

### Classes Resume At Vocational School Sept. 8

The Sanford Vocational School, which will begin Sept. 8, at the same time as the other public schools of this county, wishes to announce to anyone wishing to attend this fall that the school is open every morning from 8:00 to 12:00 o'clock for conferences and enrollment.

It is hoped that the majority of enrollments will be made this week so that definite plans may be made for certain classes, such as shorthand, business, English, and office practice. It is necessary for all beginning shorthand pupils to start at the same time, as the classes must be kept together.

Bookkeeping and typing students may enroll at any time.

Adults who wish to prepare for office work may choose from the following subjects:

Shorthand — three groups: beginning for all who have never had shorthand and also for those who have forgotten it.

Second year, for all who have had a year of shorthand, but are not prepared to go to work.

Speed Class, for those who have jobs or any stenographer who wishes to increase her speed.

Shorthand classes are held both day and night.

Most of our students are placed on jobs in December or January, except the beginners, who generally are placed in January or February of the next year.

Classes in filing and preparation for Civil Service Examinations are held in connection with classes in office practice.

Day classes are from 8:00 to 12:30 o'clock. Night classes are from 7:00 to 11:30 o'clock.

### Plenty Of Heat Around Country

CHICAGO (AP) — The Chicago Weather Bureau, which compiles high and low temperatures and amount of precipitation in 70 United States cities, said that during the 24-hour period ended at 7:30 a. m. today:

Eight cities had readings of 100 degrees or more; 24 had between 95 and 99; 11 had between 90 and 94; 27 had between 70 and 89 degrees.

### City Commission

(Continued From Page 1)

uniforms and clothing allowance of \$400.

Police Chief Williams predicted his department will operate for less than the budget allows.

He requested the installation of radar to catch speeders, saying even the signs which would be posted at the outskirts of the city telling of the radar system would have a psychological effect on motorists. This request, which was set to cost \$1,000, was turned down by the Commission, but requests for Walkie-Talkie radios, a new tape recorder, and additional Drunkometer equipment were approved.

A sum of \$1,500 for motor equipment was cut out and \$250 added to an allotment of \$350 for automobile expense after Comm. Cordell said a Ford police car may be used for duty but that it may need a new motor.

The budget estimate for the water department was \$77,000, preliminary to the action taken on the contingency item.

The review of the budget was discontinued shortly after midnight to be continued again after 8:30 o'clock tonight.

### Editor Elected To Canal Group

JACKSONVILLE (AP) — R. Nodosh, editor of the Ocala Star-Banner, was elected chairman of the board of directors of the Florida Ship Canal Authority at a reorganizational meeting here yesterday.

He succeeds Gen. Charles P. Summerall, formerly of Eustis and president of the Citadel, Charleston, S. C., who had headed the authority since its founding in 1933.

### Senator Visits

FREEDOM VILLAGE, Korea (AP) — Sen. William F. Knowland (R-Calif.) visited this Allied war prisoner processing center today and chatted with a California airman freed only this morning.

"We are glad to have you back," the Senate majority leader told Lt. John D. Bryant, 31, of Baldwin Park, Calif.

The senator is on a five-day visit in Korea.

### Strike Voted

FORT LAUDERDALE (AP) — More than 200 workers at Broward Marine, Inc., voted last night to strike, charging that the company had refused to speed up contract negotiations and pay members of the negotiating committee for time lost from work.

### Jean Snodgrass First Sanlando Beauty Entry

The first entry in the Sanlando Springs Labor Day Celebration "Beauty Contest" sponsored by the Seminole County Junior Chamber of Commerce has been received, according to Cliff Ables, president of the local Jaycee group.

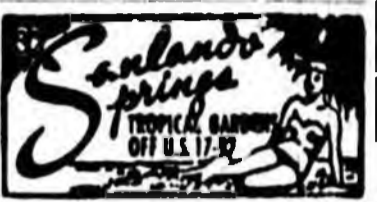

Miss Jean Snodgrass, 3 feet 2 1/2 inch long-haired beauty, and runner-up in last year's "Miss Sanlando Springs" contest, was first this year in completing her entry and sending it to the Jaycee information booth here in Sanford.

Requests for entry blanks have been numerous, Mr. Ables said, and "we should have the biggest group ever entered in the competition for this year's crown."

Jack Butts, manager of Sanlando Springs, said yesterday that plans have been completed in the care of the biggest crowd of Labor Day visitors ever entertained at the Central Florida recreation area. Mr. Butts said "we are planning to take care of up to 5,000 visitors at Sanlando Springs."

Three water shows will be seen during the Labor Day celebration. Mr. Butts reported, Linda Bridgers, of Altamonte Springs, the 12-year-old swimming star, will be seen in her unusual water ballet routine "The Hot Canary" at 4:30 o'clock next Monday afternoon.

To make the celebration even more attractive, the manager Bob Waldorf, who coaches team at Washington, D. C. is a brother of Lynn Waldorf, California grid coach.

### FOREST FIRES COME OUT OF YOUR POCKET!

It costs you and other Americans over \$60 million each year just to put out forest fires. And what about the loss of timber, the loss of beautiful recreational areas and wildlife? You pay a staggering price for all this. It's money out of your pocket. Out of your pocket also come the very things — the matches and smokes — that, carelessly used, cause forest fires. The prevention of forest fires is in your hands. Be extra careful this year.

**STANDARD OIL CO. CAN PREVENT FOREST FIRES!**

### Triplets Born To Polio Victim

BOWLING GREEN, Ohio (AP) — Mrs. Della Gean McKenzie, 28, whose legs have been paralyzed by polio since she was 12, gave birth to triplets—two girls and a boy—in Wood County Hospital yesterday. She and the babies were reported doing well.

Two of the infants weigh 3 pounds 11 ounces, the third a few ounces less. Mr. and Mrs. McKenzie have a 2-year-old son.

## THIRD TROPICAL STORM OF SUMMER APPROACHES

MIAMI — Hurricane warnings were hoisted today on the island of Antigua and Barbuda in the Lesser Antilles chain as the third tropical storm of the summer approached.

The hurricane, named "Carol" for the third letter of the alphabet, contained winds of about 30 miles an hour around its center. Northwest storm warnings were raised over Guadeloupe, another of the island chain about 2,000 miles southeast of Florida.

Storm forecasters in the San Juan, P. R. Weather Bureau said the disturbance was moving west-northwestward about 18 to 18 miles an hour.

## LATE BULLETINS

SAN ANTONIO, Tex. (AP) — The condition of Gen. Jonathan Wainwright, who was not expected to live through last night, was described by hospital authorities as worse today.

NEW YORK (AP) — The eastern half of the nation broiled today under a relentless sun with no sign of general relief. The heat wave, nearly two weeks old in some sections east of the Continental Divide, has taken a heavy toll.

PARIS (AP) — The United States, France, and Britain have proposed to Russia a Big Four foreign minister's meeting at Lugano, Switzerland, Oct. 15, the French Foreign Office said today.

NEW YORK (AP) — A plane crashed in the French Alps last night, killing all 42 aboard. Halfway around the world on the Pacific Coast another plane vanished and presumably crashed with nearly two dozen soldiers aboard.

TALLAHASSEE (AP) — The State Industrial Commission has dropped 105 employees and closed seven field offices including the one at Sanford because of a reduction of federal funds made available from the unemployment compensation program in Florida.

# 4-Way Split By Commission Over Sewers

## Homage Paid Maj. Bolt, Other Korean Veterans

### Parade Opens Program Which Ends At Stadium

MARINE AIR ACE Major John F. Bolt was officially welcomed back to his hometown during yesterday's parade witnessed by some 3,000 people. He was later to receive a plaque from Mayor Randall Chase in the Commemoration service for all the county's Korean War veterans at the Memorial Stadium last night. Maj. Bolt humbly accepted the inscribed plaque on behalf of all the Korean veterans of Seminole County.

Sanford and Seminole County paid official homage to its Korean War veterans and its Marine air hero Major John "Jack" F. Bolt today with a parade, dinner, and tributory ceremony at the Memorial Stadium last night. Over 3,000 people flocked downtown yesterday afternoon to watch the jubilee Pinecreek Air Force band lead a small procession of Korean veterans riding in convertibles with distinguished City and military officials.

In a half-hour ceremony at the Memorial Stadium, witnessed by nearly 1,000 persons, Program Chairman Joe R. Field, County Judge Douglas Stenstrom and Mayor Randall Chase formally expressed the county's appreciation to living and dead Korean veterans as well as Major Bolt's contribution as being the nation's only Marine Air Corps ace.

Mayor Chase presented Maj. Bolt with the plaque with a brief eulogy. The modest but firm Maj. Bolt said in accepting the honor, "I accept this with all the boys and many friends who fought in Korea and for a dear friend and other boys who didn't come back." The entire program was planned by the Seminole Chamber of Commerce under the direction of Forrest Brockbridge, manager. In addition to the brief speeches by County Judge Stenstrom, Postmaster Fields and Mayor Chase, other dignitaries were introduced on the speaker's platform.

Among those present were Al Wilson, president of the Merchant's Association; E. L. Perkins, president of the Rotary Club; Volie Williams, City Judge; Bradley Ouhm, chairman of the Sanford Industrial Board; Cliff Ables, president of the Junior Chamber of Commerce; Mr. Brockbridge; Gordon Frederick, commander of the Campbell-Lewis American Legion; and J. M. Young, commander of the Disabled American Veterans; and the commander of the Veterans of Foreign Wars.

J. F. McClelland, County Commission chairman was also present as were Mr. and Mrs. Tom Bolt, Maj. Bolt's brother; Bruce and wife and two children Mrs. Wiggins, Maj. Bolt's mother-in-law, also attended.

Heading the military contingent was Marine Brig. Gen. James F. Moriarty of Orlando, assistant state director of civil defense. Col. A. L. Trench and Col. J. H. Watson of the Pinecreek Air Force base, Miami Marine Corps officers (Col. Ralph Young, assistant staff officer of the 3rd Marine Air wing, and Maj. John Hansen, commanding officer head quarters Squadron Third Marine Air wing).

Hansen, formerly of Orlando, was a classmate of Maj. Bolt's at the University of Florida, and fought with him in Korea. Capt. John E. Young, Commander, G. H. Pearson, represented the Sanford Naval Auxiliary Air Station.

The theme of the workshop was new methods of teaching the arts. Mrs. Babcock, art supervisor, explained "The Meaningful Art Education Method," and gave helpful suggestions for beginning the year's work.

Mrs. Graham, speech and exceptional children specialist, told the teachers of her interesting work and how she would like them to work with the children in cooperation with her.

Mrs. Land, music supervisor, gave new songs and rhythm material. She suggested new ways to treat familiar songs, aiding the children in their enjoyment of music.

A delicious lunch was served in the school cafeteria by Mrs. Oulida Wilson, school lunch supervisor and Mrs. Hasley, lunch room manager.

# Russia Asked To Join Germany Future Talks

LONDON — The Big Three called on Russia today to join an early four-power conference of Germany and Austria.

The Big Three — U. S., Britain and France — suggested the high level talks to work out 1. Arrangements for holding free German wide elections as an essential first step toward restoring Germany and Austria to their original status.

2. Final agreement on the long-proposed Austrian treaty of independence which Russia has been stalling.

3. Final agreement on the long-proposed Austrian treaty of independence which Russia has been stalling.

The Big Three also said that free German wide elections should follow the peace conference.

The Americans, British and French notes made it clear that the Allies believe the Soviet proposals for holding elections after a peace settlement puts the cart before the horse.

The Americans said the Allies proposed the ministers meet only in mid-October in Switzerland. The British, however, suggested a meeting place in London.

The Allies were discussing a series of Soviet counter-claims on the subject.

The Allies were discussing a series of Soviet counter-claims on the subject.

## Differences Of Opinion On Program Causes Rift In Governing Group

The four City Commissioners last night in formulating a program to improve the sewerage system and water supply. A rift had been developing in the Commission, but the whole matter blew up last night when Carl Nelson and W. T. Anderson, representatives of Nelson, Anderson and Co., the City's largest contractor, appeared before the governing body to give their advice.

Mr. Nelson, who did all the talking before the group, advocated that the commission adopt a maximum cost of \$1,000,000 on the program and that they should get started immediately in planning the project. He advocated that the city should allocate a maximum cost of \$1,000,000.

In the split-up of ideas among the Commissioners, Commissioner Ivey advocated a pay-as-you-go plan, in which he recommended spending money for absolute minimum repairs and extensions of sewers, charging the public with paying back a credit surplus, then spending the surplus in the future to install other needed improvements.

He said that Robert Angus had reported that the city would need to repair all the present sewers, and that one-half of them will be satisfactory for use for another 10 years. New sewers would cost \$200,000, he had been informed.

The commission expressed the opinion that, since only half the sewers need to be repaired, the cost should be only \$100,000, and that the total cost should be \$711,000.

Mr. Nelson pointed out that the Commission had committed a cost and bond for sewer expansion.

Mr. Ivey said the expense couldn't run more than \$1 million. He advocated financing the program as if it cost anywhere from \$120,000 to \$2 million and laying by a surplus of \$100,000 or so at a time for later use. The theory of this method would be shown in a report.

Mr. Nelson and the largest contractor, Nelson, Anderson and Co., did not want to pay bonds on a program unless it is planned properly, that they will call for the present engineers' figures and that the latter are correct.

County Judge Douglas Stenstrom said that he would like to keep the expense of the program to the lowest possible figure for financing the project.

Mr. Nelson said that the program under a competent engineer's supervision and an adequate amount of money in the project.

He said Mr. Ivey proposed the whole program could be financed through a revenue bond with a 4 per cent bond rate. The bond rate does not care if city sewer revenues do not cover it.

County Judge Douglas Stenstrom said that Mr. Angus had informed him that \$200,000 would be needed to pay existing bond service, but not for any such figure.

He quoted price of \$1 million for sewer extensions and water supply expansion, but that the commission charge would be \$1,000,000. Mr. Nelson said the maximum charge would be \$1,000,000.

The figures are not in line with the estimate offered by the Commission recently at a meeting in which they advised a bond issue for sewer expansion.

At the meeting, it was said the sewer charge would amount to 3 1/2 per cent of the water bill of the average customer. This estimate was given as an answer to a question from a large group of local taxpayers who attended the meeting.

Severely charged and being figured daily on estimates, Mr. Nelson and he predicted that buyers would not take quickly to the proposed method of financing, and advocated the pledging of income of a proven nature.

## State News Roundup

### New August Rainfall Records Are Set Throughout Florida

JACKSONVILLE — New August rainfall records were set all over northeast Florida last month, the U. S. Weather Bureau reports.

The area also escaped the heat wave affecting the east-central United States, thanks to the same stagnant weather front or low pressure trough which produced the rains.

In Jacksonville, the temperature averaged 81 2/3 degrees, 81 of a degree below normal. The average would have been lower. Climatologist R. L. Anderson said except for several hot days the first two weeks high for the month was 90 on Aug. 3 and the low, 69 on Aug. 24.

Six cities had record rainfalls: Daytona Beach 18.89 inches compared to a previous August record of 11.46 in 1949; Sanford 15.43 against 13.56 in 1949; St. Augustine 19.15 against 13 in 1950; Jacksonville 16.68 against 11.75 in 1948; Orlando 15.99 against 12.89 in 1948; Melbourne 10.88 against 9.99 in 1948.

Jacksonville may expect 6.28 inches of rain in August. In Jacksonville, the temperature averaged 81 2/3 degrees, 81 of a degree below normal.

### Miss America Set For Quiet Life

LAKELAND — Neva Jane Langley begins a trip today that will bring to an end her reign as Miss America and permit her to return to the simple life she loves.

She is going to Washington for an appearance in a golf tournament, then in Cincinnati and on Sept. 6 she will arrive in Atlantic City for the famed pageant where she received her crown a year ago.

### Lake Worth Mayor, Commissioners Out

LAKE WORTH — Mayor M. C. Baker and three city commissioners were ousted last night in a special recall election which followed disclosures that bonds the city paid \$252,000 for had not been delivered.

Received from offices with Mayor M. C. Baker were Commissioner Charles R. Gardner, Joseph J. Gallo and Milton V. Engstrom.

### Parents Keep Kids Home From School

MIAMI — Angry parents kept some 150 students from registering yesterday at the new West Miami Springs Portable Elementary School and there was no immediate indication where they would study.

The mothers and fathers contended a nearby canal, a rock pit filled with water and heavy traffic might endanger their children. They also objected to the use of the portable wooden building.

MIAMI — Angry parents kept some 150 students from registering yesterday at the new West Miami Springs Portable Elementary School and there was no immediate indication where they would study.

## \$4,000 More Cut From New City Budget

Nearly \$4,000 more was peeled off the City budget for the next fiscal year by the City Commission last night, bringing the total in cuts to approximately \$6,000.

Four more departments were reviewed last night and there were made from all of them making nine departments in all to have budget reductions. Approximately 10 more departments are to be reviewed in the first three months of the fiscal year.

City Manager Tom Lemon pointed out today that the meeting in the budget, inasmuch as it specifically in the budget with no other matters to be taken up.

The budget of the public health and sanitation department, under E. H. Johnson, was cut from \$6,545 to \$3,890; the city attorney's budget from \$3,800 to \$1,300; the City Manager's budget from \$18,218 to \$14,418; and the City Commissioner's budget from \$1,275 to \$1,300.

However, relative to the City Commissioner's salary, voters at a referendum this fall are to decide whether or not they are to be allowed more pay.

A recently-passed state law allows a salary of \$75 a month for each commissioner. However, this pay scale has to be approved by voters of the City.

At present, the members of the Commission are paid \$3 per meeting.

The budget was set up by Mr. Lemon to allow for a possible increase, but the Commission decided to cut it down tentatively to the amount allowed last year for salaries.

The City attorney's salary was set at \$5,000, with \$200 set for general expenses and \$500 for counsel expenses in court cases.

A sum of \$1,000 for contingencies and \$400 for general expenses were cut from the City Manager's fund. The Commission has decided to have a blanket contingency fund to cover all departments.

## Former Resident Passes In N. C.

H. H. Slaughter, former resident of Sanford, died at his home at 34 Paul N. C. yesterday after a brief illness. Death was attributed to a heart attack.

