

Bickering Couples Stay Wed For Sake Of 'Sparring'

CHICAGO (UPI)—Two psychiatrists said today that seemingly incompatible husbands and wives may stay married to have someone to fight with.

Dr. Marietta Houston and R. E. Forman of Topeka, Kan., said there seemed to be a tacit agreement in such turbulent marriages that "threats of divorce and separations were not to be taken literally."

The two Menninger Foundation staff psychiatrists made their observations in a paper delivered at the 117th annual meeting of the American Psychiatric Association (APS).

Forman told a United Press International reporter that many of the most seemingly incompatible marriages he studied appeared to be "made in heaven." He said that "to suggest these couples would be better off apart would be like saying a person with an obsession would be happier without it."

"Many such couples try to give the impression they are staying together for the sake of their children, Forman said, "but there is no such thing as a marriage held together by the children." He contended that many couples made this claim only because it was more socially acceptable than saying they needed "sparring partners."

Forman and Miss Houston based their conclusions upon a study of 12 married couples over 45 years of age. They described the wives as either the "shrew type" or the "long suffering, good, obedient type of wife" while the husbands appeared to fit either the popular stereotype of the "bully" or the "hen-pecked husband."

Forman suggested that the relationship between these husbands and wives was not "a case of misery loves company," but rather "a case of I'm not miserable — you are."

Socially, most of these marriages were considered "desirable and frequently ideal," the two psychiatrists reported. The husbands were generally prominent professional or business men, while the wives tended to be well-educated, attractive and intelligent.

Inspector Calls For Law Changes

Longwood's building inspector, W. F. Litke, brought a number of recommendations for changes in the zoning and building laws of the town before the May council meeting.

Litke suggested present ordinances be amended to limit lot sizes for duplex construction, to extend footage requirements from property lines and to set a zoning classification for locating churches which he said he felt should not be included in residential classes.

Enlarging upon his recommendations, the building inspector said that present laws allow a property owner to build within seven feet of his lot line. In some instances, he said, it would be impossible for service trucks to enter a driveway without trespassing on the neighbor's property and that he felt a change in the ordinance is necessary.

At the suggestion of Mayor A. R. Lormann, council members agreed to meet with Litke in the near future to consider the suggested amendments.

Congress Urged To Authorize Wiretapping To Halt Crime

WASHINGTON (UPI)—Congress was urged today to authorize court supervised wiretapping to arm law enforcement agencies with a weapon capable of outwitting modern criminals.

Anthony P. Savarese, chairman of the New York Assembly's Joint Legislative Committee on Privacy of Communications, said present wiretap laws were so confused that even the FBI violated them.

He told the Senate Constitutional Rights subcommittee, in prepared testimony, that Congress owed it to law officers to end the confusion before another year passed.

The subcommittee was studying three bills which would legalize telephone interception under court approval, by authorized officials. Under present law, and through Supreme Court rulings, wiretap evidence may not be used in a federal court. Recent rulings also have cast doubt about some state laws, such as in New York, which permit wiretapping evidence in state courts.

Savarese said it was an "embarrassing fact" that the FBI now was tapping telephones, despite the Supreme Court rulings.

A Justice Department spokesman told the subcommittee Thursday that the FBI was operating 85 taps in cases involving national security.

Other congressional news: Defense: The Senate Armed Services Committee asked the Pentagon to reconsider "the danger in abandoning manned bombers too fast." It was the second cautionary message in two days from Congress on the question.

The House Armed Services Committee Thursday asked whether the shift to essentially unproven missiles was not being made "too rapidly."

Elections: A fight was brewing in the Senate over President Kennedy's proposal that the Treasury help finance presidential election campaigns. The plan is under study by the Senate Elections subcommittee. Sen. Frank E. Moss, (D-Utah), urged in prepared testimony that tax concessions be allowed for up to \$10 in campaign contributions. He said this would encourage participation by more citizens.

Georgia Tech Gets Full Support In Accepting Negroes

ATLANTA (UPI)—Student leaders and prominent Georgia Tech alumni said today the school has their full support in its decision to tentatively accept three Negro freshmen next fall.

R. A. Siegel, alumni president, said Thursday's announcement is in keeping with the U. S. Supreme Court's 1954 desegregation order. The alumni association, Siegel said, "accepts these decisions and supports fully the action that has been taken."

Student body president Joe McCutcheon said Tech president Edwin Harrison handled the integration well and predicted the integration of the 78-year-old school "will be very peaceful."

McCutcheon said, however, he personally does not favor desegregation. Harrison said the acceptance of the Negroes was conditioned on the "satisfactory completion" of their high school work. He reported 10 other Negroes were turned down "on grounds consistent with our normal admission policy."

The Negroes accepted, all of whom have above average scholastic records, were identified as Ford Green, Ralph A. Long Jr., and Lawrence Williams, all of Atlanta.

Georgia Tech, an engineering institution, has a current enrollment of about 5,000 students, only 48 of them co-eds.

Mississippi, South Carolina and Alabama remain the only Southern states whose public schools and state-supported colleges are totally segregated.

The University of Georgia at Athens, about 85 miles northeast of this capital city, admitted Negroes Hamilton Holmes and Charlayne Hunter to its undergraduate school four months ago. Wednesday the graduate school announced a third Negro, Mary Frances Early, has been accepted for study at the university this summer.

North Orlando Protests Called 'Childish Act'

By MONA GRINSTEAD
North Orlando Mayor Frank Fasula today called the 38 "For Sale" signs put up by residents in protest of annexation action taken at the May 2 Village Council meeting "a childish act."

