

PARK TRAMMELL IS RE-ELECTED

Trammell Routs Pepper And Herndon Defeats Spencer In Seminole County Returns

Senator Wins In This County By 384 Votes; Herndon Is Elected By Majority Of 22

By a majority of 22 votes P. Herndon, high man of the first primary, triumphed over his opponent G. W. Spencer in the run-off election yesterday to win the Democratic nomination and virtual election to the state legislature in Group No. 2 while Park Trammell, the incumbent, again carried Seminole County against Claude Pepper, in the Senate race.

While the election count as tabulated by The Herald through the assistance of the various election clerks and special representatives in the various precincts, is not official, it is considered final with the exception of a few mail votes which will probably arrive at the County Judge's office today.

Seminole County joined the rest of the state in electing Eugene Matthews and Jerry Carter to the railroad commission by substantial majorities. Mr. Matthews, of Butler, the incumbent, polled 1019 in this county against the 888 received by his opponent Lester J. Walls. Mr. Carter received a total of 1040 votes while Harry P. Caro polled only 488 votes. A total of 1756 votes were polled in the county yesterday and this number was only 108 short of the total tabulated on June 5.

Being the only local contest, the Spencer-Herndon race for the Legislature naturally attracted the most attention in Sanford and the outlying precincts. While the total votes cast was 108 less than that polled in the first primary, Mr. Herndon gained 58 votes over the number he received on June 5 while Mr. Spencer succeeded in increasing his first total by 111.

Yesterday Mr. Herndon polled 889 votes and Mr. Spencer received 807 while in the first primary Mr. Herndon led with 851 votes followed by Mr. Spencer's total of 656. The remaining 337 (Continued On Page Three)

Orange State Oil Co. Now Operating Here

Following the arrival in Sanford yesterday of the Orange State Oil Company's barge from Jacksonville with a load of 108,000 gallons of gasoline the new City Service terminal for Central Florida located in this city automatically came into active operation at 3:00 o'clock yesterday afternoon the first fuel was pumped into the large permanent tank which has a capacity of 120,000 gallons.

H. B. Pope, local agent for the Orange State Oil Company, played host to representatives of the company from Titusville, Orlando, Winter Garden, and Tavares. At the present, Mr. Pope declared, the various stations will send trucks to Sanford for gasoline but that beginning next month the local terminal will operate trucks direct from Sanford on regular runs.

BRIDGE EXPERT DIES

PHILADELPHIA, June 27.—(AP) Milton C. Work, instructor and advisor to millions in the international realm of auction and contract sales, died today in a hospital at the age of 89. The card expert once gave up a promising law career to find a fortune in the auction, was a victim of intestinal cancer.

BUSINESS HEADS ADVISE STUDENTS ON GETTING JOBS

Owen D. Young Tells Men To Go After What They Want
NEWARK, N. J., June 27.—(AP) "Work and wait," national business leaders advised the jobless college generation yesterday in suggesting from their own varied experience the best methods of selecting a life career.

Ten of the most successful business men pooled their suggestions at yesterday's unique seminar on the "how" and "why" of getting a job—the first session of the new "Choosing a Career" conference to which leading college educators are acting in an advisory capacity.

"Don't be an explorer unless you can't help yourself," was a contribution by Roy Cnapman Andrews, director of the American Museum of Natural History and leader of the famous Gobi desert expedition.

"Don't," said James P. Warburg, vice chairman of the Bank of the Manhattan Company, "deliberate whether or not to enter the banking business. There is no banking business."

"Don't worry about social background as a business asset," asserted Bruce Barton, advertising executive. "If I could hire young Van-Selbit or Max Baer, I'd take Max Baer."

Economic conditions constituted a general "if" in the addresses, a situation the eagerly listening young men and women made the subject of a bombardment of questions when each speaker concluded.

Kidnaped Man Is Returned Safely

CHICAGO, June 27.—(AP)—The kidnaping of Andrew Seiac on took a fantastic turn today as he was returned home unharmed with a story that he was a victim of mistaken identity. The 50-year-old cafe owner was released last night shortly after the police issued orders to "shoot to kill" if the abductors were found. Seiac said he was kidnaped for ransom and freed only after he reached an agreement with his abductors.

Roosevelt Intends To Veto Moratorium Bill For Farmers

WASHINGTON, June 27.—(AP) Congressional leaders said today that they have been informed that President Roosevelt will veto the Frazier-Lemke bill granting a partial moratorium of six years for paying farm mortgages.

Mystery Surrounds Finding Of Skeleton

TARPOON SPRINGS, June 27.—(AP) Mystery surrounds the death of Procopios Democritos, a Greek whose skeleton was found yesterday by negro workers on the hammock property of E. H. Beckert, chairman of the Pinellas county board of commissioners, on the upper Anclote River. A coroner's jury, designated by Justice of the Peace J. B. Register, returned a verdict last night that the man came to his death by causes unknown.

IN COURT AGAIN

NEW YORK, June 27.—(AP) Alfred L. Savage, retired insurance broker of Flushing, New York, indicted in Florida on a charge of "threatening bodily harm to the president" was called to court again today for a further hearing in his attempt to prevent his removal to Florida.

