PRESIDENT DECIDED PERMIT TRANSPORTATION RUSSIANS LANDED IN PHILIPPINES

WOULD ALLOW THEM TO COME TO UNITED STATES ON TRANSPORT PLANS BEING MADE

Them to America in Charge of The American Red Cross

(By The Associated Press) WASHINGTON, April 26.—President Harding decided today to permit transportation to the United States of five hundred Russian refugees, recently landed in the Philippines, after a stormy voyage in their own ships from Vladivostok. Plans for bringing the refugees to the United States on army transport mapped out at a conference of President Harding, Secretary Weeks, and Chairman Payne of the Red Cross, which organization will have charge of relief measures for the Russians on arrival in this country.

WASHINGTON, April 26.—Appropriation made by Congress at the last session for elevating guns of American fleet will not be used for that purpose, Secretary Denby announced, because of unintended, erroneous statements made by navy representatives in recommending the appropriation. Secretary Denby intimated that the department would go before the next congress with a new program in order the record might be kept straight. He said of course it had the approval of President Harding.

An electric torch has been designed small enough to be clamped to a person's finger, being supplied with current by a pocket battery.

taken over the Consolidated Crute and Lumber Co. mill at Lake Wales and will operate it.

SHERIFF JONES DENIED ALL ALLEGATIONS ABOUT MALFEASANCE AND MISFEASANCE IN OFFICE

As Charged by the Governor and Said He Has Taken No Drinks in a Year

(By The Associated Press) TALLAHASSEE, April 26.—Testifying before the senate committee Sheriff Jones, of Leon county denied all allegations of malfeasance in office as charged by governor in recommending to the senate his removal from office. Jones told the committee he had not taken a drink of whiskey in Tallahassee since January, last year. The county commissioners and other witnesses testified as far as they knew the sheriff's sobriety could not be questioned. The committee announced at conclusion of hearing it would report to the senate late today.

TALLAHASSEE, April 26.—The senate passed the bill giving Hillsborough county an extra circuit judge. The bill now goes to Governor Hardee, having passed the house.

TALLAHASSEE, April 26.—The senate voted to come to work at 10 o'clock daily in future instead of eleven. Senator Lindsey, who made motion pointed out the senate was lagging on calendar.

TALLAHASSEE, April 26.—The house passed two remaining bills of its original thirteen relating to prohibition. One prescribes revised procedure for issuance of search warrants and the second measure would set up maximum penalties \$250 or 60 days imprisonment for persons who drive automobile while intoxicated.

GENERAL PROHIBITION AGENT RESIGNED BECAUSE UNABLE TO HAVE FREE HAND IN TROUBLE

Not Allowed to Investigate Charges Made Against Federal Enforcement Officers

(By The Associated Press) WASHINGTON, April 26.—Conrad Austin, general prohibition agent, with headquarters at Birmingham, who resigned yesterday because he said he was not given a free hand in the investigation of charges made against federal enforcement officers in Alabama, South Carolina and Florida, has been asked by Commissioner Haynes to come to Washington to discuss charges, it was announced today.

WASHINGTON, April 26.—Investigation into many charges that graft is being practiced on or among federal prohibition agents has begun by the Internal Revenue Bureau under which prohibition unit operators. Treasury officials said considerable data had been laid before Commissioner Blair but that the inquiry disclosed no inroads to government.

FOUR SOUTHERN STATES HONOR HEROES OF SIXTY-ONE TODAY WIDESPREAD MEMORIAL SERVICES

Featured With Parades and Public Speaking and Decoration of Graves

(By The Associated Press) ATLANTA, April 26.—In four Southern states today the South commemorated the grey-clad heroes of '61 in widespread memorial services featured with parades, public speaking and decoration of graves. Alabama, Georgia, Florida and Mississippi were the states setting aside the day. Public officials and private citizens joined the United Daughters of the Confederacy and Sons of Confederate Veterans in the celebration.

JOINT LEGISLATIVE COMMITTEES INVESTIGATING TABERT'S DEATH MEET DISPLAY OF FIREARMS

Crowd of Men Threaten Former Convict Trying to Find Tabert Death

(By The Associated Press) CLARA, Fla., April 26.—A silent display of firearms greeted the members of the joint legislative committee here yesterday, on their arrival with Arthur Johnson, former convict, to exhume the body of Martin Tabert of Munch, N. D., who is alleged to have died of injuries received at the hands of a "whipping boss" in a private camp here.

The firearms were strapped to the hips of several shirt sleeved men, against whom charges of intimidation will be made, it was announced by Representatives J. Clay Smith and J. S. Kennerly, members of the committee. Johnson, who testified at the legislative committee's hearing that Tabert's body was buried in a spot three miles away from where his grave now stands, appeared to have been the center of interest.

The committee arrived at 1 p. m. Johnson was riding on the front seat of the automobile with the legislators. Without extending any salutation to the committee, "Captain Bill" Fisher walked up to the car and, addressing Johnson, said: "You tell them where you buried Tabert, if you know what's good for you."

While he was addressing the former convict eight men with pistols protruding from their belts stepped up behind the spokesman, Johnson did not reply and appeared frightened.

Representative Kennerly ordered the automobile to proceed. Johnson directed the party along a highway, but passed the spot where he had testified before the committee that he helped to bury Tabert. The car was followed by about ten automobiles filled with natives.

The committee members proceeded about two miles before Johnson recovered his wits sufficiently to tell the members that he had taken them past the spot on purpose. The automobile was turned around and proceeded back towards Clara with the other cars following.

Johnson pointed out a small pine

DUKE OF YORK WAS UNITED IN MARRIAGE AT WESTMINSTER ABBEY AT NOON WITH ALL POMP

And Glory of the Mid-Victorian Period Amid Big Demonstration

(By The Associated Press) LONDON, April 26.—Albert, Duke of York, was united in marriage with Lady Elizabeth Bowes-Lyon in solemn old Westminster Abbey at noon today, with pomp and panoply reminiscent of spacious days of Mid-Victorian era amid tumultuous demonstrations of vast throngs that gathered under threatening skies to witness the wedding pageant. It was the second time in little more than a year that King and Queen of England gave one of their children in wedlock to persons outside the realm of royalty.

