

### S. E. C. Grid Teams Report For Workouts

ATLANTA, Sept. 2.—(AP)—More than 600 short-cloth football players some of them splashing in rain, went through light drills Monday as 12 Southeastern conference colleges opened practice for the 1941 season.

While most schools reported all players present or accounted for, several Tennessee—defending champion—disclosed the loss of still another first-string player, Tullback Van Thompson. One of the few holdovers from last year's undefeated team, Thompson announced he would not return to school, remaining on a summer job in a shell-loading plant at Milan, Tenn., where he is classed as a defense worker.

Forty-eight Tennessee players reported for practice. Coach John Burnhill said others would be on hand tomorrow. Alabama, rated with Mississippi as principal challengers of Tennessee, also had 48 men reporting.

Smallest squad in the conference reported to Coach Tom Lieb at Gainesville, Fla., where only 25 men were on deck.

At Auburn Coach Jack Meagher sent 45 men through preliminary muscle-loosening work, and said physical examinations had failed to disclose any serious ailments.

Main pulled the lever. Mississippi valley, and squads at Tulane and Louisiana state, worked out in a persistent drizzle. Coach Bernie Moore said his L. S. U. squad looked in "tip-top shape" and predicted early doses of rough work for the 40 men.

Forty-four candidates, seven less than expected, reported to Coach Abe Kirwan at the University of Kentucky.

Thirty-nine Vanderbilt players, with all prospects on deck, worked

### Bantams Furnish Exciting Play At Forest Hills Meet

By GAYLE TALBOT  
NEW YORK, Sept. 2.—(AP)—An almost interminable match between a brace of bantamweights, Pancho Segura of Ecuador and Brass Grant Jr., of Atlanta, supplied nearly all the excitement and pathos for 6000 fans who sat through the third day of the national tennis championships at Forest Hills.

This is the big show of the tournament, like defending champion Don McNeill, Frank Kovacs, Pauline Betz and others, were displaying their talents in virtual privacy to outlying courts.

Pancho and Bitay took over the stadium and held on to it like a couple of homebats.

After three solid hours of play, the shadows heavy on the center court and the crowd only slightly dimmed, the two little gamecocks—it had been evening. Grant finally staggered through to victory by scores of 6-4, 6-6, 4-6, 5-7, 6-2, placing the Atlanta veteran in the third round.

Seldom has Forest Hills witnessed a wilder scene than at the conclusion. Both players flopped on the grass after Grant won the final point, and the big crowd stood and cheered and shouted for probably five minutes until Pancho and Bitay were able to walk off together.

Bobby Riggs, an ex-champion who is seeded No. 1, made quick work of Frank Bowen, of New York, 6-1, 6-3, 6-2. Don McNeill had some difficulty eliminating Seymour Greenberg of Chicago, 6-4, 6-4, 3-6, 6-2.

Mrs. Sarah Falfrey Cooke, co-favorite with Pauline Betz to win the women's crown, made her first appearance and after a shaky first set, defeated Louise Brough of Los Angeles, 6-6, 6-1, 6-1.

