

New Breed of Doctors Dedicated To Improving Quality Of Care

EDITOR'S NOTE—The medical profession has always been dedicated to the delivery of medical care in America. "Almost all the medical students are aware of the problems and want to do something about them," said Dr. Alexander Leaf, chief of medical services at Massachusetts General Hospital in Boston. "Last spring, I surveyed 42 interns and residents. None of them wanted to go into private practice and wanted to develop group practices."

"I don't intend to practice the traditional methods of medicine," said Dr. Ramsey, who in 1967 received a government-funded fellowship to study at the Massachusetts General Hospital in Boston. "Last spring, I surveyed 42 interns and residents. None of them wanted to go into private practice and wanted to develop group practices."

Access Outlined On Osteen Span

A new Osteen bridge came one step closer to reality yesterday and Seminole County may be getting more than it originally bargained for. At a meeting with the Seminole County Commissioners yesterday afternoon, Al Frame, Design Engineer for the State Department of Transportation (DOT) and Al Cometti, Assistant Location Engineer for the DOT, revealed a new access road from SR 46 East of Cameron Avenue to the new bridge will be constructed. It will serve as the primary access road to the new bridge and that SR 416 will be realigned so as to meet the new access road at a right angle immediately south of the bridge, according to preliminary plans. The construction of the access road was not in the five-year program of the DOT previously. The access road eventually will form part of Pineway bypass from the Osteen bridge down east of Sanford and then turning west and meeting Lake Mary Boulevard. According to Cometti, the new bridge tentatively will have 25-foot clearance and the middle span will be constructed in such a way that when the St. Johns River Canal is connected it may be removed and replaced with a draw span.

When queried by Commission Chairman John Alexander concerning visibility at the point where the realigned SR 416 meets the bridge approach, Cometti assured him that the approach grade could be only three per cent and would allow for maximum visibility. The bridge will be constructed so it crosses the St. Johns River at a 45-degree angle to get maximum elevation of the bridge and a 120-foot approach, eave-way is called for in the preliminary plans.

Prescribed By Doctors Certain Students On Drugs

By RILL SCOTT

Some Seminole County children are under the influence of drugs while attending classes.

This was disclosed at last night's school Board meeting by school psychologist, Bruce Holliman, who explained the drugs were prescribed by pediatricians for certain hyperactive elementary pupils who would literally "climb the walls" unless given the medication.

Holliman stated that the board session after Pat Bule, board member, advised news media be intended to ask for an investigation to determine if drugs are being given county students.

The psychologist stated the schools never prescribed or administered the drugs but did recommend to parents of hyperactive pupils that they consult a pediatrician concerning their child's lack of control over their movements while in class.

Holliman stated that parents administer the drugs to children after a doctor has looked into the particular case and decided that medication was needed to calm the child into a desired behavior pattern.

NOT CONTINGENT

"Placement in school is not contingent on medication," Holliman informed.

Bule, obviously concerned, asked Holliman why the disturbed students were not asked to consult a psychologist instead of a pediatrician and the psychologist explained that when a child appears to be physically rather than emotionally impaired the medical doctor is recommended.

Holliman said some children climb on tops of tables unless they receive medication and he stressed that some students going to Head Start classes are particularly hyperactive.

He informed that these same children have been able to learn to read since they were placed on medication.

ATTORNEY CONCERNED

Douglas Steinstrom, school board attorney, concerned with possible legal complications, questioned Holliman and brought out that the schools do not prescribe, administer or

pay for any medication or drugs for the affected youngsters.

Concerning the dissemination of drug laws and information to county school students, Bule recommended the board call the help of the state attorney or sheriff in this purpose, so students would not be branded as felons, if they are arrested for being with a violator.

John Evans, board chairman, reminded Bule that "you can't get in trouble, if you are not there" meaning if students are not in a place with violators, they wouldn't be subjected to arrest.

Finally, after more discussion, asked Supr. John Angel to talk to Sheriff Polk about the situation.

County's Secondary Road Plans Given Setback By State Bureau

By LARRY NEELY

The secondary road program for Seminole County has appeared to receive its first setback.

County Commissioner Robert Parker revealed at a meeting yesterday afternoon between the County Commissioners and representatives of the State Department of Transportation (DOT) that the DOT is going to make the county acquire the remaining rights-of-way for SR 416 between 14 and the Orange County line.

The commissioners had previously anticipated obtaining only the rights-of-way necessary to complete the work already started on the 4 1/2 mile from the Orange County line east that was necessary to complete the portion being repaired and widened from U.S. 441 and the county line which by necessity extends into Seminole County 4 1/2 miles to a reasonable stopping point.

\$40,000 Was Included

In the resolution authorizing the expenditure by the DOT of the secondary road funds passed last Tuesday by the County

Commissioners the amount of \$40,000 was included for the purchase of the rights-of-way for the 4 1/2-mile section now being re-done and contained no allowance for the remaining rights-of-way between 14 to a point 4 1/2 miles east of the county line.

Parker stated that the latest estimates cite approximately \$60,000 as the amount needed to obtain the rights-of-way for the entire distance. The Commissioners had previously anticipated a figure of only half that amount.

But \$500,000 Needed

Since the \$500,000 will have to come out of the funds allotted for the county's secondary road program for next year, the Commissioners will be meeting with a representative of the DOT to determine where the money will come from and which projects, if any, will have to be deleted from the coming year's program.

Prior to the apparent setback, according to Parker, Seminole County was in the best shape it had been in in years. The Commissioners are expected to discuss the possibilities of floating a bond issue to keep the secondary road plan on schedule.

Board Delays Decision Until Next Session School Policy Changes Are Considered

School Board last night took under consideration several proposed school policy changes affecting yearly averages of students, graduation for part time students, correspondence work, and length of school working day.

In line with policy requirements, the board withheld approval until the next session on such items as: Determining yearly averages; secondary correspondence work; and attendance by averaging the grades at the end of each of four nine-week grading periods with the final examination, subject to senior high school with nine units toward graduation but is

2 Juveniles Arrested On Burglary Charges

County Detective George Abby yesterday arrested two juveniles, ages 15-16, on breaking and entering charges.

The detective stated the pair are accused of taking a child's bank containing \$35 from the Denise Rottenberg home at 10215 Durango Way in Forest City's Oakland Hills subdivision.

James Adrian Cotton of South Seminole has been arrested on two grand larceny charges. On warrants taken by Brenda Cotton, his niece, Cotton is alleged to have taken two \$1,000 U.S. Treasury notes, according to information from the office of Peace Justice Thomas Lovett.

He is being held on a total \$5,000 bond at the county jail. County authorities reported two incidents of homes being burglarized last night.

The Judy Kruger home on West Lake Brantly Road at Forest City was entered and

SANFORD HERALD "Angels" to the number of 100 per cent contributed their "fair share" to the United Fund drive. Pictured with the co-chairmen, Gilbert Blake (left) and James DeGanahl is The Herald's society editor and UF chairman, Doris Williams.

UF Drive At \$20,000

By CHARNER LEONE

The United Fund campaign to raise \$60,000 to fund in local agencies in Seminole County has reached the one-third mark! New money, reported at a meeting of the UF workers and the Sanford-Seminole Jaycees Thursday, brought the total to \$19,924.44.

A pilot firm, Florida Power and Light Company, reported \$2,637.40 of this amount. This represents \$500 from the firm, \$995.40 from the service department, through the support of the International Brotherhood of Electrical Workers (100 per cent) and \$1,142 from the management and local office employees.

The employees of The Sanford Herald, another pilot firm, reported 100 per cent participation, with \$984.80.

The Seaboard Coast Line Railroad Company presented a firm gift of \$200 and a partial report from the employees of \$677.

Other division reports of new money include: Financial, \$670; commercial, including \$185 from the homes in the Lake Mary area; \$966.50; schools, with Lakeview Middle School reporting at 100 per cent, \$68.55; and the Distributive Education Club reporting \$18 from their members for 100 per cent; county employees, \$177.50; retired, clubs, and special gifts, \$745; and professional, \$1,186, with \$800 of that amount reported by G. Andrew Speer, chairman of the lawyers' division.

Some Value In Pain

FIRST UNITED METHODIST CHURCH
By REV. JULIUS C. BYERS

At one time or another, each of us will come home some night and be confronted by two uninvited guests: suffering and pain. Fifty years ago Oscar Wilde said, "There is enough suffering in one London street to deny the existence of God." To be sure, it is hard at times to reconcile the Love of God with the suffering and pain that are so near our finger tips. There are those who think that being Christian is a guarantee of protection against suffering and pain. But if we remember, even our Lord suffered upon a cross. And also said, "It shall pain upon the just and the unjust alike."

Many of us, I expect, take a somewhat fatalistic attitude toward suffering. When death or suffering comes our way, we say "It's God's will"—regardless of the cause of the suffering. If suffering and pain are the will of God, then God is not a God of just God.

