## THE LISTENING POST

### THE CHURCH FOR ALL

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

We don't consider it eavesdropping to "hear" our children's prayers. Nor is it too much trouble. In fact, it is part of our responsibility to God.  
 For Mollie and Ted are His children, too. Parents are partners with—not substitutes for—our Heavenly Father.  
 It is this sense of partnership that has brought faith and the Church into the life of our family. We are not foolishly depending on our mere adulthood to inspire character in them. We do not command that they do what we say, not what we do. And we never sit at home while they are in the Church, as though the truth they have gone to seek weren't worth a grownup's effort.  
 We figure God wants us at the listening post, to monitor their spiritual searchings, to share with them the blessings He has given us all.

# St. Johns Traffic Potential Phenomenal

By Paul Brookshire  
(Second of Three)

Potential commercial traffic at the Port of Sanford may include a variety of commodities from citrus to cement.

The principal export cargo, according to the engineering study made for the Seminole County Chamber of Commerce by Lockwood Greene

Engineers, Inc. would be canned non-perishable citrus products.

In a one-year period 1962-63, a total of 195,382 tons of this commodity moved to cities located on the Atlantic Intracoastal Waterway.

In addition, about 60,000 tons of citrus pulp probably will be shipped to the New England area within the next

two or three years. This is another potential commodity for barge transportation.

Sugars, fertilizers and phosphates are other possible export cargos to be handled at the Port of Sanford.

One firm, which wishes to remain confidential, indicates that it would be interested in shipping 25,000 to 100,000 tons a year of dry bulk com-

modity by barge to Sanford.

The Orlando newspapers use approximately 20,000 tons of newsprint per year and this probably could pass through the port.

A new newsprint mill is being constructed at Augusta, Ga., a city which already has a barge terminal on the Savannah River.

Newspapers in this area

may receive their newsprint from this mill in the future.

Merry Brothers Shipping Company estimates that it would ship 3,000 to 5,000 tons of brick per year into Sanford. They also have their own terminal facility on the Savannah River at Augusta.

Another industry in the tributary area using paper, and again whose identity must re-

main confidential, uses paper in the amount of about 6,000 tons per year.

Columbia Nitrogen of Augusta probably will ship 2,000 to 5,000 tons per year of liquid bulk to the Sanford area by barge.

If these cargos could be come captive to barge transportation using the Port of Sanford, they alone should justify a one berth barge

terminal facility, the engineering study finds.

Considering all three waterways — the St. Johns River, the Cross-Florida Barge Canal and the St. Johns-Indian River Canal — it is estimated that the Port of Sanford would handle between 500,000 to 550,000 tons of import and export cargo per year.

However, it is believed that it will take a period of

about five years to develop the potential traffic.

"The Port must be sold and the advantages of using water transportation must be pointed out to manufacturers and receivers of goods," the engineers believe.

The engineering firm found that barge traffic on inland waterways has been increasing steadily over the years.

WEATHER: Partly cloudy thru Tuesday, high 75-80; low tonight 55-62.

VOL. 57 United Press Lensed Wire Established 1908 MONDAY, MARCH 15, 1965 SANFORD, FLORIDA NO. 146

Gerald L. Hensley, of 711 South Park, is credited with giving the police a big assist in helping catch a hit-and-run driver last week. Hensley chased the fleeing motorist on Highway 17-92, stopped him and held him for police.

Miss Joan Wilke, of the Seminole County clerk's office, is credited with working out a recording procedure which will result in substantial savings to the office. The monthly savings on utilities will approximately pay for rental of the copying machine. The saving is expected to be more than \$4,000 annually.

Members of Postmaster Cecile Heard: Why don't you put on substitute carriers to help your over-burdened substitute carriers? Saw one the other afternoon still delivering mail at 5:10 p.m.

Kiplinger Florida Letter, a well known news letter circulated privately to businessmen and published in Washington, D. C., is quoted as planning a marina on Lake Monroe, project to cover 14 acres. Facilities will include a boatel, probably to be run on concession basis.

Have you noticed how the movie magazines have captured Jackie Kennedy? Some of the current issues contain the following stories: "The Untold Story About the Kennedys and Burtons"; "The Man Who Waits for Jackie"; "The Night Jackie Had To Say No to LBJ"; "One Woman Jackie Can Never Forget"; "Jackie Pleads: If You Love Me, Please Leave Me Alone." All this and Jackie isn't even in the movies and never has been!

Cleveland Amory, rated as a foremost social historian, will speak at the banquet session of the Florida Federation of Humane Societies spring convention March 20 at the Daytona Plaza, Daytona Beach.

Channel 24, Central Florida's educational television station, came on the air at 8:20 a.m. today and all Seminole County schools were ready for it, with TV sets in every room in secondary schools.

Members of the Seminole-Delany Division are scheduled to meet tonight at 8 p.m. at Rose and Wilk's Restaurant. At that time reports on the Heart Fund drive are expected to be about 75 per cent complete. Indications so far are "encouraging," says President Luis Perez, M.D.

Coming up in April is the Seminole County Chamber of Commerce big boat-cade. Watch for more news on this.

**Driver Injured**  
A Sanford man escaped injury Sunday when his late model automobile collided with a tree at 20th Street and Elm Avenue.

Police said Sam F. Walts, 46, of 706 Laurel Avenue, apparently lost control of his car and it rammed into a big tree. Damage to the car was estimated at \$1,000.

### Profile Probe Reveals 6-7 Feet Of Muck

A "profile probe" of a designated area of the bottom of Lake Monroe has revealed "six to seven feet of muck over the entire area."

This was the finding as reported to City Manager W. E. Knowles by Hart Lytel, engineer with the Maurice H. Connell engineering firm, who conducted the probe with the assistance of City Engineer Al Shaw and city work crews.

Knowles said that Lytel's findings were to be transmitted to Connell, with a report from the engineering firm expected to be received here Tuesday or Wednesday.

"In view of Lytel's findings in the probe area, I have asked him to submit his recommendations for a borrow area in the lake where suitable fill materials may be found," Knowles said.

The probe area extended approximately 1,400 feet out into the lake from the seawall bulkhead and east and west from the old bandshell to Fort Millon Park. It covered the proposed 15 acre site where the marina land-fill would be constructed.

Knowles said that Lytel would return this week to conduct further field investigations into the location of a suitable borrow area.

### Cold Air Pours Into Midwest

United Press International  
Another batch of cold air poured into the Midwest today during the last week of winter.

A tornado damaged trailers at Boynton Beach Sunday.

Except for the West and Gulf coastal states, subnormal temperatures prevailed throughout the nation.

It was six at Limestone, Maine, and 26 at Louisville, Ky., the same reading as at Anchorage, Alaska, early today.

The temperature dropped to seven below at Bemidji, Minn., Sunday.

One to two inches of snow fell in Pennsylvania and New York, and one inch dropped on Denver, Colo.

Thunderstorms in the drought-stricken Los Angeles area produced only a few hundredths of an inch of rain.

### Ag Production Increase Urged

CHICAGO (UPI) — Swedish economist Gunnar Myrdal told the National Farmers Union today there is an urgent need for greatly increased agricultural production "to avert world calamity."

Myrdal said the need for food was so urgent that U. S. farm problems might disappear in a short time.

VAH-6 FLEUR-DE-LIS insignia was delivered to Sanford Naval Air Station by Lt. Cdr. Harry Sarajian (right), officer-in-charge of the first Heavy Attack Squadron 6 detachment, and by Lt. A. R. Skelly, squadron operations officer, on their arrival late Saturday night. (Navy Photo)

### Group Moving To Base From Washington

Navy personnel of Heavy Attack Squadron 6, about to convert from the old Skywarrior bombers to the sleek new Vigilante reconnaissance - attack jets, have started arriving at Sanford Naval Air Station.

A group of 25 men, headed by Lt. Cdr. Harry Sarajian, arrived by plane Saturday night and Sunday afternoon from Norfolk, Va. The squadron has just completed an eight-month deployment in the Mediterranean aboard the aircraft carrier USS Forrestal.

The squadron is being transferred from its land base at Whidbey Island Naval Air Station at Oak Harbor, Wash., to Sanford Naval Air Station.

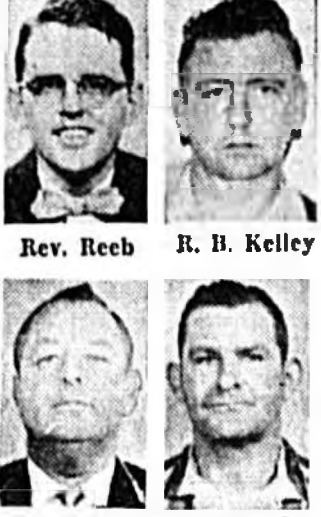

The squadron's main body, led by Cdr. John Underwood Jr., commanding officer, returned to Whidbey Island, where the unit's old A-3B Skywarrior bombers are being turned over to other squadrons. This group is expected to arrive in Sanford about March 20.

The squadron on April 1 will officially become a part of Reconnaissance "Attack Wing One at Sanford where the unit will undergo training in the modern RA-3C Vigilante reconnaissance-attack bomber.

Some 35 men scheduled to join the squadron are currently attending schools at the base. Additional VAH-6 personnel are to report to Sanford prior to April 1. Total unit strength will be about 275 men.

Welcoming ceremonies planned by VAH-6 wives and Sanford Navy personnel were up set when Saturday night's air lift arrived about three hours early. Preparations for the event did not go in vain, however, due to the arrival of the second group Sunday afternoon.

### Selma Wall Removed

Rev. Reeb R. B. Kelley  
Elmer Cook William Haggie

### Smathers Favors 'Full Freedom'

WASHINGTON (UPI) — Florida Sen. George A. Smathers says civil rights marchers in Selma, Ala., "should be given full freedom to travel on any highway they choose."

"In fact, if I were the governor of Alabama, I would assure full police protection so long as they marched in single file and were not hazardous to traffic," Smathers said.

Smathers said that what has happened in Selma has "played into the hands of those who wanted to start an altercation in order to inflame the sensibilities of the nation and thereby incite a demand for passage of additional but unneeded civil rights laws."

"All that is needed is for the attorney general's office to file an indictment against registrars in Alabama who are allegedly preventing Negroes from registering to vote there."

SELMA, Ala. (UPI) — City police today removed a 30-foot long wooden barricade called the "Selma Wall" put up to stop hundreds of white and Negro civil rights demonstrators from marching on the county courthouse.

"Today is voter registration day. If they want to go down and register, they can," said Public Safety Commissioner Wilson Baker.

Baker pointed out Dallas County is under a federal court order to speed up the registration process.

The barricades were removed at 7 a. m. after the demonstrators had maintained another all-night vigil their first took up last Wednesday at a point on Sylvan Street in a Negro housing area.

The demonstration on Sylvan Street began as a prayer vigil and protest in the fatal beating of the Rev. James Reeb, a 38-year-old white Unitarian minister, attacked by whites last Tuesday night.

A Catholic priest in Jacksonville, Fla., Sunday referred to Alabama Gov. George Wallace as "a mountain in the progress of brotherhood" and added that "faith can move mountains."