REVENUE TAXES MOUNT BILLION OVER LAST YEAR

WASHINGTON, June 27.—The treasury department has announced that, although almost \$1,000,000,000 more was collected by the Internal Revenue Bureau in eleven months of the present fiscal year than in the corresponding period last year, the cost of collecting the money declined nearly one-third.

Personal Activities

Personals

Mrs. Homer W. Little and Miss Annie Beck spent yesterday in Jacksonville.

Miss Helen Vincent of Laurens, S. C. is the guest of Miss Kathleen Long at her home here.

Mr. and Mrs. Nayel McPherson have returned from a month's vacation spent at Coronado Beach.

E. H. Culham is able to be out again after an illness of two weeks at his home on the West Side.

Mr. and Mrs. T. J. Barnett of Palmetto spent today here with Mrs. A. E. Mahoney, 215 North Street.

Mr. and Mrs. C. E. Chorpent have returned from Ocala and are in West Florida where they spend a short time.

Mrs. Glenn Langley and son, Glenn Langley, Jr. left today for Cairo, Ill. to spend several weeks visiting Miss Langley's parents.

Friends of M. D. Farbell will be glad to learn that he is improving at his home at Palmetto Lodge from a recent illness.

Mrs. A. E. Spencer and two sons, George and John, left today for Detroit, Mich. where they will spend a few days.

Mrs. C. E. Henry returned Monday to her home in Jacksonville after spending a few weeks here with friends.

Miss Elizabeth Williams of Houston, Texas is visiting Mr. and Mrs. W. L. Hinesy at their home on the Paola Road.

Miss Grace Hendon of Melbourne is spending several days here as the guest of Miss Clifford Shipler, Oak Avenue.

Mrs. Clifford Trembley and two children of Washington, D. C. are the guests of Mrs. Macomber at her home on Myrtle Avenue.

Social Calendar

MONDAY

Circle Number One of the First Methodist Church will have a picnic at Evansdale Park. Members are to meet at 4:30 P. M. at the home of Mrs. J. E. Preston, 603 Magnolia Avenue.

Circle Number Two of the First Methodist Church will meet at 3:30 P. M. with Mrs. P. D. Parker, 2006 Lake Avenue, Pinehurst.

Circle Number Three of the First Methodist Church will meet at 3:30 P. M. at the home of Mrs. R. E. Moore, Colony Avenue, with Mrs. Monroe and Mrs. Robert Thrasher as hosts.

Circle Number Five of the First Methodist Church will meet at 3:30 P. M. with Mrs. George Harden, East Twentieth Street.

TUESDAY

Circle Number Six of the First Methodist Church will meet at 3:00 P. M. with Mrs. M. G. Keel, 810 Elm Avenue.

Bible School Study Course Ends Friday

The Morning Department of the Daily Vacation Bible School which has been meeting every morning at the First Baptist Church for the past two weeks, will close its course of study on Friday.

The 26 children who attend the school are enjoying the different periods of study which are divided into assembly and worship, class session with Bible stories teaching obedience and kindness, music period, recreation when games are enjoyed, handwork with paper, crayons, scissors, and paste, and a closing session which includes a mission story and song.

Those attending are: Phyllis Allen, Houston Babcock, Kathleen Babcock, Dorothy Cole, Betty Crawley, Mary Ellen Dugger, Joe Dugger, Barbara Ann Edenfield, LeRoy Gilbert, Vernon Hardesty, David Howard, John Leonard, Jr., Lorene Masey, Addison Meriwether, Billy Mays, Jack Mays, Marian Niblack, Jaunel Vaughn, Nancy Williams, Sally Kate Williams, Carl Williams, George Walker, Maurine Winter, and Norma Jean Sayer.

Mrs. Benton White of Chattanooga, Tenn. has returned to her home after spending a few days here as the guest of Mrs. A. T. White at her home on Magnolia Avenue.

Mr. and Mrs. Mansell Gabbett, Miss Mildred Gabbett, Miss Martha Langley, and Robert Langley of Camp Hill, Ala. are the guests of Mrs. W. T. Langley for a short time at Daytona Beach.

Mrs. Fred Strange returned Sunday from Bradenton where she spent a week visiting her parents. Mr. and Mrs. J. F. Hickson, Whiteaway also spent a short time with other relatives in Palmetto.

County Election

Herndon Is Elected By Majority Of 23

(Continued From Page 1)

votes cast on June 5 were polled by L. P. Hagan, the third candidate in this race.

Whereas Mr. Herndon received most of support from Sanford, his opponent led in the county precincts by 73. The two city precincts gave Mr. Herndon a lead of 95 votes to clinch the election.

In Geneva Mr. Spencer received his strongest support. For in that precinct he polled 93 votes against 31 for his opponent. In the First primary Geneva gave Mr. Spencer 84 votes and Mr. Herndon 37.

In Oviedo, Fern Park, Chuluota, and Gabriella the results were closest. They were as follows: Oviedo: Spencer 56, Herndon 50; Fern Park, Spencer 10, Herndon 12; Chuluota, Spencer 39, Herndon 40; and Gabriella, Spencer 9, Herndon 11.

