## ZANGARA CASE DELAYED UNTIL NEXT MONDAY

### Cermak Improving; Mrs. Giff's Condition Grave But Encouraging, Physicians Say

The trial of Giuseppe Zangara, sardary Italian who wounded five persons Wednesday night when he unsuccessfully shot five times at President-elect Roosevelt was set today for 10:00 o'clock Monday. The action was taken after County Solicitor Charles Morehead, in the presence of a crowded courtroom, moved for a postponement from today until Monday on the ground that defense attorneys had not received a report of a Sanitary Commission which examined the Italian.

Zangara's attorneys, appointed by Judge E. C. Collins, including Lewis T. Wynn, president of the Dade County Bar Association, Zangara is charged with attempting to murder the President-elect and his three victims, Russell Caldwell, Miss Margaret Krus, and William S. Sirois.

The Italian, who shouted defiantly that he wished no attorneys, was brought to court by five deputies. All spectators were searched for weapons before they were permitted to enter the court.

Should either Mayor Cermak, or Mrs. Joe Gill, two other victims, accompany Zangara's case would be impractical at once to the Circuit Court immediately, Morehead announced.

"My stomach is better now and the pain is not so bad as before," Zangara told newspapermen today. It was a constant pain in his stomach that caused him to become the enemy of all presidents and kings, he said today.

Mayor Cermak had recovered sufficiently today to talk with his two daughters and to inquire about his grandchildren.

Mrs. Gill is in a grave condition but doctors said they found signs of recovery encouraging.

A 12:30 o'clock bulletin on the condition of Mayor Cermak said "Mayor Cermak continues to improve. No unfavorable developments have appeared. His respiration and temperature are normal."

Dozens of persons visited the City rooms last night, most of them remaining to dance at no extra cost. Dozens of persons had called at the hall today as well, just to see whether or not he is really living up to his announced plan of playing 100 hours, without stopping.

Mr. Goodenough has eaten chicken sandwiches, celery, pretzels, and milk at various times since last night. Occasionally he breaks up into a song or stands up to tap dance to his own accompaniment.

## House Republican Wet Bloc Votes Unanimous Support Of Senate Repeal Measure

WASHINGTON, Feb. 13.—(AP)—The House Republican wet bloc today unanimously adopted a resolution to support the Senate prohibition repeal submission proposed in the House on Monday. Representative Britton, of Illinois, in a statement said "The Republican wet group of the House unanimously endorsed the passage of the Senate resolution to repeal the Eighteenth Amendment."

The estimated that Federal revenue amounting to many millions would flow into the treasury after its ratification by the states. His statement said it was the hope of the Republican group that every Representative would vote for the Senate proposal.

Congressional leaders were jubilantly confident last night that the House will adopt the Senate resolution to repeal prohibition. Optimistic predictions of success were made by party chiefs, and after the Democrats had hoarded themselves in caucus to support the proposal.

Smiling broadly after the closed meeting of the Democrats, Speaker Capper said, "It looks to me like chances are good it will be adopted, and a close margin is good enough."

"It will be adopted by at least 80-80," he said. (Continued On Page Two)

## DETROIT LOOKS TO DICTATOR IN BANK ILLS

### Far-Reaching Powers May Be Invested In Governor To Direct Financial Affairs

DETROIT, Feb. 13.—(AP)—Michigan last night looked to an absolute "financial dictatorship" to solve its banking problems and to open—at least partially—normal channels of commerce.

In the hands of Governor Clegg, less than two months in office, would be placed the most far-reaching powers ever vested in a state executive under legislation which today went before the state's law-makers. By Monday night, the governor said, he expected to be fully empowered to regulate banking operations.

The "acute financial emergency" in the Union Guardian Trust Company of Detroit, which led Governor Clegg to proclaim last Tuesday a banking holiday, he intimated last night, may lead to an extension of the moratorium. He said that "development alone" will determine whether a "full or semi-moratorium" will be continued after Feb. 23.

"Agreement among the bankers as to just what should be done must be obtained," he said. Should they fail to agree "it may be necessary for me to order an extension of the moratorium." (Continued On Page Six)

Smiling broadly after the closed meeting of the Democrats, Speaker Capper said, "It looks to me like chances are good it will be adopted, and a close margin is good enough."

## Japs Order Chinese Troops To Evacuate Jehol At Once; Major Battle Is Imminent

### CURTAILMENT OF CELERY CROP IS AGAIN APPROVED

#### Growers Decide Plan Is Solving Problem In Noticeable Manner

Florida celery growers meeting in Lakeland last night unanimously voted to extend the period of curtailing the present maturing celery crop through the week beginning Feb. 27.

This action came shortly after managers of various shipping firms represented at the meeting had expressed opinions that indicated that there has been a decidedly beneficial effect noted in market conditions since the curtailment method was set in motion.

Later in the meeting, after W. A. Laffer of Sanford had reported that his committee recommends spending the sum of \$5000 for a one month's radio advertising program in which emphasis will be placed on the fact that celery is a vegetable in other than raw form, it was voted that a representative of each shipping organization should come before the next meeting prepared to state whether his firm would support an advertising campaign costing that much.

Among the comments made by the several sales managers relating to the effect curtailment of the crop has had on market conditions are the following:

I. P. Huttliph, of the American Fruit Growers, Inc., at Sanford said "We have achieved extraordinarily good distribution on our celery during the past week and at firm prices. The large measure to what extent the various markets absorb recent takings. With a moderate movement, the market stands to continue firm to strong."

Mr. Peterson of the Manatee County Growers Association, stated that "he had been able to sell all the celery in his district." (Continued On Page Six)

### PACKARD STATES CASE OF CELERY GROWERS HERE

#### Aks Business Men To Support Farmers' Curtailment Plan

Calling upon "every citizen and every business house especially" in support of Florida celery growers and their plan of plowing under one third of their maturing celery crop, Rex Packard, chairman of the Grievance and Adjustment Committee of the Seminole Agricultural Club this morning not only voiced an appeal but set forth the case of the Florida celery grower in a time when their "only hope" to save their industry is in "the brotherly spirit of co-operation."

Addressing himself to the "Citizens of Seminole County," Mr. Packard today made the following statement:

"During the last few months through the press and over the radio you have learned of the terrible conditions that confront the farmers, particularly in the Central and North-western states.

"Their farms being sold at foreclosure sales, of near riots, trucks with farm products for market being held up, in an endeavor to keep supplies from the cities until such time as the farmer could sell for a price that would pay the cost of production.

"This is a fight between the food producer and the consumer, and the producer is fighting for self preservation, to enable him to continue to produce.

"Citizens of Seminole County did not give much thought as to how such a situation would affect them, even if it were possible that it could materialize in this section of the country.

"Those conditions which have caused the Western farmer to combine, and make a fight to protect his home and farm, have now appeared in Seminole County and the celery districts of the state.

"Owing to the millions of unemployed in the large northern cities, the great manufacturing centers whose markets formerly took large loads of celery, are now closed with a few exceptions.

"The celery grower with their brains and capital after an end— (Continued On Page Four)

### Christian Science Lecturer To Speak

Richard J. Davis, of Chicago, a member of the Board of Lectureship of the Mother Church, the First Church of Christ, Scientist, 55, Boston, Mass., will deliver a free lecture on Christian Science at the City Hall auditorium tomorrow afternoon at 8:15 o'clock. Mr. Davis will be introduced to the audience by J. C. Benson, first reader of the local Church. The public is cordially invited to attend.

### DORNER SEEKS WRIT AGAINST POWER COMPANY

#### Fearing Cutting Off Of Electric Service, He Asks Protection

Believing that because he refused to pay the gross amount of his January electric light bill, the Florida Power and Light Co. may discontinue serving him with electricity, F. F. Dorner, local celery grower who yesterday was granted permission to intervene in a suit filed against the firm last week, through his attorney this morning filed a supplementary bill of complaint and application for injunction against the firm.

