## SENATE HEADS TOWARDS VOTE ON BONUS BILL

### Galleries Are Packed With War Veterans As Thousands More Are Massed Outside

WASHINGTON, June 17.—(A.P.)—With galleries packed by war veterans and several thousand more massed outside, the Senate today pressed toward a vote on the two billion four hundred million dollar bonus bill which leaders predicted faced certain defeat. Extra police were stationed at the Capitol for any emergency that might develop. The House and Senate conference on the economy bill broke up again without agreement and one of the members said they are hopelessly deadlocked. Testimony that John Rankin, chairman of the Democratic national committee, participated in a short selling pool in Fox Theater stock, which made a profit of nearly \$2,000,000, was given the Senate banking committee by William Gray, committee counsel.

Late in the day, the Senate formally took up the \$2,400,000,000 bonus bill after earlier consideration had been blocked. A vote is expected today with leaders claiming it will be defeated.

The Senate also passed the \$19,000,000 navy appropriation bill after rejecting a month to cut it total by 10 percent. Earlier it had refused to remove from the bill \$450,000 for naval reserve training cruises. It now goes to conference.

The House passed and sent to the Senate the Fulmer bill to repeal the 1922 Capper-Nixon antitrust law, which prohibited the purchase of wheat and 500,000 bales of cotton from farm board sales.

The measure, approved without a record vote, authorizes the appropriation of funds sufficient to retire existing commercial loans and storage charges against the wheat and cotton.

Chairman Jones of the agricultural committee told the House that after taking 40,000,000 bushels of wheat in addition to the 40,000,000 released last winter, the farm board still hold 150,000,000 bushels.

The House passed and sent to the Senate the Crooner bill intended to stimulate the development of transoceanic airships by granting all mail subsidies to their builders. The vote was 163 to 144.

House Democrats also started the first investigation in many years of the overlap of federal and state tax laws.

## Commission Gives Amplification On Tax Foreclosures

In order to correct an erroneous impression created by a recent news story regarding the last meeting of the City Commissioners, the following statement, in regard to the sale of foreclosed property for city bonds, has been ordered released:

The present authorization of the Commission, with respect to selling properties acquired through foreclosure of tax liens, deals only with those properties already foreclosed on, or are in the mill to be foreclosed on in the next month or so. It does not apply to what may be foreclosed on in the future, and only applies to those now acquired or in the mill until such time as the Commission may devise other means of disposing this property.

The Commission may decide at a later date that this is not the proper way to handle the matter, and therefore change it. In addition to selling property now acquired at a figure representing what the City has in the property available in bonds, the 1931 taxes will have to be paid in cash at the same time.

Some people are under the impression that all they have to do is to hold off paying their taxes for a month or more, and then pay them with bonds. This is not the case. The Commission is purely a temporary body, and only applies to the property now owned by the City.

## New Government Of Chile Overthrown

SANTIAGO, June 17.—(A.P.)—Chile's coalist junta which went into power by overthrowing the government of President Montero less than two weeks ago was overthrown in a brief but bloody battle today. Several leaders of the recent revolt were taken prisoners. The counter-revolutionaries comprised the army, navy, and air force groups. The rebellious troops marched on the city to besiege the presidential palace. Machine guns rattled and airplanes of the attacking forces flew overhead while the sky was filled with bursting star shells and rockets. The palace was captured along with the leaders of the previous revolt. A new civilian junta is expected to be headed by Carlos Davila, head of the coalist junta.

## BANK WILL PAY TAX ON CHECKS FOR CUSTOMERS

### Individual Accounts To Then Be Charged With Amounts Paid

WASHINGTON, June 17.—(A.P.)—Your banker will take the trouble of paying your tax on bank checks and safe deposit boxes when it goes into effect June 21, but he will charge your account with the amount paid.

David Burnett, commissioner of the internal revenue bureau explained the new taxes, and the methods of collecting them, in a statement yesterday. He said:

Under section 761 of the new revenue law a bank, banker, or trust company is charged with the duty of collecting a 2-cent tax on every check, draft, or order for the payment of money drawn on it, and presented for payment on or after June 21, 1932.

If the business of leasing of safe deposit boxes is carried on, the bank is charged under section 741 of the law with the additional duty of collecting a tax amounting to 10 percentum of the sum paid on or after June 21, 1932, for the use after such date of any safe deposit box.

The tax levy on such checks, and orders is not in the form of a stamp, as was the case under the revenue act of 1926, but is payable by charging the amount of the tax against any deposit to the credit of the maker or drawer of the instrument.

The new plan of collecting the tax is free from the difficulties attending the purchase and affixing of stamps, obtaining under the 1926 act, and eliminates vexatious questions concerning the validity of checks not bearing a stamp.

The bank, banker, or trust company on whom the checks are drawn is required to prepare and file a return of the tax monthly with the collector of internal revenue.