LONDON, April 26.—When Prince Albert, Duke of York leads Lady Elizabeth Bowes-Lyon to the altar in Westminster Abbey today, he will have the blessing of the whole British Empire. His union with the young, unostentatious girl from the Scottish Highlands, has struck a popular chord

throughout the Kingdom, equalled only by Princess Mary's marriage to Viscount Lascelles. It is universally hailed as another bond between the crown and the people.

London's entire population is in carnival spirit. For the glad event, multitudes of visitors from the continent have flocked to the capital and are vying with the American tourists in celebrating the wedding in advance.

England's most envied girl spent the last evening of her single life in preparing herself for the event in which she will enact the leading part today.

Ruthenburg Jury Hears Communist Party's Program

(By The Associated Press) ST. JOSEPH, Mich., April 26.—The keystone of the state of Michigan's case against Charles E. Ruthenburg—the program and constitution of the Communist party in America—was read this afternoon to the jury trying Ruthenburg on charges of criminal syndicalism, after all efforts of the defense to keep it out failed. The twelve men in the jury box, with printed copies of the documents in their hands, followed closely as Cole Smith, assistant attorney-general of Michigan and Charles W. Gore, prosecuting attorney of Berrien county, took turns reading it into the record.

Mass action, the program says, "leading to direct collusion with the bourgeoisie state, has been forced on the proletariat by the revolutionary epoch in which the world has now entered."

"The Communist party," it continues, "will systematically and persistently propagate the idea of the inevitability of a necessity for violent revolution and will prepare the workers for armed insurrection as the only means of overthrowing the capitalist state."

It is on this program that the state depends to prove the nature of the gathering at Bridgeman, this county, which Ruthenburg attended last August. Francis Morrow, department of justice agent, who attended the convention at Bridgeman, as a delegate was on the stand all day today linking up the events of the convention on which the state hopes to convince Ruthenburg.

In his testimony Morrow told how William Z. Foster tried three weeks ago, left the convention early one Sunday in August, after two department of justice agents from Chicago had been seen spying on the meeting from a nearby hill, Monday, the witness continued, the leaders to break up the convention and try to get the delegates away before the expected raid materialized.

That night, the witness said, automobiles were pressed into service, and the work of transferring the delegates to St. Joseph began. When the delegates retired they were ordered to keep their clothes on and have their bags packed, ready to leave at a moment's notice. As a result only seventeen of the seventy-six in attendance at the convention were on hand when Sheriff George Bridgeman and a posse arrived Tuesday morning.

POSTOFFICE WILL TAKE THURSDAY AFTERNOONS BEGINNING MAY FIRST

The Sanford postoffice will take Thursday afternoon holidays beginning the first of May and continue through the summer months as long as the business houses take the half holiday. All the windows will be closed Thursday afternoons except the general delivery window. The incoming and outgoing mail will be handled as usual and the half holiday will not only lessen the work of many of the employees but will also give them a chance to catch up with much of their work on account of insufficient help. The half holiday will not interfere with the service and is really coming to the postoffice employees as much as it is to the clerks in the stores. As business on Thursday afternoons is almost suspended in Sanford during the summer months there is no reason why the postoffice should not join the movement and take the same privileges as the stores.

Yesterday was only less memorable for the duke than his wedding day will be for the king honored him with the treasured order of the thistle which is held by only a score of other Britons, and he was appointed senior warden of the United Grand Lodge of Free Masons.

MANY DEEGATES AND VISITORS WILL ATTEND THE REUNION OF SPANISH WAR VETERANS

EVIDENCE TO ESTABLISH CAUSE DEATH OF ORLANDO BOY IN MICHIGAN PRISON PRESENTED TODAY

Will Be Feature of Parade That Will Take Place on Second Day of the Reunion

(By The Associated Press) LANSING, Mich., April 26.—Evidence to establish that Frank Patterson, of Orlando, Fla., who died a fortnight ago in Iona reformatory was struck by a prison guard after he had attacked the guard was before Governor Grosbeck today. Transcript of evidence taken in investigation into Patterson's death was presented to the governor by Prosecuting Attorney Gomund and Sheriff Cook, of Iona.

BANKER ADMITS HE STOLE FUND TO BUY STOCKS

(By The Associated Press) YORK, Pa., April 26.—In a confession given out by the authorities tonight, Thomas B. Baird, cashier of the city bank of York, who, with his assistant, Wm. H. Boll, is in jail charged with embezzlement of approximately \$1,000,000 of the bank's funds, said his speculations had continued more than twenty-five years and that he was responsible for about \$800,000 of the shortage. Speculation in wildcat mining stocks and the sugar market were the principal causes of his downfall he was quoted as having said.

Baird did not implicate the assistant cashier, but said they had known of each other's dealings in the stock market for more than two years. Boll, however, was said to have told the authorities that he and Baird sometime ago had made known to each other their improper use of the bank's funds. Boll admitted having misappropriated about \$160,000.

Both admitted, Assistant District Attorney Amos Herman declared, that they had stolen money Monday night, "to hire lawyers" while the examiners were working on their books, Boll taking \$500 and Baird \$1,000.

Mr. Hermann, repeating to the Associated Press tonight the cashier's alleged confession, said: "Thomas B. Baird admitted he was in arrears in the bank when he was married in 1900. He had been manipulating for upward of twenty-five years, and he admits that all his shortages are shown on the ledger of the bank. He particularly described three transactions."

"One involving \$250,000 to \$300,000; another of \$150,000 and a third of nearly \$100,000."

"His most recent taking of the bank's money was since the bank was last examined, one and a half years ago. Since that time, he took \$100,000 to cover one transaction."