Father John McShane was one of a group of white and Negro ministers who spoke to a gathering of 700 persons in a church as peaceful demonstrations and marches were held in several Florida cities to protest Alabama officials' handling of the racial trouble in Selma.

More than 2,000 Negroes and whites marched peacefully for about 20 blocks in Miami to express sorrow over the death of Rev. Reeb.

A similar march was held in Fort Lauderdale, where about 425 Negroes and 25 whites paraded through about a mile of town.

In St. Augustine, about 150 Negroes walked without incident for about 16 blocks in the first demonstration of its kind since last August when whites and Negroes exchanged blows in the old slave market.

About 45 whites gathered in front of the U. S. Post Office building in Tallahassee to conduct memorial services.

## LBJ Takes Civil Rights To Nation Tonight

WASHINGTON (UPI) — correct "a deep and very un- President Johnson goes before Congress and the nation tonight to outline the voting rights measure he hopes will correct a deep and very un- extraordinary appearance before a joint session of the House and Senate at 9 p. m. (EST) Major television and radio networks planned live coverage of the event.

Johnson's dramatic decision to take his case to Congress and the nation underscored the gravity with which he views the current civil rights crisis in Alabama.

It is highly unusual for a president to address Congress personally except when delivering his annual State of the Union message or speaking on matters of grave national emergency.

Johnson announced at a news conference that he would ask Congress to wipe out all discriminatory barriers to Negro voting and substitute a single, uniform standard for easy voter registration.

The proposals, hammered out by Army Gen. Nicholas DeB. Katzenbach and Senate leaders of both parties during the past week, would affect immediately 500 counties in the South where Negroes have been denied the right to ballot.

The voting rights measure is expected to contain three principal features:

—A ban on discriminatory county and state literacy tests.

—Appointment of federal registrars to assure that qualified voters are allowed to ballot in local, state and federal elections where local officials refuse to register applicants.

—Stiff new federal criminal penalties against local officials, including police or state troopers, who use force, coercion or discriminatory devices to deny eligible persons the right to register and vote.

An administration spokesman said six states—Alabama, Georgia, Louisiana, Mississippi, South Carolina and Virginia—where an alleged pattern of voter discrimination exists would feel the full impact of the bill.

The bill also would strike directly at strife-torn Selma, Ala., where local and state officials have been accused of denying Negroes the right to register and to vote.

At a White House meeting Sunday, Johnson's key civil rights advisers and congressional leaders held a last-minute review of the President's special message and of plans for accompanying legislation, due to be submitted to the lawmakers Wednesday.

Johnson's news conference Saturday followed an intensive three-hour meeting with Alabama Gov. George C. Wallace. The President said afterward that what happened in Selma March 7 was "an American tragedy."

### Tiger Island Targets Destroyed

SAIGON (UPI) — More than 100 U. S. fighter bombers today blasted a huge Communist ammunition supply area in North Viet Nam only 100 miles from Hanoi, North Viet Nam's capital.

The planes—most of them from U. S. Navy aircraft carriers — flew deep into North Vietnamese territory to hammer the Phu Qui ammunition dump with bombs and rockets.

SAIGON (UPI) — U. S. warplanes rained bombs and rockets on Communist North Viet Nam today in a powerful follow-up to a slashing air attack against a North Vietnamese naval base in the South China Sea.

American officials here announced that today's raid was in retaliation for continuing acts of sabotage and terrorism by Communist forces in South Viet Nam.

It followed by less than 24 hours a U. S.-supported assault by 26 South Vietnamese fighter-bombers on Tiger Island, a major Communist base just north of the 17th parallel.

The targets and number of planes involved in today's mission was not immediately disclosed.

An American military spokesman said there was a new policy against revealing details of "support-type" missions in which the Vietnamese air force plays the major role in the actual bombings while U. S. planes knock out Communist anti-aircraft batteries.

Sunday's raid fell into that category. Nguyen Cao Ky, the flamboyant commander of the South Vietnamese air force, flew the lead plane. Two American Air Force pilots, both colonels, were aboard participating U. S. jets and fighter-bombers.

A government communiqué said targets on Tiger Island— a reconnaissance control center and several supply depots and barracks were destroyed. The communiqué said the island was a major marshaling point for supply ships infiltrating South Viet Nam.

North Viet Nam protested the attack as "a new act of war."

While the raid against North Viet Nam was in progress Sunday, U. S. jet aircraft flew 31 combat sorties against Communist positions inside South Viet Nam. These attacks were directed against guerrillas in Hau Nghia Province just northwest of Saigon and in Tay Ninh Province 50 miles northwest of the capital.

U. S. Marine Corps officials at Da Nang today strengthened safety procedures around the big American air base there following the death of a Marine enlisted man shot by an edgy buddy who mistook him for a Communist infiltrator.

## Most Dangerous Animal Question Hard To Answer

NARO MORU, Kenya (UPI) — Which is the most dangerous animal?

George Adamson, for 25 years a game warden in the northern frontier district of Kenya, Africa, and now technical advisor for a motion picture about lions, puts it this way:

"The man-eating lion when he is hungry, the elephant if he is stampeded, the rhino when he's frightened and the buffalo if he gets good and mad about something."

Adamson is the husband of Joy Adamson, author of "Born Free," the story of a lioness brought up in their East African home. The motion picture version of her book is now being filmed in Kenya.

Adamson's job is advising how to get the best results with the dozen lions and lion cubs on the "Born Free" encampment.

His theory is that lions will become far more responsive and compliant if a close human relationship is maintained. So, after a long day that includes a romp on the plains with his "Born Free" charges, he retires to a tented bed in the private quarters of two lionesses, Mara and Gert, who play leading parts in the movie.

On some nights his sleep is uninterrupted; on others, one of his lioness partners gets the impulse to hop on top of his bed at three or four in the morning.

The only way to establish any relationship with a lion, according to Adamson, is, first, to demonstrate that you aren't afraid and, second, join in the animal's natural frolicking. This means you may expect to get jumped on because that's a lion's natural instinct. The only thing to do then is to stand stock-still and try to discourage the animal from hanging on to your shoulders or arms. Punishment, or any form of forcible coercion are taboo in Adamson's code of "How to Make Friends and Influence Lions."

There is always the chance of an accidental injury, Adamson says, but he has received nothing worse than slight scratches in his months of activity on "Born Free."

But Adamson is the first to admit that a four- or five-hundred pound man-eating lion is one of the most deadly assailants to be met in Africa.

"The man-eater," he says, "is often an injured or deformed lion which cannot forage properly for food and finds its easier to attack human prey. Even then the man-eater doesn't attack just to kill but because he is hungry."

"A 'rogue' bull elephant, with a weight of five tons, can pack enough punch to topple a big truck—and anything in his way at that moment has little chance of escape. Fortunately, the number of elephants running amok is limited."

## Lillie H. Cogburn Dies At Hialeah

Miss Lillie H. Cogburn, 77, died Sunday afternoon in Hialeah after a long illness.

Widow of Charles Henry Cogburn, she was a resident of Sanford for some 35 years prior to moving to Hialeah five years ago. She was a member of the First Methodist Church of Sanford.

Survivors are a son, Charles W. Cogburn, of Coral Gables; a daughter, Mrs. Carolyn Higgins, of Sanford, seven grandchildren and three sisters.

Brisson Funeral Home is in charge of arrangements.

## Funeral Notices

**COGBURN, Mrs. LILLIE H.** — Funeral services for Mrs. Lillie H. Cogburn, 77, who died Sunday, will be held at 10:30 a. m. Wednesday at Brisson Funeral Home with Rev. Robert Jenkins officiating. Burial will be in Evergreen Cemetery. Brisson Funeral Home in charge.

**YOUNGER, FRANK** — Funeral services for Frank Younger, 89, who died Sunday, will be held at 2 p. m. Tuesday at Brisson Funeral Home with John Hendy and James Hesse officiating. Burial will be in Evergreen Cemetery. In lieu of flowers, the family requests that donations be made to the Seminole County United Fund. Brisson Funeral Home in charge of arrangements.

FIRST SHOVELFUL of dirt thrown by Elder H. H. Schmidt at groundbreaking for the new Forest Lake Seventh-day Adventist Church fills the air (and blurs the photo) while other participants in ceremonies wait their turn. In the group are, left to right, Miss Susan Sagert, Medford Lynd and John Alexander.

## Adventists Break Ground For \$200,000 Edifice

Groundbreaking for the proposed \$200,000 Forest Lake Seventh-day Adventist Church was conducted before an audience of many church dignitaries and members at the building site on SH 436 in Forest City.

Ceremonies, in remarks by Pastor J. F. Hamrick, were termed, "announcement of our engagement" to build a new church.

Invocation was given by George Petty, associate pastor, with welcome and recognition of guests made by the master of ceremonies, Dr. Robert Hoover.

Others speaking were Rev. William Edwin of Bear Lake Methodist Church, John Alexander, Seminole County Commission chairman, Allen Forward, president of the Forest City Community Association's L. J. Lelske, president of the Southern Union Conference of SDA, William Fuchs, principal of Forest Lake Academy, and Barry Strohmman, president of Student Association, Forest Lake Academy.

History of the church was given by Medford Lynd, a charter member of the church.

Formal statement of groundbreaking was read by Pastor Hamrick as Alexander, Lynd, Elder H. H. Schmidt, president of the Florida Conference, and Miss Susan Sagert, representing the young peoples division of the church, officiated at the shovels.

Groundbreaking prayer was offered by H. H. Roll, treasurer of the Florida Conference.

David Beane presented building plans for inspection by church members following the ceremonies.

Chairman of arrangements for the groundbreaking was H. C. Lovett, first elder, and chairman of plans was Charles Beeler, publicity secretary of the Florida Conference.

PATTY BAKER, who already has her glass slipper, is being sponsored by the Lake Monroe El Hi Handy Helpers Club as a candidate for "Underelli" at Sunday's Heart Fund Benefit Skating Party scheduled from 6:30 until 8:30 p. m. at Melodee Skating Rink. (Herald Photo)

## Roman-Style Feast Is Slated By Semionle Hi Latin Club

Annual Latin Club banquet will be held in the student lounge at Seminole High School at 7 p. m. tonight in traditional Greek and Roman regalia and costumes.

Charles Scott as "Jason" and Meda Neuman as "Medea" will reign over the banquet and entertainment, which features the theme of "The Quest of the Golden Pileus."

The student lounge will be turned into a Roman banquet hall, with the assembly lounging on quilts and robes on the floor as they dine on the Roman style tables which are about six inches off the floor. The menu will feature the types of food that were popular in the days of Jason, with all food being eaten with the fingers.

## Band Parents Meet

The Band Parents Association of Oviedo will meet at 8 p. m. Tuesday in the school auditorium. A program of entertainment will be presented by the school's dance band and refreshments will be served. Meeting will be conducted by Mrs. James Michael, president.

## REALTORS TO MEET

Possibility of establishing a multiple listing service in Seminole County will be the topic of discussion at a dinner-meeting of Seminole County Board of Realtors at 7 p. m. Monday at Trade Winds Cafeteria in Seminole Plaza.

