GERMAN DENY KNOWLEDGE CROWN PRINCE

IS FRANCE AGAINST FAIR SETTLEMENT

FRENCH ARE BLOCKING ALL NEUTRAL EFFORTS TOWARD PEACEFUL PLANS

FOR SETTLEMENT OF REPARATIONS PLANS AND GERMANY'S CONDITION

GERMANY TO PAY

Upon Her Capacity To Start Industries and Obtain The Money

(By The Associated Press) PARIS, Nov. 2.—France accepts with cordiality contemplated collaboration and meetings of special commission to study Germany's capacity to pay reparations. She demands however, that it should be clearly understood that proposed inquiry should bear solely on present capacity of Germany and that it should report all rights held by reparations commission under Versailles treaty. Attitude disclosed in exchange of notes between Paris and London.

LONDON, Nov. 2.—Increasing confidence is felt in government quarters here over prospects for early organization and meetings of special reparations committee. In exchange of views between London and Paris respecting terminology of collective allied invitation to United States to participate Premier Poincare it is learned, shows perceptible desire to soften some of the restrictions which has already set forth.

WASHINGTON, Nov. 2.—Interpretations placed by French foreign office on Premier Poincare's remarks yesterday at Nevers shocked officials at Washington somewhat, insofar as any purpose of France, to prevent a full, complete and impartial inquiry by economic experts into the reparations question may be indicated.

Press reports of the foreign office view came as a surprise to officials here who had been under the impression the French premier had accepted the expert committee plan with only the reservation of all French rights under the treaty of Versailles and insistence that the committee function under the reparations commission.

To what extent the limitations upon scope of the committee's inquiry read by the French foreign office into the premier's speech, according to press advices, would influence American participation was not indicated. It was made very plain, however, that the United States would look upon any plan that did not provide for a full and free examination by the experts of Germany's capacity to make reparations payments as an "abortive" effort to solve the problem. In making his original correspondence with Lord Curzon, proposal and again in the recent it was pointed out, Secretary Hughes fully recognized that no government would care to commit itself in advance to acceptance of whatever plan the experts might bring forward. The American government expressed at all times the necessity of the committee's work stating that it should be purely advisory, and that its proposals, based on a full study of the situation in Germany, should stand or fall on their merits when presented to the governments for consideration.

It was indicated, also, that the United States does not share the view the foreign office summary as carried in press dispatches that Germany's debt to the allies has been fixed for all time and cannot be changed. In this connection attention was called to paragraph 8, annex 2, chapter VIII of the treaty of Versailles which sets out the conditions under which an unanimous vote shall be required by the reparations commission. This is a very important subject.

Epworth League Passes Resolution For Aubrey Mickels

Petition Pardon Board To Make It Two Years

WINTER GARDEN, Nov. 2.—Regular monthly meeting of Central Florida Epworth League Union meeting last night unanimously passed resolution petitioning pardon board to give Aubrey Lee Nickels under death sentence for attack on DeLand woman two years ago complete pardon.

Gov. Walton On Trial Today

Both Sides Are Scrapping For Every Advantage

(By The Associated Press) OKLAHOMA CITY, Nov. 2.—Preliminary skirmishing marked the opening today of the impeachment trial of Governor J. C. Walton, and when the Senate court adjourned the way had been only partly cleared for the beginning of the trial.

F. V. Riddle, chief counsel for the executive, opened the defense with an application for ten days' extension of time in which to plead, saying that the governor had not been officially notified of the impeachment action until Saturday. The court however, following objections by the House board of managers conducting the prosecution, declined to delay the hearing.

The defense then entered a motion to quash the impeachment bill and in a lengthy statement the executive reviewed the events that immediately preceded the impeachment session of the legislature. His denials of martial law placing the state under military rule were recounted in an effort to support allegation that the charges were inspired by a Ku Klux Klan conspiracy to remove him from office. The house board of managers replied to the motion to quash, alleging that it was based on insufficient evidence and asking that it be stricken. This was done with but one dissenting vote, that of Senator Jack Barker, democrat, El Reno.

The governor's counsel then entered their attack on 14 of the 22 articles constituting the impeachment bill, entering a demurrer to them on grounds that they either were based on insufficient evidence or did not constitute impeachable offenses. The court set the hearing on the demurrer for 10 a. m. tomorrow and adjourned.

The charges to which the executive demurred were: "That he illegally appointed Charles H. Baskin, a state legislator, as district judge; that he placed his personal chauffeur on the health department payroll, thereby diverting public funds to his personal use; that he used his official authority to gain private property and credit; that he suspended the writ of habeas corpus; that he attempted to prevent a state election; that he refused to permit execution of the law for capital punishment; that he illegally issued a deficiency certificate for the state health department; that he abridged

ally named among those on which the commission must record unanimity in any proposal to reduce German obligations.

It is held here that this provision permits the question of reduction of obligations to come up under the treaty and also provides through the reparations commission itself the means by which any allies may withhold assent to any alteration of its treaty rights in that respect.

BANDITS BOLD HOLD UP BANKS TAKE MONEY

Pennsylvania and Kansas Are The Losers

(By The Associated Press) OTTAWA, Kans., Nov. 2.—Four men driving a large car held up the First National Bank and took all cash in the vault and safe estimated at between \$20,000 and \$25,000.

