Cane Is Presented To Judge Sharon
A colorful hand-carved cane

carried by Municipal Judge James Sharon which was carved by H. B. Mees of Geneva and presented to the judge, is attracting much local attention. Mr. Mees, an

elderly man, is noted for his wood carving, especially of canes. Judge Sharon today proudly pointed out the carved and colored figures on his cane. These in-

clude oranges and lemons, green foliage, pink flamingo, black parrot, Seminole Indian head, deer, mule, and sheeps heads and a sea horse. The carvings are where

thorns normally grow on wood. Newfoundland is a little larger than Ohio.

French Police Are Ordered To Fire On Mobs During Unrest

Communist Deputies Shout "Assassin" And Seek Meet With President Auriol

PARIS, Dec. 5 (AP)—The Minister of Interior announced to the national assembly tonight he had authorized French police to fire on mobs. Communist deputies shouted "Assassin."

Troops and police were on the alert throughout the strike-bound nation after another day of turmoil during which strikers in two cities temporarily wrested control from authorities.

The Communist-dominated General Confederation of Labor, meanwhile, hinted the way was open for a back-to-work movement, and sought to confer with President Auriol on the new stringent anti-strike law.

Meanwhile, the French government, harried by crippling, Communist-hatched work stoppages ran head on into another strike today when government employees began walking off the job.

The first immediate effect was to blackout electric power, halting factories, stopping the subways and choking off communications. Sailors and marine guards moved into the power houses at once and got some of the generators going again, but Paris remained badly crippled.

The council of the republic, the upper chamber of France's legislature, was summoned to ratify the drastic anti-strike, anti-sabotage legislation passed yesterday.

Russian Plan Is Denounced By Marshall

U. S. Secretary Asks For Immediate Action By Four Powers Over Germany

LONDON, Dec. 5 (AP)—Secretary of State Marshall urged the foreign ministers council today to "drop generalities" and "try to find out what each delegation really has in mind" for settling peace terms with Germany.

Marshall attacked Soviet Foreign Minister Molotov's former daily demands for quick creation of a central German government and declared:

"Any German government called upon to administer a Germany divided as it is today by the policies of the occupying powers would be a sham and a delusion."

Marshall led off today's council discussion on Germany's economic future and his prepared statement of 1,000 words was handed to reporters shortly after the meeting convened.

His declaration evidently marked the beginning of the long expected American effort here to determine whether there are solid chances for agreement on the future of Germany at this conference.

"The situation in Germany is a real one," he declared. "It urgently requires now—without delay—four-power decisions on several specific fundamental matters of substance. I ask for action on these points in order to end the present division on Germany."

The United States, Marshall declared, favors "the establishment of a provisional government."

Number Killed In Palestine Fight Increases To 44

Property Damage Is Estimated At Four Million In 4 Days

LONDON, Dec. 5 (AP)—Anti-Jewish rioting in the British colony of Aden has cost 44 lives since Tuesday, a colonial office spokesman said today.

British troops are being flown from the Huez Canal zone. The colony and protectorate are near the entrance to the Red Sea.

The colonial office said cables from Governor Sir Reginald Champion reported the death of 25 Arabs and 19 Jews, with the wounding of many more.

A British naval party from two destroyers has been helping the Aden police force. The spokesman denied rumors reaching Khartoum that a British official had been slain.

WASHINGTON, Dec. 5 (AP)—The State Department said today new measures to protect lives and property of about 10,000 Americans in troubled Palestine and nearby countries are being studied.

These Americans are being advised through embassies and consulates in the Middle East to refrain from any acts which may be considered provocative and from taking any unnecessary risks.

By ASSOCIATED PRESS
Arabs, inflamed by the impending partition of Palestine, attacked the Jews twice today in Tel-Aviv and the resulting carnage raised to 44 the number slain in four riotous days in the Holy Land.

The dead were 23 Arabs and 21 Jews. Hundreds were wounded. Damage in Jerusalem alone was estimated at \$4 million.

