Iran Will Negotiate Oil Concessions If Troops Evacuate

(Continued From Page One)

to put a new Iranian government in power.

The immediate objective of the Russians, according to this line of reasoning, would be to get official Iranian permission for the continued presence of Red Army troops in Iran. These troops were to have been withdrawn by Mar. 2 and their continued presence in the middle eastern country constitutes the crux of the Soviet-Iranian dispute.

The State Department has attached no significance to the disclosure that the American vice consul at Tabriz, Robert Rossow, was detained for 30 minutes last Friday at a Red Army Post on the outskirts of the city. The State Department says Rossow was released quickly by the Soviets after his identity had been established. The State Department adds that the Soviet consul general expressed his regrets over the incident and traced the whole thing to misunderstanding on the part of a Red Army sentry.

see that the food gets from the supply centers to the tables. The barbecue maestro, Gus Schmah and W. E. Hathaway, will head an imposing list of experts whose fame as barbecue chefs, has incited widespread envy will prepare the feast. Phil Bach has assured the cooks that he will have no less than 20 cords of the best barbecue wood at their disposal.

Ed Whitner, manager of the Seminole Country Club, is handicapper for the golf tourney that will start under way at 1:30 o'clock. Mr. Whitner who reported the course in fine condition and said that entries from the club roster as well as from nearby cities indicate that the prizes will be hotly contested for. Entries are still being accepted, he said, and will be listed right up to the starting time.

Big league baseball with its rabid fans comes to Sanford at 3:00 o'clock on April 3, said Fletcher Bolls, when he reported for the baseball committee of which he is chairman, for Washington and Brooklyn will cross bats at the Municipal ball park that day. These two clubs are being rated as top contenders in their respective leagues.

"Who knows," said Mr. Bolls, "we may be seeing the first game of next Fall's World's Series."

Ticket sales will start soon and will include box seats, white grandstand and colored grandstand seats. Nationally known sports writers from Chicago and Washington will accompany the teams, it was said.

J. H. Rattigan, chairman, and the Junior Chamber of Commerce sponsoring committee, has provided for two big dances. A script dance at the Armory will start under way at 9:00 p. m. Stewart Martin's band from Orlando will provide music till 1:00 o'clock at a cabaret style affair that is finding favor with the local and neighboring dancers, said Mr. Rattigan.

On Magnolia Avenue between First and Second Streets an open air dance will start at 8 o'clock and end at midnight. Two bands will give the participants a variety from the hot and sweet to the square dance and rock. Colorful street lights will heighten the gay spirits of the dancers and onlookers.

"Much hard work by the various committees has been done and will continue to be done to assure an impressive welcome to the veterans and give them a day full of activity with a selection of events that surely should meet the wishes of everyone," said President Coleman. "The Chamber of Commerce hopes the day will also add assurance of our desire to have these fine girls and boys stay here and help in the growth of Seminole County."

Manager Higgins said that it has been many a moon since so complete a day of fun-making has been planned here. He expressed appreciation to T. W. Lawton, superintendent of public education and the school board for their cooperation by making April 3 a holiday for the schools.

The Merchants' Association also has passed a resolution making the day a closed one giving their employees an opportunity to take advantage of the festivities.

LEGAL NOTICE

Nimitz Against Proposed Cut In Navy Funds

Extension Of Draft Law For Indefinite Period Is Urged By Gen. Hershey

WASHINGTON, Mar. 19, (AP)—A proposed cut of \$2,000,000,000 in Navy funds was opposed in the strongest terms today by the Chief of Naval Operations, Admiral Chester W. Nimitz. He told the House Naval Committee that even now, it would take at least six months to bring the Navy back to its 1945 fighting strength. He said that the proposed \$2,000,000,000 cut in Navy funds would "jeopardize the influence of our nation in world affairs and the defense of our homeland."

The House Military Committee, meanwhile, received a recommendation from Selective Service for an extension of the draft law for an indefinite period. The recommendation was made in a letter to chairman Andrew May from the selective service director, Major General Lewis B. Hershey. General Hershey proposed that the service of inductees be limited to 18 months.

Report On UNO Is Sent To Congress

WASHINGTON, Mar. 19, (AP)—President Truman has sent Congress a report on the first meeting of the United Nations, held in London two months ago. The President declared that the United States must continue to support and improve the charter or betray the trust of those who fought for lasting peace and security. The President stated that to do our utmost in this essential effort of peace-loving nations will be to give new and full expression to the meaning of "America" to the world.

Mr. Truman's report covered the activities of the American delegation at the UNO meeting.

Senator Boyle Main Speaker At Jewish Center

Relates Need Of Federation Of World To Achieve Peace

Pointing out that peace negotiations have broken down, that the Big Three are already at odds, and that in Europe the San Francisco Conference is already being called "San Fiasco," State Senator Lloyd F. Boyle, in an address at the Jewish Community Center, Friday evening urged the need of a World Federation to achieve peace by law as humanity's only salvation.

Swedish Engineer Goes On Stand In Goering's Defense

NUERNBERG, Mar. 19, (AP)—A Swedish engineer, Birger Dahlerus—testifier at the Nuremberg war crimes trial today that the Swedish government rejected a proposal that it mediate between Germany and Britain.

However, Dahlerus told the court the Swedish government offered no objection to a private citizen attempting such negotiation. As a result, Dahlerus said he personally carried a six-point peace plan from Adolf Hitler to British Ambassador Sir Stafford Cripps before Hitler's flight to Poland. Dahlerus appeared on the stand today as a defense witness for Hermann Goering. His testimony included much material already related in a British foreign office office by Sir Stafford Cripps.

But Dahlerus did disclose today his reaction when the engineer informed the Fuehrer that his so-called peace proposals had been rejected by the British. Dahlerus said Hitler became highly excited and quoted Hitler as saying:

Scientist Held For Revealing Data On Bomb

Dr. Alan May Pleads Innocent To Violation Of Secrets Act

LONDON, Mar. 19, (AP)—British nuclear scientist Dr. Alan May was ordered held for trial today on charges that he gave atomic information to an undisclosed person. Magistrate Harold McKenna of Bow Street Court refused bail and declared May's release might be against public policy.

May pleaded innocent to violation of the Official Secrets Act. This act provides a maximum penalty of seven years in prison for persons giving information deemed to be prejudicial to the safety and interests of the state. May's attorney, Gerald Gardner, demanded to know who might have been "an enemy" at the time—late last year, when May is alleged to have delivered the secret information.

The only time any nation was mentioned during today's proceedings was when Gardner asked a witness this question: "In February of last year Russia was a gallant ally, was it not?"

Prosecutor Anthony Hawke won a ruling from the magistrate that the state involved might be a potential enemy.

Channel Project Is Approved By Sub-Committee

Approval of the \$25,000,000 St. Johns River 10 foot channel project from Palatka to Sanford and Lake Harney by a Senate subcommittee of the Appropriations Committee was announced in telegrams received yesterday by Edward Higgins, manager of the Seminole County Chamber of Commerce from Senators Charles Anderson and Claude Pepper and Representative Joe Hendricks.

The next step, said Mr. Higgins, will be the submission of the project to a joint committee of House and Senate subcommittees for approval, and if approved, money will be made available for deepening the channel to 10 feet. He pointed out that Rep. Hendricks had stated in his telegram that money for the 12-foot channel will be secured later.