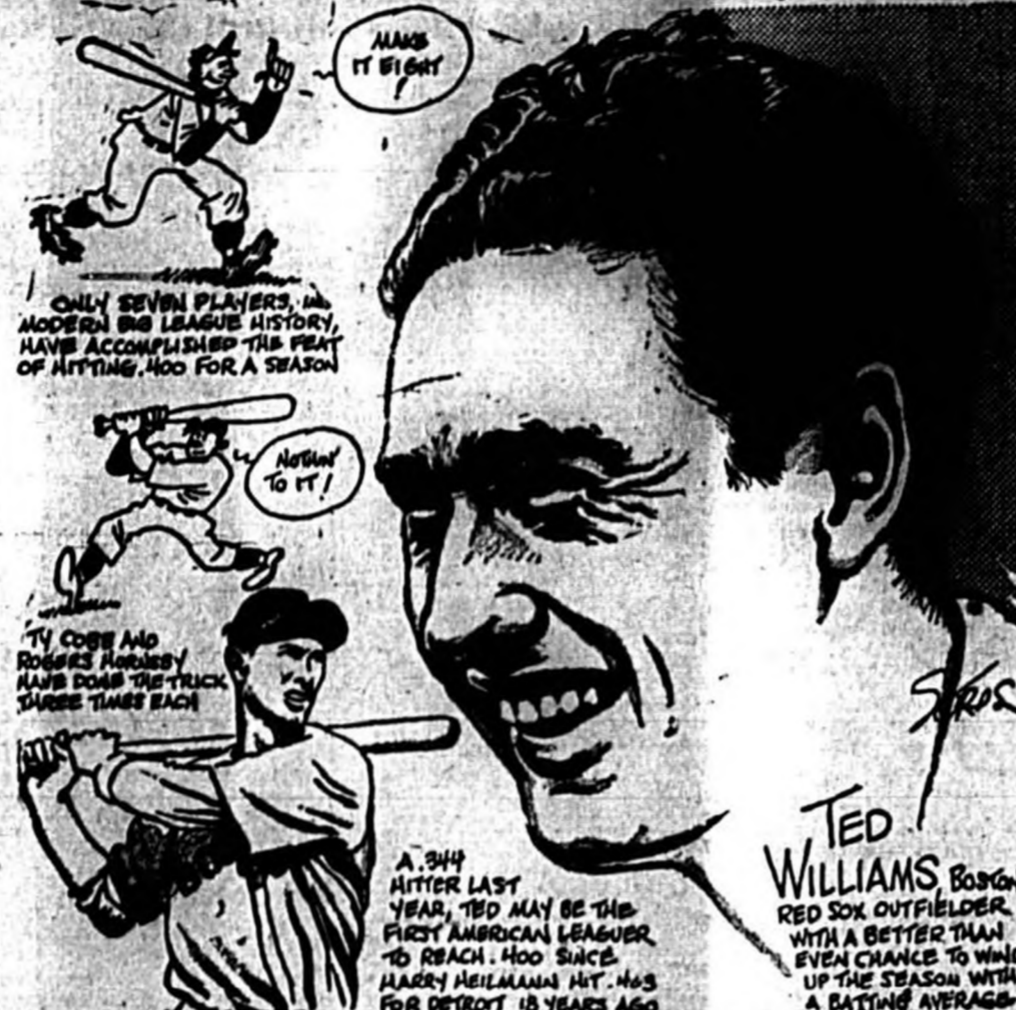

Miss Betz also dropped a set before subduing Pearl Harland of Santa Monica, 5-7, 6-4, 6-2.

Frank Kovacs, seeded second to Riggs, also reached the quarter-finals.

Tournament officials and players were saddened by the death in mid-afternoon of Ben H. Dwight, secretary of the Umpires association, who suffered a heart attack in the mezzanine and died on plays and went through passing drills and Coach Red Sanders later called for light contact work in regulation equipment. "It's things go right," he said, "we might be doing a little rough work by the end of the week. The boys look in fine condition."

### NEARING FAME

By Jack Sords

### Smallest Squad Reports For Gator Drills

GAINEVILLE, Sept. 2.—(AP)—A University of Florida football squad of 30, the smallest in eight years, reported yesterday as Coach Tom Lieb started preparations for the season opening only 20 days away.

Only 35 of an expected 40 players were on hand at the morning workout, but John Barbery, guard, reported later to leave but four missing. The four were Earl Harrison and Robert Johnson, sophomores ends; Frank Buell, promising sophomore backfield prospect, and Carl Mitchell, senior end.

More than a score of last year's squad was lost by graduation and 12 to the draft, national defense jobs or other causes.

The Gator gridgers were in high spirits and good physical condition for this stage of the season. An early check by Trainer Sinky Scholts showed several of the Gators bigger and more rugged than last season.

The squad on the opening day consisted of six ends, five tackles, nine guards, three centers, four quarterbacks, only two left halfbacks, four right halfbacks, and three fullbacks.

The practice schedule calls for two drills a day until school starts on the 15th.

before he could receive medical attention. Dwight was 49, and for many years had superintended all of the officiating both at Forest Hills and at all other major tournaments, usually umpiring the final matches himself.

### Franck Named Best Player By All Stars

CHICAGO, Sept. 2.—(AP)—George Franck, former Minnesota halfback and All-American, Friday was named the most valuable player of the College All-Stars, who were defeated, 37 to 13, by the Chicago Bears, professional champions, in last night's preview of the 1941 football season.

Franck scored one of the College All-Stars touchdowns and was the sparkplug of the All-Stars attack until he was removed from the game in the third period because of a shoulder injury. He will be awarded a trophy during the 1942 All-Star contest.

The Bears, scoring in each period of last night's game and three times in the final quarter, chalked up the third consecutive professional victory in the eight-year All-Star series. The professionals now have won four of the contests, the collegians two, and two have been ties.