At the same time, notice was left at the Florida Power and Light Co. office stating that the injunction has been applied for and that a hearing on the matter will be held here before Judge Millard H. Smith of Titusville next Friday.

This action was brought (Continued On Page Six)

### Bishop Cannon Will Give Address Here

Bishop James J. Cannon, Jr., and Dr. F. Scott McBride, leading members of the National Anti-Saloon League, will be in Sanford next Thursday night to deliver two addresses at the First Methodist Church at 8:00 o'clock.

Bishop Cannon, who has long been conspicuous in the public eye for his activities in behalf of prohibition, comes to Florida at this time in the interests of assisting in the securing of 100,000 Florida petitions against repeal.

His address, as well as that of Dr. McBride, who is superintendent of the Anti-Saloon League of America, will relate the recent development in Congress. The public is invited to attend.

Sanford Elks Band To Play At Hotel Tonight

The Sanford Elks Band under the baton of Edgar A. Ball, of Orlando, will play a one hour's concert at the Home Demonstration Fair in the Mayfair Hotel tonight at 8:00 o'clock. It was announced this afternoon by Edmund Melach, business manager for the band.

The concert will be held in the ballroom of the hotel, and the 25-piece band has selected a choice program of classical and popular selections that Mr. Melach said will appeal to all lovers of music. The concert as well as the Fair is open to the public without charge.

WOULD LIMIT LOANS

WASHINGTON, Feb. 13.—(AP)—Loans to farmers will be limited to \$300 compared with \$400 last year under regulations announced yesterday by Secretary Hyde of the department of agriculture covering the \$90,000,000 appropriated for crop production loans by congress.

### League Awaits Verdict From Washington, Tokyo, Moscow On Its Stand Against Japs

PEIPING, China, Feb. 13.—(A.P.)—A major battle between Chinese and Japanese armies at Kailu, northern gateway of Jehol province, appeared imminent after the receipt today of a Japanese ultimatum.

It ordered the Chinese forces immediately to evacuate the city. The Chinese decided to ignore it, it was stated at Manchurian headquarters here.

Despite the Japanese threat to attack at once if the demand is not complied with, an army of 30,000 to 50,000 volunteers has been concentrated in the Kailu region to block the Japanese invasion of Jehol from that point.

Kailu is at the start of the main communication route to the city of Chingeng and the capital of Jehol.

The Japanese already have made at least a half dozen airplane raids upon Kailu from their military base at Tungling, 39 miles eastward.

MURDEN, Manchuria, Feb. 13.—(AP)—The State of Manchuria today delivered an ultimatum to Chang Hsiao Lian, commander in chief of China's northern army, demanding the withdrawal of all Chinese troops from the province of Jehol. Failure to comply will bring an attack by the combined armies of Manchuria and Japan, the ultimatum said.

This appeared to be the opening gun in the Jehol offensive which has been in preparation for several weeks. The League of Nations, having condemned Japan's Manchurian policy in a report submitted to all world governments, now awaits the verdict from Tokyo, Washington and Moscow.

In Japan a high government official said only a miracle would prevent Japan's secession from the League if the assembly adopts the report and recommendations published at Geneva.

Yosuke Matsuoka, head of Japan's delegation at Geneva, may be called home across Siberia, the shortest route, for a first hand report to the government.

The reaction from Washington and Moscow is important to the League for both, non-members, will be invited to participate with the two belligerents and the League in finding a solution to the Manchurian conflict.

Intimidation, Gunfire Appear In Milk Strike

MILWAUKEE, Wis., Feb. 13.—(AP)—Intimidation and gunfire appeared yesterday for the first time in the Wisconsin farmers' milk strike.

A Milwaukee truck driver, Henry Boldt, was the target for a shot as he plied his truck loaded with milk through a blockade of boxes and timbers on a highway at Cedarburg. The bullet missed and the truck safely passed the barrier.

In Outagamie county, stronghold of the Wisconsin cooperative milk pool, sponsoring the strike, a raise the price of milk to \$1.40 a hundred pounds for the farmers, several trucks were stopped and their contents poured into ditches.

About 35 cheese factories, creameries and condensaries in the county had closed and 300 farmers were patrolling the highway.

TEDDY'S SISTER DIES

NEW YORK.—Mrs. Douglas Robinson, sister of the late President Theodore Roosevelt, died of pneumonia.

SLAMS FOREIGN SWEETS

WASHINGTON.—As a reward for Cuban sugar companies, Daniel C. Rogers urged tariff commission to devise an "adjustment plan" to bring about reduction of sugar production in Hawaii, the Philippines and Porto Rico.

### CUBAN LEADERS OF OPPOSITION TO QUIT ISLAND

HAVANA, Feb. 13.—(AP)—Four Cuban opposition leaders enjoying refuge in the Mexican embassy will leave Havana for the United States Sunday or Monday, Secretary of the State Ferrera announced yesterday.

The four—Cols. Aurelio Hevia, Carlos Mendota, Roberto Mendez Prieto, and Dr. Gabriel Landa, all directors in the nationalist union-sought asylum with the Mexican ambassador Jan. 6 after there been several political killings.

Since that time Secretary Ferrera has been negotiating with them through the ambassador in an effort to obtain either their return to their homes or their departure from the country.

Secretary Ferrera told newspapermen yesterday that unrest in the interior was the result of low wages being paid cane cutters.

Chief of Judicial Police Fors, who has sent special agents to Santa Clara and Camaguey provinces to investigate threats to movement is of communitarian origin.

Prison guards at Principe captured from Principe prison yesterday, carrying out the terms for removal to Isle of Pines, earlier this week which militarized all bodies of police prison guards and the like still under civil control.

Twenty-three political prisoners, including Rolando Martinez, a graduate of the Massachusetts Institute of Technology, were arrested here in the husband of the former Elmina Fairbanks, of Boston. He denied that he had engaged in political activities.

Oscar Cintas, Cuban ambassador at Washington, will leave today on the Key West boat to resume his post. He came to Cuba in December to spend the Christmas holidays. Matters of business caused him to delay his return.

### Prospect Of Flooded Market Results In State-Wide Request

WINTER HAVEN, Feb. 13.—Indications of heavy shipments of citrus next week, coupled with prospects of markets still over-supplied, led the shippers' special committee, meeting here yesterday, to advise all marketing agencies in the state to limit picking to only those grades and sizes likely to sell at reasonable prices.

The committee, selected early in this month at a state-wide meeting of citrus shippers to follow market conditions generally and to issue recommendations from week to week, presents all marketing factors, those affiliated with the Florida Citrus Exchange, the Florida Citrus Growers Clearing House Association and independent agencies not members of either group.

The committee analyzing reports on market conditions throughout the country, concluded that a combination of unusually cold weather which has been delaying sales and an accumulation of fruits in many of the leading markets, calls for continued curtailment of shipping until the markets can clean up.

A picking holiday on oranges and grapefruit decreed Feb. 7, was followed for the current week by recommendations that picking be held down to a minimum.

Next week's shipment policy, the committee yesterday notified all shippers in the state, should be governed by the fact that "even if shipments are much lighter next week, the market will continue very low. However, it looks like heavier shipments for next week with no sale in New York and perhaps in other auctions on Wednesday because of a holiday. The trade is already over-supplied and the committee recommends against picking quality or sizes which will not sell at reasonable prices."

Continued heavy shipments next week "will mean plenty of red ink," the committee warned. The committee's attention was called to a story on Feb. 17, in which F. O. Fernstrom, president of the California fruit wrapping mills of Pomona, was quoted as saying California's citrus crop might be reduced as much as 35 percent due to windstorms and frost.

