**Indoor TV Antenna**

Color or Black/White **88¢**

For VHF, FM or UHF. With 300-ohm lead-in cord. Padded base and aluminum antenna.

# Airport Group Pushes County Site

## Chamber Officials File Data With U. S. Aviation Authority

Years of effort by the Airport Committee of the Seminole County Chamber of Commerce in bringing a general aviation facility to Seminole County moved a little nearer fruition in the past few days.

Chairman Gordon Frederick and members of the airport committee left Friday for meetings in Washington, D.C., and Atlanta, Ga. Meeting with the local group and the Federal Aviation Authority in Atlanta will be Air Traffic Control Officer, Lt. Larry D. White of the Sanford Naval Air Station.

At the Washington meeting Saturday, airport officials were to talk with C. C. Thompson, airport consultant for the Aircraft Owners and Pilots Assn., specialist in planning and specifications for airport facilities.

In Atlanta, the group is scheduled to meet at 10:30 a.m. Tuesday with the Southern Region of the FAA, to discuss site approval.

As recommended by the airport committee, the site of the proposed airport is near Longwood, about three miles southeast of the intersection of Lake Mary Boulevard and Interstate 4.

In February of this year, application was submitted to the FAA seeking approval of this site. After working out some points of conflict between the proposed airport and the Sanford Naval Air Station, the application was scheduled for hearing before the Regional Air Space Committee, Tuesday.

In discussing the project,

Frederick, present chairman of the committee pointed out that approval of the site by FAA is prerequisite to further action.

Frederick commended the Navy's cooperation in the site study.

"The Navy has been most cooperative in assisting the committee to move forward to ultimate site approval," he stated.

"The importance of transportation, especially air transportation becomes more obvious with each passing year. If Seminole County is to keep its place in the progressive movement of Central Florida, we must utilize advance planning to help us meet present needs and keep us abreast of future needs as the area grows," Frederick added.

As proposed, the airport would have one soil cement runway, 5,000 feet long and 200 feet wide. It is estimated that 20 single engine and five multi-engine aircraft could be based there initially, increasing to 45 single engine and 20 multi-engine aircraft within five years.

The purpose of the airport facility will be as a general aviation facility for business and private aircraft and servicing operations, and for public use.

Frederick pointed out that the proposed site, with its access to the Seminole County area via the Lake Mary Boulevard, and to surrounding Central Florida areas, via Interstate 4, will facilitate faster access to business firms in the area, who would be the primary users of the airport.

## Deaths Mount In Singapore Street Fight

SINGAPORE, Malaysia (UPI) — Chinese and Malays killed each other in the streets of Singapore today. In another area Malaysian security forces hunted Indonesian raiders.

It was one of Malaysia's darkest hours since it was created one year ago out of Malaya, Singapore and British Borneo.

Malaysia enjoys parliamentary democracy and the highest standard of living in Asia after Japan. It also is fighting a growing guerrilla war with Indonesia and trying to contend with hostility among its own Malay, Chinese and Indian populations.

Malays and Chinese fought in Singapore today for the sixth straight day of race rioting. Police reports said one person was killed, bringing the death toll since the rioting started to 12. Eighty-five persons have been injured and 23 hospitalized.

Malaysian Prime Minister Tengku Abdul Rahman has blamed the riots on agitators from Indonesia, which has vowed to crush Malaysia as an instrument of British colonial policy.

A Malaysian delegation was en route to New York today to present its charges of Indonesian aggression before the United Nations Security Council.

On the Malay peninsula north of Singapore, security forces skirmished for 20 minutes in a mangrove swamp Sunday night with Indonesian paratroopers, wounding and capturing two of them.

About 45 paratroopers were airdropped last Wednesday near Labis, 100 miles north of Singapore. The Malaysians slain four invaders dead and nine captured.

# Georgia, Carolinas Told To Prep For Sting From Hurricane Dora

## Town Rallies To Assistance Of Unemployed

EDMORE, Mich. (UPI) — This town of 1,300 persons rallied today to aid 200 Puerto Rican and 200 Mexican migrant workers who became stranded when a pickle factory that hired them closed down.

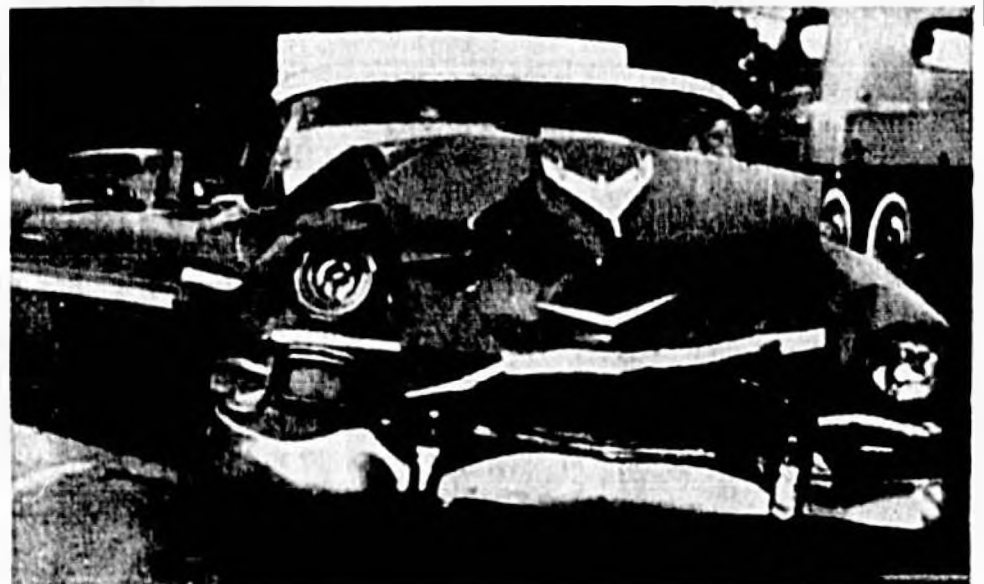

Most of the Puerto Ricans were without funds, although officials said the Mexicans apparently were not so badly off.

Mayor Charles Mox said "we can't let them down. It's our responsibility as human beings to help." Many residents especially members of St. Margaret Mary Roman Catholic Church, gave food to the migrants.

Father Leo Rosloniec, Spanish speaking assistant pastor, said many of them would not have had anything to eat without the help of townspeople.

The plight of the migrants developed when the Pickle Co. plant was shut down Saturday. A possible riot was prevented by law enforcement authorities and Roman Catholic priests.

The Puerto Ricans and Mexicans had been brought here under 13 week contracts. Under the contract, they were to receive \$1 an hour for working 12 hours a day, six days a week. Provisions for their return trip home were that the company would pay half and the workers half.

FIVE PERSONS WERE INJURED in a two-car accident in the Death Valley area of Hwy. 17-92 late Saturday when William Bagley, Sanford Negro minister attempted to enter the highway into northbound traffic. Bagley apparently drove directly into the path of a car driven by Edwin Youman of Orlando. Five men and one woman were treated at Seminole Memorial Hospital for various minor injuries, with one admitted with facial lacerations. FHP Trooper Dan Onks charged Bagley with failing to yield right of way. ((Herald Photo))

## Storm Luring Ethel To Join Mighty Swing

MIAMI (UPI) — Giant and dangerous hurricane Dora churned the Atlantic on a threatening course with 130 miles an hour winds today. Weathermen warned Georgia and the Carolinas to watch all advisories.

Rough swells from Dora began licking exposed points of the South Atlantic seaboard late Sunday night as the storm took a more westward turn from its west-northwest course at 10 m.p.h.

"Fringe effects of the hurricane could reach the coast by late Tuesday," the Miami Weather Bureau warned. But it added that there was no immediate danger to the mainland.

At 5 a.m. "the large and dangerous hurricane" was located 700 miles east of the nation's space center at Cape Kennedy, Fla., near latitude 27.8, longitude 68.4.

"Seas are already rough over most of the southwest North Atlantic and will be gradually increasing along the southeast Atlantic coast during the next two days. Small craft along the south Atlantic coast should not venture far from port and batters in this area should exercise caution.

"The present and predicted movement of this hurricane increases the threat to the southeast coastal sections of the United States, but since it is moving slowly there will be little effect other than increasing areas through Tuesday," the Miami Weather Bureau said.

The storm was so big and sucking up so much heat from the warm Atlantic waters to generate power, that weathermen said tropical storm Ethel to the southeast would probably be absorbed by Dora today.

# Police Calm Hoodlum Rioting At New England Seaside Site

HAMPTON BEACH, N. H. (UPI) — A swiftly mobilized force of several hundred police and National Guardsmen routed "an army of hoodlums" from this seaside resort early today after a night of rioting and destruction.

The "hoodlums," estimated variously at 7,000 to 10,000 ravaged the oceanfront in a frenzied reign of terror that left dozens injured, untold property damage and more than 100 rioters under arrest.

The rioting started Sunday night. It ended in the early morning hours after law enforcement officers hushed heads and fired tear gas to quell resistance.

Under the personal supervision of Gov. John W. King, who arrived shortly before midnight still dressed in the tuxedo he was wearing at a Manchester dinner party, police quashed the rioters' out of parked cars, back yards and the beach and literally ran them out of town.

The officers, more than 100 strong at the end, chased the youths down Route 1A leading into Massachusetts, clubbing lagards on the backside and

arresting any who offered resistance.

None were allowed to drive away. Those in cars were forced to abandon their vehicles and trot out of town on foot with the others.

Hundreds of state and local police were augmented by 50 Maine state troopers, sent here at King's request, and a large force of National Guardsmen ordered into action by Maj. Gen. Francis H. McSwiney, state adjutant general, at King's command.

Massachusetts state police swarmed the routed rioters at the state line.

# Special Election Called By Bryant 7 Counties To Vote Tuesday

TALLAHASSEE (UPI) — Voters in seven Florida counties go to the polls Tuesday to nominate candidates for posts ranging from constable to circuit judge.

The special elections were called by Gov. Farris Bryant to replace candidates who died since the May primary or who have withdrawn their names from the November general election ballot.

A second primary has been

scheduled in the counties—Clay, Levy, Volusia and Lee—in case one is needed to decide a close race.

There will be four races for the house of representatives:

Three men have qualified for the House seat to which the late Bernie Papy, "king of the keys," had been nominated. Papy, a Democrat, had been unopposed by a GOP candidate for the Monroe seat. Qualifying for the post were Bernie Papy Jr., Fred Pribyl and former Rep. Jack A. Saunders, all of Key West.

Three qualified for the Levy County House seat vacated by the death of veteran lawmaker Frank Marshburn of Bronson. They are Ford Lincoln, Williston; John C. Partin III, Chiefland and Joe Wilder, Cedar Keys.

In Pinellas County, four Republicans qualified for a race to replace Rep. Douglas Loeffler, who resigned to run for a circuit judgeship. They are Robert A. Halvorsen, Richard B. Jones, Ray C. Osborne, all of St. Petersburg, and Kenneth F. Kepler of Clearwater. The winner will face Democrat Arch Craigie, St. Petersburg, in November.

In Clay County, only one man, Harold Hill of Doctors Inlet, qualified for the GOP nomination left vacant by the resignation of E. F. Clausen. Hill will oppose the Democrat

## Red Tide Seen

NAPLES (UPI) — A state marine biologist said last night that two "massive" formations of "red tide" are lurking off the Northwest Florida coast in the Gulf of Mexico.

