NUMBER 18

City Government Change Defeated By 55 Majority

1028 Cast Ballots
Despite Morning
Showers, After-
noon Cloudy Skies

Count Completed
By 8:00 O'clock

Mayor, Commissioner
Selection To
Be Left Unchanged

A 55 majority "against" changing the method of electing the Mayor and City Commissioners came out of the most hotly contested elections held in Sanford in recent years as 1028 voters cast their ballots yesterday despite inclement weather.

In the final count 538 voted against the change while 481 were in favor, as decided by the election board at the completion of the count about 8:00 o'clock last night. Of the total only 11 mutilated ballots were thrown out by the officials.

About 50 persons gathered in the City Commission room and around the City Hall as the officials first divided the ballots into two stacks, "for" and "against." When all of the ballots had been divided the count began, with two persons keeping tally sheets as the ballots were called off.

Interest ran high as the tally sheets showed apparently little difference between the two opposing columns and no decision could be reached until the entire ballot had been counted.

Intermittent showers between 11:30 and 12:00 o'clock prevented the count from continuing until the morning.

An amusing turnout for an election of individual candidates and confined to an abnormally small group of voters, having to be held in the afternoon, as the total number of only 437 short of the full municipal record vote of 1,473, highest in 15 years.

As in the past, in accordance with the decision of the electorate, the commissioners will be elected for staggered terms of three years each and the Mayor will be elected by the Commission from among their number.

An election of Commissioners is held every year and during two election years two Commissioners are named, while on the third year only one is elected to keep the balance of five members on the Commission.

At the close of this year James G. and G. E. Collins will have served their three years on the Commission and the primary held in November and the general election in December will decide the filling of the two vacancies. At the first meeting of the Commission following the first of the year the members of the Commission will elect from their number a mayor for the ensuing year.

Interested citizens kept the telephones of the Herald not far from the election. Members of the staff were on the job until almost 10:45 o'clock to answer the queries.

Reilly Named As Member Of Labor Board

Leaders Plunge Into
Conference In Effort
To Bring To
End Coal Strike

WASHINGTON, Sept. 17. (AP)—Leon Henderson, price control administrator today testified that since the congressional hearing on price control legislation received a month ago, prices of basic foodstuffs had increased 8 percent.

Resuming testimony before the House banking committee on bill to empower the President to establish ceilings for prices, Henderson said the cost of living generally rose 1-1/2 percent from July to mid-August and 7 1/2 percent since August 1, 1939.

WASHINGTON, Sept. 17. (AP)—President Roosevelt today completed the reorganization of the Labor Relations Board by nominating Gerald D. Reilly of Massachusetts as a member to succeed Edwin S. Smith, also of that state.

Labor and industry representatives plunged today into deep conference with the national defense mediation board, seeking a method of ending amenable the strike of 43,000 coal mine workers.

John L. Lewis, president of C. I. O.'s United Mine Workers, derided the rejected the board's request that men return to work immediately. Mines involved for the most part are "captive mines" owned by the nation's big steel producers.

President Roosevelt cautioned amateur strategists Tuesday against speculating that conveying out his "shoot first" orders to protect merchant ships of all flags in American defense waters.

He gave no hint whether convoys would be one of the possible protective measures.

The President's warning against speculation was in reply to a press conference inquiry whether his orders—which became effective Tuesday—will mean American convoys in the Atlantic.

Secretary of the Navy Knox revealed Monday that "the American navy will provide protection as adequate as we can make it for ships of every flag carrying lend-lease supplies bound for the American continent and the waters adjacent to Iceland."

Maritime experts had said convoys would provide the most adequate protection.

Roosevelt hinted that future events would dictate government policy regarding disclosure of results of his shooting orders.

The military and naval situation, he said, will determine whether the announcement will be made of any additional sinkings of American-owned vessels or clashes between American naval vessels and hostile craft.

As for his shoot-first instructions to the navy, Roosevelt said the language of his speech last Thursday night covered the situation adequately. He declined to elaborate on the speech, thus leaving unclarified the precise geographical boundaries of "American defense waters."

Russians Make Smashing Attack On Central Front

Whitehair Speaks
To Kiwanians On
Constitution

U. S. Army Stages A Blitzkrieg

Germans Hurled Back
With 10,000 Men
Killed, Wounded
In 8-Day Battle

Conflict Between
Moscow, Smolensk

Leningrad Defenders
Recapture Strategic
Crossroads

Russian's northern today reported a smashing counter-offensive on the central front, 30 miles northeast of Smolensk in which the Germans were hurled back westward with 10,000 men killed and wounded after an eight-day battle.

Fighting raged on the main highway between Smolensk and Moscow.

Dispatches said the Russians, still pressing the attack, are now in position to invest Smolensk.

The Soviet reports also declared Red Army troops defending Leningrad had recaptured a strategically important crossroads village. Thus wrecking Nazi plans for a new thrust against this northern industrial city.

The German southern armies claimed last night to be sweeping eastward from the lower Dnieper river over broad and hard-won bridgeheads toward the Nogat field guns, a spectacular charge by Red troops and civilian volunteers—some of them girls—which threw the Germans out of a series of fortress islands in a river that presumably was the Neva.

Further to the north, apparently somewhere on the Murman front, and the substantial destruction of a Nazi infantry regiment in that same area.

The running actions of northern Soviet naval and aerial forces were declared to have smashed a total of 20 German vessels, eight of them laden troop transports, and it was said, too, that the big guns of the Kronstadt naval base near Leningrad were in action against the Germans.

Heavy Autumn rains were general over the Leningrad front, and official Soviet spokesman welcomed the approach of winter with declarations that it would bring disaster to Hitler.

**Shortlived Freak Windstorm Brings
Disturbances In Routine Of City**

A freak windstorm racing through the city this morning blew into an almost horizontal path, at the same time whipping dust, skirts and papers about carelessly.

But on Lake Monroe the waters lashed into waves, tipped with heavy foam that splashed the sea wall and lashed the edges of the Municipal Pier while assailing anchored boats as if like cockle shells.

Palms trees along the lakefront and branches that fell into the street periodically close to passing automobiles. Large oak bowled and snapped under pressure of the wind. Doors caught suddenly were slammed with a violence that frightened occupants of homes and offices and secretaries dashed madly after dancing papers blown from their desks.

Down at the zoo the monkeys crouched in the most sheltered corners of their cages to escape the stinging rain but a ruffled lion roared his defiance at nature.

**County Home
Demonstration
Agent Arrives**

Mrs. Ouida Wilson, new Home Demonstration agent will take up her duties today, it was announced by Miss Holloway, the District Home Demonstration agent.

The appointment was made Monday by O. P. Hendon, and the district agent is acting as supervisor for a short time.

Mrs. Wilson and that in her reading Mrs. Rena Andrews she will make the best possible changes in her old program and she plans to work by the outline of the county has used before. Her first few days she will spend getting acquainted with the school officials, preparatory to getting the Fall program under way, which is the organization of 4-H Clubs and their schedules.

The "clothing specialist," Miss Christine, is accompanied by Miss Holloway, Mrs. Wilson, today when they visited Lonn Aulin, a young 4-H Club member who lives in Ovelo.

Mrs. Aulin has been elected one of the five honor girls in the "state clothing dress review" contest which was held by the Florida 4-H Clubs and Mrs. Wilson visited to check over the young girls' summer work with the clothing specialist.

**Local Business Men
Reminded-Of Meeting**

Sanford business men were reminded today of the annual election of officers and directors for the Merchants' Association of Sanford at a dinner and business meeting to be held at the Valdes Hotel Thursday night at 7:00 o'clock.