"Baird took the actual cash from the bank and then through the manipulation of the bank's ledgers and with the aid of a dummy ledger, his own, he covered his various speculations. Forged checks against different accounts were used to cover up."

"He usually used cash and always dealt with brokers in his own name and not in the name of the bank or any other individual."

Name Seven Men In Liquor Deal

(By The Associated Press) CHICAGO, April 26.—Federal indictments naming seven men as well as the firm of Grommes & Ullrich, liquor dealers, which recently dissolved by distributing its two hundred thousand dollar stock of liquors to stockholders, were returned before District Judge Wilkerson today by federal grand jury. The firm and individuals charged with violation of federal prohibition law and with aiding and abetting illegal transportation of liquor.

An inventor has given a portable concrete mixer rubber tired wheels so that it can be hauled behind an automobile at considerable speed.

HELD IN SANFORD ON MAY 7TH TO 9TH AND BIG TIME PROMISED

DECORATED CARS

According to R. A. Terheun, Commander of Col. Theodore Roosevelt Camp No. 13, United Spanish War Veterans, there has been a most generous response from the various organizations to the invitation sent them to participate in the parade which will be held during the 13th Annual Reunion of the U. S. W. V., which will be held in Sanford May 7th to 9th inclusive.

The parade will be held the second day of the convention, the formation will be as follows:

Marshals: Sheriff Hand and Geo. A. Lane of Miami, the latter the Department Marshal of the state organization.

Next in line will be the band, Knights Templar, G. A. R. and U. C. V. in cars members of all camps of U. S. W. V. of Florida, American Legion, National Guard Units, Company D and Medical Detachment, Masons, Elks, Kiwanis, Rotarians, I. O. O. F., D. A. R., U. D. C., and Auxiliaries U. S. W. V. and American Legion Auxiliary. The last four units will be in cars.

Commander Terheun urges that everyone that can possibly do so enter a decorated car in order to have as large a parade as possible. He also asks to be notified of all those who will enter a car for the parade.

The 13th Annual Reunion of the United Spanish War Veterans will be one of the largest conventions ever held in Sanford and the members of the local camp, who number some of the most prominent business and professional men in the city, are most anxious to have it said that the 13th Annual Reunion was the best from all standpoints that has ever been held. Prominent among the officials of the national and state officers who have advised they will be here are the following:

A. F. Eutenza, Commander, in Chief, U. S. W. V., San Francisco, Calif.

Frank Dale, Dept. Com. Dept. of Florida U. S. W. V., Key West, Fla.

Geo. E. Spencer, Dept. Adjutant, Dept. of Fla. U. S. W. V., Key West, Fla.

J. E. Atchison, Dept. Chief of Staff, Fla. U. S. W. V., St. Augustine, Fla.

H. W. Countermarsh, Dept. Quartermaster, Fla. U. S. W. V., Key West, Fla.

Adjutant Gen. Foster, Florida National Guard, St. Augustine, Fla.

Cromwell Gibbons, Jacksonville, Fla.

Jerome E. Wideman, State Commander American Legion, Miami.

A. T. Rose, State Commander G. A. R., Miami, Fla.

Theodore Roosevelt Camp No. 13 was instituted not many years ago on the 13th of the month with 13 members, representing 13 different states in the membership at that time. The 1923 Encampment in Florida. There are at present 47 members of the Col. Theodore Roosevelt Camp.

Portugal Mail Steamer Aground at Cape Trio Southwest Africa

(By The Associated Press) LONDON, April 26.—A Reuters dispatch from Capetown, says Portuguese mail steamer, Mossamede, which grounded several days ago at Cape Trio southwest Africa had been abandoned with no sign of 237 passengers carried. Thus far the dispatch adds no boats have been picked up and there are no indications of the fate of the passengers and crew.

STAND BY THE COUNTRY CLUB

Sanford will never be the city it should be until we get the tourists here in great numbers. Get them here with a big tourist hotel first and we have everything else here for their amusement now. Our country club is said to be one of the finest golf courses in the state. The country club is giving real service and is one of the show places of this city now. The boat basin will be started at once and should be ready for the fine pleasure yachts of the millionaires next winter. The magnificent St. Johns river is already there, the many beautiful lakes are already there, the many fine roads for motoring are already there with many more to follow. The fine climate we have with us winter and summer and we have everything else to make life worth living. The tourist hotel will come but meantime Sanford should be building apartment houses and bungalows for rent and a place to house the tourists this winter. Get them here and our needs in the big hotel line will be apparent to them at once and you will find some of the big financiers, ready and willing to back the hotels for there will be more than one in the next five years. Sanford has more to offer the tourists than any other place in the state in the way of what Nature had provided. It is here all ready for the hand of man to supplement with hotels and boat basins and other places where the tourists can gather and have the necessary accommodations. The public spirited men of Sanford who went down in their pockets and put the golf course and country club over should have a monument erected to their memory for they have done much. There are other men in Sanford who have profited and who will profit by this country club in the years to come who have never turned their hand over to help this club. They could easily take out a life membership and help along this great movement that means so much to Sanford and all her people. They could have taken a big part in this country club movement when it started but if there are any now who have not taken a part in this work they should come in now and take a part in it for they are raking down the shovels every day from this movement for a bigger tourist city and they will continue to rake in the money in the years to come. It is not right for a few men in Sanford to bear the burden of all these big things that mean much to every citizen in Sanford if he is not engaged in business and means more to him if he is engaged in business. The country club will do more toward attracting tourists here than any other one thing—in fact tourists will not go to a place that has no golf links. The country club is a going institution and it will go despite the fact that only a few men have put it over. But in the natural course of events those who have stood back with their hands in their pockets on this country club as they have on every development in Sanford should

come across and do their part toward making Sanford a greater city. It is not fair and it is not right for any man to let the other fellow do it all, and this has been the policy of many people here for years. If there are any men in Sanford today that are able to take out memberships in the country club they should do so, even if they never intend to play golf. It means much to them and to their children and to the future generations, and they should have the spirit of fairness in their systems to such an extent that they would cease to ask "How much do I get out of it?"

