FINANCE COMMITTEE APPOINTED

TREASURER OF DEMOCRATIC NATIONAL COMMITTEE APPOINTS LOCAL COMMITTEE.

A committee composed of Schelle, Maine, Forest Lake, F. P. Forster, H. C. DuBoise and R. J. Holly have been appointed by the Democratic National Committee to solicit funds for the campaign as the Finance Committee for Seminole county.

In the letter to these committee-men from Wilbur Marsh, treasurer of the National Committee he truthfully says:

"We've got the candidate. We've got the platform. We've got the cause. Now we've got to have the people help us make the campaign."

This committee will get busy at once and a systematic campaign will be made in Seminole County to have every loyal Democrat contribute something to the campaign and all those who are voting for the first time and especially the ladies, are asked to come in and help the Democratic party achieve the greatest victory of all times. Read what President Wilson says in this issue of the paper. Read what Governor Cox says. Compare their utterances with that of Harding and other Republican bosses and you will have no trouble deciding upon your first vote.

All those who fail to see the financial committee can bring their contributions to the Herald office and leave them. You will be credited by having your name published in the Herald and know that your money has been received.

MUST HELP DEMOCRATIC CAMPAIGN

SEND IN YOUR CONTRIBUTIONS TO THE HERALD OFFICE

The Republican party does not need any help for the campaign fund as they have millions behind them. The Democratic party has no such funds and is depending upon the rank and file of the tried and true Democrats to give something toward the campaign expenses that are heavy and getting heavier as election time approaches. As has been the custom of this paper for years the donations for the campaign fund for Seminole County will be received at the Herald office and the name and donation will be published each week and the money sent to headquarters. Give what you can and help the cause when it needs help. The Democratic party will have one of the greatest victories in November that it has ever had in history and you should help it along by giving of your time and money. You are needed and your money is needed. Send your contribution to the Herald office at once.

SEN. BORAH WILL SUPPORT HARDING

REPORT THAT BORAH WOULD GIVE UP SUPPORT IS WRONG.

MARION, Oct. 5.—(By Associated Press).—Answering the widely published report that Senator Borah, the leader of the treaty-irreconcilables in the senate, would quit the Republican campaign because of differences in views with Senator Harding, the Harding headquarters today made public a telegram from Borah announcing that he would continue to work for Republican success and wanted to see Harding win.

INDEPENDENT CANDIDATE AGAINST TOM WATSON

MACON, Oct. 5.—(By Associated Press).—Harry Stillwell Edwards, the Georgia author, has announced his candidacy for the United States Senate as an independent in opposition to Thomas E. Watson, the Democratic nominee.

SUNDAY SCHOOL CONVENTION BUILDING BURNS

TOKIO, Oct. 5.—(By Associated Press).—The building in which the World's Sunday School Convention was to be held burned last before the opening of the convention today. PRESIDENT MAKES PLEA FOR LEAGUE

PRESIDENT CARRIES CAMPAIGN DIRECT TO THE PEOPLE.

WASHINGTON, Oct. 4.—President Wilson, in his first campaign appeal tonight made directly to the people, urged the endorsement of the league of nations issue at the election and declared "the whole world will wait for your verdict in November as it would wait for an intimation of what its future is to be."

The president characterized as "absolutely false" assertions that article ten of the league covenant would make it possible for other nations to lead the United States into war. There was nothing in the covenant, he said, "which in the least interferes with or impairs the right of congress to declare war or not declare war, according to its own independent judgment, as our constitution provides."

"My fellow countrymen," was the president's method of addressing his communication to the people. It contained no mention of presidential candidates by name, but was confined to a brief defense of article 10, and an arraignment of those who he declared had "grossly misled" the public with regard to the treaty.

The president said that those who had spent their lives, as he had, "in familiarizing themselves with the history and traditions and policies of the nation must stand amazed at the gross ignorance and impudent audacity which has led them to attempt to invert an 'Americanism,' which has no foundation whatever in any of the authentic traditions of the government."

WASHINGTON, Oct. 5.—(By Associated Press).—Yellow fever epidemics prevail at all the principal ports of eastern Mexico and the United States Public Health Service has placed a quarantine against all travelers from those ports to prevent any possible spread of the disease.

CAMPBELL-LOSSING POST WILL CELEBRATE VICTORY ON NEXT ARMISTICE DAY

Tournament Riding, Parades, Musis and Athletics ONE REAL BIG DAY

BIGGEST DAY IN YEAR WILL BE CELEBRATED IN FITTING MANNER.