Many inquiries are coming to the bureau as to whether or not certain forms of checks or orders are taxable in any case where doubt exists as to the liability of an instrument it may be submitted to the bureau of internal revenue for a ruling.

The tax on leases of safe deposit boxes is restricted to any vault, safe, box or receptacle of not more than 4 cubic feet capacity, such as is customarily used for the safe-keeping and storage of jewelry and securities.

Any bank or other institution engaged in leasing safe deposit boxes is required to make monthly payment and return of the taxes collected.

The commissioner of internal revenue has prepared a simple form of return for use in paying over to the collector the taxes collected under either section of the law. These forms will be available at the offices of the collectors of internal revenue at an early date and will be mailed by the collectors to the various banks.

Revenue officials entertain the belief that the administration of these provisions will be free from any unusual difficulty or annoyance.

## FLORIDA COMMITTEEMEN

CHICAGO STADIUM, June 17.—(A.P.)—The new Republican national committee approved yesterday by the convention includes Florida, John E. Harris, Mrs. H. L. C. Brown.

## MANY KILLED, SCORES HURT IN EXPLOSION

### Blast On Oil Tanker Is Believed Fatal To 23 Men Working To Repair Vessel

MONTREAL, June 17.—(A.P.)—Twenty-three men are believed to have been killed and 63 injured today as the result of two explosions aboard the oil tanker Cymbaline at the docks of Canadian Vickers Ltd. here. The first explosion occurred as 100 men were at work repairing the vessel and the tankers crew of 30 slept in the ship.

The blast apparently was set off by a hot rivet workmen were putting in the ship. A raging fire followed. A second and more severe explosion occurred an hour later while firemen were playing streams of water on the fire.

The blast leaped high in the air and terror-stricken men staggered away from the dock their faces turned and bleeding. Many suffered broken arms and some dragged themselves away with broken legs.

The Cymbaline was in dry dock for repairs. Ten bodies were recovered and 13 others are believed to be in the tanker's hold.

## Caldwell To Give Address Saturday In Martin's Behalf

What gives promise of being one of the warmest days, politically speaking, that a Seminole county audience has known in many years is assured in the announcement late yesterday that Stafford Caldwell, who ran fourth in the first primary race for governor, will speak in this city tomorrow morning at 10:30 o'clock.

Mr. Caldwell, who surprised practically every political observer in this state by volunteering to take the stump in behalf of John Martin, former governor, comes to Sanford from Orlando where he will deliver an address tonight at Kola Park at 8:00 o'clock.

Dr. Ralph K. Stevens, head of the Martin campaign in this county, said this morning that Mr. Caldwell will speak at the corner of First Street and Park Avenue, and that his address will be broadcast through loudspeakers on a nearby truck.

Martin supporters here plan to "dress up" their headquarters in the old First National Bank building so that it will be one of the outstanding Martin headquarters in the state. A huge banner will be stretched over Park Avenue from the First National Building to the Western Union office tomorrow as part of the decorating plan.

Dr. Stevens will leave here Sunday morning for Jacksonville where he will attend a meeting of Martin workers from all over Florida. He expects to return with a complete program of speaking dates for this county.

## Symphony Orchestra To Start Rehearsing

Although only 11 persons appeared at the Elks Club last night in response to a call for musicians who may form a Symphony Orchestra in this city, they voted to effect an organization and start rehearsals, in the hope of attracting other musicians into the unit.

George C. Fellows, veteran Sanford musician who will direct the orchestra, today announced that the first rehearsal will be held at the Elks Club next Thursday night at 8:00 o'clock. He invites any musician in this city or county to attend the next meeting and following, and anticipates that at least 30 persons will be present Thursday night.

Those who attended last night's meeting were: Miss Madeline Mallem, Miss Virginia McDaniel, B. C. Moore, Mr. Steadman, S. E. Andrews, Roy Howell, S. J. Nix, John Peckham, S. Runge, John Dighton, and John Senkark.

## SWEDISH JOBS SCARCER

STOCKHOLM, June 17.—(A.P.)—With the number of jobless men and women grown to 110,000, or 15 percent of the registered work force, Gunn Larsson, minister for general welfare, has asked \$5,000,000 in the new budget with which to fight unemployment.

## Curtis Had Romantic Life As Night Cabman In Wild West Town And As Jockey

### WASHINGTON, June 17.— (A.P.)—Few careers are more romantic as that of Charles Curtis, of Kansas, renominated by his party for his post of vice president.

His life is the story of a part Indian boy, who lived in a tepee and rode lariatback on the western plains when the West was "wild and woolly," a one time jockey, a night cabman in a turbulent western city who fought for an education and by dogged determination forced his way to the foremost rank among his countrymen.

For Curtis, one time representative, senator and majority leader of his party, and vice president, the long trail leads back to more than 72 years ago when he was one of several boys in a Kaw Indian camp 80 miles to the west of Topeka. But he was different from his playmates. They were full-blooded Kaw, and he had only a strain of Indian blood.

