Commissioners To Hear Site Plan Denial Appeal

By Karen Talley
Herald Staff Writer

A controversial Planning and Zoning Board site plan denial goes before city commissioners on appeal in special session Monday.

Commissioners will also receive the city's annual audit in a work session following the 4:15 p.m. special meeting. The audit, by the accounting firm of Coopers and Lybrand, covers the fiscal year 1985-86, which ended Sept. 30.

The P&Z voted 5-4, Feb. 19 to deny approval of a 140 unit apartment complex planned on a 10 acre tract bounded by Hartwell and Georgia avenues and 24th and 25th streets.

City Commissioner A.A. McClanahan said the decision exemplified a P&Z practice of using "too

damn much personal opinion," instead of strictly relying on city codes when judging site plans.

McClanahan's charge came at the commissioner's Feb. 23 meeting and was rebutted by P&Z chairman John Morris, who was at the commission session.

City staff had evaluated the site plan before the P&Z meeting and cited two areas of concern — insufficient buffer area and dumpster locations. Staff said their concerns have now been addressed and a recommendation commissioners' overturn the P&Z decision was issued Friday by City Manager Frank Faison and Planning and Engineering Director Bill Simmons.

P&Z member Brent Carl led opposition to the project Feb. 19 and accused the developer,

Joseph Kantor, of "just throwing 140 apartments at us without giving anything back to benefit the community."

Carl added several alleged project shortcomings to staff's concerns in his motion for site plan denial. Carl said stucco and wood building materials for the apartments were potential fire hazards, although city fire department representatives had OK'd the plan.

Carl also said the 10 acre site would be too crowded with 140 apartments and a clubhouse, although city code allows up to 200 units on a parcel that size. Additionally, Carl said area residents would suffer from the development's impact, including the extra traffic it would generate.

Kantor had agreed with city commissioners earlier this winter to post a \$40,000 performance bond, ensuring the development's access route, Hartwell Avenue, will be paved from 24th to 25th streets, to facilitate traffic flow.

Kantor and Simmons brought this to P&Z members' attention at the Feb. 19 session. Kantor also said he'd be willing to work with staff to provide more site proof landscaping and dumpster locations.

The project will run between \$4.5 and \$8 million, Kantor said. He cited time constraints regarding financial arrangements when he approached city commissioners in regular session Feb. 23, requesting an appeal that night. Kantor

Amputee Sues City's Golf Course

Deane Jordan
Herald Staff Writer

A Sanford amputee filed suit Friday against the Mayfair Country Club and the city of Sanford after he was told Monday that he can no longer use his personal cart on the club's golf course and that his membership was no longer wanted.

Alfred Greene, Sr. filed the suit asking for a temporary mandatory injunction and a permanent mandatory injunction preventing cancellation of his membership and use of the course.

Greene states in the suit he has golfed at the club for 40 years and since an accident in 1980, in which he lost a leg, has enjoyed lifetime membership in the men's association based on his disability and handicap. Greene states that he further has an agreement with the country club allowing him to use his own cart on the course, which is next to his home.

Woman Attacked By Pit Bull In Serious Condition

A 73-year-old Lake Helen woman remained in serious condition Saturday at West Volusia Memorial Hospital suffering from leg and arm injuries reportedly received when she was attacked by a pit bull Thursday morning.

The dog was killed by police shortly after it attacked Vivian Harris while she was walking towards the city's post office, according to reports. A Florida Power and Electric crew reportedly saw the incident and administered first aid until an ambulance arrived.

The dog was taken to West Volusia Humane Society, where it is being checked for rabies, according to humane society staffer Carl Walker.

Walker said the dog's owner is a Lake Helen resident who had other pit bulls that were confiscated by police last year and brought to the Humane Society.

These animals were "scrawny, skin and bones," Walker said, and reportedly brought in after police received reports they were left outside, chained in a yard without food or water while the owner was away.

Demonstrators congregated at the Erotic Emporium, U.S. Highway 17-92 in Longwood, to protest the commercial establishment dealing in commodities deemed offensive by the protesters. A

hearse, skeleton, and coffin were used by the parading crowd guided by John B. Book, self-styled television and radio evangelist, shown above with bull horn.

Baker's In; Regan Out Change Effective Now

By Helen Thomas

UPI White House Reporter
WASHINGTON (UPI) — Donald Regan, the embattled chief of staff blamed for White House chaos in the Iran-Contra scandal, has resigned angrily and former Sen. Howard Baker was chosen as his replacement.

Baker, bringing in his former Senate aides, spent time in his new White House office Friday and will be learning the ropes today before he begins full-time work Monday.

Regan, 68, had resisted being drummed out of the White House but left Friday afternoon. He submitted through an aide a one-line letter of resignation to President Reagan and, according to one report, "stormed out" of the executive mansion.

Regan's terse note to the president said, "Dear Mr. President: I hereby resign as chief of staff to the president of the United States. Respectfully yours, Donald T. Regan."

Regan fired off the letter, extraordinary for its brevity when flowery phrases are the

custom in such departures, when he learned from a television report that Baker had been chosen to replace him. But most observers felt he had stayed too long in view of his feud with first lady Nancy Reagan.

Regan was blamed by the Tower Commission in its report on the Iran arms scandal released Thursday for causing "the chaos that descended upon the White House" in the aftermath of the bungled arms-for-hostage deal.

Baker, 61, gave up a long-shot run for the 1988 presidential nomination to take the chief of staff's job only weeks after he said he was uninterested in running the CIA.

In his formal announcement of the change, Regan said, "Last week he indicated that with the release of the Tower board report, he felt he would like to go through with his original plans to return to private life."

"I am therefore accepting with regret his resignation as chief of staff, effective today."

Now I Lay Me Down To ... I Hope?

By Susan Loden
Herald Staff Writer

If you have trouble sleeping you may have the opposite problem from some who just can't seem to get up in the morning. Although if you can't sleep at night, you're likely to have both problems, because if you still feel tired in the morning, doctors say you won't feel like getting up in the morning.

And too much sleep or the lack of sleep can send you to a doctor to get the kinks out of your sleep habits, because sleep deprivation or too much sleep can cause health problems or may be symptoms of a health problem.

Sanford neurologist Dr. Bhupinder S. Mangat, said many of his patients complain of sleep-related problems, primarily that they can't fall to sleep, can't stay asleep, or sleep excessively.

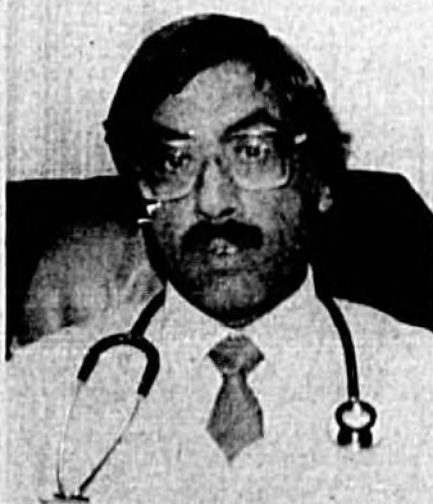

He said the time spent sleep-

ing would be considered excessive when it began to interfere with the patient's ability to work or function in every-day life.

"Sleep is a matter of habit. It's very complex, sleep disorders," Mangat said. Americans spend so much time tossing and turning over their sleep habits that "sleep centers" where sleep functions are probed have popped up across the country and may, Mangat said, be the hope of some who want to change their sleep habits.

Those who suffer from insomnia, and Mangat said that might be you if you don't fall to sleep within about 15 minutes of going to bed, can take steps to make sleep come easier.

Mangat suggests if you can't sleep get out of bed and go to another room and read until you feel sleepy. A light snack before bedtime, especially one that in-

Dr. Bhupinder S. Mangat

cludes milk might help, because, milk, he said, contains a chemical that promotes sleep.

Some have more serious sleep-related problems than the insomniac, Mangat said. That

includes the patients with sleep apnoea, which means they have heart rhythms that vary during sleep. "That can lead to congestive heart failure, or myocardia infraction, also strokes are usually associated with sleep apnoea," he said. "There is an obstruction of airflow into the lungs."

A lack of oxygen flow to the heart can, Mangat said, cause the heart rate to vary from 30 beats per minute up to 110 beats per minute.

Other restless sleepers, Mangat said, may suffer from "restless leg," which means that as they sleep their leg involuntarily jerks and awakens them through out the night. "They wake up tired wanting to sleep the next day," he said.

In trying to pinpoint sleep disorders, Mangat said, it is important that the doctor learn

13 Citations In Schools' State Audit

By Kathy Tyrity
Herald Staff Writer

Thirteen was an unlucky number for the school board this week. That's how many citations they were asked to respond to in the state auditor's review of the two fiscal years ended June 30, 1986.

One of the biggest problems cited was on inventories which were criticized as being overstocked with enough of some items to last more than two years. Auditors added there were "numerous damaged supply items on hand."

"Internal control over the warehouse supplies inventory was inadequate in that the warehouse accountant exercised complete control over the inventory...The records did not show that appropriate administrative personnel had re-

viewed and approved the adjustments. We again recommend that the duties of entering transactions to the perpetual inventory records be separated from the physical custody of the inventory," said the auditors.

"Our review also disclosed that the warehouse stock should be more carefully reviewed to determine the appropriate number of items to be carried in stock," said the report. "For example, audit tests of items maintained in stock disclosed that for 43 of the 64 items tested, it would take over two years to use the supply items on hand...Overstocking inventory results in a use of district funds which could otherwise be invested until disbursements are necessary."

"We also observed, during our year-end inventory counts, numerous damaged supply

items on hand," auditors said.

They noticed differences between the district's physical counts and the audit test counts of the maintenance and warehouse supplies. "The differences diminished the effectiveness of the district's inventory counts for management purposes. Similar findings were noted in previous audits, and the auditors recommended the district revise its physical inventory procedures to ensure accurate accounts."

The auditors recommended overall dealing with the inventories, "that a formal procedure be developed to ensure that the inventory purchases are limited to quantities sufficient to meet normal inventory requirement levels. Further, we recommend that district personnel survey

POLICE IN BRIEF

Crack Cocaine Sale To Agent Followed By Chase, Capture

Sanford police reported charging a 22-year-old Sanford man with armed trafficking in cocaine, sale, delivery and possession of cocaine, possession of a firearm in a felony and resisting arrest without violence after allegedly selling and delivering 32 grams of crack cocaine to a police agent.

Following the 4 p.m. deal outside 47 Lake Monroe Terrace, Sanford, as police closed in to nab the suspect he ran.

The suspect allegedly drew a gun as he ran, but dropped it when ordered to. He continued to run and also allegedly threw away a small bag of cocaine before he was caught on West Third Street, police reported.

Timothy R. Tillman, of 46 Castle Brewer Court, was being held without bond.

2 Arrested In Closed Restaurant

Two men spotted inside the Cavalier Motel Restaurant at about 11 p.m. Thursday after the restaurant closed have been arrested. The restaurant manager told Sanford police the pair didn't have permission to be in the restaurant.

John Todd Miller, 19, and David Allen Walkup, 20, both of Tampa, have been charged with burglary. Walkup remained jailed in lieu of \$1,000 bond. Miller has been released on \$1,000 bond to appear in court March 16.

Old License Tag Leads To Pot

Casselberry police who stopped a car because its license tag was expired reported arresting the driver on that charge at about 3:18 p.m. Thursday on State Road 438, Casselberry.

Glen Franklin Knight, 24, of Orlando, was also charged with driving with a revoked license and possession of a revoked driver's license and possession of less than 20 grams of marijuana. He was being held in lieu of \$500 bond.

Brass Knuckles Bring Charge

Sanford police reported spotting a pair of brass knuckles in the left rear pants pocket of a Sanford man on Fifth Street at Olive Avenue in Sanford at about 11:30 p.m. Thursday.

Edward Quattlebaum, 37, of 41 Seminole Gardens, has been charged with carrying a concealed weapon. He has been released without posting bond.

Burglaries And Thefts Reported

A representative of Acme Marble and Granite, Co., of Louisiana, reported to sheriff's deputies that a \$900 generator, a \$700 rotor hammer, a \$500 skill saw, a \$400 nail gun and a \$600 survey instrument were stolen from that company's construction trailer at Highland Memory Gardens, State Road 438, Apopka, Wednesday or Thursday.

Thomas Hagler, 90, 604 Pine St., Sanford, told police that on Tuesday at approximately 11 p.m. someone entered his front porch and threw a brick through the front door window but fled when Hagler fired a shotgun at his front gate, a police report said. The report also said that Hagler was warned not to fire the shotgun.

Burglary Goods Found With Stuck, Stolen Car

Winter Springs reported checking on a car that was stuck on Shore Road in Winter Springs. Police determined that it was they had been talking to the two men who were with that car (and a second vehicle) the stuck car was being reported to Seminole County sheriff's deputies as having been stolen.

The 1986 Nissan valued at \$13,000 had been stolen from the home of Anthony S. Dajulato, 22, of 191 Holderness Drive, Longwood, Thursday, a sheriff's report said.

In searching the two vehicles, Winter Springs police reported finding radios and other items believed to have been stolen in a

string of auto burglaries reported in the Wekiva area of Longwood on Feb. 22 and Thursday, a police report said.

Winter Springs police reported the arrest of both men found at the scene. They charged James Scott Mahoney, 18, of 1441 Eaton Way, Casselberry, and Joseph Lee Virden, 19, of Ocoee, with grand theft auto.

At the Seminole County Jail Seminole County sheriff's deputies added charges of two counts of burglary and grand theft against both suspects. Mahoney was being held in lieu of \$2,000 bond and Virden has been released on \$2,000 bond to appear in court March 13.

Marked Haul Brings Jail For Trio

Seminole County sheriff's deputy Greg Sica who confronted two women in a truck and a man standing at the truck parked on Eagle Circle at Fox Hollow Circle at about 2:27 a.m. Thursday noticed there were two boxed appliances in the bed of the truck.

Sica was in the area investigating a rash of burglaries and on one of the appliance boxes saw the name "The Village at Deer Run." He asked the driver of the truck if everything was okay. She reportedly said she was taking a short cut home. When Sica asked about the appliances the woman allegedly said she was hauling them to her mother's home for her cousin.

Sica ordered the women out of

the truck. The suspect reportedly asked Sica if they "could put them (the appliances) back." He read them their rights and was reported told that the microwave oven and dishwasher were taken from a home being built on Fox Hollow Cove. He was also told that a second microwave oven was taken from 4060 E. Maryland Place.

Arrested on two counts of burglary and grand theft were: Debora Kay Renegar, 25; Omar LeRoy Donothan, 22, both of Orlando; and Deborah Anne Morris, 26, of 1708 Brazilian Lane, Winter Park. The three have been released from jail on \$1,000 bond each and are scheduled to appear in court March 19.

—Susan Loden

FIRE CALLS

Sanford firefighters and rescue workers have responded to the following calls, details based on fire department reports:

THURSDAY

—9:10 p.m., 1410 W. 16th Street, rescue. A 37-year-old woman suffering from abdominal pain was transported to the hospital.

—4:40 p.m., 815 French Ave., Sanford police headquarters, rescue. A 22-year-old nian injured elsewhere in a reported assault was examined. He had two small cuts on his head. He declined hospital transport.

Longwood To Revise Sewage Treatment Pact

By Jane Casselberry
Herald Staff Writer

The Longwood City Commission is scheduled to act on revisions to the wholesale sewage agreement between the city and Seminole County at its 7:30 p.m. meeting Monday. The aim is to help make the project financially acceptable to Sun Bank, which is holding the city's water and sewer revenue bonds.

The commission approved by consensus going ahead with plans to hook up to the county's sewage system during a Feb. 18 work session in which ways were discussed to make it more acceptable to the bank.

Proposed changes in the agreement, made at the request of the city, also require approval by the Seminole County Commission. They include extending the term of agreement for the county to guarantee capacity to the city from 10 years to correspond with the Sun Bank Bond date of Sept. 1, 1998; payment to the county to parallel construction activities and actual flow of sewage from Longwood and the method of sending notice to the mayor.

To help make it possible for the city to proceed with plans to hook up to the county's Greenwood Lakes treatment facility, St. Laurent Properties, Inc., has given the city a letter of intent to pay the city \$500,000 in advance to reserve sewer capacity for its commercial park rather than build its own package treatment plant. City Administrator Ron Waller

is recommending to the commission that the revised agreement with the county be approved subject to the city's increasing monthly sewer rates and sewer development assistance fees to levels needed to repay the \$3 million Sun Bank loan and in line with the Kane and Shuck report of Feb. 16.

In another matter, Longwood Postmaster Jean Wells will be on the agenda to brief the commission on the status of the new post office for the city and discuss parking problems.

Other agenda items include:

- Proposed revision for street lighting in the Harbour Isle subdivision.
- Recommendation that the contract between the city and Dyer, Riccio Mills and Precourt, Inc., consulting engineers, be terminated.
- Public hearing on a conditional use request to operate a restaurant (Jose Sandwich) in a C-2 zoning district at Wildmere Plaza, 1251 S. County Road 427.
- Site plan for Motorola Communications, Florida Avenue at Highland Street.
- Site plan revision for the stormwater design at Shoppes of Island Lake on State Road 434.
- An ordinance which would change the spelling of Haffa Way to Hoffa Way.
- An ordinance changing the city code regarding security alarm violations.
- Consideration of a proposal for the city to support a one time option to withdraw from the Florida Retirement System.

Church To Honor Smith For King Tribute Efforts

A Sanford church will recognize Mayor Bettye Smith's contributions to the January Martin Luther King Jr. tribute with a special ceremony March 29.

Mrs. Smith, a prime mover for the King tribute, will be recognized on the 29th by the Allen Chapel African Episcopal Church. The church will devote its entire 11 a.m. Sunday service to the mayor, and city residents are welcome to attend, said Shirley Allen, a member of the ceremony's planning committee.

"We were so moved by what she did to honor Martin Luther King by declaring a week-long celebration and being so actively involved in making it a success," Mrs. Allen said. "We feel it's appropriate she be recognized for these efforts. I think the King tribute brought the Sanford community closer together and the feelings are still here."

Mrs. Smith said she is "very honored" and "looking forward to the ceremony with humility."

On March 6, Mrs. Smith plans to host a gathering for about 100 of the King celebration's planners and participants. It will be at the city's chamber of commerce, next door to the civic center, where Sanford's four King tribute events were held the week of Jan. 11-17.

The mayor said she expects about 100 planners and participants to attend the gathering, during which "we'll maintain our friendships and talk about the future."

That may include a second King tribute next January and performances by its 90 member interdenominational choir in advance.

