up Monday Arnold, a former Sanford youth, came up with two fast field goals and Trapp with a short one to clinch the victory.
Arnold, after scoring a long field goal in the first half, came back to take the high point honors with a total of 13 points which were gathered with five goals from the field and three free shots. Frank Merchant of the Feds gathered four field goals and three free shots to take second honors with a total of 11 points while Red Williams and Edell tied for third place with 10 points each.
Red Williams took defensive honors for the entire tilt when he held the high scoring guard of Orlando, Red Cooper, to the ropes and yielded him only three attempts at the basket and Cooper failed to make one shot. Cooper also made no free shots in going for the first time this season.
There was a small number of fouls called by official Carlisle Hughes and no player was ejected from the game. The personal foul count, both teams played excellent ball and local followers hoped that if the Feds display the type of basketball they played Friday and Saturday in the Northeast Florida Conference Tournament that they did on the Orlando court last evening, they will come out with top honors.
About 500 Sanford and Orlando fans witnessed the tilt and much comment was heard following the contest. Had the local papers defeated the Tampa, Orlando would have had a second berth in the Regional Tournament and probably would have given the Feds a higher rating during the regional clashes.

See our windows for prices.

Mountain Swing Is New Type Of Music

Skillful blending of the old and the new was accomplished in a novel entertainment departure by Warner Bros., when they made "Swing Your Lady," the comedy now showing at the Ritz Theatre. Hilarious music and swing music have been wedded and the result is expected to establish a new trend in popular tunes.
Notable among the songs written especially by M. K. Jerome and Jack Scholl for the picture is "Hill Billy from Tenth Avenue," which is sung by Penny Singleton. She plays opposite Humphrey Bogart, and others in the cast include Louise Fazenda, Nat Pendleton, Frank McHugh, Allen Jenkins, and the Weaver Bros. and Elvira, hillbillies of vaudeville fame.
A real square dance beloved by natives of the Ozarks is called by Elvira to the tune of "Mountain Swingaroo." Among other songs are "The Old Apple Tree," "Swing

Secretary Ickes Calls For Front Against Fascism

Continued From Page One
under attack through the world, he said, and is faced with the greatest fight in its history to continue.
"In all parts of the world it is beset by two fanatical foes, which have the will to conquer at all costs. Democracy cannot live side by side in the same country with either Fascism or Communism.
"Democracy is the very antithesis of both of these objectionable systems of government. To 'Swing Your Lady' and 'Dig Me a Grave in Missouri.' Ray Enright directed.

Talitarianism, either of the right or of the left, is alien to the spirit that dominates the English speaking democracies of the world. Totalitarianism is subversive to the ideals upon which our democracies are founded.

NOTICE
Everyone is invited to attend the observance of the World Day of Prayer, by the women of the Protestant Churches all over the world, which will be held the first day of Lent, March 4, at the First Methodist Church.

Florida Waterways Are Discussed At Parley In Eustis

MOUNT DOHA, Feb. 23.—(AP)—Four hundred members of the Florida Waterways Congress re-elected all officers yesterday and voted to hold the 1939 meeting here.

Officers are Walter E. Cochran of Jacksonville, chairman; W. P. Franklin of Fort Myers, first vice chairman; H. C. Brown of Clermont, second vice chairman; and Karl Lehmann of Tavares, secretary-treasurer.

Members, representing 29 counties, heard Senator Claude Pepper declare "when waterway projects and harbors show they are a public benefit, Federal government should pay off such indebtedness as cities, counties or States incurred to build them."

State Senator Sponner L. Holland of Hervey said the "citrus industry welcomes water transportation or anything else for cheaper shipping."

"More than half of the Florida citrus crop which went to north-eastern markets this season meted by boat," Holland said.

General Charles T. Sumnerall, former chief of staff of the United States Army and now president of the National Gulf-Atlantic Ship Canal Association, said "any other nation but this would have built the cross-State canal long ago."

"The value of the Florida canal for national defense alone justifies its cost many times," he continued.

"The Florida canal is as far removed from potential enemy bases, and is as defensible as the Panama Canal. The Florida Straits are less defensible than the English Channel."

Seminole County residents attending the Congress were: T. B. Simpson, president of the Seminole County Chamber of Commerce; James Gut, Mr. and Mrs. H. J. Lehmann, Mr. and Mrs. W. I. Tunnicliffe, Fred Foreward and W. B. Carwell of Forest City.

