One Killed, Seven Injured In Collision

Inadequate Facilities At Hospital Endanger Lives Of Victims

By JIM PIRREN

A Sanford Negro was killed and seven other persons were injured last evening when a truck bearing Negro cotton-pickers and an automobile collided with terrific impact on State Road 41 at the first curve west of Wilson Corner, west of Sanford.

Killed was Elizabeth Murray, 69, 1111 Cypress Avenue. She died instantly, suffering a fractured skull and jaw, according to Patrolman R. D. Harrison of the Florida Highway Patrol.

As ambulances brought the injured to the Fernald-Laughton Memorial Hospital, the tiny emergency room resembled a disaster in a madhouse.

Injured were placed pell-mell in the cramped quarters, some lying on stretchers, others sitting in chairs, as doctors and nurses worked industriously and as efficiently as possible under conditions deplorable to modern medicine.

Eye witnesses to the scene gave descriptions which would horrify anyone who might be caught in similar circumstances.

"These injured people, probably with fractures, were sitting up in chairs," Patrolman Harrison grimly related today, as he warned the public to remedy the situation with proper hospital facilities.

Rapid-fire injections were given with hypodermic needles to alleviate the pain of the suffering, as he recalled the dramatic situation.

The patrolman was unable to get complete details on injuries of some of the unfortunate victims as space was not allowing for them to be hospitalized here and they had to be taken to DeLand and Orlando.

His sentiments concerning the urgent need of adequate hospital facilities were echoed by J. Q. Galloway, constable and service station operator.

E. Leaker, hospital contractor, filed today, "We certainly don't have the facilities to accommodate four or five patients in the emergency room at one time."

George Touhy, a leader in the campaign for adequate hospital facilities, vigorously expressed his sentiments over last evening's tragedy.

Those injured in the accident were as follows:

M/Sgt. Thomas J. Gallagher, 40, driver of the car, who suffered a fractured right leg and lacerations.

Kiddie Henry, 48, 710 Pine Street, Negro driver of the truck, and passengers of the truck, all Negroes, Anna Mae, 48, 701 East Ninth Street; Emma Mack, 64, 510 East Tenth Street; Essie Sparks, 40, 919 Willow Avenue.

Mary Lee West, 20th Street; Rosa Durant, 71, Beck's Quarter; and Mary Walker, 88, 917 Willow Avenue.

One of the injured was hospitalized here. Two of the Negroes requiring hospitalization were sent to DeLand. The rest were given out-patient treatment and released.

Sgt. Gallagher was taken by ambulance from the Sanford Naval Air Station to the hospital at the Orlando Air Force Base. He was slated for transfer to a larger hospital today at 1:00 p.m.

Patrolman Harrison said:

The sergeant was involved in two accidents within a matter of minutes, the first a hit-and-run affair, according to Patrolman Harrison.

At approximately 8:30 p.m., the patrolman stated, Sgt. Gallagher, driving a 1947 Buick convertible, sideswiped a 1950 Buick, baker coach, driven by Leroy McMillan, 44, Route No. 1, Sanford. The mishap, following which the sergeant failed to stop, the patrolman said, occurred approximately one mile east of Wilson Corner.

The sergeant, according to the patrolman, driving west at such a high speed he could not stay on his side of the road, was negotiating a curve to his right. He smashed into the brush head-on and knocked it backwards approximately 15 feet. Henry, who had been traveling east, had brought the truck to a full stop. The patrolman said.

Both the car and the 1944 model Ford truck were totally totaled.

Mr. Galloway, who went to the scene of the crash, related that the sides and top of the truck were thrown forward, completely covering the cab.

In lashing out at the critical shortage of hospital facilities, he said, "I just wish more people could have been there (hospital emergency rooms) and witnessed (Continued On Page 4)

Lewis Meets With Anthracite Representatives

Caudle Testifies Slack Was Sent To Quash Indictments

Former Assistant Attorney General Has 2nd Day On Stand

By HARRY P. SNYDER

WASHINGTON (AP) — T. Lamar Caudle testified today that Ellis N. Slack, a central figure in controversy over a St. Louis grand jury investigation of tax scandals, was once sent to Nashville to get some tax indictments dismissed.

He said Slack also made a trip to Milwaukee on a big tax case in which ex-Sen. Scott Lucas of Illinois was the defense attorney. Lucas had taken up with then Atty.-Gen. J. Howard McGrath the question of getting a dismissal of an indictment against a client, Caudle said.

Caudle, fired by President Truman last November as an assistant attorney general, was in the witness chair for the second day before a House Judiciary subcommittee investigating the Justice Department.

Among other things, the House group has been digging into an effort by the Justice Department to block tax indictments last year which one juror called a "whitewash."

Moore insisted on further investigation and a number of indictments eventually were returned.

Caudle told about Slack's visits to Nashville and Milwaukee after first saying there had been "too many run away grand juries" — meaning juries which went further with indictments than the Justice Department considered proper.

He said the Nashville grand jury was preparing charges against several persons in tax cases the Justice Department felt should not be prosecuted. He named among others "the father-in-law of Rep. Pat Sullivan." (Committee aides told reporters the father-in-law was W. M. Massey now dead.)

Caudle said Slack was sent to Nashville to review the cases and further explain the department's position.

Rep. Keating (R-N.Y.) asked if Slack "was sent down to get these indictments dismissed."

"Yes, sir, I believe so," Caudle answered.

"And he did it?"

"Yes, sir."

Caudle did not give the date of the Nashville episode but said it was "before the St. Louis case" which was early last year.

Caudle said the Milwaukee case involved income tax evasion cases against Mr. and Mrs. Michael Samberg over "a very substantial sum of money."

After indictments were returned, Caudle testified, former Sen. Lucas as a defense lawyer, made repeated calls to Atty.-Gen. McGrath.

Andrew Carraway Declines To Run For Office Again

After six years of service as a city commissioner, including two terms as mayor, Andrew Carraway announced this morning that due to the demands made on his time by his insurance business, he has decided not to seek re-election as a commissioner in the November election.

Mr. Carraway was first elected to the Commission in 1946 without opposition following his discharge from the Navy after the war, and assumed office on Jan. 1, 1947, for a three year term. He was re-elected for another term in 1949. During the first term as commissioner he was elected mayor in 1949 by the Commission, and was re-elected on Jan. 4, 1950 without opposition. He declined to run for mayor in 1951 and was succeeded by Fred A. Dixon.

A major project during Mr. Carraway's administration was the construction of the Municipal Stadium. Another major project during his administration was the St. Johns River terminal project which has since been abandoned by the Commission.

Horn in Ft. Oden, Fla. Mr. Carraway attended local schools, Seminole High School and the University of Florida. During World War II, he served three years as a lieutenant in the Navy, and was stationed at Chicago, Miami and Pearl Harbor.

Mr. and Mrs. Carraway live at 432 Elliott Avenue, and Mrs. Carraway, the former Helen Martenette, assists him at the Carraway insurance agency 114 North Park Avenue.

Special Deal Is Offered By Lewis To Some Owners

Strike May By-Pass Certain Operators Pending Legislation

WASHINGTON (AP) — Some major commercial coal operators in Central Pennsylvania, Illinois and Indiana today were reported considering bids from John L. Lewis to let them continue operating with the exception of a threatened strike Monday in Northern mines.

With most Western producers in the United States, Lewis has offered a special deal to some owners in the three big coal producing states of Indiana, Illinois and Pennsylvania.

The Chicago Tribune said it had learned that some Illinois and Indiana companies already have made agreements with Lewis' union which will exempt them from the strike.

The Pennsylvania group involved in the reports is the Central Pennsylvania Coal Operators Association, which employs about 20,000 miners.

Lewis apparently is trying a two-fold strategy: (1) Keep as many mines operating as possible, and (2) narrow down his opposition.

Keeping mines capable of producing between 125 and 150 million tons a year in operation reduces the chances of creating a national emergency, and thus invoking of Hart-Connally Law injunction procedure.

Lewis has won an interim arrangement with the Pennsylvania Anthracite industry, giving him a 20-cent tonnage royalty boost to the Hard Coal Miner Welfare fund, and has delayed strike action against Southern soft coal mines until Oct. 1.

This brings all the pressure to bear now against the Northern producers, who face a shutdown Monday. Their organization is the Bituminous Coal Operators Association, headed by Harry Moses, who for many years was vice president of the U. S. Steel Corp. The association employs about 200,000 soft coal miners.

Lewis is reported demanding a \$1.80 boost in the present \$1.25 basic daily wage, a hike in the present 30-cent-a-ton welfare contribution to 40 cents, and shorter working hours.

General Eisenhower Defends Running Mate As Honest Man; Stevenson Bids For Repubs

Democrat Says Senator Taft Has Taken Charge Of Republican Campaign

By BELMAN MORIN

SPRINGFIELD, Mass. (AP) — Gov. Adlai Stevenson openly bid today for support of those republicans he claims "had there been no doubt" by the actions of his presidential rival, Gen. Dwight D. Eisenhower.

"Some of them," he told a Springfield audience, "have already decided there must be a better way of fighting reaction and isolationism than by signing on Sen. Taft's dotted line."

Stevenson contends that the Ohio senator has taken charge of Eisenhower's campaign since their meeting in New York a week ago today. He said it is the Democrats "assisted by the many good Republicans who followed the late senator Arthur Vandenberg," who have been waging the main fight against Communism.

In his prepared text, released in advance to the press, Gov. Stevenson said, with reference to the American fight against Communism, "Let there be no doubt where the main credit for the vision and the courage of our foreign policy lies—it lies with Harry S. Truman."

