Moonlight Lawn Party.

It was left to Mrs. Dr. Davis Forster to think of the original and unique idea of having a lawn party by moonlight and taking advantage of the brilliant and beautiful moonlight prevailing Mrs. Forster invited a number of her friends to meet at her home on Myrtle avenue last Saturday evening. The rufulence of the moon was enhanced by the Japanese lanterns hanging everywhere and the guests were escorted to seats upon the lawn where the ladies indulged in conversation and the men were allowed to indulge in cigars—a blessing seldom given at the formal affairs—Dr. and Mrs. Forster seemed to appreciate the fact that the men expected to enjoy this affair and did everything in their power to make the poor men comfortable. The ladies of course were at ease for receptions and parties are as the breath of life to the gentler sex. After several hours spent in pleasant conversation the guests were served with delicious punch, ice cream and cake. The affair was most delightful and informal and the idea could be used to advantage by those contemplating receptions and social affairs during the summer and especially where the men are expected to attend. The guests are indebted to Dr. and Mrs. Forster for one of the nicest and most enjoyable affairs of the mid-summer season.

Those present were Mrs. Anno, Mr. and Mrs. O. W. Brady, Russel Brady, O. L. Chase, Mrs. H. P. Driver, Mrs. DeForrest, Norman DeForest, Mr. and Mrs. Fernald, Mr. and Mrs. Holly, Mr. and Mrs. Hughes, Mrs. Forest Lake, Mr. and Mrs. McLaughlin, Mr. and Mrs. Paul Keely, Mrs. Curtis, Mr. and Mrs. Milteer, Mr. and Mrs. E. VanDeventer Smith, Mrs. F. A. Schumpert, Miss Bessie Schumpert.

At Mrs. Chase's Thursday afternoon, at her hospitable home Mrs. S. O. Chase entertained most

delightfully at bridge, in honor of her two guests, Miss C. W. Goodrich of Orlando and Miss Hallie Brown of New York. Apropos of the warm weather the pretty affair was a fan party, the invitations being on tiny fans, and the tally card were attached to lovely little souvenir fans. The color-scheme was yellow and was prettily carried out in the decorations and refreshments. The spacious rooms were made very pretty with quantities of cut flowers, sunflowers and "yellow balls" a wild flower, being used in profusion. Top score was made by Mrs. Cruse Barnes to whom was awarded the prize, a lovely gauze fan. Mrs. C. O. McLaughlin captured the consolation prize, which was a gold pin. The one making the lowest score was awarded a palm leaf fan, ornamented with a bow of yellow ribbon.

Delicious refreshments were served on the card tables.

Sanford society contingent has enjoyed some beautiful bridge parties of late, none of which have been more enjoyable than that given by Mrs. G. H. Fernald Friday afternoon at her elegant home on Oak Ave. The spacious, lovely room furnished an ideal place for entertaining and the guests so fortunate to be invited thoroughly enjoyed the pretty affair. A spirited game of bridge was played. Top score was made by Mrs. Forrest Lake, to whom was awarded the prize, a very pretty vase and to Mrs. Homrighous was awarded the prize for making the lowest score. The hostess served delicious refreshments.

Mrs. Frank L. Miller entertained the Ladies Auxillary of the Presbyterian church last Monday afternoon, which was a very delightful occasion for the ladies who attended.

Mrs. C. O. McLaughlin entertained the Magnolia Bridge Club, charmingly, on Wednesday afternoon. Delicious fruit punch was served during the pleasant game. Highest score was made by Mrs. O. W. Brady, who is now wearing the pretty club pin.

Friday afternoon, little Miss Martha Driver celebrated her eight birthday with a very pretty party. The little guests were entertained at the moving picture show after which they repaired to the Sanford House grounds where refreshments were served. Those who enjoyed

the pleasant afternoon were Sereta Lake, Maud Lake, Elizabeth Puleston, Olive Newman, Margaret Neal, Sara Wight, Margaret Yancey, Davis Forster, Martha Chappell, Carroll Smith, Bettie Holst, Bernice Clark and Billie Holden.

Wooden wedding

Dr and Mrs T. A. Neal entertained a large number of their friends on Monday evening in honor of their fifth wedding anniversary. It was their wooden wedding and celebrated in proper style. The number of gifts with which this popular couple were showered attested to their popularity. Their friends wish them many more anniversaries.

The W. C. T. U. of this place held a most interesting meeting at the Methodist church Tuesday afternoon. Mrs. Waldron led the opening service after which the president, Mrs. W. J. Wildman proceeded with the meeting. "Parity of Literature in our Homes," was the subject for the afternoon and there was an interesting open discussion in regard to the importance of giving children the proper instructions in the vital question of life. This is the closing meeting of the W. C. T. U. for the summer, but the work will be carried on in other ways. Arrangements have been made by a committee to have some one tell stories for the children every Saturday afternoon at the Park. Mrs. R. Homrighous will entertain the children next Saturday afternoon at 4:30 o'clock with some very interesting stories.

Seized Some Liquor

The largest seizure of liquor yet recorded in this section was made at Hendersonville, when the police raided a store room on the main business thoroughfare and seized 10,000 gallons of liquor. The alleged proprietor of the place, O. N. Carson, was arrested and placed under bond to appear in the mayor's court Friday morning. Carson, it is said, is but the agent for the real owners of the "wet goods."

Railroad Again.

Dear Editor: Could you prevail on the Railroad Company to furnish tired pedestrians who have to cross at Second and Third streets, with some sort of bench or seat to rest on, while waiting for their long freight train to pull out, as we are kept waiting for over half an hour especially at night, and it seems longer standing up. "West Side."

SANFORD BALL SEASON OPENED

Enthusiastic Fans Will Have Some Good Baseball

Manager Spencer took a large load upon his shoulders when he assumed the responsibility of giving Sanford a good ball team. The new men are coming in and ere another week the game will be in full swing. Lack of space forbids a detailed report of the game with Leesburg last Tuesday. The game was rather slow and neither side exhibited much snap and go. The playing was ragged in spots and did not exhibit any spectacular pieces. Bagwell tried the heaving for Sanford but retired at the end of the first inning, not being in condition. Biddy Gore finished the game in very good form although he was batted freely, Doc Stout was our back stop and while stopping several bad ones with his body, managed to stay in the game and did good work.

Doc Stout kept the crowd in good humor

Did a Juggling Act That Appealed to the Bleachers.

The game was played well by the visitors but really they were not in our class, and our boys toyed with them in a manner that made the game extremely slow. Yesterday the boys played Orlando and today Orlando plays here. Accounts of

the games will be given in next week's issue.

It begins to look like Sanford will be obliged to entertain the visitors on the

Albert Johnson Davis calls the boys team

LADIES AND GENTLEMEN, THE BATTERIES IS AS FOLLOWS --

The Umpire.

on the Fourth as Orlando has failed to scare up a celebration so far. Whichever city gets the games can be assured of a record-breaking crowd, for Sanford and Orlando can draw a crowd better than Robinson's circus.

Paul Biggers urged the home team on

WELL! WELL!! WHY DON'T YOU GO BACK TO DIGGING SARDINES. YOU CAN'T PLAY BALL!

Got a Good Seat in Front Where He Could Kid the Players on the Visiting Team.

The Old Tin Dipper

How dear to my heart was the trusty old dipper
That hung by the pump in brave days of old:
It made a man frisky contented and chipper
To drink from that dipper a draught sweet, and
cold.

We came from the celery field where we'd been
goaded
By worthless help and kept on the jump
And stood there and drank till our insides ex-
ploded
And blessed the old dipper that stood by the
pump.

But now in the blistering heat of the June time,
We go to the well with our tongues hanging out
And wrastle around that old pump till noon time
In trying to drink a few drops from the spout.

The bughouse germ doctors have banished the
Bagon
From which we all drank when we met at the
pump
No more can the boys get a hard water jag on
The trusty old dipper has gone to the dump
The long handled dipper
The mail order dipper
The soul soothing dipper
Has gone to the dump.

The above beautiful effusion was rendered by
my friend Walter M. Haynes at the Moore's
Station moving picture show.

When an honest man is tearing off
sleep like a dry good clerk tears off bar-
gain day dress goods at marked down
prices, isn't it good cause for a bill of
particulars when his wife jabs him in the
ribs with her elbow and awakens him with
the ejaculation "Say, George, wake up,
it's thundering and lightening something
awful, don't you hear it?" And then
some people wonder why Reno prospers.

Did you ever send to New York, Phila-
delphia, Boston, Baltimore or Chicago for
a bill of hardware, and find when it came
that you had forgotten 50 cents' worth of
nails? Did you send to other places for
them, or did you go to the hardware store
and buy them?

Did you ever send away for an adver-
tised special value in lumber or sash and
doors and find on receipt of the goods
that the mail order house "forgot" some
of the essentials? Did you send away for
the balance or did you go to the local
lumber dealer to get what was missing?
Did you ever solicit a contribution for

charity from some land promotion com-
pany a thousand miles away, or from
a mail order house in Chicago, New
York or San Francisco?

If you have tried it, you know it won't
work. But you don't hesitate to go after
the real estate man, the grocer, the hard-
ware dealer or the lumberman here at
home when you have some little money
raising scheme to put through. And gen-
erally they "come across" without a mur-
mur.