The Campbell-Lossing Post of the American Legion will celebrate Armistice Day on November 11th in a most fitting manner in this city. The local post is holding meetings every week and getting up something new all the time to startle the natives on this big day. Just as a few of the attractions we might mention that there will be tournament riding for prizes in the morning and a big feed at noon when the soldier and sailor boys will demonstrate the manner in which people are fed properly and well. Maybe the government will have some of their equipment here for that purpose but at any rate the boys know how to do it and they will see that everybody is fed right. In the afternoon there will be a mammoth parade in which all the local organizations and the Legion members and the school children will take part and it will also be a decorated float and auto parade if possible—something Sanford has not seen for several years—and then there will be ball games and athletic games in which the army and navy will compete to see who won the war and there will be many different kinds of amusements and in the evening the day will be wound up with a big masquerade dance at the Valder Hotel in which every buddy and every buddy's sister will participate and the older folks will also be there to look after the younger ones and maybe shake a bad foot a few times during the evening.

The day promises to be one big day and Campbell-Lossing Post will see that it is a big day and the members of this post have the reputation of doing things when they get started.

So remember that Sanford will celebrate Armistice Day and make no arrangements to spend that day any other place.

GROWERS WIN TWO POINTS ON RAILROAD CONTENTIONS

F. D. Dow, traffic manager of the Exchange, is jubilant this week over victories for the growers on two points for which recently he has been contending against the railroads.

In one instance a carrier sought to establish a regular percentage of breakage fixing this minimum at two per cent. Claims for breakage in an amount of two per cent or less recently had been declined. A copy of a letter from the secretary of the Interstate Commerce Commission to this carrier, received by Mr. Dow on Monday, upheld Mr. Dow's position entirely, receding portion of the Cummins law fixing responsibility upon carriers for all breakage in transit. This will amount to a very considerable item on a season's shipments, and means much to the growers and shippers of the state.

In another instance the carrier had declined claims on shipments from certain packing houses alleging either that the bulge of boxes exceeded the maximum allowed or that boxes in other respects failed to comply with published requirements. Chairman Clark of the Interstate Commerce Commission has ruled that inasmuch as the carrier did accept and transport the shipments and charged thereon rates which included carrier's liability that the carrier must be held liable for any damage, and that clause in the carrier's tariff to the effect it will not be held liable is of no effect, and properly should be stricken from the tariff hereafter.

A UNIQUE SALE.

Have you noticed the newest wrinkle on the horn of the firm of Perkins & Britt? It is a sale where you bring in your old stuff and get new for it. And in these days of fluctuations between the high and low cost of living this sale is proving quite popular. For instance one day you bring in your old hat and you are allowed so much for it. Another day you bring in your old shoes and are allowed so much for them. We intend to bring in our Liberty Bonds tomorrow and see how much we get for them. But this novelty is getting the results and as usual Perkins & Britt are living up to the reputation of being the store that is different. And meantime go-over and try it. You will like it.

Democrats Should Have Safety First

J. J. DICKINSON WRITES PERTINENT ARTICLE AS GIVEN BELOW.

It is high time the Democratic party took note of the many important matters that are coming up from time to time, and the following letter from Hon. J. J. Dickinson brings this out clearly:

Editor Sanford Herald:

The writer is not an alarmist, but believes in the principle of safety first; he is not a politician but believes that eternal vigilance on the part of our citizenship is the price of our sustained liberties.

There are those who kick after a thing is done, but of course to no purpose. The best time to do one's kicking is before the wrong is done. It is this sort of kicking that counts, in wholesome, and wards off evil before it reaches us.

The state of Florida, Seminole county, and the Democratic party today is faced with problems which are not alarming, calls for vigilance on the part of our best citizenship. The Democratic party, and especially our Southern democracy, has, since the foundation of this republic, given of its time and energy to preserve that for which the founders of the republic gave their lives, and that for which many of its sons recently yielded up their lives on foreign fields—that democratic principles might not perish from the earth.

If our people still cherish these principles we must fight to preserve them. It is here respectively suggested that our County Democratic Committee direct their attention to these matters, get themselves together and map out a campaign in this county to maintain Democratic supremacy, and that all those who still cherish good old Southern Democracy, and right, join whole heartedly in that campaign.

of bullies and hoodlums. We stand before our Maker and say without fear that we try in all things to stand by the right and speak only the words of truth, as we see it.

There is no longing in our breast to pose as martyr to our belief in right, neither do we hanker after the position of a crusading knight at the head of an army or reform, but we do promise all comers who think that we can be bullied out of expressing our honest convictions that they have tackled one of the hardest and toughest propositions that they have ever come across.