However, in delivering the address, Stevenson omitted the reference.

The Democratic presidential candidate, campaigning through New England, peppered his Republican political foes with a storm of barbed wit from John L. Lewis, more than 6,000 people massed in front of the City Hall in Springfield. The GOP had no affirmative campaign issues and said:

"To my considerable surprise they are now saying the central issue is our time is humor."

The governor has been accused of making the campaign, as Gen. Dwight Eisenhower called it, "a laughing matter."

"I have begun to come down in heavy petting drops in the first minute after the governor began speaking."

"I think the Republicans must have interfered with our meeting," he said and he suggested the senator be moved inside the city Auditorium.

People yelled "Keep going, don't mind a little rain!"

Stevenson stepped to East Hart for a moment and said he had been preceded by automobile to Massachusetts. Some 2,000 people chanted the streets in front of the East Hartford City Hall. The governor, speaking over a public address system, said:

"The Republicans tell you it's time for a change. We have never had it so prosperous. So I would ask you to look carefully for what we are going to change to."

At Enfield, a ray-making center, he was given a fancy, gold-colored carpet, and he said:

"I understand they don't need any rugs in the White House. So I am going to give this to an orphanage in Illinois I have just placed in mind."

The Springfield address Stevenson replied to Republican criticism of his political jibes with a new barrage of quips, taunts, digs and jabs.

'Truman Labels Ike A 'Pullback'

ARRIVING AT CONVENTION HALL in Philadelphia, President Truman is registered by Maurice North of the American Hospital Association convention rolls. In a familiar address to the AHA, the Chief Executive indirectly labeled Gov. Eisenhower as a "political pullback" in regard to medical legislation. (Continued on Page 4)

Pol Of Gloom Hits GOP Headquarters As Nixon Is Rapped On Expense Funds

By JACK REIL

ABOARD THE EISENHOWER SPECIAL, Sen. Dwight D. Eisenhower defended Sen. Richard M. Nixon on a political matter today as a "honest" man in the political furor over the disclosure concerning Nixon's non-official California expense account.

James H. Hertz, Eisenhower's press secretary, called newsmen aboard the campaign special train together as the train approached Nebraska City to read them this statement.

"I have long admired and applauded Sen. Nixon's American faith and his determination to drive Communist sympathizers from offices of public trust."

"There has recently been leveled against him a charge of unethical practices. I believe Dick Nixon to be an honest man. I am confident that he will place all the facts before the American people fairly and squarely."

"I intend to talk with him at the earliest time we can reach each other by telephone."

Hertzery told newsmen the first opportunity Eisenhower would have to contact Nixon would be when the train reaches Kansas City later today.

He said that some of Eisenhower's top advisers had already been in contact with Nixon but that the general himself had not.

Previously, in a stop at Plattsmouth, Neb., the stern-faced President had ignored the Nixon incident in addressing a train-side crowd of about 500 persons.

The Nixon disclosures Thursday night had cast a pall over the campaign train as it rolled south through Nebraska. There was no doubt many of the general's associates regarded the matter as a serious political setback.

"There are many who do not share publicly by the Republican presidential nominee's top advisers that Nixon should be asked to take himself off the ticket Democratic National chairman Stephen (Continued On Page 4)

Savings And Loan League Holds Meets

George Touhy, executive vice president of the First Federal Savings and Loan Association, attended a conference meeting of the Third district of the Florida Savings and Loan League held at the Orange Court hotel in Orlando yesterday.

The Orlando and Winter Park associations were hosts for the assembly which was attended by over 50 representatives of the various Florida areas. Joe Gurney, president of the Orlando Federal Savings and Loan Association, presided and Ralph Seidewick of Vero Beach, secretary of the Florida league, attended to present the state-wide viewpoint.

Various features of operation were discussed with solutions to local problems being proposed by others who might have met similar challenges.

The assets of the Seminole county association are close to \$3,000,000, Mr. Touhy said.

New Traffic Sign At Park And First

City workmen this morning placed a four sided sign on the clock at First Street and Park Avenue with the letters plainly painted in black against a yellow background, "No Turn on Red" and "No Left Turn."

The workmen also started moving the painted arrows on the pavement pointing out the former left turns.

Most motorists followed the new rule, but within a 10 minute interval five violated it by making left turns.

Police will be patient in working with the public regarding the new rules, said City Manager Tom Lemon. He pointed out, however, that the law will be enforced in cases of deliberate violations.

RD CROSS

A meeting of all persons interested in first aid in taking a Red Cross first aid instructor's course, will be held at the local Chapter headquarters on Commercial Avenue at 7:00 o'clock, Monday night, Herman E. Morris, first aid chairman of the Chapter, announced today.

This will be the first of a series of meetings, and members are advised to bring first aid textbooks and triangle bandages.

B-29s Plaster Red Targets In Korea With Fire Bombs

First Daylight Raid In Over A Year Is Made By Air Force

By GEORGE A. MANTHER

SEOUL, Korea (AP) — Superforts today scared Communist targets on Korea's east coast with 300 tons of fire bombs in their first daylight raid in nearly a year.

Thirty-three B-29s from Japan and Okinawa made the blazing attack on Red installations near the port of Hamhung.

Along the battle front, U. N. soldiers fought grimly to break a new Chinese foothold on old Bully hill in one of four bloody flareups.

Brig Gen Wiley D. Gimes, boss of all B-29s in the Far East, personally led the late afternoon strike against Red barracks and stockpiles along North Korea's main coastal railway. The planes used electronic aiming equipment to drop clusters of fused incendiary bombs through the clouds.

Fast Sabre jet interceptors flew cover for the giant bombers.

U. N. fighter-bombers, hampered at the Red's in support of ground troops in furious western front battles.

An Air Force spokesman said civilians had been forewarned of the raid, the first daylight B-29 strike since a 19-plane blow against the Hungnam factory area last Oct. 28.

Fattest target was the 210-acre supply and rail center of Tongchon, between Hamhung and Hungnam. The B-29s also blasted the Yonto military barracks—a 140 building installation—two miles southwest of Hungnam and the Chigong supply center and rail yard five miles southwest of Hamhung.

The U. S. Eighth Army said a battalion of screaming Reds—about 800 men—stormed the crest of old Bully last night, signaling a long-expected Communist attempt to recapture the Western Front hill.

"Nobody can claim all of Bully," a frontline U. N. officer said. (Continued On Page 4)

Governor Byrnes Of South Carolina To Vote For Ike

Former FDR Supreme Court Justice Decides He'll Bolt

JACKSONVILLE (AP) — Democrats for Eisenhower in North Carolina today invited South Carolina Gov. James B. Byrnes to a rally here to be scheduled at his convenience.

Byrnes announced Thursday he will vote for Dwight Eisenhower, the Republican nominee, for president.

COLUMBIA, S. C. (AP) — Gov. James B. Byrnes today cast away Democratic party affiliations, renouncing back for more than half a century, and announced he will support Gen. Dwight D. Eisenhower for president.

The governor, who served in all three branches of the federal government, made his dramatic announcement at a news conference yesterday.

He said the most important factor in his decision to vote Republican was that he believes Eisenhower is the man best qualified to "clean up the mess" in Washington and keep the country out of another world war.

"I shall place loyalty to my country above loyalty to a political party," he declared. "And I shall vote for Gen. Dwight D. Eisenhower."

State Democratic campaign headquarters here promptly charged that Byrnes "has turned his back on and deserted" South Carolina Democrats.

The announcement was expected to carry considerable weight with South Carolina voters who gave Byrnes a record endorsement in his 1950 campaign for governor.

Jonathan Daniels, editor of the Raleigh (N.C.) News and Observer, and Averell Harriman—both high ranking Democrats—reproached Byrnes. They said his action was due to what they called his personal bitterness.

Nation Is Facing Worst Year In History Of Paralysis Epidemics

By ALTON L. BLAKELER

NEW YORK (AP) — Polio is grimly marching toward its worst year in the nation's history.

The expectation is at least 50,000 cases this year—far above 1949's record 41,360.

Twenty-one states have epidemic rates. Localized outbreaks flare in towns and counties elsewhere. Eight of the 17 residents of Free, Ohio, have polio.

Some schools in at least nine states have delayed openings. One or two others cancelled football (Continued On Page Three)

Celebration Is Planned For 75th Anniversary Of City's Founding

Sanford's 75th anniversary as a city will be celebrated Monday, Sept. 29, with an outstanding program, Edward P. Lane, general chairman of a Chamber of Commerce committee in charge of the program, announced today.

Mr. Lane stated that he is now working out details of the program with an ad-hoc committee of the Chamber, including Bob Harris and Al Wilson. William Vincent, who has been a steady supporter of the program, is also a member of the committee. The program will take place at First Street and Magnolia Avenue (Continued On Page Three)

Two Men Are Held In Auto Death Of Jacksonville Boy

JACKSONVILLE (AP) — Two men were charged with suspicion of manslaughter in the slaying of a Jacksonville boy who died in a crash through a car that struck the Simpson boy as he returned from a fishing trip.

Arrested were Otto LeDon Stauder, 27, Jacksonville, driver, and Chester Bryant, 29, shipping company mechanic.

A mother and a cousin with the boy at the time of the accident said the hit-run car had been backed near them while they were fishing.

Police reported Stauder and Bryant said they had been drinking while fishing at "Chick's Creek" and that Stauder drove Bryant's car on the trip home because Bryant's wife said he was too drunk.

Stauder told police he saw three boys beside the road and that as he passed them he heard something strike the car.