In other words, do you play fair with
your friends, the local business man? Or
do you use him as a convenience and
send your money and your real trade
elsewhere?

Every dollar you spend at home adds
to the wealth of the community. Every
dollar you send away detracts from it.
If you are imbued with local as well as
national patriotism you will keep your
money at home in every case where you
can get great value here as elsewhere.
Give our business man a chance.

I like the manner of getting at things
indulged in by my friend, Frank Wood-
ruff. Since becoming a member of the
board of county commissioners he has
done a remarkable lot of hard work and
the facility with which he obtains con-
cessions for our part of the county shows
that he is on the job all the time.

An investment in Sanford real estate
will bring in ten per cent or more pro-
vided you invest your money in a good
location that will grow in importance each
year. There is not a city of similar size
anywhere that can promise a sure return
at a better figure. Many property owners
are making more, but I am inclined to
stick by the sure figures and place it at
ten per cent. Most people who come
here from the north are only getting five
per cent for their money and are well
satisfied with ten. The best way to in-
vest your money is to be satisfied with a
reasonable interest. You must learn not
to overwork a dollar any more than you
would a horse. Three per cent is a small
load for it to draw; six a safe one; when
it pulls in ten for you its likely working
out west and you've got to watch that it
doesn't buck; when it makes twenty you
own a blame good critter or a mighty
foolish one, and you want to make dead
sure which; but if it draws a hundred it's
playing the races, or something just as
hard on horses and dollars, and the first
thing you know you won't have even a
carcass to haul to the glue factory. Sure
Things, Straight Tips, and Dead Clinches

will come running out to meet you wag-
ging their tails and looking as innocent
as if they hadn't just killed a lamb, but
they'll bite.

We ought to have a celebration of
some kind on the Fourth. I know that
our merchants have been worked to
death lately by the charity racket. I
have been worked myself until I am
down to one suspender and a collar but-
ton, but really on a celebration where a
little money would go a long way we
ought to show our patriotism and not
the patch upon the seat of government,
Gainesville people the other day raised
\$300 in an hour for a grand celebration
and here we are struggling along not
knowing whether we can raise 75 cents
or 75 dollars for a fish fry and toothpick
lunch.

Our last celebration gave the city a
bunch of good advertising and while I
admit that a celebration does not leave
a fortune in the city it certainly leaves
more money than is spent for a celebra-
tion. I believe in those who are most
benefitted to give the most money and
I leave it to the business men.

Again I hear the gentle voice calling—
calling upon the city council to move the
coal chute and part of the freight yards
to a climate more suitable, where the
moth doth not corrupt, whatever that
means. And since I come to think about
it the same idea takes root in my mas-
sive brain that the city council should be-
gin to sit up at nights and pass more res-
olutions and memorials regarding this in-
fringement upon the rights of the people.
The still small voice which I have raised
from time to time has been silenced late-
ly by the promises of Mayor Lake—and
who dares to doubt his word—who in-
formed me that such great undertakings
required time and in order to save the
city a law suit the A. C. L. must be given
ample time to make up its legal mind
upon such weighty matters.

We have given them about ten years to
make up their mind and some of those
legal lights must be almost burned out by
this time and yet we have the magnifi-
cent perspective of the coal chute before
our vision. I would respectfully call the
attention of the city council to the fact
that they are now working under the city
charter—a charter won by many battles
of legal lore and much meetings by day
and night, on the hill tops and in the
valleys.

Do we get what we want under the new
charter or not?

THE CITRUS FRUIT INDUSTRY

Interesting Figures Compiled by Commissioner McLin

The development of the citrus fruit industry in the past twenty years in Florida is brought out in detail in the annual report of Commissioner of Agriculture B. E. McLin. The book contains 667 pages and covers every line of agriculture in the state. Twenty years ago the citrus fruit crop of the state was valued at a little under \$3,000,000, decreasing to \$1,600,000 ten years ago, and now reaching over \$4,600,000 for the last year, an advance of 50 per cent in twenty years, despite the big freeze of 1894-95.

The grape fruit then was hardly known there being only 14,000 reported with a crop worth \$20,000 for 10,000 barrels. Ten years ago this fruit took a spurt in the public favor, the report showing 150,000 trees, but the crop only reached 22,000, which sold at \$142,000 or over \$6 per crate. Last year's crop shows over 500,000 trees, which produced as many boxes of fruit, selling for over \$950,000. The leading producing counties of grapefruit are Dade—which has three times as many as any other county—St. Lucie being second, then Orange, DeSoto, Polk, Hillsboro, Lake and Volusia.

Twenty years ago there were less than 2,000,000 bearing orange trees, with a crop worth \$1 a box for the crop of nearly 3,000,000 boxes. In that day Alachua county had nearly 1,000,000 trees, or more than double the number in Orange county, and three or four times the number in any other county. The big freeze of 1894 wiped out the crop so far as middle Florida was concerned, and Alachua dropped out of the list of orange shipping counties, the whole state showing only 500,000 bearing trees ten years ago, with 3,000,000 non-bearing ones; nearly 1,000,000 boxes were harvested, worth \$2,250,000.

Last year the banner orange county was Hillsboro, producing over 1,000,000 boxes. Orange comes next with nearly 800,000; DeSoto with nearly 600,000; Volusia with 500,000; Brevard and Lake each with nearly 400,000. These are the six big orange counties. The total of the product of the state is not shown as several counties failed to report, but is placed at 5,000,000 boxes.

The big orange counties of over 100,000 trees are: Orange, 409,977; Hillsboro, 294,504; Lake, 251,628; Brevard, 189,512; Polk, 109,798; St. Lucie, 100,172.

Now is the Time to Swat the Fly

If you see a fly walking over the food and dishes, or alighting on your baby's face, remember that he is a messenger of disease and death, says the July Woman's Home Companion.

The rules for dealing with the fly nuisance, published by the Merchants' Association of New York, and widely circulated by them, are worth reprinting. We repeat our suggestions that an excellent work for any live woman's club would be to reproduce these rules and distribute them broadcast.

Keep the flies away from the sick, especially those ill with contagious diseases. Kill every fly that strays into the sickroom. His body is covered with disease germs.

Do not allow decaying material of any sort to accumulate on or near your premises. All refuse which tends in any way to fermentation, such as bedding straw, paper waste and vegetable matter should be disposed of or covered with lime or kerosene.

Screen all food. Keep all receptacles for garbage carefully covered and the cans cleaned or sprinkled with oil or lime.

Keep all stable manure in vault or pit, screened or sprinkled with lime, oil or other cheap preparation. See that your sewerage system is in good order; that it does not leak, is up to date and not exposed to flies. Pour kerosene into the drains.

Cover food after a meal; burn or bury all table refuse. Screen all food for sale.

Screen all windows and doors, especially the kitchen and dining room.

Burn pyrethrum powder in the house to kill flies.

Don't forget, if you see flies, that their breeding place is in nearby filth. It may be behind the door, under the table or in the cuspidor.

If there is no dirt and filth, there will be no flies.

If there is a nuisance in the neighborhood it would be advisable to write at once to the health department.

The silver wedding celebration of the President and Mrs. Taft, the second that has been held in the White House, came to an end Tuesday with the lawn. Invitations had been sent to nearly 12,000 persons, and it was estimated that at least 5,000 were present. The United States Supreme Court, the Senate and the House of Representatives, all departments of the government, the men who are high in political affairs of the country, the army, the navy and in every walk in life almost were represented.

JUDGE JONES HONORED

Popular Jurist Receives Tokens of Esteem From Orange Co. Bar

On adjournment of the circuit court of Orange county Hon. Minor S. Jones, presiding, the bar of Orange county and the officers of the court being mindful that the term of office of Judge Jones would expire with the month of June, 1911, and being desirous of showing to the Judge the high esteem in which he is held by the bar of Orange county and the officers of court over the circuit court of which he has held the position of judge for the past fourteen years, thought proper to present to Judge Jones a testimonial on his retirement that would express fully to him the regret of the bar that he is to be no longer their judge, and at the same time to give utterance to their appreciation as to his high standing as a jurist, his many noble qualities as a man, his worth as a citizen and the love and esteem they hold him in.

And with this end in view, a committee appointed selected a gold headed cane and umbrella. The bar met and Hon. W. L. Palmer was selected to make the presentation speech, which was most eloquently and appropriately rendered, expressing in behalf of himself, the bar and officers of the court fittingly their deep respect for his worth and high qualities, his honesty of purpose and impartial administration of his duties as judge, his ability and fairness in all matters, etc. While the words of Mr. Palmer were eloquent and well chosen it was very noticeable that every person present was only too willing to second his remarks; and in conclusion the good and noble wife of the retiring jurist was not forgotten. Very happily she was referred to, as in many cases the wife is helpful in the making of the man, and the cane the judge was informed was to his wife, who would share the honors he had won and who had been "helpful in the winning," etc. The testimonial was then handed His Honor, who, in accepting and in reply to Mr. Palmer showed plainly his full appreciation in a few words, broken by his unexpressed gratitude. The judge was moved at times to tears and plainly showed his love for the members of the bar and the officers of his court, and his regrets at the "parting of the way." I was reminded by the judge's talk of a question that was asked of a delegate to the convention that first nominated George Washington as President of the United States. The delegate was asked, "Who was the most eloquent man in the convention?" and after thought he replied, "George Washington." The delegate was asked what George said, and in reply said, "Oh nothing, he just wept." And so it was with Judge Jones, his tears were eloquent.