CATTLEMEN TO CONVENE

BELLE GLADE, Feb. 23.—(AP)—South Florida Cattlemen will gather at the Everglades experiment station here Thursday for a beef cattle field day.

CORRECT MEN'S WEAR

Men in Clothes Revolt for Washable Weaves

MEN FINALLY are demanding in their summer clothes the same comfort women have enjoyed so long. Instead of hot-looking, black formal wear, men are affecting white tees and black trousers in washable fabrics, as seen in the picture at the right. The same Palm Beach material is used for sports and day wear in countless colors and colors. Shoulders are not padded, and coats and trousers alike are washable. Comfortable costumes, such as worn by the golfer on the right, above, have nothing on the men's clothes now. The men shown above prove it.

MIAMI BEACH, Fla.—Men here are in revolt!

They are demanding more comfortable dress on a platform of "equal rights with women."

Heavy woolsen underwear, high collars and ties that bind have gone the way of the bustle and hoop skirt in a campaign among men wintering here—the same men who set the styles for the nation in the coming summer.

The male of the species had come to the realization that men, too, can get the benefit of the sun's warm rays and of fresh salt breezes, and yet blend harmoniously into the colorful tropical scenery with the patterns that stylists now dangle before them.

Men have swung to washable suits there are grays, blues and browns in solids and stripes. Dinner parties and the gay night spots are gay because they have lost the formal appearance given them so long by the male guests. White dinner coats worn with light weight black trousers are overwhelming popular and have done away with the stiffness of the formal and semi-formal gatherings.

A decade ago no one would have appeared on a golf course attired in anything but knickerbockers. Today the better grade of slacks, adaptable to these sports because they are highly porous, as nearly wrinkle-proof as they can be, are attractive in shadow, plaids, checks, blue, tan and white, are the vogue.

Farmer Serves Term For Shooting Hound

RIPKEY, Tenn., Feb. 23.—(AP)—Sheriff Tom Hamill said Jesse Frost, 30-year-old farmer, is serving a 30 day jail sentence for shooting a hound dog about five years ago. The sheriff said Frost went to jail last week rather than pay about \$75 which the jury set as the value of the dog and costs of the court proceedings.

The officer said Frost shot and killed the dog when he caught it running across his field. The dog's owner had Frost arrested. Frost lost and appealed the case. When he lost the appeal also he went to jail.

Rev. John R. Williams Talks To Young Folks

Rev. John R. Williams in his talk to the young people at the Presbyterian Church last night said he believes that at the present rate of downward speed, ten years from now will see the finish of social life unless we are rescued by the younger generation.

Many of the young people are already disgusted with the trend of our social life, he said, and some even with the conduct of their parents. He dwelt on the fact that today we are giving our young people more liberty, education, power and responsibility in exalted leadership. Shady deals in politics and crooked business investments coupled with low morality will mean victory for the devil unless the generation of today comes to the rescue, he said.

British Labor Demands Vote On Peace Plan

Continued From Page One

by force.

The effect of the new policy on the United States was flung into the bitter debate on several occasions by opposition members in their running fire and former Prime Minister David Lloyd George accused Chamberlain of withholding an Italian telegram until Eden resigned.

Arthur Greenwood, vice-chairman of the labor party who moved the vote of censure, declared that recognition of Italy's conquest of Ethiopia "would really hamstring the President of the United States and drive him completely into a policy of isolation."

Winston Churchill, former cabinet minister, charged that in the United States "had his colleagues from these 'islands' millions of people there who are six chemists have been asked with the means to mock the sincerity of British ideas in X.X.X."

He said American isolationists now could "represent that we are all of us continental people, tarred with the same brush, and that there is nothing to choose between us."

"That is propaganda which is now being given enormous impetus while our friends and those who steadily are working for closer co-operation of the two countries on parallel lines are downcast, baffled and bewildered."