He said a short time later he told the Bryants "I think I hit something or something hit us. We had better go back—it might have been one of those boys."

He said the Bryants told him "No, you didn't hear anything. Go ahead."

Bryant said after reading newspaper descriptions of the hit-run car and driver given by the dead boy's companions they decided it had not been them.

Bryant and Stauder were held overnight in city jail without bail.

Volunteers Urged To Help Prepare Christmas Seals

An appeal was issued today for volunteers to assist immediately in the annual Christmas Seal campaign by Homer L. Osborne, Seminole County chairman.

This year's sale will be conducted from Nov. 17 to Dec. 25. Proceeds will be used for the support of the 1933 tuberculosis control program in which the Seminole Tuberculosis Association will participate.

"It would be impossible to conduct the Christmas Seal Sale without the valuable help of volunteers," Mr. Osborne said.

"Volunteer workers from among the county residents with various phases of the association's program the year 'round. But we need additional volunteers during the Christmas Seal Sale because of the many additional tasks involved in conducting the sale."

The county chairman stated that volunteers with all types of abilities could find jobs at the campaign headquarters.

"For example," Mr. Osborne explained, "we need people to fold Christmas Seals, to type addresses on envelopes and to sort mail. We also need speakers and writers to help with the Christmas Seal Sale information program."

"Those who volunteer their services will have the satisfaction of knowing that they are making their community a healthier one in which to live."

He emphasized that any time that anyone could contribute during the day or evening would be duly appreciated.

Contact your local TH office and help fight this most dread disease," he stated. "You can afford to buy Christmas Seals but you can't afford to have tuberculosis."

BLOOD BANK

TAMPA, Fla.—The Southwest Florida Blood Bank, center of a hub-and-spoke over non-discrimination in employment, still says it hasn't refused to sign a new contract to collect blood for the armed forces.

Red Cross regional headquarters in Atlanta has announced the bank's contract, expiring Sunday, would not be renewed because the bank would not agree to a clause requiring the bank "not to discriminate against any employee or applicant for employment because of race, creed, color or national origin."

BANKRUPTCY PETITION

TAMPA, Fla.—Petitions for bankruptcy have been filed against two large Tampa firms alleged to owe hundreds of thousands of dollars through the mysterious disappearance of large quantities of citrus products.

In Circuit Court six firms asked that the Lee Terminal and Warehouse Corp. be declared bankrupt. They said the warehouse owed them about \$175,000 for citrus products and stores there, but undelivered on demand.

They added the warehouse owed nearly \$300,000 more in firms not joining in the suit for similar undelivered shipments. The plaintiffs were Pason Packing Co., Dale City, Paramount Canning Co., Winn and Lovett Grocery Co., and the Exchange National Bank of Tampa, Puritan Mills Inc. and Grand Union Inc.

"I simply pushed the candy down the child's throat with my finger," he explained, adding that the action came none too soon as the child was black in the face, and a little time was required for it to revive.

Mid-August with a decline in new cases each week thereafter. Usually, there are just as many new cases after the peak as there were before. Unless something happens to dampen down the spread, the nation could even have 60,000 cases this year.

It looks as though we must anticipate over 50,000 cases for 1952, says Dr. Hart E. Van Riper, Foundation medical director.

Polio is called epidemic if there are 20 cases per 100,000 population.

On such a statewide basis, there are the 21 epidemic states: Nebraska, 38 cases per 100,000; Iowa 76; Minnesota 69; South Dakota 52; Kansas 50; Texas 45; New Mexico 43; Kentucky 36; Idaho 34; Wisconsin 32; Oklahoma 32; Michigan 31; Washington 30; Mississippi 25; Louisiana 23; West Virginia 23; Arizona 23; Illinois 23; Montana 22; Ohio 22; and Delaware 21.

The Foundation has already shipped out 1,225 iron lungs, more than during any of 1950 and 1951 in all states but three: The Army, Navy and Air Force have speed delivery in emergencies.

It is also planned, said Mr. Lane, to have an address on the history of Sanford by a noted speaker, and several residents who have lived here for 75 years will be introduced.

March of Dimes aid is flowing out by the millions of dollars to pay bills, to supply iron lungs, to pay for special nurses tending critically ill children and adults.

These are highlights of a national picture of polio, as gathered by an Associated Press survey, and late-minute reports from the National Foundation for Infantile Paralysis, and U. S. Public Health Service.

By Sept. 13, the nation had 31,301 cases of polio, as against 28,000 at the same time in the "worst year" of 1910.

The big worry is yet unanswered has polio reached its peak yet this year? Each week, the total of new cases in the week ended Sept. 13.

In 1949, polio reached a peak in have gladly bestowed upon Gov. Byrnes many offices and honors, but they have not conferred upon him the right to dictate how they shall vote, and they never will.

Some leaders in both parties, however, praised the action and saw in it a great benefit for the GOP standard-bearer in the South.

Claude O. Varian, Alabama state Republican chairman, cheered Byrnes for "taking the high road."

John A. Pitts, a Tennessee Republican leader, lauded the Byrnes announcement "a certain indication that South Carolina will be found in the Eisenhower camp in November."

Gov. B. Holt Kenyon of Louisiana, who has already hinted in near intimate fraternal riddellium Eisenhower, declared the announcement "means that South Carolina along with Texas and Louisiana, can be considered probable Eisenhower states."

Jonathan Daniels, editor of the Raleigh (N.C.) News and Observer, was sharply critical. Daniels, formerly press secretary and adviser to Presidents Roosevelt and Truman, asserted:

"There is no end to the bitterness of Jimmy Byrnes against Roosevelt, Truman and the party they served if he couldn't see a Democratic president, he's ready to help make a Republican president."

A rebuttal Stevenson supporter Gov. Herman Talmadge of Georgia, said: "I expect to vote for the Stevenson state of electors. But I must admit that because of the platform and Stevenson's constant swing to the left, I shall do so with out undue enthusiasm."

Baby Nearly Dies From Suffocation

A gasping baby boy's life hung in the balance late yesterday afternoon at Ginderville after a piece of candy had lodged in his throat, and only the prompt action of Dr. J. N. Robson, who deluged the candy, saved the boy from dying of suffocation.

The parents, Mr. and Mrs. John H. Griffin, came with the baby to Ginder's grocery store to call for help. Assistant Fire Chief R. T. Thomas and B. H. Alcoholics Group Holds Meet Here

Approximately 40 people heard three Orlando men speak last night at a public meeting of Alcoholics Anonymous at the City Hall.

Two of the men, an eminent physician and a skilled airplane mechanic, both AA members, related their experiences as rabid drinkers. They took to overcome their obsessions, and third speaker, a Catholic priest, told of his spiritual approach to alcoholics.

It was stated the AA's consider alcoholism a shattering sickness, physically, emotionally and spiritually, and as an allergy.

About 100,000 ex-drinkers, it was told, may be found in 3,000 groups located in the United States and 17 foreign countries. At any time of the day or night, every one of the group stands ready to answer the call of anyone sincerely desiring to overcome a drinking problem.

Anyone wishing to contact the local AA group may telephone 1063 or write in care of post office box 1667.

Candle said McGrath agreed with him that any dismissal should be made only by the district judge. Justice officials became convinced by Lucas that Mrs. Shapiro's life might be imperiled if he had to stand trial. Candle consented.

So it was agreed he said to send Slack to Milwaukee to explain to the judge that if he felt inclined to dismiss the indictment against the woman "the department would have no objection."

In the upshot, he said, the judge refused to quash the case. Shapiro readily got a three-year prison sentence and a fine, and the case against Mrs. Shapiro was then dropped.

Candle said he received a "bit of rumors" to the effect the Shapiro case would be fixed but that he recommended the department hold fast for prosecution.

Record Is Broken For Blood Giving At Naval Station

Two blood donor records were broken yesterday at the Naval Auxiliary Air Station as 173 units of blood were donated.

This broke the record of 100 units set by the station in 1951. The record of one day blood donations in Seminole County and also broke the record of military donations in Central Florida, formerly held of 138 units by Patrick Air Force Base, Ocala. This was also the highest blood donation in one day in the entire Central Florida area since Sept. 27, 1951.

This was the fourth time the record at the naval station was broken since the Naval Auxiliary Air Station Blood Bank. Some 102 units were given in February, 119 in April, 111 in June, and 176 yesterday for a grand total of 507 units of blood to be donated by the men of this station in the past year.

L. E. R. Brownlee, MC, USN, was in charge of yesterday's operation at the naval station. The SAW wing of the Station Hospital was the first unit of blood was given by Thomas F. Dunn, ADC of the American Red Cross in Central Florida and the station at 2:00 p.m. W. O. Ewald, MLC, USN, followed the 176th unit to give a pint of blood. The donor were from every activity on the base and included officers, enlisted men and civilian workers.

D. D. Voglesonger, ADC, USN, was the American Red Cross representative in Central Florida and the station. Executive Secretary, ARC in Sanford were both present to witness the record-breaking donation.

Mrs. J. J. Chaffenden, chairman of the Navy Volunteer Workers, was assisted yesterday by Mrs. R. L. Linton, Mrs. L. R. Poyson, Mrs. E. R. Brownlee, Mrs. E. C. Collins, Mrs. G. Kling, Mrs. G. Gibbs, Mrs. J. Her, Mrs. M. O'Connell, Mrs. Stegmeyer and Mrs. Frank Ford.

Volunteer Navy Nurses were Mrs. H. M. Meyer, Mrs. D. D. Blythe and Mrs. Kelly. Civilian nurses were Mrs. H. M. Carter, Technician Mrs. Helen Nunn's Aid, Mrs. Leppin.