"If these people would expend their energies working together instead of fighting, this community could do wonders," he added.
The signs are the result of a 1 p. m. Saturday meeting held at the Art Ferrin home on Devon Ave., to get signatures on a petition which would set aside the recent annexation. Residents are protesting the action "because it is contrary to annexation laws of the State of Florida and we wish to challenge the legality of the council act."

Ferrin stated "this charter became law without the approval of the people and was signed by the Secretary of State. Residents who are now protesting the annexation were not incorporated because Lawrence Swofford, District 3 County Commissioner at the time, recommended to us that we remain out of the village limits. The charter was submitted for approval to the County Commission and they knocked it down."

"Swofford told us at the time, in detail, what could happen and said that he could not approve the charter until recommended changes were made."

When contacted about the matter, Fasula said "the people were advised by Swofford not to be incorporated. The terms in the charter which he disapproved were removed and after their signing the charter had the full backing of the County Commission and of the legislative delegation. At that time, there were 30 to 25 families living here and to expedite the incorporation, we left out 110 lots which were planned."

"The Utilities Co. and the Village of North Orlando are entirely separate. . . there is no connection with the village and the utilities as far as management of the village is concerned. The company never has advised me or the council how to set on any matter."

"The charter was drawn up by Miami lawyers and had nothing to do with the North Orlando Utility Co. and when the charter was drawn there was not the first resident living here."

Fasula went on to explain that the council, at the May 2 meeting, had a petition bearing 38 signatures of the landowners concerned in the questioned annexation. He said that any money coming to the village through franchise is used strictly for the village and that books, open to the public at all times, are kept on these funds.

"We did them a favor by bringing them into the village for by doing this we gave them the chance to have a voice in the March 1962 elections."
Another meeting on the issue has been set at the Ferrin home for 7:30 p. m. on Thursday when Ferrin said that Lawrence Swofford would be present to explain the charter.

Swofford, when phoned today, said "I don't know anything about it. I don't know where you people are getting your information but I'll be there Thursday. I heard North Orlando was having a little trouble but I have my own troubles."
Fasula said that he would attend the meeting, gladly, to answer any questions the residents might want to ask.

Record Health Budget Okayed

WASHINGTON (UPI) — The House Appropriations Committee voted a record \$4 billion to the Health, Education and Welfare Department today and called for fresh assaults on cancer, heart disease, infant mortality, alcoholism and the problems of old folks.
Part of the \$4,154,919 in extra funds it voted over and beyond what it was allowed in the President's budget also would go into "really doing something about" the fact that many are jobless while skilled jobs go unfilled.

Six Killed

TALLAHASSEE (UPI) — At least six persons were killed, two of them in the same accident, in Florida traffic mishaps over the weekend.

"SKIP" FAULKNER, son of Mr. and Mrs. D. G. Faulkner, will be one of the featured performers of the "Roaring Twenties Revue" being staged at the Seminole High School auditorium at 8:15 p. m. Wednesday, as benefit show for the Seminole Assn. for the Retarded Children. The Navy Officers and Wives Clubs of the Naval Air Station are presenting the show, which is an outgrowth of a recent performance put on at the station.

U.S. Accepts Red Laos Talk Terms

GENEVA (UPI) — The United States bowed to British pressure today and agreed to begin the 14-nation conference on the future of Laos with the Communist rebels seated as equals with two other delegations from that embattled Asian kingdom.

U. S. officials said President Kennedy "reluctantly" authorized Secretary of State Dean Rusk to go along on this basis, rather than "wreck" the conference even before it begins.

British Foreign Secretary Lord Home and Soviet Foreign Minister Andrei Gromyko, the conference co-chairmen, planned to issue a formal call for the conference following a luncheon meeting.

But the United States was preparing to issue a formal statement that its decision to enter the parley with the Communist Pathet Lao and neutralist delegations from Laos did not mean it recognized their right to be there. The United States recognizes only the royal Laotian government group.

The conference will begin with a brief formal opening ceremony tonight or Tuesday, U.S. officials said, with the first full-dress working session set for later in the week—perhaps Wednesday. A Western spokesman noted that the conference is being held up pending approval of today's arrangements by the royal government in Vietnam.

U. S. sources said plans now are to have Prince Norodom Sihanouk, Cambodian head of state, who originally proposed the 14-nation conference, preside at the formal opening.

Sihanouk — who first withdrew his support for the conference and then changed his mind again to support it — was in France, today. He planned to drive to Geneva.

Armed Forces Luncheon Set

As a special prelude to the celebration of Armed Forces Day May 30, all civic clubs in Sanford have been invited by Capt. Robert W. Siate and the Navy to attend a special luncheon meeting on the station at 12:30 p. m.

The Rotarians, Lions, Kiwanians, Jaycees, Civitans and the Chamber of Commerce, will all dispense with their regular meetings this week to attend the luncheon and special program at Ramey Field. The program will be held in the N.A.S. Theatre at 1:15 p. m.

SRD Operating Budget Includes 10 County Projects

A public hearing on the road department's operating budget for 1961-62 will be held in Tallahassee May 25, it was announced today. The tentative operating budget of \$386,483,000 for the next fiscal year was adopted by the SRD April 13.

Included in the operating budget are four Seminole County primary projects and 16 secondary projects.
Primary projects include: Hwy. 17-92, 1.28 miles (Interstate 60) \$15,000; W. First St., 3.98 miles, French Ave. to the Interstate, four-laned and paved, \$780,000; SR 436-1.3 miles Hwy. 17-92 to Red Bug Rd., \$250,000 and SR 415 A-1.3 miles SR 46 to St. Johns River.

Secondary projects include SR 513; SR 431; SR 434; SR 436 (two bridges on Red Bug Rd.); SR 436, 4.1 miles from Altamonte to Turkey Farm; SR 427 2.07 miles from Altamonte to Longwood; SR 427, Longwood to Big Tree Rd.; SR 426-14.7 miles, Goldensrod to SR 46 and signal light at ACL track on SR 513.