From the very first returns it was apparent that Mr. Trammell would carry Seminole County as he succeeded in doing in the first primary. The incumbent carried 13 precincts throughout the county, tied in one and lost by narrow margins in three. Forrest City, Fern Park and Lake Mary were the only sections to give Mr. Pepper a majority.

Although Mr. Pepper gained 158 votes since the first election and his opponent 61 votes the change in the totals was not enough to keep the present Senator from carrying the county by a substantial majority.

The polls closed at approxi-

Revenue Taxes Mount Billion Over Last Year

the figure for the last eleven months was \$1,252.

Comparative collection figures for the periods by months follow:

Fiscal year	Exclusive of Total	Months 1922	Months 1923
July	\$1,486,168	\$130,722,609	\$131,115,697
Aug.	2,949,316	149,707,708	163,157,602
Sept.	3,914,287	253,142,120	248,995,678
Oct.	39,819,896	125,257,028	164,148,138
Nov.	83,484,417	110,245,708	135,706,923
Dec.	210,995,928	255,797,131	302,431,513
Jan.	36,894,818	129,697,511	182,469,924
Feb.	60,715,108	141,132,427	174,095,825
Mar.	142,461,394	354,639,832	390,352,847
Apr.	602,188	118,026,568	153,363,784
May	14,774,122	152,047,755	194,293,593
June	1,369,735,228	1,530,310,336	2,309,896,616

These results were achieved by the bureau in spite of added duties, such as the collection of beer and spirits taxes, and added excise and emergency taxes.

At Milane Tonight

According to newspaper clipping from Ottomwa, Iowa, the "Southland Review," a musical stage review playing at the Milane Theater tonight is "the cleverest gager we've seen in a long time."

The article follows: The South Land Review—featuring the "Georgia Crackers"—South & Jacobs—a comedy team who are by a long ways—the cleverest gager we've seen in a long time—one is the handsome Romeo type—and the other considerably rustic—who plays the lowly midget instrument, "The Harmonica"—but wait till you hear this boy go! He plays the bluest of Blues—on it! I remember this act when they were on the Pantages' Circuit—and they are plenty good. Val and Aleria—modern International dance team—had just what the dance lovers wanted to see—and sent them off to a big hand. This boy in the act deserves special mention in his interpretation of Cab Calloway's famous number—"Kicking The Gong Around." The way this band can play it too. Ill' Clarke—without a doubt has the fastest—most modern band we have seen or heard. This audience really went for him! Eddie Lewis—comedy dance, had 'em calling him back with a deafening hand! Eight beautiful girls—The

Germany Appropriated

Germany appropriated approximately \$84,000,000 for the fiscal year beginning Apr. 1 to provide the country with an aerial fleet for protective purposes.

Forming a party spending today at Daytona Beach with Mrs. W. T. Langley were: Mrs. John Meisch, Mrs. Edmund Meisch, Mrs. A. W. Lee, Jr., Miss Catherine Meisch, and Angela Meisch, Sylvia Meisch, and Caroline Lee.

A survey disclosed damage suits involving \$12,000,000 pending in St. Louis courts against employers on claims of illness from silicosis, malady caused by inhaling rock of mineral dust.

The largest and speediest bomber in the Orient is now owned by China, and the ship may be used as an ambulance or for troop transport. It has an 82-foot wing span and a top speed of 179 miles an hour.

— what it means —

— to blend and cross-blend mild ripe tobaccos to "weld" them together

THERE are a great many different kinds of tobacco grown in this country and abroad. No two kinds are quite alike. Every variety has a different taste and other different qualities all its own. Some have more natural sweetness than others—some add a rare spice and a rich aroma—some burn more freely than others. So get Chesterfield's milder better taste we take the right amounts of the right kinds of home-grown tobaccos, then add aromatic Turkish. When these tobaccos are blended and cross-blended the Chesterfield way—balanced—each kind of tobacco helps to bring out the best smoking qualities of the others. That's what blending and cross-blending means to Chesterfield—milder better taste. And that's why They Satisfy.

the cigarette that's Milder the cigarette that TASTES BETTER

FRENCH MOBBS UGLY TEMPERED IN 6 CITY RIOTS

Police Have Busy Week End As Political Feeling Flares Up

PARIS, June 27.—(AP)—The fiery temper of French crowds, a menace to authorities since the nation's political passions were unleashed on the night of Feb. 8, furnished police with an exciting week-end in half a dozen cities.

The gravest disorders were in Lorient Sunday night, where 100 were injured in a violent clash with mounted guardsmen. Communists, after listening to a political speech, barricaded themselves behind a stone wall and resisted repeated charges with a barrage of bottles, paving blocks and sticks.

Blow windows were smashed, stores looted and trees uprooted during the fighting. Firemen, who finally dispersed the crowds by turning hoses on them, were trampled in the fray. Thirty were arrested.

Monday Communists returned the hand of one of the mounted guardsmen, torn off with a saber slash during the fighting. There were clashes at Saint Germain where Royalists and Socialists had a pitched battle; at Caen, where there was minor fighting, and at Angouleme, where Communists raided a celebration honoring the anniversary of the discovery of oil in the region, claiming the affair had a political taint. Twelve were arrested.