### By Julian Stenstrom Remember the Clock Item last week about the alligators?

Well, courtesy of Game Warden Bob Johnson of the Florida Game and Fresh Water Fish Commission we went 'gator hunting with him the other night on Lake Kathryn.

We spotted five alligators. Of this number we — let's make that Johnson—captured two of them, between two and three feet long. Two larger ones evaded Johnson's powerful helmet light by going under the surface.

A third one, about five feet long, also evaded Johnson before he could get within rifle range.

Johnson set a 'gator hook for this one. First he inspected the shores of the lake until he spotted an area where, because of the weeds, the 'gator—in his opinion—was nesting. Next he tied a stout line to a large bush and attached it to a cane pole stuck in the lake bottom at an angle.

Then he lowered the rest of the line and attached the gator hook baited with the head of a large mullet.

"By tomorrow night," said Johnson, "we'll probably have our gator."

What amazes us is how this fellow Johnson operates. With his powerful spotlight mounted on his helmet he scans the lake until he spots the amber-red reflection from the eyes of the reptile.

He will then cut his motor, move to the bow of his boat and paddle straight for the 'gator, keeping him centered in the light's beam. When near enough, Bob's right arm moves like lightning, grasping the gator's head and sweeping him from the water.

Johnson, one might say, is 'gator. As for us, well—we're still chicken. We'll stick to the newspaper and let Johnson handle the alligators.

North Orlando Village Council will resume its regular meeting schedule with the September session set for Tuesday at 7:30 p.m. in the Recreation Area Civic Building. No meeting took place in August due to lack of a quorum.

Cigarette tax collections, which mean so much to the budgets of Florida municipalities, amounted to slightly more than \$4.9 million for the month of July.

Of this amount a little more than \$1:6 million went to the state general revenue fund and the remaining \$3.3 million was distributed to qualified cities and towns.

Of the \$3.3 million, Altamonte Springs got \$1,709, Casselberry \$5,016, Longwood \$2,590, North Orlando \$196, Oviedo \$1,278 and Sanford \$15,876.

Know what a yard of pork is? Three pig's feet. What else?

Tom McDonald, vice president of the Abstract Corp., and a former Sanford mayor, will be attending the annual convention of the American Land Title Association, Sept. 20-23, at the Bellevue - Stratford Hotel in Philadelphia. The organization, comprised of more than 2,300 abstractors and title insurance companies located in each of the 50 states, will hear discussions on land title problems, real estate, economics, law and finance.

# Marina Talk Slated By City Authorities

Sanford City Commissioners have scheduled a meeting Wednesday at 8 p.m. at City Hall with Maurice H. Connell and Associates from Miami to discuss beginning study of the waterfront development plan.

Connell's firm was selected from seven others to make the study for the City Commission, on the feasibility of building a marina, docking facilities and a landfill area for future construction of a motel, restaurant complex.

The study by the marine engineering firm is expected to pinpoint the best location for the construction of the facilities, the quality of the lake bottom and how much of it can be used for fill, necessary depth of pilings, traffic flow, design construction of the docks and landfill area, and many other studies which will indicate the feasibility of construction.

The Commissioners Wednesday will discuss costs and further details of the job with Connell and Associates, which is one of the top marine engineering firms in the country. W. E. Knowles, city manager, said.

The idea for marine development grew out of a plan presented several months ago by Sanford businessmen, nicknamed "the bankers group," because it was composed of two local bankers, T. E. Tucker and Howard Hodges of Florida State and Sanford Atlantic Bank, respectively and George Touhy, executive vice president of First Federal.

Also taking part in the planning, and contributing toward the \$6,000 outlay of funds used to make the initial study, was John Burton, IV, local architect.

Although the drawing sketches and outlines of the bankers plan have triggered the meetings of City Commissioners with marine engineers and advanced the planning to the present stages, it is not expected that engineers will follow the plan exactly.

## news... BRIEFS

### Deaths Climb

CHICAGO (UPI)—A United Press International count at 8:30 a.m. EDT showed at least 367 persons dead in traffic accidents since the holiday started at 4 p.m. local time Friday.

### Threat Given

ALEXANDRIA, U. A. R. (UPI)—The Arab League's military chief predicted today Israel "will definitely carry out military action" to crush the league's plan to divert Jordan River waters.

### Attack Levelled

WASHINGTON (UPI) — Democratic National Chairman John M. Bailey says Republican presidential nominee Barry M. Goldwater is "taking hip shots at the defense of our country."

### Royalty At Home

LONDON (UPI)—Princess Margaret and her husband, Lord Snowdon, returned to London Sunday from their vacation in Sardinia and Venice. The couple left later in the day for Aberdeen, Scotland.

### Barry Chided

DETROIT (UPI) — President Johnson opened his campaign against Sen. Barry M. Goldwater today by insisting "there is no such thing as a conventional nuclear weapon." The GOP candidate had suggested "atomic arms be considered conventional."

### Chiefs Huddle

ADDIS ABABA, Ethiopia (UPI) — Congolese Premier Moise Tshombe met with Ghana's foreign minister today apparently to discuss a proposal that an all-African peace force go to the Congo as the first step in ending civil war there.

### Change Urged

NEW YORK (UPI) — Sen. Kenneth B. Keating, R-N. Y., urged Sunday night a "complete overhaul" of the U. S. immigration system with a person's potential to contribute to the country, not his national origin, the yardstick of admission.

## Aptitude Test Set At School

The aptitude test for the IBM machine classes at the Seminole County Business School will be given one time only, at 2 p.m. Tuesday at the school, Mrs. Penrose Love, principal, reminded prospective pupils today.

Only six students can be chosen for the course, on the basis of the aptitude tests.

Mrs. Love announced that shorthand classes will also close at the end of this week. Registration will continue until Friday. Other classes may be entered at any time during the school year.

## Business Joins Johnson's Band

WASHINGTON (UPI) — Walter F. Carey, president of the U. S. Chamber of Commerce, says that more businessmen are plunging into politics — many of them in support of President Johnson.

Carey said Sunday in a television interview that businessmen had found to their surprise it didn't hurt them to get involved in politics, but enhanced their prestige and business.

REPUBLICAN GUBERNATORIAL Candidate Charles Holley, and Seminole candidates, E. Pope Bassett, Walter Hoberg, Robert Hoyer, and Guy Allen, left to right, were all on hand for the informal opening of Seminole County Republican Headquarters Sunday afternoon in Casselberry, on Highway 17-92 across from the Seminole Plaza.

ONLY 23 Days Left To Register For General Election

### Virginia County Set To Reopen Public Schools

FARMVILLE, Va. (UPI)—Prince Edward County, Va., the bastion of "massive resistance" to school desegregation, reopens its public education system Tuesday after a five-year lapse.

While private schools were forced to fill the gap and a remedial education program was organized last year, some 10-year-olds who have never been to a public school and teen-agers who will resume their education at elementary levels will be heading for classrooms.

Since 1959, the tobacco growing and marketing region had been the only county in the United States without public schools.

On May 25, the U. S. Supreme Court ran out of patience with the county's answer to its "deliberate speed" order and ruled an end to what Negroes called "an experiment in ignorance."

The court ordered "quick and effective relief" must replace the "all deliberate speed" decision of 1954 when the county's segregation battle was first before the tribunal.

#### Legal Notice

**NOTICE FOR BIDS**  
The Board of County Commissioners of Seminole County, Florida, will receive bids at the office of Arthur M. Beckwith, Jr., Clerk, in the Courthouse at Sanford, Florida, up to 5:00 P. M. Monday, September 14, 1964, for furnishing the following materials during the twelve month period ending October 31, 1964.

**A. Petroleum Products.**  
1. Asphaltic Concrete & Cold Patch.  
2. Trassit Mix Concrete & Cement.  
3. Blast Furnace Slag.  
4. Traffic paint & glass spheres.

Specifications giving descriptions, types, estimated quantities, and other details are available at the office of the Seminole County Engineer, in the Courthouse at Sanford, Florida. Quantities are approximate and no guarantee is given or implied as to the total amount that will be required during the period of the Contract.

All materials furnished must conform to the current Standard Specifications of the Florida State Road Department, where applicable.

Bids to be enclosed in a sealed envelope plainly marked on the outside "BID FOR FURNISHING (Name of Material), open September 14, 1964."

Bids will be opened on Tuesday, September 15, 1964, at 10:00 A. M. or as soon thereafter as possible, at a meeting to be held in the County Commission Meeting Room in the Courthouse at Sanford, Florida. The right is reserved to waive any irregularities or technicalities in bids and to reject any or all bids.

#### Ceremony Set At Stetson U

DELAND— Formal dedication ceremonies for Stetson University's beautiful new, modern library building will be a special feature of the opening of school Convocation, Sept. 18, at 9 a. m. Announcement of the dedication was made by Dr. J. Ollie Edmunds, president of the University.

Stetson faculty members and students will gather for the brief ceremonies. Special guests will include members of the Stetson Board of Trustees, the Stetson Development Council, officials and citizens of Deland and representatives of all Florida Baptist churches participating in the Christian Education Campaign.

The air-conditioned, 50,000 square foot building is the largest building on the Stetson campus. Located east of Holler Fountain, the front entrance is directly across from the east door to Elizabeth Hall, the University's historic administration building.

Tate, Nannie Howard, Frances Warren, Mary Elizabeth Schirard, Mildred Hundley, Charlotte Echols, all of Sanford; Roy McCarter, DeLand; Sandra Burk, Betty Hutchings, Lake Mary; Leon Stevenson, Miami; Judith Abston, Ocoee; Susan McQuillen, Shirley Stevenson, Winter Garden.

#### Women Invited To Join Area Garden Circle

My Maryann Miles  
The president of the Bear Lake Garden Circle, Mrs. C. J. Brunk of 1337 Lake Asher Circle, Bear Lake, has invited any woman of the Bear Lake-Forest City area who is interested in becoming a member of the circle to contact her.

The circle, which is affiliated with the Orlando Garden Club, will meet for the first time in the new season on Sept. 15. Time and location will be announced.

Invitation also is extended to any interested woman in the area to attend a tea sponsored by the Orlando Garden Club to be held this Friday at 3 p. m. at 710 E. Rollins Avenue in Orlando.

#### Death Claims Mrs. Kraemer

Mrs. Grace Marion Jefferies Kraemer, 68, 800 E. 25th Street, Sanford, died Saturday.

She came to Sanford eight years ago from Riverhead, Long Island, N. Y. and is survived by her husband, August E. Kraemer.

## Scientists Ponder Way To Halt Spinning Of OGO

WASHINGTON (UPI)— Scientists today hoped to salvage some scientific information from the crippled Orbiting Geophysical Observatory called OGO.

The satellite, shot into a near-perfect orbit Friday night, is spinning in space unable to find earth to properly orient its experiments and antennas.

But the National Aeronautics and Space Administration

#### Scottish Get Money's Worth

EDINBURGH, Scotland (UPI)— The North Forth Road toll bridge, opened by Queen Elizabeth II last Friday, was clogged by an eight-mile traffic jam Sunday.

A bridge official said, "It would appear everyone is driving over slowly, determined to get their half crown's (35 cents) worth."

expected spinning condition to "operate experiments which are adaptable to this situation."

OGO, America's largest and most advanced scientific satellite, carried 20 separate experiments to study radiation, magnetic fields, space dust, radio noises from the sun and Jupiter and a strange light seen in space.

It was not immediately determined what experiments could be operated under the spinning conditions or how

much useful information would be received.