Santa Claus Coming Tomorrow

Big news, boys and girls, Santa Claus will arrive here Saturday morning on the Frenchman's Bay motor cruiser at the Municipal Pier and will take his place as guest of honor in the big parade which will start from the Pier at Park Avenue at 10:30 o'clock.

The parade is sponsored by the Sanford Merchants Association and is being organized by the Jaycees. Watches and many cash prizes donated by the merchants of Sanford will be given to boys and girls for the best marching costumes and decorated bicycles.

The parade will turn east on First Street, south on Sanford Avenue to Fifth Street then west to Park Avenue and east again on First Street to Ft. Mellon Park where Santa will leave his float and hold court at the Tourist Center and distribute candy to all the children.

Movie Writers Are Indicted On Contempt Charge
Case Grows Out Of Refusal To Say If They Were Communists

WASHINGTON, Dec. 5 (AP)—Ten movie writers, producers and directors today were indicted for contempt of Congress in refusing to say at a Communist-in-Hollywood investigation whether they are or have been Communists.

The 10 now must stand trial to determine their guilt or innocence. Those named in separate indictments returned by a federal grand jury, are Albert Maltz, Dalton Trumbo, Samuel Ornitz, John Howard Lawson, Ring Lardner, Jr., Herbert Biberman, Robert Adrian Scott, Lester Cole, Alvah Bessie, and Edward Dmytryk.

Republicans Agree To Offer Own Plan For Price Control

Move Is Launched In House To Cut Proposed Aid For Europe By Big Sum

WASHINGTON, Dec. 5 (AP)—Rep. Lodge (R-Conn.) declared today United States troops should stay in Italy indefinitely "to assure law and order."

Such a program would be designed to counter the 10-point plan President Truman proposed to Congress Nov. 17.

Chairman Taft (R-Ohio) of the policy group told a news conference that Senate and House Republican leaders will meet next week to determine whether "two or three" anti-inflation measures can be pushed through before the special session quits for the Christmas holidays.

Taft said these measures possibly would extend export controls, regulate trading on grain exchanges and curb installment buying. He said the senators also discussed possible legislation under which the government would take the lead in attempts to bring about voluntary agreements in industry to allocate scarce critical products, such as steel.

While senators' interests centered on domestic problems, the House went ahead with debate on the Administration's emergency program.

WASHINGTON, Dec. 5 (AP)—An appeal, probably from the White House, for a voluntary curtailment in pleasure driving today was forecast by Interior Department officials.

Robert E. Friedman, counsel for the department's oil and gas division, told the joint congressional economic committee about the "voluntary program" and said the appeal will be made by next weekend.

Earlier, Higher Secretary Oscar L. Chapman said Interior officials have made no plans to "roll back prices" of gasoline or coal. He made the statement as he urged Congress to vote emergency powers to fix prices and ration these two basic commodities.

A series of questions by Republican members regarding various shortages in this country in relation to exports for European aid brought a brisk charge by Senator O'Mahoney (D-Wyo.) that there are "some people in the United States and some in the Congress who want to do what Soviet Russia desires—wreck the Marshall Plan."

Many Injured In Terrific Blast At Oil Refinery

Million Barrel Tanks At California Refinery Are Burning

EL SEGUNDO, Calif., Dec. 5 (AP)—One man was killed and at least one injured today in a spectacular explosion which blew apart a 127,000-barrel gasoline storage tank at a Standard Oil Co. refinery here.

Harry Halley, an executive of the company, said the blast had been confined to the single tank and that so far as he knew there were no other injuries.

An undetermined number of workers were injured today by a terrific explosion which blew apart a gasoline storage tank at the Standard Oil refinery here.

Ambulances and fire equipment rolled into the big tank farm in a stream. Spectators were crowded on the street.

By ASSOCIATED PRESS
The "new look" in newspapers, born of printers' labor disputes with publishers, spread to Allentown, Pa., today.

The method of publishing editions through a typewriting and photo-engraving process was introduced to the industry in Chicago Nov. 24 when 1,600 members of the AFL International Typographical Union walked out.