Following the failure of the House to include the project in the Civil functions bill among other Florida items, Mr. Higgins, representing the Chamber of Commerce and other central Florida interests, journeyed to Washington and outlined the desirability of the project to a Senate subcommittee for consideration. When he returned, he reported a favorable response to his testimony.

Today he declared he was fully satisfied with the progress made on the project and that he felt certain that it would be placed in the bill for appropriation. "I feel quite confident that it will be enacted," he said to House and Senate.

Photographer Opens New Studio Here

A new photographic studio, the Raymond Studio, will be opened in the Florida Bank Building as a women's finish putting in partitions for the studio proper, dark room, and dressing by W.R. Beavers, photographer. Room, it was announced today by the artist, who is also a painter and who declared that he had worked for some of the largest studios in the country.

Assisting him will be his brother, L.C. Beavers, who will specialize in portrait and amateur finishing. The studio is immediately over the former site of the Bobb Bakery. W.R. Beavers will take care of the portrait and commercial photography work. He is married and has three small sons.

Forty New Books Recently Released To Readers At Local Public Library

Forty new books were recently released to readers at the Sanford Public Library, it was announced by Mrs. E. J. Moughton, librarian. Women, she said, are reading much of the serious non-fiction as well as book of the month selections in fiction. Men are showing a preference for mystery and western fiction with plenty of action.

In the non-fiction group is "The Egg and I" by Betty MacDonald giving two years of chicken farming experience in the Olympic Mountains of the northwest, and written in a quaint manner. "My American Adventure" by Edna Baruchak, tells of the author's experience of being run out of Berlin by the Germans, and of her reaction to the dream, manner of America where she received her teaching career in an Ohio college.

"Soldier of Democracy" is a full length biography of General Dwight D. Eisenhower by Kenneth

Peron Needs 59 Electoral Votes To Win Election

BUENOS AIRES, Mar. 19, (AP)—Col. Juan Peron, Argentine strongman leader appears to need only the votes of Buenos Aires Province or the capital itself to win the presidential election.

Col. Peron approached today 59 electoral votes of victory by winning 22 in Entre Rios Province, Peron's home base, and votes to the 35 of his two provinces, where he still is incomplete, and in Buenos Aires, Peron holds a lead in the popular vote.

A second attack on the Argentine citizenship of Ludwig Freude has been made by the United States and Britain in a note to the Argentine Foreign Office. Diplomatic sources say that German files show that Freude was issued a German passport in 1937—two years after Argentine records, claimed he had become an Argentine citizen. Freude is now in the State Department's book. At one time, the United States had sought to have Freude deported.

Communists Accuse Nationalists Of Back-Sliding On Unity Pledge

Chou En-Lai Blames Central Government Of Present Confusion In Manchuria Because It Took Two Months To Agree On Truce

CHUNGKING, Mar. 19, (AP)—The Chinese Communist leader, Chou En-Lai, has charged that Chiang Kai-Shek's Nationalist forces are back-sliding on their unity pledges. He announced that he had written a letter to the Nationalist government to discuss the situation.

Chou accused the Nationalist government of resorting to tricks to cheat the people. He declared that unless the agreements reached at the latest of General Marshall's mediation, the Communist will use the way clear to reorganization of the government, also a unified, all-party national administration.

Chou blamed the present confusion in Manchuria partly on the fact that it took the Central government two months to agree to General Marshall's suggestion that troops be sent into Manchuria. The Communists, he said, agreed immediately.

Chou declares that fighting is going on in many places in central and north China, and that government forces are encroaching on Communist-held territory.

UNRRA To Buy Surplus Ships And Goods To Aid China

MANHATTAN, Mar. 19, (AP)—UNRRA will buy \$100,000,000 worth of surplus Army and Navy ships, machines, and tools and hand tools to be sent to China to relieve that stricken country.

The United States Foreign Liquidation Commission announced the closing of the deal today, and said disposal of the properties will enable UNRRA to roll up at least three United States bases in the southwest Pacific.

The FLC chief, John Howard, says the sale will provide some \$40,000,000 worth of ships and hand tools, and some \$60,000,000 of dry provisions are included, such as flour, beans and combat rations. Chief Howard adds a huge amount of medical supplies will be made available for Yellow River projects by the deal. In the past, UNRRA has bought \$30,000,000 worth of FLC property for use in China.

Three Nazis Strangled

BUDAPEST, Mar. 19, (AP)—Three Hungarian Nazis who served in the puppet regime of former Premier Ferenc Salasi have been strangled to death—the legal method of hanging in Hungary. They were put to death one week after the former premier was executed in the same manner.

RUSH TRIP

OTTAWA, Mar. 19, (AP)—Prime Minister Mackenzie King has disclosed that he made a rush trip across the Atlantic last fall to prevent what he feared would be a leak in atomic energy secrets. The Canadian Prime Minister said that his transatlantic trip was made to intercept a British scientist who was believed to be passing atomic secrets to Russia.

Two Injured In Auto Accident At Five Points

Negro Arrested For Reckless Driving Following Wreck

Two men in a wildly skidding Ford that turned end over end on the Orlando highway near Five Points were injured, and Mrs. John Teague, who operates the City Drug Store in Sanford, narrowly escaped injury when the Ford turned over sideways on the top of it, falling in the front of Mr. Teague's Packard. The accident happened shortly after 11:00 o'clock Monday evening, according to State Highwayman L. C. Bender, who investigated. The driver of the Ford, Equity Kimmle of Oweelo, was arrested for reckless driving. Both he and a passenger, Clayton Oweelo, were being x-rayed this morning for determination of further injuries.

Patrolman Bender was of the opinion that Kimmle was trying to pass the driver of another Ford driven by the brother of Clayton Oweelo, and in an attempt to pass the right front of his car struck the left rear of the car of the other driver, causing Kimmle to lose control. There were said marks of more than 300 feet on the highway, said Bender. Some of the weaving car approach. Mr. Teague heading north toward Sanford, pulled his car to the right side of the shoulder of the road and stopped.

After the Ford overturned on its side, it did not roll back and turned which both passengers through the top, cut and bruising them. They were taken to the hospital. Both wrecked cars were towed to Raleigh.

Saturday afternoon in "Death Valley" on the Orlando Highway, Mrs. Teague driving a 1941 Oldsmobile Coupe, went toward, overtook and smashed into the rear of a Ford sedan driven by Rufus Brevlow of Fern Park forcing him into the ditch. Patrolman Bender reported. Mrs. Teague faces charges of reckless driving. Considerable damage to a Dodge pickup truck driven by Thomas McCullough of Osteen resulted Monday afternoon at 2:30 o'clock when a car driven by T. Smith, of Oweelo, ran into the back of the truck and knocked it against a tree. The negro's car was badly damaged and he was arrested for reckless driving. The accident occurred on State road 57, two miles east of the St. Johns River in Volusia county.

Eugene Faigle, negro, was arrested for reckless driving after his Ford collided with another Ford driven by John George on the St. Johns River. Saturday evening there was slight damage to both cars. Bender said.

Iranian Ambassador May Present Case Personally Before UNO Council

WASHINGTON, Mar. 19, (AP)—The first secretary of the Iranian Embassy today told the Associated Press that Iran has filed a new protest with the World Security Council against the continued presence of Russian Troops within its borders. The Iranian diplomat said the protest was delivered last night by the Iranian ambassador, Hussein Ala, to Trygve Lier, the United Nations Organization secretary general, who is now in Washington. The first secretary said the ambassador acted on instructions which he received from Premier Ahmed Qavam last yesterday. He added the belief that the Ambassador might personally present the Iranian case against Russia to the Security Council in New York next week.