Indications are the choir will perform this fall to raise King scholarship funds for award next year, and also at Easter and Christmas time.

This year's King tribute raised about \$4,000 in scholarship and bond awards for local students. Events during the week of Jan. 11-17 were a religious observance, a tribute to local youth, a luncheon featuring Pearl Bailey and a culminating banquet. All the affairs were planned to recognize and perpetuate King's humanitarian and spiritual ideals.

The 90-member choir performed on three of these occasions. The choir was formed by members of a number of local churches and the Sanford Woman's Club chorus, of which Mrs. Smith is a member.

"The spirit lives on," Mrs. Smith said. "I still hear so much good about the King tribute from residents. The other day someone just stopped me on the street and hugged me, saying what we had done was so wonderful."

Hail Storm Hits Texas

United Press International

A winter storm that dumped up to 18 inches of snow on the Plains pelted Texas and Oklahoma with hail as big as baseballs today, after storms soaked the Southeast with as much as 4 inches of rain.

Storms centered over Texas and stretching over half the nation unleashed thunderstorms across eastern Oklahoma and Texas that downed trees and powerlines and triggered flooding in western Arkansas.

"Some of the roads are completely under water, but we've had just some minor accidents," said dispatcher Jimmy Bays in Ashley County Ark., where as much as 2 feet of water covered some roads and swelled creeks and sloughs.

"Traffic is being swept away onto the roadsides," he said. Thunderstorms over the state today poured water on ground already saturated with 2 inches of rain Friday.

The storms, moving slowly east and north today, were expected to bring rain to the Gulf Coast and from the Tennessee Valley to the central Appalachians. Tornado watches were up in Louisiana and Arkansas.

Flooding also was feared in Texas, West Virginia, Virginia, the Carolinas, Louisiana, Mississippi, Alabama, Georgia and Tennessee.

Snow and sleet battered the central Appalachians today, prompting travelers' advisories for parts of West Virginia, Virginia and North Carolina. A winter storm watch was posted today in eastern Pennsylvania.

On Friday, rain fell from Arkansas and across northern Mississippi, Alabama and Georgia into the Carolinas, drenching the Southeast with 1 to 4 inches of rain.

More than a foot of snow fell on parts of southwest Virginia

and North Carolina Friday, closing schools.

In Texas and Oklahoma, the storms today and Friday dropped hail, including baseball-size hail today at Atoka, Okla., and golfball-size hail on Kingsland, San Antonio and Clarksville, Texas, the National Weather Service said.

"It's been lightning and thundering, a little bit of hail, rain," Elmer Watts, a ranger at Possum Kingdom Lake Texas said Friday. "I got one (rain gauge) out there, but I don't want to put my shoes on and go out," he said.

Winds and rain knocked down power lines and trees in Bexar and Atascosa County and at Floresville and Lytle, Texas, today. On Friday, winds gusted to 58 mph at Del Rio and tore the roof off a lumber store in San Antonio.

Storms in western Nebraska, which was lured under more than a foot of snow Friday, dropped another 16 inches on Mullen and 11 inches at Scottsbluff today. Winter storm warnings were up for the region, Iowa and Wisconsin.

Snow, sometimes mixed with freezing rain and sleet, blanketed parts of the southern Appalachians and Piedmont Mountains region Friday.

In Virginia, experiencing the fifth major storm in two months, some colleges announced Friday that classes were canceled or would start late.

Snowfalls totals included 13 inches in Allegheny County, N.C. and Grayson County, Va., 10 to 14 inches in Montgomery County, Va., and 7 inches in Bluefield, W. Va. Police urged motorists to stay home.

The storm in the West swept out of the Rockies Monday, where it had dumped 2 to 5 feet of snow and was blamed for at least five deaths last week.

Local Report

Friday's high temperature in Sanford was 81 degrees and the low during the past twenty-four hours was 64 degrees. No rainfall recorded. Look for warm temperatures to continue through week-end with a chance of showers in the afternoon.

Area Forecast

Tonight...variable cloudiness breezy and warm with a good chance of showers or thunderstorms. Low in the mid 60s. Wind south 15 to 20 mph. Rain chance 50 percent.

Sunday...variable cloudiness windy and warm with a chance of showers and thunderstorms. High in the upper 70s to mid 80s. Wind southwest 15 to 25 mph. Rain chance 30 percent.

Area Readings

The temperature at 8 a.m.: 67; overnight low: 66; Friday's high: 84; barometric pressure: 30.02; relative humidity: 90 percent; winds: SE at 7 mph; rain: None; Today's sunset: 6:25 p.m.; Monday sunrise: 6:50 a.m.

Extended Forecast

The extended forecast, Monday through Wednesday, for Florida, except the panhandle: Generally fair except partly cloudy with a chance of showers southern sections. Turning cooler with lows in the 40s north...50s central and low 60s south. Highs in the low to mid 60s north and 70s central and south.

Area Tides

SUNDAY: Daytona Beach: highs, 9:49 a.m., 10:10 p.m.; lows, 3:22 a.m., 3:41 p.m.; **New Smyrna Beach:** highs, 9:54 a.m., 10:15 p.m.; lows, 3:57 a.m., 3:46 p.m.; **Bayport:** highs, 2:28 a.m., 2:27 p.m.; lows, 8:41 a.m., 9:11 p.m.

Boating

St Augustine to Jupiter Inlet...a small craft advisory is in effect... Tonight...wind south 20 to 25 kts. Seas 6 to 9 ft. Bay and inland waters rough. Wind and seas higher near scattered showers and thunderstorms.

Sunday...wind south to southwest 20 to 25 kts shifting to southwest around 20 kts north of cape canaveral during the late afternoon. Seas 6 to 9 ft. Bay and inland waters rough. Wind and seas higher near scattered showers and thunderstorms.

COUNTY

IN BRIEF

Rezoning Approved For Four Small Residential Properties

The county commission Tuesday rezoned from agricultural to single family residential 1.5 acres located on the north side of S.R. 46, three-quarters of a mile west of S.R. 426. The request by Patrick Kelley was approved for about four 700-square-foot homes.

Mobile Home Appeal Denied

A Board of Adjustment denial of a special exception to place two mobile homes, with kitchens removed, and attached as a single structure, was upheld by the county commission Tuesday. The attorney for applicant Bernard Sommers said they wanted to allow the expanded, low-cost mobile home for a woman and her family who were in need of shelter. The property is located on the east side of Pine Hollow Point, 800 feet south of S.R. 434 and Forest City/Palm Springs Road intersection. Neighbors complained the owners were trying to "make a trailer park" out of the area and it was diminishing surrounding land values. One commissioner, Barbara Christensen, voted in favor of the special exception.

Mobile Home Can't Go Here

The county commission Tuesday upheld a Board of Adjustment denial of a special exception to place a mobile home on the southwest corner of Osceola and Old Geneva roads. The applicant, Henry Dykeman, had asked to be able to live there in a mobile home while saving money to build his home. At the suggestion of Commissioner Bill Kirchhoff, who said that area was turning into mainly single-family homes, the board decided against Dykeman's request.

Fernbrook Trails

Preliminary plans for Fernbrook Trails sections 4,5 and 6 were approved Tuesday. The applicants, Alan Keen and Larry Godwin, wish to plat 88 lots consisting of 59 single family and 29 zero lot line units. The proposed plat consists of 26.7 acres and will be served by Seminole County Water and Sewer. This 88-lot portion of the development will complete the overall PUD, which is approved for 150 lots. It is on the east side of Howell Branch Road, north of Bear Gully Road.

Professional District Approved

A request by Donald Hollingsworth to rezone from residential to residential-professional two parcels at the southeast corner of Maitland Avenue and Florida Avenue Drive was approved by the county commission Tuesday. A single-family home now exists on the property, but the applicant said due to noise and traffic it is increasingly difficult to find tenants.

Plantation Hearing Scheduled

The hearing scheduled for March 2-13 on Plantation DRI has been continued to March 11-13 and April 7-9. The hearing officers ruled the public will be heard March 13, if parties have finished their cases; otherwise, the public will be heard April 7.

Impact Fee Ordinance Delayed

The county commission Tuesday delayed considering adoption of the Seminole County Road Impact Fee Ordinance until a regular meeting March 24.

Boathouse Permit Approved

A dredge and fill permit to construct a 960-square foot boatdock and boathouse, located on Lake Mills, south of Center Street, east of Tropical Avenue, in the plat of Lake Mills Shores, Chuluota, was approved by the county commission Tuesday.

Borrow Pit Permit Okayed

The county commission Tuesday approved a borrow pit permit to excavate 750 cubic yards of fill dirt from a five-acre tract, located on Tract 178, Seminole Woods, southwesterly side of Osceola Drive, 1 1/2 miles west of S.R. 426, application by Mike Rubin.

Public Nuisance Declared

The county commission Tuesday declared a deteriorated building and trash on Lot 43, Block C of A.B. Stevens Addition to Midway a public nuisance and authorized steps to condemn the property. The owners could not be located.

Jail Chaplain Appreciated

The county commission Tuesday declared March 1-7 as "Seminole Correctional Facility Jail Chaplain Appreciation Week."

Computer Team Places Second

The University of Central Florida's computer science programming team captured second place in the world in international competition last week. They now pride themselves in being the highest ranked team of any kind in UCF history.

Around UCF
Kathy Johnson

The team, made up of two undergraduate and two graduate students, defeated teams from John Hopkins, California Institute of Technology, Harvard and many other universities.

The competition, sponsored by the Association of Computing Machinery, involved solving eight questions in a six hour time period. UCF answered all questions correct, only to be beaten by Stanford University, which finished the questions in a faster time.

...The University of Central Florida Athletic Department's million dollar deficit could soon be wiped out if the Florida Board of Regents approves a hike in the student athletic fee.

The increase would bring an estimated \$88,000 into the Athletic Department's budget. The department decreased the one million dollar debt by \$311,000 last year. With the added revenue flowing into the coffers, the department could soon focus toward the black and out of the red within two years.

...Representatives from more than 50 hospitals and health

agencies in the southeast will be at UCF March 3 for a career day sponsored by the UCF nursing students.

Professionals, or those looking to get involved in the nursing field, are welcome to come out and meet the recruiters who will be on hand for the activities. Applications and some on site interviewing will take place in the day-long program. It begins at 10 a.m. and will extend until 8 p.m. For more information call 275-2744.

...In sports... The UCF baseball team split a two game series with the University of Georgia last weekend. Brandon Turner, a freshman pitcher for the Knights, appeared in relief in the fifth and held the Bulldogs to one unearned run. Turner holds an impressive .051 ERA with nine strike outs in 17.1 innings.

Phil Carter, the men's basketball coach, will be looking for his 12th win of the season in the Knights' last home game of the year, Saturday, Feb. 28. UCF will host Florida International University. Tip off time is 7:30.

Stetson Receives Barnett Donation

DELAND — The largest corporate gift in Stetson University's 104 year history was announced this week by Pope A. Duncan, president of the school, when a grant of \$400,000 was received from Barnett Banks of Florida, Inc. and Barnett Bank of Volusia County.

The initial payment was presented by Bill Flaekler, executive vice president of Barnett Banks of Florida and Ed Renfroe, president of Barnett Bank of Volusia County.

The grant will establish an endowment to fund a merit scholarship program for students majoring in business administration.

"It is appropriate for one of Florida's oldest banks, founded in 1877 in Jacksonville, to make this gift to Florida's oldest university," Renfroe said. He noted

that the Barnett Bank in DeLand is the third oldest Barnett Bank in Florida and "Stetson, Barnett and DeLand have grown up together."

Stetson was established in 1883 and the city of DeLand was chartered in 1877.

"In order to sustain the growth of Florida and to realize the state's potential for leadership in the national business environment, we must attract the best minds available into the field of business administration," Flaekler stated.

Stetson's tradition of high quality, innovative programs in business administration and the performance of its graduates Barnett has recruited prompted us to make this investment in the university's development of future business leaders," he added.

SCHOOL MENU

Following are the menus to be offered in Seminole County schools for the week of March 2-6

Toastmasters' Breakfast

Daybreakers Toastmasters Club meets 7:15 a.m., Tuesdays at Christo's Restaurant, 107 W. First St., Sanford.

First Free Black Settlement Discovered

ST. AUGUSTINE (UPI) — Archaeologists have unearthed what may be the first free black community in the New World, set up by the Spanish as a haven to African slaves who escaped the English.

Kathleen Deagan, curator of anthropology at the Florida State Museum, said artifacts found on a small marsh island near the Castillo de San Marcos in the nation's oldest city dated to the period when the settlement, called Fort Mose, flourished.

Fort Mose was established just north of St. Augustine in 1738 by the Spanish Crown for African slaves who had escaped from the English colony of South Carolina.

In 1693, Charles V of Spain decreed that any slaves who fled from the British — Spain's enemy at the time — would be given freedom in La Florida.

"The Spanish had had a black regiment since the 1670s, so

they already knew that blacks were fierce fighters and good soldiers," Deagan said Thursday. "The Spanish figured who better to put at their northernmost point of defense than these runaway slaves who feared being recaptured by the British more than anyone else."

Deagan and 14 student archeologists from several universities are excavating the small marsh island.

"No other occupation of this site could possibly account for 18th century artifacts on this spot since it is so remote," Deagan said.

So far, the team has found musket balls, gun flints, buttons, pieces of glass bottles, clay smoking pipes, pottery and animal bones left over from meals.

Deagan hopes the excavation of Fort Mose will provide an opportunity for Americans to re-examine the role of blacks in

colonial history.

"The stereotypical image of blacks in colonial history has been that of servitude alone," she said. "In fact, free blacks had a very active role in La Florida's colonial history."

"Fort Mose is a symbol of black freedom in colonial America, and that is an image we don't get much of in the history books," she said.

Deagan said her team has uncovered what it believes is the

most surrounding the fort, which had earthwork walls, spiked with yucca or Spanish bayonet plants. The earthwork was backed by a wooden palisade. Huts for the inhabitants were thatched.

"This was not just a fortification," said Deagan. "A community of about 100 inhabitants, including women and children, occupied the site."

Stay In Sunshine, Lake Mary Told

By Genie Lindberg
Herald Staff Writer

"Let the sun shine in" was the theme of the report by Lake Mary's city attorney Frank Kruppenbacher to city commissioners at their Thursday work session.

Kruppenbacher warned commissioners that the Sunshine Law, which helps discourage secrecy in government because it "lets the sun shine in," is going to become an issue with public entities in the future. He said the law has been overlooked, "Not that it's been violated, but it has never been truly, heavily enforced."

Sunshine laws permit the public to attend federal, state and local government agency meetings.

They originated with a Florida Supreme Court ruling in 1905.

Kruppenbacher said he knows of at least one investigation going on concerning the Sunshine Law within Seminole County and whether or not the law was obeyed. "I really believe that when a prosecutor in a law enforcement agency finds somebody (in violation of the law), they're going to look to nail those people to the wall on the theory that when you get a public official who does something wrong, it is encouraged that you take a very strong position so that all those public officials are intimidated into doing nothing."

What the law basically says, Kruppenbacher told commissioners, is that "on any item of city business that you are going to vote on, you should not have discussion with another member of that voting body unless 'It is in the sunshine,' that is, unless it is open to the public; and I'll go a step further — and unless the press is notified." Whether or not the press attends is their decision, Kruppenbacher added.

"The real spirit of the law is that you just don't talk with one another about city business other than when you're at the commission meeting, and that's it in a nutshell."

Kruppenbacher said that he wanted to caution commissioners that when they are at a meeting and lean over to talk to one another, they should always be aware of the fact that somebody there could ask them what they are talking about. He said, "I once passed a note to a commissioner because I didn't want to state verbally what I knew the commissioner wanted to hear from me. So I wrote it down and handed it to him, and

'The real spirit of the law is that you just don't talk with one another about city business other than when you're at the commission meeting, and that's it in a nutshell.'

—Frank Kruppenbacher
Lake Mary City Attorney

It didn't even come out of my hand before the press came up and asked to read it."

Kruppenbacher warned commissioners to be "very sensitive, particularly on sensitive issues" because those are the ones to which people really pay attention, he said. "Like when we're dealing with a developer, we may not be giving them what they want. If they (developers) could ever figure a way to get two commissioners or two board members (discussing public business), they believe they can basically play hard ball from there on out."

Kruppenbacher said he did not know of any local commissioners who have been prosecuted for it but that he did know of local elected officials who have been accused of violations. "You don't even want to be accused because you just don't want the headlines..." he said.

Commissioners asked Kruppenbacher if two or more of them are invited to functions whether being there was in violation of the law. "The answer is no, as long as you don't talk about business," he said.

Kruppenbacher said he was also asked about a couple of commissioners driving to Tallahassee together for the Florida League of Cities meeting and said, "It's not illegal driving together, as long as you don't talk about city business — but you can bet that there's going to be a lot of presumption with a five-hour drive that something's going to be talked about other than basketball."

"Another thing to watch out for is what you say aloud at commission meetings," Kruppenbacher said. "It can be a terrible thing to sit up there and say 'Well, Joe, you remember when we talked about it the other day....'

"If you ever see me jump out of my seat, that will be why; so be sensitive to that."

SEMINOLE COUNTY FLOODPLAIN NOTICE NOTICE OF EXPLANATION

In accordance with the requirements of Presidential Executive Order 11988, Seminole County has evaluated alternatives to proposed neighborhood improvement activities in the Casselberry Target Area project. As a result, it has been determined that there is no practicable alternative but to implement the project as previously described in a public notice on February 10, 1987. This notice is required since federal funds will be used to support the project. Reasons for proceeding with the project are as follows:

1. The proposed project improvements have been identified by Seminole County as necessary to prevent further deterioration and blight to the area.
2. The severity of possible flooding in the project area will not be severe enough to cause loss of life or significant property damage.
3. Streets and utilities are presently in place and it is economically feasible to repair and upgrade them where needed. Community Development Block Grant (CDBG) from the U.S. Department of Housing and Urban Development (HUD) will be used to fund these improvements.
4. All activities in this project will be subject to the requirements of the County's Floodplain Management Plan.

Possible Expressway Routes Topic Of Public Meetings

By Kathy Tyrity
Herald Staff Writer

The public is invited to three information sessions on the planned Seminole County expressway Tuesday, Wednesday and Thursday, according to the Seminole County Expressway Authority.

Citizens living in one of the 55 subdivisions or neighborhoods affected by one or more of the route alternatives, or those interested in helping select the route, are encouraged to attend.

Maps and reports will be available for review by individuals.