This was denied by the California Fruit Growers Exchange in a message received here yesterday by the clearing house, the California organization declaring: "The orange estimates show unsurpassable damage from frosts or winds except in a few individual localities."

It estimated there were 17,000 cars of oranges remaining in California as of Feb. 13, compared to four percent less than this a year ago, the total commercial novel crop this season being estimated at 30,000 cars, with a heavy increase in Valencia.

### Orphanage Group Is Given "Run" Of Fair

Score of boys and girls from the Methodist orphanage at Benson Springs this afternoon were given the "run" of the Home Demonstration Fair which comes to a close at the Mayfair Hotel tonight after what officials said had been a successful event.

While friends and members of the Seminole County Federation of Women's Clubs looked on, the children clambered aboard the ferris wheel, miniature merry-go-round, and tiny ponies with an abandon that indicated there were no unhappy hearts in the group. Carnival men joined in the fun of making the rides just a little longer than is usual. The children were brought to Sanford in several vehicles furnished by members of the Federation, and they were returned to their homes late this afternoon.

Featuring tonight's activity at the Fair will be the awarding of prizes for the best home-made quilts and rugs on display, as well as a door prize. All exhibits will be open until shortly before midnight.

### Commission Thank ed For Decision To Take Part In Light Rate Fight

An appreciation of the City Commission's recent decision to take a part in a suit recently instituted against the Florida Power and Light Co., is expressed in a letter sent to each member of the Commission by S. R. Dighton, attorney for the plaintiffs of the action.

A copy of the letter was released today by City Commissioner S. O. Shinkles; this morning. It reads as follows: "I desire to take this method of expressing my appreciation of the sentiments, as reported in the public press, expressed by the members of the City Commission of Sanford, at their regular meeting on Monday Feb. 13, relative to the suit which I recently instituted in behalf of certain clients against the Florida Power and Light Co. for the purpose of securing a reduction in the electric rates charged their consumers in Sanford, and of securing a cessation of certain illegal practices upon the part of this company."

"Having noted that by resolution adopted at the same meeting you have authorized your attorney to look into the matter of whether it will be desirable or proper to intervene in this suit, I wish informally to state to each of you gentlemen that I shall be very much gratified indeed if you decide to take this action. Such a course will, in my opinion, be eminently proper, since, under the franchise ordinance of Jan. 23, 1928, the City Commission of Sanford, Fla., is the primary regulating authority as respects these matters. I also feel that in an action of this nature, we shall need all of the moral support that can be gathered."

"I also may add that it will be a distinct pleasure to work with your attorney toward carrying this litigation, which so directly affects all of our citizens, to a successful conclusion, and I have so informed your attorney."

"In conclusion, may I explain that since my clients, as alleged in the bill of complaint, already represent, and are suing in behalf of the citizens of Sanford using electric current, I believe that the intervention which you may be contemplating should be filed by the City Commission of Sanford, Fla., as the governing body of the municipality and as the primary regulating authority in the matter, as previously explained, and not necessarily in behalf of the citizens of Sanford, Fla., who are already represented in the case."

### Woman's Committee Of Trade Body Meets

The time is not ripe for the organization of a Home Demonstration Agent office in Sanford, it was decided at a special meeting of committees from the Women's Civic Committee of the Sanford Civic Chamber of Commerce and the trade body itself, this morning.

Present at the meeting were Mrs. G. E. Balaban, who presided, Mrs. Paul Packard, Mrs. M. J. Doolittle, Mrs. Paul Dealey, and Mrs. Mary Keweenaw, who acted as secretary.

### MOTHER OF ADMIRAL DIES

ANDERSON, S. C.—Mrs. Fretwell McCully, 88, mother of Admiral Newton A. McCully, U. S. N., retired, died.

### CANTWELL WILL UMPIRE SUNDAY ALL-STAR TILT

#### Big League Hurler To Lend Hand Toward Success of Contest

Ben Cantwell, Sanford's lone contribution to major league baseball, again will assume duties as umpire in a local baseball game when he appears at Municipal Park next Sunday afternoon to "call them" in the game between Sanford and Jacksonville All-Stars.

Announcement of the game has met with approval of scores of fans, and, unless Major Campbell decides to race at Daytona Beach Sunday afternoon, Municipal Park will be packed with baseball fans for the class of material to be exhibited is of the best.

From Jacksonville today came word that Ed Harvin, one of the mainstays of the Newark team in the International League will be the starting hurler for the Jacksonville team that includes Teen Callahan, Bill Hayes, Alan McInley, Art Bourj, Ray Trotter, and Olin Hutto, who also will pitch.

Harvin is well known to Florida baseball fans, and his appearance here will be his first start of the year. He will soon go into the Newark training camp and he anticipates another winning season.

Locally the situation as to lineup is almost as it was yesterday. It has been announced, however, that Jack Reed, the Ocoee school teacher, will not be in the Sanford lineup Sunday. Instead, right field position will be held down by Jim Torrible, a likely looking tall player from Green Cove Springs.

Fans who have seen the Sanford all-stars in action in their two successful games against DeLand, will say that the team as it now stands packs plenty of power, punch, and speed, and just enough color to make it a drawing card anywhere in the state.

In McCrone at first, the Sanford team has easily the smoothest working fielder of that position seen here in years. There's no one who will say that Jack Sanford's work at second can be equaled, while Cecil Frisbie's bullet-like throws from short make him stand out as an expert at that hot spot.

John Edward Higgins, who played third in DeLand last Sunday, fits into that infield like a veteran, his fielding ability unquestionable. Back of the bat stands the veteran Bert Chapman and his steady influence.

The Minor, whose strong right arm has hurled the DeLandites into submission on two occasions this year, will start on the mound for Sanford. Alborg about the sixth inning Lefty Guise, of DeLand, will take up the duties. Buddy Lake, who leaves for St. Petersburg late next week also will be on hand, although it is doubtful that he will take a chance on hurting his pitching arm until he has had more work-outs.

### Measures Taken For Protection Of F. D. Roosevelt

(Continued From Page One) vocating overthrow of the government. The measure was defeated in short time ago by a tie vote in the committee.

Chief W. H. Moran, of the secret service, directly responsible under the law for the protection of the President and President-elect, immediately increased the White House guard. In addition special measures were taken to protect Mrs. Roosevelt, but the nature of these precautions were not divulged by officials of the necessary agencies.

Looking into the future, steps were taken at once to a general already extensive plans for complete protection of the President, President-elect and other high government officials on inauguration day. There will be 400 Marines on hand at the capitol for the ceremonies in addition to 200 policemen. It was considered likely for the secret service would be upon the Bureau of Investigation of the Department of Justice for reinforcements to be stationed at the places where the President and President-elect will pass.

All available metropolitan police, numbering close to 1000, will be placed on duty and they will be equipped by a force of Baltimore police and probably others from nearby points. It has been necessary in the past to bring in officers from nearby cities to aid local police at inaugurations.

Although Zangara told secret agents in Miami that he would stand in the shooting, three

### SHOLTZ SAYS HE IS OPPOSED TO SALES TAX

(Continued From Page One) of the dollar received when the debts were contracted. He favors the formation of a state refunding commission, he said, to be composed of the governor, cabinet officers and others high in the esteem of the people. In his opinion such an organization would be able to sit across a conference table from holders of Florida bonds and work out some equitable agreement, based on present day conditions.

"When there are thousands and thousands of men walking the streets in this state today, I feel that my responsibility is to them instead of these frills and governmental bunkum," the governor said in emphasizing his desire to get the operations onto a bedrock basis. He favors the consolidation and abolition of departments not absolutely necessary until the state government's books are actually balanced, a condition, he asserted, which has not existed for years.

