Another B-29 Lost At Tampa With 5 Killed

6th Air Force Bomber Wrecked In 15 Days With 35 Men Listed As Killed

HAMILTON, Bermuda, Nov. 18.—(AP)—An armada of planes aided by ships searched today in worsening weather the critical area off Bermuda where a U.S. Air Force B-29 crash-landed Wednesday with all aboard. Paint, radio signals and the sighting of two red flares reported last night spurred efforts of the rescuers searching an area of about 100 miles square, 315 miles northeast of those islands.

TAMPA, Nov. 18.—(P)—A B-29 starting out to hunt for the B-29 missing near Bermuda crashed bare seconds after takeoff here today.

Five of the nine known crewmen aboard were killed. The other four were thrown clear of the plane and were only slightly hurt.

The plane was from MacDill air base and was one of nearly 100 Air Force, Navy and Coast Guard planes which had been searching for the bomber which ran out of fuel and crash-landed in the sea Wednesday.

The crash of the MacDill bomber occurred shortly before 8 A.M.

Seconds after it took off from the field which borders Tampa Bay its number four engine began smoking. As it tried to land, the engine burst into flame and the big plane crashed.

The fire was out and the ship plunged into mud and silt.

The muck prevented a crash boat from reaching the wreckage and greatly hampered efforts from reaching the scene with hose.

Names of the crew were not immediately known.

MacDill flight officials said the bombers came from Walker Air Force base, Roswell, N. M., where the names of the crew will be announced.

The B-29 which crashed at Tampa today was the sixth B-29 the Air Force has lost in five disasters in 16 days. Thirty-five have been listed as killed in the crashes and 20 missing.

Frank Palermo Judith Coplon Held Guilty Of Loses Fight To Armed Theft Escape Trial

Bedlam Breaks Out In Court Room As Verdict Is Rendered And Family Cries

Frank Palermo of Philadelphia, Pa., was found guilty in Circuit Court today at 12:45 o'clock on a charge of armed robbery in connection with the unsuccessful holdup of the Seminole Club on June 4.

Pronouncement of the verdict by the jury was followed by bedlam in the courtroom as Palermo's lawyer, Mrs. Dorothy, his mother, Mrs. Joseph Palermo and his three year old boy ran the air with their unbuttoned cuffs and sobbing. Previously, during the instruction of the jury by Judge M. B. Smith, Teresa Palermo had uttered a cry, slipped from her seat to the floor and had to be assisted from the courtroom by her parents.

Palermo was charged as a principal in the second degree in the armed robbery of the Club by driving the getaway car used by Palermo, Malenovitch and the late Peter LaFanta to the Club near Altamonte Springs during the early morning hour of June 4. Maximum sentence on this crime is (Continued on Page Four)

Soviet Engineer Asks For Lawyer's Help; U.S. Outlines Alger Hiss Case To Jury

By ASSOCIATED PRESS
Judith Coplon, 28, former government girl, today lost her fight to escape trial in New York on a plea of double jeopardy and for the second time on similar charges.

Federal Judge Sylvester J. Ryan ruled in effect that the New York charges that she conspired with Valentin A. Gubatchev, a Soviet engineer, to pass secrets on to Russia differed from a Washington charge that she stole government secrets. She was sentenced to 40 months to 110 years or prison after her conviction in Washington last summer.

Taciturn, tight-lipped Gubatchev, changed his mind today and said he wanted an attorney. Previously he had insisted he was entitled to diplomatic immunity, said he considered the case "merely a provocation" and would not defend himself.

Today, he advised the judge, through an interpreter, "I think it would be better for me to prepare my defense and take control."

Judge Ryan then signed orders that the trial be started next Tuesday. The work has been (Continued on Page Four)

Rev. Fleming Talks To Men's Club On Problems Of Today

The establishment of parochial schools, the betterment of racial relations, and the spread of Christianity were the foundation of democracy were presented last night to the Men's Club of Holy Cross Episcopal Church by Rev. Samuel Fleming of St. Mary's Church, Dayton Beach, as the answer to educational, social and political problems of the world today.

Rev. Fleming, president of the Men's Club, told 21 members of the Sanford Market Operators Association at a dinner last night at the Anchor Inn, Harold Kastner presiding, that he knows of no way to balance income and outgo without raising taxes.

