When the check endorser is questioned about overchecking, officers say he is profuse in apologies to either the officer or his victim and usually explains north side gang and anyone else that it is an oversight.

'Tired of Wife' Says 'Alleged Bigamist

Because he was "tired of the other girl" and also that he had found another girl who had money, were the reasons given by Bert Adams, negro, formerly of Sanford, for leaving his first wife and marying another woman when he was ararigned before M. W. Lovell, justice of the peace, on a charge of bigamy. He was bound from the penitentiary over to the Circuit Court under bond of \$300 which was furnished by his second wife.

Adams' first wife, Margaret, about 18 years old, accompanied by her mother, visited the office of Mr. Lovell shortly before the man's arrest. She wanted to know what could be done with her daughter's Mrs. Julia Brown,

Congratulations

To Seminole County Building & Loan Association

We congratulate you on the splendid statement you published in today's paper-it reflects great credit upon both the management and Seminole County.

To have built a strong financial institution as this one in six short months is truly a splendid achievement.

An achievement that places your institution in front rank standing among the other high standing financial institutions of the city.

Remarkable Progress

Is shown by the fine statement just published by the Seminole County Building Association -it is an accomplishment to which the management and community may well point to with pride.

It gives us pleasure to congratulate the shareholders and management on the excellent progress that has been made.

Sanford needs the service that is being rendered by the Seminole County Building and Loan Association—without the help of building and loan associations Sanford must fall short of its home building expectations.

We sincerely hope that the home building idea as expressed in the savings plan of the Association will be shared by many new members and that the next six months' achievement will even excell the great record of the first six months.

PROGRESS--

SPLENDID

We are glad to congratulate the Seminole County Building and Loan Association upon the progress they have made in the building of that institution.

To have been able to secure share subscriptions to the amount of over \$439,000 in the short period of six months, and to have already created a surplus for shareholders is doing what would seem to be impossible.

Your Board of Directors, consisting as it does, of the very best business men in the city, can be. depended upon, we believe, to put into force policies and a building programme that will make this organization one of the most profitable and strongest in the state, and of real service to the City of Sanford.

WALK clear around a new 1927 Chandler and study the car from every angle. What a picture of grace and charm, and perfect harmony of line, curve and color!

Step inside. Sink into the deep, rich cushions, Comfortable! Why, you've never felt more restfully at ease in all your born days! Start the motor. Listen to that whispering murmur under the hood. Hardly a sound! A

mighty mechanism purring like a kitten! And power-say, when you tamp your toe on the go-trigger, you get the sensation of waking up all the power in the world.

Reel off the miles at any speed-you'll never feel the slightest vibration. And on hills that make the average car growl up in intermediate gear, give Chandler the gas and whiz up in high!

All models have the great "One Shot" system of centralized chassis lubrication; an air cleaner: an oil purifier; 4-wheel brakes; thermostatic cooling; self-adjusting spring shackles.

The cars themselves reflect the stability of a powerful company with no bonded indebtedness, no mortgages, no bank loans, no notes-and assets 20 to 1 over liabilities-stability that enables Chandler to offer finer cars at lower prices!
