

### General Assembly Of Presbyterians Held In New York

**By GEORGE CORNELL**  
**NEW YORK**—Too many Christians are that in name only. They don't apply their creed sufficiently to the way they live and run their country.

This view was voiced repeatedly by ministerial and lay leaders at sessions prior to the opening of the 16th annual General assembly of the Presbyterian Church in the U. S. A.

"We are making nothing like the impact on our time that the first Christians made on theirs," said the Rev. Robert J. McCracken of New York's Riverside Church.

"We have failed to indicate the Christian solution to the problem of international relations or to deal energetically with great social evils which lie like a blight upon man's common life."

More than 1,200 church leaders from throughout the country are here for a 2-day conference on evangelism, which began Tuesday.

The General Assembly, top Presbyterian governing body, opens Thursday.

"At sessions Tuesday there were these words about the effectiveness of Christianity in modern life: 'Said the Rev. Harrison Hay Anderson, Chicago, moderator of the General Assembly—

"The church has been sitting too long on a cushion, obsessed with gadgets. We need to reflect a new quality of life, of the animation of Christ."

"The church has been sitting too long on a cushion, obsessed with gadgets. We need to reflect a new quality of life, of the animation of Christ."

Said Rep. Brooks Hays (D-Ark.) "The Christian man must emerge from the house of faith into the area of the people. The influence of righteous men—the spiritual resources of the church—are our only hope in these fateful times."

Said the Rev. John Sutherland, Moderator of the Fifth Avenue (New York) Presbyterian church—

"There is appalling evidence of corruption and venality throughout America. Materialism has eaten into the heart of our land. We have raised gods of iron, silver, gold and wood. We need a great breath of God blowing through the nation."

**PLANE CRASH**  
**HOLLYWOOD**—Civil aeronautics authorities today were investigating the crash of a light plane at Hollywood Airport Tuesday which killed a Miami Beach private flier and burned two others.

Dead was Loren Charles Robinson, 34, a former diving and swimming instructor who came to Miami Beach in 1946 from Milford, Conn.

Burned were Kenneth S. Simpson 43, a Hollywood real estate agent who was a passenger in the 2-seater plane, and Louis Salzo, 29, Miami, a mechanic at the airport who was burned while pulling Simpson from the wreckage.

**OIL STRIKE**  
**DENVER**—Major segments of the nation's oil industry remained closed today as an estimated 60,000 workers refused to ratify or failed to reach back-to-work agreements.

Scattered settlements were reported, mostly among small locals. O. A. Knight, president of the Oil Workers International Union (CIO), estimated that only about one-third of the 90,000 refinery and pipeline workers who walked out April 30 have returned to their jobs.

Knight predicted that nearly all the strikers would be back by the end of this week.

**SUICIDE FAILS**  
**SARASOTA**—A gas explosion saved the life of a would-be suicide only to lead to his exposure as an Air Force deserter.

The man turned on the gas in his apartment and lay down to die. Police Chief Robert N. Wilson said, but when the gas spread to the pilot light on a refrigerator there was an explosion which blasted the suicide plan.

Papers in his possession led to his identification as Capt. Harry T. Danielson, 35, Boston, who deserted from Brooke Air Force Base

**SALE OF POISONS**  
**MIAMI BEACH**—The Florida State Pharmaceutical Association endorsed Tuesday a proposal to regulate the sale of poisons and tighten rules governing the sale of all medical supplies in Florida.

San Antonio, Tex., last Nov. 20, Wilson added. He had been working here as a bathhouse attendant under the name of Harry J. Kelly.

### Four Bodies Found From Missing Sloop

**BELLINGHAM, Wash.**—The wind-whipped wake of one of Puget Sound's worst yachting tragedies has revealed the bodies of four of seven persons who were aboard the 35-foot sailing sloop Prelude when it vanished Sunday evening.

An extensive search for the other three persons—now presumed dead—and the wreckage of the mysteriously missing boat is continuing today.

The bodies of Mrs. Ellen Fordyce, her son Kenneth, 12, Ed E. Jukes and Mrs. Donald W. Card, were found Tuesday in the waters between here and Orcas Island, some 15 miles to the southwest. Only Jukes was not wearing a life preserver.

Still missing are Paul Fordyce, the owner of the yacht, Donald Card and Mrs. Jukes. Only a mattress, lifeboat paddles, two seat cushions and an ice box door from the Prelude have been found.

Fordyce, an expert yachtsman, had years of experience sailing the water in which the Prelude disappeared and an ice box door from the Prelude was experienced Sunday night when moderate winds were blowing.

### John Garfield

**(Continued From Page One)**  
became worried when he did not appear.

Miss Whitney, a stage actress, told police she had known Garfield about two months.

She said she offered to call a doctor, but he replied there was no need for it and that "I'll feel better if I can get some rest."

He went to the bedroom, removed his clothing, except for his shorts and T-shirt, and got into the double bed, she said.

Miss Whitney said she decided to let him stay for the night, and that she went to sleep on a couch in the living room.

She awoke at about 8 a. m. EST. Looked into the bedroom and saw him still apparently asleep, she said.

She said she went to the kitchenette, got some orange juice and placed a glass of it on a night table beside the bed.

Then she tried to awaken him, but without success. She telephoned Dr. Charles H. Nammack, who pronounced the actor dead. Police said they found the glass of orange juice still on the table.

They said Miss Whitney expressed concern about Garfield's family, expressing hope they would not misinterpret his presence in her apartment.

The Garfields have two children, David, 8, and Julie, 5.

Hyams said Garfield lately had been "seeing a lot of people to interview in connection with a play, 'Freaky Poo,' which he expected to produce in the fall and possibly direct."

"The only reason I can think of for his visiting her was that she is interested in plays and in the financing of plays," Hyams said.

Hyams said Garfield and his wife grew up together in New York's tenement area and that their marriage was the only one for both of them.

Mrs. Garfield is the former Roberta Mann, a non-actress.

Miss Whitney appeared in the Broadway play, "Dark of the Moon."

The medical examiner's office attributed Garfield's death to a cardiac condition and said there was "nothing suspicious." Hyams said Garfield had suffered a heart attack about a year ago and had been under a physician's care.

**U. OF F. HOME-COMING  
GAINESVILLE**—(Special)—Eddie Booth, Jacksonville, was named as general chairman of the 1952 University of Florida Homecoming by Bob Terry, Miami, Florida new Blue Key president.

Homecoming, which is handled annually by Blue Key, will be held the weekend of Nov. 1, when the Gators meet the Auburn Tigers.

Festivities include a house decoration contest, a dance, a parade, and Gator Growl.

Besides Terry, other Blue Key officers elected on May 2, are: Sammie Eason, Miami, vice-president; Dick Pettigrew, Jacksonville, secretary; and Julian Dominick, Orlando, treasurer.

The officers were recently installed at a meeting following the Blue Key Banquet at which Attorney General Richard Ervin spoke on "Integrity in Government."

### Governors Race

**(Continued From Page One)**  
speeches in three suburban Lakeland precincts where his opponent, Braley Odham, topped his vote May 6. A motorcade of supporters accompanied him from one place to another.

He'll do the same thing here tonight, speaking at Plant High School and Hillsborough High School instead of the Courthouse Square.

Polk and Hillsborough are two of the eight counties in which McCarty was not high man.

The Fort Pierce citrus grower and cattleman intensified his criticism of Odham's plan to narrow some 337 million dollars against gas tax revenues of the next 30 years to build 2,250 miles of 4-lane highways.

He said it is "a pork barrel as bad or worse than some of the things that come out of Washington," and does not take into consideration factors that would run the cost far above the figure Odham estimated.

"He's talking about creating a tremendous bonded debt at the peak of the citrus market when we can get 15 cents for the tax dollar we spend," McCarty said. "Why, the interest alone will run nine million dollars a year, to use his own figures."

McCarty said he preferred to build the roads on a pay-as-you-go basis, taking into consideration needs determined by traffic count and congestion.

He said "if there is any chisel, any graft or any corruption going on in the road-building program, we are going to put a stop to it and if there is as much as Odham says there is, it would be enough to build the necessary highways without borrowing."

McCarty also said Odham apparently doesn't understand the Farm Bureau plan for exempting tractors from taxes on gasoline since he said it would result in reducing revenue for building farm to market roads Odham opposes the exemption. McCarty favors it.

McCarty said the law proposed by farming and commercial fishing interests would only provide for exemption of tractor and boat fuel from the cent general road building share of the gas tax, and not the three cents earmarked for secondary roads and debt retirement.

McCarty contended the exemption would encourage farmers to use more gasoline, instead of diesel fuel, for their tractors, and thereby increase revenue from the non-exempt portion of the gas tax.

Both are backers of Taft, who has said he would support a bill totaling six billion.

Eisenhower has said a one billion dollar reduction in the program would be "heavily and seriously felt," and that cuts substantially at that point might endanger U. S. Security.

The AFL and CIO have opposed the Fulbright amendments.

Sen. Humphrey (D-Minn.) chairman of a Senate labor subcommittee, announced he will ask the Senate to knock out the Fulbright amendments if the Banking Committee approves them, and to refer them to his group for study.

The Banking Committee, headed by Sen. Maybank (D-S.C.) scheduled debate and a vote on the amendments at a closed door session before voting on the measure itself.

A favorable majority would send the bill to the Senate floor for what promises to be stormy debate involving the whole vast controls program and administration handling of the steel strike.

The House Banking Committee is nearing the windup of public hearings on its own version of the measure.

Unless the two branches agree by June 30 on terms of an extension — or successor to — the Defense Production Act, the law expires and the whole controls program would collapse.

### Ridgway's Views

**(Continued From Page One)**  
ous and defiant Communist principal and war can be put under control.

Ridgway, former commander of U. N. forces in the Far East, talked with senators for about two hours.

He was questioned extensively about the Koje Island incidents but some senators said he could tell them little new.

Other senators said Ridgway told them Communist leaders built up their forces in Korea during truce talks, and that the general was not optimistic that a satisfactory cease-fire agreement can be reached.

One Democratic senator, who asked not to be named, said Ridgway's picture of Far Eastern conditions was "the most depressing thing I have heard in months."

Sen. Russell (D-Ga.), presiding at the session, told the general that the Koje Island affair has brought shock and a sense of shame here at home.

Russell gave reporters a copy of a statement he made.

