

CURBSTONE GLEANINGS

BUDGET OF OPINION "JUST BETWEEN YOU AND ME."

EVEN THE GATE POST NOT IN IT

A CHIEF IS AMONG YE TAKING NOTES AND FAITH. "HELL-PRENT 'EM"—SO SAYS SAUNTERER.

"How's the family?" "How's the family?" Heard him say them cheerin' words just thataway...

Ab's idee of family meant about the hull durned regiment, Settin' hens an' all, an' when he'd ast about em, seemed that then...

"How's the family?" Lawsey me, How hull'aomelike that used to be fore he got his second stroke...

"How's the family?" Now, I swan, We miss it lots since he's been gone! It seems there's just a bit of cheer...

Col. Peter O. Knight was the guest of the Rotary Club at Tampa one evening recently. He spoke of the pioneer days of South Florida...

According to Col. Knight when he came to Squith Florida from Cedar Keys back in 1884 the question that agitated the minds of all the natives was whether "cawn an' taters" could ever be raised...

"That thar thing?" said the negro, "why that's a sweet tater. We jest cuts offen it what we wants fer dinner an' lets the rest lay thar."

And right there, so Col. Knight declares, he decided that ground that will grow such a monstrous sweet potato would grow Irish potatoes, corn and other vegetables...

It was four years after his second visit that Col. Knight came so Florida to make his home, settling in Tampa. Then there was one bank in that city, the First National, and this, with another at Dade City, took care of the entire financial business of South Florida...

The speaker did not dwell at length upon his career as a professional man in Florida. He went directly into the subject of his recent farming experience, telling some thing of what he has accomplished in the way of satisfaction and contentment by getting back to the soil...

being made at times when other producing points are lying idle or wrapped in snow. Especially did he dwell upon the shipment last season of 2106 carloads of pineapples over the East Coast railroad from sandy at etches of soil that a few years ago were thought worse than wastes.

There seems to be much comment on the fact that 1914 is an off year for newspaper men and yet it has never been any cinch for a newspaper man to get anything except a bunch of cussing. At times it seems to me that the newspaper man can hardly expect to get what he deserves unless he stands up for what is really coming to him and soaks every individual right and left that opposes him.

Every newspaper man in the state who was a candidate for office was defeated. What do the poor jinks want to aspire to office for anyway? They are hewers of wood and drawers of water.

But goshdinit, that's just the trouble: The newspaper man is handed cord wood as a swap for his paper and has to cut it himself. He is expected to view with alarm an impending political crisis and boost the political ambitions of the man who wants to save a country that doesn't need saving.

Hearing that they were about to have sidewalks on Sanford Heights I strolled out that way last Sunday and it certainly looks like those folks out there will now have a way to walk to town without dragging through the dust as they formerly did.

There are a number of fine grass plots on Magnolia avenue, and the property owners deserve credit for taking such an interest in the city and yet having some careless driver of horses or mules will allow his team to wander at will over these plots and eat and tear up the grass by the roots.

There are a number of fine grass plots on Magnolia avenue, and the property owners deserve credit for taking such an interest in the city and yet having some careless driver of horses or mules will allow his team to wander at will over these plots and eat and tear up the grass by the roots.

and eat the grass from the curbing and grass plots. There is no reason in the world for the teams doing this and these public spirited people who are trying to improve the looks of the city should be encouraged.

Some of us take an interest in the public schools and some do not. It often happens that a man with no family takes more interest than the man with a large family. It behooves all of us whether men of families or not to take an added interest in the schools for they are the moulders and the builders of the future nation.

To understand all there is to know about the cross we must go back four or five thousand years to astronomy and astrology as understood by the ancient Babylonians. Under their clay tablets and stone monuments, and upon the monuments of the Persians, the Hittites and every other ancient nation we find crosses of all shapes and kinds.

The Democrat does not believe a school should be run like a factory. Teaching is a profession and not a trade. The lowness of the salaries when compared with the recompense enjoyed by those in other professions has driven many young men and women of individuality and originality into other lines where the remuneration was greater and the prospects for advancement were better.

We wish we could impress on the people of Florida the fact that the matter of overwhelming importance in connection with education is the teacher. The Florida conception, however, is the building. It seems to be the general impression that if a community puts up fine school buildings that community is making great progress in education.

It is more than suggested that there is a direct connection between this four-fold division of earth and heavens, as symbolized by the cross which stood for the complete whole and the so-called Tetragrammaton or four-lettered name for God of the Hebrews.

World's Largest Apartment House. A. F. Leitch, architect of this city, states that his home town, Newark, N. J., will soon boast of the largest apartment house in the world.

Dying Aviator's Nerve. The power of the will to control a badly injured body was never better illustrated than in the case of Doctor Constantin, a volunteer aviator in the service of the Bulgarian army.

Cheap Floor Stain. A very expensive stain can be made from burnt amber and hot water. Five cents worth of the burnt amber will stain several floors; that is, where a rug is used for the center. Pour the hot water over the burnt amber, little at a time, till it is thoroughly dissolved.

RECORD OF THE CROSS

SYMBOL IS ONE OF MOST ANCIENT RECORDED IN HISTORY.

May Be Traced Back Five Thousand Years, to the Babylonian Era, as Explained by Students of the Past.

The cross is so old that the records of men do not go back to the first one. Christianity took a very ancient symbol and made it Christian, but nobody knows just why.

To understand all there is to know about the cross we must go back four or five thousand years to astronomy and astrology as understood by the ancient Babylonians. Under their clay tablets and stone monuments, and upon the monuments of the Persians, the Hittites and every other ancient nation we find crosses of all shapes and kinds.

The Babylonians offer the clearest explanation of this symbol in their expression, "the four ends of the earth," which is also found in the Bible. The people of Bible times knew that the earth was round, for Isaiah speaks of the "circle of the earth" and then of the "ends of the earth."

The early Babylonians went further, and in their polytheism established one of the gods as ruler over each of these ends of the earth, identifying each god with one of the great planets, whose motions they studied so carefully. The north was presided over by Nergal and the planet which we call Mars.

Some of the Babylonian inscriptions also show that the four phases of the moon were indicated by the cross. The mystic quality of this symbol penetrated the life and literature of the people because they held that the direct influence of the moon and stars upon the affairs of men was constantly felt.

Studying the inscriptions on ancient tablets, monuments and bowls, we find crosses of every shape, from the swastika to the maltese, and even the Roman cross with a prolonged lower part.

World's Largest Apartment House. A. F. Leitch, architect of this city, states that his home town, Newark, N. J., will soon boast of the largest apartment house in the world.

Dying Aviator's Nerve. The power of the will to control a badly injured body was never better illustrated than in the case of Doctor Constantin, a volunteer aviator in the service of the Bulgarian army.

Cheap Floor Stain. A very expensive stain can be made from burnt amber and hot water. Five cents worth of the burnt amber will stain several floors; that is, where a rug is used for the center. Pour the hot water over the burnt amber, little at a time, till it is thoroughly dissolved.

CAMP FIRE GIRLS ARE AT ENTERPRISE FOR A GRAND TIME

THEY WILL CAMP AT THE HOTEL FOR A TWO WEEKS VISIT

FIRST ANNUAL OUTING OF FLORIDA'S GIRLS

SWIMMING, BOATING, FISHING, CAMP FIRE CHATS, LECTURES, MUSICALES TO ENTERTAIN THEM

The Camp Fire Girls are present at Enterprise this week in force and every incoming train and boat is bringing them to this city to embark for the mecca of their hopes—the hotel at Enterprise where for two weeks they will be comfortably ensconced and where they will enjoy the time with boating, bathing, musicales, talks and conferences.

This great meeting of the girls of Florida for their first annual outing promises great returns in good health and instruction and no better or more beautiful place in the south could be found than at Enterprise.

On the shores of beautiful Lake Monroe at Enterprise, the home of the Methodist Orphanage, the Methodist Conference and where that great Christian worker, Miss Emma Tucker has accomplished so much for the religious gatherings, among the good people of Enterprise and where the young folks can have all the boating, fishing, swimming and the finest drinking water in Florida the girls are bound to enjoy their two weeks' outing and enjoy every minute of their stay.

The following program has been arranged for Friday, Saturday, Sunday and Monday and the program for the ensuing days will be published in Tuesday's Herald:

Saturday, June 27th: Rising Bell at 6:30. Breakfast, Room Inspection, Bible Class, Mission Study Class, Technical Councils, Camp Fire Girls, Editorial Staff, Camp Paper, Dinner at 12. Quiet Hour, Trips to Swimming Pool, Home of Bueno Refr. Auto to Deland, Supper at 6. Camp Fire Councils, Lights Out at Ten.

This program will be followed daily, with the exception of Sunday, when the following program will be carried out:

Rising Bell, Breakfast, Morning Worship, Mrs. Mabel Stevens, Principal of Southland Seminary of Gainesville, Dinner at 12. Quiet Hour, Vespers, Supper at 6. Evening Worship by Mrs. Bishop.

Monday, June 29th: Rising Bell, Breakfast, Room Inspection, Bible Class, Mission Study, Fishing Trip, Dinner at 12. Supper at 6. Address at 8. "The Girls and the World" by Rev. George Hyman of Sanford Secretary of the Baptist Foreign Missionary Union. Vespers on the Dock, Lights out at 10.

Tuesday, June 30th: Rising Bell at 6. Breakfast, Room Inspection, Bible Class, Mission Study Class, Technical Councils, College Girls and Sunday School Workers, Dinner at 12. Quiet Hour, Trips to Swimming Pool, Indian Mound, Stone Island, Supper at 6. Address: "The Old Woman and the New" by Dr. Carnine, pastor of the Methodist Church at Deland.

Among those who have arrived from Jacksonville are the following: Miss Lena Brockaw, Miss H. Minn, Miss Helen Minn, Mr. Waldberg, Miss Gaines, Miss Gayner, Miss O'Brien, Miss K. Searing, Helen Smith, Mrs. Werner, Miss Sara Muriel, Miss Waterbury, Miss Middlecott, Miss Sloan, Miss Welch, Miss Ethel McCoy, Miss Tucker, Miss Crin, Miss Newman, Mrs. Newman, Miss Cartson, Mrs. C. Dickman, Mrs. Griffith, Mrs. Weid, Mrs. Plummer, Mr. Van Duran and wife and Ed Herten.

Margaret Zachary Better, Word comes from Orlando that little Margaret Zachary is improving at the hospital after an operation for appendicitis. She was in a serious condition and her parents and friends here were greatly alarmed about her and the report that morning was good news to the anxious ones.

Some Dancing

New York, June 25.—With a meter attached to her ankle and hip, Mrs. Almada Reeves of 145 State street, Brooklyn, said she danced 25,000 miles before she "suffered a breakdown."

"Dancing is a good thing," she said, "if taken in moderation. But here is the great trouble—once a girl becomes a proficient dancer she is besieged on all sides for 'just one more number.' The fact has proven my downfall. I can dance as well and as long as the next, but there is a limit to human endurance."

I have agreed not to take off my tangometer. It is the first one ever used in this country, I think, and the persons owning the patent are anxious to learn the extent of the experiment. I think the instrument is something that the pedestrians use when taking long hikes.

"At any rate I am sorry that I am encumbered with it. I promised that I would not tango, all the way to Bermuda and back. And, oh, me! There is going to be dancing on the boat."

Auction Bridge

Mrs. B. W. Herndon was the charming hostess of the Auction Bridge Club which met at her attractive home on Park avenue Monday afternoon. After several interesting rounds of the popular game the prize, a lovely pair of silk hose was awarded to Mrs. Samuel Puleston, for making top score. Dainty refreshments, consisting of peach sherbet, angel food and cake were served by the hospitable hostess, whose guests were Mrs. Walter Clay, Mrs. T. A. Neal, Mrs. R. A. Newman, Mrs. F. L. Miller, Mrs. A. P. Connelly, Mrs. S. Palesten and Mrs. C. O. McLaughlin.

For Canal Exposition

Altoona, Pa., June 25.—Take two passenger coaches, stand them side by side on adjoining tracks, knock out the inner side of each, lay a connecting floor, and stretch a canvas over the tops of both.

That is a description of a moving movie theatre being built today at the shops of the Pennsylvania Railroad here for the Panama-Pacific Exposition at San Francisco next year. The theater will be appointed and finished as one of the Penn's regulation steel coaches. It will be completed about November 1 and taken to the exposition shortly afterward.

