### County Caught In Net Of Local Law Legislature Passed For St. Johns County

### Old Registers Null And Void Voters Not Getting Names On New List Can't Cast Ballots

Every voter in Seminole County must re-register this Spring.

It does not make any difference how many times an elector has registered or how many times he has voted, each and every one of them must register again if he would cast a ballot in the primaries next June or in the general election next November.

This situation, declared by County Registrar W. J. Thigpen, as being "aggravating in the extreme," has only just been discovered, though the law which compels the re-registering of all voters in Seminole County was passed by the 1935 State Legislature.

It was brought to the attention of the County Commissioners today by Mr. Thigpen and E. F. Housholder, attorney for the board, and upon the latter's explanation that "there is only one thing that can be done," the board instructed the registrar to proceed in accordance with the new law and prepare new registers.

The re-registration is to begin on March 10. Within an hour after the board's action Mr. Thigpen made arrangements for opening in the Union Pharmacy at 206 East First Street and in each of the 18 precincts in the county of registration offices. Each office will be open between the hours of 9 A. M. and noon and 2 and 5 P. M.

## \$5,000 Paid For 31-Acre Grove In Seminole County

Five thousand dollars was the price paid by the Umatilla Fruit Company for the Paul Johnson Grove on Elipha Avenue, west of Seaboard City in the Colony Delta, according to revenue stamps affixed to a warranty deed placed on record Monday afternoon.

Other realty deals in the County recorded yesterday include the following warranty deeds: Rev. S. D. V. Harper, one lot in Forest City, \$1,000; Mrs. Orla Schreyer, Schwartz to Maria Ann Orla, 129 acres southwest of the Country Club, \$100; Mrs. Orla Schreyer to Robert Williams, lots in Longwood, \$100.

## U.S. Judge Ritter Is To Face Trial For 'High Crimes'

### Wilcox Votes 'No' But House Votes For Impeachment Move

WASHINGTON, Mar. 3.—(AP)—The House has tonight approved a resolution to impeach Federal Judge Halsted L. Ritter of the Southern District of Florida, on charges of "misbehavior, high crimes and misdemeanors in office."

The vote was announced as 181 to 146 for impeachment. Representative J. Mark Wilcox was the only member of the Florida delegation in Congress to vote against the impeachment resolution. Representatives Caldwell, Green, Patterson and Sears voted for it. A total of 173 Democrats, seven Republicans and one Progressive voted for the impeachment as compared to 63 Democrats, 86 Republicans and four Progressives voting against.

The vote came after five hours of debate on the case, brought up by the House Judiciary committee, during which Ritter was characterized as a "tyrant" and a "dictator."

## GREAT BOULDER DAM COMPLETED

Boulder Dam, the world's highest, construction of which marked one of the greatest engineering jobs ever undertaken by man, is shown upon its completion and delivery to the United States government by the contractors. Built for hydro-electric and irrigation purposes, it dams the Colorado river on the border between Nevada and Arizona and forms the largest man-made lake in the world. The relative size of the steam shovel (arrow) at the bottom gives some idea of the dam's magnitude. (Associated Press Photo)

## CITY NEWS BRIEFS

The tides will be high at 5:44 A. M. and 6:18 P. M. tomorrow, and will be low at 11:44 A. M.

A grass fire around the Jack Flynn home, Twentieth Street and Mellenville Avenue, was extinguished by the fire department this morning. No damage was done by the blaze.

County Commissioner C. B. Seary passed the cigars to other members of the board and to all attending today's meeting of the county commission because he was a few minutes late at the session.

Pleading guilty before County Judge Jas. G. Sharon to selling real estate without a license, R. L. Johnson was sentenced to pay a fine of \$25 and costs, but the fine was suspended on good behavior.

The weather: Mostly cloudy tonight and Wednesday; possibly showers in south and central portions Wednesday; little change in temperature. Extreme northwest Florida: Partly cloudy tonight and Wednesday.

E. C. Priest, first commander of the Legion Post in Tampa, was guest at last night's meeting of the Legion. He was an engineer on the railroad through Sanford in 1885, but this is his first visit here in 42 years, he told the Legionnaires.

Marriage licenses were issued yesterday to E. J. S. Carter, 26, and Pauline Fuller, 23, both of DeLand; John Patterson, 23, and Rosebud Delaney, 21, both of Sanford; and John Johnson, 23, and Clara Walker, 20, both of Sanford.

Andrew Carraway has resigned as secretary and manager of the Sanford Country Club to put in full time service as sales manager for the Seminole Tire Company. He is succeeded at the golf course by A. C. Fort, former manager of the San Juan garage. Mr. Carraway was secretary-manager of the Country Club for three and one-half years.