The budget commission's report will be in the hands of the members of the legislature, and before the people of Florida, through the press, by Mar. 1, the governor announced. He said it was 80 percent completed now. In the report, from which the biennial appropriations will be based, and the proposed departmental expenditures had been "slashed to the bone."

The governor said that he was getting a "real thrill" out of telling the man "who would blacken the state where to get off," and while admitting that he was "tired," showed no evidence of fatigue as he discussed things with a newspaperman, handled a continual stream of interviews with telephone callers, and read and signed telegrams pouring in to his George Washington Hotel rooms.

crushed. That was done. Men were beaten into insensibility. A howling, lawless mob is running over this state until it has come to the point where human life is not safe in Louisiana.

I've charged that Senator Long had violated his pledges to the voters by joining the "New Orleans ring," which he said Huey had denounced from the stump and by "going into the Union Indemnity Company."

"Moss, of Union Indemnity, and Seymour Weiss gave me by their large rolls of money which he put into the back pocket of his trousers, at the time sort of talking to himself, saying that Union Indemnity was getting all the insurance of the state."

The witness said that 20,000 votes were controlled "by the absolute intimidation." He said Long had "even tried to intimidate witnesses here."

"Yes," said Broussard's counsel, General Ansell. "I have no objection that when a witness would look at Senator Long he would change his testimony."

"There never has been such pomposity and power since Nero," said Julius Long.

Julius said the banks of Louisiana were afraid of Huey Long "who controlled the bank examine."

"The banks are scared to death," said Julius. "They hold him in awe, and well they do. He would no more mind wrecking a bank than he would killing a neighbor."

Julius left the stand after Senator Long declined to cross question him.

Greensboro, N. C.—Tests among hundreds of children show a saving of almost two-thirds of time out from school due to colds—with the new Vicks VapoRub and the new Vicks Nose & Throat Drops.—Adv.

How far Congress will go with legislation to provide penalties for such specific acts as Zangara's was not known. The Department of Justice for two years has had a bill pending before Congress providing stiff punishment for those attacking a federal officer.

Even that law, however, would not have applied to the President-elect or any of those wounded. Several moves have been made, notably one after the assassination of President McKinley, to impose a death penalty for those attacking the President or President-elect, but they always have failed of enactment.

### ON DISPLAY AT AUTO SHOW

NEW 1933 CHEVROLET SEDAN

Chevrolet presents larger and greatly refined new 1933 cars at the Automobile Show. Longer wheelbase, new "aer-stream" styling, more power and speed coupled with greater economy, larger and lower Fisher bodies with new Fisher "no-draft" ventilation, shatterproof glass in windshield and ventilators, cushion-balanced motor mounting, improved free wheeling plus synchro-mesh transmission with silent second gear, and a "starterator" for simplified starting are all listed as new standard-features included in the list price. The new models, with longer and wider bodies, represent the bid for continual leadership of that company which led the industry in four out of the past six years, and which has just completed its year of greatest comparative success in the industry. In presenting a large and more extensively improved car than any annual Chevrolet model since the car was changed to a 120-inch wheelbase in 1928, the company is emphasizing the basic policy on which the Company founded its success—that of building style and quality rather than the bare needs of transportation.

### Bachman Named New Coach Of Michigan State

EAST LANSING, Mich., Feb. 17.—(AP)—Charles W. Bachman, former Florida gridiron mentor, was named head football coach at Michigan state college yesterday by the state board of agriculture. Bachman succeeded James H. Crowley who resigned to accept a similar position at Furman University.

Starting his career as an assistant coach at DePaul University in 1917, Bachman moved on in turn to Northwestern, Kansas State and Florida.

Bachman was schooled in the football system at Notre Dame, where he was graduated in 1917 with a degree in law. He went from Englewood high school in Chicago in 1912 to South Bend.

Lincoln played on Notre Dame varsity for three seasons, starting in 1914, twice making the mythical western team.

In 1919 he was named head coach at Northwestern University. Bachman went to the University of Florida in 1928, after coaching at Kansas State and remained there through last season. In his first year the Alligators were the leading scorers of the nation. Bachman is 40 years old and married. He is the author of a book on football.

### Titusville Celery Growers Awaiting Upturn In Market

TITUSVILLE.—Facing the probability of going through the present celery season with little or no net revenue from their crops, Titusville celery growers are marking time in the hope that the fact that local crops will still stand approximately a month before cutting will make better prices possible.

Less than a third of the crop has been cut in this section, but a few cars have been moving out each week, bringing back little or no net revenue to the growers.

The only ray of hope, they say, is that the much larger acreages of Sanford, and other celery sections, will continue to dwindle until a real natural demand for celery will have been created.

Word from Sanford is that the policy of plowing under a big portion of the crop is being continued about the debenture agreement which investigators have charged was violated when the companies turned over their last securities in collateral for the loan.

Then he gave a vivid picture of his efforts as "patentmaker" with the banks to save the structure, not only because it was a big customer of his company, but because he believed its crash would have serious repercussions upon the credit world.

The charges of discrepancies between the income tax statements of the Insull companies came during testimony of the young 32-year-old crown prince of the utilities empire, Samuel Insull, Jr.

Ferdinand Pecora, committee counsel, presented evidence which he showed that while the two big Insull investment trusts were selling their securities to the public on the claims of profits running high in the millions they were filing income tax returns showing heavy losses.

### HIGH SPEEDS ARE BEING PREDICTED AT DELAND RACES

#### Sensational Battle Expected Between Track Speed Kings

DELAND, Feb. 17.—Auto racing experts who claim to know their "speed onions" are predicting a sensational battle between Gus Schrader, world's dirt track speed king, Law Wallace, Indianapolis star, and Wynn Patterson, Michigan "assassin of space" at the DeLand Legion auto races Sunday.

This trio out of the entry list which has now mounted to 21 is the present favorite to bring home the most money in the six event card, in which purses are offered in all events and each race "is a race."

Schrader, the most dominating figure of 1932 racing circles and by far the most versatile of modern drivers along with Fred Frame, Indianapolis speedway winner, has a very "hot" and "most modern" Miller car. He is the first Indianapolis driver to compete at DeLand races and has pronounced the local course the fastest in the state with a fine chance of setting a new local state, and southern dirt track qualifying record for the mile.

Wallace will drive Fred Hudson's super-fast Green Engine. Specially called the "Tiffany" special. The veteran Indianapolis pilot is one of the oldest active drivers in the game, being but two years younger than Sir Malcolm Campbell. Schrader, another veteran, can demonstrate that youth does not dominate in auto racing for which Campbell, Wallace, Frame and Schrader are potent forces.

Patterson, too, who's quite young is prematurely grayed from his hard grind in dirt track and speedway driving. Right now Wynn is at Tampa and will drive Jack Sheppard's new Franklin, a \$4,000 speed buggy. Schrader is at Daytona, but his racer is here. Wallace's car has already arrived and Hal Hartze's racer and Red Burman's mount are also on hand.

Time trials will start at 2:30 with some opposition to the race, but practically unanimous agreement among the growers.

Philadelphia. Barely steady, 23 deg. cloudy. 1 Calif. 8 Fla. arrived: 18 cars on track. Supply rather light, demand slow, market steady. Florida 19 inch crates, washed and precooled, and individually washed and precooled, 2 doz. \$1.50-\$1.75, fine quality \$2.00-\$2.15; 8 doz. \$1.15-\$1.25, fine quality \$1.25-\$1.50; 8 doz. \$1.15-\$1.25, mostly \$1.25-\$1.50; 8 doz. \$1.25-\$1.50. Detroit: Steady, 22 deg. cloudy, 1 o'clock Sunday and racing proper at 3:00 P. M. Half dollar "Depression" admission price will prevail, while the Legion parking committee will ask but 15 cents for car parking.