Members of the Seminole County Expressway Authority and staff will be on hand to explain the study and the alternative routes and to hold informal discussions with residents and other interested citizens.

Written and verbal comments will be recorded. You may write to Gerald N. Brinton, executive director for the Expressway Authority, at 1101 East First Street, Sanford, Florida 32771, or call 321-1130, Ext. 388.

By calling that number you can also be put on the mailing list for newsletters from the authority.

The schedule for next week's sessions will be each afternoon from 3-9 p.m. Tuesday's session will be at Winter Springs Municipal Building, Wednesday's meeting will be at Sanford City Hall and Thursday's session will be at Sanford Civic Center. It is not necessary to attend all three meetings, because the same information will be presented at each.

The Alignment and Environmental Study is scheduled for completion in November 1987. Several key months in the process of selecting a final location for the route are as follows:

- January - April: Identify and evaluate alternative alignments;

- May: Recommend one final alignment from S.R. 426 north to S.R. 434;

- May: Recommend three alignments for more detailed study from State Road 434 north to Interstate 4;

- May-June: Evaluate alternative alignments;

- July: Recommend one final alignment from S.R. 434 north to Interstate 4.

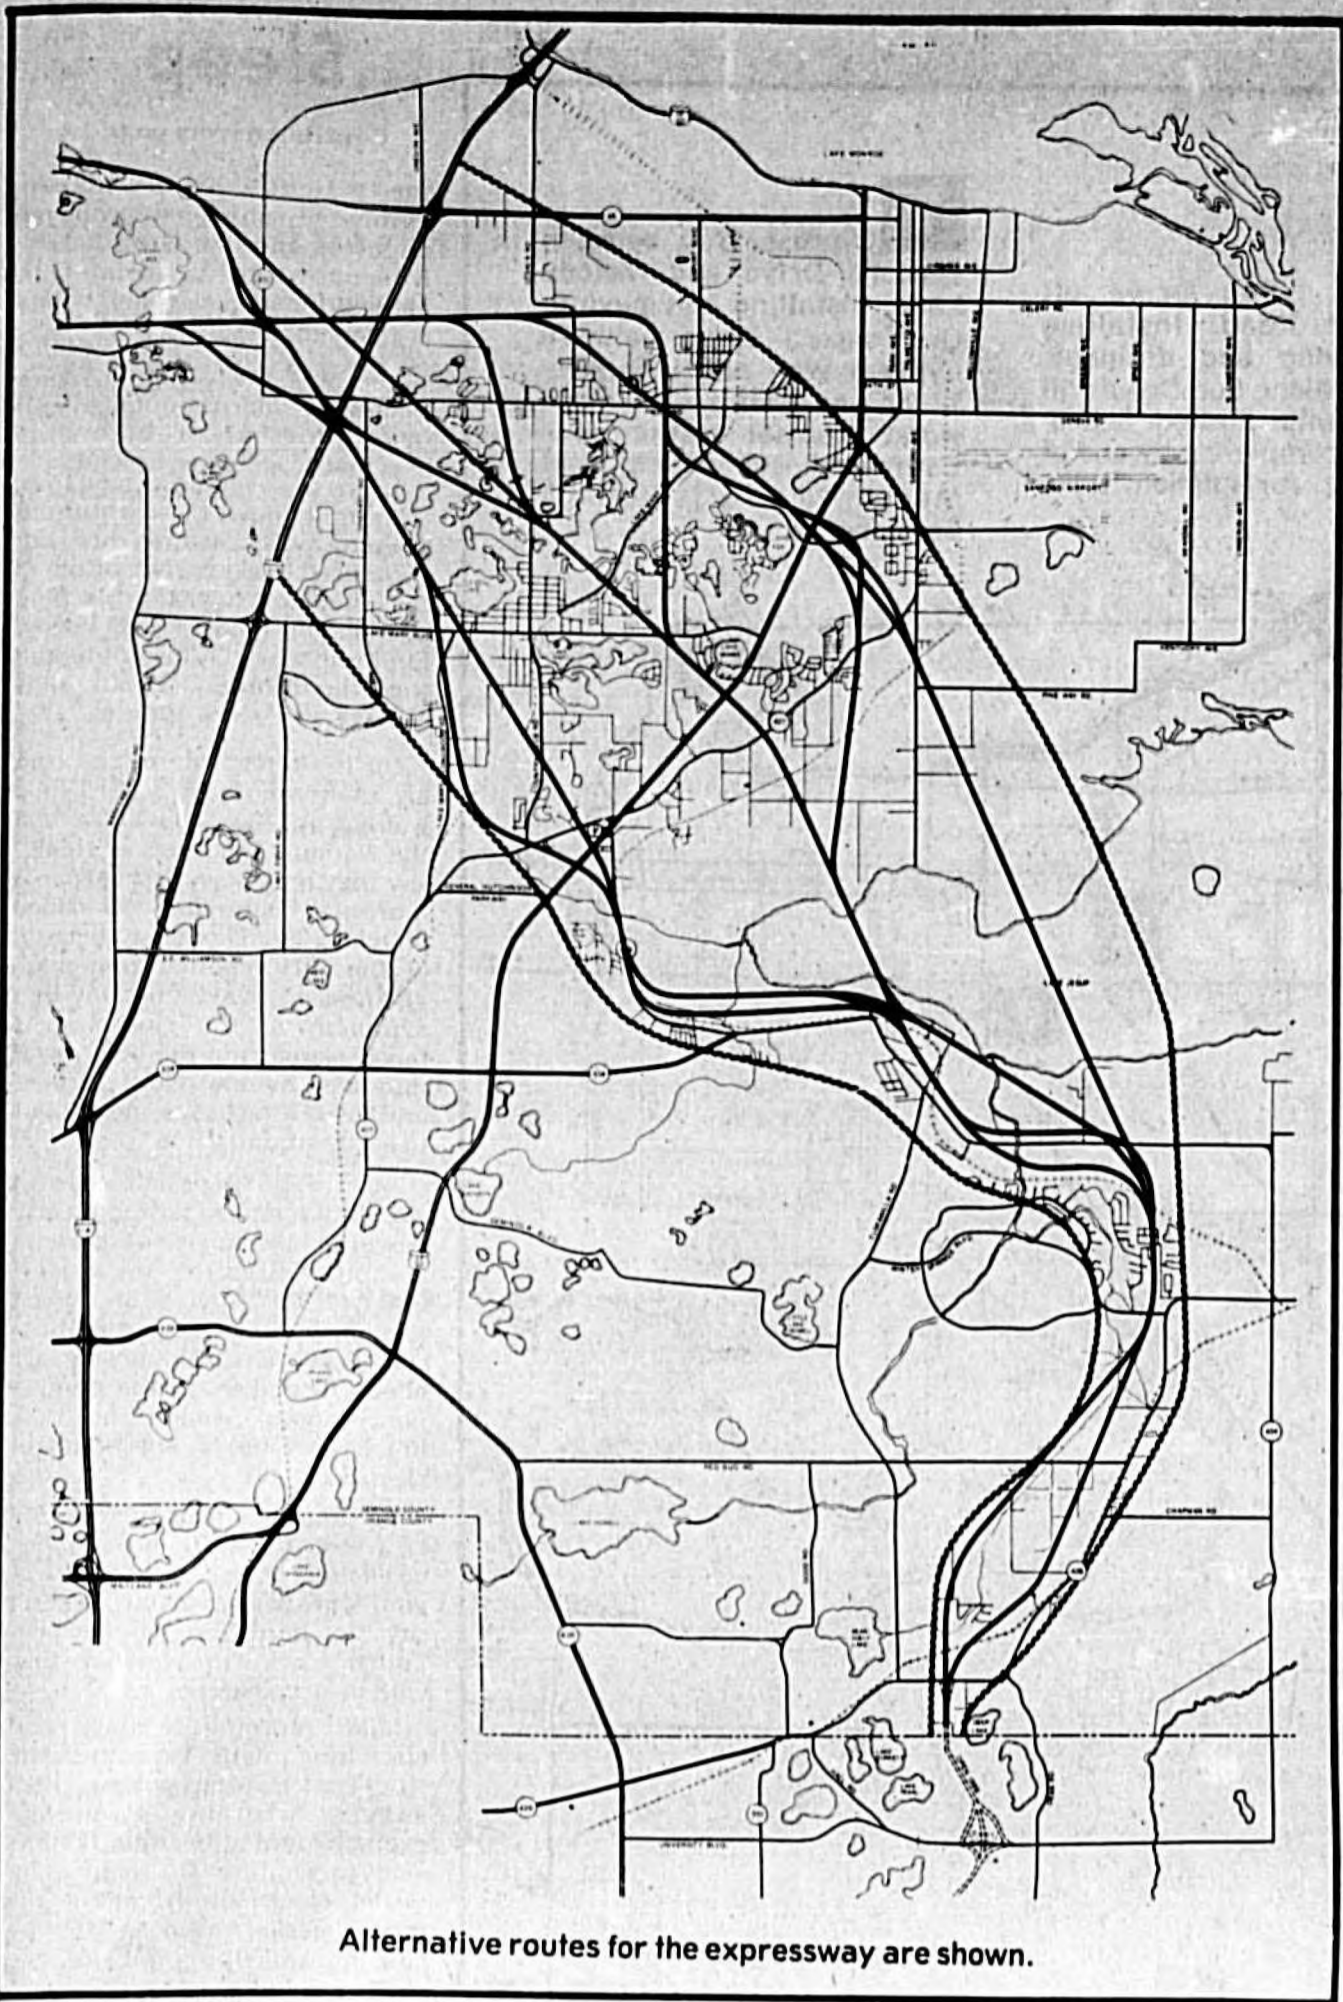

Following those sessions, a regular meeting of the Expressway Authority will be held at 4 p.m. March 18, Room W 120, at the Seminole County Services Building.

At the last regular meeting, consultant Tim Jackson, who is also project manager, quoted

1985 statistics and a corridor study made by another consultant that found it more cost effective to cross Lake Jesup than go around it. But Jackson has made no formal recommendation about that prospect.

There was some sentiment that environmental reasons may cause a problem in crossing Lake Jesup, but that has not been confirmed. Crossing Lake Jesup would bring the route closer to Sanford residents.

Authority members are: Fred Streetman, chairman; Sanford Mayor Bettye Smith; Lake Mary Commissioner Paul Tremel and county commissioners Bill Kirchhoff, Sandra Glenn, Robert Sturm and Barbara Christensen.

Day Or Two Extension Proposed For Games

Sanford's Golden Age Games should be extended says Gene Keltner, director of the Central Florida Chapter of the American Red Cross and a member of the U.S. Swimming Olympic Committee.

Keltner, a member of the Golden Age Games Executive Committee, told the committee, "We've grown to the point, but we are still trying to limit ourselves and it's beginning to get unruly. We're trying to shove in too much in too short a time."

"I do feel we ought to consider beginning registration on Saturday or Sunday" or holding some events in advance of the opening ceremonies, he said.

For 12 years the Games have always been held Monday through Saturday. Beginning on Saturday or Sunday would increase the six-day event to seven or eight days.

Greater Sanford Chamber of

Commerce executive assistant Virginia Longwell, who acts as Games' coordinator and is in charge of registration, said she didn't see the need for early registration. She said the majority of Games entrants preregister and the ones who come in on opening day are just there to pick up their gifts. Every year an item such as a tote bag, T-shirt, hat or mug with the Games insignia on it is given to participants.

Carl Franzen of the American Red Cross said one possibility would be to hold the Games sailing event on Sunday in conjunction with a regatta. When the sailing competition is held during the week they are limited in the length of time they have to complete the event and several times all or part of the race has had to be scratched because of strong wind. Franzen said Lake Monroe is a shallow

lake and can get rough in a hurry.

Franzen said the Red Cross, which sponsors the sailing, has decided to give it another go this year in spite of "substantial damage" done to equipment on their six Phantom class sailboats at the Games. He said they have had masts stuck in mud and damaged when the boats flipped over, as well as rudders, booms and blocks. "We can't afford to have our equipment damaged, the money comes out of our sailing program budget. We have over \$20,000 invested in boats including the judges' boat."

Karl Berg, Shuffleboard chairman, said the Games shuffleboard tournament will start on Thursday this year to give competitors three days in which to complete their play-offs in case of rain. "One year we had to flip a coin to see who got the medals," he said.

Don Workman of the American Red Cross said there has been a bit of a problem in the competitive swimming, because three or four athletes dominate all 11 events in each age group and take home all of the medals. He suggested a rule change that would limit the number of events each athlete could enter to five to give the others a better chance. Workman also asked for the registration deadline to be moved up three or four days to give him more time to schedule the heats.

Competitive swimming events will be held at the Parnell Pool and Lyman High School. Longwood, will host the syn-

chronized swimming and diving again.

Road Work This Week

Here are the projects in Seminole County that may affect the flow of traffic:

1 State Road 434 and Interstate 4 interchange. Widening of I-4 exit ramps. Work affecting traffic flow 24 hours a day. Jurisdiction: Florida Department of Transportation.

2 Forest City Road from State Road 436 to Maitland Blvd. Widening two-lane road to four lanes. Normal traffic usually maintained. Jurisdiction: Florida Department of Transportation.

