

TWELVE AMERICANS START ON UNIONTOWN SPEEDWAY ---ARE PACED BY OLDFIELD

In 225-Mile Universal Trophy Races by Well Known Drivers

MURPHY IS THERE

WHO WON 500-MILE RACE AT INDIANAPOLIS AND ALSO TOMMY MILTON

(By The Associated Press) UNIONTOWN, Pa., June 17.—Paced by Barney Oldfield, twelve of America's best known automobile racing pilots will get away at 2 o'clock this afternoon on Uniontown speedway in the 225-mile universal trophy race. Jimmy Murphy, who won the 500-mile race at Indianapolis Memorial Day and who turned in the fastest lap in qualifying races here yesterday was the favorite. Murphy's time in trials was 109 miles per hour. Tommy Milton qualified at 108 miles and a battle between the two is in prospect.

COAST WISE VESSELS MAY SELL LIQUOR ON TRIPS UP COAST

(By The Associated Press) WASHINGTON, June 17.—Liquor will soon be flowing over the bars on all coastwise ships and it will be possible to get on a steamer at Jacksonville, Fla., and get on a day's trip on the way to New York if the shipping board ruling stands, according to officials here yesterday. Operations of these lines will depend upon action in installing bars on the ground that they enjoy equal privileges with the government's ships. It is said that they will continue liquor selling when vessels are outside the three-mile zone, until they are stopped either by congress or a decision of the supreme court.

Confusion within the administration over the sale of liquor by American ships, led to a general squabble yesterday between legal authorities over a mode of procedure to clear up the conflicts existing in that phase of prohibition enforcement.

Attorney General Daugherty, departing from his usual custom of discussing such matters freely would not go so far as to hint at what the department of justice will do, if anything, to sustain the Palmer ruling which barred liquor from American ships. The attorney general said if the secretary of the treasury requests him to review the Palmer opinion rendered before Daugherty took office, but which remains as the official view of the department he will go into the matter carefully.

If the shipping board ruling stands it then will be necessary for Revenue Commissioner Blair and Prohibition Commissioner Haynes to rescind a number of orders now in force for the guidance of enforcement officers.

The shipping board decision has left enforcement authorities much perturbed. Six months would elapse before a test case involving the new issue could be decided by the supreme court.

Sister is The King Among Ball Players First in Everything

Batting, Runs Scored, Total Hits, First Total Bases, Triples and All

(By The Associated Press) CHICAGO, June 17.—Writing baseball this season developed almost exclusively into writing about George Sisler, first baseman of the St. Louis Americans. Major league averages released today including games of Wednesday show Sisler not only leads American League but his figures in most cases are better than those of any other leaguer. He is first in batting in either league with .433. First in runs scored in either league, first in total hits either league, first in total bases either league, first in triples either league, first in stolen bases either league, first in either league to make 100 hits this season; close to top in doubles and home runs in the American League.

For quick results, try a want ad.

INTERVENTION BY AMERICA FOR CUBA

IS ALL THAT WILL SAVE THAT COUNTRY FROM BANKRUPTCY

(By The Associated Press) WASHINGTON, June 16.—United States intervention in Cuba July 1 looms as a probability, according to political observers here.

Nothing else can save her from the slough of financial chaos in which she is engulfed, it is believed.

Conditions reached a climax with the recent resignation of Sebastian Gelabert, secretary of the treasury, with the declaration that Cuba cannot avoid bankruptcy.

Gen. Enoch H. Crowder, special commissioner to the island republic from his country, has long been working on the problem of Cuban finances; but his measures to save the country have been blocked by a dilatory and self-seeking Cuban congress.

In the last election, held in 1920, Dr. A. Zejans, conservative, was declared elected. But the liberals protested the election had been won by wholesale fraud and intimidation, and General Crowder was dispatched to Cuba by President Wilson to study conditions and to confer with the Cuban president.

He found that the Zayas administration inherited a \$46,000,000 debt and that customs receipts and internal revenue had been reduced almost to the vanishing point. The government's budget was \$134,000,000. This in a country whose total population scarcely exceeds that of Philadelphia and its immediate suburbs! The amount of "graft" and waste can be judged from this.

Under General Crowder's guidance the national budget was reduced to \$64,000,000 (amid wailing of ousted holders of securities) and remedial legislation was proposed. But the Cuban congress wasted the term in passing measures designed to protect "the faithful" in various grafts.

The general state of financial affairs in Cuba can be gleaned from a few specific instances: The government has failed promptly to meet its bonded indebtedness and has fallen months behind in paying its lowest salaried employees, such as street sweepers, policemen, etc. Creditors, both foreign and domestic, cannot obtain payment of their debts.

Recently contractors refused to furnish supplies for prisons and hospitals and criminal and patients were turned out into the streets to beg or steal.

Banks have refused to honor government checks, while pawn shops, usually backed by the government officials, do a thriving business in discounting the checks at 20, 30 and 40 per cent. They know they will be able to cash them eventually.