Senator Millikin of Colorado, senior Republican on the taxation committee, told the supper guests that the Senate Finance Committee took issue with the President.

"The way to balance the budget," Millikin told a reporter, "is to reduce spending and there is plenty of opportunity to do it."

"I don't think you are going to see any tax increase next year. In fact, there may be some cuts in taxes."

The excise levies are taxes on such items as jewelry, cosmetics, electric light bulbs, transportation tickets and telephone bills.

Senate has a committee approved bill on its calendar which would cut most of those taxes 50 percent or more—back to 1942 levels.

Millikin said the general economy is in no condition to stand a tax increase. He added that it would "stifle the dynamic spending of business which is the most important thing in the world."

M. Minurik, president, presented over the meeting and appointed the following committees for the coming year: Finance, A. R. Cohen, H. Coleman, Gordon Chisolm, Randall Churchill, Kurtis Houssler, and H. P. Whittier, Jr.

Pointing out that public school all have the care of children more hours in a week than the church schools do in a whole year, Rev. Fleming said that "the public schools are teaching them how to make a living, but not how to live."

With respect to racial relations he said that in Jesus Christ all races are one and that the only true and lasting solution to the problem is the Christian solution.

Millikin stressed through the Senate the \$500,000,000 income over Mr. Truman's veto in 1948, tax cut bill which Congress passed.

The President has blamed that reduction for most of the \$5,000,000 budget deficit which the Administration expects for this fiscal year which began July 1.

Another Republican leader, Rep. Wilcott of Michigan, agreed with (Continued on Page Four)

He described the rapid growth of business in the market area of French Avenue and Thirteenth Street and said that conditions warranted the location of drug and sundry stores in the vicinity.

The group then discussed visiting the market area in order to see the activity of what Harold Kastner said was the "city within the city."

William Williams, a market operator, injected a note of humor into the discussion by revealing (Continued on Page Four)

BLACK GETS PAY

TALLAHASSEE, Nov. 18.—(P)—

Jim Black, who worked three weeks as a Game and Fish Commissioner investigator without pay because Governor Warren refused to sign his check, is going to get the money.

The Governor yesterday asked Commissioner C. M. Gandy to let the Game and Fish Commission know what arrangements had been made for the payment of Black's salary.

Gandy said he had no authority for the payment of Black's salary.

Black, a former employee of the Lake Catherine Land Co., was found guilty yesterday in Circuit Court of a charge of malfeasance and corruption to the state. The 67-year-old went into his home in the city of Tallahassee, Fla., and there will be any news, come in the papers, as it

is desired to have only children participate, said Mr. Wallace.

He also stated that Santa Claus will be in the parade riding on a beautiful Christmas float, and will give away candy and toys.

The parade, marking the beginning of the Christmas period in San-

ford, is planned to attract all the children of Sanford and Seminole County. All schools in the San-

ford and Seminole County will feature approximately 100 children in gay costumes from the primary schools in Sanford and all other schools in the county.

Another 100 children will walk,

ride bicycles and tricycles in the parade. Prizes will be given with-

in respective age groups of 1-5, 6-10 and 10-15 years for the best

decorated bicycles, or other costume-

ed vehicles and for costumes.

There will be a prize for the best marching in the parade.

Prizes will be given for the best floats and for the best costumes.

Feds Tackle Sandcrabs In Homecoming Clash Tonight

Seminole Grididers To Open Bag Of Tricks For Upset Attempt Over Favored Crabs

By OLAF BEWAIDSKI
A favored Seabreeze eleven may have quite a surprise in store for them when they meet the Seminole High School Celery Feds on the gridiron tonight at 8:30.

Couch Carl Kettles has had the Feds working on a new set of plays for this annual homecoming event in hopes the local grididers can pull another upset over the heavy Seabreeze squad.

In last year's game the Feds came from behind in the final minutes of play to score three touchdowns before a stunned audience and run away with the game. The upset gave Sanford a foothold in the East Florida Conference.

The Sand Crabs will run from their usual T formation and from halfback Jim Bockoven to skirt the ends and fullback Wilson to hit the middle, the Celerymen will have their hands full.