Chicago's six big dailies have appeared in that form ever since. Yesterday 80 members of the ITU Local 134 in Allentown walked off their editorial assignments.

Company executives immediately announced plans to continue their publication with the Chicago process.

The Allentown typesetters struck after turning down a 10 and two-thirds percent wage increase that carried with it a provision that the Allentown Call-Chronicle newspapers be continued.

The papers' executive editor, William D. Reinert, said the union violated the contract in declaring its termination Oct. 1 without giving written proposals of changes. Such proposals are a condition of termination, he said.

CIO Gives Okay To Atom Plant Strike If No Deal Signed

Washington, Dec. 5 (AP)—Chairman Hickel (Iowa) of the Senate-Atomic Energy Commission predicted today that "means will be available" to prevent a threatened work stoppage by CIO workers at the Oak Ridge, Tenn., atomic plant.

The importance of continuing work at Oak Ridge is such that we should not have a strike in this atomic energy setup," the Iowa senator said. "I hope and feel confident that the matter will be satisfactorily resolved."

DARK RIDGE, Tenn., Dec. 5 (AP)—International headquarters of the CIO Gas, Coke and Chemical Workers Union has authorized a strike at the government's largest atomic plant here in event no contract is reached with the Carbide and Carbon Chemicals Corp. by next Tuesday.

Circuit Court Will Reconvene Monday
Circuit Court will reconvene Monday at 10:00 o'clock with Judge M. B. Smith presiding, to continue trial of criminal cases during the Fall term.

On Tuesday, the case of Frederick George, charged with manslaughter in connection with the traffic death of State Patrolman L. C. Bender will again be brought to trial before a new jury, the former jury having been discharged following the illness of a member and the consequent rolling of a mistrial by Judge Smith.

President Of Lions International Is Coming To Sanford

Plans to welcome Fred W. Smith, of Ventura, Calif., president of Lions International at 8:30 o'clock Wednesday morning at the Florida State Bank and at the south city limits upon arrival, were today made by the Lions Club at its meeting at the Tourist Center.

Following the suggestion of Lion Fred Ganas, Beezole High School assistant football coach, the club agreed to furnish a plaque and trophy annually for 18 years to the best blocker on the football team at the high school.

Civic and county officials have been requested to aid in the well come of President Smith according to King Lion Livingston. J. D. McNeill will furnish special floral decorations at the bank for the occasion.

Santa Having Trouble Reading Mail Since Losing His Glasses

NORTH POLE, Dec. 5 (Arctic Telegraph Service)—Santa Claus is having an awful time lately reading all these letters from boys and girls since he lost his glasses.

He says that he has tried reading some of these letters without glasses, but is having a hard time because some boys and girls don't write quite as plainly as they should, and maybe some of them who are not yet out of kindergarten should turn the job over to his brother or sister who are in grammar school.

Little Sandra Lee Kader of Sanford has got the right idea, he says. She draws pictures of what she wants, like a doll house, for instance. Little Marilyn Moss sent a letter from the Mayfair Inn where she lives, and Santa wants to know how the boating is on the St. Johns River which is pictured on the envelope.

Stevens Murder Case Is Given To Jury

JACKSONVILLE, Dec. 5 (AP)—Testimony in the trial of Don Stevens who said he killed Richard Melvin for welfare on a \$50,000 numbers racket debt and threatening his life was closed today with Stevens the sole defense witness.

Ben promised but Defense Attorney P. Guy Crews chose to use only Stevens, thereby gaining opening and closing arguments to the jury.

State Attorney William Hallows used no rebuttal witnesses. Crews asked the jurors to consider what "any reasonable man would do under the circumstances" which existed at the Melvin home when the shooting occurred, adding the affair was an unfortunate tragedy.

Hallows called Melvin's death "a cool, calculating, money-making murder."

The case was expected to go to the circuit court jury later today.

Don't forget the dance tomorrow night at the Mayfair Inn for the benefit of the hospital.