An army of workmen has prepared the track and the management is hoping for a Friday and Saturday shower to dampen the course. Mother Nature is the best track preparer, according to Manager Bill Breitstein, of the Le-

### Celery Market Reports

SATURDAY, FEB. 18, 1933

MEMBER VERSE FOR TODAY

FELLOWSHIP: We took sweet counsel together and walked into the house of God in company.

THE CHILDREN IN AUTUMN: They come in the dead season, Whistling, disputing, dragging behind them, each, enormous boughs of red and gold, and climb shouting into a great dishevelled beach.

Nothing remonstrates—nothing is distressed: No bird flies out, uneasy for its brood, No white-faced hornet from its papery nest.

They are unheeded in the echoing wood.

They are unheard among the leaves, The spoiled cocoons, the moths that hang and rot in the round silver lace a spider weaves.

Busy with death, the great tree knows them not.

Now in the wind it solemnly shakes and sighs, Shedding its ragged colours cloud on cloud.

Joyous, with shirts ballooning and bright eyes, The children hug the branches, leering aloud,

Louder than autumn! But to what avail? Time like a wind is blowing night and day,

And the old wood will stand against that gale When it has blown these lovely ones away.

By George Dillon.

Hear Gov. Sholtz tonight who speaks in New York over a nation wide radio hookup.

Zangora seemed to think that if he killed the President-elect it would stop the pain in his stomach. It undoubtedly would have.

It will soon be time when the reports indicating your losses for last year will have to be filed with the Internal Revenue Bureau.

Cleveland man jumped from the 14th floor, with the intention of breaking his neck, but accidentally broke his arm instead—Phil Harney. The man is a powerful hammer.

While Miami is always glad to get its name in the papers, the kind of publicity it received this week is not at all to be desired. But Miami should not be held responsible for the acts of New York or Chicago gamblers—Melbourne Times. Some people used to say that Al Capone was encouraged to locate in Miami because he spent money with the local merchants.

When bullets are whistling about one's head, one is not apt to think normally or unselfishly, but President-elect Roosevelt gave a good illustration of superb coolness under fire when a fanatic shot after him in Miami the other night. Secret service men and Roosevelt's chauffeur insisted upon leaving the scene post haste. Roosevelt made them wait until the wounded Cermak had been lifted into his car. Then they drove off to the hospital.

Joseph Bourdeaux, a witness before a Senate investigating committee, got the jump on Hoover and called him a liar first. He didn't leave anything for us to do except say you're a bunch of crooks.

Sanford, Florida, was the site of a fight between the Florida and Georgia teams in the state championship basketball game.

The Sanford Home and a new organization was formed for the betterment of local trade and credit conditions.

The business interests of the city were well represented at the 25 or 30 prominent business men were present.

The following officers were elected: George A. Spier, president; J. H. Underwood, vice president; J. H. Underwood, secretary; J. H. Underwood, treasurer.

The Fallacies Of Inflation

Certain eminent Congressmen and many others who, feeling the pinch of hard times, know that something has got to be done, hold steadfastly to the view that the federal budget cannot be balanced and that the government must meet its expenses with inflated currency.

The fallacy of this theory lies in the impossibility of differentiating precisely between debtor and creditors. We are apt to have the impression that every poor man is a debtor and that every rich man is a creditor.

If it is true that currency inflation would benefit the small home owner who has a mortgage on his house, it must be equally true that it would benefit the railroads which owe billions of dollars to bondholders.

What we are apt to forget is that even the poorest among us is a creditor in some sense of the word. The American Legion veteran whose only source of income is the forty dollar payment from Uncle Sam is a creditor of the United States government.

As a matter of fact, the people who benefit relatively in any period of inflation, are the rich man, big business and big industry. They know better than anyone else what to do.

As a matter of fact, the people who benefit relatively in any period of inflation, are the rich man, big business and big industry. They know better than anyone else what to do.

Rewarded Efforts

We wonder how important loomed the economic disabilities of the world or the gloomy aspect of the international situation to one Leon Brink, commercial aviator of Daytona Beach, as he rode his improvised life-preserver for 62 hours off the Florida coast.

Mr. Brink had departed from West Palm Beach on a flight to the Bahamas Islands last Saturday. Engine trouble forced him down and within 15 minutes his plane had sunk.

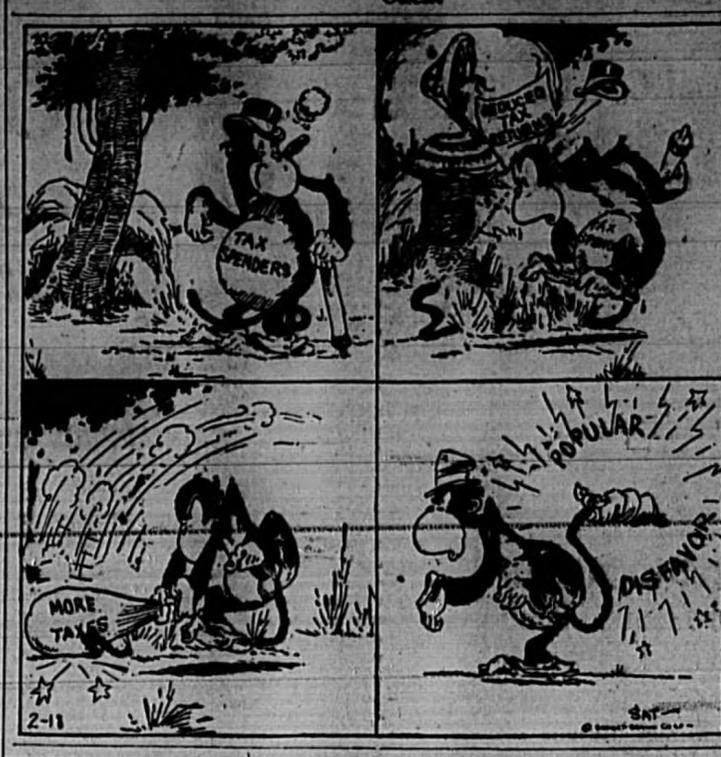

Several ships passed close by as he drifted about in the ocean but all his cries for help went unheard. He shouted until he was hoarse and suffered much pain from the effort.

His efforts to keep afloat, his refusal to give up, and his determination to be saved, were rewarded when the crew of an oil tanker heard his shouts and rescued him.

But people who assume this attitude, the attitude that all rewards are the result of luck, are strangely enough never among those who, like Brink, are paid a handsome dividend for fortitude, perseverance, and resourcefulness.

SANFORD, TWENTY YEARS AGO

An enthusiastic meeting of the Business Men's Association was held a few nights ago in the parlors of the Sanford Home and a new organization was formed for the betterment of local trade and credit conditions.

YOUR INCOME TAX

ITEMS EXEMPT FROM TAX

Certain items are specifically exempt from the income tax and need not be included in the taxpayer's return of gross income. Among such items are the proceeds from life insurance policies paid by reason of the death of the insured.

Pensions received from the United States by the family of a veteran for services rendered by the veteran to the United States in time of war are exempt, as gifts.

There is also exempt from federal income tax the rental value of a dwelling house and appurtenances thereof furnished to a minister of the gospel as part of his compensation. Other items excluded from gross income are alimony, fees of notaries public if they are commissioned by a state, and city jury fees.

These are facts and observations so plainly stated that they deserve to be taken into consideration by practically all the people of Florida, and especially by those who are directly interested in the public schools of the state.

These are facts and observations so plainly stated that they deserve to be taken into consideration by practically all the people of Florida, and especially by those who are directly interested in the public schools of the state.