Good? I do not believe the most important question in our hearts is, "Why do I suffer?" Instead, it is, "How can I get through or endure my suffering?" But the Christian must do more than just endure his suffering; he must ask himself how he can meet his suffering and pain creatively and use them in the service of God.

It's a marvelous thing to watch a person creatively meet suffering and pain. In my last pastorate, I remember vividly a woman who did just this. Tragedy came to her in the birth of a child who, according to the doctors, would never develop physically or mentally. Naturally, there was great sorrow in her heart. But instead of becoming bitter or blaming God, she began to pray for God's help in knowing how to provide for her child and in knowing how her experience might aid her in comforting and understanding others in like situations.

Following are some guidelines which may point the way toward a more creative approach to suffering:

Believe you will find some values in pain.
Recognize in suffering a key to the unlocking of your inner and greater self.
Keep busy—within the limits of your strength.
Pray constantly for yourself and for others. Your dearest friend is God.

Release yourself from the bonds of fear, worry, and tension, and confidently place yourself within the shelter of His "reversing arms." Let His healing spirit move through your body and mind.

Churches Seeking Financial Pledges

By LOUIS CASSELLS
UPI Religion Writer

This is "every member canvass" season—the time when churches across the nation seek financial pledges to support their work during the coming year.

Unless the results are a lot better than they were last fall, many churches are going to be in serious trouble.

In most of the major denominations, giving has leveled off or declined during the past year. With inflation driving up costs at a rate of 5 to 6 percent a year, even a leveling off means a reduction in church programs of ministry, education and service.

Foreign missions have been particularly hard hit. The United Presbyterian Church, whose 23 million members probably have the highest average income of any religious body in the world, had to slash its support of overseas work from \$15 million in 1969 to \$14 million in 1970. The cut would have been even steeper had not the church tapped its reserve funds for \$2.5 million.

Reserves Never were Large
"We can't keep that up," warned the Rev. Dr. Theophilus M. Taylor, secretary of the denomination's general council. "These reserves, which have been accumulated over long periods of time as a buffer against emergencies, never were very large and now will be exhausted."

The same kind of pinch is being felt all the way from the local congregation to the national level—in many other leading denominations, including the United Methodist Church, Episcopal Church, American Baptist Church, Lutheran Church in America, and Presbyterian Church in the United States.

Many factors seem to be involved in the decline in giving.

Inflation has put a severe squeeze on millions of middle income family budgets—and giving to the church is a painless place to economize.

Pledge Cutting Is Protest
Some pledge-cutter justify their giving strike as a protest against social activism by the church, although out of every dollar given to churches, less than one half of one cent goes into social programs.

Still another factor is increasing competition for the giver's dollar. Some people who used to give generously to churches are now diverting a major portion of their annual giving to educational institutions, health agencies, or health programs.

The most important factor, perhaps, is a "widespread public impression that churches are rolling in wealth and don't need any more money, which is pure nonsense."

Possibly it's time for American churches to ask themselves: Do we really want to dispense with the church as a community institution? If not, are we going to have to start supporting our churches a little more adequately.

DERRY PLUMLEY plans to be one of those "demonstrating" Sunday when Casselbury Community United Methodist Church rallies for "Show Your Faith Day." The church will also be celebrating its 24th birthday. (Kathy Nilback Photo)

Anniversary Celebration Slated

Community United Methodist Church of Casselbury will be celebrating its 24th anniversary of the founding of the church Sunday, Oct. 11. Members and friends are invited to a "Show Your Faith" and stand up and be counted Sunday as Christians who want to make "Good News" in the community.

Goals are for the Sunday School 407 and the morning worship 914. Goal for the offering is \$5,127.14. At 9:30 a. m. the adult classes will meet in fellowship hall for coffee and doughnuts. Guest speaker will be Oscar McDaniel, of First United Methodist Church, Orlando, a prominent layman in the district and certified lay speaker.

Special assemblies will be held at 8:45 a. m. for the elementary department in Weaver Hall and for the youth department in the chapel. The college and career class will conduct the program for the youth.

Chair Director John Idings is planning to have a 100-voice choir for the 11 a. m. worship service.

Charter members of the church will be recognized during the service and Rev. William Pickett will preach on "Christians, Show Your Faith Now!" There will be a covered dish dinner at 12:30 p. m. following the service.

At the evening service at 7:30 p. m., a color film, on the life of John Wesley, founder of Methodism, will be shown.

Fall Festival Success, Catholic Women Told

Annual fall festival held last weekend was a success, Mrs. Marie Rotas, president, informed the All Souls Catholic Women's Club.

Mrs. Nellie Daehn, membership chairman, announced the following new members: Mrs. Daniel J. Crouse, Mrs. Glenn Craig, Mrs. Mary J. Richey, Mrs. Agnes Ulliana, Mrs. Fran Rowland, and the following re-latestations to membership.

Special assemblies will be held on Tuesday at the Ramada Inn East in Orlando. The theme of this meeting will be "Prayer and Education," with Sister Gladys Wingfield, P.E.U.M., principal of St. Michael's School in New York City, as principal speaker.

Mrs. Sara Easterby was named chairman of the spring card party to be held in March. The president announced the appointment of Mrs. J. J. Siczowski as public relations chairman for the group. Mrs. George DeMatteo was elected to fill the office of recording secretary. Mrs. Frank Janz resigned the office.

Missionary Is Speaker In Oviedo

By LIZ MATHEUX
The Women's Society of Christian Service of the First United Methodist Church of Oviedo held their monthly meeting at Fellowship Hall on Monday night.

Miss Vera Huhlfeld, missionary nurse from Ganta Mission and hospital in Liberia, Africa, was introduced by Mrs. John Evans, program chairman. She presented a most interesting and informative talk on her work and gave character sketches of several young people who had been students and nurses at the mission; many of whom are on scholarships from mission funds. Miss Huhlfeld was accompanied by her partner, Dr. and Mrs. William Huhlfeld, who are retired missionaries and who have served in the Methodist Mission field for more than 40 years.

After the program, Mrs. J. M. Staley, president, conducted a special business meeting. A love-offering was taken for Mrs. Huhlfeld.

Circle 1 served as host to the group and served a delightful fruit punch accompanied by assorted cakes. The serving table featured a bright arrangement of beautiful pink roses.

Following the refreshments, the devotionals was given by Mrs. R. W. Estes. Miss Jeanette Ogg sang a solo and led the group in singing a hymn.

500 Attend E. Estates PTA Meeting

The English Estates School Parent Teacher Association met Tuesday night presided over by First Vice President Alvera Armour due to the illness of Mrs. Milie Urbanski, president. Members of the school safety patrol formed the color guard. There was standing room only with approximately 500 in attendance.

Members of the board and new teachers were introduced. An open house was held to give the teachers an opportunity to discuss the school program with the parents.

Fund raising projects for the year discussed were Saturday movies, a carnival and book fair in November, and a Spring opera. Lou Caspouse will be chairman of the carnival.

First grade mothers were hostesses and served refreshments.

Quartet Scheduled

By MARYANN MILES
The King's Herald Quartet will be appearing at the Forest Lake Seventh-day Adventist Church in Forest City on Sunday at 7:30 p. m. They will be singing sacred and secular songs. This concert is being sponsored by the Adventist Youth in Action, headed by Pastor Russell Aldridge.

The AYA is primarily working with the age group from 15-30 in spiritual and recreational programs, meeting each Friday night at 2309 Bedford Road in Orlando. Pastor Aldridge is youth co-ordinator for the greater Orlando area.

County OKs Rezoning 3 Parcels, Nixes

By MARION BETHIA
County Commissioners, at public hearings, approved the rezoning of three parcels of land and rejected one.

A request for rezoning from A-1 to RM-3 travel trailer park at Sanford Farms was approved. William Hutchison, representing the applicant, William H. Inmor, said that this was the first application under the county's new regulations. He cited the area as having esthetic qualities, with 30 acres for potential development. He continued that the developer is not trying to promote a "Jellystone Park" but that location is an important factor.

County Planner David Farr was opposed to the rezoning on the basis of it being two miles from A-1, having a 20 foot wide pavement which is in bad condition, and that the traffic generated by the campsite would conflict with that generated by the Port Authority.

Hutchison countered that there were only a minimal amount of cars per day, and that while he had great respect for Farr as a planner, I don't know how good an engineer he is. Hutchison read a letter from County Engineer William Bush in which he stated that it was improbable that the traffic generated would exceed the capacity of the road to handle. Hutchison continued, "I hope that there will be enough truck traffic to the port in my lifetime."

Commissioner Sid Vihlen Jr. told the board that he had surveyed the area, and that it was 1.7 miles from the interstate. He went on to say that although the road is narrow, it had been spoken with residents of the area who supported the project and were "not alarmed over Farr's comments." Vihlen said the rezoning would be the highest and best use of the land and moved for its acceptance.