NASA said radio data received from the 1,078-pound craft last night at the tracking station at Roman, N. C., indicated the satellite was spinning five times every minute. Its original plan of operation called for no spin.

The failure of the craft to locate and position itself to earth was blamed on an experiment boom that failed to unfold which blocks OGO's earth's sensors.

OGO circles earth once every 63 hours in an orbit that takes it from 175 miles to 92,721 miles away from earth.

#### Vacation Ends

CASTEL GANDOLFO, Italy (UPI)— Pope Paul VI is scheduled to leave his summer residence this week to return to the Vatican. The third session of world Ecumenical Council on Christian unity opens Sept. 14.

# Kiwanians Make Swift Tour Of Expansive Cape Space Area

By Dotie Austin  
City Editor

America's space program got a first hand examination from Sanford Kiwanians, Wednesday, when a group from the local club toured the facilities at Cape Kennedy.

The club members were accorded a tour usually reserved for VIP's and saw all facets of the "man in space" program beginning with the sub-orbital flight of Alan Shepard to a look-see into the fantastic future of lunar landings, sometime at the end of this decade.

First stop on the tour was at the gantry which holds a replica of "Freedom 7" which took Astronaut Shepard out into the wild blue yonder, while the nation held its collective breath on that fateful day in May, 1961.

"This rocket, and this gantry which services it, (converted from an oil derrick), are now as obsolete as a dodo bird," said Henry Decker, public relations officer who guided the tour.

As the tour continued the Kiwanians saw the famous 96 year old Cape Canaveral light-house which many tourists, looking Capeward from the beach, mistake for a missile, expecting it to take off any minute.

"But it never will, it's been there a long time," quipped Decker.

On around the tour, the Kiwanians came to Complex 17 where the Delta rocket fired the Echo, Relay, Telstar, Tiros and Explorer satellites.

At Complex 36, the Centaur rocket fired off the Surveyor and Complex 12, the Ranger and the Mariner were launched—in the progressive race—in space.

At Complex 14, the launch

GETTING READY TO BOARD THE NASA bus that took them on a tour of the Cape Kennedy space center are members of the Kiwanis Club of Sanford and their guests, who made the four hour tour Wednesday accompanied by a Herald reporter. (Herald Photo)

site for Astronauts John Glenn, Scott Carpenter, Walter Schirra and Gordon Cooper, the tour dismounted and went into the launch control center, an unrecognizable building that looks more like one of the pyramids or a huge concrete sand dune.

The control center is constructed in a conical shape, of concrete and sand, 19 feet thick. It will withstand the force of 55 tons of TNT, should one of the rockets blow up on the launch pad. There are no windows in the structure, (which is air-conditioned), but two periscopes, similar to those on submarines, are used to view the gantry and the rocket as it is launched.

This is the center where the scientists who designed and built the rocket which is being launched are quartered, along with highly skilled engineers and technicians. Here they observe the behavior of every aspect of the rocket as it is fired and lifts from the concrete pad, on its way into outer space.

There is over 100 million pounds of concrete used in the construction of one of the "pads"—the thick apron on which the rocket sits. This bears the brunt of the 5,000 degrees Fahrenheit heat generated by the huge motors, with little damage.

The Launch Control Center is entered by a huge steel door, weighing 23 tons. It moves on huge pulleys and gears, to lock the scientists in the building during the launch.

Twenty-two cameras are mounted on the block-house, to photograph the rocket as it rises from the pad and into the sky.

And On To The Moon

The newest construction on the space center involves the Gemini and Apollo projects which will take men to the moon before 1970, if all plans go well.

The objectives of the Gemini program are to provide an early means of experimenting with long duration earth-orbi-

tal missions of up to two weeks in order to determine man's capabilities to perform efficiently during periods of weightlessness and carry out scientific investigations of space which require men to participate and supervise, to demonstrate rendezvous and docking with a target vehicle in earth orbit, as an operational technique, and to demonstrate controlled re-entry and landing on earth at a selected point.

The Apollo project has as its object, the actual landing of men on the moon, having their eyes on the vicinity in which they land, and return to earth safely.

To accomplish this, the Merritt Island Launch Area is being built.

This is across the Banana River from Cape Kennedy, where the largest launch complex in the free world is being constructed to launch the Saturn V and Apollo moon vehicle.

This is Launch Complex 39, which will hold the largest building in the country, and the tallest south of the Washington Monument.

Decker told the Kiwanians that on a clear day, they will be able to see this building

from a distance of 40 miles. An observation tower is to be built on the top of it.

The Complex 39 construction plan calls for three main parts. The first is the huge Vertical Assembly Building, 32 stories high, and one and half times as large as the Pentagon in Washington.

It will contain four vehicle assembly and checkout bays and can hold four space vehicles at one time.

Near it, is the Saturn V-Apollo Launcher umbilical tower, which is to be built atop a two story steel platform. This will hold the Apollo spacecraft and all its service and equipment facilities and gantry from which the Astronauts will board the spacecraft.

To transport the rocket assembly platform and umbilical tower from the vertical assembly building to the launch pad, three miles away, a Crawler-Transporter has been designed.

It is propelled by four double-tracked crawlers, which will move the entire assembly over a dual roadway track specially prepared, at one mile an hour, to the launch site, where it will be fired to send the first men to the moon.

## Kiwanis Plan Attendance At World Meeting

The Kiwanis Club of Sanford will be represented at the 1964 convention of the Florida District of Kiwanis International at Hollywood Beach, Sept. 20-22, club president John Darby announced today.

Attending the three and a half day meeting from here will be Darby, Bill Fraasa, Roger Harris, Gordon Meyer and Bob Shelden. Sessions will be held at the Diplomat East Hotel.

Presiding officer will be James S. Starkey, of Fort Walton Beach, governor of the Florida Kiwanis District. Starkey is a motel operator. Representing Kiwanis International at the convention will be O. E. Peterson, Chicago, secretary of Kiwanis International and managing director of the Kiwanis General Office. Peterson will be a principal speaker in Hollywood Beach. Also on hand will be Edward B. Moylan Jr., president of Kiwanis International, from Miami.

CLAUD E. BYROM, photographer's mate, third class, U. S. Navy is shown receiving his first Navy Good Conduct Medal in the office of the Commanding Officer of the ship, J. A. deGanahl personally pinned the award on young Byrom, congratulating him for his fine performance and conduct record since he entered the Navy, in 1959. Prior to beginning his naval service, Byrom was in the Air Force for two years, attaining the rank of airman third class. Since joining the Navy, Byrom has attended three Navy technical schools in photography, lab technique, and processing, while completing seven off-duty training courses. He lives with his wife and five daughters in Sanford.

The vertical assembly building, its structural steel hull climbing to the sky like a giant spiderweb is well under way to its height of 32 stories with the 30,000 tons of structural steel being swung into place, about half way up.

The building is constructed on steel pilings, which have been sunk 160 feet into the earth to reach bedrock.

Inside the vertical assembly building, when it is completed, will be 14 million dollars

worth of air-conditioning, to keep it from raining inside the building, when the atmosphere conditions build up, in the vast spaces of the cavernous interior.

The building will be 325 feet high, and the Saturn launch vehicle itself will stand about 325 feet high and weigh six million pounds.

The first stage of the Saturn rocket will be powered by five engines generating seven and a half million pounds of thrust;

the second stage will be powered by five hydrogen-oxygen engines, each generating 200,000 pounds of thrust and the third stage will be powered by a single engine generating 200,000 of thrust.

Tests of the spacecraft and Saturn launch vehicle began in 1963 and earth orbital training missions will follow to qualify the system further and provide added training for the astronauts in long duration missions.

The three stage Saturn V will carry an Apollo spacecraft in the manned lunar landing. The first stage will inject the spacecraft into earth orbit. After the first burn of the third stage with the Apollo spacecraft attached, the space vehicle will coast around the earth in a parking orbit.

The third stage will be re-ignited to put the space vehicle in a trajectory to the moon.

Then the third stage will be

jettisoned and the Apollo will continue on to an orbit around the moon. The Apollo command and service modules will remain in orbit. The lunar excursion module, with two astronauts, will land on the Moon. After exploration, the lunar launch module will be launched to rendezvous with the other modules.

Then the Apollo will carry the astronauts to a safe landing back to earth.

# Nikita Tours Moscow Exhibit, Pokes Joke At U. S. Visitor

## Soviet Premier Readies Report On Czech Tour

MOSCOW (UPI) — Premier Nikita S. Khrushchev, alternately joking and serious, today toured a construction equipment exhibition here and exchanged wisecracks with one of the American exhibitors.

Khrushchev made his unannounced tour a few hours before a scheduled radio and television address to the nation on his trip to Czechoslovakia. He was expected to use the speech to make new accusations against Communist China.

Khrushchev looked almost grim at the start of his walk around the exhibition grounds. A wedge of strongman guards pushed onlookers out of his way. They were so zealous that Italian Ambassador Carlo Straneo also was shoved out of Khrushchev's path.

Arriving at the American exhibits, Khrushchev apparently decided to have some fun at the expense of Gerald Petersen of Santa Clara, Calif., whose firm is displaying engineering equipment.

Petersen's firm had written Moscow to inquire whether its representatives should wear rubber safety shoes and bring canned food along.

"Why aren't you wearing special rubber shoes?" Khrushchev asked him.

Then, with a mischievous grin on his face, Khrushchev added: "Have you brought any canned food?"

Petersen then got in the spirit of the exchange. He looked Khrushchev in the eye, smiled, and patted the premier's stomach.

"We're eating very well here, thank you," he said. Khrushchev laughed.

President Dwight D. Eisenhower was the first U. S. chief executive to be limited to two terms.

## Legal Notice

IN THE CIRCUIT COURT IN AND FOR SEMINOLE COUNTY, FLORIDA, No. 16366

CONCEALED LIFE INSURANCE COMPANY, Plaintiff,

vs. JOHN NICHOLAS SPARTZ et al. Defendants.

NOTICE OF SETTLEMENT OF THE STATE OF FLORIDA

To: John Nicholas Spartz, 2127 Wolfenbarger Plantation, Virginia Beach, Virginia.

You are hereby notified that a suit has been filed against you in the above entitled cause, and that you are required to file your answer with the Clerk of this Court and in serve a copy thereof upon the plaintiff or plaintiff's attorneys, whose names and addresses are as follows:

ARTHUR H. BECKWITH, JR., Plaintiff, 1309 Barnett National Bank Building, Jacksonville 2, Florida, not later than October 12, 1964. If you fail to do so a decree pro confesso will be entered against you for the relief demanded in the complaint. This suit is to foreclose a mortgage. The real property involved is described as follows:

Lot 5, Block D, SUNLAND ESTATES, a subdivision, according to a plat thereof, recorded in Plat Book 11, pages 16 to 22 of the Public Records of Seminole County, Florida.

WITNESS my hand and the seal of said Court at Sanford, Florida, this 11th day of August, 1964.

## Police Monitor Resort Town To Head Off Teen-Age Riots

SEASIDE, Ore. (UPI) — Hundreds of specially trained state troopers and National Guardsmen maintained their round-the-clock vigil today to head off any renewal of rioting by teenagers at this coastal resort town.

Helmeted state troopers, armed with ax handles, were pelted by rocks and beer bottles Sunday night when they swept through the town's main street in a flying wedge to disperse 2,000 rioting sweatshirt-clad youths.

Later some 200 persons were forced to evacuate a dance center when a tear gas bomb was hurled through an open window.

It was second consecutive night of rioting in this beach resort. Similar but more violent outbreaks punctuated the past two Labor Day weekends here.