In Paris recently 500 war veterans, continuing their weekly protests against pension cuts, marched out on the square in front of the Paris Opera, in the heart of the capital, and fought police and mounted guards who quickly brought the situation under control.

While the riot at Longchamps commenced because of a bad start in one of the horse races, it, too, took a political twist at the height of battle when shouts of "Stavsky" were heard, the reference being to France's greatest political scandal in a generation.

The readiness of crowds in general throughout France to respond to violence and destruction is greatly worrying authorities, high and low alike. They have been forced to give protection to 1,000 political meetings in the last three months and there have been more than a dozen serious clashes.

Business Heads Advise Students On Getting Jobs

(Continued from page one)

"How will we get a job?" "Walk! Walk!" was the succinct response from Thomas I. Parkinson, president of the Equitable Life Assurance company, Parkinson, however, saw insurance underwriting a large and encouraging field for today's youth.

Similar opportunities in the field of export and international trade were pictured by James D. Mooney, vice president of General Motors corporation in charge of overseas operations.

Owen D. Young, chairman of the General Electric company, in a message read to the conference, advised "Make up your mind what you can do and want to do and go after it."

Orville F. Lore, known as the grand old man of railroading, laid down five principles: 1.—When you have entered an employment which seems permanent, stick to it.

2.—Train your mind to think a problem through.

3.—Learn to size up an individual, strengthening the judgment as to with whom association is desirable.

4.—Keep in mind that success and distinction are rarely gained when monetary compensation is placed ahead of accomplishment.

5.—Learn to employ your leisure profitably.

brick, 3.4 inches of plaster board, 2.44 inches of wood or 0.80 inch of fibre board. It has been estimated that, of the heat losses from uninsulated buildings, 30 per cent is due to absorption and the bulk, or 70 per cent, to radiation. It is this loss by radiation which the aluminum metallation so effectively prevents. Metallation has the added value of being fire-resisting, moisture proof, vermin proof and non-deteriorating.

Builders are watching with interest the severe tests to which metallation will be subjected on the Byrd expedition; the manufacturers are confident of the results. They predict that it will revolutionize modern building construction and become a necessary commodity in the build-

Admiral Richard E. Byrd

ing trade as lumber itself. Its low cost and the mass production plans will be strong factors in its general use. It is estimated that a five room cottage can be metallated for \$20 or \$25 and a mansion for \$150 or less.

MEXICO ELECTS NEW PRESIDENT NEXT SUNDAY

Sweep Of National Revolutionary Ticket Widely Foreseen

MEXICO, D. F., June 27.—A president to hold office for a six-year term beginning Dec. 1, a complete new Chamber of Deputies, half of the Senate and several state governors will be chosen Sunday, July 1, in country-wide elections expected to result in a clean sweep for the powerful National Revolutionary (government) party, the P. N. R.

The P. N. R. predicts that more than a million persons, a record number, will vote for the party's Presidential candidate, General Lázaro Cárdenas. His two principal opponents, Colonel Adolfo Tejeda and General Antonio J. Villarreal, charge the elections will be "only a farce" and that whatever votes they may get will be counted.

Tejeda and Villarreal have little hope of winning, and the fourth candidate, Héganm Laborde, a Communist, is regarded as certain to run in the last balloting.

Regardless of the number of votes announced for Cárdenas, the support of the P. N. R. makes it certain that the thirty-nine-year-old general and revolutionary veteran will be chosen President. His platform, the party's six-year plan, has already been put into effect in part by President Abelardo Rodríguez.

It provides in the main for speeding up the country's land distribution program, for extensive public works, increased government participation in business and social legislation to aid the working and peasant classes.

In his campaign speeches Cárdenas has indicated his intention of following a nationalistic policy in respect to foreign capital and enterprise, of sponsoring a national prohibition law and of giving women a greater opportunity to

participate in government. Cárdenas is winding up his campaign tour in the north, and plans to pass election day in Altata, Sinaloa, with former President Plutarco Elías Calles, founder of the P. N. R., and the nation's most prominent political figure.

No major disorders are expected during the elections, but troops and police will be assigned to guard the polls as a precaution.

Senators Beat Browns By 10-9 Score Tuesday

WASHINGTON, June 27.—(AP)—The Washington Senators nosed out a 10-9 victory over the St. Louis Browns yesterday at Griffith stadium in a game that sent Luke Sewell, Washington catcher, to the hospital.

Sewell was hit by a fast ball thrown by "Bump" Hadley, Browns' pitcher, in the third inning. He dropped to the turf unconscious. Authorities at Garfield hospital where Sewell is confined described his condition as "good."

Surgeons were awaiting an opportunity to examine X-ray plates in order to make a complete diagnosis. Sewell regained consciousness. It was expected he would remain in the hospital a day or two at least.

The reason a bad egg floats in water is that gases have formed inside, owing to decomposition. These make it lighter than a good egg, which contains white and yolk only.

It is possible to manufacture sheets of copper 1-20,000th of an inch thick. Nearly 775,000,000 gallons of gasoline were consumed in Texas in 1933.