With the Atlantic Coast Line Railroad here for about 15 years, Mr. Slaughter was a member of the First Baptist Church.

He is survived by his widow, Mrs. W. R. Fisher and Mrs. Jim Rice both of Sanford, two sons, W. H. Slaughter of Eau Claire, and M. H. Slaughter of Pinal, Ariz., three daughters, Mrs. W. Nichols, Ft. Lauderdale, Mrs. Lem Lawrence, Perry, and Miss Minnie Slaughter of Perry, also six grandchildren.

Funeral arrangements, incomplete, will be announced later.

## Workshop Held At High School

On Monday the Art, Speech and Music supervisors held an all-day workshop at the Seminole High School Auditorium.

The theme of the workshop was new methods of teaching the arts. Mrs. Babcock, art supervisor, explained "The Meaningful Art Education Method," and gave helpful suggestions for beginning the year's work.

Mrs. Graham, speech and exceptional children specialist, told the teachers of her interesting work and how she would like them to work with the children in cooperation with her.

Mrs. Land, music supervisor, gave new songs and rhythm material. She suggested new ways to treat familiar songs, aiding the children in their enjoyment of music.

A delicious lunch was served in the school cafeteria by Mrs. Oulida Wilson, school lunch supervisor and Mrs. Hasley, lunch room manager.

## Douglas Stenstrom Elected Kiwanis Club President

County Judge Douglas Stenstrom was today elected president of the Sanford Kiwanis Club at the regular luncheon meeting of the organization at the Yacht Club.

Other elected included Rupert Strickland, first vice president, P. P. Canwell, treasurer, and Oscar Harrison, financial secretary.

At press-time counting of ballots was still continuing for the office of second vice president and seven directors.

Major Jack Bolt, USMC, speaker of the occasion, commended the club and the Kiwanis Club, pointing out that each club had its outstanding characteristics.

Six members of the Mr. Don Kiwanis Club were present for an interclub meeting. They included Bill Wright, Bill Barnett, A. Lee French, Col. E. L. Moriham, Roy Christopher, and W. T. Williams.

Other guests included Bob Glenn and J. R. Hood Jr. of Sanford, and Dudley Hayes of Tampa.

The program was in charge of J. W. Hall of the Education Committee.

## Weather

Generally fair and hot through Thursday except for afternoon thunderstorms in a few widely scattered places.

## Deadline Tonight

Tonight is the deadline for mailing ballots in the election of the Board of Directors for the Seminole County Chamber of Commerce. Mrs. Camilla Bruce, golf secretary, said today ballots must be postmarked by midnight.

## Dismissal Motion Filed By Builder

A motion for dismissal in the suit against the Sanford Daily Builder and its associates was filed today in the Circuit Court in Tallahassee.

Bernard Guthrie, former owner of the newspaper, has brought suit against the Builder and other parties connected with it, charging a violation of the mortgage agreement by Guthrie. It is represented by the defendants and Gordon Frederick, the plaintiff.

## Gen. Wainwright Near Death In Vet Hospital

SAN ANTONIO, Tex. — Gen. Jonathan M. Wainwright, 70, one of the nation's great military heroes, lingered at the point of death today.

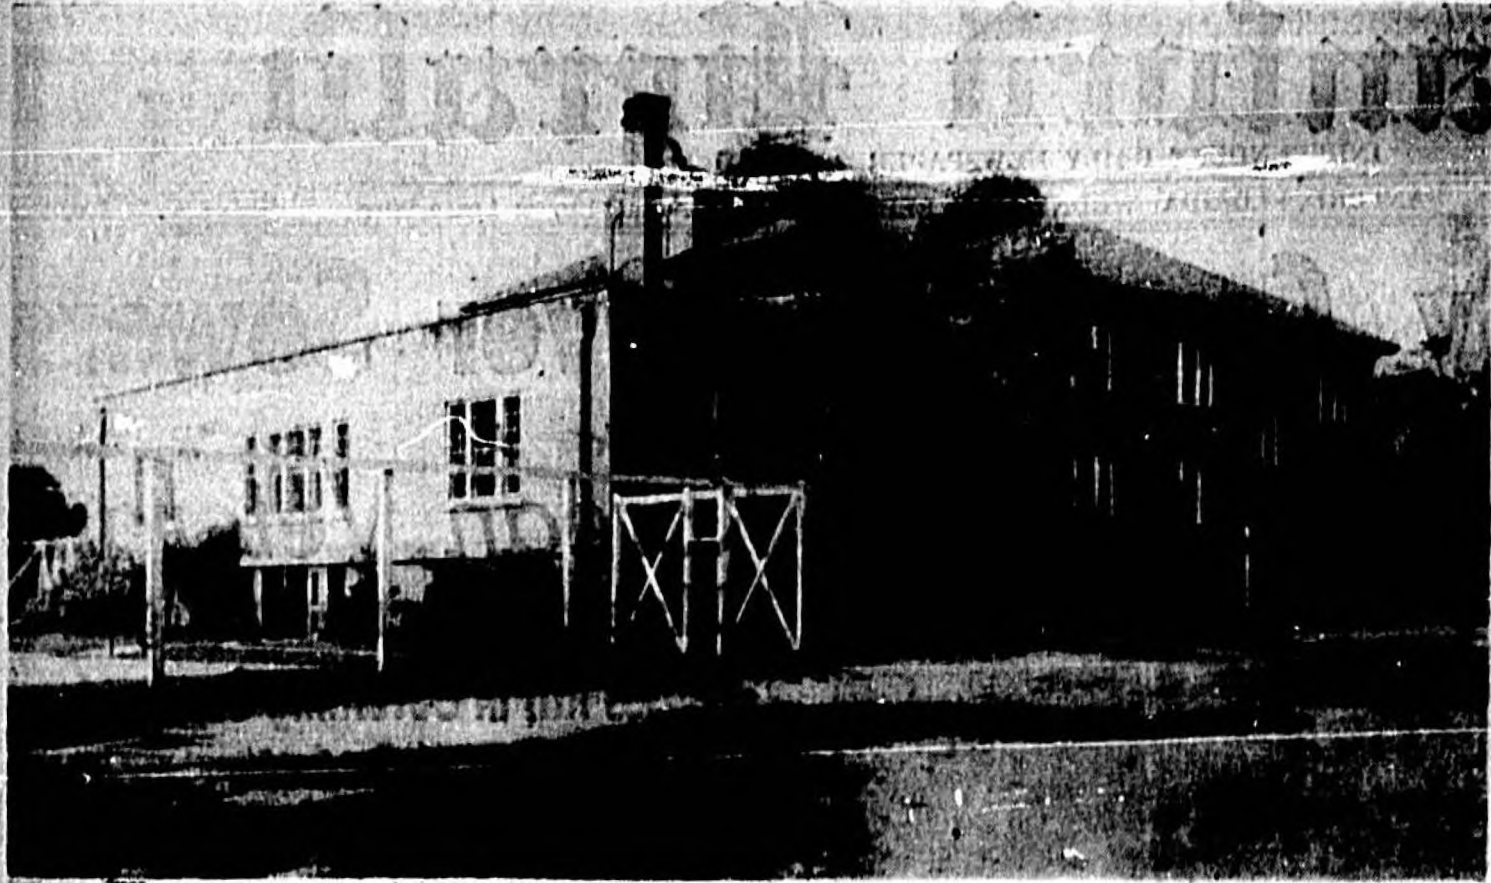

Late reports from Brooke Army Hospital, where the old hero of Corregidor has been a patient since July 6, said he was not expected to live. Hospital authorities said he had "suffered another cerebral thrombosis."

Wainwright was commanding general of the 4th Army with headquarters at Ft. Sam Houston after his liberation from years in Japanese prisons. His stubborn defense of Corregidor, Philippines island fortress, in World War II has been credited with upsetting the Japanese army's timetable in the Pacific struggle.

## County Agent's Column

Cattle prices react to a combination of supply and demand factors including actual or expected output and changing habits and income of consumers. They are also affected by prices of other farm products, particularly hogs and poultry. In a free market, cattle prices do not stay far out of line with prices of other farm products for long.

Eighth Field Day at the Range Cattle Experiment Station, at Ona, will start at 9:00 a. m. on Sept. 11. The theme for the Field Day is "Grades of Slaughter Cattle and Quality of Florida Beef."

Everyone interested in breeding and management of beef cattle, utilization of pastures and quality of beef is invited to be present on September 11.

There is always a potential danger of fire in a small pocket of damp hay in a stack or mow. How to make in the farm shop an efficient probe to learn if the mow is overheated, is described with a diagram in September Florida Grower and Rancher. For safe storage, hay when loose should carry below 25 per cent moisture, and when chopped or baled, below 90 per cent. Hay for safe storage, should be dry and brittle when out of the sun.

The best building and fattening values of citrus molasses about equal those of good corn.

Keep children off tractors.

Joffre C. David, general manager of the Florida Fruit and Vegetable Association, has announced the appointment of James T. Duncan as manager of the newly formed traffic division of the association.

In order to maintain a close study of transportation matters such as those involved in container standardization, shipping weights and rates, the directors ordered the establishment of a traffic division," said Mr. David. Duncan has an extensive background with Atlantic Coast Line Railroad and the Seabees during the war.

Florida Fruit and Vegetable Association is going to conduct a survey by mail to learn if the celery farmers of Florida want a Marketing Agreement on celery.

Poultry—A bi-monthly magazine named "Chirpa" is good reading for all interested in poultry. It is edited by Nichols Poultry Farm, Kingston, N. H.

Citrus—The purple scale is the worst single pest of citrus trees in Florida. It causes large crop loss and more actual tree damage than any other single pest. While some of the injury is obvious, some is insidious, in that any quantity of scales produce a drain on the

vitality of the tree. The tree thus has to support not only itself, but a considerable scale population as well.

Purple scales are an important factor to be considered when fruit has to be artificially degreened. Whenever a living purple scale is present on a fruit, a green spot will remain. Although the scales may be removed in the washing process, green spots may seriously lower the grade of fruit. In addition, purple scales often settle under the button, on the stem end of the fruit. In this position they may so weaken the stem that the fruit will drop prematurely. This is especially serious during periods of dry weather or following a severe windstorm. Fruit drop is often excessive and results in major losses to many growers.

Heavy populations of purple scales on a tree are usually evidenced by a yellow spotting of the leaves. The yellow spotting coincides with a pile up of purple scales and if severe enough the leaves will ultimately drop. When leaves are heavily infested purple scales are usually common on the smaller twigs and branches of the tree. A combination of wood infestation plus leaf drop often results in the death of considerable wood. Losses of wood are often excessive and this may, indirectly, be a grade lowering factor. Dead wood serves as a source of the melanose fungus which will infest small fruits during the spring of the year. Much of the inside wood may be killed out. Not only is the quality of the crop reduced, but the expense of pruning operation is considerable.

Florida State Employment Service has announced a farmers meeting at the City Hall in Leesburg Sept. 11, at 8:00 p. m. to discuss labor recruitment for the coming season. Such meetings were held a year ago and were well attended by farmers and processors in the vegetable and citrus industries, and much was accomplished in the way of getting out to interested citizens the problems involved in labor recruitment, both domestic and foreign. It is also felt that the meetings stimulated a new interest in the Florida fruit and sugar industries. A larger number of domestic workers were recruited the past season than both within and without the state than ever before.

Bob Humbley in charge of the local office of Florida State Employment Service, located opposite the Fire Station on Palmetto Ave., says that Don Lavin, chief of farm placement, Washington office and Ernest S. Marbury, regional director, Atlanta, have advised that they will be on hand for the meeting, and the presence of these top flight gentlemen in the employment security program should prove an added attraction to our farmers, who have problems.

## Blues In The News

By BOB ANTHONY

William Yost has returned to duty with Composite Squadron Five after spending leave at his home in Pittsburgh, Pa. This was more than just an ordinary leave for Bill as he popped the proverbial question and received a "yes" from Miss Mary K. Heck, a "hometown girl" whom he has known since high school days in Pittsburgh.

The wedding date has been set for Aug. 24, 1954 and Bill has already begun counting the days until he will be taking that next leave to Pittsburgh, where the wedding is scheduled to take place. Bill is attached to the Security Department of V-5 aboard the station and is also that squadron's correspondent for the Sanfly, weekly station newspaper of NAAS. Congratulations Bill! April will be here before you know it!!

A total of seven NAAS men completed Navy correspondence courses during the month of August, using their "off-duty hours" studying in an effort to increase their proficiency in their ratings. The correspondence courses are offered free of charge from the Naval Correspondence Course Center in Brooklyn, N. Y. to Naval personnel who are willing to spend spare time studying.

The seven men and the courses they have completed are: Darryl D. Stubbs, fireman apprentice, completed the Fireman course; Robert R. Boyer, metalsmith third class, completed the metalsmith Second Class course; Thomas N. Fleetwood, parachute rigger second class, completed the Aviation Supply course; Walter W. Cross, aviation mechanic's first class, completed the course in Flight Engineering; John A. Grabarkiewicz, aviation structural mechanic third class, completed the Aircraft Welding course; Frank J. Alliss seaman, completed the Baker's Handbook course; and Charles F. Fisher, airman, completed the Aircraft Welding course.

Another one of the NAAS Civilian Fire Department's famous "Benefit Shrimp Boil" will be held aboard the station this Friday. The affair is an intrasquad part of the Department's "Operation Toys" which proved so successful last year. The idea is to collect and repair old toys and raise funds to purchase new toys all to be given to the needy children of this area at Christmas time. Tickets for Friday's Shrimp Boil are \$1.00 per person and all proceeds will be used for "Operation Toys". The CPO Club about the station has been named as the site for the occasion and all military and civilian personnel of NAAS, their dependents and their guests are invited.

Tickets may be obtained at the Fire House or at the CPO Club. For one dollar you will not only be getting all the boiled shrimp you can eat, but you will also be contributing to a worthy cause. Make some child's Christmas more merry and have an enjoyable evening yourself by attending the Benefit Shrimp Boil this Friday at the CPO Club at 8:00 p. m.!!

Bill Marks of the NAAS Special Services Department is still looking for men interested in forming a station softball team. Plans include matches with civilian and service golf teams in the Central Florida area. Membership on the proposed station team is open to Station Personnel and men from each of the squadrons aboard the station. If you are a golfer and would like to represent NAAS in competition, contact Bill Marks at the NAAS Special Services Department.

Don't forget the Chapel movie tonight at 6:30 p. m. A film entitled "The Birth of a Savior" will be shown as the first in a series of Wednesday night films concerning the life of Christ. The movies begin at 6:30 p. m. in the Station Chapel and all hands are invited to attend!

Reporter Injured

Joe Maloney, reporter for the Sanford Daily Builder, is confined to a Charleston, S. C., hospital with injuries sustained last night in an automobile accident, according to an informed source.

Mr. Maloney was enroute to the bedside of his father at Charleston, who underwent major surgery yesterday.

Health Boards

JACKSONVILLE (AP)—The State Board of Health said today Florida's county health departments will have an important part in enforcing nursing home regulations.

## Bill Peacock III Fated On Birthday

Bill Peacock III was honored guest at a birthday party given yesterday on his fourth birthday by his mother, Mrs. W. J. Peacock at their home, 2520 Palmetto Ave.

The young guests enjoyed playing games and they were served refreshments of ice cream and cake.

Those attending the event were: Sherry Thrasher, Lynn, Johnny, and Ray Bass, Faye and David Holloway, Patsy Owens, Glenn and Bonnie Chorzoning, Randy and Alice Sue Prentice, Jara Gill, and Patty Tillis.

The mothers present were Mrs. B. J. Gill, Mrs. Bob Prentice, Mrs. A. D. Holloway, and Mrs. R. L. Bass.

## 420 Driver's Tags Issued

Over 420 drivers licenses had been issued by the county Judge's office until noon today, it was announced by Mrs. Sidney Fowler.

"The demand has been steady but not overwhelming," she stated. All vehicle operators must procure their 1954 licenses before the deadline on Sept. 30, or face a \$1 penalty of another drivers test.

Last year 974 more licenses were issued through the County Judge's office from Sept. 1, 1952 through Aug. 31, 1953. The 13,850 operators, chauffeurs, and duplicates purchased last year constituted a new record in Seminole County. The previous high was 12,876 in 1951-52.

The 13,850 licenses last year through the County Judge's office had a total value of \$13,873.25.

# Where Is Propaganda Headquarters Site?

By RICHARD O'REGAN  
**BUCHAREST (AP)**—Where is the headquarters of the Cominform, the world-spanning, secret propaganda agency of the Kremlin that transmits Moscow's revolutionary orders?  
 Where is Ana Pauker?  
 These are two of the current mysteries about Communist Romania to which American correspondents sought answers when invited here for the first time in five years.  
 The Cominform's powerful general staff is supposed to be in the Romanian capital, from Bucharest instructions allegedly go out to Red agents the world over.  
 We asked a Romanian official where it was. He looked shocked at our audacity and replied: "I really have no idea."  
 We questioned Western diplomats. One pointed out a heavily guarded ring of big residences in northern Bucharest. Entry to the area is stopped by armed militia. He said it might be there.  
 Another diplomat said no that was probably the headquarters of the Central Committee of the Romanian Communist party. The Cominform, he said, is rumored to be quartered in the country club of a former oil company at Iasi, Sussgov.  
 All the diplomats really knew was that the second meeting of the world's top Communist bosses met in the late King Carol's mountain-side summer palace in Sinaia in 1949, and that certain secret meetings of the Cominform's staff may take place in the English-style country house of a former princess at Posada, in the Carpathian foothills.

MISS ARLENE BELLEFLUER, above, who was crowned "Miss Sandlot Springs of 1953", will present this year's trophy to the new winner at the Junior Chamber of Commerce's gigantic Labor Day celebration at the nearby resort next Monday. Deadline for entries in this year's contest has been extended to Saturday.