H. B. Pope, secretary of the organization, reported that the meeting has been on sale since last Monday and may be obtained at Emerick's Hardware Store, Russell Seed Co., Forrest Gate's, and the H. B. Pope Co. He emphasized the need of a large representative attendance and pointed out that if persons had not been contacted personally it was not because of any slight or insufficient time. He declared everyone is cordially invited to attend and will be welcome at either or both the dinner and business meeting, which begins at 7:45 o'clock.

**Two New Monkeys
Arrive At Island**

Two new "black spider" monkeys were placed in the Sanford Zoo this morning. James Moughton, city park superintendent, said this brings the total number of monkeys on the island to 20 and the City plans to add two more before the winter season opens.

Mr. Moughton has built a pen beside the monkey house where the new monkeys will be kept until the others become accustomed to them. The old monkeys ran the new inhabitants into the water which surrounds the island the last time he attempted to bring them together, he said. Consequently the new system will be tried.

Bombing planes, cooperating with the First Armored Division during the large-scale army maneuvers in the South. The anti-tank guns were theoretically in front, clearing the way for a charge by mechanized forces.

**National Guard Sergeant Reports On
Experiences In Louisiana War Games**

RAGLEY HAMBLING
By Sgt. Philip M. Vickery
Ragley 1st, Sept. 13, 1941

Offhand, I suppose I am what you would call a ghost writer for one obvious reason. All of you people who have been sending mail to A. P. O. 231, Ragley, La. have been corresponding with a ghost town—in fact it is no town at all. "Ragley" is merely a Post Office Department code name. All mail marked Ragley is a sign to post office officials that the parcel is army mail and should be sent to the distributing point at the New Orleans Post Office. From there it is sent to the various corps and divisions as designated by the A. P. O. (Army Post Office) number. Mail for the Fourth Army Corps is designated as A. P. O. 234; the 31st Division, A. P. O. 21; and the 48th Division, A. P. O. 45, etc.

This system is necessary in order to avoid confusion and make deliveries without delay. We never know from one hour to the next where we will be located. So far we have needed only base camp no less than ten times in six weeks, ranging anywhere from five miles to 50 miles. During the actual maneuvers, of which we have had two, we are never

in any sort of a permanent situation. At that time every piece of equipment is held on trucks in a state of mobile readiness, moving fast and often on a moment's notice.

The weather has been ideal from a tactical standpoint. We have been "blessed" with every sort of weather known to Louisiana except snow. For the past two days we have been preparing for a storm. The skies now are overcast and the wind has been steadily blowing, causing an occasional shiver among the men. For the most part, however, it has been exceedingly warm, with a minimum of refreshing breezes. One consistent feature of Louisiana is the fact that nothing is done half way in regard to the weather. One day we are knee deep in mud and soaked to the skin; the next day the atmosphere is as dry as a Volstead advocate on Sunday afternoon, with huge billowing clouds of dust following in the wake of every vehicle.

The health of all the men has been exceptionally good, with poison oak and red bugs, of which there is no whicker, causing the greatest amount of discomfort in direct contradiction of

**Armistice Day Plans
Made By Legion Post**

Plans for the Armistice Day celebration of Nov. 11 were made at the meeting of the Campbell-Losing Post held at the Legion Hut Monday night, J. C. Travels, post adjutant, said yesterday.

The celebration will be worked out through the co-operation of the Chamber of Commerce and the same committee from the post that worked on the last celebration will be in charge. The adjutant explained. Reports on the Seventh District Conference held at Clewton Aug. 31 were made by members who had attended.

**Tipis Army Private
Ends With "No Sale"**

WITH THE THIRD ARMY, Sept. 17. (AP)—Celebrating the night before maneuvers started, a soldier marched up and down the campway street holding

Programs planned. Get your programs, you can't sell a soldier from a bank private without your program.

Turning a soldier, he bumped into his commanding officer. No sale.

CONSTITUTION DAY
As this is Constitution Day—the 154th anniversary of the signing of the Constitution of the United States—it is a fitting time for everyone to re-dedicate himself to the support of this great document which has made our nation the greatest democracy the world has ever known and to reaffirm our devotion to the principles for which it stands.

It is the Constitution, or rather loyalty to it, which prevents such usurpation of power as has occurred in Germany and many other countries in recent years and which makes impossible such a fundamental violation of human rights as the religious and political persecution elsewhere so prevalent in these days of violent stress and strain.

For it should be remembered—that the Constitution is one and indivisible—is a single thing for this nation or the people who are its citizens. It is only if the Constitution is vigorously supported by an energetic majority that its benefits are realized and its blessings carried over from generation to generation. Other democracies have fallen when the majority became apathetic leaving the way open to selfish minority groups.

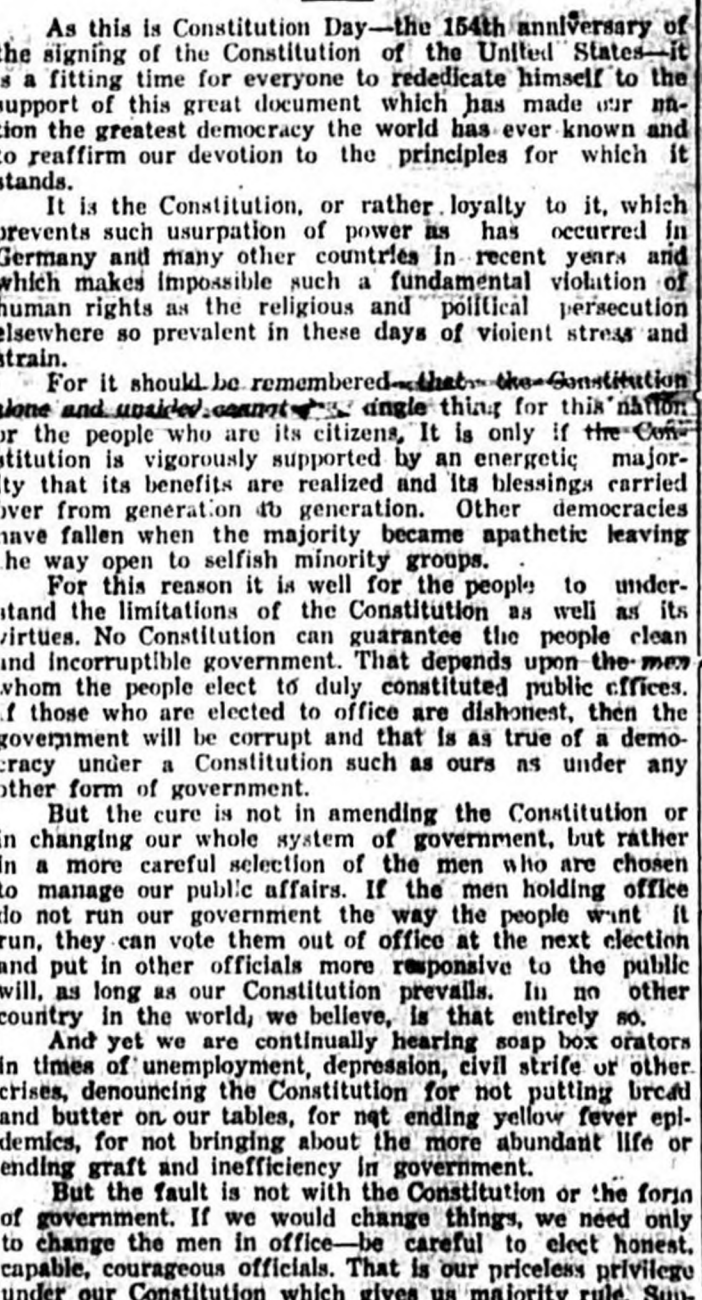

For this reason it is well for the people to understand the limitations of the Constitution as well as its virtues. No Constitution can guarantee the people clean and incorruptible government. That depends upon the men whom the people elect to office as dishonest, then the government will be corrupt and that is as true of a democracy under a Constitution such as ours as under any other form of government.