Public School Buildings And Debts

FLORIDA TIMES-UNION

Some days ago this page carried an editorial on the subject of "Public Schools and the State" which has called forth a thoughtful and informative letter from Fred B. Noble, who, for a number of years, has been intimately connected with public school affairs in this city and State.

Mr. Noble concludes his letter, with reference to the cost of public education in this state, by calling attention to the fact that the "cost per pupil enrolled (in Florida public schools) is about \$37 compared with an average of about \$79 in the whole United States."

With reference to salaries being paid to teachers in the public schools of Florida, Mr. Noble states that "No one says that the teachers are overpaid; they are greatly underpaid even in these times," for saying which he presents some figures showing that at the present time public school teachers receive annual salaries ranging from \$500, the lowest, to \$1,500.

All the matters referred to by the writer of the letter quoted from merit serious and careful consideration on the part of the public, the state's legislature, and the taxpayers, for, assuredly, there is no evidence of any considerable desire to hamper Florida public school efficiency and progress, also that the utmost of reasonable economy shall prevail at this particular time in its administration and necessary functioning.

Ball Of String So Heavy It Required Truck For Removal

ST. PAUL, Minn., Feb. 18.—Eugene Earl Crawford, adjutant in charge of a Salvation Army second-hand store, picked up the telephone one afternoon to answer a ring.

"I have a ball of twine here that I've been saving for the last year," Mrs. J. A. Ziskovsky explained. "I heard you take such objects. Would you mind sending a large truck for it?"

"Yes, we'll take it, but why the truck?" Crawford asked. "Well, it's a rather large ball," Mrs. Ziskovsky replied.

So it was. When the truck returned, two men were required to unload the 125-pound ball which is two feet two inches high and contains an estimated 100 miles of string.

Mrs. Ziskovsky's husband and she were in a window shop and were being sold and used in the store. The ball of twine was the only one of its kind in the store.

Money In Circulation Shows Drop Of \$36,282,319 During January

WASHINGTON, Feb. 18.—Money in circulation for January decreased \$36,282,319 from the December amount, it was revealed in the monthly circulation statement of United States money, issued by the Treasury Department. The amount of money in circulation for January was \$2,942,282,167, against \$2,978,564,486 in the 1932 month.

The total amount of all kinds of money in the United States as of January 31 was \$3,638,140,751. The per capita amount was \$68.06.

Table showing Money in Circulation with columns for Kind of Money, Total Amount, and Per Capita. Includes Gold coin and bullion, Standard silver dollars, Silver certificates, Treasury notes of 1935, Subsidiary silver, Silver coin, United States notes, Federal Reserve bills, Federal Reserve bank notes, and National bank notes.

Table showing COMPARATIVE TOTALS for January 31, 1933, December 31, 1932, October 31, 1932, March 31, 1931, and January 1, 1933. Columns include Total Amount and Per Capita.

NOTE—Gold certificates are secured, dollar for dollar, by gold held in the Treasury for their redemption; silver certificates are secured, dollar for dollar, by standard silver dollars held in the Treasury.

NOTE—Gold certificates are secured, dollar for dollar, by gold held in the Treasury for their redemption; silver certificates are secured, dollar for dollar, by standard silver dollars held in the Treasury.

House Republican Economy Keynote Wet Bloc Approves Of Judge's Charge Senate Repeal Act To Grand Jurors

(Continued From Page One) Ocala, Feb. 18.—Economy sensitive Rainey, of Illinois, the Democratic floor leader, summarized the situation.

Representative Snell, of New York, the Republican floor leader, said between 10 and 20 Republican aids who previously have voted dry had indicated they would support the Senate proposal "because it's the nearest thing to the Republican platform we can get."

With the last step in congressional action thus reduced from a virtual formality, interest turned to prospects for action in the states, 36 of which must ratify before the 18th Amendment will be dead.

An informal summary by interested individuals showed 43 legislatures are now in session or scheduled to meet this year. Many of them, however, have a statutory limit upon the length of the session and would have to act quickly if they are to call state conventions to consider the repeal act this time.

Seventeen, it was said, have no such limitation. Another point of uncertainty lay in the fact that some legislatures place a ban on the introduction of new legislation during a varying period prior to adjournment.

A two-thirds majority of House members voting is required for the adoption of the proposed constitutional amendment.

In caucus yesterday, the House Democrats who voted against their membership of 220 to support the Senate proposition. A total of 30, or 14 less than the 44 Democrats who voted against repeal Dec. 5, were excused from their commitments to their constituents.

Indications of additional repeal strength came from the Arkansas delegation of seven which previously voted solidly against repeal. It voted six to one to be bound by the caucus.

The House Republican wet bloc will meet today to round up as many votes as possible within the party. The drys have made no plans for a unified attack.

Representative Hoff, of Pennsylvania, head of the Republican wet forces, said the proposed amendment meets the approval of his group, and announced he was voting for it.

The text of the House resolution follows: Section 1. The eighteenth article of amendment to the Constitution of the United States is hereby repealed.

SUNDAY MONDAY

Table showing SUNDAY MONDAY with columns for 6:00, 7:00, and 8:00.

Section 2. The transportation or interstate commerce laws, territory or possession of the United States or delivery of any goods or commodities by the United States Postal Service, in violation of the laws thereof, is hereby prohibited.

Section 3. This article shall be operative unless it shall have been repealed by an act of Congress passed by a majority of the members of both Houses of Congress.

Mrs. Neva B. Vivian, of Tallahassee, has returned to her home after spending a few days here with Mr. and Mrs. C. B. Berry, West Side.

Miss Louise Hickson, a student at Stetson University in Deland, is here for the week-end with her parents, Mr. and Mrs. R. G. Hickson, Celery Avenue.

Mr. and Mrs. Peter Bukur and son, of Cleveland, Ohio, have arrived to spend a short time here with Mrs. Bukur's mother, Mrs. Anna Bucural, Cameron City.

Mrs. W. L. Allen, of Atlanta, and Miss Louise Gramling, of Tampa, arrived today to spend a few days here with Miss Minnie Beck at her home on Elm Avenue.

Mrs. Alpha Richards, of Loraine, Ohio, who has been visiting her brothers, C. E. Chorpensing and A. Corpany, has gone to St. Petersburg to spend a short time with Mr. and Mrs. T. H. Richards.

Mrs. Alberta Daniels and son, Willard, and George Aikin, of Wiloughby, Ohio, who are enroute to their home from Miami, spent yesterday here as the guests of Mr. and Mrs. J. C. Ellsworth, Beardsall Avenue.

Philip Bach, Fred Schumacher, and William Loraner, of Flushing, N. Y., and Robert B. Axt are expected to return today from points in the southern part of the state where they have been spending a few days.

Church Dorcas Circle has meeting Monday

The regular meeting of the Dorcas Circle of the First Christian Church was held on Monday afternoon at the home of Mrs. A. H. Byrd, Palmto Avenue, with 12 members in attendance.

Those present were: Mrs. D. R. Johnson, Mrs. G. M. Shipp, Mrs. J. W. Ellis, Mrs. W. H. Hughes, Mrs. C. R. Craig, Mrs. A. H. Hamill, Mrs. J. R. Richards, Mrs. George Ewan, Mrs. J. W. Walters, Mrs. H. J. Clouse, Mrs. A. M. Walker, and Mrs. A. H. Byrd.

Spring Fashion Show Staged By Sadye's

Before a throng of over 300 persons, Sadye's annual Spring fashion revue was presented Thursday night at the Mayfair Hotel as one of the features of the Home Demonstration Fair being staged there this week.

The models appeared in the ball room on an improvised stage which was decorated with quantities of Spanish moss, bright colored porch furniture and palms.