Such conditions, brought to a head by the secretary of the treasury's resignation, make it almost impossible for this country to adhere to its "hands off" policy much longer, it is believed.

TAMPA MAN ARRESTED FOR FORGING ORDERS ON SHIPPING CONCERN

(By The Associated Press) TAMPA, June 17.—Lawrence B. Hill, former bookkeeper of a ship supply concern here, is at liberty today on a twenty-five thousand dollar bond. He was arrested yesterday by postal inspectors on a charge of forging money orders. He was also accused of taking order blanks from the firm, forging them and collecting at a local bank.

SOUTH CHINA REPUBLIC STILL FIGHTING TODAY IN PRESIDENTIAL PALACE

(By The Associated Press) PEKING, June 17.—With the body guard of Sun Yat Sen, head of the South China Republic, still fighting in the Presidential Palace at Canton, who yesterday occupied Canton, have pressed on and captured Nanton. This was reported in a Canton dispatch filed at four P. M. yesterday.

BILL DENIES ADMISSION TO AMERICA

ANY SHIPS OF ANY NATION THAT HAVE BOOZE ON BREATH

WASHINGTON, June 17.—A bill denying entrance to American ports of any ship, foreign or domestic on which liquor is sold, was introduced today by Representative Edmunds, of Pennsylvania, ranking Republican of the Merchant Marine committee which drafted the ship subsidy bill.

CONSIDERATION SHIP SUBSIDY BILL UP TODAY

JOINT SESSION WITH STEERING COMMITTEE WITH RESPECT TO TAKING IT UP

(By The Associated Press) WASHINGTON, June 17.—The Republican members of the house rules committee called into joint session today with the steering committee to discuss legislative program with respect to consideration of the ship subsidy bill. Immediately after the meeting began Chairman Campbell left, explaining he was going to the White House to confer with Harding but without indicating whether he was to convey message from leaders as to debated question concerning advisability of action at this time.

ROOSEVELT REPRIMANDS NAVY ENSIGN

(By The Associated Press) WASHINGTON, June 17.—Acting Secretary of the Navy Roosevelt yesterday officially reprimanded Ensign J. L. Olmstead, editor of the Lucky Bag, the year book of this year's graduating class at Annapolis, for "cruel and unwarranted treatment" of Leonard Kaplan, a fellow member of the class.

Secretary Roosevelt told Ensign Olmstead, whose home is in Des Moines, Ia., that he had been guilty of "an action which casts a grave doubt as to your possession of those qualifications essential to any officer in the United States Navy" and added that the "department will require from you in the future evidence of a fundamental change in your attitude toward your comrades in the service."

Others especially the associate editors of the navy the secretary asserted, undoubtedly were guilty in some measure for the affront to Kaplan which consisted in perforating the page in the year book containing his photograph and biography so that it might be removed. But, added Mr. Roosevelt, the primary responsibility rests on Ensign Olmstead.

When asked for a copy of the reprimand, Acting Secretary Roosevelt made public at the same time a statement in which he expressed the belief that no racial antipathy was behind the treatment of Kaplan.

"A most serious note in this instance at the academy," Colonel Roosevelt said in his statement to newspaper men, "was struck by the query incertain peoples minds as to whether the action had been taken because of racial reasons. Feeling as strongly as I do how un-American any such distinction as this should be, I have gone most carefully into this phase. I am happy to say that I am convinced that, had though this incident was, no such motive was behind it."

"The records of the naval academy show that in the class of 1922, nine men entered their faith as Jewish. Certain of these men were among the most popular in the class. Furthermore, a number of our prominent officers in the past, and at this time, are either Jewish or of Jewish extraction.

The traditions of our country have always been exemplified by our navy. We pride ourselves that in the service there are no distinctions of race or creed.

WEEK'S WEATHER GENERALLY FAIR EXCEPT SHOWERS

(By The Associated Press) WASHINGTON, June 17.—Generally fair except widely scattered thundershowers, with the temperature near or above normal, is the forecast for Florida, week beginning Sunday.

FIXED POLICY ASKED TODAY ON MUSCLE SHOALS

BY SENATOR UNDERWOOD OF ALABAMA DURING DISCUSSION TODAY

WASHINGTON, June 17.—Determination of fixed policy for development of Muscle Shoals was asked today by Senator Underwood, of Alabama, during a discussion in the senate of Ford's offer and propaganda campaign alleged in progress both for and against acceptance.

JUDGE BROWN HEADS THE BAR OF THE STATE

(By The Associated Press) ORLANDO, June 17.—Judge Armstead Brown, of Miami, was unanimously elected president of the Florida State Bar Association at the annual banquet here last night. Next year's convention city will be selected by the executive committee, which is expected to decide this question within the next thirty days. Invitations were extended by Jacksonville, Miami and St. Augustine.