Urban Renewal Meet Tonight

The City Commission will meet in special session at 9 p. m. today to reconsider urban renewal legislation, City Manager W. E. Knowles said today.

The Downtown Improvement Committee of the Chamber of Commerce, headed by Francis Roumillat, chairman, will again ask the board to consider a special act "as a last resort to clean up the downtown area."

Last month, the commission, by a 3-2 vote held off and action on the controversial legisla-

tion until it could be advised by the legislative delegation on its views.

At a meeting of State Reps. Mack Cleveland Jr. and Gordon Frederick and the board, Cleveland said that they would consider the bill if a referendum provision is provided in the act.

Attorney Kenneth Leffler today said that although the final bill is not drawn up yet, he will have copies of similar bills based on the Tampa act.

The bills include urban renewal for Orlando, Plant City and Daytona Beach. All have passed the legislature.

The legislative delegation had previously gone on record as opposed to the "basic principles" of urban renewal, but agreed to reconsider it if the proper provisions were provided.

The urban renewal legislation is being sponsored by the Downtown Improvement Committee of the Chamber.

Inquiry On

WASHINGTON (UPI)—A Senate subcommittee today renewed its inquiry into the Cuban fiasco by calling a high State Department adviser to explain his role in the ill-fated invasion attempt. Adolf A. Berle, adviser to Secretary of State Dean Rusk and head of the State Department's task force on Latin America, was to appear at a closed-door hearing.

Repal Sought

SILVER SPRING (UPI)—Gov. Farris Bryant's tourism steering committee plans to call on the Legislature soon to seek congressional repeal of the 10 per cent federal transportation tax. The group Sunday labeled the tax as "See Florida Last" tax because it does not apply to foreign travel and might cause people to go abroad rather than vacation in their own country.

Ad Executives Rap Liquor Legislation

The Florida Newspaper Advertising Executives went on record at their weekend convention in Bradenton as opposing a proposed state bill to prohibit advertising of liquor prices calling it a "serious discrimination" against the liquor industry.

Attending the meeting was Herald Advertising Manager Evelyn Cushing. The executives adopted a resolution urging the state legislators to stop passage of the bill.

The bill would keep liquor retailers from advertising their prices in news media, particularly newspapers.

Redistricting Battle On

TALLAHASSEE (UPI) — The House of Representatives attacked the problem of congressional reapportionment today as a special and continuing order of business.

The full chamber began hearing a 12-district measure introduced by Rep. Joe McClain of Pasco County. The proposal cleared the House committee last week and was shoved to the fore by the powerful House Rules Committee, which will take over control of the House calendar Tuesday.

The redistricting bill drawn to provide for four new congressmen

Florida will receive in 1963, would split Dade and Volusia counties, link Orange with several coastal counties and allot one of the new congressmen to Northwest Florida.

The Senate Redistricting Committee is running behind the House group. South Florida senators have been unable to agree on the division in their area, so the committee has been able to make recommendations only on eight districts to the north. The Senate is ahead of the House in its financial work.

The Senate Appropriations Committee tentatively okayed a biennial state operating budget of \$746.9 million. Allowing nothing for teacher pay raises or for institutional construction, the budget falls within predicted state revenue of \$750 million.

The full Senate is expected to receive the spending bill for a vote this week, but the House version of the measure is still in the House Appropriations Committee.

Chairman J. J. Griffin said his committee will work every day this week on the budget bill and will hold night meetings if necessary.

If the House and Senate bills are not the same, as is expected, the measures will go to a joint six-man conference committee. Teacher pay is expected to be principal bargaining point. House and Senate spokesmen have agreed that some raise is necessary but remain at odds over the amount to be granted.

'Freedom Riders' Attacked

BIRMINGHAM, Ala. (UPI) — White and Negro "freedom riders" who set out to crash Deep South segregation barriers were attacked by white men in two cities Sunday.

A crowd of about 100 white men, some armed with clubs and knives, attacked a Greyhound bus on which nine members of the Congress on Racial Equality (CORE) were riding at Anniston, Ala. There were 18 other persons on the bus, including an Alabama state investigator.

Another group of white men at

Birmingham attacked James A. Peck of New York City, editor of a "CORE" publication and one of the leaders of the tour. Peck and a Negro student from Morehouse College, Atlanta, were hospitalized.

The CORE group planned to defy segregation customs in bus terminals at Montgomery, Ala., today and then move to Jackson, Miss. The tour began in Washington D. C., earlier this month.

The Anniston attack destroyed the bus, and three persons were hospitalized for treatment for smoke inhalation.

When the bus tried to leave the terminal at Anniston, a group of about 100 white men appeared, threw rocks and began to slash the tires. One man sat down in front of the bus and dared driver O. T. Jones to start.

State investigator E. L. Cowley, who got on the bus in Atlanta, prevented the occupants from

leaving the bus, and Anniston police Chief J. L. Peck held back the crowd outside.

The bus was able to leave, but a tire went flat just outside the city. The mob, which had followed in private automobiles, began throwing stones at the windows. Someone tossed an incendiary device in one window, and the bus caught fire.

The mob disappeared as flames broke out, and the passengers left the bus. The interior of the vehicle was destroyed.

City Vehicle Heavily Damaged

One of the city's most expensive vehicles was damaged early this morning when a \$10,000 passenger turned completely over while trying to make a U-turn on Seventh St. and French Ave., police reported.

The driver of the vehicle, James Brooks of 602 1/2 Cypress Ave., escaped uninjured.

City Manager W. E. Knowles said the accident occurred at 5:22 a. m. and that damage amounted to about \$2,000.

The sweeper was purchased last year at a cost of \$10,000. The city now only has one sweeper in operation.