As a boy, he loved the free life of his Indian kinsmen. After his grandmother sent him to his white relatives at Topeka he once returned to the Kaw reservation, having tired of the restrictions of the city in Topeka.

After being admitted to the bar in 1881, he became district attorney of Shawnee county, Kansas. He was elected to the House of Representatives in 1892, serving continuously until 1907. Then came his appointment as United States senator to succeed Joseph E. Burton who had resigned. Upon the death of Senator Lodge he was elevated to the post of Republican leader.

He was nominated as vice president in 1928, winning with the presidential nominee, Herbert Hoover in the November election. Immediately upon his elevation to the vice presidency he severed ties with his predecessor, Charles G. Dawes, in his efforts to revise the rules of the Senate permitting unlimited debate.

As vice president, however, Curtis has ruled the Senate with a firm hand, breaking no precedent of parliamentary regulations.

## Friend Of Sholtz To Speak Saturday At Headquarters

P. D. Gold, Daytona Beach insurance broker and close friend of Dave Sholtz, candidate for governor will deliver an address in behalf of Mr. Sholtz at Sholtz's Governor Headquarters in the Bell Cafe building tomorrow night shortly after 8:00 o'clock.

This announcement was released at local headquarters of Mr. Sholtz this morning. Scores of active workers have carried the message to every corner of the county. They anticipate a large audience when the Daytonan delivers his address.

It was also announced that a group of well-known speakers will be in this city during next week, bringing to Seminole county voters the high points of the Sholtz plea for votes. Mr. Sholtz is expected to appear here before the second primary is reached, but the actual date of his coming is uncertain.

## Imposing Cast All Set For Benefit Show At Milane Theater Tonight

Outstanding vocalists and comedians of this city, augmented by professional and amateur talent from Orlando and DeLand comprise the cast of characters that will be seen on the program at the midnight benefit performance for the Florida exhibit at the Chicago World's Fair at the Milane Theater tonight at 11:00 o'clock.

The program was released today, shortly after the committee in charge announced that the discount on the sale of tickets to this performance had been lifted and that adult admissions will be 50 cents each. Children are to be admitted for 25 cents.

The program is in five parts, opening with a minstrel first part, and concluding with the presentation of three short features selected for the occasion.

In the minstrel first part, Harry Kent will act as interlocutor. Seated in the circle about him will be Mrs. A. M. Phillips, Mrs. H. L. Glenn, Mrs. Eustis Peaks, Mrs.

Homer Clause, Mrs. B. C. Moore, Mrs. Hugh Lalor, F. S. Lamson, B. C. Moore, Carl Williams, J. M. Stinecpher, H. W. Rucker, B. H. Williams, and Homer Clause. George Schiffley, Bill Hoffmann, Bob Pearson and Ed Lane will be end men.

During the minstrel first part, the following program will be presented: "Let Me Call You Sweetheart," sung by Mrs. Eustis Peaks; "River Stay Way From My Door," sung by F. S. Lamson; "Somebody Loves You," sung by Mrs. A. M. Phillips; "Goodbye Elna Jane," sung by Bill Hoffmann; "Ole Caroline," sung by J. M. Stinecpher; "Home," sung by Mrs. R. L. Glenn; "Alexander," sung by George Schiffley; "In A Window In A House In Carolina," sung by Homer Clause; special selection, the Kiwanis Quartet; grand finale, the entire company.

Hall Butler, Keith vaudeville artist now visiting in DeLand will appear in a skit entitled "Nertz," (Continued on Page Five)

## SHOUSE SEES Republican Show Is G. O. P. PLANK Over With Hoover, AS STRADDLE Curtis Nominated

### Democratic Chairman Describes Stand On Prohibition As One Of Dubious Meaning

WASHINGTON, June 17.—(A.P.)—The Republican plank on prohibition was described yesterday as "weasel worded all through," by Joseph Shouse, chairman of the Democratic national executive committee. He said the pronouncement was "susceptible of any meaning that the driest dry of the wettest wet might desire to read into it."

Quoting extracts, Shouse said they proved the document to be "as complete a straddle as the administration was able to devise in view of the fact that 472 delegates in the convention were for submission . . . of an outright appeal of the present federal authority over the liquor traffic."

His statement in full follows: "I have received many inquiries as to my view of the prohibition plank adopted by the Republican national convention, perhaps because of the difficulty most people seem to have in determining just what it intends to convey."

"In another paragraph I observe the Republican party believes that in any proposed amendment the federal government should allow states to deal with the problem as their citizens may determine, but that the federal government should retain the power to preserve the gains already made in dealing with the evils inherited from the liquor traffic."

"In short, the long, complex and involved plank is as complete a straddle as the administration was able to devise in view of the fact that 472 delegates in the convention were for the submission to the voters of an outright repeal of the present federal authority over the liquor traffic."

## Absentee Ballots Now Obtainable At Office Of Sharon

Ballots to be used by persons contemplating being absent from this county on June 28, date of the second primary, are now available at the office of County Judge James G. Sharon.