Other officers elected are: Secretary, Herman Ulmer, Jacksonville; treasurer, P. S. May, Jacksonville; members executive committee, Judges E. P. Axtell, of Jacksonville; Charles O. Andrews, of Orlando; W. H. Ellis, of Tallahassee; O. K. Reaves, of Tampa.

Vice-presidents from each circuit follow: W. H. Watson, Pensacola; Frank Wintrop, Tallahassee; J. B. Johnson, Live Oak; Frank Jennings, Jacksonville; L. W. Duval, Ocala; J. H. Bird, Clearwater; J. J. Dickinson, Sanford; A. Z. Adkin, Stark; H. H. Wells, Chipley; J. J. Swearingen, Bartow; John Murrell, Miami; R. A. Henderson, Fort Myers; George P. Raney, Tampa; C. L. Wilson, Marianna; Fred Fee, Fort Pierce; Louis C. Massey, Orlando.

The association went on record yesterday as favoring the bill which provides for the creation of a board of examiners comprised of members of the bar of the state to pass upon the qualifications of candidates for license to practice law. Although spirited opposition was evidenced when consideration of the measure was begun at yesterday's session, the final vote, in which recommendation that the bill be enacted into law by the legislature was made, found virtually all of the members supporting it. In addition, a committee was appointed to consult with members of the house and senate at the next session of the general assembly, with respect to obtaining the bar's approval was also given the proposed constitutional amendment which provides for the appointment of an additional circuit judge in circuits having a population of more than 75,000. The amendment was brought before the association when Secretary Herman Ulmer read a telegram from the Jacksonville Bar Association explaining the need of an additional judge in Duval county.

Tribute to the lawyers of Florida who recessed his federal court at was paid by Judge Henry D. Clayton, Jacksonville yesterday morning to come to Orlando and address the association. Judge Clayton said that he had been associated with attorneys in all sections of the country and that he could truthfully state that, in his opinion, the lawyers of Jacksonville were more accurate and better informed in general matters of law than those of any other city in the country. He added that, although his acquaintance with the bar of Tampa and smaller cities in the state was less than it was with members of the Jacksonville bar, that the same institution obtained in those places. Florida lawyers, he said, because of the geographical situation of the state, had to be versed in every department of the law, equity, general, common, admiralty, etc.

He diverted from the seriousness of his discourse to say that in these times of "terrible restrictions in the law" it was comforting to know that there was still one place in the United States where a man could do most anything. That, he said, was Pablo Beach, adding that most anything could be seen there.

Papers dealing with professional matters were read before the association by Senator Louis C. Massey, of Orlando, and other distinguished attorneys.

STRIKE BALLOTS ARE READY AND INCLUDE STATIONARY OILERS, FIREMEN, OTHERS

FEDERAL JUDGE OCCUPIES MIND OF REPUBLICANS

SEVERAL FANCY THE BIG JOB BUT MAY CAUSE SPLIT IN PARTY

Florida Democrats are heartened by the appointment of a Democrat to the additional federal judgeship in the northern district of Georgia.

Florida and George were among the states to benefit by the action of congress in providing 23 new judgeships to relieve the congestion of business before federal courts.

Until the action of the president in selecting William H. Barrett, Democrat, of Augusta, to fill the Georgia post, Florida members of congress and other Democratic leaders entertained virtually no hope that a Democrat would even be considered for the additional judgeship authorized for the southern district of Florida. The southern district of Florida embraces at least two-thirds of the state in population and area, stretching from Jacksonville to Kew West and from Jacksonville to Miami. All of the state except the third congressional district, of which Pensacola is the largest city, and a part of the second district, including Gainesville, is embraced in the southern district, presided over by Judge Rhydon M. Call of Jacksonville.

Six men have been conspicuously mentioned in connection with the judgeships, all of them of Republican faith save one who was a former Indiana Republican. They are: E. P. Axtell, Jacksonville, mentioned as possible president of the Florida Bar Association; N. B. T. Pettigill, Tampa; W. M. Hunter, Tampa; Alexander Ackerman, Orlando, former district attorney southern district of Georgia, at Macon; Lake Jones, Jacksonville, attorney for the United States Shipping Board, sixth district, stretching from South Carolina to Texas, and Judge E. C. Davis, of Lake Worth. The latter, prior to his moving to Florida some years ago, is said to have been a staunch Indiana Republican, accepting Democratic politics after moving to Florida. He was appointed by Governor Hardee as circuit judge to fill the vacancy created by the resignation of Judge F. B. Donnell, who retired to practice law.

Prior to his death at Orlando some days ago, Judge J. M. Cheney, who had once before been appointed to the federal bench for the southern district of Florida upon the retirement of Judge Locke during the Taft administration, but who failed, confirmation before the Wilson administration came in, was also mentioned.

The president has communicated to Senator Duncan U. Fletcher his intention not to appoint to the judgeship any man who is beyond 60 years of age. This would have eliminated Judge Cheney had he lived, it is believed.