Looks like celery crop will have to be changed.

Or else the growers will have to change their tactics in the growing and shipping and selling.

Republican leaders are split over the question of the World Court of the League of Nations. Like Banquo's ghost—it will not down.

Making over three thousand dollars in a few months from "picking hobses" off the trains was not a bad proposition for a Florida sheriff—only, he was caught with the goods.

Harry King in the Tourist News says St. Petersburg is like a deserted village with all the tourists gone. That is one objection to tourist towns—they are so dead in the summer time.

East Coast folks are going to Washington to plead the case of the East Coast Canal. This canal was paid for several times by the state of Florida but does not belong to the state yet. It is one of those puzzles that passeth understanding.

"Rum Runners are Quizzed by Dry Agent Outside of Three Mile Limit" says dispatch in daily papers. And we bet it was a very dry, dry agent when he was through quizzing the rum runner outside the three mile limit on a dry day in a very dry week and extra dry month.

Over at Daytona they have a good one on Murdock, the mind reader. His assistant left a few days ago with about 1,000 smackers in his pockets belonging to Murdock and the Daytona authorities are waiting for Murdock to go into a trance and find him.

"Banker Admits He Stole Money to Buy Stocks" say headlines in paper. Well, if all the bankers in the United States were like the Sanford bankers there would never be any stock buying. They do not believe in it, they do not sanction it and they do not stand for it.

New apartment hotel in Orlando will cost \$400,000. Those Orlando people are the greatest hustlers in the world. They can get all the money they want for building hotels and apartments and residences galore. And they will have the tourists next year by the thousands.

Word coming from Germany says that "Mulheim is Held by Unemployed." Well, there are times when we think the same thing about our own towns in America. There are a bunch of enthusiastic stick whittlers who are busy almost the year round doing nothing and usually they hold offices and hold everything else not nailed down.

"Higginbotham, Dapper and Brisk and Dressed in the Height of Fashion," gave his testimony before the legislative committee investigating the death of Martin Tabert in the convict camp. And this was the whipping boss who whipped the boy to death according to testimony of other convicts, of bystanders and of employees in the camp. He ought to be wearing stripes instead of silk shirts and dapper clothes.

This newspaper business is the greatest razz in the world. Every time you write something that you want to be real good it is gummed up so badly that no one can make any sense out of it and usually it will be the one article that escapes your proof reading if you happen to step out of the office a minute. Getting a newspaper out on-time is like attending to a young baby. It requires ceaseless care and attention and you can't leave it a minute.

REMOVING UNSIGHTLINESS

The beauty of many towns is partly spoiled by unsightly poles and tangles of wires along otherwise beautiful streets, and it is refreshing to note removal in any town. Avon Park is a town of about 2,000 people in Highlands county but Avon Park is fortunate in being served by a telephone company that is very much interested in its beautification. The Scott Telephone Company has removed its overhead wires and all poles and replaced them with underground cables, and in a recent

JUST KIDS — It's Never Been Explained.

INTERNATIONAL CARTOON CO.

statement regarding improvements says: "Only recently we have laid underground cable to replace the unsightly overhead wires in the park and business section, thus removing all wires from the park and otherwise improving the general appearance of the beautiful community."

It is seldom that a public utility company takes such a beautification attitude without being forced to it that the incident at Avon Park is worthy of note.—Daytona Journal.

NATIONAL ASSISTANCE FOR "OWN YOUR OWN HOME" MOVEMENT.

By a unique system of state loans to persons who desire to establish their own homes, the government of Sweden has contributed 120,000,000 crowns or \$32,000,000 to the building of a total of 30,000 homes since 1905, according to calculations made by the Swedish Department of Agriculture.

The "egna hem," literally "own home" movement in Sweden has proven a blessing in enabling young people, and others with limited means, to settle on small farms and to erect cozy dwellings through the help of money loaned at low interest and on easy terms of repayment. Several thousand city homes also have been acquired through the same plan. While the money is loaned by the government, the actual administration of funds is done by associations organized for this purpose, which are responsible for interest payments and amortization. It is reported that the money thus invested by the government has not only been of immense value in establishing social solidity and contentment in Sweden, but has also brought good economic results through the rise in real estate values since the years before the war.—St. Augustine Record.

SUGAR REFINER SHOWS HOW TARIFF RAISES PRICE.

While high officials of the Republican national administration and representatives of the sugar interests are in a controversy over the effect of the Republican tariff on the retail price of sugar the public stands as an unwilling listener and incidentally pays outrageously to sweeten its coffee. The profiteers in sugar have added some \$100,000,000 to their spoils while this debate between the authors and the beneficiaries of the tariff has been in progress.

Henry E. Worcester, of Boston, is vice-president of the Revere Sugar Refinery of Massachusetts. He appeared before the Massachusetts Commission on the Necessaries of Life a few days ago and made the following statement:

"It may interest your Commission to know just how the price of raw sugar affects the price of refined granulated sugar as sold by the refiners—to the wholesale grocers and jobbers. It takes 107 pounds of 96° to make 100 pounds of granulated. For example, 96° ray is quoted today (April 2) at 5.63 cost and freight New York. Refined granulated is quoted today at 9.00—2 per cent—8.82 net.

96° raw per 100 pounds..... \$5.63
Duty on 100 lbs. 96° raw..... 1.76

Cost 100 lbs. 96° raw and duty 7.39
7 per cent shrinkage..... .52

Cost 96° raw sugar to make 100 lbs. granulated..... 7.91
Net price 100 lbs. granulated.... 8.82

Balance available for refining cost, plus profit..... .91
"From the above illustration you can easily see the part that duty plays in fixing the price of refined sugars, and that any reduction in duty is sure to be reflected in the price the public has to pay for the sugar it consumes."
Mr. Worcester's statement of the

case omits to tell just what explains the price of 5.2 cents a pound for Cuban raw sugar landed in New York. There is a suspicion that this figure is much higher than it ought to be. But there is no doubt that he is correct when he says that the duty of \$1.7648 a hundred pounds goes into the retail price, with a good deal of pyramiding added.