# Young Swimming Star To Take Part In Jaycee Labor Day Celebration

One of the eye-catching water shows to be included in the Sandlot Springs Labor Day Celebration schedule of events will be performed by a 12-year-old swimming star of Altamonte Springs.  
 Lynda Marie Bridgers, eighth grade student in Winter Park High School, and a runner up in the AAY national outdoor synchronized swimming meet on Aug. 14, at Ormond Beach, will be seen in her water ballet routine that is entitled "The Hot Canary."  
 The young swimming star was coached by the Dwight sisters, Mary and Frances, and trained Lynda at Cypress Gardens on the MGM set while they were making the picture "Key To Love." Starring Esther Williams, Esther designed Lynda's costume and showed her how to improve her backstroke.  
 Jack Butts, manager of Sandlot Springs, said that in addition to Miss Bridger's performance at 4:30 Monday afternoon, there will be two other water shows, one at 2:30 and another at 7:30.  
 The Sanford Jaycees, sponsoring the gigantic Sandlot Springs Labor Day celebration, have arranged a complete schedule of events in which visitors can participate. There will be entertainment for everybody, Jaycee president Cliff Ables said, from the youngsters to the old folks. In addition, Mr. Ables said, "there will be a cash minute if you're participating or if you're just watching."  
 To make the entertainment even more enjoyable, the Jaycees said that admissions for adults and for children have been reduced.

# Running Dogs

# What Chance For Balanced Budget?

What are the chances for a balanced budget next year? The administration would very much like to balance it and so would Congress, particularly since next year is an election year and a balanced budget would carry quite an appeal to the voters. Despite this many observers believe that it may be even more difficult to accomplish that goal next year than it was this year.

A great many taxes are slated to expire or be reduced next year. The controversial excess profits tax is scheduled to stop on January 1st and there is also supposed to be a cut in the income tax. In April of 1954 excise taxes and regular corporation taxes are to be reduced. All this will mean a loss of nearly \$8,000,000,000 to the government.

President Eisenhower is committed to a vigorous defense program and to continuing to send aid to our allies. He has the interest of the country too close to his heart to permit our security to be endangered by cutting foreign aid or defense spending beyond the minimum safety point. The pressure to make cuts in this spending may be strong from some members of Congress.

A balanced budget is highly desirable. If we achieve it we will be living within our income, a wise policy for nations as well as individuals. But the problems of running a great country are complex and all any man or any administration can do is to make his best effort. Looking at the problem frankly it does not seem likely that the budget can be balanced next year if the tax relief that has been promised is delivered.

One great asset of old-time political candidates is passing out of existence. The once familiar log cabin, made of undressed logs hewn with an axe but never sawed, is disappearing, according to Wilbur Zelensky, associate in geography at the University of Wisconsin, reporting to the American Geographical Society. In 1934, he says, Georgia had 15,000 log cabins, in 1951 only 10,000 to 12,000. The same decline must hold true for other states.

**TODAY'S BIBLE VERSE**  
 Even after the gospel has been accepted it sometimes becomes corrupt in high places. A period of martyrdom has in the past greatly purified and strengthened the church. Go ye into all the world and preach the gospel to every creature.—Mark 16:15.

## SAM DAWSON

# Bears Take Over Stock Market

**NEW YORK**—The bears took over the stock market Monday. And today there are some sad notes in the September song.

The break saw stock price averages carried below the point from which they made their "Eisenhower bull market" rise from last November to January.

Opinions in Wall Street differ on what this may foreshadow, as they always do on everything connected with the market.

Some are holding that the market declines of recent days ended a feeble attempt to stage a summer rally and are carrying out the general tendency of the market to slip lower ever since it topped out in January.

An optimistic group, however, thinks the new 13-month lows will furnish a good springboard for a recovery later this year.

They stress the good earnings reports which the majority of corporations have been turning in, and the prospect for more of the same in the present quarter and for the year as a whole.

The bulls also point to the heavier total of dividend payments so far this year, which for business as a whole have been running about five per cent ahead of 1952. Many businesses are due to get a profit boost the first of next year when excess profit taxes end. And all corporations can hope, at least, that a scheduled drop in the ordinary corporate income tax rate will be allowed to take effect next April.

A candidate for office who came from a log cabin was obviously of humble origin and self-made. Both attributes were political assets. William Henry Harrison was elected President in 1840, largely because of the log cabin origin his supporters claimed for him. Lincoln and Garfield suffered no political harm from their log cabin pasts.

Logically a candidate born in a city tenement and therefore just as poor, should profit from his familiarity with poverty and rise to better things. It has not worked out that way, as Al Smith found when he ran for President in 1928. One reason may be the feeling, still widespread in the United States, that city residence is in some degree undesirable, certainly inferior to dwelling in the country.

## New Russian Promises

Russia's answer to the late rebellion and general discontent in East Germany is to increase the prestige of the East German government by relaxing the strict regulations which have governed that puppet state. All this may be an attempt to pacify the people. It may also be the Russian way of closing the door on a unified Germany without appearing to do so.

The Russians recently decided to send an ambassador to East Germany, giving that country the same status as that of any other nation in the Russian sphere. It may also force Britain and the United States into a position of recognizing or refusing to recognize the East German government. Russia has refused to recognize the Adenauer government in West Germany, hence recognition by Britain and the United States of East Germany would be a slap at Adenauer.

Russia has also relaxed reparations demands and other obligations. All these moves may succeed in keeping the East Germans in the Russian camp. But the Russians have made promises before. The new ones may be just as idle as those they made in the past. Sincerity and truth mean nothing to the Kremlin and promises are intended to be kept only so long as they serve the strategic end for which they were made.

# You're Telling Me!

By WILLIAM RITT  
 Cognac blends with water, too. What more proof do you need?  
 It's about time the Kremlin paid some attention to the people's creature comforts. Instead of just scaring some of them half to death with promotion.  
 Vishinsky's survival of the purge may be due to his not smiling while at home. He's got those bourgeois gold teeth, probably because of a decadent development.

## SUMMER RODEO

HAL BOYLE

# Boyle Party Scales Giant Ledge

(Editor's note: Giant Ledge, a hitherto unapproachable outcropping of the Catskills, has been scaled by a party led by Headless Hal Boyle, a barefoot Missouri boy with an iron purpose. His first-person story follows.)

By HAL BOYLE  
**ATOP GIANT'S LEDGE, N. Y.**—At last! At last! We are here! I can hardly breathe. Boy, even at 3,000 feet the auto exhaust fumes get you in the Catskills. Our party has planted the Confederate flag on the peak here and we are negotiating to sell the place to Gov. Thomas E. Dewey.  
 First of all, I would like to say that this feat would have been impossible without the careful planning of my faithful Sherpa wife, Frances. She fixed the sandwiches.  
 She is back at base camp No. 1—home. I will never forget her heartening farewell words: "Anybody who tries to scale Giant's Ledge after 40 when he could stay here and play gin rummy is nuts."  
 Nor can I wipe from my mind her querulous feminine query: "Why is Giant's Ledge such a challenge to you?"  
 Surely you must remember my quiet but firm reply: "Because, my dear, it is there."  
 Well, it is still there—and my party are atop of it. We did a typical American thing on accomplishing this feat. We first sat down and panted, scratched our initials on a rock, and cooked some hot dogs.  
 Naturally the world wonders what it is like up here in the clear, clean (though, cough) ozone. Well, it appears that this area once had a tropical climate, as the

## Heat Strike

**SANDUSKY, Ohio**—Forty telephone operators got hot because of the heat here yesterday and walked off their jobs. They threatened not to return to work until the company installs air conditioning.  
 Eleven other operators stayed on the job in 98-degree weather to handle emergency calls. The Ohio Bell Telephone Co. said it would make an announcement today about the issue.  
 Grover Cleveland Alexander won 28 games in his rookie season for the Philadelphia Phillies in 1911.

# OUTSTANDING OPPORTUNITY FOR YOUNG MEN

A growing concern with 211 stores in 24 states has a few openings for ambitious young men 21 to 30 who are capable of advancement in the retail field.

Through training and principle of promoting from within insured continued opportunity. Men are promoted from Assistant Managers to Managers on ability. Managers of large stores are selected from successful Managers of small stores. District Managers and New York office buyers are selected from successful large store managers.

Employee benefits include liberal vacation plan, group insurance, and a company-paid retirement plan. Personal interview may be arranged.

Write giving name, address, family responsibilities, age, experience, and complete personal history to

## IN THE HERALD:

# 5, 10, And 40 Years Ago

**SEPTEMBER 2, 1913**  
 September promises Sanford great things. We expect to have our bulkhead and a new hotel, perhaps, and will witness a completion of more new buildings than any September that has graced the calendar.

The schools of Seminole County will open the last Monday of September. Supt. D. L. Thrasher is making a splendid county official, and he has some valuable experience in school affairs on the Orange County board.

Dick Calhoun has returned from Coronado Beach and reports the fishing as being the finest it has been in years. Dick expects to return to the beach in a few days and try them again.

**SEPTEMBER 2, 1918**  
 Seminole County's quota in the Third War Loan Drive is \$986,651. Karl Lehmann, executive manager of the War Finance Committee for Florida, revealed yesterday.

Gov. Holland yesterday announced the acceptance by State Sen. Ernest F. Housholder of the district chairmanship of the Florida War Fund affiliated with the National War Fund.

One of the largest government barges ever to visit Sanford was unloading gasoline at the lakefront pipeline station of the Standard Oil Co. It has a capacity of nearly 300,000 gallons.

**SEPTEMBER 2, 1919**  
 A paper entitled "The Resources of Seminole County and Their Use", prepared by Mrs. M. B. Smith and Mrs. Mae Daly Fort, was discussed at the luncheon of the Seminole County Junior Chamber of Commerce.

Temperature averaged nearly normal during August and a rainfall of 8.58 inches was an inch and a half above normal, B. F. Whitner, weatherman, reported this morning.

Twelve more fires occurred in Sanford this summer than during the summer last year, with 42 fires reported as compared with 30 fires during June, July, and August of 1947.

## Many Veterans Placed In Jobs

**WASHINGTON**—Over 1 1/2 million veterans were placed in jobs through the federal-state public employment service during the year prior to June 30. In announcing this today, the Labor Department said the figure represents an increase of 96,000 over the previous year. More than 150,000 of the job placements were for Korean veterans.

## Joan Humphrey Wed To Paul E. Smith

Miss Joan Ellen Humphrey, daughter of Mr. and Mrs. Bruce Humphrey, became the bride last night in a ceremony at the home of her parents, 1703 Magnolia Ave., with Mrs. J. C. Whittington, Mrs. M. B. Smith, Mrs. T. Bradford Byrd, Mrs. O. E. White, and Mrs. J. A. Howard as co-hostesses.

The ceremony was held in the parlors of the home, which were attractively decorated with arrangements of white hibiscus.

Mrs. John M. Gillon, class president, presided over the meeting. Mrs. J. E. Courter opened with the devotional followed by the group repeating the 23rd Psalm in unison.

Mrs. Zeb Rathiff, class secretary read the minutes of the previous meeting and called the class roll. She also read a letter from Miss Flora Parish's niece of Marianna telling of Miss Parish's condition since joining her nephew's family there.

Mrs. Homer Price was welcomed back after spending the summer at her summer home in Parkersburg, W. Va.

Mrs. Claude Herndon, courtship chairman, reported that she had sent seven cards and one plant during the month of August.

Mrs. S. D. Shindler, Mrs. Pauline Howard, and Miss Abbie Chapman were appointed as a committee to write resolutions for the deceased Miss Mary Parish.

Mrs. Claude Herndon, nominating committee chairman, gave the report as follows: Mrs. Albert Hickson, president; Miss Alice Chapman, vice-president; Miss Versa Woodcock, treasurer; Mrs. C. H. Winn, teacher; Mrs. S. O. Shindler, first assistant teacher; and Mrs. Charles Merklebaker, second assistant teacher.

The secretary was ordered to call a unanimous ballot for those officers who will serve in 1953-54.

Mrs. R. F. Cole had a birthday and donated to the birthday fund during the social hour Mrs. M. B. Smith conducted a word game.

## Methodist Group Holds Meeting At Lundquist Home

The daughters of Wesley Sunday School Class met with Mrs. Ruth Lundquist at her home, 1703 Magnolia Ave., with Mrs. J. C. Whittington, Mrs. M. B. Smith, Mrs. T. Bradford Byrd, Mrs. O. E. White, and Mrs. J. A. Howard as co-hostesses.

The ceremony was held in the parlors of the home, which were attractively decorated with arrangements of white hibiscus.

Mrs. John M. Gillon, class president, presided over the meeting. Mrs. J. E. Courter opened with the devotional followed by the group repeating the 23rd Psalm in unison.

Mrs. Zeb Rathiff, class secretary read the minutes of the previous meeting and called the class roll. She also read a letter from Miss Flora Parish's niece of Marianna telling of Miss Parish's condition since joining her nephew's family there.

Mrs. R. F. Cole had a birthday and donated to the birthday fund during the social hour Mrs. M. B. Smith conducted a word game.

THE ENGAGEMENT OF Miss Barbara Ann Petras to Alfred Foster Greene is being announced by her parents, Mr. and Mrs. J. J. Petras of 1309 S. Sanford Ave. He is the son of Mr. and Mrs. Victor M. Greene of Orlando. (Photo by Cox)

## Engagement Told Of Barbara Petras

Mr. and Mrs. J. J. Petras are announcing the engagement of their daughter, Barbara Ann, to Alfred Foster Greene, son of Mr. and Mrs. Victor M. Greene.

Miss Petras is a 1951 graduate of Seminole High School and is now employed by the Southern Bell Telephone Co.

Mr. Greene graduated from Seminole High School in 1947 and is employed by the Atlantic Coast Line.

Plans are being made for an October wedding and complete plans will be announced later.

## Personals

Mr. and Mrs. R. F. Cooper have arrived home after spending the past three months at their home in Mars Hill, N. C.

Dr. Dale I. Scott Jr. has returned to the United States Naval Hospital in Bethesda, Md. for further treatment after spending a week's visit with his wife and son at 2076 Grandview Ave.

Mr. and Mrs. William Edward Deason and son Bill of Millidgeville, Ga. are the guests of Mr. and Mrs. J. Peterson at their home on W. First St.

Mr. and Mrs. R. W. Turner will leave tomorrow for a six weeks vacation. They will visit their son, Mr. Walter Turner and family in Dahlonega, Ga. and their daughter, Mrs. H. G. Drake in Gastonia, N. C. They will also spend some time in Hendersonville, N. C.

Friends of Mrs. George Hales will be glad to learn that she is able to be out again after spending nine weeks at the Amnion Nursing Home.

Miss Clifford Proctor played the piano at the reception following the marriage of Miss Joanne Williams to Gaston Edmonson Sunday afternoon.

Mr. and Mrs. Sandy Anderson spent their vacation in Clayton, Ga. and not in Savannah, N. Y., as was erroneously stated yesterday.

Max Byron Stevens of Tampa is spending some time with her mother, Mrs. J. H. Ray.

Mr. and Mrs. John D. Abraham have returned from a several weeks vacation spent at New Smyrna Beach. Mrs. Abraham will leave Friday to visit friends and relatives and will also attend the celebration of the golden wedding anniversary of Mr. and Mrs. E. J. Jammes in Jacksonville.

## Students To Appear On Radio Program

The following participants will appear on the Student Program tomorrow evening at 7:00 o'clock over WFLB: Don Farley will sing "I'll Love You" and Allison Lee, 9 years old will render a piano solo entitled "Ladies' Choice". Little Miss Duane Vinton, who was scheduled to appear on last week's program but was unable to perform will sing "Jesus Loves Me". She is the daughter of Mr. and Mrs. William E. Vinton.

The two subjects will be announced by Lulu Bailey and background music will be furnished by Sid Vihlen. Leslie Smith is the announcer.

Any student from the first through the twelfth grades who wishes to appear on the program may do so by calling Mrs. Sidney Vihlen at 161.

with Mrs. Hickson, Mrs. Tillis and Mrs. Conner winning prizes. Punch and cookies were served to the following ladies: The Misses Milton, Wade, Albert, Hickson, Roy, Tilly, Claude, Herndon, M. B. Smith, S. O. Shindler, J. H. Williams, J. E. Courter, Harry Brown, A. D. Zachary, R. F. Cole, Lesie Wright, and John E. Bridges.

Also the Misses: B. A. Ethel, James A. Price, Zeb Rathiff, John M. Gillon, C. M. Flowers, J. A. Howard, J. P. Edmond, J. J. Boyette, W. E. Barnes, and the Misses: Bessie Zachary, Alvin Chapman, and Versa Woodcock.

## Joan Humphrey Honored At Shower

Miss Joan Humphrey was honored Saturday evening with a most beautiful shower given by Mrs. Homer Carter at her home on West First St.

A silver and white color scheme was carried out in the decorations. The ladies enjoyed playing games with prizes going to Miss Ellen Driggers and Miss Barbara Flynn.

Mrs. Carter, assisted by her mother, Mrs. Joe Malach, served a sweet course and punch to the following guests in addition to the honoree and hostesses: Mrs. Bruce Humphrey, the bride-elect's mother, Mrs. Beth Knight, Mrs. R. T. Humphrey, Mrs. J. E. Thompson, Miss Leunie Hoffmire, Miss Patsy Raligan, Miss Kay Raligan, Miss Flo McGill and Miss Connie Ludwig.

Also Miss Barbara Flynn, Miss Joan Wilson, Miss Gretchen Kirshoff, Miss Ellen Driggers, and Miss Ellen Carter.

## Miss Janyce Marz Will Marry Samuel Goble Jr.

Mr. and Mrs. Philip Marz are announcing the final marriage plans of his daughter, Miss Janyce Marie Marz to Samuel Maurice Goble Jr., USN, son of Mr. and Mrs. S. M. Goble of Pine Castle.

The wedding will be an event of Sept. 12 at the First Presbyterian Church in Orlando with the Rev. William H. Kofel performing the double ceremony.

A program of musical music will be rendered by Margaret George, organist and Virginia Carter, Marchion, soloist.

Mrs. James H. Kennedy of New Smyrna Beach, sister of the bride-elect, will be matron of honor and Ross L. Goble will serve as his brother's best man. The bride will be given in marriage by her father, Philip Marz. James H. Kennedy, Miss Marz's nephew, will light the candles.

Immediately following the ceremony a reception will be held in the social hall of the church. No formal invitations are being issued but all friends of the couple are cordially invited to attend the wedding and reception.

## Calendar

- WEDNESDAY**
- The First Baptist Prayer Meeting will begin at 8:00 p.m. We continue with our study of Baptist Church history.
  - The First Baptist Sunday School Superintendent's Cabinet meeting will be held after the Prayer Meeting service in the Chapel.
  - Members of the Beta Sigma Phi Society and their husbands will have a box supper at Santa Lucia Singers.