But the cure is not in amending the Constitution or in changing our whole system of government, but rather in a more careful selection of the men who are chosen to manage our public affairs. If the men holding office do not run our government the way the people want it, they can vote them out of office at the next election and put in other officials more responsive to the public will, as long as our Constitution prevails. In no other country in the world, we believe, is that entirely so.

And yet we are continually hearing soap box orators in times of unemployment, depression, civil strife or other crises, denouncing the Constitution for not putting bread and butter on our tables, for not ending yellow fever epidemics, for not bringing about the more abundant life or ending graft and inefficiency in government.

But the fault is not with the Constitution or the form of government. If we would change things, we need only to change the men in office—be careful to elect honest, capable, courageous officials. That is our priceless privilege under our Constitution which gives us majority rule. Support the Constitution and we will always have this right.

THE GHOST WALKS

YORK, which offers to all those who feel that the Democratic form of government is the best form of government a place where they can have an outlet for their energies. Mr. Gene Tunney, former heavyweight champion, is Acting Chairman of the organization at this time. It so happens that I am a member of the Advisory Council. Plans are moving forward rapidly for an active organization. There are to be conferences held shortly with Mayor LaGuardia to establish liaison between the office of Civilian Defense and United Youth for Defense and Mayor LaGuardia's office has informed me that they expect to utilize the energies of the youth of this nation. I suggest that the young people who want to join this organization watch for further announcements. The fact that Hitler declared war on Russia and the National Youth Congress in all probability is taking a backward flip in policy should not becloud the issue. They are doing it for their own purposes and we want a purely American organization.

FLORIDA OBJECTS—I have been in Congress almost five years and I have not yet been able to vote with the Administration on their Reciprocal Trade Agreements Policy. I have not voted against the Administration because I felt that their policy was wrong. In fact, I think the policy is a good one. It is the Good Neighbor Policy which President Roosevelt has continuously tried to advance. However, there are isolated cases where this policy has worked grave injustices. One of these cases is Florida particularly. Of course the Sugar Act is not involved in the Reciprocal Trade policies but it is along the same lines and we have never been able to produce even the amount of sugar we can consume in the State of Florida, even though we could compete with Cuba, Puerto Rico or any other sugar producing area. The winter vegetable industry in Florida was at one time a thriving industry but owing to the fact that so many concessions have been made to Cuba they have been able to ship tomatoes and other competitive products into the markets of the United States and sell them at less than it actually costs to produce the same products here and at the same time make a profit. Cuba has been permitted to ship grapefruit from Cuba and the sale of Pines into the markets of the United States almost without restriction as to standard of quality, size, etc., and while the growers of Florida have been restricted, and in addition are at the present time depending about a million dollars a year to create a reputation for Florida fruit, yet Cuba is shipping their fruit in and the consumer is unaware of the fact that he is purchasing Cuban fruit. I recently appeared before the Committee on Reciprocity Information and protested this injustice and for the first time since I have been in Congress the Committee held out some hope. The chairman informed me that "if it is possible to do anything to regulate the standard of quality of the Cuban fruit coming into this country we shall do so." We hope that the Committee will find it possible to do so.

Record Enrollment Brings On Headache
MIAMI, Sept. 17—(AP)—Record enrollment of more than 85,000 pupils in Miami area schools caused numerous headaches to Dade county authorities and revealed unusually crowded conditions in Coral Gables.

Some elementary pupils in the big Gables residential suburb caused school authorities to press into service a library and an old workshp. In some grades, there was space for less than half of those who registered.

An effort to have the surplus transferred to other districts was dropped because the county lacks enough buses to transport them.

PALM BEACH JUDGE TAKES BACK POST
TALLAHASSEE, Sept. 17—(AP)—Governor Holland's assignments of three judges to share the Palm Beach county work of Circuit Judge C. E. Chillingworth were quickly rescinded Tuesday upon receipt of a letter in which Judge Chillingworth said he was being released from active duty by the Navy.

Judge Chillingworth was granted an indefinite leave of absence when he was called to active service several months ago, and Judge Jean O'Brien, Jr., was sent into his circuit from time to time since that date.

PANAMA PROTESTS
PANAMA, Panama, Sept. 17—(AP)—Panama protested Tuesday to Germany over the slaying in the North Atlantic of the Panama-registered steamer *Bessa* and *Russell Edgar Andrews, Jr.*, of Rome, Ga., was injured seriously when a private airplane crashed in a field near here.

FLIER KILLED
WINCHESTER, Tenn., Sept. 17—(AP)—Nicholas Hammer Cobbler, of Baltimore, was killed Tuesday and Russell Edgar Andrews, Jr., of Rome, Ga., was injured seriously when a private airplane crashed in a field near here.

You Can't Tell By A Man's Clothes

It Fitchburg, Mass., they're chuckling over the story of a buck private who came into town from near-by Fort Devens and tried to buy an automobile, a story in *Your Life Magazine* reveals. Salesman after salesman, in several establishments, eyed the private's uniform and gave him a more or less polite brush-off, or tried half-heartedly to show him antiquated junk heaps that were within the financial reach of a young fellow making in the neighborhood of \$21 a month. But the soldier didn't want a jalopy—he wanted a late model, with trimmings.

Finally his persistence rewarded and he found a salesman who would give him a little time. He looked over the car, liked one and announced that he would buy it. But the salesman didn't have his whole heart in the deal. "We'd like your commanding officer's approval of transaction," he suggested, half hopeful that this might dissuade the soldier and cause him to drop the idea. "I suppose you'll want to finance the purchase."

The confident reply gave the automobile man something to worry about: "No, I'll give you a check."

The salesman was even more dubious when he saw the name signed to the check but, making the best of what he feared might turn out to be a waste of time, accepted the slip of paper. The car, he agreed, was to be delivered at the Fort after it had been serviced—and he might have added but didn't, if and when the check cleared.

The check cleared, all right. It was signed by Winthrop Rockefeller, son of John D. Rockefeller, Jr., then a private, now a sergeant in Uncle Sam's Army. And the report is that there has been an unusual amount of self-kicking among the sales personnel of several Fitchburg automobile agencies in recent weeks.

Correction
The Herald regrets an error in last night's editorial on the "New Traffic Laws" which described the hand signal for a left turn when driving an automobile. The signal is of course given with the left hand and not with the right as stated in the editorial. All hand signals are given with the left hand.

WEEKLY NEWS COLUMN
By JOE HENDRICKS

DONT BE CONFUSED—I have seen numerous and conflicting reports concerning Canaveral Harbor in the Florida newspapers. These reports I am sure confuse the general public and would confuse me if I were not a little more familiar with the details. For instance it has been reported that Canaveral Harbor has had a favorable report from the Chief of Engineers but has been turned down by the Bureau of the Budget. This is true but it would be hard to come from the mouth of a man who has been in the office of the Chief of Engineers and the Bureau of the Budget. The man who has been in the office of the Chief of Engineers and the Bureau of the Budget is a man who has been in the office of the Chief of Engineers and the Bureau of the Budget.

Bryant Named New Citrus Attorney
LAKELAND, Sept. 17—(AP)—The Florida Citrus Commission Tuesday elected Thomas W. Bryant, Lakeland, its attorney to succeed John W. Bull, Tampa, effective at once. The salary is \$400 a month.

Bull will remain on the payroll a month to assist Bryant with pending legal business.

No successor was named for B. F. Lavigne, former commission publicity man who for the last year served as representative of the citrus board in Washington. His resignation will be effective Nov. 1.

A GREAT LINE OF Shoes

Nunn - Bush
\$8.95 and \$10.