## Four Men Go To Road To Work For County

Four men arrested by the City police and transferred to county when delinquent before Municipal Judge S. A. B. Wilkinson yesterday pleaded guilty before County Judge Jas. G. Sharon to the charges filed against them, and all were sent to the county road camp upon their failing to pay the fines assessed. The aggregate time of the four is 16 months.

Henry Swinson will serve five months three for carrying concealed weapons and two for assault; James McGhee, alias Ernest McGhee, will serve two months for assault and two for petty larceny; and Elmer Banks will serve three months. The charge against Banks was that of drunkenness, but the heavy sentence was given as he is an old offender, the judge noted. Sam Laney, who charged with drunkenness, was taken to the road camp to serve two months.

E. A. Dooly, charged with drunken driving, was sentenced to pay a fine of \$250 or serve 60 days, with \$100 of the fine suspended on good behavior. Only one of six men taken before Judge Sharon paid his fine. That was Chas. Eason of Coronado Beach, who served a charge of molesting a child for \$25.

## President For Radical Change In Taxing Law

### Undistributed Corporation Profits Would Be Assessed By Proposed Law

WASHINGTON, Mar. 3.—(AP)—Sweeping tax law changes including the imposition of a tax on undistributed corporation profits was recommended to Congress today by President Roosevelt. He estimated the tax on undistributed corporation profits would yield \$1,614,000,000.

In a momentous message recommending thorough revision of national tax system, the President also proposed: Processing taxes to spread broader and thinner than the old levies outlined by the Supreme Court.

Windfall tax to recover a considerable part of the old processing taxes on which they refused payment. Repeal of the existing capital stock tax which was estimated to yield \$163,000,000 in fiscal year 1937.

The graduated corporation income tax which the President proposed to repeal was estimated to yield \$226,000,000 in 1937. Treasury experts were understood to estimate that the proposed new levy on undistributed corporation profits would not only replace \$226,000,000 in taxes which would be repealed, but would provide an additional revenue of \$620,000,000 on 1936 corporation incomes.

The President told Congress that invalidation of processing taxes left a deficit in the budget of \$1,017,000,000 and that the cash bonus bill would add annual charge of \$120,000,000.

"We are called upon here," he said, "to raise by some form of permanent taxation an annual amount of \$620,000,000. It may be said truthfully and correctly that \$500,000,000 of this amount represents substitute taxes in place of old processing taxes and that only \$120,000,000 represents new taxes not hitherto levied."

## Over One Million More Unemployed Than In December

WASHINGTON, Mar. 3.—(AP)—Revival of a drive for a 30-hour work bill was forecast in some congressional quarters today as a result of the American Federation of Labor report that 12,626,000 people were jobless in January. The Federation figure showed an increase of nearly one million and a quarter since December.

## County May Pay For Plumbing In Armory

After listening to pleas from J. C. Hutchison and H. C. Washburn, officers of the local National Guard contingent, the County commissioners today instructed the officers to obtain bids on the cost of installing plumbing and lighting fixtures in the Armory now under construction and then the board will "see what can be done about paying for it."

The cost is estimated at \$2,100, but Commissioner S. P. Long said he was confident it could be done for considerably less. The county subscribed \$1,500 to the Armory project and has paid \$500 of that in cash. The City subscribed \$500, and has expended about \$800, Mr. Hutchison said. The National Guard officers presented their plan to the County Commissioners several weeks ago, but the municipality is without funds, they were told.

## Georgia Governor Orders Payment Of Road Certificates In Broad Daylight

### Talmadge Action May Avert Court Clash By Proposed Act

ATLANTA, Mar. 3.—(AP)—Seeking to avert a court test of his financial "dictatorship" of Georgia, Governor Eugene Talmadge has ordered immediate cash payment of more than \$2,500,000 in highway certificates, due Mar. 25.

At the same time he charged the New Deal's Georgia leaders with agitation resulting in the filing of an injunction suit at Marietta to prevent diversion of road money to support other government functions and attacking the foundation of his one-man control.

He also informed State Senator Allen Chappel, leader in a movement for a self-convened legislative session to look into the complex financial situation of the state, that he would not call an extra session even if the legislators would serve without pay.

The basis of the injunction suit was the contention of W. V. Lance, former state legislator, who holds a 1936 certificate, that unless the court restrained the board and de facto treasurer, J. B. Daniel, the money set aside to pay the scrip might not be available when they were due.