In view of the fact that it was figured that no Democrat would have a chance for the appointment, no Democrat aside from Judge Davis of Lake Worth has been mentioned. It is said that the Republican leaders of the state do not look with much favor upon the appointment of an old-line or straight-out Democrat if a Republican cannot be determined upon.

The bill creating the additional judgeships passed both houses of congress and has been signed by the president, and it is expected that the chief executive will soon make known his decision as to the Florida situation.—Jacksonville Journal.

Now we can talk to you about that Sunday dinner because the weather is just right. It is Sunday you know and you want to go to church and then take a trip to the country and you don't want to get either yourself or your wife fussed up about dinner. Go to the Seminole Cafe and get one cheaper than you can cook it and cooked and served just right. See us tomorrow. The favorite eating place in Sanford. 71-1tc

Signalmen Will Decide Whether to Strike or Not Soon

IN MAILS TODAY

FOLLOWS DECISION OF RAILROAD BOARD LAST NIGHT TO CUT ALL WAGES OF UNIONS

(By The Associated Press) CINCINNATI, June 17.—

Strike ballots to stationary firemen and oilers and instructions to general committee of signalmen to decide whether to take a strike vote, will be in the mails by tonight following the decision of the Railroad Labor Board last night in cutting wages of members of those unions. Clerks and station employes will not take a general strike vote, E. H. Fitzgerald, grand president of that brotherhood announced today.

The chiefs of miners and railroad unions agreed to hold a meeting Tuesday night to discuss the joint strike order.

CHICAGO, June 17.—Pruning nearly \$27,000,000 from the annual payroll of 325,000 railway employes by cutting clerks, signalmen and stationary firemen from two to six cents an hour, the United States Railroad Labor Board yesterday, announced another wage slash, bringing the total reduction under the board's orders up to \$135,000,000 beginning July 1.

Clerks were cut 3 and 4 cents an hour, according to classification, signalmen 5 cents and firemen 2 cents.

Approximately 1,200,000 railway employes will share the total reduction which has brought vigorous protest from every union organization involved and is expected to result in a strike vote of ten railway labor bodies. The voting already is under way in seven unions.

A dissenting opinion, protesting against any reduction, was included in the decision. It was signed by Arthur O. Wharton and Albert Phillips, both labor members, W. L. McMenimen, the third member, is in the east on an investigation trip for the board.

Definite recognition of a "living wage" and "saving wage" was made for the first time by the board in yesterday's decision. Although abnormal post war conditions were pointed out as obstructions to fixing any scientific living or saving wages at present, the board declared that as soon as this condition cleared away it would "give increased consideration to all the intricate details incident to the scientific adjustment" of such a wage.

The bulk of those hit by the new cut will be 200,000 clerks and 100,000 station employes. Telephone girls who, the board declared, have suffered from disproportionate increases and decreases, are given a minimum wage of \$85 a month.

Signalmen helpers suffer a six cents slash. Signal foremen, assistant foremen and inspectors, however, escaped with no reduction.

The 5,000 train dispatchers also escaped a cut.

Stationary engineers, firemen and oilers, numbering 10,000 were reduced two cents an hour. A decision covering 75,000 telegraphers will be issued by the board later.

Dining car employes and the culinary workers on the ferries in San Francisco bay will continue to get their present pay.

Marine workers' wages were untouched.

Figures in the decision showed that clerks will receive, under the new scale, an average of 58.5 cents an hour compared with 34.5 cents in December, 1917, when the government took over the railroads.

Jet firemen and oilers have received an increase from 21.8 cents an hour in 1917 to 49.6 cents July 1.

SON MUST SUPPORT HIS FATHER OR ELSE HE GOES TO COURT

(By The Associated Press) NEWPORT NEWS, June 17.—S. Rubin, 87, brought suit in domestic relations court at Norfolk, asking that his son H. J. Rubin, merchant of this city, be compelled to support him.

FIRST BAPTIST SUNDAY SCHOOL CHANGES THE HOUR FOR ASSEMBLY

At a meeting of the superintendents of the departments and the presidents of the organized classes of the First Baptist Sunday School held Monday evening in the office of the church it was unanimously agreed to change the hour of assembly.

The school will open at 9:30 with the various departments conducting departmental exercises. The departments will be called at 10:20 and will assemble in the main auditorium of the church at 1:25. This change will be observed Sunday morning.

The attention of the entire church is called to the training program for the young people. Last Sunday evening a Junior Baptist Young People's Union was organized for the young people from nine to twelve years of age. An Intermediate Union was organized for those from thirteen to sixteen. Courses of study designed to produce efficiency in Christian work will be entered into next Sunday evening. All the young people of the church included in these ages should be present, and begin these valuable courses of study. It is quite probable that the Senior B. Y. P. U. will begin at once the most advanced course of study offered to the training department of the church.

PERSONALS

Nice Florida weather again.

Soon be time for the summer vacation.

Mrs. Harry Ward was over for a short visit from Daytona Beach where they are spending the summer.