## Senior Class Presented

The 84-member senior class of Forest Lake Academy was presented at a special program held in the Academy gym. Registrar Mary Elam presented the class and Principal William Fuchs accepted.

LeRoy J. Lelske, president of the Southern Union Conference, Atlanta, Ga., addressed the class and visitors. Encouraging the students to set high goals for themselves, he stated "it is better to have a goal and change it several times than to have no aim at all."

The class chose as its motto, "Attempted and Done," and "Heaven Won" as its aim. Ice blue and silver were chosen as class colors and the rose and carnation as its flowers.

Officers of the senior class are William David McDowell, president; Susanne Angela Zagorsky, vice president; Connie Rhea Arnold, secretary; Dorothy Jean Walker, treasurer; Paul Lee Richardson, pastor; Robert Wayne Coble, sergeant at arms, and Roger L. Miller and Clinton J. Anderson, adult sponsors.

## Merchants Apathetic On Marina, Touhy Charges In Civitan Talk

Trend of American life today is toward more and more outdoor recreation and Sanford has an excellent opportunity to be in on the ground floor of this industry in Central Florida. George Touhy, executive vice president of First Federal Savings and Loan Association and one of the original proposers of the riverport marina told members of the Civitan Club.

"The biggest industry in the country is recreation—particularly anything to do with water," the speaker noted. "The City Commissioners of Sanford are proceeding wisely with the careful study of the possibilities and problems of the waterfront development program, working on fitting the project into the financial limits of the franchise revenues and making a sincere effort to avoid further taxes," he declared.

"However, the attitude of the downtown merchants is not as wholehearted as it should be. If the city is going to spend a million dollars to

upgrade the image of the community the merchants also should be thinking in terms of essential upgrading of their establishments to match the modern marine facilities," Touhy charged.

"In order to stimulate en-

thusiasm, it is necessary to be enthusiastic. But there seems to be a reluctance—a withdrawal of the kind of enthusiasm that is a requisite to attracting investors and capital," he declared.

REV. M. A. NORTON

**Lenten Service  
Wednesday At  
Holy Cross**

Speaker for Wednesday's 7:15 p. m. Lenten service at Holy Cross Episcopal Church will be Rev. Merrill A. Norton, vicar of St. Margaret's Church, Inverness, and priest-in-charge of St. Ann's, Crystal River, since 1960.

Father Norton is a native of California and a graduate of the University of California at Berkeley and the Church Divinity School of the Pacific. He also served churches in California, Illinois, Missouri and in South Florida.

Invitation to the public to attend the services and talks is extended by Rev. LeRoy D. Soper, rector at Holy Cross.

**Academy Opens  
Prayer Room  
For Boys**

A meditation and prayer room for McClure Hall, boys' dormitory at Forest Lake Academy, was dedicated at a special service.

Members of the 65 local chapters of the Florida Dorcas Federation of Seventh-day Adventists donated the funds to furnish the room, which will be used by the students mainly as a place for quiet meditation, Bible study, reading and prayer. Theme of the room is "Christ" and furnishings include a large picture of Christ on the wall, the "Praying Hands" book ends, and a white Bible as well as furniture, drapes and plants.

Mrs. Kenneth A. Wright, federation president, made the formal presentation at a service conducted in the chapel of McClure Hall. Those attending included various officers of the FDP, who were attending a weekend meeting in Orlando, the dedication program being part of their activities.

Paul Richardson, president of the Forest Lake Boys' Club received the key from Mrs. Wright and responded to the gift. Also responding were Ford Cavanaugh, dean of men, and William Fuchs, academy principal. Others participating in the program were W. L. Mazat, home missionary secretary of the Florida Conference of Seventh-day Adventists, and K. A. Wright, former principal of Forest Lake Academy.

Dedicator prayer was offered by James Hamrick, pastor of the Forest Lake church, and H. H. Schmidt, Florida Conference president, cut the ribbon on the door to officially open the room for inspection.

Refreshments were served by members of the boys' club.

**Registrations  
Open For Church  
Kindergarten**

Registrations for Day School Kindergarten at Holy Cross Episcopal Church, Sanford, are being accepted for the fall term.

Students must be five years old before Dec. 31, this year, to be eligible for attendance. Tuitions are available with and without transportation services.

Those wishing to register their children or who desire further information should call the church office.

**Now You Know**  
United Press International Taxes on alcohol and tobacco brought in \$5.8 billion or 40 per cent of the federal excises collected in fiscal 1964, according to Finance Facts, a publication of the National Consumer Finance Association.

Our Sanford Herald Page 4—March 15, 1965

## Between you'n' me

By MURRAY OLDERMAN  
Sports Editor  
Newspaper Enterprise Assn.

FORT LAUDERDALE, Fla. (NEA) — Naked to the waist, Edward Charles (Whitey) Ford held up his sweatshirt for manager Johnny Keane to see. It was damp clear through every place but the left sleeve that had encased Whitey's valuable pitching arm.

"See," said Whitey. "I can get 10 days out of five-day deodorant pads."

"Yeah," snapped infielder Phil Linn, "you're half safe."

"You only had that operation," said pitcher Jim Bouton, "to save money. Now you use only half as much deodorant."

Last winter in Houston, Tex., Dr. Bennett Cooley made a 10-inch incision under Whitey's arm to cure an arterial blockage which threatened the New York pitcher's career.

It started after the first game of the World Series when numbness pervaded the limb, and Whitey couldn't bring his arm up more than two times in a row to shove or lift it to comb his hair. They got him full of dye at Lennox Hospital in New York and then threw an X-ray machine over his head to see how far the fluid traveled in his arteries. It stopped at the left shoulder. The night before the operation, Keane felt Ford's forearm and it was clammy cold. The next afternoon in the recovery room he touched it again and felt warmth.

"I'm hopeful," said Ford candidly after an early spring training workout here in the Yankees' tidy little farm club ball park, which has carpeting in the dressing room just like back in New York. "I can do everything I did before." Except sweat.

"I just think," added Whitey, "I sweat twice as much on the other side. The other night I was in a restaurant in Fort Lauderdale, and it was just pouring out of me on the right side. That annoyed me."

But the 36-year-old left-hander with the best won-loss percentage in the major leagues since 1900 (.720) is just flip enough to salvage some humor out of the situation.

"I don't have to change my sweat shirt," he mused. "All I got to do is turn it around and put it on backwards."

And then there's the little matter of the alleged Ford spiffball.

"First thing I thought of when I heard he couldn't sweat," admitted Mickey Mantle with a grin. "If the hitter misses the ball, he's gonna say, 'I thought you couldn't sweat on that side.'"

"It might affect the way his fast ball moves, too."

"That's right," admitted Ford. "I got small hands for a pitcher. They need to be a little moist to get a better grip on the ball."

"So what am I going to do? I'll reach over to the other hand or wipe my forehead or . . ." And he put his fingers to his lips.

That's when every batter in the American League will scream "Spitter!"

Ford shrugged and said, "There's only one other route open to me. Back to the Hall of Fame."

Seventeen years ago, before he took to pitching for a living, Whitey drove a delivery truck. He did it then, too, with no sweat.

### 'Small America' Cagers Honored

NEW YORK (UPI) — Willie Somerset, the muscular dynamo of the Duquesne Dukes, today was selected to lead the 17th annual United Press International "Small America" basketball team, composed of college players no taller than 5'10."

Somerset, at 5'10 the only repeater from last year's team, was chosen along with Tom Tromal (5'9) of La Salle, Bill Suter (5'8) of Gonzaga, Jim Tomlinis (5'10) of Stillman College, (Ala.) and Charley Brown (5'9) of Creighton.

Buddy Benedict (5'8) of Clemson; Jim Rosen (5'10) of Wisconsin; Bill Daly (5'10) of Loyola (Chicago); Paul Smith (5'10) of Mississippi State; and Tom Haxley (5'10) of Florida, composed the second team.

### Swift Stakes Open Season

NEW YORK (UPI) — Clear skies, moderate temperatures and 13 three-year olds in the \$25,000 added Swift Stakes, right of them Kentucky Derby candidates, were expected today to attract about 50,000 fans to Aqueduct for the opening of the Thoroughbred racing season.

The track was fast, the mutual machines well oiled and the biggest grandstand in racing refurbished for the renewal of the sport after a three-month layoff.

### Skate Title

NEW YORK (UPI) — New Yorkers Linda Waldrop and Edwin Cozzit captured the mixed pairs title Sunday as the 43rd annual Middle Atlantic skating championships concluded. Other winners included Pennsylvania's Susan Bromer and Lesane Walter who won their fifth straight ladies pairs crown.

### Pack Jumps

OSLO, Norway (UPI) — East Germany's Dieter Neundorfer edged Norway's Lars Grind Sunday to win the special jumping event at the 68th Holmenkollen ski games.

### Pat Siple's 555 High For Scratch

PAT SIPLEY of the S. A. N. three some in the Windjammer Women's Scratch League, boated one of her high scores in this league with games of 171, 226, 156 for a time 555 series.

The S. A. N. team took three points from its opponents, the A. B. C.'s, who were led by Barbara Rotner's 169-497 to take.

The Pull Ups continued their mastery of first place by taking three points over the Drags, with Elaine Kostival leading the way, 171-491. High for the Drag team was Helen Marchesano, 173-180.

Continuing to bowl well was Media Wiltshire of the Pirate's team. Media's 172-489 moved her team up the position ladder into the third spot by taking three points from the Lucky Stars. Trying her best for the losing Lucky Stars was Grace Melio with a 177-502 combination.

Split conversion this week included the 27 by Mary Faust, Barbara Rotner, 3-10, the difficult 5-10 and its opposite 3-7 dropped for Thelma Unger; Media Wiltshire converted the 5-8-10 twice; Vicki McGough the 3-10 and Pat Siple topped the 4-5-7.

Helping Pat Siple to her high series was a string of four consecutive strikes during the course of her league play.

### Sanford Braves Tackle Leesburg Here Tuesday

Sanford Junior Hi Braves, with a 1-0 record, will tackle the Leesburg Jayvees basketball nine at 4 p.m. Tuesday at the local school gymnasium on French Avenue.

Coach Owen McGarron announced the following line-up for the Leesburg game:

Bill Gracey, second; Don Robinson, shortstop; Mark Cault, third; Tom Bryan, catcher; Bill Miller, right field; Mike Long, first; Fred Weber or Wayne Eckers, center field; Brad Hollingsworth, left field; and Skipper Senkrik or Mike Morgan, pitcher.

Other games scheduled this month are Bishop Moore Jayvees, March 24 here, South Seminole, March 26, here, and Evans Junior High, March 29 at Orlando.

The Braves tallied the season's first win last Friday by downing the Boone Jayvees of Orlando 2-2 in seven innings.

The Boone nine scored two runs in the first but Sanford took the game with three runs in the third of the seven-inning game.

Gracey walked in the third. Then Robinson walked, a solo hit to drive in Gracey for the first run. Robinson and Cault scored on a wild throw by the Boone third baseman.

Last Monday the Sanford Braves racked up a 10-0 tie in seven innings with Edgewater Jayvees of Orlando.