Talmadge claims he has approximately \$10,000,000 in the vault of the state treasury. The cash is guarded by National Guardsmen in plain clothes but armed with service pistols and machine guns. The highway board has withdrawn many of its millions from the banks and this has gone into the treasury vault.

In a statement, the Governor said there had been "false agitation" over the state that the board and Daniel would not pay the certificates, a tenth of which is due this month.

"This was deliberately done," he said, "by advocates and teachers of the New Deal in Georgia to muddy the waters."

He informed counties they could get their money now as they wished and late in the day the highway board asked that the certificates be presented at the department office for immediate payment.

## Bank In Tampa Is Robbed Of \$30,000 In Broad Daylight

The Columbia State Bank in Tampa was held up and robbed of \$30,000 in cash at 11:30 o'clock today by four men who the Tampa police believe are headed this way. They informed Chief Williams of the Sanford police force that a short time after the robbery the bandits were seen driving through Lake City, heading east.

"The bandits are armed to the teeth," according to dispatches from Tampa. Details as to the robbery were lacking. It was reported that the leader of the gang is a notorious bank robber for whom the post-office department was conducting a vigorous search extending over many months.

## Italy Opposed To 'Pressure Peace'

### Mussolini Declares Anew Defiance Of Fascism To League

GENEVA, Mar. 3.—(AP)—The League of Nations "Committee of Thirteen" representing every member of the council except Italy, decided today to appeal to Italy and Ethiopia for peace, and gave the two nations until Mar. 10 to reply.

The appeal of the text said: "The Committee of Thirteen, acting under the mandate which the Council entrusted to it by its resolution of Dec. 19, addresses a pressing appeal to the two belligerents toward the immediate opening of negotiations within the framework of the League of Nations and the spirit of the Covenant with a view to the prompt cessation of hostilities and the definite re-establishment of peace. The Committee of Thirteen will meet Mar. 10 to take note of the replies of the two governments."

## Motor Patrol Of 45 Officers To Guard Highways

TALLAHASSEE, Mar. 3.—(AP)—A wish of "God speed and good luck" from Governor Sholtz on Thursday put the enlarged State Road Department traffic division into full operation.

"You are a non-political group engaged in protecting Florida's highways and making them safe," Governor Sholtz said to the 45 uniformed officers assembled on the front steps of the capital here.

The traffic division personnel came here from Fort Myers where new members have been schooled for a month under direction of Capt. George Mingle of the Ohio state patrol. Thirty-two officers will use motorcycles, and others will travel in speedy cars.

Enforcement of traffic laws including safety measures and regulations of weight and length of vehicles using the public highways, was outlined by Chairman C. B. Treadway of the Road Department, as the traffic division's responsibility. He called upon the officers to "rid our highways of the hazard of the reckless driver, the unlighted vehicle and the law violator."

TUESDAY, MARCH 3, 1936

DEPARTMENTAL

An ant on the tablecloth
Ran into a dormant moth
Of many times his size

He showed not the least surprise
His business wasn't with such
He gave it scarcely a touch
And was off on his duty run.

Yet if he encountered one
Of the hives' impetuous squad
Whose work is to find out God
And the nature of time and space.

He would not have found the cause
At a moment's notice
One crossing with a hurried tread
The city of ants is a dead-end

Isn't given to the least retreat
Seems no even a retreat
But he, no doubt, is a busy man
With whom he crosses his way.

And they, no doubt, are busy
To the higher up or come
Then word goes forth from Formic
"Death's come for Jerry McGormic"

Our selfless franger Jerry
Will the special January
Whose office it is to bury
The dead of the commissary

Go bring him home to his people
Lay him in state on a seal
Wrap him for shroud in a petal
Enbalm him with schor of nettle.

This is the word of your Queen
And present on the scene
Appears a solemn mortician;
And taking formal position.

With feelers calm a twiddle
Seizes the dead by the middle
And, heaving him high in air,
Carries him out of there.

No one stands round to stare.
It is nobody else's affair.

It couldn't be called ungentle,
But how frightful a departmental

Setting a proper style for all babies in the future, little Jacqueline Jean Benson arrived in this world the other day weighing exactly twelve ounces, the tiniest ever recorded. Time was when parents boasted the weight of their children as if health, intelligence and charm were something measured by the pound.

Eight and ten pound babies nowadays are old fashioned. One pound babies are still rare, but five and six pound babies are a comfort to the mother, if not to the father.

According to Viscount Wolmer, member of British House of Lords, there will be no important European war until 1938. "Germany will be ready to fight by that time," he says, "and then the war will break out, probably with an attack on Russia. Once the war starts everybody will be in danger." He bases his belief that the war will not come for two more years on the assumption that Germany is not ready yet. He thinks the fact that war could break out before Germany is prepared.