BRUCE BARTON—THE MAN: One of the pleasures of being a member of Congress is in having the privilege of hobnobbing with outstanding men of the nation. I was amused sometime back when Congressman Sullivan resigned from Congress to become head of Tompkins Hill to see that Bruce Barton, the author and writer, was a candidate for Congress from the "4th" district of New York. I am more puzzled now than before. I have had the pleasure of knowing Bruce Barton intimately for some weeks and find him to be a very intelligent and refined gentleman and an outstanding man. I cannot understand why he wanted to be in Congress, however. I would like to make a prediction that as a result of Bruce Barton's stay in Congress, someday we will have an unbiased, unprejudiced and non-partisan view of the inside of Congress in book form and Bruce Barton will be the author.

LET'S WATCH THIS: It seems there are a lot of labor troubles arising in Pennsylvania. At least, it is claimed as a great labor state. Pennsylvania has just put into effect the most drastic work-week limitation ever written—a universal 44 hour week limit for all workers men or women, wherever employed. I have been unable to determine what was the limit on wages, however. The Pennsylvania law can be made a test case and maybe the Congress will be able to determine a law for the control of wages and hours on a national scale would be successful. Let's watch this!

FARM LABORERS: At the same time Pennsylvania is trying out working with restriction laws, we may think of the plight of the farmer. Farm workers, like the workers in a large proportion of industry, took a sharp cut in pay during the last quarter of 1937. Wages paid agricultural workers declined twice as much during the last three months as is customary during this season of the year.

VETERANS HOSPITAL: There has been allotted to the Veterans Administration at Bay Pines, Florida, \$800,000 for additional buildings and equipment. This amount will be expended within the near future and when the total proposed improvements are completed, there will be an expenditure of \$1,118,000. It is expected

BERLIN, Feb. 23.—(AP)—Nazi last night expected an Anglo-German accord would follow on the heels of a triumph of British and Italian diplomats in a move for pacification of Europe.

It was believed Prime Minister Neville Chamberlain would not allow Czechoslovakia, in whose direction German eyes have turned since Chancellor Adolf Hitler proclaimed protection of German minorities in Central Europe, to be an obstacle to such an accord.

Germany thus was seen as feeling herself free to bring pressure upon the State which emerged as a republic at the end of the World War and which has almost 3,500,000 Germans in its population.

A Praha dispatch said the Czechoslovak parliament was alarmed today when a Sudeten publicist called for "restraining us" but be prepared to accept the consequences.

The deputy, Gustav May, said "We are sick and tired of being treated as mere objects of State policy. Go on persecuting us as you like—in the end you will have to repent it."

At least 80 per cent of the Germans there are regarded as pro-Nazi with the percentage even greater in Bohemia, the part of Czechoslovakia bounded on three sides by Germany.

In Bohemia, there are 2,150,000 Germans, or about 83 per cent of the population.

Nazis were confident that by the time Hitler visited Premier Benito Mussolini in Rome next May, the Sudeten Germans of Czechoslovakia would have much the same reaction to Germany as Austria and the Free City of Danzig bear to the Reich.

Mr. Williams will speak tonight on "What Faith Is." He will close his series of meetings here Friday night.

HINTS TO HOUSEWIVES

To get the colors in spring wash material soak the materials an hour in salt water, using a third of a cup of salt to each gallon of warm water. Hang the material up while it is dripping. Be sure to place it in the shade.

WEEKLY NEWS COLUMN

CHANGE OF EMPHASIS: We note now and then hopeful signs in Washington and I have called the attention of my friends to some of them before and this is another.

Emphasis now is on direct large-scale Government pumping expenditures. Emphasis now is on use of Government credit to backstop and encourage investment and spending of large privately-held money reserves. The President may be expected to continue to seek cooperation of business men. Acceptance by him of purchasing power theory of recovery fits in with his past pronouncements.

BRUCE BARTON—THE MAN: One of the pleasures of being a member of Congress is in having the privilege of hobnobbing with outstanding men of the nation. I was amused sometime back when Congressman Sullivan resigned from Congress to become head of Tompkins Hill to see that Bruce Barton, the author and writer, was a candidate for Congress from the "4th" district of New York. Pity the poor man who wants to sell something and the only way open to him is house-to-house canvass, telephone solicitation or postal communication. All three methods are tedious and costly and require a long time, and in the end the results are not nearly so good as an inexpensive and efficient classified ad in The Sanford Herald. Many wise men and women are taking advantage of this service to get hold of some ready cash. You, too, can make money by calling us.

What's The World Coming To?

