

Byrd Reports First As Sanford Opens Albany Drills

Silverthorne Listed As 19th "Rookie"

By KENT CHELMAIN
Rubber-nosed slugger Murray Byrd arrived today in the St. Louis Cardinals camp.

At Albany, Va., reporting in the peak of condition ready to open tomorrow's first drills with the newly assembled Sanford Cardinals.

Byrd, truly a soundman of fortune, had just one year ago been a young fan station attendant in Sanford having recently arrived from his Danville, S. C., home with his Sanford wife and two children.

Last year with a nothing to lose attitude, Byrd decided to answer Chuck Allen's call for local recruits at the old Municipal Stadium. The San Antonio Mission, now in Dundell, were then training in the brand new Memorial Stadium at the time.

Byrd was a wiry rightlander with nothing but a few seasons of semi-pro ball. He had to be taught how to stand on the rubber by Sanford's Lloyd Swain, then the first of the Blue players signed a contract.

Byrd wasn't considered much of a chance to stick with the Blues but the uncanny Murray Byrd "nothing-ball" artist baffled the circuit, winning five of his first six games—all on the road for the "come-here-and-go" Seminole Blues.

Byrd wound up as the only hurler on the Blue mound staff to arrive the season in September and now it appears as though he may be back again this year as the only holdover from last year's team.

Byrd will have a thorough trial at the Card encampment in Albany. He is owned by Sanford and will probably pitch here or at least will be fit into the scheme of things. The slender rightlander won 14 and lost 10, the most in each bracket for the Blues last year.

Byrd was his first crack at professional ball, but he is 25 now. Perhaps, he may turn into one of those once in a million who attain the prime goal of reaching the majors after forgetting about baseball until he was 21.

Meanwhile, Manager J. C. Dunn will begin drills at the Albany base with the 19 Sanford players and Byrd. Dunn will have a varied assortment of prospects, but only two besides himself will have proven, or at least played, organized baseball before. The 18 others, who average 18 years and a few months old, will be given forberis on the squad that usually eventually leads to 10, including the holdover.

Dunn has four catchers, one with experience in baseball before—Bill Silverthorne. The latter was picked up in a straight pickup sweep with Rock Hill, Tenn. for flashy veteran, dummy income.

In the outfield, Dunn will have three 18-year-olds and himself. The infield roster is comprised of five players, all rookies. And the mound corps includes eight, counting Byrd.

Actual records and data on these 18 rookies is only fragmentary and slightly tinged with exaggeration—talking points for scouts.

The Cardinals will probably have many players shifted off and on their roster with the exception of Silverthorne, Byrd and Dunn. On Apr. 10, Card General Manager Jim Fields will leave Sanford to pick up the players in the Sanford with the 1933 edition of the Red Birds on the 14th and Sunday, the 15th, they will stage an exhibition game free of charge for local fans at the Memorial Stadium probably with the Sanford Navy team.

Monday night the lights will be turned on to open the Florida State League season officially with the Orlando Senators playing the Cards at the Memorial Stadium.

Tampa Smokers Open Up Spring Practice

TAMPA (AP)—The Tampa Smokers opened spring training Monday and received good news from one player and bad news from another.

Arnie Atkins, right-handed pitcher, who helped the Smokers mightily in winning the 1931 Florida International League pennant, has signed a contract for 1932. Atkins won 11 and lost 3 in 1931, coming to the team in midseason, but went to Shreveport, La., last season.

Frank Anderson, regular third baseman the last two years, said he was giving up baseball for a new career.

Frank Anderson, regular third baseman the last two years, said he was giving up baseball for a new career.

10 Local Golfers Enter Men's State Amateur Golf Tournament

162 Will Qualify In Big Orlando Meet

ORLANDO (Special)—A huge field of 162 golfers from all over the state, including 10 from Sanford, tee-off beginning at 8:00 a.m. this morning at the Dubuque Country Club in the qualifying round of the 26th annual Florida State Amateur Golf Tournament.

Leading the 10 Sanford linkers was C. E. Phillips, the partly craftsman who won the recent fourth annual Masfely Inn Seminole Country Club's Men's Invitational on the 37th hole, beating W. A. Fleming of Orlando earlier this month.

Right behind Phillips is the Seminole Country Club's perennial champion, Jim Spencer. The other eight composing the Sanford contingent are Harry Tooke, Roy F. Symes Jr., Howard McGough, Sonny Powell, L. J. Cleveland, E. H. Smith, J. W. Altman and Earl Higginbotham.

Defending state amateur champion, W. A. Dub Pagan, West Palm Beach fireman, today began defense of his title. Pagan proved he was ready when he toured the Dubuque course in 68, three under par, during a practice round.

Tournament officials said the field was not as large as in other years because of a new rule limiting entry to those with handicaps of 16 or less.

Today's 18-hole qualifying round will cut the field to 64 for the championship flight.

Match play begins Wednesday in all flights. Semifinals will be played Saturday with the 36-hole championship finals Sunday.

Players from 29 cities are competing. Pairing for today's qualifying round reveals that the 10 Sanford linkers will go out in eight foursomes beginning at 8:10 a.m. and finally winding up at 1:02 p.m.

Four Sanford golfers drew the same foursome. Tooke and Higginbotham are listed in the same foursome slated to tee-off at 8:34 a.m. Then McGough and Symes went out together at 8:42 a.m. in the same foursome.

SANFORD PAIRINGS IN STATE AM

8:10 Geo. C. R. Gerhardt, Orlando; L. H. Penick, Tampa; J. S. Cleveland, Sanford; Dave Grayson, Vero Beach.

8:34 Truman Sands, Ocala; Earl Higginbotham, Sanford; George Farrell, Miami; Harry R. Tooke, Sanford.

8:42 Leon Karavay, Orlando; Roy F. Symes Jr., Sanford; Howard McGough, Sanford; Harold Bailey, Daytona.

9:14 John Colvin, Ocala; R. E. Austin, Ocala; Mike Camp, Ocala; J. W. Altman, Sanford.

10:22 Rupert Caviness, Ocala; L. B. Lovett, Ocala; J. V. Simmons, Ocala; E. H. Smith, Sanford.

12:06 Sonny Powell, Sanford; Charles Rodes Jr., Ft. Lauderdale; O. L. Cheshire, Ft. Lauderdale; H. B. Royal, Coral Gables.

1:02 Les Handt, Tampa; Hugh Hayes, Clearwater; Dexter Daniels, Winter Haven; Jim Spencer, Sanford.

Red Sox' English Pitches No-Hitter In Lions League

Charlie English hurled a masterful no-hit no-run victory over the Seminole to give the Red Sox an 11 to 0 win over the Seminole in yesterday's Lions League game at the Lakewood Diamond. English faced only nine Seminole.

The Red Sox win placed them in two-way tie with the Giants for second place. The victory offered by the Seminole was their third of the season. They have yet to win a game.

Cardinal - Sanford Pact To Be Read At J. C. Meeting

Jim Fields, general manager of the Sanford Cardinals, will be the featured speaker at the Junior Chamber of Commerce meeting in the Yacht Club on Apr. 2. It was announced today by Jaycee President Douglas Stenstrom.

Fields will read the entire working agreement with the St. Louis Cardinals, which was just signed last month, before the luncheon meeting of the Junior Chamber. The Sanford (J.C.) speech and verbal account of the Sanford-St. Louis working accord will be broadcast from the Yacht Club meeting over WTRH.

Sports Roundup GAYLE CALBOT

PHOENIX, Ariz. (AP)—The first thing you notice about the Tokyo Giants, the champion ball club of Japan, is that their uniforms bear the word "Tokyo" in block letters across the chest.

Lefty O'Doul, the old big league outfielder and present Pacific Coast League manager, officially named them the Tokyo Giants on one of his trips out there years ago. There is no Japanese equivalent of the word "Giants", and as the club's original uniforms bore both words, it would have looked silly to have one in Japanese and the other in English.

It became necessary to drop the "Giants" in time, as Japanese players were smaller in those days than they are now and the "Giants" kept sliding down under the belts. But they stuck with the "Tokyo." The uniforms are made in this country and are exact copies of those worn by the New York Giants.