President Philip Murray announces that the CIO's six million members will immediately demand a third round of wage increases in order to meet the rising cost of living.

Senator Bridges of New Hampshire says that despite the "cold war" with Russia in which we are now engaged, we have nevertheless shipped them over \$16,000,000 worth of supplies this year.

Rep. Cox of Georgia says that aid to Europe is an investment in our national security and a road block against the march of Communism.

It seems to us that General McLain has something when he says we are making a mistake to raise our children in the belief that the last war has been fought and it will never be necessary for any of them to shoulder a gun or sleep in a foxhole.

We are not alone in our belief that some of our tax money which is going almost exclusively to support of the federal bureaucracy in Washington might better be spent at home.

Trouble Along The Nile

A sick world, like a sick man, pays little attention to what seem like minor ailments. When Russia, Palestine and India take up the headlines, there has been little interest in the Sudan.

The Sudan in theory is jointly ruled by Great Britain and Egypt. Actually Egypt has very little to say about the Sudan, and would like more.

Many Sudanese would like complete independence. Fewer are willing to co-operate with Egypt. For the greater part of the 19th century Egypt ruled the Sudan, and very badly.

The Egyptians are taking much advertising space to urge the unity of the Nile basin, presumably under Egyptian control.

Not So Serious

The mortality from pneumonia and influenza together will very probably be little more than a minor cause of death in the near future, according to the Metropolitan Life Insurance Company.

Pneumonia and influenza now rank eighth among the causes of death and account for less than 4 per cent of the total mortality among these insured.

Crediting the extensive use of serums and chemotherapy for the decrease in the death rate, the company comments: "In the past decade, declines of more than 70 per cent have been recorded at most age periods among both white males and white females."

It's A Boys World

If you have a boy in your family you'll enjoy this description of a boy handed to us by a man who knows a heart throb from a grunt.

After a male baby has grown out of long clothes and triangles and has acquired pants, freckles, and so much dirt that relatives don't care to kiss it between meals, it becomes a boy.

A boy is Nature's answer to false belief that there is no such thing as perpetual motion. A boy can run like a deer, swim like a fish, climb like a squirrel, bark like a mule, bellow like a bull, eat like a pig, or act like a jackass, according to climatic conditions.

The world is so full of boys that it's impossible to touch off a firecracker, strike up a band, or pitch a ball without collecting a thousand of them.

The boy is a natural spectator. He watches parades, fires, fights, football games, automobiles and planes with equal fervor. However, he will not watch a clock.

A boy is a piece of skin stretched over an appetite. He eats only when he's awake. Boys imitate their dads in spite of all efforts to teach them good manners.

Boys are very durable. A boy, if not washed too often, and if kept in a cool quiet place after each accident, will survive broken bones, hornets' nests, swimming holes, and five helpings of pie.

Boys love to trade things. They'll trade fish hooks, marbles, broken knives, and snakes for anything that is priceless or worthless.

When he grows up he'll trade puppy love, energy, warts, bashfulness and a cast iron stomach for a bay window, pride, ambition, pretense and a bald head and will immediately begin to say that boys aren't what they used to be — in the good old days. — Kerbelia Knews.

THE WORLD TODAY

By DEWITT MACKENZIE AP Foreign Affairs Analyst

The Duke of Windsor has played many sensational parts during the 64 years which cover the drama of his life, but he has essayed a new and surprising role in writing a series of autobiographical articles which are beginning in the current issue of Life Magazine.

Edward has had little to say for himself since the December 11 years ago when he broadcast to a stunned world that he was abandoning the throne of his fathers for the woman he loved.

The Duke observes in his first article that the time of his birth was "Britain's Golden Hour." He adds: "Income tax was measured in the pence and pound sterling. Socialism was scarcely more than a theory."

Well, the Englishman's world—along with the worlds of other peoples—has been rudely shaken. And it fell to Edward himself to rock the throne of monarchies.

There are, of course, several aspects of the abdication but what troubles the average Briton most is what Edward should quit his post under any circumstance.