The unique theater will be part of the road's exhibit. In it will be given pictures of scenes along the Pennsylvania lines.

Congregational Church

Next Sunday, subjects suitable to Independence Day will be presented; in the morning, 11 a. m., "America's Position in the World Battle;" in the evening at 7:30, "How Does Christianity Help Good Citizenship?" All are cordially invited to these services. Good music and a cordial welcome for all.

The regular communion service will be held the first Sunday morning in July, instead of the last Sunday in June as announced heretofore. Please let all the members remember this.

Baptist Services Sunday

9:30 Sunday school. 11:00 Preaching. Subject of sermon, "Double Hearted."

3:30 Jr. B. Y. P. U. 6:45 St. B. Y. P. U. The last program in the contest for efficiency will be rendered by Company C. Great interest has been shown in these contest programs.

7:45 Preaching, subject "The Iron D d Swim." You are welcome to all the services of our church.

GEORGE HYMAN, Pastor. Corner Sixth and Park.

Hill—Land

Mr. Charles H. East, Jr., of Eau Gallie Fla., and Miss Evelyn C. Hill, the youngest daughter of Mr. East, were married at the home of the bride's parents at 4 o'clock Thursday morning and left on the 10:20 train for a brief wedding trip to Key West and other points on the East Coast before going to Eau Gallie where they will make their home. The groom is agent for the Flagler system at that place. Rev. Dr. J. F. McKinnon of Orlando officiated at the marriage, which was witnessed by members of the bride's family. The contracting parties are estimable young people who have many friends here who will wish them every happiness and success.

SANFORD'S GREAT WHITE WAY CAN BE INSTALLED WITH VERY SMALL COST

THE CITY SHOULD BY ALL MEANS HAVE BETTER LIGHTED STREETS AS SOON AS IT IS POSSIBLE TO DO SO

SYSTEM INSTALLED IN OTHER CITIES OF FLORIDA

SANFORD COULD HAVE CLUSTER SYSTEM ON FIRST STREET AT A SMALL COST WHICH WOULD PROVE OF INESTIMABLE VALUE TO THE CITY IN BRINGING TOURISTS HERE

The Herald has contended that Sanford has insufficient street lights or in other words the business portion of the city could be greatly improved by better lights in a white way system similar to that installed by other cities and that will soon be installed by Orlando. This is the time of the year to discuss these matters and have the white way installed before the winter rush of new people to our city. There is nothing that would add quite so much to the appearance of our city as a white way on First street at least and if possible out Park avenue to the union passenger station.

This question has been discussed by the citizens and various boards of aldermen and the idea of the city owning the electric light plant before the white way was inaugurated. This would probably lessen the price but is not absolutely essential to the installation of the white way. Editor Reese of the Orlando Reporter-Star recently paid a visit to three Florida cities in which white ways were installed, some of them with municipal plants and some with private ownership plants and his deductions given below will prove most interesting reading to Sanford people on this subject:

"Clearwater is a much smaller town than Lakeland or St. Petersburg, but has a more modern white way than either. It has twenty posts carrying a single luminous arc. Sixteen of the lamps are burned all 11:30 each night, and the four remaining lights are left on for the balance of the night. Here the electric company paid for the posts and the installation and charges the city \$5.60 per month for each post. The company has a clause written into the contract with the city providing for the reimbursement for the system in the event the city should exercise its rights to purchase the plant. The post used at Clearwater is cast iron with cut out in the bottom, the first cost was \$21, with \$6

for the lamps, and \$4 each for installation, but along with this cost must be considered the special transformer and rectifier necessary for this system, which cost \$850. Clearwater owns its own water plant, has a rate of \$1 minimum for 3,500 gallons with a sliding scale and a rebate for mills and packing houses using great quantities.

Lakeland owns its light and water plant. Its white way posts are installed on three streets in the center of the business district; there are sixty of them. The posts are iron with concrete foundation, five light multiple, one top light and four below, installed with three wire circuit, connected so as to allow the top light to remain burning all night, while the four bottom lights are turned off at 11:30. The top light is a 60 watt light and the others are 40's. The posts cost \$35 each without installation, the total cost per post being \$50.75. The property owners paid for the posts and installation and the city accepted the system as a part of the lighting system of the city and furnishes the lighting. The plant being owned by the city the cost of furnishing the light does not appear. The water rate is \$1 minimum with an allowance of 4000 gallons; twenty cents a thousand above minimum to 25,000; eighteen cents a thousand to 50,000 gallons; seventeen to 75,000 gallons; fifteen cents to 100,000 gallons; and ten cents upward.

St. Petersburg also has a five light post, but fewer of them than Lakeland; having only fifty; but the top light is 100-w, and the lower lights are 60's; the posts are set on four streets in the business section, and cost \$69 each without the lamps. The city pays the electric company 10 cents per night for the five lights to burn from 7 to 10. St. Petersburg owns its own gas plant. The rate for water is 50 cents minimum with an allowance of 2,500 gallons, with a rate of 20 cents per thousand above.

SANFORD PAST AND FUTURE PROMINENT JACKSONVILLE BOOSTER CALLS SANFORD THE COMING CITY

To the Editor of the Sanford Herald: My Dear Sir—I wish to express my agreeable surprise through your valued columns of the Herald; of the wonderful developments and activity I find in your prosperous town of Sanford.

I have been a visitor to Sanford for over thirty years. I well remember the time when it was oranges and nothing but oranges, but thanks to fate the entire state of Florida has discovered the can forge ahead independent of the orange industry as she has proven in the past few years that her resources are almost unlimited.

I paid a visit to your town of Sanford just one year ago this month, the 29th of June. I found the spirit of the times on every side, and everyone was looking ahead for great prosperity, and I got on my arrival the way they have not been disappointed. I saw the streets full of busy shoppers, I saw all the stores, and I saw the modern times, all doing good business. Prosperous farmers and truckers may be seen all over your town, and I learn from reliable sources that this has been a remarkably favorable year for the truckers, and they all have good bank accounts, and from the large number of banks I see in your

town it evidently is a fact that there must be plenty of money here, and I have not found a citizen yet who wanted to leave Sanford.

The favorable geographical location of Sanford, with its magnificent water transportation, and its great railroad center, and with the public spirit shown by her citizens I believe is going to place this town in the near future at the head of all inland towns in a commercial sense, as the capacity of her productive soils is unlimited, as is demonstrated by the hundreds of thousands of dollars worth of celery, lettuce and other crops that are raised here, and when Sanford voted for the bond issue to bulkhead her water front and to make general civic improvements I considered it the master stroke of her existence. The bulkheading of the water front on Lake Monroe, and filling in the low land, building boulevards and promenades along the front will so beautify the city and improve the general conditions that it will increase the valuation of the city at least two million dollars in the next five years, and at the same time make Sanford a most attractive winter resort, which combined with her many other advantages and the continuation of the present public spirit Sanford will soon be the

little city of 20,000 souls. I hope the reader will not think I am addicted to flattery. I write as I see it. Developments and civic improvements are my greatest pleasure. I am spending over one hundred thousand dollars on the civic improvements of Riverview, which the entire city of Jacksonville is so proud of, and I am already realizing the great benefits to be derived from these improvements. Your city, Mr. Editor, is on the right track and I wish her and her citizens the greatest success. E. H. ARMSTRONG.

RIVER ITEMS CUT

Florida Statesmen Let The State Suffer In Appropriations

Washington, June 26.—The river and harbor bill as reported out of the committee on commerce to the senate contains the following Florida items: Apalachicola Bay \$ 25,000 Tampa Bay 6,900 Channel, Clearwater Harbor through Boca Ceiga Bay to Tampa Bay 22,700 Fernandina Harbor 25,000 St. Andrews Bay 60,000 Santa Rosa Sound 5,000 Lake Crescent and Dunn's Creek 1,000 St. Lucie Inlet 50,000 St. Petersburg Harbor 1,500 Deep Creek 9,000 Apalachicola River 15,000 Caloosahatchie River 2,000 Crystal River 10,000 Holmes River 3,000 Anclote River 22,000 Blackwater River 5,000 St. Johns River 300,000 Withlacoochee River 1,000

The following items for Florida and Alabama jointly are included: Choctawhatchee River \$25,000 Escambia and Conecuh Rivers 15,000 Pensacola Bay to Mobile Bay 50,000 The committee declined to restore in committee the big Florida items which it cut out, claiming that it was too late to reopen the bill. This has put it up to Senators Fletcher and Bryan to secure the restoration of the eliminated items by amendment in the senate if it can be done.

Our Daily Paper

The people of Sanford want the Daily Herald and the management of this paper wishes to give them one of the best daily papers in the state. We would not think of foisting a make-shift upon the public. It will carry Associated Press despatches; giving the readers all the world's events right from the wires and five hours ahead of any other daily papers that are now being taken in Sanford. We are just across the alley from the Western Union telegraph office and the post office, and the daily Herald will make the mails on record time and contain all that is good in every department. That it will be appreciated by the business men of Sanford seems certain and the following is a sample of the letters received every day:

Editor of the Herald: "Seeing announcement of your daily that you expect to launch in the fall would say that our firm will make a contract for advertising in your daily for six months or longer if you decide to continue after next April. Realizing the value of the daily in Sanford not only from the advertiser's standpoint but also from the viewpoint of a man who knows what it will mean to Sanford I have no hesitation in saying that not only will our firm contract for advertising but will take stock in the venture if there is any to sell. There is nothing that our city could invest in that will yield any greater returns in a hundred ways than a good daily and I know that the Daily Herald will be all that the name implies. We cannot do enough for the good old Herald."

Yours, etc.

The gentleman who wrote the above did not wish to have his name printed but we appreciate his words because he means all that he says and his letter is an inspiration to the management.

Miss Elida McCulley entertained about twenty five young people Tuesday night in honor of the Misses Station of Sanford. After several games, were played delicious refreshments of punch and cake were served. The Misses Station rendered some very fine music with cornet and piano accompaniment. At a late hour the young people left having enjoyed a very pleasant evening and voting Miss Elida McCulley a very charming hostess.

FLA. FARMER'S AID OF \$10,000 TO ASSIST IN FARMING

FUND APPROPRIATED BY THE GOVERNMENT IS AVAILABLE

UP TO FLORIDA PEOPLE TO MAKE ARRANGEMENTS

OTHER INTERESTING NEWS OF THE WORLD AT LARGE IN TABLOID FORM FOR HERALD READERS

Washington, June 26.—\$10,000 will be available to the state of Florida for the asking on Wednesday of next week (July 1) and it is expected that the state will make the necessary arrangements to take it away. The money is appropriated in the Smith-Lever agricultural bill and is a contribution to state farmers' cooperative work. Under this legislation the government will give an initial sum of \$10,000 to the state and an increasing sum annually in proportion to the growth of the rural population on condition that the state or local subdivision thereof gives "dollar for dollar."

Various states are sending their agents here to arrange for their share of the money. Five members of the Kentucky board on cooperative farmers' demonstration work are now here and they announced today that the \$10,000 for the state of Kentucky will be available July 1. They had an interview with the department officials. The first work in Kentucky will be to employ additional county agents to supplement the instruction of twenty-one now at work.

Dayton, June 26.—Motorcyclists from all sections of Ohio gathered here today for the opening of the annual three day convention of the Ohio State Federation of American Motorcyclists. One of the features will be a hill climbing contest at Fort Ancient.

Poughkeepsie, N. Y., June 26.—Cornell was favorite in the historic intercollegiate regatta to be held here over the regular course on the Hudson today. The University of Washington crew, winner of the Pacific Coast Intercollegiate Regatta, because of its recent and rapid improvement, admittedly was a dark horse, with Wisconsin feared in some quarters as a possible runner up. Adherents of Columbia, Syracuse and Pennsylvania, however, were confident and willing to back their beliefs with bets on their favorites.

One of the greatest crowds in the history of the famous race lined the banks, packed the observation train and crowded every available vantage point to witness the annual struggle for college supremacy on the water. The varied colors of the fair spectators' dresses added brilliancy to the ranks of the thousands who cheered the varied crews.