GAINESVILLE — The Oviedo Lions advanced to the state championship finals Friday by defeating St. Cloud 69-57 only to fall to defeat Saturday when Chattahoochee took a 76-68 decision to become the Class B state champions.

In Friday's game Oviedo led throughout most of the first half but St. Cloud moved up to tie things in the final stanza.

Oviedo took a 9-8 first quarter lead but St. Cloud kept pace in the second period exceeding the Lions and at the end of the first half St. Cloud had a 27-25 advantage.

Oviedo got hot in the third scoring 20 points to St. Cloud's 12, giving Oviedo a 48-40 lead.

Oviedo was leading 53-47 with 5:30 left to go when St. Cloud broke loose. By the time the clock reached 3:06, St. Cloud had tied it up 55-55.

Ardie Arndt dropped in two foul shots to put Oviedo ahead but St. Cloud came back with a field goal to tie it again, 57-57.

With two minutes left Oviedo froze the ball and with five seconds on the clock, Billy Mikler dropped in a jump shot to give Oviedo the 59-57 victory.

Jimmy Courier was high scorer for Oviedo with 19 points. He was followed by Rex Brooks and Mikler with 16 and 12 points, respectively.

A last period rally by Chattahoochee gave them the break they needed to take the victory and, in so doing, become the Class D state basketball champions.

Oviedo had a total of 30 field goals against Chattahoochee's 24 but the Yellow Jackets went to the charity line for 28 points while Oviedo picked up eight points from the foul line.

The Lions couldn't avoid fouling the lowering Jackets

defense throughout the game. Lyman played errorless ball and got seven hits including doubles by Newell and sophomore catcher Larry Lott.

Newell scattered six hits in registering the victory, chalked up three strikeouts and giving no walks. Although the Wildcats belted him for four triples they were able to capitalize only once.

Third baseman Larry Baker started things off for the Hounds with a walk in the first but Lyman was unable to score.

In the bottom half of the inning Ron Bean hit a triple past Don Paulsen in right field but Larry Miller saved the day with a fine catch on the next batter.

Lyman scored first in the third when Miller beat out an infield hit, advanced to third base on a passed ball and scored on an error.

The Hounds struck again in the fourth with Lott doubling to center and scoring what proved to be the winning run on Cook's single up the middle.

In the bottom of the fifth, Winter Park got its only run on a triple by Charley Higgins and a single by Bob Dent.

Paulsen singled in the sixth, advanced to third on Newell's double and stole home for Lyman's third run.

Mike Lucas and Ronnie Boston made outstanding defense plays for the Greyhounds.

Sanford Junior Hi Braves, with a 1-0 record, will tackle the Leesburg Jayvees basketball nine at 4 p.m. Tuesday at the local school gymnasium on French Avenue.

Coach Owen McGarron announced the following line-up for the Leesburg game:

Bill Gracey, second; Don Robinson, shortstop; Mark Cault, third; Tom Bryan, catcher; Bill Miller, right field; Mike Long, first; Fred Weber or Wayne Eckers, center field; Brad Hollingsworth, left field; and Skipper Senkrik or Mike Morgan, pitcher.

## Longwood City Council Hears Report On Paving Of SR 427

By Donna Estes  
Municipal type paving with a 64 foot street and sidewalks will be constructed on SR 427 from the ACL railroad track to Palmetto Ave.

GENE L. Saffell, ADJ1, serving with RVAH-3, has re-enlisted for four years at Sanford Naval Air Station. He and his wife and two children reside at 404 East 14th Street. (Navy Photo)

Swafford reported that rights of way would be taken on the west side of the highway through properties on which are located three restaurants in the business section of the city as well as a local supermarket and the Wrought Iron Shoppe. Rural type paving would proceed from Palmetto Avenue to and beyond the present city limits.

He further reported that he had been assured construction would begin this calendar year, possibly by early September.

In answer to a question from temporary chairman, Carl Lomler, concerning possibility of having the county maintain Marvin Avenue and Markham Road, Swafford said that he could not commit or speak for the Board of County Commissioners but that he was in favor of county-municipal participation on such matters.

In other business, council awarded the contract to pave Main Street from Grant to SR 427, to low-bidder, RHM Paving Company, at recommendation of the city engineer, A. E. O'Neill and Associates.

It was agreed to advertise bids for 1,200 feet of four-inch enamel lined cast iron pipe and two fire hydrants with bids to be submitted by 5 p.m. March 18.

Mayor David R. Whitworth recommended, and council agreed, to place an outdoor American flag on grounds of the city hall.

Dr. Fausnaugh will outline the provisions of the Elder-care Bill proposed by Rep. A. Herlong Jr.

The public is invited to attend this meeting of general interest.

## 'Eldercare' Topic Of Doctor's Talk

By Jane Casselberry  
Seminole County Young Republican Club will hear a talk by Dr. Cloyd Fausnaugh on "Eldercare," a medical approach to the health problems of the elderly, at 8 p.m. Tuesday at Altamonte Springs Community House on Maitland Avenue.

Dr. Fausnaugh will outline the provisions of the Elder-care Bill proposed by Rep. A. Herlong Jr.

## Former Resident Dies At Smyrna

Harry P. Cobb Sr., 70, retired railroad conductor and former Sanford resident, died Saturday at his home in New Smyrna Beach following a long illness.

Born Dec. 27, 1894 in Fair oak, he made his home in Sanford for some 20 years before moving to New Smyrna Beach.

Survivors are his wife, Mrs. Ruth L. Cobb, a son, H. P. Cobb Jr., and a grandson, T. J. Cobb, all of New Smyrna Beach, and brothers, C. J. Cobb, of Melbourne, and Robert A. Cobb, of Sanford.

Funeral and burial services were scheduled for 3 p.m. today in New Smyrna Beach.

## Mighty Gas

MINNEAPOLIS (UPI) — A cloud of gas can be impenetrably strong stuff. Homes with engineers here use pressurized dry nitrogen gas squeezed to about the thickness of a human hair to support a nine-ton spacecraft simulation platform.

## Siamese Twins Undergo Tests

HOUSTON (UPI) — Doctors today began tests on Siamese twin girls, born 10 days ago in Puerto Rico, to see if they can be successfully separated.

The girls, daughters of a poor farmer, arrived in Houston Thursday and were taken immediately to the Texas Children's Hospital, where one separation of Siamese twins has already been performed this year.

Ruth and Dulce Pantaleon were delivered March 2 by their uncle, obstetrician Dr. Ramon Pantaleon.

The girls' parents are Silvio and Dulce Pantaleon.

## Gadgets Cheat Tax Cheaters

WASHINGTON (UPI) — The machines are making it harder than ever to cheat on income tax, the Internal Revenue Service (IRS) said today.

IRS computers turned up \$52.5 million in extra revenue last year and kept the government from paying \$16.7 million in refunds to taxpayers who owed money from prior years.

## Narrow Escape

HOUSTON (UPI) — Frank Vivian, owner of a grocery, was locked in a cooling vault during a robbery and had to squirm through a tiny glass door used by customers to reach in for serve-yourself milk.

The Houston Chronicle headlined the item, "Robbed Man Escapes By Milky Way."

## WOMEN PAST 21 WITH BLADDER IRRITATION

After 21 common factors of bladder irritation affect twice as many women as men and may make you tense and nervous from too frequent, burning or itching urination both day and night. Reconstituted, in such situation, CYRDEX usually brings fast, relaxing comfort by cutting irritating action in strong acid urine and by analgesic pain relief. CYRDEX is a drugless, feel better, fast.

FLORIDA'S FIRST LADY, MILDRED BURNS, who is an honorary member of Zeta Xi Chapter of Beta Sigma Phi, was hostess to local chapter members when they were invited overnight guests of Governor Haydon Burns and the First Lady. He personally showed the group his suite of offices in the capitol and the gracious Mrs. Burns and lovely daughter, Eleanor Watkins, conducted a tour of the governor's man-

sion, relating personal observations and stories during their marvelous visit. Fortunate chapter members enjoying hospitality unexcelled were from the left, Kathy Downer, Kitty Corley, Dora Lee Russell, First Lady Mildred Burns, Flora Mae Wells, Marchetta Dorminey and Mrs. Phillip R. Bach, sponsor.

# Miss Sharon Whitten, J. M. Kirkgard United In Impressive Church Rites

Miss Sharon Lynn Whitten, daughter of Mr. and Mrs. Harry Donald Whitten, of Sanford, and John Millard Kirkgard, son of Mr. and Mrs. M. H. Kirkgard, of Dallas, Tex., were united in holy matrimony on Saturday, March 6, at 7:30 p.m. at the Sanford Church of God with the Rev. Lynn Alford officiating at the impressive candlelight and double ring ceremony.

The long tapered sleeves flared across the back edged in Chantilly lace. Her fingertip veil of silk illusion fell from a jeweled princess tiara and she carried a colonial bridal bouquet of white carnations centered with sweetheart roses.

MRS. JOHN MILLARD KIRKGARD

The bridal attendants were Miss Betty Hittell, maid of honor, and Miss Theresa Whitten, sister of the bride, Miss Diana Smith, cousin of the bride, and Miss Jeanette Hermon attended the bride as bridesmaids. They were gowned in identical pastel organza frocks with short veils attached to their matching pill boxes. Each attendant carried an arm bouquet of tinted matching mums and their accessories were in the same accord. Serving the groom as best man was Bill Zechar and ushers were Jerry Wright, Benny Johns and Derrell Benge. Petite Denise Burhman served as flower girl and Joe Erwin was ring bearer. For her daughter's wedding, Mrs. Whitten chose a blue embroidered sheath with matching accessories and a white carnation corsage. The groom's mother was attired in a two-piece mint green ensemble with green accessories and her corsage was of white carnations. Immediately following the wedding a reception was held in the church annex. The refreshment table, covered in white damask, was centered with the traditional four-tiered wedding cake, flanked by silver candle holders holding white tapers. A punch bowl graced one end of the table with crystal and silver appointments. Assisting at the reception were Mrs. Thelma Smith, aunt of the bride, and Mrs. Ann Gracey. Floating hostesses were the Misses Wanda and Linda Bedenbaugh, cousins of the bride. For her going away outfit the bride chose a cotton lace frock with white accessories and she wore the rose corsage from her bridal bouquet. Following a wedding trip to the Florida east coast, Mr. and Mrs. Kirkgard are at home at 800 Santa Barbara Drive.

## J. F. Beer Follows Natural Hobby - Beer

MUNICH (UPI)—Considering his name and his residence in Munich, Joseph F. Beer's hobby is a natural. The architect collects the cardboard beer coasters provided for many European restaurants by brewing firms. His personal collection now totals 16,000 but he also knows of 2100 other Germans attracted by the brightly painted disks. The German Brewery Souvenir Collectors, who have been trading and raffling the coasters since 1960, now have elected Beer their president. "Thirteen years ago I began by just putting a souvenir in my pocket after I drank a beer," Beer said. He did not get all 16,000 that way, but won them by entering three or four in raffles. The clubs publish trade offers in pamphlets. When new designs are issued, the brewing companies inform the members. The coaster enthusiasts even have a scientific classification, said Beer, "I guess there are about 1,000 of us, sinologists in the world now."