Present from the Central Florida Blood Bank were Mrs. G. O. Wolf, Mrs. M. Caldwell, Mrs. J. Davis, Miss Kathryn Lounsbury.

TODAY'S BIBLE VERSE

A whole life can be a prayer,
if there is some one thing we live
for and strive for. It makes us
one with the Infinite to have such
a yearning desire for the thing
God also yearns for. Pray without
ceasing.—1 Thess. 5:17.

Senator Sparkman is said to be
making a great hit with the ladies
on his tour of Florida. He is so tall,
and dark, and handsome.

There is not much difference in
the foreign policy of the two major
parties. The difference is in how
effectively you succeed in doing
what you try to do.

The trouble with a bureaucrat
is that he generally admits he
couldn't cut expenses in his depart-
ment more than a few hundred mil-
lions.

Push-button warfare has come at
last as robot planes are launched
from carrier ships carrying bombs
which are dropped on enemy targets
in areas almost immune to ordinary
air attack. Push-button warfare it
may be but we doubt if it will get
the doughnut out of the mud.

President Truman says that Senator
McCarthy has resorted to the
"big lie" of Adolf Hitler in trying
to smear the administration. We
mean it as no defense of Senator
McCarthy to point out that some of
President Truman's "red hearings"
are now in full swing there by a jury
of their peers.

Senator Taft and his followers
are supporting General Eisenhower
for president with no tongue in
cheek. "We unanimously, collectively,
individually and enthusiastically
adopted a resolution to support
Eisenhower in our home districts in
every way we could," it was an-
nounced.

Zachary Taylor, hero of the
Mexican war, was known as "old
Rough and Ready" when he ran
for president. Kiwanians were told
the other day, and Winfield Scott
another hero of that war who ran
four years later, was called by his
opponents "Old Fuss and Feathers".
Scott, however, was a better general
though he never got to be president.

Florida is rapidly becoming one
of the largest cattle producing states
in the country. During the past 50
years Florida's increase in beef
production has been about 50 per
cent from 616,000 in 1900 to 1-
230,000 this year, exceeded only
by North Dakota, Louisiana and
Montana and South Dakota. This
brings Florida into 13th place in
the production of beef cattle as
compared with 21st 50 years ago.

We like the sound of Governor
Stevenson's speeches, but we like
the sense in General Eisenhower's
better. We like the humor and all
the quips and puns of Governor
Stevenson's studied phrases, but we
like the seriousness of General Eis-
enhower's approach to the problems
of America in the present crisis
facing the world. If this were back
in the roaring '20s, what a relief
Stevenson would be to the long face
of President Coolidge! But in the
long view of the world of tomorrow,
what a comfort it will be to know
that a competent man lives in the
White House!

Like the hospital canal project
for the Indian River has been
scuttled so many times that many
people have despaired of ever
getting anything done. First launched
over 50 years ago, the early days
of the New Deal saw a lively in-
terest in the project and much hope
of getting it done when it could have
been done for a comparative piece
of a cent when billions were
being thrown around for nothing
else. It is now well known that

In World War II the British
dominated the field course and
cracked the code of German to make
way for a modern article.

Cracks In The Wall

There is little likelihood that the people who live in Communist dominated countries will be able to throw off their masters in the immediate future. The Reds are skilled at setting up police states and forging strong chains for the people they enslave.

But very often the interests of international Communism and the interests of Russian nationalism seem to collide. When they do the Communist aims of a satellite country are restricted to the good of the Russian Empire. Countries in the hands of the Reds have found that large parts of their production are drained off to Russia. This makes it increasingly difficult for them to carry out promises of better standards of living within their own countries.

One of their first rulers to learn this lesson in Europe was Tito of Yugoslavia. Tito still maintains that his country is devoted to Marxist principles but he could not see why such principles should compel his country to become a tail for the Russian kite. Had Russia played the role of big brother to Yugoslavia, rather than that of a demanding master, that important country might still be a Russian ally instead of an enemy.

Thus while popular revolt does not seem likely it is possible that as time passes leaders in satellite countries may see that their interests are not at all compatible with those of Russia. Such defections may not indicate a trend toward democracy but they will mean a movement away from the selfish leadership of a country with dreams of world domination. Wherever tiny cracks in the Communist wall appear the democracies should be quick to exploit them.

Merit Gets There

From buck private to the top post of the army is a long jump. It has been taken occasionally in the United States, but rarely in England, where caste plays a larger part. One of the few Britons to accomplish this feat is Sir William Slim, who is retiring as chief of the Imperial General Staff to become Governor General of Australia.

He enlisted as a private soldier before World War I, managed to get into an officers' training school, and worked his way up. His service included 20 years in India. This fitted him for his most important contribution in the recent war, which was leadership in the Oriental campaigns. He fought in Eritrea on the Red Sea coast, led a division in Iran, commanded the rear guard in the great retreat before the Japanese in Burma, and later headed the great return march of the British armies in Burma.

The most recent parallel to Slim's rise was the case of Sir William Robertson, who began as a private and ended as field marshal and Lord Kitchener's successor as head of the British war effort in World War I. His and Slim's careers show that merit does prevail in England even when not backed up by family pull.

Important Blood

The human body has remarkable recuperative powers and the old adage that where there is life there is hope is still quite valid. In Korea, recently, medicals believed that there was little chance for Pvt. Eulogio Santiago to recover from wounds he had incurred on Bunker Hill. He had received the last rites of the Catholic Church.

The doctors gave Santiago a blood transfusion and sent him off to a mobile Army hospital. Today he is recuperating and resting comfortably. All his life he will remember by what a slim thread his life hung when he received that transfusion.

The young soldier is alive because some Americans took the time to donate blood. Giving blood is a simple process for most people. It takes only a short time and very little effort. But to men like Private Santiago it can mean the difference between life and death. The story of the recovery of Santiago should serve as a reminder to all who have not yet made their blood donation.

Yard Pruning Can Be Made Routine, Says R. D. Dickey

GAINESVILLE (Special)—Watering and pruning yard shrubs may present problems to the home-owner who desires a well kept home, but both tasks can be made routine by a few rules of thumb, according to Associate Horticulturist R. D. Dickey of the University of Florida's Agricultural Experiment Station.

First, take the pruning of ornamentals. Many wonder when to cut back plants, but in Florida, Dickey said, most plants can be pruned the year round.

He pointed out, however, that if the ornamentals are flowering plants the time they produce flower buds must be taken into consideration—that is, if the home-owner does not wish to reduce flowering.

If the reduction in the number of flowers is of no concern, then ornamentals can be pruned now or during any other part of the year," the horticulturist said. "One should remember, though, that growth is almost dormant in cold weather and if pruning is done in fall or early winter, then the shrubs may have a 'chopped' appearance for a while."

Watering of shrubs presents another problem to home-owners, particularly those who've recently purchased new homes. Contrary to the belief held by some, it's better to give shrubs a thorough wetting at least twice each week than to make light applications daily, he said.

Watering, however, depends upon the plant, along with the matter of dry spells, soil conditions and seasons.

Plants which are shallow-rooted, like the azalea, Dickey said, obviously require watering more frequently than do deep-rooted plants. Also, because of moisture loss from the heat, plants require more water in summer than in winter.

Since most of them have shallow root systems, annuals will usually dry out sooner than perennials.

For that reason Dickey suggested that annual plants be watered every two or three days. An inch of water will wet the soil to a depth of approximately a foot.

"So if you have shrubs with a root system penetrating the ground for one or two feet, then you will need two inches of water over the surface of the ground to wet it to the depth," the horticulturist said.

The horticulturist said that in World War II the British dominated the field course and cracked the code of German to make way for a modern article.

Flood Control Group Will Air Problems

ORLANDO (Special)—The Flood and Water Control Committee of the Florida State Chamber of Commerce opened an all-day conference here today under chairmanship of Luther Jones, Belle Glade editor.

Stated purpose of the meeting is to create state-wide interest in flood control and water conservation and to concert a legislative program in support of such interest, said Harold Cole, executive vice president of the State organization.

Florida's congressional delegation headed by senior Senator Speasard L. Holland, district Army engineers and members of the State Legislature will attend, as well as municipal officials, business and professional men. About 150 are expected.

State-wide problems and progress will be reviewed in a basin by basin discussion by legislative leaders and reports by Army engineers, including basins of West Florida, Mid-Florida, Central section, Tampa area, Lake Okeechobee and Dade-Monroe counties.

Senator Holland will be the main speaker at a luncheon in the Orange Court hotel. The afternoon session will feature a legislative forum under chairmanship of State Representa-

tive John E. Bollinger of Palm Beach County. Discussion leaders will be U. S. senators and representatives, speaker of the State Chamber of Commerce and State Chamber of Commerce members.

THE WORLD TODAY

By JAMES MARLOW

WASHINGTON (A)—Looked for a while like this campaign might be unusual high-level. Not now. Still six weeks to go and it's getting rough. It is to be a beaut before it's over.

Just started Eisenhower and Gov. Stevenson not over-heating themselves. Getting hot now. So is President Truman. Sen. Taft, too. And now Sen. McCarthy wants in on the act. Says he's ready to speak anywhere.

And the Democrats just asked Sen. Nixon, Republican vice presidential candidate, to quit because he accepted \$14,000 from fellow-Californians. He says he used it for expenses he didn't want to charge to the government.

"Morally wrong," the Democrats say. "Political smear," Nixon says. This Nixon business came to light yesterday. We'll be hearing about it from the Democrats, anyway.