Prompt Relief From Itching Eczema

It's wonderful the way soothing, cooling Zemo brings prompt relief to itching, burning skin, even in severe cases. Itching stops the moment Zemo touches the tender and inflamed skin because of its rare ingredients. To clear away Rash, Pimples, Eczema, Ringworm and restore the skin to normal, always use clean, soothing Zemo. Inset on genuine Zemo! It's worth the price, because it brings relief. 25c, 60c and \$1. All druggists.

Campaign Begins To Raise Funds For Chicago Fair

(Continued from page one) state, has already visited Florida Hall since its opening on May 28th. In other words, over a million and a half people have seen the real Florida as depicted in Chicago.

"A grave emergency has arisen. There is cash available to keep the exhibit open, only, until Aug. 1. Unless additional finances are found it is inevitable that Florida's exhibit must close on that date.

"The Florida exhibit belongs to the citizens of Florida. The commission is only your servant. The problems of the commission, to keep the doors at Florida Hall open, really are your problem. The commission has been facing these problems for you. This is really your job, citizens of Sanford.

"The many benefits derived by Florida from last year's participation in the Century of Progress are known to everyone in Florida. The 1933 Florida exhibit focuses attention of the entire nation on Florida. Nine million people actually saw last year's exhibit. Because of the exhibit, five and a quarter million miles of publicity were given Florida through the press of the nation during a 100 day period last summer. There were scores of national radio broadcasts. Florida surely stole the show and got the national 'spotlight' publicity.

"Mayor W. A. Leffler has been appointed by Governor David Sholtz as chairman of Sanford. (This is not a donation, this is the best investment you have ever been asked to make.) Names of subscribers will be printed in The Herald during the period July 1st to 15th.

"Do not delay. This is not the Governor's job, it is not the job of Lorenzo A. Wilson, chairman of the World's Fair Commission. It is the job of everybody in the State of Florida. It is your job. Thirty thousand dollars in cash must be raised immediately in the state of Florida to insure keeping the exhibit open. Your subscription will help. Send your generous investment in to The Herald today."

LEGAL NOTICE

MARIE'S NOTICE OF SALE NOTICE IS HEREBY GIVEN That under and by virtue of a decree of the Circuit Court for the Twenty-Third Judicial Circuit in and for Seminole County, Florida, in Case No. 11,177, in the matter of Joseph A. T. Hoff vs. Plaintiff and Joseph Mikler and Katarina Mikler, his wife, and others, were defendants, same being changed to Cause No. 2174, I, the undersigned Special Master, will sell at public sale on Monday, the 2nd day of July, A. D. 1934, between the hours of 11 A. M. and 2 P. M., at the front door of the Court House in Sanford, Seminole County, Florida, in and to the NW 1/4 of Section 21, Township 21 South, Range 21 East, and the NW 1/4 of Section 22, Township 21 South, Range 21 East, and the NW 1/4 of Section 23, Township 21 South, Range 21 East, all in the County of Seminole, State of Florida, containing in all about 134 acres, more or less, situate in the NW 1/4 of Section 21, Township 21 South, Range 21 East, and the NW 1/4 of Section 22, Township 21 South, Range 21 East, and the NW 1/4 of Section 23, Township 21 South, Range 21 East, in the County of Seminole, State of Florida, being a triangular tract of land containing 134 acres, more or less, situate in the NW 1/4 of Section 21, Township 21 South, Range 21 East, and the NW 1/4 of Section 22, Township 21 South, Range 21 East, and the NW 1/4 of Section 23, Township 21 South, Range 21 East, in the County of Seminole, State of Florida, as shown on a plat filed in Case No. 11,177, in the County of Seminole, State of Florida, on the 12th day of June, A. D. 1934.

BLACK-DRAUGHT

"Such a Good Laxative," Says Nurse Writing from her home in Punta, Mo., Mrs. Anna LaPlante says: "I am a practical nurse and I recommend to some of my patients that they take Black-Draught for it is such a good laxative. I took it for constipation, headache and a dull feeling that I had so much. A few doses of Black-Draught—and I felt just fine."

ORLANDO, FLORIDA—39 WEST CHURCH ST.

Darrow Completes NRA Investigation And Quits His Job

WASHINGTON, June 28.—(AP)—Friction between the NRA and the Darrow Review Board stirred up more sparks today as Hugh Johnson accused the board of issuing "false material" and the Darrow group promptly drafted a counter-attack.

General Johnson, in biting criticism of the second Darrow report, attacked replies by Donald Ehrlich, the NRA's general counsel, and 12 administrators. The report, Johnson said, "is even more inaccurate and inconsequential than the first one."

Meanwhile Darrow, his work finished, resigned as chairman of the Board today and was succeeded by W. W. Neal, Marion, N. C., textile manufacturer, who has been vice-chairman.

PHILADELPHIA, June 28.—(AP)—Officers of the American Federation of Hosiery Workers announced yesterday that Emil Rieve, international president of the organization, had wired Governor Hill McAllister of Tennessee a demand that he declare martial law at Harriman.

The telegram was dispatched after receipt of word that Fred G. Field, vice president of the federation, had been kidnaped here.

HARRIMAN, Tenn., June 28.—Kidnaping of a union official here and charges by a Chattanooga oil company that big oil companies were violating provisions of the Tennessee code marked the "Bling-bling" in Tennessee yesterday.