PHILADELPHIA, Nov. 2.—Five motor bandits wearing handkerchiefs for masks held up the paymaster of John Wyeth and Brothers Chemical Company and robbed him of \$4,700 payroll.

JOHNSTOWN, Pa., Nov. 2.—Five bandits armed with rifles robbed the First National Bank of Bakerton, 30 miles from here and escaped with \$2,000 after wounding one man and stealing three automobiles. Twice the bandits' machines broken down and each time they stole another.

Cotton Crop Report Over Ten Million Bales Forecast

As Compared With Estimate Of Month Ago

WASHINGTON, Nov. 2.—Cotton crop was forecast at 10,248,000 bales by department of agriculture decrease of 707,000 bales as compared with estimate month ago. Florida's condition and estimated crop of October 25 given as 22 percent and 12,000 bales.

FORD PLANNING NO REPLY TO COUZONS

DETROIT, Nov. 2.—Henry Ford contemplates no immediate reply to the attack made upon him last night by his former business partner and friend, Senator James Couzens of Michigan. It was said at the office of the automobile manufacturer in Dearborn today. It was said he was disposed to ignore the senator's assertion which denounced the proposed presidential candidacy of Mr. Ford.

The Daily Herald, 15c per week.

the freedom of the press; that he illegally named hundreds of state police; that he falsified his report of primary campaign expenses that he abused the pardon and parole powers that he collected funds from individuals and corporations for his personal use; that he issued an illegal deficiency certificate for a negro orphan's home; and that he is generally incompetent.

"Throughout the hearing Governor Walton at with his counsel, calmly smoking a cob pipe. He took no part in the proceedings and wore a disinterested expression.

On the way to the Senate chamber for the opening of the hearing he displayed a letter from a theatrical agency in Boston offering him \$3,000 weekly for a lecture tour through New England.

Governor Walton today issued a signed statement denying the charges made Tuesday at Atlanta by W. H. Evans, imperial wizard of the Ku Klux Klan that the executive was a "member at large" of the organization.

The statement declared that William Joseph Simmons, emperor of the Klan, had offered him a life membership in the order "in just recognition of your constant loyalty" in a letter dated September 10, 1923. At that time military courts set up by the governor were investigating alleged Klan outrages in Tulsa.

SEPARATISTS LOSE GROUND IN GERMANY

Stresemann Rejects All Overtures of Socialist

(By The Associated Press) COLOGNE, Nov. 2.—The town hall at Aix La Chapelle and the government building where Rhineland republic was proclaimed 12 days ago, are again in the hands of separatist forces, according to word received here this morning. Fight there between republicans and separatists.

BERLIN, Nov. 2.—Chancellor Stresemann informed socialist leaders this afternoon that the majority of members of his cabinet have rejected the demands which the socialists made condition of their continuance in the ministry. The coalition socialist members are expected to withdraw from government in the course of the afternoon.

BERLIN, Nov. 2.—Members of Hohenzollern family at Potsdam declared no truth in rumors while at Oels upper Silesia it was declared he had not arrived at his country estate there. Nevertheless, there has been informal discussion recently concerning his return and it is considered possibility he may shortly be permitted to do so on condition he live quietly on his estate.

SOUTHERN STATES CHANGING SCHOOL LAWS TO CONFORM TO CHANGING CONDITIONS

AND PLACE THEM ON A PAR WITH COUNTRY'S BEST

SAYS WOODLEY

Florida Educational Association Enters Campaign In Earnest

WINTER PARK, Fla., Nov. 2.—Within the last five years nearly all of the lower southern states have made important changes in their school laws, in order to make it possible to place them on a par with the best of the country, according to Dr. O. I. Woodley, secretary of the Florida Educational Association which has entered upon a campaign to improve the schools of Florida. In each of the states, in order to obtain wise and constructive legislation, a thorough survey was made of the educational system. The same experts who made the survey, prepared a recommendation to the state legislature for laws, which, when approved, standardized the school system in terms of the best schools, says Dr. Woodley. Success of the plan in other states has led to the adoption of the same plan in Florida, he said in discussing the situation in this state.

"In order to secure a survey for Florida," says the secretary "there must be a very general co-operation of the citizens throughout the state to this end, and there must be provision made for paying the expenses of the survey. In order to secure this statewide co-operation of the citizens, and the means for meeting the expense of the survey, the teachers' association has inaugurated a campaign for citizen-members, during the months of November and December. The counties of the state have been organized for this purpose. The county organization consists of the county super-

PARKHILL HAS DECLINED TO MAKE RACE

For Governor of Florida And Gives Reasons

(By The Associated Press) TAMPA, Nov. 2.—State's Attorney Charles B. Parkhill announced this morning he had decided not to make the race for governor. He has as his reasons press of official duties and disinclination to ask friends to support him financially and lack of support he expected.

Corner Stone Of Masonic Memorial Laid-Washington

With Solemn Ritual, In The Presence Nation's Highest Officials, Free Masons Lay Corner Stone

ALEXANDRIA, Va., Nov. 2.—With solemn ritual, in the presence of the nation's highest officials and one of the largest gatherings of Blue Lodge Masons in history, the cornerstone of the lofty national memorial which will be erected by Free Masons of America to their revered craftsman, George Washington, was laid yesterday.