So far this season the Sand Crabs have downed three conference foes and have been beaten three times. The Celery Feds have lost to three conference teams, while winning two. In Conference stand-off the Seabreeze team is just above Sanford which is in sixth place.

Charlie Andersen, leading conference scorer, will spark the Fed eleven, both on the ground and in the air.

Frank Stenstrom, Sanford's tiny quarterback, will probably see plenty of action when and if the Feds open up their improved passing attack.

In the line will be Edison Myers, E. B. Smith and Charles Lansing who Coach Kettles regards as his most valuable forward wallmen.

Probable lineups:

Sanford	PB	Seabreeze
Ed. Smith	LB	Ellis
Galloway	LT	Byron
Myers	LG	Bethell
Swann	RG	Romano
Routh	RT	Fox
Gordon	RE	Ellison
Morris	QB	Brock
Thomas	LH	Hockoven
Stenstrom	RH	McDaniel
Andersen	PB	Wilson

Davidson Rated To Ruin Rollin's Tars Homecoming Tilt

WINTER PARK, Nov. 18.—(AP)— Heading for the final week of the football season with an 8-0 average on 379 correct guesses and 114 stumbles, last week's selections listed 73 correct and 14 incorrect for an aggregate of 389.

The game will climax a weekend

celebration for more than 300 students. The homecoming program starts tonight with a student pep rally and will continue through today evening.

It will be the fourth time the two elevens have met since 1940, which has won a game and one ended in a tie.

Couch Joe Justice said today he would present a strong Tar attack. To strengthen Blue and Gold's scoring power, he has installed a number of plays which will be run from a modified formation. However, his basic formation will be the Tar's traditional double wing.

With such backfield stars as L. Schette, Glenn Barrington and Norton out of the fray with knee injuries, Justice plans to start a team that will average 200 yards.

Over from left wing will be Gray, a 200-pound center end from right wing Pete.

Another 200-pound end from back, burly Jim Bryson, 200 lbs. and at quarter back, Tate, a mere 180. All four work ball handlers.

Michigan Picked Over Ohio, Duke To Top Carolina

NEW YORK, Nov. 18.—(AP)— Heading for the final week of the football season with an 8-0 average on 379 correct guesses and 114 stumbles, last week's selections listed 73 correct and 14 incorrect for an aggregate of 389.

Here are this week's picks:

Notre Dame over Iowa; there was no time this season ago when Notre Dame couldn't defeat Iowa. Now apparently the trend is reversed. The modern phase should continue another year and the current Irish unbeaten streak should go on although it was the Hawkeyes who ended the Rockne mark in 1921.

Michigan over Ohio State; the home field gives the Wolverines an edge there is in this annual clash.

Minnesota over Wisconsin; Minnesota, which enjoyed a mid-season visit to the Rose Bowl in mid-season, needs a victory here to stay in the race for a real trip west.

Stanford over California; with the coast title and the western Rose Bowl invitation at stake, Stanford is in the lead although California generally is favored by as much as a touchdown.

Southern California over UCLA; the Trojans by a touchdown.

Dartmouth over Princeton; Princeton reached its peak in winning the big three title.

Oklahoma over Santa Clara; the Sooners count their current winning streak from their loss to the Trojans by a touchdown.

Over from left wing will be Gray, a 200-pound center end from right wing Pete.

Another 200-pound end from back, burly Jim Bryson, 200 lbs. and at quarter back,

Tate, a mere 180. All four work ball handlers.

Broncos a year ago, Oklahoma is after revenge.

Tulane over Virginia; a battle of fullbacks. Tulane's Eddie Price gets the nod over Virginia's John Paul.

Broke over North Carolina; the Tar Heels gave their best last Saturday and it is asking too much of them to come back with us much this weekend.

Kentucky over Tennessee; The Kentucky Big Blue has improved to each of its opponents this season, its air defense is almost as good.

Notre Dame over Iowa; there was no time this season ago when Notre Dame couldn't defeat Iowa. Now apparently the trend is reversed. The modern phase should continue another year and the current Irish unbeaten streak should go on although it was the Hawkeyes who ended the Rockne mark in 1921.

Chambers Says Hiss Gave Him Secret Papers

Hiss Accused Of Taking Job With Department To Aid Communist Party

NEW YORK, Nov. 21—(AP)—Whittaker Chambers testified today that he received and had photographs made of State Department documents turned over to him by Alger Hiss at the instigation of a Soviet spy chief.