Ever since the Japanese adopted baseball and went crazy about it, they have run into similar linguistic difficulties. As they had no words of their own for the familiar terms of the game—run, hit, home run, strike and the like—it was necessary for them to use ours. During the war they dropped these and made up some ersatz ones of their own, but it didn't go to date it has won eight games against a dozen losses and has greatly impressed baseball men with the obvious improvement in play since the last Japanese team was here in 1926.

One big league scout said that he would guess the Tokyo club could hold its own in a fast Class A league—might even get along in Double A after another such trip as the present one. The last time they were over, he said, they played only about college caliber ball and knew none of the finer points of pitching.

The SPORTS REGISTER

By KENT CHELMAIN
Sports Editor

Almost every day we are stopped on the street by fans wanting to know the lowdown on the local Sanford Cardinals. What does the baseball picture look like? Are we going to have a good club? When will the club be in Sanford? What is the real story behind the club?

These and many like queries are often expressed. As far as the answers go, some we can give specifically, others we know only as much as the fan, if that much. Perhaps it would be best merely to outline our impressions thus far, citing facts we do know, adding casual opinion and delving into the possibilities and probabilities.

SANFORD'S BASEBALL PROSPECTUS: This year the Sanford class D entry will again be operated independently for the second straight year after the New York Giants abandoned their ownership of the local franchise. The ill-fated Seminole Blues of last year, burdened with a \$4,000 indebtedness, have embarked on a precarious course augmented by a working arrangement or agreement with the traditionally strong St. Louis Cardinals farm system. This accord merely furnishes players, manager and partial financial assistance amounting to just \$100 or so over the cost of spring training for Sanford-assigned players at the Red Bird-operated farm encampment at Albany, Ga.

The local club is in the hands of a new set of Sanford directors who have unselfishly pledged themselves to work gratuitously merely for the cause of preserving this City's traditional baseball heritage.

They are guided in the main by a young energetic sportscaster, Jim Fields, most serving as the club's business manager, and a sound business man John D. Callahan, the president.

Fields lends the Sanford Cardinals a blend of youth and ideas along with his astute knowledge of the game as a sports critic, a namer and observer. He brings to the local diamond scene a "new" approach to the operation of the club. It consists of keeping the public informed on everything the management plans and does during the course of the season.

So convinced is Fields that this is the wise course, he has scheduled a radio address before the Junior Chamber of Commerce meeting in the Yacht Club on Thursday, Apr. 2, for the purpose of reading a position every word and hidden clause in the recent Sanford-St. Louis working agreement signed last month.

"I believe," he declares, "that if you confide in the people every move, you will not only get their views to help you make a decision, but in the long run you will gain their support by frankness, leading ultimately to our goal—demonstrating to them this 'THIRTY club, which they can make or break.'"

Fields has promised the press that the team will not embark on any course of misleading information. No financial crises will be announced suddenly like a bolt out of a clear blue sky. The public will be fully informed of the club's progress through the press and radio. The closed door sessions will be made public to the extent that the fan knows the score almost as soon as the directors.

This year the club is being operated for the benefit of the Memorial Hospital. In short, any profit made will be presented as an outright gift to the local hospital. However, any loss will be absorbed by the club and not the hospital. This is done for several reasons, not the least of which is the public opinion of the directors, who are risking operating a debt-burdened franchise merely to save baseball for this baseball-minded community and its \$200,000 Memorial Stadium.

A practical reason, too, is the hope that by running the club for the hospital, they can induce many more fans to go to the games, knowing that they will be contributing in the long run to their own hospital. Another is the hope that if a tax exemption bill is passed in Congress, the nearly one-third losses in state and federal taxes will be returned to the club and indirectly to the City, paying all obligations and possibly in the end helping Sanford's critical hospital situation.

These are the fundamental facts regarding the type of men and overall objectives now confronted with the task of placing a baseball team on the field in Sanford this season.

Tomorrow we will discuss the exact financial condition of the Sanford Cardinals and its problems of fielding a ball club. The costs will be analyzed as will the present steps being taken to give Sanford a ball club this summer.

Dot Powell Beats Mrs. Smith In Thrilling 1-Up Win On 21st Hole

Dot Powell staged a thrilling victory yesterday in the quarter-finals of the Women's club championship tournament at the 1-up four inn Seminole Country Club by edging Mrs. E. B. Smith, 1-up on the 21st hole.

It was a bit ironical, for Miss Powell defeated the winner of her usually sponsored trophy tournament, Mrs. Smith. Meanwhile, defending champion Ellen Betts scored a victory over Mrs. T. E. Melanich in a forfeit when M. Daniels had to leave town.

Another set of upsets was registered in second round play as Mrs. Ross Adams unseated Mrs. Mrs. Olinger last night's tournament.

Ellen Betts over Mrs. Melanich, forfeit.

Month Of Mourning For Dowager Queen Decried In Britain

Mother Of Kings Died In Sleep Last Night

LONDON — Queen Elizabeth II today decreed a month's mourning for Queen Mary, thus carrying out the wish of her grandmother that nothing interfere with Elizabeth's coronation in June. Ending the period of mourning after a month will allow plenty of time for coronation arrangements and activities.

Queen Mary died peacefully in her sleep last night at the age of 85.

Elizabeth, accompanied by the Duke of Edinburgh, was among the descendants of Queen Mary who drove slowly up to Marlborough House today. All were attired in deep mourning. Their faces were heavy with grief and they bowed their heads as they walked into Queen Mary's home to discuss funeral arrangements.

Elizabeth and her husband stayed for 40 minutes. Other visitors included the Queen Mother, Elizabeth, Princess Margaret, the Duke of Windsor, the Duchess of Kent (widow of Mary's fifth child) and the Archbishop of Canterbury. (Continued on Page Two)

Dog Track Taxes To Be Discussed At Public Meeting

The popularity of last night's public meeting on proposed legislation proved so great that another meeting will be held next Tuesday night at the Court House at 8 o'clock.

Extensively gratified over a turnout of more than 100 Sanford and Seminole County citizens, Senator Lloyd F. Boyle and Representative William H. Cline, Jr., set a second date when persons will again have a chance to discuss matters of interest to the delegation to Tallahassee.

At the suggestion of Rep. Williams, state-wide legislation with an emphasis on anti-municipal wage and appropriation for education will be discussed at the next get-together.

From the time Senator Boyle opened the special session with an introductory address at 8:00 until 11:00, there was seldom a dull moment. It appeared as though many of those present had a definite stand on most of the proposed legislative bills given publicly at an earlier date.

There was no opposition when Frank Evans of Lake Mary insisted on a law which would prevent people from dumping garbage along public highways. But on most of the other matters which followed there were usually two distinct lines of opinion.

The Rev. H. W. Miller of Millers Creek, who has conducted an intensive campaign against county dog track taxes, was particularly vocal on that subject by asking for repeal of that law which was approved in a county referendum last fall. He also requested a law forbidding dogs from voting on county projects.

After an extended discussion, Senator Boyle said the county zoning law was patterned after the zoning laws of other counties, especially when new rights-of-way are needed for road expansion. He brought out the fact that Seminole County has between \$200,000 and \$300,000 in that connection.

He also stated there were plans in Tallahassee to study the zoning laws which would give each county the power to zone. The Senator declared that such zoning not only protects property, but adds to the value of property.

Rep. Williams said he had attached to the original bill a referendum and when voted on throughout the county last fall 12 of the precincts had shown their approval.

All three members of the delegation concurred in a statement they would not ask for repeal.

Proposed passage of an act regulating the sale of alcoholic beverages in the county was the subject of plenty of comment. Many of those present felt the matter should remain in the hands of the County Commission and not be passed to the legislature for action.

In connection with a midnight closing of liquor establishments, those present felt if all places serving intoxicants closed at that hour a bill to that effect would be worthwhile. However, no exceptions should be made.

Present excursions to current legislation were named as the Mayfair Inn and the Anita Drive. (Continued on Page Two)

Dr. John Morgan Will Head Cancer Drive In Sanford

Dr. John M. Morgan will again head the Cancer Society Executive Committee in Seminole County. Mrs. Wight Kirtley announced today.