The Judge left Sanford Wednesday morning for his home in Titusville, where he will take up again the practice of his profession.

Not only the bar of this county, but we know the bar of the several counties of this circuit second the voice of Orange, all wishing him well and prosperity.

Minnie A. Bellows

The many friends of Miss Minnie A. Bellows will be grieved and shocked to hear of her sudden death, which occurred on a train between Aurora and Rochester, N. Y., Wednesday, June 14th. She left Sanford May 24th, via Clyde Line enroute for her home in Rochester, after spending a happy winter with her friends and relatives, the Worthingtons, at Lake Onoro. She had planned to visit a few days with friends in New York City, going thence to Wells College, Aurora, to attend a meeting of the alumnae association, of which she was a member. Letters were received from her, both from New York and Aurora, the latter written the day before her death, both indicating that she was in usual health and enjoying her visit extremely. For years she had been subject to a heart weakness, and it is probable that her death was due to over exertion in catching her train. The conductor of the train noticed her running to make the train, and on making his rounds found her dead in the last coach, which was otherwise empty. The remains were properly cared for and her friends notified at once. Funeral services were held in St. Luke's church, Rochester, and interment in the family grounds at Pittsford.

Miss Bellows was an enthusiastic lover of Florida, and especially of the lake region adjacent to Sanford, where she planned to eventually make a winter home. She had spent the last three winters with her relatives, the Worthingtons, apparently enjoying every moment of her stay and always with great benefit to her health. She testified her faith in the future of Sanford by investing in lands in various directions from the city. She will be greatly missed by a large circle of friends.

We add an extract from a Rochester paper:

"Miss Bellows was well known in this city to a large number of people, who will be deeply grieved on hearing of her death. She was active in church and philanthropic work, being treasurer of the Home for the Friendless, and officer of the Girls' Friendly Society and an active member of St. Luke's Episcopal Church."

The Tampa Trade Extension Association is a co-operative organization of 83 of Tampa's leading business houses, comprising every line of business. It was formed for the purpose of placing the out-of-town shopper on an equal footing with people located in Tampa by paying their railroad or boat fares.

Tampa's stores compare favorably with any in the South, offering as they do a metropolitan stock at prices as low as can be obtained any place in the country.

Stop in Tampa with the members of the Tampa Trade Extension Association and your fares will be paid both ways subject to the rules of the Association.

Now Is The Time To Buy Improved "Ready to Plant" Sanford Celery Farms

These farms can be bought for the next thirty days for less money than ever again. We have Sanford farms to sell. Not Largo, Taft, Burbank nor Celery City but Sanford.

Always Sanford. There is only one Sanford. All irrigated ready to plant. Will pay for themselves this winter.

H. H. CHAPPELL'S
Real Estate Agency

A LIVING ON THE FARM

Sanford Growers Are Not Living Out Of Tin Cans

The growers in the celery delta are becoming imbued with the idea that farming should be done here as it is elsewhere insofar as the growing of what is consumed on the farm is concerned. Many newcomers arrive and carry on operations by purchasing everything they must consume while they are growing vegetables for the markets. They sell and then buy back to maintain them through the non-producing season, which season is now on the verge of elimination by the transforming of the vegetable farms into sources of production during the summer and early fall. A great number of growers will gather their own hay this season, it being estimated that not less than 5,000 tons will be put up. There are many fields of sturdy corn now growing, where a few weeks ago crops of various kinds of early vegetables were to be seen. In the pens will be found small bunches of hogs fattening for the local markets and now it is becoming the rule for the farmer to bring produce to town to trade for groceries. If this system is kept up and the "hog and hominy" policy is developed to its maximum, the bank-rolls of the celery delta farmers will become the fattest in the state. A gentleman recently told the writer that he purchased two pigs and inside of six months sold for enough to purchase seventeen more pigs. He says the pigs will eat the things his family does not care for and then the family can eat the pig.—Sanford Cor Times-Union.

Gave Up Hope

"I suffered five years, with awful pains, due to womanly troubles," writes Mrs. M. D. McPherson, from Chadbourn, N. C. "They grew worse, till I would often faint. I could not walk at all, and I had an awful hurting in my side; also a headache and a backache.

I gave up and thought I would die, but my husband urged me to try Cardui, so, I began, and the first bottle helped me. By the time the third bottle was used, I could do all my work. All the people around here said I would die, but Cardui relieved me."

TAKE CARDUI The Woman's Tonic

For more than 50 years, Cardui has been relieving woman's sufferings, and making weak women strong and well. During this time, thousands of women have written, like Mrs. McPherson, to tell of the really surprising results they obtained by the use of this purely vegetable, tonic remedy for women.

Cardui strengthens, builds, restores, and relieves or prevents unnecessary pain and suffering from womanly troubles. If you are a woman, begin taking Cardui, today.

Third Visit to Sanford Will Return in Four Weeks

WILL NOT TREAT INCURABLE DISEASES

Our Chief Physician does not care to devote his time to the treatment of absolutely incurable diseases. If he sees no hope for you he will tell you. He wishes to impress this fact upon the readers, however. He does not consider a case incurable because other physicians have failed. It is in effecting cures in just such cases that has placed him above the average specialist. If he cannot cure you he will tell you so and send you home with such advice as may be of value to you, as he did in a number of cases during his last visit.

AT THE

ROBBINS NEST

MONDAY

JUNE 26

One Day Only

We Never Use the Knife

Our Physicians Are Experts in the diagnosis and treatment of Stomach, Bowel and Liver Diseases, such as Dyspepsia, Constipation, Piles, Diarrhoea, etc. Cured in the shortest possible time without the use of injurious drugs.

Rheumatism—Our cure for rheumatism is the most successful known. Young and middle-aged men who suffer from the effects of youthful indiscretions and Nervous Debility may call with confidence.

Throat, Lung and Nasal Diseases such as Catarrh, Bronchitis, Consumption, Asthma, successfully treated by our own special methods of treatment.

Heart, Blood and Skin Diseases such as Scrofula, Ulcers, Eczema, Pimples, etc., especially cases that have baffled the skill of other physicians.

Diseases of Women—After years of experience we have found the greatest cure known for diseases peculiar to the sex, painful menstruation, sterility, barrenness, leucorrhoea, puritis, and fibroid tumors in the early stages, etc., positively cured by our method. Our treatment is perfectly harmless and easily applied. No humiliating exposure on examination. Try it, and you will exclaim like hundreds of others: "Oh, I feel like a different woman."

Rupture, Varicocele, permanently cured without the use of knife, truss or suspensory. Be sure consult us before taking treatment.

Kidney and Bladder Diseases, Bright's Disease, Diabetes, Inflammation of the bladder, Enlarged Prostate, Frequent and Dribbling Urination. It costs no more to employ an expert than to risk your life with an inexperienced physician.

Stricture and all forms of disease of the urethra and prostate gland cured by our Medical Bougie, a method of treatment without pain or detention from business.

Syphilis or Blood Poison cured without the use of injurious drugs where others fail.

Brain, Spinal and Nerve Diseases such as Paralysis, Locomotor Ataxia, Epilepsy, Fits, Neuralgia, Sciatica, Headaches, Sleeplessness, Dizziness, Brain and Nervous Exhaustions, etc., successfully treated by our original method.

Young and Middle-aged Men who suffer from the effects of youthful indiscretions and nervous debility may call with confidence.

Our physician's extensive experience enables him to, in a few minutes, search out and detect the seat of your disease. He has posted a forfeit of \$50 for any case that he cannot, if he so desires, tell every ache and pain that you have in five minutes from the time you take your chair before him.

United Specialists

125 Laura Street - Jacksonville, Fla.

Chas. M. Hand, Sheriff

The many friends of Charlie Hand throughout Orange county are urging him to make the race for sheriff and he is almost persuaded. In fact Mr. Hand has served the county as deputy sheriff and feels perfectly familiar and capable of holding down the job of sheriff. His friends have no doubts about the matter and it is simply up to Charlie to get in the game and start campaigning. Everybody knows Charlie Hand and when he starts to shaking hands and kissing the babies and making speeches there will be something doing all the time. If he has not made up his mind to become a candidate at this writing he will be obliged to start now, for The Herald has his picture and touts him as the winner.

Representative Sherley of Kentucky on Tuesday introduced an amendment to the pure food and drug act, prohibiting false and misleading statements about the curative value of medicinal preparations on patent medicine labels. Sherley says the bill is intended to make the pure food law embrace those cases of interstate shipments of worthless medicines and drugs fraudulently held out to the public as possessing curative properties.

Entered as second-class mail matter August 22nd 1906, at the Postoffice at Sanford, Florida, under Act of March 3rd, 1879.

Office in Herald Building
Telephone No. 148.

THE HERALD PRINTING CO.

The Herald Printing Co., makes it's bow to the public this week and on July first will take over the plant of the Sanford Herald with a few changes in the personnel of the management. The officers of the new company are as follows:

R. J. Holly, president; George W. Kinnahan, vice-president and W. M. Haynes, secretary and treasurer.

The company will start out with a clean sheet and enough financial backing to make the Herald office one of the most complete of the size in the South.