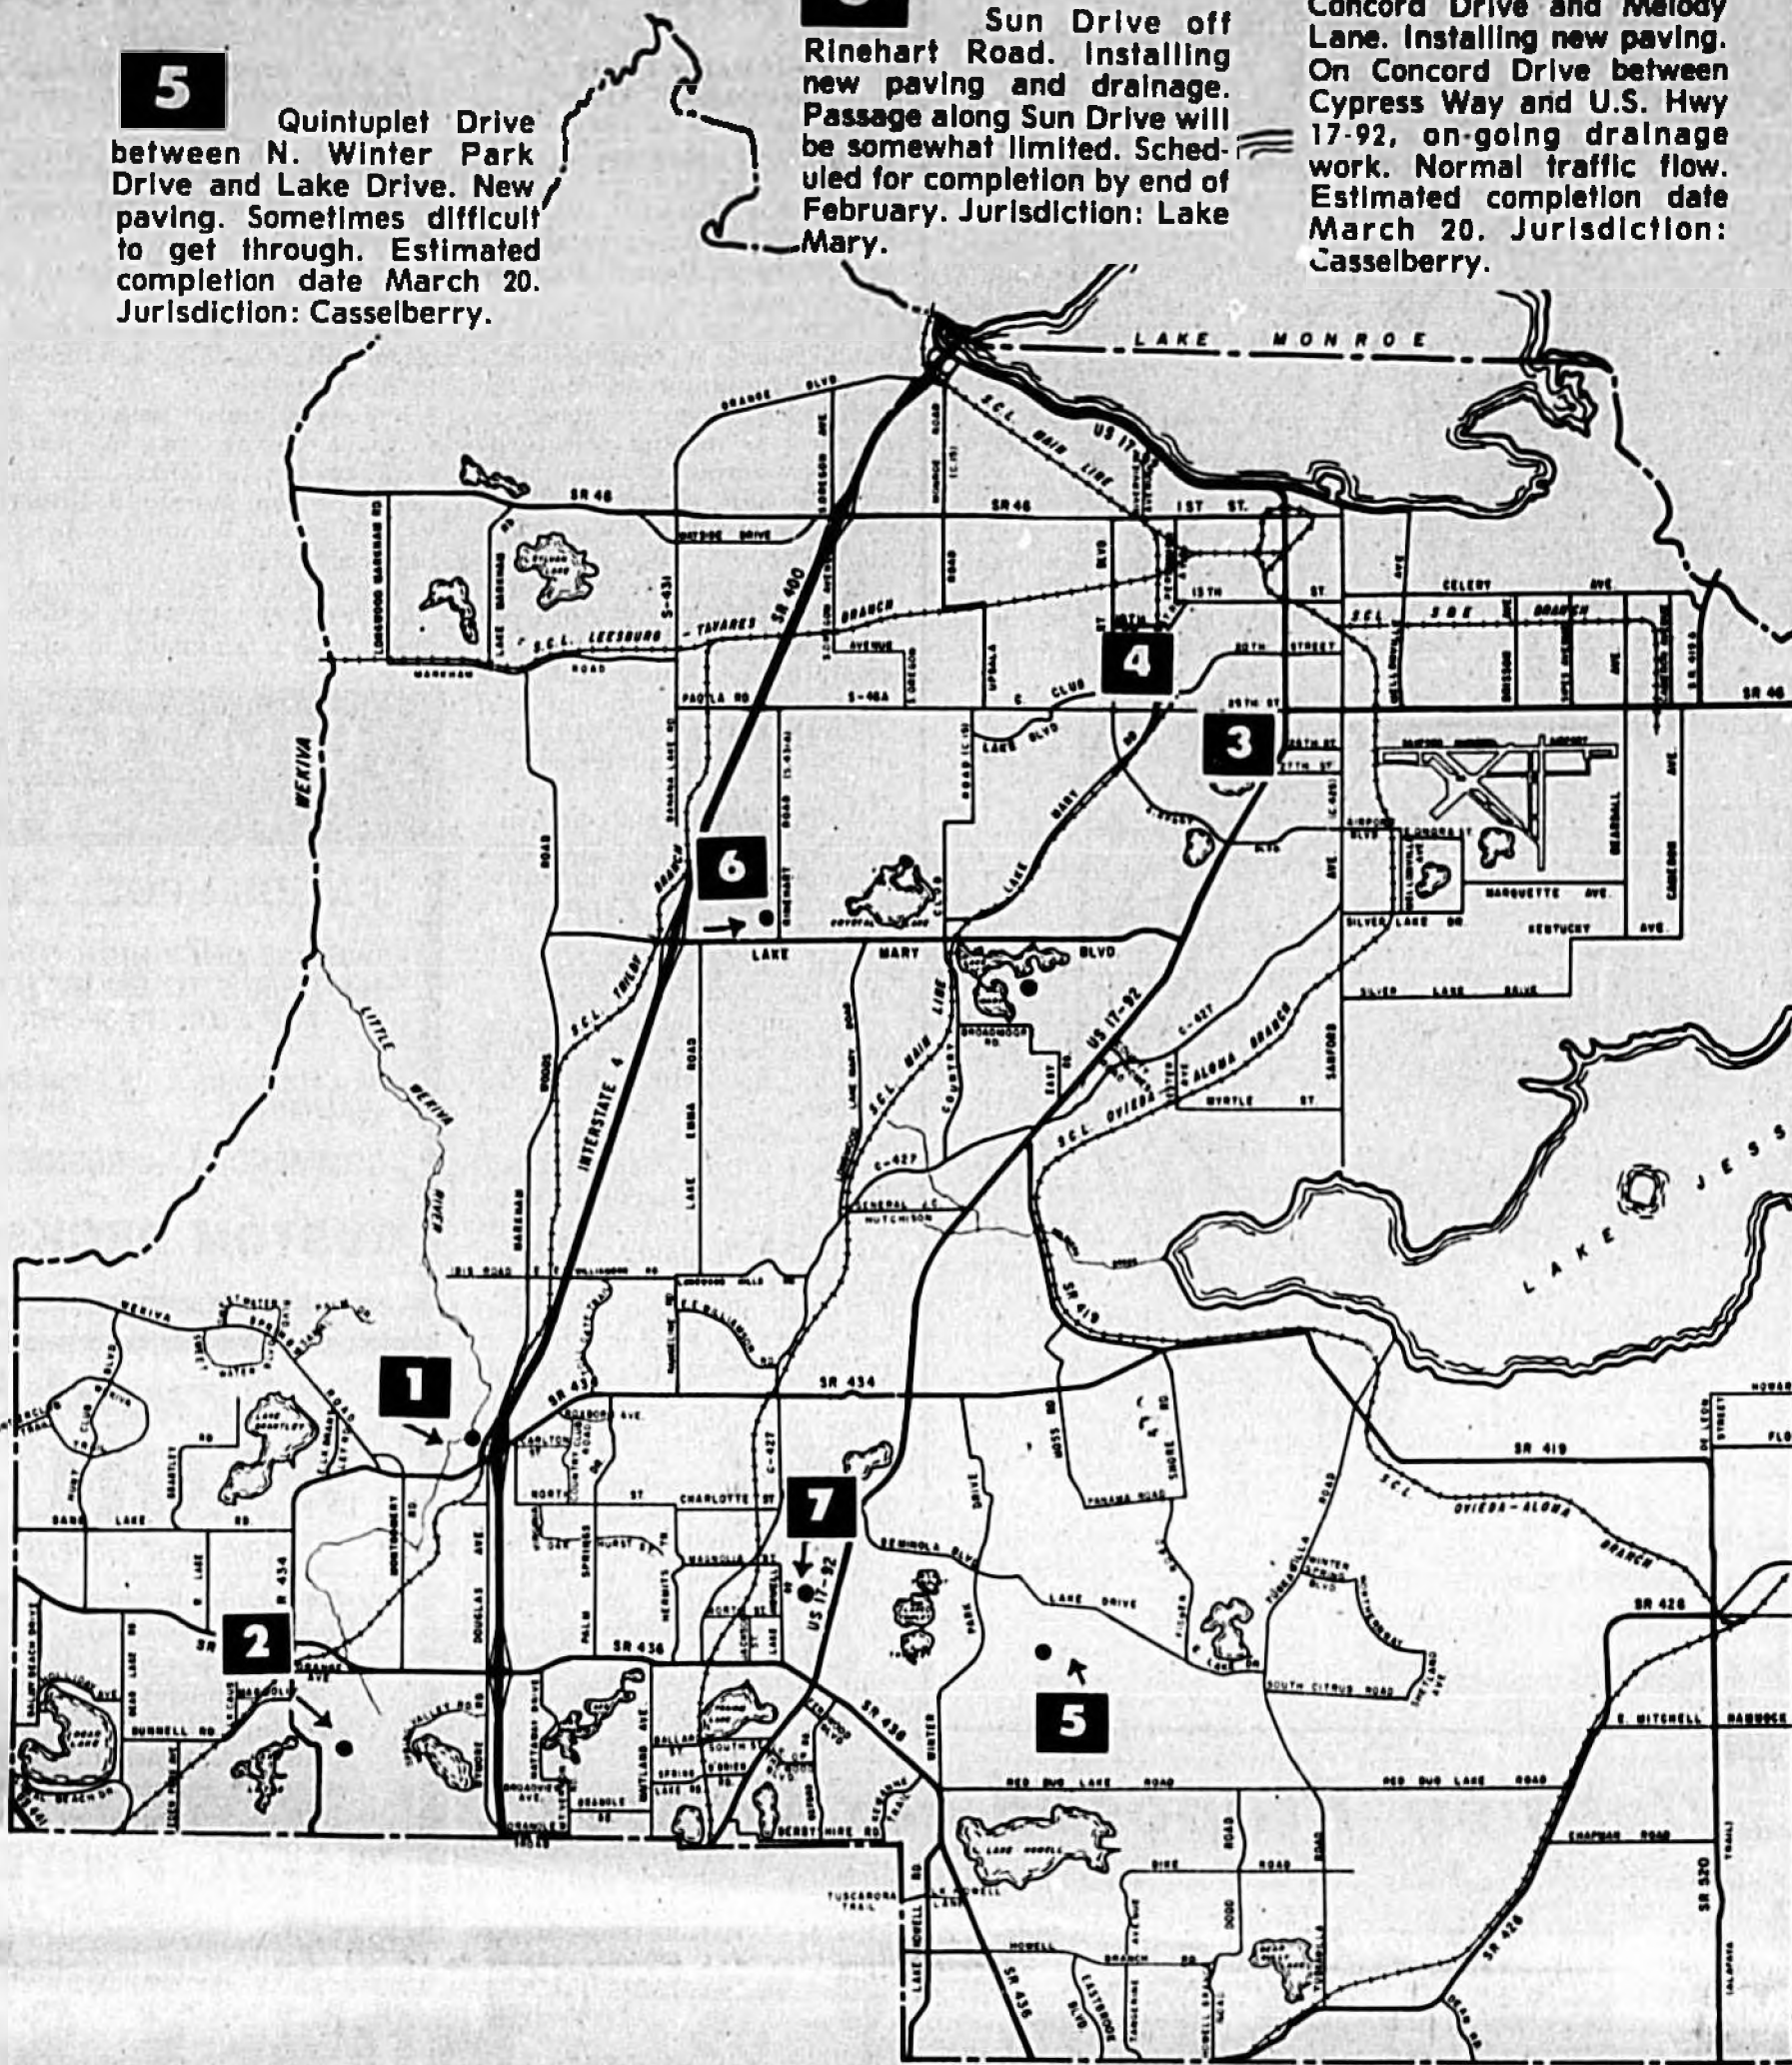

3 Ridgewood Avenue and 25th Street County Road 46. Intersection improvements. Flagmen and traffic in one lane at times. Traffic on 25th Street should not be affected significantly at this time. Expected completion by mid-April. Jurisdiction: Seminole County.

4 Hays Drive from Country Club Drive to Bradshaw Drive; Country Club Circle from Hays Drive to West Country Club Drive; Sarifa Avenue U.S. Highway 17-92 to Grenada Avenue; Santa Barbara U.S. Highway 17-92 to Marshall Avenue and Florida Avenue U.S. Highway 17-92 to Santa Barbara Drive; Georgia Avenue from Florida Avenue north to new pavement, resurfacing with minimal disruption of traffic. Estimated completion for March 4. Jurisdiction: Sanford.

5 Quintuplet Drive between N. Winter Park Drive and Lake Drive. New paving. Sometimes difficult to get through. Estimated completion date March 20. Jurisdiction: Casselberry.

6 Sun Drive off Rinehart Road. Installing new paving and drainage. Passage along Sun Drive will be somewhat limited. Scheduled for completion by end of February. Jurisdiction: Lake Mary.

7 Cypress Way between Concord Drive and Melody Lane. Installing new paving. On Concord Drive between Cypress Way and U.S. Hwy 17-92, on-going drainage work. Normal traffic flow. Estimated completion date March 20. Jurisdiction: Casselberry.

...Sleep

Continued from page 1A

the patient's history to determine if emotional problems might be affecting sleep habits. A spouse can be helpful in pinpointing the sleeping habits of a patient, he said.

The way we sleep or don't sleep may indicate undiagnosed psychological problems or psychiatric illnesses, he said.

Mangat does not recommend sleeping pills, because, he said, "you need to get to the bottom of the problem instead. Sleeping pills should be used judiciously. Find out why the insomnia and treat the disorder. Sleeping pills can aggravate sleep apnea."

On the other side of the coin are those who have a hard time waking up. Sleep researchers at the National Institutes of Health say they may be suffering from a morning "clumping" of blood platelets. Dr. Thomas Robertson of the NIH reported that sluggishness on awakening may be a symptom of the clumping of blood platelets in the body, with may also be one reason strokes and heart attacks are most likely to occur around 9 a.m.

To help improve blood circulation and to promote early morning alertness, Robertson and other sleep experts suggest that you don't oversleep. Seven to eight hours of sleep a night is considered ideal for most. Only about 10 percent of the population, mostly women, need as much as nine or ten hours of sleep.

To improve wakefulness it's best not to sleep late on the weekends. If that is not part of your weekly sleep habit. Experts say it's hard for the sleepers "inner clock" to adjust to that shift in sleep habits.

Mild, morning exercise and stretching might also enliven the sluggish. But sleep researchers suggest avoiding strenuous exercise right at bedtime. That is said to confuse the body's internal clock into thinking the time is earlier than it is, thereby causing wake-up problems the next morning.

Those who have trouble waking up should, researchers say, avoid sleeping pills and they should seek the light when they want to awaken. We react naturally to the light of dawn and light aids in awakening.

Or, experts say, if nothing else works, you might try going to bed a few minutes earlier to help insure that you do get enough sleep time.

...Baker

Continued from page 1A

Reagan described Baker as "a distinguished American who has served as majority and minority leader of the United States Senate, a leader of the Republican party and a man of unquestioned integrity and ability."

Baker, who retired from the Senate in 1985, is one of the most highly regarded politicians in Washington and a friend to lawmakers from both parties.

Asked if he would still run for president, Baker said, "I think it goes without saying that to be a full time and dedicated chief of staff, which is what I will do, that there will not be time for, nor would it be appropriate to try to run for the Republican presidential nomination. So I will not be a candidate for president in 1988."

A hurt Regan quit in a fury after he heard an announcement on Cable News Network that he was being replaced, an aide said.

Deputy press secretary Marlin Fitzwater said Regan summoned him to his office at 3:45 p.m. EST and handed him a copy of his resignation letter, saying, "I've just delivered this to the president. I want you to go down and announce it."

The word at the White House was that first lady Nancy Reagan had forced Regan out and that even up to mid-afternoon, he thought he would not have to resign until early next week.

In a statement issued even before the president's, Mrs. Reagan said of Regan, "I wish him good luck."

"I'm delighted he (Baker) will be with us," she added.

The president apparently made the final decision early Friday. He told Republican congressional leaders at the end of a

morning meeting with them that they would be "pleased" with Regan's replacement.

It is rare that the president does not personally announce the appointment of a new high-ranking assistant.

Regan's staffers, dubbed the "mice," were grim-faced as they

darted in and out of offices, appearing shocked and saddened. Regan slipped out of the White House in the afternoon.

Regan remained in his residence. There was no immediate indication of how he told Regan that the timetable for his departure had been moved up.

...Suit

Continued from page 1A

The operator of the club, however, said today that he was only enforcing club rules when he told Greene he could not use his own cart and that at the time of their conversion, Greene's membership had lapsed.

According to the suit, Greene was told Monday by the president of the club, Jack Daniels, to remove himself from the course, and that his membership was not wanted. Greene, a medically retired railroad engineer, states the club and golfing constitute his sole recreational and social life. He states the termination of that avenue had caused a total end of his social and recreational activities. The notice came during one of Greene's usual six morning games a week.

Greene states that his suit seeks only an injunction and has not address the possible reasons why he was ordered off the course.

According to a March 24, 1986 agreement, signed by Greene and Daniels, Greene can use his golf cart on the course if he pays a trail fee, obeys club rules, and assumes responsibility for the maintenance or personal injuries to himself or rider if the cart malfunctions. He states in the suit that he has paid the fees for this year.

The city is included in the suit because it owns the country club

and contracts its management to Daniels.

Besides the injunction to maintain the status quo and allow Greene use of the course and exercise of his membership, he wants the club restrained from terminating his membership and use of the course.

Daniels said today he had not heard of the suit but did see Greene in the club's pro shop and told him the club rules had changed and no one was to use a private cart on the course.

Daniels also said that at the time he talked with Greene, his membership had lapsed.

"I don't want people to think I am some kind of an ogre. It's just a simple business decision and the club rules," said Daniels.

Daniels said part of the agreement signed a year ago included Greene acting in the capacity of a ranger on the course, that is monitoring the play of others. Daniels said Greene has not lived up to that agreement.

Daniels said there are several reasons why private carts are not allowed on the course, among them is insurance costs. He also said there are several members with various disabilities who wonder why they cannot use their carts when apparently one member with a disability can, even though that is against the rules, he said.

He said Greene's membership in the club will be held up until the issue is resolved.

...Audit

Continued from page 1A

existing warehouse supplies on hand, and after determining which items are damaged, dispose of such items to the best advantage of the district."

On tangible surplus property, the auditors determined that the property records did not contain a description of the final disposition for surplus items sold at auction. "It was not possible to determine that only surplus items were actually disposed of," auditors said.

Also commenting on cash controls and administration, the audit was critical of disbursements. "Internal control was weak in that one district employee prepared checks, recorded disbursements, and prepared bank reconciliations for the food service accounts." The audit recommended that those functions should be properly separated to ensure that there is "an independent verification of disbursements."

There were also a few criticisms of the food service operations and accounts. Auditors said district personnel did not on a daily basis compare meal production reports to records showing collections for meals served (i.e. cash register tapes). One school center had a difference of 256 meals prepared and served in a week. There were also discrepancies reported in the blank meal cards distributed and meals served.

On personnel and payroll administration, it was found that the clerk who receives and processes payrolls for substitute and other part-time employees, also receives and distributes the signed payroll warrants for these employees. "Good internal control procedures require a separation of these responsibilities," the auditors said.

Looking at federal and state support monies, the auditors revealed "conditions that we believe could result in more than a relatively low risk that errors or irregularities, in amounts that would be material to a federal financial assistance program, may occur and not be detected within a timely period."

Further, "Our review of transactions and records selected from major Federal financial assistance programs disclosed

instances of noncompliance with those laws and regulation."

Schools Superintendent Robert Hughes responded to the Auditor General Charles L. Lester that efforts were underway to correct all the shortcomings cited.

He said the purchasing coordinator was given the responsibility of making necessary adjustments to the warehouse inventory, and the district is developing a plan to ensure that the employee who enters transactions to the perpetual inventory records is not also responsible for physical custody of the inventory.

In addition, he said procedures are being developed and new inventory systems are being installed which will help insure that the inventory counts are accurate. The purchasing coordinator has been given the responsibility of determining the optimal inventory level of each inventory item, and Hughes said reductions will be made in slow moving items.

"We are in the process of developing procedures to ensure that inventory purchases are

limited to quantities needed. Preparations are presently being made to dispose of damaged and low turnover items, and we are developing procedures to help insure that the disposition of surplus tangible personal property is included on the property records," Hughes told the auditors.

Segregations have been made in the financial duties to assure appropriate handling, he added, and verifications are being made in the meals prepared and meals served and paid for. "Procedures have been developed to help insure that food service expenditures do not exceed the amount of the budgetary appropriations," Hughes said.

On the administration of federal funds, Hughes said the procedures for preparing cash advance reports have been revised so that the cash on hand will more closely approximate current needs. "A procedure has also been developed which will result in funds being returned to the Department of Education if an unforeseen cash surplus occurs," he said.

AREA DEATHS

CLIFFORD C. CORDEN
Mr. Clifford Curtis Corden, 86, 1079 Laura Street, Casselberry, died Friday at Lakeview Nursing Home, Sanford. Born Aug. 5, 1900 in Elkhart, Ind., he moved to Casselberry from Lake Mary in 1980. He was a musical instrument repairman and a Jehovah's Witness. He was a member of Elks Club, BPOE Lodge 1241, and the Over 50 Club, all of Sanford. Survivors include his wife, Lillian; brother, Richard J. Elkhart, Gramkow Funeral Home, Sanford, is in charge of arrangements.

ROBERT B. STEINER
Mr. Robert B. Steiner, 64, 725 Charlotte Street, Longwood, died Friday at 105 Pine Circle Drive, Lake Mary. Born in Detroit, he moved to Longwood from Jacksonville in 1964. He was owner of a swimming pool contracting business and a Catholic.

He was an Army veteran of World War II. Survivors include his son, James, Lake Mary, daughter, Roberta Johnson, Sanford; three grandchildren. Oaklawn Funeral Home, Lake Mary-Sanford, in charge of arrangements.

Funeral Notices

Corden, Clifford Curtis
—Memorial funeral services for Clifford Curtis Corden, 86, of Casselberry, who died Friday, will be held 11:30 a.m. Wednesday, at Kingdom Hall of Jehovah's Witnesses, Longwood, with Elder Clarence Willard officiating. Arrangements by Gramkow Funeral Home, Sanford.

Steiner, Robert B.
—Catholic funeral services for Robert B. Steiner of Longwood who died Friday will be held Tuesday at 11 a.m., at the Oaklawn Funeral Home chapel, with Father Larry Loring officiating. Interment will be at Oaklawn Memorial Park. There will be no visitation at the funeral home. In lieu of flowers contributions may be made to the American Cancer Society in his memory. Arrangements by Oaklawn Funeral Home, Lake Mary-Sanford.

...Appeal

Continued from page 1A

said he didn't want to wait for another P&Z review during the board's next session, March 5, because he was pressed for time to close on the development and arrange funding.

Commissioners, however, declined to judge the matter that night, saying appeals are usually handled after they've been requested in written form. The special session was set for Monday.

Commissioners were told Feb. 23 of the P&Z's reservations about the project by Simmons, which prompted McClanahan's accusation about the use of personal opinion, rather than city codes. The practice "is out of hand," according to McClanahan, who said he's been looking at minutes of P&Z meetings.

Morris countered the P&Z's nine members "have the city's best interests at heart" and are sometimes hampered in efforts to improve Sanford by weak and outdated city codes. The P&Z is reviewing the codes to develop applicable updates and remove inconsistencies, Morris said.

Raiders Crumble ... 'Noles Stumble

Gulf Coast Erases 18-Point Deficit To Overcome SCC

By Sam Cook
Herald Sports Editor

ORLANDO — When a team blows an 18-point lead with 11 minutes to play, every one knows why it happened after the fact. But no one knows how to avert the nightmare as it takes place.

Seminole Community College's Raiders were 11 minutes from a berth in the final of the FCCAA State Basketball Tournament Friday night. Sitting on a 73-55 lead with one of the state's best spread offenses seemed to be the least of their worries.

But as Gulf Coast coach Jim Oler said later, "We've been way behind before."