Serving as members of the committee with Dr. Morgan are A. B. Peterson, Mrs. Verne Messinger, R. T. Miller, Mrs. Julius Guggel, F. E. Terrell, Dr. A. W. Evans, Jr., Mrs. I. H. Burby, Mrs. Dale Scott, Jr., Mrs. Scott will act as treasurer for the Cancer Crusade during the month of April.

The local executive committee is responsible for raising the fund raising and educational campaigns of the American Cancer Society. They will also serve as an advisory board for the local Beta Sigma Phi society which is sponsoring the American Cancer Society program in Seminole County. Mrs. Kirtley and Mrs. Scott represent the chapter membership committee.

In preparation for the annual crusade for funds, Mrs. Kirtley has appointed Beta Sigma Phi members as committee chairman to serve with her.

Mrs. Ralph Wight II is in charge of pin day sales. She will be assisted by members of the Tri-Hi-Y club in the sale of cancer emblem pins in the downtown areas on Apr. 4.

The business solicitations committee is headed by Mrs. H. C. Wheeler, Jr. and Beta Sigma Phi members will help her committee canvass local businesses during the first two weeks of the crusade.

Mrs. Judy Sloan will be in charge of lights on night, Apr. 23, during which time anyone desiring to contribute to the Cancer Crusade will be asked to leave a porch light on his contribution may be collected by one of a number of members of Sanford civic organizations.

The education chairman, Mrs. James Horton, will contact local civic club program chairman offering the services of the committee during the month of April.

Other committee chairmen include Mrs. David Gatchell, benefit show Mrs. David B. Bach, poster and radio campaign Mrs. John Morgan, cancer Sunday Mrs. Alice Willink, supplies; and Mrs. George Andrew Spear, publicity.

Annie Pressure Was Available, Says Chief

"We had sufficient water pressure and water at last Sunday's house fire," Chief M. N. Cleveland stated today in answer to reports which blamed the lack of adequate water and pressure for the destruction of a Negro boarding house, 217 Holly Avenue, Sunday afternoon.

"We had ample water supply," he added, "and the pressure was so great as to blow loose one of the coupling hoses." Chief Cleveland said that when the lines were being connected the pressure was not high. "It was only a matter of minutes until our lines were connected and we had sufficient pressure," he explained.

This morning's firemen routine included a check on the city dump south of the Evergreen Cemetery on Geneva Avenue. Yesterday morning the Fire Department set out a trash burn in a tub on the second floor of a residence near the corner of Ninth Street and Cypress Avenue.

Fire and trash on an oak tree behind the house were at 1:54 p. m. yesterday.

Funeral Services Held For Mr. Jewell

Funeral services were held this afternoon at 4:00 o'clock at the Fairhill Chapel in Orlando for John Lester Jewell who died on Monday night at his home at 449 Elliott Avenue. The Rev. Richard Blanchard of the First Methodist Church of Orlando officiated at the service. Interment will be at a later date.

Mr. Jewell was 69 years of age and was a retired engineer. He came to Sanford from Winted, Conn. about three years ago. He was a member of the Presbyterian Church, the Masonic Lodge, Quail Lodge No. 940, Bronx, N. Y., the Patriotic Sons of America, American Protective Association, American Society of Civil Engineers, the local Tourist Club, the Audubon Society and the Coast Guard Auxiliary for which he served as secretary-treasurer.

He is survived by his wife, Alfreda Humphrey Jewell, and two nephews.

DEEN HERE TOMORROW

A representative of the State Service Office, Tom B. Deen, assistant State Service Officer, will be in the office of the County Service Officer, Lloyd F. Boyle, 202 North Park Avenue, from 9:00 a. m. to 5:00 p. m. tomorrow to assist veterans or their dependents on any matters pertaining to benefits.

Kiwanis Club Royalty

Dot Powell and Mack Cleveland Jr., winners of the Kiwanis Club's popularity contest, are shown above holding one of the two crowns given the pair at the recent coronation ceremony. King Mack and Queen Dot represented the American Legion in the contest, proceeds of which go to the crippled children's fund.

Kiwanians Hear Of Evils In Low Tax Assessments At Pilots' Meet

Edward C. Farlong, Dean of the School of Administration at Stetson University and City Manager of Deland, cited the problems confronted by cities of Florida in a speech before the Kiwanis Club Yacht Club meeting today.

The average citizen's apathy, critical attitude and lack of knowledge in city government combined with low assessment on property and non-resident exemptions to hamper the function of city operations and its ability to meet running expenses, he generalized.

"Most cities find the average citizen knows very little of city functions and don't care," Mr. Farlong continued. "The ones that do are very critical. We need to have an interest shown by the people in our problems of operating a city. We need to have a greater understanding among the people of these problems. The answer to this situation is one I don't know."

The greatest single problem confronting cities today is homestead exemption and the low rate of property assessments as compared to market value," Mr. Farlong pointed out.

"In Deland we have an assessed property valuation of \$10,000,000 of which fully 55 percent is exempt from taxes due to homestead exemption. Thus, we have only 45 percent paying taxes for 100 percent operation of the city. If we collect more millage from the cigarette taxes in Deland, then the state says we must cut accordingly the millage on our property taxes."

In comparing Deland with Sanford he pointed out that Sanford had an assessed property valuation of \$10,000,000, Deland's \$10,000,000, Deland's 55 percent homestead exemption to Sanford's 47 percent. Sanford's debt is \$4,000,000 while Deland's is \$10,000,000. The millage rate in Deland is 10.0 compared to Sanford's 8.0 for debts.

"The answer is not in expanding the city limits. Just for an example we had a new subdivision of 10 acres, but we have it filled with 70 houses. The assessed valuation on these homes is only \$4,000, thus making them exempt under the homestead act. We don't collect a millage, but we have a furnish street water main bulge." (Continued on Page Two)

Humphrey Verdict Reversed By Smith

A judgment of the Seminole County court in the damage suit of Ross L. Humphrey vs. the Atlantic Coast Line Railroad was reversed yesterday by Circuit Judge M. B. Smith. The case will be tried again in Judge Douglas Stenstrom's court.

The suit goes back to 1950 when Mr. Humphrey claiming an ACL train on the Sanford-Tri-By branch line killed three of his steers on June 22, 1950.

A six-man jury which heard the case on May 8, 1951 found for the plaintiff and awarded Mr. Humphrey the full amount of damages asked, \$320.

Judge Smith declared the lower court erred in failing to grant the motion of the defendant for a directed verdict in favor of the railroad on all of the evidence in the case and in refusing to grant the defendant's motion for judgment and a new trial because the evidence was insufficient to support a verdict for the plaintiff.

The circuit judge also pointed out there appeared to be a lack of positive proof which is required in such a verdict.

City Bulldozer Is Working Over Site

Although Sanford Industries, Inc. is still not in possession of land on the waterfront property adjacent to Mills Creek, a City-owned bulldozer was started to clear the site after the Industrial Commission voted to level off the land, according to City Manager Tom Lennon.

Sanford Industries is expected to be given a lease on the property as soon as legal impediments can be removed. The Port Terminal and Warehouse Committee currently holds a commitment on the building site, but Ralph Cowan, president of the Industrial Corporation, hopes to obtain release soon from a majority of the 23 members comprising the terminal group.

The City Commission voted the property to Sanford Industries several weeks ago. Only the formality of getting the necessary release is holding up commencement of construction of a building which will be offered to a northern industry, Mr. Cowan said.

COMPLETES BASIC TRAINING

Pvt. Eddie L. Cooper, son of Mrs. Ed Cooper of Sanford, completed basic training at the Quartermaster Replacement Training Center, Fort Lee, Va., on Mar. 28, 1953.

Pvt. Cooper was inducted into the Army on Jan. 16, 1953. Before entering service, he attended Hutto High School, Bainbridge, Ga.

Red Influence In School Told By New Yorker

Says 180 Teachers Are Being Probed

WASHINGTON — The New York City superintendent of schools testified today that about 180 public school teachers are under investigation in a program to oust Communists.