In the statement, Russell congratulated Ridgway "for the magnificent job you have performed as a leader of our fighting men in a grim and bloody war," but used such words as "bewildering" and "shocking" in reference to the "kidnapping" of a U. S. general by Communist prisoners on Koje Island.

Ridgway, given a celebrity's welcome to the Capitol, was technically before the Senate Armed Services Committee which Russell heads.

However, all senators had been invited to attend and more than one-third of the membership was on hand when the doors were closed.

While this meeting was going on, it was announced that Ridgway will address a joint meeting of the Senate and the House at 11:30 a. m. EST Thursday.

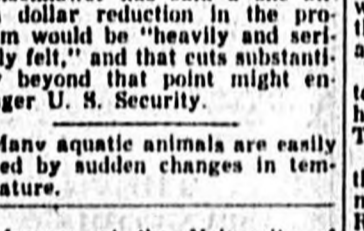

Ridgway is en route to Europe to replace Gen. Dwight D. Eisenhower as head of North Atlantic Treaty Organization forces.

Sen. Robertson (D-Va.), one of the first to leave the closed-door meeting of senators, told reporters Ridgway was unable to shed much new light on the Koje incidents although questioned extensively.

### Senate Votes 52 To 18 In Favor Of McGranery

**WASHINGTON**—A lop-sided Senate vote cleared the way for James P. McGranery to walk into the Justice Department today and take over as the boss.

By a 52 to 18 vote, the Senate Tuesday night confirmed President Truman's nomination of the 55-year-old Philadelphia jurist to succeed J. Howard McGrath as attorney general.

All the votes against the appointment were cast by Republicans, but 14 other Republicans joined 38 Democrats in voting for confirmation.

Pennsylvania's two Republican senators, Duff and Martin, were among those voting approval.

McGranery, a former House member, has been a federal judge in the Eastern District of Pennsylvania since 1940. During the war he served as the No. 2 official in the Justice Department, as assistant to the attorney general.

Mr. Truman sent McGranery's nomination to the Senate last April 3 in a lightning aftermath to McGrath's resignation after firing Newbold Morris as government cleanup man.

McGranery told the Senate Judiciary Committee he would expose and prosecute corruption wherever he found it. He also pledged to fire any incompetent, disloyal or dishonest Justice Department employees.

Sen. Ferguson (R-Mich.) and Watkins (R-Utah), who led the fight against McGranery, said they did not believe his performance would match his promise.

During Tuesday's day-long debate, Ferguson and Watkins were the only senators to make speeches in opposition to McGranery.

Chairman McCarran (D-Nev.) of the Judiciary Committee replied in detail to their criticisms and predicted McGranery would have a great administration as attorney general.

He called McGranery an "honest, sincere, God-fearing, fair official."

**Soil Conservation News**  
By BEN WIGGINS  
Soil Conservationist

The conservation or wise use of our natural resources, land, water, timber, wildlife, and minerals is now becoming a serious problem. This problem should be of vital interest to every individual, regardless of his occupation or profession. Every individual is dependent upon our land, water, and other natural resources for his food, clothing, and shelter.

Over 100 million acres of our once productive farm land is now completely destroyed or ruined as far as agricultural purposes are concerned. Approximately 1/4 million acres are being lost to agriculture each year.

Every morning we wake up there are over 8,000 additional people here in the U. S. to feed and clothe. To meet the demands of this rapidly increasing population greater production is required. Proper land use and treatment along with improved methods of farming are the best ways to obtain this increased production.

What usually happens to a country whose population exceeds the productive capacity of its land resources becomes limited or exhausted. This ultimately results in a lower standard of living. China, India, Korea, and some of the old European countries are good examples of what happens when land is abused and natural resources wasted.

The way we present land owners use and treat our land and other natural resources will certainly have an important bearing on the standard of living of our children and their children.

The basic objective of the Soil Conservation Service is to train each farmer to use his land according to its capabilities and to treat it according to its needs for protection and improvement. In carrying out this basic objective a conservation farm plan is worked out with the farmer. This plan is based on a complete survey of the soil up to a depth of 60 inches, by a trained soil scientist. The soil survey gives all the major soil characteristics such as: effective depth of root zone, texture of topsoil, permeability of soil and subsoil, significant soil layers below topsoil, and all other factors needed in determining the capability of the soils.

A conservation farm plan consists of a land use map showing the various fields and what each field is to be used for, an aerial photograph of the farm showing the various soil types and a short description of each soil, and recommendations for carrying out the farm plan.

During the past few weeks conservation plans were worked out with the following cooperators: Wm. Hoffman, L. E. Heifer, F. A. Dyeon, Robert Thomas, E. O. Pawcett, and the Acron Ranch in Chuluota.

Soil and water conservation doesn't cost a penny. Proper land use and treatment results in increased production, greater profits, improved land, and a higher standard of living.

**CHUTE TO SAFETY**  
BARTOW - Two fliers from Bartow Air Force Base escaped injury Wednesday when they parachuted from their training plane at 4,000 feet. The plane crashed and burned four miles from the base.

The fliers are Charles R. Rose, Winter Haven, instructor, and Robert E. Kimball, a student from Newburg, N. Y. Cause of the crash is being investigated.

**Co-operation To Be Given Sanfordites In Fire Prevention**

Fire Chief Mack N. Cleveland today offered to cooperate with all who want to make their homes safe from fire.

"A qualified member of the Fire Department will be assigned to inspect any building and make detailed fire safety recommendations," the Chief said. "Preventing fires is just as much our job as putting fires out."

Records of the National Fire Protection Association, sponsor of the national Spring Clean-Up drive now being observed in the U.S. show that the danger of conflagrations is greater in the spring than other times of the year. One reason for this is the combination of warm sun and high winds which makes flammable roof tops especially vulnerable. High winds can quickly spread a small fire to an entire community unless roofs are protected with fire-resistant coverings, such as asphalt shingles.

Chief Cleveland also warned of the danger of burning leaves and trash, particularly after an extended dry spell. Fire can race swiftly through last year's dead plant growth, and a small blaze can become a terrifying inferno in a matter of minutes. Brush fires, make spring the fireman's busiest season, the Chief said.

Don't start a fire at the same time you're trying to prevent one.

**HOLLYWOOD**  
By BOB THOMAS

**HOLLYWOOD**— Now it's Dick Powell who's toying with the idea of ending his acting career.

Recently the story was tagged onto Mrs. Powell, known to the movie-going set as June Allyson. She was reported as being ready to chuck her movie career in favor of another one at home with her two children.

"I don't know how that story got started," said Powell. "June has never said that she would quit making pictures. But I'm sure of one thing — she's through making bad pictures."

"I can't understand this studio (MGM) here they have the outstanding female attraction on the screen today; the polls have proved that. And yet they have no pictures for her. In the recent announcement of future production there wasn't one picture named for her. The pictures she has done lately have not been outstanding."

June has gotten to the point where she doesn't care, she has a year to go on her contract. But I'm sure she would just as soon spend it at home — unless something great comes along."

Powell indicated that he would be willing to take on his making kit. I don't generally take such remarks seriously, since actors are always planning to get out of the racket, but never do. Those who make the move, like Fred Astaire, change their minds later. But Powell seemed serious about his intention.

"I've been in it 25 years," said the actor whose youthful appearance belies the years. "I was five years in the East and 20 out here. That's long enough to be an actor."

He admitted that getting out of the acting business is a tough assignment. "It's tougher than getting out of musicals, and you know how long that took me," he said. "But I won't really be getting out of the business, just into another field. I want to be a director."

Powell nearly achieved his ambition recently. He had a friend, writer Bill Bowers, whip up a screen story and they sold it to Paramount along with Powell's services as director. But when the script got no action at Paramount, they arranged for RKO to buy it.

Then the deal hit a snag. Jean Simmons was cast into the picture and her contract apparently called for director approval. Powell was accused of the director's spot. But RKO has promised to let him direct another one.

"They've already sent me three scripts, but I turned them down," he remarked. "I want my first fling at direction to be good. If I finally do it, and if the picture is a hit, I think that will be the end of acting for me."

Meanwhile, Powell's acting career shows no signs of slowing. He

co-operation and everything in getting her to us.

"What said she will never be separated from us again if he has anything at all to do with it. I am sure that I am the happiest girl in the whole world tonight. While in Amsterdam, the stewardess took her to the zoo, for a tram ride, and to the circus. When she got ready to leave the airport, she said she wanted to see the airplanes, again. Imagine when we got here, we did not want to see one for 10 years."

Joe Gibbs and his Boosters have tried to reach everyone in DeBary. If they missed you, it's probably because you were out when they called.

Jim Scott, chairman of the Entertainment Committee and Roy Miller, his assistant, are busy planning all kinds of fun. Jim has also been working like a beaver preparing the grounds.

For Nite and her committee are planning some fine games and stunts for children and adults. Prizes? Of course!

Bill Pecece and Joe Brenner are taking care of tables, benches etc., as efficiently as they did last year.

William Wiestenberg will do the decorations, and a fine job it will be we know.

Gus King's committee is concentrating on eats and drinks. Come, all of you in DeBary and any friends who would enjoy packing a picnic basket and spending the day here with us. Everybody is welcome! Let's get acquainted with our many new neighbors.

# Few Of Ancient Car Models Survive In Competitive Field

By HAL ROYLE  
NEW YORK (The Oddity Almanac)—Remember the old Dagnar? shiny sides, great on curves and carried a front and rear bumper.

The Dagnar (1922-1927) was just one of 2,500 kinds of automobiles made in America since the turn of the century. Only 21 survive today in this fiercely competitive industry. . . . Studebaker, which started making covered wagons 100 years ago, claims to be the oldest firm still in existence. But dad or granddad will recall going courtin' in cars bearing such vanished tradenames as Mercer, Rickenbacker, Oldfield, Maxwell, Velle and Stutz Bearcat. . . . Speaking of covered wagons, did you know that some 1,700,000 Americans now live in trailer coaches? . . . In 12 years the industry's annual sales increased 10 million dollars to 248 million. The length of the average trailer has increased from 15 feet to 30, and you can buy 'em up to 45 feet. . . . These have four rooms and stall showers. . . . Until the government entered the market, 98 per cent of the trailers were bought by defense workers, 25 per cent by servicemen. . . . Suggested in industry theme song, "Oh, the Sun Shines Bright on My Old Kentucky Trailer". Government economy oooETAQIN SHIRDLU N note: Industrialist Fred A. Wirt says the federal debt of about 260 billion dollars means that "every infant born in the U. S. assumes, the second he or she draws breath, a debt of \$1,700. . . . Maybe that explains why the first thing babies do in this world is to break out crying.