Officials said there were no racial overtones to the disturbances.

About 20 youths were arrested Sunday night to raise to 95 the number of youths jailed in the first two days of rioting. Countless teenagers suffered bumps and scratches in the melees but only four required hospital treatment for their injuries.

State troopers continued today to barricade the town's main street to vehicular traffic. About 20 troopers, carrying blue-painted ax handles in addition to their pistols, patrolled the streets to break up potential groups of troublemakers.

Additional troopers and National Guardsmen, estimated at between 250 and 500, were on constant alert outside of town to rush to the aid of the men on patrol.

The troopers and guardsmen had been moved into position near the town secretly Saturday in anticipation of trouble. The 1962 and 1963 Labor Day riots had resulted in thousands of dollars in property damage and hundreds of arrests.

The first trouble came Saturday night when about 800 youths ran wild through the main street throwing rocks and sand-filled beer cans at state troopers. It took the troopers and guardsmen more than three hours to disperse the rioters.

Seventy-five youths were arrested Saturday night on charges ranging from unlawful assembly to violation of liquor laws.

## North Orlando Girl Leaves For Florida State

By Margaret Cosby

Jacqueline Ann Atchison, 30 North Cortez Avenue, North Orlando, drove to Tallahassee last Tuesday to register as a freshman at Florida State University. She was accompanied by her mother and sister, Gail.

In order to see that Jackie was comfortably settled in her quarters at Gilchrist Hall, Mrs. Atchison and Gail remained overnight in Tallahassee at the Driftwood Motel. They also had an opportunity to meet Jackie's roommate from Miami and look over the stately University campus.

Jacqueline Ann was graduated from Lyman High School where she had been a member of the Spanish Club and Student Council, a Majorette, Treasurer of her Junior Class, in the Pep Club and the Homecoming Court. At Florida State she hopes her studies will lead to a career in fashion or textile design.

Jackie's dad, Glenn E. Atchison Sr., AT-1 (Submarine Service) was unable to wish her Godspeed as he, too, is attending school — the Guided Missile School at Virginia Beach, Glenn Jr., though disappointed, stayed behind to enter the Sophomore Class at Lyman, but they are all looking forward to a Thanksgiving visit from Jackie when the whole family will be together once again. In the interim, she trusts P. O. Box 3308, Florida State University, Tallahassee, will be filled with a continuous flow of mail from her friends.

## Highway Tolls Exceed Guess

Cash tolls for the Sunshine State Highway in August were \$1,111,226.00, more than 11 per cent over expectation and 84 per cent higher than August of 1963, according to John R. Phillips, chairman of the Turnpike Authority.

The first eight months of 1964 were \$8,073,507, compared to \$4,368,645 for the same period in 1963.

The heavy increase in cash tolls during 1964 resulted from opening of the 156 miles of turnpike extension between Fort Pierce and Wildwood in January, 1964, and the con-

nection of the turnpike with Interstate 76 at Wildwood in July, 1964.

Phillips said the Turnpike Authority's total 1964 income from all sources will near the \$14 million mark, a million dollars more than the annual earnings predicted in 1961 for the full length facility.

# Bauer-Pappas Understanding Pays Off; Milt Blanks Angels

## Chisox Retain Half-Game Lead; SF Drops Phils

By George C. Langford  
UPI Sports Writer

When Bauer became manager of the Baltimore Orioles this spring he made it clear to Pappas that there would be "no trouble."

Pappas, the Orioles' brash and fun-loving pitcher who has had run-ins with everyone from umpires to official scorers, agreed.

Now a more mature Pappas is largely responsible for keeping the Orioles in the three-way American League pennant fight.

The 28-year-old right-hander has hurled five shutouts in the last month, and Sunday pitched his third straight whitewash, beating the Los Angeles Angels 2-0 to move the Orioles within a half game and one percentage point of the first-place Chicago White Sox.

And Oriole pitchers practically have had to throw blanks in order to win lately since Baltimore batters have slumped to alarming ineffectiveness while losing 12 of their last 21 games.

Pappas battled Angel starter Barry Latman and reliever Bob Dulla through eight scoreless innings until the Orioles cashed in on a walk to Boog Powell, singles by Sam Bowers and Charley Lau and a wild pitch by Dulla in the ninth. It was the 14th victory against five losses for Pappas on a yield of four hits.

The White Sox escaped with a doubleheader split when Pete Ward hit a bases-loaded sacrifice fly in the 13th inning of the second game to give Chicago a 3-2 victory over Cleveland after the Indians had taken the opener 2-0 behind Jack Krack's four-hit pitching.

The Yankees completed a three-game sweep of the Kansas City Athletics with a 3-2 triumph; Zolo Versailles got the only hit off Bill Monbouquette—a two-run homer—to give the Minnesota Twins a 3-1 victory and Don Demeter drove in five runs for Detroit in its 9-3 rout of Washington.

In the National League, Cincinnati gained a game on the league leader Philadelphia Phillies by shipping Milwaukee 6-3 while the Phils were losing to San Francisco 4-3; St. Louis topped Chicago 6-4 in 11 innings; Pittsburgh blanked Houston 1-0 and Los Angeles edged the New York Mets 4-2.

**PASSING IN REVIEW**—Better get used to this young man this fall. He's Roger Staubach, All-American quarterback, Heisman Award winner, the No. 1 man at Navy and the most prominent collegian in the country.

## Vikings Only Pro Football Club With Perfect Exhibition Record

By Tim Moriarty  
UPI Sports Writer

Pro football's pre-season head knocking was full of surprises.

For example:

—The Minnesota Vikings, who won only five of 14 games in the National League last year, wound up as the only perfect record club among the 22 teams in both leagues with a 5-0 record.

—The New York Giants, Eastern Division champs in the NFL for the past three seasons, won only one of five teneups.

—The New York Jets, who never have had a winning season (as the Jets or Titans) in the American Football League, won four of five

exhibitions to the San Diego and Kansas City for first place in the junior loop's pre-season standings.

The Vikings almost tumbled in their final exhibition again at the Philadelphia Eagles at Hershey, Pa., Saturday night. They were trailing, 20-14, when Fran Tarkenton tossed a four-yard scoring pass to Bill Brown with 11 seconds remaining and Fred Cox added the winning extra point.

The Giants completed their worst training campaign in many years when they dropped a 24-10 decision to the Detroit Lions in the opener

of a doubleheader at Cleveland. A crowd of 83,736 watched Cleveland, with Jim Brown scoring two touchdowns, edge the Green Bay Packers, 20-17, in the second game.

The Jets also employed some last-minute heroics in gaining a 19-17 triumph over the Buffalo Bills at Wilkes-Barre, Pa. The Jets pulled it out in the final three minutes on a 17-yard TD pass from lanky Dick Wood to Don Maynard.

Five other exhibitions were played Saturday night. Sonny Jurgensen pitched the Washington Redskins to a 17-10 victory over the St. Louis Cardinals, the Los Angeles Rams ripped the San Francisco Forty-Niners 21-17 on a 32-yard touchdown pass from Bill Munson to Wes Josephson with 1:58 left to play, and the Chicago Bears whipped the Dallas Cowboys 21-6 in NFL tuneups.

The Denver Broncos handed the Boston Patriots their 18th straight exhibition loss 22-17 with the help of a 78-yard touchdown pass from Jacky Lee to Charlie Taylor and San Diego turned back Oakland 24-10 in other AFL tuneups.

In Sunday's only exhibition game, Johnny Unitas tossed a pair of touchdowns passes and rookie halfback Tony Lorick scored twice in sparring the Baltimore Colts to a 48-17 victory over the Pittsburgh Steelers.

## U. S. Swim Win Is Forecast

**NEW YORK (UPI)**—It'll be the United States against the world in Olympic swimming and diving—and the United States will beat 'em all.

That's the prediction of Dr. Harold Henning of Naperville, Ill., chairman of the U. S. men's swimming committee and manager of the swimming and diving team, following the Olympic trials which ended Sunday at Astoria, Ore.

"This team, including the men and the women, is the most powerful we've ever sent any place," said Henning. "Our team will take more swimming and diving medals—gold, silver and bronze—than the teams from all the nations in the rest of the world put together."

## Copeland Sets Up Varsity And JayVee Elevens

By Jim Raczka  
Herald Sports Writer

Head coach Richard Copeland of Lyman High took a major step in his preparation for the coming grid season when he divided his squad at Longwood Thursday afternoon.

With the first contest only three weeks away, Copeland made a big decision when he chose 21 youngsters to comprise his varsity team. The rest of the 'Hound footballers were assigned to new JayVee coach Dick Silvers, who will guide the Paps through a four-game slate this fall.

Copeland made this statement at the time: "If any of the boys who are now on the varsity start loafing around and not giving us their best effort, then we won't hesitate to use these other boys if they show they want to play."

Following assignment of the JayVee players, Copeland and assistants, Tom Barnes and Jim Farley, took over the instruction of the varsity. After a few minutes of calisthenics, Copeland tutored the backs while Barnes and Farley took the linemen through their drills.

Two of Lyman's big problems at the moment seem to be finding someone who can really boot the ball and deciding upon a starting center. Farley was having several boys out kicking Thursday, including end Larry Miller, and sophomore halfbacks Larry Lot and Paul Lambert. It hasn't been determined which one of these boys, if any, will get the job. At center, Copeland has narrowed the list down to former end Dave Matis and newcomer Ronnie Took.

The Greyhounds plan a practice game in the near future and also plan to do some scrimmaging beneath the lights before the season against Occoee Sept. 28.

**Petty, Lorenzen Ready For Duel At Darlington**

DARLINGTON, S. C. (UPI)—Richard Petty and Fred Lorenzen, stock car racing's two ace, were ready to duel again today in the 15th annual Southern 500.

A capacity crowd of up to 30,000 racing fans from throughout the nation and several foreign countries was expected in this little cotton-and-tobacco town for the spectacle.

Forty-four cars qualified to start on Darlington's 1 1/2 mile asphalt stretch, the oldest and trickiest super raceway in the stock car sport.

Petty, this year's big money winner, and Lorenzen, who earned in excess of \$100,000 last season, were expected by many fans to battle it out for the winning purse of more than \$20,000.

Petty's Plymouth was the only car which gave Lorenzen's Ford a race in last May's Rebel 300 here—a race which Lorenzen easily won when Petty's ride overheated.

Petty qualified for the inside pole—the best starting position—with a record speed of 136.815 m.p.h. Lorenzen's car, easily the fastest Ford in qualifying, could do no more than match the 133.727 m.p.h. time he set in time trials for the Rebel 300.

Sunday's Results  
Birmingham 6, Charlotte 4  
Lynchburg 9, Asheville 3  
Columbia 5, Chattanooga 4  
Macon 13, Knoxville 6

Longest run from scrimmage by a Florida back came in 1932, when Herb McNally went 81 yards to score against Seawane. Gators went on to win that game, the season's opener, by a 19-0 count.

Florida's first season in intercollegiate football was 1908, when Coach Jack Forsyth led the Gators to a 5-3 record. First intercollegiate opponent for Florida was Mercer, and the Gators lost, 27-3. First victory came over Rollins, 6-0.

## SHS Ticket Plan Told

Seminole High School is again offering the family ticket plan, according to an announcement today by SHS Athletic Director Prof Ganas.

"This plan," said Ganas, "entitles all members of the family to be admitted to all regular season athletic contests played at home by the Seminoles."