By ALEXANDER R. GEORGE Homes

2. This is the second of five articles in which Alexander R. George, after talking with the researchers who are charting tomorrow's world, pictures life in 1963 as it shapes up in the laboratories and on the drafting boards of 1938.

Many middle-class Americans will be living in "magic houses" 25 years from now.

But don't expect them, or their neighbors, to be gaga about it. For they look pretty much as a matter of course the transition from the cupola cutie and the bay-windowed bachelorette of the Victorian era to the immeasurably more comely and livable house of 1938.

And you can count on U. S. home-lovers, already casually familiar with flip-of-the-finger conveniences, to take in their stride the houses of 1963 with such miracles as:

Telephones that will take down the message whether or not anyone answers the phone.

Newspapers in the home. A bedroom light that will go on automatically in the night when one gets out of bed—an important safety gadget since 39 percent of all home falls occur in bedrooms.

An electric eye that will light the entrance to a house as one approaches it.

Concealed lighting, providing maximum "daylight" illumination night and day, and simultaneously flooding every room with health-giving rays.

Television offering home movies, baseball and football games and photo finishes of horse races. Perhaps a tabloid newspaper by radio or wire facsimile.

Chemically-treated air-conditioning which will kill germs in nose-deadened, germ-proof, dust-free rooms.

Kitchens will go completely mechanical, and there will be a great increase in electrical devices for cooking in the dining room table. Waterproofers and moth-proof closets will be in common use.

Old designs to linger. There will be a number of versions of the elegant house of tomorrow. Architectural styles, exterior and interior construction materials, appliances and furnishings will come in a multiplicity of easily assembled combinations. (Easier assembly of materials, expert say, is key to lower-priced homes.)

Houses will have more flowing lines but many will incorporate graceful contours of classic designs. Architectural seers are confident that American and French colonials, the Georgian house, English and Cape Cod cottages still will be popular.

The trend will be toward smaller houses with maximum utilization of space and labor-saving arrangements. They will come in metals, in brick with steel supports, in fire-resistant wood with self-cleaning paint, in concrete with delicate mosaics, in glass, and, possibly, in rubber.

Pre-fabricated houses will be built of metals, brick panels, plywoods, plastics and various synthetic materials. Some occupants, moving from one town to another, will take their collapsible "pre-fabs" with them. The trailer-type home, of course, will be taken along on jaunts to woods, mountains and seashore.

It will not be fantastic to see combination tile-glass roofs affording miniature solariums in small houses. This offers a new

use for attics. Special "below-livability" garages will be reached by elevators. Coming also are more basement gymnasiums and small swimming pools that can be covered when not in use.

Houses All On The Ground. Many experts believe that in suburban areas houses will be built on a ground-floor plane as far as possible. Living rooms will be shifted to the rear in many cases to escape street noises and provide a view of gardens.

Large wall sections will be devoted to windows, or to glass bricks which provide diffused light without loss of privacy. Plumbing lines will be fewer but more efficient than today's complicated setups.

Many appliances will be built into the house. Room-to-room communicating systems will be installed.

Some experts look for a large number of all-glass houses, the inside walls and partitions of which will be kept clean by the mere rub of a sponge. Floors, in winter would be covered by a thick carpet of solid rubber made of removable squares to afford easy cleaning.

Water will be piped along the walls—to cool the house in summer and to clean the glass.

Au horties see a definite trend to planned large-scale production of single and multiple family homes for sale and rent. Limited dividend corporations will build entire residential sections providing for elaborate landscaping and freedom of traffic hazards.

Central management will insure neighborhood upkeep, recreational facilities and underground parking zones. Cities will encourage similar corporations to rehabilitate run-down residential neighborhoods.

Tomorrow: Food Building Permits Exceed \$2,500,000

JACKSONVILLE, Feb. 23.—Thirty-five Florida municipalities issued building permits valued at more than \$2,500,000.00 during the first month of 1937, it was reported today by the research department of the Florida State Chamber of Commerce.

The exact figure for last month was \$2,500,917.00 as compared with \$3,138,810.00 as the total for January, 1937. Last month's loss over the same period a year ago was \$630,887.00, the report showed.

Three high cities in last month's construction were: Miami, \$651,972; Pensacola, \$313,258; and Jacksonville, \$313,571.