Chambers, self-described courier for a pre-war Russian spy ring, said from the witness stand in Hiss' second perjury trial:

"Mr. Hiss would bring documents from the State Department to his home at the end of the day's work. I would then take the documents to Baltimore where they would be photographed. I would return them to Mr. Hiss at his home that same night."

Chambers, the government's star witness, said this practice was followed after he arranged a New York meeting in a Chinese restaurant between Hiss and Col. Born Bykov, whom he identified as the mastermind of the Soviet underground in this country.

The witness said Bykov told Hiss, a State Department official, that the Soviet Union was endangering by the rise of Fascist powers and "would be tremendously helped if Mr. Hiss could obtain documents relating to the far east and other areas."

Chambers also testified that Hiss went to work for the Justice Department in 1934 after fearing that the Communist Party "wanted him to take the job."

The witness said he got papers from Hiss "approximately once a week or once in 10 days" at first. "The practice continued until the middle of 1937," he said. "Later, Col. Mr. Hiss that we wished to have the papers brought over nearly every day, some typed as nearly as possible, some para-

U.N. Tackles Plan To Feed Entire World

World Food Bank Financed Mostly By U.S. Is Urged To Eliminate Hunger

WASHINGTON, Nov. 21—(AP)—A world in which "no man need go hungry, or ill-clad, or without a home" was the goal held up today to the Food and Agriculture Organization (FAO) of the United Nations.

The goal was pictured by Norris E. Dodd, director-general of the FAO, at the opening of its annual conference. Representatives of 48 nations are here to tackle the job of how to increase food production in some countries and how to handle unmarketable surpluses in others.

Dodd is a former Undersecretary of the U. S. Department of Agriculture. He said in his prepared text:

"In respect of the state of food and agriculture, 1949 has been a general year, even if not quite as good as 1948."

Flood severity is no longer permitting food imports from the world, and it will last through 1947. But more than half the world, however, the old chronic under-nourishment continues and hunger is scarcely one meal away from millions. For the world as a whole, per person food supplies are not as good as before the war."

Dodd thus summed up an FAO report on world hunger, which said that over the decade, with solid harvests in the north European hemisphere have turned the tide against world starvation. The report added that production still is behind world needs.

The director general mentioned only briefly, in his opening speech, the proposal to set up a world bank of clearing houses, as a means of getting surplus food from one nation to another.

Food is scarce.

Dodd said "perfection is not claimed" for recommendations as to how to meet world food needs and added:

"But the world would long ago have starved if farmers had waited for perfect tools, tools, soil and climate. Let us, the practical men, begin with what we have, and improve it in practice."

Dodd said there are two great needs confronting government:

"One of these great needs is to push forward as fast as possible toward economic development. If this is to come about food and agricultural products

Chester Bowles Asks U. S. Inspect Welfare Program

HARTFORD, Conn., Nov. 21—(AP)—Governor Chester Bowles today asked the Federal Security Agency to make a "full investigation and an appraisal of Connecticut's welfare program."

He said the program contained "serious shortcomings" which were "imposing unnecessary burdens upon Connecticut taxpayers."

The Governor's office made public a letter in which he addressed the request to Lawrence J. Branigan, regional director of the Federal Security Agency at Boston.

The Governor told Branigan he wanted to know whether "Connecticut is availing itself fully of the opportunities provided by the new law for federal sharing of administrative costs and payment of

James Cooper Joins Advertising Firm

Robert G. Hammond, president of Robert G. Hammond Associates, Inc., national advertising agency with offices in Orlando and Daytona Beach, recently announced the appointment of James H. Cooper, of this city, an account executive for Sanford and Seminole county.

Hammond said Cooper is authorized to make available to advertisers of this area the complete services of the Hammond firm, including advertising, commercial, newspaper and magazine advertising, and publicity. In Orlando the firm's offices are located at 81 East Pine Street and in Daytona Beach at 104 Bay Street.

Cooper, who is the son of Mr. and Mrs. R. F. Cooper, of Sanford, was graduated from Duke University, Durham, N. C. He also did post graduate work in the School of Journalism of the University of Iowa, at Iowa City, Iowa.