Moreover, Edward had endeared himself by the gallant part he played in World War I. As war correspondent he was constantly about his headquarters in France, and knew the risks he insisted on taking in order to do his bit.

Edward could have made a great name for himself as king—and his services would have been invaluable in the trying times which followed on wheels of his abdication.

More frequently he knows. Far more than they about a situation. Yes, I think England will read Edward's articles with mixed emotions. I'll bet a shiny sapphire that deep in their hearts the people still love him, though they blame him for the circumstances of the abdication—which reminds us that the Good Book records: "Whom the Lord loveth He chasteneth."

FLORIDA FRIED MUSH Sets Off Minor Fued By JIM LITTLE ST. PETERSBURG Dec. 5 (AP)—The U.S. Chief Executive's dietary habits touched off a minor battle of Florida's yesterday when the Associated Miami Bureau put on the teletype network a report that Mr. Truman had "fried Florida mush" for breakfast.

Cracker editors here ask what, please, is Florida fried mush? In view of a lull in the day's outpouring of news, Miami promptly answered: "Miami crackers say there has been fried mush in Florida since first Georgian came here.

Plans Complete For Charity Ball Dec. 6

Aiding in the 1948 drive for membership to the Fernald Laughton Memorial Hospital Association, plans are completed for the charity ball to be held tomorrow night at the Mayfair Inn being sponsored by the Junior Chamber of Commerce and the hotel. This event also officially marks the opening of the winter season for the Mayfair. Tickets are \$1.00 and entitle the holder to a membership in the hospital association and admittance to the ball. They may be obtained from any member of the Jaycee organization and other individuals who have volunteered their services.

Adding to the enjoyment of the evening will be a fashion show under the sponsorship of The Yowell Company. Models who will display the attractive new fashions are Mrs. George Hardep, Mrs. Andrew Govey, Mrs. J. M. Anderson, Mrs. H. B. Odham, Jr., Mrs. W. E. Kirchoff and Miss Sylvia Melach.

On the varied program are specialty acts to be presented by students of the Cogburn School of Dancing under the supervision of Mrs. P. H. Tepic. Those appearing are Mrs. Alton Duxbury, Miss Jane Davis, Miss Jacqueline MacDonald, Miss Gretchen Kirchoff, Miss Joan Humphrey, Miss Pat Ratigan and Miss Ann Whitaker. An amusing finale has been planned in the nature of a burlesque of the novelty piece, "Red Silk Stockings and the Green Perfume".

The music of Stewart Martin and his orchestra will be enjoyed for dancing as well as the Art Harris Trio. Announcement was made this morning that dress will be optional.

Cecilian Club Will Give Program Sunday

The first Cecilian Music Club program for this season will be given Sunday afternoon at 3:00 o'clock in the Fannie R. Munson Studio at 603 Nerville Avenue. Miss Munson extended a cordial invitation to all friends and patrons.

NO XMAS CAROLS
NEW YORK, Dec. 5 (AP)—Mayor William O'Dwyer has directed an investigation of schools order that pupils of 23 Brooklyn schools may not observe the Christmas season in their classrooms with the traditional religious carols and symbols.

Assistant Superintendent Isaac Bidersee ordered yesterday that such observances of the season as Santa Claus are approved, but that "Christmas carols with references to the nativity may not be sung, nor may decorations include religious symbols of any faith" in schools under his charge.

Ancient Egypt dominated the Eastern Mediterranean politically, economically and culturally for 30 centuries.

Speed Rather Than Power Will Be Presented In Orange Bowl

MIAMI, Dec. 5, (Special)—The emphasis will be on speed in the 1948 Orange Bowl classic with probably the two fastest college football teams in the country—Georgia Tech and Kansas—turning it on for an overflow crowd of 54,000 in the enlarged Orange Bowl stadium.

Every indication—teams, weather and footing—is for new highs in football speed in the Miami New Year's contest.

