Speech Delivery

Did you know that your tone of voice is the most important factor in your speaking? That at least in the commercial world...

Dr. McDowell says that every effort should be made from earliest childhood to cultivate a pleasant quality of voice in speaking. It is quite as important, she says, to develop a fine speaking voice as it is to know grammar or penmanship. In fact, it is even more important, for a poor grammarian seldom develops the antagonisms among his associates that one does who speaks with a harsh rasping voice or a soft listless tone which can be heard only with the greatest difficulty.

In correcting speech defects in children, Dr. McDowell places the greatest emphasis upon voice quality, pointing out that length of words, stress and rhythm is not the child's voice by having him recite one or more of the following, such as the following: "Argo" cars here. "Man a wit is not a what whittier than Whittier." "The men in the forest are not less important than the men in the office." "His suit showed spots of rust and dirt." "Little Tony Tittlemouse lives on a little house." "What kind of noise makes an oyster noisy noise among an oyster."

It is a habit of mine to use a certain tone of voice when I speak. I have found that this habit has helped me to be understood and to be liked. I have found that this habit has helped me to be understood and to be liked. I have found that this habit has helped me to be understood and to be liked.

FEWER PIGS GO TO MARKET

Despite continued widespread protests against skyrocketing prices of fresh pork, no prospect of immediate relief appears. Statistics on production control and on the growth's curtailment of the crop last year explain why the increase in wholesale prices which reached \$29.50 a hundred pounds in Chicago yesterday approximately 25 percent more than in 1934.

Production of hogs decreased from 21,737,000 in 1934 to 21,221,000 in 1935. This decline exceeds 200,000 above the estimate of the AAA when the control program was undertaken. Farmers who signed contracts in 1935 under AAA were expected to curtail production 12,475,000 hogs or approximately 57 percent, but the gambling effects of the drought and high feed prices made the reduction about 20 percent. The contracted production for the year was 14,000,000 hogs but against the cost of feeding has tended to curtail production more sharply.

The facts are according to Secretary Wallace that demand for pork would be paying some what more for pork if there had been no pig marketing program in 1935. Meanwhile Mr. Houshelt is telling the world what the thanks of the increased price. Farmers seem to have been most generous in their cooperation.

These facts back the warning level that some of the farmers are giving. It is a warning that some of the farmers are giving. It is a warning that some of the farmers are giving. It is a warning that some of the farmers are giving.

Religious Liberty For All Advocated By Catholic Group

K of C Conventioneers Spurred To Defense Of Individual Rights. NEW YORK, Aug. 21.—(AP)—Told at its opening session that nations which deny religious liberty and individual rights should be soundly censured, the supreme council of Knights of Columbus last night signalled in a "victory dinner" its recent membership campaign, with former Governor Alfred E. Smith as principal speaker.

The dinner, attended by 800 council members and 2,000 guests from all sections of North America followed an address by Martin H. Carmony, supreme knight of Grand Rapids, Mich., who declared that attempts by Mexican government representatives to destroy religious freedom in this country had spurred the organization to a campaign in defense of individual rights.

As in our personal relations, conditions arise to make it necessary to exclude from our friendship those whose hands are stained with blood and war, said Carmony. We should therefore be excluded from the privileges of friendship relations among nations those governments that try to stamp out religious freedom and individual rights.

I believe that this organization should represent the people of this country in their own defense. It is our duty to stand up for the rights of the individual. It is our duty to stand up for the rights of the individual. It is our duty to stand up for the rights of the individual.

I believe that this organization should represent the people of this country in their own defense. It is our duty to stand up for the rights of the individual. It is our duty to stand up for the rights of the individual. It is our duty to stand up for the rights of the individual.

and at Communism in Russia, the former governor said: "In Germany, a Jew isn't a man. In Germany, a Catholic isn't a man. The one over there that is a man is the one who has the blood of an Aryan barbarian. Continental there cannot be anything but a Jew. He works for the night. He loves his industry. It is absorbed by the state just like a drop of water when it is dropped into wine."

He also touched upon the religious problem in Mexico. "In Russia a man is not a man, state and degraded present conditions there. Russia, Germany and Mexico can continue this form of government only by the force of arms," Smith said. "They are making the millions subservient to the state by force."

OVIEDO. C. L. West and family left Sunday for Daytona Beach where they will spend about two weeks. Mrs. C. E. Croon with her two little cousins, Billy and Bobby Croon, and Mrs. Colwell of Goldensville were calling on friends in Oviedo Monday afternoon. Miss Klumbe Walright arrived from Miami for a few days' visit with relatives in Oviedo and Sanford.