  - The Ladies Society of the B. O. L. E. and E. will meet at the I. O. O. F. Hall at 7:30 p.m.
  - The W. R. C. of the Ebenezer Methodist Church will meet at 8:00 p.m. at the church with Mrs. R. E. Lord as hostess.
- THURSDAY**
- The Junior and Intermediate Royal Ambassadors will meet at the First Baptist Church at 7:00 p.m.
  - The First Baptist Church Choir will hold rehearsal at 7:15 p.m.
  - The Junior Brotherhood will meet at the First Baptist Church at 7:30 p.m.

## Dangers of Underdone Pork

By HERMAN M. BUNDESEN, M.D.

**PORK**, when properly cooked, is a nourishing food. Improper cooking of pork, however, can cause trichinosis.

Even rigid government regulations regarding meat inspection cannot always detect the cyst of one small trichinella worm that may infect the pork. If these cysts are present and the pork is improperly or only partially cooked, the worm, in the form of the cyst, may enter the human body.

**What May Happen**

When these cysts enter with the pork into the stomach and intestines of man, the worms are released from the protective cyst by the digestive action of these organs. They cause irritation to the intestines and stomach and the person may develop nausea, vomiting and severe diarrhea.

These worms then escape into the blood system and migrate to different parts of the body. They may cause excruciating pain in the muscles they choose for their future home.

The area that is particularly affected is the diaphragm, the muscle which separates the chest from the abdominal organs and which is so important for breathing. The other muscles of respira-

tion, speech and chewing may also be affected.

**Common Symptom**

The person infected often has fever with the entry of worms into his body. A common symptom is a swelling of the upper eyelid. A small amount of worms in the body may cause no symptoms at all.

Up until recently, the best treatment for trichinosis has been its prevention by means of thoroughly cooking all pork meat at least half an hour for each pound of meat. However, in very severe infections, the use of ACTH and cortisone, the new wonder hormones, has proved effective in relieving some of the symptoms and decreasing the amount of damage to the tissues.

**QUESTION AND ANSWER**

**Q. N.:** Is there any chance of an enlarged liver returning to its normal size?

**A.:** It all depends upon the cause of the enlargement. If it is due to heart disease, once the heart disease is corrected, the liver enlargement usually clears up. The same applies to liver infections in most instances. However, if the enlargement is due to cancer or to cirrhosis of the liver that has remained untreated too long, the enlargement usually persists.

## Now! Travel Light Back to College

**Try Our New Student Service!**

# Tom Leonard Wins FSL Batting Title With .381 Mark; Dunn Is Homer King

TOMMY LEONARD

Hama Howell

Huck Pardue

Jim Clark

Jim Vickery

Bascom Hamm

Joe Angel

Shvester Haller

Red Treadway

Coco Mgr. Hama Howell

J. C. BUNN

Tommy "Wahoo" Leonard won a minor league batting title for the second time in his brief two-year career as he was officially awarded the class D Florida State League crown with a .381 mark this summer. Leonard, the one-fourth Cherokee Indian from North Carolina, won the Coastal Plains League title in his rookie season last year with a .375 mark.

The 25 year old flycatcher, property of the St. Louis Cardinal farm system has a life time batting mark of .374 in his two full seasons of organized baseball. Word came of Leonard's second straight batting crown from League Headquarters in Silver Spring, Md. on the release of official averages. His batting average in the minor leagues was .375. Leonard was the home run title with 29 in the second straight year. Chuck Aleno won it for Sanford last year with 25 and Manager Ed Levy, now of Daytona Beach, annexed the first home run banner for a Sanford player in 1950 with 17.

The Cardinals set a new stolen base record in the FSL this year with 221, breaking the old standard of 213 set by Gainesville back in 1957.

Other loop leaders included: Howard O'Flynn, DeLand outfielder, triples, 10; Huck Pardue, Daytona Beach catcher, doubles, 20; Dick Bauer, Daytona Beach

outfielder, stolen bases, 60. Coco Mgr. Hama Howell batted in the most runs, 127. Joe Angel, Jacksonville Beach righthander, won the most games, 23 while Bascom Hamm, Lakeland righthander, lost the most 19.

Two other pitchers won 20 or more games—Jim Vickery of DeLand with a 22-9 mark and Bill Miller, Daytona Beach, 22-8. Bobby Lorke, Daytona Beach righthander, was in front with 217 strikeouts and Daytona Beach left-hander Kline Crumner set a new league record in walking 265 batters.

Vickery and Ray Britt of Jacksonville Beach pitched the only no-hit, no-run games. O'Flynn topped the circuit's rookie hitters with a .314 average.

# 'Whiz Kids' Score 8-4 Win Over County All-Stars

## Red Hires Swats Homer; Buddy Lake Huris Shutout Ball For 3 Innings

Sanford's Junior Legion "Whiz Kids" really proved their title last night as they literally whizzed past home plate in a wild and woolly five-run uprising to topple the County All-Stars in a benefit baseball clash at the Memorial Stadium following the Commemoration ceremonies to the county's Korean War veterans and Major Jack Bell.

Ageless Red Hires, noted softball hurler, blasted a home run to take the Stars to a 2-0 lead in the third frame as Buddy Lake flared back into his old form, flanking the "Swish Kids" on one hit during his three-inning stint.

Lake also cracked out the first clean hit of the game in the bottom of the second into right. Lake fanned four and didn't issue a single pass baffling the youngsters with his deceptive knuckler.

He didn't fool Ed McCall, however, as the silent righthander squashed a double to right center for the lone hit off Lake.

Larry Bates opened the fourth with a walk and scored all the way from first on Jimmy Hawkins' looping bloop to short right field to account for the Legion's first run.

# DeLand Tries To Even FSL Series With 1's

## Daytona Takes Opener On 5-2 Win; Levy, Mayling Homer For Mitchner

DELAND (Special)—The amazing DeLand Red Hats, who bounced back after a sixth place finish in the first half to win the second half pennant in the Florida State League, will have to come from behind again in the FSL playoffs.

This evening the Red Hats will play host to the Daytona Beach Islanders at Conrad Field in the second of the best three out of five game post season series. After last night's inaugural loss to the Islanders in Daytona, 5-2, DeLand has its work cut out.

Dick Mitchner (19-10) set the DeLand pace on four hits last night to pace Daytona to a 1-0 series lead in the play off for the Florida State League pennant. Slim Jim Vickery, who took a 2-2 record into the game, yielded 12 blows giving the distance.

Ed Levy numbered with Huck Pardue, who made first on an error, ahead of him in the second inning to give the 1's the lead.

Rudy Mayling hit a 355-foot homer in the eighth with nine on base.

Two walks, and singles by Jack Lake and Howie O'Flynn netted the Red Hats' two runs in the eighth inning.

A cash purse of \$1,200 will go to the team winning the series.

# 25 Radio Stations Will Carry Gator Football Games

TAMPA—All 10 of the University of Florida football games will be broadcast this season by a minimum of 25 stations throughout the state.

L. S. Mitchell, general manager of radio station WDAE here, announced the broadcasts will be handled by the CBS-Florida group plus other stations. He said the complete list of stations will be announced later.

Each station in the football network will have its own advertising sponsor.

Ollis Boggs, veteran sports-caster of WRUF, Gainesville, again will handle the play-by-play account of Florida games. Working with Boggs will be Bob Fleischman, WDAE sports-caster. Ray Danzler, WRUF program director, will be the producer for the broadcasts and Harold Howell, WRUF director, will direct the operations.

At times the Florida football network will be combined with those of other states such as Alabama, Kentucky and Georgia.

The opening broadcast will be the Sept. 19 night game between Rice Institute and Florida at Houston, Texas.

# Robertson Pacos VC-Electronics To 15-5 Victory

Even Robertson's pitching and hitting kept his VC-Electronics team in a two-way tie for first place by building a three-hit victory over NAAS Operations yesterday. The VC-Elects blazed losing pitcher J. J. Cleveland for 11 hits, including a triple for Robertson.

Cleveland received no support as his cellar dwelling mates committed nine errors while the Elects were leading seven. E. E. Finley tripped for the losers.

VC-Electronics is now tied with FAISON Operations for the Sanford Naval Air Station. Elects led the game with a nine-run outburst in the top of the seventh to wrap up a 16-5 triumph over NAAS Operations.

VC-Elects: 20110 9-15 11 7 Winner—Robertson, Loser—Cleveland. RB—Robertson, Finley.

# The Sports Register

Well the Junior Legion "Whiz Kids" kept their winning ways by defeating the County All-Stars, 8-4, last night. The "old pro" Red Hires blasted a homer off Jimmy Krier in the third inning over the left field wall. For hitting his home run, his first in the last 10 years according to the PA announcer, he will receive a sated sock from Evkine Men's Store, a free gallon of water at Elmer's, a tooth pick and napkin at Appleby's and a gallon of "dixy" gas from Smitty's Snuggin' Tuff station. Oh yes, we forgot, a pound of dirty rags from the Sanford Herald.

Peter Schaal, Executive Vice-President, chief statistician, and Secretary-Treasurer of the Florida State League; former Sanford Herald Sports Editor; and publicity director of Silver Springs in his spare time, has finally thrown in the towel in his controversy with Sanford fans over the site of Ed Levy's three home runs in one game in 1950. Here is his reply.

"Okay, son! Now I get the point! Changes will be made in the 1951 editions Peter."

Sanford's Tommy Leonard is the official batting champion of the Florida State League with a robust .381 average. He is the first Sanford player to win a batting title since the Florida State League was reorganized after a dormant period in 1930. However, Tommy isn't the first player who won a batting championship for Sanford. In 1911, "Doc West" Tills, brother of Captain Roy Tills of the Sanford Police Department, tells us that Otto Duhms annexed the crown back in 1927 during the time of Ben Cantwell. "Doc West" tells us that the greatest single baseball aggregation to represent Sanford was the 1919 outfit that had Sid Hudson, Duffy or Dixie Dean and many others.

# Boxing Bits

Tommy Kuhn of the National Boxing Association currently ranked number one heavyweight. He is not too impressive and it shows that he has mostly low ranked fighters. His best wins have been over Rex Layne, Cesar Brown, Rocky Jones and Dan Buccieri. He has lost to three fighters, Rocky Marciano, Lucerciano and Jones.

# Football Coach's Face Turned 'Red'

HOUSTON, Tex. (AP)—It was amusing what Jim Tucker, the sports writer, told Jim Neely, football coach of the Rice Owls.

Tucker, a Ware aviator, was attending the Texas Coaching School. He hadn't seen Neely to talk to him face to face in about 10 years although often conversing with the coach on the telephone.

The sports writer was talking to Catfish Smith, coach of East Texas State College, and Frank McKinney, a coach at Kligora High School, when Neely mentioned up, and down, on the telephone, about his football prospects, then he did the same with McKinney. Not recognizing Tucker but thinking he was a coach, Neely asked Jim Neely to carry it along. He lamented that they were putting him on the spot this year, that while he had excellent backfield prospects his line wasn't strong and that while he might win the district championship he would be a dead duck in the State race.

"Well, that'll be pretty good, winning the district title, won't it?" enquired Neely and snickered off.

It was the next day before Neely found out he had been talking to his pal, Tucker, instead of a coach.

Six members of the New York Yankees live in New Jersey.

# Helcats Keep Navy Bowling Lead; Swartz Paces Loop With 159 Avg.

The Helcats took a two-point lead in the Navy Bowling League this week at the Sanford Bowling Alley. Swartz maintained his supremacy over the individual league bowlers with a 159 percentage in six games.

Paces of the second place VC-E was the running run Monday night scoring the highest individual series of the week and one-upping Swartz with a 154 mark while his name was the best one-game effort of the season and week.

Colwell in the top center of the front running Helcats and third ranking bowler of the navy circuit with a 154 average closely followed by Shoup of Touceton range at 152.

The Anglers, Stragglers and Swampy Druggs are all tied for third place with four points won and four lost for an even .500 percentage.

VC-E rolled up the highest series total this week with a 2106 total but it failed to reach Swartz' 163 record of the last week.

The Helcats hold the highest team name mark with 100 while VC-E was high this past week with a 78.

Navy Bowling League will play next Monday night in the 5 p.m. in the Sanford Bowling Alley.

## Value Of Schooling Stressed

Secretary of Labor Martin Durkin recently urged undergraduate high school students who have been employed in high paying jobs this summer to return to classes when school begins. The high wages must present something of a temptation to the students but those who do not go back to school may have occasion to regret their decision later in life.

Schooling is important and it is in the last few years of high school that a student is exposed to the subjects which may help him to find his best vocational or professional career. The general knowledge that can be acquired in high school can prepare the student to be a better and more useful citizen.

Often it is not until years later that the student who leaves high school without finishing regrets the lack of a diploma. He may find that the promotion for which he

## Barring A Nazi

One of the top Nazis, who somehow managed to elude justice at the end of the war, has been barred from taking part in the forthcoming parliamentary elections in West Germany. He is Dr. Werner Naumann, who was named in Hitler's will as the successor to Joseph Goebbels as Nazi propaganda chief. During Hitler's reign Naumann served the Nazi's well and recently he has been seeking election to the German Parliament.

Naumann was prevented from running by the Interior Minister of the state of North Rhine-Westphalia, who declared him a "Nazi offender," a classification which makes him ineligible to hold office, or even vote.

Surprising enough Naumann was winning some support among the voters. Many of the Germans have worked hard to rehabilitate their country and erase the memory of the crimes Germany perpetrated against humanity during Hitler's rule. Other Germans, however, have held a kindly memory of the days when the Nazis ran the country and all of Europe was supplying Germany with food and plunder.

A vigorous, strong West Germany is essential to the plans we have for defending Europe. But we must be extremely careful to avoid building up the Nazis in our effort to aid the Germans who truly want to build a democracy. Totalitarian ideas do not die easy and there are still some who regard Hitler as a martyr.

## TODAY'S BIBLE VERSE

There are miracles of God's power every day in every land. The day of miracles is by no means past. Ye are witnesses of these things.—Luke 24:48.

## Business Chart To Fall Back

NEW YORK (AP)—The fever chart of business may drop back to something more like normal soon. But confidence in industry's generally healthy state for the near term is being stressed by most businessmen expressing opinions. The last of the shortages are disappearing. There is, therefore, less of a frenzy to order ahead. But operations at a stable proportion of the nation's plants remain high. Sales totals, in general, still look good.

And employment continues to set records. The Department of Commerce says that more persons have jobs in August than ever before in America's history. The total of those out of work and looking for jobs was the lowest for any time since the end of World War II.

As long as 63 million Americans have pay checks, businessmen won't get too jittery about what goes on in the stock market, where traders are trying to guess what will be happening six months from now.

One indicator of the pace of business can be found in the report of the National Paperboard Association that production is running 13 per cent higher than late last year ago. Paper and paperboard production is expected to be increasing and shipping firms' queues of goods in the yards are long.

Industrial production at a whole began to recover last month from the vacation period lull. When businessmen expect it to pick up more they are likely to do so.

has been working goes to someone else who may have less native ability but who does have the training and education that the last years of high school can give.

Preparing for life is a serious business and the young are not always foresighted in their approach to that preparation. Many great men have succeeded with a minimum of formal education but they found the road to success more difficult because of their lack. Parents should urge students to forego the high wages they can make by working, for the future security and benefit they can attain by returning to high school.

## Reds In Germany

The Reds have tried every dirty political trick in the book to influence the elections that are to be held in West Germany. They have sent agitators across the border to stir up trouble, they have provided forged identification papers to allow their dupes to vote illegally in the elections. Their propaganda campaign has been vicious and relentless. The West Germany government arrested a great number of the Communist agents and seems to have the situation well in hand.

The Russians in recent months have talked about a unified Germany with free elections to determine its government. The action of the Communists in the present situation are an indication of just how little regard the Reds hold for democratic processes. It is safe to assume that when the Communists speak of free elections in which the voters are free to elect Communists and no one else.

## You're Telling Me!

By WILLIAM RITT  
Central Press Writer

Actually, a hoof would be handy at times. Just for kicks.

With cognac you get a warm, amber-gold shade. You can get a warm rosy shade, too.

Dr. Barnes suggests that we compare modern toes with those of anthropoid apes. Well, ours look better but not good.

A girl reporter at a nudist convention met four photographers she knew. They recognized her the minute they saw her face.

Dr. Barnes says, "The evolutionary law which caused unused members to disappear still holds." Then why is it some people still have heads?

"We must remember that human beings are still in process of evolution," says Dr. Barnes. As a matter of fact, they voted for a change only last November.

DR. WILLIAM M. BARNES told the National Association of Chiropractors that there is danger man will develop a hoof if he keeps riding in autos and trains and airplanes. Then why doesn't the horse go back to toes?

A survey by the Iron Age, national metalworking weekly, of leading users of steel shows: most of them giving "a vote of confidence on future business prospects." The weekly sees "a return to a more normal market in which solid profits could be made, high operations could continue."