George McLaughlin and A. S. Hayes of Orlando were in the city last night going out to Phillips Casino and meeting many friends.

D. G. Wagner, the popular insurance agent of Kissimmee is in the city on business and shaking hands with his many old Sanford friends.

Mr. and Mrs. Hawkins Connelly have returned from their bridal tour down the East Coast and will go to housekeeping in their new home on south Park avenue.

Many Sanford folks attended the dance at Phillips Casino at Lake Mary last night and enjoyed the occasion very much. Phillips Casino is becoming one of the most popular places in the state.

Bandmaster Ball announces that the band will play Saturday night concerts down town for the benefit of the merchants starting in next week. This will be fine and will attract many people to Sanford Saturday nights.

Mrs. R. K. Gore and two children returned from Daytona this morning where they have been visiting for the past week. Mrs. Jerome Eastham and two little daughters, returned home with her and will visit here for several days.

The big Sanford Weekly Herald left the press today and it contained ten pages filled with news and advertising and will circulate over this and adjoining counties and in many states in the union. The Weekly Herald is growing more popular every week with subscribers and advertisers.

Better weather approaches. Big day today—regular trading day for Sanford.

Hope the land plays tonight on the street. There is nothing like music.

Every boy and girl in Sanford should see the play at the Princess, "Over the Hill." It is certainly true to life.

Harvard University will draw the color line more strongly in the future. It is only a question of time when all the big universities of the north will segregate the races.

The grand master of the massive order in Massachusetts has given out an order in which he says that the Ku Klux Klan is not supported by the Masonic order.

There is no excuse for gasoline prices and they should be investigated by the government and if the trouble is found the whole push from old man John down the line should be put in jail.

The naval academy at Annapolis has another "flare up" this time over the actions of the 1922 class in keeping the names of one of the few members out of the year book.

Early marriages have been often held up as one cause of divorce. Now a Chicago judge who has heard 6,500 divorces cases in two years urges early marriage as the best way for young people to avoid the causes which lead to separations and wrecked homes.

ish. They want things their own way. When things go wrong they rush into the divorce court. They won't give in and the future of their children does not concern them.

And the worst of it lies in that so many appear to regard a marriage failure as a rather epic episode, as something scarier to be regretted since it can be soon mended by another marriage. A marriage failure is by no means commendable than any other kind of a failure.—Florida Post.

Who paid for the auto? A traveling salesman of our acquaintance bought an automobile last year to enable him to make better connections. It cost him approximately \$1,000. In six months it helped him increase business so that his extra commissions amounted to over \$1,000.

Who pays for the advertising? Not the buying public, for it gets better service in the way of getting information at the same price.

When the weather is hot does it make it seem easier to talk about the heat? This is one of the great American ideas, this weather talk. It is either too hot or too cold, too dry or too wet for the average American and people in Europe where they have all kinds and brands of weather.

It should be remembered here that the matter which is allowed the 500 bonus originally paid to a soldier will be deducted from him.

Passing up the cash payment plan for the reason that very few soldiers saw as little as fifty days of service there is spread out an elaborate plan of an insurance policy.

What a pity it is that the railroad companies cannot be humane enough to make a freight rate on northern shipments of food stuffs that would enable the Florida growers to dispose of their product and at the same time put into the hands of a hungry world the things that are going to waste in the fields down here!

What is the bonus bill? The bonus bill seems to be the football of fate and it is kicked round the lot in the senate and house of representatives about like a football is kicked around the field and everyone takes a kick at it in passing.

DEANE TURNER GROCERIES. CERTO (Sarfajell). Old Method: 15 minutes boiling of meat...

MICKIE SAYS

SOME BUSINESS MEN THINK CIRCULAR LETTERS ARE GREAT DOPE, BUT THE LIVE MERCHANT ANY USIN' 'EM MUCH AIN' NOSE, PREFERING TO BUY HIS WARE TO THE PAPERS, WHERE IT CAN BE THROWN AWAY USELESS!

It must have been a terrific surprise when the judge said "two years in the penitentiary." It has been the custom heretofore to accept the statement, "I am sorry; I didn't mean to do it," and let the guilty off with a reprimand or a fine.

Jail sentences for speeding and prison terms for automobile murder will put a stop to the killing of men, women and children on the streets of American cities.

Florida's damnable railroad freight rates almost make for anarchy. Gilbert Leach in the last issue of the Leasburg Commercial tells of paying \$2.25 freight charge on 100 pounds of self-baked nonbreakable articles.

Just one recourse, Gilbert. Join the St. Johns river gang and get their water rates and ship all your stuff by water.

Have you read the want ads today? Distance makes no difference; we are ready for the long, as well as the short trips. Call 498 for a Quick Service Transfer.

You might get as good but you won't find any better loaf than O. K. Butter-Crust and Poinsettie Butter-Split Bread. If you haven't tried it, a treat has been missed. Try others, then eat O. K. BREAD made with milk and pure shortening.