Georgia Tech—averaging 123 points in the line and 176 in the backfield—was conceded for the swiftest team in all Dixie this season. The Jayhawkers—with a

192-pound-average in the line and 179 in the backfield—has all the zip of the jackrabbits native of the Kansas plains.

A traditionally-fast Orange Bowl gridiron, and the famed Miami Chamber of Commerce sunshine, moreover, supply the necessary conditions for the two teams to put the throttle to the floor.

To go with the blinding speed, both clubs have kiraffe-range. Each starting lineup has a height-average of six feet accompanying the 187-pound weight average.

A check of the opposing forward walls gives a tipoff on the terrific velocity to be produced in the Orange Bowl classic. Three of the Kansas linemen—Center Dick Monroe, Left Guard Don Fambrough and Left Tackle Don Otto Schellbacher, the right end, has been named three times to the All Big-Six Basketball team.

Heaviest player in the starting line for the Jayhawkers is Ellingworth at 204 pounds. The Kansas tackle, incidentally, hail from Missouri town which has come into recent prominence—Independence.

Dick Crawford, the right guard tips the scales at 203 pounds. Monroe will come in at center at an even 200, and Right Tackle Tom Wilson at 195. After that the dropoff is to End Marvin Small at 184, then to Fambrough at 184, and finally to Schellbacher, the lightest of the lightweights, at 173.

Except for 220-pound All-America Tackle Bob Davis, the average for the Georgia Tech starting forward wall would be 188 pounds. Davis pulls it up to 198, one pound more than the average of the Kansas line.

Soaking-wet with a towel wrapped around him, the center for the Engineers—Lewis Hooks—weighs 170 pounds. Ewell Pope, the left guard, pushes the indicator up only five pounds more, and Left End Jack Griffin is 180. The 200-pounders are Right End George Broadnax, Right Guard Bill Healey and Left Tackle Ralph Slaten.

All-America Halfback Ray Evans (188) and Ray French (166) are the speed boys for the Jayhawkers with the ball. The former's selection as an All-American basketball player speaks for his agility. The latter was fast enough to set two Kansas prep hurdle records. Quarterback Lynne McNitt packs 181 pounds, and Fullback Forrest Griffith three pounds more.

In Georgia Tech's expected starting backfield, Quarterback Jim Still (190), Halfbacks George Matthews (165) and Allen Bowen (170) are all track men. Ziegler is conceded by coaches to be the fastest starter ever to play for the Engineers.

Fast teams, fast weather, fast field—all adds up to a fast game for the Orange Bowl.

Joe Louis Risks Title Against Walcott Tonight

By TED SMITH
NEW YORK, Dec. 5 (AP)—Joe Louis risks his Heavyweight Championship for the 24th time in ten years tonight, but if Jersey Joe Walcott can take it away from him it will be one of the ring's greatest upsets.

Louis has nevertheless told in the fight as short as possible, "I'm interested in the fight, not in making 'Maybe even one round'."

His public prediction is a dignified "I will win."

A crowd of approximately 18,000 paying \$225,000 is expected at Madison Square Garden for Louis' only fight of the year, with the main bout starting at 10 P.M. EST, and scheduled for 15 rounds.

The record indoor gate is \$201,615 drawn by Jack Delaney and Jim Maloney Feb. 2, 1927.

Public interest in the fight, which has been up and down through the years, and so doubtful was his claim to be matched with the champion that originally tonight's encounter was called an exhibition, until it was pointed out Louis' title was at stake no matter what it was called.

Betting has been light. Officially the odds favoring Louis are 1 to 10. Anyone can put \$5.00 for a chance of winning \$50.00 on whether or not Walcott comes out for the fifth round, with the bookmakers taking the advantage either way.

Assuming Louis is still the champion after tonight, he will go to England for a series of exhibitions for which he will be paid \$80,000 and then return to prepare for a big summer outdoor fight—if the right challenger comes along.

Pitt And Penn Will Invade Miami For Basketball Games

CORAL GABLES, Dec. 5 (Special)—University of Miami, need by the fabulous Bob Campbell who racked up 318 points in 25 games as a freshman last winter, is edging a little further into big time basketball this year now that a suitable home court in the shape of the Coral Gables Coliseum is provided. In previous years, Hurricane home crowds were limited to about 1200, but the new court will accommodate close to 7,000 fans.