Fact is stronger than fiction department: The Columbia Gazetteer says only 30 Russian towns are named after Stalin to 36 for Sergei Kirov, a Soviet bigwig assassinated in 1934. . . . Many of the coach dogs you see in firehouses never hear the firebell. The Baltimore breed has a high percentage of deafness. Tulips, now commonplace, were worth more than their weight in gold after they were introduced into Holland from Turkey in 1593. Such a mania for them swept Europe that a single tulip bulb once sold for a load of grain, four oxen, 12 sheep, five pigs, two tubs of butter, 1,000 pounds of cheese, four barrels of beer, two hogsheads of wine, a suit of clothes and silver drinking cup.

Children and small animals department: A report has just reached us from the arrest of a kangaroo for shoplifting. . . . Its owner had trained it to steal items and hide them in its pouch. . . . Detectives seized the kangaroo when an alarm clock it had carried on its person unexpectedly began to ring. . . . The Almanac's editorial: The Tax Foundation says that the average American today is paying 32 cents out of every dollar for direct or hidden taxes. This is true of everybody except hermits in the woods. Well, we say, why should hermits be a privileged class? When is the government going to hunt down these life dodgers.

### OUR DEMOCRACY—by Mat

#### The VOICE of DEMOCRACY

THE VOICE OF OUR DEMOCRACY TENDS TO BECOME LOUDER IN A PRESIDENTIAL ELECTION YEAR. AT THIS SEASON, WHEREVER AMERICANS COME TOGETHER, THE POLITICAL DISCUSSION WAXES HOT.

YET, WHEN IT COMES TO THE BALLOT BOX, AS MANY AS 4 OUT OF 10 ELIGIBLE VOTERS MAY FAIL TO CAST THEIR VOTES. THE FOUNDERS OF OUR COUNTRY, WHO FOUGHT FOR THE VOTING PRIVILEGE, WOULD APPRECIATE OR UNDERSTAND THIS FAILURE TO EXERCISE THE RIGHT OF FRANCHISE.

LET'S KEEP FAITH WITH OUR FOUNDING FATHERS, SIX MONTHS FROM NOW, AND BY VOTING—EACH AND ALL OF US—DISCHARGE THIS PRIMARY RESPONSIBILITY AS CITIZENS OF OUR DEMOCRACY.

### Joy Rebukes Reds For Stalling To Patch Up Forces

MUNSAN, Korea (The Daily)—Vice Adm. C. Turner Joy in his final statement as chief Allied truce delegate today rebuked the Reds for using the Korean armistice talks as a flimsy excuse to stall to repair their shattered forces.

"There is nothing left to negotiate—the decision is in your hands," the admiral declared.

Joy, upon completing his prepared statement, strode from the Panmunjom conference tent. His actions drew the Communist delegation into a Korean trap.

But Maj. Gen. William K. Harrison Jr., Joy's relief, moved over into the U. N. chief delegate's seat and suggested a recess until Friday. The Reds demanded an almost unprecedented afternoon session.

It lasted 20 minutes. Harrison used it in a feeble attempt to reply to Joy in what Harrison called "plains drive."

Another session was set for Friday.

Joy said in his stinging farewell to the Allies he made their last concession on the repatriation of prisoners of war—last roadblock to a Korean truce.

The Allies won't back down, he said, from their refusal to return prisoners of war who do not want to go back to Communist rule. The Allies say that of nearly 170,000 Red captives and internees about 100,000 refuse to rejoin the Reds voluntarily. The Communists want all their captured soldiers back—or no truce.

"Your side must completely abandon your absurd proposition to retain our captured personnel," Nam II said in a 15-minute opening blast at the Allies.

He repeated his daily attacks on U. N. handling of war prisoners. Joy was the last member of the original 5-member Allied team that began truce talks July 10. He is leaving to become commandant of the U. S. Naval Academy at Annapolis.

"Nowhere in the record," he told the Allies, "is there a single action of your side which indicates a real and sincere desire to attain a truce."

"Instead," he continued, "you bring them to town and make them say they are fair share of the load for civilization, whether they want it or not. . . . It's about time, say we."

The Almanac's monthly sports forecasts: The New York Giants will soon go into a sharp slump, and when they emerge Manager Leo Durocher's hair will be thinner than ever. . . . At least three former world champion boxers will sadly complain that fighters aren't what they were in the good old days.

### Kefauver Called A "Hypocrite" By Governor Warren

TAMPA (The Daily)—Gov. Fuller Warren called Sen. Estes Kefauver "a hypocrite" from Tennessee" and told his listeners Wednesday night he hoped they would remember what he said about Kefauver when they vote Tuesday.

Democratic party voters rallied Tuesday on delegates to the national convention. Sen. Kefauver and Russell (Ga.) are seeking delegate status favorable to them.

For three hours and 15 minutes Warren talked about Kefauver—and two Tampa daily newspapers. He devoted two hours directly and indirectly to Kefauver and the remainder to the Tampa Tribune and Tampa Times.

Warren had the most to say about Kefauver in discussing the questions: "Why did Sen. Kefauver keep his Crime Committee out of Tennessee?"

The governor reported crime conditions here had in Polk County "only a few miles from his (Kefauver's) home town—and said FBI agents swooped down on 23 Tennessee cities and grabbed many slot machines."

Warren charged Kefauver "wasn't trying to stop crime, he was trying to be elected President of the United States." And, Warren went on, Kefauver's campaign for the presidency is "costing somebody not less than five million dollars."

He reported he had invited Kefauver to debate him and had a chair for him on the courthouse bandshell "just in case he comes. But I don't want to make any mockery out of it. I'm not going to ridicule Sen. Kefauver if he doesn't come tonight."

Warren said the Tribune and Times had told lies about him and he said the Miami Herald "helps manufacture falsehoods."

Of the Times, Warren said it

have increasingly presented evidence before the world that you did not enter these negotiations with a sincerity and high purpose, but rather . . . to gain time to repair your shattered forces and to try to accomplish at the conference table what your armies could not accomplish in the field."

Joy accused the Communists of "colonial impertinence" in citing the Geneva Convention to back their position on the prisoner issue.

He ended his farewell with these words: "After 10 months and 12 days I feel that there is nothing left to negotiate. I now turn over the unenviable job of further dealings with you to Maj. Gen. William K. Harrison, who succeeds me as senior delegate of the United Nations Command delegation. May God be with him."

### Ridgway Talk

(Continued From Page One)  
and rose again on the offensive in less than a month.

He spoke at length of the armistice negotiations, which he called "no failure" despite the lack of a cease fire.

Ridgway said he approaches his new job in Europe with high confidence.

He made no mention in his prepared text of Gen. Douglas MacArthur whom he succeeded to the Far Eastern Command when MacArthur was fired by President Truman, or of his own successor in the Orient, Gen. Mark Clark. He likewise said nothing about the controversy surrounding the capture and subsequent release of Gen. Francis T. Dodd by Communist prisoners either at the camp Dodd commanded. But he gave high praise to Gen. James Van Fleet, commander of the Eighth Army in Korea.

Ridgway reserved the gravest language of his speech for his warning about Communist germ and gas warfare propaganda charges. He said: "I want to reiterate what I have repeatedly stated publicly, that these allegations are false in their entirety; that no element of the United Nations Command has employed germ or gas warfare in any form at any time."

"In the whole black record of false propaganda, these charges should stand out as a monumental warning to the American people and the free world—a warning as menacing and as urgent as a forest fire bearing down upon a wooden village."

The extent to which Communist leaders have gone in fabricating, disseminating and persistently pursuing these false charges should impress upon the brains of those who get full or refuse to see the purpose of Communism, the deadly danger with which it confronts us and the free world."

He made these other salient points:

1. The Communists have in their hands a "logical, reasonable and honorable proposal" for ending the fight in Korea. There will be no bargaining or refusing to see the purpose of Communism, the deadly danger with which it confronts us and the free world."

2. The United Nations army in Korea stands "proud, defiant and confident" along the 38th Parallel, with a "record of shrewd, valor and co-operation unsurpassed in all military history."

3. The Japanese are friendly to the United States, they want to build a democracy, but need, above all, to be able to buy and sell on the world market sufficiently to maintain a healthy economy.

4. America must look for strength to faith in principle and trust in God.

The House broke off debate on the \$4,000,000,000 foreign-aid bill—more than a billion short of administration requests—to hear Ridgway's report, with the senators present. The address was televised by the National Broadcasting Co.

Ridgway's only reference to his new post as supreme commander of North Atlantic Treaty Organization (NATO) armies being ranged against Communism in Europe came at the end of his speech. He said:

"I have been greatly privileged to have had the responsibilities which I recently relinquished. I shortly assume new ones. With full reliance upon this same reservoir of faith in principle and trust in God, and on the co-operation of all those engaged in our great crusade for peace and security, I approach our tasks with confidence higher than ever."

### Workers Return To Jobs After Cut In Production Output

By SAM DAWSON  
NEW YORK (The Daily)—Men are going back to work—or working longer weeks—in some consumer goods factories here and there.

It doesn't offset the cutbacks recently in other industries. But it leads some industrialists to hope—or at least wonder—if the long awaited turning point may not be near for them, too.

"We think the log jam has broken," says a tire maker, J. P. Setherling, in announcing that his company has gone back to full scale 5-day-a-week production. Setherling had cut to five days for a time because dealers were slow in ordering tires.

A flurry in textile buying in recent days has revived hope in the long depressed textile industry. The sort of industrialists to hope—or at least wonder—if the long awaited turning point may not be near for them, too.

Kefauver of Tennessee. The President said he likes every man who has come out for the Democratic nomination.

On other points, Mr. Truman told questioners that the administration's long-stalled cleanup drive will be quickly taken care of when James P. McGranery is sworn in as attorney general on Thursday. He said the Senate's confirmation of McGranery's appointment should have been accomplished without all the hoopla, as he put it in an obvious reference to the Republican assaults on McGranery's fitness.