When completed, the structure will be one of the largest monuments ever erected in honor of an individual. Standing on the crest of Shooter's Hill, the massive granite pile will rise in columned dignity 200 feet above the stone set in place today to command a perpetual view of the vast estate once owned by Washington, the capital of the republic he helped to make possible and the quaint old town of Alexandria where he presided over Masonic meetings. Not far away lies Mount Vernon, where he spent much of his life and died.

President Coolidge, though not a member of the fraternity, silently spread the first mortar with the trowel his illustrious predecessor used in laying the corner stone of the first national capitol and the first masonic temple erected here. Chief Justice Taft followed him, using the same trowel, which then was put away to be guarded until, about five years hence, its final resting place is ready in the shrine that was consecrated today.

After the president and the chief justice had performed their act of homage, Charles H. Callahan, deputy grand-master of Virginia, and the grand-masters of States or their emblems with a number of past grand-masters, convened as members of the grand lodge of Virginia, each in turn spread mortar with a silver trowel destined to a place among the treasures of their grand jurisdiction.

JUDGE DENIES PETITION FOR A KLAN RECEIVER

ATLANTA, Ga., Nov. 2.—The petition of David M. Rittenhouse of Philadelphia and others asking the appointment of a receiver for the Knights of the Ku Klux Klan was denied in Superior court here yesterday by Judge John Humphries. The court also denied a petition for a temporary injunction to restrain the distribution of Klan funds until the next convocation of the order.

In his oral outline of the order to be drawn up by attorneys and to be submitted and signed later by the court, Judge Humphries said he denied the petition for the receivership on the ground that the evidence failed to justify the appointment of a receiver. Referring to the injunction asked to restrain the distribution of Klan funds, he said it was denied on the ground that there "was no immediate, positive, alleged act to be enjoined."

GERMAN NEWSPAPERS DENY ALL REPORTS CONCERNING HIM

SOCIALISTS ACTIVE

But No Definite Announcements Concerning Royalist Movements

(By The Associated Press) BERLIN, Nov. 2.—Reports that former Prince Frederick William exiled in Holland since the war had returned to Germany were in circulation this morning finding publicity through columns of Deutsche Allgemeine Zeitung. Inquiry, however, quickly brought out denials.

AIX LA CHAPELLE, Nov. 2.—Fifteen hundred separatist who arrived from Coblenz, Crefeld and Duisburg yesterday were besieging the town hall which they surrounded early today. A force of firemen, security police and communists were defending the building and hurling bombs containing sulphuric acid at separatist. The separatist and dynamite.

BERLIN, Nov. 2.—Definite announcement was made late yesterday afternoon that Chancellor Stresemann's reply to the Socialist party's ultimatum would not be given today, as he desires to discuss the question further with his cabinet.

While the socialists had timed their ultimatum to expire at 1 o'clock this afternoon the chancellor, owing to indisposition, remained in his apartments until this evening when he presided over a cabinet session to discuss the outcome of the negotiations between the Franco-Belgian authorities and the German industrialists of the Ruhr and Rhineland.

Political circles now view the Socialist's demands with respect to the government's attitude toward Saxony and Bavaria with less alarm, believing that the government will voluntarily concede several points and thus preclude the possibility of a parliamentary break with the party.

LESTER RICHARDS COMPANY AT THE MILANE THEATER

Lester Richards and his company of Vaudeville favorites at the Milane Theater tonight will present "My Wife's Gone to the Country."

This is a real black face comedy and will be one of the best of Richards comedies of the week. You will see some real funny situations. "The wife goes to the city, and the husband, being one of the peppy kind, invites a theatrical company to his house for a big party. The wife returns suddenly in the midst of the party and, Oh Boy, the fun begins. Don't miss it if you enjoy a good laugh and good clean comedy. In conjunction with this comedy you will see Clara Kimball Young in "Mid-Channel" the play that Ethel Bartymore starred in at the Empire theater, New York. Also a real comedy for the children, "Our Gang" in "The Champeen." Tonight will be country store night and there will be 15 big prizes and lots of small ones. Come out, you might be lucky. Lester Richards and company will play a special matinee for the ladies and children, a Saturday at 3 p. m.

Volusia County Fair Association Meeting Heard Fine Reports

DELAND, Nov. 2.—(Special)—At a well attended executive meeting of the Volusia County Fair association, held Monday afternoon in the DeLand Commercial club, many reports of an encouraging nature were received and much enthusiasm and optimism was displayed by the members of that committee.

President S. A. Wood, who also is president of the Volusia County Bank and Trust company, stated that provision had been made for that company to take out memberships in the fair association for every one of its employees.

It was reported that a complete survey of the fair grounds had been made, and drainage ditches had been mapped out to provide for the proper drainage of the plot. An artesian well will be driven at once.

Permanent location of the buildings has not yet been decided upon. The construction of these buildings will be under the direction of J. W. Carpenter, who is expected to arrive here from New York in a day or two, and it was stated that contracts for some fair buildings will be let before the end of this week.

An attractive offer was received from some of the prominent members of the local Carpenters' union, who offered their services free of charge in the erection of one of the fair buildings.

Among the bills paid by the executive committee was a six-month subscription to each of the newspapers in Volusia county.