Evans, Ind., June 26.—Thirty-eight years ago today General Geo. A. Custer and 600 of his heroic command were slaughtered by ten times their number of Sioux Indians under the terrible Sitting Bull. The event was recalled here today by Geo. H. Welch, 69, formerly an Indian fighter, now a farmer living two miles west of Evans. "Under Capt. T. B. Weir, we were ordered to the rear by Custer, said Welch. "There were three commands out to Round-up Sitting Bull, who had led his braves off their reservation and was causing trouble. Custer miscalculated and was tricked into an ambush that left him surrounded by 6,000 blood hungry Indians. The terrible thing was that we could see the plight of Custer and his band, but could not even help him. After the massacre we held Sitting Bull on the banks of the Little Big Horn until reinforcements came from Ft. Lincoln. Because the Indians held Custer in such reverence—they called him Big White Chief. Custer was the only member of the band who was slain that day who was not scalped or otherwise mutilated. One man who participated in the battle with Custer, spoke to us. He is called the Crow, one of Custer's scouts.

COUNTY HAPPENINGS

A BUNCH OF INTERESTING ITEMS FROM CORRESPONDENTS—EVENTS OF SEMINOLE COUNTY—EFFICIENT REPORTERS COVER TERRITORY FOR HERALD

GENEVA ITEMS

Mrs. Junnign of Jacksonville visited her sister, Mrs. Chas. Harrison last week. Mr. and Mrs. A. H. Spier and children, Mary and Harry of Kissimmee visited friends in Geneva last Tuesday. Mr. and Mrs. Phillips and Mrs. Moran visited Orlando last Wednesday. Joe Smith left last Monday to pack peaches in Georgia. Miss Claire Harrison is visiting relatives in Jacksonville. The many friends of Mrs. Greenham will be sorry to know that the continuous quiet sick. Miss Claude Dougherty of Abbeville, Ga., is spending the week with relatives in Geneva.

PAOLA POINTS

Nobody knows what was the matter last week. Either the Paola scribe was unusually unintelligible or the printer man was on a bender. Sure it is, they made queer work between them. Hope no one will try to find "Lake Wenzelago, Aslake" on the map of Wisconsin, or that Camp-Paola Monra had to depend upon Geneva chaperones. "The Smugglerman" is on the way here. He smuggled a fine nine pound boy baby into the Chilson house at Twin Lakes Wednesday morning. Charlie and Lela are so pleased with the attractive youngster that they have decided to keep him, especially as Dr. Neal says he is strong and healthy. Nine or ten members of the B. W. Smith family made lively times at Camp Paola-Monra, Palm Springs on Thursday of last week, and on Friday Miss Taber and Miss Lillian Booth spent a delightful day at the camp, which will soon break up, we hear. Good rains lately have made the crops, especially the vegetable crops, the best and improved the roads. We hope for plenty more. —H

MOORE'S STATION

Mrs. I. D. Hart and daughter, Ruby of Beck Hammock enjoyed several weeks' visit with St. Augustine friends. Mr. and Mrs. R. L. Grier and children, Robert and Ruth left here the 17th for Charlotte, N. C., to be gone until Aug. 15th. Miss Alice Andes of Ft. Reed was the week end guest of the Misses Mary and Nina Howard at Seabreeze where they are spending a couple of months. J. P. McClelland left on Thursday for a trip to Tampa, Sarasota and Ft. Myers, to visit relatives. Ben Fish drove his auto and a party of friends to Daytona on Sunday for the day. Mr. and Mrs. L. J. Hancock will soon close their home, Oak Knoll on Lake Golden and join their son in Milwaukee, Wis., for an indefinite time. Mr. and Mrs. J. C. Ellsworth, Jr. were guests at Seaside Inn, Daytona Beach, Fla., on Monday. Operations are beginning this early for the coming winter's crops. Seed bed ground is being prepared, cleared, done, tilling, ditching, etc.

At 2 o'clock Tuesday morning four years to the hour, that the business center of Clearwater was burned, the panning mill, novelty works, crate mill and lumber yard belonging to J. J. Mendenhall, covering two city blocks, burned to the ground. It was a most spectacular fire, the galvanized roofing fusing and making hundreds of bulah areas. The fire department worked heroically and saved residences to the west as well as the city hall, and joining on the south. Lack of hose and water pressure allowed the heat to set fire to the Crutchfield & Woolfolk orange packing house on the east, but the Pinellas City as Exchange packing house was saved. If they had caught the fire could have ravaged other packing houses, lumber yards, and the A. C. L. passenger and freight depots. Mayor Jeffords was on the ground watching for a rift in the wind and if the breeze had not calmed would have called upon the St. Petersburg department for its equipment as the city would have been doomed. The loss to Mendenhall and Woolfolk will be \$60,000 insured for \$35,000; Crutchfield & Woolfolk loss \$12,000, insured for \$5,000. John S. Wray had recently purchased an interest in the Mendenhall mills. It is thought the fire was of incendiary origin as Joe Meares the night watchman discovered as he was putting out a blaze in one of the yard sheds. Another started and before the fire could then be bounded the whole thing was ablaze. The Mendenhall office was not burned and all the books saved.

The Devotion. "Young Mrs. Pitter tells me that her husband is going to take her now to skate this winter," says Mrs. Gooch, in the town with many employes when she conceals a reproach in a conversation. "Isn't it nice to see a man so devoted to his wife?" "Devoted" chuckles Gooch from behind his narrative. "Yes, My wife is jealous—she won't take a chance of having any other man near her." —Judge.

And Been Nothing Better. "Say, did you ever know a woman to buy what she wanted at the first place she came to? Yes, My wife is jealous—she won't take a chance of it after she has been to all the other stores."

BULLETIN NO. 5 MONDAY, JUNE 29

\$20.00 GOLD WATCH FOR ALL CANDIDATES NOW IN GREAT PIANO CONTEST

Look, read every word carefully. This is interesting. Of course we know everybody can't win the Grand Prizes so we have arranged whereby every candidate that is now in the Contest can win a Handsome Gold Watch. It's simple, and easy too. All you have to do is cast Eighteen Thousand (18,000) Votes or more each week from now until the Contest closes. If you fall below 18,000 for one week you are out of the race for a Watch. EVERY CANDIDATE IN THE CONTEST SHOULD WIN A WATCH (excepting the three who win the grand prizes) its easy to get 18,000 votes per week, sell one book and gather 3,000 additional votes and there you have the whole thing in a nutshell. These Watch Prizes conflict in no way with the candidates winning the Three Grand Prizes, but assures every one of a prize who is interested in this Contest.

THE WATCH you have your choice of either an Elgin or Waltham Watch to be worn on chateleine wrist, actual value \$20.00

Some men are born great, some are made great, some are made great by their own efforts. Hon. Forrest Lake of this city was not born great, neither did he have greatness thrust upon him, he simply achieved it through sheer will power and force of character. In the good old state of South Carolina he first saw the light of day and it was no pleasant scene that engrossed his infant attention but the remains of a country laid waste by the invading armies of the north and his father an invalid from wounds and privations suffered on many a battlefield from Sumter to Appomattox. From his early days up Forrest Lake was taught to work, although his parents, like all true Carolinians were anxious for the ways to have college educations and the children were given all that the state afforded at that time. Coming to Florida while yet in his teens the spirit of independence predominated in the bosom of the young South Carolina boy and he obtained work to save mites and any place that offered day wages. Lee plants just plants then coming into vogue in the state engrossed his mind and he gave this business his attention, having successfully operated plants in Sanford and Miami and at the beginning of the Spanish war going to Cuba where he located at San Diego, passing through vicissitudes that would have appalled and discouraged the average American in a Spanish country he built up a good business that soon discovered that Americans were persons not grates after pacification and the longing for his native land overcame the desire for gold and Mr. Lake and his family returned to Sanford. While a young man Mr. Lake had been elected as mayor of Sanford and held the position with credit and upon his return he gravitated to politics as naturally as the flower turns its face toward the rising sun. He purchased the water works and his plants here and with the aid of a loved business vigor and acumen built up these plants and put them upon a good footing and in the success from business was again called to the mayor's chair and served four terms in that position and while serving as mayor was elected to the Florida Legislature from what was then Orange county. He gave his constituents a business administration in the office of mayor and as a member of the legislature and upon the expiration of his term was elected again in successive campaigns that displayed his strength and capacity and made him famous over the state as a man who was bound to win any campaign. During his two terms as a member of the lower house he was elected to the honors in the state and among the conferees and held the position of speaker of the house and the president of the county division was too great and he was forced to resign that honor. Being way to Hon. Lee Patten of Miami. During his term as mayor Mr. Lake was often called to the chair by the speaker and presided with dignity and ease and statesmanship and was praised from the members of the legislature to the people behind his back. Mr. Lake's political and business career are so well known to the leaders of this

Sanford Library Free Reading Room IMPERIAL THEATRE BUILDING Open Tuesday-Thursday 4 to 6 AND Saturdays 4 to 9 p. m. Strangers Welcome.

The 2nd Day of This Hoosier Cabinet Sale on the \$1 Plan May Be Your Last Chance

Only very few new Hoosiers are the average allotment for each summer club. Almost every dealer has a waiting list, for we could not supply enough last spring. MANY SALES HAVE BEEN COMPLETED IN ONE DAY. In hot weather, you need a Hoosier more than ever. Delay now will surely lose you this chance. Go down tomorrow and see the new Hoosier for yourself. THE HOOSIER MFG. CO., New Castle, Ind.

Tomorrow, Only \$1 Puts This NEW HOOSIER in Your Home—Don't Wait!

The mid-summer sale terms are: 1. You may choose any of the new Hoosiers—"White Beauty," or "Oak Interior" at slightly less price. 2. \$1 puts your Hoosier in your home at once. 3. \$1 weekly quickly pays for it. 4. The low cash price fixed by the factory prevents strictly. 5. No interest—no extra fees. 6. This sale is under direct supervision of the Hoosier Company. 7. Sale is strictly limited to our small summer allotment of new Hoosiers. 8. Your money back if you are not delighted with your Hoosier. This is your opportunity—if you act quickly—to own this wonderful Hoosier on the most liberal terms ever offered. You may search the whole world and find nothing that will save you so much labor in your kitchen as this new Hoosier. White Beauty is a wonder of convenience. It combines three roomy cupboards, a large work table and package pantry in one spot so you can sit down at work and save miles of steps. You have places before you for 400 articles, all at your fingers' ends. You save most of the weary hours other women spend in their kitchens. This new Hoosier on these terms is the greatest kitchen cabinet bargain you have ever seen. The few who have will be sold to no time at all. Only those women who grasp this opportunity tomorrow can be sure of getting one of these cabinets on the liberal Hoosier plan.

W. W. ABERNATHY Corner Fourth Street and Palmotto Avenue The Only Place In Town Where Hoosiers Are Sold

NOTES of the DIAMOND Johnny Evers continues to be the hitting mainstay of the Braves. Lack of good outfield material is troubling Connie Mack more than anything else. Babe Adams and George McQuinn are doing yeoman service for the Pilgrims in the box. According to Kansas City critic George Stovall has assembled a band of demon pitchers. Mike Doohan is making plays in Baltimore which recall the shortstopping of Hughie Jennings. All you have to do if you want to get George Stallins angry, is to refer to him as "a good loser." Charley Herges doesn't care how many men he has to use as long as they bring home a victory. Claude Cooper, who served a year's apprenticeship with the Giants before the batting order of the Tio Tons. Charley Herges evidently has his men baffling. They're making a good many runs in proportion to their hits. William Florida, a young pitcher who was with the Giants this spring, is being released to the Springfield (Ill.) team. Bob Becher's base running and sliding in the early games at the Polo grounds led to the impression that Bob's injured leg has ceased to trouble him. Boston fans are already proclaiming young Scott a wonder. The St. Paul rookie is hitting Haino Wagner's places at short and seems to be making good. Fred Clarke wants to win a pennant and his championship before retiring. So does Earl Mack, the young son of Connie Mack, who manages the Raleigh, N. C. club. Bill Carrigan-Jordan that young Scott will prove one of the real finds of the present season. "He is a great hitter, a fine batter and a good marvel," says the Red Sox chronicler. This Speaker of the Boston American, is spotted with being the highest priced player in the game. The Texas reserves the munificent salary of \$18,000 a year, according to report. Daily Thought. Give us, oh, give us, the man who slugs it his work. He does more in the same time—he will do more. He will persevere longer—Thomas Carlyle. Piousworth Duty. You may sum the duty of your life in the giving of praise worthily, and being yourselves worthy of it.—Ruskin. W. W. ABERNATHY 119 Magnolia, Phone 168

THE SANFORD HERALD

Published Every Tuesday and Friday Morning by THE HERALD PRINTING COMPANY

Subscription Price, \$2.00 a Year in Advance

Delivered to the City by carrier \$2.00 per year in advance or \$20 per month

Entered as second-class mail matter August 22nd 1908, at the Postoffice at Sanford, Florida, under Act of March 3rd, 1879

The Sanford Herald says the papers are omitting the name of the candidate for Speaker who will be elected, which is Forrest Lake.