Gulf Coast, using its patented 1-2 punch of Tony Dawson and Tony Holly, erased the 11-point deficit in just eight minutes and pulled away for a 104-97 victory before 777 fans at the University of Central Florida gym.

Dawson, the state's leading scorer, tossed in an incredible 14 of 18 field goals on a combination of loops, short jumpers and slams in the paint along with 4 of 6 free throws for 32 points. Holly, 6-6 like Dawson, but 260 pounds a la Charles Barkley, finished with 26. He hit the offensive boards well and connected on a pair of 3-point goals.

"This is the damndest group of kids I've had in 26 years of coaching," Oler said. "This is the fourth straight games we've come back from being way down."

"If we get down by 19 Saturday, I'll know we're in good shape."

Gulf Coast, 19-12, will meet Cocoa's Brevard Saturday at 3:30 p.m. for the 27th state championship. Brevard knocked off Marianna Chipola, 77-74, in Friday night's second game.

Seminole, making its first state tournament visit under coach Bill Payne, finished a superb 30-5 season. Freshman bomber Malcolm Houston led the Raiders with 31 points. The 6-0 guard hit 6 of 9 three-point goals before fouling out with 2:35 left to play.

The 30 victories in 35 attempts, believed to be the top win total in the nation, was no consolation for Payne and three sophomores, though. They could not comprehend the nightmarish 11 minutes which allowed the game to slip from their grasp.

"We just totally got out of control," a tearful point guard Darris Gallagher said. "Everything just collapsed on us."

Gallagher turned in a strong floor game with 15 assists and eight steals, but his shooting was off, hitting just 2 of 12 field goals to finish with six points.

"We just lost our composure," 6-8 center Vance Hall said. "We thought we had the game won."

Hall, the Mid-Florida Conference Player of the Year, led the Raiders with 22 points and three blocked shots. He snatched just four rebounds, however, half his average.

"We relaxed," 6-7 forward Claude Jackson, who scored 10 points and grabbed six rebounds, said. "We got overconfident. We lost our intensity."

Payne, secluded in a corner of the locker room, said a combination of factors contributed to the demise. "Gulf Coast was sleeping for three-fourth of the game and finally got their wakeup call," he said. "We didn't handle the press very well. The loose balls and breaks went their way at the end."

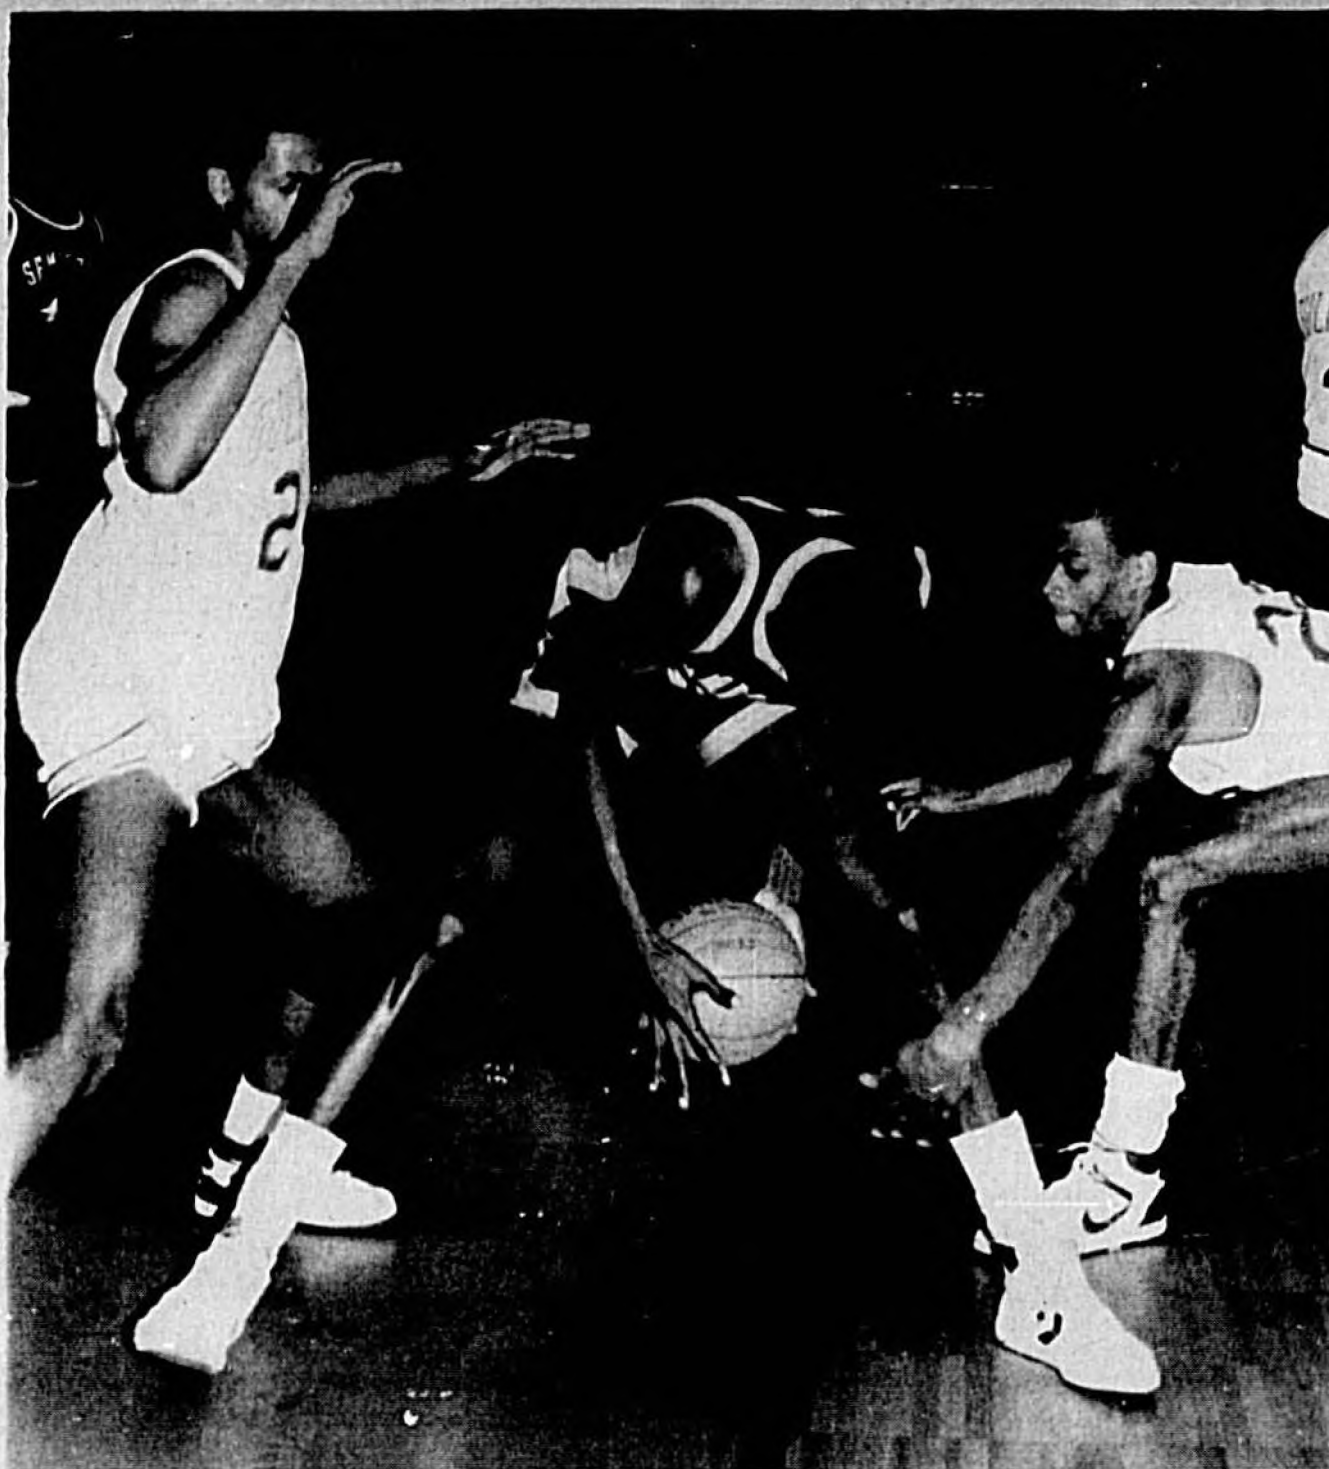

"You have to give them credit. If you can do that every night, you've got a heckuva team," Payne added.

The Commodores, who shot 71 percent in the second half, have done it the last four nights they have played. They bounced back from 12- and 14-point deficits to beat Pensacola to win the second state qualifying berth. Thursday night, they erased a 17-point lead to outlast Avon Park South Florida, 114-112.

"This team has incredible resiliency," Oler said. "But I didn't know if we had enough to come back tonight."

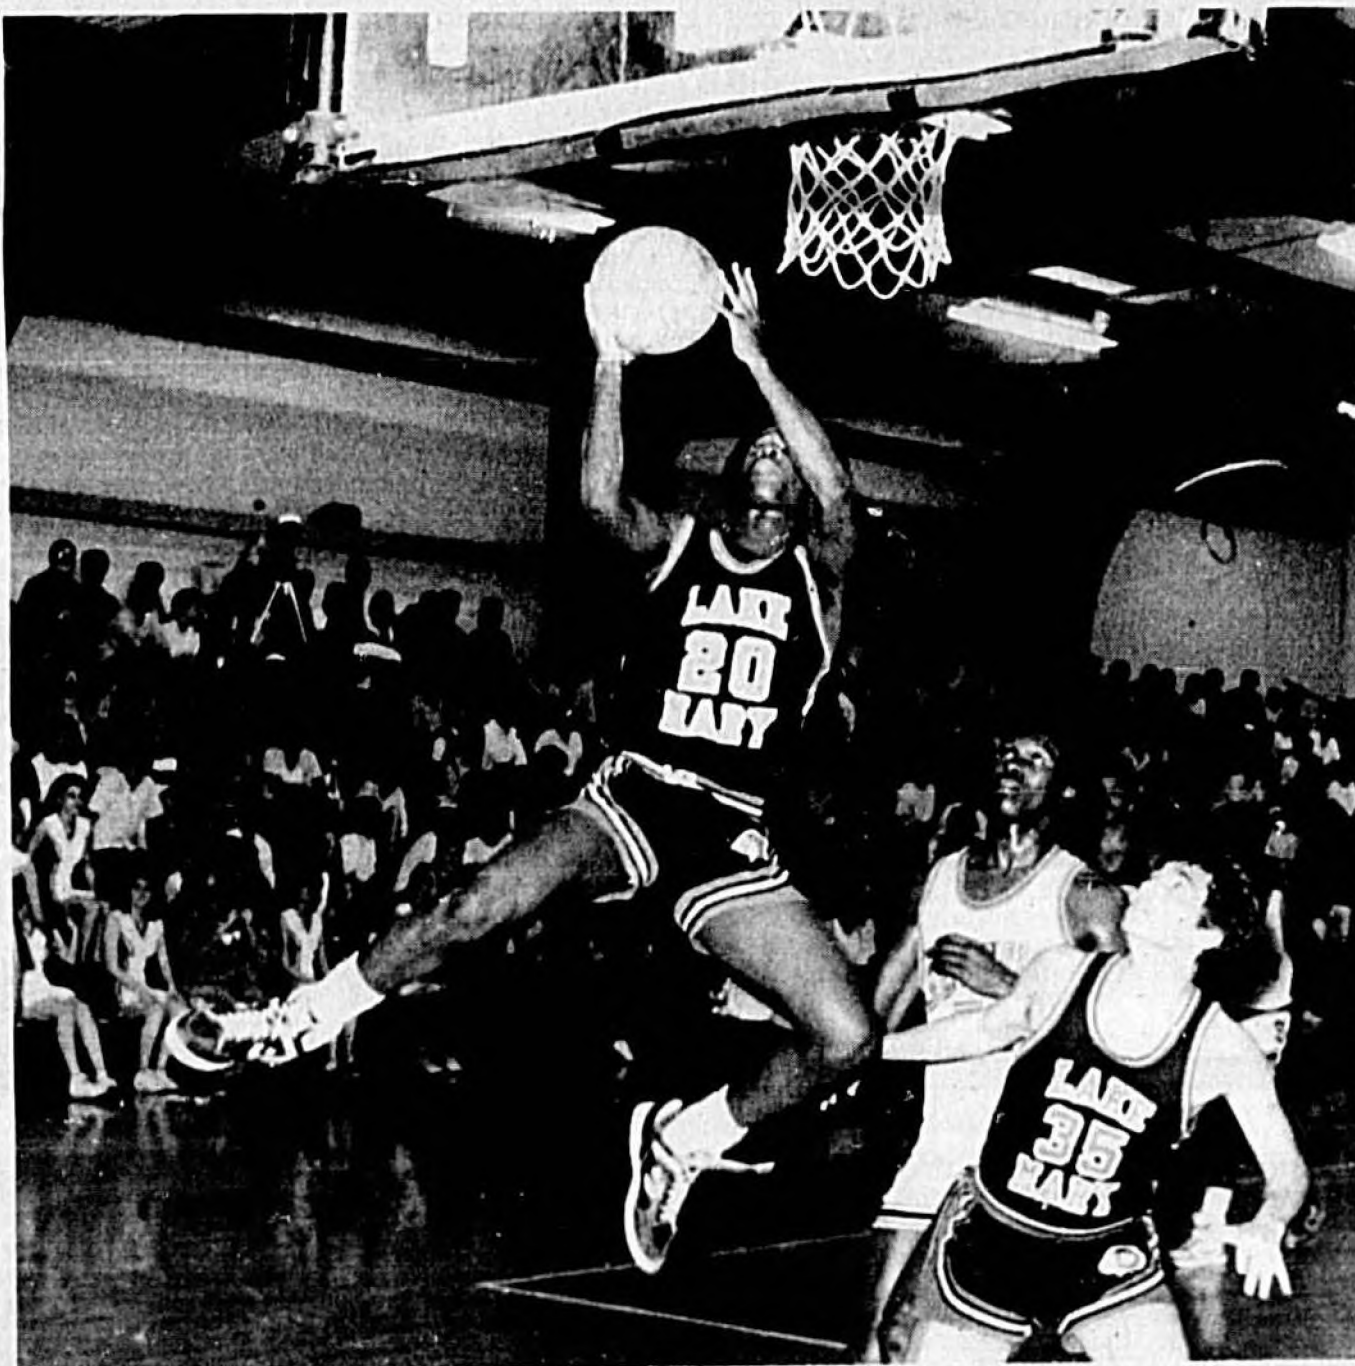

For 29 minutes, it appeared they did not. After trading hoops for 12 minutes, SCC's James Morris popped off the bench to drill home three consecutive jumpers for 29-25 advantage. Morris, an Orlando Jones product, finished with 14 points.

Hall's short jumper pushed the lead to 31-25 as the Raiders found hole after hole in Gulf Coast's zone. They appeared to have the Commodores on the ropes but on the next four possessions they turned the ball over, negating three buckets with

SCC's Vance Hall struggles for control as Gulf Coast's Tony Dawson, left, and Keith Brown defend. Gulf Coast erased an 18-point deficit to overhaul the Raiders Friday.

Herald Photo by Tommy Vincent

Lake Mary's Terry "The Cat" Miller twists his way to two points as teammate Matt Napoli, front, and Seminole's Craig Walker defend. Rams stunned top-seeded 'Noles, 71-69.

Lake Mary's Late Blitz Stuns Tribe In District Semis

By Scott Sander
Herald Sports Writer

Coming into Friday night's District 4A-9 semifinal basketball game between Seminole and Lake Mary, the oddsmakers did not give Lake Mary a snowball's chance in Hades.

After all, the Seminoles were seeded No. 1 in the tournament. They had already beaten the Rams twice. They had won 19 out of their last 20 games and nine in a row. And they were playing on their homecourt. This was supposed to be a tune-up for the title clash with Daytona Beach Mainland.

So much for oddsmakers and tune-ups.

The Rams, behind the clutch stretch play of Cory Prom, Matt Napoli, Terry "The Cat" Miller and Oscar Merthie, erased an 11-point deficit in the final six minutes to stun the stumbling Seminoles, 71-69, before 1,201 fans at Bill Fleming Memorial Gymnasium.

"You dream about something like this," ecstatic Lake Mary coach Willie Richardson said among handshakes after the game. "I've always hoped for something like this to happen, but to be honest, I never expected it."

The triumph advances Lake Mary into Saturday night's 8:30 championship game. The Rams will take on 14th-ranked Mainland, a 78-62 winner over 16th-ranked Port Orange Spruce Creek.

"From the first man on the bench, to the last, they beat us," defeated Seminole coach Bill Klein, whose team finished 25-6, said. "They really played a great game and deserved to win. They outplayed us."

With Seminole leading 55-44 with six minutes to play, reserve guard Prom hit three consecutive 18-foot jumpers to cut the deficit to 57-50. Seminole maintained the seven-point cushion at 63-56 with 2:33 to play.

The Rams then outscored the 'Noles, 8-2, over the 57 seconds. Prom's jumper pushed them ahead, 63-62, with 1:40 left to play.

Jerry "Stick" Parker came back with a jumper for a brief led but Napoli banked home a short jumper to give the Rams a 66-65 edge. After Seminole came down the court and missed, Mary's Miller was fouled, sending him to the line for the one and one.

Miller hit both ends, giving the Rams a 68-65 buldge with 24 seconds to play. Seminole inbounded the ball with a full-court pass to Mike Edwards. Edwards made a spectacular move to the bucket and sank the driving layup to cut the lead to one, 68-67, with 21 seconds left.

Rams' forward Eric Czerniejewski was fouled on the inbounds pass. The giddy senior hit both free throws to give the Rams a 70-67 lead with 17 seconds left. Parker brought the ball down quickly for Seminole and sank a jumper to cut the lead to one, 70-69, with nine seconds left.

Seminole was then fouled to foul Merthie. The official ruled that the foul was intentional, giving Merthie two free throws, and the Rams possession. Merthie hit one of the free throws for a 71-69 edge.

Lake Mary inbounded the ball to Merthie again and he was fouled with only three seconds to play. Players then began to push each other and fans flocked onto the court as both benches cleared. After several minutes of pandemonium, the court was finally cleared. Merthie went to the stripe and missed both free throws.

The Rams inbounded the ball to Bernard Mitchell and the sophomore ran out the clock giving the Rams the upset.