There are some rotten moral and political conditions around here and we are going to have a hand in their cleaning up. ARCADIA ENTERPRISE EDITOR NOT BLUFFED

The editor of this paper is getting rather tired of being the recipient of friendly warnings concerning the risk of being slugged and beaten up by some who do not think we should have the nerve to express any opinions not agreeing with their own. We have not very much to say on this subject. We have seen before the half veiled insinuations about our in-born cowardice and pusillanimity. While we do not pose as a Hell roaring, do as I do or be damned sort of person, we are determined to live up to the theory of American institutions and have our opinions on subjects and express them as we see fit as long as they do no innocent person harm and are not morally wrong. Our height is five feet and seven inches, weight 145 pounds, our health good and muscular development medium, hat thin and course doubtful. If any such one doesn't like the stand this paper takes for the betterment of business, moral and political conditions around here they can find us at 114 West Oak street most any time of the day and at 501 North Manatee avenue most any time of the night, where we will few minutes in any style they wish to be entertained. When we come to town at night we generally cross the school grounds and come down Monroe avenue, and there are many spots along this route where we can be sanbagged or shot from ambush, if they wish to take any such exercise. Things have come to a pretty pass when a man cannot take a position on any subject without some throwback to barbarism and survival of the Stone Age lashing his so-called mind into a state where he goes about like Saul of Tarsus "breathing, threatening and slaughtering" against anyone who happens to disagree with him on public questions.

As long as we have charge of this paper we will continue to do our little mite for the purification of political life, the advancement of busi-

ness conditions and the elevation of our moral and religious status. If we do wrong we are open to argument; if we say truths, we are approachable at all times to discussion and liable to conviction of our error but a position taken by us will not be retracted from out of fear of personal injury or from the terror of frothing, slaving mouthed threats.

A Word About the Price of the

Lexington

MINUTE MAN SIX

With all the agitation that is going on now relative to the prices of automobiles we believe it worth while to call the attention of prospective automobile purchasers to the fact that the Lexington has advanced less than \$300 over the pre-war price of this car.

This, too, in spite of the fact that the new motor and the many other refinements and improvements which have been added to the Lexington since the pre-war period which at actual factory cost amount to more than the increase in price. We offer this statement for the benefit of the rational minded purchaser in order that his judgment may not be prejudiced by the price reductions which have been made in various makes of cars.

In Addition, We Offer This Guarantee:

WE WILL PROTECT ANY LEXINGTON PURCHASER AGAINST ANY REDUCTION IN PRICE UP TO JANUARY 1, 1921.

In other words, if you buy a Lexington from us and the price is reduced we will refund the difference to you immediately upon the announcement of such reduction.

ISSUES AND CANDIDATES SCRUTINIZED

Perhaps never before in any presidential campaign have the issues and candidates been the subject of such study and scrutiny as are those in the present campaign. Since the birth of the race man has been the favorite study of womankind and in this campaign she is studying him, his motives his methods, his pledges and arguments with a new purpose and armed with a new power. She is eager for everything that will give her light on the political questions she is studying and the seriousness with which she regards her new duty of suffrage has become an example and an inspiration to her men folk.

Naturally these questions and issues which have a direct bearing on the home, the family, child welfare, morals, education and domestic economics have a first interest for her, even though she is alive to the importance of international questions which hold her interest in a special way, she is analyzing the character of the candidates, their careers in office, their achievements or failures, and their attitude on issues before the nation.

When the voters of a state have elected a man to three terms as their chief executive the student of politics is bound to admit that there are reasons for it greater than mere popularity. James M. Cox, governor of Ohio for three terms, has a personality that wins the hearts of the voters, but it is not this alone that brought to him their suffrages in his three triumphs. It was the measures effected by him in the interest of the working man, the farmer, the business man and more especially, women and children.

COX—THE CAMPAIGNER.

In passing from the west to the far west in his campaign Cox has shown himself to be a masterly campaigner, and he is fearless, able, a stirring orator and a likeable man.

One of the newspaper correspondents who accompanies the Cox party declares that Cox is "winning his way as he goes."

At this we are not surprised; the American people like to look on the man who is proposing to become the leader and they have a right to know what manner of man he is. They desire to hear from his own lips what

he proposes to accomplish; they wish to know whether he will prove himself a capable man and in judging this a moment's glance is worth an hour's magazine description.

The popularity of Cox is steadily increasing because the people are having an opportunity to make his acquaintance. There are many who have republican leanings who are dissatisfied with the republican candidate because they have no opportunity to see and hear what he has to say.

The west is the fighting ground and there Cox is expending his entire strength. He is dealing sledge hammer blows at the closed door of opposition and it is likely that the door will swing open wide. He has a definite program which appeals to the people at the time of great constructive indecision and he reasons decisively.

He has told the people what the program of the republicans is and he is leaving the people to draw their own conclusions. He is satisfied that the people will not permit a party to assume control of the government which has so little to recommend it save a blind and passionate opposition to one man. Something definite, conclusive and accurate appeals to the country now. And the Cox tidal wave is mounting week by week.

If he does not completely exhaust his physical strength so that he will be forced to abandon his active campaigning, he will win thousands upon thousands of votes every week and there are many weeks remaining between now and November.