Freeman
\$5.00 to \$7.85

Champion
\$4.00

Star Brands
\$3.50

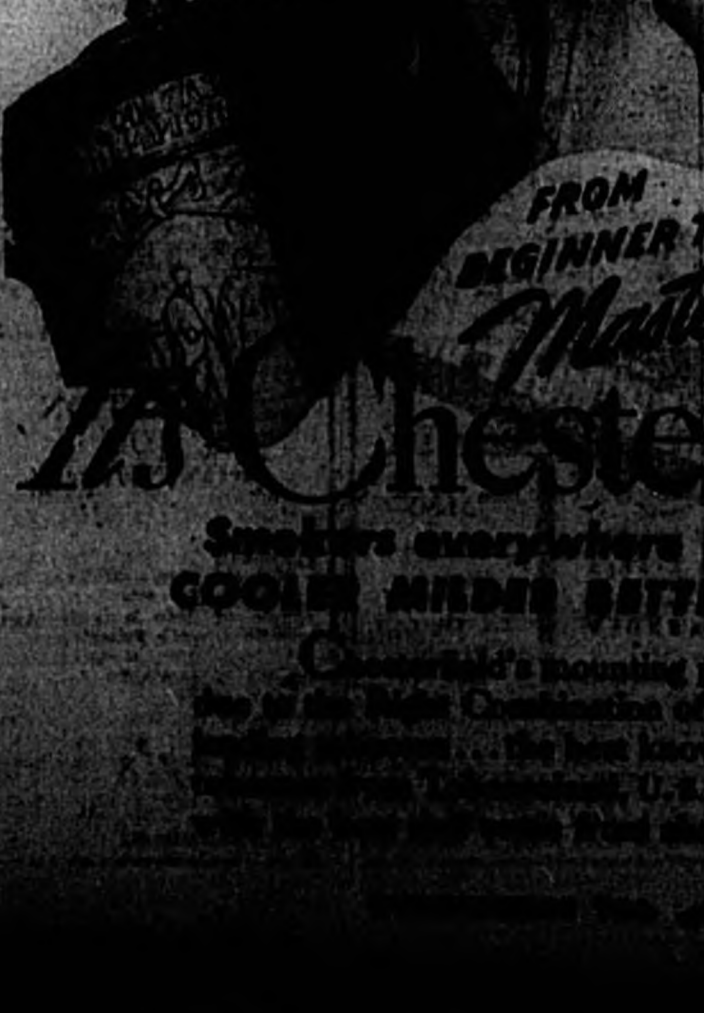

Probably the greatest selection of men's and boys' shoes ever shown in Sanford.

This year we are stocking some of our shoes in genuine cow A to D. We will have the property free on the stock.

Defense Stamp Sales Jump To New Record
WASHINGTON, Sept. 17—(AP)—Sales of defense-saving stamps jumped 56 percent to a new record in August.

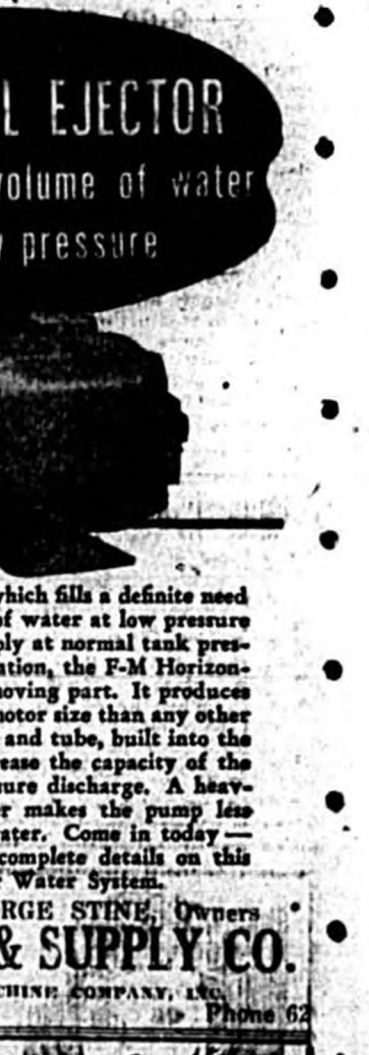

The treasury announced that sale of stamps in denomination from 10 cents to \$3 totaled \$1,153,748 in August, compared with \$732,583 in July and \$1,475,070 in May which was the first month of the sale.

F-M HORIZONTAL EJECTOR
gives an extra volume of water
at low pressure

Here's a new type of pump which fills a definite need by supplying an extra volume of water at low pressure and also provides an ample supply at normal tank pressures. Extremely quiet in operation, the F-M Horizontal Ejector pump has but one moving part. It produces greater water capacity for its motor size than any other design of pump. An ejector jet and tube, built into the pump side of the volute, increase the capacity of the pump and develop a high pressure discharge. A heavily constructed bronze impeller makes the pump less subject to wear from sandy water. Come in today—we will be glad to give you complete details on this F-M Horizontal Ejector Water System.

News Of The World In Pictures

C. P. Radiophoto

According to the official German caption with this photo, which was flashed by radio from Berlin to New York, Nazi soldiers are shown receiving the first ore to come out of the Krivoy Rog iron mine since the machinery was wrecked by the retreating Russians. Krivoy Rog is in the Soviet Ukraine.

Depth charges dropped by British warships are reported to have forced this Italian submarine to the surface in the Mediterranean Sea. The crew is being transferred to British ships. A few minutes later the submarine sank, according to the British censor.

C. P. Radiophoto

According to the caption with this Soviet photo, a Red plane is casting its shadow as it drops huge bombs on German artillery positions somewhere on the vast 2,000-mile front. Puffs of smoke at lower right indicate spots where bombs have exploded. Three bombs can be seen hurtling to earth.

Corp. McCochie

For the first time in Britain, a woman was court-martialed when Corp. McCochie appeared before a military court on a charge of absenting herself without leave from the Auxiliary Territorial Service. She told court she preferred to lose her stripes by court-martial rather than "to take them down."

Mary Bland Reynolds

A lovers' quarrel is reported to have prompted the suicide attempt in New York of Mary Bland Reynolds, 23-year-old daughter of Senator Reynolds of North Carolina. Mary's mother was the second of Senator Reynolds' four wives. He is at present engaged to marry Evelyn Walsh McLean, young Washington socialite 27 years his junior.

Capt. Willis A. Lee, Jr.

One of twelve captains promoted to the grade of rear admiral to meet the need for more high-ranking officers to command America's rapidly growing fleet, Capt. Willis A. Lee, Jr., is from Oventon, Ky.

Gloria Howman of Miami Beach, sings at the Florida State Exhibit, Atlantic City.

James Mullen

Beating the country's leading amateur outboard pilot, James Mullen, of Richmond, Va., won the \$5,000 Lipton Trophy in three five-mile heats on the Schuylkill River, Philadelphia. The trophy was presented 13 years ago by the late Sir Thomas Lipton.

Maj. Gen. Gerald C. Brant

Maj. Gen. Gerald C. Brant, commanding officer at Randolph Field, Texas, the air corps training center, has been assigned to command the Newfoundland Base Command. The base is one of those received by the U. S. in the destroyer deal with Britain.

John T. Flynn

Charging the leaders of the movie industry to seek to plunge this nation into war, John T. Flynn, author, and chairman of the New York American First Committee, testified before the Senate committee investigating the movie industry. His charges that the picture makers were spreading propaganda was severely denounced by Wendell L. Willkie, representing the producers.

Anthony Drexel Biddle

Watching a Netherlands brigade drill by the English Midlands, Anthony Drexel Biddle, U. S. ambassador to the government-in-exile in London, received a splinter in the left hand. He thus became the first casualty to be treated in an ambulance recently presented to the brigades' Americans.