"We love to be the underdogs," Czerniejewski said. "We all worked together and pulled together when we had to. The four baskets that Cory (Prom) made early in the fourth quarter really sparked us."

Prom, a junior, was overcome by the outcome. "I can't tell you how happy I am right now," a tearful Prom said in the Ram locker room. "We have waited for this for a long time and it feels damn good."

The Rams used a balanced scoring attack as four players were in double figures. Napoli led the Rams with 16 points with eight of the 16 points coming in the fourth quarter.

"Ever since I was a freshman I wanted to beat them," senior Napoli said. "We always came close, but could never quite do it. I'm on a natural high right now and I wish that it could last forever."

Czerniejewski netted 14 points while Merthie

Rams State Case: Comeback Upsets Killian

By Chris Flister
Herald Sports Writer

LAKE MARY — Whether you are for them or not, after the way they played Friday night you had to be saying — "How about them Rams!"

Rick Broennele and Manny Roldan capped off a tremendous Lake Mary comeback with overtime goals as the Rams conquered the Cougars of Miami Killian, 4-2, in the semifinals of the Class 4A State Tournament before 1,501 fans Friday night at Don T. Reynolds Stadium.

Lake Mary, 22-3-4, advances to the state final Saturday night at 8 against top-ranked Tampa Leto which knocked off Orange Park, 1-0, in Friday's first semifinal game.

"What an incredible comeback," Lake Mary junior goalkeeper Pete McNally proclaimed "We knew if we stayed

close in the first half, we could do it."

In upsetting one of the most powerful teams in state history, the Rams came back from a 2-0 first-half deficit. It was the first time this season three-time state champion Killian, which finished at 21-3-1, has lost a lead.

"We knew they (Killian) should not have scored those goals," Lake Mary coach Larry McCorkle said. "So I told the guys not to let it happen again and to take it one goal at a time in coming back."

Killian took a 1-0 lead with 11:38 left in the first half. Phil Gross unloaded a shot the deflected off the crossbar and the right post. Alex Sanchez gathered in the rebound, made a move past a defender and grounded the ball into the net. Just 37 seconds later, the

Soccer

Cougars took a 2-0 lead when T.J. Blum scored on a breakaway.

"On the first goal, we were late on the offside trap and it cost us," McNally said. "On the second goal, somebody just missed a man. We shouldn't have given up those goals, but we came back and played outstanding defense the last 60 minutes of the game."

Lake Mary bounced back with a big goal with 9:54 left in the first half when Ernie Broennele made a crossing pass on a dead ball play to Scott Betsinger who flicked it in the air to Steve Sapp and Sapp volleyed it past keeper Brian Roberts to cut Killian's lead to 2-1.

"The first goal was probably

the most important for us," McCorkle said. "The guys were confident they could come back being only one goal down at the half."

Lake Mary dominated on offense in the first 20 minutes of the second half and got the tying goal with 29:59 left in regulation when Lee Alexander slipped a ball past Roberts and inside the far post. The goal was set up by a long punt by McNally to Ernie Broennele who spotted Alexander in the clear.

Killian pressed on offense in the last 20 minutes and squandered a golden opportunity with 18:39 remaining when Gross blasted a shot off the post and it rebounded out to Sanchez who had an open goal. McNally, though, recovered to make a diving save of Sanchez' shot to keep the score tied at 2-2.

The Cougars had one last

chance in the final seconds as Gross lofted a high shot that McNally leaped up and tipped over the bar as time expired.

Less than two minutes into the first of two 10-minute overtime periods, senior midfielder Rick Broennele made the most spectacular play of the game as he won the 50-50 ball, moved past two defenders, drew the keeper out and put it past him for a 3-2 Lake Mary lead.

"I got the ball on the left wing, cut inside past one man and got by the sweeperback and had a one on one," Broennele said. "I don't know where the speed came from but all of a sudden I was in the clear."

The Rams sealed the victory with 5:46 left in the second overtime when Roldan, the junior varsity's leading scorer this season, scored his first varsity goal. It came when the

keeper went out to stop a breakaway and deflected the ball to Roldan who chipped it over a defender's head and into the goal for a 4-2 Lake Mary lead.

"I think once it went to overtime, we sensed we had it," McCorkle said. "The guys noticed that Killian was tired when they walked off the field after regulation."

LETO TRIMS ORANGE PARK

Chad Boda's second-half goal turned out to be the game winner as Tampa Leto's Falcons claimed a 1-0 victory over upset-minded Orange Park before 811 fans in Friday's first game.

The Falcons, 20-0-1, were turned away time after time by Orange Park goalkeeper Jay Millson in the first half but Millson was helpless on the goal as Boda had a wide open shot

See STATE, Page 5B

Turner, Jackson, Flores, Richards March Into Semis

By Tim Horn
Special to the Herald
LONGWOOD — Four Seminole County wrestlers marched into the semifinals while the Lake Mary Rams positioned themselves into contention for the team title during the first two rounds of competition in the Class 4A State Wrestling Tournament Friday at Lyman High School.

Lake Mary's Scott Flores, Bill Richards, and Troy Jackson each won their opening two matches to advance to the semifinal round while helping the Rams earn 24 1/2 points and move into fifth place in the team race. Seminole High's Troy Turner also advanced to the semifinal round, which began Saturday at 10 a.m. Wrestling matches were scheduled for 12:30 p.m. Saturday, with consolation matches at 6 p.m. and the finals at 8 p.m.

Seminole's Turner picked up two victories Friday to take a 30-0 record into the semifinals of the 171-pound weight class. He earned a technical fall in the first period against David McDevitt of John I. Leonard High in the first round. In the second, Turner posted a 4-2 victory over Darren Kolofsky of Pinellas Park.

Turner wrestled Orlando Colonial's Mike Sousa Saturday morning, needing just two victories for his first state title after finishing second as a sophomore and junior.

"Troy is in good shape," Seminole coach Glenn Malolini said. "He didn't wrestle a real pretty match in the second round but he was playing it smart."

Of the 18 Seminole County wrestlers who qualified for state competition, nine remained after the first round matches but only Flores, Richards, Jackson and Turner picked up a pair of victories.

Wrestling

Troy's brother Tracy Turner won his first match but was hampered by pulled ligaments in his wrist against Bill Sadio of Sarasota and dropped a 10-4 decision.

Sarasota High has the team lead after two rounds with 31 1/2 points. Miami Southridge is second with 27, followed by Merrit Island in third with 26, Brandon with 25 1/2 in fourth, the Rams and Countryside tied for sixth with 22 each.

Lake Mary coach Doug Peters said the first two rounds went about as predicted.

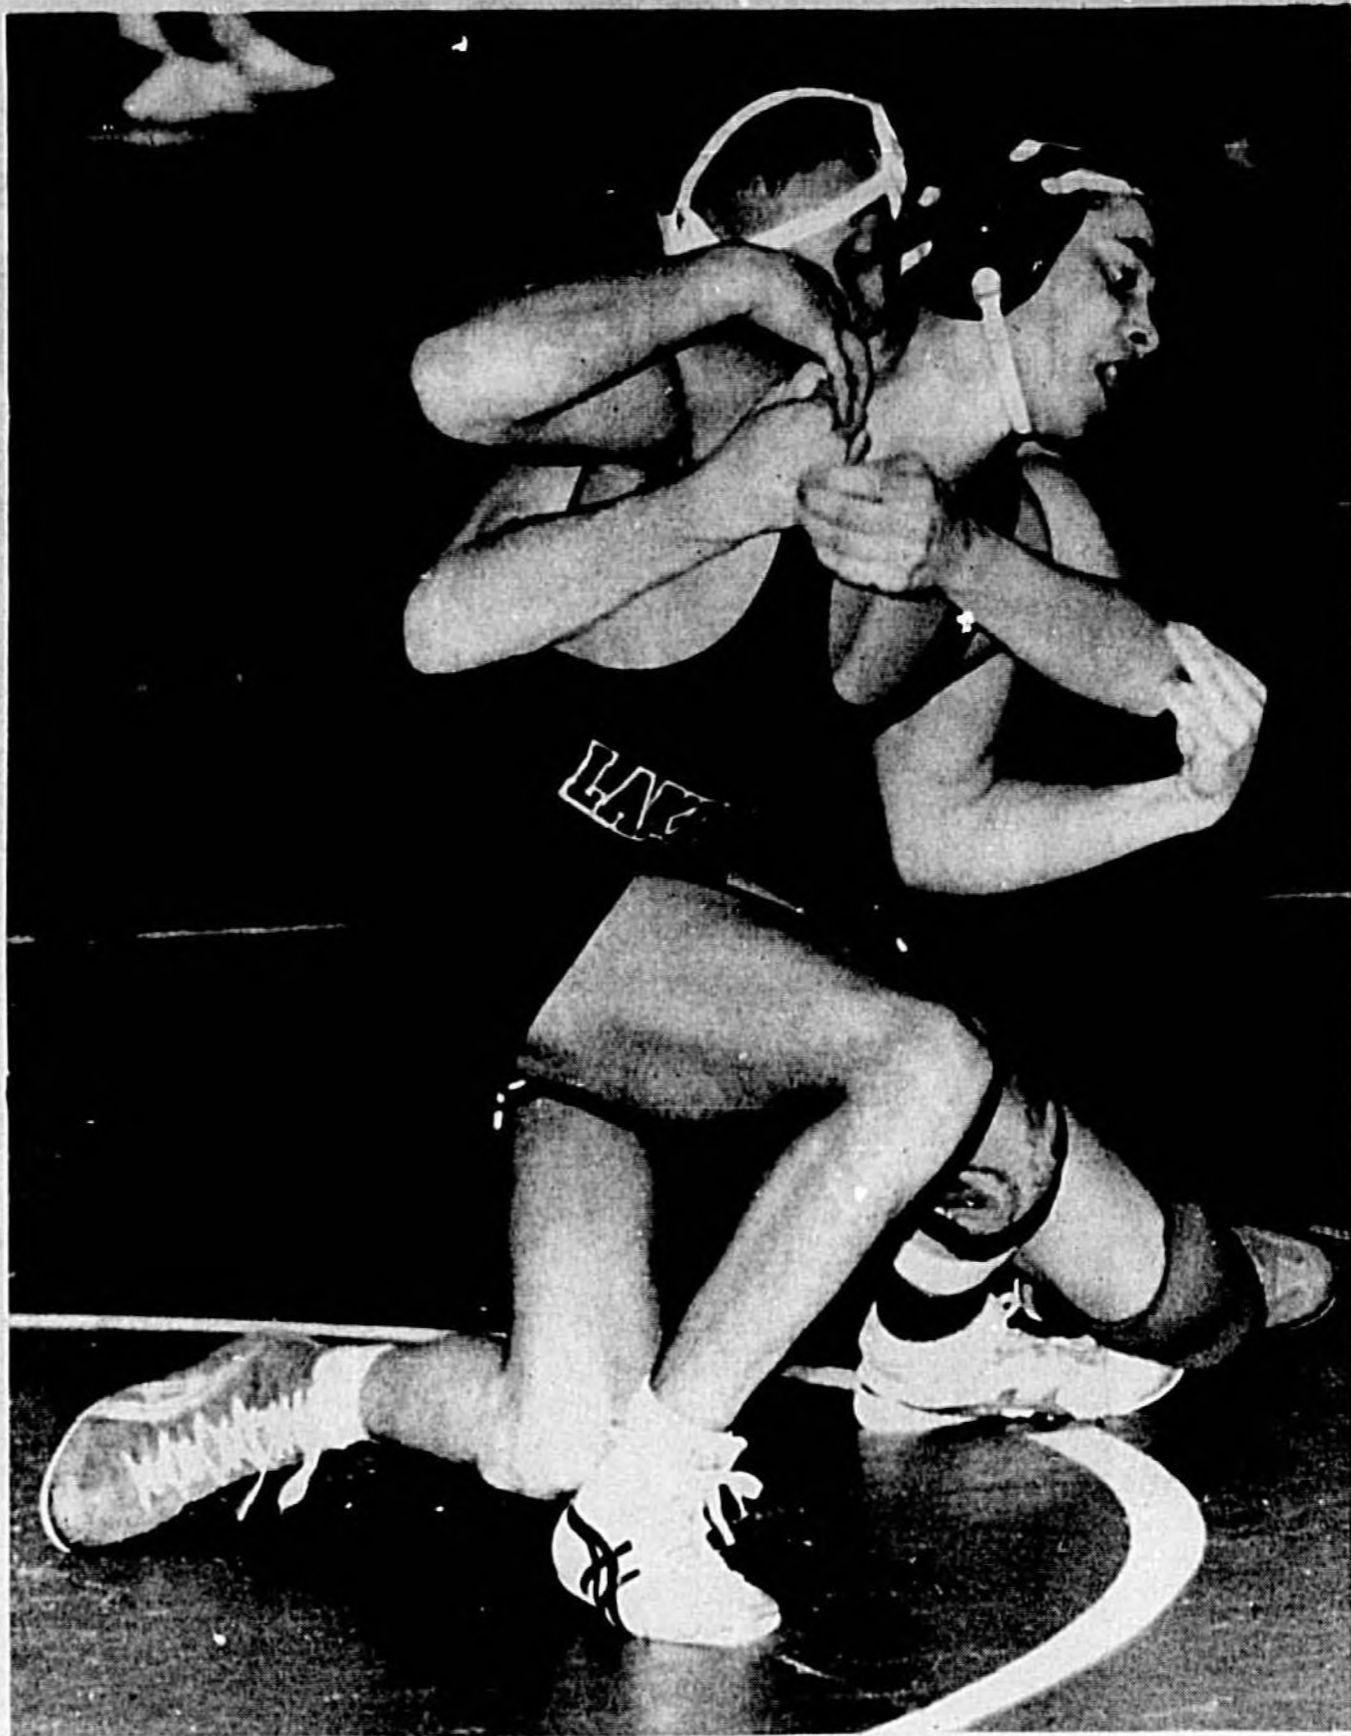

"I'm very happy with the way our kids wrestled," he said. "We're in a good enough position to still win it. Tomorrow (morning) will be the biggest round of the year for us."

"We could help ourselves out a lot if Flores can eliminate (Richard) Jones of Merrit Island and Bill Richards can knock off the guy (Brian Stewart) from Southridge."

"We have a few people who will be in the wrestlebacks too, so we still have a chance to score a lot of points there."

Flores, a junior wrestling in the 109 pound class, took a 22-0 record into the competition. He remained undefeated after Friday's matches, earning a technical fall against Daniel Rose of Winter Garden West Orange High School and a 15-6 win over Shawn Taber of Dixie Hollins High. Flores must contend with Richard Jones of Merrit Island (24-0) in the semifinals.

Richards, also undefeated and wrestling in the 149-pound class, upped his seasonal record to 31-0 with pins in both of his opening round matches. A senior, Richards pinned Ken McMillan of West Orange in his first round match at 2:58 and

Scott Flores, Lake Mary's 109-pounder, breaks loose from St. Petersburg Dixie Hollins' Shan Taber. Flores maneuvered

himself to a 15-6 victory over Taber and a spot in Saturday morning's semifinals at the Class 4A State Wrestling Tournament.

pinned Mike Davis of North Miami Beach in the second round competition at 2:35. In the semifinals Richards meets Southridge's Brian Stewart (27-3).

Unlike his two teammates, Jackson had more of a difficult time reaching the semifinals. Both wins were close ones for the 400-pound senior who makes a habit of pinning his

opponent. Jackson, an unlimited find, is now undefeated at 27-0. He shaded both Daniel Lumpkin of South Miami and John Hawk of Eau Galle by 3-2 decisions. Jackson, who finished fifth in

the state tournament last year, will meet unbeaten Moses Rivers (18-0) of Halleah Miami Lakes in the semis and may have to also face Leto High's undefeated Michael Heldt (23-0), in the final.

Green: Moss Gums Up Negotiations For Dawson

CHICAGO (UPI) — Chicago Cubs General Manager Dallas Green Friday urged free agent outfielder Andre Dawson to fire his agent, Dick Moss.

Green issued a statement in Chicago denying statements attributed to the agent that Dawson, previously with the Montreal Expos, would play for the Cubs this season if Baseball Commissioner Peter Ueberroth loosens the reins on free agency.

Green said Moss is the one who wants Dawson in Chicago but has never made a proposal that the Cubs could seriously

consider. "In my opinion, Dick Moss seems more interested in nailing baseball to the cross than he does in taking care of his player and getting him signed."

Green called on Dawson to fire Moss and let him "continue his personal battle with Barry Rona." Rona is executive director of the owners' Player Relations Committee.

The Player Relations Committee is in arbitration with the players' union over the union's allegation that the owners have secretly agreed not to hire other

Basketball

clubs' free agents. Eight free agents, including Dawson, have declined to sign with their former clubs but have not been able to attract offers from other teams.

"Dick Moss has heard my testimony in the free agency grievance hearing and I stand on that testimony," Green said. "He knows how I have felt about free agents in the past and how I feel right now. We have had a

terrible record with our own free agents and I resent his trying to back me into a corner to sign Andre Dawson."

Moss also has been quoted as saying Green has some things he has to do before he can sign Dawson because John Madigan, executive vice president of Tribune Co., owner of the Cubs, has told him to first get rid of some free agent contracts signed in previous years.

Green called on Moss to apologize to Ueberroth and Madigan. "Peter Ueberroth and John Madigan both deserve apolo-

gies," he said. "I am very upset at being characterized as a puppet for baseball and Tribune Co."

KERFELD MAY BOLT
KISSIMMEE, Fla. (UPI) — Houston Astros relief pitcher Charlie Kerfeld accused General Manager Dick Wagner of being more concerned about "pinching pennies" than winning a championship and says he may leave training camp next week.

"So far, it's no fun going to the ballpark and worrying about a contract instead of playing baseball," Kerfeld said.

Kerfeld, who helped the Astros win the National League West title in 1986, reported early to spring training, but does not have a contract and said Thursday he would decide by early next week about walking out if his contract isn't settled.

He said he is being offered \$100,000 and is reportedly seeking \$125,000. As a second-year player, he is not eligible for salary arbitration.

Sluggo Glenn Davis, who also has less than three years service, has not reported to camp because of a salary dispute.

Bucs Open Mini-Camp, QB Controversy Looms

By Ira Kaufman
UPI Sports Writer

TAMPA — New Tampa Bay Buccaneers Coach Ray Perkins faces a potential quarterback controversy as he tries to rejuvenate the struggling franchise.

The Buccaneers opened a three-day mini-camp Friday as the NFL's least successful team since 1983. They went through speed drills, weight lifting and agility tests under Perkins' scrutiny for the first time since he was hired away from Alabama.