Deanna Nichols, SHS May Queen

Study Underway On Dog Tracks

TALLAHASSEE (UPI)—A subcommittee of the House Finance and Taxation Committee today directed further staff study of a measure which would repeal the daily operational cost allowances of dog tracks.

Representatives of small dog tracks opposed the bill. John Hush, chairman for the Jacksonville and Orange Park Kennel Clubs, said the proposal did not receive enough study by the committee.

Avery, Forest City Group Holds Meet

District 3 County Commissioner Jim Avery met with officers and members of the executive board of the newly organized Forest City Community Assn. Friday to discuss the redistricting of voting precinct 12.

The association had gone on record as opposing the redistricting plan which would split the precinct in half.

President Allen Forward explained to Avery that the desire to have the boundaries remain as they presently are situated is primarily to allow a fire district to be established for the area.

Avery explained that the redistricting had been done to equalize the population at the voting polls but promised to do what he could to keep precinct 12 as is until the fire district can be established.

City, Zoners To Meet Tonight

The City Commission and City Zoning Board will meet at 8 p. m. today in special session in an attempt to "iron out" differences between the two bodies.

The meeting was called for by Zoning Board Chairman Clifford McKibbin to discuss the concepts of zoning.

At a zoning board meeting two weeks ago, the board went on record as being opposed to rezoning property on Elm Ave. and 25th St. from residential to commercial.

The City Commission favored the rezoning and called for a public hearing on the matter. One member of the zoning board said that it appears if the city can't see "eye to eye with us, it ought to get a new board."

Boy's Death Ruled Accident

Coroner Hugh Duncan today ruled the death of a one-year-old Sanford boy an "accidental" after the youngster was found in a tub of water at his home in Floral Heights.

Doctors fought vainly for two hours at the Naval Air Station in an attempt to revive the boy, John Allen Preston.

The Sheriff's office reported that the mother of the boy, Mrs. John Preston, left him in a half tub of water and went out in the yard for a minute.

When she returned the boy was unconscious under the water.

The Prestons came here from Pensacola in January of this year.

Survivors are the paternal grandparents, Mr. and Mrs. L. Y. Preston of Perkinston, Miss. and maternal grandmother, Mrs. Solon Hawthorne of Melrose, Miss.

The body was shipped to Perkinston, today for services and burial. Gramkow Funeral Home was in charge of arrangements.

Charges Dropped Against Gannan

Osteen Justice of Peace J. B. Peterson reported today that charges of "failure to have vehicle under control" placed against Peter Gannan in the auto accident death of Miss Roberts Evans last Tuesday were dropped at the 8 p. m. hearing Saturday.

"There was no evidence of carelessness, foul play or negligence on Gannan's part," Peterson said, "and after testimony from eyewitnesses, it was termed 'an unavoidable accident.'"

Science displays will be viewed at Sanford Grammar School Tuesday night when the final P-T-O meeting of the year will be held. Parents are invited to visit the classrooms at 7:30 p. m. to see the exhibits, then attend the regular business meeting and program in the school auditorium.

'The Tall Man' Loses Cancer Battle

HOLLYWOOD (UPI) — Rosary will be recited tonight at Cunningham & O'Connor Mortuary for screen star Gary Cooper, who lost his four-month battle against cancer Saturday at the age of 60.

Cooper, winner of three Academy Awards during his lengthy acting career, died at 3:27 p. m. EDT at his Holmby Hills mansion. His wife, Veronica, and daughter, Maria, 24, were at his bedside.

Solemn Requiem Mass will be

GARY COOPER

Manning, auxiliary bishop of the Los Angeles archdiocese.

Six close friends, Henry Hathaway, William Goetz, Jimmy Stewart, Jack Benny, Charles K. Feldman and Jerry Wald, will serve as pallbearers at the burial at Holy Cross Cemetery in Inglewood.

Honorary pallbearers include author Ernest Hemingway, who is ill and will be unable to attend, John Wayne, Henry Ford II, Bing Crosby, Burt Lancaster, Dick Powell, Kirk Douglas and Danny Kaye.

Mrs. Cooper asked that contributions be made to the Sloan-Kettering Institute of Cancer Research in New York City in lieu of flowers.

Cooper's casket will be sealed because the family wants him to be remembered "as his friends saw him in life."

Fear that the ceremonies might turn into a circus has prompted

Mrs. Cooper to appeal to the public to let her husband be laid to rest privately and in a dignified manner.

Extra police have been assigned to the funeral procession. Only persons having special cards will be admitted Tuesday to the church, which seats about 500 persons. The services will be restricted to close friends and business associates.

Mrs. Daniel Sullivan, who administered the last rites to Cooper Friday, will sing the funeral mass. Father Henry J. Johnson will be the deacon and Father Harold Ford will serve as subdeacon. The Rev. Ford gave Cooper his first communion after he was converted to Catholicism in 1930.

The actor had been only semi-conscious for two weeks and was visited only by his wife, daughter, Msgr. Sullivan and Dr. Rexford Kennamer.

"He had a great will to live or he might not have survived this long," Dr. Kennamer said. Kennamer said Friday night that Cooper's death was only a matter of hours away and there was no hope for his life.

The doctor said, however, that Cooper never lost confidence he would beat the disease, even though the pain was almost unbearable. Two male nurses attended the actor through his ordeal.

A friend said Mrs. Cooper and Maria were as courageous as the dying star. They kept vigil at his bedside for more than two weeks.

"One of them was always there when Coop regained consciousness," the friend said. "Even when he died they did not break down."

Word of Cooper's cancer didn't get out past his close friends until James Stewart almost cried while giving an acceptance speech in Cooper's behalf at the Academy Awards presentations last April 17. Cooper was presented an Oscar for special contributions to the industry.