Those taking part were: Mrs. J. T. Griffin, Mrs. Harry Weaver, Mrs. Morris Mays, and the Misses Katherine Symes, Christine Stouder, Ruth Pearson, and Karla Wheeler.

When removed, a bright blue taffeta jacket, seemingly made of intricate ruffles and flares, revealed a pink chiffon evening gown with a low decolletage and a high waistline which was worn by Mrs. Morris Mays.

The black net evening dress worn by Miss Leonard was made with the new high waistline and large flared skirt worn over a taffeta slip.

A dark dress with demure white collars and cuffs was decreed one of the leading styles in New York this year and that type was shown to advantage by Miss Stouder.

Mrs. Harry Weaver appeared during the evening in a brown and tan cotton lace spectator sports frock which was set off with a large picture hat of milan straw.

"Strange Interlude" Coming Here Sunday

The brilliant Eugene O'Neill drama, "Strange Interlude," which ran for a year and a half on Broadway, comes to the screen at last with Norma Shearer playing the intensely emotional heroine, Nina Leeds.

As a play, "Strange Interlude" was probably the most discussed and highly praised stage work in the history of the American drama.

The story of "Strange Interlude" revolves about the daughter of a college professor who finds herself on the verge of a nervous breakdown as a result of having denied herself to her lover, who is subsequently killed in the World War.

Valentine Day Party Is Staged At Church

With the Misses Lorena Rankin, Vera Phillips, Hazel Tew, Blanche Cunningham, Mildred Nix, and Mildred Lambie as hostesses, and the Rev. W. P. Brooks, Jr. and Marvin Milam as hosts, a Valentine's Day party was given for the City Union of Christian Young People at its regular meeting on Thursday evening at 7:30 o'clock at the First Baptist Church.

After the devotional conducted by the Baptist Union, the business meeting was held when a committee was appointed to work out a system of points whereby the loving cup would be awarded in the future on work accomplished rather than on attendance.

After the meeting the young people were treated with paper cups and hearts and were directed to the annex which was decorated with streamers, and novelty hearts and couple games, under the direction of Miss Mildred Lambie, were participated in, and fortune-telling was enjoyed.

Eustis Visitor Gives Tea At Celery Club

The Celery Club on the Lakefront was the scene of a tea given yesterday afternoon by Mrs. R. Williams, of Eustis, for a number of her friends.

The Epworth League is planning some very interesting activities which will strengthen this young people's organization.

Mrs. Papworth Gives Party For Her Club

Garden flowers in bright shades were used in profusion to adorn the rooms of the home of Mrs. H. M. Papworth, Park Avenue, when she entertained the members of the Afternoon Tea Contract Club with a bridge party on Thursday afternoon.

After several progressions of bridge high some prize Valentine boxes of candy were awarded to Mrs. D. L. Thrasher.

These were served at the home of Mrs. G. D. Bishop and guest, Mrs. O. B. Andrews, of Lookout Mountain, Tenn.

Spiker, Fred Bender. Midweek Service Wednesday at 7:45 P. M.

Sunday Monday

At last—Eugene O'Neill's great stage classic comes as the next step of the Talking Pictures! The Event of the Year!

NOTE—Because of an entirely new step in Talking Pictures, it is important you see "Strange Interlude" from the beginning. Feature starts Sundays at 4:05 6:25, 9:05. Monday at 3:55, 6:25, 8:55.

New Radio Racket Fails To Work So Man Lands In Jail

NEW SMYRNA, Feb. 18.—An attempt to work a new radio racket here recently has landed a man in jail at Deland and has set the authorities on the trail of a woman who is reported to be from near Lake Wales and who posed here as Austin's wife.

The couple rented an apartment on North Orange street and remained here about a week, saying they expected to remain here through the winter season and on the plea they wanted a radio to help while away the time they visited the radio stores in New Smyrna, examined radios, talked prices and terms and finally decided to buy a table model machine they could carry with them when they went back north in the spring.

Unable to decide definitely between two different makes they asked the privilege of taking the two home with them to be kept over night to try out, saying they would pay for the one they decided to keep the next morning.

Informal Tea Given By Mrs. D.L. Thrasher

An informal tea honoring Mrs. O. B. Andrews of Lookout Mountain, Tenn. was given yesterday afternoon from 3:00 o'clock to 5:00 o'clock by Mrs. D. L. Thrasher at her home in Rose Court.

Refrainments were served throughout the afternoon from the tea table with Mrs. R. A. Newman presiding.

Those present were: Mrs. Evans Keyhart, of Philadelphia, Mrs. H. L. Kier, of Granville, Ohio, Mrs. Douglas Gow, of Eustis, Mrs. Sigmund Lane, and Mrs. Arthur Eganston, of Meriden, Conn. Mrs. James McQueen, of Eustis.

Entertaining for the Rev. H. F. Courtney, of St. Petersburg, who has been spending a week here at the home of Mrs. J. J. Kellaghan, Jr. and Mrs. F. M. Rommell gave a boat party Thursday night on their boat, "The Skyark."

These present were: the Rev. H. F. Courtney, pastor; the Rev. J. J. Kellaghan, Sr., and Mrs. T. L. O'Connor, and the Misses Louise Lambie and Guendolya Beag, and Frank O'Brien and Floyd Ober, of Orlando.

These will have been suggested by the inclusion of jobs in the Congressional Record now have their wish. The beer bill announces that 32 percent beer is intoxicating, and then prohibits its shipment into dry states. The Brunswick steam pilot.

STAGE ALL SET FOR CAR RACES IN DELAND SUNDAY

Six-Event Program Is Scheduled As First Of Series Of Races

DELAND, Feb. 18.—All was in readiness today for the American Legion professional auto races of the Fairgrounds track Sunday afternoon when over a score of America's foremost dirt track, speedway and open racing drivers will compete in a six-event program in the first of a series of Deland Legion races.

The entry list, topped by Gus Schrader, current top-notch driver of dirt tracks and a 1932 Indianapolis speedway winner, has numerous noted northern drivers including the veteran Lew Wallace, Wayne Patterson, Red Brown, and Bill Cheslerfield in the cream racing class of the country.

The entry list is as follows: Gus Schrader, Cedar Rapids, Miller; Wayne Patterson, Indianapolis; Lew Wallace, Rockford, Ill.; Bill Cheslerfield, Houston, Tex.; Red Brown, Dayton, O.; Francisco, Hal Hart, Beverly Hills, Cal.; Cyr-Carr Special; Wayne Patterson, Detroit, Michigan; Bill Cheslerfield, Houston, Tex.; Carson-Carr Special; Speed Leavitt, Santa Rosa, Ind.; Leavitt Special; Rudy Fuller, Indianapolis, Ind.; Pietro Alberti, Troy Hills, N. J.; Troy Hills Special; Orval Wadler, Blakely, Ga.; Walter Special; Gordon Buckner, Birmingham, Ala.; Empire Special; Karl Zimmerman, Patterson, N. J.; Frontal; Dick Jenkins, Jacksonville, Fla.; Special; Bill Cheslerfield, Orlando, Fla. Solo Special; Walter Johnson, Daytona Beach, Fla.; Harry O'Neil, Daytona Beach, Fla.; Bob Roberts, Daytona Beach, Fla.; Chrysler; Van Whitney, San Antonio, Fla.; Jimmy Thomas, Richmond, Va.; James Special; Ed Hooper, Louisville, Tenn. Special; Robert Scott, Nashville, Italia Special.

Experts claim first place honors will likely be between Schrader, Patterson and Wallace. Schrader will drive Jack Sheppard's new 31-horse power, with which he has won such a showing at the recent Tampa fair races, while Schrader sweeps the boards with his rooming building Miller, Sherry Graylock, Tampa, who suffered severe injuries at Lehigh, Pa., in May and Roy Bell, Daytona Beach, who had a bad crash at New Smyrna Beach last year, will serve as officials.