He stands for the League of Nations, which has a strong appeal for the new women voters who furnish the cannon fodder and would go to any length to make the likelihood of war remote. The League of Nations is a step in the right direction and receives the warm encouragement of the millions who have their eyes fixed on an ideal in government.

At present Cox is the man of the hour.

McSWEENEY IS LIVING BUT WEAKER.

LONDON, Oct. 5.—(By Associated Press).—Lord Mayor McSweeney passed a fairly good night and the fifty-fourth day of the hunger strike found him able to talk. He told the physicians that he felt very weak but had no pain.

COX TAKES A REST.

DAYTON, Oct. 5.—(By Associated Press).—This was the first day of the real rest that Governor Cox has had in many weeks. The candidate had no conferences or speaking engagements today.

WILSON & TOOMER FIRE.

JACKSONVILLE, Oct. 5.—Fire of unknown origin early yesterday morning totally destroyed the main building of the Wilson & Toomer Fertilizer Company, located on the river front in the Talleyrand avenue section.

The fire originated at about 3 o'clock, and an hour later the huge building had fallen in a mass of burning wreckage. The structure was built of wood, and was approximately 400 feet in length by 100 feet in width.

It was stated that it was filled with completed fertilizer products.

ZELENSKA NOT MAN WHO BOMBED WALL STREET

NEW YORK, Oct. 5.—(By Associated Press).—William J. Flynn, chief of the bureau of the investigation Department of Justice, today expressed the belief that Floren Zelenka, the Russian held at Pittsburgh, had no connection with the Wall Street explosion. However Zelenka's movements will be checked very carefully by the department.

SUGAR CONTINUES TO SLUMP.

NEW YORK, Oct. 5.—(By Associated Press).—Sugar reached the lowest price of the season today when the refiners announced the reduction to twelve cents for fine granulated sugar.

SUGAR PRICES DROP TO NEW LOW RECORD; WHEAT TAKES TUMBLE

NEW YORK, Oct. 5.—New low record prices for the year were established in both the raw and refined sugar markets this morning. Prices were half a cent lower than at the close of last week, with raw sugar selling on the basis of 8.51 duty paid, while refined was quoted at 12 1-2 cents a pound by the Federal Sugar Refining Co.

Wheat Loses 11 1-2c a Bushel.

CHICAGO, Oct. 5.—Drastic cutting of prices took place in the wheat market today. In some cases, as much as 11 1-2 cents a bushel was slashed from values, the December delivery at one time bringing only \$1.96 as against \$2.07 to \$2.07 1-2 at the finish on Saturday. Increased liquidation by holders was in progress, especially from rural sources. Acute depression developed at the last and the market closed semi-demoralized at the lowest prices of the day, showing a net decline of 11 1-2 to 12 1-2, with December 195 to 195 1-2 and March 191 to 191 1-2. In the final trading, the leading feature was not so much aggressive efforts to sell as the nearly complete absence of buying.

Flour Prices Going Down.

MINNEAPOLIS, Oct. 5.—Flour prices, continued their downward trend when mills effected a reduction of 10 to 60c a barrel for family patent today. One large mill's quotation was reduced from \$12.15 to \$11.55 a barrel, while another which lowered its price a half a dollar Saturday, made a further cut of 10c, making its price \$11.30 a barrel. The low wheat market is responsible for the decline, millers said.

WALTER B. OLSON NOW IN CHARGE OF SEMINOLE HOTEL

Emerick, the former manager and will hereafter manage the hotel under the direction of Walter B. Olson. It is a source of pride and pleasure to record the fact that Olson will be the director of the Seminole Hotel this season as he is well and favorably known as one of the best hotel men in the business. He has had years of experience in many of the largest hotels in the country as chef and steward and as manager and knows the game from the ground up. Coupled with his experience he has a genial and whole souled disposition and lives to be of service to his guests. He will make the commercial men and the tourists and every guest in the Seminole Hotel feel right at home and will keep up the excellent reputation of this hotel at all times. Mr. and Mrs. Herndon are to be congratulated upon giving this fine hotel to Sanford's increasing list of good hotels.

DID

your favorite Mail Order House send their check for their share of the White Way? Are they members of the Sanford Board of Trade with their dues paid up to date? How much stock did they buy in the Hotel Valdez? They are thinking about some stock in the Country Club and Golf Links, aren't they? They are, NIT. And all these things are necessary for YOUR town to be a town. The merchandise that you buy from the Mail Order House is not always as good as you get at home, but if it were, wouldn't the little difference, spent with the men that BUILD your town, Pay?

THINK IT OVER

And while you are thinking, try and pick the place to spend your hard earned dollars so that they will work right on for you. Make every dollar count. Get the merchandise that is THE BEST and our only suggestion to the men is, trade at

The Store That Is Different