Stewart said: "We're very, very proud of you, Coop. All of us are tremendously proud."

The tall, lanky Montana native, born Frank Cooper, worked in the movies for 35 years and was one of the most beloved stars in the industry's history. He starred in such famous pictures as "Pride of the Yankees," "Sergeant York" (this role brought him his first Oscar in 1941), "For Whom the Bell Tolls," "Meet John Doe," "The Westerner" and "High Noon," which brought him his second Oscar.

Government Aid For Research Asked

WASHINGTON (UPI) — The textile division of the Commerce Department has suggested the grant of U. S. government aid to promote basic research in textile industries.

The report suggested an \$80 million allocation for the textile industries from customs receipts on textile imports. The recommendations were made in a report prepared by the department's textiles and clothing division.

It said industrialists throughout the country were worried about rapidly expanding competitive facilities in other countries and increased textile imports.

The report stressed the importance of basic research as a means of finding new uses for textile products and improving the industry as a whole. It said that if wool research became as effective as that for cotton and synthetics the position of the U. S. woolen and worsted manufacturers would be improved.

District Supervisor Of Witnesses To Speak Here Tuesday

James Hinderer, district supervisor of Jehovah's Witnesses, will speak at the Kingdom Hall 1621 W. 1st St. at 8:00 p. m. Tuesday.

Hinderer arrived Sunday. He will be the principal speaker for the Watchtower assembly at the Civic Center this weekend.

Over 1,200 from central Florida are expected to assemble for his 3 p. m. lecture Sunday, "The

Twentieth Century in Bible Prophecy."

Commenting on the lecture he stated, "At least 39 signs of the 'time of the end' are having their fulfillment since 1914. This doesn't mean the end of the earth and all life upon it as many fear."

Rather it means the earth will be cleansed of all wickedness as it was at the Flood."

"Because of our preaching on the time of the end some may think we are pessimistic. Jehovah's Witnesses are really the most optimistic people today."

God's new world that is to follow the destruction of the wicked will be the best era mankind has ever experienced," he remarked.

At the meeting Tuesday he will outline a week of special activities for the local congregation that will have its climax at the Civic Center.

Eichmann Member Of Nazi Inner Circle, Judge Says

JERUSALEM (UPI)—An American judge testified today that Adolf Eichmann was a member of the Nazi inner circle that decreed the death of six million European Jews.

The testimony was given by Justice Michael A. Musmanno of the Pennsylvania Supreme Court, a slender, white-haired man who presided at Nuremberg war crimes trials.

The defense tried to have him barred on the grounds that he wrote opinions at Nuremberg that are likely to come up at Eichmann's trial and that Israeli law makes it illegal for any judge to testify or be cross-examined.

The court ruled that he could testify, but it said his evidence should be confined to certain areas. The court said it would not accept testimony taken while Musmanno presided at the Nuremberg trials unless there was no other way to obtain the relevant information.

Judge Musmanno said he got his information about Eichmann direct from the lips of Hermann Goering and Joachim von Ribbentrop, Nazi foreign minister.

He said he interviewed the Nazi leaders in the course of an investigation he conducted in behalf of the United States Navy as to whether Adolf Hitler had survived World War II. He held the naval rank of commander.

Musmanno, as a judge at the Nuremberg trials, sentenced 14 Nazis to death. All but four of them subsequently had their sentences commuted.

Musmanno spoke in a precise voice and straight to the point. Shortly after he took the oath as a witness it became obvious why the defense had fought so hard to bar him. He dealt a hard blow to Eichmann's story that he was only a minor figure in the Nazi destruction of the Jews, a little lieutenant colonel who merely obeyed orders.

Musmanno put Eichmann right up at the top of the Jew killers along with Hitler himself. "Did you speak to Hermann Goering?" he was asked.

"I did, and the subject of the atrocities came into the conversation. He said that he had not been aware that the program of Jewish extermination had reached the reported proportions. He said the persons who were mostly responsible were Hitler, Bormann, Goebbels, Himmler, Heydrich and Eichmann."

"Can you mention other people who spoke of Eichmann?"

"Ribbentrop and Kaltenbrunner (Ernest Kaltenbrunner), high official in the Nazi SS and Hans Frank, Nazi commander in Poland."

"Ribbentrop said he resented very much Eichmann's interference in his Ministry of Foreign Affairs. He also said he was very

sorry Hitler had put so much authority in Eichmann's hands in the program of Jewish extermination. Kaltenbrunner said that the persons who ran the Jewish extermination programs were Hitler, Bormann, Himmler, Heydrich and Eichmann."

IDENTICAL TWINS, Jeffrey and Ronald Marlowe, 21 year old duo-pianists will be one of the featured attractions of the Sanford-DeBary entertainment season, which will begin in November. Graduates of the Temple University Music School in Philadelphia, the famous twins have appeared with the Philadelphia Symphony Orchestra, the New York Philharmonic, the Pittsburgh, New Haven, and Lancaster Symphony Orchestras.

Relief Hurlers Spark Weekend Play

United Press International
They call the bullpen the back room of baseball, but three of them, Jim Coates, Jim Duffalo and Frank Funk — richly deserve to move front and center today.

Each of the three right-handers came through nobly Sunday on a day when relief pitching in the majors generally overshadowed everything else.

Coates gained credit for both ends of a doubleheader which he won for the Yankees in the first-place Detroit Tigers, 5-4, in 11 innings and 8-4.

Duffalo, the rookie reliever of the San Francisco Giants, won his third game without a defeat in an 8-7 victory over the Milwaukee Braves that widened the Giants' lead in the National League to a full game.

And Funk, another rookie, pitched seven scoreless relief innings against the Baltimore Orioles to help Cleveland win a 10-7 victory over the Indians in the nightcap, 6-4.