## Mrs. Fred Pierson Hostess To Maison Et Jardin Lunch

By Evelyn Lundy The elegant European atmosphere of the Maison et Jardin Villa in Altamonte Springs was the scene of one of the loveliest luncheons of the season, when Mrs. Fred Pierson of Oviedo entertained Saturday. Miss Ann Pierson of Ft. Myers, bride-elect of Robert Sturm, also of Ft. Myers, was guest of honor. She was presented a corsage of white phalaenopsis orchids by the hostess. Mrs. H. B. Mason of Deep Lake in Goldenrod was given a corsage of pink rosebuds, this being the occasion of her 25th wedding anniversary. Mrs. Kyle Cooper, sister of Mrs. Pierson, was given a corsage of Phalaenopsis orchids. Mrs. Cooper is moving from Birmingham to Dallas where her husband has been transferred. The luncheon table was covered with a beige cloth with iridescent gold threads. The attractive centerpiece was an arrangement of white water lilies and green ivy. On either side of this arrangement was a white cocktail in stark white. On either side of the cocktail were two small arrangements of blue forget-me-nots topped by a white ceramic angel. A most delicious lunch of fruit cup, frozen salad, baked chicken with cheese sauce, delightful little sweet rolls, but coffee and choice of dessert was served. The luncheon was enjoyed by Miss Ann Pierson, Mrs. Kyle Cooper, Mrs. H. B. Mason, Mrs. John Duda Jr., Mrs. S. R. Highsmith, Mrs. Wiley Abel, Mrs. Hoyt Fern, Orlando, Mrs. W. R. Taylor, Miss Lucille Brookshire, Mrs. James E. Brookshire III, Mrs. J. R. Battle, Mrs. Anna Balkscorn, Mrs. B. F. Wheeler Sr., Mrs. John Lundy, Mrs. John Evans, Mrs. L. L. Faulk Jr., Mrs. R. W. Estes, Miss Kathryn Lawton, Mrs. W. H. Martin and Mrs. John Ridenour.

## Miss Laura Abigail Boyd Betrothed To C. A. Powers

Mr. and Mrs. Columbus Mills Boyd of Sanford, announce the engagement and approaching marriage of their daughter, Laura Abigail, to Charles Arthur Powers, son of Mr. and Mrs. Lowell Arthur Powers, of Fort Lauderdale.

Miss Boyd is the granddaughter of Mrs. Columbus Mills Boyd Sr. of Sanford and the late Mr. Boyd. Her maternal grandparents are Dr. and Mrs. Rudolf William Ruprecht, also of this city. The bride-elect is a graduate of Seminole High School and will receive her degree from the University of Florida in April. Her fiance is also a student at the University. The wedding will be solemnized on April 24 at the Chapel of the Incarnation in Gainesville.

## Fidelis Class To Attend Revival In A Group

The Fidelis Sunday School Class of the First Baptist Church will attend revival services at the church in a group Tuesday, March 15, at 7:30 p.m. Following the service, refreshments will be served in the Educational Building with Mrs. Fred W. Yeakle and Mrs. C. E. Chanot serving as hostesses.

## Magazine Program Open To Public

The Fine Arts Department of the Woman's Club of Sanford will present the annual "Animated Magazine" at the club house on Wednesday, March 17, at 2:30 p.m. with the public cordially invited to attend the program. Mrs. Roy Tillis is editor in chief of the fascinating magazine with the theme "Sharing Our Talents." Hostesses are the officers of the General Club and tea hostesses are officers of the Civic and Social Departments.

Mr. and Mrs. A. Duffin of Shell Road have as their guests, their grandson and his wife, Mr. and Mrs. L. Duffin, of Toronto, Canada, and their daughter, Mrs. Don McPhail, and children, Buck, Bonnie and Bruce, of Baltimore, Md. Mr. and Mrs. Ted D. Atiansio of Toronto, Ontario, Canada, are also guests.

## Feeding Tip

NEW YORK (UPI) — Encourage your child to feed himself. Dr. Benjamin Spock, in his book, "A Baby's First Year," says that even seven-month-old children should be allowed to hold their own crackers or other food. The doctor admits babies are messy eaters, but he says it's better to let them learn while their ambition is strong.

# Miss Virginia Smith To Wed

Mrs. Martha H. Smith of Sanford, announces the engagement and approaching marriage of her daughter, Miss Virginia Sue Smith, to Bobby Eugene Meadows, son of Mrs. J. F. Gresham, of Flagler Beach, and E. H. Meadows, Hawthorne.

The bride-elect, daughter of the late L. C. Smith, was born in Sanford and will graduate in June from Seminole High School, where she is a member of the Glee Club.

Her fiance was born in Macon, Ga., and attended Hawthorne High School, where he was associated with F.F.A. and 4-H clubs. He is presently serving in the United States Navy, stationed at Sanford Naval Air Station.

Complete wedding details will be announced at a later date.

MISS VIRGINIA SUE SMITH  
(Bryn-Alan Photo)

# Sheriff Hobby Addresses Gamma Omega

Far too many are concerned but not consciously aware of the plight of an ever increasing number of seemingly "indifferent" young people who would be only too glad to accept a helping hand if they just knew where to find one. This fact was quite evident after hearing Sheriff J. L. Hobby address the Gamma Omega Chapter of Epsilon Sigma Alpha recently at the home of the president, Mrs. Henry Tooke.

Sheriff Hobby cited actual cases of boys and girls who are victims of unfortunate circumstances and told of a young girl from a broken home, a ward of the court, who had little hope for a worthwhile future even though her scholastic ability was of high calibre.

Through the generosity of foster parents she received the love and understanding vital to us all and has since made her home with her sister. There is an amazing number of just such cases in Seminole County and anyone of reputable standing may take these youngsters into their homes.

Sheriff Hobby revealed that Florida was the first state to establish a sheriff's boys ranch and now houses over 300 young men. The boys do not have police records, do not exist under conditions breeding delinquency.

At the Florida Sheriff's Boys Ranch these young men are given proper guidance and are kept through high school. Those showing the initiative are sent on to college thereby receiving a great opportunity which they otherwise might have been denied.

All county sheriff offices support the ranch which also depends on individual donations. The Seminole County office was asked to raise \$200 toward a building fund for a new cottage. With this in mind, the chapter voted to send this worthwhile group a check for \$25.

The informative talk ended with a question and answer period leaving each member with just a little more to think about. Enthusiasm is high with spring right around the corner and the very welcome season will be initiated with a luncheon for members and their guests at Creighton's Restaurant at the Winter Park Mall on March 27. Anticipating the arrival of

warm weather, a swimming party at the home of Hope Schirard is scheduled for late April to be followed in May by the Mother's Day tea and the annual banquet for members and their husbands or escorts.

Not to be overshadowed by the forthcoming spring events, summer's agenda is already in the offing. Starting off a week of "fun in the sun" at New Smyrna Beach will be a party June 12 at a house overlooking the beach. The house will be available to members and their families and guests throughout the following week.

This practice has been one of the high points in the groups social schedule for the past several years and is being planned with much enthusiasm. Needless to add, the children consider it THE highlight of the year since they are included to enjoy the fun of the beach. The youngsters are indeed not to be forgotten since they share "Mommy" with the sorority and its many charitable projects during the busy fall and winter seasons.

Everyone is well aware of a young man's fancy in spring, but the chapter turns to thoughts of rushees and the busy task ahead. This was one of the main points of business and details of approaching events are being carefully planned.

Mrs. Tooke read a thank you note from the Mutual Concert Association thanking the sorority for furnishing and serving refreshments at the recent concert held at the Civic Center.

Despite the fact that March came in like a lion, the group's participation in Sanford's "cracker days" was reported successful. The Florida State Bank furnished supplies and gave assistance in setting up a coffee booth outside the bank with the proceeds donated by the sorority to The Little Red Schoolhouse.

Ginger Moran described her recent trip to Sunland Training Center in Gainesville where she visited the chapter's "adopted" retarded child and presented her with her birthday gifts.

The nominating committee was appointed to present a slate of officers for the coming year and the report will be made at the April business meeting at the home of Jo Ann Rowe, 1814 Mellonville Avenue.

Those present to enjoy Sheriff Hobby's talk and the meeting were: Miss Nancy Davis, Miss Margaret Quarles, Mrs. June Brodie, Mrs. Edgar Bruce, Mrs. Peter P. Buker, Mrs. Dick Edwards, Mrs. Kirby Fite Jr., Mrs. J. E. Higgins Jr., Mrs. Audrey Moran, Mrs. James McKee, Mrs. Jim Rowe, Mrs. Terry Smith, Mrs. Jack Schirard and Mrs. Tooke.

# Personals

By Maryann Miles  
Mr. and Mrs. Horace Boardman of 110 Lombardy Road recently returned from a four-day trip to Nassau.

Mr. and Mrs. Chris Christenson of 221 Pine Street Drive have had as houseguests, her sister and husband, Mr. and Mrs. I. Von Airdale, from Wisconsin.

Mr. and Mrs. Roy Gifford of 247 Tullis have had as houseguests their daughter and family, Mr. and Mrs. George Chandler, Peter and Cindy, visiting them this past week from Falmouth, Me.

Mr. and Mrs. Charles Crowell of 1161 Selma Road have recently returned from Englewood, where they visited his sister and brother-in-law, Mr. and Mrs. Hugh McCauley.

Mr. and Mrs. Fred Mayhew of 115 Overbrook have really been kept quite busy with company recently. Their daughter and son-in-law, Mr. and Mrs. Delbert Ellison from Whitville, N. Y., were guests with their son and daughter-in-law, Mr. and Mrs. Arthur Perkins, from Belmont, N. Y., arriving later. Others visiting were friends from Whitville, N. Y., Mr. and Mrs. Roland Lawson and their son, Roland Jr., and Mr. and Mrs. William Shipley from Edmonston, Md.

"POP" GOES THE MAKEUP—Taking inspiration from the current craze for "pop" art, Charles of the Ritz offers a new look in eye makeup. Left: A large teardrop nozing from exaggerated lashes makes the wearer a sad coquette. Center, top: Brilliantly polkadotted eyelids. Center, bottom: Checkerboard eyelids are matched by similar fingertip decoration. Right: Lower lashes get an assist from the paint brush.

## First Students Graduate From Electronic Class

First group of 12 students has completed the electronic assembly course currently being offered at Seminole County Business School under the direction of the county vocational education department.

E. S. Douglass, director of the department, said the course was set up at the request of industrial firms and the Seminole County Chamber of Commerce. Plans are being made to offer four more of these courses before June 30.

Instructor of the 100 hour course is Joseph Zavrutny, former production supervisor of Dynatronics, Inc. and Daystrom Instruments, Inc. The course trains women to be electronic assemblers and applications for the training should be made to the Florida State Employment Service office.

Diplomas were awarded Friday to the women completing the course. Present besides Zavrutny and Douglass were members of the Seminole County Chamber of Commerce industrial committee including Loring Burgess, Carl Schilke, Howard Hodges and Robert Sholden. John Krider, executive director of the Chamber was also present.