Also approved was rezoning of from R-2 to R-3 property north of the county road department and west of U.S. 1740. Applicant John Walker, of Development Company, said that a complex of 80 units would be built and would utilize the utilities of the City of Sanford.

Commissioner Greg Drummond said that he was opposed to the rezoning on the basis that it did not conform to tri-county planning, and east the only planning vote.

Recommended by county Planning and Zoning and approved by the commission was a request for rezoning from A-1 to R-1A and R-1AA on property at Lovellwood-Markham Road and the overcross of I-4, by Greater Construction Co. Lester Mandell appeared to represent the applicant. He stated that engineering studies were finalized relative to drainage. Only opposition was from an adjacent resident, one Epperson. Farr said that the rezoning was in keeping with the county's comprehensive zoning plan.

REJECTED DENIED
Denied by the board was a request by David Meadows for rezoning from A-1 to R-1A and R-1AA to R-2 on the south side of Spartan Road. Don Walker appeared representing the applicant and said that it was proposed to break the property into lots to erect duplexes costing \$10,000 each. He stated that the total investment would be \$400,000. He went on to say that Planning and Zoning only objected to the rezoning because only access was from Spartan drive, but contended that no one would want to erect a single family residence up onto U.S. 1740.

Don King, a resident of Spartan Drive, said that area residents objected to the rezoning because of the narrowness of the cul de sac as well as the rezoning creating a traffic problem with Spartan Road access. In that this is the only outlet to the Donnerich Hill and English Estates. He contended that the apartments were unnecessary since "we have apartments so COMPLEX UNIT."

Meadows appeared in rebuttal and said that the lots would be 12,000 feet instead of the 8,000 required by the county and had 80 foot frontage with a depth of 160 feet. He contended that the number of cars would not be excessive and would amount to less than one and one-half per duplex. Cost of rental was cited as \$189-200 monthly. Commissioner Alexander objected to the length of the cul de sac and the traffic and went on to say that it was poor planning.

Meadows said the object of the rezoning should be to take land and turn it into income and cited steps taken by Orange County, Alexander shot back, "In all decisions on the way they do things in Orange, you can't show me anything that applies here." Following this remark one spectator in the room broke into several fits of laughter, rapped for order and said, "I'm not running a popularity contest."

He continued that the county's business is to develop land which met basic standards, which this property did not.

Holy Cross Bazaar Set
By CHARNER LEONE
A highlight of the pre-Christmas season for Seminole County, the Holy Cross Episcopal Church's Christmas Bazaar, is well into the planning and working stages now. And over 250 members are making every attempt to make this the best Christmas Bazaar they have ever produced!

The Bazaar, which has quick become a favorite tradition for many area residents, is produced to raise funds for use in the church, the community, and in fact, around the world.

This year November 12, 10 a.m. to 6 p.m., is the date and time.

In an attempt to break last year's record in attendance and in providing a wholesome day of entertainment, Mrs. Harold Chapman and Mrs. Earl Lee, co-chairmen for the event, are faced with no small task.

The focal point of the Bazaar will again be the hot lunch which will be served from 11:30 to 1:30 p.m. Tickets may be purchased at the door or from the Episcopal Church Woman.

E. B. Stowe, the noted artist, is painting a picture especially for the event. Some fortunate person who attends the Bazaar will take that picture home.

Booths will include the hand work of many of the women of the church, as well as a "Tasty Treat" booth, baked goods booth and the popular white equipment booth.

Laymen's Day To Be Observed
On Sunday, Oct. 11, First United Methodist Church will join with other Protestant Christians in observing Laymen's Day to reaffirm their common faith in Christ. Dr. Earl Weldon, president of Seminole Junior College, will speak at the 8:30 a.m. service which will be led by John Carl. Ashley Jones will speak at the 11 a.m. worship service with Ralph Gowan leading the service.

In many other services and at many others, laymen will proclaim their beliefs and share their common faith, which is the most important part of the witness to others in the way they live. It is their belief that the day is long past when Christians can leave everything to the minister in the area of evangelistic leadership. Laymen's Day is not intended to be an exercise in proving that laymen can fill a pulpit. It is a time when laymen may share their deep abiding faith with their own or another congregation.

Ravenna Park Baptist Church Call Accepted

Rev. John E. Sassaman has accepted the pastorate of Ravenna Park Baptist Church, 2743 Country Club Road, Rev. and Mrs. Sassaman reside at Elkcom Boulevard in Deltona.

He received his B.A. degree from Marshall University in Huntington, W. Va., and his master's degree from the University of Georgia. He also received diplomas from the Pennsylvania Bible Institute and Columbia Bible College in South Carolina.

He furthered his seminary studies at the Southern Baptist Theological Seminary in New Orleans. While there, organizing activities in the Virginia Baptist Church in Plaquemine Parish. In addition he has held pastorates in Virginia, Pennsylvania, Alabama, and North Carolina.

Rev. Sassaman was ordained at Ridgecrest, N. C., in 1939. He had a radio gospel program while serving the Stuartville Church in Roanoke, Va. He traveled extensively in revival meetings with B. L. Rankin and the Cord Tabernacle in Indianapolis.

He has taught school, coached football and held administrative offices in various high schools in the Mid-Atlantic States.

He is married to the former Frances Ritchie, of Collinsdale, Pa., and they are the parents of two children, a son and a daughter.

Mission Program Planned

Rev. and Mrs. Samuel E. Heap, Guatemala missionaries, will be guest speakers at the Longwood Church of The Nazarenes today at 7:30 p.m.

This will be the Heaps' fifth furthling since arriving on the mission field in 1940.

Rev. Heap was engaged in pastoral and evangelistic duties in Colombia, South America until 1954, then in Lima, Peru until 1961 and has continued the work in Guatemala until 1962.

A presentation of the story of the organization, growth, and work of the churches in Guatemala will be included in the missionary services. Curious and slide pictures will also be shown.

Rev. Heap graduated from Emmanuel Bible School in Bicester, England, in 1939 and was in the pastoral and evangelistic work prior to his mission assignment.

The Heaps are the parents of one daughter, Christine, 25 and two sons, Stephen, 23 and Philip, 18. They will make their home in Botany, Okla.

COMMUNITY UNITED METHODIST CHURCH, Casselbury, W.C.S.W. will hear about the trials and tribulations of a missionary family in Guatemala from Mrs. John Lemen, chairman of mission education at the meeting Wednesday at 10:30 a. m. in fellowship hall. Rebekah Circle will host the sack luncheon that follows.

NORTHSIDE CHRISTIAN CHURCH'S pastor, J. Frank McKinney announces the following schedule for October. Deacon's business meeting, 7:30, Oct. 13; Seekers Class meeting, 7:30 p. m., Oct. 16; talent night at worship service, Oct. 18; Lamplighters Class meeting, 5:30 p. m., Oct. 22; Sunshine

ROLLING HILLS MORAVIAN CHURCH board members will join with Florida Christian Churches at the Holiday Inn in Fort Pierce Saturday 10:30 a.m. Sunday, the church will celebrate the third anniversary. Special guest will be Dr. Clayton Persson, president of the Provincial Elders Conference. The youth holiday will also be dedicated, Tuesday at 7:30 p.m., the evening circle will meet at the church. Mrs. John Flaeger is leader, Wednesday, at 1:30 p.m., the afternoon circle meets. Mrs. Fred Fruehan is leader. At 7:30 p.m., Wednesday, the board of trustees will meet and a special meeting for all Sunday School teachers and Christian Education workers will meet with Rev. William McElroy, secretary of the board of Christian Education and Evangelism of the Moravian Church.

FOREST LAKE SEVENTH-DAY ADVENTIST CHURCH will be among the 5,300 sister Adventist Churches donating to the "Voice of Prophecy," an international broadcast agency of their denomination Saturday, Dr. Harold M. E. Richards began this program in 1959 when radio was still young.

FIRST PRESBYTERIAN CHURCH of Sanford will hold a congregational meeting Sunday, Oct. 18, at the beginning of the 11 a.m. service for the election of church officers. Clothing drive of the Women of the Church is being conducted during October. Boxes are in fellowship hall to receive good, clean clothing. Pioneer Fellowship officers elected include: Ernie Elsen, president; Cindy Mayfield, secretary; Tom Hollingsworth, secretary; and Jerry Parker, treasurer.

ASCENSION LUTHERAN CHURCH Ladies Guild of Casselbury will hold a rummage sale Saturday starting at 8:30 a.m. at the church.

HOLY CROSS EPISCOPAL CHURCH rector, Rev. Leroy D. Soper will be attending the General Convention of the Episcopal Church, which begins Sunday in Houston. Week-day services are cancelled during weeks of Oct. 11 and 18 due to his absence.

Mrs. Richard White of Winter Park will speak on spiritual healing at the fall luncheon of the Episcopal Church, which is at noon Monday in the Parish Hall. It will be a covered dish affair.

