MASKED MEN MOBBED BIRMINGHAM LAWYER FOR DIVORCING WIFE

Took Him to Woods and Beat Him Very Badly

FIND NO CLUE

(By The Associated Press)
TO HIS ASSAILANTS AND HE
WAS TOLD TO REMARRY DI-
VORCED WIFE OR ELSE

(By The Associated Press)
BIRMINGHAM, Ala., Dec. 29.—
City and county authorities made lit-
tle headway they reported today in an
effort to run down members of a
masked mob who lured W. E. Tumlin,
a well known Birmingham attorney,
to Red Mountain Tuesday night and
beat him until blood streamed from
scores of lacerations on his body. Mr.
Tumlin said when the mob got him he
was told he must immediately promise
to remarry his divorced wife or
death would be inflicted immediately.
He refused to make the promise and
was whipped. Records show he was
granted a decree absolute from his
wife two months ago on the grounds
of cruelty and voluntary abandon-
ment.

GEN. JOSEPH E. WHEELER CAMP OF UNITED SPANISH WAR VETS ESTABLISHED

The men and women of Sanford
have become famous as "Jiners," be-
lieving absolutely that organization
and co-operation are big factors in
the perfecting of plans for the up-
building of wide-spread interests, for
community welfare, civic betterment,
religious and military organizations
and civic orders. Side by side with
the D. A. R., the Daughters of Con-
federacy, the American Legion, Con-
federate and G. A. R. Veterans stand
now, a camp of United Spanish War
Veterans organized only last even-
ing.

A meeting for the purpose of or-
ganizing a camp here, was called by
Comrade J. G. Sharon and held in his
office at five-thirty Wednesday af-
ternoon. Temporary officers elected
were: Comrades J. G. Sharon, chair-
man; R. A. Terhoun, sr., clerk, and
W. S. Price, treasurer.

The camp will be known as Gen.
Joseph E. Wheeler.
Comrade R. A. Terhoun, Sr., was
unanimously elected his first com-
mander in recognition of his loyalty
to the cause, his unwavering fidel-
ity to his country and warm patriot-
ism. Other officers elected for the
ensuing year are, Comrades Fred T.
Williams, Senior Vice Commander;
John T. Brady, Junior Vice Comm-
ander; Craig Harris, officer of the day;
L. H. Walker, officer of the guard.
Trustees: One year, R. A. Terhoun,
Sr.; two years, J. G. Sharon; three
years, W. S. Price. Officers appointed
by the new commander are: Com-
rades, G. W. Rutherford, Adjutant;
C. R. Lord, quartermaster; Roy
Schmidt, Sergeant Major; J. C. Shar-
on, Chaplain; John Haigh, quar-
termaster-sergeant; W. S. Price, color
sergeant.

The camp just organized is the re-
sult of faithful and unceasing efforts
of five years and marks another mil-
stone in comradeship.

Charter members are: R. A. Ter-
houn, Sr., Craig Harris, John Haigh,
C. R. Lord, W. S. Price, G. W. Ruther-
ford, J. C. Sharon, Fred T. Williams,
Roy Schmidt, L. H. Walker, J. T.
Brady, Sr.

Committee on Installation: Com-
mander R. A. Terhoun, Sr.; Junior
Commander, J. T. Brady, and the in-
stallation ceremonies will take place,
Wednesday, January 18th.

Camp Joseph E. Wheeler is the only
camp between Jacksonville and Tam-
pa. All veterans of the Spanish-
American war living in this section
are cordially invited to join this camp.
There are twenty-five or thirty vet-
erans, perhaps more, in Seminole
county who are urged to unite with
the boys of '98.

CONFERENCE FAILED TO LIMIT NAVIES NATIONS DISAGREE

WASHINGTON, Dec. 29.—
(By the Associated Press)
—Efforts to limit the naval
strength of the powers in
submarines and auxiliary
warships came to an abrupt
end yesterday afternoon af-
ter they had drawn the
French and British arms
conference delegates into a
plain spoken exchange over
the possibilities of a future
war between France and the
British Empire.

The French, acting under
renewed instructions from
their government, told the
conference naval committee
with an air of finality that
France must remain free to
build a submarine flotilla
nearly three times as great
as that she now possesses
and to construct, in addi-
tion, cruisers, destroyers
and other auxiliary craft up
to a tonnage of 330,000.

To the proposal the Am-
ericans, Japanese and Ital-
ians replied with expres-
sions of surprise and regret,
while the British charged
openly that such a building
program must be regard-
ed as a menace to British
shores. Arthur J. Balfour
added that he had no doubt,
if occasion arose, Great
Britain would be equal to it,
complete freedom of action
as to the construction of all
types of auxiliary which
might be useful against un-
derwater warfare.

Unlimited Construction of Aircraft for Peace in Recommendations

WASHINGTON, Dec. 29.—Unlimited
construction of aircraft but with
sharp elimination of their use in war-
time is understood to be embodied in
recommendations deviated upon by
subcommittee on aviation of arma-
ment conference. Report said to be
ready for presentation to meeting of
land armaments committee called for
this afternoon.

DUVAL HIGH SCHOOL HAS GREAT ELEVEN— SEASON'S SCHEDULE

JACKSONVILLE, Dec. 29.—Duval
high school's football machine which
athletic authorities in various parts
of the country declare was probably
the finest high school eleven develop-
ed in the United States during the
season just closed, will face a sched-
ule next season that resembles that
of a college rather than a high school,
so far as foreign teams to be played
are concerned. Eight of the nine
games to be played have been sched-
uled and only three are with Florida
high schools. Lake City will play
here October 7; St. Petersburg will
visit Jacksonville November 18 and
Duval will go to Tampa to meet Hill-
borough high November 23. The op-
ponent for a post season game to be
played December 9 has not yet been
selected.

Camp Joseph E. Wheeler is the only
camp between Jacksonville and Tam-
pa. All veterans of the Spanish-
American war living in this section
are cordially invited to join this camp.
There are twenty-five or thirty vet-
erans, perhaps more, in Seminole

Wearing Her Marmoset Furs

When Mrs. Harold Wilcox, New York City puts on her marmoset furs she can't keep them in position. You see, they're alive and very frisky. She also has a South American ant bear and a "kinkajou" from Columbia in her private menagerie.

EXPRESS CO. ROBBED AGAIN IN TAMPA CITY

CASHIER SMITH ALLEGED VIC- TIM OF STICK UP MEN

(By The Associated Press)
TAMPA, Dec. 29.—Sheriff Spencer
and W. J. Eve, local agent American
Express Company, today refused to
make a statement regarding an al-
leged robbery company messenger
here yesterday of \$5,000 other than
to say he would be held for an in-
vestigation.

The following from the Tampa Tri-
bune, is about the robbery:

Samuel Leslie Smith, 25 years old,
cashier for the American Railway
Express Co., left the company's of-
fice at Union Station a little after 2
o'clock yesterday afternoon to make
a deposit of \$5,000 of the company's
money in the First National Bank. At
8:45 o'clock last night he appeared
at the office of Sheriff W. C. Spenc-
er, in the county court house, dishevel-
ed in appearance and nervous in
manner, and reported that while rid-
ing in a Ford car from the express
office to the bank he had been held
up on Zack street near the Catholic
convent by two unmasked men, both
tall and slim, and, with revolvers held
on him, was driven in a northerly di-
rection, blindfolded, robbed of the
money intended for deposit, and tied
to a tree in the woods near Macfar-
lane Park, West Tampa, about two
miles from where he claims to have
been held up.