Others of the ten leading cities were: Miami Beach, \$250,868; St. Petersburg, \$153,213; Ft. Lauderdale, \$100,850; Palm Beach, \$91,000; West Palm Beach, \$70,870; Tampa, \$72,330; and Orlando, \$43,751.

Miami Doesn't Like "Magic City" Now

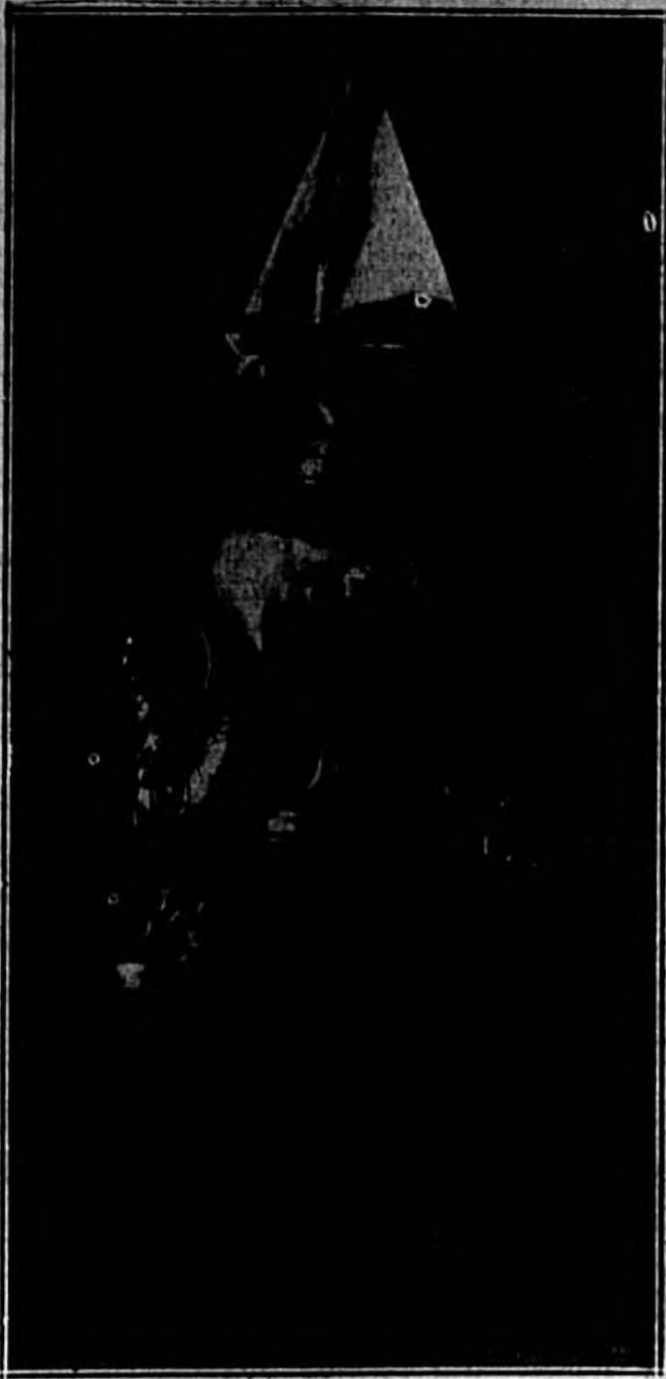

MIAMI, Feb. 23. —(AP)—Miami, trinket of the boom-time slogan, "The Magic City," wishes to become known as "Royal Poinciana City."

As a step toward this goal, the city affairs committee of the Chamber of Commerce asked school children to gather seeds of the royal poinciana tree. The youngsters brought in a truckload.

The committee turned the seeds over to the two railroads entering the city to be planted along their rights of way near the city.

In the spring the royal poinciana becomes a mass of vivid color.

Florida Snipe Championship Trophy

FLORIDA SNIPES CHAMPIONSHIP TROPHY — Snipe sailboat skippers of the state will race for the Walter Hays Florida trophy, shown above, in the international regatta to be held in Clearwater, Fla., February 25-27. The trophy was donated by Walter L. Hays of Orlando. Taver Bayly, commodore of the Clearwater Yacht Club which is sponsoring the regatta, said "this is the most beautiful trophy we have sailed for in the state, and we are all anxious to win it." The trophy is perpetual and the name of the winner each year will be engraved on a special name plate. Standing 31 inches in height, the sun-gold globe is surmounted by two winged victories and topped by a model snipe craft.