Fred Held, vice president of the American Federation of Hosiery Workers, was taken off a train here at noon and driven towards Oakdale by six carloads of men.

Deputy Sheriff Ed Davis reported late in the afternoon that Held was released unharmed and boarded a train at Oakdale for Chattanooga. The kidnapers were identified by Police Chief Creed Mabry as men who lost their jobs when the Harriman hosiery mill shut down Monday because the NRA wouldn't restore its Blue Eagle. Deputy Davis said Held was warned when released by his kidnapers.

Jacksonville Will Hold Bond Election On City Projects

JACKSONVILLE, June 28.—For the second time this week, Jacksonville will hold another election Friday.

It will be an election of city bondholders to pass upon a program of \$2,449,000 worth of public improvements, for which a loan of federal funds in exchange for city bonds would be sought.

A total of 12,028 freeholders are qualified to vote in the election, and only freeholders may participate.

During the past several weeks proponents of the several projects and opponents of all bonds have engaged in a spirited campaign in an effort to influence voters to their point of view.

The campaign comes to a close today and the balloting will take place tomorrow.

Claiming chief interest of the property owners are two projects, one for \$800,000 to build a city auditorium building and the other for \$200,000 with which to acquire land for the development of a Metropolitan Park.

Another feature are 15 different projects on the ballot. Another project which has claimed considerable attention is for \$150,000 to give the Playground Department needed added facilities to enable play areas throughout the city.

The projects have been separated into the voter may register the choice on one or all of the projects. A negative vote is not required. The voter may vote for any one or all of the projects and the voter may vote for an affirmative vote for

DILLINGER IS CALLED DEAD BY FORMER PAL

At Same Time Police Are Told Dillinger Seen Two Days Ago At Baseball Game

ST. PAUL, June 28.—(AP)—John Dillinger, long hunted outlaw, is dead, Albert "Pat" Reilly, held on charges of harboring the fugitive here this Spring, told federal investigators today.

Reilly told his questioner that Tommy Carroll during a conversation in Minneapolis before Carroll was slain at Waterloo, Iowa on June 7th, had confided to him that the desperado was dead.

The statement regarding Dillinger's death came during relentless questioning of Reilly which began immediately after his capture in a Minneapolis apartment and continued unabated today.

While Reilly was making this statement, Chicago detectives heard that Dillinger attended a ball game between the Chicago Cubs and Brooklyn in the Illinois city two days ago.

Pressed for information about the whereabouts of the elusive outlaw, Reilly said "Tommy told me John is dead."

Wilcox May Offer Special Bill For Canal Undertaking

That J. Mark Wilcox, U. S. Congressman from this district, is deeply interested in the construction of a canal connecting the St. Johns River with the headwaters of the Kissimmee River somewhere in the vicinity of Titusville, was expressed in a letter to the Seminole County Chamber of Commerce recently.

Congressman Wilcox, in his communication, said "I have caused a survey of this territory to be made by the board of Army engineers for rivers and harbors. The district and division engineers reported that the plan was practical from an engineering standpoint, but reported adversely upon the flood control benefits and the commerce to be developed."

The letter also stated that Mr. Wilcox had filed an appeal from the decision of the engineers and had obtained a hearing. He promised to appear in person, at the hearing, with all available data and information, to urge the favorable acting of the board.

"In the event the board of engineers should not report favorably upon the project," the congressman explained, "I shall continue my efforts and will introduce a special bill when Congress convenes again and will undertake to secure a separate appropriation for this much needed and highly desirable project."

CHURCH SESSION THROUGH
OXFORD, Ohio, June 28.—Amid a host of indorsements, covering subjects ranging from prohibition and anti-lynching legislation, to moral pictures, munitions and the World Court, the seventy-sixth general assembly of the United Presbyterian Church concluded its sessions Tuesday night.

VANDERBILT BUYS
MIAMI, June 28.—Sale of the Westchester Plaza apartments, Fifteenth Street and Drexel Avenue, Miami Beach, for \$32,000 and the purchase by Commander William K. Vanderbilt of a strip of land immediately west of his estate on Fishers island for \$11,000 were recorded in Circuit Court Tuesday.

JAPAN GAINS SILK TRADE
Japan's drive to capture the silk trade of British Guiana, resulted in sales of 1,209,399 yards of Japanese silk in the colony last year, as compared with 249,049 yards in 1932.

Trammell Thanks Voters For Support In Election; Ybor City Lined Up Solid

JACKSONVILLE, June 28.—(AP)—Tuesday's election was probably the closest called that Trammell has had in his long political career in which he has never known defeat. A long lead in Hillsborough county, of which Tampa is the seat, and strong support from a tier of counties across the south central section, gave Trammell his margin.

Trammell came out of Hillsborough county with a majority of 10,380 votes, most of these being concentrated in West Tampa and Ybor City. The 11 precincts of the section lined up solidly for the veteran senator.

In these 11 precincts, Trammell received 6,311 votes to 360 for Pepper, a majority of 5,951. One precinct went almost unanimously for the Senator, casting 446 for Trammell to 1 for Pepper.