Before this announcement, there had been considerable speculation that the Russians were trying to scare the Iranians from calling for help from the world peace organization. The United States government has received word from its representatives in Iran that Soviet officials in Tehran were trying to dissuade Premier Ahmed Qavam from protesting.

Junior Red Cross Thanked For Gifts Sent To Hospital

A letter of appreciation from the Walsh Convalescent Hospital at Daytona Beach for gifts made received by the Junior Red Cross, according to Florence M. Herndon, chairman.

The gifts included 50 pounds of home made candy; \$5.00 worth of holiday cards, seals and ribbons for patients; six sets of wrapping gifts (donated by the Garden Club); 200 tree ornaments and 25 Christmas bells made by the Southside school children; 100 painted pine cones, gold, green and silver, collected and painted by the Girl Scouts; and 60 glass tree ornaments that had been bought from the Junior Red Cross Fund.

In addition, home made candy was sent to the men of the Sanford Naval Air Station. Enrollment for the Seminole County Junior Red Cross is 100 percent from all schools. It was reported, have made \$10 in donations, and \$57 sent to this area office at Atlanta this month. Sixty educational gift boxes have been distributed to the schools and will be filled by April 1 and shipped to the export depot.

CLARK ON LEAVE

BERN, Switzerland, Mar. 19, (AP)—General Mark Clark has arrived in Switzerland for a six-day vacation. The commander of American forces in Austria arrived here today and plans to call on Switzerland's President Karl Kobelt. The American legation says General Clark's visit will be purely social like the rest of his stay in Switzerland.

MAY PREVENT WAR

LONDON, Mar. 19, (AP)—Field Marshal Lord Alexander sees the deadly atomic bomb as a deterrent to war. The former supreme commander of Allied forces in the Mediterranean told an audience at historic Guild hall that the A-bomb may prevent another major war for "a long time."

Engineers Plan Public Hearings On Improvements

A series of public hearings to be conducted by the United States Engineers office in Jacksonville for the purpose of learning what canal improvements are desired and the necessity therefor have been announced by Col. A.B. Lopez, district engineer.

The hearings will center around "flow control," navigation and related purposes of various Florida waterways including the upper St. Johns River and marsh, the waterway from the St. Johns River to the Kissimmee River and the channel from Sanford to Indian River near Titusville.

Hearings will be held Apr. 16 in Leesburg, Apr. 15 in Sebring, Apr. 24 at Fort Pierce, Apr. 25 at Titusville and May 9 at Kissimmee.

The district engineer also revealed that a report on the channel from Sanford to the Indian River near Titusville authorized by the resolution adopted July 19, 1937, by the committee of River and Harbor of the House of Representatives, was submitted by the district engineer on Nov. 25, 1941. The report was unfavorable to improvement and action thereon by the Congress was delayed at the request of local interests who desired to submit additional information for consideration.

Following in war conditions, the district engineer revealed, the additional information was not submitted and the report was returned to this office without action for possible revision and inclusion in a report on related areas.

MINOR CLASHES

BATAVIA, Java, Mar. 19, (AP)—A number of minor clashes have occurred in Java. Two Indian soldiers were killed and five others wounded when the Goodyear factory at Buitenzorg was fired upon while they were guarding it. Members of the British-Indian garrison returned the fire. Minor clashes also have been listed at Bandung and Serabaja.

TELEVISION

NEW YORK, Mar. 19, (AP)—The forthcoming atomic bomb test off Bikini Atoll in the Pacific will be fully covered by television. Six major television companies today jointly announced plans for televising "operations crossroads" for television viewers in New York, Chicago and Philadelphia. They have received permission to send a cameraman with task force one.

KILLED IN CRASH

VIENNA, Mar. 19, (AP)—Three Americans have lost their lives in the crash of a U. S. Army transport plane in Hungary. The plane was enroute to Fugulavina from Germany, with five Yugoslav officials who had been in the Nazi War Crimes Trial in Nuremberg.

Lane Arranging Talent For 21st Pioneer Night

A fine program of entertainment for the 21st annual Pioneer Night at Lake Mary is being arranged by Edward F. Lane for Thursday evening. It was announced by Frank Evans, who has made Pioneer Night an eagerly looked for annual event by the "young people" of the county between the ages of 10 and 20.

Mr. Evans again today requested that the younger of the "young people" assist the older in getting to the hall.

Music will again be furnished by George Fellows and his Sanford Concert Orchestra. The program will include songs by Mrs. George Hardon who will be accompanied by Mrs. Edward Lane; an acrobatic dance by Eloise Cook and Anita Alken with Mrs. Lilla Moran at the piano; a song by Martin Stinebaugh; a solo dance by Gretchen Kirchhoff with Mrs. Moran accompanying on the piano; a recitation by Bobo Deani; cartoons by Larry Loring; Sanford's wonder boy cartoonist; a tap dance by Jacqueline McDonald and Ann Whitaker; a blackface act, song and monologue by Tom Trent of Plant City with Mrs. Trent at the piano, also other features to be announced later.

Free entry to the Ibis Theater March 25, 26 and 27 will be given by Manager B. Harris to those who have badges. Two cases, carved by J. B. Moss, will be presented to two ladies for the first time.

W.H. Anderson Gets U.S. Navy Commission

Walter Hodge Anderson, son of Mr. and Mrs. M. T. Anderson of 1211 Elm Avenue, has been commissioned an ensign in the United States Navy, according to information received today from the Fleet Home Town News Center.

Anderson received his commission from the United States Navy at the Georgia School of Technology, Eastern Anderson, who also received a B. S. degree, had been ordered to duty at the Naval Training Station at Newport, R.I.

NEW VOLCANO

TOKYO, Mar. 19, (AP)—The Japanese newspaper Asahi says that lava from a newly active volcanic crater on Sakura peninsula on southern Kyushu is endangering villages on the mountain side. Tokyo is unable to make telephone contact with Kagoshima, across the bay from the volcano. It is not known if eight hundred residents of one village immediately threatened by the lava have been evacuated.

PERMISSION GRANTED

VIENNA, Austria, Mar. 19, (AP)—The Austrian government has received authority to send political representatives to any nation which recognizes Austria, except Germany and Japan. Under the permission granted by the Allied Council, these Austrian representatives would be political and non-diplomatic delegates. They would be subject to approval of the Council.

TUESDAY, MARCH 19, 1946

BIBLE VERSE FOR TODAY

A REAL MAN SHOULD BE AS GOOD AS HIS WORD: He that sweareth to his own hurt and changeth not.—Psalm 15:4.

James Roosevelt says, "If you talk enough about World War III you'll get it," till we didn't talk enough about it before, and we got it anyway.

Democratic bigwigs are planning a series of "unity" dinners in an effort to win straying Democrats back into the fold. Isn't it a little late for that?

We see where the CIO Political Action Committee is taking an active interest in Florida politics. That should come as a distinct challenge to others who believe in the American way of life.

Speaking of Russian distrust of the United States, we see where we contributed \$22,700,499 in cash and goods to the American Society for Russian Relief last year. No wonder the Russians can't understand us.

Harold Stassen, who may be the next president of the United States, raps diplomatic "double talk and duplicity" in the State Department. It's been so long since we have heard anything else in high government circles in this country, we hardly understand anything that comes straight from the shoulder.

According to the Florida Chamber of Commerce, State needs 61,461 new dwellings at the present time. At the rate of construction in 1940, it will take three years to build them; and by that time, there will be many more people in this state looking for residences. It will take the building industry at least ten years to catch up with the demand.