Forums To Be Held By Group At Tally

TALLAHASSEE, Feb. 23. —(AP)—A series of open forums in political education will be started at Florida State College for Women here Feb. 24. The "Twenty One Club" limited to students of voting age, 21 years, will sponsor the meetings. Miss Audrey Cooney of Orlando, a senior at the college, is president of the club. The series will continue into March. "Why vote and how to vote in Florida" will be discussed in the first forum by Miss Miriam Irish, associate professor of political science at the college. Miss Betty Orland of Miami, president of the student body, will discuss "voting in the student elections." The "Twenty One Club" was organized last year by Miss Mary Jeanne McKay of Tampa, then student body president. She now is studying public administration at the American University in Washington.

PLENTY OF DRUMSTICKS

PLENTY OF DRUMSTICKS for all the family are possessed by this baby chick hatched at the home of Mrs. Lester Lee in Seattle. It was born with four legs and three wings. The odd flapper can be seen just below the crown of this freak Rhode Island Red. Unlike the rest of the fowl's anatomy, it's cry is "cheep."

Deep Sea Diver Says Squid Not Ferocious

MIAMI, Feb. 23. —(AP)—The octopus is a sissy, if you want Robert M. Zimmerman's opinion on the matter. Zimmerman, a deep sea diver, picked the oldest story of battles to the death between man and who go down into the sea and the mantarated creature of the deep. "The octopus is neither large nor dangerous," he said here. "They live in holes and feed on small fish and brivaltes, and will flee from men."

DANGEROUS

It is dangerous to sell a SUBSTITUTE for 666 just to make three or four cents more. Customers are your best assets; lose them and you lose your business 666 is worth three or four times as much as a SUBSTITUTE.

A Three Days' Cough Is Your Danger Signal

No matter how many medicines you have tried for your cough, chest cold, or bronchial irritation, you can get relief now with Creomulsion. Serious trouble may be brewing and you cannot afford to take a chance with any remedy less potent than Creomulsion, which goes right to the seat of the trouble and aids nature to soothe and heal the inflamed mucous membranes and to loosen and expel the germ-laden phlegm. Even if other remedies have failed, don't be discouraged, try Creomulsion. Your druggist is authorized to refund your money if you are not thoroughly satisfied with the benefits obtained from the very first bottle. Creomulsion is one word—not two, and it has no hyphen in it. Ask for it plainly, see that the name on the bottle is Creomulsion, and you'll get the genuine product and the relief you want. (Adv.)

Florida Orange Week Announced By Governor Cone

Beginning Thursday 189,000 Stores To Begin Citrus Drive

LAKELAND, Feb. 23.—On the eve of the largest national promotion ever arranged to increase the consumption of oranges, Governor Fred P. Cone today proclaimed the week starting tomorrow as "Florida Orange Week" and urged the people of the state to help growers by using more of this fruit.

The Governor's proclamation, released here by Charlie H. Walker of Avon Park, chairman of the Florida Orange Growers Committee, directs attention to this season's bountiful crop and describes the healthful benefits to be obtained by making oranges and orange juice a regular part of the diet.

Starting Thursday, 189,000 retail grocery stores throughout the country will launch a nationwide drive to increase orange sales. Mr. Walker said, participating in this campaign will be the 182,000 stores represented by the Independent Food Distributors Council, and the 37,000 stores represented by the National Association of Food Chains.

Two other weekly orange promotions will be staged by the same retail groups starting March 24 and April 21. These special sales will be similar to last year's successful national grapefruit promotion, in which the chain stores alone are estimated to have spent nearly \$2,000,000 in advertising grapefruit.

Following the grapefruit juice drive, Mr. Marvin announced that the chain drug stores will support the national orange promotion with a campaign to increase drug fountain sales of orange juice from March 19 to April 9. He said that the two citrus campaigns will be the most extensive ever undertaken by drug stores to aid agricultural producers.

Mr. Marvin revealed today that California interests had endeavored to have the national orange promotion delayed one week, because of the serious curtailment of their shipments resulting from recent heavy rains. He said that both independent and chain store groups decided to proceed with the promotion originally planned in view of the record shipment of oranges from Florida in recent weeks.