Filled To Overflowing

An interesting item appearing in the Orlando Sentinel recently pointed out the fact that the City Beautiful is overrun with tourists and that hotels and apartment houses are turning down guests because of a lack of accommodations. At the same time requests were sent out to Orlando residents to list their spare rooms so that visitors might have a place to spend the night.

Similar reports come from Miami. The chamber of commerce there has published an advertisement in Miami papers asking the home folks to rent their rooms so that all tourists in the city might be taken care of. Every hotel and apartment house in that vicinity is full with thousands of new people coming and going every day.

What would it mean to Sanford if it could be said here that every hotel and apartment house in the city were filled to overflowing? What a thrilling prospect!

To see in The Sanford Herald an advertisement asking local residents to list their spare rooms so that all incoming tourists might be accommodated! What a break for local restaurants, local merchants, local business men in general!

Sanford should go after this tourist business!

Ritchie's Last Warning

When Albert C. Ritchie, a former governor of Maryland for sixteen years, and one time a serious contender for Democratic presidential honors, died last week, his passing was lamented by Democrats and Republicans alike. Even President Roosevelt, with many of whose policies Gov. Ritchie disagreed, paid tribute to him.

In the last speech which Gov. Ritchie ever made, at a meeting scarcely two weeks before he died, he warned his audience against fundamental changes in our form of government brought about by "indirect" methods. The Constitution, he said, struck a balance between the extremes of autocracy and anarchy. An outstanding advocate of States' Rights, Gov. Ritchie further declared:

"I, for one, do not believe in fundamental or revolutionary changes. I believe that the system of government which has served us through the vicissitudes of so many years will suffice to serve us still.

"But if those in governmental authority do not think so, then surely it is not too much to ask that they submit the changes they would make to the American people in the form of amendments to the Constitution instead of the guise of statutes for Congressional action only.

"Surely it is not too much to ask that they act directly, not by indirection, so that the American people can themselves decide whether they want to change the American system of government or whether they want to preserve it."

Good Publicity For Florida

Visitors to Miami should let friends know of this city's unusual educational facilities," writes Arthur Brisbane, in his widely read column. "In addition to Miami's university there are numerous admirable institutions for children of all ages. Especially valuable is Miss Harris' Miami school for girls, on Brickell Avenue. For four years this writer has had three young daughters attending Miss Harris' admirable school, and because of that school he purchased a house near-by.

"At Miss Harris' school, children live and study in the open air and sunshine, thriving and growing, while children in the cold North are fighting colds. Parents from the North, visiting Miami temporarily, may have their children with them, without discontinuing their studies, while the parents are in Miami. Those that can give young children the benefit of this admirable climate during winter months should do so, instead of leaving them to fight the cold, and the colds of the North."

SANFORD TWENTY YEARS AGO

Capt. W. M. Lovell grows some fine strawberries in his home garden every year and takes great pride in them. He recently sent some of the berries to his son, Val Lovell, in Pittsburgh who had them made up into shortcake and on Washington's Birthday, while the snow was falling outside the windows, he and three friends ate the shortcake made from the ripe Sanford strawberries which had been sent by parcel post from Sanford Lodge of Elks is one of the most flourishing in the state and the enthusiastic members keep alive the interest at all times. The annual election of officers took place Wednesday night and the following members were chosen to serve this year: J. G. Hurley, exalted ruler; E. F. Housholder, esteemed leading knight; D. G. Monroe, esteemed knight; O. P. Herndon, esteemed lecturing knight; Cruse Barnes, secretary; E. B. Rourke, tyler; and Forrest Lake, trustee, two-year term.

Wilson and Jack Fox took the Fair in on Friday at Orlando, going down in the Wilson Studebaker car. George O. Herring, Jr., son of Judge and Mrs. George G. Herring, has passed successfully, according to the official list published, his examination for admission to the Naval Academy at Annapolis, Md.

Areas In Florida To Be Restocked With Wild Game

WINTER HAVEN, Mar. 3.—Areas of Florida that have become depleted of quail and turkey are being restocked by the State Conservation Department, according to Dr. F. G. Garner, local member of the State Conservation Commission, who stated he had received word of the inauguration of the restocking program from Tallahassee yesterday. Garner announced receipt in this section Sunday of a shipment of turkey and quail, from Alabama, while a shipment of several thousand additional is expected daily from Cuba.