"For a slight additional charge," Ganas explained, "each member of the family can have a reserved seat near the 50-yard line." He added, "This year the seats and rows in the reserved section will be lettered and numbered enabling each reserved seat ticket holder to have the same seat for each game."

Season ticket holders may present tickets at the pass gate, eliminating the necessity of standing in line at the Stadium's box office.

Ganas said that the first home contest will be played two weeks from this Friday against the Colonial High Graders of Orlando and suggested that season ticket reservations be made as soon as possible.

## Temple Becomes Cincy Scout

CINCINNATI (UPI)—Former all-star second-baseman Johnny Temple has accepted a position as scout for the Cincinnati Reds.

Temple began his major league career with the Reds and has served as player-coach with them this season.

**JUST A BABY**  
NEW YORK (UPI)—The National Football League had only eight teams in 1933 and 1943.

**WINS EASTERN FLAG**  
ELMIRA, N. Y. (UPI)—Elmira won its first Eastern League pennant in 29 years by beating York 5-3 Sunday.

**AUSTIN TRIUMPH**  
PHILADELPHIA—Australia won the world women's tennis team title by beating the United States in the final.

## Zolo Versailles Spoils Another No-Hit Effort

**MINNEAPOLIS — ST. PAUL (UPI)**—There's always one spillover in every crowd, but Zolo Versailles seems to be over doing it.

Twice within the last five days the Minnesota shortstop has broken up no-hitters, getting the only safety for the Twins in both games.

Verailles' hit Sunday was a two-run homer in the sixth inning following a Boston error that gave the Twins a 2-1 victory over the Red Sox. The victim of the blow was Bill Monbouquette.

Last Wednesday night Versailles singled with two out in the eighth inning to ruin the no-hit bid of Baltimore's Milt Pappas.

## Panthers Will Scrimmage At Crooms Friday

**Bob Thomas**  
Herald Sports Writer

The Crooms High Panthers will hold a regulation game intra-squad scrimmage Friday at 3:30 p. m. on the Crooms Athletic field. The coaching staff will be able to evaluate the team's progress, thereby enabling them to make the necessary adjustments before engaging the Howard High School Wild Bulls of Ocala.

David Peterson, a swivel tipped right halfback, has been sharp in drills. Coach Willie Holt is very pleased with his performance. Left halfback Pearlman Brisson also has sparkled in drills.

Ransom Browdy is slated to move into the fullback position which was vacated by Hilford Green who has moved to another city. Right half Robert Alford, fullback Edward Jackson, and left half John Fritchard, are expected to balance the running attack.

Veterans linemen Eddie Brown, Robert Walton, John Knight, Terry Williams, Ernest Neal, Roy Montgomery, and Nathaniel Wade appear ready to go. Other prospects who are making strong bids for a starting berth are: tackle—Leonard David and Malachi Walton; ends—Simon Harper and Donald Wilson; guards—John Banks and Willie Brooks; center—Wilbur Hawkins; quarterback—Terry Brisson and halfbacks Jimmie Hottle, Isaac Bowers, Alfred Brooks, and John L. Jackson.

**COODY LEADS**  
DALLAS — Charles Coody held a one-stroke lead over Billy Casper and Gay Brewer after the third round of the Dallas Open golf tournament.

**OLDIE ACTIVATED**  
PHILADELPHIA (UPI)—Bob Oldie, bullpen coach for the National League-leading Philadelphia Phillies, was made an active player Sunday. Regular catcher Clay Patrymple recently suffered a base injury.

### About Sports

## Thinking Out Loud

By Julian Steterson

If you're a Lyman High football fan and have any kind of a heart condition, we've confident your physician will not only advise you to stay away from the Greyhound games this season but also refrain from even reading the schedule.

If you're one of those emotional types you might even break down and cry when you read the 16-game slate the 'Hounds will meet this season.

On the other hand, if you're the type that likes blood and horror, just reading the list of Lyman opponents could easily provide you with more than a thrill.

Remember, Lyman goes into the Orange Belt Conference for the first time in football this season — replacing Seminoles of Sanford who has moved into the Metro circuit.

The 'Hounds open on the 23rd against the Ocoee Cardinals and tackle the Blue Darters of Apopka on Oct. 2. On Oct. 9 they host the Titusville Terriers and on Oct. 16 the Barracudas of New Smyrna Beach.

If that doesn't whet your appetite or speed your pulse rate, the next three will.

On Oct. 23 the sleek Greyhounds will tangle in a dog fight with the tough Bulldogs at DeLand, on Oct. 30 they'll step into the hive of the Yellow Jackets at Leesburg and host the Metro's Seminoles of Sanford when they entertain the Tribe at Longwood.

They will close out the season with three more toughies — Kissimmee's Ocoola High on Nov. 13, Winter Garden's Lakeview on Nov. 20, and the always difficult Wildcats of Wildwood on Nov. 25.

Figure it out! Lyman will meet seven teams the Seminoles of Sanford fought last season, plus the Sanford matches. Those clubs are Apopka, Titusville, DeLand, Leesburg, Lakeview, Ocoola and Wildwood.

Seminole defeated six of these seven clubs last season. Except for the Apopka affair, Sanford had to come from behind in every contest to win. Then, of course, Seminole lost to Leesburg last season — their only defeat.

We recently pointed out that Lyman would be lucky to win three games this year — the same number they won last season.

# Boosters Announce First Annual SHS 'Players Night'

## Program Slated Friday Night At Local Stadium

By Julian Steterson  
 Herald Sports Editor

ROGER HARRIS... tells plans

Complete with the SHS Band under director Ernie Cowley, majorettes and cheerleaders, the affair will afford parents, students, school officials and faculty and the general public with their first look at the Tribe's varsity under coaches Jim Pigott, Dick Williams and Jim McCoy, as well as the JayVees under the supervision of Coaches Ralph Stumpf and John Colbert.

### ATTENDANCE RECORD

NEW YORK (UPI) — A new attendance record for pre-season play has been set in the National Football League. The league, which drew a total of 1,191,811 fans in 34 dates, surpassed the old record of 1,108,634 established last year.

ways dangerous Terriers. But local Tribe fans will get their first peek at this year's edition this Friday night at Sanford's Memorial Stadium when the Seminole High Boosters Club will present its first annual Players Night.

Each member of the varsity and junior varsity teams will be introduced along with their respective coaches. Offensive and defensive formations will be set up and explained by Pigott, McCoy and Williams. Kickoffs and kickoff returns will be demonstrated by Stumpf and Colbert using the JayVees.

Roger Harris, 1964-65 president of the Boosters Club, said this affair will probably become an annual affair if it is as successful as it is hoped this year's presentation will be. Harris said the gates would be wide open and there would be no admission charged.

"In one way," said Harris, "it will be a giant, city-wide pep rally with a lot of extras. I don't know of a better way to send these youngsters into their toughest season in years than for the Seminoles' large number of fans to turn out for this event."

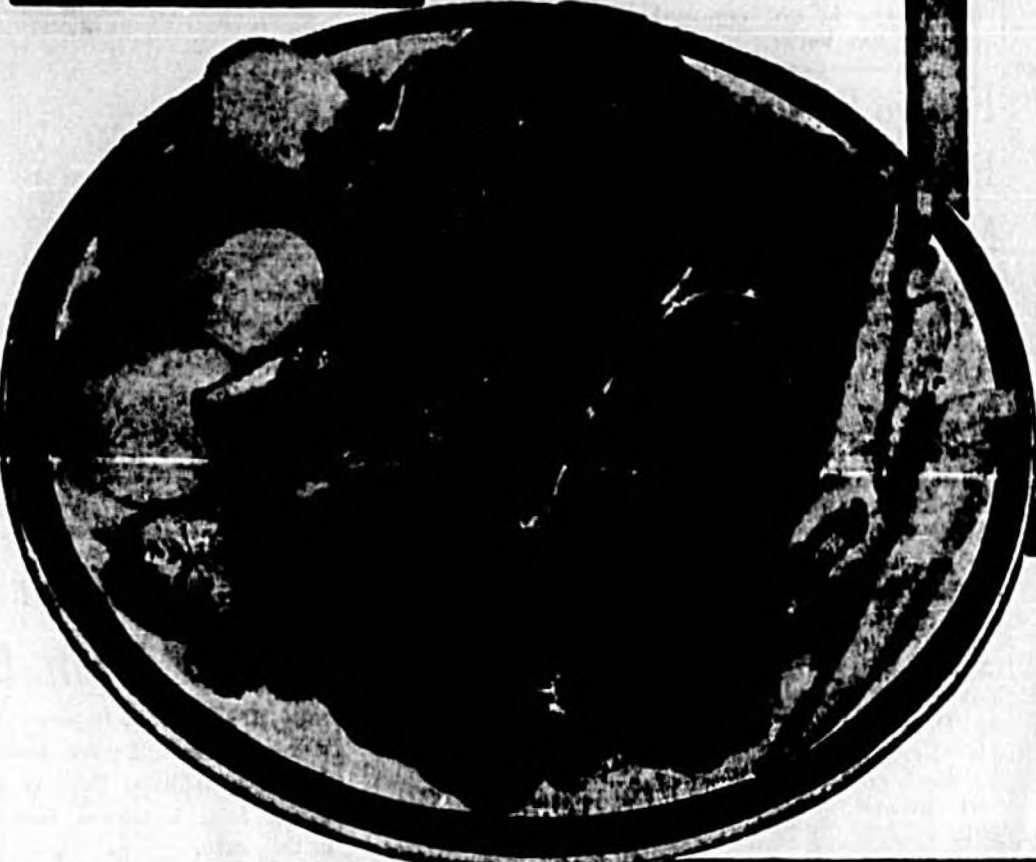

Harris was referring to the fact that not since the days when Seminole High played such schools as London of Jacksonville, Maitland of Daytona Beach, the old Orlando Senior High, Kesterling of St. Augustine, Ocala and many other top-flight Florida high schools will the locals lackle as difficult a schedule as they will this season.

They will meet Titusville, DeLand and Lyman in non-conference affairs but will meet Metro opponents in Colonial, Bishop Moore, Evans, Edgewater, Boco, and Oak Ridge, all of Orlando, plus Winter Park.

Last season the Seminoles won the Orange Belt Conference title — a feat they pulled off four times in the seven years they played in that circuit. The 1963 edition won 10 of 11 games, losing only an upset to Leesburg.

# Miss Deanna Nichols, Lt. N. R. Frucci United In Double Ring Church Rites

Miss Deanna Lou Nichols, daughter of Mr. and Mrs. Marshall L. Nichols of Sanford, and Norma Rossi Frucci, son of Mr. and Mrs. Bruno F. Frucci of Niles, Michigan, exchanged the vows of holy matrimony on Saturday, September 5, 1964, at 4 o'clock in the afternoon at the First Methodist Church of Sanford.

Rev. Robert Jenkins officiated at the impressive double ring ceremony before an altar embellished with potted palms and greenery, flanked on either side by standing seven branched candelabra containing tall pink tapers. Magnificent arrangements of pink carnations and mums enhanced the church decor.

Roger Harris, organist, played the traditional nuptial selections.

The bride, given in marriage by her father, was lovely in a formal lush pink gown of pure silk organza and Venice lace. The fitted bodice featured a bateau neckline with long traditional pointed sleeves. A detachable silk organza chapel train highlighted the slim sheath skirt. Her imported veil of illusion was attached to a forward headpiece of lace petals and pearls. The bride carried a white Bible, a gift from the groom's mother, which was centered with a bridal bouquet of Phadonopsis orchids with trailing ivy.