Bob Holly calls attention to the fact that Editor Cleveland, who has recently married, has an editorial on "How to be Happy, Though Hot."

Bob Holly has assured the people of Sanford that if they are eager enough for a daily paper to guarantee it sufficient patronage to place it on a self supporting basis, that he will supply their wants in this line.

Bob Holly of the Sanford Herald contemplates changing his semi-weekly to a daily. Seems to the Star that Sanford is big enough to support a daily, and we guarantee Holly can make a daily worth supporting.

The Daily Herald will be as good as the business men of Sanford will make it. The field has not been here, before but the management of The Herald will make the field and the merchants will be expected to help cultivate it.

The South Florida Press Association is being formed today at Lakeland and will comprise all the cities and towns south of Orlando. Such an organization will prove of great benefit to the craft and The Herald wishes them success in their undertaking.

If you want a good daily this winter in Sanford help us to make a good twice a week paper this summer by giving the paper a better advertising patronage. There is no reason in the world for the business men of this city to take a summer siesta. The Herald pay roll is the same in the summer months and all of it is being spent in Sanford.

Willis Powell has discovered a great truth which he promulgates thus: "The hardest working newspaper man in the state is Bob Bentley of the Tampa Times and he is least referred to. Bob is so modest that he never changes his mind without blushing."

The editor of The Herald is being commended upon the article relative to allowing the teams to trample and eat the grass on the parkways of Sanford.

Those brethren of the state press who announce their intention to publish daily editions in addition to their excellent weeklies, had better go slow on the daily proposition. If you are making a living publishing a weekly, stick to it unless you have an iron clad guarantee from your business men to give you such support in the publishing of a daily as will enable you to hire sufficient help as not to compel you to shoulder additional burdens in the various departments.

Some business men are in the habit of taking a rest in the summer time but the Herald goes on just the same and instead of taking a rest at this season we are making the paper better than ever. One of the important changes recently made is the acquisition of Mrs. R. A. Terhoun to the staff, who will have charge of the society page and will faithfully record the events, the comings and goings and happenings of the ladies and this department will prove of great interest to the ladies of Sanford.

connected with the Savannah papers. The Herald will be bigger and better than ever and all that we ask of the public is the hearty cooperation that should be accorded to a newspaper.

The local manager of the Western Union Telegraph Company at Sanford was subpoenaed to appear in court with certain telegrams that the court wanted as evidence. The local manager refused to obey the summons and he was sent to jail for contempt of court, but was later released when the superintendent of the company wired the young man to produce the telegrams. How many men are there in Apalachicola as loyal to their employer as the Sanford young man?—Apalachicola Times.

The above refers to Carl Franklin, a Plant City boy who was for several years connected with the Plant City office of the Western Union. His conduct in this instance only bears out the quiet attention to duty and faithfulness to trust that characterized his work here.—Plant City Courier.

THE TWO FLORIDA CITIES. Sanford was the coolest place in Florida on June 20th, the maximum temperature being 82, while Gainesville came next with 84. Truly, "Life is worth living in Gainesville and Sanford."—Gainesville Sun.

EVERY MAN A CANDIDATE. Paris women now are wearing watches on their ankles; watch the ankles of the American women soon take on the same fad.—Pensacola Journal.

When we were editing the Orlando Reporter-Star this question was started in the paper for the benefit of the Orlando people and we were severely criticised for agitating the question of a water supply. The people of that beautiful city seemed to be well satisfied with their lake water and the man who questioned the advisability of a change was looked upon as an interloper who knew but little about municipal matters.

NEGLECTING OUR DUTY. The men of Sanford are neglecting their duty towards the boys of this city. We are long on good advice and short on good deeds.

OUR MOST PROFITABLE ACRE. It may not be an acre, but it ought to be as nearly so as possible. It ought to be situated very conveniently to the house. It should be chicken tight and pig strong, in other words it should have a good, substantial closely built fence around it. Its soil should be worked deep and pulverized to the limit. It should be fertilized abundantly with the best manure to be obtained. It should be cultivated on the level. In fact there is no more important spot of land on the farm than the garden, yet how few good gardens do we find on the farms on the country. The farmer's table should easily be the best provided with the most wholesome food in the land. And this might always be so if the farmer would grow even a small orchard and cultivate a good garden.

OVIEDO OCCURRENCES. Oviedo continues to grow in area, wealth and population. T. J. Aiken of Dunnellon with his family have come to make this their future home. They now occupy the Brannon cottage but in a few days will be pleasantly settled in their new six room bungalow which is being erected on the property he has recently purchased from the Wilson track of land in the north of the A. C. L. depot.

content to feed on a little bacon, hot bread and black coffee with a little variation occasionally, when they should be building up their systems and strengthening their bodies on the great varieties of fruits of the orchard and vegetables of the gardens. As we consider these matters let us plan a garden this fall as we have never planned one before. Don't be afraid that you will put it in too good a condition. Make careful study of your seed catalogues and select those varieties that appeal to you and get everything in readiness. Lay out your garden with care and system. Plant the seeds so they can be given most thorough cultivation. Let every member of the family be interested in it, for it is a part of an education that every one should have. Study the garden papers and farm journals and government bulletins, and then use lots of good common sense. It will pay in splendid returns, in better living, in better health.—Tallahassee Democrat.

GOOD WATER GREAT ASSET. The Orlando papers are strong for a cleaner city and better water supply and in this crusade the editor of The Herald is with them. Not that the present water supply of Orlando may be inadequate but that it has always been our contention that every city in Florida and every other state should get their water supply from deep artesian wells if possible. With the abundant supply of artesian water all over Florida there is no reasonable excuse for using any other kind. Florida probably has more clear water lakes than any other state of equal size in the Union. As long as the supply is adequate and can be kept pure and free from contamination the clear water lakes are all right but sooner or later the supply is lowered by drought or the growth of the city and the constant drain on the lake places the water in condition that is unfit for domestic purposes and the danger of contamination is ever present.

ford are the guests of Miss Adelaide McCulley at her hospitable home on Bay street. Miss Mary Leinhardt has returned, having spent several weeks pleasantly with relatives in Jacksonville and having enjoyed a trip to Pablo Beach. Mrs. Charles West and little son, David of Lake Charm left Tuesday morning for Tennessee, the home of her parents where she will visit during the summer months. T. W. Allison, who has traveled the states, Canada and Mexico for a number of years is spending the summer with his mother, Mrs. J. F. Allison at her charming home on Lake Charm. Miss Jephtha Robeson of Mississippi is now the very welcome guest of Mrs. J. C. Marshall and we are very proud to number her among our summer visitors. Miss Jennie Hope and Robert W. Lawton have returned to their homes for the vacation, to the delight of their relatives and many friends. Hannah Bros. have about completed the rebuilding of the town since the fire, having been engaged in the work for several months. They have made many improvements in town and many friends, who will remember them when there is more building to be done. Mr. and Mrs. B. G. Smith gave a few friends a pleasant motor trip to Sanford Tuesday visiting all nearby towns and returning at a convenient hour. Misses Eva Cole and Ray McPherson of Titusville are visiting Misses Eula Mann and Edith Howard at their pleasant home on Bay street. Miss Jennie O'Call of Orangeburg, S. C., who is spending the

summer with her daughter, Mrs. Venable of Sanford is the pleasant guest of Mrs. B. G. Smith for a few days. The young men will be glad to know Frank Smith of Beoria, Ill., has charge of the barber shop and promises satisfaction to those who call on him. Olen Howard and Enoch Partin have the newest Ford in town. It is now easier to count those without than to try to enumerate the fortunate ones in town who possess these machines for fast travelling. E. Burr of Tampa, representing the Citrus Exchange and E. A. Douglas of Sanford were among the distinguished guests of the Cushing House last week. Mr. and Mrs. Samuel McBride and baby are visiting relatives in Lockhart. Miss Villa Dumas gave a very much enjoyed rook party Tuesday night for a few of her friends. Mr. Sol Mathers of Gabriella has purchased the home of Mr. and Mrs. J. A. Barber on Bay street. Mrs. A. H. Hope and daughters entertained the Woman's Magazine Club last Friday afternoon. Mr. and Mrs. Gid Brown have moved into the Nelson house on Oak avenue. Mr. Ralph Odell of Lakeland is visiting his uncle, Mr. R. E. Kelsey of this place. Mr. Charlie Spear and family have moved into the Mathers house on Bay street. Mr. R. L. and B. F. Wheeler left Wednesday for White Springs, going through the country in Mr. B. F. Wheeler's car, they expect to be gone about a week or ten days. Mrs. H. B. McCall and sons, Edward and Warren have been visiting

relatives in Lakeland for the ten days. Little Evelyn Wheeler, daughter of Mr. and Mrs. R. L. Wheeler, invited a few of her friends Monday afternoon to help her celebrate her sixth birthday. Little Evelyn, as big as big love to her, they were given a chance out under the trees in a temporary constructed fish pond but they caught fish and little fishes, spades, etc., instead of fish. After number of interesting games the little folks were invited into the dining room where they found a table laden with good things to eat. In the center of the table was the birthday cake with six candles and banked on all sides with beautiful hydrangeas, fancy cakes, candies and iced lemonade. Miss Mary Aulin and Helen Lawton assisted the hostess in entertaining the little folks. On leaving each expressed to Evelyn having had good time and wishing her many more birthdays. Those present were little Katie May and Roberta McKenzie, Gladys Kelsey, Geneva Spear, Shirley Swope, Evelyn and Florence Wheeler, Katherine Lawton, Wilhelmina Howard, Otis and Sidney Swope.

Matched by the sea. In breeding goldfish, an interesting incident has occurred in China. At one time immemorial, the eggs are moved from the reach of the male fish and hatched by the sun in shallow dishes. The Whole Hog Playwright. Was Grasper satisfied with the part assigned him in my play? Manager. Was Grasper satisfied with part of anything? Judge.

The ladies of the Baptist church will sell home made ice cream at Miller's Bakery Saturday night.

W. M. Haynes, business manager of The Herald is in Lakeland today attending the meeting of the South Florida Press Association.

Mr. John Thomas Hodges of Cocoa was in the city yesterday the guest of his uncle, Hon. E. A. Douglas. Mr. Hodges is one of the prominent citizens of the Cocoa section and a prominent Floridian.

Mrs. R. E. Tolar has returned from Chicago where she attended the National Association of the Federation of Women's Clubs.

Mrs. Endor Curlett and sister, Miss Belle Ichenor of Geneva were in the city yesterday, much to the delight of their many friends.

It is reported that W. H. Underwood is critically ill at his home on Oak avenue. He had an operation some time ago and seems to have suffered a return of the disease.

Mr. and Mrs. Geo. H. Fernald, both of whom are in ill health will leave shortly for Clifton Springs, N. Y., for the summer. Their many friends are hoping that the sojourn will greatly benefit them both.

Mr. and Mrs. David B. Marlow have taken the cottage on Palmetto avenue which was recently vacated by B. Davis and family, who have moved to Tampa.

Miss King left on Wednesday night for Atlanta after spending the last few months here in the millinery parlors of Mrs. J. H. Bruton. Miss King made many friends while here who hope she will return to Sanford in the fall.

Albert O. Martin of Sanford and "Mild Mannered" Sam Hoffman, clerk at the DeSoto motored out to Thonotosassa Lake yesterday afternoon in Mar Martin's Ford automobile.—Tampa Tribune.

Mrs. P. F. Cray and two children of Tampa are visiting at the home of her sister, Mrs. Geo. Shipp of Markham Heights. They expect to leave in a few days for Daytona Beach where they will spend several weeks before returning to their home in Tampa.

Mrs. B. G. Smith, accompanied by her husband, B. G. Smith, were in the city yesterday. Mr. Smith has been appointed to the position of conductor on the Sanford-Oviedo Special and expects to be able to hold the position after several months practice. He is rather timid at present about approaching passengers for their fares, but his friends say that in time he will overcome this bashfulness.