ST. ANDREWS PRESBYTERIAN CHURCH of Bear Lake will be having a congregational meeting Sunday for the purpose of electing officers for the coming year. Nominations for elder are Nancy Joyce, Lee Patrick, Emily Tinsley, and Ray Walton; deacon, Arthur Libena, Bert Norris, Ruth Bickmann and Jim Ridgewell. Three elders and two deacons will be nominated from the floor.

FOREST CITY BAPTIST CHURCH Brotherhood Sunday fast will be held every Sunday morning at 7:30 due to a special response. A chili supper is being planned for Oct. 23 with a guest missionary as speaker.

GRACE UNITED METHODIST CHURCH U.M.F.W. will sponsor a car wash 2-5 p.m., Oct. 19 at the Shell Station at 25th and Park.

REV. AND MRS. HUGH HAMILTON were greeted Sunday morning at St. Andrews Presbyterian Church of Bear Lake as Rev. Hamilton, a retired minister, from St. Andrews Presbyterian Church of Jacksonville, will be filling the pulpit here, until a full-time minister is appointed. Greeting them are Jerry Lambert (left), church deacon, and Jack Gettings, an elder.

LUTHERAN CHURCH OF REDEEMER Ladies Aid will hold a rummage sale at the Fellowship Hall, Oct. 15-17, 9 a.m. to 6 p.m. The location is 105 W. 25th Place.

Editorial Comment

High Court Confirms Public's Right To Know

Floridians can breathe a little easier today with the knowledge that the Florida Supreme Court has handed down a landmark decision which practically rules out secret meetings of government.

The case which produced the decision was a suit by the Miami Beach Sun which sought to open Miami Beach Council meetings and had been rebuffed. Gerry Levin, a Sun reporter, had been cited for disorderly conduct for not leaving a secret meeting.

Not now! The court noted that the genesis of the common law acceptance of the need for private sessions had roots far back in English history where the king was kept out of Parliamentary meetings to provide more freedom for the MPs.

Under this new landmark ruling there is no need for a quorum to be present. Meetings which lack a quorum and which are held privately without permission would be in violation.

Plant A Tree

What can the individual do to combat air and water pollution and to prevent erosion and the clogging of streams?

Plant a tree is what. Not only is this more popular with nurserymen and those concerned with the sale of agricultural products, but it makes sense. Smoke from industry and motor vehicles is the primary pollutant of air today.

Planting on trees also filters odors out of the air and reduces the dust problem, releases moisture that cools the air and washes it. A tree's extensive root system traps topsoil and keeps it from washing or blowing away.

In the name of progress and to improve traffic patterns, more and more authorities are removing beneficial trees from the landscape.

Uncle Sam, Bookie

It's being argued that if the federal government could run off-track horse race betting, it would deprive the underworld of a multi-million-dollar annual take and provide money for antipolice programs.

Carl M. Loeb, Jr., president of the National Council on Crime and Delinquency, has told a House committee that the federal government could run off-track betting parlors so much more cheaply than gangsters that it could use millions of dollars for antipolice work and still make the odds so attractive that gangsters would find illegal bookmaking, doping horses and bribing jockeys unprofitable.

Uncle Sam in the role of bookie somehow doesn't sound appealing. And if the government could run betting parlors cheaper than the gangster-experts who run them now, it would be the first time Washington ever ran any business operation more economically than private enterprise, even if illegal, can run it.

Domestic Comment

Saigon Mess Stymies Peace

By RAY CHOMLEY NEA Washington Correspondent WASHINGTON (NEA) — However optimistic President Nixon may be about the military situation in Vietnam, internal political and economic problems in Saigon could turn the whole situation sour—and give the Communists the edge.

These problems require quick, decisive action. Rapid inflation is eroding the confidence of the very people on whom the Saigon government must depend for day-to-day operations and support in the cities—government, and give the Communists the edge.

The Lighter Side

Reducing Boosts Paperwork

By DICK WEST WASHINGTON (UPI) — More bad news, folks: The government has started another campaign to reduce federal paperwork.

Man and boy, I have been witness to about 12 of these anti-paperwork drives. During whatever time the volume of federal forms, reports and interoffice memos has increased by leaps and bounds.

Political Notebook

Teddy Is Off And Running!

By BRUCE BLOSSAT NEA Washington Correspondent

BOSTON (NEA) — Sen. Edward M. Kennedy, his failed campaign magic unpaired, is running for reelection in Massachusetts as intensely as he had in 1972 presidential bid in mind. But he does not, and friends say it's just that Kennedy doesn't know how else to run.

The second day I traveled with him we made 20 campaign stops in western Massachusetts, and had about five under the belt before we had a decent breakfast. The day before, opening the "fall foliage festival" in the Berkshires, he marched two hours in a drenching rain in a North Adams parade.

This latter sort of thing seems necessary in New England to prove one's manhood, and the evidence is it pays off. A woman spotting him among the soggy marshes shouted, "Look at him, no hat, no umbrella, he's got my vote!"

Don Oakley Says:

Meeting Points?

By DON OAKLEY NEA Editor

There can be no peace in the Middle East until the question of the Palestinian refugees is solved.

That is like saying that elephants have trunks. Yes, in the manner of the legendary blind men who tried to identify an elephant, the world's leaders have for two decades been groping around the Middle East puzzle, variously describing it as a tree trunk, a rope, etc.

Now the second—and revolutionary—question of Palestinian has literally exploded onto the scene, shoving every other consideration in the Arab-Israeli rivalry into relative unimportance.

The situation is more and more resolvable France before Dr. Genie. There is such a confusion of political groups—without basic strength in the present—that it is difficult to see where national political stability is to come from as the nation attempts to move toward peace.

There are things that Nixon can do to help remedy these problems but he must do them quickly.

The Warren Commission, for example, dispelled all controversy about President Kennedy's assassination, and more recent commissions have brought about national unity on such issues as campus unrest and pornography. Yes, the President Nixon was not to appoint a commission on paperwork, I'm sure it would accomplish something equally useful, but I can even foresee the form that the commission's report would take.

tragedy in which a girl secretly lost her life as he drove his car off a rickety bridge in pitch dark.

The "conventional thinking" among all those with some pretense to expertise is that he ought to rack up 55 to 60 per cent of the vote against his attractive, low-key Republican opponent, Josiah Spaulding, a Boston lawyer. I found one or two daring enough to suggest Kennedy might go higher.

The trouble with being a Kennedy is that you have to run against the best thing you have ever done. And the irony in his campaign history is that this man who runs from dawn to midnight got his greatest vote, a 1.2 million margin and 72 per cent of the total, in a year (1964) when he was immobilized by a broken back and costly campaign.

BERRY'S WORLD

Israel has offered financial compensation to every Arab dispossessed in 1948. Let the Arab states decide among themselves how many there are.

Back at the Boston office (frenzied by a skiff picture display), strategists oversee his expert TV output, prepare speeches (at 38 he sounds knowledgeable on most issues), tell you the 26 per cent of 1970 primary voters who passed by his name signify on "Chappaquiddick referendum" because 21 per cent blanked him in his great 1964 and 28 per cent blanked Jack Kennedy in his big 1968.

The agreeable St. Spaulding, sounding like Ted in antiwar and anti-ABM stands, struggles to seem different and puts hope in the blanks. Maybe he went to Israel for a week to escape the whirlwind.

It is ridiculous, he says, to argue over who owns Palestine.

It is exclusive consideration is given to priority and longevity of claim, the land is Jewish.

The only real "owners" are the ancient Canaanites who, fortunately, are no longer around to put in a third claim. Arabs and Jews, therefore, are obligated to work out some sensible system of occupancy that will be fair to both.

The Friendly Season

By: Fred Van Pelt

Official Hanoi Reply Awaited By Nixon

By FRANCES LEWINE KEY BISCAYNE, Fla. (AP) — President Nixon says he has made some new, flexible peace proposals that open the way for the North Vietnamese to make new proposals, in return.

"If they do," he said, "we can make progress." "That is the way we are going to play it," Nixon said.

The President said he hoped Hanoi would take the proposals "as seriously as we intend them." He said he is not discouraged by initial rejections.

Nixon said his five-point plan included "some new proposals," including an offer of "total withdrawal of all our forces, something we have never offered before, if we have mutual withdrawal on the other side."

Inspector General Post Eyed

By JIM PURKS Associated Press Writer TALLAHASSEE, Fla. (AP) — Florida's 1971 Legislature may be requested to create an office of inspector general, responsible for keeping tabs on conditions in the state's penal institutions, Sen. Louis De La Parte says.

De La Parte said such an official could look into all complaints.

He said the official would conduct "some sort of inspector general type of operation somewhere within the Department of Health and Rehabilitative Services so that where there is a complaint about the operation of any of our institutions we can remove from the investigatory role as much as we possibly can those who have been accused of wrongdoing."

"We can come up with an ongoing function of investigating facility complaints by an arm of government that's going to call it the way it is," De La Parte said.