Those who wish to cast their ballots have until midnight next Friday night, June 24, in which to do so. After that hour, according to law, there can be no more absentee ballots cast in this city. A voter might cast an absentee ballot at another precinct in Florida on election day, but as far as this county is concerned, midnight Friday, June 24 is the deadline.

Second primary ballot in Precinct No. 3, Sanford, will carry names of candidates in 12 races. These races are representative in Congress, state at large, governor, comptroller, railroad commissioner, state senator, 37th senatorial district, national Democratic committee man, county judge, sheriff, justice of peace and constable, District No. 4, and county commissioner, District No. 1.

Voters in Precinct No. 1, Sanford, Lake Monroe, Paola, Lake Mary, Longwood, Altamonte Springs and Forest City, will cast votes for candidates in all the races but that of county commissioner.

Voters at Slavia, Oviedo, Geneva, Gabriella, Chuluota, and Osceola will find only nine races on their ballots. They need not vote for constables and justice of the peace, District No. 4, nor for county commissioner.

## Final Rites Will Be Held For Godale Baby

Funeral services for Louise V. Godale, two-year old daughter of Mr. and Mrs. M. T. Godale of this city, will be held at the Erickson Funeral Home tomorrow morning at 10:30 o'clock. Burial will be in Evergreen Cemetery with the Rev. J. B. Root of the First Congregational Church officiating.

The child was born at Hardwick, Vt., and had been living in Sanford with its parents for the past four months. It also survived by a sister, Eleanor Godale. Mr. Godale is a salesman for the Hof-Mac Battery Co.

## JOSEPH FRANCE IS EJECTED FROM CONVENTION HALL

### Is Blocked Seeking To Put Coolidge Name Up For Nomination

CHICAGO, June 17.—(A.P.)—Momentarily disrupting the Republican national convention, former Senator Joseph I. France, of Maryland, yesterday made an unsuccessful attempt to place before the delegates the name of former President Coolidge as an opponent of President Hoover.

Blocked in his personal attempt to obtain the nomination, France invaded the chairman's platform, demanded to be permitted to speak and was promptly ejected by police.

An unusual quiet had settled over the stadium after the long demonstration for the President. L. B. Sandblast, a delegate from Oregon, nominated France and when he finished the former Maryland senator approached Chairman Enell and shouted he intended to address the convention.

"You aren't a delegate," snapped Enell, apparently surprised by France's presence.

"Oh, yes I am," retorted France. "Here are my credentials. I am a delegate from Oregon. You don't want me to talk because you know what I am going to do. I'm going to nominate Coolidge. You are trying to stifle me."

He presented the credentials of a member of the Oregon delegation.

Meanwhile, the quiet of the convention had broken. Delegates in front of the platform attempted to learn the cause of the disturbance. Newspapersmen, seated beside the platform, stood upon their desks in an effort to see Enell, aided by Everett Sanders, sergeant-at-arms and his assistants, edged France to the rear.

"You will have to carry off a presidential candidate if you want to stop me," shouted France. "I have a right to talk and intend nominating Coolidge."

A Chicago policeman grabbed France by the arm and pulled him down the rear platform stairs. Quiet was immediately restored and France, after giving newspapersmen copies of the speech he had hoped to make, was lost in the crowd.

## John Thomas Is Declared Guilty Of Manslaughter

A jury of 12 men brought in a verdict of manslaughter late yesterday afternoon in the case of John Thomas, negro, charged with the murder of Lewis Graham, another negro, on Mar. 6.

The case, which began Wednesday morning before Circuit Judge Millard B. Smith, went to the jury yesterday afternoon at about 4:00 o'clock, after state's attorney Lloyd F. Hoyle had completed his arguments and defense attorneys S. R. Dighton and H. S. White had presented their pleas.

The jury that reached its verdict after 40 minutes of debate was composed of: H. E. Russell, O. Burnett, W. L. Stoudenmire, L. P. McCuller, C. E. Entaminger, H. Alderman, E. H. Grant, Ruben Marler, W. D. Stine, C. S. Lee, and C. E. Ward.

A charge of assault with intent to commit the murder of Lewis Graham, placed against Easie Thomas, was to have been tried immediately upon conclusion of the case against the woman's husband. This morning Attorney Hoyle asked that it be temporarily passed so that the second "ice-pick" murder case may proceed.

Beatrice Smith, negro woman, is the person under indictment for first degree murder of her husband James Smith. She went on trial this morning before a jury composed of the following: R. W. Lawton, H. J. Wilson, W. A. Lewis, W. T. Mouldin, E. L. Locke, John McNaughton, H. E. Russell, O. Burnett, W. L. Stoudenmire, C. E. Entaminger, C. G. Lane, and C. E. Ward.