The proposal of a Congressional investigation into all phases of the speculation indicates that Congress has taken seriously the report of a scientist that the human race will survive another 500,000,000 years.

These will have been suggested by the inclusion of jobs in the Congressional Record now have their wish. The beer bill announces that 32 percent beer is intoxicating, and then prohibits its shipment into dry states. The Brunswick steam pilot.

Volusia County Is Working On Plan To Keep Schools Open

DELAND, Feb. 10.—A program that will enable Volusia county to enter the new school year with a clean slate...

Under the plan adopted all teachers in the county will receive a salary cut of 10 per cent.

Janitors at the various schools were not subject to a uniform reduction, in view of the fact that many had already had their salaries pared.

As an additional economy measure it was found necessary to shorten the school term in all three of the branches, primary, junior high, and high school.

The primary schools will close three weeks earlier this year and the junior high schools will close simultaneously with the primary schools.

Then there's the man who refused to go consoling with his children because it reminded him so much of the stock market.

### JAX BALL TEAM TO PLAY LOCAL STARS SUNDAY

#### Line-Up Will Include Players In Leagues Of Southern Areas

The team of former Southeastern League baseball stars who play the Sanford all-stars at Municipal Park tomorrow afternoon at 2:00 o'clock, will arrive here tomorrow morning by motor from Jacksonville where they were assembled by Alan Mobley, 1928 Central Florida Baseball League batting leader.

Included in the line-up will be players who have at one time or another held batting and pitching staves for not only the Southeastern League, but the Georgia-Alabama League, the Cotton States and the South Atlantic League, and Ed Harris, one of the best players for the visiting team. It is present ranking member of the National League, International League.

Harris is expected to start on the mound for the Jacksonville team, with Alan Mobley or Reed Pendergrass slated to catch. The remainder of the line-up includes Art Deary at first; Ray Trotter at second; Jimmy McGowan at short; Ed Harris at third; Tom Callahan, Bill Hewitt, and Frank Palk at the outfield. Glen Hutto and Tom Maloy, left-handers, will also be present to pitch if they are needed.

Minor telephoned friends here last night that he is ready to pitch the entire game, and that Leroy Gules, who is coming over from DeLand, might as well plan to hold down one of the outfield jobs during the game. Minor is practically ready for a great season of baseball. He has worked out daily at his home in Occoee, Fla., and when he limited that team to a lone single in five innings of play, indicates that he is as good as he ever was.

Minor will start the game, according to Jack Sanford and Red Martin, co-sponsors of the game. Best Chapman will do the catching, and, if the chances present themselves he will lay down one of those "drag" bunts that are so effective in a pinch.

Stuffy McCrone, who formerly managed the Winston-Salem team in the South Atlantic League, will be at second, and Cedric at short. John Edward Higgins, wizard at fielding, will be at third. In the outfield Roy Harrison, Red Martin, and Jim Terrill, of Green Cove Springs, are almost sure to start, with Gules, and Buddy Lake on hand to take place of any player.

Ben Cantwell, ranking Boston league pitcher, will umpire the game as he did two weeks ago when Sanford handed DeLand a 4 to 1 defeat in the first game of baseball played in the South during 1933.

Next Sunday afternoon, the DeLand all-stars come to Sanford for a third game.

### Campbell May Try Run At Daytona Beach Late Sunday

DAYTONA BEACH, Feb. 18.—(AP)—Sir Malcolm Campbell, Britisher here in quest of a new world land speed record late yesterday declared an attack today on the record was virtually impossible and that Sunday unquestionably would be the earliest possible time he would attempt another run. If he takes the Bluebird to the beach Sunday it will only be for another test run to try out the new gear ratio and high-powered racing machine during the past three days.

Mechanics yesterday afternoon completed adjustments which will give the Bluebird a lower gear ratio to overcome a wet or heavy beach. They said the car was in readiness for a practice run.

Mechanics told Campbell he did not need to worry about official sanction for a test run Sunday. The American Automobile Association permit expires on that day but, officials said, it would be automatically renewed if necessary.

Campbell explained the necessity of watching for every possible obstacle that would prevent him from making speed.

Proof that the Britisher must battle fractions of seconds to gain a new speed record can be seen in the fact that he made one run in 100 miles in 10 minutes and 14 seconds.

He is expected to start on the second for the Jacksonville team, with Alan Mobley or Reed Pendergrass slated to catch. The remainder of the line-up includes Art Deary at first; Ray Trotter at second; Jimmy McGowan at short; Ed Harris at third; Tom Callahan, Bill Hewitt, and Frank Palk at the outfield. Glen Hutto and Tom Maloy, left-handers, will also be present to pitch if they are needed.

Minor telephoned friends here last night that he is ready to pitch the entire game, and that Leroy Gules, who is coming over from DeLand, might as well plan to hold down one of the outfield jobs during the game. Minor is practically ready for a great season of baseball. He has worked out daily at his home in Occoee, Fla., and when he limited that team to a lone single in five innings of play, indicates that he is as good as he ever was.

Minor will start the game, according to Jack Sanford and Red Martin, co-sponsors of the game. Best Chapman will do the catching, and, if the chances present themselves he will lay down one of those "drag" bunts that are so effective in a pinch.

Stuffy McCrone, who formerly managed the Winston-Salem team in the South Atlantic League, will be at second, and Cedric at short. John Edward Higgins, wizard at fielding, will be at third. In the outfield Roy Harrison, Red Martin, and Jim Terrill, of Green Cove Springs, are almost sure to start, with Gules, and Buddy Lake on hand to take place of any player.

Next Sunday afternoon, the DeLand all-stars come to Sanford for a third game.

### ORLANDO TIGERS HAND LOCAL FIVE 28 TO 23 DEFEAT

#### Smith, Courier Star For Sanford In Game At Orlando Coliseum

ORLANDO, Feb. 18.—The curtain fell on a regularly scheduled game with other high schools here last night at the Coliseum when the Orlando Tigers swept the Sanford series by hanging up a 28-23 win. The Orlando Cubs started the evening off with a bang with a 28-15 win over Sanford's Yearlings.

Led by Jack Courry, leading Boone county for the season, the Tigers rolled up a comparatively easy win over Leonard McClellan's squad. Both teams missed many bats at the hoop, Orlando offending most often. The Tiger team took 30 shots at the rim in the third quarter tallying but 17 counters out of a possible 60.

Frank Vechum played a great game at guard. While he was blocking most of the Fed efforts to swish the net he tallied a total of five points to be second only to Courry who had 11.

The first quarter found both teams laboring under difficulty to work the ball in for a shot at the run last year at 267 miles an hour and on the way back, the second of two runs, dropped so far below this figure that the average was only 253.

### Kanner And Jackson Starring In Contests

#### Murray Kanner and Don Jackson, Sanford's two athletic representatives at the University of North Carolina, continue to nab the headlines in sports stories telling of spring football training activities at the university.

Jackson, a member of one of four teams now in training, ran 60 yards for one of the two touchdowns his team, dubbed "Virginia," scored against a victorious team dubbed "Georgia." Jackson's play was termed "very satisfactory," despite the 24 to 11 loss his team suffered in the practice game played last Wednesday.

Kanner, who played at center on the "Vanderbilt" team, is reported as one of the three players on the two teams who "looked especially good."

Final basketball game of the local Semineole High school season will be played at the school gymnasium tonight at 8:00 o'clock.

The DeLand Bulldogs, who hold one victory over the local team, will furnish the opposition. Coach Leonard McClellan, who saw his