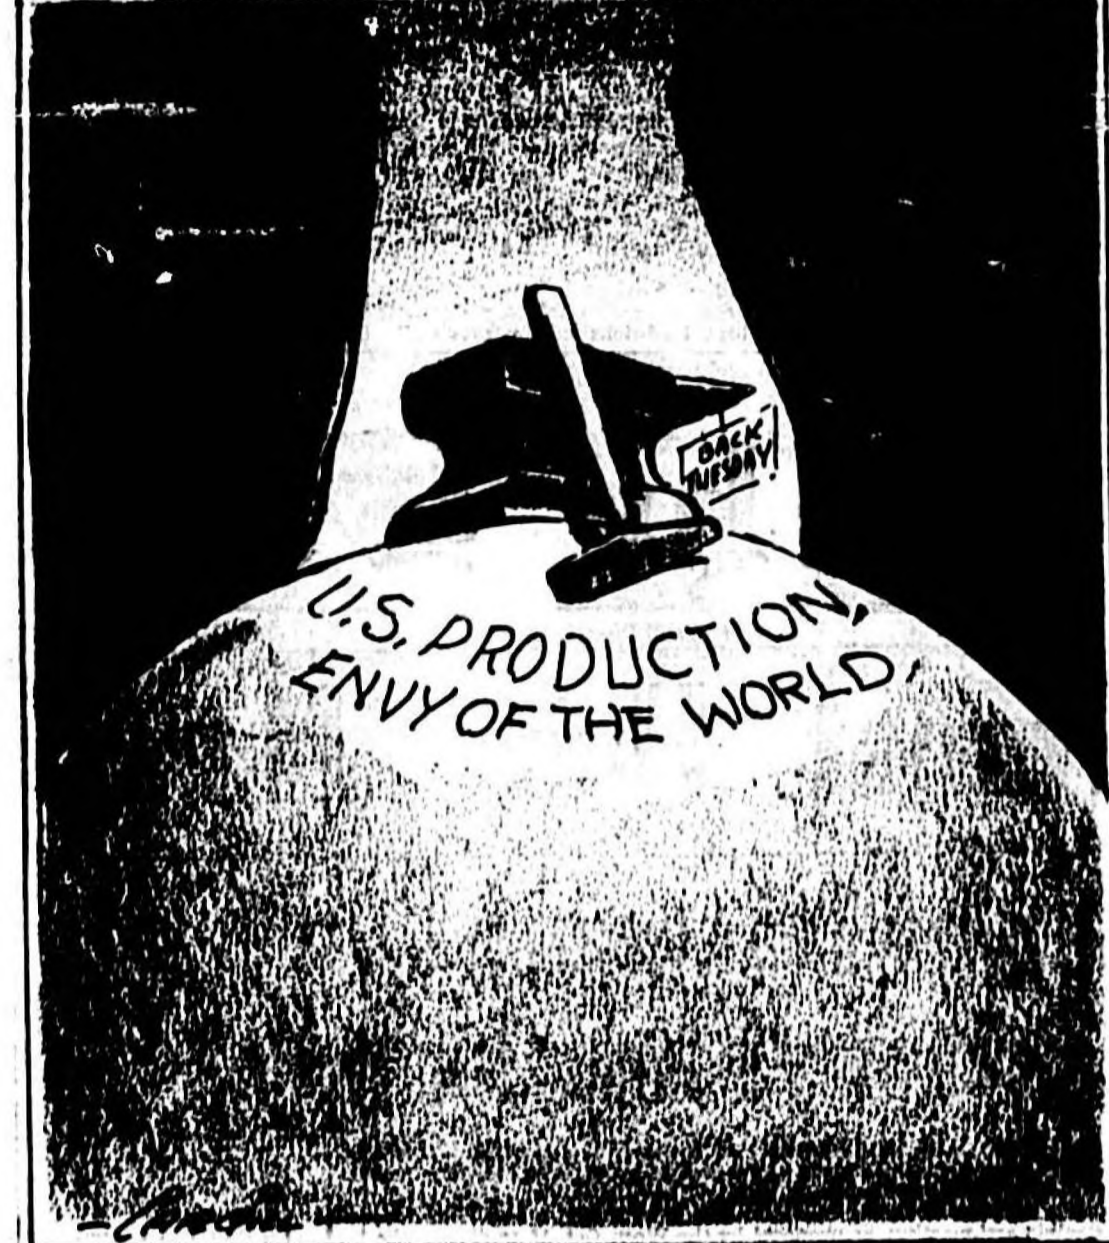

The auto industry insists its market will stay strong for the rest of the year, by all normal standards.

John L. Collier, president of B. F. Goodrich, predicts the rubber industry will sell 102 million tons this year, second only to the record 106 million of 1956. He says new rubber consumption will hit a record this year, nine per cent above last year, reflecting increasing use of rubber in such things as mattresses and upholstery, as well as tires.

Some industries are still climbing on the fever chart. Earnings statements in the aircraft field are in example. Lockheed reports today that its net income for the first six months of this year was greater than for the entire year of 1957. And it even topped its best previous half year, back in the war booming period of 1943.

Perhaps some of this ailing business pace is reflected in the report of the Department of Agriculture that in the 12 months ended June 30 Americans smoked a record of 37 billion cigarettes, 3 1/2 per cent more than in the previous 12 months.

## THE SMITH, A MIGHTY MAN IS HE

## HAL BOYLE

## Odd Facts From Oddity Almanac

NEW YORK (AP)—Odd facts from the Oddity Almanac:  
Do some beautiful women make you sneeze?

Maybe it's their face powder that does it. It is estimated that some seven million American women suffer from cosmetic allergy. Must be that many men victims, too. But it was worse in the old days when many a gal powdered with cornstarch. In a tender clinch she could never be sure whether her beau was sneezing from love or sneezing because of her kitchen beauty dust.

Some people insist they do their best thinking while lying flat on their backs. A department store here has come up with a special "thinking bed" for them. It has a canopy embellished with famous portraits and great thoughts. It also has an automatic phonograph which dispenses ideas and information into sleeping ears, so ambitious folk can go on learning while slumbering. The same "Sleep Shop" formerly featured a heart-shaped bed for romantic wives and husbands. Racing fans also can buy circular beds—and chase the horses around the track in their dreams.

Are you neurotic? The odds are about 16-to-1 you aren't, so why worry? The best and simplest way to avoid nervous troubles is to inhale joy. And do it early in life, while you can still get more enjoyment out of spending it than counting it. But if you must fret about something, fret about the motor car. It now takes a toll equal to the combined deaths from the flu, ulcers, polio, war casualties and the contagious diseases of childhood.

Jobs we'd-all-like-to-have department: J. F. Rowland is inspector of doughnut holes for the Doughnut Corp. of America. He measures to see they are now only a quarter-inch across instead of three eighths of an inch, the old standard. The industry is also launching a new midget or "small fry" doughnut the size of a four-bit piece. Progress never halts in this restless, ever-changing field.

Where does your money go? The Tax Outlook magazine says a fellow earning \$4,500 a year now spends 2 hours and 40 minutes out each 8-hour working day just to earn enough to pay his taxes, only an hour and 30 minutes for his food bills. But the high cost of red tape isn't the villain. The federal government spent only \$4,700 for red tape last year to tie up documents.

Almanac health note: Some doctors believe that victims of heart trouble and high blood pressure may shorten their lives by habitually taking bicarbonate of soda and water to relieve stomach distress. The safest form of exercise after 40 is going to the funerals of other people over 40 who insist on taking too much exercise.

What do you know about fathers? Dad is younger and taller today. The average age of a first time father was 28.1 in 1900—but 24.7 in 1949. The modern dad has 32 children at compared to 8 for the average father in 1900. In terms of occupations, farmer fathers lead. It is estimated American families spent 250 million dollars for Mother's day gifts, only 150 million for Dad on his day. But that's the way Dad wants it. . . .

Ever yearn to have a book dedicated to you? Well, it's no avenue to fame. Dale Carnegie dedicated his famous best-seller, "How to Win Friends and Influence People," to a fellow popular author, Homer Croly. "The book sold over three million copies," recalls Croly wryly, "but only four persons ever mentioned the dedication to me—and one of them wanted to borrow money."

IN THE HERALD:  
5, 10, And 40 Years Ago  
SEPTEMBER 3, 1913  
The City Council passed an ordinance placing a \$3.00 tax on dogs, however, Mayor Spencer exercised his prerogative when he vetoed the ordinance coming up for his signature.

The first school in Seminole County opened Monday at Chuluota with appropriate ceremonies and 30 pupils enrolled. Supt. D. L. Thraasher was present and gave an interesting address.

J. F. Karnatz, manager of the Imperial Theater, has returned from Tampa where he attended the Moving Picture Exhibitors' Convention and induced them to make Sanford their next meeting place.

SEPTEMBER 3, 1913  
Capt. Julian Adams, son of Mr. and Mrs. J. Ross Adams, has been promoted to major. Maj. Adams who is only 23 is one of the youngest majors in the Air Corps.

J. E. Rowland, vice-president of the Florida State Bank, returned Saturday from a vacation trip to Augusta, Ga. where he renewed acquaintances with bank friends.

Craig Anderson was honored on his seventh birthday with a party given yesterday afternoon by Mrs. C. A. Anderson Jr. The unique cake was in the form of a ship with the candles placed on the bow.

Fire of undetermined origin destroyed a new one story concrete block building known as the "DeLuxe Bar" during the early morning hours in the Grapeville section, outside the city limits.

Ray Rosenkrantz, Sanford first sacker, opened the final game of the season on the hill for the Gladiators. He pitched three innings, allowed two Leeburg hits, struck out four, and walked one. Sanford won 4-0.

Walter Meeds Smith, student at the University of Alabama, is visiting his parents, Mr. and Mrs. Ralph Austin Smith. He expects to return to college later this month.

## Too Late To Classify

By RUSSELL KAY

Attending a district meeting of the Florida Press Association held at Lake Wales recently, I was struck by the growth and progress of this enterprising community. This Queen City of Florida's famed Ridge Section, while thriving with business and industry, offers food for the soul and peace for the mind in its unusual cultural attractions. Here towering above the landscape stands Bok Tower with its peaceful Sanctuary, offering hope and inspiration to the world-weary troubled heart. The very atmosphere of this great American Shrine elevates the visitor to new spiritual heights, as the clear notes of its carillon blends with the song of birds and the whispering voices of the pines.

Not far distant is another cultural attraction equally inspirational, The Great Masterpiece. The lover of art and beauty may reach across centuries to feel the spiritual presence of the great Leonardo da Vinci as he views an original mosaic of the "Last Supper," termed by Cardinal Benigno of Milano, "A unique and in every respect an artistically unparalleled rendition" of Leonardo's great painting.

The Great Masterpiece awaits the visitor in a setting of exquisite beauty, flanked by the Da Vinci Memorial Gallery and the Arts and Crafts Building, focal points for art lovers.

We are familiar with Da Vinci as an artist and painter, but not so well informed as to his activities in the field of science. At the time Columbus was discovering America, Da Vinci's active mind and practiced hand were visioning the future.

We are inclined to think of such things as the machine gun, helicopter, parachute, two-level highways and air-conditioning as developments of the present day, all of these and many other products were created by this great master's fertile mind.

Housed in the Da Vinci Memorial Gallery at the Great Masterpiece are faithful reproductions of machines designed by him including a printing press, a parachute, divers apparatus, excavating machine, ventilating machine and numerous other devices that have been perfected and are in common use today, employing the same scientific principles that Da Vinci revealed in his original drawings and descriptions.

One might think that one community's ability to offer two such splendid attractions would seem enough but Lake Wales, like Da Vinci, possesses amazing vision. Confronted with an opportunity to bring the famed Bok Hills Fashion Play to the city as a winter attraction, citizens financed the construction of a great amphitheatre to accommodate this outstanding pageant.

Despite seemingly unsurmountable obstacles, and in the face of inclement weather, the Passion Play was staged and wound up its season in a blaze of glory. It will return again next winter.

With the facilities of the amphitheatre available, consideration was given to its use during the summer months. As a result, "Rice" Throwers

PANMUNJOM — Communist prisoners being handed over to the Reds today angrily hurled balls of rice at U. S. personnel.

It wasn't the rice that made them dangerous—it was the egg-sized rocks in the centers.

No bullseyes were reported.

Payrolls Trimmed  
WASHINGTON (AP)—The Civil Service Commission says federal payrolls have been trimmed since January by a net of about 88,000 persons.

As of July 31, the commission reported yesterday, there were 2,447,200 federal employes, compared with the June 1945 high of 3,708,848 and the postwar low of 1,689,444 in June 1950.

The Coca-Cola Company has announced that gallon sales for the first six months of 1953 were the largest in the 67-year history of the company.

Florida Aflamé—the story of Osceola and the Seminoles, was staged. It was my privilege to witness this magnificent production during my visit to Lake Wales. Based on careful research and historical data, the story follows the life of Osceola and his people. While it reveals a dark and unfortunate page in American history and stresses the treacherous capture of the great Seminole Chief under a flag of truce, it is nevertheless as fact, and it is fitting that we have it so forcibly and vividly recalled to the end that the honor and dignity of the United States may never again be forced to bear such a blot.

Every citizen, every student, should see these educational and historical pageants and visit as well Bok Tower and the Great Masterpiece. I commend Lake Wales and its unparalleled attractions to all.

## 52 Participate In Bridge Club Weekly Tourney

Fifty-two persons participated in play of the Sanford Duplicate Bridge Club last night at the woman's club.

Director Ivy Feinberg announced that the club now has 47 members, nine of whom are from Orlando. Winners last night included: North-South: First, Mrs. Joe Moss and David Cohn, 193 points; second, Mrs. William H. Clifton and Capt. Henry Chase, 190; third, Mrs. Thomas P. Bailey and Paul Garrigue, 179; and fourth, Mrs. H. S. Duggan and L. E. Spencer, 177.

East-West: First, Mrs. McLaughlin and Mrs. Branch, 190 points; second, Mrs. Pace and Cecil Rines, 183; third, Mrs. Camilla Bruce and Charles Somerby, 173; fourth, Mrs. J. D. Wright and Mrs. E. H. Smith, 172.

Average was 147. The hand shown below occurred during the National Men's Pairs event at the recent Summer Nationals in St. Louis, Mo. It is a hand of close decisions where good duplicate bridge tactics brought rich reward to one side and, naturally enough, disaster to the other.

E-W Vul, West Dealer.

North				South			
S 10 8 4 2	S K 10 8 4 2	H 7 2	H 8 4 1 3	D 7	D 10 8 4 2	C 7 6 4	C 7 6 4
West				East			
S 10 8 4 2	S K 10 8 4 2	H 7 2	H 8 4 1 3	D 7	D 10 8 4 2	C 7 6 4	C 7 6 4
The bidding				The bidding			
West	North	East	South	West	North	East	South
P	P	1H	1S	P	P	1H	1S
1H	1H	2H	2S	1H	1H	2H	2S
Double	P	P	P	Double	P	P	P

The bidding crux of this hand was that nobody around the table knew whether or not the East-West hands would produce game at hearts. It accounts for: (1) South's bid of 1S, instead of passing and hoping the hand would die at 3H; (2) West's raise to 4H; (3) North's pass, instead of doubling to keep South still; and (4) South's sacrifice at 4S. West had a fairly safe double of 4S with his A-K and partner's opening bid and free vulnerable re-bid.

West opened the diamond King and shifted to his seven of hearts. No defense actually beats the hand, but East took all the guess out of the spade situation by cashing two high hearts and then leading a low one, in hopes that his partner had the spade Jack.

South could do no better than trump with the Jack, which held the trick. West discarding a club, South paused for review. He had already lost his hand, the spade King was with East, and there were four spades out, including the King and ten. His only chance to avoid the loss of another trick was to find East with a singleton King and also the King of clubs. The Ace of spades brought forth the King as desired and declared then led the spade seven to North's eight, finessing against the ten spot.

Next, the four of clubs was led and declared was over his third and last trick when the club ten held.

He led a spade to the Queen (contracting west's last trump), timed the Jack of clubs, laid down the Ace, crossed to the board by trumping a diamond, and led the club Queen to discard his last diamond.

If North had dared double the opponents' 4H bid, N-S would have reaped a 500-point penalty, but even such a harvest was exceeded by the 500 points his side actually scored.

PICTURED ABOVE IS Mrs. Frank Robert Bryan who prior to her marriage was Miss Margaret Elizabeth Hunt, daughter of Mr. and Mrs. Hayward Tollen Hunt. The couple was married Sunday afternoon at the First B. Church in a double-ring, candlelit ceremony with the Rev. W. P. Brooks, Jr. officiating. Mr. and Mrs. Bryan will make their home at 112 W. Minnesota Ave. in DeLand where Mr. Bryan is a ministerial student at Stetson University.

## Miss Adams Given Shower

Mrs. M. W. Ozer and Mr. Bill Kirk were hostesses at a shower given Tuesday evening at the home of Mrs. Ozer on S. Mellonville Ave. honoring Mrs. Kenneth Adams.

On the mantel and in the dining room were silver containers holding yellow mums, gladioli and baby pompanos. Serving table was centered with these flowers and a small doll.

The honoree was presented with many lovely gifts which were placed in a high chair. Delightful refreshments were served to the following guests: Mrs. Charles Meek, Mrs. J. O. Jones, Mrs. Ben Weston, Mrs. Frank Adams, Mrs. J. T. Wilson, Mrs. Kathleen May, Mrs. A. R. Roberts, Mrs. A. H. Hawkins, Mrs. Mrs. Kathleen May, Mrs. J. T. Wilson, Mrs. Robert James, Mrs. Parker, Mrs. W. H. Stinson, Mrs. Charles Alkinson, and Mrs. Marvin Ledford.

## Margaret Jones Feted On Birthday

Miss Margaret Jones was feted at her tenth birthday party on Tuesday afternoon with a party given by her mother Mrs. J. O. Jones at their home on W. Fifth St.

A pink and white theme was carried out with pink flowers and balloons and crystal candelabra. Refreshments included a pink cake, pink paper, a pink punch, and pink punch. Refreshments included a pink cake, pink paper, a pink punch, and pink punch.

## Truman On TV

NEW YORK (The Associated Press) - President Truman's first television address will be broadcast on the television screen at 8 p. m. Saturday.

Work here of the television and radio stations will be to make it possible to see and hear the president in his own words.

It is important that any child having an extensive burn be seen by a physician, for a burn can work far greater havoc on a child than on an adult.

## QUESTION AND ANSWER

Mrs. R. P. My two-year-old son has a very itchy, persistent, itchy rash on the back of his neck. This began at the age of fourteen. What can be causing this?

Answer: Some of the causes of the rash could be nervous system play up at four. A thorough physical examination will probably reveal the exact cause.

## Lundquists To Hold Patricia Tooke Open House Sunday Weds F. Stenstrom

The American Legion Auxiliary will meet at the Legion Hall at 7:30 p. m.

MONDAY  
The Philatelic Class of the First Presbyterian Church will meet with Mrs. W. S. Bramley at her home on Celery Ave. at 7:45 p. m.

TUESDAY  
The Gleaners Class of the First Baptist Church will hold its monthly meeting at the home of Mrs. C. A. Taylor, 101 Palmetto Ave.

WEDNESDAY  
The Duplicate Bridge Club will meet at the Woman's Club. Seating will start at 7:45 p. m. and play will begin at 8:00 o'clock.