From Lakeand, the senator issued a statement saying it appeared a certainty he had been re-nominated by a majority of about 10,000 voters.

"This expression of confidence in me by a substantial majority is most gratifying," he said. "To those well meaning Democrats who supported my opponent, I have no ill-will."

"With the smoke of political battle cleared away, let all good Democrats of Florida co-operate in a mutual and friendly spirit for the preservation and advancement of the principles of a true Democracy" (Continued On Page Two)

ROOSEVELT SIGNS TUGWELL SAYS HOUSING ACT TO BUSINESS NEEDS AID IN RECOVERY SOCIAL CONTROL

Lumber Association Orders 10 Percent Cut In All Prices Undersecretary Tells Bankers Plan For Social Management

WASHINGTON, June 28.—(AP)—President Roosevelt today signed into law the housing bill intended to aid in reviving the industry by increasing home construction and repair. The legislation is calculated to make available several hundred million dollars for new homes and modernization through government insurance of private loans for that purpose.

A 10 percent reduction in the price of lumber and building materials was ordered today by the National Retail Lumber Dealers' Association and the Administration's housing program.

The reduction in materials will apply to 20,000 members of the Association, Spencer Baldwin, president, said in a statement today. Baldwin estimated the reduction was a means to saving at least \$10,000,000 for home owners who repair and build new homes during the next 12 months.

He said he expected a "revival of business by fall" and quipped the Association as expecting an "immediate and sensational surge of building as soon as the machinery of administering the Housing Act gets in operation."

WASHINGTON, June 28.—(AP)—The Farm Administration has decided to increase the purchase of livestock in the drought areas to 10,000,000 head. The expansion of the buying program, designed to aid farmers hit by this spring's long dry spell and to rid the country of undesirable stock, will be announced within a few days. The purchase of only 2,000,000 head was contemplated originally.

As president of the Florida State Christian Endeavor Union, Rodman Lehman, son of City Commissioner H. J. Lehman, will leave tonight for Atlanta, Ga., where he will represent Florida in the conference of the Southeastern Christian Endeavor leaders who will hold sessions Saturday and Sunday.

Before leaving Mr. Lehman explained that plans are now under way for the reorganization of the all-South extension committee of the Christian Endeavor and that Florida will be represented by a committee of five.

Sanford Boys Are Taught To Swim At Camp Winona By Skilled Instructors

Sanford boys who are on their second week of encampment at Lake Winona, near DeLeon Springs, are more interested in swimming than any other sport this year, according to word received this morning from Herman Morris, camp director, who said that a score of boys have not only been taught to swim but have been awarded ribbons for their ability to swim over 100 yards.

At the camp those who are unable to swim are required to wear a red ribbon, while all boys who can swim 50 yards wear a blue ribbon. After completing the 100 yard swim a white ribbon is presented.

During the past two weeks of encampment 10 boys have been taught how to swim and from

ENGLISH SPURN HULL PROGRAM TO PAY IN KIND

British Insist That Debt Transfers Are Injurious To Recovery In Both Nations

LONDON, June 28.—(AP)—Great Britain in a note made public last night rejected the American suggestion for payment of war debts in kind as impractical and a threat to Anglo-American trade.

The British note, answering a communication of Secretary of State Hull in which the suggestion was made, expressed a desire for a final settlement of the debt problem, but stated that the government sees the same effect on economic conditions by payment in goods or services as by payment in cash.

"In their efforts, deliveries in kind are not readily distinguishable from cash payments," the British note stated from a statement made by Dawes as head of the 1921 reparations committee.

The communication reiterates the desire of Britain for a full and permanent settlement of the problem, "whenever it may appear that the present abnormal conditions have so far passed as to offer favorable prospects for a settlement."

The government, adds the note, "is sincerely anxious to remove from the sphere of controversy all or any matters which might disturb the harmony of relations between the two countries."

The note answers a communication from Secretary Hull which responded to the statement that Great Britain was unable to make any payment on the war debt installment due June 15.

"In fact," said the British note with regard to payment in kind, "the economic objections to cash payments would apply with equal force to deliveries in kind unless those deliveries were to consist of indigenous products of the debtor country—excluding re-exports and unless they were accepted by the creditor country and consumed by it in addition to the goods taken from the debtor country in the normal course of trade."

"If the United Kingdom were not to receive payment for goods exported on commercial account, here exchange resources available for the purchase of cotton and other goods from America would be still further diminished."

"Therefore, while not unwilling to give further consideration to the possibilities in this direction, His Majesty's government do not at present see any method of putting such a plan into practice which would be likely to commend itself to the government of the United States."

6 Marriage Licenses Issued In One Week

During the past week the office of County Judge James G. Sharon, in the Court House, issued six marriage licenses; five to white couples and one to colored persons.

The white couples securing licenses were: Walter Bellamy, 43, of Sanford and Miss Sara Bellamy, 37, of Lake Monroe; Philip Fender, 21, of DeLand and Miss Alice Norris, 21, of Sanford; James Moore, 23, of Orlando and Miss Joan Walker, 21, of Orlando; Lester Bonar, 30, of Ft. Myers and Miss Catherine Sykes, 21, of Ft. Myers; J. P. Holland, 44, of Glenwood and Miss Florence M. Barnard, 46, of Glenwood.