Mrs. Robert Benz of Columbus, Ga., attended the bride as matron of honor, and bridesmaids were Mrs. Gene M. Nichols of Athens, Ga., and Miss Rosemary Southward of Sanford. Miss Bonnie Taffer was junior bridesmaid.

The attendants were gowned

in petal pink faille sheaths featuring over-blouses banded at the bottom with matching embroidered lace. Their headpieces were pink faille pill boxes edged in lace with a tailored faille bow at the back. Their shoes were matching pink and they carried beautiful bouquets of pink carnations in colonial nosegay arrangements.

Bruno F. Frucci served his son as best man and ushers were Tim Garney, Coral Gables; Gene M. Nichols, Columbus, Ga., and Stephen Harris, Sanford.

For her daughter's wedding, Mrs. Nichols chose a petal pink silk organza sheath highlighted with embroidery on the bodice. She wore matching accessories and a corsage of pink carnations.

The mother of the groom was attired in a two piece grey dacron ensemble with blue accessories and a matching carnation corsage.

Following the wedding, an elaborate reception was held at the Oak Avenue home of Mr. and Mrs. Robert Karne. Mrs. Roger Harris and Mrs. William Hunter were co-hostesses, assisted by Mrs. B. E. Ratliff and Mrs. Ernest Southward.

The serving table, covered with an exquisite imported linen cutwork cloth, was centered with a low circular arrangement of tuba roses and pink carnations, accented on either side with antique silver candelabra containing tall pink decorated candles. The pale pink wedding cake was created to form double rings, and was centered with a miniature bride and groom. Sparkling pink punch was poured from two crystal bowls with an assortment of slipper mints and toasted nuts offered from crystal and silver service.

For her going away outfit, the bride was attired in a smart two piece pink crepe ensemble with white accessories and she wore the orchid corsage from her bridal bouquet.

Following a wedding trip to West Virginia, Michigan and Minnesota, Lt. and Mrs. Frucci will reside in Grand Forks, N. D., where he is assigned with the U. S. Air Force.

Among the out-of-town wedding guests were Mr. and Mrs. C. M. Nichols and family, Athens, Ga.; Mr. and Mrs. Robert Benz, Columbus, Ga., and Tim Garney, Coral Gables.

MRS. NORMAN ROSSI FRUCCI

HERE RUTH is attired in the "scanty and indecent" suit which won her the crown. She considered posing for this glamor photo a most distasteful detail. The long stockings indicate she is not completely immodest.

## Festive Birthday Party Surprises Mrs. Lena Eith

By Frances Wester

Mrs. Joseph (Lena) Eith, of Lake Mary, was honored on her birthday this week with a surprise party given by a group of her friends in the community.

Mrs. Joe Smathers and Mrs. Einar C. Turning were hostesses for the occasion, and had the guests assemble at the Eith home to surprise the honoree.

Others participating were: Col. and Mrs. Harry E. Sandusky, Capt. Einar C. Turning, Mrs. Richard Beebe, Mrs. Alan Bashara, Mrs. Florence McCarron, Robert Prantzen, Carl Stewart, and Joseph Eith.

Refreshments of ice cream and cake were served by the hostesses. Mrs. Smathers had made an unusual and beautiful birthday cake for the party in the shape of a butterfly, decorated with yellow and orange coconut on the frosting, using yellow and orange gum drops and black licorice for added color effect.

## Gray Ladies Issue Invitation To Tuesday Class

All ladies, who are interested in becoming Gray Ladies in the school program are invited to attend class Tuesday, September 8, from 9:30 to 11:30 a.m. at the Health Clinic on French Avenue.

Advance registration is not necessary. Plan Tuesday to become acquainted with the Gray Lady program and orientation in Red Cross.

## Altamonte

### Personals

By Julia Bartos

Mrs. John Dermott of Durham, North Carolina was accompanied by her sister and brother-in-law, Mr. and Mrs. Stanley Mikos of Brooklyn, New York to Cocoa to visit Mrs. Dermott's daughter and son-in-law Mr. and Mrs. Lawrence M. Millikin last week.

Mrs. Dermott was a recent house guest of Mr. and Mrs. Walter W. Hauser of Dol Ray Manor. Mrs. Marjorie Boggs of Leesburg, Florida who will be a matron of the girls at the Deaf in St. Augustine this fall was also the guest of the Hausers.

Mr. and Mrs. Roland Grundy of Dolores Drive returned from a week's vacation spent with Mr. and Mrs. George Kinlaw of Fayetteville, North Carolina. They had plans to go ocean fishing but Cleo upset their plans.

Mr. and Mrs. B. H. Jarrard of Lake Boulevard returned recently from a visit to Birmingham, Alabama, where they visited their many friends and visited with Mrs. Jarrard's relatives in Atlanta, Georgia. While in Georgia, the Jarrards spent some time with their son and family who recently purchased a new home near Atlanta.

damsels, stylish wardrobes and the latest in fashionable coiffures. Ruth Malcolmson, center, Miss America of 1924, is shown with her court of honor . . . With some "teased up," "glued down" hairdos and a few layers of clothing removed, these gals would no doubt offer keen competition to our modern contestants.

THE BEVY OF BEAUTIES is not participating in a "Last Rose Of Summer" contest around Sanford on Labor Day. They were the fairest of the fair in the 1924 Miss America Pageant. Having competed in preliminaries in communities all over the country, they were winners in the exciting contests replete with bedazzling

## Surprise Party Honors Miss Jones

By Frances Wester

A surprise dinner party was given for Margaret Jones in celebration of her twenty-first birthday, Tuesday night, by her parents, Mr. and Mrs. C. E. Jones, at their home at 809 West Fifth Street.

doing since graduation. Guests attending were: Penny Anderson, Rita Beasley, Joy Wester, and Mrs. Thomas Bonny Wilson, Pat Lavender, Best, the former Leslie Jones.

ENJOYING A SURPRISE BIRTHDAY PARTY honoring Margaret Jones on her 21st birthday are from the left, Mrs. Tommy Best and the Misses Joy Wester, Rita Beasley, Miss Jones, honoree, Pat Lavender, Penny Anderson and Bonny Wilson.

## Rebekah Lodge No. 43 To Meet This Thursday

Seminole Rebekah Lodge 43 will meet at 8 p.m. Thursday at the Oddfellows Hall for its first meeting of the new season with Mrs. Eva Williams, noble grand, presiding.

This will be a district meeting with Mrs. Hatie Raynor, district deputy president, and all officers are required to wear formal. Pastels may be worn at this meeting if desired.

## Penchant Pendant Revival Adds Glamour To Fashions

NEW YORK (UPI)—Dame fashion's current penchant for pendants has been traced to Madame Gabrielle Chanel—the fashion pace-setter from Paris.

The designer has been using pendants to accessorize her suits since the 1920's.

Now, like the Chanel suit that regained the fashion spotlight some years ago, the pendant has completed its cycle and again is "the" jewelry highlight for contemporary styles, the Fashion Coordination Institute reports.

What also plays a part in the revival of the plunging neckline. You can't have that much bare space without filling it with something.

The institute reports pendants worn with the skidding V-necklines can be used alternatively—or dually—as either eye-catching accents or as camouflage for a "V" that plunges severely.

## New Arrivals

Mr. and Mrs. A. K. Powers Jr. of Indianapolis, Ind., proudly announce the arrival of twin daughters, born Saturday, August 29, 1964.

Mr. Powers is known throughout the Sanford area and is the grandson of Mrs. Bradford Byrd and Mrs. F. W. Bender, both of Sanford.

## Vickers-Rabun Wedding Plans Announced

Mr. and Mrs. A. L. Vickers of Sanford, announce the engagement and approaching marriage of their daughter, Miss Terri Lee Vickers, to Charles Rabun, son of Mr. and Mrs. C. T. Rabun of Lake Monroe.

The bride-elect was born in Tampa and is presently affiliated with the Sanford Transfer and Storage Company.

Her fiancé was born in Sanford, attended schools in Seminole County, and was graduated from Seminole High School. He is presently employed with the Electroflux Corp., while attending Orlando Junior College.

The wedding will be an event of Saturday, October 3, 1964, at the Pinecrest Baptist Church. No formal invitations are being issued, and all friends and relatives of the couple are invited to attend the wedding and reception immediately following.

## South Seminole Young Women Meet Thursday

By Jane Casselberry

The newly organized Young Women's Club of South Seminole will hold its first regular meeting at 8 p.m. Thursday, Sept. 10, at the former Geisler home on Sunset Drive located on Lake Concord next to Vaughn Nursery.

Guest speaker for the National Federation of Woman's Clubs will be Mrs. J. Y. Clark of Leesburg who will discuss the advantages of becoming affiliated with the federation.

All young women of the area interested in joining the club are invited to attend. Refreshments will be served.

# Horoscope Forecast

Tuesday, September 2, 1944

## GENERAL TENDENCIES:

The daytime is an unusually good period for you to find out exactly where you stand with others and the best means whereby you will be able to join forces with great warmth and intelligence in the days ahead. Make sure you hold steady to the left side you have had in your life, for you can get others to join you, as well as make headway therein yourself.

**ARIES** (March 21 to April 19) Others can be swayed to your way of thinking if you use practical judgment and energetic words. Reach agreement. Today's planning can bring benefits for a long time.

**TAURUS** (April 24 to May 20) Agreement with others need much effort on your part, plus enthusiasm, if they are to flourish as you desire. Get an early start on your work. Then it is behind you satisfactorily.

**GEMINI** (May 21 to June 21) By being warm and friendly, you get much support from others and become more happy yourself. You have many talents. Bring them to the fore and commercialize on them.

**MOON CHILDREN** (June 22 to July 21) You can find just the right outlets for family ties, but it also requires you help them to put them into operation. Try new methods at own interests. Increase income.

**LEO** (July 22 to August 21) A bit of encouragement and helping them to get what they need will do wonders with those you love. Tune up your surroundings later.

**VIRGO** (August 22 to September 22) Be enthusiastic toward work facing you which will help you to get what you want. Don't neglect minute detail. You will prosper in commensurate measure to the amount of effort you put in.

**LIBRA** (September 23 to October 22) You have to be specific in expressing yourself with others if you wish to attain your aims. Don't be indecisive or you get nowhere. Be positive when you say something.

**SCORPIO** (October 23 to November 21) Investigation on your part with the assistance of those you can trust can bring forth true facts now. Use data wisely. Be romantic in PM, but don't be forceful.

**SAGITTARIUS** (November 22 to December 21) Going out socially is best method to contact right people and to reach your particular aims today. Do some of the inviting yourself. Accept others' favors graciously.

**CAPRICORN** (December 22 to January 20) Following all laws that apply to you is vitally important right now. Be grateful for the assistance of some higher-up. You will gain as well as add to prestige now enjoyed.

**AQUARIUS** (January 21 to February 19) Deepening ties with new acquaintances and garnering information that increases knowledge is best way to utilize time today. Pick up new ideas quickly. Much success is possible.

**PISCES** (February 20 to March 20) Instead of changing your views so often, listen to the voice of your intuition more and put it to good use. You are capable of being very precise. Form this habit now!

**IF YOUR CHILD IS BORN TODAY**, he or she will have such a charming personality that others will want to spoil your progeny very early in life, and it is up to you as parents to teach your son or daughter that nothing is truly enjoyed that is not earned. Then the confidence is built up and a great success in life is possible. There could be a fine partner in a big business in particular, here.