Happy Birthday  
T. W. Prevatt  
Roy Thomas English  
Miss Yvonne Laine  
Mrs. J. P. Thurmond

## Blues In The News

Confusion reigned in the Station personnel office yesterday morning when Tom Nofs had a visit from his brother John, Tom and John being identical twins and when people walked into that particular office yesterday, they had to take a second look to make sure their eyes were not playing tricks on them.

Tom works in the Personnel Office while his brother is stationed with the Navy in Jacksonville. The men's parents, Mr. and Mrs. John B. Nofs, arrived in Jacksonville from their home in Fort Higon, Michigan, to see John, who will soon be heading for some sea duty. The three members of the family then came on to Sanford to visit Tom. Rather than be responsible for any more confusion, the twins left the office and spent the day showing their parents some of the many points of interest in this vicinity.

## Lake Mary Club Holds Meeting

The Lake Mary Home Demonstration Club held its last summer meeting in the Chamber of Commerce, Thursday, Aug. 27.

The regular meetings are scheduled to start Sept. 24 and all members are urged to attend, as a full and eventful program has been planned.

Hostesses for Thursday's meeting were Mrs. William Evans and Mrs. Arthur Coplin. Members attending were: Miss J. Evelyn H. R. White, J. E. Robinson, F. Werfelman, George Lindahl, Carl Moss, C. C. White, C. W. Sjolund, Elmore Green, William H. Evans, Arthur Coplin, Gus Phillips and guests, Miss Hattie Kirk and Miss Lila Woodard, County Agent.

You can make this glamorous dessert several days before you are having company. Prepare a graham cracker crust and press it against the sides and bottom of a pie plate. Chill the crust for two or three hours, then fill with spreading ice cream softened to the top with finely crushed graham cracker crumbs and store in the freezer compartment of your refrigerator. Thaw a package of frozen strawberries and serve as a sauce with the ice-cream pie.

### New Directors For Chamber Are Announced

Sixteen new directors, all of whom were elected for three-year terms, were announced today by A. W. Lee, chairman of the elections committee of the Chamber of Commerce.

A directors' meeting is planned for Tuesday night when officers will be elected. New directors have been invited to attend.

Elected were: Sanford—Robert J. Banman, E. C. Harper, Earl Higginbotham, John Ivey, H. L. Perkins Jr., M. L. Haborn, Ira E. Southworth, and Gordon A. Sweeden; Seminole County—Hilbard Casselberry, Lloyd C. Crunk, Ferdinand Duda, Mrs. Frank Evans, Mrs. Robbie Joe Hunt, Herman Jean, H. C. Means, and Harold Ward Jr.

### Driver Rams Gasoline Tanks

A teenage girl driver hit and knocked loose two gasoline tanks at a service station at the corner of Myrtle Ave. and First St. shortly after noon today and caused a minor blaze.

Fire Chief Cleveland said the blaze "could have been a big one" if the 1,000 gallons of gas in one tank had become ignited. The girl was arrested and charged with driving without a license. The case will come up in juvenile court. Patrolman Arnold Williams is investigating.

### Slaughter Rites Next Sunday

Funeral services for Harrison H. Slaughter were held today at St. Paul St. L. The body will arrive in Sanford at noon tomorrow and remain at the Harrison Funeral Home until graveside services are held at 2 p. m. on Sunday. The Rev. W. P. Brooks, pastor of the First Baptist Church, will officiate.

### Richard III

Sidney Richard, City superintendent of sewers, was home ill today.

PHILIP WARDEN, 9, of Alexandria, Va., listens intently as President Dwight D. Eisenhower gives him a few pointers on casting for front at Fraser, Colo. The youngster is the son of the Chief Executive's vacation trip. The reporters already have been briefed on the "real" facts of fishing. (International)

### Constitutionality Of New State Law Governing Gambling Stamps Challenged

JACKSONVILLE, Fla.—Constitutionality of the new state law making possession of a federal winning stamp prima facie evidence of gambling was challenged here yesterday by attorneys for one of 41 stamp holders recently arrested in Duval County.

Defense attorney Walter Arnold asked Justice of the Peace T. O. Holmes to throw out a case against Amos Jefferson because the law "seeks to create a presumption of guilt on the grounds of the law going stamp and is therefore unconstitutional."

Holmes overruled the motion at Jefferson's preliminary hearing and held him for Criminal Court on \$500 bond.

Defense and state attorneys have agreed the case will be taken to the state Supreme Court for a decision on the constitutional question.

### Trooper Harrison Extends Invitation For Groups To See Traffic Conditions

Highway Trooper D. D. Harrison is extending an invitation to all local civic organizations to observe traffic conditions first-hand over the Labor Day weekend.

He invites all organizations to select representatives to ride on patrol with him for three or four hours at a time. In this way, not only will the representatives see the problems of heavy traffic, but they will see how troopers work to minimize wild driving, traffic crashes, and death on the highway.

Trooper Harrison has contacted local organizations relative to this plan, but wishes any who may have been missed to contact him.

### Three Brawlers In Juke Joint Sent To Jail

Three Negroes involved in a brawl and killing recently at the "Rocket of Dixie" juke joint on Southwest Road all pleaded guilty and were sentenced by County Judge Stenstrom at yesterday's plea session in the Court House.

John Barkley admitted to aggravated assault and was sentenced to serve either four months in jail, or payment of a \$250 fine plus court costs.

Mattie Lou Garrett and George McFar, who both participated in the assault on James Williams, another Negro, received separate 30-day jail sentences or the option to pay \$50 fines plus court costs. All three are serving their time in jail.

In four traffic cases, all defendants pleaded guilty. John Earl Sealey, of Jacksonville who is working with the Robert Angus Associates, pleaded guilty and was sentenced to either 10 days or \$15 plus court costs for excessive speeding.

Eugene Jackson was given a five-day jail sentence for the option of paying a \$5 fine for vagrancy. Leon Layman, colored, pleaded guilty on a drunkenness charge and was sentenced to 10 days or \$10 plus court costs. Another Negro, Clayton received an \$11 fine or five-day jail term for reckless driving.

### Family Picnic Set By Lutheran Church Members

An old-fashioned family picnic will be the first outing for members and friends of the Lutheran Church of the Redeemer, Jerry Senkarik, chairman of the picnic committee, said yesterday.

Large picnic baskets will be prepared for the event, reminiscent of days gone by, according to plans outlined by Mr. Senkarik.

The picnic will be held at Miami Springs, with the cars meeting at the Sanford Yacht Club Monday morning at 9:45 so that everyone can get out as a group.

Those not having transportation are asked to contact Mr. Senkarik at 320 or 1168 J so that arrangements can be made to take everyone who would like to go, Mr. Senkarik said.

Recreation has been planned for the adults and for the children. There will be baseball, softball, volleyball, badminton, and even amusements for the youngsters. And for the children, games have been arranged so that everyone will have a full day of outdoor fun.

### Harry Herbst Dies In Hospital

Harry Herbst Sr., a retired employee of the Tide Water Oil and Gas Co. of Bayonne, N. J., died early this morning in the local hospital. He had lived in Sanford only two months.

A member of the St. Henry Catholic Church in Bayonne, he was also a member of the local and state associations. He is survived by the widow of Sanford, three sons, William E. and Robert of Bayonne and Harry of California, and four grandchildren.

The remains were sent today to Bayonne where funeral services will be held at 10:30 a. m. Monday.

If the organization wishes to participate in the parading... The plan will be in effect statewide. State Patrol Commander J. N. Kirkman said the plan, which has been tested in several cities already with success, is known as "Operation Holiday."

It was tried in several of the state's larger cities during the July 4 weekend and met with widespread approval. Participants will be invited to ride from 6 a. m. tomorrow to midnight, Monday.

During the 1952 Labor Day weekend, 11 persons lost their lives as a result of highway accidents. However, the 1953 July 4 weekend had a death toll which was trimmed to only two persons killed compared with 12 for the same holiday period a year earlier.

Our troop commanders have been instructed to invite civic and safety leaders to ride with troopers during the Labor Day holiday. "I feel Commander Kirkman wants to see just that the men do in their almost endless quest to minimize highway accidents, especially on holidays."

However, Kirkman continued, "unless we are lucky, with increased traffic and all, we will not be able to get by without a fatal accident, but we certainly want to keep the figure as low as possible and it will take the cooperation of everyone to accomplish that objective."

All troopers not on vacation or ill, will be on duty during the week end.

### Mother Of Lake Mary Man Dies In Lakeland

Mrs. Olla Isabelle Belmont, 81 years of age, mother of A. F. Kemp of Lake Mary, passed away at the home of her sister, Mrs. Blanche Krueger, in Lakeland, Aug. 24, following a lingering illness. Prior to her illness, she had lived with her daughter, Mrs. Max Stewart at Daytona Beach, although she had been a frequent visitor at the home of her son and was well known in Lake Mary.

Survivors besides her two children and sister, include another sister, Mrs. Joseph Zehr, Prescott, Ariz., and a brother, E. F. Fortman, Lakeland.

Funeral services were held in Lakeland Wednesday morning and graveside services that afternoon at Holly Hill, with the Rev. J. H. Barwell, former Daytona pastor of the Church of Christ, officiating.

### Legal Notices

# Dodd's Georgia Tech To Be SEC Grid Contender Despite Two-Platoon Ban

By MERCER BAILEY  
ATLANTA (Special)—How much of its sting has the Georgia Tech yellow jacket lost as a result of the ban on two-platoon football?

That question has been asked time and again of Coach Bobby Dodd, who exploited the free substitution rule to the nth degree last season and had big plans for a banner year in '53 until the rule was abolished.

In a nutshell, it appears that Tech will be considerably weaker but still a Southeastern Conference championship contender all the way and a pushover for no one.

Dodd, noted for his tactical insight from the snouider attitude in evaluating his teams, figures because of heavy graduation losses, including two All-America and two other All-SEC stars, Tech probably would have been 10 or 15 per cent less effective this year even if two-platoon play had been continued. These losses, coupled with the change to double duty football, may trim Tech's power by as much as 33 per cent.

That, of course, is comparing an untested 1953 squad with last year's stellar team, which won 11 regular season games, the Sugar Bowl game and the SEC championship and No. 2 spot in national ranking.

Dodd readily admits he has a lot of talent. He does not preclude the possibility of another undefeated season—but he says it is unlikely Tech's string of 26 unbeaten games can be extended through the season.

Departed stalwarts include All-America offensive center Pete Brown and defensive halfback Bobby Moorehead. All-SEC stars lined up for the team include the tackle George Morris and off a tackle Hal Miller, and ends Buck Martin and Jeff Knox.

Dodd has his offensive backfield back intact, but none of the players had defensive work.

Leon Hardeman, an All-SEC whiz, and Billy Teas and Larry Ruffin give the Yellow Jackets a fine halfback corps. All are top-caliber on anybody's team on offense, and they showed well on the defensive assignments during spring drills. Charlie Brannon, a defensive specialist, is a good pass receiver and a fair runner. With the trend toward more emphasis on defense, Brannon probably will see a lot of action.

Quarterback is a sore spot with Tech again this year. Pepper Rodgers, the conversion and field goal specialist, will start the season. He is no great shakes as a runner and he showed well on the defensive assignments during spring drills. Charlie Brannon, a defensive specialist, is a good pass receiver and a fair runner. With the trend toward more emphasis on defense, Brannon probably will see a lot of action.

Receiver and a fair runner. With the trend toward more emphasis on defense, Brannon probably will see a lot of action.

Quarterback is a sore spot with Tech again this year. Pepper Rodgers, the conversion and field goal specialist, will start the season. He is no great shakes as a runner and he showed well on the defensive assignments during spring drills. Charlie Brannon, a defensive specialist, is a good pass receiver and a fair runner. With the trend toward more emphasis on defense, Brannon probably will see a lot of action.

7-10 are Burton Grant, a sophomore, and Bill Brigman, last year's signal-caller.

Tech is in good shape at the end posts, with Sam Hensley, who made the All-SEC defensive team, Henry Hair, Dave Davis, Cecil Trainer and Bill Senedd heading the list. Hensley is a fine blocker, a good receiver and a wizard on defense. Davis did all of Tech's punting last year and is challenging Hair for a starting post.

Larry Morris, All-SEC linebacker will be Tech's center if a knee operation permits. Glenn Turner to go full steam at fullback. Otherwise, Morris will take the fullback post and Dick Inman will move up as the No. 1 center.

Tech is weaker at tackle but is well fixed with guards. Dodd says, perhaps the greatest guard prospect in Tech history, and Orville Vergeen, Jake Shoemaker and Ed Gosage are adequate.

# DeLand Evens FSL Series With Daytona On 11-3 Victory, Jim Clarich Stymies I's On 7 Hits; Penza Drives In 4; Dunne Injured

By KENT CHETLAIN  
DELAND (Special)—Gifted with a flare for coming back, the DeLand Red Hats, after spotting Daytona Beach the first game in the Florida State League pennant play-off Tuesday night, came roaring back to tie the series with a resounding 11-3 win here last night.

It was the almost air-tight pitching of experienced Jim Clarich that opened the way for the Hats to blast Bill "Hot" Miller and ace Bobby Locke for a combined total of 14 hits. Clarich went the route handoffing the Island bats on seven hits.

Tonight, the FSL post-season series to determine the 1953 pennant winner will be continued as the two teams move into City Island Ball Park for the third game of the best three-out-of-five game series.

DeLand will probably send its great righthander, Bill Budd, to get against Eric "Butch" Craumer or Bobby Locke. However, Manager Ed Levy might pull a sneaker and use Frank Skara, teenage southpaw with wildness tendencies.

Tonight's winner will take the lead, since the play-offs are best three-out-of-five.

Team	W	L	T	GA	RA	SV	IP	H	R	E	BB	SO
DeLand	11	4	0	10	10	1	100	100	100	100	100	100
Daytona	4	11	0	10	10	1	100	100	100	100	100	100

Clarich pitched a complete game, allowing just one earned run, was almost invincible from the fourth frame on. He struck out three and walked just two. An inning ending double play pulled him out of a hole with one on at second and just one away. Don Bartley used a screwball to counter that Hector Faberille pulled in about belt high and doubled on Rudy Mavling, who was almost at the plate.

Clarich's (sketcher) Haller led the attack with two hits in three of four appearances.

Daytona Beach: W. L. T. GA. RA. SV. IP. H. R. E. BB. SO. DeLand: W. L. T. GA. RA. SV. IP. H. R. E. BB. SO. Daytona: W. L. T. GA. RA. SV. IP. H. R. E. BB. SO.

## Milwaukee And Allie Reynolds Pose As Two Big Problems For Brooklyn

By BEN PILEGAR  
All Sports Writer  
The Brooklyn Dodgers nursed a double-barreled headache today—the Milwaukee Braves and Allie Reynolds.

The pesky Braves, who apparently refuse to believe what they read in the papers about the Dodgers being a shoo-in for the flag, are causing the immediate difficulty.

The Big Chief of the New York Yankees poses a problem the Dodgers will have to deal with later this month, assuming they solve the Milwaukee trouble.

Like a lot of headaches, this one stems from what happened last night.

The Braves tripped the Dodgers 9-8 in Brooklyn, giving them a 5-5 split at Ebbets Field so far this year. No other club has come close to breaking even against the Dodgers in Brooklyn.

The loss cut Brooklyn's lead to 10 games with 22 to play, 3 more against Milwaukee.

Reynolds, regarded by many as the key to the Yankees' World Series hopes, made his third start since the end of June and pitched eight excellent innings in beating St. Louis 9-1. This was only his fourth success in a starting role this season although he's won 11 games.

Plagued by ineffectiveness and injuries in recent weeks, Reynolds appeared fully recovered on both counts. He struck out six, walked just one and gave up four hits. He was ahead of the hitters consistently and still looked strong when he called it a night after only 9 1/3 innings in the month prior to last night's start.

Reynolds' World Series record against the Dodgers shows four victories and one defeat in three years. He pitched in four of the 1952 series games, winning two and losing one.

Although they won, the Yankees didn't add to their 9 1/2-game lead since second-place Chicago and third-place Cleveland also triumphed. The White Sox beat Wash-

## Pick-Off Play Still Lives

By BILL KING  
AP Newsfeatures  
BOSTON (Special)—Though Braves Field is about to go collegiate, having been purchased by Boston University, this city's baseball writers are unanimous in their choice of the outstanding game played here during the past decade.

It's the Sain-Feller pitching duel that opened the 1948 World Series between Boston Braves and Cleveland Indians.

One veteran says "it was the greatest game ever played in the park," which wasn't even in the print stage when George Stallings' 1914 miracle Men beat the Athletics four straight.

With Johnny Sain and Warren Spahn each winning 24 games, the Braves had a fairly comfortable time winning their first pennant in 34 years. But when Billy Southworth's managerial rivals were asked the secret of his Boston success, they chanted "Spahn and Sain and two days of rain."

After Cleveland's Indians had dashed Boston's fond hopes of a subway victory by beating the Red Sox in the American League's only pennant playoff game, the classic got underway in Braves Field before a 40,135 crowd.

Great Mound Duel  
That opening game rates with the greatest pitching duels in World Series history. For Sain he came the eighth to turn in a 1-0 shutout and Bob Feller the eighth Series pitcher to hurl a two-hitter.

Feller, than 29, had won 19 for the Indians during the regular season.

For seven innings Sain and Feller were locked in a soreless battle. Neither team had had a real scoring chance. Only two Braves had reached first—Marty (Twiggle) Rickert on a scratch single and Earl Torgeson on a walk.

Rickert was a question mark in the Braves' lineup, for he had been called up from Milwaukee after Jeff Heath, hard-hitting outfielder, had fractured an ankle in a late-season game.

Feller faltered in the eighth and passed. Catcher Bill Salkeld Southworth sent in Phil Masi, an able right-hander, to run for Salkeld. Outfielder Mike McCormick sacrificed Masi to second in expert fashion. Then Feller walked the

base. Feller had no fever. He had a real cold and Patterson said, "It apparently was nothing serious."

Rizzuto disclosed he became ill in about the fifth inning and later developed a stomach cramp and headache.

He remained in the contest and batted out a triple in the eighth inning.