R. J. Holly will hold the position of editor and W. M. Haynes, business manager which will result in a better and larger paper in every way, the former multitudinous duties of the editor, business manager, collector and general factotum detracting from the usefulness of the editor and the paper.

The editorial and business departments of a newspaper should be separate and distinct departments and the new arrangement of The Herald will effect this change and be a benefit to the readers and patrons.

Mr. Holly needs no introduction to the people of Florida.

G. W. Kinnahan is a retired capitalist of Wichita, Kansas, who becomes a stockholder because he sees a bright future for Sanford and is anxious to assist by placing his money where it will help boost Sanford and incidentally help his interests. W. M. Haynes is an experienced newspaper man, advertising solicitor and expert accountant having served in a like capacity for a number of years on the Wichita Eagle, but becoming imbued with the idea of a Greater Sanford has invested his money in Sanford lands and in The Herald and will make this city his home.

This explanation is given the public in order that the policy of the paper will be made plain at once. The Herald neither asks for charity or expects to give any. Every one will be treated fair and square and aside from boosting Sanford and Orange county the paper expects to make a living and warrants the co operation of every one living in the county in patronizing The Herald as long as the paper and printing plant gives satisfaction. New machinery will be installed to give the printing plant ample facilities for taking care of all the work of this section.

We want every bit of it and being advocates of the home industry plan do not expect any firm to send out of the city for anything that The Herald can supply.

Our weekly pay roll amounts to over \$100 per week, every cent of which is spent right here in Sanford, which is an item for our merchants to consider before patronizing other printing firms outside of Sanford.

The Herald Printing Co. is a business proposition pure and simple and in the future development of this section will carry a goodly part of the burden cheerfully, fairly and honestly.

The Herald is not owned or controlled by any political faction and will give the people a square deal in the future as it has in the past.

We are the same Herald as of yore, only assuming new habiliments in order to serve our constituents better. By your paper shall you be known and by The Herald the city of Sanford has been known and in the incorporation of the Herald Printing Co. the editor takes a higher stand for the people, rejoicing not only in the paper's success but in the fact that the people will be partners in this success and future achievement.

House Party at Keelor's

One of the most pleasant events of the summer season thus far was at the house party given by Miss Charlotte Keelor to her friends on the evening of the 15th inst.

The young people numbering about forty in all began arriving at 7:30, and in the course of an hour the house, the cool verandas and the lawn were filled with a merry laughing throng, all of them enjoying the occasion to the utmost. Dancing, singing, music, rowing over the moonlit surface of Lake Golden, or bathing in its limped waters were some of the many features of the evening's enjoyments.

The costumes worn by the guests were unique and attractive; the girls all being dressed in "Short Kid Skirts," while the boys wore knee trousers. Many and various were the styles and effects representing the fancies and whims of the wearers.

In addition to the youngsters there were a number of married persons present who entered into the jollity and spirit of the evening as much as anybody. The refreshments served were excellent and in perfect with all the other successful entertainments offered, which were all planned and executed by Miss Keelor, the always charming and vivacious young hostess whose ability as an entertainer was never more in evidence than on the evening in question. Everybody was happy, all had a good time, and were reluctant to leave when the near approach of the midnight hour bade them do so. Miss Charlotte has the fervent thanks of her guests for giving them such a delightful evening of pleasure and enjoyment.

Following is a partial list of those present: Misses Mabel Bowler, Charlotte Keelor, Rose Dickinson, Louise Sheppard, Alice Whitner, Madge Ward, Lucile Richards, Irene Brady, Elizabeth McLaughlin, Florence Frank, Rena Bown, Mell Whitner, Helen St. John; Mr. and Mrs. W. W. Prather, Mr. and Mrs. O. W. Brady, Mrs. R. S. Keelor, Mrs. O. W. King, Mrs. Anno, Mrs. Harry Ward, Mrs. C. O. McLaughlin; H. R. Deas, W. J. Thigpen, J. M. McKaskill, G. E. McKaskill, R. L. Johnson, Elijah B. Brown, L. P. McCuller, Roy Bowers, D. D. Caldwell, Billie Hill, Braxton Perkins, Mr. Brady, H. W. Caldwell, Mr. Clouser, Mr. LaMontes, Henry Pardon.

Dance at Sanford House

Last Thursday evening at the Sanford House some of the young men of the city gave a most enjoyable dance in honor of the ladies of the Daytona Beach house party, who had just returned to Sanford. Stumon's orchestra furnished excellent music and those who went thoroughly enjoyed the pretty affair.

Those invited were Dr. and Mrs. T. A. Neal, Dr. and Mrs. S. Puleston, Mr. and Mrs. C. N. Hand, Capt. and Mrs. A. V. B. Fatjo, Mr. and Mrs. O. W. Brady and daughter, Mr. and Mrs. Broadwater and daughter, Mr. and Mrs. J. O. Packard, Mr. and Mrs. F. A. Schumpert, Mr. and Mrs. F. L. Woodruff, Mr. and Mrs. F. L. Miller, Mr. and Mrs. F. J. Gonzalez, Mr. and Mrs. J. W. Dickens, Mr. and Mrs. B. F. Whitner Jr., Mr. and Mrs. J. N. Whitner, Mr. and Mrs. D. L. Thrasher, Mr. and Mrs. A. P. Connelly, Dr. and Mrs. Davis Forster, Mr. and Mrs. Ed Higgins, Mr. and Mrs. A. E. Yowell, Mr. and Mrs. G. H. Fernald, Mr. and Mrs. R. H. Marks, Mr. and Mrs. S. O. Chase, Mr. and Mrs. R. C. Maxwell, Mr. and Mrs. C. P. Herndon, Mr. and Mrs. Harry Ward, Mr. and Mrs. Stumon and family, Dr. and Mrs. O. W. King, Mr. and Mrs. P. N. Holtz, Mr. and Mrs. George Fox Jr., Mr. and Mrs. W. S. Burnet, Mr. and Mrs. C. C. Whitaker, Mr. and Mrs. J. L. Hurt, Mr. and Mrs. A. W. Brown, Mr. and Mrs. Forrest Lake, Mr. and Mrs. R. J. Holly, Mr. and Mrs. B. W. Herndon, Mr. and Mrs. Kent Rossetter, Mr. and Mrs. B. A. Howard, Mr. and Mrs. Roy Symes, Mr. and Mrs. H. P. Driver, Mr. and Mrs. W. D. Holden, Mr. and Mrs. F. W. Graham, Mr. and Mrs. T. K. Bates, Mr. and Mrs. Robert Newman, Mr. and Mrs. W. A. Fitts, Jr., Mr. and Mrs. P. Compropt, Mr. and Mrs. Cecil Gabbett, Dr. and Mrs. Howard, Mr. F. H. Rand and family, Mr. and Mrs. Deane Turner, Mr. and Mrs. C. O. McLaughlin and daughter, Mrs. Mary Strong, Mrs. H. L. DeForrest, Mrs. R. S. Keelor, Mrs. May Dickens, Misses Vivian Yeiser, Madge Ward, Gelale Butt, Beasie Schumpert, Sadie Williams, Charlotte Keelor, Linda Leffer, Belle Smith, Peacha Leffer, Lillie Fair Smith, Anne Higgins, Mabel Hand Louise Shepherd, Ella Stringfellow, Mabel Bowler, Floeae Frank, Genie Wicker, Alice Whitner, Mell Whitner, Mabel Anderson, Mae Hamilton, Margaret Roberts, Stella Smith,

Laura Fish, Helen St. John, Ruth Abbott, Rosa Dickenson, Mary Alice Martin, Drucie Peters, Fteneoe Stringfellow, Blanche Bothamly, Charlotte Hand, Emma Pearce, Rosena Jacobs, Messrs. Bryan Higgins, Nixon Butt, Cecil Butt, Will Hill, W. A. Leffer, Felix Frank, Guy Ellsworth, Eugene Roumillat, R. R. Deas, Archie Betta, L. P. McCuller, Tracy McCuller, James H. Williams, Ben Fish, M. L. Raines, W. L. Morgan, F. B. Brown, W. A. Stringfellow, C. C. Howard, David Caldwell, Wideman Caldwell, Norman DeForest, Gwynn Fox, Andrew Whitaker, W. A. Wakefield, M. M. Smith, W. J. Thigpen, Carl Hamilton, John Adams, Frank Campbell, W. H. Wight and Biddy Gore.

Tuesday evening at her attractive home on Park avenue, Mrs. B. W. Herndon gave a very pretty party in honor of Miss Laurinda Miller of Jacksonville, who is her guest. Mrs. Herndon was assisted in caring for her young guests by Mrs. A. P. Connelly and Mrs. F. L. Miller. A variety of games were played and an auction sale was held, at which articles were sold that were a great source of amusement. At the close of the delightful evening ice cream and cake were served. Those so fortunate as to be invited to this pleasant party were Misses Annie McDermit, Charlotte Hand, Renie Murrell, Nellie Elder, Linda Connelly, Lucca Chappell, Mary Chappell, Essie Purdon, Karl, Roumillat, Clarence Mahoney, Able Kanner, Forrest Gatchel, Ralph Wight, Archibald Hendry, Pope Wicker, Frank Kelly, Ernest Betta, Frank Campbell, Osborne Herndon and McDowell Butt.