The new Washington Senators swept the first doubleheader in their brief history, 3-0 and 2-1,

from the Boston Red Sox, and the Minnesota Twins downed the Los Angeles Angels, 4-3. The Chicago White Sox defeated the Kansas City Athletics, 6-1, but lost the nightcap, 5-3.

In the National League, the Chicago Cubs snapped an eight-game losing streak with an 11-inning 10-8 triumph over the Los Angeles Dodgers; the Cincinnati Reds defeated the Pittsburgh Pirates, 4-1, and the Philadelphia Phillies beat the St. Louis Cardinals, 6-4.

Coates, now 3-2, hurled a total of six innings for the Yankees in their two games with the Tigers. He picked up his first victory of the day by holding Detroit hitless in the 11th inning of the opener which was decided by Yogi Berra's pinch single with the bases full off reliever Hank Aguirre.

In the nightcap, Coates checked the Tigers on two hits and one run over the last five innings after taking over for starter Ralph Terry. Bob Carr and Bill Skowron homered for the Yankees in the opener while Rocky Colavito, Dick Brown and Charlie Maxwell connected for the Tigers in the finale. Duffalo gave up one run in the

last three innings, a homer by Lee Maye of the Braves in the ninth. The blow tied the score at 7-7 but the Giants won the game in the bottom of the frame when loser Ron Fife walked pinch hitter Matty Alou with the bases loaded. Orlando Cepeda, Eddie Mathews and Jim Davenport hit homers.

Funk won his third game for the Indians by limiting the Orioles to four hits from the ninth through the 15th after relieving starter Jim Perry, who had given up nine safeties. A throwing error by shortstop Jerry Adair in the 15th enabled the Indians to score the only run of the game. The loser was Jack Fisher, who entered the game in the 12th. Billy Hoelt and Hoyt Wilhelm had blanked the Tribe until then.

Willie Kirkland's three-run homer off loser Chuck Estrada in the seventh inning clinched the nightcap for Cleveland. Reliever Barry Lutzman was the winner.

Washington's two victories over Boston were turned in by rookie Joe McClain, who held the Red Sox to five hits in the opener, and Bernie Daniels, who fired a three-hitter in the nightcap. Mc-

Clain retired the first 16 men in order in the opener before Billy Harrell singled. Jim King homered in the first game and Harry Bright in the nightcap. Billy Muffett and Mike Fornieles were the losers.

The Twins came from behind with two runs in the eighth to sweep a three game series with the Angels. Bob Allison's sacrifice fly scored Harmon Killebrew with the winning run. Jim Lemon homered for Minnesota in the seventh, and Ray Moore, who took over in the eighth, was the winner.

Two-run homers by Luis Aparicio, Wes Covington and Jim Landis plus the five-hit pitching of Bob Shaw led the White Sox to their opening game win over the A's. Roy Sievers extended his hitting streak to 19 games but lefty Joe Nuxhall snapped the streak in the nightcap. Nuxhall gave up five hits in seven innings, then was relieved by Jim Archer in the eighth. Herb Score was the loser, yielding four of Kansas City's five runs.

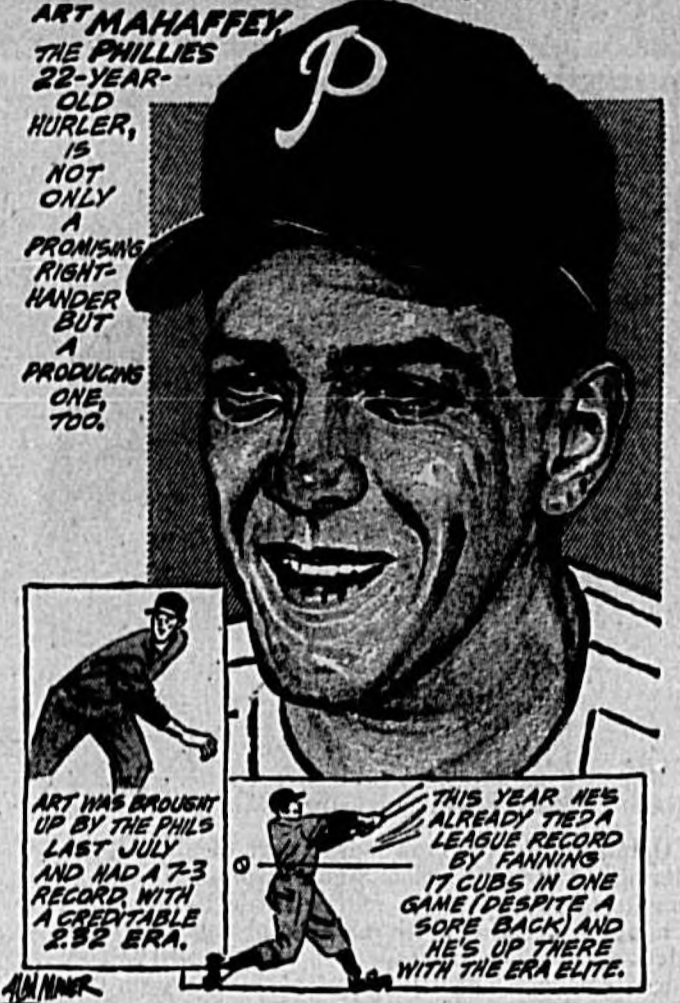

The Cubs, trailing the Dodgers 8-4 after seven innings, fashioned their winning rally in the 11th on

three singles and a sacrifice fly. Dick Farrell, who relieved starter Don Drysdale, was charged with the loss. Don Elston won his fifth game against one defeat by limiting the Dodgers to one hit over the last four innings. Seven homers were hit in the game. Norm Larker, Charlie Neal, Tommy Davis, Drysdale and Ron Fairly connected for the Dodgers, and George Altman and Sammy Taylor for the Cubs.