Proposing A municipal ice plant for the city of St. Augustine is a resolution offered by Alderman J. N. Pomar, was passed by city council without dissent last night. The resolution provides for a special committee to investigate the feasibility of the proposition and for the city attorney to report upon the legal phase. The resolution was adopted upon motion of Alderman Myers. President Hitchlow named Aldermen Pomar, Hill and Center on the special committee.—St. Augustine Record.

LAKE MARY. Miss Guenie Tillis of Sanford spent Sunday here with friends. Three automobiles full of pleasure seekers spent the day Sunday at the home of Mrs. Evans and enjoyed the day fishing and bathing.

Rev. Entenmeyer of Longwood delivered a good sermon here last Sunday at 11 o'clock and will continue to do so every third Sunday.

Mrs. Sundell and daughter, Mrs. S. McBride and little Ruth are spending a while at their old home here. Letters are being received from ...

Baseball Won Game. In a very pretty exhibition of playing yesterday at Holden Park, Sanford took the game from Winter Park by the close margin of 12 to 3.

Baby size cream, 45c the dozen. L. P. McCuller.

Masons Had Big Time. The Masonic picnic at Woodland Park yesterday was well attended by about 150 Masons and their families and all of them thoroughly enjoyed the cool park and swimming pool and the many amusements of this great Sanford summer resort.

Change in Oviedo Schedule. A recent change in the schedule of the Oviedo-Sanford Cannonball places this line back to the original time and the train leaves Oviedo in the morning at 9:10 arriving in Sanford at 10:30. Leaving Sanford at 3 in the afternoon arrives at Oviedo at 4:20. The change is about one hour earlier than formerly in leaving and arriving and the general public will have to be governed accordingly. Capt. B. G. Smith is the chauffeur in charge.

Some Watermelons. L. B. Mann, a prominent grower of Montee brought in a wagon load of watermelons yesterday that were the finest that has graced the local market this season. He made The Herald office a present of one that weighed 53 1/2 pounds on the scales and it was sold and fine clear through. It is the new brand of melons recently discovered by a Georgia grower and is called the Excell and is described in another part of this paper. It is certainly rightly named, for if any of them excel this melon they will have to go some.

Sanford at the Beach. Sanford is well represented at Daytona Beach just now, many of our people staying for a few weeks or going and coming at the popular seaside resort. Mrs. Roy Symes and children, Mrs. B. A. Howard and children and Mrs. John Melsch and family are spending the summer in cottages and the men folks go over every Saturday and Sunday.

Among those seen on the beach this week from Sanford were Mr. Mrs. Dr. Miller, Dr. and Mrs. Cecil Butt, Sheriff Hand, L. P. McCuller, J. D. Roberts, Mr. and Mrs. T. K. Bates and Mercer Davis, Eugene Roumillat and several others.

On Their Honeymoon. Mr. and Mrs. J. T. Hill are in the city for a few days the guests of the Sanford House. They were married in Tallahassee last Monday and are taking a bridal trip through Florida Georgia and the Carolinas. Mr. Hill is well known in Sanford, having resided here several months two years ago while installing the Monotype machine in The Herald office. Mrs. Hill is the daughter of Hon. Milton Smith, editor of the Tallahassee Democrat and was very popular in the younger society set in Tallahassee.

Mr. Hill has been advanced by his company to instructor and the efficiency department of the Monotype and has just returned from a trip that embraced all the states from Canada to Cuba. His many friends here are congratulating him and his bride and The Herald joins in wishing them long life and happiness.

Wants Lake and Churches. Rev. Frank D. Hunt, formerly pastor of the Presbyterian church here and well beloved by all the people irrespective of religious creeds writes the following to The Herald: "I hope to see you next winter in Sanford and in the meantime I want you to be sure and have that lake bulkheading all done and the new tourist hotel on the bay before I get there. If you cannot get the Monroe lake bulkheading finished, perhaps you can get the Forrest Lake bulkheading done and have him speaker of the house by that time. If you do not accomplish both of these propositions on schedule time, I shall certainly expect you to have the new Methodist, Baptist and Presbyterian churches all built by the time I get there. With kindest regards I am,

Yours truly, F. D. HUNT.

Notice to Tax Payers. The 1918 assessment on your property was made by Orange county officials. The completed books were delivered to Seminole county in October, 1918. If the assessments in your neighborhood were not equalized, come in and talk to me about them and we will get them on the 1918 roll as they should be. THOMAS BATES.

Excusable Delay. Twenty-five minutes after her divorce from one husband a Wellburg (W. Va.) woman was married to her second. The delay was caused by the need to have a marriage license properly filled out.—Pittsburgh Gazette-Times.

For Stains on Mahogany. Use oxalic acid and water, rubbing it in with a clean cloth until the stain disappears. Mahogany may be polished with a flannel cloth dipped in sweet or cold drawn linseed oil.

Program for the Smuggleman. At the Imperial Tuesday evening, June 30th the following program will be rendered by a bevy of Sanford's brightest young people and children: Act I.

Scene—The Mother's Garden. "Chorus of Mothers," 12 girls. Toots, the Bad Boy. Reginald Holly Billy, the good boy. Alfred Robson Toot's Mother. Lillian Herring Billy's Mother. Clarence Hand Chorus of Knights and Mothers Song. Whose Little Boy. Mothers and Grandmothers. Mother Goose Characters. Strolling Song. Entire Company Character Song.

The Big College. Newton Lovell. I've Got the Mumps. Waima Graves, Mollie Abernathy Down on the Ohio. Eleanor Herring, Reginald Holly. Act II.

I Steal out at Night. Smuggleman and Gnomes Stars at Night. Song by the Boys Fairy Bells. Fairy Queen and Fairies Fairy Queen. Mrs. Douglass Sunflower Fairy Guard. May Thrasher Hildegard, a Singing Fairy. Virginia Brady

Chorus. Knights and Mothers. Song. The Twilight Boat. Fairy Queen, The Smuggleman. Gnomes, Mothers and Grandmothers. Finale

(a) Galloping Song. (b) My Country's Flag. (c) Dixie. (d) The Smuggleman. Entire Company, Clarence Mahoney

To the Watermelon Growers. J. F. Mann has discovered an excellent melon for Florida, called the Excell. He has this season grown 5 acres of this melon with only 80 pounds of fertilizer to the acre and two cultivations, and he has melons now that will average between 65 and 70 pounds. It does well on high sandy soil, stands dry weather well as this past season shows, and also stands frosts better than the general run of melons, as we had two quite severe frosts after they were up and there was very little replanting to be done.

They are a very good shipping melon, has a fine flavor and beat of all will lay in the field for three weeks after they are ripe in the hot sun before showing signs of decay. It has been claimed that Georgia grown seed will not produce good melons in this state, but I can state from my own experience that they do.

I will be glad to answer any inquiries in regard to the above melon and assure the growers of Florida that this is the melon for their needs. J. F. MANN.

Washington, June 26.—Serenio E. Payne, congressman from New York and who helped frame the Payne-Aldrich tariff bill, and who was dethroned in the famous rules fight which relegated "Uncle Joe" Cannon to the ranks, was 71 years old today. The New York congressman was recipient of hearty and cordial congratulations from his many friends in Congress, his friends of the "other side" who eye his political enemies, leading in an informal demonstration in Payne's honor. Speaker Clarke was expected to follow his program of last year and congratulate Congressman Payne from the chair.

Excusable Delay. Twenty-five minutes after her divorce from one husband a Wellburg (W. Va.) woman was married to her second. The delay was caused by the need to have a marriage license properly filled out.—Pittsburgh Gazette-Times.

For Stains on Mahogany. Use oxalic acid and water, rubbing it in with a clean cloth until the stain disappears. Mahogany may be polished with a flannel cloth dipped in sweet or cold drawn linseed oil.

ABOUT PEOPLE AND EVENTS

BEING A RESUME OF SANFORD HAPPENINGS UP-TO-DATE.

Niemeyer-Bristline. Miss Adeline Alvina Niemeyer and Mr. John Aaron Bristline were married at 9 o'clock Thursday morning at the home of the bride at Longwood. Rev. F. P. Storg officiating.

The entire lower floor of the home was thrown open to the guests and was an exquisite garden of beauty with its decorations of graceful ferns and palms, hundreds of the beautiful wax like water lilies carrying out the color scheme of green and white.

Preceding the ceremony a fine program of music was rendered by girl friends of the bride. A piano solo, Morning Moon by Greg played by Miss Josephine Smith; vocal solos rendered by Miss Eva McQuarters were At Dawning and Schubert's Serenade.

The bride entered the parlors upon the arm of her father who gave her away in marriage. The Bridal Chorus from Lohengrin was sung by Miss Eva McQuarters, Mary Branham Elizabeth Branham, Mabel O'Neal and Johnnie Smith adding a touch of grace and beauty to an already perfect scene.

The bride was very lovely in her wedding gown of shadow crepe, en traine, the tulle veil was worn in cap effect with a coronet of lilies of the valley. She carried a shower bouquet of water lilies and fern tied with white tulle.

Receiving the guests were Mr. and Mrs. Frederick John Niemeyer, assisted by an uncle and aunt of the bride, Mr. and Mrs. Clouser.

A reception followed the wedding ceremony, the dainty refreshments being served by the Misses Mary and Elizabeth Branham, Mabel O'Neal, Johnnie Smith and Eva McQuarters. Miss Eva Walker presided at the bride's register.

Many and beautiful were the gifts of cut glass, silver china, bric-a-brac and linens that testified to the esteem in which the young couple are held. Among them is a clock, the exquisite workmanship of the bride's grandfather made after the fashion of the grandfather clocks of long ago, and highly prized by the young bride.

A very important personage at the wedding was the old negro mammy, Eliza Graham, the well beloved old family servant of the Niemeyers.

Mr. and Mrs. Bristline gave the guests the slip and left by automobile for Sanford where they took the train for Jacksonville, enroute to Baltimore and Philadelphia. They will be gone a month, returning to Longwood where they will set up housekeeping for themselves. Mrs. Bristline wore a handsome traveling suit of green with hat to match. She is the only child of Mr. and Mrs. Niemeyer. Mr. Bristline is associated in business with his wife's father.

Out of town guests for the wedding were Dr. and Mrs. C. F. Walker, Mr. and Mrs. D. C. Dickson and Miss Eva Walker of Sanford; Mrs. A. H. Fuller and Miss Fuller of Altamonte; Miss Hill, Matland; Misses Tetherly, Mary and Elizabeth Branham, Eva McQuarters, Mabel O'Neal, Johnnie Smith and Mrs. Greenwood of Orlando.

Lawn Party. Vera Terheun entertained about twenty-five young people last evening with a lawn party for her young guest, Mary Elizabeth Reasoner of Jacksonville. Vera with Mary Elizabeth and Leila Hutcheson received her guests on the porch. After the arrival of the young folks fun and frolic became the order of the evening and all report having had a jolly good time.

The cottage was made attractive with potted plants and vases of cut flowers placed about the rooms, while the porch and arbor hung with Japanese lanterns combined to make a gay setting of the youthful figures and happy faces of the children.

Music and games were indulged in until a late hour. In the guessing game of rebus addresses the prize was won by Regional Holly 1st.

In the state game the prize fell to Leila Hutcheson 2nd. Mrs. Terheun was assisted by Mrs. F. P. Strong.

For Miss Annie Renfro. Mrs. Harvey Renfro was hostess at an informal party for her attractive guest, Miss Annie Renfro Tuesday evening. Two tables of rook formed the evening's amusement.

Mrs. Renfro's guests were Mrs. W. D. Peters, Misses Carrie Ensminger, Ethel Moughton, Beaula Williamson, Eva Walker, Messrs. Fraser Armstrong, Henry Nickel, Beecher Kent and Harry Walker.

A happy party of young people and their chaperones that picniced at Sylvan Lake yesterday afternoon were Mr. and Mrs. W. M. McKinnon, Mr. and Mrs. Maxwell, Mr. and Mrs. Peck, Mr. and Mrs. Taylor, Mrs. Purdon, Misses Alice, Annie and Lucy Whitner Lillian Gibson, Helen Rowland, Essie Purdon and Helen Peck; Messrs. Karl Roumillat, Rev. Dr. Brownles, Lee Peck, Frank Purdon, Ed Gilles and Mr. Gibson.

The party went out in machines, carrying their lunches, enjoyed bathing and boating on the lake returning to the city in the evening.