To see if Miami, one of the South's hottest football centers, will support big time basketball, the Hurricanes have booked University of Pittsburgh, Dec. 26, and University of Pennsylvania, Jan. 2, for Miami appearances, and they are dickering for dates with other out of state foes.

Last year's Hurricanes, coached by Hart Morris, clicked overnight midseason, on Jan. 24, they dropped their sixth game in 12 starts to Stetson by a 53-46 margin. The next night, with their lineup shuffled, they won a different ball club, winning 74-50 and—then ran their string to 14 straight before bowing 55-46 to Western Kentucky in the S. I. A. A. tournament finals. They averaged 61 points per game in their great streak.

Lou Edwards, a lanky center who played the last half of the season, is the only veteran missing. He contributed 122 points to the Miami cause but returning are Abe Friedman who scored 229, Gerald Weinstein, 186, Tony Yovain, 135, Hal Schuler, 105 and Ervin Bach, 83. Some new material is also available along with half dozen squad members from the 1946-47 team.

GAINTS ACQUIRE PLAYER
MIAMI, Fla., Dec. 5 (AP)—The New York Giants yesterday acquired first option to buy First Baseman Jack Harshman of the San Diego club of the Pacific Coast League for 1948 delivery by sending outfielder Jack Graham and pitcher Jack Wale and Mickey Rudnick, three of their farm club players, to the west coast team. Another player will go to San Diego before April 15.

Seminole High To Invade Jax Beach For Game Tomorrow Nite

The Seminole High School Celery Feels will invade Jacksonville Beach for a return engagement with the Fletcher High School Senators.

The Feels will leave Sanford at 1:00 o'clock tomorrow afternoon for the 8:15 contest.

Coach Kettle of the Seminoles is already beginning to eye the 1948 grid campaigns that lie ahead and will make several shifts in his lineup for the contest. Gene Harper, reserve center for the past season will open the contest at the pivot position. Bobby Humphrey will start the game at the right wing and Charles Anderson, brother of Willis Anderson, will open at the spinner position. Kettle stated that these changes will give the players added experience and will be of help to the Feels in the '48 campaign.

Fletcher is suffering the loss of two backfield aces for the contest. Andy Sears is out with injuries and Carl Stock will not be in the lineup due, in a severe case of influenza.

End Floyd Cooper and Wingback Humphrey have been named by Coach Kettle to captain the Seminoles in this contest against the Jacksonville aggregation.

Center Marvin Molloy was elected captain of the team after the regular Fletcher season and will lead the Senators into action against the Seminoles.

The Seminoles starting lineup will include Harper at center, Dick Bass and Wally Tyre at the guards, Buddy Wetherington and Chris Jensen at the tackles and Cooper and Byron Beard at the ends. The Feels backs will include Don Deal at the blocking back, Holly Piercy and Humphrey at the wings and Anderson at the spinner.

Lippy's Return To Bums Imminent As Rickey Calls Meet

By JACK HAND
BROOKLYN, Dec. 5 (AP)—Leo Durocher's return as manager of the Brooklyn Dodgers appeared imminent today with President Branch Rickey summoning his official family into a hurried conference.

Rickey is expected to time the well-worn news for Monday release.

Rickey insists that Durocher, suspended by Commissioner A. B. Chandler for last season, had not yet been signed. However, in two years of storm and strife, Leo often waited until opening day before formally inking the papers. The important thing is a verbal agreement between Rickey and the man many fans call "his favorite reclamation project."

Persistent newspaper and radio stories that Durocher was getting back his old job, brought members of the Dodger delegation hurrying home from the Miami winter meetings.

Burt Shotton, who managed the Brooks to the 1947 pennant, hustled into town from his Barrow home. Shotton did not appear at the winter meetings of the minors in Miami although he normally doesn't miss them.