Let Billy Hoffman tell you about Radio; it don't cost anything. 60-61c

NEWSPAPER MEN ALWAYS KEEP THEIR WORD. Judge Willis Vickery, a veteran member of the Ohio bench, addressing a law school graduating class on "legal ethics," held up the newspaper profession as a model of faithfulness.

NEWSPAPER MEN ALWAYS KEEP THEIR WORD

Judge Willis Vickery, a veteran member of the Ohio bench, addressing a law school graduating class on "legal ethics," held up the newspaper profession as a model of faithfulness.

One of the most curious misapprehensions about newspaper work is the notion that a reporter or editor tells all he knows. If newspapers did that it might flow the roof off most any town.—Tampa Tribune.

Let's Boost Our Town!

BUILDING IS INCREASING

According to the St. Augustine Record, "building in the Ancient City in May reached the value of \$30,000. The Record gives particulars of the many permits issued by the building department, and remarks that the list included two very substantial business buildings."

During the summer the fish seeking the waters of the ocean beach at Lake Worth make fine sport for those who

enjoy fishing. Just now mackerel, sea trout and a great variety of edible sea fish are to be caught in abundance. And the skilled fisherman has the chance to match wits with the game sailfish and tarpon. Two were caught last week off the bridge.

Another bridge across the Indian river will be built at Quay, to be paid for with money from a bond issue recently voted by progressive people in the Quay section. Many wonderful developments are under way in the Indian river country. Travelers on their way to and from Miami should give themselves the pleasure of spending some time in that exceptionally pretty part of Florida.

"Two new business buildings have

been started on Brickell avenue," remarks the Fort Lauderdale Herald. Contracts have been awarded for the construction of places for S. H. Bullivan and W. C. Walters, and they will be occupied as soon as completed. The buildings are planned for a single story at present, but will be constructed so that an additional floor may be put on when needed. The location is in the business section, and the buildings will be substantial and attractive.

Work on the county bridge across Elbow creek at Eau Gallie is progressing nicely now. The retaining walls on the south side are finished and work begun on the retaining walls at the north end. The fill at the south end is connected up with the bridge, and the top of the bridge is nearly finished ready to begin on the fill at the north end. With a very little more work the south end of the old wooden structure could be connected to the fill of the south side, and cars pass over the old bridge and do away with the ferry.

The Fort Lauderdale Herald says that the ocean outlet will probably be completed within twelve months, and that "many and various are to be the benefits. Boats for business and pleasure will be able to go out and come in without having to study the tides." The Herald adds that besides supplying food fish for Broward county, "there will be the old-time industry of shipping fish in carloads. Many more varieties and larger quantities than when the boats came almost daily from Lake Okechobee with many tons. Those who may be engaged in the industry need have no fear again of ice shortage and consequent loss of fish, since the ice plant can now produce more than three times the capacity of two years ago."

In Miami the work of building new houses, apartments and business blocks goes merrily on. The Metropolitan a few days ago said: "Permits for two apartment houses having a total cost of \$180,000 were issued last Thursday by the city building inspector. The larger permit was for the Granada apartments, in Fort Dallas Park, which will cost about \$100,000, and the other was for an apartment house on Northwest Twelfth street, which will cost about \$80,000." The Metropolitan adds that preliminary work has started looking to the putting on of the big addition to the McAllister hotel. The month of June promises great things in the way of building in Miami, and the people are much pleased with the outlook.

A meeting of growers to discuss citrus problems will be held in Lake Wales June 20, at 3 p. m. in the theatre and 7 p. m. in the school auditorium. The meeting is under the direction of the co-operative extension work in agriculture and home economics of the U. S. department of agriculture with the state and Polk county co-operative. County Agent Wm. Gomme will be in charge.

The Lakeland Star a few days ago printed a special high school section and gave the pictures of the forty seniors who have just received their diplomas and several other pictures, showing the school building and some of the faculty. The past season appears to have been most successful, and the array of attractive young women and clever looking young men who have completed the course of study prescribed would do credit to any place.

Okeechobee News says that "The Magill Telephone Company is building a line from Moore Haven to South Bay, where it will connect with a new line just put in operation from Palm Beach and Fort Myers, making long distance connections at each end, thus connecting up with the outside world. The extension of the telephone into the Everglades has been a matter of

making the section desirable." Putting the people of that fine section into talking distance with each other and the country generally, is something that will add greatly to the population of the state.

"The Lake County Telephone Company has installed a new 150-line switchboard in its Umatilla office," says the Exponent, "and this is expected to make great improvement in the service." The newspaper adds that the company has lately completed the rebuilding of the local lines—replacing much of the former open wire with cables, and is now arranging to rebuild the line between Umatilla and Eustis. The toll line service will also be improved. These changes and additions to equipment will be greatly appreciated by the people of Umatilla and vicinity. The telephone has come to be regarded as a necessity, and its

service is always appreciated when needed.