The educator, William Jansen, appeared before the Senate Internal Security subcommittee. He said that since 1950 a total of 81 other teachers in the city school system have resigned, retired or been removed, "but under investigation or under charges of Communist affiliations had been brought against them."

Jansen superintendent of the New York City schools since 1947 said the number of Communists among the 37,000 teachers in the system is small but they "exert an influence far beyond their numbers."

He warmly endorsed the subcommittee's probe for Communists in the nation's schools and colleges and said Reds are "taking no notice" when they denounce the incoherence of an assault on academic freedom.

Jansen said he and the New York City Board of Education have taken the position that Communists should not be permitted to teach in the public schools.

UMT Is Advocated By Gen. Hutchison As Defense Means

General Joseph C. Hutchison, a veteran of both world wars, last night urged National Military Training for the youth of the United States in a talk before the Men's Club of the First Presbyterian Church.

General Hutchison, who served in the United States Army during World War I and World War II, said that many men in Europe and the Pacific areas because other Americans were not trained in time or in sufficient numbers during these wars to come to their assistance.

"We as a nation failed in our duties to them and to our country," he declared.

He asserted that the cost of three days of World War II would equal the entire outlay for Universal Military Training now. The "cost" and expenditure during the first year of the war amounted to \$10 billion dollars.

"If we could have shortened the war by six months, the saving to the United States would have been approximately \$5 billion dollars. That amount would have paid for 50 years of UMT."

General Hutchison compared required training to the jury, educational, and taxpaying systems all of which are compulsory. Military duty would simply be compulsory education in self-defense and in the defense of home and country which appeared to the retired general as a purpose much more significant in consequences than many other forms of compulsion.

"The basic obligation for young men of this nation would be for one year of military training and seven and a half years in the reserves," he asserted. "This duty would not make them professional soldiers."

New officers of the men's organizations were installed at last night's meeting by the Rev. A. G. McInnis. Those installed were: Ralph A. King, president; Harris M. Smith, secretary; Dr. Gordon Woodruff, treasurer; Dr. Gordon Swain, attendance chairman.

The retiring president, George Maffet, was in charge of the supper which preceded the business meeting. Other retiring officers were William M. Hoag, vice president; D. C. Howard, treasurer; and C. C. Henderson, secretary.

Meeting Is Held On Mental Hospital

The mental hospital subcommittee meeting in Orlando today held a general discussion concerning locations and whether one large hospital or several smaller institutions should be built.

According to Forrest Breckenridge, local Chamber of Commerce manager who was the only Sanford person attending, the subcommittee was generally more favorable to a plan for smaller hospitals.

A session of the Governor's Mental Health Committee of which the subcommittee is a part will meet tomorrow.

James O'Reilly of Jacksonville is chairman of the subcommittee.

Efficiency, Economy Seen By Eisenhower

CITIZEN HARRY TRUMAN, accompanied by wife Bess and daughter Margaret, is the picture of robust health prior to departure from San Francisco for a Hawaiian vacation. The Trumans will remain in the islands, "soaking up sunshine" during their vacation.

Lawyer Seeks To End Suit Against Kentucky Coach

LEXINGTON, Ky. — An attorney has petitioned for a writ of habeas corpus for a Kentucky coach accused of gambling losses.

Adolph Rupp, a professional basketball coach, was arrested last week for alleged gambling losses. He is now in jail.

The suit against Rupp was filed by the state attorney general, Frank Costello, former governor of Kentucky, who is now in jail.

The suit was filed in federal court with a three-line indictment.

The motion did not state why Rupp was arrested, but it did state that the suit was filed without her consent or knowledge.

The lawsuit listed Mrs. Bradbury as plaintiff suing in behalf of her brother, George, for \$75,257.70 in triple damages for alleged gambling losses by her brother and others.

Mr. Townsend, Rupp's attorney, has petitioned to have struck from the record all allegations relating to the noted coach Rupp has denied the charges in a formal answer and in public statements.

The sensational suit charged the defendant "conducted a fraudulent and debasing scheme of gambling in schools, colleges and university sports and athletics" and "seduced student leaders and players to betray their institutions and devotees of the institution and college sports."

Rupp's attorney said he would file a motion to dismiss the suit.

Citrus Group Votes To Back Herlong Bill

The Florida Independent Citrus Growers Association meeting in Orlando yesterday voted to support Rep. A. S. Herlong's bill to outlaw the color added process. Several other citrus groups have earlier gone on record as favoring Herlong's stand.

Barney J. Cohen, Orlando bookkeeper who heads the Association and frequently asks for an end to federal marketing agreement committees, wants to organize a truck convoy to take the fruit to northern markets and bypass the packing house middleman.

He issued that ultimatum at the session and said the convoy would be composed unless citrus growers get more money for their grapefruit in a couple of weeks.

Mr. Cohen asked growers to conduct him immediately and organize a convoy of at least 100 trucks. He pointed out how growers are getting only 40 to 60 cents a box for grapefruit, and it sells for a profit of 17¢ a box on northern markets.

Telephone Directory To Be Ready Apr. 30

The new Sanford telephone directory will go to press Saturday and will be delivered Apr. 30. V. Turner, manager of the Southern Telephone and Telegraph Company, announced today.

Deadline for making any changes in the directory is Friday.

This year's edition will contain 100 additional listings making a total of about 4,500 telephones now in service in the Sanford area.

Reds Beat Back Twin Attack On 'Old Baldy' Hill

By GEORGE A. MCARTHUR
SEATTLE — Fighting in a rain of American fire, Chinese Reds broke up a two-pronged U. S. attack today in the bloody trenches of Old Baldy.

At nightfall the Americans were back where they started, about 125 yards down the bare, wind-swept western front hill.

The fighting now in its third day was vicious and deadly.

One officer said the Americans drew Red fire every time they popped their heads up.

As darkness fell, infantry fighting raged off while the big guns of both sides slugged it out.

Gen. Maxwell D. Taylor, commander of the Eighth Army, flew to the front today.

Florida Continues To Lead Nation In Economic Advance

MIAMI (Special) — Florida is continuing to outpace the rest of the United States in economic progress, according to Florida Power & Light Co. annual report which highlights the state's sound economic progress during a much more turbulent period.

The report, published yesterday, shows a 100 percent increase in manufacturing and service industries, a 50 percent increase in building and construction, and a 25 percent increase in agriculture.

The report also shows a 100 percent increase in the number of manufacturing firms in Florida since 1944 through 1952.

Burton Thornal To Address Jaycees Here Tomorrow

Burton Thornal, president of the Florida Junior Chamber of Commerce, who will be this state's presidential candidate for the U. S. Junior Chamber, the son of the National Jaycee convention in Minneapolis will speak to the local Jaycees on "Jaycees in the 1950's" at 7:30 p. m. at the Sanford Jaycee Club tomorrow.

Mr. Thornal will describe "Jaycees on the state level. He addressed the fourth in this month's series of luncheon talks given by the Junior Chamber's leadership program.

William Hutchison Jr. announced the beginning of the Jaycees "Kid's County" contest this week. The purpose of the contest is to acquaint high school students with the requirements of voting, political conventions, and the duties of county officials.

This week's program call for orientation. Next week the political conventions will be held, to be followed by a week of elections and the final week winners will take office.

The Jaycee nominating committee, composed of past presidents, Tim Crawford, John Kader, Gordon Bradley, and Bradley Odum, will present their recommendations at the Apr. 2 meeting of the Junior Chamber. Mr. Crawford is the chairman of this committee.

Judge Stenstrom requested all Jaycees to make plans now for attending the state convention in Daytona Beach on Apr. 29 through May 3.

County Commission To Discuss Grader

When the County Commission meets Monday a report on the next Tuesday in the Court House, a spirited discussion over the road grader issue which developed at last week's meeting can be expected.

For at that time the Commission's first approved the purchase of a Galton Model demonstrator from the Florida Grader Tractor Company of Orlando and then a few hours later rescinded their action.