### Tar Freshmen And Varsity Men Report To Mentor

ASHVILLE, Sept. 2.—(Special)—Twenty-five varsity players and a half dozen freshmen reported to Head Coach Jack MacDowall yesterday as the Rollins College football squad of Winter Park opened preparations for the coming season.

MacDowall conducted a drill in the morning and another in the afternoon. The players worked out in full uniforms but no rough work was attempted.

MacDowall, assisted by Alex White, gave the Tars a blackboard lecture and later drilled them in three new plays at Asheville's Memorial Stadium.

Only six lettersmen from last season were on hand—Frank Grunder, Buddy Bryson, Doyle Darnold, Paul Meredith, Bill Justice and Grady Ray. Others reporting were Mervin Thal, Ronald Green, Pershing Scott, Ed Fredison, Ed Arves, Bill Wharton, Tom Knight, Trammell Whitte, Oliver Barker, Gus Kouloris, Floyd Jaggars, Red Harris, Ralph Chisholm, Bill Middlebrook.

### Sugar Corporation Reports Earnings

NEW YORK, Sept. 2.—(AP)—United States Sugar Corp., operating sugar-cane plantations in the Florida Everglades and a new cane-sugar house at Clewiston, Fla., Monday reported net income of \$1,050,000 after charges for the fiscal year ended June 30.

This was equal after preferred dividend requirements to 67 cents a common share.

James Hlakok, Deputy Talton, Earl Tyler, Ed Weinberg, Quentin Bitte and Sam Pugh.

MacDowall said prospects for the Tars, who lost last season to Davidson and had a perfect record in the SIAA, were "not too hot" in view of the loss of 13 players through graduation.

### LEGAL NOTICES

NOTICE OF APPLICATION TO BE MADE A FREE DEALER  
Notice is hereby given that the undersigned, Sarah Wight Mero, a married woman, intends to apply for petition to the Judge of the Circuit Court for the Ninth Judicial Circuit in and for Seminole County, Florida, at the Court House in Sanford, Seminole County, Florida, at 10 A. M. on September 15th, 1941, or whenever one of the said judges may be at said time, for a license to manage, take charge of and control her property and become a free dealer in every respect.

Dated this 25th day of August, 1941.

SARAH WIGHT MERO.  
LLOYD P. BOYLE,  
Attorney for Petitioner.

IN THE CIRCUIT COURT NINTH JUDICIAL CIRCUIT OF FLORIDA IN AND FOR SEMINOLE COUNTY, FLORIDA.  
JOSEPH COZZA, Plaintiff.

### MILDRED COOK COZZA, Defendant

IN THE NAME OF THE STATE OF FLORIDA  
TO MILDRED COOK COZZA, 225 George Street, Bridgeport, Connecticut; You are hereby required to appear to the Bill of Complaint filed against you herein on or before October 6, 1941; otherwise a default judgment will be entered against you.

The Sanford Herald, a newspaper of general circulation published in Seminole County, Florida, is hereby designated as the newspaper in which this order shall be published once a week for four (4) consecutive weeks.

Witness my hand and seal of office on this 21 day of August, 1941, at Sanford Seminole County, Florida.

O. P. HERNDON,  
Clerk of Circuit Court  
By: A. M. WEEKA,  
Deputy Clerk.

H. N. ROTH,  
Attorney for plaintiff  
By: A. M. WEEKA,  
(Official Seal)

### IN NINTH JUDICIAL CIRCUIT COURT, SEMINOLE COUNTY, FLORIDA, IN CHANCERY.

ORDER OF PUBLICATION  
STATE OF FLORIDA, TO LESLIE P. DELANEY, In Care of Mrs. W. M. Carter, Arden, North Carolina; You are hereby notified that your address is in care of Mrs. W. M. Carter and that you are the last of twenty-one years; Therefore, you LESTER P. DELANEY, are required to appear before the Ninth Judicial Circuit Court, Seminole County, Florida, at Sanford, Florida, on the 8th day of October A. D. 1941, and then there make answer to the bill of complaint exhibited against you otherwise a decree pro confesso will be entered against you. This order is further ordered that this order be published in the Sanford Herald, a newspaper published in Seminole County, Florida, once a

week for four consecutive weeks. Done and Ordered this 21th day of August A. D. 1941.  
O. P. HERNDON,  
Clerk, Ninth Judicial Circuit Court, Seminole County, Florida.  
By: A. M. WEEKA,  
Deputy Clerk.