An odd part of Smith's rather in-
coherent story was that while there
were only two men concerned in the
holdup he could give no clear descrip-
tion of either man except that they
"were tall and slim and clean-shaven."
This, despite his statement that one
of them clambered into his car and
forced him to drive it, holding a re-
volver against his body, while the
other man, in the bandits' car, led the
way, the procession being along Twigg
street to Morgan, thence past the
DeSoto hotel and on up into Tampa
Heights, but where they turned west-
ward and what bridge they used to
cross the river, Smith didn't seem to
know last night. And as he was very
nervous and hysterical neither the
sheriff nor Agent Eve tried to force
him to recite a complete story.

MANY WERE KILLED DURING THE YEAR IN IRISH TROUBLE

(By The Associated Press)
BELFAST, Dec. 29.—Official fig-
ures made public here today show
that during the year one hundred and
ten persons, including eleven police-
men, were killed in disorders and
that five hundred and forty were
wounded by bullets or bombs.

CRIME WAVE IN NEW YORK HOLIDAY WEEK

FIVE KILLED AND FOUR SER- IOUSLY INJURED IN FIVE DAYS

(By The Associated Press)
NEW YORK, Dec. 29.—Five were
killed and four seriously wounded as a
result of the last five days robberies
in New York City which today set the
police and district attorney's office at
work to prove the oft-repeated asser-
tion there has been no crime wave
this year. Of the dead two were hold-
up men. Of badly injured two are po-
licemen, one robber and the wife of
a murdered jeweler.

IMPERIALISTIC FRANCE'S POISE SAYS ENGLAND

ENGLISH NEWSPAPERS SAY FRANCE IS GETTING INTO GERMANY'S CLASS

(By The Associated Press)
LONDON, Dec. 29.—News of
France's actions before the Washing-
ton conference in refusing to accept
the allotment of submarines of less
than ninety thousand tons was print-
ed in the London newspapers today
under captions indicating disappoint-
ment. French attitude strongly con-
demned by liberal newspapers which
regard her as having adopted imper-
ialistic aims such as she attributed to
Germany.

BRITISH SCHOONER LOADED WITH BOOZE SEIZED AT BOSTON

(By The Associated Press)
BOSTON, Dec. 29.—The British
schooner Golden West with a cargo
of alcohol and case of liquor was se-
ized by coast guard cutter Acushnet
while at anchor outside this port it
was announced today. She was tow-
ed here this morning and delivered to
customs officers. Latter it was said
they received word that the liquor-
laden vessel flying the Union Jack but
was said to be owned by former Bos-
ton bartender and was bound here
from Halifax.

KILLING AT SEVILLE, PREVITT GIVEN HEARING, PROMINENT PARTIES

(By The Associated Press)
SEVILLE, Dec. 29.—Arthur Previtt,
merchant, will be given a preliminary
hearing here today as the result of
the shooting to death of Maxie Clif-
ton here yesterday. Authorities said
the shooting was the outgrowth of
enmity of several years standing.

ELECTION OF OFFICERS EDUCATIONAL ASS'N AT ORLANDO YESTERDAY

FIRST GUN FIRED, DEMOCRAT CAMPAIGN BY JUDGE HULL

NASHVILLE, Dec. 29.—
Declaring that "the time
has come when patriotic
citizens and Democrats
should indulge in plain
talking," Judge Cordell
Hull, chairman of the Dem-
ocratic National Committee,
in his first public address
since election to that posi-
tion, last night reviewed
the Republican administra-
tion of national affairs
since March, 1921, and con-
trasted this with the unpar-
alleled achievement of the
Democrats in the previous
eight years.

The address was delivered
at a dinner given by the
State Democratic Executive
Committee in honor of Mr.
Hull and attended by party
leaders from every part of
the state. It was accepted
generally as the opening of
the congressional pre-elec-
tion campaign by the new
chairman who went into
public questions which he
said now faced the govern-
ment, and explained the
attitude which his party
would take on them.

Further relief for farm-
ers, adequate aid for veter-
ans, reduction of taxes to
compensate for the "panic
conditions" now obtaining
and a remedy for the situa-
tion resulting from the
flood of tax exempt securi-
ties, were among the is-
sues outlined by the new
chairman for the Democrat-
ic party.

Group of Educators and Scientists in Meeting Today

To Discuss Ways and Means for Edu- cating Crippled Veterans

(By The Associated Press)
WASHINGTON, Dec. 29.—Group of
educators and scientists met here to-
day at invitation of Colonel Forbes of
Veterans Bureau to discuss ways and
means of "finding the best methods
of returning to society more than one
hundred thousand men disabled in
mind and body by scourge of war."

SCHOONER BURNED AT JACKSONVILLE CARGO OF CROSS TIES

(By The Associated Press)
JACKSONVILLE, Dec. 29.—Fire
broke out in the hold of the auxil-
iary schooner Percy R. Pyne 2nd at
2 o'clock this morning and seven
hours later was still burning. The
vessel, of 1,300 tons, had a cargo of
cross ties aboard. To prevent a pos-
sible spread of the flames to the
wharf, the schooner was towed to
midstream and anchored.

The schooner sunk in seventeen feet
of water and flames were extinguish-
ed. Rough estimate places damage
at approximately \$35,000.

At eleven thirty flames were still
raging and fire department deciding
to attempt to sink the four master to
extinguish the flames, began pumping
enormous quantities of water into it.
Agents said damage to vessel and car-
go already twenty-five thousand.

WAS FINE MEETING

AND MANY ARE IN ATTEND- ANCE FROM EVERY PART OF FLORIDA

ORLANDO, Dec. 29.—The second
day of the 1921 convention of the
Florida Educational Association prov-
ed an exceptionally active one and a
day all too short for the great num-
ber of conferences and meetings of
vital interest crowded into the seem-
ingly few hours of the day. Yester-
day there continued a steady inpour
of teachers into the city from Florida
and other states and it is estimated
that there are about eight hundred
visitors to the convention in Orlando
at the present time. Registration
continued throughout the day and
about six hundred or more had regis-
tered up to a late hour last evening.

The principal business session of
the convention took place yesterday
afternoon at the Baptist church when
the annual election of officers and
other matters of importance were tak-
en up. C. R. M. Sheppard, of DeLand,
was elected to head the state associa-
tion as president for the coming year,
succeeding Prof. W. S. Cawthon, Mr.
Sheppard is superintendent of the
schools of Volusia county and has
been an active and prominent mem-
ber of the association for many years.
Miss Kate Colyer, of Miami, principal
of the primary grades of the schools
of the Magic City, was elected vice-
president. R. L. Turner, of Inverness,
state rural school inspector, who is
one of the pioneer members of the
state association and perhaps the bus-
iest man of the convention in Orlando,
was re-elected secretary, this being his
fourteenth consecutive year as secre-
tary. T. W. Lawton, of Sanford, su-
perintendent of the Seminole county
schools, became treasurer.

The following were elected members
of the executive committee for a term
of three years: Dr. Joseph Roemer
of the Florida University at Gaines-
ville, committee member of state-at-
large; Miss Nellie Stevens, of Ocala,
of second district, and F. S. Hatfield,
of Tallahassee, of the third district.