The last vote was taken when salesman from the Square Deal Machinery and Supply Co. of Orlando and the Florida Equipment Co. of Jacksonville told the Commission they believed the price was not in line with the slightly higher costs of an absolutely new grader.

The salesman also said bids were submitted on the basis of a legal advertisement which called for a used grader presumably in the \$1,000 class and yet the Commission had purchased a machine costing over \$15,000.

Okay Of Bohlen Is Predicted By Taft At Session

WASHINGTON (AP)—Sen. Taft (R-Ohio) predicted overwhelming approval of Charles E. (Chip) Bohlen to be ambassador to Russia as the Senate met today for the session which may bring a final vote.

Taft, the Republican floor leader, was pushing for a vote by 5 p. m. and in effect offered the Senate a holiday (tomorrow) if he gets the vote. He said that unless there was a vote by about that hour he would insist on a session tomorrow.

Before the Senate met, Taft and Sen. Sparkman (D-Ill.) made a formal report to the Foreign Relations Committee on their examination of an FBI report on Bohlen. Chairman Wiley (R-Wis.) said they found nothing which raised any question of Mr. Bohlen's fitness for the Moscow post.

The two senators spent three hours at the State Department yesterday examining the FBI summary.

Secretary of State Dulles had previously told the foreign relations group that there was nothing in the report to raise questions as to Bohlen's loyalty or security.

The committee decided, however, to send Taft and Sparkman to look at it because Sen. McCarran (D-Nev.) and McCarthy (R-Wis.) asserted in Senate debate that they had heard the State Department's security office did not agree with Dulles' view on the report.

While Taft and Sparkman did not see the raw FBI files, Taft said he got assurances from FBI Director J. Edgar Hoover that the summary was complete. Money Wiley quoted Taft as telling the Foreign Relations Committee in a closed session:

"I was satisfied I would find nothing in the raw file that was not in the summary I found nothing in the summary which led me to want to see the raw file."

Sanford Industries

(Continued from Page One) in the company.

Mrs. O. W. Touchton initiated the club's two new members, Mrs. Walter Carter and Mrs. Troy Bay, with a cordial welcome. She was assisted by Mrs. Nancy Brock, president, and Mrs. Verna Messinger, who read the "Code of Ethics."

Plans were completed for an Easter egg sale to be held by the club the Saturday preceding Easter. Mrs. H. E. Chapman is in charge of the sale and invited the members to her house to prepare the eggs. Money derived will be used for the club's project, The Milk Bank and other charities.

Mrs. George Stine displayed miniature frosted candles decorated in the club's colors of green and gold which will be given as favors at the Spring District meeting to be held at the McAlister Hotel in Miami Apr. 24-26. Mr. Cowan offered to print the cards that will be attached to each candle with the wording, "Commitments of the Pilot Club of Sanford."

Following the dinner and program members folded and inserted Easter Seals for the Cripple Children's Society of Central Florida of which Mrs. Harold Ambler is local chairman. Hostesses for the dinner were Mrs. E. B. Randall, Jr. and Mrs. Gordon Sweeney. Tables were decorated with Easter Bunnies, spring flowers and individual baskets filled with candy eggs.

Miami Beach, Fla., has no cemetery, no airport, no railroad and is not believed to have any manufacturing plants.

Race Segregation In All Posts Will End

WASHINGTON (AP)—The White House said today race segregation in federally-operated schools at Army posts will be completely ended by the opening of the school term.

It said segregation exists now in only one of these schools—at Ft. Benning Ga.—but this will be on an integrated basis by next fall. An Army memorandum released by the White House added, however, that segregation exists at schools operated by state authorities on federally-owned property at other posts. This, the memorandum said, presents "complicating factors."

Business Mirror
By BAR DAWSON

NEW YORK—The shift in the basic relations of government and business is taking place today along three fronts—Washington as an allocator of materials, as a setter of industrial plans.

The consumer's time may see the effects in the price of such things as autos, tires, and appliances and in the amount of them available, and also in the soundness of his dollar and the higher cost of borrowing.

The effect of this continuing shift in the fundamental relationship will come much quicker for the businessmen.

The news items spelling out the march toward new relations are:

The cancelling of all civilian and defense supporting priorities for steel, copper and aluminum to be delivered after July 1.

The further sinking of government security prices to new lows by the rise in interest rates on Federal Housing Administration debentures.

The death sentence of the Reconstruction Finance Corporation as the lender of public funds to industry.

And the speed up in the drive to get the government out of the business of making synthetic rubber.

Businessmen are thus put on notice that, after defense manufacturers get the metals they need, civilian goods makers must scramble for materials. The competition will be old-fashioned competition—no government priorities.

And the bobby pin will rank just as high as gas pipe line.

The rise in government security prices Monday—the Victory 2.5 per cent issue put out at 100 in December, 1943, dropped below 94—brought a jolt almost to three per cent. The market is a stable debt market with demands from dealers and investors that the treasury spell out its debt policy.

The market has been trying to guess for some time how high the treasury will let the yields rise and what rate it will set on new bonds it is expected to issue soon.

At the same time the Federal Reserve Administration boosted the interest rate on long-term debentures to 2.75 per cent from 2.50 per cent. The debentures will cover insurance to be granted after today.

The shift here—going on for some time—is to dearer money. One effect will be higher interest payments for investors and savers.

Another is a stabilized dollar with gradually higher buying power in the stores.

On a third front, the House Armed Services Committee announced it will press for early sale of the government's 26 synthetic rubber plants to private industry. Secretary of the Treasury Humphrey wants the decision on selling the plants, which cost \$20 million dollars to build, put off until July 15. The house group would like to see the government decide by April 15.

All these diverse items tie in at one point—the switch from close government controls over business and finance back toward a much looser relationship with Washington having fewer fingers in the pie.

This is the famous Ford Rotunda with its redesigned exterior. Inside, the entire building, long Detroit principal attraction, will have a completely new series of displays and exhibits to show the progress of the automobile industry and its effect on American life. This artist's conception shows how the building will look when it is reopened to the public about June 1 as part of the company's 50th anniversary observance.

Hal Roy's Column
By HAL ROYLE

NEW YORK—The question of the hour, Ladies, is what do you want to be known as—housewives or homemakers?

The most desirable feminine career today is unquestionably marriage. The little most women seek and are proudest of is "Mrs."—whether it be Mrs. Jones or Mrs. Throckmorton-Smythe.

But a lot of very happily married women are sick and tired of having to list their occupation as "housewife." They like the job but don't like the tag.

They feel it doesn't have enough dignity, doesn't describe their important role well enough, and in vites a sniffish condescension from the snobby.

To put it in one lady's words: "Whenever I have to say I'm a housewife, it makes me feel mousy and that makes me feel boiling mad, like a honest. But what can I do? After all, I am just a housewife."

Well, some women are trying to do something about it. They are campaigning to erase the word "housewife" from the American

vocabulary and replace it with "homemaker."

Among the embattled hausfraus in this cause is Mrs. Norman A. Lee of Rutland, Ohio.

"I feel that this name (housewife) is not only a most inadequate one, but that it is actually an unjust one," she wrote. "It has a bad psychological effect."

"The very word 'housewife' places the emphasis upon the house rather than the home, and gives the implication a woman is more concerned over dirty tracks on her clean floors than in her child's welfare."

"The name 'homemaker' places the emphasis upon the home, and implies so much more. The 'home' homemaker makes a happy and successful home, gives her family healthful food, teaches her children to become good citizens ready to take their places in society and help make a better world."

"For what nobler career could anyone ask? Then why should not the homemaker have the honor of bearing that dignified name rather than the ordinary one of housewife for which she an often feels it necessary to apologize?"

The real argument against Mrs. Lee's crusade is that housewife is a natural heart-meaning word to all except snobs and homemakers is a made-up word.

Too many occupations already are switching to artificial titles, that sound a bit ridiculous. Janitors became custodians and now are building superintendents. Bill collectors are credit counselors and garbage collectors sanitary patrol men. Before long traffic cops will be stationary street safety directors and mailmen will be traveling communications engineers.