While in Jacksonville, Mr. Earl Brown, secretary of the fair association, met Mr. P. M. Stripling of the state fair association who offered the use of all turnstiles used at the state fair free of charge and requested that the members of the Volusia county fair executive committee attend the state fair and be his guests for one day.

Mr. Richard G. Bennett, assistant cashier of the Volusia County Bank &

Space Concessions

Among space concessions already contracted for are the DeLand News Publishing Co., who secured the first concession; Skinner Machinery Co., Dunedin, Fla.; Quaker Oats, Nitrate Agencies Inc., and Fordson Tractor, and many other inquiries have been received from other firms.

Prof. G. W. Marks, reporting for the prize essay contest committee, stated that he was assured that from 10 to 20 students of each of the five senior high schools in the county would enter essays in the contest on the subject "The Value of a County Fair to Volusia County." Prizes have been provided for the winners of this contest. Mr. Marks also added that interest among the negro population was keen and that present indications are that the negro exhibit at the fair will be one of considerable note.

Membership Campaign. There was a feeling of optimism among the members of the membership committee, and many new members were reported, among them some who had taken out life memberships. Handsomely engraved certificates of membership in the Volusia County Fair association are just off the press and will be presented to all members of the association.

4 Wheel Brake Demonstration This Afternoon

Harry Kent, Oakland Dealer Is Pulling Off Stunts in Sanford

When the fleet of new 1924 Oakland cars was sent out early in September from the factory at Pontiac to all sections of the country to demonstrate the four-wheel brakes and other features, no particular stress was placed on the special blue satin wax body finish which is a distinct feature of all Oakland open models.

The special paint on the Oakland bodies is the most recent development for automobile use and possesses remarkable properties of durability. The body may be cleaned with a dry or oily cloth, or washed in the regular way. The satin wax finish which is rubbed on over the paint is improved by rubbing or polishing, so that as the cars are used they attain an even smoother gloss. The finish is not easily scratched, does not check and is not affected by sun or rain.

Another feature of interest to owners is the fact that if the body is marred or dented in any way, all that is necessary after the dent is "bumped but" is to have the Oakland dealer spray with a special paint gun just the spot that has been marred. The paint blends together without leaving a trace of where the damaged spot appeared. This is impossible on a varnish finished job, as it is usually necessary to repaint and varnish a whole panel or section of the car. The ease and rapidity with which this finish may be cleaned has not only been demonstrated by the True Blue Travelers, but also at many of the fall fairs in the East, where these models have been subjected to literal mud-slinging all day to prove that the mud is easily removed with a dry cloth and that it does not harm the finish in any way.

Mrs. J. W. Corley, of Cameron avenue, is recovering from an illness of ten days.

ODE TO THE CITY SUBSTANTIAL COMPOSED BY MINNIE S. STEWART

City Substantial! Thou growest not As the mushroom through the night. Thy growth continuous down the years, As the mighty oak.

City Substantial! No phantom thou, To come and go as the seasons change. Through summer's heat and winter's chilly blast, We see thy smiling face.

Thou'rt with us! Aglow with life! We feel thy pulsing heart throbs, Giving us hope and strength and cheer, To reach the distant goal.

Fair art thou, beautiful one, The azure sky above thee Mirrored in thy waters' crystal depths. Is wondrous to behold.

Green are thy far-stretched fields. And borne on the fragrant air, The happy songs of laborers, Harvesting their store.

They temples fair they rise To the vaulted sky above, Bearing aloft to the God on high, The worship of men's souls.

Hark to the hammer's clank! The ceaseless clash and roar of great machines! And myriad men a-bending o'er their tasks, To keep the long trains speeding on their way.

Thou learned one! Hast sent Rich offerings to Wisdom's shrine. Thy stalwart youths and maidens fair Imbibe her sacred treasure.

City Substantial! We love thee! For what thou art and for what Thou biddest fair to be Throughout the coming years.

Our hearts are stayed on thee. Our hopes are bound in thee. Thou fairest among ten thousand. City Substantial!

EAST SANFORD

Mr. and Mrs. George Allen and daughter, Ferrelle, and nephew, Frederick Allen, of Pontiac, Mich., arrived here in their Maxwell limousine, and Mr. and Mrs. Louis Rhodes and sons, Carl and Cecil, also of Pontiac, Mich., arrived in their Ford last week and were guests at the Ellsworth home on Beardall avenue. Mr. and Mrs. Allen and family have taken apartments in town, and Mr. and Mrs. Rhodes and family have taken up their residence at Moore's Station for the winter. The young people will all go to school. The parties were about four weeks on the way, making many side trips sight-seeing. Mrs. Allen and Mrs. Ellsworth are cousins.

Mr. and Mrs. Ashley Purvis had as their week-end guests recently Mr. Purvis' father, Dr. James Purvis, of Tampa, and Mr. and Mrs. Milton Triax, and baby, also of Tampa. Mr. and Mrs. Purvis entertained at dinner Sunday, having as their guests Mr. and Mrs. James Purvis and Mr. and Mrs. Leon Purvis and their house guests.

Mr. and Mrs. W. R. Bales were in Winter Park recently, the guests of Mr. and Mrs. E. J. Ward.

Mr. and Mrs. C. E. Chorpene and daughters, Helen and Alyce, and J. E. Biddinger were driving over the hills and dales of Lake county on Sunday last and picnicked at Tarvarcs.