The following committee on resolu-
tions was appointed: E. B. Ruther-
ford, chairman, of Jacksonville; Miss
Kate Colyer, Miami; E. W. McMullen,
Clearwater; Miss Sarah Barnes, Pal-
atka; D. B. Shavor, Kissimmee, F. S.
Hartsfield, Plant City.

During the business session of the
afternoon P. W. Carr, principal of
Cocon schools and editor of the "Flori-
da School Journal," spoke upon the
importance of maintaining a state ed-
ucational paper. "The Florida School
Journal" was strongly endorsed by
Hon. W. N. Sheats and teachers re-
sponded generously with subscriptions.

The secretary also presented a certi-
ficate of membership in the Florida
Educational Association in the National
Educational Association, which
has just been received by him.

The last business of the meeting
was the decision of a meeting place
in 1922. Several cities made a strong
plea for the convention and it was
finally settled upon St. Petersburg.

There were a large number of sec-
tional conferences in the high school
building during the morning and af-
ternoon which were all of great im-
portance and of genuine interest and
benefit to the teachers.

This morning at 8 o'clock there
was a rural school breakfast at the
club rooms of the Orlando Business
and Professional Women's Club, cor-
ner of East Pine and Main streets.
The sectional conferences today will
be conducted as follows, in the high
school building: Section on "Physical
Education," Miss Mary W. Green,
chairman, at 2:30 p. m., in room 8;
"Attendance Officers" section, Miss
Amelia Kendall, chairman, room 5, at
2:30 p. m.; "Home Economics" section
Miss Lucy Cushman, chairman, room
2, 2:30 p. m.; "Foreign Language"
section, F. W. Buchholz, chairman,
room 4, 2:30 p. m.; "History and So-
cial Science," J. Claudius Peel, chair-
man, room 5, 2:30 p. m.; "County Su-
perintendents" section, C. R. M. Shep-
pard, chairman, room 6, 2:30 p. m.

HOMELESS OF NEW YORK CITY FILL THE PARKS

NEW YORK, Dec. 22.—Twenty-four women and three children were among the hundreds who awoke today in municipal lodging house to which the homeless were driven by the bitter cold. City parks, arcades, cellars and wagons, which have served as places of refuge were abandoned before the bite of the northwest gale which carried the mercury to within nine degrees of zero.

CHAMBER OF COMMERCE MAKES FURTHER PLANS TO AID BAND

The Sanford Band, which has reached a high degree of efficiency as a result of the able leadership of Bandmaster Ball, is now a popular institution in Sanford. The people of Sanford are justly proud of this organization of local talent which has been the means of affording excellent entertainment each Thursday and Sunday.

The Tourist and Convention Committee of the Sanford Chamber of Commerce which secured the appropriation for the band and has collaborated with Mr. Ball in every way, is indeed pleased to know that its efforts have met with success and that Sanford has at last a real band.

Mr. Ball appeared before the Board of Governors at their meeting yesterday and requested additional seats in the park as well as better lighting arrangements and was assured that these requests would be acted upon.

The engagement of the band is additional evidence of what the Chamber of Commerce is doing for Sanford. It is financed jointly by the Chamber of Commerce and the City, and can always be assured of the support of the Chamber in anything that will tend to greater efficiency in promoting the welfare of the community.

Individuals and business concerns are requested to notify the Chamber of Commerce of any vacancies in their organizations for individuals whose services can be utilized by the band.

WATTERSON LAID TO REST IN VAULT

AMONG HIS OLD COMRADES OF THE CONFEDERACY

(By The Associated Press) JACKSONVILLE, Dec. 24.—Marse Henry bivouaced today among old comrades of the Confederacy in Evergreen cemetery to remain until spring when he will seek final resting place beside his father and mother in Cavehill Cemetery at Louisville. The body of the venerable editor who died here Thursday after a brief illness was removed from the mortuary chapel to the cemetery accompanied by his son, daughter, and grandchildren. A brief funeral service yesterday and placing of the body in the vault today without ceremony. Mrs. Watterson bowed down with grief is still confined to her room. The said said today no definite plans for the winter had been made, the arrangements depending upon his mother's condition. It is expected, however, the family will spend a least part of the season at the winter home of General W. B. Haldeman at Naples.

MAY INVESTIGATE CONDITIONS IN PORTO RICO.

WASHINGTON, Dec. 24.—Appointment of a federal industrial commission to investigate conditions in Porto Rico was recommended today to Secretary Weeks by Santiago Inglesias, president of the Free Federation of Workingmen of Porto Rico and a member of the island's senate. Secretary Weeks said he would take the suggestion up with President Harding.

MAN'S BODY FOUND NEAR JACKSONVILLE

JACKSONVILLE, Dec. 23.—The body of an unidentified white man, bearing two gun shot wounds in the back and two through the head, was found partly submerged in a small stream about five miles from Jacksonville on the St. Augustine road late today. The body was found by a small negro boy, who, walking along the road, had stopped at the stream for a drink of water. Extending his body from the bank the negro sighted the body just as he dipped his face into the water. In addition to the gunshot wounds the man's skull was fractured. A log had been placed across the body to weigh it down in the stream. County authorities immediately started an investigation but late tonight were without clues as to how the man met his death. Apparently he had been dead about 24 hours. He seemed to be about 25 years old and was moderately dressed.

CHRISTMAS SALES LARGER THIS YEAR THAN LAST IN NEW YORK CITY

(By The Associated Press) NEW YORK, Dec. 24.—Christmas sales by department stores in and around New York this year have exceeded those for the last two years, according to a summary issued today by the federal reserve bank of this district.

WHERE FLORIDA FARMERS ARE BLIND TO THEIR OWN INTERESTS.

Texas is a great state, greatest in the Union in the number of square miles within its boundary lines and great in many other respects. It ordinarily produces one-third of the cotton crop of the United States. Its cattle graze on a thousand hills, and they are no more the longhorns of the olden days, but the best improved breeds, Herefords, Angus and Durhams. Her cattlemen have seen the light and their improved grades are not left to fend for themselves against the cruel northerners that sometimes sweep over the bleak prairies but are kept in fenced pastures, with a supply of forage for emergencies, and shelter against the wintry blasts.

And Texas is doing something in the dairy line, too, producing \$33,000,000 worth of dairy products last year. But Texas can beat that record with her hens and poultry products, which last year brought her \$43,440,000 in clean cash. The Montgomery Advertiser calls attention to this fact by way of encouraging a greater production of poultry in Alabama. We quote from a recent article in that paper, more promising

the quotation with the fact that he statement of conditions in Alabama can be, and is duplicated in Florida as far as essential facts are concerned. The quotation:

It is said of Texas that while the farmers of that state market enough eggs in one year to more than reach around the world at the equator, the production is not sufficient to meet the state demand. If his is true of the Lone Star state, what can be said of Alabama? This state does not produce one third of the eggs and poultry it consumes. At this writing eggs are being sold at retail in Montgomery at 65 and 70 cents a dozen and chickens are bringing 35 to 40 cents a pound. While these prices are higher than at any time this year, they are not abnormal for the season in comparison with prices elsewhere. They should be an encouragement to local farmers and the new boys and girls clubs to increase egg and poultry production on a wholesale scale. When these high prices obtain in a centre of production like Montgomery, they must be much higher in the large industrial centers, where the demand is always greater than the supply. There need to be no fear that over-production will bring prices down to unprofitable levels. The state will have to produce three times the eggs and chickens it now produces to satisfy the state demand before the farmers look for markets elsewhere.