2. Instead he had not implied any criticism of Frank McKinney, Democratic national chairman in a recent message to Americans but Democrat of the Action (DMA) McKinney is a good chairman, the President said.

3. Declined an invitation to elaborate on his recent denunciation of the bill to give states clear title to their leasing submerged lands beyond their shores. He promised he would have more to say when the legislation reaches him for signature.

4. Avoided comment on Tuesday's statement by Gen. Matthew B. Ridgway that the outlook for a Korean armistice is not bright. The President said he had no comment—but Gen. Ridgway knows more about the situation than any one else.

The discussion of seizure powers was touched off by Mr. Truman's opening remark that he was happy over settlement of the 4-year rail road dispute. The government operated lines will be restored to private ownership as soon as the

NEW YORK (The Daily)—Men are going back to work—or working longer weeks—in some consumer goods factories here and there.

It doesn't offset the cutbacks recently in other industries. But it leads some industrialists to hope—or at least wonder—if the long awaited turning point may not be near for them, too.

"We think the log jam has broken," says a tire maker, J. P. Setherling, in announcing that his company has gone back to full scale 5-day-a-week production. Setherling had cut to five days for a time because dealers were slow in ordering tires.

A flurry in textile buying in recent days has revived hope in the long depressed textile industry. The sort of industrialists to hope—or at least wonder—if the long awaited turning point may not be near for them, too.

THURSDAY, MAY 22, 1952  
TODAY'S BIBLE VERSE

Again and again and again hu-  
manity has been shepherded into  
the fold, but sometimes the shep-  
herd has had to forfeit his life.  
We should stand by him. My peo-  
ple hath been lost sheep.—Jer. 6:1

The eagerly expected debate  
between De. McCarty and Brailley  
Odham at Orlando emphasized the  
fact that no new issues of im-  
portance have developed in the  
second primary campaign, says the  
Tampa Tribune. Most people, we  
suspect, have already made up their  
minds. The election might as well  
be held tomorrow.

Early predictions of Odham op-  
ponents that the Sanford candidate  
would "run out of gas" toward the  
end of his campaign and would not  
have sufficient funds to enable him  
to reach the people in the closing  
weeks of his campaign are proving  
entirely unfounded. Latest reports  
filed with the Secretary of State  
show that for the first time since  
the campaign for governor began  
some six months ago that Odham  
spent more money last week than  
his opponent.

Something worth thinking about  
for all Florida citizens is the Cen-  
sus Bureau report that it cost  
\$289,894,000 to run the State of  
Florida's government during the  
fiscal year of 1951. That's \$103.94  
per capita as compared with a na-  
tional average of \$100. In other  
words it costs about \$4 per person  
more to run the government of  
Florida than it does to run the  
average state in this country. No-  
body expects the state to get by  
on what it spent 20 years ago or  
even 10 years ago, but it should  
be able to do as well as other  
states.

The lease being negotiated by the  
Mayfair Inn with Hugh Wheeler  
for the Seminole golf course and  
country club should prove a de-  
cided advantage to the people of  
Sanford if it goes through. The  
Mayfair will be in a position to  
make substantial improvements to  
the property such as construction  
of a new club house, and the in-  
stallation of a watering system  
which should give the course some  
of the finest fairways in Florida.  
These things cost money and they  
cannot be accomplished overnight,  
but undoubtedly they will be  
brought about in time.

We have come a long way in  
the last fifty years when women's  
underthings were known as "un-  
mentionables" because an em-  
ployee would mention such a thing  
as a blouse or a corset, much less  
a brassiere or panties, and the  
presence of a lady. Now, some  
young men at least, not only men-  
tion them, they make jokes, and  
display them from their shoulders,  
and girls, somewhat to their shame,  
seems to us, egg them on. Well,  
we suppose we are getting old, but  
it does seem to us that the cur-  
rent manifestations of these lewd  
and indecent displays are growing  
more and more disrespectful to  
womenhood. It will have unfor-  
tunate consequences for all  
concerned.

With the county losing thousands  
of dollars every month, including  
the amount spent on hospitalization  
of Seminoles County, because  
of the inadequacy of the  
hospital to meet community  
needs, the early construction of a  
new and larger hospital is becoming  
more and more essential. Not only  
do we have a most critical situation  
in the event of an epidemic,  
but the local citizens in which large  
numbers of people were injured,  
the loss of money through the  
county is being lost every day. The  
county has at least \$400,000  
which will be lost each  
month if the federal government  
does not contribute.

### Russell Candidates

In spite of the fact that Senator Russell of Georgia de-  
feated his opponent Senator Kefauver in the Democratic pre-  
ferential primary on May 6 by a substantial vote of 867,980  
to 285,868 there seems to be some question of his winning a  
majority of the delegates to the Democratic National Con-  
vention to be elected in the May 27 primary.

This situation results from a deliberate attempt on the  
part of Senator Russell's opposition in this state to muddy  
the waters and mislead the public. Instead of a single slate  
of Russell candidates and a single slate of Kefauver candi-  
dates appearing on the May 27 ballot, as unquestionably  
there should be, there will be in effect four slates, one for  
Kefauver, and three presumably for Russell, thus tending to  
divide Russell's vote.

One of these Russell's slates is of course the group of  
delegates which the Georgia Senator himself has selected  
as the most likely to stand for the things he stands for and  
to stick with him throughout the convention. One of the so-  
called Russell slates was selected by E. B. Donnell, chairman  
of the State Democratic Executive Committee, and the other  
by Jerry Carter, Democratic National Committeeman. Former  
Senator Claude Pepper is generally presumed to have had a  
large finger in this pie.

It should not be too difficult for the voters to separate  
the sheep from the goats if they are carefully informed of  
the facts. Senator Russell's candidates, that is, those whom  
he deliberately selected himself, will be clearly marked on  
the ballot as "Russell Candidates". The other candidates,  
who are believed to be not really Russell candidates, will be  
marked "Pledged to Russell". So those desiring to vote for  
Russell should vote for "Russell Candidates". It is as simple  
as that.

However, a great deal has already been done to confuse  
the public and no doubt many last minute efforts will un-  
doubtedly be made to further cloud the issue. No doubt  
the anti-Russell faction is already busy making plans to  
get over a last minute message to the people advising them  
that the "Pledged to Russell" candidates are really the loyal  
"Russell Candidates". So everyone should be on his guard.  
We might add further that some of the "Russell Can-  
didates" are much better and more widely known than any  
of the "Pledged to Russell Candidates". For instance,  
former Governor Doyle Carlton is one of those personally  
picked by Senator Russell himself as one he would like to  
see elected as a delegate to the convention. So were Ferris  
Bryant, Ocala representative, Frank D. Upchurch, former  
candidate for governor, and Mrs. George W. Johnson of Or-  
lando.

Under the name of each of these on the ballot appears  
also in small type "Russell Candidate". If you cannot re-  
member whether it is the "Russell Candidates" or the  
"Pledged to Russells" who are really Russell candidates, just  
remember you are for Doyle Carlton, and note that he is a  
"Russell Candidate" and then vote for all the other candi-  
dates with "Russell Candidate" under their names.

You cannot go wrong this way.

### Improvement In Korea

In the early days of the Korean fighting the poorly  
trained South Korean Army was ineffectual and could not  
be depended on in the face of enemy attack. But under the  
guidance of American officers and tempered by the experi-  
ence that comes only with actual battle, the ROK troops are  
approaching the time when they will be able to stand on  
their own feet.

It is easy to understand the problem which faced the  
Republic of Korea as far as its army was concerned. It was  
a new and struggling nation created after the end of the  
war with Japan and military appropriations were small. The  
suddenness of the attack by the well trained Communists all  
but shattered the morale of the South Korean Army. But  
the knowledge that they have strong allies to fight beside  
them and the equipment and supplies pouring in from the  
country from the United States has convinced ROK soldiers  
that they can eventually defend their own country.

This improvement in the South Korean military forces  
is a good sign for the future. When peace finally comes to  
that troubled country it can be maintained only if the people  
are capable of fighting to keep their freedom. United Nations  
troops cannot remain in Korea forever. When they have to  
leave it will be comforting for the South Koreans to know  
that a strong native army remains.

### Main Rail Unions Reach Agreement With Operators

WASHINGTON (AP)—Union-an-  
nouncement of peace, the first in more  
than three years, came to the na-  
tion's railroads today and the gov-  
ernment was ready to give up its  
21-month operation of the roads.

Three rail unions, with a com-  
bined membership of 150,000,  
signed a "memorandum of agree-  
ment" with the carriers late  
Wednesday night in the White  
House.

The agreement, unlike one signed  
in December, 1949, is binding on  
the rail-and-file. The 1950 agree-  
ment was repudiated by a vote of  
the memberships of the three  
unions.

Actual return of the roads to  
their private owners will come as

### U. S. Soldiers Restore Control At Hospital Camp

Gen. Van Fleet Says  
Prisoners Are Being  
Shown Who's Boss

By STAN CARTER  
PUSAN, Korea (AP)—U. S. Cham-  
bat troops, backed by tanks, have  
restored firm Allied control over  
Pusan's big hospital camp where  
one Red prisoner was killed and  
85 injured in a riot Tuesday.

Gen. James A. Van Fleet, Eighth  
Army commander, visiting the  
camp today, declared the prisoners  
were shown who was boss and au-  
thorities had used the proper tac-  
tics.

Correspondents were permitted  
to visit the compounds for the first  
time. They were told that trouble  
had been brewing since April 15  
in this camp for sick and seriously  
wounded Korean and Chinese pris-  
oners.

For one month, prisoners were  
in complete control of three en-  
closures in Compound 10. U. N.  
personnel—doctors and nurses—  
were unable to enter the com-  
pound.

North Korean and Chinese flags  
flow over the stockades. The pris-  
oners staged anti-American skits  
and heckled U. N. personnel walk-  
ing by. They destroyed hospital  
equipment.

A combat-tested American in-  
fantry battalion reinforced the  
camp guards. Tanks rumbled past  
the compound. The prisoners were  
told that if they didn't come out  
of their compound they wouldn't  
eat. Finally, they were told that  
if they wouldn't come out, the U. S.  
troops would come in and get them.

Prisoners in one compound re-  
fused to come out on order. A  
company was sent in to clean them  
out Tuesday.

The Communists fought with  
rocks, barbed wire falls and metal  
sticks. The soldiers were struck  
and heaved U. N. personnel walk-  
ing by. They threw concussion gra-  
des—cardboard containers filled  
with TNT.