Mr. and Mrs. E. V. Miller and three little daughters moved here recently from White Springs and are making their home in the Greenland house on Cameron avenue, now owned by Mr. and Mrs. W. W. Miller. E. V. Miller is a nephew of W. W. Miller.

Mrs. I. D. Hart of Geneva avenue, had as her guest recently her sister, Mrs. Katie Thompson, of DeLand.

Mr. and Mrs. Albert Balmas and Mr. and Mrs. Edward Balmas and baby arrived here Monday from Evanston, Ill., to visit their brother, George Balmas and family of Eureka Hammock, making the trip in eleven days in their Ford car.

Mr. and Mrs. Herman Steele and son, Alton, of Orlando, were week-end visitors at the Steele home, Beardall avenue.

Mr. and Mrs. Elwood Irish arrived here recently from West Palm Beach and were guests at the W. R. Guerry home for several days, en route to Stark, where they will purchase a farm, having sold their property on the East Coast. John Ingram accompanied them to Stark. Mrs. Irish will be remembered as Miss Ella Ingram.

Mrs. John Ingram, of West Palm Beach, was a guest at the Guerry home and other friends in Sanford recently.

Mr. and Mrs. Fred Walmsa have returned to their home on Cameron avenue after an absence of several months. They have been spending the summer in Grand Haven, Mich., and other Northern points.

Mrs. W. A. Warren had the misfortune of being run down by an automobile Saturday evening while attempting to cross the street on Sanford avenue, near Jimmy Howard's garage. The occupants of the car picked her up and conveyed her to home. Dr. Denton is caring for her.

Mr. and Mrs. Carraway, of Beardall avenue, are lamenting the death of a fine \$125.00 Jersey cow, recently imported from Georgia.

This is ideal weather for the crops, there having been several nice showers at this end of the celery delta.

Alyce Chorpene had as her guests for Halowe'en night, Mary Helen Morse and Reba Jones. They joined a party of little folks and had a fine time calling about the neighborhood in spooky costumes.

Mrs. I. E. Estridge was hostess Wednesday afternoon to the Nellie Turner Circle of Baptist ladies at her home on Beardall avenue. There were fourteen members of the circle and three guests present, the occasion being a "shower" for the Christmas bazaar to take place in the near future. The ladies donated very generously, bringing many lovely things. After the business meeting a social hour was enjoyed, during which Mrs. Estridge served a salad course with saltines, coffee and wafers. The home was decorated with a profusion of yellow daisies and golden rod. The next meeting of the Nellie Turner Circle will be held at the home of Mrs. Dorsey in the city.

Beatrice Bledsoe was a happy little hostess Saturday when she entertained a large party of friends, the occasion being her thirteenth birthday anniversary. All kinds of games were played with prizes for the successful winners. Ice cream and cake were served at the conclusion of the play hour. The honor guest received many pretty and useful gifts. Among those present were Alyce Chorpene, Kathleen Long, Eleanor Cameron, Dorothy Haynes, Marion Haynes, Marion Taylor, Louise Fortson, Louise Hickson, Elinor Hickson, Julie Belle McClelland, Margaret Squire, Wilma Squire, Annie Murrell Bledsoe, R. G. Hickson, James McClelland, George McClelland, Leland McClelland, Elwin Squire, George Steele, Allen Taylor, Eugene Estridge, LeRoy Bledsoe, Horace Bledsoe and Buster Purvall. Christine McClelland, of Geneva, was also among those present. Mrs. J. F. McClelland, Mrs. B. H. Squire and Mrs. R. G. Hickson assisted Mrs. Bledsoe in entertaining the little folks.

Tampa men are being whipped for living in Tampa we suppose.

"Blue Nose Leads" says headline today speaking of the fishermen's yacht race at Halifax. The last time we were in Halifax our nose was blue.

St. Petersburg now has two police chiefs according to press dispatches. We don't know very much about St. Petersburg but we sent Dr. Walker down there to keep them straight and we fail to see just why they need so many policemen unless Dr. Shade has gone on a rampage.

"20,000 Masons gather at Washington to lay corner stone" says headline in papers. We need that many bricklayers in Sanford and our contractors might get a few from Washington after the corner stone is well laid.

The Goodyear Tire Company have bought the rights of the Zeppelin firm to manufacture Zeps in America and will not only manufacture dirigibles complete but will put on air lines to all the principal cities in America. The Herald predicted several years ago that the automobile

would eventually give way to the airplane and dirigible and this is the first of the changes. Better get your landing field ready now, Sanford.

The Chief of the Gainesville Fire Department in an open letter to the public says that false alarms and interfering with the department on Halloween night cost the city over \$150. Why don't you turn the water on the crowd and make them behave, old scout?

Senator Magnus Johnson says "the little black pants won't fit Kellogg any better than they fit Harvey" at the Court of St. James. Well, Magnus, old fellow, some people think your overalls will not fit the Senator's seat in Washington, eyether, and that's that. But thank goodness, public opinion does not change the ideas of real men, we skoll, Magnus.

REVISE THE INCOME TAX AND SURTAX.