The above conditions are true of Florida, except that prices are higher than those quoted. We send thousands of dollars every season to Tennessee farmers for eggs and poultry which should be kept at home and go into the pockets of our own farmers. The Times has preached the doctrine of a greater production of eggs and poultry for years, but so far, it seems with little effect. We have shown time and again that Florida is a better field for the poultry business than Tennessee, having all the advantages of a better home market, but our farmers persist in chasing rainbows, and neglecting the hens that lay the golden eggs. It would seem time to make a change.—Tampa Times.

A MENTAL HEAVYWEIGHT

Those who were fortunate in being present at Friday's meeting of the Board of Governors of the Sanford Chamber of Commerce, were agreed that no finer or more sincere expressions of co-operation could have been uttered, than those expressed in a short address delivered by Mr. William T. Donnelly, of New York.

It speaks well for the possibilities of Sanford, when they attract the favorable attention of men of Mr. Donnelly's type. Too often in the past have men of affluence and influence, patronizingly patted us on the shoulder and moved on. On innumerable occasions have individuals with axes to grind surfeted those who would listen with empty words of flattery. Their interest in Sanford and its development was limited to the amount they could work the community for.

Here then comes Mr. Donnelly, personally unostentatious, as are all big men with real records of achievement behind them, not with something to sell but from his broad experience in city building to give us whatever assistance we may require in solving our civic problems. Mr. Donnelly is a city builder in the literal sense of the word and as an expert in this field has been retained on more than one occasion to lay out cities for some of the largest corporations in the country. Mr. Donnelly has great visions of the Sanford of the future—would that we could inculcate some of these ideas into our citizens—and he is here to study our problems, find the solution for them and show us how to proceed. He makes no boastful claims, does Mr. Donnelly,—his statements are based on knowledge received in the widely attended school of experience, in which, however, but few secure a degree certifying that they have been successful in applying the knowledge gained.

Mr. Donnelly possesses an analytical mind. In his profession as engineer his is the master mind that has built dry docks, created cities, and devised the new method of water propulsion that the near future will see adopted on all inland waterways and solve transportation problems. Mr. Donnelly is a mental heavyweight, and the men in a community, who are heavy mentally and imbued with the proper civic pride, are the ones that others in the community look to to take charge of its development.

No community has ever suffered from a surplus of mental heavyweights but its development has often been seriously retarded because of a lack of them. It does not necessarily follow that in this category are included those heavy financially, for in every community will be found individuals with the mentality of a Chuck Connor who have taken advantage of circumstances and amassed considerable fortunes. However, they are not,

nor ever will be looked up to as city leaders.

Any city that can arouse the interest of Mr. Donnelly, is extremely fortunate, and more particularly so is Sanford, as he has already given this city tangible proof of his great interest in our development. During the course of his address to the Board of Governors, he referred to the occasion when he was retained by the Grand Trunk Pacific as Consulting Engineer to lay out the city of Ruppert, British Columbia, their northernmost terminal for which service he was handsomely reimbursed financially. Mr. Donnelly assured the Board of Governors that Sanford would obtain the same services from him gratis, that had been rendered the Grand Trunk, and for which they had paid him a handsome retainer.

Mr. Donnelly is no stranger in or to Sanford. His visit of approximately ten days last winter with his two yachts, the Down and New Era, will be recalled by many. His yachts, now at Jacksonville, will be here within two weeks, and his plans are to stay in Sanford until the first of next April. His return for this extended period is conclusive proof of his interest in Sanford, and the Board of Governors are elated to know that they will have the co-operation of Mr. Donnelly in perfecting those plans they have promulgated for a Greater Sanford through the development of the water front. Mr. Donnelly is a member of the Sanford Chamber of Commerce and was appointed to serve on the Inland Waterway Committee of the organization. In this capacity he will upon his return to Jacksonville, confer with the local engineer from the War Department, who has charge of improvements, etc., on the St. Johns river.

Mr. Donnelly will again bring his family with him upon his return. They have been extensively entertained by the social set in all cities where they have stopped, and, during their stay here, will, no doubt, be taken into the social life of Sanford.

LAKE MONROE

An entertainment for the benefit of the health and sanitation campaign for this county, under the auspices of Mrs. John Leonard of Sanford was given Wednesday evening by the Sanford folks in the Auditorium of the Graded school. The program consisted of readings, songs, dancing and a playlet. Miss Williams, the Expression teacher of the Sanford High School opened the program by giving several readings, which she rendered in a well trained manner. Mrs. Phillips whose voice is appallingly sweet, then charmed the audience by singing "In My Garden," and the old familiar song, "My Old Kentucky Home." The little play "Two Old Maids and a Picture" staged by Misses May and Mildred Holly, Kattie DuBoise and Maude Lake was laughable in the extreme and Miss May Holly and Maude Lake who portrayed the characters of the old maids indeed very delightful old maids proved. Instead of the sored and crabbed kind we have expected, they were filled with glee. In fact the laughter grew so animated that suppression seemed impossible and only after a hurried exit where the ante room was sought for composure could the "old maids" regain equilibrium enough to return to their role. When pooh! the giggles broke out in a fresh place, the contagion spread, the audience caught the ha! ha! and loudly applauded the two gay and very lively old maids. Miss Mildred Holly closed the program in a graceful manner with a classical dance, which with the pretty costume, the lithesome movements and the very winsome little girl, made this feature a very striking one.

FOR HEADACHE, LIVER TROUBLE

Black-Draught Is The Best Medicine This Lady Ever Used. Says It Is Only Medicine She Gives Her Children.

Cherry Village, Ark.—In telling of her experience with Theodor's Black-Draught, Mrs. Lottie Ellis, R. F. D. No. 1, this place, said: "I used Black-Draught as a laxative, also for headache, torpid liver and indigestion. It is the best liver medicine I have ever used and is the only medicine I give my children."

"I feel like it has saved me a lot in doctors' bills, for when the children complain of feeling bad or have a cold, I just give them a good dose of Black-Draught and they soon get all right. It certainly cleans the liver and clears up the skin and they are soon out, well again. I wouldn't be without it for anything."

Seventy years of successful use has made Theodor's Black-Draught a standard, household remedy. Every member of every family, needs, at times, the benefit that Black-Draught gives in helping to cleanse the system and to prevent or relieve the troubles that come from constipation, indigestion, and a lazy liver.

To keep well, your stomach, liver and bowels must be in good working order. To help keep them that way, take occasional doses of Theodor's Black-Draught. Thousands of homes are never without it.

WIZZARD OF SCIENCE INVENT MACHINE TO TEST HEART THROBS

NEW YORK, Dec. 22.—The wizzards of science now have a technical contrivance by which the quantity of love may be measured by observing the exaggerated effort of the lover's presence on the heart action of his lady.

Such was the announcement Tuesday to the Society for Electric Development in describing the workings of the "telegraphone," an instrument by the use of which, its inventor declared, unhappy marriages might be prevented.