The American Legion again comes out in favor of Universal Military Training. "This is the 25th time in 25 years," says National Commander John Steele, "that the American Legion has asked Congress for a universal military training law."

Prime Minister Clement Attlee told the House of Commons last week that India wants independence from the British Empire she can have it without interference from Britain. In fact, it strikes us, it would serve them right if Britain turned them loose. They would have it better than the carnage which they would get. It is a common human failing, however, never to know when we are well off, something that we Americans are as guilty of as the humble people of India.

New York City's Transportation system, taken over within the past few years by the municipal government, is getting many taxpayers. Not only do labor costs account of 72 per cent of all revenues, but transportation workers are constantly demanding higher pay. Meanwhile, the public which rides on New York's subway, insists upon not paying more than a cent for service which actually costs 7 1/2 cents. It will take more than a New Dealer, or a communist, or a kind of fanatic, to figure that one out.

Mayor William Beardall tells how to build a city without appealing to gamblers or racketeers. "You can do either way you want to," he is quoted by Martin Amersy. "You can let some fellow operate a gambling hall and you'll get a flock of sheep in to be sheared. They'll stay a couple of days, and leave 2000 dollars in cash, and you'll have the wool sold to you. They come here and stay the whole winter. Many buy or build homes. They like our town because it does not cater to the East Coast gold brick crowd who play the horse race and the dog track. There's a something worth looking about it's a church, and who lose their money gambling. The dog have sunk left with the dog, and some of them are not trustworthy."

Hero In Trouble

It is an old story that democracies are ungrateful, tending to make use of good and able men in emergencies and then lightly casting them aside. Plenty of such examples may be found in the history of the recent war.

There is Sgt. Forrest E. Everhart, for instance, aged 24, from Bainbridge, Ohio, honored by the United States Army as the first Ohioan since the Civil War to win the coveted Medal of Honor and emerge alive. He won great acclaim at the moment, but apparently was soon forgotten. Aside from the medal, according to a current news story, he has nothing. He is rated as one of the great heroes of the Second World War, and on his medal are inscribed these glowing words:

"The gallantry and intrepidity of Sgt. Everhart, rallying his men and refusing to fall back in the face of terrible odds, were highly instrumental in repelling the fanatical counter-attack at the American bridgehead across the Moselle River on Nov. 19, 1944."

There is no higher decoration than that for military valor. But he is "just a shy kid, except with a gun," and he has been reported lately as "broke and hungry," unable to get a job because of the "trench feet" that he acquired in ten days of continuous fighting in the water at the Moselle River, refusing to fall back against terrible odds, with neither food nor sleep. And now a current account says he can't get a job because his feet hurt.

It rather looks as if the entire American public, in one sincere gesture of humility, should apologize to him and his wife and young son, who have been tramping the highways with him. They are now in Texas. There are no many such people—better men than we are—in the same fix.

He'll probably get a job now—but how about the rest of them?

Trieste Corridor

Will Trieste be the 1946 Danzig? It will if the suggestion is adopted that Austria and Czechoslovakia, inland states both, get a corridor to the Adriatic Sea ending at Trieste. This would also separate Italy and Yugoslavia, both of which claim this former Austrian territory.

Danzig presented the same situation. To give Poland an outlet to the Baltic Sea, the 1919 peace conference gave her a corridor across German territory, ending at the port of Danzig. Being a German city needed as an outlet for Polish commerce, it was put under international control. The Germans disliked the whole set-up, partly because it meant a loss of territory, partly because it was a gain for the Poles. Danzig has thus some claim to being considered the breeding-place of the second world war.

A Trieste corridor would at least not cut any one country in two.

The real problem is the population grouping. The Italians tend toward seaport cities like Trieste and Fiume on the Adriatic; the back-country is almost solidly Slavic. Either the Slavs must be cut off from the sea, or the Italians go under alien rule. This is the case with Fiume, which has been assigned to Yugoslavia.

Internationalization may be the answer.

Political Terms

John Q. Citizen smiles with interest and appreciation as words comes from Washington that there is a "drive launched against lobbyists." The word itself has become anathema to the American public.

It was a good enough word originally, and still is in some respects. A lobby is, by derivation, a legislative chamber or covered walk, where lawmakers or citizens dealing with them meet to transact legislative business. In ancient Rome where the term originated, lobbying was usually carried on outdoors, because the climate was congenial. But with the course of time the practice has become more and more a vast indoor business, which at Washington is scattered all over the big capital city.

The word came into disrepute accordingly as the process went underground, or at least lost visibility. The term still retains a respectable status as a "hotel lobby," but otherwise is under suspicion—at least when there is a "politician" around—another example of a good word gone wrong.

CHURCHILL POINTS THE WAY

Winston Churchill was so right in his New York address Friday night. He pointed to the agreement signed by President Roosevelt, Marshall Stalin and himself to remove their troops from Iran.

Specifically, Mr. Churchill said, the Soviet Union can start with Iran. Pointing to the agreement signed by President Roosevelt, Marshall Stalin and himself to remove their troops from Iran.

MAGIC CARPET OF 1946

STATE NEWS BRIEFS

BY WILLARD CONNOLLY

six months after the end of the war, he reminded the Russians that their end of the agreement had not been fulfilled. He said, in effect, that friendships cannot be built on broken promises and by going down a one-way street.

Let the powers, acting as an international family, sit down and settle them, bringing all the factors of oil and strategic importance out into the open. At the risk of being tiresomely repetitious, let us invoke the truly sound principle of Woodrow Wilson: open covenants, openly arrived at.

However, veering arid the problems that have arisen since the war ended, however spirited the jockeying for power and position among the Big Three, and all other nations, they can yield to civilized discussion and decision.

Mr. Churchill is on the soundest ground in emphasizing that we have an instrument for that. It is the U.N. Instead of moving for a political convention, has apart and drifting into the fatiguing area of more difficult decisions, let's use it.

Brigadier Gen. Leslie Graves, Army chief of atomic research will address a group of waterway leaders from all over the state at the first postwar convention of the Florida Waterway congress to be held in Mount Dora on April 12.

The nearly six inches of downpour in the Tallahassee section put many roads under water which necessitated re-routing cars and buses. State Road 1 between Quincy and Mount Pleasant was reported to be under four feet of water. The deluge was said to have been general within a 100-mile radius of Tallahassee.

Leon County Agent Woodrow Brown reported serious damage to 100,000 acres of corn plantings in the north state area would probably result. Seminole County, where only 1 1/2 of an inch of rain was recorded during the week end, escaped the deluge.

More than 9,000 people passed through the gates of state parks in January as compared with 2,842 during the previous year, and all seven of the parks are doing a booming business, said State Park Director Lewis Scott. The parks include the Florida Caverns at Marianna, Highlands Hammock at Sebring, Hillsborough River at Zephyr, Fort Clinch at Fernandina, Gold Head Branch at Keystone Heights, and Myakka River at Sarasota and

The CIO meeting in Tampa decided to separate the population of Florida into groups. With each of these groups such as

Association Announces Sanford To Have Baseball Club

Field Makes Statement Although Fund Drive Little Short Of Goal

Levy-Whitner Asserts Attempts To Be Made To Sign Kettles, Blanc, Justice, Bryant To Celery Fed Contracts Shortly

By JULIAN STENSTROM

Joe Field, president of the Sanford Baseball Association, this afternoon issued a statement declaring that officials of the organization had decided that Sanford will have baseball this summer and that General Manager Claude Whitton and skipper Ed Levy-Whitner have been instructed to proceed with necessary plans to field a team to be known as the Sanford Celery Feeds.