BODY FOUND
POTTSVILLE, Pa., Nov. 21—(AP)—The rapist body of an 18-month-old girl was found in a muddy field near a stream last night. Her head jammed into the mud.

Deputy Coroner L. R. Webb said the girl, Josephine Yanes, was raped and then smothered in the mud. There were teeth marks on the body.

NOT TOO DIFFICULT
NEW YORK, Nov. 21—(AP)—General Dwight D. Eisenhower said he found that "it's not too difficult to be friends with people from Washington." He does not seem to be too difficult for Army, Navy and Air officers to be friends.

"In fact," he said last night, "I should say that the friendship goes in direct proportion to the distance you are from Washington."

Youngsters will get out of school at the usual time Wednesday and won't return until Monday morning to attend the meeting.

Certificate Of Captain Of Ship Is Suspended For Year

OTTAWA, Nov. 21—(AP)—The owners and master of the cruise ship Noronic were blamed by a Federal Court of Canada judge today for the Sept. 17 flash fire that took 118 lives as the luxury vessel lay at a Toronto dock.

Judge R. L. Kellock, reporting as commissioners in the transport department's inquiry, ordered the master's certificate of Capt. William C. Taylor of Sarnia, Ont., suspended for a year. He also recommended a series of measures designed to tighten safety regulations for vessels like the Noronic.

A 30,000-word report was presented to the House of Commons following the reading by Justice Kellock of a brief court judgment suspending the captain. In the re-hearing, Kellock found the loss of life and the fire caused by a "failure" of the Canadian Steamship Lines, Ltd., the Noronic's owners, and Capt. Taylor to take adequate precautions against fire.

The justice ensured the owners and the master, saying they failed to provide proper means of detecting and fighting fires while in dock, and for getting passengers off the ship in the event of fire in port.

Acting Transport Minister C. D. Howe, presenting the report, told

Guilty Plea Submitted By Boris Malkovich

Boris Malkovich, charged with armed robbery in connection with the holdup attempt on June 4 of the Seminole Club on June 4, pleaded guilty to the charge Friday afternoon in Circuit Court after Frank Palermo, alleged driver of the getaway car, had been found guilty on the like charge.

State Attorney Murray Overstreet, who agreed not to prosecute charges of kidnapping against Malkovich, said G. W. Spencer, attorney for Malkovich, this morning. This charge was based on evidence that Malkovich, panic-stricken when a voice over an intercom speaker in the Seminole Club told him his pals Fantasia and Salvi had been shot and to give up, had blasted the bar mirror with his shotgun, and using Tampakins, a patron, as a shield, had run out of the club and escaped with his companion in a commandeered truck.

Circuit Court adjourned until 10:30 A. M. Monday, Nov. 28, when Judge M. B. Smith will pronounced sentences.

The fire started at 10:30 A. M. Eastern Standard Time. Firemen reported it under control at 12:30 P. M. although flames still raged fiercely.

Russia Is Included Among Those Asked To Intervene With Chinese Commies

WASHINGTON, Nov. 21—(AP)—The United States has appealed to 30 nations, including Russia, to intervene with the Chinese Communists in behalf of the imprisoned American consul general, Angus Ward.

The State Department announced that Secretary Acheson sent out messages Friday night asking the other governments "as a matter of urgency" to express to the Communist authorities at Peking their "concern" over the jailing of Ward and four members of his staff.

Ward and the others were jailed Oct. 24.

The State Department said that even today other American staff members at Mukden are still unable to get permission to visit Ward.

Acheson made his appeal after repeated protests to the top Chinese Communist officials, through American consular representatives at Peking, had been ignored.

There has been a mounting cry in this country for some action—including demands that the United States take action against the Communists.

The Communists have claimed that Ward and his staff members were arrested for beating a Chinese employee. The State Department denies these charges "trumped up."

In his communication to other governments, Acheson recited the circumstances leading up to the arrest of Ward. The secretary then told the other governments:

"The international practice of civilized countries for many years has recognized that consuls should be accorded all the privileges necessary for the protection of their dependents. Although consuls do not have diplomatic immunity, it has been the universal practice, because of the public and official character of their duties, to permit them and their staff freedom of movement, and in the event that any criminal charge is made, to permit them to remain at liberty on proper bail."