Charles Lee and family left Friday for New York, where they will stay for several days. Rolland King of Sanford was a visitor in Oviedo Sunday afternoon. T. L. Long and family are getting the week at Daytona Beach. Miss Eva Cooney of Lakeland.

Miss Pauline, Allen, and Alice Mae Hall, and Miss Evelyn Walright, were in Sanford Monday evening.

## Personal

Handell Electric Co. Mr. Handell Electric Co. has received a new shipment of the latest in the line of electric appliances.

## Personal

The latest in the line of electric appliances.

## Douglas Critical Of Efforts To Spur Consumer Buying

WASHINGTON, Aug. 21.—"An unbridled increase in the use of consumer goods to an extent that would not employ even 15 percent of the workers now idle in the capital-goods industries," Douglas said today.

## Personal

During normal periods approximately 60 percent of capital investments have been made for replacement in the industrial field rather than for new facilities. There exists at present a tremendous pent-up demand for such replacements, estimated in some quarters at more than \$10,000,000,000.

## Personal

Washington, Aug. 21.—"The government should be directed to take all necessary steps to insure that all recovery efforts of the government should be directed to the very industries in which unemployment is the worst. It is in the accomplishment of this task that all recovery efforts of the government should be directed."

## Roosevelt Plans Smaller Budget As Part Of Campaign

WASHINGTON, Aug. 21.—"The President's advisers claim that Mr. Roosevelt will have enough money to do the Administration's work-called program through the election next year and that the anti-federal policy would be to sponsor the restricted budget."

## Personal

In that connection, it was authoritatively stated yesterday that Mr. Roosevelt plans to claim a balanced budget of ordinary expenditures by July 1, 1934. This will not include money for the public debt. Large sums of money are expected to be raised for relief purposes.

## Personal

# Leesburg Islanders Come Here Thursday To Appear In Double Bill With Feds

**CENTRAL FLORIDA**

DeLand	15	8	452
Leesburg	14	9	429
Cocoa	11	11	508
Sanford	5	11	327

By PETER SCHAAL.

Manager Burie Taylor's Sanford Celeryfeds late today were ready to face Manager Emil Yde's second place Leesburg Islanders in a double-header contest to be held for Municipal Park tomorrow afternoon with the first game scheduled to start at 2:30 o'clock.

The double bill was made necessary so that the Feds and Islanders could catch up with the rest of the teams in the number of games in which they have faced each other. The second game will be for seven innings.

Doc Harden and Bill Loper are the scheduled Fed hurlers for the two tilt tomorrow with Manager Taylor and Vic Neigenfind held in reserve as relief hurlers.

The Feds will present a new combination tomorrow, one that has been strengthened no end by the arrival early yesterday of Skinny MacGowan, dependable all-around player who has had a good year with the Dothan team in the Dixie Amateur League in Alabama.

The Islanders probably will face Jake Bunch in the first game and Johnnie Johnson in the night cap, although there is a possibility that Manager Yde, anxious to make up to Islanders backers for the team's 15 to 3 defeat at DeLand yesterday may take the mound in the second tilt.

The exact starting line-up for the Feds had not been announced today but there was nothing to indicate that it would be much different from that which faced the Cocoa Indians at Municipal Park yesterday where they washed out the game in the fourth inning.

Eddie Overstreet will pitch for Barnes will be an first starter. Arthur Winn or Skinny MacGowan will be on second. Charlie Johnson short, Bill Cates on third, either MacGowan or Taylor on left, Willie Marquis on center, and Davis Swindell on right.

Fed management yesterday announced the signing of the umpire-pitchers to help Harden, Neigenfind and Loper. The newbies are: Lefty Florida, Frank Jackson and Leesburg pitcher who, after making a few appearances, catch on with Sanford with the Georgia Florida League with Thomasville to roll up a record of 13 victories and six defeats through yesterday. A Jacksonville youth who has recently but who is considered not yet ready for major league assignment in the Southern Florida League will pitch Sunday in this contest.

As a result of the agreement powers to act in the absence of President Truman. Whitehead, the writer yesterday reported the protest of a 2 to 1 vote by the Land in favor of a 100,000 acre with the agreement of that the agency ordered the game played at Cocoa as the second game of a double-header tomorrow.

The decision means that DeLand loses one game in the win column of the standings and Cocoa has one game stricken from the loss column. All records of the game remain in effect as records, however.

Cocoa protested the game because Manager Barnes' trip did not arrive Umpire Dick McLaughlin as required by the rules that Lowry had replaced Hogan in the DeLand outfield.

