Buil Fight

TALLAHAESEE (AP) — A
"Portugese-style bloodleas simulated bullfight for public entertainment was ruled unlawful Wednesday by the State Supreme Court.

Crucity to the buil and danger to those in the ring were cited in dectaring such a performance as being illegal. A law barring "an exhibition or fight between man and buil. . " also was cited in the opinion.

The case was the result of an attempt by C. E. America, Inc., of Tampa to stage such an event in Tampa last March.

The court said the corperation did not explain how the idea that the fight was 'simulated' "is going to be gotten across te the buil. . ."