"Sportsmen in this section will be interested in this restocking program," said Garner, "and we hope to give sportsmen in other parts of the state equally good news within a short time. Many areas are depleted of this choice game and it is the purpose of the department to restock them and afford our sportsmen every opportunity to bag game during the forthcoming hunting seasons."

University Plans Summer Cruise To The West Indies

Study Courses To Be Conducted On Ship Leaving On July 4

GAINESVILLE, Mar. 3.—A 37-day summer cruise through the islands of the West Indies and along the northern coast of South America, beginning on July 4, planned by the University of Florida, was announced today by Dr. John J. Tipton, president of the University of Florida. The cruise is offered by the College of Business Administration in co-operation with the University's Institute of Inter-American Affairs.

Dr. W. T. Hicks, assistant professor of economics and marketing, has been placed in charge of the cruise. The SS "Landvangen," a 5,000-ton vessel, equipped to carry both freight and passengers, will be utilized. Students, however, will comprise the only passengers on the ship.

Two courses, "Trade Horizons of Caribbean America," and "International Trade," will be offered by Prof. Hicks while on the cruise, designed to provide students an opportunity of traveling through the Caribbean area while studying the economic conditions and trade practices of the region.

Classroom work will be conducted just as on the campus of the University of Florida during those days the vessel is on the water, Prof. Hicks said today. While the ship is in port, conducted trips will be made, trading operations observed, and shipping representatives and trade commissioners will occasionally address the student group.

A limited number of students in the university will be able to make the cruise, which will touch ten ports, Kingston, Jamaica; Pointe a Pitre, Guadeloupe; Port de France, Martinique; Barbados; Port of Spain; Trinidad; Georgetown, British Guiana; Paramaribo, Dutch Guiana; and Moengo, Dutch Guiana. In order to reach Moengo, the vessel will sail 110 miles up the Commewijne and Cottica rivers, and this jungle cruise into the interior of South America should be one of the most interesting experiences of the entire trip.

Departure will be from Tampa with the cruise to end at New Orleans, Aug. 12.

Italy And Ethiopia Asked By League To Make Peace

(Continued From Page One) make peace under sanctionist pressure. An official source declared complete victory on the East African battlefronts is "in our hands" and "we will not be satisfied until all Italian aims are achieved."

The government claimed defeat of four Ethiopian chieftains in the smashing blackshirt advance from the northern frontier since last Thursday. A flying column of 5000 Italian soldiers was reported on the move toward Gondar, capital of central Amhara province in the center of one of the richest regions of Emperor Haile Selassie's kingdom.

With the victory reports from the field commander, Marshal Badoglio, the hopes of official Italy rose to a new high with expectations that the East African campaign was proceeding satisfactorily according to previous plans.

'BOTTLED' HEN STIRS OFFICIALS

No, this is not one of those ship-in-the-bottle puzzles. Brother Of Gangster Is Slain In Chicago

CHICAGO, Mar. 3.—(AP)—Three masked men walked into a pool room last night and fatally shot a man police identified as Anthony Demario, 24, a brother of "Machine Gun Jack" McGurn, slain by gunmen in a similar manner Feb. 15. Demario, who was identified as McGurn's brother by Sgt. Thomas Lowry, died in Mather Cabrini Hospital within an hour after his card game was interrupted by gunfire. He was shot four times. McGurn, credited by police with being the chief terrorist of the old Al Capone mob, was shot by unidentified men in a Milwaukee Avenue bowling alley.

STANDARDIZED UNIFORMITY
The simple mechanical details of cigarette manufacture are of surprising importance. Upon them depend the physical properties of the cigarette, such as weight, size, firmness, moisture-holding properties, uniformity of fill—uniformity of product—all of which have a far-reaching effect on the character of its combustion and the constituents of its smoke. In the manufacture of Lucky Strike Cigarettes all of these properties have been standardized with care for the perfection of A LIGHT SMOKE.

## 700 Thousand Will Be Taken Off WPA Rolls

### Thinning Out To Be Begun This Month; Private Employment In Spring Expected

WASHINGTON, Mar. 4.—(AP)—New Deal officials plan to thin out WPA rolls by more than 700,000 persons in the next four months. They count on Spring expansion of private employment and on such government activities as road building and public works projects to absorb many persons not getting relief through WPA.

Administrator Hopkins said he believed 100,000 persons weekly would be placed in private or other employment from now until July 31. He will start this month to trim WPA rolls from a February high of 3,037,440 to a minimum of 2,310,100 by next June 30.

President Roosevelt told his press conference he had a general discussion on unemployment at luncheon with Secretaries Roper and Perkins, and Major George Berry, co-ordinator for industrial co-operation, and hinted that further talks would be held.