## Lew Worsham Signs Golf Contract For \$35,000

By CHICAGO (Special)—Lew Worsham, whose spectacular sinking of an approach shot for an eagle two won for him the \$25,000 first prize in the recent World Championship of Golf at Fox O'Shaughnessy Country Club, Chicago, was signed today to a contract to play golf exhibition games under the sponsorship of the George S. May Company, Business Engineers, according to an announcement by Mr. May. The contract runs for one year and guarantees Worsham a total of \$35,000, plus \$1,000 plus expenses for each appearance.

Providing for a possible fifty exhibitions per year at the same rate, Mr. May indicates that a similar contract is to be offered each year's World Championship winner. With top money for the coming year already raised to \$50,000, Mr. May says the total potential value of \$100,000 in winning of the tournament, by far the largest return for winning any single event in the history of golf.

The schedule of exhibitions, which will cover both the United States and Canada, will be announced as cities and dates are selected. Executives of the George S. May Company field staff will cooperate in planning the schedule and setting up local arrangements. This means that many local communities which would never have the opportunity of seeing an outstanding golf player will now be able to see the top professional, Mr. May says.

"We feel that the public, the game of golf in general and the tournament winner will all benefit from this plan."

Heavy construction contract award volume for the year-to-date continues at a record pace, according to Engineering News-Record. So far this year, contracts totaling over a billion dollars have been awarded.

## Two Innings Might Stop Haddix From Winning Honors

NEW YORK (Special)—Just two innings might prevent Harvey Haddix, sensational young left-hander of the St. Louis Cardinals, from winning "Rookie of the Year" honors in the National League this year.

Haddix joined the Cards last August, following a two-year hitch in the Army and pitched 42 innings. That was two more than the amount of innings a hurler can start in a season while completing the following year. The unofficial rule is that a pitcher must hurl 40 or less innings.

Haddix appeared in seven games starting while completing the first three for a 2-2 record last year. Prior to that the 27-year-old native of South Vienna, Ohio, had done all his hurling in the minors.

The little soupaw has done much better this year. He has won 16 games while losing only 7, and has turned in 13 complete games. Four of his victories have been shutouts. He 115 strikeouts, a rank fourth behind Robin Roberts of the Philadelphia Phillies.

Least concerned over Haddix' status is his manager, Eddie Stanky. An unknown quantity at the beginning of the year, Haddix has developed into the ace of the staff.

"I don't rightly know if Haddix is a rookie," Stanky said. "All I know is he pitches like a veteran."

Unless the Baseball Writers Association of America, which will vote on rookie awards, undergoes a change of heart, Haddix is due to be left out in the cold—all because of the two extra innings he pitched last year.

The elimination of Haddix would leave the field open to either second baseman Jim (Junior) Gilliam of the Brooklyn Dodgers or pitcher Ruben Gomez of the New York Giants. Those two look like the best of the 1953 class of freshmen.

## The Sports Register

By KENT CHETLAIN  
Now that the 1953 chapter of the Florida State League saga is at a close, thoughts are turning to football, the World Series, boxing and other sports. . . . But some how we can't help thinking that many fans are wondering, just as we have lately, what will the future spell for the State League. . . . In fact what will happen to minor league baseball.

This season was played under the new two-veteran limit ruling, which helped in part to cut down the excessively high salaries. . . . However, any gains made this year through lower salaries were more than lost during last month's record rain in Florida. . . . In addition, excessively high taxes for a non-profit business, such as baseball, continued to eat up profits spelling only deficit operation for nearly all clubs. . . . What hurt the league more than any one factor was poorer attendance. . . . Sanford was running far ahead of its 1952 totals until the normal July and August slumps and then the rains finished off any gains. . . . But some how we can't help thinking that many fans are wondering, just as we have lately, what will the future spell for the State League. . . . In fact what will happen to minor league baseball.

The next question that comes to mind is just how long will private capital and even supplementary major league money continue to absorb these losses. . . . The fact remains that the American population has changed in the last few years from its war-flush spending binge to a more conservative course. . . . Innovations such as the drive-in theaters and the television set have made it more convenient for families to take their children to the movies, and thus, have contributed toward diverting public interest from the national pastime. . . . Television has also made inroads further diverting the public's interest in the game. . . . This one phase has yet to make its full impact felt in this fringe area, but it is coming. . . . Dog tracks, beaches and stock car races have all taken their toll on baseball because more people have cars today and the roads are better than ever, so the once distant amusement attractions are actually closer and more accessible.

In other words, let's face it. . . . Will there be a Florida State League next year? . . . It's possible that the present FSL owners may call it quits and equally possible that other interests in these various towns will seek to jump into this exciting "sport" of baseball only to have their hands burned.

One fan, C. R. Dawson, has come up with one solution. . . . That is to centralize the league into a compact six-town unit in Central Florida to cut down traveling expenses and stimulate more interest. . . . This is the same thing that John Krider has long advocated. . . . Dawson's plan calls for the elimination of both Lakeland and Jax Beach, shrinking the FSL into compact unit comprising Orlando, Sanford, Cocoa, Daytona Beach, DeLand and Leesburg.

Possibly this is the solution. . . . There might be other solutions, but all must start with the end in mind. . . . One thing is certain, under the present setup baseball is a losing game. . . . Only through a high powered promotional program can clubs hope to break even at the end of the season. . . . Teams must lose and there can only be one winner. . . . It's one note of optimism was expressed on this subject by our inquiries, and that from none other than Sanford's diamond immortal Buddy Lake. . . . He thinks there will be baseball again next year because, to quote him, "Every time baseball season rolls around there always seems to be a group of men interested in sponsoring a team and I don't think next year will be any exception."

Here are two questions we would like to ask of the City Commission.

1) What has been done with Baltimore's request to train here next spring?

2) What has been done about the St. Louis Cardinals' tentative offer to send class A clubs, Columbus, Ga., and Omaha, Neb., to train here next spring?

We have superior baseball facilities so why not use them to best advantage and let the rest of the nation know where Sanford is.

## Gator Quarterback Doug Dickey Must Fight Off Challenge Of 3 Players

GAINESVILLE (Special)—Mild-mannered Doug Dickey, the most-time safety man who moved from the defensive platoon to the starting job of the challenge of at least three scrapping youngsters to hold his post this fall.

Dickey's year of experience running the team and his brief tour of duty as a defensive safety man gives him a decided edge under one-platoon regulations, but Fred Robinson, Harry Speers and Bobby Lance plan to keep him hustling.

Statistically speaking Dickey was somewhat of an oddity in the ground-gaining department last fall. He wound up the season with minus 35 yards from scrimmage for 34 running plays and yet he secured four touchdowns on quarterback sneaks of one yard or less.

He topped the Gators in passing and stood 15th among the passers of the Southeastern Conference. His record was 20 completions on 39 throws (percentage 51.3) and gained 291 yards.

Fred Robinson, the St. Petersburg boy, was Florida's top passer from the standpoint of yards gained. Robinson hit 28 of 57 throws (percentage 49.1) for 376 yards and six touchdowns.

Harry Speers and Bobby Lance are virtually newcomers to the varsity scene. Both practiced with the varsity squad last year and yet he freshmen, but Lance was the only one of the two who saw game action. He played nine minutes during the season.

Both boys took turns at quarterback and directing the "H" team passing attack in the reserve game with Georgia Tech's "H" squad. Speers completed seven of 16 passes and had two intercepted. His record was 20 completions on 39 throws (percentage 51.3) and gained 291 yards.

They are both from Tennessee, Lance from Kingsport and Speers from Knoxville.

# Raft Of Controversies Touched Off By Kinsey Report On Women

By ALTON L. BLAKESLEE  
Associated Press Science Reporter

NEW YORK (AP)—There is a raft of issues in controversy touched off by the new Kinsey report on women.

The issues hinge on personal, religious, moral, and scientific viewpoints.

The scientific arguments are not likely to get really underway until after Sept. 14 when the book, "Sexual Behavior in the Human Female," goes on sale.

For as one scientist explained: "It's a hot potato. I don't think most scientists will want to say anything specifically until after reading everything the book has to say."

A famous anthropologist, Prof. Earnest A. Hooton of Harvard, declined comment, adding "Heads, not sex, are my business."

A personal issue for many people is whether to read the book at all. Some women declared they'll never look at it, aren't interested, or find the subject repugnant. Others look forward to reading it. "There a churchman turns the sex study project anti-religious and damaging to morality. There, another says religious leaders should accept the findings as a guide to help youths in sex matters and to strengthen married life."

Some experts wonder if publication of the findings will upset present habits of sex life, influencing people to do things they never thought of doing. Others expect that there won't be any real changes. On this point, Dr. Kinsey says he finds no statistical evidence of changes in male habits since the first book five years ago.

Dr. Lester S. Pearl, Duke University sociologist, says he thinks the book will help persons "throw off unnecessary fears—many persons are unduly concerned about their own personal behavior regarding sex and feel that what they do is abnormal when it is perfectly normal."

Parents will disagree whether the book is suitable to put within reach of children and youths at home or in libraries. There are parents who are reluctant to give their children any sex education and those who feel ignorance about sex is more dangerous than knowledge.

There is criticism that only or mainly exhibitionists ever volunteer to be interviewed by Dr. Kinsey, and that this makes the statistics untrustworthy. But others, who are scientists and individuals besides Kinsey, say that Kinsey's approach calls for cooperation from persons who never dreamed they could be persuaded to talk about their sex lives.

Some critics say people don't tell Kinsey the truth, that they exaggerate or cover up facts. He defends his method of detecting boasting or overclaiming reluctance.

Some statisticians criticized the method of random selection of interviewees. Kinsey replies he can't because preselected persons approached "cold" would often refuse to talk. He says their confidence must first be won, they must be convinced their records would be kept secret.

He admits lack of sufficient num-

bers of less well-educated women, of Catholic and devoutly Jewish women in his present samples, and lack of enough case histories from some sections of the country.

A criticism is that interviews with 3,900 women aren't enough to find the typical habits of all American women. Kinsey admits the findings represent behavior typical of only a portion of U. S. women, but says it's probably "a not unrepresentative portion." It is, he adds, the largest number ever interviewed this way.

Perhaps the biggest bombshell to set off arguments is the finding that women who have experienced a sexual climax before marriage are much more likely to succeed early in marriage in achieving sexual satisfaction. Kinsey finds this holds whether the climax is experienced through actual sex relations, or through self-stimulation, or through self-actualization.

He says this must be studied, but makes no recommendations.

## Longwood News

Mark Wheeler will make his return trip to the Longwood area on Sept. 10 at 1:00 p.m. when he will meet with the teenagers at the Longwood School and conduct their part of the Town Clinic.

Later that evening at 8:00 p.m. Mr. Wheeler will continue the clinic for all town and area residents.

Out of this clinical research, Mr. Wheeler and Robert Gledhill will analyze the hopes and the aims that express the sentiment of the whole City of Longwood. Mr. Gledhill, director, and Mr. Wheeler are community development experts, and part of the Florida Power family.

The Longwood Chamber of Commerce will hold on Sept. 12, a turkey dinner and auction, country style. The turkey with all the trimmings will be ready to serve at 6:30 p.m. and until 8:00 p.m. when the auction will begin.

Mrs. Claude Lavo, chairman, announced that 200 tickets on sale, and these will be all that will be sold. All Longwood merchants have tickets and anyone desiring them can call Mrs. Lavo, and she will send them out.

Mrs. Lavo and her committee assured the public that they will not go home hungry. Everyone is invited to take part in this dinner at the Longwood Recreation Park.

Longwood kindergarten will reopen Sept. 8, at 9:00 a.m. The school on Milton St. is in the town proper of Longwood.

Mrs. Pauline Stevens will be assisted this year by Mrs. Joan Hammond and Mrs. Dorothy Jenkins. There will be two groups, kindergarten and nursery. Age limit is three and a half to five years.

One may call at the school or Winter Park 262374 for any detailed information.

Of the 15 minor league teams operated in 1952 by the St. Louis Cardinals, 13 finished in the first division.

## How About That!

## Chinese Give Language Of Communism Quite A Number Of Additional Twists

By FRED HAMPSON  
HONG KONG (AP)—The language of communism, where a stray becomes a deviationist and a one-syllable word is never used if a six-syllable word can be found, is getting some new twists from the Chinese.

Already there has been added the five-ants, or the wufan. It means the effort to stop bribery, tax evasion, cheating the state, stealing state property and stealing economic intelligence.

Now comes the "five-too-many." The five-too-many has come to mean a national rural protest both by farmers and Communist rural workers against (1) too many tasks, (2) too many meetings, (3) too many documents and forms, (4) too many organizations and (5) too many concurrent posts for cadres.

This latest "five" springs from the Reds' hurry-up efforts to remake the farm system of China, to change taxes, to kill landlords, to form cooperatives, to force donations and to increase production.

The Reds ignored the unrest until it became alarmingly widespread. Then they went into one of communism's typical stunts of labelling it all a mistake, starting a reform movement which was an about-face, accompanying it with millions of words of criticism and self-criticism (a sort of national confession).

It has come to mean the five-too-many of the five-too-many has come a few facts from the vast china farmlands. One is new proof that the Reds, working their will through great swarms of militant functionaries, get very few good ones. Another is that bad functionaries, get very few good ones. Another is that bad functionaries are inefficient, dishonest, stupid and brutal, sometimes all four, that they seize power in remote areas and become little war lords in the old China fashion. Peiping usually discovers it about two years later.

The five-too-many also proved that top Communists expect too

much too soon, and often won't admit failure until failure has become painful and costly.

## DeBary

By KAY HENNINGER  
Remember, The Dr. DeBary Baptist Church holds services every Sunday at 11:00 a.m. at the home of Mr. and Mrs. Harry Brown, on Atlantic Rd. Mr. J. D. Young of Stetson University is delivering the sermon in the absence of Rev. Thomas, who is spending the summer in Chicago.

Set and Mrs. Walter King and son Walter of Dunott, N. J., are visiting Mr. King's parents, Mr. and Mrs. R. Vance of Angeles Rd.

Miss Lucille MacFarlane of Smyrna Dr. left Dr. DeBary last Thursday for a month's visit with her two sisters, Mabel and Doris, in Detroit, Mich.

Arthur Beauchamp is being moved from Bay Pines Hospital at Pass-a-Grille to the Veterans' Hospital at Atlanta, Ga., for further treatment. Their son is visiting his mother on Buena Vista Rd. for a few days and they will both accompany his father to Atlanta.

Misses Katherine and Dorothy Henninger are back home after spending a ten day visit with their friend, Miss Jo Bryant in Miami. They are leaving again in a few days for Williamsburg, Va.

Mrs. Debra Patterson of Dr. DeBary, left Smyrna, Fla., to Washington, D. C. to greet and welcome her new nephew, J. Kevin, the son of her sister and brother-in-law, Mary and Mr. Phillip E. Nickerson. He was born on her birthday.

Dr. Wilfred Wilson of Smyrna Dr. is home from the Atlanta Hospital recovering from an operation.

Mr. and Mrs. E. J. Jackson of Smyrna Dr. are delighted to have their daughter, Mildred and her son, Mr. Donald Person and baby visiting them. Mr. Person's brother Jimmy is also spending his vacation with them.

The Home Demonstration Club of Dr. DeBary has postponed its picnic on account of inclement weather.

## Frank Noel, AP Photographer, Was Permitted To Take Prison Pictures

Editor's Note—This is the last story by AP photographer Frank Noel on his 33 months as a Communist prisoner in North Korea.

**By FRANK NOEL**  
as told to Glen Clements

**TOKYO (AP)—**After I received my camera in January 1952, the Chinese let me take pictures in four of the six camps where non-Korean war prisoners were held.

In my wandering around the camps I got a pretty fair idea of how many men were in each and I estimated there were between 4,000 and 5,000 men, mostly Americans, in the hands of the Reds. Another 2,000 died in the camps and are buried in the hills around Pyongyang and Chonchong, where most of the camps were located. That would account for up to 8,000 of the 13,000 non-Korean troops estimated to be missing today.

The Chinese did not mark these camps for aerial identification during the first year of the war. When they did mark them they used the Chinese characters that I was told meant "peace" rather than a prisoner camp.

One day about three months ago I saw three wagon loads of TNT—about 80 boxes of it to the wagon—dig up and taken out of Camp 5 where 1,200 Americans, British, Filipinos, Puerto Ricans, Turks, French and Greek POWs were held. If a bomb had struck that camp accidentally the whole bunch would have been killed.

The Reds tried to cover up the great number of deaths among the POWs—sometimes as many as 48 bodies in one day were seen being moved out of the camp—by trying to force Allied doctors to say the men died of typhus contracted before they were captured. None of the doctors would go for it and a good many of them did time in the hole as a result.

We were held right near the border of Manchuria and a Chinese leader told me one day if the Allies ever tried to liberate the prisoners the Chinese would take those they wanted to keep across the border into China. Perhaps they have done so now.

When I was captured in November 1950 along with Marines, Army and British troops at Koto, North Korea, they walked us to Camp 5—about 700 miles over the winding route they made us take. Camp 5 then held officers and enlisted men. That was about April 1951.

In the summer they herded about 600 men and officers into a Korean theater and made the rest listen to loudspeakers outside while a high Chinese gave a bitter harangue against the "capitalistic warmongers."

He told the enlisted men they should have turned their guns on their officers, who were "the real warmongers in America." The lecture didn't go over very well with either the enlisted men or officers.

The Communists tried every way in the world to indoctrinate the prisoners. They succeeded in some cases but I would say the percentage was very small.

They used race against race and nationality against nationality in an effort to stir up animosity among the prisoners. On that score I was real proud to note 99 per cent of our men respected my race or creed, stood pat. They knew what was going on and didn't buy it.

Later on the Reds opened up Camp 2 and moved all the officers up there. They insisted that I was a Marine captain and moved me there with the officers despite my protests that I was a civilian war correspondent.

In trying to make me admit I was a Marine captain they made me stand at attention for hours at a time out in the raw cold. Other times they made me stand with my nose pressed against a bright light 24 hours on end in an effort to break me down or force me to write something favorable to them.

I guess that is what is wrong with my eyes now.

Once, while they had me in the hole, they tried to force me to write letters down to my correspondent friends at Panmunjom, Munsan and Seoul telling them they were being misled by the United Nations propaganda. They also asked me to write to the New York Times, Chicago Tribune, Philadelphia Evening Bulletin, Baltimore Sun, Kansas City Star and the Los Angeles Times, and tell them "the people's peace movement" was right and just. I refused. They even forged some of our names to letters and published them. I know of several such cases.