This long awaited announcement followed a brief meeting of officials after a report was made by Whitton which indicated that money now in the treasury, donations received by the club from other sources and anticipated income from gate receipts would assure the club of a full season's operation.

Following the announcement, Ed Levy-Whitner, skipper of the club, revealed the names of several players that may perform for the Celery Feeds this summer. There is a possibility that Joe Justice, former-Hollins athlete, will join the organization and he may be placed in the infield of the outfield. Levy-Whitner felt that Joe may do a better job in the outfield this season. The skipper also revealed that attempts to sign Carole Blanc, a right-handed pitcher, will be made. Blanc is reported to have had a successful season during the final year of play before the war in the Florida East Coast League. Levy-Whitner indicated that Coase Kettles, currently the "outhouse" coach at Seminole High, would pitch for the locals this season. Another youth infielder Al Bryant, may also be with the Feeds.

Three youth from northern states have indicated that they will be here for Spring drills. They are in the line of Raymond, Ed Laska and De Witt Manglenzo.

Levy-Whitner said a several

players currently working out with St. Paul will remain here but that no definite selections have been made thus far.

President Field asserted that although it has been decided to go ahead with plans for baseball this summer, there is still lots of work the association has to accomplish. There are 67 tickets remaining to be sold to local fans and several committees are still working along that line. These 67 tickets must be sold and he emphasized that the announcement to have baseball was made since the sale of the passes are indicated by yesterday's receipts.

The association is facing a problem in obtaining uniforms for the club. A number of sporting goods houses have reported that uniforms would not be available until the latter portion of May. However, the efforts of the association continue and the club will be on the field on opening day, Apr. 16, in Deland.

CORBITT SOLD

DAYTONA BEACH, Mar. 19. (AP)—The Brooklyn Dodgers have sold one of their team's shortstop candidates, Claude Corbitt, to the Cincinnati Reds. The price was \$10,000.

Royals Cop Abbreviated 1 To 0 Win Over St. Paul

Shuba Smashes Circuit Clout In Third Inning

Saints, Lookouts To Tangle Tomorrow; Play Dodgers Today

With the Montreal Royals leading the St. Paul Saints by a score of 1 to 0 in the sixth inning of yesterday's exhibition tilt at the Municipal Athletic field, a downpour of rain curtailed further play and the Royals coped the abbreviated engagement by virtue of a terrific clout over the center field wall in the third inning by left fielder Pete Shuba.

In what appeared likely to be the fastest and most interesting engagement played by the Saints in the local park during the season thus far, pitchers Fisher of the Royals and Webber and Schantel of the Saints were doing an excellent job on the mound.

The Royals threatened to score in the opening frame when Raczley, the first batsman, slapped a triple against the right field wall. Shuba filed out to short right, Ramozzitti rounded out Pigz to Schoendienst and Webber forced Dungey to pop out to the first baseman.

After the Saints had gone down in order during their half of the first stanza, Whitman singled to right to open the second inning for the Royals. However, Webber bared down and Beard popped out to the pitcher, the catcher, Rocco grounded out, Yonkers ran to Schoendienst, Ferrell worked Webber for a free pass but ended the inning by forcing Fisher to go down swinging.

The Saints opened their half of the second when Matney worked Fisher for a walk. Davis grounded out and Pigz followed him in this order. Birdie worked Fisher for a free pass but Tschudin grounded out, Fisher to Burge.

In the third, the only score of the game was produced when Shuba hit one of Webber's early forings over the center field wall, directly over the newly painted "400" sign.

The only other threat by the Saints came in the fourth but it was only a minor one. Pigz, the lad who homered in Sunday's first game, hit a double, rapped left field but was caught going into third by the relay.

During Fisher's five-inning tenure on the hill, the Saints nipped him for only three safeties, singles by Youngman, Webber and Pigz. The only other threat by the Saints came in the fourth but it was only a minor one. Pigz, the lad who homered in Sunday's first game, hit a double, rapped left field but was caught going into third by the relay.

Blades plans to put the Saints through a normal workout tomorrow afternoon in preparation for Wednesday's tilt with the Chattanooga Lookouts here.

The Saints hit the road this morning and headed for Daytona Beach for a tilt with Leo Durocher's Brooklyn Dodgers. Tomorrow the Saints will entertain the Chattanooga Lookouts here at the Municipal Athletic field. The tilt is slated to get underway at 7:00 P. M.

INSIDE SPORTS REPORT

By JULIAN STENSTROM

Junior League

The Lions Club Junior League is without a doubt one event held in Sanford every Spring that is anxiously awaited year in and year out by the majority of Sanford's younger ball players, the boys within the ages of 9 through 13.

The Lions Club is to be applauded for their work in sponsoring this event. This league has been going on ever since this corner can remember. We participated in the league back in 1929, '30 and '31 as a member of the Cubs. Red Williams was one of the league's star hurlers along with Julian Adams and the late Fred Dodger was pitching for the highly rated Pirates. We believe Byr-Higgs was on the Pirate staff.

R. A. Cobb was managing the constant pennant winning Seminoles, and St. Clair Cameron was managing the Cubs. The late Maxwell Stewart headed the Pirates. Other clubs in the league included the Red Sox and the Tigers.

This year, as in the past, the Lions have organized the league again and four clubs will participate for the championship. The defending champions are: Edward Marshall's Cubs, Porter Lansing is managing the Giants, J. C. Davis is piloting the Red Sox, and Harry Robson is leading the Seminoles.

Robson said this morning that he was glad to know that Sanford will be represented in the Florida State League this summer so that the players in the Junior League can again watch professional baseball and learn more about the game. He recalled that Jim Robson is all for the Sanford Florida State team, most of the boys now playing in the Junior League were only from 5 to 9 years of age and possibly a half dozen have ever witnessed a professional or even a semi-pro tilt.

Each club will play two weeks, and the two top teams will enter a playoff for the championship. Games will be played at the Municipal Softball Park located on the lakefront.

It was reported also this morning that the Rotary club will sponsor another Junior League for boys over 13 years of age and as soon as more details are available, they'll be presented.

Badminton

The reorganization of another club which fell before the onslaught of the restrictions of war is slated tonight at the City Hall.

The Sanford Badminton Club is holding an open meeting to find out if enough men and women are interested in reorganizing the club which established itself quite well prior to hostilities.

Miss Maude Ramsey and Miss Dorothy Powell are in charge of the club and they are being congratulated for their efforts thus far in getting the club back on its feet again and we feel that those interested in badminton should be there tonight to participate in the reorganization proceedings. The club will need officers and make plans for obtaining supplies and equipment for the use of the membership.

To those who've never played badminton, you don't know what you've missed. To those who think it's a cinch to serve or return a little shuttlecock (bird), brother, how wrong you are!

Sport Laugh

The old Tacoma Tiger baseball team of 1890 has a young pitcher named Lefty St. Vrain. He wasn't much of a hitter but one day he singled and then advanced to second base. Getting on base was such a rare thing that St. Vrain was basely congratulated by the crowd. After that he never hit again.

Clause Hurls Cubs To 28-2 Win Over Giants

1945 Junior League Champs Have Big Inning In Opener

Edward Marshall's Cubs, 1945 pennant winners, opened the 1946 Lions Club Junior League season yesterday afternoon with a 28 to 2 victory over Porter H. Lansing's Giants.