As long as the present tax and surtax remains as it is there will be no big sales made in this country or property or business of any kind. No one is fool enough to pull off a big business deal and give half of the money to the government to waste on all the fool things that the government finds time to do. No one will sell either their business or their real estate at the present time because the government tax takes away about forty per cent or more of the profits. This might be all right where the parties were millionaires and could afford it, or where the profits were coming from war industries that made the owners rich from war profits, but the average man who has struggled for years to bring up his business to where it could be sold at a profit will not sell now and give his profits away to the government. It is not right and not fair and the laws should be changed and changed now. The Jacksonville Journal says: "A tentative plan submitted to President Coolidge by Senator Smoot calls for substantial downward revision of the income tax. The idea is to save the taxpayers \$500,000,000 a year by the following changes: "Reduce the maximum surtax from 50 per cent to 33 per cent. "Remove the tax altogether from personal incomes of \$2,000 to \$3,000. "Lower the rate enough to cut \$100,000,000 in taxes from incomes of \$3,000 to \$6,000. "Do likewise with incomes of \$6,000 to \$10,000. "Eliminate taxes on special indus-

tries, like the 3 per cent tax on candy. "Such a set of reductions would be greeted with enthusiasm by the general public, inasmuch as the majority of taxpayers would benefit. The lowering of the highest surtax might be unpopular, but the little income people might tolerate it if their own taxes were lightened. There is a growing realization, too, that surtax reduction might serve to draw taxes from many large fortunes now taking refuge in tax-exempt securities. It is even possible that a 33 per cent surtax would bring in more money than the 60 per cent rate. "It should be observed that these reductions are based on the supposition that Congress, in the coming session, will not authorize an army bonus or any other unusually expensive measure not provided for in the budget. There can be no tax-cutting without economy of expenditure."

EXHIBITING FLORIDA.

The fact that nearly all of the space allotted in Madison Square Garden for an exhibit of Florida products has been reserved by various counties, indicates a gratifying interest in Mr. Ringling's generous and public-spirited plan for a great Florida display in the heart of the metropolis next February. It was inconceivable that Florida would allow this great opportunity to go by without realizing its benefits to the fullest degree. Twenty-eight counties have secured space and will have exhibits. Only 18 spaces remain to be allotted and these undoubtedly will be taken before the reservations close.

Hillsborough county has secured a prominent space, and the other counties which take conspicuous part in the South Florida Fair will also convey their exhibits from Tampa to New York for the All-Florida Products Exposition. In addition to the exhibits at the Garden, the Florida Development Board proposes to carry on, during the same week, an intensive advertising campaign in the New York newspapers and the moving picture companies will also conduct a screen publicity program which will make Florida the "talk of the town" during that period.

This is one of the finest opportunities Florida has ever had and it is gratifying to The Tribune to note the eagerness with which Florida counties are responding to the invitation.

It would be an excellent idea for the leading Florida newspapers to issue special New York editions during that week, distributing copies free to visitors at Madison Square Garden and at other prominent places in the big city. The Tribune is contemplating an enterprise of this nature and suggests it as an excellent publicity plan to other newspapers of the state.—Tampa Tribune.

QUICK RESULTS FROM CLEVER ADVERTISING.

Last Sunday Clearwater commenced its advertising campaign for the winter season by placing a small display announcement in twenty-two papers and magazines throughout the north and west. Thirty-eight inquiries were received to the announcement on Thursday, and the Chamber of Commerce was kept busy in making replies. Says the Clearwater Sun: "The thirty-eight inquiries received by the Chamber of Commerce this morning indicate that a number of persons wrote immediately upon reading the advertisement. A great many more will be coming in as the people have time to write."

The advertisement occupied but three inches, was cleverly engraved, and contained a vast amount of information, with "Clearwater" as the leading line. The cost of the investment was defrayed by the Chamber of Commerce, and the long list of papers carrying the announcement included those of Baltimore, Boston, Chicago, Philadelphia, Detroit, Pittsburgh, Montreal, Washington and Indianapolis. There is no doubt that larger returns would have been secured had

the advertisement been inserted a month earlier, before people had their plans laid for the winter outing; but there is every evidence that Clearwater will be crowded with visitors, both old and new, to its capacity.

Work of this nature will repay all cities in Florida. Another season will see a great advance in the condition of this city and county, and there should even now be laid plans for precisely such propaganda. That it will bring the name of Palatka before millions there is not the least doubt; and that the city would experience good returns is equally true. No city has so far advanced that it finds no use for publicity. Summer resorts in the north and west find it pays to keep announcements in publications every month in the year—no matter how well-known the locality may be—and find the project profitable.

The same opportunity exists to advance Palatka interests as may be found elsewhere in the state. Such methods would encourage building new homes and would make every business more profitable; and this city can by no means afford to canter while other localities gallop. It may require some prodding to get the matter under way; but once adopted there would be an annual repetition of the same methods.—Palatka News.

What do the people want? No one has ever been able to answer that question satisfactorily. You may get some idea from "Mrs. and Mr. Polly Tickk." 186-1tc.

A Timely Sale of Fall Frocks

Selected most recently in New York as being particularly attractive garments, these two small lots of women's Fall dresses are placed on sale today and tomorrow, Friday and Saturday, at remarkably low prices.

The style of the new dresses is evident. Simple, straight lines are noticeable and the entire tone of the assortment is of the sort which modish women will appreciate. Hung straight from the shoulder in arrowlike lines, the frocks will grace well the trim figure and slenderize the woman of full lines.