HIS FRIEND RECOMMENDED THEM

"Six years ago," writes W. H. Shadwell, Stanley, Va., "I had kidney trouble, and at times was unable to raise myself in bed. Foley Kidney Pills were recommended to me by the Chief of the Fire Department. After using 3 bottles I was completely relieved and have never had a return of the symptoms." Why suffer when you can get relief from rheumatic pains, backache, swollen, sore and stiff joints, sleep disturbing bladder weakness and other symptoms of disordered kidneys? Sold everywhere.—Adv.

SOCIAL CALENDAR
Monday—St. Agnes Guild at Lake
Mary, from two to six-thirty P. M.
Tuesday—Mrs. Robert Merrivether
will entertain the members of the
Pipe Organ Club at her home on
West First Street.

The G. F. S. under the patronage
of Mrs. Allan H. Stone gives a Food
Sale at Mr. Deane Turner's today.

Mrs. R. J. Holly, Miss Costello and
R. S. Holly motored to Orlando yester-
day combining business and pleas-
ure.

Mrs. J. N. Tolar and little son
Ralph and Mrs. Robert Hines were
spending this week at Daytona
Beach, at the Key Cottage.

News has reached here of the
drowning at Coronado Beach of Hen-
rietta Fairweather who spent the
winter in Sanford, two years ago.

Mrs. Shinholer, Sr., accompanied by
her son Mrs. S. O. Shinholer has
left for Milledgeville, Ga., to be with
her daughter, Mrs. Miller for the
summer.

Miss Pearl Marquette, who for
more than two months has been the
guest of her sisters, Mrs. C. H. Smith
and Mrs. F. R. Mitchell left yesterday
for her home in Newark, N. J.

Wm. A. Fitts, Jr., and Lyle Tapp
spent two days at the guest of Mrs.
Newell at Longwood, enjoying some
of the less frequented lakes there—
abouts hoping for a good strike of
big fish.

Mrs. L. M. Telford and children
leave tomorrow for Lipp Oak, where
they will spend a short time before
going to Savannah, Ga., they will
also visit in Georgetown, S. C. while
away.

Mr. and Mrs. J. S. ("Pop and
Aunt") leave today for Daytona
Beach where they will spend the sum-
mer at the Brisson home. They will
have as their week-end guests, Mr.
and Mrs. John C. Smith and son Wil-
son.

ST. AGNES GUILD PICNIC
All members of St. Agnes Guild
are invited to attend the picnic
Monday at Lake Mary. The members are
requested to meet at Mrs. C. H.
Hann's residence on Park avenue
promptly at two o'clock and bring
their cars.

LOVELY HIDGE PARTY
A pretty compliment to her house-
guests, Misses Anna Lou Huff and
Wynette Manning of Atlanta, Ga.,
and Mrs. Hawkins Connelly a recent
bride, was the hosts at the bridge
party given yesterday afternoon by
Mrs. Ben Fowell at her attractive
new home on Magnolia avenue. There
were four tables of players and the
guests included the members of the
Bon Ton Bridge Club.

Quantities of daisies, dahlias and
roses were artistically arranged in
the rooms and the parlor where the
card tables were placed.
The prize for high score—a cut
glass dish, was won by Mrs. Ed
Belts, while Mrs. Connelly was pre-
sented also a cut glass dish. Misses
Huff and Manning were given dainty
made handkerchiefs.

At the conclusion of the card game
the hostess served a delicious salad
course followed by an ice course.
Among those invited to meet these
charming housewives were: Mrs. J. D.
Woodruff, Mrs. Ed Belts, Mrs. Fred
Wight, Miss Esther Miller, Mrs. C. R.
Kirtley, Mrs. Dick Brown, Mrs. Brax-
ton Baggett, Miss Glenna Lake, Miss
Lettie Caldwell, Miss Sheppard of
Lakeland, Miss Ethel Penn of Dou-
glas, Ga., Miss Louisa De Cottes of
Jacksonville and Mrs. Hugh Carter
Polk of Winston-Salem, N. C.

BIRTHDAY THEATRE PARTY
Little Miss Ellen Telford enter-
tained a number of her young friends
most delightfully at a Theatre party
at the Princess yesterday afternoon
in celebration of her birthday.
After the young folks had enjoyed
the picture "Over the Hill" they were
taken by their young hostess to the
ice cream parlor where cooling re-
freshments were served. After re-
freshments, the young people went to
the home of the hostess where games
and contests were played until dark.
Ellen proved herself a charming
little hostess, and was the recipient
of many lovely gifts. Her guests
yesterday were R. E. Griffin, Julia
Higgins, Dorothea Lawson, Maria
Moye, Little Wight and L. M. The-
ford, Jr.