The views expressed were ranging from vigorous to some of the "Naps" to (Continued on Page Two)

## Florida's Delegation Starts Home To Begin Stiff Campaign Against Democrats

CHICAGO, June 17.—(A.P.)—The big Republican show is over, but the Democrats are moving in with an even more imposing array of political stage trimmings and the pause will be only temporary.

Having renominated Hoover and Curtis and chosen Everett Sanders, of Indiana, their campaign manager and melted down a grab variety of prohibition views into a plank promising submission of a plan for modification, the hosts of Republicanism evacuated Chicago haunts with no lost motion.

The Florida delegation started home to plan a vigorous campaign against the Democrats in the November election. The state executive committee has been called to meet in Jacksonville next Monday to elect officers for two years and discuss campaign plans.

Within a week the Democrats will be here preparing for their own convention opening June 27. Advance agents of a dozen presidential candidates will be getting headquarters space in shape over the present week-end and then it will be a matter of steadily increasing activity until the gavel drops.

Republicans left behind them the memory of at least two events which bid for places in political history. One was the sudden appearance of sentiment for prohibition repeal curbed only after a real convention battle and the other was the final victory for Curtis in his candidacy for renomination after it appeared for a time he was on the verge of defeat.

President Hoover heard over the White House radio the Chicago ceremonies renominating him as the Republican presidential candidate.

Later from his office he sent a telegram to Representative Enell who presided over the convention, saying in part:

"If the American people shall again commit to me the high trust of this great office I pledge to them the full measure of my devotion to their service."

The result of the balloting on the vice presidential nomination was announced in the Senate while the vice president was in the chair. There was a burst of applause. Curtis rose, bowed and then sent a telegram to Enell.

"I feel very sure," part of it said, "that the record of the present administration is such as to insure the election of the entire Republican ticket in November."

Word from Chicago that Everett Sanders, former secretary to President Coolidge, would be the next chairman of the Republican National Committee received quick confirmation from the White House. Sanders was for some years a member of the House from Indiana.

He will succeed Senator Feas, of Ohio.

Sanders probably will come to Washington soon to discuss campaign plans with the President and then return to Chicago where, under present plans, headquarters will be established.

The first thing the President did after his nomination was old familiar business with him: Posing for pictures with groups on the south lawn of the White House grounds. There were nearly 500 persons present who gave him a round of applause.

In the House, the news of Mr. Hoover's choice was received with applause from both sides of the chamber. Democrats stood and cheered even after the Republicans had taken their seats.

"That said some of the Democrats, 'fixes things fine'."

News of the nominations pushed aside momentarily the wholehearted public discussion of the Republican prohibition plank which had been going on all day in and out of Congress.

The views expressed were ranging from vigorous to some of the "Naps" to (Continued on Page Two)

# ARE YOU "ROASTING"?

## THE AIR IN YOUR KITCHEN?

How much of the heat from your stove is used to warm the air? Heat caused by flames such as the burning of wood, kerosene, or gasoline, not only cooks your food but also the air . . . and the odors from the fuel fill the whole house.

Heat from electricity is applied directly to the pots and pans. . . no odor, no flame, no heating of the surrounding air. No other form of heat can compare with electricity as a cooking fuel. A cooler kitchen, automatic time and temperature controls, a saving of food values, perfect results and cleanliness are just a few of the many advantages that electric cookery provides.

Even though you do not have an electric range, you are paying for it in wasted heat, dirty pots and pans, sooty walls and curtains, long hours in the kitchen, constant drudgery and worry. Why not install one now and let the THIRTY THREE, those energetic little 7c, 5c, and 2c blocks in your new residential electric rate, bring you cool cooking comfort in a clean kitchen at a cost so low that it will surprise you?

Sanford, Florida, June 17, 1932

Mr. Mellon's "Power Trust" Candidate

Early in the gubernatorial campaign we selected the candidate who in our opinion was best qualified to serve the people of Florida during the next four years. That man failed to receive the approval of the voters and was eliminated from the race on June 7. We had fully determined to let the matter rest and to take no part in the rest of the campaign other than to mark our ballot on June 28. But the unfair character of the campaign which has gathered force during the past few days and is now being waged with relentless fury by one of the candidates demands from every decent citizen, it seems to us, unequivocal repudiation. Dave Sholtz was not our man for governor. He was the people's candidate, in that term's truest sense. With no political organization whatever, without financial backing of any kind, without the support of a single newspaper outside his home county, practically ignored by the other candidates because he was not accorded the slightest chance of winning, he went into the campaign absolutely on his own. He did less advertising than any other candidate in the race with the possible exception of Hart and Gomez and he left no paid managers behind in the various cities he visited throughout the state.

Now that Mr. Sholtz has managed to get into the second primary it suddenly develops that he is a fiend in sheep's clothing. The "Voice of the John Martin Club" in Orlando the other night was one of those exposing him in all the awful truth. Unable to find anything in the public record of Mr. Sholtz, in his work as a state's attorney or his career as a legislator, or in his civil life as president of the state chamber of commerce or grand exalted ruler of Florida Elks, the "Voice of Martin" was compelled to resort to the most fantastic flights of a distorted imagination.