Mrs. Marie Tucker

Pictured in Los Angeles after being indicted for murder in the stabbing death of her husband, Maj. George A. Tucker, of Fort MacArthur, Cal., is Mrs. Marie Tucker. She maintains he died after accidentally cutting himself with a butcher knife.

Maury Maverick

Former congressman from Texas and mayor of San Antonio, Maury Maverick has been appointed an assistant and consultant to Leon Henderson, price administrator.

C. P. Radiophoto

According to the official Nazi caption with this photo, which was transmitted from Berlin to New York by radio, this is all that remains of the Russian cruise ship *Karel Novik* following a bombing attack by the German Luftwaffe. The Nazis did not say where the ship was sunk.

Margaret and Gunnar Knudsen, whose father, Martin Knudsen, was skipper of the *Montana*, torpedoed off Greenland, are shown at their home in North Bergen, N. J. It was revealed the Danish captain had been warned recently by Nazi secret agents not to serve on a ship controlled by the Allies or reprisals would be taken against his life in Denmark.

Sergeant Tells Experiences In Mock War Games

(Continued from page one)
 general opinion and popular belief, the morale of the men has been exceptionally high and the esprit de corps almost untellable. I say this in direct reference to the 31st. (Disin.) Division, of which, the 124th Infantry is a valuable component.
 The Disin. has made quite a name for itself in the recent camps and Third Army Maneuvers. The 124th Inf. and especially the First Battalion has been highly commended and praised by the various commands, namely: Maj. General Persons, 31st Div. commander; Maj. General Benedit, Fourth Army Corps Commander, and Lt. Gen. Krueger, commanding the Third Army.
 So far we have successfully accomplished every mission assigned us, whether it be one of defense or an attack. On two occasions, the first battalion was hopelessly outnumbered 10 and 15 to one. At no time have we encountered odds of less than four to one. The first Battalion of the 124th Infantry is commanded by Lt. Col. H. W. Milan, Jr. of Tallahassee, Major H. C. Washburn, of Sanford, is executive officer, and Lt. George Votaw, of West Palm Beach, is Adjutant. The Battalion is composed of Companies "A" and "B" of Miami; Company "C" from West Palm Beach, and Company "D" commanded by Captain W. F. Runge, of Sanford. The Battalion Headquarters Detachment is also from Sanford.
 The entire Regiment was happy to welcome the return Tuesday of Col. Safay, Regimental Commander; Lt. Col. George H. Collette, Regimental executive officer, and Capt. Karl E. Nodding, aide to General Hutchison. These gentlemen have just completed a three months' refreshment course of the Staff and Command School, School of the Infantry, at Fort Benning, Ga. Sergeant Frank S. Ray has the honor of being the first enlisted man from Sanford, and one of the first of the Regiment to be chosen to attend the Officers' Candidate School, School of the Infantry, Fort Benning, Ga. This school is for three months duration, covering every phase of the Infantry and its relation to the other components of the Army. On completion of the course, the candidates are eligible for appointment to the grade of Second Lieutenant, Inf.
 It goes without saying that every man in the Company was deeply complimentary to Sgt. Ray. We all congratulated him and showered him with our best wishes. Sgt. Ray has spent considerable time and effort in the national Guard and everyone is of the opinion that the choice was very appropriate. Sgt. Ray has served continuously since his enlistment in 1917. He was promoted to his rank of sergeant and has held in that capacity since. Sgt. Ray is a graduate of Seminole High School and has been employed by the Atlantic Coast Line Railroad since graduation. He was in the Army of the United States, last Nov. 25, having been stationed at Camp Blending since that time. Placed in his position as both his officers and enlisted comrades, and his absence will be keenly felt. All of us are anxiously looking forward to his return to Company "D" in an officer.

Louisiana for years to come. We expect to depart for Camp Blending between the 20th and the 25th, by truck, following the Old Spanish Trail along the Gulf. All of us will be joyous to get back to Blending and home; beds, pillows, white sheets and pillows, dishes to eat from and the fresh air, but the least we learned here will add much to our ever increasing store of military knowledge.
 The monetary cost has been staggering; the task of planning and executing has been a tremendous one. We have worked hard and long, and undergone temporary hardships and discomforts of every nature, but we have come through—no have we triumphed. But fairly, that we have proven our fighting and character worthy of the title "American Soldiers" and equal to the task confronting us in the defense of our country.
 Thanks to—
 da.

Draft Board To Aid Returning Army, Navy And Marines In Finding Jobs

ST. AUGUSTINE, Sept. 17.—(Special)—Urging the co-operation of every employer in the State of Florida to see that every returning soldier has a job when he gets home, Brig. Gen. Virgil Collins, state director of selective service, today also announced that the selective service system will give the same assistance in finding jobs for Florida men completing their term of service in the regular Army, Navy or Marine Corps as those in its own selected members of the National Guard. Gen. Collins pointed out that while the selective service system, with the co-operation of the War Department and the State Employment Office, has helped many returning soldiers and organized or aided in obtaining civilian jobs for returning soldiers, the complete co-operation of all employers is a vital requirement for its successful operation. He said:
 "It is not merely a question of obligation imposed by law that the Selective Training and Service Act requires former employers of returning soldiers to restore them to their former positions or to positions of like seniority and pay. It is a moral and patriotic responsibility of all employers to make certain that these men who have made sacrifices to fit themselves for the armed defense of our liberties be protected themselves from any unnecessary hardships.
 "This means that every former employer of a returning soldier should not only see that he is promptly reinstated in his former job, or an equivalent one, but also should endeavor to give

could be sufficient to relieve an employee of this responsibility, but must result from initiative and good will on the part of the employer. These conditions must be such as to impose an unreasonable financial burden upon the employer, but not an unreasonable financial burden upon the employee.
 Gen. Collins stated, however, that reports from local boards indicated that the vast majority of Florida employers of returning soldiers are cooperative and that the State Employment Office will generally will cooperate with the selective service system and the State Employment Office to see that every man fit for the nation's armed forces will find a job when he comes home.
 "The law," he said, "is mandatory for the employer to restore a returning soldier to his former position, or a position with like seniority, status and pay, unless the employer can make it impossible or unreasonable to do so."
 He stressed that the mere abolishment of a position because the employer had reorganized his business does not remove the obligation. "The only type of undue hardship contemplated by the law," the director declared, "which

could be sufficient to relieve an employee of this responsibility, but must result from initiative and good will on the part of the employer. These conditions must be such as to impose an unreasonable financial burden upon the employer, but not an unreasonable financial burden upon the employee.

INFORMATION THAT WILL PLEASE SOUTHERN HOUSEWIVES

WHAT EVERY WOMAN WANTS

Every woman wants convenience in housekeeping. She wants good quality products that give her most for her money, without waste. Twin-Pack Bread and Redi-Cut Cake give her what she's looking for.

SERVE HALF—SAVE HALF

Here's a wonderful convenience: with Twin-Pack Bread you serve only half a loaf at a time! The other half stays fresh 'til needed. Only Twin-Pack gives you this important thrift feature.

TWIN-PACK WRAPPER PROTECTS FRESHNESS

Twin-Pack Bread has two separately wrapped halves plus an outer wrapper. Easier to serve. Thrifty too, because double wrapper eliminates stale bread waste by keeping out air and moisture.

TWO KINDS TO SUIT YOUR TASTE

Twin-Pack White and Twin-Pack 2-in-1 (Half White-Half Wheat) give you a variety to select from. No matter which you buy they're all the same high quality that has made Southern Bread famous for years.

REDI-CUT—A WONDERFUL NEW CAKE CONVENIENCE

Buying fine quality Redi-Cut Cakes is a convenience women have long wanted. Redi-Cut gives you a big even slice of delicious two-layer gold cake in separate portions—ready sliced, ready to serve.