WHY SO "TOUCHY" ON "OUTSIDE INFLUENCE"?

In speaking of the Patterson case which through the efforts of the Sentinel, has become a national matter of news interest, the governor of Michigan says, "If an investigation is undertaken it will be for the information of the state and not because of outside influence." Florida has

taken an entirely different attitude towards the now famous Tabert case in welcoming, or at least in giving due consideration to "outside influence" bearing upon the tragedy. We should think the governor of Michigan, would not be so "touchy" on the question of outside influence. He presides over one of the greatest commonwealths in the United States and certainly he should welcome any outside influence or information which would tend to correct conditions said to exist in a Michigan prison or reformatory.

Here in Florida we do not admit that our institutions are bullet proof, we know that there are conditions which should be remedied and we are willing to take the proper action in such matters. Whether we live in Michigan or whether we live in Florida we are all American citizens and we all believe in justice and fair play. As the days go by we believe there will be a tendency on the part of prisoners and convicts for whatever term of sentence they may be undergoing, to reveal all the inside information that they can give and not be silent by the fear of punishment if the information is given on the witness stand. One who breaks the law must be punished but his punishment must be of such a nature as to be curative if such a thing is possible. Education and vocational training will sometimes reform a criminal. Death, inhuman tortures, brutality and inhuman treatment will not cure a lawbreaker or a convict and, if such conditions exist in our penal institutions a federal investigation of all prisons will be demanded before the year is out.

Florida is cleaning house, and if Michigan institutions require a house cleaning we should think the governor of that state would be glad to receive any evidence from outside the boundaries of Michigan that he could obtain. We don't think that Michigan can lay any more claim to perfection than Florida and certainly

A marvelous increase in distribution of Sealdsweet Florida Citrus Fruits

This season Sealdsweet Florida grapefruit and oranges have been sold in twenty-five per cent more carlot markets than last year.

Sealdsweet fruits now are distributed in twice as many carlot markets as five years ago; in several times as many as ten years ago.

This increase in our distributing capacity shows that we, the growers who cooperate in the Florida Citrus Exchange, have been fully awake to the importance of expanding markets to take care of increasing production.

First we developed consumer demand for Sealdsweet grapefruit and oranges by aggressive advertising of the food and health values—for years and years carrying on this essential educational effort altogether by ourselves.

Next we gradually enlarged our sales force to properly cover the sections of the United States wherein we found potential demand for Florida citrus fruits. Today we are in position to sell in every portion of the country which affords a profitable outlet.

All this has been accomplished in the face of destructive competition from Florida growers who market through non-cooperative channels. We have sold Sealdsweet for more money than other Florida marketing agencies got for fruits of comparable grade, pack and quality.

We regard our work as little less than marvelous in view of the facts as explained herein. Obviously, however, as the Florida crop of grapefruit and oranges increases in volume, there must be even greater progress in enlarging consumption and extending distribution.

Why not help us do the job, to your benefit and ours, by working in our ranks rather than against us?

Join the Florida Citrus Exchange and let your fruit have the benefit of its distribution and selling service. Consult the manager of the nearest association or sub-Exchange or write the business manager at Tampa, Florida.

The FLORIDA CITRUS EXCHANGE

LARGEST SET EVER SEEN IN PICTURES

The largest indoor set in the history of motion pictures.

That's what is claimed for the huge prehistoric forest which forms the background for the "somewhat different" cave-man sequence of "Adam's Rib," the new Cecil B. De Mille Paramount picture which features Milton Sills, Elliott Dexter, Theodore Kasloff, Anna Q. Nilsson and Pauline Garon, and which will be the big feature at the Princess theater next Friday and Saturday.

Paul Iribe, Art Director for Cecil B. De Mille used 225 plasters and carpenters for two weeks in the construction of the set. Forty-five huge trees were built, twelve of them over fifty feet in circumference. The back part of the set was elevated 18 feet in order to give a hilly perspective and make possible a bubbling, leaping brook which cascades down waterfalls to black forest pools. The trees tower to the full height of the stage, 30 feet.

Over 160,000 pounds of plaster were used to build the set and enough lumber to build a good sized bungalow court or apartment house. A carload of real pine trees was brought down from Oregon to fit in with the created monarchs of the forest. Ten thousand ferns were used, a carload of underbrush and 6,000 pounds of moss in sixty bales.

Mr. De Mille's reasons for building such a forest rather than go to the Redwoods, five hundred miles north, are valid.

"No place in any forest," he says, "could I find just the proper arrangement of cave, stream, fallen trees and pool required by the dramatic exigencies of the story of 'Adam's Rib.'"

The story of "Adam's Rib" deals with the troubles of a family of wealth, in which the daughter saves the wreck of her home by divorce, by sacrificing herself. The theme tends to show that in all ages of man, from the cave-man period downward, human passions were the same, and that the flapper of today had her prototype in the cave-woman of thousands of years ago. But in "Adam's Rib," the modern flapper proves a woman of resource and practical value.

McKinnon-Markwood Company will open their new clothing store soon in the Brumley-Puleston building, 12-16

START CONSTRUCTION OF NEW DELAND HOTEL

DELAND, April 26.—The foundation is complete and brick work was started this morning on the New Putnam Inn. This means that the first step in the building of Deland's new modern four story brick hotel has been taken and the next step started. It is expected that the brick work will require about three months, which shows something of the size of the structure. The dimensions of the building will be 140 feet by 135 feet, six stories high counting the basement and the roof garden.

C. E. Shawver is doing the brick work and states that he is getting a good start and if workmen can be secured he will hurry the brick work as rapidly as good construction will permit. The first brick to be laid this morning were in the boiler room in the basement. The walls of the basement will be raised to the level of the first floor and then all the walls will be carried up simultaneously if the brick-layers can be secured.