De La Parte is chairman of the Senate Committee on Health, Welfare and Institutions.

Critics have been concentrated recently on the hospital at Ralston State Prison.

'California Plan' Repeal Pondered

TALLAHASSEE, Fla. (AP) — With a moratorium on auto insurance rates likely to be enacted, the key question facing today's special legislative session was whether there were enough votes to repeal the so-called California Plan.

It would take a two-thirds vote to pass the bill to repeal the California Plan, a system widely criticized for allowing two big increases in as many years — since it was not included in Gov. Claude Kirk's special session call.

Inspector General Post Eyed

By JIM PURKS Associated Press Writer TALLAHASSEE, Fla. (AP) — Florida's 1971 Legislature may be requested to create an office of inspector general, responsible for keeping tabs on conditions in the state's penal institutions, Sen. Louis De La Parte says.

E. THOM RUMBERGER, former Circuit judge for Seminole-Brevard County, and his Seminole campaign manager, Gordon Frederick (right), toured the local area, including a visit to The Sanford Herald plant.

Conservationists Blast Cross-State Waterway

AVON PARK, Fla. (AP) — A crusading conservationist reached out and pressed a pamphlet emblazoned with "The National Coalition to Stop the Army Corps of Engineers" into the hand of the Corps' district engineer Thursday.

"I plan to read this with great interest," Col. A. F. Fullerton said with a bemused smile as the audience attending a conservation meeting applauded and cheered.

Fullerton and William Partington, Defenders of the Environment, were guest speakers at the fifth annual conservation week sponsored here by South Florida Junior College.

Partington, who passed out the pamphlet and another entitled "Save the Things You Love for Those You Love," challenged Fullerton's statement that the Cross Florida Barge

Canal would make money for the state. After the district engineer's speech, Partington said there is no guarantee the savings would be passed on to the taxpayer.

"I don't believe that you gentlemen will participate in the rape of the Democratic process, that you will give this industry plenty of time to consider these bills," Tom Johnson, executive vice president of the Florida Association of Insurance Agents, told the House committee.

Steve Martin, executive director of the Florida Association of Insurance Companies, said the Legislature was taking on powers it didn't have in a "legislative inquisition" against the industry.

Partington, who passed out the pamphlet and another entitled "Save the Things You Love for Those You Love," challenged Fullerton's statement that the Cross Florida Barge

Concert Association Membership Nears All-High Goal

The Seminole Mutual Concert Association is continuing its fall membership drive with efforts to bring the total membership to 1,300 members.

Mrs. Marie Hill, beginning her second year as chairman of the membership committee, stated that the 1970 membership goal should be reached by Saturday, Oct. 12.

Membership in the SMCA has increased annually as more people have become aware of the cultural activities offered to them by this group.

The Frank Mebane Home Site Of Saturday Gala

The Seminole Mutual Concert Association will honor its retiring board members Saturday, Oct. 10, at a reception held at the Crystal Lake home of Mr. and Mrs. Frank Mebane, Jr.

Those members are Donald Dain, Ernest Cowley, Mrs. Fred Gunn, Elizabeth McGinnis, Mrs. William Beck, Mrs. Springfield, Mrs. John Duda of Oviedo, and Mrs. William Gordon of Maitland will be present at the punch bowl.

The annual reception usually begins the concert group's membership drive, but this year the Stadium Government of Seminole Junior College teamed with the SMCA and presented "The Spartans" in September.

The SMCA's official opening night is Saturday, Oct. 24, when Peter Nero, the versatile pianist, brings his music to the Sanford Civic Center.

ANCHOR CLUB of Seminole High School honored new members at the first back-to-school dance Saturday night at SHS Student Lounge.

Fashion's Social Security Is Pants

By HELEN HENNESSY, NEA Women's Editor

HEMELINES can stop anywhere from the knee to the ankle and be A-O-K. In fashion this season, but because many women don't like the longer lengths and many simply don't know which of the longer lengths is best for them, they're running scared and avoiding the whole issue by hopping into pants instead of dresses.

What the new hemlines really hold down to is proportion—a long, lean line from top to bottom—and where the hem hits is almost academic.

It's ironic that fashion's most controversial subject a mere few seasons ago has suddenly become "establishment." What most women worry with grave misgivings is what they're now clinging to for fashion security.

After watching pants and matching straight-legged pants and a skinny T-shirt striped in musky tones.

The about-to-be-scoured mini has been quickly reinteracted to emerge as today's timely leg to pants—and the combo qualifies as fall's newest pant suit.

One infinitely wearable version comes in all-time wardrobe favorite, camel.

If you want an easy out to look "in," you'll find it in pants.

Tailor-made green and white and a beautiful shade of yellow and white and served with shortbread punch.

Mrs. O. Fox was appointed as ways and means chairman for 1970-71. Mrs. Putman was nominated and elected as second vice president.

Each was presented with a small plant and a trifolium was paid to them by Mrs. Arthur Putman. Those honored were Mrs. L. L. Cox, Mrs. E. C. Hill, Mrs. O. Fox, Mrs. B. E. Gray, Mrs. R. C. Carlson, Mrs. P. J. Weber and Mrs. R. T. Milwee.

The next meeting of the league will be Nov. 3.

Sanford Woman's Club Begins Season

Solons Speak To Members During Luncheon

MRS. DAVID KELLEY, right, a relatively newcomer to Sanford, is greeted by the receiving line, from left, Mrs. Bill Southward, Mrs. H. Wade Rucker and Mrs. William Kirk, at Wednesday's Sanford Woman's Club business-luncheon.

Stunning Fall Fashions... Including Short, Short Short Skirts... Bowed Out At Sanford Woman's Club Luncheon... Lots Of High-Fashion Hairdos... But Not One Chapeau!

MRS. ROSE SOUTHWARD, right, new president of Sanford Woman's Club, pauses to speak to one of the speakers, E. Pope Bassett, at the first meeting, Wednesday, of the 1970-71 season for Sanford Woman's Club.

Mrs. Joe Davis Jr., left, introduced the speakers, including A. S. Johnston.

Approximately 80 members and guests attended the first business-luncheon meeting of the Sanford Woman's Club on Wednesday, Oct. 7, 1970.

The new president, Mrs. Rose Southward, called the meeting to order, which was opened with a prayer by Mrs. H. Wade Rucker.

After lunch Mrs. Joe Davis introduced the guest speakers, Mr. A. S. "Bud" Johnston and Mr. E. Pope "Sandy" Bassett.

Both gentlemen are running in the present election for a seat in the State House of Representatives from the Orange-Seminole district, but from different districts.

Mrs. M. E. Smith announced that all department chairmen as well as the house chairman will have keys to the club house.

A nominating committee was voted to name a replacement for Mrs. O. M. Harrison, treasurer, who resigned. Mrs. James Wade, Mrs. Burch Cornelius, Mrs. Roy Tillis, Mrs. Lucille Stone and Mrs. C. M. Flowers composed the committee.

District Seven of the Florida Federation will have a meeting in Mt. Dora in the Community Building on Oct. 19 from 9 a.m. to 2 p.m. The following were nominated as delegates: Misses W. L. New, R. M. Herndon, J. P. Wilson, William Wray, Alie Steinwerth, Kenneth Copeland, O. M. Harrison and S. G. Herfiman.

The following new members were welcomed by Mrs. William Wray, membership chairman: Mrs. Ralph Jarvis, Mrs. R. M. Herndon, Mrs. Robert K. Gray, Jr., Mrs. Lorraine L. Graham, Mrs. Earl C. Faust, Mrs. George Edwards, Mrs. Sam P. Dowden, Mrs. Wallace L. Cross, by Mrs. Guy Allen, Mrs. R. F. Cole, Mrs. William Mann, Mrs. P. L. Woodruff, III, Mrs. A. W. Woodall, Mrs. Paul Whitely, Mrs. Clarence Redding, Mrs. Lawrence McGinnis, Mrs. Tony Pritchard and Mrs. W. Arthur Richter.

Mrs. R. M. Herndon was presented a certificate for completing four courses in the Epsilon Sigma Omicron division of the Florida Federation of Women's Clubs.

First vice president, Mrs. J. P. Wilson, presented to the club two methods by which money could be raised for the club project. It was voted to sell place mats and pocket book covers.

About Apple Dolls

Pioneer Folk Art Revived

By ISABEL HOBBA, Niagara Falls

GAZETTE Correspondent GRAND ISLAND, N. Y. (AP) — Her son calls her "the strainer" not anyone who has seen Min Waechter's "Wee Folks of the Island" knows she is preserving one of America's pioneer folk arts—apple dolls.

"Heads" in various striking stages can be found at different times hanging on cupboard doors all over the kitchen.

Mrs. Waechter accidentally began making apple dolls nearly 100 years ago. She had been looking for a new hobby when she decided to take a correspondence course in doll repairing.