As a further result of the decision, DeLand is only one game ahead of Leesburg in the standings and Cocoa is three and one-half games from the league lead. The Feds are nine and one-half games away from the lead with 20 games to play, seven with Leesburg, six with DeLand, and seven with Cocoa.

The Feds were on the losing end of a 7 to 1 decision when rain broke up the game yesterday, but they were in the middle of a great rally, with the bases full and two out at the time.

The Indians fell on Vic Neigenfind for five consecutive hits to drive him off the mound in the first inning and to be replaced by Bill Loper who retired the side after giving up a scratch hit and seeing a player reach first on Cates' error. Five runs came over in that inning.

After going out in order in the first, the Feds started to work on Speck Kinsey, putting him in bad holes in the second and third although he pulled out, Loper bore down and retired the side after two errors put men on as the second opened, and he breezed them by the Indians in the third.

In the fourth, and with one out, Fisher got a three-drive single through the box and went to third when Winn made a bad

throw to second to get Fisher, Smith single did fight, scoring both men. Culbreth, the batter, pulling up at second on the play, Silsby drew a walk but Edge and Norwood were easy outs.

Swindell beat out a hit toward third opening the Fed fourth. He went to second on a passed ball and, after Winn had walked, he scored on Overstreet's line drive to left center. Loper struck out and Overstreet went to second and Winn to third on a wild pitch. Kinsey continued his wild streak by hitting Robinson in the ribs, filling the bases as the rain started falling hard.

After an hour's wait, Umpire McLaughlin ordered the game called over the vehement protest of Manager Culbreth who claimed that he would never play in Sanford again.

# WILL'S FAMILY GOES WEST ON SAD MISSION

Silent in their grief the family of Will Rogers is shown in New York as preparations were made for the long trip westward to meet his body in California. Left to right: Will's daughter, Mary, who had been playing with a show in Miami; James Mrs. Rogers and another son, Will, Jr. In the rear are Frank Phillips, chief of the Reconstruction Finance Corporation, the latter, an old friend of the Rogers family, and a man from Washington to New York to meet them upon learning of the tragic airplane crash in Alaska. Associated Press Photos.

DELAND Aug. 21.—Hammering out 16 hits off a trio of Leesburg hurlers here yesterday, the DeLand Reds scored a 15 to 7 victory over the crippled Islanders to increase their lead in the second half Central Florida League pennant race.

The Islanders counted once in the third to take the lead when Ed Johnson opened with a double, moved to third on Miller's single, and scored as Barrett fled out to center.

DeLand came back in the last half of the same inning and counted twice. Thereafter the Reds were never behind. Bill Cates retired in the fifth when the Reds got to the delivery and he hit center. Kinsey's approach was driven to the showers and Johnson took a one out to partially halt the onslaught. Charlie Ahl hit the south inning and got by a third a hit being registered off the delivery.

Left Loper who hurled his second game in three days for the Reds gave up nine safeties but only a few came in the ninth inning after he had waded up.

Bill Cates made a hitting play in the eighth by leading off with a safety and a triple. The game was over when Miller topped the lead manager with three safeties in the ninth.

Italian Spokesman Sees World War If Suez Canal Closed

(Continued From Page One)

military establishments, particularly the Fiat, Savoie-Marchetti and Breda aircraft works, are working under high pressure, day and night, around the clock.

The high official's voice rang defiantly as he snapped out the remark about the Suez Canal. He expressed not only the highest official view, but apparently the national sentiment as well. He added:

"We cannot conceive the idea that Britain or the League are so mad as to precipitate war—and that's what the closing of the Suez Canal would mean—to prevent Italy from pursuing and attaining what the whole nation considers our just rights in Ethiopia. All we ask of Britain and the League is to keep hands off and not meddle in our affairs. Fascist Italy will not stand for Britain's or the League's dictation as to what we may or may not do. Neither the League nor Brit-

tain interfered with Japan or China nor did they interfere in the China war between Russia and Paraguay. Why pick on Italy?"

## TV Measure Put In Hands Of President

### Another "Must" Bill Whisked Through Congress As Solons Rush Adjournment

WASHINGTON, Aug. 22.—(AP)—The Senate today passed a bill to put the TVA in the hands of the President.

Only the President's signature—regarded as a guarantee—was required to start the TVA.

The bill was designed primarily to give TVA specific congressional approval to all other projects.

Chairman McSwain said the TVA directors believed that within a year TVA could be supplying 10 percent of the power and requirements of the nation's farmers at half the present cost.

However, he said TVA could (Continued on Page Three)