A housewife could be called by a lot of titles: childholder, health watcher, matek-pec, heartmate, doghouse supervisor or paycheck guardian. She could even be called "homewife" although that might raise the question as to whether there was an office wife in the background.

But if the annoyed kitchen cutter will take one man's advice—well instead of fighting against that term housewife, they'll fight for it. It has a lot of heart and history behind it, and no one ever ridiculed it except in envy or ignorance.

Although many westerners think that Muslims face east when they pray, they actually face town—Mecca, and when they are east of the city, they face west.

Social Events

Flanders' Home Is Setting For Meet

Mrs. C. B. Flanders was hostess for the social meeting of the Ladies Society of the B. of L. F. and F. at her home on Catalina Drive last Thursday night. Prizes were won by Mrs. H. E. Turner and Mrs. A. O. Roberts.

Those attending were Mrs. H. E. Turner, Mrs. John Weaver, Mrs. C. H. Goethe, Mrs. J. M. Blanton Jr., Mrs. W. B. Hardin, Mrs. W. D. Hardin, Mrs. E. J. Garcia, Mrs. F. F. Rockett, Mrs. H. R. Keeling, Mrs. A. O. Roberts, Mrs. H. J. Bridges, Mrs. R. H. Rane, Mrs. R. B. Lamb, Mrs. A. G. Pitta, Mrs. J. A. Callahan and Mrs. H. J. Titshaw.

Calendar

WEDNESDAY
The Prayer Meeting Service at the First Baptist Church will begin at 7:30 p. m. A group of ministerial students from Stetson University will have charge of the service.

The Executive Committee of the First Baptist Training Union will meet in the Chapel after the prayer meeting service.

The Upsilon Community Presbyterian Church will hold a family night which will include a prayer and Bible study at 7:30 p. m. and a social period at 8:00 p. m.

THURSDAY
The Junior and Intermediate Royal Ambassadors will meet at the First Baptist Church at 7:00 p. m.

The Junior Brotherhood will meet at the First Baptist Church at 7:30 p. m.

An Easter egg hunt will be held for the Primary Department of the First Presbyterian Church and members of the Extended Section of the Sunday School for Primary and Juniors. Each person is asked to bring three colored eggs.

The Dorcas Circle of the Upsilon Community Presbyterian Church will meet at the church at 2:00 p. m. with Mrs. A. T. Brown as hostess. All women are welcome.

Reminola Rebekah Lodge No. 43 will meet in the I.O.O.F. Hall at 8:00 p. m.

The Junior R. A.'s of the First Baptist Church will meet at 8:30 p. m. at the church and later on to the home of Richard Sykes where they will hold their regular meeting and enjoy a winner roast at 7:00 p. m.

A covered dish supper and initiation will be held at 7:00 p. m. at the Woodmen of the World Hall. All members are invited to attend.

FRIDAY
The Women's Missionary Union of the First Baptist Church will hold an executive meeting at 2:30 p. m. in the Educational Building of the church to be followed with a quarterly business meeting at 3:00 p. m. All officers are requested to present their quarterly reports at this meeting.

The N. de Vere Howard Chapter, United Daughters of the Confederacy, will hold a luncheon and general meeting at the home of Mrs. Zeb Ratliff, Park Avenue, with Mrs. W. B. Kirby as co-hostess at 1:00 p. m.

The Women's Auxiliary of Holy Cross Episcopal Church will observe Passiontide Quiet Day from 9:00 a. m. until 2:00 p. m. at the McKinley Hall.

Surprise Service To Be At Ball Stadium

The Municipal Stadium will be the setting for the annual Easter surprise service, held each year for all denominations, according to the Rev. J. E. McKinley, who is in charge of the program. The event has been held at the stadium but the stadium was chosen this year to add to the seating space for those who attend.

The event is sponsored each year by the Sanford Ministerial Association of which the Rev. McKinley is president. The sermon will be given by him with his subject being "Good News" and the Semple High School Glee Club will furnish religious music for the occasion. The service will begin at 8:00 a. m.

Brownie Scouting By CAROLYN & MARYAN WASHBURN Reporters, Troop 3

Troop 3 held its Investiture Service on Tuesday evening at 7:30, at the Presbyterian Church. We have been working hard on the preparations for this important service rehearsing at each meeting and again on Friday morning when we presented a picnic lunch at Mrs. Robb's and a study of birds as well as rehearsing our play.

Our leader, Mrs. Fred Robb, and her Assistant Leaders, Mrs. Hal Grober and Mrs. H. C. Washburn with the director of our play, Mrs. John Lee, guided our Investiture Service in which each of our nineteen Brownies took a part. Brownie Scout Troop 3 came in a body with their leaders, our parents and 25 young girls.

We opened our program by singing "America" played by Allison Lee. Each of the following Brownies told part of the history of Brownie Scouting and made their own early announcements. Pat Bruce, Jeanne Tolson, Carolyn Washburn, Marilyn Washburn, Linda Williams, Susan McCall, Vicki Lee, Carol Green.

Our play was "The Brownie Story" which is a story of a hard working tailor, his mother, and two mischievous children. Their grandmother tells them a story of a Brownie who used to come early in the mornings and clean up the house. The girl goes into the dark woods looking for the Brownie and discovers three wise owls who show her that she is the Brownie to do the work. The Queen of Fairies and the "Brownie" who have directed this year's program when they see the boy and girl being real Brownies early the next morning and the play ends with the father, grandmother finding out that the Brownie is in reality the two children. The parts were played, as follows:

Father—Diana Dietrich
Grandmother—Melinda McMurray
Son, Tommie—Barbara Bradley
Girl, Mary—Sally Robb
Brownie—Marcia Gruber
Queen—Barbara Moses
Three Wise Owls—Judy Robb.

At present interning with the Semple High School Band.

Personals

Mrs. Harry Heeren and her mother Clyde Jones of Somerset, Pa. returned recently from a trip to St. Petersburg, Ft. Myers, Miami and Palm Beach.

Mr. and Mrs. Fred Colburn arrived to spend the spring holidays with her parents, Mr. and Mrs. Herman Jacobson, from Duke University in Durham, N. C.

Mrs. Fred Colburn has returned from Columbus, Ga. where she visited her daughter and son-in-law, Mr. and Mrs. Walter Turner and young son Walter Jr.

Among those attending the twin piano recital of Grace and Harold Sanford at the Congregational Church last night in Winter Park were Dr. and Mrs. H. Wayne Rucker, Mr. and Mrs. George Touhy, Mrs. Richard Irvin and daughter Miss Judy Irvin and Mrs. Brown of H. H. H.

At the close of the play Mrs. Robb conducted the Investiture Service. Each girl came forward telling in her own words "Why she wanted to be a Brownie Scout" and the girls from Troop 2 pinned the new Brownies. It was a most inspiring, meaningful service. At the close delicious refreshments were served by the Brownies to all present.

Troop 5, Ann Schumacher, troop reporter, tells us they held their first meeting last Tuesday afternoon at the Christian and Missionary Church Annex. Refreshments were waiting when they arrived. They opened their meeting with the reading of Matt. 5:10 and prayer. Election of officers, pinning of members, and collecting National dues followed. They talked of their future programs and learned the Brownie salute and read the Brownie Pledge. A play to adjourn under by Carol Duley was recited by Faye Stafford. They stood, sang America, and were dismissed.

At the home of Oliver Clark, Assistant, Mrs. J. M. Hlanon, Jr. and Mrs. G. E. Mulkey.

Troop 2, Sandra Bettes, reporter, describes a most enjoyable meeting last week when Mrs. S. F. Dickerson directed their study about plants. They learned about pollination of flowers, especially, and each got two clip-pings to take home. Mrs. Dickerson is really nice to our Brownie Troop. Her dog did tricks for us. This week we are going to take a picnic lunch and go out to Mrs. Dickerson's home. We are going to see our mothers can go with us. We each brought in 5 Safety Rules last week and we talked about them and how a Brownie should observe all Safety Rules. For refreshments we had cherry juice and cookies. Troop 2 made plans to attend the Investiture Service of Troop 3 in a body.