In the fourth lesson there were sketchy instructions for making apple dolls and she became fascinated with them.

She has shared her process many times over the past six years in lectures and displays. However, few people would take the painstaking care that is necessary for finishing the dolls and their clothes.

She estimated it takes her 40 to 50 hours to make one doll, complete to the last detail.

Ingenuity and imagination are evident in the scaled-to-size props used to complete the aesthetic doll outfits, all of which Mrs. Waechter designs and sews. Many of the clothes are irremovable.

"Dolls must tell a story," she emphasizes. From her lecture table she points out the flower "Mama Sadie, who has a sweet, gentle look like my 55-year-old mother-in-law."

"The Colonel" holds a tiny homestead behind his back and has a sea shell watch bob dangling from his vest.

"The Charlaty" was inspired by Carol Burnett and is decked out in pearl earrings, "a Christmas present from her boss," and carries a small scrub bucket (a bottle top) and mop (towel and string).

"The Hedges" carries a sack of potatoes and a hoe and there is a doctor with miniature stethoscope (fish tank tubing).

Asked how long an apple doll last, Mrs. Waechter commented, "A hundred years or more, if mice do not get at them." The dolls resist a puncture with the dried apple.

Mrs. Waechter cannot pin down where this folk art originated. "It could have been from the early Americans or Indians or mountain people." She suggested that an apple lying on the ground had dried and be-

Design Your Own Bash

By VIVIAN BROWN, AP Newsfeatures Writer

FOR your next shindig you might take some party cues from one of New York's most popular young decorators, Angelo Donghia.

He designed one of the four rooms where parties were given at the recent Centennial Ball of the Metropolitan Museum of Art.

The chairman, Mrs. Vincent Astor, and her committee provided the theme.

Donghia's room depicted a roof garden supper club of the thirties as it might have been set in an Egyptian temple.

The setting, made in the museum's Egyptian Sculpture Court, included an "mer area surrounded by columns where tables were placed and the bar played, and an outer area that was supposed to make one visualize a moonlit Egyptian garden.

The atmosphere was provided mainly by lighting effects and low-cost decoration.

A thirties color scheme in the room—turquoise, red, blue and green—was combined with gold and silver in gauzy draperies that hung between the columns and in skirts and glittering borders on the dark red tablecloths.

The outdoor area was punctuated by large statues of Egyptian figures, such as King Hat Shepsut, surrounded by many plants borrowed from a botanical garden and set on white pedestals. Blue and green light from the ceiling highlighted the statues and plants, and special lighting effects played on the walls gave the impression of rippling water as seen from a garden overlooking the Nile.

On the high ceiling, in the dance area, opaque masquerade masks with iridescent paint were that blue light shining on the squares would give the effect of translucent colored down the ends of the project. He visualized the room as being bathed in romantic Egyptian light and highlighting the archaeological discoveries in Egypt during the twenties and thirties, which fit into the thirties theme he was portraying for the ball.

Young people do not tend to turn their parties into past events, but such events can provide inspiration for settings that fit your own theme and budget. For example, a garden party could be nothing more than a beautifully lit garden.

Choose a theme and then decide how you can make it work. It may be a great challenge, and one that may turn an ordinary gathering of friends into a special event.

IT'S COMMONLY CLAIMED that Christmas is for the youngsters, but that notion doesn't hold up. Christmas is for women, evidently. One of every 1,000 gifts, 328 are bought for the ladies, 127 for men and the rest are unclassified. Or so it was shown in a large department store's study of its shoppers. The girls get the presents, that's clear. AM NOW ADVISED the youngest lad ever to earn \$100,000 was none other than that child star of yesteryear Jackie Coogan.

NOTE A PHILADELPHIA WIFE claims she has mastered 11 different tongues. Informants, Ten too many for any wife. . . . EACH OF THE BATHROOMS of a hotel in Dijon, France, is plumbed with two extra faucets, one for red wine, one for white. That's extreme.

MATH—The number 9 is an odd one. No matter how many times you add it to itself, the sum of the digits ultimately is 9. For instance, 9 plus 9 equals 18, and 1 and 8 are 9. 9 plus 9 plus 9 equals 27, and 2 and 7 are 9. All right, try 9 added up 28 times. That's 254, and those four digits total 9. Take it farther. Stretch 9 by 2,708,413 times. That winds up at 24,375,27. If you add all those digits, you get 36, and 3 and 6 are 9.

CUSTOMER SERVICE—Q. "How long does the average hen go on laying eggs?" A. Maybe a year. . . . Q. "What proportion of eggs get a bad reaction from people eating them?" A. One out of every 25. . . . Q. "What do lobsters eat?" A. One another, among other things. They're all cannibals. . . . Q. "What's the highest lake in the U.S.?" A. Colorado's Lake Summit. . . . Q. "What's normal temperature for a dog?" A. Between 101 and 102 degrees F.

CURRENT EVENTS—What's the most pressing problem of the day? Inflation? Probably so. At any rate, if you want to know how long governments have lasted that bear in mind that the average man made considerable mention of same in one of his plays about 2,400 years ago.

NINE OUT OF TEN matches turned out in this country are handed out free. . . . **TRUCK MAJOR COUNTY** wherein the women now most outnumber the men is the Soviet Union. . . . **JUST ABOUT A THIRD** of every U.S. city is streets and alleys.

AN EXTENSIVE PERSONALITY STUDY of 16 embalmers indicates the gentlemen in that profession generally tend to be depressed. Look, I realize that news may be no surprise. But this evidently is the first time the suspicion has been documented scientifically. Embalmers not only appear, talk and act grumpy much of the time, but they frequently feel grumpy, too. It's now known.

Your questions and comments are welcomed and will be used in PASS IT ON wherever possible. Please address 270 letters to L. M. Boyd, P.O. Box 90068, Seattle, Wash. 98196.

Festival Slated Oct. 24 At Lake Golden

Local Industrial Firms Will Be Saluted Oct. 18-25

Sanford Industrial Commission (SIC) will highlight the observance of Industry Appreciation Week in Florida by sponsoring an outing at Lake Golden for local industrial firm owners, managers and their wives. This was approved at Thursday's SIC meeting after David F. Kelley, SIC director, disclosed that he felt a suggestion to honor just one plant might cause some misunderstanding and instead he recommended having an outing for all industries as a climax for the Oct. 18-25 observance.

The Lake Golden festival will start at 2 p.m. on Saturday, Oct. 24 and city, county commissioners, SIC members and others will be invited to an afternoon of "good eats" and activities.

Kelley said he would try to line up a musical combo to furnish a musical background to the proceedings.

A plaque for retiring SIC member E. G. Adams was presented at the meeting.

Bank Closed
 SANFORD, Fla. (AP) — For the first time since the Depression in the 1930s, the state Banking Department has ordered the closing of a bank.

Commissioner E. G. Adams said the action on Farmers Bank of Petersburg was taken because it was insolvent "beyond any reasonable hope of recovery."

commissioner Carl Schille was also to be presented during the afternoon, it was revealed.

John Krider, SIC member and Greater Sanford Chamber of Commerce manager, explained that in the past the chamber had honored the industrialist of the year with an award, and wondered if this would be continued.

Other SIC business included the approval of a \$45 monthly lease of a 600-foot area Sanford Airport building, in which a violation instrument repair facility would house a shop, J. S. (Red) Cleveland disclosed that a foreclosures sale on the former Catalina Bobble Homes unfinished units would be held Oct. 16 at the airport site.

Big Industrial Year Seen

The removal of these decayed hulks will make room for the construction of industrial structures, which can be built for leasing purposes according to the needs of individual industry, Kelley informed.

"Money for all this," Kelley believes with industrial bonding, the city will be able to float a bond issue for needed improvements, since the yard belongs to the city.

The SIC director also believes industrial revenue bonds can be utilized even if an airport authority is not implemented.

Kelley went on to explain that all of this was subject to the approval of the Federal Aviation Administration (FAA), but anticipates no problem with the governmental agency.

Kelley's activity last week, included a whirlwind trip to Chicago to talk with three industrial prospects about leasing to Sanford.

Without mentioning the names of the Chicago-based concerns, the industrial director disclosed that one firm manufactured braces and medical supplies.

"I negotiated with them while I was industrial director at Hollywood and after I moved here, I decided to contact them about coming to Sanford," he explained.

Other industrial activities last week by Kelley included

House Unit Adopts Heavy Penalty 'Cop Killer' Bill Gets Early OK

TALLAHASSEE, Fla. (AP) — Shrugging off a proposal by Gov. Claude Kirk, a House committee today adopted a bill which would clamp a death penalty or noncommittal life sentence on persons who killed policemen or firemen.

Passage of the so-called "cop killer" bill came after a lengthy debate in which several members of the House Committee on Crime and Law Enforcement showed they were getting jumpy about their own safety, too.

By a narrow 4-4 vote, the committee decided to take out of the bill a provision which would have extended the measure to include assaults on legislators and Cabinet officials.