Big Apple Crop. Washington, June 22.—Reports of the Department of Agriculture indicate a heavy apple yield in Maryland and North Carolina, the finest crop in the history of Colorado, an unusual crop in Michigan, good crops in Virginia, Georgia and South Carolina and prospects in other states generally good or above the average.

Insect pests killed the fruit in many old orchards in New England and damage from tent caterpillars was common from Maine to New York.

Some injury was suffered in Indiana and Illinois from a late freeze and insect injuries are reported in Indiana, Illinois and Missouri.

A bumper peach crop is indicated in West Virginia and a very large one in Georgia. A light yield is indicated in Maryland Delaware and Virginia, where late frost did injury, as it did in the north Atlantic states from Maine to New Jersey.

In the Middle West, southern Kansas alone reports good prospects. Colorado reports favorable prospects.

Nothing Short of Calamity. Holding a glass of clear honey in his right hand, father observed impressively: "It cost the little bees many a weary trip to fill this with sweetness from the flowers." Little Laura, who had been listening closely, exclaimed, with great earnestness: "Wouldn't it have been too bad if one of them had dropped the glass?"

Lucky Accident for Him. After proposing three times and being rejected on account of his ugliness, a man in London was injured in an accident so severely that when he recovered his face had been completely reconstructed, decidedly for the better. He proposed again and was accepted.

JUDGE SPEER - WHITEWASHED

Methods Attacked But No Grounds To Impeach

Washington, June 25.—Complete exoneration of Federal Judge Emory Speer, of the Southern District of Georgia, from charges that led to Congressional investigation of his conduct, was recommended today in a minority report by Representative Volstead of Minnesota, a member of the investigating subcommittee of the house judiciary committee.

"While I concur in the recommendations made in the majority report that no further proceedings be had upon the charges against Judge Speer, I desire to express in as emphatic language as possible my protest against the methods that have been pursued," says Representative Volstead in his report.

"I desire to have it distinctly understood that I do not criticize the motives of my associates, for whom I have the highest personal regard; but the proceedings in this investigation have been marked by acts cruelly unjust and unfair. No effort was made to protect the judge against mere slander and abuse that could serve no other purpose than to disgrace and humiliate him. Every enemy that twenty-nine years on the bench had produced was invited and eagerly encouraged to defame his name and to supplement that with all sorts of innuendoes and insulting opinions utterly illegal as evidence and incompetent for any proper purpose. It is humiliating to read this record and have to admit that a committee of congress is responsible for this sort of cruel injustice. No one in any civilized country would tolerate any such proceeding."

"If judges are to be subjected to the treatment accorded Judge Speer"

concludes the report, "how can they be expected to maintain that spirit of independence so essential to the just administration of the law?"

"It is not necessary to say anything in commendation of Judge Speer. The last line of the majority report, recommending no further action upon the charge is, despite all criticism to the contrary, a complete vindication. It would not have been written if the evidence had pointed to anything worthy of real criticism. In conclusion, let me add that the day will come when Judge Speer will be remembered with pride by the people of Georgia, not only for his ability and integrity, but especially for what Mr. Wimberly called his many beautiful acts of mercy to the poor and the oppressed."

The majority report takes up the charges in detail and comments on them at length. It includes these findings:

"A reading of the record makes it plainly evident that throughout the long period of his service of almost thirty years, there has been an utter lack of harmony between the Judge of the United States Court for the Southern District of Georgia and the bar of the district, as well as the people. The committee found a vindictive spirit, evidenced repeatedly by the testimony of witnesses toward Judge Speer, and, on the other hand, a superior consciousness of the great power of the judge over all matters coming before him and the rights of the people of his district."

"An examination of the record in this case is suggestive of the fact that early in his judicial career Judge Speer ascertained the limit to which he could go before liability to impeachment for official conduct would accrue, and went as close to the line upon many occasions as safety would permit."

CHULUOTA GROWING FAST

Building Fine Hotel and Making Other Improvements

Chuluota, the rapidly growing town in Seminole county on the new Klammie Valley division of the Florida East Coast Railway, has a great future and is showing remarkable growth. James E. Ingraham vice president of the Flagler System and president of the Model Land Company; Sidney Harrison, secretary of the Model Land Company, and L. Larson, northwestern representative of the Flagler System, returned yesterday from an automobile trip through that section.

"We found excellent progress being made upon the hotel now being erected," said Mr. Ingraham this morning. The brick is up for the first story. The hotel will probably be ready to open by the first of October. It is of fire proof construction, has thirty bedrooms, is to be equipped with electric lights, running water and all modern equipment generally. With its completion the influx of prospective settlers will be even greater than at present as they will then find suitable accommodations while looking about before purchasing and while building upon their property.

"The town is growing and developing rapidly. Streets are being laid out. Shade trees have been planted. Property generally is being developed. Progress is evident everywhere."

"Indications are that the section will soon become the headquarters for cattle raising. Stock raisers there are using modern methods. They have vats or the eradication of the costly cattle tick. Their stock is of splendid quality. This is well illustrated by the fact that one man there I know of is receiving \$50 a head for his cattle. Comparing that with the price usually received one can understand the value of using scientific methods."

"A good hard surfaced highway is being constructed from Titusville through to Chuluota and Geneva. This will be of much benefit in opening up the country."

"We found on the trip that Volusia, Putnam and Seminole counties are all doing much good road work. Their roads are in good condition and they keep them so. They have good machinery—scraper, drags and other equipment—and they keep it in use. They devote much care and attention to the upkeep of the roads after they are constructed. The poorest link of the road was in St. Johns county. The road to Palatka is very good for a bum road but rather bum for a good road. Taken altogether, the roads averaged very well. We left Sanford at 10 o'clock in the morning. We covered 110 miles, were delayed a half hour at the Monroe ferry, spent a half hour in DeLand took a half hour for lunch and spent a half hour at San Mateo and then arrived here at 5:30 in the afternoon five hours and a half actual running time. And we took it rather easy, too."—St. Augustin Record.

How French People Cure Stomach Trouble

A household remedy of the French peasantry, consisting of pure vegetable oil, and said to possess wonderful merit in the treatment of stomach, liver and intestinal troubles has been introduced in this country by George H. Mayr, who for twenty years has been one of the leading down town druggists of Chicago and who himself was cured by its use. So quick and effective is its action that a single dose is usually enough to bring pronounced relief in the most stubborn cases, and many people who have tried it declare they never heard of anything to produce such remarkable results in so short a time. It is known as Mayr's Wonderful Stomach Remedy and can now be had at almost any drug store. It is now sold here by L. R. Phillips & Co. (Advt.)

THAT NEW FLORIDA ORANGE

Promises to Revolutionize the Orange Business of United States

Several of the state papers are just now taking up the new Florida Orange called the Gim Gong or Louis Gim Gong and named for the originator, a prominent Chinese orange grower who has resided on his grove near DeLand for many years.

W. C. Temple of Winter Park, former president of the Citrus Exchange and one of the prime movers in the organization of that great body of men who have accomplished so much for the industry of Florida, was in the city last week and in conversation with a Herald representative relative to the outlook for the orange crop in Florida was questioned regarding his recent change in his immense groves. He gave out the information that he was cutting back his trees and budding them to the Louis Gim Gong trees and that hereafter the most of his trees would be of that kind and he would depend upon late oranges and grapefruit. Being the recognized authority on the orange crop of the state and a man who has made good not only in Florida but in the busy marts of trade in Pittsburgh where he successfully wrestled with the big ones Mr. Temple's plans can safely be followed by others and it is safe to assert that the late oranges and grape fruit will eventually solve the question of the citrus industry in Florida.

The orange business bids fair to be revolutionized through the work of Louis Gim Gong and his late orange. In 1886 he pollinated Hart's late orange with the pollen from a Mediterranean sweet orange. The result of this experiment was a tree bearing its fruit very late in the season. In June this fruit is a trifle acid though it can be shipped. It is best, however, in September and October, when there is but one other variety on the market.

Like the vegetable grower, the orange man in Florida must diversify and prevent a glut in shipping all the fruit at one and the same time.

Where Is the Father Who Is Not Interested In the Morals of His Child?

PARENTS, set your children a good example by GOING TO CHURCH SUNDAY. The man of the home who bravely declares that the churches are for women folk as he lies in bed or arranges to spend the day in some ungodly way not only injures himself, but his idle, boastful words are heard by the little boy or girl at home. Children are impressionable, and they quickly accept the father's viewpoint.

WHERE IS THE FATHER WHO IS NOT INTERESTED IN THE MORALS OF HIS CHILD? AND WHERE WILL THE CHILD BE TAUGHT LESSONS OF RIGHTEOUSNESS IF NOT IN THE HOUSE OF GOD? THE EXAMPLE OF A FATHER WHO IS A REGULAR ATTENDANT AT CHURCH IS MORE POWERFUL THAN ANY SERMON THAT CAN BE PREACHED. IF YOU THINK YOU ARE TOO FAR ADVANCED IN THOUGHT, IF YOU ARE SURE THAT THE CLERGYMAN'S SERMONS ARE DRY, IF YOU MUST FOREGO AN HOUR OF YOUR SLUMBER SUNDAY, MAKE A SACRIFICE FOR YOUR LITTLE BOY OR YOUR LITTLE GIRL'S SAKE.

Recall the days when you were a child and how you watched your dear parents trudge off to church on the Sabbath. Of course the world was not as advanced then as it is today. But many of the so called advances really are recessions. In many places, thanks to this advanced thought, the name of God doesn't obtain the reverence it did when you were a child. There is no denying that "going to church" has deteriorated in many of the so called enlightened communities.

This enlightenment is only darkness. Where is the scientist or leader in advanced thought to compare with God? Churches are the houses of God. There you will hear the word of God. They should be filled to overflowing.

Help swell the attendance by GOING TO CHURCH Sunday. GO TO CHURCH next Sunday!

Advertisement for Gardui The Woman's Tonic. Text: "You Need a Tonic. There are times in every woman's life when she needs a tonic to help her over the hard places. When that time comes to you, you know what tonic to take—Cardui, the woman's tonic. Cardui is composed of purely vegetable ingredients, which act gently, yet surely, on the weakened womanly organs, and helps build them back to strength and health. It has benefited thousands and thousands of weak, ailing women in its past half century of wonderful success, and it will do the same for you. You can't make a mistake in taking GARDUI The Woman's Tonic. Miss Amelia Wilson, R. F. D. No. 4, Alma, Ark., says: 'I think Cardui is the greatest medicine on earth for women. Before I began to take Cardui, I was so weak and nervous, and had such awful dizzy spells and a poor appetite. Now I feel as well and as strong as I ever did, and can eat most anything.' Begin taking Cardui today. Sold by all dealers. Has Helped Thousands."

TRICE'S TRUMPETEER

Published under this heading by M. P. A. Bureau, Jacksonville.

From a hut of qualor and poverty to the Presidency of the United States was the remarkable feat accomplished by honest old Abe Lincoln...

This is what Joe Sears of Kingsman has done, and in doing so he has had to combat and overcome every condition of the times.

parison. Joe Sears' entry into the congressional race was a joke. I make this assertion upon the positive prediction statements of three of the sure thing winners who opposed him.

Combating all these adverse circumstances, without the influence of wealth, Joe Sears' rise from janitor to congressman is one of the most phenomenal successes of the age...

What kind of reform have we a right to expect when teachers feed the growing mind upon intellectual carrage? One less of wholesome success seems to me to be worth more than an example of leading youth than a canting rehash of the failures of all the human demerits in Christendom.

THE EVERLASTING FORD

The Car That Has Stead The Test Of Time And Service

Detroit, Mich., Aug. 26.—Perhaps there is nothing in connection with the modern automobile that is given as much consideration as that of endurance, says R. H. Kain, Automobile Editor of the Philadelphia Record.

"No harder test of the endurance of a motor car can be found than its use in the delivery service of a city department store. The work in such cases consists of trips six days in the week and in the busy season the days are stretched far into the night—at times even lasting the entire 24 hours.

"The fact that the Ford chassis was built entirely of Vanadium steel, the strongest metal known in the world, induce lots of people to use the Model T Ford cars for delivery purposes.

Williams' Indian Pile Ointment will cure Blind Bleeding and Itching Piles. It absorbs the tumors, allays itching at once, acts as a poultice, gives instant relief.