Kisenhower has kept his promise not to use personal names. The effect is the same as if he had. When he slugs the administration, almost a hobby with him now, he's socking Truman. Truman's getting sore.

Slow starting, Eisenhower sprinted when even his own friends said he was "running like a dry creek." Heading South, he made a series of speeches on corruption. Summed up, they said: "Throw the bums out."

An unknown like Stevenson might have crabbled his own act if he had started clobbering a war hero like Eisenhower right from the start. Instead, he was extremely respectful. He worked his way up to where he is now.

He began with little lies. Not rough. The once-over-lightly kind. Cracks about Eisenhower's knowledge of things, or lack of it. Even a suggestion Eisenhower not only didn't write his own speeches but didn't read them before delivering them.

When this week the general was publicly indignant at humor in the campaign, it may have

seemed to Stevenson his humorous needle was making Eisenhower yell "ouch." Stevenson's tone grew harsher after Eisenhower and Taft became buddies in New York last week.

He derided Eisenhower, accusing him of surrendering to the man he had defeated for the nomination. And last night in a speech at Hartford, Conn., Stevenson was ready to go further against Eisenhower than any before. At the last minute he toned down his attack.

In the prepared text of his talk he said Eisenhower's blanket endorsement of all Republican candidates amounts to "pursuit of power at any cost" and is "distasteful to any honorable man."

But he backed up when it came time to say it. All he said was that the general's blanket endorsement of his party's candidates is a dangerous policy. The fact that he had prepared to make the statement on honor shows how far this campaign has progressed along the road of harshness.

Shopping Around
with DOTTIE
Let's go for a stroll around town and see what the merchants have to offer this week that will interest the budget wise person. If you see something you like, let the merchants know because they will be glad to hear from you.

YOWELL'S is giving plenty of thought to the half-size this week with two complete racks of dresses, just for them. From 12 1/2 to 24 1/2. They will see you, rayon crepe, and faille in shades of silver, teal, grape, blue, charcoal, forest green, emerald, sapphire, black and many more beautiful colors.

They are made by Martha Manning, seen in Harper's Bazaar, and also being shown in this paper today. Blended lines, high and low neck lines, sparkling buttons and glittering ornaments make them desirable for your fall wardrobe.

Whether you are going away or just on the go, the new "Woolies" that look and feel like woolen, but are really a new rayon is sure to please.

"White Sable" found at TOUCHETT'S is not just a name, it is a "complexion-balancing" to protect and beautify your skin. It takes only moments for your skin to be refreshed and radiant.

For the more mature skin, a hormone liquid cleansing-cream, White Sable leaves no greasy film, and it is not necessary to use an astringent or skin freshener. After one time you will be glad you chose "White Sable" regular or hormone liquid cleansing-cream from Touchett's.

PURCELL'S on West First are now showing their new fall coats in nationally advertised brands. All wool "Foodle Coats" in black, herringbone, tweeds, and gabardines bought in New York just a few short weeks ago. They are in pastel colors by Kabro will fit beautifully into your wardrobe and pocketbook. Stunning necklines, made with the new sacro-mors material, insure perfect and lasting fit.

A three piece dress for street or evening by Kabro in gray taffeta will be a useful addition to the small wardrobe. The skirt is a plain flair with enormous quilted pockets, and to top it for street wear a fitted jacket with large quilted cuffs and stand up collar. For evening it is topped with an off the shoulder blouse that is lined off with matching quilted motif.

You can now blend your Venetian blinds with your color scheme using any of the decorator color combinations from the new KARIK GLASS AND PAINT CO. on West Second Street.

Grasses, grime, and spots wipe off! No more tedious scrubbing. The beauty of your Venetian blinds and they won't shrink, stretch, rot or mildew. The durable spring-tempered slats resist buckling and bent and won't chip, crack, peel or rust.

You can also get stock lines at Senkarik's in cream, 18 to 36 inch width, 64 inches long, from \$2.49 to \$3.49. They will be glad to assist you in any of your Venetian blind problems.

WVYS invites you to listen to Station WTR every Saturday morning at 8:15 to "Lady Skyhook Stories". Fascinating, fantastic, magic moments of the believe and start the youngsters off to a happy week-end.

And why spend Saturday evening polishing shoes for Sunday School the next day when they have the prettiest little black patent leather shoes that she will be proud to punch to wear.

For school they will want a sturdy pair of oxfords by Polo-Parrot that will be able to take the rough wear dished out by school children at play. Remember the place for shoes is at Ivers on First Street.

Yesterday we had a preview of the stunning new fashions of 1932. The new fashions in the Foot Office. The new heels are really beautiful, with its lovely soft colors and smooth flowing designs. The new shoes of this world. What's more, they don't take too long to put on and they don't take too long to take off.

We're now working for the coming date of 1932-33, which means the coming of the new and most modern fashion show.

Denise Stevens To Wed Lloyd O. Swain

SEMINOLE HI

By BEVERLY GRAY

By now all the stores in Sanford should have exhausted their supplies of socks for tonight's big event! At 8:00 o'clock at the Celery Grate, the Glee Club will sponsor the Sock Hop, which is really going to be a grand dance. Don't forget to wear your socks, whether they be loud or decorated or both. Try to win the prize that will be given. There's been a change and the loudest pair of socks will win the live prize (which is really adorable) 1 pair of shoes. After the shoes are checked out the door, a door prize will be awarded during the evening. This will be \$25.00, so the lucky couple may have a date at the Glee Club's expense! Remember the admission is only 60 cents and 40 cents door, so be sure to come to the Sock Hop TONIGHT! Don't miss out on the fun.

There'll be a wonderful show, too. These are just a few of the numbers, but Ray Davis will sing "Kiss of Fire" and some Frosh will sing also, a trio of the "So long" and "I'll be home". It won't be long now before the Tri-Hi-Y has their Freshmen party, where every member has a sister and she brings a picnic supper for them both. It's a lot of fun, so you Freshmen gals don't miss it by any means!

Next Friday night is the first of the dance at the Grate. Let's have a huge crowd, too, so we can help our boys win that game! Don't forget they will be a dance afterwards!

Gossip and Glib:
Dates for the dance include lots of Frosh planning to make it right! Mac and Margaret (Grady Johnson, Larry Reel and Margaret Moore) are just a few of 'em! Beena as the Alice Brown and Edwin Tison will be making a welcome along with Bonnie Anderson and Rosemary Garner. Terry Smith and Carol Leebert are making it a date for the Sock Hop. Among the alumni group will be Stewart Mathieux and of course, Bob Morrison! Last but not least, Bob Shookmaker and Martha Owens are planning to join in with the fun at eight in the Grate!

That's all for now. Be seen! va there...

Let summer mud stains on clothing dry thoroughly before you try to remove them. Then brush the stain well before sponging with clear water. If cold water will not harm the material it may be used. Sponging with alcohol will usually help to remove the stain. If the stain is colored materials and acetate remove the alcohol—1 cup denatured alcohol to 2 cups water.

To make an easy and delicious chocolate frosting for brownies combine 1/2 cup firmly packed brown sugar, 1/2 cup water and 2 squares chocolate in a saucepan. Let it come to a boil and cook for 3 minutes. Stir in 3 tablespoons of butter or margarine and 1 teaspoon of vanilla. When the mixture is cool blend in 1 1/2 cups sifted confectioner's sugar. This amount will be enough to frost brownies that were baked in a 12 by 8-inch pan.

of Purvis, Miss. left today after visiting for several days with his brother and sister-in-law, Mr. and Mrs. A. B. McFarney at their home on Vernano Avenue. They plan to visit with relatives in Gainesville and return to their home in Mississippi.

Mrs. Miriam Russell has returned to her home in Melbourne after spending ten days in Melbourne. Due to a fall, resulting in a broken ankle, she was confined to the hospital here and upon her return to Sanford was sent to the Florida Sanitarium in Orlando where she has spent the past week.

Miss Jane Whitner left last night to return to Mt. Holyoke in Southhampton, Mass. She accompanied her great uncle, Church Whitner, and will spend a short time with him at his home in Pittsborough before going to Massachusetts. Mr. Whitner has been visiting his brother, Mrs. L. M. Swain, Mr. and Mrs. B. F. Whitner at 1402 Oak Avenue, for some time.

The engagement of Miss Marion Rucker to Lt. C. Robert Jones is being announced today by her parents, Dr. and Mrs. H. Wayne Rucker. He is the son of Mr. and Mrs. C. H. Jones. Miss Rucker is at present attending Emory University School of Nursing and Lt. Jones is stationed with the United States Army at Camp Pickett, Va. Plans are being made for a November wedding.

Guild Of Organists Opens Fall Season

The Central Florida Chapter of the American Guild of Organists opened the 1932-33 season at the First Presbyterian Church in Sanford on Tuesday. At the meeting an organ recital was presented by Dr. Rosemary Clark of Deland and the following officers were installed: George W. Walker, Deane David W. Crump, sub-dean; Jesse Bookhardt Jr., secretary-treasurer; and Beatrice Formwald, registrar.

A short business meeting was followed by a social hour.

Mrs. Formwald explained this morning that "The Guild is the only national body of professional organists, of which the Central Florida group, with 30 members, is an authorized chapter. This organization is non-sectarian and membership is available to all organists and choir directors. Through out the United States the Guild has over 125 chapters and its membership is more than 7,000. Besides the regular members, there are subscribers who are persons entitled to attend recitals, services and social meetings of the Guild but who require no election and hold no vote. Any prospective members may signify their interest by contacting any one of the above mentioned officers."