Actually, I've talked with some of the Chinese soldiers from time to time and they have told me that half or more of the so-called volunteers are anti-Communist and were conscripted.

One day in early 1951 some of the Turks, who were pretty staunch Allied troops, heard that the New York Herald Tribune's reporter, Maggie Higgins, had been captured. They told me about it. I had known Maggie in Berlin and again in Korea. None of us liked the idea of an American woman being in the hands of the Reds so we got together a few little things we could spare for her and about \$80 in American greenbacks and gave it to the Turks to get her. We know the Chinese were crazy for greenbacks and figured that small amount of money might help her out.

The Turks took the money and about four months later returned everything to all the donors because they had learned through the grapevine that Miss Higgins had not been captured.

I sure liked those Turks. They were good soldiers and good men. The Chinese never were able to do much with them. The Turks just shrugged their shoulders and pretended they didn't understand.

They even brought in a Turkish-speaking Russian who had once worked in the Russian Embassy at Ankara. He didn't have any luck either as he may be in a Russian hole somewhere today for having failed.

The Reds told us one day that the United States government was holding up \$1,000 letters to POWs. I think it was the other way around.

I know people wrote me and thanked me for making pictures of their prisoner kin. Americans do things like that. I got about 10 such letters in prison camp but I'll bet there were many more.

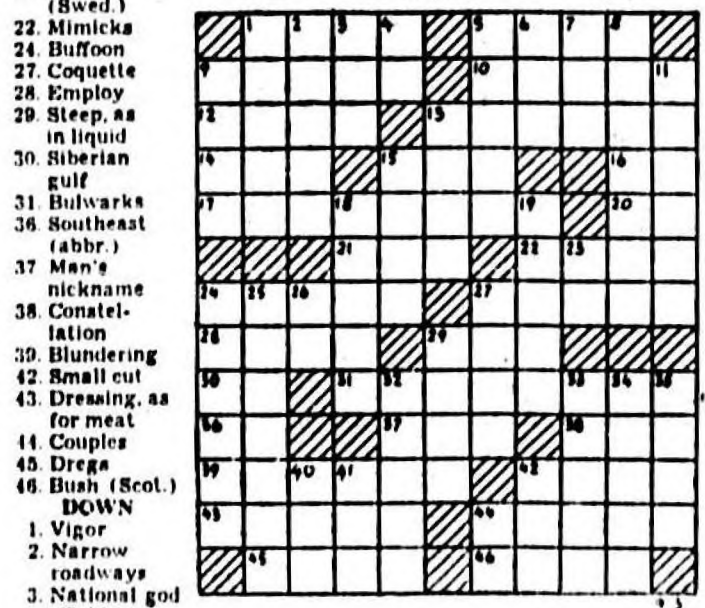

I had intended to write letters to those 10 or 12 people and thank them but the Communist took those letters away from me when I was freed on Aug. 9. Now I don't have the names or addresses. I was only permitted to write two letters a month while I was in prison and of course they went to my wife.

They took away from me every address I had in writing when I left.

## Top Insurance Companies Agree On New Auto Liability Charges

**NEW YORK (Special)—**Leading insurance companies have agreed on new nationwide auto liability rates, cutting some costs for adult pleasure car drivers and increasing rates for many young people.

The National Bureau, major automobile insurance rating groups, spokesman for the underwriters said the rates would go into effect as soon as they can be filed with authorities in the various states.

Under the new plan, the main revisions affect adult drivers of non-business cars and young drivers under 25 years of age. Cars used for business remain classified as before with rates for this category the base for determining other rates. For adult drivers, the new schedules take into account the possible use of their cars going to and from work. The lowest rates apply to those cars used solely for pleasure driving. A slightly higher rate is fixed for cars driven less than 10 miles on a one-way trip to work; still higher rates apply for vehicles driven more than 10 miles to work. Previously there was no distinction for private car used for both pleasure driving and for traveling to work.

The new schedules also break down young drivers into three groups, instead of carrying them in a single category. The three groups include those under 25 living at home, childless married couples under 25, and young drivers with no family control.

For the first group of youths there will be a 1 per cent reduction; but for the third group, considered the worst risks, there will be a sharp increase. In the New York area, they will pay \$310 for the same insurance adults can buy for \$123.

Farmers, who now get a 15 per cent discount, will get under the new plan a 20 per cent discount below the rates applying to their classification.

I know people wrote me and thanked me for making pictures of their prisoner kin. Americans do things like that. I got about 10 such letters in prison camp but I'll bet there were many more. I had intended to write letters to those 10 or 12 people and thank them but the Communist took those letters away from me when I was freed on Aug. 9. Now I don't have the names or addresses. I was only permitted to write two letters a month while I was in prison and of course they went to my wife. They took away from me every address I had in writing when I left.

## Hopper Teacher Completes Study

**NEW YORK (Special)—**Laura F. Fulton, of 1120 Locust Ave., Sanford, a third-grade teacher with the Hopper Elementary School, has completed four weeks of graduate study and field work at New York University on the role of the elementary school in the community.

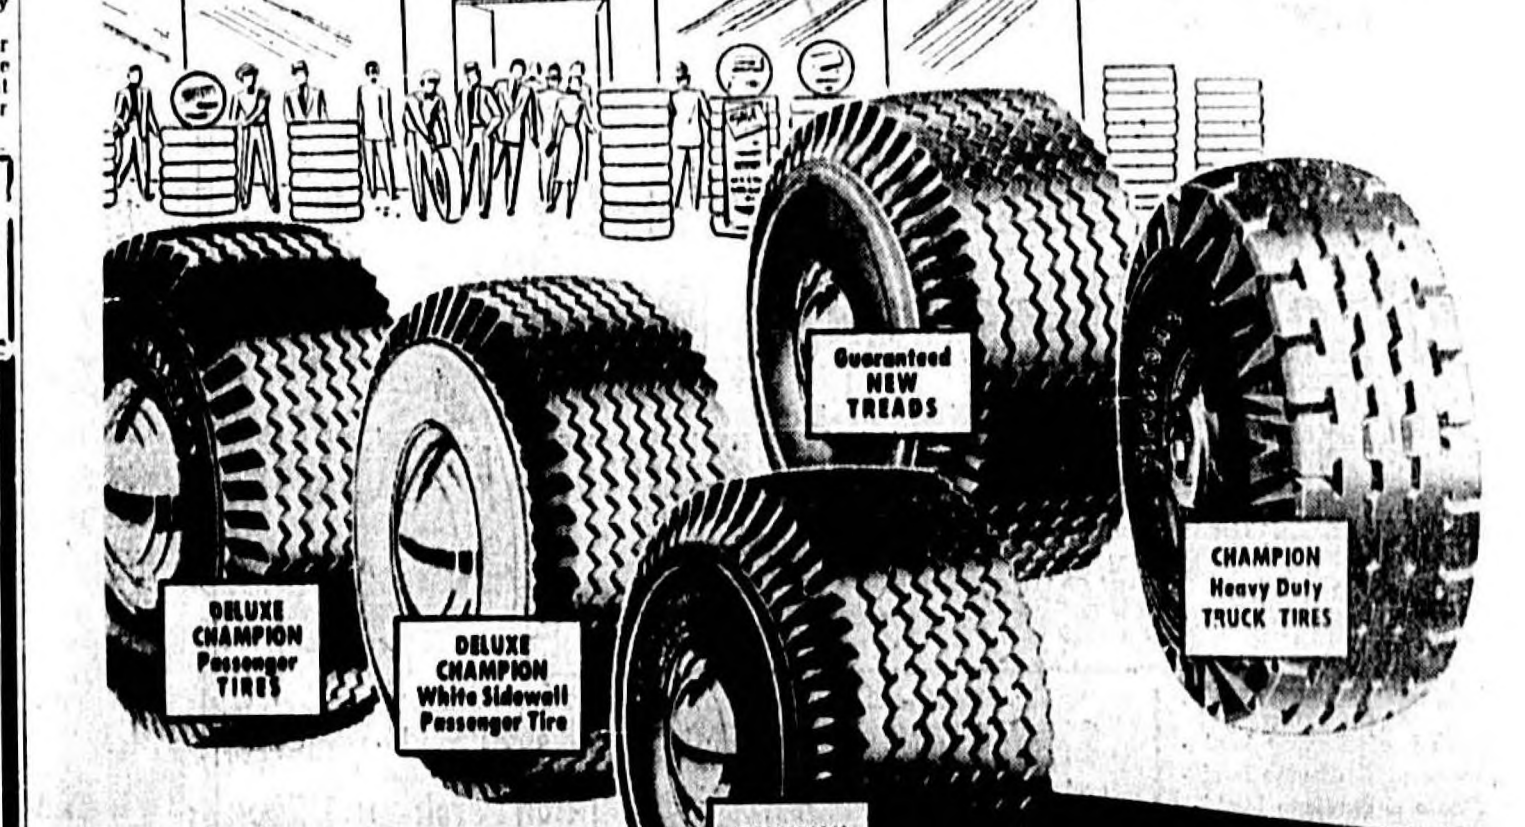

The educator was one of 40 teachers and administrators from 12 states and the District of Columbia, Puerto Rico, and the Canal Zone who successfully completed the course today (Sept. 4, 1953).

# LATE BULLETINS

MIAMI (AP)—The severe Atlantic hurricane with whirling winds of about 130 miles an hour velocity was moving on a northwesterly course today which should bypass land areas.

BOSSN, Germany (AP)—West German Socialists hurled fresh denunciations today at U. S. Secretary of State Dulles in an effort to turn his open support for re-election of pro-American Chancellor Konrad Adenauer into a boomerang which would sweep the neutralist opposition to power.

BELGRADE (AP)—Yugoslavia threatened officially to deny to send troops to the Italian-Yugoslav frontier unless Italy ends her maneuvers, termed a "military demonstration," in that area.

WISSANT, France (AP)—Florence Chadwick gave up her attempted round-trip swim of the English Channel to night after 16 hours and 7 minutes in the chilly waters.

FREEDOM VILLAGE (AP)—Maj. Gen. William F. Dean, white-haired and thin after more than three years in Communist prisons, today rode a Russian-built jeep back to freedom and to a heart-warming welcome by the first Americans he had seen since his capture.

BRIZE NORTON AIR BASE, England (AP)—An advance guard of 13 U. S. B-17 Stratofortress bombers zoomed across the Atlantic to England today just as a squadron of sister ships they are to replace hurtled off for the United States.

## State News Roundup

### Leon County Court Requested To Rule On Physical Condition Of McCarty

TALLAHASSEE (AP)—The Leon County Circuit Court has been asked to rule on whether Gov. McCarty is physically capable of continuing in office.

## Commission Approves Budget of \$774,633

### Sanlando Events Feature Labor Day Slate

#### JCC-Sponsored Day To Attract Holiday Crowd

By RENT CHETAIN  
Highlighting the big Labor Day week-end of holiday festivities, over 100,000 people will be attracted to the JCC-sponsored Sanlando Labor Day events at Sanlando Springs. The banks, stores and Post Office will be closed while the Campbell Lending American Legion Post weekly meeting and the Rotary Club's noon luncheon have been called off in observance of the national holiday.

Florida's Junior Senator George Smathers and Congressman Syd Herlong will be the feature speakers at the Joyce's Labor Day Luncheon. The two noted speakers will supplement an all-day program of outdoor events for the thousands who are expected to flock to Sanlando.

In addition, "Miss Sanlando Springs of 1953" will be crowned Monday night following the afternoon bathing beauty contest. The all-day program will begin with the mayors' potato sack race in which all five mayors in Seminole County will participate at 10:00 o'clock Monday morning. The extensive program will continue with three-legged races, banana eating contests, egg-throwing, and tug-of-war, and the beauty contest.

The Sanlando Labor Day celebration is sponsored by the Seminole County Junior Chamber of Commerce to raise funds for their "Youth Activities Fund." Included in the youth activities are the Christmas Shopping Tour for children, Kids Kountry, I Speak for Democracy, Youth bicycle safety program and boys club.

The mass Labor Day celebration has been the subject of much publicity in and around Central Florida. All the radio stations and newspapers have devoted time and space to the pending festivities. The publicity has been handled by Marion E. Lang, program director of radio station WTRH.

The five County Commissioners—Otis E. Foraker, C. C. Duld, J. P. McMillan, John Meyer, and W. Brown Miller, have all been invited. The five mayors participating in the potato sack race will be Mayor Joseph I. Laird, Cassberry, Acting Mayor Rudy Carlson, Longwood, Mayor Lee G. Gary, Oviedo, Mayor Randall Altamonte, and Acting Mayor William Stegner of Sanford.

Arline Belleflour, the Orlando beauty who won the "Miss Sanlando Springs of 1952" contest, will crown the winner of this year's event Monday night.

In her letter to Seminole Jaycee President Cliff Ablet, she said, "I will be very happy to be present at the selection of the new 'Miss Sanlando Springs' and present her with her crown. It has been a real thrill and honor to have been Miss Sanlando Springs of 1952. I have enabled me to enter other beauty contests in the state, and I have made many friends of some of the loveliest girls in Florida."

Adult entries will represent Leesburg, New Smyrna Beach, Orlando, Tavares, and many other cities and clubs in Central Florida.

Advance tickets for the Sanlando Springs extravaganza went on sale today at three downtown drug stores: Touchton's, Hummalla and Anderson's, and Faust's. Tickets purchased in advance will be 50 cents for adults and 25 cents for children. Tickets at Sanlando Springs next Monday will cost 60 cents for adults and 30 cents for children.

Most of the day's events will be open to the public.

#### New American Legion Commander Personal Friend Of Joel Field

Arthur J. Cornell of Middleton, Conn., elected yesterday as the new national commander of the American Legion is a personal friend of Postmaster Joel Field.

Mr. Field, who is a former Legion commander of the Legion, stated today he intends to ask the new national commander to visit Sanford as soon as Mr. Cornell can work on a trip to Florida, which he has visited many times during past winters.

The commander is a gentleman and a scholar, declared a local postmaster, and I think he will do a grand job while in office.

Mr. Cornell in his acceptance speech predicted 1954 will be the year of decision on universal military training. He said he will work vigorously for adoption of such a program.

"We are determined our nation shall remain strong and alert in the face of the current communist threat. We are no early prospector for reducing the defensive strength of our armed forces.

"Cornell was elected today over four other candidates. He added 2,731 votes. His closest opponent was Lawrence Fenlon (Chicago), with 274.

Mr. Cornell is commander of the legion auxiliary without opposition.

The legion will meet in Washington next year.

ONE OF THE DOZENS of youngsters who gathered from their parents during the American Legion parade in St. Louis, Mo., this little fish boy gets plenty of attention from a Legion in the last American Legion parade, both World War I veterans and their wives, watched from the pier 100-degree heat while waiting in the parade. About 100 others were overcome by the heat during the 10-hour procession. Hundreds of thousands of spectators lined the city parade route to watch the more than 100,000 participants.

#### Jack Bolt Spearheading Fish Off Key West

By CHARLIE SOMMER  
When Jack Bolt goes to Key West, he goes to work. He has been spearheading a drive to raise money for the Key West Marine Club, a new club for boys of that city.

Mr. Bolt, a Sanlando resident, has been working hard to raise money for the club, which is expected to be completed in about a month.

Mr. Bolt's drive is being spearheaded by a committee of local businessmen and fishermen. The committee has been successful in raising a considerable amount of money for the club.

Mr. Bolt has been very successful in his drive. He has managed to raise a considerable amount of money for the club, which is expected to be completed in about a month.

#### \$91,924.30 Pared From Original Estimate Of 1954 City Expenses

By JIM FISHKILL  
The city council approved today a budget for 1954 of \$774,633, which is \$91,924.30 less than the original estimate.

The city manager announced that the budget has been pared down to meet the needs of the city.

The budget includes provisions for various city services, including police and fire departments.

The city manager said that the budget is designed to provide for the best possible service to the citizens of Sanford.

#### Nickerson Dies At Osceola Field

George A. Nickerson, 60, passed away very suddenly Wednesday at 12:30 p.m. at Osceola. He was a labor leader for the Navy at the landing field in Osceola.

Mr. Nickerson had worked for the Navy for the past two and one-half years, and had made Lake Monroe his home for the past two years.

He is survived by the widow, Mrs. Pearl Nickerson of Sanford; two sons, Stanley Nickerson of Lary, Fla., and Harold P. Nickerson of Hernon, Mo.; two daughters, Miss Ann Mae Nickerson of Sanford, and Mrs. Evelyn Nielson of Brookholm, Mo.; also four grandchildren.

Funeral services will be at 2:30 p.m. Saturday at the Brison Funeral Home with Chaplain Robert M. Hinton officiating. Burial will be in Evergreen Cemetery.

The regular monthly meeting of the Board of Directors of the Seminole County Chamber of Commerce will be held Tuesday at 8:00 p.m. at City Hall.

The newly elected directors will attend the session.

The Sanford Post Office will be closed all day Monday for Labor Day. There will be no city or rural delivery other than special delivery and perishables. Mail will be placed in post office boxes and dispatched as usual.

Two more Florida men were released from Communist prison camps in today's exchange. They were Capt. Edward M. Gibbons, Tampa, and M. Sgt. Gerald G. Wright, Monday. Gibbons, a bombardier, had been listed missing in action since his B-29 was shot down over North Korea Aug. 24, 1951.

The Florida Veterinary Medical Assn. will hold its 1953 annual convention at Daytona Beach Oct. 18-20.

Two Little Girls Truck In Car Trunk. SYRACUSE, N. Y. — Two Little Girls Truck 30 miles to work with their father yesterday. They were snug in the trunk of his car and the mercury read 97 degrees.

Matthew Schmidt started for here from his home in Syracuse, N.Y., after the truck was loaded with their father's car. Schmidt said the girls were curled down as compared with a mark of 50-51 for an entire 12 month period.

M. The Experimental Station, which was 32 inches long, 1 1/2 inches wide and there have been 115 hits in September.

State police had been searching central New York for the car after getting a call from the alarmed mother.

Miami Constable Surrenders. MIAMI (AP)—Constable Leonard Tobin of Miami Beach has surrendered on a charge of extortion and is now free in \$1,000 bond.