The foundation has been made of concrete of a heavy, rich mixture to insure a firm base for the immense structure. The whole foundation has been completed and the outline of the building can be seen from the shape of the foundation.

The New Putnam Inn is being built as a home enterprise, following the destruction by fire of the famous old hostelry which stood on the site of the new building. It is expected that the building will be completed in about six months, which will insure an opening before the next season. The people here are proud of the new hotel and express the hope that no difficulty will arise to interfere with the rapid erection of the much needed hostelry.

The cost will reach approximately a quarter of a million dollars, including the value of the site and the fixtures and furnishings. It is expected that it will be popular with the visiting public and that a good season will be enjoyed next year by the new enterprise.

Instead of using a battery a new electric flash light is provided with current by a generator driven by a spring motor that can be wound with a key.

A road building a complete concrete mixer has been invented that can be mounted on the frame of a motor truck and operated by its engine.

Sanford High School An Accredited State High School Now

Of much interest to the people of Sanford and of Seminole county is the statement that the Sanford High School is an accredited state high school. This was made possible after this year's report of certification of teachers, the value of equipment, number of pupils and a complete report of the activities of the High School. The following is the official announcement of this degree in a letter to Prof. McKay:

"Dear Prof. McKay:
This is to notify you that the Sanford High School has been accredited as a Class "A" Senior High School for the school year 1922-23 by the State Accrediting Board.
Yours very truly,
"W. S. CAWTHON,
"State Superintendent."

"OLD MAN" HUMPHRIES GIVES UP BUT TWO HITS TO ISLANDERS

Saints Beat Lakeland Giving Orlando Clear Title to First Place

ORLANDO, April 26.—Bert Humphries rose to the height of the old days yesterday and pitched the Burkemen to a shutout victory over the Islanders, giving the locals the series, two games to one. The old master was never better and when the nine innings had been played he had a great record, with his opponents garnering only two hits, one of them an infield scratch. Not a single Islander reached third base and only two got to second, one of them by a steal and the other through an error. The Islanders hit only five balls out of the infield. The box score follows:

Daytona					
	AB	R	H	PO	A

Summary: Two base hits, Staley, McLaughlin, Burke; earned runs, Orlando 2; stolen bases, Shannon, Burke, McLaughlin; sacrifice hit, Francis; double plays, Thomas to Fitch to Taylor; McLaughlin to Staley to Burke; first base on errors, Jayton 1, Orlando 1, bases on balls, off Ames 3, off Humphries 1; struck out, by Ames 2, Humphries 1; umpires, Baxter and Lohr; time, 1:45.

BRADENTOWN, April 26.—Bradentown had the better of the argument in the final game with Tampa here yesterday, and won, 14 to 4. The score by innings:
Tampa 000 100 003—4 10 1
Bradentown ... 040 100 45x—14 17 2
Fisher and Nance; Camp and Kerns.

ST. PETERSBURG, April 26.—Sparkling support, headed by Dean's one-handed leaping spear of Ammons' torrid liner in the sixth which took the local second sacker off his feet, and doubled Guley, who had tripled following up Hernandez' consistent hurling, gave St. Petersburg a 5 to 3 victory in the last game of the series with Lakeland here yesterday. Guley of Lakeland hit in his fifteenth consecutive game. The score by innings:
Lakeland 020 000 010—3 9 4
St. Pete 100 000 22x—5 10 2
Luther and Smith; Hernandez and Moore.

"SANFORDMAID" BREAD

YANKS DEFEAT SENATORS; DETROIT WINS

NEW YORK, April 26.—The New York Yankees closed their first home stand yesterday by defeating Washington, 7 to 1. Herb Pennock, former Boston left-hander, was effective with men on the bases, and helped win his game by giving in two runs and scoring two others himself. Rice hit a home run and a double and walked twice in five times up. Score: Washington 000 010 000—1 9 1
New York 401 200 00x—7 9 0
Hollingsworth, McGrew and Ruel; Pennock and Schang.

CLEVELAND, April 26.—Detroit got an even break with Cleveland by winning yesterday's game 2 to 1. The Tigers again won in the 9th, Cutshaw scoring the winning run on Sewell's error of his grounder, two infield out and a wild pitch. Score: Detroit 000 100 001—2 8 1
Cleveland 000 100 000—1 6 1
Dauss and Bassler; Uhle and O'Neill.

PHILADELPHIA, April 26.—Boston took the deciding game of the series from Philadelphia yesterday, 3 to 1. Ferguson had the home team at his mercy until he caught when a rally scored one run. Ogden started for the locals but timely hitting by the Red Sox gave them an early lead and Helmech finished the game, holding the visitors to one hit in four innings. Score: Boston 100 011 000—3 8 0
Philadelphia 000 000 010—1 8 0
Ferguson and Pienich; Walters; Ogden, Helmech and Perkins; Bruggy.

PIRATES BREAK CUBS WINNING STREAK—7 TO 3

ST. LOUIS, April 26.—St. Louis lost to Cincinnati, 3 to 1 in the opening game of the National League season here yesterday. The locals held a 1 run lead from the fourth until the ninth inning, when safeties by Duncan, Roush, Bressler and Pinielli gave the Reds their runs. Roush's and Pinielli's hits went for two bags. Score: Cincinnati 000 000 003—3 9 3
St. Louis 000 100 000—1 7 0
Donohue, Keck and Hargrave; Pfeffer and Ainsmith.

PITTSBURGH, April 26.—Pittsburg opened the home season here yesterday by breaking Chicago's winning streak of seven consecutive games. The score was 7 to 3. Cooper was in fine form, allowing the Cubs only 6 hits. In the fifth inning the Pirates made five runs. Score:

FOR THE MOVIE FAN

Norma Talmadge

Norma Talmadge reigned supreme last night.

And she will be seen again tonight in "The Eternal Flame."

The invited guests for tonight's program are Frank Miller and Ed. Lane with their families.