Clarence Clause went to the hill for the Cubs and during the four-inning tilt he limited the Giants to a pair of hits, one by shortstop Caswell and the other by the Giant first sacker, Hester. Following a scoreless first frame, the Cubs opened up on Frank in the second inning and before the fire could be extinguished, 17 Cubs crossed the plate. Frank was rapped for 19 hits during the inning. In the third, the roaring Cubs added six more runs and in the fourth pushed across five more.

The Giants were unable to get a man on first until the third inning when Speer, Giant center fielder, worked Clause for a free pass. Their first hit off Clause came in the fourth inning when Caswell singled sharply to left.

Walter Graham, first baseman for the Cubs, had a perfect day at the plate, five hits in five trips to the platter. He also scored four times for Marshall's outfit. Oglesby hit safely four times on four official appearances. Penny Pennington, cub receiver, took third place honors at the plate by hitting safely four times in five trips to the plate. Pennington's work behind the plate in yesterday's tilt was outstanding and he is considered a coming performer.

During his performance on the hill, Clause displayed almost perfect form.

The lineup for the Cubs included, Pennington c, Clause p, Graham 1b, Oglesby 2b, McTeer ss, McCrone 3b, Stenstrom lf, Hester rf and Butler cf. The batting order for the Giants included Frank p, Hester 1b, Herndon 3b, Muse 2b, McBryne c, Rivers ss, McNab lf, Chas. rf, Speer cf, Spencer played part of the tilt in lf and Caswell relieved Rivers at ss.

Score by Innings:
Cubs 0 17 6 5 - 28
Giants 0 0 0 2 - 2
Umpire: Richard Deas, Henry Witt Jr.

Ace Parker Tries Sports Comeback In 2 Departments

NORFOLK, Va., Mar. 18. (AP)—Ace Parker will attempt to travel the comeback trail in two sports—professional football and baseball—during 1946.

Parker will play on the diamond for the Class B Piedmont League Portsmouth Cubs before professional football training opens in August. He's in Florida now to let the southern sunshine loosen up the kinks in his aging bones and muscles.

The former Duke University star athlete attempted to travel back with the Boston Yanks in pro football during last season after his discharge from the Navy, but he wasn't the same Ace Parker who achieved greatness in the pro grid ranks under Jack Sutherland when he guided the Brooklyn Dodgers.

However, Parker will shift his brilliant running when next autumn rolls around to the New York Yankees in the All-American

Forty New Books Recently Released At Public Library

(Continued from Page One) By Margate Gillmore and Patricia Collinge, this tells the story of the USO show overseas which was headed by Katherine Cornell. "Garden Planning and Building" is recommended for those interested in the subject. Fiction includes, "Before the Sun Goes Down" by Elizabeth Metzger Howard of Winter Haven, Easter, a double meaning, by reminding us with Easter Seals that not all children enjoy the thrill of scrambling about in search of eggs. Russell Kay has again accepted the chairmanship of the publicity committee for the State of Florida. Last year the cooperation of this worthy effort was magnificent he said, and he feels confident the public will again help to the extent of its ability.

New Enlistment Regulations Are Revealed By Army

Today a very important new provision for enlistment of Army personnel was announced by Lt. Col. Horace E. Frink, commanding officer of Tampa Army Recruiting Station. Owing to the Army's urgent need for certain specialists—mechanics, typists, administrative specialists, equipment technicians, repairmen, and numerous others—it has now been made possible for such men to enlist in grades higher than private, depending upon their length of service. Even those men who have been discharged longer than 90 days may now enlist in grades as high as T/ Sgt. In many special types of work, special arrangements have also been made for officers, warrant officers and flight officers with reference to the grades in which they may now be enlisted. Col. Frink pointed out that this is an adjustment in regulations for which a need has long been felt. "This new provision," said the colonel, "will enable a technician who has been out of the Army as long as ten months to enlist now in his military specialty and obtain a grade that will recognize the length of time he spent in his trade in the Army. For example," the colonel went on, "here is a man who spent 30

Retail Prices Of Surplus Goods Here Will Be Checked

The actual retail prices of war surplus goods, low-cost apparel, and "mark-up" foods in local stores will be checked during March by volunteer members of the Seminole County Area Price Control Board, E. B. Randall, Jr., chairman of the price panel, said today. Hundreds of types of war surplus goods are now making their appearance in local stores. Mr. Randall said, and this survey will be made to see whether these items are reaching the public within ceiling prices set by OPA. The check of low-cost clothing will include practically all sales of all kinds of wearing apparel, from underwear to topcoats. Mr. Randall added, and is a virtual continuation of a similar survey being conducted this month. The survey of prices in food stores will be on a somewhat different basis than is usually the case, he said. Whereas the monthly check-ups ordinarily cover food items shown on the community ceiling price lists, the March survey will cover foods that are sold on a "mark-up" basis by the retailer. Mr. Randall explained.

enlisted in the Regular Army, according to an announcement today by First Lt. Herbert M. Welty, assistant Army Recruiting officer at the Orlando station.

months in the Army as a tank mechanic and was discharged last July. Up until now we would have had to re-enlist him as a Pfc. The new regulations, however, permit us to sign him up as a S/Sgt., provided he held that grade at the time of his discharge. A medical administrative specialist with only 12 months' experience may now enlist as a S/Sgt. Full information concerning this new enlistment procedure is available at the Tampa Army Recruiting Station, 416 Tampa Street. Veterans are invited to make inquiries.

TAX NOTICE TO OWNERS OF PROPERTY IN SEMINOLE COUNTY

IMPORTANT: "All owners of property shall be held to know that taxes are due and payable thereon annually, and are hereby charged with the duty of ascertaining the amount of such tax and paying the same before the first day of April of each year." —Florida Law COUNTY TAX BOOKS CLOSE MARCH 31st.

Under the new law enacted by the Legislature the following interest and penalties begin on April 1st, 1946 on all unpaid taxes assessed for the year 1945.

On Real Estate:

A penalty of 3% on April 1st with interest at 18% per annum from April 1st plus cost of advertising and tax sale, where not paid before tax sale.

On Personal And Intangible Personal Property:

Interest at 12% per annum from April 1st plus cost of advertising and tax warrants.

Under the new law all unpaid taxes for the year 1945 become delinquent on April 1st, 1946 and the penalties and interest become a part of the taxes which are a first lien on the property assessed, except that Intangible Personal Property taxes are a lien on all property owned by the taxpayer.

Property Owners who have not done so are urged to pay their taxes before March 31st and avoid penalties and costs.

The courtesy of this office is at your disposal and all tax information and assistance will be gladly furnished.

Pay Hike For Army, Navy Is Proposed

Patterson, Forrestal Tell Senate Group Raise Would Stimulate Late Enlistments

WASHINGTON, Mar. 20. (AP)—The secretaries of War and Navy have urged Congress to grant a 20 percent increase in pay to every one in the two armed services. Appearing before a Senate military subcommittee, Secretary of War Patterson and Secretary of Navy Forrestal argued that such a pay boost would stimulate enlistments. The two secretaries also pointed out that the cost of living has gone up considerably, and that warfare now requires men with greater education and skills than formerly.

Probe Upholds Judgment Of Navy Captains

WASHINGTON, Mar. 20. (AP)—Secretary Forrestal has issued a statement regarding the two Navy captains who ordered pilots to evacuate several planes from Okinawa in 1945 because of a typhoon warning. Forrestal says that an investigation has proved that the decisions were sound and reasonable.