All that is necessary to insure results, the inventor explained, is for the doubt-torn swain to adjust the device over the heart of his intended, whisper a well-calculated word into her ear and watch the indicator. If it flutters violently, then all is well and the banns may be published, but if not, beware.

The inventor, it was admitted, has not yet perfected means of making the girl put on the detector.

WATTERSON RESTS IN PEACE AT JACKSONVILLE

REMAINS PLACED IN VAULT TO BE REMOVED TO LOUISVILLE LATER

JACKSONVILLE, Dec. 23.—Marse Henry Watterson content with fullness of his life rested today from his labors. With only members of immediate family present and with the hour of service unannounced the body of the venerable Kentucky journalist was placed in a vault to remain until spring when it will be taken home to be given its final resting place beside his mother and father at Louisville. For fear many persons would attempt to attend the brief and simple service at the mortuary chapel which preceded the laying away of the body, the hour of service was not made public and the family requested there be no floral tributes, desiring the service and everything connected with it be as simple as possible. J. T. Boone, pastor of the First Christian Church here, of which denomination Mrs. Watterson was a member, officiated.

Only four floral tributes, two from relatives, two from intimate friends. Calla lilies from the family were on the casket and a cross of the same flower on the mantle and roses at the head of the casket. No music. Dr. Boone read the 14th chapter of John and after a brief eulogy in which he spoke of Watterson's life as an open book he delivered a short prayer.

The body rests in the marble vault in Evergreen Cemetery. Mrs. Watterson did not attend service. At the last moment the family issued a general invitation to newspaper men of the city to be present.

Besides the members of the family the following here at the service: Mrs. W. S. Jennings, S. Bryan Jennings, Mr. and Mrs. A. S. Hough, of the Times-Union; Judge Robert Bingham, publisher of the Louisville Courier-Journal; Bainbridge Richardson, manager of the hotel in which Colonel Watterson passed away, Miss Maida Richardson, W. A. Elliott, Times-Union and several newspaper men.

COLD WAVE PREDICTED FOR ALL EXCEPT FLORIDA BELOW ZERO IN WEST

(By The Associated Press) WASHINGTON, Dec. 24.—Christmas Day in Dixie will be cold, the weather bureau said today but the weather was generally fair except in the South Atlantic states. The cold wave has already overspread the plains states and the upper Mississippi valley and the temperature this morning was zero or below as far south as western Kansas. Much colder weather is the forecast for all sections east of the Mississippi river within the next thirty-six hours, except the Florida peninsula.

TAKE ADVANTAGE OF OUR WATER

There are many people attracted to Sanford by the magnificent lake and by the rivers and lakes in this county. It means much to the city from every standpoint to take advantage of our fine lake and all of the rivers and lakes in and around Sanford. There is much fine boating and fishing and hunting on our lakes and the beautiful upper St. Johns river and we should not only advertise them to the world but should improve Lake Monroe at every opportunity.

RAILROADS PLAN FREIGHT CUT ON ALL GOODS SOON

EFFECTIVE JANUARY 1 ALL OVER COUNTRY—FRUIT AND COTTON INCLUDED

OMAHA, Dec. 23.—The railroads of the country will put into effect on January 1, or as soon thereafter as possible a voluntary ten per cent freight reduction on cotton, butter, poultry and other commodities, as well as the reductions ordered by the Interstate Commerce Commission for Western territory on grain and grain products and hay, according to a statement issued last night by F. W. Robinson, freight traffic manager of the Union Pacific system.

The voluntary ten per cent cut is to be effective for six months as an experiment and will apply to the entire country, he declared.

Mr. Robinson also announced the roads would continue until June 30, 1922, reduced rates on live stock, and that a ten per cent cut in rates for live stock on which no cut has been made would be put into effect.

The cut will apply to cotton, butter, eggs, cheese, poultry, live or dressed; cotton seed, cotton seed hulls, unmanufactured tobacco, fruits, fresh or green, not including canned or preserved fruits, dried or evaporated other than candied, canned, crystallized, glazed or stuffed; vegetables, fresh or green, dried or evaporated, wool and mohair.

PARKER CONVICTED MURDER FIRST DEGREE WITH RECOMMENDATION

OCALA, Dec. 21.—Parker convicted murder first degree with recommendation for mercy for killing Cunningham.

OCALA, Dec. 21.—A. L. Parker, convicted of the killing of J. B. Cunningham, near Orange Lake June 25 last, is a man about forty years of age and has a wife and two children. He is a farmer and moved to the Orange Lake section about twenty years ago from the East Coast.

Cunningham, also a farmer, who left a wife and several grown children, went to that section from Brooks county, Georgia, in 1919, desiring to find a place in Florida where he could settle. He rented land on the Dixie Highway between Orange Lake postoffice and McIntosh from Parker and also purchased some stock from him, Parker moving to South Florida where he remained two seasons. Cunningham in addition to operating the farm he had rented also worked his own farm in Georgia, going back and forth between them.

When Parker returned from South Florida Cunningham moved off the place and rented from Clarence Cork, whose land lies nearby. Cunningham also had twenty acres of land leased from Parker and it was over the date of the end of this lease that the dispute that ended in the killing was believed by the authorities to have originated.

Cunningham was residing at the home of Mrs. Mollie Amerson, who with her two sons was helping him with his work, and it was there that the tragedy occurred. He was in the cow lot helping with the milking when Parker, according to witnesses, appeared and after a few words emptied both barrels of a shotgun into Cunningham's body killing him instantly. Cunningham was unarmed. Parker made no attempt to escape or resist arrest. He was brought to Ocala, given a preliminary hearing and committed to jail without bail. When the grand jury met December 13 he was indicted for murder in the first degree.

Raymond B. Bullock, one of the best known criminal attorneys on the Fifth judicial circuit represented Parker and Cunningham's family engaged John P. Knight, of Nashville, Georgia, to assist State Attorney Geo. W. Scofield in the prosecution.

WASHINGTON, Dec. 23.—President Harding has signed the Russian relief bill which carries \$20,000,000 appropriation to be expended under the supervision of the American Relief Administration. The funds become immediately available.

DEFENSE SHIPS ARE NEEDED BUT FRANCE IS WILLING TO NEGOTIATE DEPECHE VOUS

PARIS, Dec. 23.—Premier Briand has sent Ambassador Jusserand in Washington final and definite acceptance of capital ship ratio. France, however, it was stated, maintains her position regarding submarines and coast defense ships, although she is willing to negotiate.

WASHINGTON, Dec. 23.—Great Britain's plea that the submarine be banished from the seven seas was presented to the arms conference yesterday, but it received no support from any other power.

In turn, the spokesmen of France, Italy and Japan replied that they regarded submarines, when properly employed, as a legitimate and valuable arm of naval strength, and were unprepared to see them abolished.

The American delegates took no final stand on the question, but suggested that the conference turn its efforts toward such a revision of international practices as would prevent a repetition of the ruthless submarine methods of the world war.

A further exchange of views on the British proposal will take place today unless France, whose representatives again are awaiting instructions from their premier, is prepared to go ahead with the delayed presentation of estimates for auxiliary craft she desires to keep under the naval reduction program. The French indicated last night that they hoped, at today's meeting to at least make known their exact requirements as to submarine tonnage.

WASHINGTON, Dec. 23.—A suggestion has been made by the Italian arms delegation to the naval committee of the conference that another international gathering of broader scope will be called soon after adjournment of the present discussions to deal particularly with submarines and auxiliary craft.