"The Stars impel, they do not compel." What you make of your life is largely up to YOU!

# Quiz: Would You Like To Be The Boss?

**By Della Smith**  
**City Editor**

Want to be a boss? Well — before you utter an emphatic yes, compare your qualifications with management's requirements.

Though there's good money and rich satisfaction in being a manager, having a tougher job than you can handle spells only worry and failure. On the other hand, if you do have what it takes, knowing that you have it will help give you the incentive to sustain a drive to the top.

According to Ray H. Jordan, executive vice president of the J. C. Penney Company, everyone who aspires to reach the heights of management should ask himself 10 basic questions.

These questions form the yardstick by which all Penney store managers are measured and to which they must measure up. Penney's management training program stresses the importance of self reliance to prepare trainees for the key company positions of store management.

To see how you rate as management material, give yourself 10 points for each "yes" in the following quiz, five points for each "half-yes" and zero for each "no." Then use the scoring table at the end.

**Do you like dealing with people?**  
No quality is more important to an executive. The opinion others have of you is often a reflection of what you think about them; if you like them, they'll like you — and work for you. This doesn't mean that you must be friendly to the point where you fail to criticize poor efforts. It does mean, on the other hand, that your criticism should be aimed at helping your subordinates, never at merely boosting your own ego.

**Do you really know your job?**

Doing your present job well is the only way you can advance to a better one, for performance is what potential leaders are judged on. You'll do your job better if you know why you do it — just where you and your job fit into the total company picture. This will not only improve your morale, but, by giving you a better grasp of the organization's set-up, prepare you for the next step up.

**Do you look for better methods?**  
Do you try to dress up ideas that will attract customers, increase sales, save the company money? Do you understand and work at the important function of finding the most efficient way to get things done?

**Do you seek responsibility?**  
If you look around for something to do when your immediate assignment is fulfilled, if you stay with a job when others would let down, if you're willing to show someone else how to do something, you're the "responsible" kind who's likely to go places.

**Are you willing to learn?**  
The potential executive knows that he must literally learn to succeed — by taking courses, talking to superiors of more experience, co-workers, keeping up with trade literature. But technical knowledge is not the whole story. The development of lifelong "study habits" that have little to do with booklore; recognizing the needs of customers, talking to people about their needs and preferences; learning all you can about the people your firm serves — all help you do a more effective job now and boost your managerial potential.

**Do you accept criticism gracefully?**  
Taking criticism personally is not only a sign of immaturity — it's a sure way to cheat yourself of good will and valuable pointers. If you honestly think your critic is wrong, speak up and make counter-suggestions. But be sure you speak from knowledge and not from hurt pride — especially if it's the boss whose opinion you're challenging.

**Can you express yourself well?**  
Unless you can phrase your thoughts clearly and concisely, you're not adequately equipped to tell others what to do. Numerous personnel studies have shown that executives in every field tend to have above-average vocabularies. If you know you're weak here, or in the spelling or grammar department, correct these deficiencies before they hurt your chances.

**Does time fly?**  
If it seems to stand still, chances are your future is progressing at the same clip. There's nothing wrong with clock-watching so long as you use the clock as a stimulus to work, not as an escape from it.

**Are you an optimist?**  
A good executive is optimistic and enthusiastic about his job and his company and seeks to foster this constructive approach in his co-workers. Do you "talk-up" your firm when you're among friends, instead of joining the futile chorus of grippers?

**Are you ahead of the competition?**  
The best way to time your speed in the race for success is to keep a record of your performance. No matter what your job is, note how much you accomplished each week or each month. Set your own goals.

Score yourself as follows:  
85 to 100 points — you have it, and are a prime manager prospect with an excellent likelihood of reaching the top.  
65 to 80 — You are definitely management material, but you'll be wise to step up your efforts if you want to live up to your potential.  
75 to 80 — You can make it, but you have a lot of competition. Ask yourself how you can improve.  
65 to 70 — the odds are against your landing a job in top management unless you can lick those traits that have cost you so many points.  
Below 65 — being a manager isn't everything. Your best bet is to seek success as a spouse and as a citizen. If you have the gunnison a management position is barely possible, but you would probably be happier seeking a career in another direction.

participation in civic and community endeavors as outstanding qualifications for this position.

Hubert, a Maitland area resident for over 27 years, is a member and past president of the Maitland Chamber of Commerce, and a member of the Winter Park Chamber of Commerce. In addition, he is a past vice-chairman of the Wekiva District, Boy Scouts of America, and an elder and trustee of Maitland's First Presbyterian Church. He is a member of the Central Florida Navy League and a director of the Mental Health Association of Orange County. He is past committee chairman of the Plant - Engineering Committee of the statewide Florida Telephone Association.

An employe of the Winter Park Telephone Company for over 21 years, Hubert has risen "through the ranks" from lineman to his present position as executive vice president. He was elected to the Telephone Company's board of directors in 1942.

Hubert is married to the former Isabelle M. McNair, Mrs. Hubert, as well as the couple's four children, Jimmy, Chuck, Grace and Sandra, were all born in Maitland. His parents, Mr. and Mrs. Ernest E. Hubert also reside in Maitland.

South Seminole Bank was chartered in 1941, opening on June 26 of that year. The progress made by this financial institution over the past 3 years is indicative of the rapid development of the Maitland - South Seminole County area. Resources of South Seminole Bank have increased to their present total approaching \$7,000,000.

South Seminole Bank now employs 20 and continues to expand its facilities as demand warrants.

## Dimes Savers Pose Problem For U. S. Mint

When the man tied his tie and put on his coat, he also took the dime from his dresser. On his way to work, he used the dime to buy a paper. The newsboy spent the dime for a cup of coffee at a shop where the proprietor gave the dime in change to a man who bought a pack of cigarettes.

This man left the dime as a tip when he bought lunch and the waitress spent it for bobby pins that afternoon at the dime store. The dime store gave it in change to a woman who bought a pair of sunglasses and she spent it for a roll of mints at the candy shop. The man in the candy shop gave the dime in change to a man who bought his wife a box of chocolates.

In a single day, the dime served as a medium of exchange in eight transactions. But there it stopped. For the man who bought the chocolates is not only a thoughtful husband, he is also a dime-saver. When he got home, he dropped the dime in a cigar box in his dresser drawer where it will remain — along with 157 earlier dimes — and more to come.

Is the dime-saver doing wrong? Not in the usual sense. In fact, he is practicing thrift through saving, a generally accepted virtue. But today our country is in the throes of a coin shortage. Nobody claims this shortage is being caused by dime-savers, but the dresser-drawer deposit, the piggy-bank balance and the sugar-bowl supply are ancient and widespread customs and account for literally billions of coins now desperately needed to ease the needs of retail trade.

Both U. S. mints are now working overtime to increase coin production, and another mint is to be constructed. In the meantime, coins already minted must be kept in circulation if both retailer and consumer are not to share in a frustrating impasse at the cash register.

Do your share. Take your coins to the bank and turn them in for paper money. Or better yet, put them in a savings account where they'll multiply through the magic of interest. That's an added benefit you'll never get from your dresser drawer.

## Telephone Official Gets Post In Bank

E. G. Banks, president of South Seminole Bank, Fern Park, today announced the election of Russell P. Hubert to membership on the bank's board of directors.

The board of directors is naming Hubert as a new member pointed out his business career and generous participation in civic and community endeavors as outstanding qualifications for this position.

## Locke Visits Lions Club

By Jane Casselberry

The Lions Club of Casselberry received an official visit last Thursday night from Claude E. Locke of Leesburg, district governor of 35-0, at a meeting held at the Trade Winds Cafeteria in Seminole Plaza.

Locke gave a report on the Lions International Convention held this summer in Toronto, Canada.

Other distinguished guests at the meeting were Deputy District Governor At Large, Sam L. Shaw, Mt. Dora, and Deputy District Governor for Region Three, Harold A. Jenkins of Orlando.

To emphasize the problems of the blind and encourage interest in the club's sight conservation program, Lions Milton Freeman and Hibbard Casselberry ate their salads while blindfolded.

**Spectators Gored**  
SAN SEBASTIAN DE LOS REYES, Spain (UPI)—More than 30 persons were knocked down or gored by six stampeding fighting bulls here Sunday during an "encierro," when the streets are barricaded off and the bulls herded along them to the bull ring.

Spectators are allowed to run with the bulls.

## Club To Stage 'Victory Meet'

By Jane Casselberry

The Seminole County Young Republican Club has announced a "Goldwater Victory Strategy Meeting" to be held at 8 p.m. Tuesday in the Caucus Room of Florida State Bank in Sanford.

E. Pope Bassett, president of the club, emphasizes that all Seminole County voters, regardless of party affiliation, who really want to do something tangible to help in the campaign are invited to attend.

"This meeting," he said, "is not for those who would just like to talk politics but for those who want to work for Goldwater and accomplish some practical political results."

# Dora Aims Full Fury At U. S. Coastline

## City Speeds 'Cane Preparation

## Huge Storm Heads West

**AROUND THE CLOCK**  
**RVAH - One Navy Wives**, sponsoring the forthcoming Talent Show for the benefit of the USO, report that the "Vigilantes" — a five piece band — will appear on the program. The quintet is composed of Bob Mooney, Emile Caup, Jack Shafer, Russ Hamilton and Steve Collins.

Jack LeBlanc, a vocalist and pianist, has also agreed to perform. Additional auditions are slated for Monday nights the 7th and 14th of September.

Clearing of right-of-way property for repaving SR 427 is under way. Dense brush is being removed now on a section of the road just north of Lyman High School. It'll be a blessing when this project is completed.

Note to the parent who wanted us to check on lunch periods at Sanford Junior High School:

Yes, madam, your child is correct! There are three lunch periods. The first starts at 10:33 a.m., the second at 11:28 a.m. and the third is at 12:29 p.m.

Can you imagine going to lunch before 10:45 in the morning? But this is right. Principal Hugh Carlton explains it this way: "We've got more than 1,300 students here and the enrollment is growing every day. When a school term first begins more pupils eat in the cafeteria. We're feeding between 300 and 400 at each lunch period. If we only had two lunch periods we'd have to expand the time of the lunch period to be sure they were all served."

But that's not all. Carlton also said that since classes begin at 8 a.m. a large number of students must be up at 6 a.m. for breakfast in order to be ready to catch buses as early as 7 a.m. "By 10:45 most of them are ready to eat," Carlton said. "If you don't believe it, visit our cafeteria during the first lunch period."

We believe you!

Among the 838 graduates who completed their work during Florida State University's third semester were Penelope Anne Blackford of Altamonte Springs, Lorraine Y. Whiting of Geneva and Elizabeth Buford Williams of Sanford.

Mr. and Mrs. Harold H. Kastner of Sanford will be playing feature roles in plans for the 21st annual convention of the Florida Fruit and Vegetable Association. Mrs. Kastner is chairman of the ladies golf tournament to be held in connection with the organization's get-together. Harold is a member of the men's tourney committee. The event will be held Sept. 23.

The newly formed Humane Society meets Sept. 19 at the Civic Center from 7 to 9 p.m. H. T. Johnson announced today. My voice everybody is "bring a friend." Refreshments will be served, he says.

**ONLY 22 Days Left To Register For General Election**

### Workmen Told To Stand By For Big Blow

City crews were hard at work today under the direction of City Manager W. E. Knowles and department superintendents battling down the City of Sanford ahead of threatening Hurricane Dora.