City Attorney Takes Case To High Court

City Attorney Fred R. Wilson returned last night from Tallahassee where he appeared before the State Supreme Court to present the City's appeal from a recent order issued by Circuit Judge Millard B. Smith denying City officials the right to sell property acquired through foreclosure proceedings.

The order of Judge Smith's came as the result of action taken by a city creditor.

Mr. Wilson presented the City's case and left all necessary information with the Supreme Court when he asked that body to act upon the matter as soon as possible. This morning the City Attorney said that he expected a decision in about 30 days.

Montgomery Upheld

MONTGOMERY, Ala., June 28.—(AP)—The supreme court today upheld the death sentences of Clarence Norris and Heywood Paterson, negro defendants in the Scottsboro case and set their execution date for Friday, Aug. 31.

Fliers Take Off In Flight To Warsaw

BROOKLYN, June 28.—(AP)—The Adamowicz brothers, Benjamin and Joseph, silent partners in business and in flying, took off at 8:59 o'clock today on a flight to Warsaw, Poland, their ancestral home. They were promised fine flying weather for the next 48 hours and headed for Harbor Grace, New Foundland, there to refuel and turn out across Atlantic to their native land. They were accompanied in their red, white, and blue monoplane, "Warsaw" by Holger Holtris, who flew to Copenhagen in 1931 in the same plane, then "Miss Liberty."

Lehmann Re-Elected To U. S. Scout Group

Word was received this morning at the offices of the Seminole County Chamber of Commerce from James E. West, chief scout executive, that Carl Lehmann, secretary, had been unanimously re-elected as a member of the national council of the Boy Scouts of America.

Mr. Lehmann has been a member of the national council for the past 12 years and he is also vice-chairman of Region No. 6 which covers Georgia, Florida, and North and South Carolina.

Street Rioting By Japs And British In Shanghai Continues

GIRL CONVICTED IN BAY STATE'S BIG MURDER CASE

SHANGHAI, June 28.—(A.P.)—Street rioting, in which the Japanese attacked British troops, threatened another ugly international incident today on the Far Eastern scene.

Shanghai's international quarter, virtually a war zone, was the center of the controversy. The Japanese objected angrily when British troops attempted to arrest Japanese sailors in the territory. Bricks, bottles, and clubs, soon began to fly.

Only after several hours were the British and Japanese forces able to prevent what threatened to become an armed clash. Further outbreaks are feared.

The affair threatened to precipitate an international incident. The British authorities had sought to arrest two Japanese sailors ashore in international territory.

The Japanese, styling themselves "patriots," objected to a Britisher undertaking to arrest one of their countrymen and quickly assumed an ugly mood. Missiles quickly began to fly.

Japanese naval shore patrols and British police reinforcements quickly ended the affair, which for a time threatened to assume proportions of an armed clash.

High Japanese naval authorities and British international settlement police officers managed finally to prevent a pitched battle, although numerous British policemen were struck by bricks and other weapons hurled by the Japanese.

The British policemen, who attempted the original arrest claimed that two Japanese sailors struck a Chinese woman, making it necessary to take them into custody.

Japanese naval representatives insisted that the police of Shanghai had no authority to arrest Japanese sailors. The police refused to accept the Japanese attitude, pointing out that other nations maintaining naval or military forces here recognized police authority on shore. They pointed out that when called upon to handle any service men, they immediately hand him over to his own command following the arrest.

A long conference was held during the early morning hours between Japanese naval officers and representatives of the British police.

The Japanese refused to accept the view that all nationalities are subject to police jurisdiction in international territory, maintaining that nobody but their own patrol members is empowered to arrest any Japanese sailor or marine ashore in Shanghai.

While the Japanese navy took over the two sailors figuring in the incident, British police withdrew from the scene, leaving the issue unchanged.

Prosecution Wins Victory In Trial Of Minister's Daughter

DEBHAM, Mass., June 28.—(AP)—Norma Miller, daughter of a former minister and mate of a machine gunner, was convicted today of being an accessory after the fact of a robbery and murder.

Her trial, which lasted six days, ended early this morning with a conviction on three indictments, a clean sweep for the state in its prosecution of one of the most notorious crimes in its history.

Norma's husband, Murton Miller, leader of the trio, his brother, Irving, and Abraham Faber, all recently were convicted of murder. Their convictions arose from the robbery of the Needham Trust Company in which two patrolmen were killed. The jury deliberated seven hours to find Norma guilty as an accessory. The maximum penalty for her is 21 years. Her husband and the other two are under death sentences.

6 Marriage Licenses Issued In One Week

During the past week the office of County Judge James G. Sharon, in the Court House, issued six marriage licenses; five to white couples and one to colored persons.

The white couples securing licenses were: Walter Bellamy, 43, of Sanford and Miss Sara Bellamy, 37, of Lake Monroe; Philip Fender, 21, of DeLand and Miss Alice Norris, 21, of Sanford; James Moore, 23, of Orlando and Miss Joan Walker, 21, of Orlando; Lester Bonar, 30, of Ft.