Asked about the A. F. of L. report, he observed that employment always dropped off in January.

Mr. Roosevelt told reporters one of his problems was to find enough money to keep the work relief program going for the remainder of the fiscal year, which expires June 30.

He said the Administration has not transferred any money lately to the Works Progress Administration from other relief projects, but that it is scraping the barrel to tide over May and June.

Relief headquarters estimated that 14,000,000 persons are supported by the 3,800,000 "employables" holding work relief jobs, and that about 6,000,000 persons are on direct relief.

## Seeks County Office

Judge S. A. B. Wilkinson of the Sanford Municipal Court who today announced as a candidate for prosecuting attorney for Seminole County.

## Judge Wilkinson Is Candidate For County Prosecutor

Municipal Judge Has Been A Practicing Attorney 15 Years

Judge S. A. B. Wilkinson, city judge and State Democratic committee man for Seminole County, today announced his candidacy for County prosecuting attorney, subject to the will of the Democratic party primary next June. He has been judge of the Municipal Court for the last three years and has been a resident of Sanford since 1921.

Judge Wilkinson is a graduate of the State University and was captain of the Varsity football team and of the University's track team. His interest in athletics has continued since coming to Sanford. He was the successful captain of the Celery Reds and then as coach of the Seminole Boys' Athletic Club.

Judge Wilkinson was born in Barber county, Ala., on Mar. 25, 1894, and worked his way through the elementary and high schools and seven years in college. He was graduated from the University of Florida in 1916 but went back to the University again two years later for continued study and an additional degree. Between the two times he was in college he served as an officer in the Army during the World War, and is a member of Campbell-Lossing post of the American Legion.

In announcing for the office of county prosecuting attorney Judge Wilkinson promises an "efficient, effective and economical administration of the affairs of the office." He has been active in the practice of his profession for the last 10 years.

## Congressional Candidates To Meet Thursday

### Fifth District Conference To Be Held In Palatka; Sharon Will Talk

The dozen candidates for Congress from the new Fifth Congressional District, including Judge J. G. Sharon of Sanford, are expected to attend the meeting of the Democratic Executive Committee of the District in Palatka tomorrow. According to the chairman of the committee on arrangements, each will have an opportunity to plead his cause from the rostrum during the meeting. Judge Sharon intends to deliver a brief address.

Democratic leaders who will make addresses during the day include Herbert K. Wells, Tampa, National Democratic Committee woman from Florida; Col. J. B. Hodges, Lake City, chairman of the State Executive Committee; B. F. Mizell, Tallahassee, president of the Young Democratic Clubs of Florida; H. J. Dame, Fort Pierce, chairman of the Fourth District congressional executive committee; R. A. Gray, secretary of state; Cary D. Landis, attorney-general; Nathan Mayo, commissioner of agriculture, and J. M. Lee, comptroller.

A business session presided over by Chairman Ray Selden, Daytona Beach, will occupy the morning meeting at the Woman's Club with the speaking and a trip through the Ravine Gardens arranged for the afternoon.

Mayor John W. Campbell of Palatka, will welcome the visitors with Ella F. Davis, Kiamissee, and Mrs. Frances Laughlin, Orlando, responding for the committee.

A dance at the Woman's Club has been scheduled to wind up the day's festivities.

## Free Cup Of Tea Leads To Strike Of Scot Workers

LONDON, Mar. 4.—A cup of tea caused a strike in Scotland. Laborers working on a \$65,000 water scheme at Whitburn, Wigtownshire, were offered a cup of tea by a kindly housewife. They refused to accept it. But the foreman complained at the suggestion of a work and one man was dismissed. The laborers then walked out, demanding a ten-minute interval for tea. Having gone so far they decided to add to their demands one for an increase in wages.

## Prince Konoye Declines Offer To Be Premier

### Japan's Emperor As Yet Unsuccessful In Finding Successor To Okada

TOKYO, Mar. 4.—(AP)—Yesterday Prince Konoye, leader in the liberal naval circles, declined today to become the youngest Japanese premier, sending Emperor Hirohito and his advisers on a search for a man able to head the government in the crisis. The 42-year-old Prince Konoye pleaded ill health.

Marital law headquarters announced today that more than 1,000 officers and men took part in the rebellion which broke last Wednesday.

Seven leaders of the Japanese Army, including two mentioned as the possible next premier, tendered their resignations last night because they felt indirectly responsible for last Wednesday's bloody military coup.