Rejection of proposals submitted by Kirk, who summoned legislators here today for a special session on auto insurance and if they have time, "cop killer" proposals, was led by committee chairman Rep. William Yancy, D-Lakeland.

Yancy said he had studied two proposals drafted by Kirk's office and said both of them had defects.

"Both looked like they were written by a first-year law student," Yancy said.

The bill that was adopted and read for legislative consideration today would:

- Provide for a jail sentence of not more than three years, or a fine not exceeding \$5,000 for anyone who resists, obstructs, opposes, impedes or intimidates or interferes with any law enforcement officer or fireman who is engaged in his duty or enforcement of the law. This would include judges, prosecutors and state attorneys.
- Provide a jail sentence of 100 over 10 years, or a fine not over \$10,000 for anyone using a firearm or weapon against law enforcement officials.
- Clamp a death penalty or a life imprisonment which cannot be suspended, deferred, or subjected to probation or parole, on anyone who kills a law enforcement officer or fireman.

School Policy Changes Considered By Board

*** Continued From Page 1**

The principal, however, shall extend the duty day for those teachers whose services are needed to carry out any part of the school program. Each Wednesday, during days when students are in attendance, shall be lengthened for teachers to the extent that ample time is provided for teachers to benefit by faculty, grade group, department and any other meetings related to the instructional improvement.

During the days when students are not in attendance, the regular minimum day for teachers shall be 6 1/2 hours, including one-half hour for lunch.

This day may also be extended at the principal's discretion.

Regarding the reimbursement to the School Board by Seminole Junior College, policy was taken under advisement

VP Agnew Attacks 2 Solons

By CHAGG HINES
 FORT SMITH, Ark. (UPI) — Vice President Spiro T. Agnew zeroed in on Sen. Charles E. Goodell, R-N.Y., and Sen. J. William Fulbright, D-Ark., Thursday. But he indicated he soon would drop Goodell as a target.

Agnew, who appeared in New Orleans earlier in the day, called Goodell "the Christine Jorgensen of the Republican party." The reference to the famed sex change operation followed earlier Agnew statements about Goodell, having deserted the party and become "a radical liberal."

Gov. Nelson Rockefeller of New York has urged President Nixon to tell Agnew to keep out of New York state politics. Sources close to the President say he has made no move to silence Agnew on Goodell, but the vice president did add, "This may be the last day I talk about Sen. Goodell. I have a lot of other radical liberals to take care of."

Political Rally Set At Sanford Stadium

By FRED VAN PELT
 Some 1,500 persons are expected to attend a Republican rally scheduled from 3 1/2 p.m. Saturday, Oct. 16, at Sanford Stadium. The event will be sponsored by the Seminole County Republican executive committee.

Dr. Gutman said the candidates will be headed by Gov. Claude Kirk, seeking re-election, and former Judge E. Tom Humber, GOP nominee for attorney general. Other candidates for state office have been invited. Also attending will be the Republican candidates for the Seminole County legislative delegation and county nominees.

Dr. Gutman said the candidates will participate in an egg rolling contest, dancing and slides.

For the general public there will be free food, drinks, games, prizes and fireworks. Another rally is slated for Nov. 14 at Sanford Municipal Stadium, when candidates will engage in touch football.

Kingdom Becomes Republic As Cambodia 'Ignores' War

By JOHN T. WHEELER
 Associated Press Writer
 PHNOM PENH, Cambodia (AP) — Cannon thundered against salutes, thousands of youths paraded in a variety of uniforms and the ancient kingdom of Cambodia became a republic today in the middle of a war.

Leaders of the government that ousted Prince Norodom Sihanouk as chief of state on March 18 moved up in military rank in honor of the occasion: Premier Lon Nol to four-star general, Vice Premier Sisowath Sirk Matak to lieutenant general, and Im Tam, president of the National Assembly, to major general.

Lon Nol, Sirk Matak and Sisowath's successor as chief of state Ching Heng, walked to the square in front of the former royal palace and there raised the flag of the republic—blue, red and white stars on the lower left and above it the temple of Angkor Wat outlined in white on red above. The stars symbolize nationhood, republicanism and happiness, and Buddhism and justice.

AMONG THE MORE than 20 new teachers at Sanford Middle School are (left to right) Miss Rita E. Shaw, Mrs. Edna Saxon, Mrs. Elizabeth Stee, and Mrs. Peggy Packard. The teachers are shown checking out the books in the well-stocked school library.

U.S. Hit By Soviet Charges

By United Press International
 The Soviet Union denied its troops are manning Egyptian missile installations along the Suez Canal and carried the United States has aggravated the Middle East situation by building up the 8th Fleet and sending jets to Israel.

A statement issued by the Soviet Foreign Ministry late Thursday claimed the United States has launched a campaign of slander that is clearly aimed at casting aspersions on the stand of the Soviet Union.

"Specifically," it said, "instructions were spread that 'the United States has aggravated the Middle East situation by sending to the Mediterranean more U.S. warships, by the demonstration of strength by the U.S. 6th Fleet and by sending to Israel the Phantom jet fighters to Israel.'"

"In Israel it showed almost a stampede due to the 24-hour celebration of Yom Kippur, the Day of Atonement that is the most solemn of all Jewish holidays. Despite the occasion, however, authorities stepped up security precautions along the cease-fire lines with the neighboring Arab states."

Mayor Supports Consolidation One Government Wins Nod

By CHARNER LEONE
 SANFORD, Fla. (UPI) — Mayor Moore said he would support a consolidated government set up in Sanford, Fla., in an informal interview this morning.

Moore added his vote to a plan for consolidated government mentioned by the managing director of the Greater Sanford Chamber of Commerce, John Krider, in a speech last week.

"There should be a charter committee set up to study the feasibility of unification, or consolidation, of government in Seminole County," he elaborated.

"The committee would have to be funded adequately to do the job, and experts in the field should be included."

"It has to be done right. It should not be a political football."

"The most logical body to fund and set up such a committee, said Moore, would be the County Commission. "And we need to take the initial steps soon," he added, "before the idea dies a quiet death."

There are seven governmental units in the county now: Altamonte Springs, Cassberry, Longwood, North Orlando, Oviedo, Sanford and the county government. A special act, passed by the Legislature, would enable a county-wide government to be set up.

The mayor noted that the status of the bank, Monroe Harbor was the City of Sanford, concerning the one floating dock which now lay at the bottom of Monroe Harbor, has not changed.

"Carl Deeter (president of Cobia Boats at Monroe Harbor) is going to request that the City Commission meeting that docks now floating on the east side of the harbor be repaired. This probably will mean the whole situation to light again, however," he commented.

Presently the city is awaiting a date for a hearing in court to litigate the responsibility for the sunken docks.

The sign recently erected facing U.S. 192, adjacent to the Sanford Herald property, is located on land officially designated by the City Commission as part of the area on which a city zoo may be located.

"That's about 15 acres, all

EXCHANGING verbal volleys at the monthly dinner meeting of Maitland-South Seminole Chamber of Commerce yesterday at the Maitland Civic Center were candidates for the state House of Representatives: Bill Pufford and Bob Milburn, Democrats; and Bernard Broender and E. Pope "Sandy" Bassett, Republicans. (Ann Riley Photo)

Sewer Service Contract Signed

By MARION BETHA
 ALTAMONTE SPRINGS — City Council has approved a sewer service contract with the Altamonte sewer system.

In other business council approved for payment a statement by Glacy and Radcliffe for the Altamonte sewer system. There will be an annual charge of \$3,200 for water, \$200 for sewer, \$1,800 general fee, a total of \$5,200.

Also approved was a bill for engineering services for Phase 1 of the sewer system in the amount of \$25,000 and for Phase 1A in the amount of \$4,000.

Further payment was authorized to Orange Paving and Construction Company on the progress report for Phase 1, contract 1, progress report six (total) in the amount of \$8,535.00. Also payment to Bumble and Simpson for progress report Phase 1, contract 2, progress report seven (final) in the amount of \$24,010.35.

Authorization was also given for the execution of change order number three, contract two, Phase 1, in which \$10,700 has been deducted from the total contract price. The adjustment came as a result of the price being less than the original bid estimate.

Consulting Engineer William Palm presented progress report one on the construction of First Street in the amount of \$8,783.83.

How to turn a plain FRANKFURTER

... into a hot dog with everything on it.

The plain frankfurter. Many in America have received it with love. And everything was wonderful until you had to live with it on a long trip. And then you really had to love it to put up with it.

For American-sized traveling (we're a little bigger than Germany, right?), there's the new Dodge Sportsman wagon. Much bigger and more comfortable.

The seats are foam-padded and wider. The ride is softer and more secure with independent front suspension and longer 109- or 127-inch wheelbase. The instruments are quickly readable. The controls are quickly reachable. And the engine is built for trips... a big 318 V8. For added comfort, a Fresh Air heater up front brings in outside air, heats it, and distributes it gently throughout.