Story telling at the band stand in the park for children, a feature of the W. C. T. U. work planned for the summer has proven a popular venture judging by the number of little folks that assembled in the park last Saturday afternoon to listen to the stories. Mrs. G. B. Waldron and Mrs. Lewis will be at the park Saturday afternoon and the children are promised an interesting time if they will meet at half past four o'clock.

The auction bridge club was entertained on Thursday afternoon by Mrs. F. L. Miller at her home on Magnolia avenue. Highest score was made by Mrs. A. P. Connelly to whom was awarded the prize, a handsome cut glass bell.

Fine drinking water, good bathing, fishing and swimming. Address box 1127 City. 41-1

L. J. O'D. CURES ECZEMA WHERE SALVE FAILS

In regard to skin diseases medical authorities are now agreed on this: Don't imprison the disease germs in your skin by the use of greasy salves, and thus encourage them to multiply. A true cure of all eczematous diseases can be brought about only by using the healing agents in the form of a liquid. WASH THE GERMS OUT. A simple wash: A compound of Oil of Wintergreen, Thymol, and other ingredients as combined in the D. D. Prescription, penetrates to the disease germs, and destroys it, then soothes and heals the skin as nothing else has ever done. A 25-cent trial bottle will start the cure, and give you instant relief.

THE EVENTS OF ORANGE COUNTY

Efficient Staff of Reporters Weekly Covers the Territory for The Herald

PAOLA POINTS
Special Cor. to The Herald.

June has been right here with all the "summer goods", one could ask for, since the very first day, even June brides are not scarce.

Mrs. E. R. Curtiss spent the day in Paola before leaving for her summer trip to Madison, Wis., and other points through the north.

Mrs. W. H. Taylor returned from Ga., Saturday the 10th.

Miss Pearson left for Lakeland, Wednesday of last week to take a position as stenographer.

J. Marshall and family from Oklawaha, have lately moved into our neighborhood.

O. R. Morey has been assigned to the Mt. Dora Railway section and W. H. Taylor has returned to Paola to take charge of the section here.

The Leesburg "passenger", has resumed her former schedule in returning from Sanford again waiting for "55" and coming out soon after seven o'clock.

MOORE'S STATION
To the Editor of The Herald:

Mr. and Mrs. G. W. Chamberlain are to leave about July 1st on a trip north and will travel by boat from here to Albany, N. Y., with stops in New York City and other points. They will visit in Watertown and Carthage, N. Y., and will camp several weeks on the Adirondack Mountains to enjoy the fishing.

Mr. and Mrs. W. W. Miller are moving back to their home this week. Their new porches and other improvements add greatly to the appearance of their house.

A large hay barn is being built on the Beardall avenue farm belonging to Harry Ward.

J. F. McClelland with three of his children, Jennie, Edith and Morgan, left last Sunday for Sarasota on the Gulf. The children will spend the summer with their aunt, Mrs. P. H. Mann. Mr. Mc will return in a few days. His son, Gettis is in Geneva with his grandmother and little Christine.

Hall stonps as large as Brownie marbles fell during the shower of June 18th.

Miss Nellie Estridge returned to Mayday, Ga., Wednesday to attend teachers' examination and will teach a summer school there.

Mr. Oliver Mitchell is sorely afflicted—has had another stroke of paralysis, which makes the third one.

Fred Cowan and children have moved to Harry Ward's place at Mecca Hammock and do gardening.

The "ice" social was a decided success. The society wishes to thank the friends from Sanford, Cameron City and elsewhere for their liberal patronage.

Mr. and Mrs. Paul G. Miller of Cameron avenue are the happy parents of a son, born the 8th of June. He has been named George Rolla. Dr. Neal, the popular doctor, was in attendance.

Mr. and Mrs. H. K. Haldean have closed their home and gone to Brooklyn, N. Y., to remain until August.

Dean Myres left Friday for Jackson, Mich., for a visit with his parents.

W. J. Harper has gone to Rochester, N. Y., for a visit with his people.

Walter Dresser and Barnum Page were in Tampa on the excursion last week.

Miss Laura Fish started for Fong Island last Saturday to spend the summer. She will visit with friends in Philadelphia enroute.

CAMERON CITY CLIPPINGS.
Special Correspondence to The Herald:

A number of Kansas men have been looking over this part of Florida during the past week. Among them was Mr. Pugh a large farmer from Topeka and a friend of the Gormly's and Stevensons. He visited Cameron City on Sunday, attending church and taking dinner with the Gormly's.

Mr. Dnke has returned after several weeks of carpenter work near Jacksonville. Mr. Daniels has gone to the same town to work for a time.

Walter Haynes was out from town Sunday and spent the day at the Gormly home.

Mr. H. H. Stevenson is expected home the latter part of the week.

Cards and letters from the Kinahan's report a fine trip. They are both well and enjoying themselves.

Mr. and Mrs. J. D. Benjamin write that they had a very pleasant trip home but found it warmer in Maine than in Florida.

Word comes from Mr. and Mrs. J. W. Powell that they arrived safely in New York, are very well and enjoying themselves but think often of Cameron City and their friends here.

Mr. and Mrs. Lawrence Rich are located at Kansas City and getting on nicely.

Ola Harris has returned from Kansas and says his father and mother will be here very soon.

C. D. Perry, one of our new neighbors is in New York on a business trip.

Word was received last week of the promotion of Dean Minnick, son of Dr. W. A. Minnick. He is now Captain Minnick and is still at Springfield, Massa.

Miss Alleen Minnick has been having quite a serious time with sore throat but we understand is much better.

Prof. and Mrs. Maris spent Sunday with Mr. and Mrs. Rich.

Johnsons and Craigs are spending a few days at the ocean.

Owing to the continued dry hot weather North and West, vegetables are in demand in those market and farmers are fortunate who have any garden stuff to ship just now.

We have some beautiful pieces of corn in and about Cameron City.

Dr. Minnick is quite proud of a swarm of bees that he hived in his front yard recently.

While the moonlight nights were on Mr. and Mrs. Worthington invited the Cameron City people to spend an evening at their beautiful home on Lake O'Nora. There was boating for the young people and conversation and pictures for the older folks. Altogether it was a most enjoyable occasion.

Very sad news came to the Worthington home last week when a telegram announced the very sudden death of Miss Minnie Bellows. She was on her way home to Rochester New York after a visit at Aurora where she had been attending commencement at the College from which she graduated years ago. She had been having such a joyous happy time among her old friends and associates and would have been at her own home, when she was stricken with heart failure and expired while on the train. The news came as a severe shock to her many friends here. At Cameron City she was a great favorite and we were looking forward to her early return in the Autumn. She will be greatly missed. She was always bright and cheery and her presence was like sunshine. She was always ready to help in a social way and having unusual abilities her help was valuable. We offer to her nearer relatives and friends our heartfelt sympathy.

Boston in New Quarters

The Boston store has settled down for business in the new quarters in the Peoples Bank building after a strenuous period of remodeling and moving. The fine new store room gives this popular emporium a broader scope for usefulness in serving the public with everything in dry goods, notions, shoes, hats and ladies suits. The Boston is one of the young institutions in Sanford, and has made wonderful strides towards the goal of success in a short period. Under the management of Mr. Coffey the Boston takes on a new appearance and is centrally situated and the store is filled to overflowing with fine goods—not a cheap variety to pander to the small—but the best of goods and of the kind that Sanford people have been wanting. While carrying the best grade of goods The Boston buyers has purchased at a price that gives Sanford people the very lowest price and the motto has been quick sales and small profits. Come in and see us in our new quarters. You can drop in when you get your mail and make us a visit profitable to both.

Text Book Law

Tallahassee, June 20—(Special) The Board of State Institutions acting as the State Textbook Commission met this morning at 10 o'clock in the Governor's office, the Governor being ex-officio Chairman and Superintendent Holloway ex-officio secretary.

After a general discussion of the textbook law it was decided to have no postponement, but to put it into effect at once. It was decided that the sub-commission be called to meet in Tallahassee July 14 to begin its work.

The State School Textbook Commission calls for bids to supply schools with books, books and specimens of books to be in and opened on July 14.

Question of Blood

Miss Snofflake—"Speakin' ob Plymouth Rock an' de Mayflower, Mistah Jackson, kin yo' trace youah blood back as far, as dat?"

Mr. Jackson—"No, not so far back as dat, but de night I got caught wif Plymouth Rock chickens I could trace mah blood back mos' four miles."

HOWARD-PACKARD LAND COMPANY

Bulletin

Some Observations On Florida Lands

DO Not come to Florida if you have not made up your mind to stay, to stick at it, to achieve something. The temporary pioneer is not desirable. There is nothing so damaging to this splendid section, and to Florida in general, as the reports of the merely tentative settlers who come here in the expectation of making a large fortune within a year, and, failing, return to their old homes depleted in purse, disgusted with the soil and the unaccustomed methods necessary to secure crops, with the climate,—disgusted with everything, in fact, and who use all their eloquence to dissuade others from investing or undertaking to establish their homes here.

There is Always a Reason for a Man's Failure. Before you are influenced by what a returning settler says about Florida, investigate why he failed to make good.