In an unprecedented situation, the seven generals asked Gen. Yoshitaki Kawashima, minister of war, to submit their joint resignations to Emperor Hirohito. They are: Senjuro Hayashi and Sadato Araki, both mentioned as possibilities for premier; Nobuyuki Abe, Jirocho Maekawa, Goro Nishi, Kenkichi Ueda, and Genji Anjo Toranichi.

If the resignations are accepted only the four imperial princes, Kanmu, Nishinomiya, Higashikuni and Asaka will be left on the war council. Maekawa and Araki are from nationalists, while Genji, Hayashi, Ueda and Abe are known as moderates.

The army leaders explained they felt responsible for conditions in the army which had made the revolt possible.

Indicating his confidence had normally been restored to the government today withdrew the first fleet from Tokyo Bay, where it had been called during the height of last week's trouble. The fleet, however, remained under martial law and troops were still occupying strategic positions.

## Looks For Premier

Emperor Hirohito, bowing to the wishes of the military, has ordered a cabinet Okada as premier. It has a yet been unable to find a man to form a new cabinet.

## Stalin Says Russia Is Ready To Fight Japan In Mongolia

### Repeated Flights Of Japanese Over China Protested

### Soviet Prepared To Help Nation Maintain Independence, Dictator Declares

NEW YORK, Mar. 4.—(AP)—Russia under Stalin is ready to war with Japan if necessary to preserve outer Mongolia's independence, the Soviet dictator said in an interview with Roy W. Howard, chairman of the board of Scripps-Howard newspapers, published today under a world copyright by the New York World Telegram. The interview was held in Stalin's office in the Kremlin.

Stalin said Japan and Germany are continuing to concentrate their troops on the frontier of the Mongolian people's republic, but so far there have been no new attempts to create border incidents. In a crisis he said, "we would help that republic as we did in 1921."

Stalin said Japan and Germany are "impossible to say" when the next war will come. "Nowadays wars are not declared, they simply start," Stalin declared.

"You recall the origins of the last World War, the desires of the great powers to divide the world. To day we face the same state of affairs," he said.

Stalin declared that Soviet Russia will not attempt to force its political theories on other nations. "The people of the Soviet Union would naturally like to see the face of things changed in the outside world, but that matter is the business of the surrounding world itself," he said. "I fail to see how one more states if they are firmly seated."

"Revolution will occur in other countries, but only at a time when it will be considered possible or necessary for the revolutionism in each specific country."

## Wilcox Pressing Bill Of Defense Of Pacific Coast

WASHINGTON, Mar. 4.—Congressman J. Mark Wilcox, Democrat, Florida, said today he is "pressing the matter" strenuously and expects action within a few weeks on his bill to establish a chain of air bases along the Pacific coast. A report by the War Department on the measure, sponsored by the appropriations committee, the department is expected to recommend \$50 million for beginning the \$30,000,000 (M) air base construction program as the bill has been approved by Congress.

The House Navy Affairs Committee meanwhile, is preparing to report a bill to authorize construction of 84 auxiliary ships over a 10-year stretch embracing 221,000 tons of vessels at a cost of \$175,000,000.

Committee Chairman Carl Vinson (D, Ga.), indicated that the committee would not take any action, however, until a companion bill is reported by the Senate.

Meanwhile, the House Appropriations Sub-Committee handling the \$549,000,000 Navy appropriation bill for the 1937 fiscal year is working to bring that measure within the next two weeks.

Among its provisions are budget estimates for 18 new ships, destroyers and submarines, as part of the Administration's five-year program to build the fleet to treaty strength.

## Service Clubs Asked By County Agent To Help Further Consumption Of Celery

A visitor at last week's meeting of the Sanford Kiwanis made some caustic comments on the fact that celery was not included on the bill of fare at the Club's luncheon, so County Agent G. R. Dawson took a cruise of celery to today's meeting of the Club in the Mayfair Hotel and, while he was not on the program to make a speech, he delivered an oration on celery, its uses and how the Kiwanis and other service clubs can help further its consumption.

Mr. Dawson told the Club that from one to a dozen visitors attend every session of every service organization and that each organization can be of real service to the community if they will see to it that celery is on the bill of fare at every luncheon during the season, and that there is some one at the meeting to give a "little talk" about it for the benefit of the visitors.

"We take it for granted that because we who live here know all about celery and how appetizing it is and how good it is for a person's health, but there are mil-

## Voters Keeping Registrars Busy With New Books

### Standing In Line At Tables In Corridor Of County Building

Registrars working under W. J. Thayer, Seminole County registrar official, were kept busy today by voters desiring to register in order to be eligible to cast their ballots in the June primary. Two registrars were on duty at tables in the basement corridor of the Court House, and dozens were standing in line from 9 o'clock this morning until noon. Registrars books are also open in all the precincts of the county. Books for both the City and County are at the Court House.