Of the 85 wounded, only 16 were  
hurt seriously enough to be  
admitted to the hospital. One was  
killed in the leg by a spear and was  
hospitalized. Eight others received  
minor bruises from clubs and  
rocks. But the compound was  
cleared out.

The camp was peaceful today.  
American and South Korean nurses  
walked freely through the com-  
pound treating the sick. Infantry-  
men were sent in to the compound  
to help the sick. Some of the  
patients glowered.

"But they were meek little boys,"  
said Lt. Col. John H. Boettig, Em-  
porium, Pa., the camp commander.  
There is no fight left in them,"  
said Lt. Col. Philip J. Noel Jr., Louis-  
ville, Ky., chief medical officer of  
the enclosure, said the prisoners  
showed no evidence of manliness  
beyond the usual.

The men had orders not to shoot  
unless their lives were in danger,"  
Hatfield said. "We took the com-  
pound by stages, a little at a time.  
We kept pushing them back and  
finally got them in a corner."  
The announcement to come out  
or soldiers would come in to get  
them was made to prisoners in  
Compound 2 Wednesday. All the  
non-patients came out.

### Sanford Forum

Mr. R. L. Dean,  
Sanford, Fla.

Dear Mr. Dean:  
Regarding the enclosed editorial  
clipped from the March 31st San-  
ford Herald, I would like to ad-  
vise you that the day of the ten-  
cent newspaper has already ar-  
rived.

Our morning paper, the Los An-  
geles Times, and the evening pa-  
per, The Herald Express, are and  
have been ten cents a copy for  
some time.

Although it has been many  
years since I have resided in San-  
ford, I still enjoy reading The  
Herald, as you probably surmise,  
having continued to subscribe to  
it these many years.

The attached notice I received  
this morning and an enclosing my  
check for five dollars and 75  
cents, since I have decided to re-  
new my subscription for six  
months.

Wishing you continued success,  
I am,  
Cordially yours,  
(Mrs. George W.) Elsa H. Knight

Sanford Daily Herald,  
Dear Mr. Dean:

I'm more proud of our own  
Brailley Odham than ever after  
hearing that got together in Or-  
lando at the J.C.s. It was right  
funny how his opponent excused  
himself from answering the fi-  
nancial question. Now that may  
seem like a small thing to answer,  
but some of our duly elected offi-  
cials use the public's money with  
just such abandon, and some of us  
were waiting to hear which one  
was going to get out of the race,  
and were we fooled!

Dan knew that our Sanford man  
is too smart to let that be like  
taking candy from the baby, so he  
had to talk fast to try to get the  
listeners to forget that a question  
was asked. HE DIDN'T ANSWER  
IT EITHER.

Dan probably did not think that  
so many folks would wonder why  
he was never asked to take a  
bullet, but there ARE curious folks  
that might even suggest that he  
might have been on the side that  
the bible gives were. It does seem  
strange that a man that opposes  
gambling etc. would not run into  
someone that wants just that kind  
of a favor. But they found out.

Brailley did not stretch the truth  
when he said he is not for sale,  
it's been tried. That is the kind of  
a man we need to head our State,  
and the issue is before the voters,  
the facts are before them, so there  
were not any sick voters if they  
keep Odham's record in mind and  
then elect him.

We have seen a lot of sorry  
chaps in the last years because  
they voted into office men that  
were not proven. I think the av-  
erage voter wants an honest man  
in the state's capital, and a man as  
young as Brailley with the get-  
ter that he has is worthy of  
everybody's vote but the gamblers  
and racketeers, and Odham don't  
want their votes.

A man that fails to fight  
against crooks in office, will not  
meet any interference from them,  
but they will try to buy favors if  
they fear the other fellow.  
(Rev. B. W. Miller  
Very truly yours,  
(Miller Farms)

### Okahoma Joins In U. S. Universities "Lust For Lace"

By The Associated Press

The snowballing party raids  
spread across the nation from  
Maine to California today despite  
efforts by some co-eds, cops and  
college authorities to stymie them.  
Many of the latest forays were  
all in fun but others wound up in  
violence.

The worst brawl Wednesday  
night was the University of Okla-  
homa where a demonstration la-  
beled a "lust for lace" ended in  
an egg-throwing riot.

And at the University of Georgia  
students were routed by ear gas  
and smoke bombs after hurling  
rocks and eggs at police patrol  
cars.

The strange fray, in which college  
boys invade women's dormitories  
and sororities in search of under-  
garments, began several weeks ago  
but became widespread this week.  
Since Sunday under similar have  
occurred at more than 40 schools,  
many of them large universities.

At the Oklahoma wrangle at  
Norman, Okla., Wednesday night,  
about 2,000 male students made off  
with lingerie loot from 15 women's  
dormitories.

Some crowd got out of hand and  
local officers called on state troop-  
ers and police from three nearby  
towns for help. The party-pilfering  
jerk turned into an egg-throwing  
battle after officers tried persua-  
sion, tear gas and finally high  
pressure hoses.

Twelve students were arrested.  
Dr. George L. Cross, Oklahoma  
president, called it a disgrace,  
adding:  
"I was fearful after reading of  
such incidents at other colleges  
but kept hoping our students were  
a little more stable, a little more  
sophisticated. I'm deeply  
ashamed of what happened."

Another college president, John  
A. Hannah of Michigan State, de-  
emphasized panic raiding on his  
campus. He told some 1,000 stu-  
dents milling around a girls' dormi-  
tory, "We don't want any of that  
notoriety here."  
Police arrested 25 raiders and  
the rest gave up at midnight—  
minus loot. The crowd around the  
Louisiana State University officials  
used chivalry and the Selective  
Service Act to repulse dormitory  
invaders.

Dean of Men Arden French told  
700 men students expulsion and  
draft awaited those attempting to  
enter the girls' dormitories. Lt.  
Gen. Troy H. Middleton, LSU pre-  
sident, appealed to the men's chiv-  
alry. The crowd around the dormi-  
tories dispersed.

At the University of Georgia,  
police met 400 youths marching  
toward a co-ed dormitory.  
The officers said the students  
began throwing eggs and stones.  
The police retaliated with gas and  
smoke bombs. After a 45-minute  
tussle, four boys were arrested and  
the others dispersed. No one was  
injured.

### Error Is Corrected By Associated Press

TALLAHASSEE (AP)—The As-  
sociated Press, through a traffic  
error, Wednesday listed erroneously  
17 contributors to Brailley Odham's  
campaign fund as having donated  
money to his opponent for  
governor, Dan McCarty.

The following persons contrib-  
uted to Odham and should have  
been listed as contributors to his  
campaign fund:  
\$500 — Carl Floyd, Haines City.  
2500 — J. F. Hope, Gainesville.  
250 — C. T. Hill, Howey.  
1100 — Jack Segler, Panama  
City.

\$100 — Perry Carlton, Fort  
Pierce; R. N. Hartman, Daytona  
Beach; J. E. Peacock, Deland;  
Arlio K. Townsend, Live Oak;  
George Delaven, Franklin, Day-  
tona Beach; Otto Schmeckel, San-  
ford; George H. Coleman, Clewiston;  
Dora W. and Sarah D. Thom-  
asello, Bartow, H. and Doug Lock-  
hart, Fort Lauderdale; Henry K.  
Gibson, Miami; A. J. Cleary, Mi-  
ami, W. B. Bishop Jr., Lloyd.

### Jaycees

Hayes the presidency as 188 were  
for him and 184 against him. Now  
that deciding vote for Hayes was  
cast by a representative who won  
his seat by a single ballot, the  
Judge asserted.

He complimented the Junior  
Chamber and Clarence Knight for  
their efforts in getting out the  
vote. Jaycee President Jim Craw-  
ford also thanked Mr. Knight on  
behalf of the Junior Chamber.  
Eliot Moughton Jr. announced  
that the annual installation of  
officers will take place on the  
night of June 6 at the Seminole  
County Country Club.

James Gut, co-chairman of the  
membership drive this year with  
Benjamin Wiggin, announced a

It was decided to give the work-  
er credit for two paid member-  
ships for every new member join-  
ing.

CITRUS MUTUAL  
LAKELAND (AP)—Robert W. Rut-  
ledge, Orlando, now executive di-  
rector of United Growers and Ship-  
pers Association, Wednesday was  
named general manager of Florida  
Citrus Mutual.

He will report June 1 as assistant  
general manager and take over  
as general manager Sept. 1, suc-  
ceeding A. V. Saurman.

Saurman, who has grove and  
packing interests in Clearwater,  
became Mutual's general manager  
two years ago after a bitter feud  
with the then manager Alton  
Drury and Mutual Public Relations  
Consultant Merton L. Corey. Saur-  
man took the post only until some-  
one could be named to succeed  
him. In January he asked Mutual's  
board to relieve him as soon as  
possible.

**HAS YOUR PRESENT SENATOR'S CONDUCT  
BEEN SUCH AS YOU WOULD APPROVE?**  
— Read What Others Say Of Our Senator!

The following is an excerpt from the Orlando Evening Star, issue of  
August 7, 1950, written by Hanley Pogue in his column, "Around The Town."

"About the only thing of real impor-  
tance brought out at the hearing in Tal-  
lahassee last week of P. A. Mero, Semi-  
nole County Sheriff, was that Lloyd 'Doc'  
Boyle, Seminole State Senator, was the  
attorney for the closed Seminole Club  
and that he is also listed in incorpo-  
ration papers as attorney for the Seminole  
Grill Inc. (Twin Pines)."

"The Seminole Grill is the spot visited  
by J. Brailley Odham and four compan-  
ions the middle of July and found to be  
operating a 'Coke' gambling game."

"Mero told Gov. Warren that Sen. Boyle  
had interfered in behalf of the Seminole  
Club and had asked the Seminole Sheriff  
to let the gambling game operate until  
the Seminole-Sheridan Hotel Club closed  
for the season."

"Mero admitted that he had been  
Boyle's attorney and that the establishment  
closed down the day after the state  
election. The sheriff had no objection to  
listening to Boyle, but when the Sen-  
nole citizens who were in Odham's  
company said that Sen. Boyle had been  
instrumental in having Mero appointed to  
the sheriff's post when the late Sheriff died."

"They said the yielding of Mero to  
Boyle was a political payoff."