SERVE AND SAVE—THIS EASY WAY

Redi-Cut Cake permits you to serve 3 or 4 portions at one meal and save rest 'til later. Replaceable cellophane wrapper protects freshness of unserved portions, eliminates stale cake waste, saves money.

FOUR POPULAR KINDS—ONLY 29¢ EACH

CHOCOLATE
CARAMEL
 Variety 2-in-1 Lady Baltimore.

—all big delicious two-layer gold cakes generously filled and iced. A real taste treat for less than you could bake at home. Serve your favorite flavor today.

Acts 2-ways to help WOMEN

Women by thousands who suffer from periodic distress due to irregularities in their menstrual cycles find REDI-CUT helps in two important ways: It may help relieve such periodic distress when taken by directions starting 3 days before the time of or taken as a tonic. It should stimulate appetite, improve digestion (by increasing flow of gastric juices), so help build new strength and thus relieve periodic distress. Try REDI-CUT.

Sellout Reported At Yankee Stadium For World Series

NEW YORK, Sept. 17.—(AP)—Setting what may be a new record for advance sales, the Yankees announced Tuesday that all reserved and box seats for the three world series games at Yankee Stadium are sold out.

The first and second games of the series are slated for the stadium Oct. 1 and 2. The sixth game, if necessary, also will be played in the Yank's ball park.

Announcing that the 41,000 reserved and box seats were gone, Yankee officials said they do not recall a year in which the sellout sign had been hung out so early—two weeks before the series opened.

The club pointed out that 14,000 reserved grandstand seats and 14,000 bleacher seats would be placed on sale at the stadium the morning of each game.

National League Pennant Race

The already confusing National League pennant race came upon new complications yesterday as the Brooklyn Dodgers dropped a 4-3 decision in 11 innings to the Cincinnati Reds and the St. Louis Cardinals battled to a 1-1 tie with the New York Giants in 10 innings.

This reduced Brooklyn's lead to a game and a half for the present, but the Cardinals suffered equally by having darkness wipe their tussle with the Giants off the schedule.

It was the last game this season between the two clubs and there is no opportunity for replaying it. As the result is:

Tom Leib Fears Ragged Florida Team Saturday

GAINESVILLE, Sept. 17.—(AP)—Coach Tom Leib held the fear last night that his University of Florida football team would be a little rough around the edges when they take on Randolph Macon here Saturday night in their opening game.

Rainy weather continued to plague the boys in Gatorland yesterday causing a slow up in practice for the second straight afternoon.

The Gators have had only three weeks in which to get ready for their earliest opener in years and haven't been able to make the most of the time due to interfering conditions. There was little doubt as to the Gators' physical and mental fitness, however.

Bill Cornelison, end who will be out for six weeks due to a broken bone in his foot, appeared yesterday to be the only Gator who will miss the Yellow Jacket tilt.

Defensive work aimed at stopping the single wingback formations of Randolph Macon and their speedy back Red Lovett shared the spotlight with new plays in yesterday's practice.

While lacking the power of the Gators Randolph Macon will have the fastest man on the field Saturday night. Lovett turns the 100 yard dash in 9.6.

Louis will finish with only 153 games to Brooklyn's 154 and this amounts to a half game edge for the Dodgers.

Each team has lost the same number of games, 51. If between now and the end of the season they continue to drop the same amount, Brooklyn would win the pennant instead of ending in a tie.

The standings:

	W.	L.	Pct.
Brooklyn.....	92	51	.643
St. Louis.....	89	51	.636

Remaining schedule:
 Brooklyn—Sept. 17 at Pittsburgh; 19 open date; 20 at Philadelphia (2); 21 at Philadelphia (3); 22 at Philadelphia; 23 open date; 24 at Boston; 25 at Boston; 26 open date; 27 Philadelphia; 28, Philadelphia. Total, 11 games.
 St. Louis—Sept. 17 at Boston (2); 18, Boston; 19, Chicago; 20, Chicago; 21, Chicago (2); 22 open date; 23 at Pittsburgh (2); 24 at Pittsburgh; 25 at Pittsburgh; 26 open date; 27 at Chicago; 28 at Chicago. Total, 13 games.

Before a crowd of 20,000 in St. Louis, the league-leading Brooklyn Dodgers eke out a 6-4 win over the St. Louis Cards in an 11-inning duel, thus increasing their lead to two full games with two more games of the "crucial" series to be played on the Redbird diamond. Dixie Walker singled in the 11th with the bag, headed to account for the margin of victory. In this photo, Peeewe, Reade of the Dodgers takes a throw from second to force Johnny Hopp, Cardinal infielder.

Frick Bawls Out Card And Dodger Pilots For Game

By SID FEDER
 NEW YORK, Sept. 17.—(AP)—From now on the head man is going to crack right down on any more burlesque like that with which the Cincinnati Reds and Brooklyn Dodgers wound up their 17-inning marathon Monday.

After waiting for the final full reports National League President Ford Frick gave the managers of both clubs a good going over wire Tuesday and then warned the entire league, as well as his staff of umpires, that from here on in any such farce is going to mean the guilty party forfeits the game immediately.

"And in case you've forgotten," Frick told Reds' boss Bill McKechnie and Brooklyn's Leo the Lip Durocher, "that means \$1000 fine for the guilty club and \$100 for the manager."

Ford's chief beef was over what he called attempts at shortening the game by the umpires, and the stalling tactics employed by the Reds, who are trying for third place.

It did not point a finger at the more guilty of the two except to say Brooklyn's Loud Lip might have had some excuse "in view of the tightness of the race and what is at stake," while "there can be no excuse whatsoever for the Cincinnati manager."

You remember the set-up—all the boys had for their troubles after 16 full innings were a couple of strings of goose-eggs. The umpire held a huddle at that point and decided another inning could be played before it got too dark.

Then Pete Reiser led off the Dodgers' 17th with a homer. With that one-run edge, The Lip wailed all for his boys hurrying to end their half of the frame right quick so that the Reds could have the best of the game and could beat out the darkness. But the Dodgers kept right on going and piled up five runs before Billy Herman "struck himself out," as one baseball writer put it.

The Reds tried to allow things down in their half. McKechnie even suggested to Umpire Larry Goetz the moon wouldn't be off for hours. They scored a run, but finally went out, shortly after 7:00 P. M.

"The final inning," Frick wired the two managers, "was a farce that reflected not only on the two clubs, but the National League as a whole. According to the umpires, both teams were guilty of unsportsmanlike tactics. The play demonstrated an utter lack of sportsmanship and fairness."

National League umpires today are instructed that in accordance with Rule 24, they will in all cases hereafter warn the guilty manager, and if such tactics are persisted in, they will forfeit the game.

Frick Frick then wired every umpire in the league instructions to call a forfeit for such actions in the future.

Just to show that he wasn't trying to ring in anything new, Frick opened the baseball law

that stopped Max Baer—the count punch. Really, there's nothing to kid about. It's a real punch I have developed. Actually, it is a right cross delivered with perfect timing and leverage. To throw this punch you must get yourself in a perfect position so that the power of the whole right side of your body from the shoulder to the ankle is behind the punch.

I was more than a month in the Maine woods conditioning myself. And when I opened camp at Doc Biers at Pompton Lake, I am in perfect shape and I can honestly see no reason why I shouldn't be the heavyweight champion of the world this night of September 23.

GREATEST YEAR

Judges For State Fox Hunter's Field Trials Announced

Georgia-Florida League Playoff Stopped By Rain

LEESBURG, Sept. 17.—(AP)—Soaking rains so wet the ground Tuesday that last night's first game of a four-out-of-seven series to determine the mythical class "D" baseball title in Georgia and Florida had to be called off.

Thomasville, Ga., of the Georgia-Florida League was to have played Leesburg of the Florida State circuit.