We do not encourage the tentative settler. It is not the kind of pioneering that benefits us or our section. It never promotes the best interests and progress of any country and never will in Florida.

Don't expect to get rich quick here in a day or two. Dollars do not grow on trees; and do not come here without money. The more accustomed you have been in making a dollar go a long way, the easier will be your first months on Volusia Farms.

Volusia Farms needs sturdy men and women, mentally and physically able to conduct farming as it is done here under Florida's sunny skies. Volusia Farms needs the permanent settler with small capital, large determination and industry who will not beat a retreat at the first disappointment. To such people Volusia Farms offers opportunities practically without limit.

WE Have never advocated the purchase of any of our lands sight unseen. While we have sold hundreds of acres to people who never saw the land before purchasing and have always given satisfaction, yet we prefer not to sell an acre without the purchaser personally makes a selection. The excursions running to Sanford from northern and central western states every first and third Tuesday of every month during the summer, afford every facility for coming to Sanford and Volusia Farms and making personal selection of a tract of this rich agricultural

land.

See What You are Buying. Come here and investigate what we are offering you. Talk with the many people we have been instrumental in bringing here from all over the United States. The larger the number of people we can induce to come here on a tour of inspection, the more quickly we shall close out our Volusia Farms, for the closer you know this tract the better it becomes.

HAS

It ever occurred to you that there must be some sound fundamental reasons for Florida lands to be priced so low compared with lands in the north and west and even in the deserts where irrigation companies plan to supply water AT A PRICE!

The principal reason is, I take it, that Florida is only just beginning to come into her own. For many, many years she has been neglected. Development has just about begun, and developing a State as large as Florida, whose shore line is long enough to extend from Jacksonville to Boston, takes time. It takes people, too, and money. Development could not take place were our lands priced on a basis of their earning capacity to start with, but that time is coming. In the development of any country there must be inducements for people to come in and cultivate the soil.

**Florida's Inducement to You
Today is the Low Price of
Her Good Lands**

The development of the past three years has been wonderful. Immense wealth has been taken from the soil—TAKEN; mind you, not WRESTED as you wrest with the hard, heavy soils up north—and now the natural tendency and the natural law of supply and demand is toward higher prices for these income bearing lands.

For years lands were almost given away simply because the Floridian HAD NO IDEA OF THEIR PRODUCING POSSIBILITIES; diversified farming was unknown. Witness now, the transformation of a few years. Even the day of twenty dollars an acre land has passed, and the time of thirty dollars an acre land is passing everywhere. If I am any judge of the Florida land situation and the purchase of large tracts consummated during this Spring are any criterion of coming events, I believe the coming fall and winter will see Florida lands retailing for \$50 an acre and upward according to locality and transportation.

Volusia Farms is worth every cent of \$50 an acre today and those who invest in the development stage are the people who will make the best turn-over. We have sold quite a large number of farms and the territory is opening up in an immensely satisfactory way to our settlers and to us.

SEVERAL times in these columns I have spoken of the apparent hindering of the development of Florida by the large financial interests, and the reasons why the Howard-Packard lands are good investments. I have just been reading an article in "Moody's Magazine" (a financial authority) relative to the large earnings of banks and trust companies who hoodwink the small depositor by ever saying 4 per cent is the utmost dividend to be expected consistent with safety.

In the face of this legend, the banks themselves are declaring dividends as high as 40 per cent made with YOUR money. Compilation of the profits of sixty-seven banks in the borough of Manhattan, New York city, after showing earnings of 17.19 per cent, declared dividends of 10.33 per cent. The dividends of the Liberty National amounted to 25 per cent for the year, the Chase National 20 per cent, the First National 40 per cent, the Mercantile Trust Company 25 per cent, and so on, these figures being for the fiscal year ending last June, according to Moody's.

Unquestionably to influence a depositor not to draw from the savings bank for wild speculation is sound advice—very sound and commendable advice, but an investment in Volusia Farms at present price is NOT a speculation. Not one of the tracts of land offered by this Company has ever been a speculation. The VALUE was there in the beginning and higher value is there today. There has been more speculation in the stocks of the Northern Pacific and other railroads by the financiers than there ever can be with our lands, because our lands and prices are RIGHT. Our methods of doing business are RIGHT. We invite the strictest investigation of ourselves and of our lands. Our business has a better non-speculative foundation than thousands of business you yourself could mention.

Investigate for yourself the advisability of your Volusia farm investment remembering that good real estate in an advancing country is the basis of wealth.

Write for our booklet, "Resources of Volusia Farms"

ANOTHER DRAWBRIDGE

Volusia County Wants New Road Via Thrasher's Ferry

At a recent meeting of the DeLand Board of Trade the matter of constructing a hard road from Orange City to Thrasher's Ferry, which would shorten the road from DeLand and Daytona to Orange county about thirteen miles, was discussed at length.

Losses in Chicks
One person thinks his chicks died from eating too much bran. So immediately another thinks that his died from the same cause, although he had followed the Philo system in feeding his chicks.

Mr. Baldwin, of the Connecticut Poultry Association, made the following interesting statement at a meeting recently: "Chicks hatched at a temperature of 101 1/2 degrees for the first five days; fifth to tenth days 101 degrees, and from eleventh to twenty-first day, 100 1/2, with no ventilation the first ten days, then slightly from eleventh to fourteenth day; then maximum to twenty-first day, with plenty of cooling and air, have no bowel trouble."

Mr. Baldwin's statement is revolutionary almost, but I should like to see it tried. Is it really true that we are hatching chicks under too high temperature?—C. F. Market in Farmer's Union Guide.

FOR AGED PEOPLE

Old Folks Should Be Careful in Their Selection of Regulative Medicine.

We have a safe, dependable and altogether ideal remedy that is particularly adapted to the requirements of aged people and persons of weak constitutions who suffer from constipation or other bowel disorders. We are so certain that it will relieve these complaints and give absolute satisfaction in every particular that we offer it with our personal guarantee that it shall cost the user nothing if it fails to substantiate our claims. This remedy is called Rexall Orderlies.

Rexall Orderlies have a soothing, healing, strengthening, tonic and regulative action upon the bowels. They remove all irritation, dryness, soreness and weakness. They restore the bowels and associate organs to more vigorous and healthy activity. They are eaten like candy, may be taken at any time without inconvenience, do not cause any griping, nausea, diarrhoea, excessive looseness, flatulence or other disagreeable effect. Price 25c. and 10c. Sold only at our store—The Rexall Store.

BASE BALL

The Game at Orlando

With over six hundred fans yelling themselves hoarse, almost equally divided between Orlando and Sanford, with automobiles and carriages banked from the grand stand entirely around the field to the far fence, Orlando and Sanford in the first game of the season succeeded in making a grand-stand finish, the score standing 3 to 3 at the close of the eleventh inning, an agreement having been made at the end of the ninth to stop if either side had scored in the eleventh, both teams being green and greatly in need of work, while the afternoon was excessively warm.

Determined that strict order should prevail at all costs, with a strong desire to have a pleasant season of sport with their old time rivals, the management had the entire field roped off, blue coats at every hand to keep the crowd back, and an order that the first offender be ejected from the grounds. An agreement was also reached prohibiting any player from making a kick to either umpire, all objections being in the hands of the two captains. Be it said to the credit, not only of the two teams, but the umpires, Messrs. Jim Pounds, for Orlando and Mr. Davis for Sanford, that not an objection was made by either team and the prospect for a splendid series of games between the two towns was never brighter.

There is no denying the fact that Sanford has a splendid team. While a trifle weak in one, or possibly two places, the aggregation as a whole is composed of good ball players and excellent gentlemen.

The Orlando boys, to say the least, surprised the natives. Not a soul could be found before the game, who had the temerity to predict a victory for the home team, but many thought a first-class aggregation could be made of the talent at hand with practice and work, but the fact that none of the boys had been in a game this season, or recently, at least, could not be lost sight of. To say that the fans, and especially the management of the Orlando baseball team, were thor-

oughly satisfied with the outcome of the game, is drawing it mildly.—Reporter Star.

The Game at Sanford

On Friday a return game was played at Sanford and for an ordinary day the crowd was all that could be desired. Both teams had played good ball the day before and both were confident of success. Sanford was shy on pitchers as Boaguwell was on the sick list and Gore's arm was not in good shape so it fell to Wallace to again go in the box and to the big one's credit be it said he pitched a fine game. Those that managed to connect with the sphere were unable to make a long drive while the Sanford boys batted Young Windham, brother of the great Jimmie, at will, Clyde Pounds knocking a home run. With all the heavy cannonading the Sanford team could not make good in the critical moments and went down to defeat with a score of 8 to 3 in favor of Orlando. There were many costly errors made by Sanford which enabled Orlando to carry off the game but the fans were not discouraged because any one with half an eye can foresee victory for Sanford when our regular team is mustered with every man in his place. One of the best features of the series this season is the entire absence of sectional feeling that marred the pleasure of the games two years ago. While some of the decisions last Friday were very close there was not a kick made and this kind of deportment means that Sanford and Orlando will have a season of good ball, good gate receipts and good feeling when it is all over.