"Regardless of the reason for the request  
by Boyle and the resulting action of Mero  
it certainly looks as if the disclosure in  
Tallahassee will result in Boyle getting  
major opposition when he comes up for  
re-election in 1952."

"There are some rumors circulating  
to the effect that Odham, who did not seek  
re-election as Seminole Representative,  
will be a candidate for the State Senate  
tag."

"Some quarters have recently been hint-  
ing that Odham is eyeing the Governor's  
reelection and that if he receives encourage-  
ment he will be in there campaigning to  
succeed Gov. Warren. Other sources say  
that Payne Bryant is planning on running  
for Governor and that if the Odham makes  
the race that Odham will be on Bryant's  
side and off of the list of gubernatorial  
opponents."

"Anyway Boyle has certainly been tied  
in with the gambling interest in our ad-  
jacent county and it's a better than even  
money bet that he will remember the  
certainly opportunity of his career if he  
could re-elect."

## Ware Bible Class Of Church Holds Supper

The R. W. Ware Bible Class of the First Methodist Church met Tuesday evening at 7:00 o'clock at the home of Mr. and Mrs. R. U. Hutchison in Cameron City for a supper meeting.

A delicious meal of ham, black-eyed peas, rice, green salad, relishes, rolls, a variety of home baked pies and cake, led tea and coffee was served in the lovely garden. The tables were overlaid with white linen cloths and centered with multi-colored hibiscus.

Following the supper, a short business meeting was held by the president, W. W. Tyre, which was followed by a program on "Citizenship and Its Meaning". Mr. Tyre and Judge Ware spoke briefly on the responsibility each have as citizens and urged everyone to be more thoughtful and considerate of one's heritage. Mr. Tyre was assisted in his discussion by four Boy Scouts, Bob Reely Jr., Tommy Wright, Billy Turner, and Larry Burner, who presented the flag, gave the pledge of allegiance and told of "Scouts' Duties as Citizens".

Those enjoying the occasion were Mr. and Mrs. R. W. Ware, Rev. and Mrs. J. E. McKinley, Mr. and Mrs. Perry Chapman, Mr. and Mrs. J. P. Bates, Mr. and Mrs. Joe Anzalone, Mr. and Mrs. R. N. ## Twenty Five Years Ago This Week

By MARY ALICE HANNEY

Captain Charles A. Lindbergh, the "Flying Fool" arrived in Le Bourget, France tonight at 10:12 o'clock completing the epochal flight whose progress had been followed by the eyes of the world for the past 36 hours. The "Young Ape" was dragged bodily from his plane by the first persons to reach it and he was immediately lifted to willing shoulders and borne across the field in great triumph. Members of the Asarian Circle of the First Baptist Church held their monthly business meeting Thursday evening at the home of Mrs. C. A. Anderson on Elm Avenue. A variety of garden flowers combined with greenery adorned the rooms. Routine business was transacted after which a social hour was enjoyed. The hostess served iced cream, cake and minis. Mrs. James G. Sharon entertained most pleasantly at bridge Wednesday morning at her home on Tenth Street when she was hostess to the Every Week Bridge Club. Vivid-hued phlox and other cut flowers were used with artistic effect in the rooms where the tables had been laid for play. Harman Morris leaves Tuesday morning for his home at Paris, Texas where he will spend the summer. A lovely social courtesy given in honor of Mrs. J. C. Gibbs, who leaves soon for Crown Point, Ind., where she will spend the summer was that of Friday afternoon when Mrs. George Long entertained most delightfully at bridge at her home on Park Avenue. Those enjoying the cordial hospitality of Mrs. Long were Mrs. Fred T. Williams, Mrs. G. Irving Lonoke, Mrs.

By MARION HARMAN

Mrs. Fred Robb will review Marion B. Ward's "Boat Children of Canton" on WTRR's "Book Corner" tomorrow morning at 11:15 o'clock. "The Book Corner" is presented by WTRR in cooperation with the Sanford Story League every Friday. Books for children, adults, and for everyone are reviewed on "The Book Corner".

The "Radio Farm Digest" will feature tomorrow, at 12:15 o'clock, a short talk by Representative Thomas G. Abernathy, member of Congress from the Fourth District of Mississippi and chairman of the House Agriculture Sub-committee on fertilizer and farm machinery. Representative Abernathy will speak on "Tools for Food Production".

One of the gems for listeners is the "Layman's Call to Prayer" heard over WTRR at 11:55 o'clock Monday through Saturday. This extraordinary moment of the day's broadcasting provides the stamina for continued efforts throughout the day, a relaxing moment with words and music.

The Woman's Angle is presented every morning at 9:45 o'clock on WTRR's "Where Angels Fear To Tread" with names, news, and facts.

## Hospital Meet

(Continued From Page One)

that a fire-resistant building can be secured to store them in. The following is the full text of Mr. Wilson's address: "Please let me say in the beginning that I am only one of the nine Trustees of the Ben Fish Testamentary Trust and do not undertake to commit the other Trustees, but I thought it right and proper to bring to you facts and figures relating to the Trust in order to properly evaluate the hospital situation.

"I think it will be in order first to briefly review the history of the Trust. Judge Ben Fish died on July 21st, 1943, in Lisbon, Portugal, while minister from this country to that government. He left a last will and testament in which, after bequeathing the sum of \$25,000.00 to John B. Stetson University, of which he was an alumnus, he gave, devised, and bequeathed the rest, residue and remainder of his property and the rents, issues, and profits thereof, to his brother, the late Ben F. Fish, and upon his death to nine trustees to use the property and the income and profit thereof to erect and maintain a hospital for the benefit of the cities of Deland, Sanford, and New Smyrna, said hospitals to be erected and maintained for the benefit of each of said cities and the citizens thereof and of the vicinity thereof, to which should be admitted the indigent sick and wounded, who should be furnished surgical and medical aid and proper food and treatment without charge. Hospitalization may also be furnished to patients who are able to pay the cost thereof. Each hospital is to be called 'The Fish Memorial Hospital.'

"Judge Fish appointed his brother, Ben F. Fish; his brother-in-law, Ernest M. Galloway of Sanford, and James E. Pollard, his former secretary and executor thereof. The three executors administered the estate until the death of the brother, Ben F. Fish, on Nov. 21, 1947. The administration of the estate was completed by the two remaining executors, and they were discharged on Jan. 28, 1948.

"The nine Trustees, one of whom lives in Jacksonville, one in St. Augustine, three in Deland, and about women around the world 'Where Angels Fear To Tread' is filled with helpful hints, suggestions, ideas, and stories for and about women.

## DeBary Rally

## Seminole Children's Committee Convenes

The Seminole County Children's Committee met recently at the court house with Mrs. A. J. Peterson presiding.

The meeting opened with prayer by Mrs. S. J. Nix and the minutes were read by Mrs. C. M. Flowers, secretary and program chairman.

Speaker was Mrs. Hulda Kibbe, county health nurse, who spoke on "Mental Health" which she took from the following books, "The Mind in Sickness and in Health" and "There is Something You Can Do About Mental Health." Mrs. Kibbe stressed that mentally ill people should be encouraged to be counseled by a "competent psychiatrist who might help them to become normal, happy citizens again."

Mrs. Kibbe also announced that the county had made provisions to transport all cerebral palsy children to the Forrest Park School in Orlando where services are available to Seminole County children.

Following the talk, a round-table discussion took place with many questions being asked. Those taking part in the discussion were Mrs. A. J. Peterson, Judge Douglas Stenstrom, Dr. T. W. Lawton, Mrs. Kibbe, Mrs. Margaret Graham, Mrs. S. J. Nix, Mrs. Don Ulrey of Ocoee, Mrs. C. M. Flowers and Maak Cleveland Jr.

Mrs. Peterson, outgoing chairman, was elected vice chairman for the coming year. It was decided that the June meeting would be the last of this group until fall.

potential assets of \$467,243.43. It is obvious therefore that the Trust will be in a position to carry out Judge Fish's wishes as to all three hospitals.

"As you probably saw in last evening's Sanford Herald, the three local Trustees met with County Commissioner J. F. McClelland, who were appointed by the Board of County Commissioners as a committee to consider the local hospital matter, and the executive committee of the Fernald Loughlin Memorial Hospital Association and Representatives Valter A. Williams, Jr., and Mack N. Cleveland, Jr., Democratic nominee for representative from the county, to consider the local hospital situation.

It was the consensus of opinion at this meeting that the County Commissioners call an election to determine whether or not bonds in the amount of not exceeding \$700,000.00 be issued for the erection of a hospital, and if the voters approve the issuance of bonds, the Fish Estate be requested and enter into an agreement to take over the hospital and reimburse the county for the cost thereof.

"It will be seen therefore that the Trust has actual assets of \$1,000,000.00, if we consider the sum of \$600,000.00 as a correct value for the citrus groves, and erected thereon with three years, or title was to revert to the City. This clause was eliminated by the City. Bonds were voted for the erection of the hospital, but it was not erected. The County obtained authority from the Legislature to reacquire the property to the City, which was done, and in 1949 the County conveyed some property in Bel Air Subdivision to the City for a hospital site.

"The local Trustees viewed this property and concluded that it was not a suitable site for a hospital. The Trustees then negotiated with the City for the San Carlos Subdivision for a site and purchased it for that purpose and later acquired the property adjoining it on the west, thus giving it an entire block for that purpose. This property constitutes an admirable and convenient site for the hospital.

"Some criticism may have been directed at the Trustees for commencing the erection of the hospital in Sanford, if any preference at all was to be shown. I do not think it was unreasonable to begin the hospital in Deland, since it was Judge Fish's home, and his brother had provided the site. I think that Deland was more in need of a new hospital, than was Sanford, and everything was in readiness for construction to begin.

"The financial condition of the Trust now is as follows: The sum of \$197,243.43 will be payable to the Deland hospital from the Federal Government, when it is appropriated, as the remainder of its grant for the hospital. This, I understand, will be available for the Sanford hospital. The improved property has a value of approximately \$900,000.00, and the orange groves were appraised at between \$600,000.00 and \$700,000.00. There is other unimproved property remaining of a value of approximately \$100,000.00.