"Emergency crews have been placed on standby, and we are proceeding with our regular checklist of hurricane preparations," Knowles said. Preparations include checking out fuel supplies and working conditions of the city's emergency generators that supply power to City Hall, the police station and the Navy Shore Patrol offices, the generator at Radio Station WTR-R, two way radios, and heavy duty equipment and trucks.

Crews were busy boarding up the town, with men to stand by during the hurricane to keep watch over the animals. Knowles said that a man with a high-powered rifle has orders to shoot if any of the wild animals should escape during the storm.

Draglines, axes, chain saws, bush hooks, tow cables and trucks are ready to move trees, limbs or other heavy debris off streets or property if they are blown down by the storm winds.

All portable objects, including city trash cans will be removed from streets and stored.

Citizens are advised that if they have debris lying around in their yards that they wish to remove themselves, the city land-fill area will be open until 4:30 p.m. today.

City crews and officials will be on emergency standby duty all night and until all danger has passed, Knowles said.

### New Chairman Selected For Viet Nam Role

**SAIGON, Viet Nam (UPI)** — South Viet Nam's military triumvirate has elected Maj. Gen. Duong Van (Big) Minh as its chairman and will re-elevate him to the honorary title of chief of state as well, the government announced today.

It was not immediately clear in this latest of frequent recent shifts in the Vietnamese political kaleidoscope whether actual power had shifted to Minh or was still retained by Premier Nguyen Khanh.

The triumvirate has promised to turn power over to civilians within two months. It consists of Minh, Khanh and Lt. Gen. Tran Thien Khiem.

The three generals agreed Monday night on Minh's elevation. They gave him the responsibility of naming a civilian council, which in turn is to draw up a provisional constitution and name a provisional assembly by the end of October.

# The Sanford Herald

Zip Code 32771

WEATHER: Hurricane warnings posted; high today in 80's; low tonight in 70's.

VOL. 56 United Press Leased Wire Established 1908 TUES., SEPTEMBER 8, 1964 SANFORD, FLORIDA NO. 273

### Bulletin

A twin-jet Navy plane fleeing from hurricane Dora's path crashed in Lake Monroe early this afternoon and eyewitnesses said both fliers were killed.

Henry Pyle of Lake Monroe Inn said the men, neither identified by naval officials, had either died in the crash or were drowned. He said he visited the plane crash site in a boat and that "neither man survived."

The plane had just left the naval station for Olathe, Kan., to ride out the storm from that safe haven. It crashed in Lake Monroe about three miles from the south shore and in the vicinity of Enterprise.

Pyle said the men elected to ride to the water in the plane since the canopy was still secured.

Identity of the two fliers was withheld pending notification of next of kin.

**CHECKING FLIGHT PLANS** prior to evacuation from Sanford Naval Air Station are these members of the base. Shown are, from left, G. W. Mitchell, AM 1; George W. Beers, AQ 1; Lt. Cdr. Pat O'Gara, Lt. Cdr. O. W. McGuire and Lt. Cdr. D. F. (Kirk) Kirpatrick. Behind them is a TA-3B Skywarrior. (Herald Photo)

### County Adopts Road Program For 6 Months

**By Julian Stenstrom**  
 Associate Editor

A tentative road program for the next six months was adopted today by the County Commission calling for an expenditure of \$292,300 in county funds for materials.

Except for \$6,200 remaining in the current year's road and bridge fund the amount to be expended will come from the budget for the 1964-65 fiscal year.

Major projects include the completion of the north mile of Winter Park Drive, Southwest Road, West Lake Brantley Road, Twenty-Fifth Street extension, Lake Mary Boulevard from Lake Mary to I-4 and routine maintenance.

This section of the program will amount to \$102,500 for the cost of materials.

Additional projects include: District One — Richmond Road, Moore's Station, Sipes Avenue and Pineway, a total of \$21,000.

District Two — Hutchison Parkway, County Home Road and Santa Barbara, a total of \$16,500.

District Three — Longwood-Markham Road and Raymond Avenue, \$35,000. District Four — Reed Avenue and Lake Mills Road, \$7,500. District Five — Iowa, Forest Drive, Vinewood, Sunset and Lake Mary drainage, \$17,700.

### Navy Planes Flee From Storm

Sanford Naval Air Station planes departed shortly before noon today for the hurricane-free area at US-NAV Olathe, Kansas, Lt. Sam Dow, Wing PIO officer has reported to The Herald.

Meanwhile, storm preparations at the local station are proceeding as scheduled throughout the day for maximum protection of personnel and property.

At 11 a.m. Chief Meteorologist Lt. Vincent Law reported slight traces of rain, wind gusts up to 23 miles an hour, from the north-northwest, though the barometer was steady at 29.895 inches.

Lt. Law said that gusts will be near 60 miles an hour by 8 p.m. today, with rain and winds increasing from the north-northwest.

**HURRICANE DORA** is under constant monitoring at the Sanford Naval Air Station as it moved relentlessly toward the coast. Checking the position above are Capt. James O. Mayo, commander of Reconnaissance Attack Wing One, left, and Lt. Cdr. Vincent Law, station weather officer.

**MIAMI (UPI)** — Massive Hurricane Dora, with top winds howling at 130 miles an hour, churned a relentless course today toward the Florida and Georgia coasts.

The nation's space center at Cape Kennedy, included in a 225-mile stretch of coastline where hurricane warnings were flying, began batten down for the second time in less than a month. Five rockets were ordered removed from their launch pads.

Forecasters strongly urged residents in low-lying areas to make plans to move to higher ground. Along the coast, from Myrtle Beach, S. C. to Stuart, Fla., preparations were rushed for the full force of the storm late tonight or Wednesday.

Dora was described as three times as large as Hurricane Cleo which swept up the Florida coastline three weeks ago, doing millions in damage after killing 138 persons in the Caribbean.

**Westward Movement**

Dora, pushing a steadily westward at about 15 miles an hour, was throwing gale force winds 350 miles to its north and 100 miles to its south.

No hurricane in this century has ever smashed into north Florida directly from the Atlantic Ocean.

"There always is a remote chance that a hurricane will turn but we think there is a high probability that Hurricane Dora will hit some place along the north Florida coast," said Gordon E. Dunn, chief of the National Hurricane Center at Miami.

Residents in low-lying areas "where access roads would be flooded" were urged to move to higher ground.

Emergency crews were alerted at Cape Kennedy and workmen began securing loose equipment at the space center which was brushed last month by Hurricane Cleo but escaped major damage.

In a 10 a.m. advisory, the Miami Weather Bureau urged residents in the hurricane warning and watch areas — from Stuart to Myrtle Beach — to begin precautions for the protection of life and property.

**Ten Foot High Tides**

"Dora is a large and severe hurricane with highest winds estimated near 130 m.p.h. near the center and it has the strength to put up a ten foot tide near and a little north of where the center reaches the coast along with huge waves," the Weather Bureau said.

Dora is located about 350 miles east of Cape Kennedy where five rockets stood on their launch pads, including the giant Saturn-1 super-rocket set for launch Sept. 17 with a dummy Apollo moonship.

The warnings came as Dora, termed nearly three times as large as last month's killer Hurricane Cleo, pushed steadily westward at about 15 m.p.h.

"Dora is a large, severe hurricane with highest winds estimated at 130 miles an hour near the center and gales extending nearly 350 miles to the north and 100 miles to the south," the advisory said.

**Stern Warning Given**

"All interest in the area of warning should take necessary precautions against high winds and tides and especially in the area of hurricane display," the weather bureau added.

"This hurricane will produce tides of 10 feet above normal near and a little north of where the center reaches the coast, generally around five feet elsewhere to the north of the center . . . and 2 to 5 feet in the area of gale display on the South Carolina coast."

"All persons on low coastal areas of northeast South Carolina should take the necessary precautions to protect themselves a gain at these tides. Persons where access roads would be flooded should evacuate today."

Huge swells and abnormally high tides were already bashing the coast and forecasters said minor beach erosion was reported from Daytona Beach, Fla., northward into the Carolinas.

Cities along the coast began preparing for the blow.

Dora was one of three storms churning the Atlantic. The Miami bureau located Hurricane Ethel early today at 400 miles south, southeast of Bermuda. It was moving toward the west, northwest about 12 miles an hour and should pass south of Bermuda tonight.

Ethel was described as a "small affair with wind gusts of hurricane force in squalls near the center and with some gales extending 100 to 200 miles from the center."

### Warning Given Area Residents As 'Monster' Heads This Way

Civil Defense and Red Cross authorities voiced urgent warnings today for all citizens of the Seminole County area to take every precaution immediately for "a very, very dangerous hurricane."

"This one is a monster," said Disaster Chairman Tom Peterson. "We can't urge you too strongly to batten down securely, and prepare for a heavy siege of hurricane winds for a long period of time, perhaps as much as 10 hours, if Hurricane Dora continues on her present course," Peterson warned.

The disaster chief urged that householders remove or tie down all loose objects in yards, stock up on water, candles or flashlights, radio batteries, canned foods or other emergency equipment.

Hurricane shelters will be opened in the following locations to take care of designated areas of the county:

- Crooms Academy — Sanford area, plus north, central and northwest Seminole County; CD vehicles to pick up passengers at Fleming's store in Midway for two and a half hours after announcement of shelter opening;
- National Guard Armory — Sanford area, plus north-central and northwest Seminole County; pick-up vehicles at Elder Springs Baptist Church and Wilson School in Paola;
- Oviedo City Hall and Oviedo Junior High School — northeast and southeast Seminole County; pickups at Geneva School and Chuluota Community Building;
- South Seminole Junior High — south and central Seminole County; pickups at Mobile Manor Trailer Park in Sandalco and at Bear Lake School.
- Rosenwald School — South Seminole County.

Persons who come to the shelters are urged to bring bedding, amusements for children and if possible, eat supper before coming.

"Tie down everything loose around your home before you leave," Peterson urged.

The Salvation Army is prepared to help with 60 vehicles for evacuation to shelters in the area, and stand-by supplies for the emergency. Capt. Harry Follen, local SA official said this morning.

### Bombers Head For Safe Zone Across Nation

Sanford Naval Air Station planes departed shortly before noon today for the hurricane-free area at US-NAV Olathe, Kansas, Lt. Sam Dow, Wing PIO officer has reported to The Herald.

Meanwhile, storm preparations at the local station are proceeding as scheduled throughout the day for maximum protection of personnel and property.

At 11 a.m. Chief Meteorologist Lt. Vincent Law reported slight traces of rain, wind gusts up to 23 miles an hour, from the north-northwest, though the barometer was steady at 29.895 inches.

Lt. Law said that gusts will be near 60 miles an hour by 8 p.m. today, with rain and winds increasing from the north-northwest.

Sanford Naval Air Station planes departed shortly before noon today for the hurricane-free area at US-NAV Olathe, Kansas, Lt. Sam Dow, Wing PIO officer has reported to The Herald.

### County To Use Police Powers

The County Commission today decided to exercise its police powers and call for strict enforcement of regulations which prohibit the use of the county's old clay pit in the vicinity of Tee 'n Green Estates.

W. T. Hensley, a resident of the subdivision, told Commissioners that windows in the neighborhood are being shot out by unknown persons in the vicinity of the pit and requested some action.

Commission Chairman James Avery informed Hensley that there is a regulation on the books now that prohibits the use of the pit for any reason between sundown and sunrise. The board agreed to erect signs posting the clay pit area and to ask the Sheriff's Department to enforce the regulation.

"We've got to do something out there," Avery commented, "before someone gets killed."