WAYCROSS, Ga., Dec. 23.—Three negroes were burned to death early today in a fire that destroyed a negro hotel here.

HOMELESS OF NEW YORK CITY FILL THE PARKS

NEW YORK, Dec. 22.—Twenty-four women and three children were among the hundreds who awoke today in municipal lodging house to which the homeless were driven by the bitter cold. City parks, arcways, collars and wagons, which have served as places of refuge were abandoned before the bite of the northwest gale which carried the mercury to within nine degrees of zero.

The city park at Avon Park has received considerable attention lately, and at present is putting forth a velvet covering of grass. Much care was taken in beautifying the grounds, making the mperfectly smooth, and then special lawn grass was sown, and after being thoroughly watered was rolled. In a few days the grounds will have an entirely different look and will present a more favorable impression to visitors.

SEMINOLE WILL BLOSSOM INTO COTTON FIELDS—A BIG ACREAGE IS PLANNED

Looks Like Staple Crops Will Bring Good Prices This Year

NO BOLL WEEVIL

TO GET IN WHERE THE SEED IS GOOD AND T. A. BRUMLEY WILL LOOK AFTER THE GINNING.

The Sanford section, and all over Seminole county, will plant some cotton this spring and already many acres are being broken up in and around Longwood, Markham and other parts of the county for this staple crop. Cotton was grown here several years ago but the boll weevil arrived and the price dropped and the farmers of Seminole quit raising it for awhile.

L. A. Brumley arranged a big gin and plant on his place on Celery avenue, and since that time there has been but little doing in the cotton line.

However, the boll weevil is not here now and since the farmers of this county do not need to depend upon the cotton crop they can safely plant a big acreage from time to time and then rest up on the cotton crop and plan other crops, making good both ways. The boll weevil will not be here this year and there will be several hundred acres planted and ginned at the Brumley gin. There are many idle acres and many idle men and there will be no trouble this spring to get all the labor needed.

C. W. Entzinger, W. C. Satcher and several others of Longwood will plant many acres of cotton. L. I. Hagan of Markham will plant at least one hundred acres. L. A. Brumley of Celery avenue will plant about one hundred acres and several other farmers have expressed a willingness to plant from fifty to one hundred acres.

L. A. Brumley can furnish the seed that is strictly from a section where there has never been any boll weevil and will give the farmers all the information they want in regard to the planting of cotton in this section. It looks as though it would be a good crop and with gins and a market established here it should be a good crop for men who are wanting to put in a staple crop of some sort.

It also looks as though cotton would bring a good price this year, as many planters in the big cotton sections of Georgia and Alabama will not plant a big acreage this year on account of the boll weevil and for other good and sufficient reasons and Seminole county can and will get in to the game with good chances of making money.

MAN SHOT TO DEATH BY MOB IN KEY WEST

KEY WEST, Dec. 27.—Manuel Head, who, barricaded in the cupola of a house here Sunday stood off a mob of armed Key West citizens after he had shot and killed William H. Decker, was taken from the county jail by another crowd and riddled with bullets Tuesday.

Marines from the Key West navy yard guarded the county jail after Head's capture until the mob which formed after Decker's murder broke up. They gave way shortly after 2 a. m. to deputies who patrolled outside the jail. Word that the marines had been relieved was passed about and the crowd gathered again. Approaching the jail, one of the leaders called for Sheriff Curry and when he opened the door a dozen men forced their way in, overpowering him and the jailer, obtained the keys to Head's cell and made for their victim. Head was shot twice before being taken away. He was then placed in an automobile and taken far out on a country road near old Fort Martello and there strung to a telephone pole. Twenty-two bullet wounds were found in the body when it was cut down.

VOCATIONAL UNIVERSITY AT JACKSONVILLE IS NOT DECIDED IS UNDERSTOOD

(By The Associated Press) WASHINGTON, Dec. 28.—Forbes still planned today to obtain from President Harding authorization for the establishment of vocational university at former army cantonment in South. It is understood that in several days Camp Johnston at Jacksonville probably will be selected. Reports today are that Forbes will make a second tour before selecting site for new university described by Forbes as rumors.

Some one entered A. Corpany's chicken house one night recently and selected a fine Plymouth rock rooster and three nice pullets to match, evidently going into the chicken business and wanted good stock. Thieves again visited the Zernovean place and carried off a number of tools and other things of value.

George McDougal, jr., his cousin, young Benton, from Wyncross, Ga., and E. A. Moffett, while driving in the McDougal truck Monday about 3 p. m., in turning a corner near Geneva, in deep sand, something gave way in the steering gear and turned the truck over. George has a broken leg, which was broken between the knee and thigh. Mr. Moffett's back is injured. No injuries are apparent on the Benton boy except cuts and bruises, which all have. There will be examinations today (Tuesday) for internal injuries. They were both taken to the Fernald-Laughton hospital and are under Doctor Puleston's care. Francis McDougal Swanson has been sent for. She will leave Hot Springs, Ark., today (Tuesday).

There being no further business this Board stands adjourned to meet at their regular meeting to be held Tuesday January 3rd, 1922. L. A. BRUMLEY, Chairman. E. A. DOUGLASS, Clerk.

FLORIDA STATE NEWSPAPER CONTEST In a competition so close that it required an all-day study to decide it, the highest average scores in their respective classifications were awarded at the State Fair to the following: Weeklies, Wauchula Florida Advocate; seven-column dailies, Miami Herald; six-column dailies, Orlando Morning Sentinel. These papers are on exhibit in the building devoted to the interests of the University of Florida, since the contest was conducted under the auspices of Director B. C. Riley of the General Extension Division of the University. He obtained the services of Bristow Adams, head of the Journalism work to judge these papers. During the past year he has judged similar state-wide contests in New York, Kansas, North Dakota and Minnesota. The Florida weekly papers, according to Professor Adams, present a higher average, especially in typography, than those of most other states, and he found the decisions exceedingly difficult, so that he had to take into account extreme niceties of headline writing and other details before he could render final judgment. He is particularly interested in the weekly paper as an exponent of community ideals and as a service agency equivalent to church and school.