Bewildered quarterback Steve Young threw his first passes in nine weeks and said he expects to be traded if Perkins drafts Heisman Trophy winner Vinny Testaverde. The Buccaneers, 2-14 in each of the past two seasons, have the top pick in the April 28 NFL draft. Perkins said he remains undecided about Tampa Bay's course of action.

"I've seen Steve Young on film and I'm very impressed with him," said Perkins, squinting his eyes in the bright Florida sun. "He's a great athlete that gets out of spots he really shouldn't, he throws the ball with real good accuracy and he's a great competitor."

Asked about the possibility of Young and Testaverde both competing for the No. 1 quarterback job, Perkins replied: "There doesn't have to be a trade at all."

Young, who replaced veteran Steve DeBerg as a starter in the third game of 1986, sees the situation quite differently.

"Coach Perkins and I spoke briefly about the upcoming draft and he told me not to worry about it," said the mobile left-hander. "I feel it will resolve itself soon. I don't feel, though, that I will be on the team next season if they decide to draft Vinny; this team has too many needs to stockpile talent at quarterback."

Tackle Ron Heller was anxious to start working, although he lost his mentor and friend Sean Farrell last week when the veteran guard was traded to New England for three 1987 draft picks.

"This mini-camp was the best move the new coaching staff could have made," Heller said. "Coach Perkins wanted to meet with his players and establish a feeling of closeness. We have two

Football

quality quarterbacks in Young and DeBerg and I really believe in both. We've been 2-14 the last two seasons and the players are sick of it. Coach Perkins will bring in a sense of pride here and that's what we've been missing. Sean was a leader just by his presence and he led by example. The rest of us looked up to him and I used him as a personal standard."

Perkins said he will use the mini-camp as a yardstick to measure Buccaneer progress.

"This is a test to see where these guys are as opposed to where they need to be," he said. "Just because a guy runs a 4.4 in the 40 doesn't mean he's a player, but you do need overall team speed and overall team strength."

Young, who met Testaverde last week at an award ceremony, has seen the former University of Miami star play only once.

"The only time I watched Vinny was in the game against Penn State," said Young, referring to the Nittany Lions' 14-10 triumph against Miami in the Fiesta Bowl showdown.

Young couldn't resist departing with a chuckle as he stood up and headed toward the door with a question and a smile. "What did Vinny throw that night, six interceptions?"

Tampa Swaps Browner

TAMPA (UPI) — The Tampa Bay Buccaneers traded outside linebacker Keith Browner to the San Francisco 49ers Friday for a sixth-round draft pick in 1988.

Browner was a second round draft pick out of the University of Southern California in 1984. He was the Bucs first pick that year because the first round pick had been traded to Cincinnati for quarterback Jack Thompson, who no longer is with the club.

Browner played in all 16 games as a rookie, starting 10. He started five games his second year and 13 games last season.

IN BRIEF

Capitals Extend Dominance Over Snake-Bit Oilers, 5-2

LANDOVER, Md. (UPI) — The Washington Capitals extended their dominance over Edmonton Thursday night while prolonging the Oilers' recent troubles.

Mike Gartner scored his team record sixth short-handed goal and Washington held Wayne Gretzky without a point in defeating the Oilers 5-2. The victory was Washington's fifth in six tries against Edmonton over the past two seasons and sent the Oilers to their longest losing streak in three years.

Edmonton has lost four straight games, getting outscored 19-8. The Oilers have scored just two goals in each of those games. That from the team that has 43 goals more than any other NHL club.

Gretzky, the NHL's leading scorer with 54 goals and 96 assists, has been held without a point for two consecutive games.

"We need to turn things around. We're concerned that we're not winning," said Gretzky, who was limited to one shot. "I've played awful the last few games and my whole line (Gretzky-Esa Tikkanen-Jari Kurri) has been playing badly and we deserve the blame."

Men's Top Seeds Struggle Along

KEY BISCAVAYNE (UPI) — Going into the fourth round of the \$1.8 million Lipton International Players Championships, the top men's seeds are finding the going tougher.

No. 1 seed Ivan Lendl credited his off-court conditioning program for carrying him to a 3-46-hour, 5-7, 7-6 (7-3), 4-6, 6-2, 6-2 victory over Paul Annacone Friday in third-round play.

Jimmy Connors, the men's sixth seed, had to overcome a slow start Friday night to defeat Peter Lundgren of Sweden, 2-6, 6-4, 6-2, 6-3, and gain the fourth round.

Women's top seed Martina Navratilova and No. 3 Steffi Graf breezed into the fourth round. But No. 6 seed Kathy Rinaldi, No. 11 seed Mikael Pernfors and No. 16 seed Robin White were upset victims.

No. 10 seed Gabriela Sabatini and Mary Joe Fernandez advanced to the fourth round with straight-set victories.

Navratilova topped Halle Cioffi, 6-1, 6-0, and Graf, of West Germany, downed England's Sarah Gomer by the same score.

Brantley Responds On Fridays

Friday nights are becoming popular for Lake Brantley's baseball team. Both Patriot victories have come on successive Fridays.

Last week, freshman Jerrey Thurston rapped three hits and drove in two runs while Greg Ebbert spun a two-hitter as the Big Blue bopped Orlando Bishop Moore for its first victory against three losses.

Friday night at Bradenton Manatee, Thurston, Ebbert and Jimmy Waring each drove in two runs while freshman Greg Thomas drilled three singles and Ricky Shelman singled twice for a run as the Patriots recorded a 9-7 victory.

Jamie Moux (1-0), with three innings of relief help from Mark Gabrovic, improved the Pats to 2-4. They play Riverview at Sarasota Saturday.

Ballesteros, Langer Resurface

MIAMI (UPI) — Seve Ballesteros and Bernhard Langer, two European players who have faced difficulty winning on the U.S. Tour, have surfaced as forces at the \$1 million Doral Ryder Open.

Ballesteros, of Spain, and Langer, of West Germany, reached the halfway point of the tournament at 7-under-par 137 to be part of a six-way tie for first place.

Ballesteros, without a victory in the United States since 1983, has been a focal point at this tournament, one of five U.S. Tour events he will be allowed to compete in this year.

He failed to play the required 15 U.S. Tour events last year, meaning he will be limited to five non-majors this year. The Doral is the third of those five.

ICBA Moves Into Tourney Final

In Florida Youth Basketball District-4 Tournament action Friday, the Inter-County Basketball Association Seminoles earned the right to face the Orlando Recreation in the finals Saturday with a 67-48 victory over Apopka Recreation.

David Brock scored 32 points to lead the Seminoles while teammates Chuck Atkins had 13 and Mark Belthorn chipped in with 11. Victor Smith had 30 in a losing cause for Apopka.

The Seminoles eliminated Sanford Recreation Thursday, 70-42, as Atkins and Brock combined for 39 points. Travis Perkins totaled 15 and Demetry Beamon for Sanford.

Big News For Danielses

The big (and I mean big) news of the week is that Mr. and Mrs. Jack Daniels, the owners of the club, are very pleased to announce the birth of another (their second) granddaughter.

Christie Marie Daniels was born at 5:17 a.m. last Tuesday and, although a month early, weighed in at 7 pounds, 10 ounces. Her parents are Jeff and Bambi Daniels. Many of you know Bambi from the days when she worked here in the clubhouse. Bambi and the baby are doing fine.

Speaking of new arrivals, a big Mayfair welcome goes to new members Bill and Verna Huff and Patrick Stenstrom. Most folks here in town know Patrick and the Huffs come to us from Altamonte Springs. Patrick has been playing Mayfair for some time now and seems to have gotten into the habit of playing in the weekly Sunday afternoon scramble.

Now for some tournament results.

There was a very good turnout for the 2 p.m. scramble last Sunday. The results were:

First place (9 under) — Gene Green, Billy Griffith, Dave Steintol, Frank Atkins.

Second place (8 under) — Rob Howell, Bill Craig, Bob Tiemann, Gene Dyer.

Third place (7 under) — Mark Cheeseman, Steve Theis, Kurt

Rudy Seiler

MAYFAIR COUNTRY CLUB: 322-2531

Schirard, Jeff Largen.

Fourth place (tie — 6 under) — Grover Todd, Lee Williams, Bill Valmer, Roseanne Binder, Chris McGraw, Ray Binder, Jerry Gardner, Alice Daniels.

Fifth place (tie — 5 under) — Mary Lesniak, Reggie Lord, John Letter, Jack Daniels, Bob McCormick, Ted Daum, Pat Stenstrom, Doc Largen.

Last Tuesday, the Dogfight results were as follows: Low Gross (41) — Bob Elder and Frank Arnoth. Low Net (30) — Jim Bussard and Stan Potter. Second Low Net (31) Ed Mioducki and Jack Taylor.

And, finally, the Mayfair Women's Golf Association played a 4-ball, best-ball tourney on Feb. 25 with these results:

First place (56) — Miriam Andrews, Jonnie Elam, Kathryn Park, Peggy Billups.

Second place (tie — 57) — Margaret Botts, Irene Harris, Kay Elder, Genevieve Woodruff, Jane McKibbin, Mary Anderson, Dot-tie Sullivan, Gloria Prosser.

Last Call For Sweetheart Doubles

It has become "Last Call" Saturday and Sunday to qualify in Bowl America Sanford's Sweetheart Doubles Tournament.

The first prize is a guaranteed \$600 cash and even if you place as low as 5th place in the finals at Fairvilla you are guaranteed \$100. For a small \$20.00 team entry fee the cash payoffs are outstanding.

This is a handicap (90 percent of 210) tournament and one out of every 6 teams that enter here at Sanford will go to the finals. Get your sweetheart and come on out for the fun and a chance at all that cash.

I missed a very notable score a couple of weeks ago in our youth league that I'm sure you will all envy. Jason Royal, age 10, spared in the 1st and 2nd, then strung 6 strikes in a row and spared out for a 245 game. That's a super bowling Jason — congratulations.

Here's a look at the high rollers:

SHOOTING STARS — Dot Hogan 209. GATORS — Charlie Lukens 213 227/617. Ed Bryant 210. REBELS — Chanoler Vail 202, Elmer Stuffed 208. Hawks Deny Celts' 2,000th

United Press International

The escalating rivalry between Atlanta and Boston reached a more intense level Friday night when the Hawks denied the Celtics their 2,000th regular-season victory.

In last season's Eastern Conference semifinals, the Celtics eliminated the Hawks in five games, winning Game 3 at Atlanta. This season, the Hawks have avenged that loss in the Omni three times, including Friday night's bruising 115-105 victory over Boston.

"It was very physical game and they (officials) let it get like that," said Larry Bird, who led Boston with 34 points. "It seems the game is more physical down here than it is at home, but we can play like that. We prefer it."

On this occasion, however, Atlanta thrived on it. Dominique Wilkins scored 36 points and Glenn Rivers contributed 18 of his 21 in the second half to spark the Hawks.

"It was one of the best examples of team basketball we have displayed," Atlanta Coach Mike Fratello said. "We got help from everyone on the team."

Nets 125, Pacers 115

At East Rutherford, N.J., Buck Williams scored a career-high 35 points and grabbed 18 rebounds to help the Nets snap a three-game losing streak and extend the Pacers' losing streak to three games. The Nets had a 19-0 second-half run. Indiana was led by John Long's 23 points.

Blazers 123, Pistons 111

At Pontiac, Mich., Kiki Vandeweghe scored 35 points and Clyde Drexler added 28 to lead Portland, which has won six of its last seven games. The loss snapped the Pistons' five-game winning streak. Isaiah Thomas led the Pistons with 34 points.

Mavericks 123, Sixers 110

At Dallas, Mark Aguirre scored 30 points and Rolando Blackman chipped in 29 to lead the Mavericks to their fifth straight triumph and hand the 76ers their fourth straight loss. Philadelphia was paced by a season-high 26 points from center Tim McCormick.

Lakers 121, Warriors 109

INGLEWOOD, Calif. (UPI) — You could tell Magic Johnson had missed two games by the way he huffed and puffed during the Los Angeles Lakers' 121-109 victory Friday night over the Golden State Warriors.

You sure couldn't tell by the statistics. Johnson, playing for the first time in five days, collected 21 points, 15 assists and 10 rebounds — his fourth triple-double this season — as the Lakers posted their sixth straight triumph.

"My wind wasn't too good, but

SPORTSCARD

Mark Aguirre
This former All-American at DePaul is now an NBA all-star for the Dallas Mavericks. A forward, he was the first pick in the 1981 draft.

It'll be a lot better tomorrow night (against Utah)," said Johnson, who rested his sore left Achilles in back-to-back victories over Phoenix.

With his 40th birthday just six weeks away, Kareem Abdul-Jabbar is one guy who probably should receive a rest. But the Lakers' captain played 35 minutes Friday and scored a season-high 30 points, making 14 of 16 shots, including 8 straight at one point.

"Lately, he's been working hard for the spot (offensive position) and being more aggressive," Los Angeles Coach Pat Riley said. "Whatever he can get is great."

"It's nothing significant," Abdul-Jabbar said.

The Warriors, who have lost nine of their last 12 games, were on the verge of a significant upset. Purvis Short scored 9 of Golden State's first 13 fourth-quarter points to close the Laker lead to 102-100 with 6:10 to play.

East German, Conley Shatter World Marks

NEW YORK (UPI) — The brunt of the 15,849 people who attended the USA/Mobil Indoor Track & Field Championships Friday night at Madison Square Garden arrived six hours too late.

Most missed an outstanding afternoon session that included milestone performances by East German long jumper Heike Drechsler and American triple jumper Mike Conley.

Drechsler, considered one of the world's top female athletes, cracked the 24-foot mark indoors while Conley achieved history's first 58-foot triple jump indoors.

About 200 people witnessed Drechsler's historic jump of 24-0 3/4 (7.32 meters) a little after noon and even fewer saw Conley clear 58-3 3/4 (17.76 meters) about three hours later.

"It was a little sad there were no spectators," said Drechsler, who holds nine of history's 11 longest indoor jumps — all in the last two seasons. "I probably could have jumped longer if there were more people."

After fouling on her first jump, the 22-year-old East German used her long powerful strides to break her year-old mark of 23-11. She claimed her first and last jumps, which were illegal, would have surpassed her record, adding they would have been close to 7.50 meters (24-7 1/2).

"I don't know how long, but I know they were longer than 7.32," said Drechsler, who holds the outdoor record of 24-5 1/2. "Everything worked well, the run up and the jumps."

Drechsler said the short landing pit — 28 feet — may have prevented her from jumping farther.

"The first and last jumps I was afraid (of jumping out of the pit)," the 5-foot-11 Drechsler said. "I backed up on the second jump, but I didn't change my run up. The pit could have been longer. I was restricted because of the shortness of the pit."

Track & Field

Conley, the Olympic silver medalist, had a previous indoor best of 57-1. He produced the record breaker on his last jump.

Conley lined up about 15 minutes after former record holder Oleg Protsenko of the Soviet Union had triple jumped a meet record 57-7 3/4. The former Arkansas star responded by nearly jumping out of the pit.

"I had to make up my mind whether I would settle for second or set a world record," said Conley, who bettered Protsenko's record of 57-11 3/4 established last month. "I had never set a world record or an American record but I knew I had to do it."

"I knew I had it. My toes were almost coming out of the pit. ... I was ready to break my leg if I had to."

Conley qualified for the American team that will compete at next weekend's inaugural World Indoor Championships at Indianapolis.

Other Americans to make the team included: Lee McRae in the sprints, Greg Foster in the hurdles, Jeanette Bolden in the women's sprints, Jackie Joyner-Kersey in the women's hurdles, Jimmy Howell in the high jump, Earl Bell in the pole vault, and Carol Lewis in the women's long jump.

SPORTS FANS!

I BET YOU DIDN'T KNOW

Brought to you by Ken Rummel

Here's a surprising fact... Although the NCAA tournament is the biggest event in college basketball every season, there was NO NCAA tournament for 48 YEARS after basketball started. Basketball began in 1891 — but the first NCAA tournament wasn't played until 1939.

There are amazing similarities between the 2 men who hit the most homers in one season in big league baseball history — Babe Ruth (who hit 60 home runs in 1927) and Roger Maris (who hit 61 in 1961)... Both men were left-hand batters... Both played for the Yankees... Both played right field... Both batted third in the lineup... Both played exactly 7 more full seasons after their record homer year... And both Ruth and Maris died in their 50s.

To realize how hard it will be for any baseball player ever to break Lou Gehrig's incredible record of playing in 2,130 consecutive games, look at this. A rookie playing EVERY SINGLE GAME on his team's schedule from now till 1999 would still fall short of the record!

I bet you didn't know... that Ken Rummel Chevrolet has a line selection of new cars and trucks and OK used cars & trucks. Our service department is fully staffed with factory trained technicians and ready to serve you.

Mainland's Inside Punch Knocks Out Creek

**By Scott Bender
Herald Sports Writer**
Daytona Beach Mainland coach Dick Toth knows a good thing when he sees it. Friday night, the successful Bucs' coach had double vision.
He watched as all-state senior Mike Polite and junior forward Kenny Mackeroy destroyed Port Orange Spruce Creek in the paint en route to a 78-62 victory in the District 4A-9 Basketball Tournament semifinals before 711 fans at Seminole High's Bill Fleming Memorial Gymnasium.
The victory advances the 22-5 Bucs into Saturday night's championship game. Mainland will take on Lake Mary, a 71-69

upset winner over Seminole, at 8:30 p.m. Spruce Creek finished 22-8.
Mainland's strategy was obvious: feed the ball inside to Polite and Mackeroy. "We told our kids not to take many jump shots," Toth said. "We were beating them inside so we figured why not take advantage of it."
Polite scored a game-high 28 points and collected 12 rebounds while Mackeroy totaled 21 points and seven boards while displaying several flashy drives to the hoop.
"When Mike is on, he's pretty tough to stop," Toth said. "His short jumper was really on tonight."

Basketball
The Bucs had already beaten the Hawks twice this season and they jumped on Spruce Creek early and often in Friday night's game.
Spruce Creek came out and tried to run the ball against Mainland. That strategy proved to be a fatal mistake as Mainland scored the first eight points of the game, capitalizing on several Creek turnovers. Mainland led 24-12 after the first period of play.
"I felt like we lost the game in the first five minutes," Spruce

Creek coach Jim Romanisyn said. "Mainland is too good of a team to play catch up ball against."
Mainland dominated the second quarter, outscoring Creek 14-6. The Bucs never looked back en route to a 38-18 halftime bulge. "It was really good to get them down so early," Toth said. "But I never really felt comfortable with our leads."
Mainland guard Derrick Henry tallied 13 points while dishing off six assists. Brian Morris turned in a solid floor game while handling the Creek's pressure.
"The difference in the game was our fast start," Henry said.