Miss Rucker Engaged To Lt. Robert Jones

Dr. and Mrs. H. Wayne Rucker of Sanford today announced the engagement of their daughter, Marion Elizabeth Rucker, to Lt. Clarence Robert Jones, Jr., son of Mr. and Mrs. C. R. Jones of this city.

Miss Rucker attended local schools and was graduated from Seminole High School. She attended Emory University, College of Arts and Sciences under the new name program of the School of Nursing and in March of 1931 entered the professional program of the School of Nursing. At the present time she is a senior and will graduate in September of 1933.

During her freshman year she was a member of the cheerleader of the student council, and has been elected secretary of the class of 1933. She is a member of the local chapter of the American Revolution and in 1932 was president of the Sells-Harrison Chapter, D.A.R., as a delegate to the State in Tallahassee.

Lt. Jones is also a graduate of Seminole High School. He graduated from Orlando Junior College in 1928 and from John H. Stetson University in Orlando with a degree in Business Administration. At Stetson University he was a member of Lambda Chi Alpha social fraternity, and during his senior year he was secretary of the student body. He is presently stationed at Camp Pickett, Va.

The wedding will take place in November.

BIRTH ANNOUNCEMENT

Mr. and Mrs. Charles L. Gettle of Orlando announced today the birth of a daughter, Frances Terese, this morning at the Florida Sanitarium in Orlando. Mrs. L. Gettle will be remembered as the former Miss Caroline Lee, daughter of Mr. and Mrs. A. W. Lee of this city.

Mr. and Mrs. Louis Stein announce the birth of twins, a son David Louis, and a daughter, Joy Ann, in Orlando. Mr. and Mrs. Stein are in Orlando at the Fernald Loughton Memorial Hospital.

Mr. and Mrs. F. M. A. Gabon announce the birth of their son and son Larry Robert, weighing 8 lbs., 1 1/2 ozs., on Sept. 11 at the Fernald Loughton Memorial Hospital.

DAR Holds First Meeting Of Year

The first meeting of the year of the Daughters of the American Revolution was held on Wednesday afternoon when Mrs. St. Clair White entertained the Sallie Harrison Chapter at her home on West First Street.

Mrs. H. F. Tolar, president, presided over the meeting during which correspondence was read and discussed. Announcement was made that the first Fall meeting of District No. 4, Florida Daughters of the American Revolution, will be held Oct. 21 at the Princess Isabella Hotel, Daytona Beach.

Following the regular business session, Mrs. J. H. Hay, speaker of the afternoon, delivered an excellent and well-received address on the Constitution of the United States in keeping with observance of Constitution Day.

At the conclusion of the meeting, refreshments were served by the hostesses to the following: Mrs. A. H. Key, Mrs. W. H. Tunnell, Mrs. L. P. Ingram, Mrs. F. Z. Bole, Mrs. P. Campbell, Mrs. Frank Woodruff, Mrs. H. W. Rucker, Mrs. H. W. Ruppel, Mrs. J. E. Hay, Mrs. R. E. Tolar, Mrs. C. R. Dawson, Mrs. M. E. Tolar, Mrs. G. R. Hoke of Miller Estates, visitor.

Mrs. Hayes' talk was as follows: "As we know, we are here today to celebrate the signing of the Declaration of the United States. The American Constitution is the firm foundation upon which the whole structure of American liberty was erected. September 17 is a memorable anniversary for our day in 1787, the Constitution of the United States of America was signed, that inaugurated a new Nation."

"Daniel Webster said: 'We live under the only government that was called that was framed by the unrestrained consultation of the people, miracles do not cluster that which has happened but in a thousand ways cannot be expected to happen often. Such a government once given, might leave a void to be filled for ages with revolution and turmoil, riot, and despotism.'"

"The American system has its foundation in the long and bitter struggle of the human race for political liberty and self-governance. The second Continental Congress had drawn up 'The Articles of Confederation' as a means of binding the colonies—most loosely together, but which proved to be very inadequate. There was no power to enforce the law. The states legislated against each other, causing ill will. Congress had no power to tax, to make treaties, to coin money, to regulate commerce, or to carry on the business of the country. 'Congress had sunk to such a condition of inefficiency and

De Bary Doings

For the benefit of the few women in which traffic doing have been omitted from the mailing list we wish to make the following announcement. On Thursday, Sept. 25, at 2:30 p.m. there will be a meeting at the home of Mrs. Robinson on Gen. Lake for the purpose of organizing a Home Demonstration Club. All DeBary women are invited to attend.

A number of DeBaryites have returned this week from vacationing in other parts of the country. Among them were Mr. and Mrs. Albert Gibbons who were away for several months in their summer home in New Baltimore, Mich.

Several new families moved into their homes during the last week or two. Mr. and Mrs. James Albert Gibbons who were away for several months in their summer home in New Baltimore, Mich.

Mr. and Mrs. George Stoppel of Cincinnati, Ohio, where Mr. Stoppel was a postal employee, are in their home on Columbus Road.

Mr. and Mrs. Thomas Council purchased the Palm house on Seminole Drive this week. Their son, James, who drove down with his father in for home on Thursday and word comes that he was a passenger in the Greyhound bus that was wrecked in Tennessee.

We are delighted to report that he was one of the three lucky ones who did not have to be hospitalized although he was thrown from the bus.

Mrs. Irma De Marin was not so fortunate. While riding in a car driven by her son, she suffered a broken collar bone when the car collided with a truck on Enterprise Road. She was taken to the hospital in Sanford.

Mrs. Thomas Leavitt is in the hospital in Sanford. She had lost the use of her right leg when she was struck by a truck on Enterprise Road. The doctor was afraid of a strong central government, and it seemed the union was turning toward anarchy.

Forethought men like Washington, Madison and Hamilton, viewing the approaching downfall of the Confederation with alarm, came forward with measures to strengthen the power of the Central Government and bind the States into a closer union. The leaders had before them a difficult task. I haven't time to mention the obstacles they had to encounter but from it all, emerged the Constitution, the first of its kind on earth. A Constitution made voluntarily by the people and for the people.

A number of the States refused to ratify, claiming there were not enough rights granted that this was a violation of the Constitution. The Constitution provides three branches of government: Legislative, Executive and Judicial. The Legislative consists of the Senate and House of Representatives known as the Congress. The Executive consists of the President, Vice President and Cabinet. The Judicial is the Supreme Court with a chief Justice and eight Associate Justices. A unique fact is that these Justices are not required to be attorneys, although a city judge or county judge must be an attorney.

The Senate and House of Representatives are elected by the people of the United States by electors chosen by the people. This system is regarded by good authority as being not suited and should be amended whereby the individual would vote for the President.

Several Presidents have been elected when their opponent had the majority of the popular vote. The Justices of the Supreme Court which is the law of the land, are appointed by the President and their term is a life term. If they become themselves they can be removed only by impeachment. Impeachment does not necessarily mean removal from office but is an accusation brought by the House of Representatives. The accused is tried by the Senate and if found guilty forfeits his office. As the Grand Jury indicted, so does the House of Representatives impeach. President Johnson was impeached when, when tried by the Senate, the circumstances were found to warrant his action and he remained President. If the President of the United States is impeached the Chief Justice of the Supreme Court presides.

There have been 32 Amendments to the Constitution. The office of the President is for two terms, after Truman.

Truck Accident

The arrangements have been made for this Hospital Authority on the ball.

"That was pitiful. The doctors didn't have room to walk because of people." He described it as a "most disgusting sight."

"It's pitiful," he explained, "for the doctors to be in such a position and no accommodations up there. They just don't have the room and facilities up there to take care of them."

However, he commended the doctors and nurses for the job they performed under most difficult conditions.

Mr. Lesher further stated incident. "Access to the emergency room is not such that we can handle them (patients) of an emergency nature easily."

"Yesterday's accident points up to those of us who are in charge of the campaign for a new hospital the desperate need which exists in Seminole County for an adequate hospital," said Talmer, co-chairman with Judge Douglas Stenstrom of the Civilian Hospital Committee.

"This sort of thing happens more or less on a smaller scale every day, but does not make the headlines because it involves only one person who cannot gain admittance to the hospital because of cramped conditions there. Only when a big accident occurs, or in the event of an epidemic, and scores of people cannot be properly taken care of does it reach the public attention."

"But in the person who is slowly bleeding to death or in danger of dying from an acute illness it does not matter whether he is in an isolated case or one who has been involved in some major catastrophe. His life is at stake and he wants the best care and treatment he can get and he wants it before it is too late. Seminole County has reached the point where it cannot put off providing such facilities any longer."

An injured man in the accident has been set by W. E. Watson, justice of the peace, for next Friday at 1:00 p.m. at the Seminole County Court House.

ROB ANTHONY

The reason this column hasn't appeared here recently (in case you have missed it) is because I have been devoting a considerable amount of time to the publication of a mimeographed Station Newspaper which is now being given a trial run at the station.

That matter, with the various alterations to be made, will be discussed in the next issue. I will be happy to hear he has returned to his position with the Western Auto Co. since his release to inactive duty. He is presently employed as assistant manager of the Western Auto Store in Marietta, Ga. and he sends his regards to his many friends here in Sanford.

Ike Statement

(Continued From Page One)

A. Mitchell said Nixon should quit the race.

In California where he is campaigning, Nixon denounced as a "political smear" Mitchell's statement that it was "morally wrong" for the GOP senator to draw on a \$10,000 to \$17,000 expense fund set up by the state.

Dana C. Smith, Pasadena attorney who acted as trustee, said the fund was raised because the \$2,500 expense money allowed senators was not enough for one from a state as large and populous as California. He said no donor and ever asked Nixon for "special" notes.