The materials are the ever popular Crepe de Chine and a few selected Trico-twills and laces. The colors are tans and brown and the workmanship of the garments excellent. The sizes from 16 to 42 are included in this memorable offering at

\$15.00 and \$19.75

ANNOUNCEMENT

It is with particular pleasure that Dickson-Ives Company announces that Mrs. Q. S. Walker, an experienced corsetiere, of Chicago, will be at the corset department on the second floor Friday and Saturday, to give personal aid to the women of Sanford in the matter of selecting and fitting corsets.

Mrs. Walker, who is associated with the H. W. Gossard Company, of Chicago, has recently been conducting schools for corsetieres throughout the South. She is well prepared to give expert advice.

THE PLUM TREE

Robs Calomel of Nausea and Danger

Medicinal Virtues Retained and Improved—Dangerous and Sickening Qualities Removed. Perfected Tablet Called "Calotab"

The latest triumph of modern science is a "de-nauseated" calomel (known to the drug trade as "Calotab"). Calomel, the most generally useful of all medicines thus enters upon a wider field of popularity—purified and refined from those objectionable qualities which have heretofore limited its use. In biliousness, constipation, headaches and indigestion, and in a great variety of liver, stomach and kidney troubles calomel was the most successful remedy, but its use was often neglected on account of its sickening qualities. Now it is the easiest and most pleasant of medicines to take. One Calotab at bedtime with a swallow of water—that's all. No taste, no griping, no nausea, no salts. A good night's sleep and the next morning you are feeling fine, with a clean liver, a purified system and a big appetite. Eat what you please. No danger. Calotabs are sold only in original, sealed packages, price thirty-five cents for the large family package; ten cents for the small, trial size; your druggist is authorized to refund the price as a guarantee that you will be thoroughly delighted with Calotabs. Sold everywhere.

Celery Seed

Putnam High will make the trip down here tomorrow to take on the Celery-Feds in what is scheduled to be one of the best of the season. The Celery-Feds and the Pals are probably more even matched than any other team which has invaded Sanford so far this season.

The Putnam boys are taking a broad chance of getting trimmed for the second time in two weeks. They were badly beaten by the St. Augustine "11" last week, but have been training faithfully since then and are in prime of condition for the game.

The local crew is also in tip-top form, having excellent practice for the past two days. Coach Wilkinson has developed a line that will hold any of them. The line showed what a stonewall it was the last time the locals played on Hood Field against Bartow.

Mr. Holly is going to make the trip to Gainesville tomorrow to take in the Mercer-Florida game. We asked him to wire us the result—said he would if not too busy. Wonder if the "business" is going to be in the "shirt tail" parade which is scheduled for after the game tomorrow.

Scotch McCalley, chief of the hiking crew of Sanford High, who starts out on foot before a game and usually gets there in plenty of time, now has a rival in the field. According to a dispatch from Miami, a Miami High hiker started out for Jacksonville yesterday morning to see the Miami and Jax game. They seemed to think it marvelous that he had reached Fort Pierce by noon. Shucks, Scotch would have been viewing the bathing beauties of Daytona at noon.

ASPHALT PAVEMENT BETTER EVERY YEAR

Asphalt is the oldest water-proof adhesive known to man. Its use dates back beyond the mists which shroud prehistoric days. Unlike many basic materials, science and invention have not discovered any substitute for it, and no synthetic asphalt is producible commercially which compares either in price or in utility with the natural produce.

Asphalt is used in roads in many ways, but there are four broad divisions generally recognized by road engineers. These four have been developed, and year by year, a further experiments and experience become available, the types are improved until now it is generally conceded that for its purposes, and when properly laid, asphalt has no superiors as a road material.

The four generally recognized types are: (1) asphalt macadam, in which broken stone has melted asphalt applied to it to penetrate the entire course, with stone chips to cover the surface spaces, and a seal-coat of hot asphalt and stone chips; (2) asphaltic concrete, made of an intimate mixture of asphalt and broken stone or gravel sand, laid and compacted while hot into a single course, sometimes finished with a seal coat; (3) sheet asphalt, constructed in two courses, the lower of asphaltic concrete, the top course of a mixture of asphalt and carefully graded mineral filler; (4) asphalt blocks, made of asphaltic concrete moulded under heavy pressure, and laid on a sand or mortar cushion, like brick.

Asphalt is also used as a filler for brick pavements, mixed with sand to form a grout for stone block pavements, and to fill the expansion joints in monolithic pavements of cement.

UNIFORM TRAFFIC LAWS ON NATIONAL HIGHWAYS

Traffic laws which differ in different states and different towns in the same state, are a cause of confusion, accident, loss of property, and loss of life. Uniform traffic laws, the same the country over, will promote safety. The objection urged against uniform traffic laws that traffic conditions are different in different localities, does not hold in the face of the obvious power of the locality to modify or add to the uniform law for special conditions. There are many observances which, made uniform, would make for safety, such as the system of signalling for a stop, slow up and turn, a uniform rule as to right of way at crossings, safety procedure at grade crossings, a heavy penalty for such dangerous practices as passing another car when coming to a curve or top of a hill, etc.