"The two other times we played, the games were low scoring. We expected them to come out and run, and we were ready."
Sean Sears led Creek with 15 points while Colby Williams added 14. Corey Bell netted 12.
Mainland had its own way in the third quarter and led 56-32 after three periods. The Creek made the game interesting in the final stanza. The Hawks outscored Mainland, 30-22, in the final period to pull within 10 points at 64-54 midway through the quarter.
"Last time we played them we noticed that the full-court pass was open," Toth said. "We kind of figured that we would be

practicing them again and we practiced it all week. Brian (Morris) did a great job passing the ball."
Creek had a poor night from the field, shooting only 33 percent. "The kids were a little tight," Romanisyn said. "You can't expect to beat a team like Mainland when you shoot that poorly."
MAINLAND (78) — Henry 13, Cooper 6, Morris 2, Powers 8, M. Polite 26, McIntyre 4, E. Polite 2, Mackeroy 21, Williams 9, Williams 6, King 0. Totals: 22-28-78.
SPRUCE CREEK (62) — Darthard 9, Sears 15, Bell 12, Barrs 2, Cooks 2, Smith 0, Pugh 0, Galbreath 0, Lowell 8, Williams 14. Totals: 27-6-142.
Halftime — Mainland 38, Spruce Creek 18. Fouls — Mainland 14, Spruce Creek 22. Fouled out — none. Technical — Polite.

Hawkeyes Hope To Strangle Skid

United Press International
No. 8 Iowa, which must win its three remaining conference games for a shot at the Big Ten title, will attempt to snap an eight-game losing streak against Michigan Saturday when it hosts the Wolverines.
The Hawkeyes, 24-4 overall and 11-4 in the league, can gain a share of the conference crown if they go undefeated in league play and Indiana and Purdue lose their final two Big Ten games. The Hoosiers are 14-2 in the league, a half-game ahead of the 13-2 Boilermakers.
"We know we've got our hands full for Saturday," Iowa Coach Tom Davis said. "Michigan really put it to us up there. We couldn't stop them."
Iowa lost 100-92 at Michigan Jan. 31. Glen Rice, the Wolverines' 6-foot-7 sophomore forward, scored a career-high 33 points, and added 10 rebounds, 5 assists, 2 blocked shots and a steal. Rice hit 15 of 20 shots from the floor.
"Rice had an excellent game against us up there," Iowa guard Kevin Gamble said. "They have a nice ballclub and you can't concentrate on just one player because all of them are capable of scoring or having a big night on us."
Wolverines guards Garde Thompson and Gary Grant scored 24 and 22 points, respectively, and forward Antoine Joubert added 16 to combine with Rice for all but 5 of Michigan's 100 points.
Michigan, 18-9 and 9-6 in the Big Ten, moved past Ohio State into fifth place in the league with a 95-70 romp over Minnesota Wednesday. Joubert scored a career-high 34 points against the Gophers and Grant added 19 before suffering an eye injury.
Saturday's game will mark the final home contest for three Hawkeyes seniors: Gamble, forward Brad Lohaus and center

Basketball
Gerry Wright. Joining them in the starting five will be two Michigan natives — sophomores Roy Marble and B.J. Armstrong.
Michigan Coach Bill Frieder is expected to send Thompson, Grant, Joubert, Rice and sophomore center Mark Hughes against the Hawks. The Wolverines coach had made some disparaging remarks about Iowa reserve guard Jeff Moe, who was whistled for a flagrant foul against Rice late in the Jan. 31 game, but later sent Moe and Davis an apology.
Michigan, 59-39 lifetime against Iowa, has won 26 of 48 games in Iowa City, with the Hawkeyes' last home victory over Michigan a 79-72 triumph in 1983.
In other games Saturday, No. 6 Purdue hosts Ohio State, No. 7 Georgetown is home against Providence, No. 9 Pittsburgh is at St. John's, No. 10 Alabama hosts No. 17 Florida, No. 11 Syracuse plays at home against Boston College, No. 12 Clemson visits No. 19 Duke, No. 15 Texas Christian plays at Rice, No. 16 Kansas visits Nebraska, No. 18 Texas El-Paso is home against Wyoming and No. 20 UCLA hosts Louisville.
Sunday, No. 1 Nevada-Las Vegas plays at Fresno St., No. 2 Indiana visits No. 13 Illinois, No. 3 North Carolina visits Georgia Tech and No. 14 Oklahoma is at Kentucky.

Lake Mary's Oscar Merthle draws Seminole's Craig Walker from behind, Andre "Smooth" Whitney from the side and Walter "Tipman" Hopson from the front as he heads for the hoop. Teammate Mark Napoli waits for Merthle to release.

Basketball
In games Friday night, Alabama-Birmingham tripped Jacksonville 93-66 in the semifinals of the Sun Belt Conference; Columbia dumped Dartmouth 89-74, Harvard nipped Cornell 71-69, Princeton edged Yale 67-64 in Ivy League games and Maryland crushed Maryland-Eastern Shore 117-51.
Sunday, No. 1 Nevada-Las Vegas plays at Fresno St., No. 2 Indiana visits No. 13 Illinois, No. 3 North Carolina visits Georgia Tech and No. 14 Oklahoma is at Kentucky.

...Crumble

Continued from 1B
two travel calls and a charging foul.
Despite the missed opportunities, SCC lead, 39-30, at halftime as Gallagher penetrated and dropped it off to Morris for a layup with two seconds left.
Houston, who had just three points at halftime, found his radar in the second half. The 26-year-old Air Force veteran drilled home four 3-pointers as SCC pushed its lead to 60-44 with 14:55 remaining.
Two Houston free throws game the Raiders their first 18-point lead, 64-46, with 13:33 to play. Payne then pulled Houston who two minutes earlier picked up his third foul.
The lead was still intact two and one-half minutes later as Hall dropped home four consecutive free throws for a 73-55 lead entering the final, fatal 11 minutes.
Dawson then started the Gulf Coast resurgence with a dunk. It ignited a 9-2 blitz which pulled the Commodores within 75-64 with 9:07 left. Payne reinvented Morris and Houston and Malcolm responded with a long 3-pointer to restore the advantage to 14.
Jeff Davis, who finished with 19 points, and the irrepressible Dawson then outscored Seminole, 8-1, to pull Gulf Coast within 79-72 with seven minutes to play.
Houston and Morris combined on eight successive free throws over the next three minutes but they could not hold off Dawson and Holly, who pulled the Commodores within 87-83 with 4:39 left.
Richard Collins, a 6-1 guard, pushed Gulf Coast over the hump with two drives to the hoop which resulted in a 91-90 lead with 3:10 to play. Hall and Davis traded free throws but SCC missed a chance to pull ahead when Jackson and Hall both misfired from close range.
The Raiders had another opportunity with a 3-on-1 fast break but Gallagher was whistled for traveling as he pulled up at the foul line and waited for someone to fill the lanes.
Collins then converted another drive before Holly tipped home a missed shot and Collins added a free throw for a 98-92 lead with 46 seconds left. Jackson broke a two-minute scoring drought to pull SCC within 98-94 with 33 seconds left.
Gulf Coast finished with a flourish, though, as Holly hit a pair of free throws, Davis added another one before a Dawson stuff and a Holly free throw pushed the difference to seven points.
"That's the way the cookie crumbles sometimes," Houston said. "You just have to take it like a man."

SEMINOLE (97) — Gallagher 21-22-24, Brooks 23-0-0-4, Reilly 0-0-0-0, Houston 8-12-9-11-31, Keller 0-1-0-0-0, Morris 5-9-3-4-14, Jackson 5-9-0-1-0, Dunning 4-4-0-0-8, Hall 7-14-8-9-22, Williams 1-2-0-0-2, Totals: 34-67-27-97.

McNeal Pours In 34 To Top Murphy's 32

BOWLING GREEN, Ky. (UPI) — Brett McNeal scored a Sun Belt Conference Tournament-record 34 points Friday night to guide top-seeded Western Kentucky to a 99-85 double-overtime triumph over North Carolina-Charlotte in a semifinal game.
McNeal broke the record set two hours earlier when Ronnie Murphy scored 32 points in a losing effort as Alabama-Birmingham, 20-10, also made the final by defeating Jacksonville 93-86 at Diddle Arena.
Murphy had broken the record of 31 points set in 1980 by Chad Kinch of UNC-Charlotte in a tournament game against Virginia Commonwealth.
McNeal scored 7 points in the second overtime as Western, 27-7, outscored UNC Charlotte 13-9. He was 11 for 16 from the floor, including 2 for 3 from 3-point range, and hit 10 of 11 free throws.
UNC-Charlotte also received 19 points apiece from Keith Williams and Bryan Dinkins, who connected on a jumper with 19 seconds left in regulation to send the game into the first overtime tied 79-79.
Dinkins also sank 2 free throws with three seconds remaining to send the game into the second overtime knotted 86-86.
McNeal gave Western an 88-86 edge with 4:28 remaining in the second overtime. Williams responded with a free throw, missing the second, and Dinkins hit a 15-foot jumper to give the Rams an 89-88 lead.
McNeal scored Western Kentucky's next 7 points — a jumper, an 8-foot baseline shot and 3 free throws — to make it

Basketball
95-90. Dinkins interrupted the string with 2 free throws.
In the semifinal opener, Foster, a 6-foot-4 senior, shot 8 for 14 from the floor and scored 25 of his points in the second half to pace the Blazers, who led 40-37 at halftime. He had 4 straight 3-point baskets to help Alabama-Birmingham to a 62-56 lead with 11:36 left to play.
The No. 3-seeded Blazers, 20-10, advanced to Saturday's championship game against the winner of Friday's night's semifinal between top-seeded host Western Kentucky and North Carolina-Charlotte.
Murphy had 32 points for Jacksonville, including 5 of 10 from 3-point range, and hit 2 3-pointers in the last 41 seconds. But the Blazers hit 10 straight free throws in the final 47 seconds to hold off Jacksonville, 5:25 remaining by James Ponder, who finished with 21 points.
Dannie Pearson had 23 points and Willie McDuffie 17 for Jacksonville, 18-10.
DAVIDSON WINS, 92-63
ADIV ASHEVILLE, N.C. (UPI) — Derek Rucker scored 27 points Friday night to help Davidson defeat Virginia Military Institute 92-63 in the first round of the Southern Conference tournament.
Davidson, 19-9 and the winner of last year's tournament, advanced to Saturday's semifinals against Western Carolina, which upset Tennessee-Chattanooga 73-72 in overtime Friday.

...Stumble

Continued from 1B
and Miller each scored 12. Mitchell scored nine while Prom finished with eight.
After starting off by losing nine out of their first 11 games, the Rams have won 12 out of their last 16. They improved to 14-13.
"That was a nice one to put us over the hump," Richardson chuckled. "Our kids have a lot of heart and I think that they showed that to everyone tonight."
Seminole guard Andre "Smooth" Whitney led all scorers with 20 points. Craig Walker came off the bench for 16 while Parker netted 15 points. Edwards scored six while Roderick Henderson was held to just four.
Lake Mary frustrated Seminole with shifting defense. "It's a real crazy defense," Richardson said. "We only use it when we absolutely have to, and tonight we had to."
Seminole didn't shoot well from the floor and had more turnovers than normal. "We played sloppily," Klein said. "I thought that we were ready to play tonight, but I guess I was wrong. Maybe the kids were too pumped up."
Miller said overconfidence hurt the Tribe. "I think they had us beat before we walked onto the court," he said. "We sure showed them."
Klein, though, said that he didn't feel his team was overconfident. "I really thought that they were ready to go," he said. "This is a tough loss to swallow."

Lake Mary came out and took control of the game early, slowing Seminole's fast break was slowed them down by playing sound defense. Mary jumped out to 12-6 lead midway through the first stanza. The Rams took advantage of several poor shots and extended their lead to 24-14 at the end of the quarter.
"We shot very poorly in the first quarter," Klein said. "I don't really understand why."
Seminole came back in the second quarter, however. With Mary up, 30-18, Seminole outscored Mary 12-2 to make the score 32-30 with 3:02 left in the first half.
With Mary leading 36-35, Whitney hit a pair of jumpers that gave the Seminoles the lead for the first time at 39-35. The half ended with Seminole leading 39-36.
The teams played evenly in third period and Seminole led, 47-44, at the end of the third quarter. Seminole then scored the first eight points of the fourth quarter taking a seemingly insurmountable 55-44 lead, but the Rams would not relent.
"I'd rather be lucky that good any time," Richardson said. "But I don't think we were all that lucky tonight. We beat them."
"Our team plays much better when its down," Richardson continued. "We can't seem to ever hold a lead."
"They totally outthusted us," Klein said. "They deserved the win."
LAKE MARY (71) — Merthle 12, Miller 12, Napoli 16, Czerniejewski 14, Mitchell 9, Mandeville 0, Prom 0, Stewart 0, Compton 3, Aelker 0, Pierce 0, Totals: 23-17-27-71.

Titans Derail Chipola

**By Mark Blythe
Herald Sports Writer**
ORLANDO — Brevard Community College's Chris Johnson put down a layup with nine seconds remaining to trip Chipola Community College, 76-74, in the semifinal round of the FCCAA State Basketball Tournament Friday night before 620 fans at the University of Central Florida gym.
Brevard, 27-6, will face Gulf Coast, 19-12, and a 104-97 winner over Seminole Community College in Friday's other semifinal. The title game is set for 3:30 p.m. The North-South All-Star Game will be played at 1:30 p.m.
Johnson, a 6-7 sophomore center, followed Titan coach Don Smith's instructions on an out of bounds play underneath Brevard's basket.
"It was the first time in 23 years that the play I've drawn in the huddle worked," Smith said. "Things usually go as planned in that kind of situation but some one usually does something different that what was drawn up."
Chipola came out and played man-to-man defense on the in-bounds as compared to the usual zones most coaches prefer. Smith, seeing this, had point guard Tony Jordan call timeout before putting the ball in play.
"I wasn't surprised to see the man defense," Smith said. "We had our first option and the advantage that they (Chipola) might overplay somewhere."
Johnson followed Smith's instructions and found himself all alone under the hoop for the easy dunk.
The Titans were led by all-stater Lamont Berry who finished with a game-high 20 points. Mike Peterson tallied 15 as Jordan and Kirk Hankton chipped in 10 apiece.
The Indians, 24-7, made a late surge after falling 56-43 with 11:13 to play. Derrick Forrest scored 15 second-half points and finished with a team-high 18. Wayne Edenfield finished with 17. Ray Shipman and Ervin Smith notched 11 apiece. Shipman also added a game-high 13 rebounds.
Berry was the big gun for the Titans making clutch baskets to build the lead and then hold off the late surge. Berry snared 10 boards and picked up a pair of steals.
Brevard's season was in doubt when CCC took control of the ball off a Shipman rebound with 39 seconds to play. Hankton then picked off a pass from Forrest. Hankton got the ball to Jordan and slowed and played for the last shot.
The Indians had one last shot as Karl Brown fired up a 3-point shot which fell short. Shipman grabbed the rebound and put up a desperation jumper which bounced twice on the rim before falling away.
"I knew when we came in here six teams had a chance to win it on a given night," Smith said. "Now there is only two left and we'll hope to keep playing well."
Chipola had a slight rebound edge, 38-35, but Chipola the ball over 19 times to 16 for Brevard.

BREVARD (76) — Berry 10-19-0-0-20, Buchanan 1-1-2-2-4, Hankton 3-4-5-10, Johnson 4-4-0-0-8, Jordan 3-9-4-4-10, Osborn 2-4-0-0-4, Peloux 2-3-0-0-5, Peterson 7-11-0-0-15, Totals: 32-59-10-11-76.
CHIPOLA (74) — Allen 0-3-0-0-3, Shipman 5-11-2-11, Brodas 5-10-1-11, G. Brown 0-4-1-2-1, Ivory 2-3-1-3-5, Smith 3-10-1-7-7, Edenfield 2-9-0-2-17, Forrest 7-11-0-1-18, K. Brown 2-9-0-4-4, Totals: 31-74-19-74.
Halftime — Brevard 40, Chipola 35. Fouls — Brevard 15, Chipola 16. Fouled out — none. Technical — none. Three-point goals Brevard 2-4 (Peterson 1-2, Peloux 1-3, Jordan 0-1), Chipola 7-19 (Forrest 4-7, Edenfield 2-4, Ivory 1-1, K. Brown 0-4, Smith 0-3). Rebounds — Brevard 35 (Berry 10), Chipola 38 (Shipman 13). Assists — Brevard 12 (Jordan 6), Chipola 12 (K. Brown 5). Steals — Brevard 6 (Berry 2, Hankton 2, Jordan 2), Chipola 10 (Shipman 3, K. Brown 3). Turnovers — Brevard 14 (Jordan 3, Berry 3), Chipola 19 (K. Brown 4, G. Brown 3, Ivory 3).

WE HAVE RENTAL HOUSING CALL ANYTIME

REALTOR 322-6991

Friends You'll Make Them.

Whether it's the friends you make once you join us, the variety of career paths you can choose from or the challenges you'll explore in the day to day operations of our stores... One thing's for sure, you'll find what you're looking for at Cumberland Farms.

Here's your chance to take on a managerial role with a leader in the convenience store and petroleum products industries. We offer a solid career path of advancement, 3 weeks of in-depth company paid training, great salaries and a comprehensive benefits package including:

- health and life insurance
- bonus programs
- tuition assistance
- recruiting awards
- paid vacations
- holiday and sick days
- profit sharing retirement program

To arrange an immediate interview, call Mr. Tom Wilson on Tuesday, March 3 from 9am to 5pm at:

305-894-8227

If unable to call please send resume or letter of interest to Mr. Wilson, Cumberland Farms, 2401 Curryford Rd., Orlando, FL 32806.

Desired...

Come home to a vacation... Sailpointe, the newest adult community in old historic Sanford, offers a lifestyle you've been dreaming about... It's designed for people who love sailing, skiing and swimming. Who prefer to spend their free time laughing with friends at a poolside barbecue or strolling along a moonlit dock. If you're this person, Sailpointe at Lake Monroe was made for you.

Convenient to Orlando and surrounding areas, Sailpointe Apartments are spacious, stylish and feature all the luxury amenities you've come to expect and deserve.

Come see why Sailpointe is the desired place to live. Located on Seminole Boulevard at Lake Monroe in Sanford.