## PTA To Discuss Senior Plans

By Jane Casselberry  
All parents of Lyman High School seniors are especially requested to attend the Parent-Teacher meeting at 8 p.m. Tuesday in the school auditorium as the program will be of special interest to them.

Plans for graduation and after graduation parties for seniors will be discussed as well as other end of year activities.

## Grace Methodist Joy Circle Plans Projects At Meeting

Joy Circle of the Grace Methodist Church Woman's Society of Christian Service will clean the church kitchen in March. They also will join with Lydia and Esther Circles to clean and paint the church nursery.

Plans for the projects were made at the circle's monthly meeting held last Thursday at the church.

Members meeting to clean the kitchen this Thursday will be Mrs. Roger Harris, Mrs. John Hires, Mrs. F. J. Murray and Mrs. Otis Taylor. Those cleaning the church nursery, March 24, will be Mrs. Hires, Mrs. John Martin and Mrs. Jack Rosman. Painting, March 31, will be done by Mrs. Hires, Mrs. Taylor and Mrs. Roy Wall. Mrs. Richard Silvers is in charge.

Mrs. Harris, circle chairman, conducted last week's meeting and Mrs. Wall gave the devotional. Reports were given by Mrs. Martin, Mrs. Lamar Williams and Mrs. Murray.

Mrs. Harris reported that she and Mrs. Robert Bennett of Esther Circle attended the annual district WSCS meeting in Ormond Beach, March 4.

Members of the circle attending World Day of Prayer at First Christian Church, March 5, were Mrs. Betty Greenfield, Mrs. Harris, Mrs. Hires, Mrs. Martin, Mrs. Murray, Mrs. Rosman and Mrs. Williams. Those attending from Lydia Circle were Mrs. J. H. Powell and Mrs. Karl Fehd and from Esther Circle, Mrs. F. J. Smith.

Mrs. James Leonard presented the circle program entitled, "The Christian Revolution and Revolution."

## Circle To Hear Nominations

By Maryann Miles  
Bear Lake Garden Circle has proudly reported that the circle took third place ribbons for its exhibit of an English Garden at the recent Central Florida Exposition in Orlando.

The samisen, an instrument with three strings, is regarded as Japan's traditional musical instrument.

# Penalty Of Dishonesty

Page 28 of the U.S. Treasury's booklet, "Your Federal Income Tax," states: "Embezzled funds are income to the embezzler in the year the funds

are misappropriated." Those whom it may concern, take notice. Honesty is the best policy when dealing with the Internal Revenue Service.

# Capitalism . . . Nice?

There are millions of "card-carrying capitalists" among us. That's the name one company, General Electric, gives its employees who have bought stock through company savings plans. Right now 138,000 of them are sharing in an annual payout of more than \$120 million in stocks and U.S. savings bonds.

More than 150 other American companies—from the biggest right down to the not so big—have similar plans, whereby the company may make its stock available to employees at discount, may match the money they put up, or may give stock as bonuses or in combination with savings bond purchases. This is what is known in Russia as exploiting the masses.

# Dr., Are You Sure?

The physical differences between the male and the female are much less pronounced in human beings than they are in birds and bees and animals, a Philadelphia anthropologist has concluded.

a lot of earnest girl watchers—human girl watchers, that is—are going to be surprised at what he says. They are going to believe that he either needs new glasses or that he just hasn't been paying attention.—P.J.

## Thought For Today

Lord, let me know my end, and what is the measure of my days; let me know how fleeting my life is!—Psalms 39:4.

I wish to preach not the doctrine of ignoble ease, but the doctrine of the strenuous life.—Theodore Roosevelt.

## Phil Newsom Says . . .

# Soviet - Turkish Relations

UPI Foreign News Analyst

Ever since Kemal Ataturk abolished the fez and segregated church and state, Turkey has been torn by bitter conflicts between old and new. These conflicts as represented in today's political parties were at the root of Premier Ismet Inonu's fall, but with new and equally divisive factors added. One of these factors is a

rising commercial class which demands free enterprise and an end of state controls.

Hoping to attract this class is the Justice party which is the link with the past and which primarily was responsible for Inonu's downfall.

Another new and powerful element is made up of the "young Turks" within the army. These officers feel that the revolution of May 27,

1960, has been betrayed and accuse Inonu of "immobilism." They ask an authoritarian socialist government along the lines of that of President Gamal Abdel Nasser of the United Arab Republic.

Some also favor closer ties with the Soviet Union.

Of this group, the London Economist, a highly respected publication, remarked in March 1962:

"Turkey's future membership in the Western alliances cannot be taken for granted; it is by no means certain that the younger men, if they finally seized power, will think like the present governing class. They may feel, as Ataturk did, that Turkey has an affinity with the Soviet Union, the traditional Turkish hostility to Russia is by now a dying force. The Russians clearly nourish great hopes of Turkey's present ferment."

The remarks of the economist in 1962 are even more applicable today.

It is particularly noteworthy, too, that partly because of the Cyprus dispute which generated anti-American demonstrations on Turkey, Soviet-Turkish relations in recent months constantly have improved.

The Turks have refused to participate in the U. S.-proposed multilateral nuclear naval force for NATO and also have refused to permit the U. S. Atomic powered merchant ship, the Savannah, to visit Istanbul.

It is noteworthy, too, that the decline in the intensity of the Cyprus dispute, also has permitted these deep differences with Turkey to come to the surface.

The Justice party which now hopes for power, inherited most of the followers of the now-outlawed Democratic party led by former Premier Adnan Menderes.

Menderes, executed after the 1960 coup, had the support of a considerable portion of the peasantry, businessmen and conservative elements of the army. Under Menderes, no farmer paid taxes and the rich and feudal elements achieved great power. They retained it after the revolution.

## The Leaning Tower of Peace

YOM LITTLE, NASHVILLE TENNESSEAN

## Bruce Bissat -- Ray Cromley

# Political Notebook

WASHINGTON (NEA) —

U Thant, United Nations secretary general, performed an astounding maneuver in arguing that Americans had not been getting an accurate picture on Viet Nam and appealing over the head of President Johnson to the American people on the need for a U. S. withdrawal from Viet Nam.

He did not suggest that if the Russians, Chinese or North Vietnamese people had accurate information to the Chinese would withdraw their troops, the North Vietnamese their military aid for Ho Chi Minh's southern expeditionary force.

Though he talked about the desirability of withdrawing U. S. forces from Viet Nam, he voiced no desire for the withdrawal of North Vietnamese troops.

As South Viet Nam Premier Phan Huy Quat put it, no one complains when North Vietnamese Communists attack the South Vietnamese. The shouting begins when the U. S. and South Viet Nam fight back against the north.

U Thant to the contrary, the truth is that the excellent reporters covering the war in South Viet Nam have been giving the American people an accurate, overall picture of the war, despite the veil of mystery at the White House.

U Thant was able to stir up attention for his assertions only because the President, by an inept news policy, has caused a widespread feeling that we are not getting the whole story.

This has bred uncertainty and lack of confidence. What is needed is for Johnson to brief newsmen frequently on Viet Nam and to submit himself, however uncomfortable it may make him, to searching questions from reporters experienced in the area.

At least one member of the subject has gone to President Johnson to urge that he do something to correct the situation.

The U Thant statement was naive and unfortunate. The bigger problem it raises is, if the American people are to get behind the President in this tough war in Viet

Nam, and maintain the patience to see the war through, then they must not only have the facts, but they also must know they are getting the facts.

U Thant's statement brought immediate action from Secretary of State Dean Rusk. For the first time since the start of North Viet Nam, the U. S. government reviewed publicly the basis for our presence and the conditions which must precede any negotiations (North Viet Nam must stop its aggression).

But one press conference by the secretary of state is not enough.

The President himself must take the people into his confidence and into his thinking. There has been a tendency at the White House to announce things only after they are decided. There is a need (within limits) for the President to let Americans know something of the agonizing appraisals and reappraisals he and his advisers are making and to let people know how the day-by-day actions in Viet Nam fit into the overall aims of the United States in Asia and in the world.

## Letters

# To The Editor

Editor, Herald:

Two and a half or three years ago before Oviedo had a football team there appeared in The Herald a little crack to the effect that the reason Oviedo had such a good basketball team was that it had no football team and the boys spent all year on basketball.

Well, (with precious little help from the County Board of Education) Oviedo got a football team which had a very good record this year, and it STILL has a basketball team which is one of the best in the state!

So what's new in Sanford besides Ho! Ho! Ho!

J. M. Michael Menderes, executed after the 1960 coup, had the support of a considerable portion of the peasantry, businessmen and conservative elements of the army. Under Menderes, no farmer paid taxes and the rich and feudal elements achieved great power. They retained it after the revolution.

Editor, Herald: Through research it has been discovered that there are over 700 federal agencies, over 3,000 corporations and over 10,000 businesses operating

without constitutional authority and losing money each year.

The Liberty Amendment which will be voted on in approximately 40 state legislatures this year, and already approved by seven state legislatures, will take the government out of the losing business, selling it to private industry, thereby justifying one good reason for eliminating the federal income tax, which this amendment does.

Every citizen should urge his state representative and state senator to vote for it. It will be voted on in Florida Legislature this year.

E. O. Cromastie

# Dr. Crane's Worry Clinic

Helen wants to know how to "spot" the children who will be most likely to go to college. Assuming they are of the same I. Q. and are physically normal, then apply the test below to their homes. It is a quick test of the cultural factors that mold the potential college type of students. For you can spot such boys and girls before the 7th grade! CASE V-437: Helen H., aged 26, is a first grade teacher.

"Dr. Crane," she asked, "if you were to devise a quick test for a child's success in school, how would you do it?" "The reason I ask is the fact that I am taking some extension courses this year to earn my Master's Degree. "And that is one of the problems that my psychology teacher has given to our class."

A child with a low degree of intelligence (I. Q.) cannot carry advanced school work. But many a brilliant child with a superior I. Q. also may make low school marks! Why?

Sometimes it is due to boredom, for the usual teaching is slanted toward the average student in the class.

Thus, those with a very high I. Q. grow restless from the monotonous repetitions, so they may get jittery and expend their extra energy in mischief.

And once a child is "tagged" with being a trouble maker or poor student, this tends to dog him in succeeding grades.

Sometimes, too, a child is excessively shy, so he fails to speak up and give the right answers just because of his stage fright.

Occasionally, the false idea gets noised around that to make good grades is the sign of a sissy, so smart children may even deliberately shun top marks.

There are other reasons why a brilliant child may not be making high grades in the classroom, among which are nearsightedness that hasn't been corrected with glasses or partial deafness, anemia, etc.

But for a quick practical yardstick by which to spot the children who will probably go farthest in the school system, look for these:

(1) A well used Bible. Religious folks usually are readers! And reading is the motor of the entire educational machine!

(2) A well thumbed encyclopedia.

(3) A well used dictionary.

(4) A typewriter available to the children, even though a used model. For a typewriter encourages writing, correct spelling and facile reading.

(5) Plenty of good comic books, especially Classics, illustrated.

Parents, your own costly adult library is not necessarily an index of your child's literary interests!