The big program of the week is "Adam's Rib" which will be shown at the Princess Friday and Saturday.

See how this modern cove girl is treated. It was a question whether a cress with a club or yield to her saucy silken wiles. This picture strips the jazzy tinsel of the modern flapper and shows what she is made of.

It is a Cecil B. DeMille's production and is one of the very best pictures brought to Sanford in many a day and should be seen by every man, woman and child. Sanford. Two nights, Friday and Saturday.

BABE RUTH HAS A NEW INCENTIVE

NEW YORK, April 26.—Babe Ruth has now received an added incentive for "busting his home run record during May." Each time he knocks a four bagger a number of lawyers will dig up either from their friends or their own pockets \$1,000 for the Salvation Army in New York. The agreement between Ruth and the lawyers was made yesterday.

Firestone

Will Not Increase Prices on Solid and Pneumatic Truck Tires Until May 1st

Never has Firestone been so well situated to give operators the greatest measure of Cushion, Traction and Mileage at the lowest cost.

Today, economical manufacturing and distribution are showing the fullest results. Our favorable purchases of rubber, in advance of the 150% increase brought about by the British Crude Rubber Restriction Act, aid further in maintaining the old price levels.

Whatever the Truck Service—the Firestone Dealer Has the Right Tire

Firestone developments of the past two years have made pace for the industry and set new records in sure, economical performance. Five tires—the Heavy Duty Cushion, the Truck Type Cord, the Maxi-Cushion, the Giant Solid and the High Type—cover the needs of motor haulage in all its forms. Each has a distinct work which it does best. Each possesses a definite and special value for the operator.

BOSTON, April 26.—Philadelphia obtained an even break in the series with the Braves by winning yesterday 3 to 2. A batting rally in the seventh produced three runs on four singles. Ralph Head, a recruit from Hartford, Conn., held Boston to five hits. He gave six passes, but pitched himself out of several difficult situations. The score: Philadelphia 000 000 300—3 9 1
Boston 000 110 000—2 5 1
Head and Henline; Genewich, Cooney and O'Neill.

PROHIBITION AGENTS ATTACKED BY MOB IN MIAMI

MIAMI, April 26.—Two federal prohibition agents working here under the direction of Division Chief Stroup were attacked in a lunch room this afternoon and, after the coat of some of the agents had been torn almost from his back, they were driven into the street by between twelve and fifteen men, including the alleged proprietor of the place.

Agents A. J. Ryals and J. A. Cape-sinis went into the lunch room they said and bought two drinks of "red liquor" at 50c a drink. Ryals, after tasting his, reached for the pitcher from which the glasses had been filled, saying that he was prohibition

agent. Ryals alleges that a waiter then jumped for him with a knife, cutting his coat. A dozen men from a back room, together with Russell Gay, alleged proprietor of the place, jumped into what became a general mixup, the agent said. The two agents fought their way to the street. A warrant for Gay was sworn out by Agent Stroup and served by Deputy U. S. Marshal Elliott. The lunch room is one of seven places against which temporary injunctions were issued by Judge Call last month.

In three months, 653 acres of orange grove property, bringing \$620,000 has been sold at or near DeLand.

BRADENTOWN WILL HAVE NEW CANNERY

BRADENTOWN, April 26.—Plans are under way here for the construction of a grapefruit canning factory, to be in operation by the next fruit shipping season, according to announcement by H. G. Gumprecht, manager of the Manatee County Citrus Sub-Exchange. Details have not been completed, but it is fairly certain that the factory will be built and operated on the co-operative plan, similar to other exchange organizations. The canned product will be marketed by the Florida Citrus Exchange under the Sealheart trade name.

RELIEVES BACKACHE "Have had kidney trouble and backache for many years and I tried several doctors but got only temporary relief. A friend advised me to try Foley Kidney Pills, and before I used two boxes I was entirely well," writes A. C. Perkins, Summer Shade, Ky. Kidney and bladder trouble requires prompt treatment. Foley Kidney Pills give quick relief. Refuse substitutes. Insist upon Foley's. Sold everywhere.—Adv.

Three Irish Irregulars Were Executed Today By Free State Officials

(By The Associated Press) TRALEE, IRELAND, April 25.—Richard Hatheway, James McEnery and John Greaney, were executed here today by free state authorities. Hatheway, who was a deserter from the British regiment, was captured in the recent siege of cave in which a band of irregulars was holding out on Kerry Cliffs.

FIGURES SHOW AUTOISTS AVERAGE INCOME \$4200

Salesmen of one of the large tire manufacturers recently were supplied with some very interesting figures on the average income of car owners, gleaned through the National Automobile Dealers' Association, for whom they were compiled by a security concern in Cleveland, Ohio.

According to these statistics, say Firestone sales executives, of 2,500 car owners selected at random by this Cleveland financing concern, the average showed a definite monthly income of \$349.70. The cars purchased averaged \$1,361. The average buyer was 34 years old. Seventy-four per cent were married and 82 per cent had bank accounts. Sixty-nine per cent carried life insurance. The 2,500 car owners were exclusive of Ford owners.

ANOTHER SCREEN MASTERPIECE IS CREATED BY NORMA TALMADGE

"The Eternal Flame," a magnificent picturization of Honore Balzac's "La Duchesse de Langeais," with Norma Talmadge in the most poignant starring vehicle she has yet graced with her beauty and charm, is the extraordinary first national attraction at the Princess Theater, for the last time tonight.

The story revolves about the petty jealousies, scandals and romances of the Court of Louis XVIII, with the beautiful duchess as the outstanding figure.

Miss Talmadge as the duchess reaches the heights of her wonderfully successful career; as the heartless court coquette, she is elusive; as the woman whose true love is doubted and foresworn, she is a most magnetic, appealing figure.