Mr. Sholtz, it was said, is the "power trust" candidate and is being financed by Andrew Mellon who was characterized as the most vicious influence in American politics. The "Voice of Martin" reached this conclusion by declaring that "Voices of Martin" reached the Florida East Coast Railroad, that Mr. Sholtz represents the Florida East Coast Line in some way the East Coast and the Atlantic Coast Line are in some way connected, that the Pennsylvania Railroad controls the Atlantic Coast Line, and that Mr. Andrew Mellon controls the Pennsylvania. Therefore Mr. Sholtz is the "power trust" candidate and unfit to sit in the governor's chair.

We do not know just what legal services Mr. Sholtz may have rendered the Florida East Coast in the past. We do know that this railroad is now in receivership, that its former stockholders were an entirely different group from the stockholders of the Atlantic Coast Line, that the Pennsylvania does not control or own any part of the Atlantic Coast Line, and that Mr. Mellon, if he is even a stockholder, is not actively connected with the Pennsylvania, has been retired from all active business for the past ten years, and could not possibly, from his distant diplomatic post at the Court of St. James, have the slightest influence or any interest in Florida's gubernatorial campaign.

This is but characteristic of the type of abuse which has been heaped upon Mr. Sholtz since the last votes in the recent primary were counted. He has been accused of everything under the sun that is immaterial and irrelevant to the issues of this campaign. In addition to being the candidate of the railroad and utility interests, he is charged with being a Jew, a foreigner, a bankrupt, a Bolshevik, a Yale man, a Beta Theta Pi, a Knight of Columbus and a Ku Klux Klanman.

We do not know Mr. Sholtz very well. We do not know to what extent these charges may, or may not, be true. We do know a great many people at Daytona Beach, however, and we have always found them to be a pretty decent class of people, very much like those living in Sanford. They know Dave Sholtz well, for he has lived among them for some thirty odd years. Their endorsement of him in the recent primary is sufficient evidence of his high standing among them. With seven other candidates in the race, Daytona Beach gave Mr. Sholtz nine out of every ten votes cast. And in Duval county where John Martin and Stafford Caldwell should be known best, Dave Sholtz received a thousand more votes than the next high man.

A School Of Politics

Prague, capital of Czechoslovakia, will open next autumn a high school of politics. It will be divided into two sections, one a general political section, the other a special one for journalists. The object is to "increase and supplement existing knowledge of politics, so as to establish a more responsible standard of judgment in political, social, and cultural questions, which will directly affect everyday existence."

Such a plan appears to us to be very worthwhile and one which would not be amiss to adopt in this country. Aside from the difficulty the average voter encounters in finding out about the mechanics of our political system, who may vote and who may not, when elections are held and that, and a hundred other such questions, there is the ever-present doubt and uncertainty over the truth of propaganda for and against candidates for election.

A school of instruction where the tricks and machinations of politicians could be taught and comprehended by otherwise befuddled citizens would be of immense assistance in lifting our politics to a higher plane. There are many artifices and maneuvers common to certain office seekers which have the label of deception written all over them, but which may serve the purpose in some instances to lure good but gullible citizens to vote for the wrong man.

Some people have the natural faculty for recognizing political chicanery, others must be taught. It is for this reason that such a school as Prague will open, would be a big help to the voters in arriving at a decision as to what is honest and what is merely political trickery.

Amos Is Praised By Judge Fancher Of West Palm Beach

WEST PALM BEACH, June 17.—Stressing the outstanding qualities and characteristics of Ernest Amos and citing his record as comptroller of the state, Judge F. T. Fancher, recently spoke at a dinner at the Salt Air Hotel, attended by more than 40 enthusiastic friends of Mr. Amos, who gathered to pay tribute to his character and service to the state and to plan ways and means of carrying the truth concerning the man and his work to the people of Palm Beach county.

The meeting was largely devoted to talks by various persons present in regard to the services of Mr. Amos as comptroller for the last several years. A pleasing report was read to the group, asserting that union labor was strongly favoring Mr. Amos because of Mr. Amos' opposition to the workmen's compensation act.

In speaking of Mr. Amos, Judge Fancher said, "In the face of all the criticisms that have been hurled at Mr. Amos, he has conducted himself at all times in a manner that has attracted the admiration of all of us."

"I remember in 1925," Judge Fancher continued, "when the bankers association met here in El Verano Hotel, of that time that the boom couldn't last forever, and told them of the situation that confronted them all."

Tennis Tourney Is Started With All Favorites In Line

The annual Men's Singles Tennis Tournament for the city champion, ship is under way, with all the favorites in line, the usual number of dark-horses milling about in the background, and a potential champion in the person of the reported Mercer University champion entered at the last moment.

Thirty-two players were recruited through the activities of the recently organized Sanford Lawn Tennis Club, marking one of the largest entry lists in several seasons of play.