BIBLE VERSE FOR TODAY

BUT STAY WITHIN GOD'S PROTECTING CARE: An angel of Jehovah's watched round about them that fear him and delivereth them.—Psalm 34:7.

WESTMINSTER HALL

(From The Christian Science Monitor)

It was not time destroyed this ancient place. This grand old temple of the craftsman's skill; The patient work of years had left their trace.

The rafters blackened by revengeful fire Have echoed to the voices of the free! Have seen a monarch face his people's ire.

Though late perished and leave no single stone Upon the other to recall the past, And England stand deserted and alone.

GWEN CASTLE

Get your new drivers' license before the last day's rush makes you wish you had gotten it sooner.

In these modern times most governments seem to have forgotten that "A dollar saved is a dollar earned."

Axis leaders are determined to fulfill dreams of Napoleon's headline. The retreat from Moscow may be one of Napoleon's nightmares they'll fulfill in a way they hadn't figured.

How did the dollar fill that 2000 pages before the war started—Clermont Press. Well, there were always these stories about what that crazy man in Germany with the crazy little mustache was doing.

You wouldn't have thought there was that much money in the world but in the hands of those boys and stamps were bought here during the month of August alone.

France seems to have reached a point where she has decided to believe in whoever tells her that. — Sanford Herald. It will not be so at that time as it is a sane today.

The Farm Outlook

With the South's principal money crop coming into its own again and about to be recrowned "King Cotton," the Christian Science Monitor points out that 16-cent cotton is not due entirely to the defense program but also to the fact that the domestic market for civilian needs has improved to an amazing degree.

While this improvement is bound to continue as women turn from silk to cotton stockings, Russell T. Fisher, president of the National Association of Cotton Manufacturers, points out that America will use upwards of ten million bales, an increase of nearly 60 percent over depression lows, and that only 10 percent of this increase can be traced to defense orders.

"While it is obvious that enlarged employment and pay rolls resulting from defense spending have a definite effect on all purchases," says the Monitor, "the important point is that only two or three years ago such an increase in spending would probably not have helped cottons so materially as today. Rayon, paper, and jute had made sharp inroads on the clothing and industrial fields that once had been predominantly cotton's."

"It has only been in recent times that Mr. Fisher's group, the Important Cotton-Textile Institute, and Oscar Johnston's new National Cotton Council, composed of the growers themselves, have engaged in developing new fabrics and uses, new processes and new promotion ideas. Cotton is now reaping the harvest of this intelligent sowing. It has re-won its place in the show windows of Fifth Avenue and Main Street.

"But experience of the past should be valuable in showing those interested in cotton—and it is still the vital crop in fourteen states and still an important item of manufacture in both the North and South—that enterprising utilization of new ideas is requisite to any long-term solution of this economic problem."

What is said here of the cotton crop, is equally true of other agricultural commodities. There isn't the slightest doubt that the farmer is at last coming into his own, whether he depends upon cotton, wheat, corn or celery for his principal source of cash returns. In the years immediately ahead the American farmer is going to feed the world and in doing so he will recapture much of his former prestige.

The Orphanage Problem

The war-ridden countries of Europe are not the only lands in which orphanhood offers a serious problem, according to the Metropolitan Life Insurance Company, which reveals that the number of American children under sixteen who lose their fathers creates a different economic situation both for their families and society at large.

In a study of the mortality records of industrial policyholders, the company made an analysis of the number of children under sixteen years of age left by fathers dying at different ages. It is shown that married men who died between the ages of 25 and 34 left 195 children under sixteen for every 100 deaths, and about the same number when the fathers were between 45 and 54.

"But in the age group—35 to 44—where the situation is at its most serious stage," the statisticians point out, "280 dependent children were left per 100 deaths. When the fathers were between 55 and 64, many of the children were grown and the number of dependents left was naturally less, averaging 188 per 100 deaths."

"The severity of the problem of the widow in caring for her children, naturally varies with the age of the husband at the time of his death," the company explains. "When the husband dies young, as a rule there will be few children left orphans, but the period of orphanhood, until they are grown up, will be long.

"On the other hand if the husband survives to middle age or beyond, though his family may be greater in number, it is likely that some or all of the children will be grown or at least past age sixteen. Hence, it is perhaps at the central ages of the parents that the situation may be most acute for the widow. The family has then about reached completion, but few or none of the children can as yet be in any degree self-supporting.

"This analysis reminds us that every breadwinner preserved from premature death is a gain, not only to his dependents, whom he provides with food, clothing, shelter, and a reasonable surplus, but to society at large."