Frank Robinson hit his seventh and eighth homers of the season to lead the Reds to their victory over Bob Friend of the Pirates. Robinson hit his first homer off Friend and his second one off reliever Erloy Face. Rookie Ken Hunt (3-1) was the winner with help from Jim Brosnan in the seventh. Bill Mastroski homered for the Pirates.

The Phillies broke a 4-4 tie with two runs off loser Lindy McDaniel in the eighth. Clay Dalrymple singled home the tie-breaking run and pinch hitter Lee Walls singled home an insurance run. Reliever Chris Short was the winner in relief of Dallas Green. Larry Jackson started for the Ca-s but was replaced by McDaniel in the eighth.

Sanders Takes Colonial Play

FORT WORTH, Tex. (UPI)—Doug Sanders, a berth in the U.S. Open clinched by a 37,000 victory in the Colonial National Invitation golf tournament, gave his wife a promised Acapulco vacation today.

The 27-year-old short-swinging Georgian, whose game makes the weekend duffer feel at home, sneaked in one stroke ahead of the select Colonial field Sunday with a final round 84-84-78 while all the pass setters were busy fading in the stretch.

He wound up with a one-over-par 281 for the 72 holes, a stroke ahead of another "sleeper," Ken Nagle of Sydney, Australia, who posted a 283 to win \$2,500 and finish in the runnerup spot.

'Fixing' Cage Scandal Spreading

RALEIGH, N. C. (UPI)—Dozens of baseball "fixing" indictments may result from a mushrooming investigation which led to the arrests of three North Carolina State College players.

Speculation even linked the North Carolina point trimming scandal with one uncovered recently in New York.

The N. C. State athletic department indicated the long investigation which led to the arrests of Wolfpack captain Stan Mewierowski, guard Anton Muehlbauer and 6-0 center Terry Litchfield Saturday.

Muehlbauer and Litchfield waived preliminary hearing and will be tried June 5 in Wake County Superior Court.

Also charged in the case was Lou Berkak of New York, a Los Angeles State player convicted as

Kiwanis Takes Over 1st Place In BRL Circuit

Only half of the Babe Ruth League games went into the books last week, but Kiwanis used their tussle with Civitan to climb over them and go into first place when Russ's X-men romped to a 7 to 3 victory over the Thomas-Price coached C club.

The other two games during the week saw the Elks move up with a 9-2 win over Shrine and Lake Mary doubling Rotary's score, 14-7.

Monday's games went by the board when rain took the fields instead of the Oviedo-Rotary and the Elks-Kiwanis teams. On Friday the Oviedo-CPO game was postponed when the Oviedo high school win over Lyman in the district tourney pushed Paul Mikler's men up a notch and into another game in that competition.

A DARING NEW OIL COMPANY—A BOLD NEW GASOLINE

talent:

Tenneco. New name, new gasoline. "Total Service". A gasoline with guts and a dealer with talent. A dealer dedicated to the inside, outside, topside and underside of your car. A dealer with a feel for cars, a way with cars, a talent with cars. But that's easy because there are no finer petroleum products than those he handles at his new red-white-and-blue Tenneco station. He'll give you the best service on the road, all right, but for a reason that goes beyond his skill and training . . . He knows that Tenneco's new. He knows that many of you will drive in because we're new but that you may never drive back if you

don't get the "Total Service" we say you'll get. And so your car troubles become his. Your leaky tire is his leaky tire. Your clogged carburetor is his clogged carburetor. Your dirty windshield, worn fan belt, tired battery and half-empty tank are all his. That's what we mean by "Total Service". We're new but we're here. We've got gasoline with enthusiasm and a dealer with talent. It's the only reason we're in business. Try us. See if your car doesn't have a new lust for the highway when you start out from Tenneco. And see if our new sign isn't really a signpost, a beacon, something new to guide by.

TENNECO TALK: Now! A special offer for you from your Tenneco Dealer. You can get a 2 1/2 gallon Tenneco gas can for just 89¢. It's a \$2.59 value, but to introduce you to his new Tenneco Station, your Tenneco Dealer is offering it to you for only 89¢. Perfect to keep in your car trunk for those long trips, you'll also find it handy for fill-

ing any gasoline power tool. Drive in to your nearest Tenneco Station today. Get your gasoline can now while the supply lasts. Nothing to buy. Just ask your dealer about his special offer. He's looking forward to meeting you.
TENNECO—SIGNPOST FOR THE SIXTIES

Mama-Papa Shower Given By League

The Friendship League of the Congregational Christian Church met at the lovely home of Mrs. William Lutz, on Silver Lake, for the monthly business and social session.

Fourteen members and six guests were present for the meeting. Plans were made for several members to attend the all day conference and study group at Cocoa Beach, May 23.

Mrs. Mary Smith and Mrs. Mary Jo Asell were welcomed as visitors and were invited to join the group.

Following a short business meeting, Rev. and Mrs. Joseph Stock were surprised with a "Mama and Papa" shower. The gifts were arranged around a life-size baby doll in a handmade cradle, a gift of the Friendship League.

The cradle was made by Merrill Robinson. The gifts were for the parents, rather than the expected baby and included such useful articles as paper dishes for Rev. Stock to use while Mrs. Stock is in the hospital.

Guessing games were played and the prize for the baby food and baby garments was won by Mrs. Stock. Other winners dropped their prizes in the cradle with the gifts for mama and papa. Notes attached to the gifts were very amusing and caused much laughter.