Three prizes in each of three classes are given to the weekly papers: first, second and third places for best front page, best editorial page, and best handling of farm news. Among the dailies only one prize is offered for each of the three features, though the daily papers are divided into two groups, somewhat arbitrarily, according to the number of columns. Since the number of columns which a paper chooses to use is a matter of individual states or expediency, the contest among the dailies would have been more nearly commensurate to that of the weeklies, according to the Judge, if there had been no distinction on this basis. In the weeklies, the papers ranged from three columns to eight. Because there were so few seven-column dailies entered, for example, the sweeping victory of the Miami Herald loses some of its significance. The metropolitan papers of Jacksonville and Tampa were not entered in the contests. The front-page contest for weeklies was especially close, but the final decision on first-page make-up gives first place to the Fort Pierce News-Tribune; second, Wauchula Florida Advocate; third, Lake Wales Highlander. Other papers that were close to these, and deserving of high mention are: the Sarasota Times, Leesburg Commercial, Cocoa Tribune, and Kissimmee Valley Gazette. Even this additional list leaves out some that were almost in the same class. For editorial pages of weeklies the awards are: First, Fort Lauderdale Herald; second, Titusville Star-Advocate; third, Leesburg Commercial. For best handling of farm news in weeklies, the papers are ranked: First Wauchula Florida Advocate; second, Lake Worth Herald; third, Bay County Beacon-Tribune, of Panama City, with the Sarasota Times a very close runner-up. For seven-column dailies, the Miami Herald took first place for front page, for editorial page, and for farm news, which gave it the general average blue ribbon in its class, practically without contest. Competition was more keen among the six-column dailies. The Sanford Daily Herald took the blue for front page; the Orlando Morning Sentinel, for editorial page; and the South Jacksonville Journal for the best handling of farm news. On its general average, the Orlando Morning Sentinel took the major blue ribbon among the six-column dailies. The contest should be looked upon as a distinct success, says Professor Adams, who contends that there is just as much reason for such competitions among papers as there is among live-stock, fruits and household products, or any other thing in which the quality may be improved through the impetus of comparisons and rivalries. Whether the contestants and the public agree with the awards is a minor consideration, he thinks, if they will begin to recognize some of the standards that go into the making of a good paper, and will take the same pride in a creditable sheet that they will take in any other local institution of outstanding value. The Florida papers, he says, can hold their own with the best in any other section of the country, and with the possible exception of those of California, are doing more to present the advantage of Florida, than is being done by the papers of any state in the union. * * * * * LONGWOOD * * * * * Friends of Mrs. Fredrick Griffin will regret to learn of her death which occurred Thursday evening at 6 o'clock. Chapman and little Ray and Miss Olive Dinklo were visitors in Orlando Wednesday morning. Mr. and Mrs. E. E. Hardy were visitors in Orlando Tuesday. WHY FLAGLER DID IT The South Florida Developer, referring to some of the operations of the Florida East Coast Railway Company, said: "A sense of public duty must have been an animating motive of the Flagler policy rather than mere addition to wealth—an ambition to serve his land and his countrymen. His associates who survive him must have shared that spirit, probably it was their spirit as well as his, and it will be natural that the Flagler tradition be perpetuated in a new enterprise, or through participation in it." The Developer has rightly sensed the motive which inspired Mr. Flagler. Some years ago the writer while discussing all of his operations on the east coast, and indeed all of his personal operations since he entered the oil industry as a young man, asked Mr. Flagler why it was that he had concentrated all his activities and wealth on the development of Florida. His reply in substance was that if he had cared to do so he could probably have become the second richest man in the world, but he had preferred to give his energies and spend his money on the development of the east coast, because he believed that in that way he could do more good for humanity than he could by increasing his fortune through the mere making of money. Mr. Flagler grew enthusiastic about the wonderful beauty and charm of the east coast, which had been made possible through his work, and while sitting on the porch of his Palm Beach residence, looking out on beautiful Lake Worth and a superb flower garden, he said, "I have often wondered if heaven itself has anything more beautiful than this." In the good that he had accomplished by making the east coast of Florida not only the playground and the health resort for millions of American, but especially in opening it up to the men of smaller means for trucking and fruit growing and kindred interests, Mr. Flagler always grew enthusiastic over what had been achieved. He recognized his responsibility to do this material development because of the good which it would accomplish for humanity. The thought expressed by the South Florida Developer that some such motives as these must have inspired him is in exact accord with the actual facts as expressed to the editor of the Manufacturers Record.—Manufacturers Record. IMPROVE THE CITY DOCK Now that the winter season is on and boats of all kinds are coming up the river to tie up at the city dock some steps should be taken looking toward an improvement of the dock and the building of a landing stage of some kind. This would entail the spending of a small sum of money but it would mean much to our visitors. Aside from the visitors to the city the biggest thing is the landing and embarkation of passengers on the new boat, Sanford, that Captain Atkinson is putting on the Sanford to Enterprise run. They must have better docking facilities and it is up to the city of Sanford to see that the proper steps are taken to repair the city dock at once. Landing of boats and the new run between Sanford and Enterprise means much to the business men of this city. Help the matter along and see that it is put over at once. The present dream of Middle Europe is a square men. 666 cures Malarial Fever. 13-15tc NOTICE The regular annual meeting of the stockholders of the First National Bank of Sanford, Florida, will be held in accordance with its By-laws, in the offices of the bank on Tuesday, January 10th, 1922, at 10 o'clock a. m. for the purpose of electing a board of directors to serve for the ensuing year, and for the transaction of any other business that may properly come before the meeting. JACKSONVILLE IS SELECTED VOCATIONAL TRAINING SITE BY THE U. S. GOVERNMENT

Vocational Training University to Be Established by Veterans' Bureau

(By The Associated Press)
 WASHINGTON, Dec. 24.—The selection of Camp Johnston at Jacksonville, Florida, as a site for the vocational training university to be established by the Veterans Bureau was understood today to be practically decided upon by Director Forbes. Mr. Forbes planned to see Harding today to obtain his authorization of the use of the former army cantonment in the South for one of the training universities being established in various parts of the country. If unable to see the president today Forbes expected to obtain desired authorization Monday. While the bureau officials were non-committal they are understood to believe that unless some last minute changes in plans are made the institution will be placed at Jacksonville. It is believed the University will be put into operation as early as possible with several hundred students and would be expanded as needs of that section arose. The University would be along lines of Camp Sherman which recently opened with five hundred students and has a capacity as high as five thousand former service men.

PERSHING SENDS CHRISTMAS GREETINGS TO SOLDIERS.

NEW YORK, Dec. 23.—General Pershing has sent out through army publications this Christmas greeting to the American forces:
 "Whether in peace or war, it is the privilege and duty of the soldier to uphold the glorious traditions of the past. During these times of uncertainty and difficulty, whether in or out of the army, the soldier must confidently and courageously do his part to hasten an era of understanding and peace. Our army stands for peace on earth, to men good will."

DEATH OF MRS. M. H. BOWLER

The city was shocked this morning to learn of the death of Mrs. M. H. Bowler, which occurred last night at her home on Magnolia avenue. Mrs. Bowler had been very ill due to a partial paralytic stroke received while on a visit to her son in Raleigh, North Carolina, and as soon as she was able

to travel she came home, arriving yesterday afternoon. The trip was evidently too much for her overtaxed strength and she died late last night. Mrs. M. H. Bowler was a resident of Sanford since the early days, living here as Miss Harris, the daughter of the late Dr. J. J. Harris, former mayor of Sanford and editor of one of the early newspapers and one of the most widely known men in the state. Mrs. Bowler is the wife of M. H. Bowler, claim agent for the A. C. L. Railway for many years and they resided in Jacksonville for several years coming back to their old home in this city about three years ago.

Deceased leaves a husband and one son, Dixie Bowler, of Raleigh, N. C., and a daughter, Miss Mabel Bowler of this city, three sisters, Mrs. Rounhill of this city, Miss Harris and Mrs. Rogan, of Jacksonville, to mourn her loss.

Mrs. Bowler was well known and well beloved by a large circle of friends here and elsewhere in the state. A most progressive woman with the best interests of her home city at heart, a loving wife and devoted mother, one who, while her health was good, was always ready and willing to assist every worthy object and all those in distress. Her death will be a distinct loss to the community and to her legion of friends.

Mrs. Bowler was also gifted in a literary way and assisted her father on his paper and was at one time society reporter for The Sanford Herald and furnished this paper and many of the state papers with contributions from time to time.