What Wholesale Fruit Dealers Say of The Florida Citrus Exchange

Wholesale fruit dealers increasingly have shown their appreciation of the superior pack of Florida oranges, introduced and maintained by the Florida Citrus Exchange.

The Florida Citrus Exchange advertising has greatly helped our sales of Florida fruits, having many inquiries directly resulting from this.

Our inquiries for Florida Citrus Exchange fruits last season were enormous. I like the plan of advertising, as it enables us to make quick sales, thus saving our loss on decayed fruit.

The advertising of the Florida Citrus Exchange has greatly increased the demand for the fruit handled by the Exchange. We know this from positive direct results.

Scores of similar letters have been received. Hundreds of dealers interviewed expressed themselves in the same way. All growers of Florida oranges and grapefruit are benefited by the advertising of the Exchange, of course, but those who are members get the most good from it.

It has been our best season by far in the amount of sales of Florida citrus fruits. Our sales have been without doubt stimulated by the advertising campaign carried on by the Florida Citrus Exchange.

Each of these physicians' feet was heavy enough to stagger most men; but their judgment is worth all it cost, particularly if it will be the means of leading more people to refuse to run dangerous risk by taking calomel and other violent remedies.

A \$20,000,009 FIRE

Salem, Mass., June 26. Special
This city of 43,000 population is doomed to almost complete destruction by fire. It is the greatest fire in the history of New England bringing in its wake a terrifying tale of suffering and loss.

At midnight tonight a great fire fighting force of a thousand men drawn from all cities and towns within a radius of 23 miles is helpless. The water supply has given out. Dynamite has taken the place of water in the mad fight to check the flames but this is ineffective. The center of the city is doomed. Fifteen thousand people are homeless. The property loss will reach ten million and may double that. Many lives were lost, scores being driven insane by the excessive heat and excitement.

Pine Apples Higher

Receipts from Cuba and Porto Rico are falling off. Prices have advanced. Market firm.

The demand for pines is very brisk and the market is in splendid shape. Receipts from Cuba and Porto Rico are falling off. Arrivals yesterday were 9500 crates from Cuba and 4500 from Porto Rico. There are about 12500 crates due tomorrow on the Cuban trip.

Prices have improved very much since last week: 18s are selling at 2.50 to 2.65. 24s bring the same figures. 30s, 2.40 to 2.50. 36s, 2.10 to 2.15. 42s, 1.45 to 1.50. There will be a big demand for 4th of July trade.

Plenty of Water for Young Chicks

Watch the drinking water. When the hot weather comes sees that the young birds have plenty of fresh water before them at all times. Keep it in a shady place and protect the fountain so that the chicks cannot get into it and foul the water. Don't put water in a soiled vessel, as seventy-five per cent of chick sickness comes from unclean drinking water. You will find that vessels that are not regularly cleaned will have a white scum on the sides and bottoms. If this is not removed you may expect to find some roup, chicks or diarrhoea or other disease.

If the chicks are worth raising at all, they are worth the time and trouble that absolute cleanliness requires. Hot weather and uncleanness go hand in hand and work havoc in a flock. See that the sleeping quarters are clean. If these are offensive to the smell they are not clean enough to keep the chicks in normal health. Give the little fellows a fair chance and they will repay you for your time and trouble.

If chicks are confined give them plenty of grit, ground oyster shells and ground charcoal; they will take just what they need. You will find them all the better for these little attentions. Hot weather makes the average person sluggish and he is apt to forget the little, but important details. One must remember that disease flourishes in hot weather and that prevention is easier and the worry and work to cure.

Right Spirit

Fond Mother—"Well, Tommy, what are you going to do for me when you grow up?" Tommy—"If I can find it I'm going to send you to some high-toned establishment where you will get a fine education."

NEW "GARDEN OF EDEN"

Recent Discoveries Seem to Prove That Lower California Was the Site of First Paradise.

The skeleton of a pygmy at least two hundred thousand years old, just unearthed near Los Angeles, is expected to send long-established theories of anthropological science crashing into the ash heap with other exploded beliefs, and probably prove that the Garden of Eden was in Lower California. Scientists who have examined the find of Frank S. Daggett, head of the California museum's research department at Exposition park in Los Angeles, see in the bones a cold fact that shatters the heretofore generally accepted "uncontrollable" dogmas of scientists who have tinkered with the earth's crust in an attempt to solve the riddle of the universe.

Professor Daggett has been directing a force of workmen in the La Brea asphalt beds in their labor of digging for extinct animal specimens. The dwarf's skeleton, which is only three feet two inches long, was discovered in an admirable state of perfection within one hundred yards of the fashionable Wilshire boulevard.

That a race existed of which modern man knows nothing and which yeoman the American continents ages before the earliest date assigned to the most ancient remains dug up by scientists, is the belief of Professor Daggett and his associates after a close study of the pygmy bones and a comparison of those with other famous collections.

"I am confident," said Professor Daggett, "that long before man appeared in the countries of the old world a diminutive race thronged the section now occupied by Los Angeles and its environs. There, I believe, was the home of the human race, the Garden of Eden, I might say."

The moment we uncovered the skeleton I was beside myself with joy, because in those bones I saw proof of my theory that the American continent was peopled prior to the time of Adam and the creation as referred to in the Bible. The bones will also shatter the theory that the first people to inhabit this continent came from Asia."

Professor Daggett is jealously guarding his remarkable find, believing himself a steward acting in the interests of the whole world of science, so important does he regard his discovery. Very few of his associates know the secret of the skeleton's hiding place, the professor believing it best to keep it hidden until the state can make proper provision for guarding it while on public exhibition.

Dickens Souvenir

Manager Ben Harmon of the Neil house, Columbus, O., has in his possession an old silver salver in use at the time the English novelist, Charles Dickens, stopped at the Neil house. Tradition has it that the tray was used by employes of the hostelry in serving Dickens.

The salver was recently presented to Mr. Harmon by a Columbus lady, whose great-grandfather secured it immediately after the famous Englishman left the hotel. Time and long use had worn the silver edges of the tray to such a degree that it was necessary to apply a generous coat of solder to keep the whole intact.

The inscription of the name "Neil House" can still be seen in the bottom of the salver, although worn very faint by its long use. It is one of Mr. Harmon's prized possessions, and occupies a place of honor on his private desk.

Laughter Aids Digestion

Laughter is a most healthful exertion; it is one of the greatest helps to digestion with which I am acquainted; and the custom prevalent among our forefathers, of exciting it at table by jesters and buffoons, was founded on true medical principles.—Hufeland.

At the Top and Bottom

Of all the people in Europe the French have the fewest children and the Irish the most.

TRIFLING MATTER CAUSE OF KILLING IN SEMINOLE COUNTY

D. W. CURRY SHOTS B. F. BRYAN AT TURPENTINE CAMP SATURDAY

DISPUTE OVER HORSE CAUSE OF KILLING

CORONER'S JURY BRINGS IN VERDICT OF MANSLAUGHTER AND CURRY RELEASED ON BAIL

D. W. Currie, who owns and operates a turpentine still about four miles from Chuluota shot and killed Will Bryan last Saturday afternoon.

The trouble started over the question of whether Bryan should use one of the horses to go calling that night. He had been with Currie several years and stayed at his home and while speaking to a little daughter of Currie's about taking the horse became enraged because she wanted the horse and used some vile language and when cautioned by Mrs. Currie swore at her and cursed the entire family.

Currie immediately gave himself up and was lodged in jail here Sunday and taken out to the scene of the crime with Sheriff Hand and County Attorney DeCottes yesterday morning.

The inquest was held by Justice of the Peace Aulin of Oviedo and after all the evidence had been submitted the coroner's jury rendered the verdict of manslaughter and Currie has been placed under bond in the sum of \$15,000. The case will be tried at the next term of circuit court.

There are several versions of the affair and those who saw the remains state that the two bullet wounds look as if the shots had been fired from behind, the bullets coming out near the nose.

In the preliminary Currie was prosecuted by Attorneys George A. DeCottes of Sanford and John C. Jones of Orlando, while the defense represented by Attorneys Carl B. Robinson and LeRoy Giles of Orlando, and by one of Currie's lawyer friends who had been wired for in Georgia, to assist in the case.

Mr. Bryan was a widower, 41 years old, and came from South Carolina, and is survived by two children and one brother, R. C. Bryan, driver for the Gordon bakery, Orlando, and his married sister, who resides in Tampa, and J. H. Bryan of Kissimmee.

Bryan had been the foreman of the Currie turpentine place and had been in the employ of Currie for many years and just why the men should have the trifling trouble that resulted in the death of Bryan will probably never be known, unless it is brought out in the trial before the circuit court.

There are many conflicting reports about the case but none that will bear investigating and The Herald will pursue its usual policy of giving the facts in the case and reserving the judgment to the courts.

Both parties are well known in the county, and in the state and it is to be regretted that the killing took place without any apparent motive for the taking of human life.

D. W. Currie came to Florida from Georgia many years ago and has long been a resident of Orlando and Orange county, being prominent in Florida and Georgia among the turpentine and lumber men. Recently he started the camp at Curryville near Chuluota and was a frequent visitor to this city.

Beginning this week all the barber shops will close at night at 7 o'clock with the exception of Saturday nights. Those who would be shaved must get in under the wire or they will be flagged with the whippers on for the barbers are anxious to get home to supper and take a spin in their new automobiles. This ruling is good, there being no reason in the world why the barbers should be compelled to stay in the shops late every night.

Georgia Crackers in Florida Through the courtesy of H. H. Wilcox, who is in the real estate and insurance business with A. P. Connelly, we were shown a copy of the Hartwell Sun, his home paper. The paper is a neatly gotten up weekly and shows the earmarks of up-to-dateness.

From the reading matter in the paper we are led to believe that it is very hot and dry up in old Georgia and while the people of that section are sizzling and sweltering with the heat, we who live in this gopher section are revelling in fresh breezes, refreshing showers and cool nights.

Why not come on down here, all you good North Georgia people? "Where the weak grow strong and the strong grow great"—where sleepless nights are not known—where mocking birds sing day and night and the air is laden with the sweet perfume of tropical flowers.

AT THE IMPERIAL TONIGHT

The Smuggler Promotes Rare Treat by the Boys and Girls. The seats for "The Smuggler" may be reserved today at the Seminole Pharmacy.

The Herald bespeaks for the Junior Civic League a liberal patronage for this opera. The children have given days of faithful work in this hot weather to the preparation for it, and Miss Aspinal has drilled them in their parts. The proceeds to the last dollar will be kept here at home, and the children themselves will vote the money to the civic use that appeals most strongly to them.

AUTO BUS HELD UP SATURDAY NEAR ORLANDO

An auto bus running between Orlando and Oakland was stopped by three armed men Saturday afternoon four miles out of Orlando and one of the party jumped on to the front step emptying a pistol promiscuously among the ten passengers. The assailant was H. F. Hopson, a mill-walker living in Clermont, who claimed that Webb Sylvester, one of the passengers, had stolen his wife and secreted her in Winter Garden. One shot buried itself in the roof of the bus and the balance found refuge in the anatomies of various passengers. The most seriously wounded is L. C. Kuns, a travelling man in the employ of a Columbus, Ga., bank supply house, who had bullet wounds in right arms and both hips. Webb Sylvester was shot in right hip and his brother had his left elbow shattered. All will recover, but Kuns may lose a limb.

There were two women in the bus but both escaped uninjured. As soon as the firing ceased the men in the bus jumped out and captured the gun man, after a severe struggle, in which all three were badly cut and bruised with revolver butts, bricks and a small pocket knife.

H. D. Everett, one of the passengers, an insurance agent living here, cut a deep gash in the neck of J. B. Tyner, claiming Haines City as his home. A friend and accomplice of Hopson, the third assailant, refused to give his name, but it is thought he also lives in Clermont and may be a brother of Hopson. He is severely cut about the stomach from blows from the butt of a gun.

A passing auto hurried Kuns to a local hospital. The machine used by Hopson brought in the three trouble makers and the bus soon followed with its passengers.

Hopson and his pals made no effort to flee and were lodged in the county jail after having their wounds dressed.

They refused to make any statement to newspaper representatives. No details are obtainable in reference to the domestic troubles that seem to have been the cause of the attack, beyond the statement of Hopson, so he began firing, that Sylvester was the man he wanted to get.

He and his pals went to Winter Garden on the bus Saturday afternoon and learning that Sylvester was to come to Orlando on the return trip, hired an auto to chase the bus. After passing the bus he forced the driver of his machine, at pistol point, to stop the car and halted the bus driver in the same manner.