Good comic books sugarcoat reading for children and thus help nurture the basic educational trait of superior students, namely, swift reading skill.

(6) Educational games, such as Monopoly, Anagrams, Authors, etc.

(7) An atlas or globe, even though of small size, to orient the child geographically.

(8) Membership in the Boy or Girl Scouts, Campfire Girls, etc.

(9) Supervised use of the television set.

(10) Home delivery subscriber to a daily newspaper. Children from "newspaper homes" are better readers!

Allot 10 points per point for the above, especially as regards children below Junior High (seventh grade).

Kiddies who will go on to college will probably come from homes that rate at least 80 or higher on the above practical test!

Send for my booklet "How to Raise Your Child's School Marks," enclosing a long stamped, addressed envelope, and 20 cents to cover typing and printing costs when you send for one of his booklets.)

(Always write to Dr. Crane in care of this newspaper, enclosing a long stamped, addressed envelope, and 20 cents to cover typing and printing costs when you send for one of his booklets.)

# Horoscope Forecast

TUESDAY, MARCH 16, 1965

## GENERAL TENDENCIES:

The daytime is adverse for any sort of argument or discussion with others, for it could lead to intermittent difficulties for some time to come. Also avoid any sort of chances on the highway, or you can have real trouble. However, the evening becomes a fine time to put your practical plans in motion—the later the better.

**ARIES** (March 21 to April 19) Taking any chances in the performance of your labors could lead to rather disastrous results during any AM hours, but PM all goes smoothly. Improve health. Avoid quarrels.

**TAURUS** (April 20 to May 20) Taking time out for amusement during the day would not be wise, but much fun is possible tonight. Carry through with assignments religiously. Do not pick a quarrel with your loved one.

**GEMINI** (May 21 to June 21) Counting your blessings is right and just. Carry through by planning even greater abundance for the future. Get small tasks caught up with. Invite friends in for the evening.

**MOON CHILDREN** (June 22 to July 21) If you have a nice talk with a blunt-spoken friend who thinks a great deal of you, this will lead to self-improvement. Get regular work completed in Jg time. Out to see the people you like tonight.

**LEO** (July 22 to Aug 21) Take care in the spending of funds today and investment of size in real estate. Tonight you are able to think more clearly. Don't let your bills worry you. Set up a fine budget in PM.

**VIRGO** (Aug. 22 to Sept. 22) If you are planning to be firm with anyone, don't do it during the day, but await the evening when you have cooled off a bit. Clear up errors in the interim. Get right results in PM.

**LIBRA** (Sept 23 to Oct 22) There are many new matters you could be looking into, but better clear up unfinished business during day. Anything artistic has fine chance of success tonight. Be romantically inclined.

**SCORPIO** (Oct 23 to Nov. 21) If you contact those with whom you have had disagreements and patch things up, you will be doing well. Forget the social during the day. Evening, however, is ideal.

**SAGITTARIUS** (Nov. 22 to Dec. 21) Take care you do nothing to spoil your reputation during AM and in PM. You have good chance to make fine impression on bigwig. Get rid of anxieties during day. Be conscientious.

**CAPRICORN** (Dec. 22 to Jan 20) Evening would be the best time to get into new and interesting avenue of expression. But day is not well suited. Also, confer with new friend before completing some task you have started. Be thorough.

**AQUARIUS** (Jan 21 to Feb 19) That big wig has greater expectations than are possible for you to fulfill, but do your utmost and all is OK. Be very thorough in all that you do. Then benefits come to you.

**PISCES** (Feb 20 to March 20) While partners may think you are being too facetious, you can simply carry through with plans and they respect you later. Don't bother arguing. This only makes matters worse.

**IF YOUR CHILD IS BORN TODAY**, there will be a tendency always to be bothered with small things and lose the temper. Give more attention to the diet and also point out that it is the big things that count in the long run. Give good religious training and fine scientific education and you soon see your progeny becoming a very well-balanced and practical individual.

"The Stars Impel, they do not compel." What you make of your life is largely up to YOU!

## Job Of Sitting Down Getting Complicated

ROCHESTER, N. Y. (UPI)—The simple business of sitting down is getting more complicated every day.

Realizing that the average office worker spends two-thirds of his waking hours sitting, engineers at an office furniture company here honed up recently on human anatomy before admitting to management that—yes—there is a better way to sit down.

A major national maker of steel office desks and files for more than a half century, this company has long eyed the estimated \$80 million office chair market. But what the company's engineers learned on their way to a "dream chair" shouldn't happen to a file clerk.

The higher one travels in executive ranks the more likely he is to have a nagging backache.

The bigger and softer-cushioned the typical "executive chair" gets, the more uncomfortable it is to sit in. Such seats of authority generally average 19 inches or more from the front to the back of the seat portion. "Too much," said the office experts. Increased seat length tends to pinch the under part of the thighs.

Likewise, the "at-attention" look is out. Chairs with too small an angle between the spine and the seat do not permit the sitter to throw his shoulders back and relieve the pressure on his "lumbar curve" or small of the back.

The authorities said that one needs to "un-straighten" his back periodically to take the pressure off the fifth lumbar disc and allow the lumbar curve to curve. Minimum shoulder-to-hip back angle for prolonged comfort—105 degrees or more.

For added sitting pleasure, adjust the stop at the bottom of the chair to maximum position—up to 115 degrees, if possible. Experts also said that excessive cushioning of ten pinions the sitter in his chair, restricting the much-needed changes of position throughout the working day.

The typical office straight chair may reveal why some customers soon become a pain in the back. These side chairs—most often used for visiting guests—combine all the common faults of seat engineering.

Perhaps a throwback to the days when our elders taught us that straight-up was the best way to sit, these chairs must be classed as modern instruments of torture. The only way for a man to sit comfortably in one of these straight chairs is to slouch—slide half-way out of the chair to upbend the enforced right angle of spine to thighs.

Though this position restores the lumbar curve, it is artificial and no support is provided for the lumbar region. Usually a full 18-inches

in seat depth, the chairs tend to develop uncomfortable ridge pressure under the sitter's knees.

Surprisingly enough, secretaries have the best of this sitting down business. The typical stubby-back secretarial chair is actually the most comfortable and healthy sitting device in the modern office. What the experts like about a good secretarial chair—small lumbar-piston, open back, adjustable height, 14-inch seat length, and no shoulder support. Of key importance is the absence of shoulder support, permitting shoulders to lean backward and restore the normal lumbar curve. The broken back chair construction is also a comfort plus. It encourages all important "lumbar spine contact," or good surface-to-surface support for the bottom of the spine.

## Spending Solons Poor Tipsters

WASHINGTON (UPI)—The Senate may vote billions of dollars for various foreign and domestic projects but senators don't seem to do so well in the Senate restaurant. Sen. Wayne L. Morse (D-Ore.) told the Senate that pay scales in the restaurant were too low.

This wouldn't be so bad if the senators tipped better, Morse added, but the fact is that "senators are not the best tippers in the world."

# County Educator Seeks State Post

Sons of the Shillelagh, arise!  
Wednesday is St. Patrick's Day and the wearing of the green will be in order. The day of the shamrock has been celebrated nationally since 1845 and dates back to the death of the patron saint of Ireland several hundred years ago.

Auto tag offices will be open all day Saturday in Sanford and at Fern Park to accommodate the last-minute rush. Saturday is the deadline for purchasing 1965 auto license plates. Long lines at the courthouse Monday indicate there are a lot of people who have not bought their new tags.

Seeing Col. H. J. Furman, head man of the Sanford Naval Academy, sporting a cast on a broken arm, reminds of the morning Bill Taylor, WDRB announcer, said: "This radio broadcast this morning comes to you in color—black and blue. I took my kids roller skating last night."

They are calling the colonel "king of the sidewalk surfers." Given a chance to explain his accident at Rotary, Col. Furman declined, saying, "The stories I'm hearing are better than what really happened—just choose the one you like best."

Bill Blalock of Key West has purchased a home on Yale Avenue and will remove his family shortly. Blalock is a brother of Mrs. E. J. Peeples, also of Yale Avenue.

A Social Security representative will be at the commission room between 9:30 a.m. and 12:30 p.m. every Wednesday during April, May and June.

Inland waterways commerce for 1964 showed an increase of 3.3 per cent over 1963, according to the American Waterways Operators Inc.

Sign of spring—Sanford police officers were measured for their summer uniforms Monday.

The First Methodist Church folks are happy. They say that "Operation Youth Wing" is off to a good start. The congregation is conducting a drive to build a new educational building.

City recreation director Jim Jeragan got a public pat on the back from City Commissioner M. L. (Sonny) Babson at Rotary meeting. Jim has a six or seven day week, 12 or 14 hour a day job and he's really working hard. We are lucky to have him.

Mayor Jimmy Crapps is "doing alright," according to reports from City Hall, but is expected to be in the hospital for a couple more weeks. He's still not allowed to have visitors but that doesn't stop the mail from going through.

The opening of Pinehurst Park playground and ball field area at 24th Street and Chase Avenue gives the city five lighted baseball diamonds for the use of city youth and adult leagues. The present park used to be a big hole in the ground, then it was a sanitary land fill, now it's a pleasant 10-acre park. This is good planning, making something out of nothing.

**Students Attack**  
BEIRUT, Lebanon (UPI)—A mob of 10,000 students attacked and burned part of the West German Embassy in Baghdad, Iraq today in protest against Hunn's impending recognition of Israel.

Baghdad Radio and reports from Bonn said the students burned two floors of the embassy and desecrated the West German flag.

George Dabbs, principal of Bear Lake Elementary School, is the unopposed candidate for president-elect of the Florida Education Association at its state convention in Jacksonville Thursday through Saturday.

Seminole County school children will enjoy a two-day holiday Thursday and Friday while their teachers attend the state meet.

Dabbs has been principal for eight years and was a classroom teacher for 13 years. He holds a BS degree from the University of Chicago and an MS from Western Kentucky. He presently is working on an advanced degree at the University of Florida.

He is presently FEA director of district 5 and is past president of the area 7 FEA, DeSoto County Education Association, Seminole County Education Association and Administrators Association. He also is a member of NEA, FEA, DESP, NSPRA, NCTM, all education associations.

Mrs. Mary Grooms, president of the Seminole County Education Association, and 45 other delegates will represent Seminole County educators at the three-day convention. Nearly 10,000 teachers and school officials are expected to be in attendance.

Delegates will vote on school legislative proposals and choose a president-elect and vice president.

Gov. Haydon Burns will be one of the large number of speakers scheduled at the convention.

**Area Planning Gets Cash Boost**  
A comprehensive development plan for Seminole and Orange counties was given a financial boost today by the U. S. Housing and Home Finance Agency.

U. S. Rep. A. S. Herlong Jr. in a telegram from Washington, advised the Sanford Herald that the HHEA has approved a grant of \$31,000 to the East Central Florida Regional Planning Council to help finance the preparation of the plan for the Orlando metropolitan area, which includes Seminole and Orange counties.

The grant is supplemented by \$15,000 in funds from the two counties to the planning council.