Forrestal said he is going to write letters of reprimand to the four lieutenants and one ensign who refused to follow the orders. Forrestal sent his announcement to Representative Walter Flosser of Missouri who had urged him to have the investigation made. Forrestal told Flosser that the case boils down to the fact that the young officers decided that their judgment was superior to that of their seniors, and as a result five expensive planes were lost.

J.C. Hall Awarded ACL Service Emblem

James C. Hall of 1811 Sanford Avenue, Atlantic Coast Line General Yardmaster, was today awarded the company's 25 year emblem for continuous service by W. U. Black, division superintendent.

Doolittle To Begin Investigation Soon

FORT WORTH, Mar. 20. (AP)—The famous American aviator—Lieut. General James Doolittle—has announced that he will begin his last assignment on Mar. 27 in Washington. At that time the panel he was chosen to head will get down to brass tacks and study the relationships between so-called brass hats and enlisted men. Doolittle, chosen for the task by Secretary of War Patterson, has announced that witnesses will be summoned to air their complaints about a so-called "cast system" in military service. The first meeting will be a closed session to decide how the inquiry should be conducted. The panel has been asked to recommend any changes necessary for "building a citizen army."

Right And Moderate Groups Hold Lead

ROME, Mar. 20. (AP)—Official returns from 708 of the 1,083 Italian communes which elected local councils last Sunday give a lead to the right and moderate groups. Majorities in 519 places went to the right and center parties against 216 for the leftists. Independents and local groups won 26 places. The margin of the lead by the right and center was larger in total council seats for the left wing groups and 1,201 for small factions.

Spessard L. Holland To Speak In Sanford Next Tuesday Night

Former State Chief Executive And Veteran Of World War I Will Be Introduced By General Joseph C. Hutchison

Former governor Spessard L. Holland, candidate for the U. S. senatorial vacancy created by the death of Senator Charles O. Andrews not to run again, will visit Sanford and will speak in the downtown section on Mar. 26. He will be introduced by Brig. Gen. J. C. Hutchison. Later he will greet friends and supporters at the Hotel Mayfair and on the following day is expected to visit towns in the county.

He was born in Bartow, July 10, 1882. His father, B. F. Holland, came from Georgia to Florida in 1881, his mother, Virginia Spessard Holland from Virginia in 1889. After attending Bartow schools and Emory College he graduated in 1916 from the University of Florida. There he starred in football, track and basketball, and was an apt at baseball that Connie Mack offered him a contract with the Philadelphia Athletics. He also qualified for the Rhodes scholarship.

He volunteered for service in war in 1917, was later made a lieutenant in the coast artillery, and in France was made Brigade

Reds Boycotting Opening Sessions Of Chinese Confab

CHUNGKING, Mar. 20. (AP)—Chinese Communists are boycotting the opening sessions of the Peoples' Political Council—China's unity organization. This action is seen as a protest against alleged undermining by the recent National Party Congress of agreements reached at the January conference.

Despite the conspicuous absence of Communist members, Generalissimo Chiang Kai-Shek has made a plea for peace and unification of China. It is expected that some Communists will show up before the political council ends its deliberations April 2.

Chiang has urged the council to endorse the agreements that the Communists have charged were junked by the Kuomintang. He has listed rehabilitation, reconstruction and postwar relief as among the tasks confronting China today. Unification of the army has been termed by the Generalissimo as essential.

GM Recalls Limited Number Of Workers

DETROIT, Mar. 20. (AP)—The General Motors Corporation has announced that it is recalling a limited number of employees as fast as it can to prepare GM's idle plants for production. A spokesman said that the recall orders will affect all plants. If the CIO United Auto Workers will permit entry of maintenance men to units which will be strikebound.

In the meantime, maintenance employes have already begun work in plants in Saginaw, Pontiac, and Flint. Much agreement have been reached with local management. However, the immediate resumption of normal production on the huge auto assembly lines have been snarled by a new company and union row over local grievances.

WEDEMAYER CALLED

SEOUL, Korea, Mar. 20. (AP)—The American occupation commander, Lieutenant General Albert Wedemeyer, has been called to a conference in Generalissimo Chiang Kai-Shek's headquarters in Chungking tomorrow for the meeting, the reason for which has not been disclosed.

Caldwell Sues Colliers For Half Million

Complaint Alleges Editorial Cast Ridicule Against State Governor

TALLAHASSEE, Mar. 20. (AP)—Governor Millard Caldwell today filed a libel suit in the United States District Court in Tallahassee for \$500,000 in damages from the publishers of Colliers Magazine. The damages are asked for editorial comments the magazine made on the killing of a negro waiting trial at Madison last fall. The bill of complaint alleges that publications of the editorial "was maliciously and wickedly done with the intent of causing ridicule and contempt to be cast upon" the governor.

The Florida chief executive says he will turn over any proceeds of the litigation to the Florida A and M College in Tallahassee for negroes, a state institution. The magazine's comments, published in its Feb. 23 issue, concerned the Governor's statements about the killing of a negro who was taken from an unguarded jail at Madison and shot to death. The negro had been indicted on charges of attempting to rape a five-year-old white child.

In his suit the Governor contends the editorial contained false statements, a distortion of his position, he had taken no Governor in connection with the case, and "imposed of improper conduct" on his part. He alleges the editorial falsely portrayed him as "an individual acting as the Governor of the sovereign state" as approving the action of an alleged mob in taking from the protection of the law a negro charged with rape and killing him.

Governor Caldwell also alleges that the damage done him by the editorial "will continue against him throughout the remainder of his life, in his personal, professional and political affairs."

Ware Back From Capital After Juvenile Parley

County Judge R.W. Ware, who has returned from Tallahassee where he attended a conference in Tallahassee on problems of juvenile delinquency, which was called by Governor Caldwell, today declared that as a result of the conference there had been a major approach toward solving some of the juvenile problems now causing so much concern to parents and educators.

More than 200 delegates, representing some 60 organizations interested in youth problems attended the conference, which resulted in 16 immediate steps and 18 long range plans for solution of different social problems in Florida.

Governor Caldwell today was quoted as having said that he would submit the list of proposals to the State cabinet, and declared he could see no reason why they could not be put into effect. Included among the ideas is a plan to establish a permanent committee on youth conservation. Judge Ware said that he regarded as highly important a plan to take care of Florida's negro delinquents, especially negro boys, whom a school would be established at Ocala similar to that now housing white girl delinquents.

He also said that he favored the plan of enlarging the school for boys at Marianna so that the boys could be kept in order in order to rehabilitate them. The school is so crowded now that they cannot keep them there, long he added. Doubling of the size of the Florida Farm colony for epileptic and feeble minded persons was recommended by Judge Ware who said there were more than 300 on the waiting list.

He approved the proposal that both Ocala and Marianna Schools employ an officer who would undertake to secure jobs for boys and girls when they left the schools; that otherwise they would be hampered by the same conditions under which they were sent to the corrective institution. He opposed the proposal to consolidate all facilities for white girls, white women, negro girls and negro women at Halford.

SPRING BEGINS TOMORROW

CHICAGO, Mar. 20. (AP)—Spring begins tonight in the Central Mountain and Pacific time zones. At 11:33 P. M. in Chicago, 10:33 P. M. in Denver and 9:33 P. M. in San Francisco, the sun's rays will be vertical over the equator, thereby producing in theory all time of equal night and day; the vernal equinox. Spring will arrive on the Atlantic coast at 12:33 A. M. tomorrow.