"The sum of \$270,000.00 has been allocated by the Florida Improvement Commission for the Sanford hospital to become payable when appropriated by Congress under the Hill-Burton Act. It is believed that this appropriation will be made by Congress this year. The amount will not be payable all at once, but in fixed sums. A total of \$257,243.43 was allocated for the Deland hospital, of which the sum of \$40,000.00 has been paid, leaving the above mentioned sum of \$197,243.43, which it is believed will be paid the latter part of this year. It will be available for the Sanford hospital, since it will not be needed for the Deland hospital.

"The situation in Seminole County was different in 1938. The City of Sanford purchased from Mrs. Hal Wight the property now comprising the subdivision known as San Carlos Subdivision. The City in 1949 conveyed this property to Seminole County on condition that a hospital would be

# Seminole Win On Murray Byrd's 4-0 Shutout Over G-Men

**Righthander Hurls First Scoreless Game For Blues; G-Men Play Here**

By KENT CHETLAIN  
It proved to be a very eventful evening last night when the Seminole Blues registered their first shutout triumph of the year beating the G-Men in Gainesville, 4-0, behind the five-hit twirling of Murray Byrd.

The win was the sixth of the year for Byrd, who has won all his games away from Sanford. The slender righthander's "Nothing Ball" gave him the distinction of becoming the first Seminole pitcher to notch six victories this year.

George Kenis exploded for four hits in five tries to give him eight hits in nine appearances for the last two games in Gainesville. It marked the second time, also, that Byrd has defeated the G-Men in their own surroundings this year. The last time the Blues played there Byrd registered an 11-1 win. Thus, in the last two games in the college town, Byrd has yielded but one run in 18 innings of play.

Tonight the G-Men will try their luck here in the Memorial Stadium against the Blues beginning at 8:00 p.m. Manager Chuck Aleno may use his Cuban pitching ace Tony Torres for the first time or he may continue with his regular pitching order, which will see large George Smith starting on the rubber.

After losing four of the last five games the Seminoles have now bounced back with a two-game winning streak by scoring two decisions over Cocca and the G-Men. The Blues will be seeking to extend this streak to three straight tonight.

In spite of winning, the Seminoles lost ground to the loop leading DeLand Red Hats as the Hats won a doubleheader from Palatka last night. This gave DeLand an even three-game margin over Sanford.

The Hats picked up half a game on the Blues while Jax Beach kept pace with Sanford by defeating Leesburg last night. The Seminoles have lost the same number of games that the Blues have but the Seminoles have three more victories for a game and a half edge in second place.

Elmer "Sherry" Sherba continued to blast the ball for the Seminoles by banging out two more hits in three tries. Dusty Rhodes brought in the final run on a booming double to the top of the left-centerfield fence in the ninth inning.

Last night's contest was scoreless until the sixth when the Blues began a string of innings in which they tallied once. The Seminole acein lasted for the final four frames as the G-Men were being blanked the entire route.

## Pennant Race In FIL Tightens Up As Beach Loses

**Miami Stops Hooks Iott And Saints; Havana-Miami Win**

By GENE FLOWDEN  
Associated Press Staff Writer  
The Florida International League pennant race tightened up like a noose in the clutch today with only 2 1/2 games separating the first and fourth-place teams.

Tampa's Smokers, in fourth place, shaded Miami Beach's first place Flamingos, 7-6, and second place Miami halted Hooks Iott and St. Petersburg, 7-1.

Havana's third-place Cubans also gained ground with a 4-3 decision over Fort Lauderdale's lowly Braves and Lakeland stopped West Palm Beach, 6-1.

Tampa got only six hits off the Flamingos but four of them came in the first inning, along with a walk and two errors for seven runs. Starter Lefty Covington cleaned the bases with a grounder that Ray Williams tossed away for a 2-base error. Miami Beach collected 11 hits off four Tampa moundmen but couldn't overcome the big lead before a crowd of 816.

Iott had won three in a row before Miami reached him for nine hits and sent him to the showers before a crowd of 1,810 at St. Petersburg. Billy Darden shakkled the Saints on seven hits, three singles and two walks put Miami ahead in the fifth and they kept going. The Saints' only run came on Neh Wilson's single and three walks.

Havana raked Catano Acosta and Ired Todd for 11 hits but had to push over two runs in the eighth to win. Chuck Harig hit his sixth homer of the season for the Braves with the bases empty in the eighth. The Braves collected only six hits, including a double and single by Jorge Torres. The home drew 574 Fort Lauderdale fans.

Lakeland got nine hits—the same as West Palm Beach—but four of them were triples and two were doubles. Woody Fair got two of the 3-baggers. Gene Stewart and Paul Eskew one each. George Sopko and Ray Krupa doubled for the Indians before 624 Lakeland fans.

**RIVERA AND THOMAS**  
LOOK LIKE REGULARS  
NEW YORK — If the St. Louis Browns can be judged by their first 10 games, Manager Rogers Hornsby has only two regulars—Centerfielder Jim Rivera and Third Baseman Leo Thomas.

In the 10 games, all played in the west, the Browns used three second basemen, three shortstops, three left fielders, five different right fielders, three first basemen and three catchers.

## 2nd Period Noses Out First, 6-5, For SHS Tourney Win

By ED TISON  
The First Period Gym class blew a three-run lead to lose to the Second Period, 6-5, in the semifinals of the Seminole High softball tournament yesterday afternoon at the S.H.S. field. The Second Period nine managed to get ahead and win when Sanford first Period made an error with the bases loaded and two out in the fifth frame.

The softball championship game will be played today between the Third and Second Period classes at the S.H.S. field.

## DeLand Increases State Loop Lead To Three Games

By NEIL GILBRIDE  
Associated Press Staff Writer  
The DeLand Red Hats won a doubleheader, 7-1 and 6-1, over the Palatka Azuleas Wednesday night to make their lead in the Florida State League a little safer.

DeLand now has 27 wins against nine losses, to second-place Sanford's 25 victories and 13 defeats. In other games, Orlando whipped St. Augustine, 4-2, and Sanford beat Gainesville, 4-0, and Jacksonville defeated Leesburg, 7-3. Cocca at Daytona Beach was rained out.

Jim Clarich rang up his fourth pitching decision of the season to give DeLand the first victory. Palatka, holding Palatka batters to four hits while his teammates collected eight. Dick Dotson gave Palatka six hits in the second game, also. The fifth win of the year. Both pitchers have one loss for the season.

Murray Byrd was the winner for Sanford over Gainesville, which is talking about dropping out of the league unless attendance picks up. Byrd gave the Blues five hits for his sixth win of the year.

Orlando Manager Ed Levy hit his ninth home run of the year in the third inning and then scored in the eighth to give his team the win over the St. Augustine Saints. Hip Sewell, 18-year-old rookie, pitched the nine innings for Orlando. He retired 12 straight batters and let only one hit out of the infield up the line, the tying run in the fifth inning. It was his fifth victory.

Tom Mills pitched his 10th straight win for Jacksonville Beach over Leesburg, giving up only six hits, four of them in the first inning when Leesburg scored its three runs. He held Leesburg hitless in six of the last eight innings.

## LaMotta Defeats Eugene Hairston In Lucky Detroit

DETROIT (AP)—At Jake LaMotta's age you can't fight anybody for 10 full rounds against a dancing youngster like Eugene (Silent) Hairston. So how did the 30-year-old Bronx Bull gain his unanimous decision over Hairston in a 10-round slugfest match here Wednesday night?

"That's easy. I paced myself," grinned the happy veteran of 12 ring years who outweighed 22-year-old Hairston 160 to 150 pounds. "That's my best fight since I started the comeback."

However, Jake, former middleweight champion, couldn't explode once called "right" when he got Hairston in trouble. One of his few good right hands jarred the deaf-mute Negro in the eighth round but Hairston clinched and was all right before Jake could move in again.

Jake, aiming for a light heavyweight title fight or a battle against the winner of the Randy Turpin-Don Cockell fight, saved most of his stamina for the last 30 to 45 seconds of each round.

And the crowd of 10,232 who paid \$35,503.10 to watch Jake's 21st fight, waiting in the wings for the fight before Clarence Rosen scored it 53-57. Judge Jack Aspery 55-45, and Judge Joe Lenahan 52-48. The AP scorecard read 55-45.

In Michigan each official scores 10 points for each round, dividing it on how he evaluates their performances.

Bob Sauer, Chicago, 6; Mathews, Boston, 7; Adcock, Cincinnati, 6; Truitt, New York, 6; Jackson, Chicago, and Jones, Philadelphia, 5.  
Pitching — Maglie, New York, 7-0, 1,000; Roe and Lee, Brooklyn, 6-0, 1,000; Wilhelm, New York, 5-0, 1,000; Roberts, Philadelphia, and Kopy, St. Louis, 7-1, 878.

## Dodgers Score 15 Runs In Frame, Set Five Records To Take Lead

By JACK HAND  
Associated Press Sports Writer  
Call the cops! Murder Inc. is back in business at Brooklyn. With 15—count 'em 15—record breaking runs in the first inning, Boss Chuck (The Brain) Dressen's Dodgers did everything but bundle the Cincinnati Reds in a cement vest.

And what did Dressen say? "Maybe we snapped out of our hitting slump." That was the rubber lee pick as the understatement of the year.

Dressen's Dodger ruffians even roughed up the little red book of baseball. The statisticians will be busy for days, typing new lines into the old book.

Five records got the rubber hose treatment while the Dodgers flexed their muscles for the home folks in a 10-1 rout of Cincy. They all got it in the first inning when 21 men went to bat, scored 15 runs, 12 of them after two were out, and 19 successive batters reached base safely.

Maybe they'll find new broken records when the sweep out the wreckage at Brooklyn this morning. Here's what they found Wednesday night:

1 New modern major league record for most runs scored in an inning, 15. (All time high is 18 scored by Chicago Cubs, Sept. 6, 1881.)

2 New modern major league record for most times facing opposing pitcher in one inning, 21. (All time high is 23, by those same Cubs in '83.)

3 New major league record for runs scored in inning after two were out, 12.

4 New major league record for most runs batted in in one inning, 15.

5 New major league record for most men reaching base safely in succession, 19.

Just for good measure, Billy Cox, Pee Wee Reese and Duke Snider tied a record by going to bat three times in an inning and Reese, Snider, Jackie Robinson, Gil Hodges, George Shuba and Rube Walker tied another by scoring twice in the inning.

To rub it in, Pitcher Chris Van Cuyk's four hits—two of them in the big inning—were one more than he had for one game in his big league career before Wednesday night.