It was the second postponement of the start of the series. The first game was scheduled to be played Monday night but was postponed at the request of Thomasville, which wished to avoid a long, hurried trip within 24 hours of its final game with Albany in the Georgia-Florida loop.

book to Rule 24, Section 4, which points out that "a forfeited game shall be ordered by the umpire in favor of the club not at fault.... if a team employ tactics palpably designed to delay or shorten the game."

Per cent's consumption of canned foods by our armed forces is several times that of civilians, the Department of Commerce says.

Give YOUR Child EVERY Chance

School days are the formative years which determine what will be the child's success in life. Give your child every chance to develop ALL of their possibilities—all of the qualities with which they are naturally endowed.

If their eyes are not right, they are handicapped in their studies and in the development of their personalities, which is every bit as important.

Make sure their eyes are right before they go back to school. Have them examined now.

"Your satisfaction is our success."

Nova Has Respect For Louis But Thinks He Will Topple Champion

By LOU NOVA
 Opportunity, the wise men say, seldom knocks but once. It is going to knock on the door of my dressing room at the Polo Grounds in New York the night of Sept. 23. And I am going to be ready to take advantage of it. That is the night I am going to win the heavyweight boxing championship of the world from Joe Louis.

I have been dreaming of this chance for years. I have been preparing myself for it. And Lou Nova is not the kind of a man to miss an opportunity like this. Few men get more than one crack at a boxing crown. I don't think I will need more than one chance.

I realize that a majority of boxing fans think Louis will defeat me. That is all right, perhaps not natural. Joe has been a great champion and a fine sportsman. He still packs a terrific wallop. When a man has proved himself a superb fighter the fans and experts like to string along with him until the end—until some new better takes his measure.

But champions don't last forever. Every man's time has got to come—and Joe's number, I firmly believe, will be up Sept. 23. I have the greatest respect for him as a fighter and true admiration of him as a fair and gallant sportsman but I think I possess everything I need to beat him.

If Lou Nova had been in the ring against Louis last June instead of Billy Conn I would be the champion today. Conn is game, a marvelous boxer and fast, but after all, we shouldn't kid ourselves that he is anything more than a crack light heavyweight. Yet Conn outpointed Louis for 12 rounds. Furthermore, this comparatively light hitter had Louis clobbered in that 12th round. Conn had him in trouble. Nova would have kayed him.

Throughout that fight I sat beside my manager, Ray Carlen. I nudged his ribs until they were black and blue as I noted chances

for shots that even the speedy, Conn was missing.

I can't tell you how I am going to fight Louis—because I don't know myself. A fighter can never seriously plan a fight in advance and carry it through. Unexpected things happen and you have to alter your schedule to meet them. However, I don't expect to win the championship backing away at a circling to the right.

I'll be standing at arm's length from Joe and I'll be shooting jabs or hooks or straight rights at every opening I see. Joe is easy to hit with a right and I believe I am going to hit him plenty. It is quite possible that Joe, who seldom cuts, is going to be pretty badly cut-up. I am not only a pulverizing hitter but also a damaging one. For proof you can ask Max Baer or Pat Connelley, or Max Schemeling, revealed, in their first fight that Louis is a sucker for a right. But Max was a curious fighter. He was content to keep hitting Joe with scattered rights and waits until he almost crumpled from exhaustion before finishing him off. My temperament is different. When I have a man in trouble I wade right into him and give him all I've got in a hurry. If I should get Louis' progress in the first or sixth or tenth rounds I'll show him—and you—that I am just about as fast a polisher-off as Louis is rightly given credit for being.

I think I am faster than Joe. I think I am a better ring general. I think I can think faster and more clearly. I figured I can size up a situation and act more quickly to take advantage of it than he can. I am confident I can take a punch better than he can. I don't believe that his wallop can be more deadly than mine. He is an orthodox style of fighter and I am familiar with his methods. I believe I know just what he will do under any given circumstances—and I'll be ready.

Some of the sports writers have been kidding me about a black and blue as I noted chances for shots that even the speedy, Conn was missing.

Seamen Reject Ultimatum To Discuss Bonus

General Strike Is Threatened By Union On Coastal And Ocean Vessels

Government Would Requisition Ships

Conferees Disperse After Meeting But Make No Comments

WASHINGTON, Sept. 18.—(AP)—President Roosevelt's offer of a \$100 million bonus for the war ship program is being rejected by the seafarers' union. The union threatened a general strike on coastal and ocean vessels unless the government would agree to discuss the bonus.

Seafarers' union officials said they had rejected the government ultimatum to discuss a war bonus dispute. They threatened a general strike of coastal and ocean vessels.

The seafarers' union, the International Union of Marine and Inland Waterway Workers, has about 30,000 members on the East and West coasts.

The union's ultimatum came after a meeting with government officials. The union officials said they would not discuss the bonus until the government agreed to certain conditions.

The government officials said they would discuss the bonus with the union if the union would agree to a general strike if the bonus was not discussed.

The union officials said they would not discuss the bonus until the government agreed to certain conditions.

Oil For East Burns

Ten cars of crude oil, intended for the eastern seaboard, go up in billowing clouds of smoke as the outskirts of Columbus, Ohio, after derailment of a 61-car train. Sparks apparently ignited the cargo.

Entries Coming In For Outboard Race To Be Held On Lake Monroe

Race To Be Held On Lake Monroe

Nearly 20 entries from Orlando, Tampa, Daytona Beach, Ocala and this city have been received for the Third Annual Outboard Regatta to be run on Lake Monroe Sunday afternoon, beginning at 2:30 o'clock. Dwight Smith, president of the Sanford Outboard Association, said yesterday.

The race will be a half-mile straightaway running parallel to the beach and will be held at the club. There will be a start at 10 a. m. and the race will be held at the club. There will be a start at 10 a. m. and the race will be held at the club.

A. B. Stevens To Open New Store On French Avenue

Formal opening of the "Star and Stripe Store" at 1215 French Avenue has been announced for tomorrow by its owner, A. B. Stevens, who also operates the "The Star and Stripe" store on First Street.

Stevens said he was moving to the new store because he was having trouble with the old one. He said the new store was bigger and had more parking space.

FBI Films Show Espionage At Work

NEW YORK, Sept. 18.—(AP)—The FBI has shown films of espionage activity in a city. The films show a man in a dark suit and a woman in a dark dress entering a building and talking to a man in a dark suit.

Syphilis Tests Only 65 Percent Accurate

GRAND RAPIDS, Mich., Sept. 18.—(AP)—An Ohio dermatologist said today that syphilis tests were only 65 percent accurate. He said the tests were not accurate because they were not done properly.

Bulgaria Is Reported As Mobilizing

ANKARA, Sept. 18.—(AP)—Balkan diplomatic sources said today they had information that Bulgaria, whose diplomatic relations with Soviet Russia are tense, was mobilizing her armed forces rapidly and already has summoned 250,000 men to arms.

These sources added that three Nazi divisions or more are already in Bulgaria, in addition to the Bulgarian forces.

German police searched from house to house in the Jewish quarter of Paris for guns Wednesday as German military authorities warned that for any more attacks on German soldiers, hostages taken from all classes of the Paris population would be executed in "ever increasing numbers."

The gun search was in the section where Jews predominate. It was not revealed whether any guns were found.

Newspapers and placards announcing the new military threat appeared on the streets soon after a German non-commissioned officer shot two bullet wounds in the back inflicted by an assassin in the subway Monday night. It was believed more hostages would be shot because of this attack.

The execution of 10 hostages in Paris Tuesday was reported as further attacks on German soldiers Sept. 6, 10 and 11, none of which was fatal.