Kissimmee and Sanford

Kissimmee ball team played at Sanford on Monday and the threatening showers kept down the attendance somewhat. Those that braved the elements managed to enjoy themselves, although the game was not a good exhibition of ball playing. In the sixth inning a decision of the umpire peeved Manager Fred Bass and he called his men off the field, the score standing 6 to 5 in favor of Sanford.

On Tuesday the team played at Kissimmee and from all accounts the game was a very tame affair. Ralph Stevens pitched for Sanford and the score was 7 to 4 in favor of Sanford.

We hope to have more games with Kissimmee for they are a clever lot of ball tossers and manage to give our boys some very good practice.

Thursdays Game at Sanford

Sanford 9. Orlando 8.

The game is never won until the last score is counted in the ninth. At least that is the way it looks to the Orlando rooters who left the field in the eighth inning convinced that Orlando had won with the score standing 8 to 5. With all this heavy handicap Sanford won and we would like to tell about it only the story in detail would take up more space than we can spare and then—what's the use? We won!

The game started with Wallace in the box—good old Wallace—who had been sick Wednesday night but offered to take the mound and do his best. The new catcher, Burden was on hand to receive, the new third, Bowen, and short stop Bridges were in their places and Sanford fans just couldn't see anything but success; but after the bombarding commenced and Pee Wee Bennett of Orlando knocked a home run and let in two men there was despair written on the faces and Manager Spencer commenced to shrink up until he was able to get in his car without opening the door.

And then that bold baid Clyde Pounds knocked another home run and the score kept climbing until in the seventh it stood 8 to 3 and no chance to save our bacon.

The Sanford men were not idle during this time but were batting our friend Jimmy Windham all the time only fate seemed against them enlarging the score. In the field the Sanford boys played a good game, Bridges making a sensational one hand catch, Snedigar making a good catch and Funk also covering his part of the garden and stopping them coming his way.

The game was one of those peculiar hoodooes that could not be explained and while there were errors made on each side Sanford played as good a game as Orlando. Finally Biddy Gore was put in the box changing positions with Wallace and to Biddy's credit let it be said that he pulled the team out of a bad hole only one hit being given up after he started flinging.

In the eighth—well, there was some ball playing and the great Jimmy Windham could not stem the tide and there are some uncharitable people who claim that Windham went up in the air. At any rate in the eighth with two men on bases Snedigar knocked a two bagger scoring two and with the score standing 8 to 8 the crowd took a new lease on life and Orlando failing to score

in their half of the ninth, Sanford came to the bat resolved to soak the cover off the horsehide and they did.

Bowen comes to the bat making a safe hit. Funk followed making a hit and letting Bowers go to second. Lawler made a two base hit scoring Bowen and Funk. Clyde Pounds came to bat making a hit and Lawler went to third. Then good old Wallace came to the bat making a two base hit scoring Lawler and Pounds, making the score 9 to 8 in favor of Sanford. About this time pandemonium broke loose, everybody went bughouse and in the grand mix up the sporting editor lost his score card and the details of the game went with it. At and rate the best part of the game comes in the ninth and the thrills given in this inning were enough to satisfy the taste of the disgruntled fans who were so blue before this inning.

The Sanford team so far has shown good form and can put it all over the Orlando team whenever they lighten up and try more team work. Clyde Pounds is a great ball player and we have great confidence in his ability to deliver the goods before the season is over. Anyhow we don't wish to dishearten Orlando by giving them too stiff a proposition and the whole matter is just a friendly pastime. Both sides are taking the matter good naturedly and some fine games are promised ere the flag falls.

Give the team your support financially and morally and go to the game.

Notes of the Game

Sanford made 11 hits and Orlando made 5, which indicates that Orlando is doing some stick work.

Burden, Bower and Bridges, the B's, all new men made good and have won a place.

Spencer was silent up to the 9th inning and then he made a break for Mayor Lake and tried to roll him in the sand.

Biddy Gore distinguished himself by pulling the bunch out of a hole. He only yielded up one hit after taking the firing line.

Any team that can pull victory out of defeat and roll up four scores in the last half of the 9th deserves honorable mention. The Sanford boys are all right, every one of them.

The attendance was the largest of the season the automobiles being parked half way-around the entire diamond.

The work of Umpires Davis and Pounds is highly commendable each man giving

his best efforts toward the close points in the game and their decisions are never questioned.

The first Sanford player that makes a home run on the home grounds in any game with Orlando will be presented with a fine hat by Palmer & Seigh.

(Continued from first page.)

evening, closing with a most impressive service.

The business of the conference was closed on Saturday, at which time resolutions were passed thanking the citizens for the cordial hospitality that had been extended to the members of the conference during their stay in Sanford.

Some of the preachers left Saturday for their homes on the east coast, but others remained over and will go on to Orlando to attend the meeting of the State Epworth League Conference that meets there this week.

Conference Notes

Dr. R. V. Atkinson of Miami and Rev. R. Ira Barnett of West Palm Beach during their stay in Sanford were the guests of Mr. and Mrs. G. W. Spencer at their home on the Heights.

Miss Ada Miller of Palatka was the guest of Mrs. Chandler.

Mr. and Mrs. W. H. Williams had as their guests Rev. J. D. Sibert and Rev. W. A. Myers.

Rev. H. Dutil of Palatka was entertained in the home of Mr. and Mrs. W. J. Starling.

Circuit Court Adjourns

Judge Minor S. Jones adjourned circuit of the 7th Judicial Circuit, which met Tuesday morning, to July 5th, when Judge Perkins of DeLand will be on the bench.

Card of Thanks

To those who were so kind to us in our late bereavement and loss we extend our heartfelt thanks.

Mr. and Mrs. G. W. Messenger and Family.

HOME TALENT IS GOOD

Library Association Receives a Neat Sum From Play

DISTRICT SKULE GREAT SUCCESS

Home Talent Scores a Hit With Large Audience

District-School at Blueberry Corners drew a large crowd to the High School Auditorium last Friday night, and from the time the curtain rose on the scene, in which the school committee was deliberating on the choice of a new teacher for the school, till the closing chorus, there was a continuous round of mirth and laughter. The personnel of the play was made up entirely of prominent people of Sanford, and each one was deserving of special mention as unique characters.

The large auditorium was well filled as the people of this place are ever ready to give of their time and means to further the interests of a good cause. From the time the curtain rose on the first scenes, a school room in which the school board had met to receive applicants and select a teacher for the school, till the closing chorus there was a continuous round of mirth and laughter.

Considerable difficulty was experienced in making a selection of a teacher from the four applicants who applied in person. The first to appear was Miss Dashaway but she failed on the examination and was turned down. Miss Bilinda Sharp thought a woman should be paid the same salary that a man was paid, but the board couldn't see it that way. Miss Sallie Simple's youthfulness was against her, so she too was sent on her way. The remained for the last who came, Hezekiah Pendergrass, to meet the requirements of an exacting board which he did to the satisfaction of all.

The second scene was the first day of school, morning and afternoon sessions. Roll was made, names and ages given and they were all there, from the sixteen year old miss to the bare-footed, red headed urchin.

Sallie Brown and her little brother, Luther, four years old, were the last to arrive, and were reproved by the teacher for being tardy on the first day, but Sallie deserved credit for getting there at all, having the care of her youthful brother. The first class called for recitation was spelling, and as usual there was the good speller who could turn them all down, the poor speller who couldn't spell at all, the one who peeped in the book when teacher wasn't looking and the brilliant scholar who "didn't see that word." The class in geography is deserving of special mention for brilliancy. Many local hits were made that were very clever.

The closing day of school, which was a momentous occasion, was probably the crowning effort. Best clothes were worn, compositions were read, speeches made to the gratification of school committee and visitors present. Uriah Perkins, chairman of committee, addressed the school eloquently at the close of the exercises. Every one who took part in this entertainment deserves credit for contributing to its success and special mention would be made if space was available. It is hoped that these "stars" will again appear for the pleasure of the Sanford public.

The choruses were much enjoyed, and the quartet that sang "Old Kentucky Home" was particularly fine.

Mrs. L. E. Tolar was pianist for the evening and rendered some beautiful selections. The play was given for the benefit of the Sanford Library Association and a nice sum was realized for this popular institution. The following were the characters:

SANFORD, THE CORN BELT OF FLORIDA

The Fields of Fine Corn Around Sanford Are the Wonder of the Agricultural World

Will wonders never cease!

This exclamation was made by a gentleman one day last week after a trip on the traction line over the east side and an automobile trip over the west side.

Few people would realize or believe the story about the wonderful yield of corn and hay that at present is growing upon the fields in the Sanford Celery Delta—fields that only a few weeks ago were filled with celery and lettuce. The hay crop is volunteer and need no attention, coming up luxuriantly after the other crops have been shipped. No such hay

crop can be raised in the south as that which springs up on the sub-irrigated celery lands around Sanford and the farmers are selling it at \$10 per ton, all they can haul.

The visitors to the city last week were amazed to observe the giant stalks of corn all through the Celery Delta, each stalk having two and three large well filled ears of corn and no better crop could be grown in the famous corn belts of the north. The corn is being affected in Kansas and other Middle West States by the drought, something that never happens on our sub-irrigated lands and the people coming to Sanford this week

from those sections are agreeably surprised to find such corn growing in Florida where they expect to see nothing but sand. Each year finds the Sanford farmers getting back to Nature for all that he needs and with plenty of corn, hay, cowpeas, plinters and velvet beans for horses, cattle and hogs, the farmers of the North are settling upon Sanford as the real farming and vegetable section of the entire South. The day is over for the one crop idea in Sanford and each year sees new crops, better crops, more cattle, more hogs, more chickens, a better living, a surer living and a finer foundation section and a Greater Sanford.