OUR SATURDAY
NIGHT SERMON

As the close of another week ap-
proaches it is well to lay aside busi-
ness cares and worries, to lay aside
the thoughts of the joy ride on Sun-
day and other amusements and take
stock of ourselves. The week has
been a quiet one in spots, it has had
its share of trials and tribulations and
sorrows and joys scattered through
the check-board of life as usual.
But in looking over the list of casu-
alties we can always see if we look
close enough that the joys predomi-
nate, we can always look around us
and note that we are rather well off
considering all things. We can al-
ways see that some other fellow is
having a larger automobile and a larger
bank account than we possess.
It is not riches or fine raiment or
even fine luzz wagons that make for
the greatest peace and prosperity in
life. To our mind the greatest joy in
life is being satisfied with what we
have, to be busy doing big things in
life, to overlook the small things, and
look higher instead of lower. The
coming of Sunday should give us that
peace of mind that comes with a week
of well doing. It is certainly a fine
feeling when one can lie down at night
with no thought of yesterday or to-
morrow and with the feeling that the
Lord will take care of us.
The ravens are not feeding the
slacker or the idler. We have work
to do with our hands and our brains
and bread is not growing on the bread
fruit trees in Florida. It is impossible
to lay under the palm trees and have
the luxuries piled into your lap. It
takes labor and worries and vexa-
tions and sinew and backbone to get
by these days and the man who shirks
in his labors or in his duty toward his
fellowman will be found wanting in
the battle of life.

Who, who are living in the greatest
country in the world—especially here
in Sanford are blessed beyond all
dreams of the most optimistic. We
have so much for which to be thank-
ful—so much that we are prone to
make light of life and the Giver of all
Things. We are apt to forget that
one day in the week is His in part at
least and that our greatest duty in
life is to remember the Sabbath day
to keep it holy.

This does not mean that we are to
go to church all day and do nothing
else. It does not mean that we are to
be cloistered in the churches only.
It does not mean that we are to read
the Bible all day and do nothing else.
In its broad sense it means to go to
Sunday school and church and to re-
member that it is a holy day in all
respects and we are to do nothing that
will break the holy precepts of the
Bible. This is a matter which you
and your conscience will have to de-
cide. And your conscience is really
your mentor, your guide, your set of
rules in your conduct on Sunday and
every day in the week.

Remember the Sabbath Day and
keep it Holy.
The weather is something to con-
sider when you ask your wife to cook
up a big Sunday dinner. Let the
Seminole Cafe solve your Sunday
dinner difficulties. They have the
best of chicken and turkey dinners
for Sunday at very reasonable prices.
You can't beat it anywhere. 71-1tc

on "Not Now, But Night."
Epworth League 7:00 P. M.
At 8:00 P. M., Dr. Walker will
preach on "Ye Would Not."

HARVARD NOW
DRAWS COLOR LINE
(By The Associated Press)
CAMBRIDGE, Mass., June 17.—
Harvard university officials declined
yesterday to comment on the letter to
A. Lawrence Lowell by an alumni
committee in which surprise was ex-
pressed "that the long tradition of
the college as regards negroes has
been broken and a color line drawn
in the freshman dormitories."
Copies of the letter became public
last night, together with a petition
drafted by a committee of seven Har-
vard graduates that asserts that the
university is conducting a "Jim
Crow" policy in order that the men
from the south should not be com-
pelled to "room or eat with the col-
ored men." The petition is being
sent to Harvard alumni throughout
the country.
Officials at the university said they
preferred not to comment on the ac-
tion of the alumni until they had
time to study the petition.

The Seminole County Bank
STRENGTH—PROGRESS—SERVICE

County Fee Bill
Started on Way
To Supreme Court

TALLAHASSEE, June 16.—The act
of the 1921 legislature providing the
remuneration of county officers, who
work on the fee basis was started on
its way to the supreme court Thurs-
day for the purpose of determining its
validity.

Attorney General Buford filed be-
fore the court a petition for a writ of
mandamus to compel Ben Sheppard,
clerk of the circuit court for Dale
county, to file a statement showing
the amount of fees collected by him
during the first quarter of the year.
Filing of the statement is called for
when \$5,000 in net revenues has ac-
cumulated.

It has been understood for some-
time that the county officers affected
by the act would contest its constitu-
tionality.
Mr. Sheppard is understood to have
notified the attorney general some
time ago that he would withhold mak-
ing the statement in order that a test
case might be made as to its validity.
The burden of starting the test case
fell to Mr. Sheppard because of Dale
county, it is understood, having been
the only county in which the net fees
have totalled \$5,000.

The so-called county fee act was
considered one of the major enact-
ments of the last legislature and was
the center of a spirited fight from
both sides. The act provides that the
officers receive all the net revenues
accumulating up to \$5,000 after which
they receive a percentage graduating
downward until the maximum \$6,000
is reached. The \$7,500 limit is pro-
vided for counties having a certain
population, Duval being the only one
to come under its provisions.

As an example of the drastic cur-
tailment of some of the officers' fees
one office in Duval county now being
held down to \$7,500 annually, formerly
paid around \$30,000.