It has been estimated that 10,000 persons, arrested in the suburbs of Paris, and about 34,000 are held together in the occupied and unoccupied zones in connection with opposition and terrorist activities. These held in Paris up to now have been classified either as Communists or Jews. The new order made the entire French population of Paris responsible for further attacks.

It was announced in Vichy that the Germans had agreed to free immediately some sick and wounded French war prisoners, who arrive in Compiègne from German military hospitals.

Bombers, Fighters Sent Over France

LONDON, Sept. 18.—(AP)—More than 300 British fighters and bombers were sent over northern France Wednesday to attack the power plant at Metz, an authorized source said tonight.

The air ministry said many other fighter planes were engaged over France at the same time. At least seven German fighters, about 100 were reported destroyed.

Herald Reporter Impressed By Defense Work And Industry

By FRANK COWLES
CLEVELAND, Ohio, Sept. 16.—(Special)—Leaving the blue hills of North Carolina, we turned westward yesterday and entered a section of West Virginia that was dotted with big industries. For many years, we have seen the narrow valleys of the New River and over the considerable section that lies between it and the Ohio river.

It was significant as we viewed the end of the valley, but still the factories worked on many of them today through the night of the moon.

All these new additions to the factories were going on. As the road followed the river here, you could look out the windows and see the factories. They were all new and very modern.

All the new industrial plants in the West Virginia valley were going on. They were all new and very modern.

The factories were all new and very modern. They were all new and very modern.

Nazis Claim Victories On Outskirts Of Leningrad

SIEGE GUNS BOMBARD OLD-CZARIST CAPITAL AND PREPARE TO SHELL KRONSTADT

CRIMEA PENINSULAR REPORTED CUT OFF

BIG RUSSIAN NAVAL BASE IS CUT OFF FROM THE MAINLAND

German troops were reported today to have invaded a fortified park and taken by storm 119 pillboxes on the outskirts of Leningrad, while Nazi siege guns bombarded the heart of the old czarist capital and prepared to shell the great Kronstadt naval base of the Russian Baltic fleet.

Other dark news for the Soviet cause was contained in advices reaching London which said Adolf Hitler's invasion armies at the extreme end of the front had apparently cut off the entire Crimea peninsula.

Sevastopol, the big Russian naval base on the Black Sea was thus presumably isolated from the rest of the mainland. The Nazi high command, announcing "great success" in their onslaught against Leningrad, said German troops, sweeping eastward across the Dnieper River in the Ukraine, were "progressing irresistibly."

Countering Berlin's claims of success in the 89-day-old struggle, the Russians reported a sharp blow to Nazi bluffs prestige, as the Red army troops were reported to have broken through the phantasm of the German campaign against Leningrad, said German troops, sweeping eastward across the Dnieper River in the Ukraine, were "progressing irresistibly."

This picture graphically illustrates the courtroom reactions of the murder defendants as Louis "Lepke" Buchalter went on trial in New York accused of the murder of a Brooklyn candy store proprietor. "Lepke", brought from Leavenworth, smiles, "Little Farvel" Cohen (2), who won a severance and "Mendy Weiss (3) are shy. Louis Capone (4) is aloof.

"Lepke" On Trial For Murder

Only 1,500 driver's licenses issued up to last night and about 8,000 more to be issued before Oct. 1 Judge R. W. Ware warned that a large number of drivers will have to wait for their licenses since the office cannot issue the remainder of the licenses before the deadline.

"It is impossible to handle the number of licenses still to be issued before Oct. 1 as we wouldn't have room in the Court House and yet our present staff could have handled almost twice the number that have come in to date because since they were not put on sale," the judge explained.

"With over 8,000 still to be issued we would have to handle about 700 persons a day for the remainder of the month and we have not the facilities to accomplish that."

"If the people will not come in until the last minute to get their licenses and our staff is as small as it is now, the crowd there will be a whole lot of people who will have to wait for the examination as I have orders to issue no 1941-42 licenses after Sept. 30 unless applicants take the examination administered by the State Highway Patrol," Judge Ware declared.

To date about 23 persons have taken the driving test given by Fitzhugh J. M. Richman every Monday but only five have passed the test, Judge Ware said.

The driver's license examination, containing traffic regulations and written tests, is now being taken by the driver's examination, is now available at the judge's office for those who expect to take the examination.

Wolfe Is Tops In Gun Club Matches With Two 99 Scores

Jasper Wolfe again took first place in the weekly shoot of the Seminole Gun Club yesterday by scoring a 99 in both the slow and timed fire event while Jim Allmon took second with a 95 in the slow event and a 92 in the timed event.

Top score for the total points in the shoot went to Mr. Wolfe, too, and he scored a 293 out of a possible 300 against the 297 of his nearest rival, J. V. Jones.

Boy Williams picked off a neat 98 in the time fire event but dropped to a 92 in the rapid fire to capture third place for the whole match with a total of 294, just one point behind Mr. Jones.

Scores of the meet are as follows:

Slow	Timed	Rapid	Total
Wolfe, J.	99	95	293
Jones, J.	96	93	289
Williams, Roy	98	92	288
Allmon, J.	91	93	284
Williams, H.	93	93	279
Gardner, S.	92	88	259
Dethrick, A.	88	81	257
Thomas	73	87	241

Funeral Services For A. M. Smith 49, Held Today

Funeral services for Arthur Melton Smith who died Tuesday morning were held this afternoon at 4:00 o'clock at the Erickson Funeral home. Mr. Smith worked for the Standard Oil Company for six years, and served as a special officer for the City Police Department and at one time he was City motorcycle officer.

Mr. Smith's survivors are: his widow, Mrs. Theresa M. Smith of Sanford; three daughters, Mrs. W. A. Winslow of Jacksonville and Miss Wanda Ann Smith of Sanford; one son, James Henry Smith of Sanford; two brothers, B. F. Smith of Sanford and C. W. Smith of Oklawaha, Georgia. Pallbearers were: Peter Thurston, M. C. Glaser, E. P. Brock, Turner Ligon, W. J. Kelley and George Townsend.

Red Parachutists Landed In Iran

TEHERAN, Iran, Sept. 18.—(AP)—Hundreds of Russian parachute troops and strong mechanized forces occupied the strategic outskirts of Teheran Wednesday and both Russian and British staff officers entered the capital to forestall any friction with the Iranians.

The 400 Red parachute troops which were dropped on the edge of the capital took control of the roads so quickly that they even barred the way to approaching British troops for a short time.

One Soviet liaison officer halted a British brigadier 12 miles from Teheran, produced a map, and vaguely waved at the entire Teheran area as filled with the Red army.

Legion Convention For Present Policy

MILWAUKEE, Sept. 18.—(AP)—The American Legion National Convention by voice vote, Wednesday endorsed the foreign policy of the President and Congress and urged immediate repeal of the neutrality act and removal of all geographical limitations on movement of United States troops.

The delegates swept aside a minority report which sought to forbid the national administration from giving lend-lease aid to Soviet Russia. A roll call vote at the end of the convention showed a count of 574 to 664 in favor of tabling the report.

New "Open" Hours Fixed By Stores

Closing and opening times will be altered by a number of Sanford stores, beginning Monday, in order to give the employees shorter working hours. Hours for Monday through Friday will be from 8:30 A. M. to 5:30 P. M. with the stores remaining open until 10:00 P. M. on Saturdays.

Those stores according to the new hours are E. L. Perkins, McCarty's & 10 Cent Store, Albin's & 10 Cent Store, The Yarn Company, Montgomery Ward, Lee's and J. G. Pearson Company.

Crimea Peninsular Reported Cut Off

Other dark news for the Soviet cause was contained in advices reaching London which said Adolf Hitler's invasion armies at the extreme end of the front had apparently cut off the entire Crimea peninsula.

Sevastopol, the big Russian naval base on the Black Sea was thus presumably isolated from the rest of the mainland.