General de Montriveau, masterfully portrayed by Conway Tearle, kidnaps the duchess, believing her professed love to be a mockery, and in his rage prepares to brand her as a woman to be shunned. But he cannot bring himself to mar her beauty. He frees her. She writes him daily, but her letters are returned unopened. In despair she decides to quit the world forever and go into the seclusion of a convent. De Montriveau learns her love is genuine and arrives at the convent just as she was about to take her final vows that would have closed its walls about her for life. The happy reunion of the lovers is an exquisite finish to this production.

Filmed on a magnificent scale with all the splendor and fine trappings of the early eighteenth century, with hundreds of players appearing in the scenes, "The Eternal Flame" may well be termed a motion picture masterpiece. An unusually well balanced cast of artists, in addition to Conway Tearle, is seen in support of Miss Talmadge.

Adolphe Jena Manjou gives a particularly fine characterization as the Duc de Langeais, while Rosemary Theby makes an admirable Madame de Serizy. Wedgwood Nowell is seen as Marquis de Ronquerolles. Kate Lester as Princess de Vlamont-Chauray, Thomas Ricketts as Vidame de Pamier, Irving Cummings as Count de Marsay and Otis Harlan as Abbe Gonrand.

The production was personally directed by Frank Lloyd, and without doubt is his finest screen achievement.

EXECUTIVE MATTERS OCCUPY SESSION OF HARDWARE JOBBERS

JACKSONVILLE, April 25.—The first days session of the joint convention of the Southern Hardware Jobbers Association and the American Hardware Manufacturers Association which opened here today was devoted largely to executive matters. Isaac Black president of the manufacturers and W. M. Pitkin president of the jobbers said in their opening addresses that Florida holds great opportunities for development, feeling that every line of business is feeling the stimulus of new life. Tomorrow morning the association again will enter an executive session. A steamer trip will occupy the afternoon.

EXCHANGE GROWERS CUT POTASH COSTS

TAMPA, April 26.—One thousand tons of German sulphate of potash, the second ship load of potash and the sixth cargo of fertilizer material from foreign lands imported by the Exchange Supply Company in the past six months, was unloaded from the steamer Freifeld here this week. Co-operative citrus growers, through this direct shipment to Tampa, effected a saving of \$2.35 per ton in this material in the item of freight alone over what would be paid on shipments through Jacksonville.

HOUSE OF DAVID INQUIRY TAKES A DIFFERENT TURN

ST. JOSEPH, Mich., April 26.—The state's investigations of charges of immorality against Benjamin Purnell, head of the Israelite Colony of the House of David, took a new turn today, when eight members of the sect were denied marriage licenses by order of Attorney General Andrew Dougherty.

While the disappointed bridegrooms were returning home, subpoenas were hurriedly issued for the four brides, and Captain Marmon, and Sergeant Armstrong of the state constabulary and Sheriff Bridgeman of Barrien county, dispatched to bring them before the grand jury. The officers found one of the girls, Bessie Daniels, and the authorities of the Israelite Colony promised to produce others.

Four of the twenty-eight members of the cult who were married last week in group weddings on the eve of the state's investigation was questioned today, three former members of the Purnell Sect and Miss Daniels occupying the entire day before Judge Harry Dingemann presiding judge, of the Michigan Circuit Court, sitting as the grand jury.

The application for a marriage license for Miss Daniels gave her age as 18 and stated her prospective husband was Emeral Ward, also 18. The attorney general's order holding up the marriage licenses is effective for only 24 hours, and a night

SECOND LIQUOR VIOLATIONS TO MEAN THE JAIL

TALLAHASSEE, April 26.—The house ridded itself temporarily at least of the temperance bills today, when it disposed of the 13th and last measure of the lot designed to make it extremely warm for the bootlegger and his supporters. The body split fifty-fifty on the bills before it today, passing with but little protest a bill to make compulsory jail sentences for a second liquor violation, and then voted down after much debate a bill which would have provided rewards for informers against whiskey law offenders. The measure that was passed was a revamped version of the measure voted down yesterday amid much gnashing of teeth. Yesterday it held disenfranchisement provisions for liquor violators and compulsory jail sentences for even first offenders. Its shattered forces were corraled over night and today the bill came limping back shorn of house moved to give it another chance.

Approximately 75,000 bales of Egyptian-type long staple cotton were grown in the United States in 1922, while 400,000 bales were imported from Egypt. About 38 per cent of this amount was used in the manufacture of automobile tires.

The Doan Fruit Company's citrus grove buildings have been sold to the Chase interests for \$400,000.

PHILADELPHIA, April 25.—The Pennsylvania and the McCahan Sugar Refining companies of this city, so called independent refiners today increased the basic price of fine granulated to 10;25 to the wholesale trade. The Pennsylvania company was the first to make the increase from 9.85, followed quickly by the McCahan Company.

"It Pays to Swim With the Current" This is about two spark plugs. At the moment they are lying on the sales manager's desk in the establishment of a large middle-western hardware jobber. One spark plug bears a name known wherever automobiles are used, the other a name seldom heard. Both, says the sales manager, are good plugs. On the score of quality they run neck and neck. "But," he adds, "we are discontinuing this line"—and he holds up the plug of unfamiliar name. "Yes, and our discount on it is larger, too." "What's wrong with it? Not a thing. It's a good plug—mighty good plug, but—no one knows about it. It isn't advertised—the other one is. The demand is for the advertised make. And we've learned it pays to swim with the current, not against it." More and more jobbers in every line of business are learning every day that it pays to swim with the current of popular demand. "Our job," said one jobber, "is to supply markets, not create them. Let the manufacturer make a market for his goods, and we will handle it." Said another—"Our salesmen carry a catalog with thousands of items in it. They haven't the time to push unadvertised goods. Their work is principally taking orders." If you go among these wholesalers today to introduce a new product in competition with merchandise nationally advertised, unless the article is exceptional, you will be met everywhere by the injunction: "First go out and get a reputation for your goods through advertising." The wholesaler knows by actual contact with dealers how they value speed of turnover, goods which move with a minimum of effort, goods people know about and ask for.
