How you

*Conservation (of electricity) during times of peak usage is the key to avoiding major power interruptions this summer, advises

the places where this national problem could be felt most critically. At FPL, we are adding more new electric customers than any utility in the nation. So we must plan and build years in advance to keep ahead of your needs.

when the unit will be in operation. Unfortunately, without this muchneeded power, we face the prospect of a tight power supply during the coming months.

Meanwhile, we're doing our best. And there are ways you can

Use your electricity wisely. You can help by limiting the use of electric appliances (especially air conditioning) during peak periods. Peak periods are times of greatest electricity usage. They usually occur between 4 p.m. and 8 p.m. during the hot summer months. Here are some specifics on what you can do:

cooking; use as few cooking elements as possible; avoid even use for cooking or baking; cook before or after peak periods. Electric Air Conditioning-Use as few rooms as possible dur-

Household Washing & Drying—Wash and dry clothes and dishes at other than peak periods.

hot water used for baths, showers, and other uses during peak

Electricity, like all of America's resources, should be used wisely. Whether we have enough electric power to go around this summer is up to us. Both of us.

change the results."

News and Courier

allowing the full beauty of the miles along Lake Menroe to be unveiled, to act.

From Mellonville Avenue, along Seminole Boulevard to and just beyond its junction with 17-92, there is an area which already encourages bold and Surely there is no comparable stretch where the

key points of development are already hinted at with the rapidly rising structure of the new Seminole County courthouse as a pivot. Sanford's skyline is already being changed by the machinery of the contractors dramatically piercing an would be king and his desires given some heed. the sky with such craner as that of the Wagoner

As our Navy-trained photographer Don Vincent looked down from the top of the 140-foot high crane onto the lakefront, it was as plain as plain could be that here is the raw material for staging a complex of structures which would be known and boasted

The Yellow Peril

Around the courthouse there are enough acres to be the site of a governmental complex which would provide room for the badly needed new city hall and even the security complex, still seeking a location. This is not a brand new concept. But it illustrates how some of the older ideas can now be linked with the renovation of the city and its renovation which

the Chamber's committee has been studying. Perhaps one of the concepts which is prompted by the new plan is that of making the lakefrontdowntown area of this city one in which the pedestridowntown-waterfront area, that lack has been filled.

In addition the plan envisages a broader concept Construction Company's which dominates Bram Tow- for the cultural and recreational life of the community - a museum or an amphitheater. The members of the committee are, by training and profession, hard-headed, experienced and dedi-

with the hurdles to be taken, Sanford is on the brink of a new life in itself and for its citizens. In the achievement of this, this newspaper cated citizens. cause the number of illegal votes "couldn't This reminds us of the couple that (because the lady couldn't decide what to wear) arrived at a crucial baseball came in the ninth inning. The score was 0-0, and the wife - endeavoring to console her husband for their tardiness, said

triumphantly, "See, dear, we haven't missed a The connection is emotional, not logical. -Huntington (W. Va.) Herald-Dispatch

Man Bites Dog It's no longer news when customers of the postal service complain about delays in the mails. It's man-bites-dog news, however, when letter carriers complain. The letter carriers' union says that the May issue of its magazine reached California members on May 4, whereas subscribers living only 10 miles from the plant in Washington that prints the magazine didn't get their copies until May 14. Poor postal management, the mailmen contend, We hope their complaint gets more action than do the gripes

of the average citizens. - Charleston (S. C.)

How One Woman

No-Roach meens no roaches! "This is the first letter I have ever written to a company, but I do want to tell you that I think very highly of your product "No-Roach". I moved into a house that was infested with roaches. I went frantic trying every product advertised on TV— until one day I was in the supermar-ket and saw "No-Roach". Thought I would give it a try. Well, it reslly worked! I've never seen a roach since using No-Roach. Thank you." Johnston's No-Roach is a color less, odorless coating that stays el lective for months. Available at:

\$2.5 Million Land Sale Announced

Acquisition of approximately 1,000 acres of land between Sanford and Orlando for recreational and residential development was announced today by Michael J. Paulucci, Duluth, Minn., general partner for the Paulucci family partnership which purchased the property.

Slightly more than 600 acres were purchased by Paulucci Family Enterprises from Chase & Company and approximately 400 acres were purchased from Mr. and Mrs. Fred A. Dyson, 201 West 17th Street, Sanford. The total purchase price exceeds \$2.5 million. (Photo on Page 2A).

It lies between Interstate Highway 4 and Florida

"We consider the site ideal for the extensive recreational development we have in mind," Paulucci said. "We will devote our initial attention to establishment of a golf course in this area which we expect on the face of this earth. And will become one of the finest courses in Florida.

you wonder "if it's all worth the homes and beautiful buildings in this region." Paulucci, vice president of Jeon F. Paulucci Enterprises in Duluth and Sanford, is the son of foods industry entrepreneur Jeno F. Paulucci, who also has

Concentrating his interest in real estate development, Michael Paulucci owns and has begun development of both public and private resort, recreational, the good people still left on this and residential properties. He has acquired properties in the Lester River area of Duluth; owns and is developing a luxury resort complex in Steamboat Gene Bodogh of Geneva call- Springs, Colo., and shares ownership in private reed the other night and asked sorts in Minnesota and in Ontario, Canada. He also

it as another means of raising Along the same lines, even

through SOME forms of gambl-Stamp, to cover gambling? Of course, if you get knocked-off for violating the law . . . then that's your tough hick, buddy.

(And we have the nerve to say that there's a communications gap between the "generations". . . . I don't understand how, in one breath, you say it's against the law and then in the next breath, "but, if you do it, you've gotta buy a tax stamp!")

BORROWED FROM THE "BIBLICAL RECORDER" -At a meeting of the Fellowship of Christian Athleses, Bobby Richardson, former New York Yankee second baseman, offerbrevity and polgnancy: "Dear God, Your will, nothing more, nothing less, nothing else. Amen."

Take a look at any park late on a weekend afternoon, and you'il be convinced half the town has been pignicking.

School Levy Seen At 16 Mills

Teachers To Get Raise

Board is expected to slice the .75 mill levied on county property owners a month ago while, at the same time, granting educators a \$100 base raise at tonight's public hearing on the 1971-72 school bud-

If the board takes the expected action, this would place the School Board tax levy at

The Herald learned that

Supt. John Angel to discuss removal of the .75 mill added less than a month ago at a previous budget session and the approval of the teacher A Herald reporter called the

School Board office and determined from a secretary that A. F. Keeth, board chairman, and Jean Bryant, vice chairman, were in a session with Angel.

Reminding the secretary that

a violation of the state's "Sunshine Law" the reporter telephoned Douglas Stenstrom, board attorney, and advised him of the unanneunced un-

scheduled meeting. The attorney said he would "do something about the situation" and minutes later, arriving at Supt. Angel's office, Herald reporter Bill Scott found the superintendent's office doors open. Angel was conferring with Mrs. Bryant budget session and the repeal

of the .75 mill. Scott was invited into the meeting and sat at a table with the superintendent and the two hoard members, taking notes while the three engaged in dis-

cussing tonight's action. Keeth indicated he had pre viously voted against a pay increase for teachers and mentioned something about "abstaining" tonight. Mrs. (Continued on Page 2A, Col. 3)