Options to aid the soft life include integral air conditioning, automatic transmission with any engine, power steering and brakes. And if you really want to live with your Sportsman wagon, order it as a fully equipped camper.

We've got a Sportsman that's even bigger. The Maxiwagon. Largest compact wagon in the world. The body is 212 inches long. Dodge Sportsman wagon. You might say our hot dog is being received with relish....

Mother, 16, Held For Prostitution

County Det. Sgt. Tony Calangeo yesterday arrested a 16-year-old girl and mother of an 18-month-old girl on prostitution charges.

The juvenile, whose name cannot be released, was arrested at a fashionable Casselberry apartment house, according to Sheriff John Polk.

Polk stated his investigators are probing the incident to determine the extent of the operation.

The girl is reported to be from Orlando and thus far there has been no information relating the girl to the male lessee of the apartment.

Polk reported a juvenile court hearing was to be held today on the incident.

In another report involving a male 16-year-old found while "on a trip" due to narcotics and was being held until parents could be informed.

Handy Food Store at Ravenna Park was robbed of an undetermined amount of money Friday night by three men who approached Richard Hamlin, 204 Colorado Avenue, Sanford, and Terry Nagle, Lake Monroe, and forced the two store employees back into the store as they attempted to leave after closing time.

The men produced a gun and ordered the employees back into the convenience type store.

Bridges Furniture Store, 801 West First Street, was entered and eight antique clocks stolen some time during the weekend.

City-Airport Session Called Off Newsmen Foil Closed Meet

A planned "unpublicized" meeting involving a number of city officials and a consulting firm utilized by Page Airways, Inc., the Sanford Airport's fixed base operator, failed to come off the morning after newspaper reporters refused to leave the office of Don Rathel, former Sanford industrial director and now associated with Page Airways.

Newspaper reporters and photographers, tipped off to the meeting, arrived at the consultant's office shortly before the 10 a.m. session was to begin and watched as City Commissioners Thomas McDonald and Gordon Meyer, City Manager W. E. Knowles, Sanford Airport Manager J. S. (Red) Cleveland, David F. Kelley, Sanford Industrial Commission (SIC) director, A. K. Shoemaker Jr., SIC chairman, and Rathel gathered for the attempted closed door session.

Bill Scott, Sanford Herald reporter, attempted to explain that the newly defined "State Sunshine Law" forbids the meeting of public tax supported bodies behind a closed door but Rathel made an attempt to close the door in Scott's face. Unmindful that another reporter had managed to slip inside unnoticed.

While Herald photographer Bill Vincent snapped pictures of Rathel barring the door, Scott was told by the consultant that his office "was Page Airways' property."

When Rathel turned his attention to the other reporter, Scott also entered the room, where he encountered City Commissioner McDonald, who blasted The Herald verbally for always hating this city by printing bad stories.

McDonald accused The Herald of not caring about the city's welfare, just so a story could be written.

At this point John Kridler, Greater Sanford Chamber of Commerce manager, arrived and, after surveying the scene, stated, "If this is a meeting, I can't attend it."

Kridler later explained to The Herald he was not aware that the SIC would be meeting when he came to the building.

Upon hearing Kridler's re-

marks about leaving, McDonald remarked "me, too" and followed the Chamber manager out the door.

By this time an argument had evolved between Rathel and Bob Lloyd, Orlando Sentinel reporter, after Lloyd sat in an office chair.

Rathel went to the telephone apparently to call police to remove the two reporters but was stopped from dialing the number by Knowles.

The consultant then explained that only certain people had been invited to discuss the Page Airways question and even Meyer was not included in the invitations.

Meyer later explained his reason for being there was in the interest of the city taxpayers, who have to pay for the airport operation in the event not enough revenue is obtained from airport leases to offset the cost of the facility.

The SIC is to consider allowing the new firm to locate at the airport after a meeting has been held between city and Page Airways officials.

Later today, Shoemaker called The Herald to advise that he had talked to Gerald "Winston" Page Airways president, and had been advised that the firm is sending a representative from Rochester, N. Y., later this week for a session with city officials over the lack of air services at the airport.

436 Property Need On Agenda

County Commissioners will discuss at tomorrow's meeting the problem of rights-of-way connected with the scheduled four-laning of SR 436 from I-4 to the Orange county line in West Seminole County.

Al Davis, planning engineer with the district office, State Department of Transportation in Deland, will be on hand to offer possible solutions and to answer questions.

The discussion stems from a possible set back in the road program for this county in that that DCT is going to require that Seminole County acquire the remaining rights-of-way for SR 436 between I-4 and the Orange County line, whereas the commission had previously anticipated acquiring only the rights-of-way necessary to complete the work already begun on the 4.16 of a mile from the county line east, which was necessary to complete the portion being repaved and widened from U. S. 441 and the county line.

The commission adopted a resolution authorizing the expenditure of \$40,000 by the DCT of secondary road funds for the purchase of the rights-of-way for the 4.16 mile section now being redone, but contained no allowances for the remaining rights-of-way between I-4 to a point 4/10 mile east of the county line.

ONE-HALF MILLION

County Commissioner Robert Parker has stated that it is estimated that \$500,000 will be

required to obtain the rights-of-way for the entire distance. Since the money will have to come from the funds already allocated for the county's secondary road program for the next year, the commission will have to determine tomorrow where the money will come from, and which projects, if any, will have to be deleted from the coming year's program. One possibility is the previously discussed possibility of a bond issue for the secondary road program.

There will be a report from the county road department relative to the criteria for rumble strips at intersections. These are currently placed at high speed intersections to focus attention upon stop streets.

There will be a discussion upon a joint resolution with Orange and Osceola Counties concerning a plan of the Orange-Seminole-Osceola Planning Commission.

SIDEWALK CONFAF ... "what do we do now?"

Zoning Hearings Are Set

The Seminole County Planning and Zoning Commission will hold public hearings to consider changes of zoning districts by 11 applicants, when the commission meets on Oct. 14 at 7:30 p.m. at the County Commission Chambers of the Court House. On the agenda is a request by Jack Cooper for a zoning change from A-1 to RM-2 at property located on the north west corner of the proposed Seminole Hills Mobile Homes Park.

Changes in zoning are also requested by:

Jack Cooper—from A-1 to C-2 on property two miles south of Sanford, east of U.S. 17-92, west and south of SR 427.

E. Pope Bassett—from A-1 to RM-2, located south east of Lake Lulu on Hoover Lane, Coakman Enterprises, Inc.—from A-1 to RC-1, located east of Longwood-Markham Road, one-half mile south of Lake Mary Boulevard.

Facemire and Boeber—from A-1 to C-1 located on the south side of SR 434 at the intersection of Powell Street and SR 454, between Longwood and I-4.

Gerald Behrens—from A-1 to C-2 located west of SR 15A south of town of Manroe.

Tom Gruenmeyer—from A-1 to RM-2 located adjacent to the southern city limits of Oviedo.

Tom Hurst (agent)—from A-1 to RM-2 located at the south west corner of Dike Road and Deed Road.

S. H. Proctor, Inc.—from A-1 to RM-2 located south of the city limits of Oviedo.

Honor Boys Staters

Five Sanford boys who attended the 1970 American Legion Boys State at Tallahassee will be honored by Camp-Bell-Lessing Post 53 at 7 p.m. dinner Tuesday.

The Legion also has invited presidents of each sponsoring organization and a number of Sanford civic leaders, including Mayor Lee P. Moore.

'All Time High Budget'

By KATHY NIBLACK

CASSELBERRY — Adoption of a resolution on the all time high tentative city budget will be on the agenda at tonight's meeting of the Casselberry City Council.

City Attorney Kenneth McIntosh is expected to give a report on jury trials and the council will authorize posting of the controversial Jury Trial Ordinance.

Also on the agenda will be the authorization of letting of bids on a new police car and

1st Place Champ

Tico Perez, eight-year-old son of Dr. and Mrs. Luis Perez, captured first place in the Central Florida "Punt, Pass" and Kick competition at Showalter Field in Winter Park Saturday in his age group. He will go to Jacksonville next Saturday, where winners from throughout Florida and South Georgia will compete to advance to the next level of competition.

bids on garbage and trash collection for 1971, and a report on gasoline and fence bids.

Wonder why the School Board's agenda was changed for Thursday night's meeting? The agenda forwarded a week ago listed item 10 to be proposed budget allowance for out-of-county travel, but last night any agenda was handed out with the travel budget strangely missing from the board's discussion.

Could it be that the Board is aware of the public feeling concerning the \$20,500 budgeted for junkets and after all ... there is an election coming Nov. 2.

Wonder if the junket budget will be brought up before or after the election for final action. It failed to pass a month ago when the four board members tied on a two-two vote.

At five were at last week's meeting.

Just one of the property of the rich alone nor has he lived 11, who at his birth and at his death has passed unnoticed.