Alie Reynolds turned back Chicago with five hits and delivered a triple and single in the New York Yankees' 3-1 win, their eighth in the last 10 games. The scheduled Chicago at Boston game in the National was rained out.

## Air Clarified By Candidates For Governor

### Odham and McCarty Both Concede The Other Not Connected With Racketeers

By MALCOLM B. JOHNSON  
MIAMI — The air is a lot clearer in the Florida gubernatorial race today after Dan McCarty and Bradley Odham met on television and washed out a backlog of campaign charges that have been floating around for days. Each conceded he didn't know any racketeer connections of the other.

They agreed they have no confidence in the Warren administration. Both pledged they will support either law enforcement officers or the state to do the job. Both declared their support for moves to revise the State Constitution.

They were at odds on fundamental issues involving new taxes and the road construction program. McCarty repeated his pledge to use every weapon a governor has to avoid any new taxes, except for an increase on the tax take from truck operators.

Odham said he hopes no new taxes will be necessary, but he wouldn't like to make an iron-clad promise that he might not be able to keep in case vital state functions and operations of the schools require more money. They argued about that.

Odham's proposal to submit to popular election a plan for borrowing \$77 million dollars out of future gasoline tax revenue to build 2,850 miles of 4-lane highways drew McCarty's fire. Odham defended it, and implied McCarty had promised more roads than he could build under his pay-as-you-go plan.

After their television appearance both flew to Jacksonville to campaign separately today. McCarty will lead a motorcade south from Daytona Beach to Fort Lauderdale through his vote stronghold Saturday. Odham will spend Saturday in Polk County, one of the seven counties where he led in the first primary.

Odham was hit by a rash of racketeer connections before the two candidates, planned down to "yes" or "no" answers, said they didn't actually know of any underworld links.

McCarty said his Duval County Campaign Committee may have been "a little strong" in its pamphlet declaration that "we fear Odham has allowed himself to be caught in the net of the biggest racketeering syndicate in the world."

Odham has threatened to sue the McCarty supporters for the statement, and he told McCarty "if you were just half a man you would denounce the charges."

McCarty said Venn was WMIE manager and vice president at the time, then he read from a Federal Communications Commission hearing record Venn's testimony that he wouldn't broadcast the Crime Commission program because he considered it "definitely un-American."

### Sanford Negroes Killed In Accident

A Sanford Negro, Eva Mae Taylor, was killed by electrocution Wednesday afternoon in a freak accident at Lake Gem in Lake County when the machine on which she was riding, a harvester, came in contact with a high tension wire, when the extension arms were raised.

At the time, 20 other workers were riding on the machine and all leaped to safety. However, Taylor had to be taken to the hospital. She was 40 years old.

### Soviet Charges Aid To Iran Is Treaty Violation

By THOMAS P. WHITNEY  
MOSCOW — The Soviet Union charged formally today that Iran's acceptance of American military aid violates the 1921 Soviet-Iranian Treaty admitting Russian troops to Iran if that country's soil is used by foreign military forces hostile to the Soviets.

### U. S. Insists 1921 Pact Outdated By Charter Of U. N.

By THOMAS P. WHITNEY  
MOSCOW — The Soviet Union charged formally today that Iran's acceptance of American military aid violates the 1921 Soviet-Iranian Treaty admitting Russian troops to Iran if that country's soil is used by foreign military forces hostile to the Soviets.

Observers here consider it likely that because of the Russian protest, Iran will reconsider her acceptance of the U. S. aid and, if she does not, the Soviets will follow up with another strong protest.

The American aid to Iran was cut off last January when Iran refused to sign an agreement pledging to help increase "the defensive strength of the free world."

In Washington a U. S. official said the Russian protest evidently was designed to intimidate the Iranian government. He said the Tehran government had been under heavy Soviet pressure before and is not expected to give in this time.

### Agreement Reached On W. U. Strike

WASHINGTON — The State Department asserted today that an agreement has been reached between the Western Union and company officials to end the Western Union strike.

### PEACE TREATY

BONN, Germany (U. S. — U. S. Secretary of State Dean Acheson arrived here today to sign the West German peace contract. He also will confer with the British and French foreign secretaries and West German Chancellor Konrad Adenauer.

Just before Acheson arrived by plane from Washington, Adenauer beat down a Socialist bid in Parliament for general debate designed to bar signing of the contract, now scheduled for Monday.

## "Scientist X" Is Indicted For Lying Under Oath

### Weinberg Accused Of Lying About Being In Communist Party

WASHINGTON — Joseph W. Weinberg, a scientist who helped develop the atomic bomb, was indicted today for lying under oath when he denied under oath to a congressional committee that he had been a member of the Communist Party.

Weinberg is the man who was later designated "Scientist X" by the House Un-American Activities Committee during an investigation of atomic spying.

Today's perjury indictment, returned by a federal grand jury here, is based on testimony Weinberg gave to the House committee.

Weinberg figured prominently in the committee's investigation of spying at the wartime University of California Radiation Laboratory at Berkeley.

In the early stages of the investigation, the committee referred to Weinberg merely as "Scientist X," but later identified him as Joseph W. Weinberg.

The perjury indictment contains three counts. Conviction would make him liable to 10 years imprisonment on each count.

## Russell Takes Campaign To Tampa Area

### Sen. Kefauver Is Accused Of Playing 'Ring Around Rosy' With FEPC Issue

TAMPA — Sen. Richard B. Russell said today if he gets 20 of the 24 Florida delegates to the National Democratic Convention he "will be a very fine victory."

He said the Tennessee senator was "ring around the rosy" in his campaign for the presidential nomination and asked "which side of the fence is he on?"

When he was campaigning in Florida for the presidential primary, he appeared on a TV show with me in Miami the day before the primary. He said then he was opposed to a compulsory FEPC.

My opponent had said in Congress that a compulsory FEPC was unconstitutional and would deprive the American people of their property.

### Accidents Cause Injury To Five, Damage To 5 Cars

A flooding flash of lightning caused three girls in a car driving on Route 17-92 to lose control of the automobile as it crossed the highway and returned to the road on the west side of the road.

### Truman and Ridgway Visit Point

JUST RETURNED TO WASHINGTON from the front lines in Korea, Gen. Matthew B. Ridgway (left) and President Truman (right) today visited the United States Military Academy to celebrate its 150th anniversary. Both will return to the capital for conferences prior to leaving Gen. Douglas D. Eisenhower as head of the North Atlantic Treaty Organization.

### Report Is Studied Into "Fiasco" At Koje Prison Camp

WASHINGTON — Unless new facts develop about the incident at the Koje Island camp for prisoners of war, Sen. Richard B. Russell said today some U. S. officers should be demoted.

An official report on the capture and release of Brig. Gen. Francis T. Dodd, former commander of Koje Island, is in the hands of Pentagon leaders now. The report is from the Tokyo headquarters of Gen. Mark Clark, head of Far East military forces.

Sen. Byrd (D-Va.), a acting chairman, called a special session of the Senate Armed Services Committee to examine the report at 2 p. m. EDT. He termed the Koje incident "a fiasco."

Byrd said the capture of Gen. Dodd by the Red POWs was supposed to be holding, and Dodd's release under an agreement with the POWs by Brig. Gen. Charles F. Gable "are matters of tremendous importance."

Byrd, ranking GOP committee member, told a reporter: "The final facts confirm the preliminary report. I think you should be taken from both top and general and perhaps some others."

Byrd and other senators, including Harrison, Russell, and Gable, have been involved in the Koje Island case. Byrd said the capture of Gen. Dodd by the Red POWs was supposed to be holding, and Dodd's release under an agreement with the POWs by Brig. Gen. Charles F. Gable "are matters of tremendous importance."

## Speaker Makes Plea For Passage Of Big Foreign Aid Bill; Vote Expected Soon

WASHINGTON — President Truman signed today two bills increasing pensions to disabled veterans. They are expected ultimately to cost the government more than 100 million dollars a year. Mr. Truman said he approved the measures "with great reluctance."

WASHINGTON — Speaker Rayburn told the House today "We have lost our superiority" to Russia and "the margin of our atomic superiority is daily disappearing."

He said that clogged American war production lines resulted from "unwarranted negligence" which should be investigated.

Rayburn left the speaker's chair to deliver one of his rare speeches in support of a \$6,000,000,000 foreign aid program for next year, which the House is considering.

Rayburn attacked opposition demands for increased cuts up to one billion dollars and opposed a party approach to the bill. This is the first election year in Soviet history in which no prepared speech.

Every time we reduce the defense program of our allies, by so much we reduce our security," Rayburn said.

If the price of freedom is getting lower and lower, I'm for that. At another point he said the price of freedom has always been high, "but the price of defeat is death and slavery."

The speaker, mentioned as a possible Democratic presidential candidate, said:

I'd rather see my party go down in defeat than to see it try to do anything to deprive the American people by holding out to them promises of a reduction of their burden, based upon the false promise that this government has done, and is doing, all that it can do to assure the security of the nation."

Meanwhile the House rejected a move to force military and economic aid to Austria and to drop into economic help for Austria.

Committees to do these things were headed by top heavy votes as the House drove for a final vote late today on the administration's already battered \$7,000,000,000 foreign aid bill.

Rep. Cross (R-Iowa) proposed that the \$7,000,000,000 be cut by \$1 billion for a final vote. He claimed Spain was not a friendly nation. A final vote of 107 to 9 defeated the amendment.

Defeat of the two amendments encouraged administration forces who were routed Thursday in a bitter 10-hour session that saw a cut of \$4,100,000,000 made in proposed economic aid for Western Europe.

There was a chance that the GOP would cut made Thursday night by a roll call vote today, although Republicans held a 50-49 vote on the measure. The Senate meanwhile began debate on its companion foreign aid legislation. There were no indications of swift action on the measure in the Senate.

WASHINGTON — The Senate today passed a \$1.5 billion dollar federal housing bill. The vote vote action, sending the measure to the House, was taken a few minutes after the session began.

Most of the insurance and loan funds would be earmarked for housing in defense areas and the measure is reported to have wide support.

Many builders have urged Congress to expand federal mortgage funds to help them sell homes that now lack private financing. The housing bill is about a billion dollars less than requested by President Truman.

It would add 800 million dollars to authority of the Federal National Mortgage Association.