The funeral will occur from the Methodist church tomorrow afternoon at 2:30 o'clock, Rev. Dr. S. W. Walker officiating, interment being made in Lakeview cemetery.

The sympathy of the entire city is extended to those who lost mother, sister, wife and friend. The Herald feels a deep grief in the death of this estimable lady, who was all that womanhood embodies in this world.

SIX PER CENT HARDING'S STAND

PROFITS ALLOWED THIS COMPANY AFTER THEY HAD ASKED FOR EIGHT

TALLAHASSEE, Dec. 24.—The Florida Railroad Commission has handed down its decision in the matter of the application of the Southern Bell Telephone and Telegraph Company to increase its general schedules of toll and exchange rates in the state of Florida.

The first hearing held in this case was conducted on the 15th day of November, 1920, at which time the telephone company presented evidence to show that it was not earning a reasonable rate of return upon its investment in Florida. At the conclusion of this hearing the commission announced that it would not allow the telephone company an increase of rates until the commission had made a thorough audit of the company's books, accounts and contracts, and until the commission, by its engineers, had inspected and appraised the physical properties of the telephone company. This work was begun in January by the accountants, statisticians, accountants and analysts and engineers of the commission, and was finished in April. The case was assigned for further hearing May 18, last, when the result of such audit, inspection and appraisal was put in evidence. The examination and appraisal of the physical properties of the telephone company in Florida and the audit and analysis of its books and records made by the commission was thorough and complete and showed that the telephone company was earning only 2.04 per cent on its total investment in Florida.

The telephone company asked for rates sufficient to yield 8 per cent on its total investment, but this rate was denied by the commission, the commission saying that in view of the economic conditions prevailing throughout the country it would not grant so great an increase, but would allow an increase in exchange rates at exchanges where the revenue receipts showed no reasonable return to the company, which increases so granted result in exchange rates being increased at some of the exchanges in the state.

The commission denied the application of the telephone company to increase its rates for toll service, moves and changes and extra mileage charge and also refused to allow the telephone company's application to make charges on reports and on person-to-person calls.

The increase in rates allowed by the commission will, in the opinion of the commission, yield the telephone company approximately 6 per cent on its 1920 average investment. The telephone company contends, however, that the increases allowed by the commission will yield only approximately 4-1/2 per cent on business for the ensuing year.

The order of the commission as handed down shows that Commissioner Wells dissented.

SANFORD DAILY HERALD RECEIVED BLUE RIBBON FOR BEST FRONT PAGE

Sanford is usually in the forefront when it comes to competition with other cities and The Daily Herald keeps up with the procession also.

This morning The Herald received a fine blue ribbon badge for winning the first prize in the state competition among daily papers for having the best front page. This means that in the mind of the average citizen, but among newspaper men it means much. There are better papers in Florida than in any state in the union—this has been proved time and again. The Daily Herald in winning the first prize feels that its work in getting out a good daily paper has not been in vain. The Daily Herald is said to be one of the live, wideawake dailies of the state and the winning of the first prize contest among so many real good daily papers in the state of Florida not only means much to The Herald but it means much to the city of Sanford.

Our friends here who have stood by us loyally ever since the daily paper was floated can rejoice with us in this prize winning and they can be assured that in the years to come The Daily Herald will be made bigger and better and its success depends upon the support accorded by the local business men. The subscribers are standing by and the list will go over the 2,000 mark in another year. If the advertising holds up as well this paper will be made one of the largest in this part of the state in another year.

The Daily Herald is doing its part. Are you doing your part toward supporting such a daily paper?

CHARACTERIZED THE DIFFERENCE INTERPRETING THE PAST AS UNIMPORTANT

(By The Associated Press)
 WASHINGTON, Dec. 24.—Conference delegates hoped to conclude at today's session of full naval committee their discussion of British proposal for abolition of submarine and with decision on that issue to clear the way for consideration of the question of auxiliary tonnage allotment for France under limitation plan.

WASHINGTON, Dec. 24.—The submarine problem and the new four-power treaty, the one constituting the unfinished business of the arms conference and the other attracting increasing interest because of the difference in view between President Harding and the American delegation, last night divided the attentions of the plenipotentiaries of the powers assembled in Washington.

New prominence was given the treaty discussions during the day by a public statement by the president, characterizing the differences over interpretation of the past as "unimportant" and declaring the American delegates had the "full confidence" of the White House.

Mr. Harding added that the treaty contemplated no "alliance of entanglement" and asked that lesser questions of difference be not permitted to obscure the central purpose of the agreement to preserve peace and provide means for friendly consultation as a means of settling international controversies.

Within the arms conference proper, the day's only session was devoted to a continuance of the debate over Great Britain's proposal to abolish the submarine. The discussion was not finished and the conference giving up plans for an extended Christmas recess will meet again today to consider it. In the meantime, discussion of the question of auxiliary tonnage allotments remains in abeyance, pending despite that additional instructions on the subject reached the French delegation today from Paris. The French have taken the position that the abolition proposal should be carried to a decision before allotment details are taken up, and apparently their viewpoint has been approved by the other powers.

In replying to the British proposal yesterday, however, Admiral DeBon, chief French naval expert, gave the conference a glimpse of France's position on auxiliary tonnage by declaring no important naval power could afford to maintain less than the 90,000 tons of submarines proposed in the American reduction plan for the United States and Great Britain. The 908,000 ton figure would be greatly in excess of the present French submarine strength and would be three times the amount she would have under an application of the ratio already agreed to us to capital ships.

DEB'S SENTENCE COMMUTED BY PRESIDENT HARDING, CITIZENSHIP NOT RESTORED

Others Pinned in Federal Prison Get Their Christmas Gift

WASHINGTON, Dec. 24.—Eugene V. Debs, former Socialist candidate for president serving a sentence of ten years at Atlanta penitentiary for violating the espionage act, and twenty-four other persons convicted on various charges of hindering the government during the war, with Germany, received yesterday from President Harding commutations of sentences to become effective Christmas day. At the same time five former American soldiers serving life sentences pronounced by a military court for the murder of a British officer while serving with the American army on the Rhine received full pardons, effective Christmas day.

The action was taken after the department of justice had studied separately the cases of 197 persons serving sentences for violating war time laws and after Attorney General Daugherty had discussed the situation at length with President Harding who was said to be desirous if possible, of granting some pardons for Christmas. The commutations, it was explained, does not operate to restore citizenship lost by the felony

conviction but the pardons do. Several of the civilian offenders will be deported to the European countries of their nativity, two are under observation at hospitals for insane, and others are now out on paroles which were granted by President Wilson.

The commutations and pardons were announced personally by President Harding who took the action in accordance with the custom of extending clemency to federal offenders at the Christmas season.

The five soldiers given full pardons are Carl J. Bryan, James A. O'Dell, Roy Youngblood, George Van Gilder and J. B. Richardson, all serving life terms to which they were sentenced while with the American army on the Rhine for the alleged killing of Geo. Lancefield, a former British officer.

Among those whose sentences were commuted were Charles Ashleigh, a former newspaperman and a writer of poetry, who was convicted at Chicago for conspiracy under the espionage act and given a ten-year sentence. His sentence was commuted upon his agreement to accept deportation to England, the county of his nativity.