These players will fight it out on Thursday, Saturday, and Sun-

day afternoons, or early in the morning, until a winner is decided. To him goes the title "City Champion," and a trophy, while to the runner-up goes a trophy, both trophies donated by the Sanford Sporting Goods Store.

Pairings as announced by the committee on tournament play today are as follows:

L. F. Cotte, vs. Ray Fishbourne; J. M. Stinescoper vs. Wallace Phillips; James Hayes vs. C. E. Adams; Henry McLaulin vs. George Mays.

D. L. Harper vs. Pete Schirrad; Walter Bach vs. Eugene Terwilliger; T. W. Layton vs. Ralph A. Smith; E. E. Lacey vs. Clay Williams.

Ben Steele vs. Clifford Howell; W. C. Hutchinson vs. Gilmer Steele; Frank Chase vs. Malcolm Higgins; Jack Aycock vs. Dr. W. Epps.

Roy Holler vs. Roy Symes, Jr.; W. E. Mallen vs. Billy Faville; Billy Zachry vs. James Terwilliger; Joe Leinhardt vs. H. C. Bivins; said to be the champion of Mercer University.

SENATE HEADS TOWARDS VOTE ON BONUS BILL

(Continued From Page One) state taxes. Acting Speaker Rainey appointed a special committee of five to study the subject and report back to Congress in December.

About the same time the House adopted unanimously and sent to the Senate a resolution intended to prevent evasion of the excise levies on gasoline and lubricating oils in storage on June 21 and thus save \$22,000,000.

First estimates from the committee were that this resolution would save only \$17,000,000, but when the measure was brought up on the floor Representative Ragon, Democrat, Arkansas, gave the larger figures.

It would amend the new tax law so that the excise levies would apply to all stocks of gasoline of more than 25,000 gallons and all stocks of lubricating oil of more than 1000 gallons in storage on June 21.

President Hoover's furlough plan for government employees continued to deadlock conferees on the economy bill. Backed by the full support of their leadership, the House Democratic conferees stood

fast on this issue. Finally it was agreed, in a conference between Chairman Jones of the Senate members and McDuffie of the House for another conference today, once more to seek an agreement.

While the \$300,000,000 Senate bill for state relief loans rested in the House Banking Committee—awaiting Speaker Garnet's return—Senate Democratic and administration leaders sought a compromise on the \$2,000,000,000 remainder of the Wagner program.

In addition to an increased capitalization for the Reconstruction Corporation, this bill embodies a \$500,000,000 public works program, just half the sum provided for the same purpose in the Garner bill Hoover condemned.

Some mention was made of replacing this contested section with a \$125,000,000 road program, but Democrats were standing firmly for providing new employment through federal buildings construction.

The House Rules Committee mulled over a request for special consideration of the three-way farm relief plan returned by the Senate Wednesday to its agriculture committee. On the Senate side, too, farm leaders were maneuvering for another ballot on some agricultural aid bill before Congress quits.

During debate on the navy appropriation bill the Senate approved without a record vote an amendment by Senator Robinson of Arkansas, the Democratic leader, prohibiting use of any of the \$319,000,000 in the measure for sending more marines to Nicaragua to supervise the coming elections.

Democratic members charged that Secretary Stimson, to whom was attributed an agreement to send 300 marines and 100 officers to Nicaragua to supervise the elections, had no authority for such action.

The conference agreement on the Metcalf-Conroy bill to require labor wage rates to be written into government construction contracts was accepted yesterday by the House. Senate approval will send the measure to the White House.

Long's Meat Is A Treat To Eat

Republican Show Is Over With Hoover, Curtis Nominated

(Continued from Page One) a characterization of the plank's author as "an ambidextrous amphibian" by Senator Gore (D. Okla.).

Senator Tydings, a Democratic anti-prohibitionist leader, said the plank was "a group of splinters containing some Southern pine, Western spruce and a little of 'The Sidewalks of New York'."

Senator Watson, of Indiana, the Republican leader, said he was "satisfied" with the pronouncement and Senator Barbour, a leading Republican anti-prohibitionist, hailed its adoption as "the first definite victory of the anti-prohibition forces."

President Hoover heard nearly all the demonstration for him at Chicago over the radio. He left the luncheon table later when informed that the balloting was beginning and heard the names of states called and their almost unanimous vote for him.

He appeared tired when he came to work yesterday morning, having remained by the radio until after midnight Wednesday night to hear the debate on the prohibition plank. He was obviously pleased at the adoption of the administration sponsored substitution plank instead of a straight repeal proposal.

With him beside the radio was Mrs. Hoover.

After leaving the Senate presiding officer's chair the vice president grinned broadly at newspapermen and informed them that he had known since "1 o'clock last night" that he was to be renominated. There had been more than a little opposition to him at the Chicago meeting.