BIRTH ANNOUNCEMENT
Mr. and Mrs. Harold Chapman announced today the birth of a daughter, Karin Denise, weighing 11 lbs., 20 oz. at the Fernhill Lanchon Memorial Hospital. Mrs. Chapman will be remembered as the former Miss Phyllis Bach.

TEEN TALK BY VIVIAN BROWN

AP Newsfeatures
Easter is for rejoicing all over the world.

Here in the United States much attention is given to the religious aspects and fashionable new finery. The after-church breakfast party, Easter parade, and egg-colling contests are favorite ways to celebrate. What resourceful American girl would resist these opportunities to show compliments on her new Easter bonnet and party togs?

Surprise services, popular in Europe, are becoming very popular in America. Many families gather on hilltops at the crack of dawn for services and hymn singing. North and South, East or West, a spirit of music and reverence brightens the world at Easter time. In some foreign lands, bonfires, folk dances and torchlight parades commemorate Easter and the coming of spring.

Let us glance around the world and see how young people in other lands celebrate.

South of the border, Mexico makes Easter the feast of all holy days. Young people and groups shoot off fire crackers, bullfights, song fests and folk dances are held everywhere. Shop windows are decorated with little sugar lambs, scolding angels and bright paper flowers.

Spain celebrates the day in much the same manner with holy day feasts and revelry. Bonfires and fireworks are customary to greet the sun and bring rich crops. Young girls are told they will become beautiful if they bathe in water dipped from fountains at sunrise. Easter morning, and perform the entire ceremony without speaking a single word.

Easter eggs were once sent with Biblical quotations, or found by messenger in European countries. But since the mid-19th century, they've been replaced by colorful Easter greetings, cards, and Germany, France, the Netherlands, England and America.

French youngsters are told that church bells "tick back from home" on Easter morning after being silent during Holy Week, bringing bonbons and colored eggs to those who have been good. When they rush outside to see the bells, they explain, "They've left their sweets and flown away."

Holland begins celebrating Easter on the Eve when young Dutch people march through the streets carrying lighted lanterns on long sticks. Later there is singing and dancing in the market place. Tulips are in bloom and windmills are turning in the breeze as chimes ring Easter hymns.

doors Easter services and spectacular ice carnivals are held at mountain resorts. Skating and dancing contests fill the afternoon. Parents and children decorate Easter eggs, and hide them for each other to find.

Passion Plays are presented in Germany, Italy and many other European countries. These dramas retell the Easter story. In recent years Passion Plays have been held in Oklahoma, South Dakota and Illinois. The best known is the one staged at Oberammergau, Germany, every tenth year since 1634.

Candles are blessed during Easter services held in Italy and young people use them to kindle festive bonfires before the church. Blazing sticks are then taken home to kindle household fires for good luck. Italian pastries are wonderful at Easter time. Corona di nove is baked in circles and decorated with Easter eggs. Italian Americans take the same dough, shape it into Easter bunny patterns and top it with the eggs. Pastries is said to be another delicacy, covered with a lattice work of sweetened meringue.

Several Easter customs observed in Germany have ancient mythological roots. In traditional hilltop blazes from which farmers call burning hounds into their valleys to bless the soil and bring rich crops. Young girls are told they will become beautiful if they bathe in water dipped from fountains at sunrise. Easter morning, and perform the entire ceremony without speaking a single word.

Easter eggs were once sent with Biblical quotations, or found by messenger in European countries. But since the mid-19th century, they've been replaced by colorful Easter greetings, cards, and Germany, France, the Netherlands, England and America.

State Folk Festival Is Stated In May

LIVE OAK (AP)—"Don't ever think of Florida as a state of the South," said the director of the Stephen Foster Memorial All Florida Folk Festival, "Folk stories, songs, dances and handicrafts developed as answers to hard and sport needs. Weaving, whittling and whistling all have a part in our biography."

"What have you in your community to offer for possible presentation at the festival? Search it out and let us know. We need your help and your ideas."

Miss Knott was in Florida in April for the spot direction of the All Florida Festival which will be presented at the Memorial at White Springs in May of this year. In the meantime she asks for action on the part of interested Floridians, individuals and groups, and she requests that information be sent to her at 410 Washington, St. Louis 8, Missouri.

Further local information can be obtained by writing the Stephen Foster Memorial All Florida Folk Festival Association, Live Oak, Florida. Both Governor McCarty and former Governor Cary A. Harbo are members of the association. J. L. McMillen, past State Layette President, heads the association.

De Bary Doings

By KAY HENNINGER

The De Bary Baptist Church, under the leadership of the Rev. Hubert M. Thomas, will be organized on Palm Sunday, Mar. 29 in its present meeting place, the old Count De Bary mansion. Realizing the great value and need of a church in any community, the Rev. M. Thomas, together with his daughter, Gloria, saw great possibilities for a church in the new town of De Bary. During the last week of August and the first week of September, 1952, a census was taken to ascertain the religious status of the community. A number of representatives of other denominations had also taken such a census prior to this time, but no further steps had been taken.

On Sept. 14, the first Protestant Church service was held in the mansion. The opening hymn was "My Faith Looks Up To Thee" after which Mrs. Thomas related a Christian experience from everyday life revealing some of the hidden beauties and values of a personal religious experience. Her talk was based on the scriptures, "If thou knowest the gift of God!" (Gloria and Phyllis Thomas added "I love Jesus, Rose of Sharon." Phyllis played throughout the service. She is a music major at Stetson University. The subject of the Rev. Thomas' first sermon was "Beginnings" based on the scriptures taken from John 1:1-8 and Genesis 1:1-8.

Twenty-two persons were present. Since that first Sunday, services have been held every Sunday morning at 11 o'clock. The average attendance for the first six weeks was 25; for the second six weeks it was 36 and for the next six weeks, 38. On Oct. 12 the first Sunday School session was held with eight children present. The average attendance for the first six weeks was 25; for the second six weeks it was 36 and for the next six weeks, 38. On Oct. 12 the first Sunday School session was held with eight children present. The average attendance for the first six weeks was 25; for the second six weeks it was 36 and for the next six weeks, 38.

The De Bary Baptist Church is the third church to be founded and organized by the Rev. and Mrs. Thomas. The first, in New

Reds Strike Out In New Attacks As US Guns Take Big Toll

Division Is Seen To Relieve Pressure

By GEORGE A. MCARTHUR
SEOUL (AP)—Chinese Reds slashed out with new attacks in Western Korea late Thursday, while Communists holding shell-rubbed Old Baldy, 25 miles away, took terrible punishment from U.S. guns and war planes.

One attack by about 150 Reds was stopped on Bunker Hill, five miles east of the truce talk village of Panmunjom, early reports said.

Allied troops on a nearby outpost beat off another assault by a force of about 150 Reds.

At two other outposts in the area, fighting raged on four hours after the first attacks. There was no estimate of the number of Reds involved. Reds and Allies fought hand to hand at the positions.

The attack in the Bunker Hill area could be a Red diversion intended to relieve the deadly pressure on Old Baldy, almost secured by the front and snarled by allied artillery and mortar fire and bomb bursts since American troops abandoned it to vicious Chinese.

On Old Baldy, the Chinese held tightly to the last few feet swept over Monday night U. S. counterattacks Tuesday and Wednesday.

State President Thornal Talks On Jaycees Goal

Hurton Thornal, state president of the Junior Chamber of Commerce and Florida's Jaycees leader today announced in his year's national Jaycee election, termed "Jaycees" as a challenge in his speech before the local Junior Chamber meeting at the Yacht Club today.

Mr. Thornal, who drove to Sanford from his Miami home today, gave the fourth in the series of addresses this month on "Jaycees" as a part of Junior Chamber's Leadership Training program.

The former Orlando Jaycee president, who recently moved to Miami, described the challenge as the Jaycees' responsibility in solving the moral leadership crisis facing America today.

As I see it, there have been three great crises in our nation's history," he declared. "The first was at the time President George Washington faced the task of uniting the confederation of states into one nation. The second came when Abraham Lincoln met the challenge of reuniting this nation. And the third is the present need of a re-birth of moral leadership in this country, and for that matter, in the world."