ENTERPRISE CAMP THE SCENE OF PLAY AND FINE LECTURES

THE CAMP FIRE GIRLS ARE HAVING THE TIME OF THEIR LIVES

SEVENTY-FIVE ARE ENROLLED IN COMPANY

A VARIED PROGRAM KEEPS THE GIRLS ON THE QUI VIVE AND THEY ENJOY IT

The stay of the Camp Fire Girls at Enterprise is being made very pleasant and under the direction of Rev. and Mrs. Allen the hotel is serving meals and making the girls as comfortable as possible. The fine lake and shade trees and springs and drives are appealing especially to the girls from the larger cities who are there for a two weeks' outing and vacation and there is no better spot in the south to be chosen for such an outing.

Up to date there are seventy-five girls at Enterprise and they come from every part of the state. The varied program each day gives them ample time to play and work and in both the girls are taking a great interest. The very fine lectures and talks given them by ministers and ladies of the conference are greatly enjoyed and the girls will go home at the end of the two weeks both refreshed in minds and bodies.

Last Sunday night Miss Emma Tucker gave a most interesting talk on "Patience" and brought out many points in the daily lives of children and grown people that were most interesting.

The lecture last night by Rev. George Hyman of this city brought out a large crowd of visitors and many went from Sanford to enjoy the trip by boat and to hear the lecture. Rev. Hyman is a most forceful speaker and his lecture was a great treat to the girls and many visitors.

The following program will be carried out this week:

Wednesday, July First

Rising bell at 6:30, Breakfast, Room Inspection, Bible Class, Mission Study Class, Technical Council, Campfire, Girls, Editorial Staff, Camp Range, Dinner at 12, Quiet Hour, Trips to Swimming Pool, Fishing Trip, Supper, Camp Fire Council.

Thursday July Second

Rising Bell at 6:30, Breakfast, Room Inspection, Bible Class, Mission Study Class, Technical Council, College Girls, Missionary Institute, Dinner at 12, Quiet Hour, Trips to Swimming Pool, Stone Island and DeLand, Supper at 8, Entertainment Enterprise Orphanage, Vespers on Dock.

Friday July Third

Rising Bell at 6:30, Breakfast, Room Inspection, Bible Class, Mission Study Class, Dinner at 12, Quiet Hour, Trip to Lemon Bluff and Picnic Supper, Vespers.

The interest manifested by the girls is so intense that these assemblies will be maintained each year and already they are making preparations for a larger crowd from Florida and other states to summer at Enterprise next summer. If possible the directors may bring another party of girls down later in the season before the hotel opens for the winter season.

Odd Fellows Memorial

The Sanford Odd Fellows held their annual memorial service last Sunday night in the Presbyterian church, the sermon being preached by Dr. Brownlee. There were many present to hear the lecture and many of the Odd Fellows of the Sanford and other lodges attended. Dr. Brownlee took the subject of charity as his theme and the good that lodges can accomplish.

The Odd Fellows of Sanford are doing a great work in helping the afflicted and burying their dead and their ministrations, though quietly done are none the less effective. The lodge is growing steadily and new members are added all the time but in the early fall an active campaign will be waged for new members and the lodge that means so much to young and old will be materially strengthened.

FLORIDA EXHIBIT AT SAN FRANCISCO WILL BE A SUCCESS

IT HAS BEEN MADE POSSIBLE BY PROMISES OF ASSISTANCE

PROMINENT FLORIDIANS TO TAKE ACTIVE PART

IN RAISING MONEY FOR FLORIDA SHOW AT THE PANAMA EXPOSITION

Necessary money having been subscribed and a ready response having been met with from prominent citizens all over the state, Florida is to have a creditable official building at the Panama-Pacific exposition at San Francisco and architects of the state are invited to submit plans. Money for the preliminary steps has already been secured and more will be forthcoming when needed.

This in brief is the report of an all day meeting at the Hotel Seminole at Jacksonville last Friday of the Florida commissioners for the Panama Pacific International Exposition, which is composed of the following men, who were present: Gen. J. Clifford R. Foster of St. Augustine, chairman; J. P. Felt, of Eustis; J. W. Sample, of Haines City; W. N. Conoley, secretary Jacksonville Board of Trade; A. V. French, of Sanford; C. A. Carpenter, of Jacksonville and H. C. Schrader, secretary, of Jacksonville. Three other members of the commission were not present, as follows: T. M. Wier, John Frobock and State Senator W. H. Malone of Key West.

The meeting was called to order and presided over by Gen. Foster and with the commission was W. W. O'Hara, commissioner general for the southern states.

Mr. O'Hara outlined the plan whereby other states are making arrangements to be represented at the exposition and told of the needs for this state to be exploited from every commercial and industrial standpoint.

The commission spent almost the entire day in studying and devising plans and means for carrying them out, whereby Florida shall be placed on the same basis as the other states in the exposition and such a plan was finally mapped out and pronounced to be not only feasible but entirely practical.

Having before them tentative agreements from the most representative and the largest producers and shippers of the state to support the enterprise, the commission felt no hesitancy in going into detail with their plans and practically winding up this part of the work.

Intending that the Florida exhibit shall be typically and entirely Floridian, the commission by resolution decided to invite at once tentative plans and drawings or a building to cost \$30,000 to \$40,000 from Florida architects, and this invitation will be sent out at once. Architects from all over the state will be asked to confer with the secretary of the commission, H. C. Schrader, at 1305 Heard National Bank Building, this city, who will furnish them with details and specifications and other necessary information for their guidance in making plans for a Florida state building to be erected on the exposition grounds in San Francisco in time for the opening of the exposition next February.

The commission also confirmed the committee appointments of delegates from the commission to visit San Francisco and view a site for the Florida building and passed a resolution urging Gov. Park Trammell to head the committee and go with it to San Francisco. The selection of the site by the Florida commissioner representatives will be made an occasion of ceremony by the San Francisco officials.

Union Services of Churches

Beginning next Sunday night the Sanford churches will hold union services at the Star Theater. Rev. Strong of the Congregational church will preach next Sunday night. All the churches however will not have these union services. Only the Presbyterian, Methodist, Congregational and Episcopalian joining in the movement.

Fourth Cong. Committee Chairman Bert Fish, of the new Fourth Congressional district committee has issued a call for the committee to meet in Jacksonville Thursday morning, July 2, at 11:30 o'clock at the Hotel Aaragon.

He states that the purpose of the meeting is to organize and elect officers as required by law and to transact such other business as may come before the body for consideration.

Under the new primary laws of the state, the party committees are practically shorn of any real work, and have not even the canvassing of returns and declaring certain candidates to be the nominees of the party, thus certifying them for the general election.

Chairman Fish urges a full attendance of the members.

W. E. Watson of this city is the member from Seminole county.

Lost Barn by Fire

W. Y. Dunn who resides in the Lake Mary section had the misfortune to lose his barn last Friday morning. He was in Sanford at the time and his small boy in playing in the barn must have dropped a match in some loose hay catching the entire structure. Another barn close by was threatened but was extinguished by the heroic efforts of Mrs. Dunn and the children. Aside from ten sacks of potatoes and a quantity of hay lost in the barn a fine young nursery close by was so badly scorched by the flames that the trees are ruined and will have to be replanted.

Mr. Dunn has the sympathy of his many friends in his loss.

SOUTH FLORIDA PRESS ASSOCIATION ORGANIZED

Lakeland, Fla., June 29.—(Special)—Permanent organization of the South Florida Press Association was perfected here Friday, representatives of about twenty newspapers being present. Joseph H. Humphries of the Bradenton Journal was elected president; W. B. Harris of the Kissimmee Valley Gazette, vice-president; M. F. Hetherington of the Lakeland Weekly News and Evening Telegram, secretary; Mrs. O. C. S. Wilson of the Sarasota Times, treasurer.

A constitution and by-laws were adopted and it is expected that all the newspapers of peninsular Florida, except those of the extreme east coast will join the organization. Plans for raising the subscription price of weeklies to \$1.50 per year, and the establishment and maintenance of equitable advertising rates were discussed. Semi-annual meetings will be held, the first of which will be at Arcadia on July 10th.

Gordon Brown

Gordon, the fifteen years old son of Mrs. George H. Brown died at the family residence Monday morning at 6 o'clock. Gordon had been an invalid from babyhood and a great sufferer, having sustained a fall from his nurse's arms when but nine months old that resulted in curvature of the spine. The little fellow was timid and sensitive, rarely ever being seen by strangers. The funeral service was held at the home at 1:30 p.m. Monday and immediately after the body was taken to Oviedo for burial. Gordon is survived by his mother, two sisters, Misses Julia and Evelyn and three brothers, George, Myron and Charles Brown. Many beautiful floral offerings testified to the warm sympathy of their friends.

Weekly Weather Report

Washington, June 18.—"Except for showers tomorrow in New England, and the Middle Atlantic states, fair and warm weather is forecast for the first half of the coming week over most of the country."

"Over the middle and southern districts, west of the Rocky mountains, the central plains states, the southwest, the gulf states and the Ohio valley generally, fair weather will prevail during the week with continued high temperatures to the southward and with rising temperatures over the central districts by the middle of the week," said the weather bureau's bulletin tonight.

"In the South Atlantic states high temperatures will continue with occasional relief through local thunder storms."

HEIR TO AUSTRIAN THRONE AND HIS WIFE ASSASSINATED

WERE SHOT TO DEATH BY A YOUNG SERBIAN STUDENT

MARTIAL LAW DECLARED AT SARAJEVO

ATTEMPT WAS MADE TO TAKE THE LIFE OF THE ARCH DUKE EARLIER IN THE DAY

Vienna, Austria, June 30.—The assassination at Sarajevo yesterday of the Archduke Francis Ferdinand, heir apparent, is certain to have an important effect on the empire's policy.

The Archduke and his morganatic wife, the Duchess of Hohenberg, were shot by Gavrio Principi, a young Serbian student, while they passed through the streets in an automobile. Both died immediately.

Principi was arrested, but is satirical and unrepentant.

Emperor Francis Joseph's reign will soon end. It is impossible to forecast the political result of yesterday's tragedy.

Early in the day another man threw a bomb at the Archduke but he saw it and warded it off with his arm. The bomb exploded, injuring many.

Martial Law Proclaimed

Sarajevo, Austria, June 29.—Martial law was proclaimed here this morning as the result of the assassination of Archduke Francis Ferdinand and his wife.

B. & O. GARAGE CHANGE

W. P. Carter Purchases the Business From J. R. Holland

The B. & O. Garage has changed hands this week, W. P. Carter buying the same from J. R. Holland. The only reason Mr. Holland was willing to part with the garage was the fact that he has been made the state agent for the famous Overland cars and it became necessary for him to locate in Jacksonville, hence the sale of the B. & O. Mr. Holland has made many friends while here and built up a fine business not only in the garage but in the sale of Overland cars and it was this activity that brought him into prominent notice of the Willys-Overland Co., and they made him the offer of the state agency. This is a rapid rise for Mr. Holland and he could not afford to turn down the offer although he wanted to remain in Sanford. Fred Fields, the efficient office manager of the B. & O. will accompany Mr. Holland to Jacksonville and be in charge of the business office at headquarters. The people here hate to lose Mr. Holland and Mr. and Mrs. Filbin but rejoice in their advancement.

W. P. Carter, the new proprietor of the B. & O. needs no introduction to the people of Seminole county, having long been a resident of this city and engaged in the lumber business. He will continue his lumber business, having made a success of it and will keep the B. & O. up to the high standard maintained by that institution.

SEMINOLE SYSTEM BETTER

Deputy Sheriff Tells of How the Mail of Justice Grind

Deputy Sheriff D. H. Hooker, of Seminole county was in Orlando Monday and paid the Reporter-Star an appreciated call. Deputy Hooker is an alert officer, and is of the opinion that the justice court method of procedure is better in many instances than the criminal court method.

He told of several instances where arrests were made, the defendants tried and delivery made to the convict camps with in a few hours, the saving of time and costs to the county being much without the ends of justice suffering in the least.

Mr. Hooker says that all is going well in Seminole and a prosperous season is being anticipated.—Reporter-Star.

L. A. Brumley left Monday for a stay of a month in North Carolina. Mr. Brumley and the boys drove through the country while Mrs. Brumley went on the train.