The plan will cover all sub-sectors coming under long range development of the two counties. Urban renewal, improvement of highways, water traffic, recreation, airports, etc.

**Cocoon Found Dead In County**  
The Seminole County sheriff's department today is trying to find relatives of a dead man identified as Russell Holt Brown, whose body was found in an automobile mired in sand west of Bear Lake.

A driver's license gave the man's address as P. O. Box 1012, Five Points Station, Co. 4. It listed his age as 34.

Deputy J. Q. (Slim) Gallo said the man apparently attempted to dig his car out of the sand and had died from possible exhaustion. The body was found on a sand road off Lineal Beach Drive.

**By Paul Brookshire (Last of a Series)**  
The value of the economy of Seminole County could be increased by \$6.8 million annually if the Port of Sanford comes into being and handles the cargo it is expected to.

In addition, the annual shipping savings to the area would amount to an estimated \$1.8 million annually at the end of a five-year period if cargo in the amount of 500,000 to 550,000 tons passes through the port.

GEORGE DABBS

## news... BRIEFS

**Drugs Found**  
MARIANNA (UPI)—The FBI said today that sheriff's deputies stopped a car with \$75,000 worth of marijuana in it Saturday and arrested the 18-year-old driver.

**Cease Fire**  
LONDON (UPI)—Soviet Foreign Minister Andrei Gromyko arrived in London today to begin four days of talks with British officials who want to discuss a possible cease-fire in Viet Nam.

**Voters Sign**  
CAMDEN, Ala. (UPI)—Wilcox County tentatively registered its first Negro voters Monday. The group of at least 12 persons consisted largely of well-educated school teachers.

**Guerrillas Slain**  
KUALA LUMPUR, Malaysia (UPI)—Malaysian forces have broken the back of Indonesian latest attempt to infiltrate the mainland by killing 13 guerrillas in a single week of bloody fighting.

**Contempt**  
TOKYO (UPI)—Communist China lodged a protest on the Soviet Union today by publishing newspaper pictures of Russian troops detaining the U. S. Embassy in Moscow from Asian demonstrators.

**Traffic Study**  
COVINGTON, La. (UPI)—Special proposals designed to cut the number of traffic deaths in South Florida resulting from cars plunging into canals will be aired here Wednesday.

**Suspect Held**  
NEW YORK (UPI)—A man wanted in Chicago on charges of running down a service station attendant when he refused to extend gas credit was wounded and captured in a police dragnet Monday night.

**Ag. Factory?**  
CHICAGO (UPI)—The National Farmers Union today considered a policy statement saying a central issue in agriculture is whether we will be able to maintain our family farm pattern or go down the road toward factory agriculture.

**TAX RELIEF**  
JACKSONVILLE (UPI)—The aged and disabled will get tax relief from the 1965 legislature, state Sen. John E. Mathews Jr. predicted.

In a report today told the Seminole County Chamber of Commerce.

Use of the waterways and Port of Sanford facilities would result in an estimated savings of \$134 per ton for general cargo to \$231 per ton savings on dry bulk cargo.

Passage of one ton of general cargo over the marine facilities at Jacksonville adds \$10.21 to the economy of that area, according to the Jacksonville Seafarers. This yard stick is used to determine what impact the Port of Sanford would have on the Sanford-Seminole economy.

Of the 550,000 tons of cargo available to pass through the marine terminal facility

## Solon Peeved Over Claims On Eldercare

WASHINGTON (UPI)—Rep. A. S. Herlong Jr. (Democrat from the Fifth Florida Congressional district, including Seminole County) is a co-sponsor of the American Medical Association's health care bill, accused the AMA today of putting out "misleading" information about the measure.

Herlong said the so-called "Eldercare" bill does not provide the coverage which the AMA claims in its television and newspaper advertising.

"For them to give the impression it provides complete coverage is not so," he said in an interview. "It just makes it available for the states to provide if they want to."

The AMA's plan proposes a medical care program for needy persons aged 65 and over. It would be set up by the individual states and financed through federal and state grants.

In its recent advertising campaign the AMA has claimed that the program provides much greater benefits than the old insurance plan under Social Security.

Herlong was especially peeved at a newspaper article in the Tampa Tribune, the Florida county (UPI) Medical Society which some are afraid to hire.

The advertisement in the Tribune would provide a "complete" coverage for the elderly, and "low cost" for the poor, and "high quality" care for the middle class.

It was similar to AMA advertising on television and in other publications.

Herlong said it oversteered the case.

"You know and I know that it doesn't do these things," he said. "It's misleading."

The Florida Democrat said that the scope of Eldercare would depend on each state's individual inclinations. He said the individual states would determine benefits and eligibility.

Herlong and Rep. Thomas B. Curtis (R-Mo.), co-sponsor of the AMA Eldercare bill, the Florida Congressman said he still was convinced that Eldercare was better than the administration's Social Security program sometimes known as "Medicare."

"COME AND GET 'EM," says Deputy Sally Lapsley of Tax Collector Troy Ray's office Saturday as the deadline for obtaining 1965 automobile license tags and, says Ray, no extension will be granted. (Herald Photo)

## Gemini Flight Delayed

CAPE CANAVERAL, Fla. (UPI)—The Gemini 11 mission by space agency today was delayed a week because of a technical problem with the Agena target vehicle. The Agena, which is to be launched on the Gemini 11 mission, is scheduled to be launched on March 22, but the launch is being postponed until March 29.

The delay is being caused by a problem with the Agena's attitude control system. The Agena is a two-stage rocket that carries the Gemini spacecraft and is used to simulate a lunar landing.

The Gemini 11 mission is the second of two Gemini flights planned for this year. The first Gemini flight, Gemini 10, was launched on March 8.

The Gemini 11 mission is scheduled to be launched on March 22, but the launch is being postponed until March 29.

## Heart Fund Nears Goal Of \$8,000

Seminole County Heart Sunday chairmen have reported a combined total of \$7,339 collected in the current Heart Fund drive with more income expected. Goal for the year is \$8,000.

Reports were made at a meeting of the Seminole-DeBary Heart Division with the three Heart Sunday areas running neck-and-neck in a "friendly rivalry."

The DeBary division, under the chairmanship of Mrs. Teena Arno, reported \$1,979.

Sanford area, under Mrs. George Miles, \$3,088 — this includes the Negro division under the leadership of Mrs. Nathaniel Bentley; South Seminole division, directed by Mrs. Elizabeth Thomas, reported \$1,968.

Memorial gifts, special events and special gifts added to the total. Still to be added are receipts from the annual Melodee skate show.

Heart benefit, scheduled for 7 p.m. Sunday at the rink. At that time, the Cinderella Queen of Hearts will be named.

In other business, Dr. Maria Perez, presiding in place of Dr. Luis Perez, appointed Mrs. Arman chairman of the awards tea which will be held in DeBary in April.

Mrs. Thomas, Mrs. Arno and Dr. Maria Perez were elected as delegates to the pilot regional division meeting in the Civic Center March 27.

Attending will be delegates from Brevard and Volusia counties as well as Florida Heart Association state officials.

**North Orlando Voting Today**  
North Orlando voters are going to the polls today to elect four members of the village council, three for two-year terms and one for a one-year fill-in term.

Voting is by machine at the village office and polls will be open until 7 p.m. Candidates are Charles E. Rowell, group one; Lloyd Brown, group three; Donald L. Wilcox and George T. Fuller, group four (one year), and Jay A. Wetz, group five.

There are 101 residents registered to vote in this election. An early morning check revealed that 11 had voted before 9 o'clock.

## LBJ Urges Voting Right For Citizens

WASHINGTON (UPI)—President Johnson today swung the full weight of the federal government behind a drive to make good the promise of equality—unkept for a century—given the American Negro.

Congress was poised for swift action on the President's proposals.

Senate leaders of both parties met with Atty. Gen. Nicholas Katzenbach to smooth out the final version of the voting rights legislation Johnson sought.

The House Judiciary committee had scheduled hearings even before the Chief Executive's call.

In an often eloquent address before an extraordinary joint session of Congress Monday night, Johnson told the lawmakers and the nation that "the time of justice has now come. No force can hold it back."

Then, citing the words of the song which has echoed through numberless skirmishes in the long civil rights battle, he said that all Americans — not just Negroes — must overcome "the crippling legacy of bigotry and injustice. And we shall overcome."

**URGES CONGRESS**  
Johnson urged Congress to work day, night and weekends to pass a voting rights bill which would guarantee "the dignity of man and the destiny of democracy."

"For outside this chamber," he said, "is the outraged conscience of a nation—the grave concern of many nations—and the harsh judgment of history on our acts."

The President's words were aimed not only at Congress but at the millions of his countrymen watching on television. In solemn tones he told them:

**TURNING POINT**  
"At times history and fate at a single time in a single place to shape a turning point in man's unending search for freedom. So it was at Lexington and Concord. So it was a century ago at Appomattox. So it was last week in Selma, Alabama."

"There, long suffering men and women peacefully protested the denial of their rights as Americans. Many were brutally assaulted. One good man—a man of God—was killed."

"There is no cause for pride in what happened in Selma."

"There is no cause of self-satisfaction in the long denial of equal rights of millions of Americans."

"But there is cause for hope and for faith in our democracy in what is happening here tonight."

"For the cries of pain, the hymns and protests of oppressed people, have summoned into convocation all the majesty of the government of the greatest nation on earth. Our mission is at once the oldest and most basic of this country: To right wrong, to do justice, to serve man."

# \$6.8 Million Income Seen With Port

Sanford at the end of a five-year period, approximately 350,000 tons can be classed as general cargo and 220,000 tons can be classed as bulk cargo.

If these cargos can be obtained for shipment through the terminal, the value of the economy of Seminole County would be increased by \$5.6 million due to general cargo and \$1.2 million due to movements of bulk cargo. Thus, the figure of \$6.8 million is determined.

An annual payroll value due to cargo moving through the marine terminal would be \$3.4 million, according to the Lockwood Greene study.

What would be the actual income of the marine terminal facility itself?

Approximately \$242 per ton is paid to port terminals for warehousing, handling and loading and unloading general cargo. Using this figure and others as a base, it is estimated that the profit for the port facility in five years would be \$250,000 annually.

The foregoing would be the direct benefits from the Port of Sanford. But the expected location of new industries because of the large facilities could mean millions more to the economy. "New industry certainly could be attracted by a port terminal at Sanford," the engineers state flatly.

The fact that large terminal facilities do have the ability to attract industry can well be pointed out by the three recent large terminals constructed in Georgia.

They are at Bainbridge, Augusta and Columbus. The average age of the terminals is less than five years, yet six new, sizable industries have located in Bainbridge and Augusta as a result of the construction of the large terminal facility.

At Columbus, where the terminal is less than two years old, three new industries have located there as a result.

The Seminole County Chamber of Commerce was told that a Port of Sanford probably will be more important as a vehicle to further expand the commerce of the area than to serve existing commerce.

A substantial gain in the number of new industrial plants in the tributary area is forecast and the presence of port terminal facilities would induce industries to locate near economical water transportation.

The long-range benefits could far exceed the \$6.8 million economic shot-in-the-arm expected at the end of five years.