At conclusion of his speech, Mr. Thornal asserted his conviction that the progress and the future of the community rests on the shoulders of young men such as the Jaycees. "The Junior Chamber of Commerce and its members have an unlimited challenge and unlimited opportunities."

During the course of Mr. Thornal's tenure as state president of the Junior Chamber he traveled 45,000 miles in Florida, visiting cities and making speeches. He helped the growth of the Jaycees in the state, the addition of 12 new chapters to increase the total to 81, boosting a membership in excess of 4,000.

Gromyko Says US Doubletalk Balking Peace

Elaborates On Soviet Peaceful Intention

UNITED NATIONS, N. Y. (AP)—Russia's Andrei A. Gromyko charged today that "American doubletalk" was all that was holding up the peaceful settlement of East-West differences as called for recently by new Soviet Prime Minister Georgi M. Malenkov.

He defined the "doubletalk" as U. S. statements talking peace while, at the same time, trying to overthrow the Soviet Union and other Communist countries.

Gromyko elaborated on Russia's proclaimed desire for world peace as U. N. delegates awaited the arrival from Moscow of chief Soviet delegate Andrei V. Vishinskiy. Most of them hope the former Russian foreign minister is bringing new, and perhaps more moderate, instructions from the Malenkov regime.

Gromyko told the session on political committee he was "profoundly convinced" that Russia's policy "not only answers the interests of the Soviet people, it answers the interests of the American people as well."

WASHINGTON (AP)—John W. Ford, State Department security officer, testified today that an American now employed by the United Nations has been an active member of Communist party fronts and is reported to have engaged in "recruiting" for Soviet satellite nations.

Ford, in the witness chair of a House Judiciary subcommittee, said he did not know when asked whether the State Department had called the U. N.'s attention to this matter. "This is very serious, as you assure me that the State Department will take action by sun-down of this day?"

Lodge Gives Czechs A Reminder

HENRY CABOT LODGE, American Ambassador to the United Nations, holds up three fingers to remind Czechoslovakia to remain neutral.

WASHINGTON (AP)—Henry Cabot Lodge, American Ambassador to the United Nations, held up three fingers to remind Czechoslovakia to remain neutral in the East-West struggle.

Over the weekend it was a heavy rain which left five and a half inches on the ground.

Overnight temperatures dipped to a low of 44 degrees, with a high of 54. Windy conditions, with gusts to 15 mph, were reported.

Residents of Florida homes in the city and in outlying areas, including Delray and Lake Wales, said they felt the vibrations of the earthquake.

Florida's forecast was fair and warmer in the afternoon with the outlook warmer Friday night and Saturday and no frost danger Saturday or Sunday morning.

Eisenhower Declares Ammo Situation Okay; Defends Bohlen Stand

Russians Chart New Aid Program With Red China

By EDDY GILMORE
WASHINGTON (AP)—The Soviet Union today charted a new aid program for Communist China to boost their fight against the United States.

Moscow papers announced that a new agreement and two protocols covering the program were signed here recently in the presence of Chinese Premier Foreign Minister Chou En-lai. He came to Moscow last month as head of the Chinese delegation to the funeral of the late Joseph Stalin.

Russia proposed to help increase Chinese military power by expanding existing power plants and building new ones. Other assistance will be provided in engineering, technical, transport and other industries.

The Soviet Union also will supply heavy machinery and other goods. As the program is carried out, it will help to build up the Chinese economy.

The program of expanded aid to China is considered especially significant by Moscow observers because of the increase in Chinese production of steel and other metals, engineering goods and other items. In addition, it will assist the building of China's rail and automobile transport systems.

Legislative Map Has Cloudy Area Facing President

WASHINGTON (AP)—The legislative map showed a cloudy area facing President Eisenhower today over some aspects of the budget.

The Eisenhower administration proposed to extend the fiscal year 1953 budget by one month to July 1, 1953.

The President's budget for 1954 was expected to be submitted today. It is expected to show a deficit of about \$10 billion.

Eisenhower Reveals View To Newsmen

WASHINGTON (AP)—President Eisenhower said today the ammunition situation in Korea now is perfectly sound as compared with the type of operations going on there.

The President made this statement at a news conference during the annual news conference today.

The President's remarks about the ammunition situation in Korea were prompted by questions about the differences between the Pentagon and General James A. Van Fleet.

Van Fleet, retiring commander of the Eighth Army in Korea, has charged that serious shortages of ammunition during his 22 months in Korea.

Van Fleet's charges were refuted by the Pentagon. A Senate subcommittee said it had specific evidence that the Eighth Army had received more ammunition than it needed.

The President's budget for 1954 was expected to be submitted today. It is expected to show a deficit of about \$10 billion.

Lt. Comdr. Parker Is New Assistant Operations Officer

Lt. Comdr. Chester A. Parker, Jr. has reported aboard the U. S. Naval Auxiliary Air Station at Sanford, where he will assume the duties of Assistant Operations Officer, replacing Lt. John R. Her, who will be transferred from Sanford in the near future.

Comdr. Parker, originally from Lakeland, is now serving his home in Orlando at 61 Interlaken Road. He is married and has one son, Chester A. III, six years old.

Before reporting to Sanford for duty, Comdr. Parker was Assistant Officer of Fleet Aircraft Service Squadron BIX in Jacksonville, Fla., where he was assigned since 1948.

Improvements Are Noted In Capitol Building At Tally

Senator Lloyd E. Boyle, a frequent visitor to Tallahassee during the past few months, has reported that the many improvements made at the Capitol building.

He said today about the only thing left unchanged on the legislative floor in the Capitol is the Senate chamber. The House chamber boasts a renovated rail call system which has added flashy red, green and yellow totaling devices to the big vote register boards.

Perhaps the biggest change noted by the local lawmaker is the absence of the large square well which formerly was at the intersection of the second floor through it and see what was going on in the first floor corridors.

Florida Has Variety Of Weather; Even Quake Shocks Are Reported

Seminole County residents are wondering what new varieties of weather may be in store for them.

Over the weekend it was a heavy rain which left five and a half inches on the ground.

Overnight temperatures dipped to a low of 44 degrees, with a high of 54. Windy conditions, with gusts to 15 mph, were reported.

Frost Is Seen Again For Central Florida

LAKELAND (AP)—Frost in North Florida is predicted for Saturday morning by the Federal State Frost Warning Bureau.

The forecast was fair and cool Friday morning with lowest temperatures 43 to 48 and patches of light frost in colder low ground locations in Southern Districts.

Friday's forecast was fair and warmer in the afternoon with the outlook warmer Friday night and Saturday and no frost danger Saturday or Sunday morning.

Duke Of Windsor's Return Home To Live May Follow Queen Mary's Death

LONDON (AP)—As Britain prepared to bury its beloved Queen Mary, Lord Beaverbrook's Daily Express said today the death of her eldest son, the Duke of Windsor, to return to England to live.

"Let the mourning and his exile," declared the heading over an Express editorial. "The newspaper did not mention the duke's American-born duchess, the former Wallis Warfield Simpson, but presumably it favors her returning with her husband."

Windsor is now in England, having cut short a Florida vacation to rush to his mother's bedside when her fatal illness was first announced. The duchess remained in New York. She has never been received at the British royal court.

Parents Believed Drowned

PALATKA (AP)—The parents of three children, two of whom are believed to have been drowned when they apparently fell from their small boat near here Wednesday.

Sheriff's Deputies Ira Smith and R. L. Gillison reported the body of Mrs. Charles Whitaker, 40, was found at the spot where Dunn's Creek empties into the St. Johns River.

Her husband was missing. The boat swamped with water and its motor still running, was near the woman's body.

Weather Is Blustery

By The Associated Press
Chilly, blustery weather extended over wide areas in the eastern half of the nation today as an early spring season spell continued.

Snow flurries fell in parts of Tennessee and Kentucky and temperatures dropped to near freezing in some southern sections. The cool and windy belt extended east of the Mississippi to the eastern foothills of the Appalachian Mountains.

There were thunderstorms along the Atlantic coast from New England to the Carolinas. Light rain continued today over New England and in parts of New York and Pennsylvania.