With forty-eight states and thousands of municipalities, all making their own traffic rules, the motorist is more or less at sea as to what he can and can not, should and should not do. But when the National Government builds roads for the Nation, a national traffic law will be inevitable as a national police force for the national highways.

"A paved United States in our day" is not only devoutly to be wished for, because of the material benefits it will bring, but because of the safety the uniformity of traffic rules will provide, when the Congress authorizes a system of national highways which will serve all the states as a good state highway system now serves all the counties in that state.

SERIOUS BLADDER TROUBLE

"Could not stand nor sit and was forced to cry out from intense pain," writes Henry Williams, Tarkio, Montana. "The doctors said I had inflammation of the bladder and an operation was necessary. Tried Foley Kidney Pills and improved at once. Tell all my friends about Foley Kidney Pills and perhaps, as in my case, a dangerous operation." Bladder and kidney trouble demand prompt treatment. Foley Kidney Pills give quick relief.

Baby Woke Up Laughing and Full of Play

"When my baby was everything was so joyful I could hardly do anything with her," writes Mrs. A. C. Brown, Columbus, Ga.
"I gave her every medicine advertised for sick babies but they didn't stop her fretting and crying. A friend advised Teethinga and after the second dose my little girl went to sleep and woke up laughing and full of play. Teethinga has given perfect satisfaction at all times."
Teethinga contains no opiates or other dangerous drugs. It reduces inflammation of the gums, relieves colic, indigestion, stomach pain and bowel troubles. It soothes the fretful child, inducing rest, quiet and refreshing sleep. Thousands of grateful mothers praise it to the skies.
Teethinga is sold by all druggists, or send 25c to the Moffett Laboratories, Columbus, Ga., for a package and a free booklet about babies.

HOME-GROWN PRODUCTS SHOULD BE DEMANDED

People in a city little think of the help they could extend the rural population if they would always call, when making purchases of foods which can be produced in Putnam county, for "home-grown stuffs." There is too great a tendency to select foods brought into the county from some distant point. This is always a detriment to the farmer and gives him an idea that the city people care nothing for his advancement. Putnam county can produce as fine vegetables as any locality. This has been proven by exhibitions made at state fairs as well as at the county fair. As good poultry and eggs are raised and produced in Putnam county as in any other. Daily is there paid to other states by merchants of Palatka a vast financial tribute along these lines, and there has been a consequent feeling of despair among the home producers.

The merchant who will enter into a contract to take the output of any grower or poultryman in this county at the same quotations obtained elsewhere, freight or express added, will be the man that will render an inestimable good to the county. Too often is the complaint made that "if anything is produced there is no home-market," as dealers prefer outside stuff. If such is the case in this county there is a remedy. There is a county agent employed to care for the farm interests; and how can those interests be the better cared for than by seeing that a market is created for the produce?

Once this custom shall be established there will be found a sufficient excess quantity to make shipments beyond the county line, thus bringing in new money to the county to be used in the various channels of trade. No county can live wholly within itself, but it can arrange to ship out its excess products and ship in that which cannot be produced. Thus each county can aid the other—and both be gainers by the trade. Nature arranges matters so that there is never

an over-production; it is the under-consumption and ill-distribution which too frequently works hardships.

Many growers assert that at certain seasons the cost of production exceeds the selling price, while others declare that with proper care and attention and cultivation many vegetables may be produced almost any month in the year at a profit. If the latter is based upon good authority, then it is imperative that housewives and general buyers demand the home-grown product; if the former assertion is correct there is all the more stimulus for making those months in which stuff can be produced the more intensive to bring in larger sums to the home purse.

The county agent should secure from the home markets and dealers an agreement to buy county-grown produce always upon an equitable basis—and then to secure from the

growers an agreement to enlarge their holdings and supply the market. It might not be an unwise plan to learn from the horticulturists an estimate of what amounts are sent from this county for such things as might be, and are, produced in Putnam, which would probably be told willingly, and then use these figures in a campaign with growers to clinch the argument.

Not only might farm products be reckoned in this matter, but the poultry yard should be considered a strong factor—as might the growing of berries; in fact, there could be produced and marketed in this county a quantity of table goods sufficient to supply the entire people, with some to spare. Other counties with less advantages than are possessed by Putnam have worked up this same plan; and there should be no lagging in the procession of progress.—Palatka News.

Buick Open Cars are Stormtight

Perfect protection is provided from rain and wind. The lower frame of the windshield fits into a permanent rubber grommet. Moulded rubber seals every joint between the frames and posts. At the top a new weatherstrip, steel reinforced, excludes all air that might enter between the windshield and top, and side curtains button to the windshield, instead of the posts, covering the slight crack between them.

In addition to these and numerous other refinements, Buick four-wheel brakes afford a greater degree of safety on all models.

Better Biscuits-Cakes & Pastries? Sure!

—WHY tell you that Aunt Jemima Flour is made from highest quality selected Missouri soft wheat? Or that every grain of that wheat is washed individually before it is ground? Or that every particle of flour is sifted through silk fabric of the finest weave? Or why tell you of the many other details of extreme care essential to the manufacture of this perfect flour? The fact that Aunt Jemima sponsors it and that it is milled by the same folks who make Aunt Jemima Pancake Flour is sufficient proof that if a better flour could be made it would bear Aunt Jemima's name.