Goering Assumes Responsibility For Nazi Anti-Jewish Decrees

Tribunal Turns Down Request Of Justice Jackson That Former Luftwaffe Chief Be Compelled To Stick To Point

NEURNBERG, Mar. 20. (AP)—Hermann Goering today told the Allied War Crimes Tribunal he would assume full responsibility for the numerous anti-Jewish decrees issued by the Nazi government. Goering admitted to the court he had signed all those decrees in his capacity as president of the Reichstag. The former Reichsmarshal was on the witness stand for the sixth day in his own defense.

However, Goering asserted from the witness box that both Joseph Goebbels and Heinrich Himmler were more radical than himself on the Jewish question. Goebbels and Himmler both took their own lives as Germany collapsed almost a year ago.

Today's hearing progressed slowly as Goering challenged repeatedly the accuracy of translations of various prosecution documents. However, under steady questioning, Goering conceded the authenticity of such orders as those issued by the Nazis calling for camp internment punishments for the slaying of Jews.

The United States prosecutor today asked the tribunal to compel Goering to stick to the point. He was turned down. Justice Robert Jackson said Goering should leave any further explanations to be brought out by his lawyers later.

As Jackson sees it, Goering has been taking control of the proceedings out of the hands of the tribunal, and has been using his testimony to serve as propaganda. The prosecutor accuses the high ranking Nazi defendant of being arrogant and contemptuous in his attitude.

Jackson asserts that outside the courtroom there is a question of revival of Nazism. He says that Goering would like to further that cause by his testimony on the stand.

The presiding member of the tribunal does not see completely eye to eye with Jackson. The British Lord Justice Sir Geoffrey Lawrence, has decreed that Goering should be permitted to give explanations to his replies to cross examination.

CHURCH OFFICIAL DIES

INDEPENDENCE, Mo., Mar. 20. (AP)—The President of the reorganized Church of Jesus Christ of Latter Day Saints, Dr. Frederick M. Smith, died today at the age of 72. Dr. Smith was a grandson of the founder of the Latter Day Saints Church. He entered a hospital on Mar. 6, suffering from an acute circulatory failure. He had been president of the Church since 1915.

Dawson Outlines Food Program To Local Kiwanians

Wight Given Token For Enormous Egg

A 40 percent reduction in consumption of wheat and wheat products has been set by the State USDA Council as a goal for the state in order to meet the emergency food program announced by President Truman and Clinton P. Anderson, secretary of agriculture. It was announced today at the meeting of the Kiwanis Club by Charles R. Dawson, Seminole County Agent.

"Folks all over the world are having a struggle to stave off starvation," said Mr. Dawson, extra foodstuffs are needed and every man, woman and child is asked to reduce consumption of wheat 40 percent.

He then changed from serious to humorous vein when he began, "Imagine my satisfaction to find that member of the Kiwanis Club has already distinguished himself in this respect, and the Department of Agriculture heard of what he had done and sent a special message of congratulations to him." Mr. Dawson then presented to Mr. Wight a foot square package wrapped in fancy paper, and a lot of laughter from Kiwanians, who were aware that something special in the way of fun was about to occur.

"Open it," they yelled. Mr. Wight opened the package and with a broad grin on his face lifted out a large live gopher, the back of which was painted in Kiwanis colors, blue and gold, and having a large inscription, "Happy Wight" painted upon it.

When things quieted down a bit, President J. W. Hall asked Edward F. Lane to explain why Mr. Wight had given the gift. Mr. Lane stated that it was because of the large egg Mr. Wight had recently found in his hen nest, and joked that the only way he could explain it was that Mr. Wight had started his chicken raising with seven roosters and one hen. Mr. Lane thanked Mr. Wight and helped prepare the recent barbecue.

Supt. T. W. Lawton then added another "whopper" by stating that the Department of Agriculture in answer to a query by Mr. Wight had stated that chickens hatch in three weeks and ducks in four. Whereupon Mr. Wight had the hen sit on the nest three weeks, and when a big egg did not hatch, he said that he took it to the store and sold it, and said he did not keep it on the nest as he didn't want any ducks.

Mr. C. Hetzel announced that motion pictures taken here of celery operations would be shown in motion picture theaters in the near future, and still pictures in newspapers and magazines, due to rain, Kiwanians did not visit celery farms with Mr. Hetzel as scheduled.

High School Trio On Pioneer Night Program March 21

An added attraction for Pioneer Night at Lake Mary Community Hall Thursday evening will be the singing of the Seminole High School Trio consisting of Clarence Grantham, Harold Kestner, and Clyde Hutt. It was announced by Edward F. Lane who has charge of the entertainment for the program.

JUDGE RESIGNS

TALLAHASSEE, Mar. 20. (AP)—Governor Caldwell today accepted the resignation of Raymond Carroll as judge of St. Johns County. To succeed Judge Carroll the Governor appointed Charles Mathis. Carroll served Mathis unexpired term when Mathis entered the armed forces.

Staff Officer Says Aerial Support Is Now Being Sent To Scene Of Fighting

WASHINGTON, Mar. 20. (AP)—Senator Charles Pepper of Florida has called for a new form of big three conference to dispel the fear which, he says, has led to a crisis of confidence. In a Senate address, Pepper suggested that business, labor and agricultural leaders as well as statesmen be present at the conference. It would remain in session, he declared, until full confidence has been restored among the three powers.

(BY ASSOCIATED PRESS) An officer of the Iranian General Staff today revealed that three Iranian garrisons are being attacked by Kurdish tribesmen. The dispatch says that garrisons have been under attack for a week and that aerial support is being sent to the scene of the fighting.

There has been recent speculation in Washington that Russian movements in Iran had as one of their objectives an uprising of Kurdish tribesmen which would involve not only Iran, but Iraq and Turkey as well. A commentary on the Iranian situation has been provided by a former Iraq diplomat who has just returned from Tehran to Baghdad. He said that a war of nerves is being waged in the Iranian capital, with Russian troops contributing to the general state of jitter. He added that the Russians are making a lot of noise outside the gates of Tehran by moving artillery around.

From Turkey it is reported that the Tehran radio has announced that a Russian plane had been shot down and its pilot and a pilot for its silence last night. In Australia, the opposition leader in the Australian Parliament, Robert Menzies, asserted that Russia has abandoned the terms of the Atlantic Charter. He made the statement during a debate on foreign affairs. He praised the speech made by Winston Churchill at Fulton, Mo. and added that he believes there can be no real peace until every country respects the territorial rights of other nations.

The Russians were in a hot today about the present treaty which would be more concerned with atomic energy, it claims and more particularly with the Johnson-May bill which is now pending in Washington. Moscow reported that Johnson-May bill is fraught with grave consequences, and would forest scientific activity, scientific work, war, armaments and restrict scientific information.

Meanwhile a committee of the 11-nation UNO Security Council this afternoon to dispose of a meeting in New York City since left over from the London meeting earlier this winter. The Iranian dispute is the biggest political issue the council is expected to tackle after formal sessions open Monday. The UNO's military staff committee is expected to present to the council Monday its proposed plan for an international police force. The plan will outline the committee's recommendations on the composition of the projected police force and the number of participating forces to be provided by the various nations.

9,700 ARRIVE TODAY

NEW YORK, Mar. 20. (AP)—More than 9,700 men are due to arrive today at two east coast ports aboard nine vessels, while 3,228 returning servicemen are expected at three west coast ports aboard seven transports.