Rickey also summoned to a conference in his offices today the three Dodgers coaches, Clyde Sukeforth, Ray Blades and Jake Peck.

Shotton has never been quoted on his 1948 plans but those close to the Dodger situation are sure he would like to return, although he reluctantly took the job last year on a day's notice.

As is customary in a Dodger announcement, all moves have been clothed in secrecy appropriate to an atomic bomb spy story.

Arthur Mann, Rickey's assistant and right hand power, who shepherded the San Domingo East, vanished from Miami Wednesday night. Harold Parrott, the Dodgers' road secretary and close friend of Durocher, hustled home by plane in a hurry-up trip last night.

Only the Dodger farm executives, headed by Branch Rickey, Jr. who had scheduled a visit to Havana, were left in Miami for today's closing session of the Minor League convention which buzzed with lobby and hotel room speculation on the Durocher issue.

Durocher was informed by letter from Secretary Walter Mulberry of Chandler's office, during the World Series, that he was free to negotiate for his 1948 services after the series ended. Rickey did not consider that sufficient guarantee that Leo would not be thumbed out again if he should take a step over the line, say in an argument with an umpire.

Sports Roundup

NEW YORK, Dec. 5 (AP)—The other day Joe Louis received a check for \$1,500 for a one-minute stint as a guest on a radio program. . . . Tonight he'll be paid off at a considerably higher rate for some work that likely won't be much harder—A little defense against Jersey Joe Walcott. . . . The bout figures to gross about \$225,000 at the gate, breaking the Madison Square Garden record of \$201,615 made back in 1927 by Jack Delaney and Jimmy Maloney. . . . Of this the champ will get the usual 40 percent of the net, plus a share of radio and television receipts. He'll have to shell out his manager's cut and the not inconsiderable training expenses, but if he's trying to break the by-the-minute record, he won't have to work very long. . . . This dept. figures that, in spite of bold predictions from the Walcott camp, that Jersey Joe will last about five rounds. Louis isn't in a hurry.

The Olympic hockey fess between the Amateur Hockey Association and the Amateur Athletic Union seems to be spreading to the Swiss organizing committee. Apparently one Swiss group is afraid the American teams won't appear and the winter games will be a flop while another wants to string along with the A.H.A., which has been actively promoting hockey. . . . Meantime, the best hockey show of the season was the Rangers' Lester Patrick night get-together when the old-timers who made hockey history 20 years ago came back to honor the greatest of them all. . . . At Bunny Cook said: "Things haven't changed much. We still wait until Lester goes to bed and then we sneak out and have some fun." . . . If all the major league players

deals that have been discussed during the Miami meetings were laid end to end, they still would go exactly nowhere. Not one name player was sold or traded, though there may be a few things popping when they re-convene here next week for the major league confab. . . . The Cubs, for instance, virtually passed up the Miami shindig, sending only two farm losses. But owner Phil Wrigley will escort the entire front office crew to New York. . . . Branch Rickey says if he doesn't have an announcement next week about the Dodgers' 1948 manager, it will be physically impossible. . . . what? making up his mind?

1947 Liquor Taxes Equal Those Of 1946

TALLAHASSEE, Dec. 5 (AP)—Collections from Florida taxes on beer, wine, whiskey and cigarettes are standing just about at their 1946 level, beverage director James T. Voeelle reported today.

Receipts for the first five months of the current fiscal year from all four levies totaled \$14,363,901 compared with \$14,242,916 during the same period a year ago.

Alcoholic beverage tax collections in November totaled \$2,276,191 which is \$7,642 above the yield of the same month a year ago. Heavy collections in October had caught up the slack of three previous months' low receipts.

In the first five months of the year, liquor taxes produced \$9,638,145, which is eight-fifths of one percent below collections for the same period a year ago.

Cigarette tax collections are up 4.7 for the year to offset the slight liquor tax loss.

The levy of four cents a package yields \$920,927 last month to bring the five-month collections to \$1,802,076, compared with \$1,604,770 a year ago.