Taft-Hartley Act Again Hit By Stevenson

Democrat Candidate Also Tells American Labor Federation Other Labor Views

NEW YORK (AP)—Gov. Adlai E. Stevenson declared today that the Taft-Hartley Labor Law must be repealed because it is "spiteful" and he denied a claim by his Republican rival that he favors compulsory arbitration of labor disputes.

The Democratic Presidential candidate, in a speech prepared for the American Federation of Labor's national convention, urged a broadening of the Labor Department and he pictured Gen. Dwight D. Eisenhower, the Republican Presidential nominee, as firing only "blank cartridges" at labor problems.

Eisenhower, addressing the convention last Wednesday, said he favored amending the Taft-Hartley Law and was against repeal.

Referring to Eisenhower's speech he said, "I am grateful that it was a Republican Sen. (Wayne) Morse, who revealed so masterfully how all of those empty words which were only blank cartridges, Morse addressed the convention last week.

The Democratic candidate said that "only on one point" had Eisenhower in his latest speech even approached "a joining of the issues."

It was charged that I had "embraced" the principle of "compulsion" by asking for the power as President to "compel" arbitration of disputes which threaten the national safety," he said in his prepared address.

Now, after the great reunion on the loveliest at Columbia University, I respect the general's (Eisenhower's) authority on the subject of compulsion. But if he had said what he said, he had not said what I said.

My proposal was, and is, that Congress pass a bill to repeal the Taft-Hartley law. It is a labor dispute, it should give him the authority to try, among other things, to have that dispute referred to arbitration.

It did not say he should be given the power to "compel" arbitration. I recommended a flexibility of procedures, all built around the mediation process to replace the present requirement that in all of these cases the collective bargaining process be stopped dead by court order.

Eisenhower, Wednesday told the AFO convention that a major difference between his views toward labor and Stevenson's, was that Stevenson favored compulsion and he didn't.

The Democratic candidate's reference to the "loveliest" at Columbia University, Monday, was a reference to the meeting between Stevenson and myself.

Stetson Classes Being Formed In Adult Education

Classes are now being formed for the adult education program, sponsored by Stetson University, which will be started at Seminole High School on Sept. 30, Miss Helen Stetson, coordinator, announced today.

These evening classes will be held on Tuesday and Thursday for six weeks.

Fees will be \$12.50 for each course, and registration is due to be completed by Sept. 25. Persons may sign up for courses at 8:00 a. m. to 9:00 p. m. on that date at the high school.

Application blanks for courses are still available at Yonkers.

At least 10 persons are required for each class, said Miss Stetson. More registration is desired in order to form a class in Spanish, and a class in personality development.

A. Salinas will conduct the course in public speaking, Miss Barbara Ruprecht will teach sewing and Mrs. Hamilton Blasse will instruct a class in conversational Spanish.

Kenneth Eaddy, SEM school farm instructor, is qualified to teach either parliamentary procedure, woodworking or appliance repair, and will conduct classes in one of these subjects if enough people join the class.

Vocational Talks Are Presented At Rotary Luncheon

City Manager Lemon And Gene Tucker Taken Into Club

Vocational talks were given at the Rotary luncheon today by Robert P. Lamont, cattleman; H. E. Stiel, General Electric; and Gene Tucker, who was introduced by William J. Bush, farmer. They were introduced by Clarence Hedding who had charge of the program.

President Bob Harris welcomed into the club as new members City Manager Thomas Lemon who was introduced by H. E. Stiel, and Gene Tucker, who was introduced by Charles Morrison.

The cow business contributes about half of the total meat in the United States, Mr. Lamont told the Rotarians. One out of every six people employed in the United States is engaged in some way or other with the meat industry, he said.

Sales of meat in this country amount to more than the sales of all other commodities. The total value of beef, pork, lamb, mutton, veal, and other meats is estimated at \$1.5 billion annually, he said.

Contrary to popular belief beef prices at the present time are high, he continued as compared with previous prices or the present prices of other foods. Steaks were selling at 50 cents a pound in 1927 he recalled, and they now sell for \$1.00 which he declared is not as much as other prices have gone up. Also, he added you get more food value out of beef than in almost any other kind of food.

Mr. Hush said that he has great confidence in the future of Florida agriculture and in the two years he has been engaged in farming he has found it an exciting and challenging occupation.

He pointed out that farming is unique in this section quite different from other parts of the country in that the soil is poor and has to be fertilized extensively, the farmers themselves do little manual labor because of the large labor pool here, and there is very little to do in the summer months.

Farming here is the last frontier of agriculture in this section, he declared, pointing out that there are no subsidies, no allocations, no restrictions on the use of water, and no far only such governmental interference as is beneficial.

Mr. Green outlined the work of an accountant and described him as an in-between man between the owners of a business and his creditors as well as between the taxpayers and the government.

Dr. R. W. Ruprecht announced that he would be speaking at the Bolton Rites held Sunday afternoon.

Funeral services were held at Brison Funeral Home at 2:30 p. m. yesterday for Mrs. Alice Bolton, 83, who died at her home at 608 West Twelfth Street, Saturday morning. Rev. J. E. McKinley officiated and interment followed in Evergreen Cemetery.

A number of complaints regarding noisy sound trucks will be considered at the meeting of the City Commission tomorrow at 8:00 o'clock, City Manager Tom Lemon said today.

Other matters scheduled include a discussion on the hiring of auditors who make up the audit on the city books, acceptance of rejection of streets on Phillips properties, and determining police regarding City employees who live outside the city.

New York Times Sees Close Race For President

NEW YORK (AP)—The New York Times said today that reports from its correspondents throughout the country "indicate a close contest for the presidency."

The newspaper said its reports were received before "there was opportunity to get full reaction to the disclosure that Sen. Richard M. Nixon, Republican vice presidential candidate, had used an \$18,235 trust fund" contributed by a group in California to help pay his expenses as United States senator.

The Times drew its conclusions in the first of a series of surveys on the progress made by Gov. Adlai E. Stevenson, the Democratic nominee, and Gen. Dwight D. Eisenhower, the Republican nominee.

Regarding the Nixon incident, the Times said:

"Such reaction as was received was distinctly unfavorable and regarded as likely to hurt the chances of election of both General Eisenhower and Senator Nixon, if the latter continued on the Republican ticket."

The Times said the GOP had obtained "apparently good results in some sections" with use of the issue of "the mess in Washington" and "time for a change."

And, it added, there are indications that the "Democratic slogan, 'We never had it so good' and 'Don't let 'em take it away' have been effective among many voters."

3 Billion Dollars Is Assessed Value Of Florida Property

Gay's Report Shows \$1 1/2 Billions Property Not Taxable

TALLAHASSEE (AP)—The assessed value of taxable property in Florida is over three billion dollars, an increase of 195 million over last year.

Comptroller C. M. Gay's tabulations of reports from 45 of the state's 67 counties show taxable property assessed at \$3,181,000,000 if the two missing counties—Franklin and Collier—are about the same as last year, it will boost the state total to a record \$3,200,000,000.

In addition, the state has such non-taxable property as exempted homesteads valued at \$1,191,000,000, up 143 million, and religious, educational and charitable property.

Only Gadsden and DeSoto counties had lower valuations than a year ago. Dixie County made the biggest percentage of gain, more than doubling its assessed valuation to \$3,235,000. The tax assessor explained the pushed assessment up to 100 per cent of cash value, as the law provides.

Dade County's taxable valuation of 99.3 million dollars accounts for 31 per cent of the state total. Pinellas County is second in valuation with nearly 300 million. Duval is 263 million, Hillsborough 235 million, Broward 190 million, Palm Beach 157 million, Polk 129 million, Volusia 94 million and Escambia 50 million.

All other counties are under \$50 million.

The taxable property includes \$3,181,000,000 in real estate, \$100,000,000 in tangible personal property and \$117,928,000 in railroad and telegraph property.

Real estate values increased 10 million, personal property 10 million and railroad and telegraph property \$44,000,000.

Funeral Services To Be Held Thursday For Drowned Baby

FUNERAL SERVICES for three-year-old George Charles Smith, who was drowned Saturday in Boat Lake near the San Orla Club and the Orlando Highway, will be held Thursday afternoon at 2:00 o'clock at the Brison Funeral Home with the Rev. W. P. Brooks officiating. Burial will be in Evergreen Cemetery.

The child was missed Saturday morning after being seen in the company of six boys who were swimming in the lake, according to Ted Greer, owner of the San Orla Club, who notified State Highway Patrolman R. D. Harrison of the fact at 11:00 a. m.

It was believed by the boys that the child might have wandered into the woods. Several boys from Casselberry, however, began diving into the lake in a search, and one of them, Don Nell, sighted the body.

Meanwhile, with the child still missing at 1:00 p. m., Mr. Greer had reported the fact to the Sheriff's office.

Patrolman Harrison brought back Police Sgt. Bill Horne who brought the body out of 12 feet of water. Officials were unable at the time to locate the parents, Mr. and Mrs. Charles Smith.

In addition to the parents, the child is survived by seven brothers and sisters, Ruth, Jackie, Irwin, Edith Mae, Sisay, Phillip and Taylor.

The child was born Jan. 25, 1949 at Detroit, Mich. The family came here from Jacksonville several months ago, and live in a trailer near Boat Lake.

Nixon's Statement On Fund Is Slated For Tuesday Nite; Stevenson Fund Investigated

Governor Is Accused Of Putting Bite On One Thousand Big Business Firms

CHICAGO (AP)—Newspapers today began inquiring into details of campaign funds in behalf of Gov. Adlai E. Stevenson, Democratic Presidential candidate.