**FLORIDA TRUCK OPERATORS GIVE SHOLTZ SUPPORT**

**Endorse Candidacy After Attending Meeting For John Martin**

TAMPA, June 17.—Convening after attending a meeting of the John W. Martin for Governor club here last night, representatives of 10 state and interstate truck lines operating through Tampa, adopted a resolution endorsing Dave Sholtz for governor.

Having their resolution on Sholtz's platform opposing unlicensed and unregulated highway freight trains, agents of the truck lines voted to give their undivided support to Sholtz.

Signers of the resolution, earlier in the evening, heard Pat Whitaker urge their support for Martin.

Reviewing a recent address by Sholtz that he was opposed to unlicensed and unregulated highway freight trains, some 60 feet long, carrying 25 to 30 tons of freight and bringing their own gasoline with them to Florida to avoid the state tax, the truck line operators adopted the following resolution:

"Whereas, we operators of truck lines in Tampa and neighboring vicinity have been called together at the request of representatives of John W. Martin's candidacy, for governor, to consider the platform of David Sholtz, appertaining to the use of highways by outside freight truck lines.

"And whereas we have carefully and duly considered the statements made by the said David Sholtz, with reference to the use of the highways in the state of Florida by outside freight truck lines.

"Now therefore, be it resolved that we are wholly satisfied that the platform announced by the said David Sholtz is for the best interest of the state of Florida, and will not be detrimental to our interests.

And it is further resolved that we believe that the said David Sholtz, if he be elected governor of the state of Florida, will tax outside truck lines now operating over the highways of the state of Florida illegally and free of tax, thereby giving rail carriers and state regulated motor operators an unfair competition, and that it is our opinion that the said David Sholtz will, if elected governor, force the needless waste heretofore the state of Florida, greatly recurring in the administration of state affairs, and we do hereby endorse his candidacy for the position of governor for this state."

The resolution was signed by representatives of the following truck lines: Central Truck Lines, Susie G. James Truck Lines, John P. Nutt Truck Lines, Fogarty Brothers, McLeod Truck Lines, Star Truck Lines, Adams Lines, Green Brothers, Harold Truck Lines and the Edwards Truck Lines.

G. A. Pottaway was chairman of the Martin meeting, held in the Hendry-Knight building. The truck operators' meeting was held in the offices of the Central Truck Lines at 405 Eunice Street.

**Dave Sholtz Heads For West Florida; Alsop Gives Talk**

FORT LAUDEDALE—John T. Alsop of Jacksonville, opposing W. J. Sears, also of Jacksonville, for congressman from the state at large, spoke in Ft. Lauderdale. He discussed his record of public work for Florida as mayor of Jacksonville.

JACKSONVILLE—Tom S. Hart, who ran sixth in the first primary for governor, announced here that "for business reasons" he would not "publicly endorse either candidate" for the nomination in the run-off primary. He said that he was "withdrawing from politics," x x x thus leaving his friends and supporters to make their own choice," in the second primary.

JACKSONVILLE.—Dave Sholtz of Daytona Beach, opposing John W. Martin in the second Democratic gubernatorial campaign, travels today toward West Florida, where he will continue his bid for votes.

Sholtz opened the second primary drive with four addresses on Tuesday night, and then turned back into Central Florida en route for the western part of the state.

**"Men Of Chance" To Be Shown Saturday**

Hurling into cinema prominence with a pace as fast as modern life, RKO-Radio Pictures' "Men of Chance" comes to the Milano Theater Saturday with Mary Astor and Ricardo Cortez cast in two of the most dynamic screen roles in years.

There are no muted horns blowing in "Men of Chance." The film is a compelled blast of strong emotions and strong men and women built up to a strong dramatic climax.

Geared to the fast tempo of Paris and other pleasure capitals, it reflects the exhilarating pace of modern times in a story filled with the hats and the loves of a dominant man tricked by his enemies through the agency of the woman he marries.

The film is hailed as a notable achievement in motion picture production by virtue of its intense action and adherence to the accepted principle that a motion picture is essentially a dramatic vehicle of entertainment.

COMPANY D WINS 8-7 GAME OVER MEDICAL OUTFIT

Murray Kanner Hurls Team To Victory In Impressive Manner

By E. H. CULLUM
Staging a whirlwind finish, tying up the score in the 6th inning and putting over the winning runs in the 7th, the Medical Detachment defeated Company D 8 to 7 last night.

ning. However, four runs had come across and the game tied into a hard knot.
Company D broke the tie in the seventh with what looked like the winning run, but the old maxim a ball game is not over until the last man is out holds especially true in diamond ball.

der the wire an easy winner, but they were stacked up against a team who never knows when they are licked, and a team that is liable to come from behind at any time.
Tonight the Colonials' Laundry Girls engage the Bluewood Chamber girls team here, Monday night. Firestone will play the St. Paul and Company of Orlando. The Sanford Civil Guard Odham came to bat and with a promise of two cases of Coca-Cola if he got a home run, sent the ball over left center far out of the outfield, for the circuit, scoring Wade ahead of him, winning his drinks and also the old ball game.