OFFICER GRAVES KILLED

Accidentally Shot While Grappling With Negro Prisoner

While preventing the escape of a negro prisoner at the city jail at noon yesterday F. Z. Graves was instantly killed by the accidental discharge of a pistol in the hands of Officer Safford. The negro prisoner had been before Mayor Lake for selling whiskey and while being put in the cell by Officer Safford broke loose and ran behind the steel cage grabbing an empty bottle and attempting to strike the officer. Mr. Graves happened to be in the city building and rushed to Safford's assistance both officers using the butt ends of their pistols in trying to force the negro back in his cell. While Mr. Safford was using his gun the weapon was accidentally discharged the bullet striking Mr. Graves and killing him almost instantly. The negro broke away and ran out of the cell and up the alley when a shot from Safford's revolver brought him down seriously wounded. Mr. Safford did not know that Mr. Graves had been shot until his return with the negro prisoner when he found him breathing his last.

Mr. Safford is heartbroken over the affair and the terrible accident has cast a gloom over the entire city. Mr. Graves for several years was on the city police force where his vigilance and courage made him a terror to the criminal class. For some months past he had served as street commissioner.

He leaves a wife, three sons, and four daughters to mourn his loss.

Herald Takes the Lead

Results guaranteed to advertisers has been the slogan of The Herald and while our subscription list will compare favorably with any weekly paper in the state the management was greatly surprised to get the following letter:

Editor Sanford Herald, Sanford, Florida,
Dear Sir:—We beg to advise you that after summing up the total amount of replies received from our recent series of advertising, placed with six newspapers in Florida towns, the Sanford Herald yielded us more replies than any other.

Yours truly,
JOHN A. CUNNINGHAM.

All of which indicates that in a large contest recently inaugurated by Jno. A. Cunningham in which each paper was pitted, The Herald headed the list. This should prove interesting to present advertisers and those who contemplate using our papers.

CITY COUNCIL MEETS

Postponed Session Held Last Monday Night

Council met in postponed session, July 26, at 7:30 p. m.
Present: D. L. Thrasher, President; W. D. Holden, H. R. Stevens, S. Runge.
Absent: H. Ward, B. A. Howard and J. D. Davidson.

Minutes of last meeting read and approved. Two petitions largely signed asking the council to pass an ordinance forbidding the sale of merchandise and cold drinks on Sunday read and referred to ordinance committee.

Communication from the Sanford Traction Company asking that certain sheets be designated for the use of their car tracks read and referred to the street committee.

Resolutions adopted by the Sanford Library Association and referred to the council, read.

Taken under advisement bid of Chase & Co. for insurance on new fire engine referred to fire committee.

On motion, the street committee was authorized to settle the difference with Mr. Crawford in regard to change in bridge across Pump Branch at 7th street for \$150. The following resolution was read and adopted:

Resolved, That Postmaster C. F. Haskins be notified that the city of Sanford now has more than 5,000 inhabitants and is now prepared to have free delivery of mail and that Mr. Haskins be required to take necessary steps to secure this accommodation.

On motion the street committee was authorized to purchase sewer pipe for Rand avenue sewer.

On motion council adjourned.

M. W. LOVELL, Clerk

The Postoffice Rules

Our postmaster formulates the following rules for the benefit of his patrons and that you may know what you may expect: No letters given out until they have been received. If you don't get a letter or a paper on the day you expect it have the postmaster look through all the boxes and down the cellar also. It ought to be there somewhere and he likes to hunt for it just to please you. If your friend don't write rave at the postmaster. He is to blame. If he tells you no, put on a grieving look and say there ought to be some. He is probably hiding your mail for the pleasure of having you call for it. Ask him to look again. If you are buying stamps make him lick them and put them on, that's his business.

BALL GAMES ONLY

Sanford Will Not Celebrate In Old Fashioned Fourth

On account of a general apathy and lack of interest in the Fourth of July celebration it has been decided to cut out the barbecue and fish-fry and other stunts and have a double header ball game with Orlando on the afternoon of July Fourth. The consensus of opinion seems that a big celebration would cost too much and a general day of celebrating would mean closing of the stores which some of the merchants wish to avoid.

It was hoped a great celebration and old time Fourth could be planned and the Sanford spirit of hospitality prevail, but no one seems to take the initiative and agree to finance the proposition. There is time to reconsider the proposition and have the fish-fry, but at present the prospect for a barbecue is unfavorable.

The ladies will preside at the West Side Park and the basket-picnic, idea still holds good and the farmers will congregate and discuss the issues of the day, but aside from the ball game there will be no spectacular effects and the red fire and rockets have turned to punk.

The eagle will scream but not loud enough to disturb the slumbers of those who want a safe and sane Fourth and no noise.

Will Open Dental Office

Dr. F. C. Boardman, of this city, son of our fellow townsman and merchant. Mr. F. N. Boardman, will in a few days open dental parlors at Sanford, where he has already engaged quarters in the G. & W. building next door to the N. P. Yowell store. Dr. Boardman graduated in the early spring from the Baltimore College of Dental Surgery with high honors and only a few weeks ago passed a very satisfactory examination before the State Board of Examiners at Pensacola. A bright career is predicted for the young man who has not only acquitted himself handsomely both in college and before the board, but has an engaging manner, a splendid address and a way of making friends that promises to take him to the top rung of the ladder of success.—Reporter Star.

Woodmen Circle Dance

Don't forget the dance to be given by the Woodmen Circle Tuesday evening July 4th at city hall. Dancing to begin at 8:30. Come every body and enjoy the glorious Fourth, for those do not dance there will be good music, refreshing beverages and a general good time for everybody, all for 50 admission. Come early and get the worth of your money.

NEWS OF THE WORLD

Items of Interest Gleaned From Various Sources

HAPPENINGS DURING THE WEEK

Here the Readers Will Find a Brief Historical Spring Flowing For Hurried Readers

Because a group of revolutionists entrusted with the work of maintaining order at Vega De Metzitan, in the State of Hidalgo, forced Franz Reitter, a civil engineer, to remove his shoes and then barefooted wait upon them like an ordinary servant, the German minister, Admiral Paul Von Hintze, has demanded reparation from the Mexican government. He also demanded indemnity for losses incurred by the company for which Reitter was working. The government has ordered an investigation of the charges.

Reliable advices have been received from Albania that the situation there is extremely critical. Turkey has massed 50,000 troops within a day's march of the Montenegrin frontier. Charles R. Crane, of Chicago, who has just arrived at Vienna from Cetinje, after traversing Albania, describes the conditions as absolutely intolerable. The Turks, he says, are devastating whole districts, killing prisoners, refugee women and children, burning homes and crops and blowing up churches.

The inquiry into the Colorado group of beet sugar factories, controlled by the American Sugar Refining Company through the Great Western Sugar Company was concluded Saturday by the Sugar Trust investigating committee. This week the so-called Sugar Trust interests in California industries will be taken up. John D. Spreckels will be a witness as also will Claus Spreckels upon his return from Europe. Further insight into the relations of the Mormon Church and the American Sugar Refining Company will be sought from Prophet Joseph F. Smith, head of the Mormon Church.

A new record in the foreign commerce of the United States, surpassing that of any business history was made during the eleven months of the fiscal year ending with May. During this period the imports and exports of the United States, as compiled by the Bureau of Statistics, amounted to \$3,312,383,506, which exceeds the record year of 1908 by almost \$3,000,000. The balance of trade in favor of American business men from their foreign customers amounts to \$501,523,502 for the eleven months.

An investigation of cold storage eggs for the government, will be conducted this summer by Prof. W. A. Stocking of Cornell. It will be conducted largely in Omaha packing houses. The object is to find out particularly what kind of eggs should be placed in storage so as to insure keeping quality.

A state-wide movement having for its object the repeal of the near beer clause and the abolition of locker clubs was launched throughout Georgia on Monday by the Anti-Saloon League. Letters had been sent to the pastors of all the churches in the State and these were read at today's services. Resolutions accompanying the letters also were presented to the congregations. These approved the near beer bill and called upon the several Senators and Representatives to work and vote for its passage.

Stringfellow-Howard

The announcement of the marriage of Miss Ella Stringfellow and Mr. C. C. Howard came as a surprise to their many Sanford friends. The event occurred in Jacksonville last Tuesday and the first inking their friends had of the event was the receipt of postal cards.

Both young people are popular in Sanford social circles, Miss Stringfellow being the oldest daughter of Judge L. G. Stringfellow has resided in this city since her early childhood and numbers her friends by the score.

Mr. Howard has been a resident of Sanford for several years being a member of the Howard-Packard Land Co., and a general favorite with every one. He is also engaged at present in railroad construction work. The happy couple after a wedding trip will make Sanford their home, Mr. Howard having a nice home already prepared on Myrtle Ave.

The Herald joins the many friends in wishing Mr. and Mrs. Howard a happy and prosperous life.