The Chicago Daily News, under a headline saying "Adlai's sides 'Put Bite' on 1,000 firms," said "Gov. Stevenson's aides kept a list of more than 1,000 business corporations and state suppliers who were solicited for campaign and expense funds."

The Chicago Tribune, under a leading "Stevenson Uses Fund Raised for Governor Race," said Sunday that "money raised in Illinois as a 'personal fund' for Gov. Stevenson in his bid for a second term as governor now is being used to pay for his campaign for the presidency. It was admitted last night."

The Tribune quoted W. Donald Forsythe, former downtown campaign manager for Stevenson when Stevenson was running for governor, but Forsythe could not be located immediately for comment on the reports.

Stevenson was campaigning in New York and was not available immediately for comment.

In this case, the cash-much of it raised through pressure on state employees—Stevenson has divulged from his announced intention to turn it over to the State Democratic Central Committee.

The Cincinnati Enquirer today in a special story from Chicago, reported that a "person" fund raised by Illinois state employees to back Stevenson's governor race was used for his presidential campaign.

The Cincinnati Enquirer also quoted Forsythe, a Springfield insurance man. Forsythe is now campaign manager for U. S. Senator Richard Nixon, Stevenson's successor as candidate for governor.

Attempts to reach Forsythe in Springfield and in Louisville for comment on the reports were not successful immediately.

The Chicago Daily News story quoted William J. McKinney, a former purchasing agent who said he purchased a monthly list of firms doing business with the state, and that copies of these lists were supplied to a former executive assistant of Stevenson, now dead, James W. Mulroy, and George W. Mitchell, former state director.

McKinney was quoted as saying "I know the list was used to put the tab on the boys for campaign contributions. Some vendors used to come to me and tell me how much they kicked in. They figured it would help them get business."

They told me of contributing amounts from \$100 up to \$5,000. I don't know how much of this money ever left these reported donations influence me in placing orders."

McKinney was not available immediately for comment.

Parents of Eleven Children Killed In Auto Accident

BORDENTOWN, N. J. (AP)—Parents of eleven children are going to Mass. to keep the family together, raise them as best we can.

With those words two young brothers with families of their own made plans today to bury their parents who were killed in an auto accident and care for their nine orphaned brothers and sisters.

Grim and dry-eyed, Thomas Conger, 47, and his wife Loretta, 38, were killed in an auto accident. They left 11 children, ranging in age from 21 on down to 10 months.

Thomas and Benjamin both are married and live in their own homes not far from their parents' slain clapboard house. Benjamin has a small son.

Benjamin told a reporter he and Thomas would like to find a farmhouse large enough so they all could live together.

It would be cheaper, they said, adding that between them they can only \$108 a week and their father left little or no funds.

Clay Democrats Tell Of Support Of General Ike

Re-organization Of Party In Florida Is Also Demanded

GREEN COVE SPRINGS (AP)—The Clay County Democratic Committee has come out for active support of the Republican presidential ticket of Gen. Dwight D. Eisenhower and Sen. Richard Nixon.

The committee asks a re-organization of the Democratic Party on a state level after the November election or the formation of a new party.

It called the Democratic presidential nominee, Adlai Stevenson, "a close associate of the unscrupulous Fair Deal bureaucracy and such radicals as Alger Hiss, a convicted perjurer."

It labeled Nixon "John Starkman, the vice president of the Communist Party of Alabama," "a traitor" and "a Communist agent."

The committee resolution, passed Saturday night, also said:

"Reversing the fact that an unwholy alliance of non-Democrats have seized control of our Democratic Party nationally, we respectfully urge:

"That the Democrats of Clay County, following the general election of 1952, to either cooperate with any sincere effort to form a new party, or reorganize the Democratic Party of Florida as a completely independent party, in opposition to any nationally controlled party which does not act in the best interests of the people, in order to save American constitutional government and stop the present trend to socialism and eventual totalitarian dictatorship."

The resolution asserts the Democratic National Convention at Chicago "was controlled by Harry S. Truman and self-appointed labor leaders, radical minority groups and political bosses, none of whom are true Jeffersonian Democrats."

It also says the national platform "is in direct conflict with the official platform adopted by this committee and a similar platform adopted by the State Democratic Central Committee."

Fire Reported At Ed Higgins Terrace

Fire, caused by a cigarette, damaged a bed and mattress in Apartment 31, Edward Higgins Terrace early Sunday morning, and firemen, arriving at 8:00 o'clock, found the bed ablaze.

Mrs. Sharp, tenant in the apartment, said that she had gone to sleep with a cigarette in her hand, and waking up in the night, discovered that it had burned a hole in the mattress, according to Fire Chief J. N. Cleveland.

Mrs. Sharp, he added, told him that she had doused the burnt spot on the mattress with water, and apparently satisfied that the fire was out, had gone to a neighbor's apartment to sleep, as her own bed was too wet for that purpose.

Returning to her own apartment shortly after 8:00 a. m., Mrs. Sharp discovered that the mattress was on fire, and notified the Fire Department.

Damage was mostly confined to the bed, said Chief Cleveland, and walls and the ceiling were not damaged.

Allies Recapture East Korean Hill In Rugged Battle

U. S. Sabre Jets Bay Four Commie MIGs In Bombing Raid

SEOUL, Korea (AP)—Allied troops advancing behind a curtain of tank fire, today recaptured an eastern front hill after 15 hours of continuous fighting.

The U. N. troops had lost the peak northeast of the Punchbowl to a North Korean battalion in a pre-dawn battle that worked a shift of Red pressure from the western front to the east.

U. S. Sabre jets tangled twice with Communist MIGs and the U. S. 37th Air Force reported four of the Russian-built planes damaged. The Sabres were flying protective cover for other planes attacking a locomotive works and rail tunnels.

The Air Force also said a camera film showed a MIG listed as damaged Sunday was actually probably destroyed. It crashed the Sunday night to four MIGs destroyed, one probably destroyed and six damaged. Allied pilots have destroyed at least 34 MIGs in September.

Sunday's air battles also produced America's 20th jet ace, Capt. Robinson Risner, Oklahoma City, Okla.

Maj. Frederick C. Blasse, top jet ace in Korea with eight MIGs, says pilots set the new trend by almost every mission this month.

He declared knowledge of any new "gunnick" designed to improve the Sabre's performance.

Newsprint Takes Another Price Jump

COOSA PINES, Ala. (AP)—Coosa River Newsprint Co. today announced an increase of \$5.50 per ton for newsprint, effective Nov. 1. This lifted Coosa River's price to \$125.50 per ton.

Vice President H. M. Watts said in a letter to customers:

"At our recent directors meeting, it was decided we could not continue to absorb rising costs much longer."

PLANE CRASH

WEST MEMPHIS, Ark. (AP)—A jet plane piloted by Marine Capt. L. E. Lovette crashed into a cotton patch near Black Fish Lake, Ark., Sunday. Lovette was not injured.

Capt. Lovette was on a cross-country training flight. He was alone at the time of the crash. The cause of the crash was not known. However, it was preceded by a "flameout," comparable to a motor stopping on an automobile.

Senator's Campaign Is Postponed Pending Explanation Of Charges To People

BY JACK BELL
SPECIAL TO THE SANFORD HERALD
Eisenhower publicly reported today the budding political controversy over his running mate as he pointed the Truman administration in a white-hot stop four weeks Kentucky. The total cost is expected to run in excess of \$20,000 but the exact figure would be difficult to determine because of rebates to be made to commercial sponsors whose U. S. periods are being taken over and uncertainties over how many stations will carry the speech.

NBC's radio network of 23 affiliated stations nationally, cost \$20,000 for an evening half-hour broadcast. The Mutual network, cost \$10,000 for a half-hour broadcast. The CBS radio network is expected to cost a little over \$10,000 for the half hour and the Mutual network perhaps as much.

The California senator sought to compare his speech to his \$100,000 expense fund, broke off his current Western tour temporarily to present his case before the people.

"I informed Gen. Eisenhower last night in a telephone conversation of my decision," Nixon told newsmen referring to the radio-television plans, "and he agreed that that was the proper way to handle the situation."

It was immediately taken as a strong indication that Eisenhower had decided to stand by his young running mate. Nixon has contended he would be the \$100,000 on his flight against communism and corruption and not for personal profit.

"I have no further comment," he said.

"In line with my conviction that the truth is the best answer both to the people and to the press."

Rosh Hashonah Is Being Observed By Jewish Community

Rosh Hashonah, the Jewish New Year, was observed here Friday with religious services at the Community Center, Sixteenth Street and Magnolia Avenue.

Observance of the New Year for the Jewish people, 5713, began at sundown Friday and will conclude next Monday at sundown. Services for Yon Kinner will be conducted Sunday at 8:00 p. m. and Monday at 10:00 a. m.

Services Friday were conducted by Meyer Prouss, assisted by Jack Kanner and Frank Sanfey. Those interested are invited to attend regular religious services at 8:00 p. m. Friday.

Rosh Hashonah, is different in atmosphere from other Jewish festivals. In all other festivals, the spirit is one of exalted joyfulness. The exaltation of Rosh Hashonah has no traces of joy, for these are profoundly serious days, with a feeling of the heavy moral responsibility which it puts on all.

Rosh Hashonah bears no relation to nature nor to any historic event in the Jewish past. It is the Jewish New Year, but in contrast with the New Year of other peoples, it is greeted not with noise, but with a serious and contrite heart.