Delicious refreshments were served by Mrs. Lutz and co-hostesses, Mrs. M. Salisbury. Others enjoying the event were Dr. Fred

Ensminger, Mrs. Maud Anderson, Mrs. Alice McMillan, Mrs. L. C. Tinsley, Mrs. R. Hammond, Mrs. L. Lathrop, Mrs. E. Benedict, Mrs. D. Spencer, Mrs. Robinson, Mrs. W. West, Mrs. C. Sinson, Mrs. G. Chabot and Mr. Tinsley and Mr. Lutz.

Worry Clinic

"In our Republic," said the late Frank E. Gannett, "the government should fear the people; not the people, the government." But entrenched bureaucracy has now begun to terrify the "little people" and even many big shots. So heed Luis Kutner's warning and enshrine that famous "5th Amendment."

Scared and uncertain, he is often "duck soup" for his inquisitors along about Sunday afternoon, who put the psychological intimidation on him, as by saying: "Look, Bud, why should you take the rap all by yourself? See, your friends have all deserted you. They left you here without ball."

Dixie Senators Face Big Decision

WASHINGTON (UPI)—Southern senators, outnumbered in their fairly general opposition to any federal aid to education, have a tough compromise decision to make.

Dear Abby:

By Abigail Van Buren

DEAR ABBY: If they ever held a contest to find the stingiest man in the world, I would enter my husband. He isn't just "thrifty"—he is downright cheap!

DEAR WIFE: Your incomes should be combined in a common fund. All living expenses should be drawn from that fund.

DEAR UPSET: Bridesmaids are usually selected for reasons somewhat deeper than the roots of the hair.

DEAR ABBY: If you want to tip off some college girls, please print this. I am speaking not only for myself (a college brother) but for many of my fraternity brothers.

DEAR ABBY: Our daughter is planning her wedding and we are having a terrible time with her. She made up her mind that she wants only blue-eyed blondes for her bridesmaids.

We The Women:

The experts in human relations must figure that if we don't have something new to worry about every month or so we'll get bored and restless and not have the foggiest notion of what to do with our spare time.

Jacoby On Bridge

By Oswald Jacoby

Fifty years ago the West hand would have to pass after an opening bid by South. An overall at the two level on a four card suit would be too dangerous and no-trump with a singleton in the opponent's suit would be inviting the undertaker.

West should not be too annoyed to open his singleton trump. Incidentally, this trump opening is normal procedure when your partner passes your take out double. He is showing very good trumps and you should start the trump suit right off the bat.

A MEETING OF DISTRICT TWO members of the Nursing Home Assn. was held recently, presided over by these officers. From left, Mrs. Hildgard Johnson of DeLand, president, Wayne Howard of Orlando, vice president, and Mrs. Tamaar Braden of Sanford, secretary. (Herald Photo)

Problems Of Aged Discussed At Meeting

The problems of the elderly were discussed at the meeting of the District Two, Nursing Home Assn. last Tuesday at their dinner at Jim Spencer's Restaurant.

A panel discussion on how the nursing home can best meet the needs of the community was held. Panel members taking part were Dr. D. H. Mathers, Dr. Armand Israel, podiatrist, Mrs. Awiwark and Mrs. George Wells.

During the panel discussion, talks were given and discussions held on the means by which volunteer workers from civic clubs and service groups might be oriented and taught how to render the aid and service that is needed by the elderly patients at the homes.

Some of the helps which were listed by the nursing home operators as being of the greatest need by patients were being taken for

rides, having permanent waves, nail polish, taking up or letting out clothing to fit, sewing on buttons and just listening patiently to tales of the past.

Patients are thrilled to receive mail, it was brought out, and can be remembered with cards and notes for all occasions.

It was noted that Florida has the third largest population of persons over 65 and the problem of how to help them is a serious one.

Moderator of the panel was Mrs. Franklin Cuyler of Lake Worth, who was accompanied by Mrs. Helen Wilkes, chairman of the accreditation committee.

A program is now underway to determine accreditation standards for all nursing homes, which will be given a number and designation, according to their capacity and service, so that persons seeking the facilities of a nursing home may have a standard by which to judge which type of services they need.

Popular Tastes Favor Who Will Win Emmys Tuesday

HOLLYWOOD (UPI) — Who do you like to win the Emmy awards Tuesday night?

Whoever your favor will pretty well reflect the tastes of the nation's televisioners as well as Hollywood's producers, directors and actors.

Best bet to collect at least one statuette is the one-shot "Macbeth" competing for program of the year and for outstanding drama. It also should earn an Emmy for star Maurice Evans who is running against Cliff Robertson and Ed Wynn.

"Macbeth" and Evans add a touch of class to the contest, and Hollywood loves nothing better than to be associated with anything long-hair and classy.

Critics say television programs are produced for 12-year-old minds. If that's the case the mental processes of members of the Television Arts and Sciences Academy also are pre-teenage. Nominees in all categories this year, as in the past, coincide with popular taste as reflected in the rating systems.

Take the best actress in a series category. The nominees are Donna Reed, Barbara Stanwyck and Loretta Young.

They all boast healthy ratings. Loretta is a past winner, so look for Donna and Barbara to battle it out for the Emmy.

In the male department Raymond Burr, Jackie Cooper and Robert Stack are the contenders with Burr favored to win.

Both Burr and Stack have won in the past, but Stack is liable to lose the Italian vote.

Running for the most outstanding performance in a variety or musical show are Fred Astaire, Harry Belafonte and Dinah Shore. It's a tossup, but give the edge to the lady.

One surprising departure from public taste among academy members is horse operas and western stars.

Not a single show nor western hero won a nomination this year, leaving Jim Arness, Richard Boone, Clint Eastwood, Nick Adams and a barnful of others in an electronic limbo.

Three years ago there was a special western category, but the academy got saddle-sore and dropped the innovation.