Mr. Thayer announced yesterday that he would establish registration offices in the Union Pharmacy on First Street, but later decided that the Court House would be a better location.

The county registrar is endeavoring to get word to every elector in Seminole County that each and every voter must re-register this year to participate in the primary and general elections. Phoned calls being posted in various places in the county, and a representative posted in the newspapers.

As explained at yesterday's meeting of the Board of County Commissioners, all voters must re-register again this year because Seminole county's population figures are between 15,000 and 18,000. A special legislative act passed for re-registering in all political subdivisions having such a population.

Ethiopian Defense Collapse

ROME, Mar. 4.—(AP) Marshal Pietro Badoglio, commander of the Italian forces in Ethiopia, reported to his government today that the entire Ethiopian defense on the northern front has collapsed.

In his communique Badoglio stated a "battle in Tembien province was in full development when at dawn Feb. 29 the Second and Fourth army corps moved toward (Continued On Page Three)

Chinese Communist Army Sweeps Into Shansi Province

MISSIONARIES IN DANGER

SPANGHAI, Mar. 4.—(AP) Chinese Communist army sweeps into Shansi Province, last night and early today, were arrested in nearly two score American missionaries believed to be in the path of the invasion.

New Sino-Japanese complications also were threatened by the Red attack from the southwest into the central province.

An army was hurriedly mobilized by Taiyuan, capital of the province, by the aged war lord, Marshal Yen Hsi-Shan, and a virtual state of martial law declared.

Two battalions of Shansi province troops already have been dispatched and a patrol sent by the Reds, said advisers reaching the Reds in Taiyuan. The general of the defending troops killed himself to avoid capture.

No word has been received from American and Canadian missionaries stationed at Fenchow, 60 miles southwest of Taiyuan, since last Saturday. This section is near the district through which the Reds are believed sweeping.

## Oil Embargo Plan Will Be Ready If Peace Plan Fails

GENEVA, Mar. 4.—(AP) The League of Nations strengthened its threat of sanctions against Italy today when it awaited a reply from Italy and Ethiopia to the "commissions" committee's plea for East African peace. The committee of fifteen assembled to instruct its technical committee on proposed with drafting a detailed plan for the enforcement of an oil embargo to have it ready in the event the campaign for mediation failed. Whether oil sanctions will be used is said to depend primarily on Mussolini's answer.

## Two Children Burn To Death In Tampa

TAMPA, Mar. 4.—(AP) Two children were burned to death and another child and an adult woman were injured yesterday in a fire which broke out in a two-story dwelling in the Latin section.

## Roosevelt Enters Upon Fourth Year As Chief Executive Of The Nation

WASHINGTON, Mar. 4.—(AP)—President Roosevelt today entered upon his fourth year as chief executive of the Nation and finds a situation in sharp contrast with that which confronted him when he took the office on Mar. 3, 1933. The nation then was deep in the depression. Many banks were closed. Emergency action was needed.

The heavily Democratic Congress quickly responded. There was little open criticism.

Today, with all hands agreeing business has improved, New Deal critics have arisen both in and out of Congress. Many contend that business picked up in spite of the Administration and that unemployment is just as great as it was in 1933.

At the start of the New Deal, Congress whipped through the Roosevelt proposals almost as fast as they were submitted. Today it has figuratively slowed to a walk, with some members of the Democratic Party joining Republicans in opposing the President.

Criticism of the President and his policies has risen sharply during his third year and this criticism is expected to continue during the period of the campaign.

With a farm plan enacted, a tax suggestion made, and a relief request in process of formulation, many close to the White House felt Mr. Roosevelt would seek few other major changes before taking the platform to explain his record to the voters.

Some of the things to which New Dealers will point are the Social Security Act, a program for cheaper power, securities (Continued On Page Three)

## President's Tax Plan Taken Up By House Committee

WASHINGTON, Mar. 4.—(AP)—The House ways and means committee and Treasury financial experts today canvassed possibilities of meeting President Roosevelt's 50-year-old tax suggestions with a levy averaging 53 and one-third percent on unadjusted corporate surpluses. As discussed behind closed doors, no portion of the surpluses will be exempt. President Roosevelt yesterday drew distinction between surplus and reserves set up to cover depreciation and working capital.

Chairman Hill, Democrat, Washington, said after meeting, however, it was the "general understanding" that banks and fiduciary corporations, such as life insurance companies, would be exempt. He added that "it is contended" such a program would not prevent corporations from building up reserves.