Current Comment

By AGNEW WELSH

In his book on the British, "Labor's Road to the Future," William Alexander Percy says the sharp-shooting system is one of the best ever devised. It is a system of mutual aid, and it is a system of mutual aid.

An emeritus professor of history has written the story of German life, attempting "to set down thought in words" but showing they have been a warlike people, never loving peace. For data he goes back as far as 113 B. C. when they over-ran Italy, and follows their military career on down through the pages of history, the facts being laid to controversy.

Raymond Clapper states that England was disgraced at the recent non-life vote in Congress on war service extension, also they had expected that as a result of the recent coming of the President's word.

Patrick Henry was immortalized in that 1775 church when he stood to declare "Give me liberty or give me death." It was a declaration of the most profound nature.

The American Constitution was a masterpiece of political genius. It was a masterpiece of political genius.

GOING OFF TO THE WARS

School Program Will Emphasize Defense Trade

(Continued From Page One) Mrs. Helen Leinhardt, Oviedo High; Mrs. Alda LaVigne, Lyman High; Mrs. Oscar Price, Lake Monroe, Lake Mary, Geneva, and Chuluota; Mrs. Bertha Houghton, Williston; and Prof. T. A. Dollison, instrumental music at Sanford High School, Sanford Junior High, Sanford Grammar, Oviedo High and the Lyman High School. Mr. Kipp announced. Art instruction will be handled by Mrs. Mildred Babcock and Miss Ruby Peters.

The schools will operate only a half day on the opening day, Mr. Kipp said. Buses will cover their routes at the regular time Monday morning and the children will be returned to their homes at noon. All children will report to their respective schools for the opening exercises Monday morning. Students entering Seminole High School are asked to report to the auditorium at 8:45 A. M. They will be dismissed at 11:30 A. M. Junior High school students are also asked to report to the auditorium at the Junior High School at 8:45 A. M. Grammar and primary school children are to report to their respective schools at 8:30 A. M.

Parents of children entering children in the first grade for the first time are required to show evidence of date of birth, Mr. Kipp revealed. This evidence should be one of the following: a duly attested birth record transcript; a duly attested transcript of a certificate of baptism; an insurance policy that has been in force two years or longer; a bona fide contemporary Bible record; a passport or certificate of arrival in the United States; any public record that shows the child's age of at least four years standing; or an affidavit of age from a parent, grandparent and the county health physician.

The school law provides that a child who has attained the age of five years and nine months on or before the opening of the school term or at any time during the first month of the school year shall be enrolled in the first grade but if any child is not so enrolled in the first grade during the first month of the school year, he shall not be admitted to the first grade until the beginning of the following school year.

All children are asked to present their last year's report card on the opening day. This is especially true of children that are enrolling in a new school for the first time. All of the principals are at the school buildings daily for conference with parents and pupils on school matters. All teachers will have been in force two years or longer; a bona fide contemporary Bible record; a passport or certificate of arrival in the United States; any public record that shows the child's age of at least four years standing; or an affidavit of age from a parent, grandparent and the county health physician.

Anticipation Notes Sales Top Million

WASHINGTON, Sept. 3.—(AP)—Taxpayers bought \$1,027,000,000 of anticipation notes during August, the first month of operation of the Treasury's "lay-away" plan for meeting next year's income levies. Announcing this Tuesday after a telegraphic check of collection centers, an official said that as a result of the heavy sales the Treasury's working balance was higher than was believed necessary and that it had taken advantage of the situation to reduce by \$100,000,000 the amount of 91-day bills outstanding.

261,000 Gallons Of Gas Used In Month

Seminole County used 261,000 gallons of gasoline in July, it was reported today by the inspection bureau of the Department of Agriculture at Tallahassee. Kerosene used totaled 27,120 gallons. Mixed fertilizers used amounted to 285.50 tons. Fertilizer materials used totaled 183 tons, manufacturers reported.

Mrs. Roosevelt Tells Of Service F. Girls

NEW YORK, Sept. 3.—(AP)—Mrs. Franklin D. Roosevelt Tuesday offered a further explanation and defense of her widely-discussed suggestion that it might be of value to conscript girls between the ages of 18 and 24 for a year of training and service.

"Dick Lee who looked like a doll and fought like a devil."

Jay Franklin names freedom—The inability to pleasantly and profitably use one's time—as the chief cause of the breakdown of morals throughout the country, both armed forces and civilians. Is it possible that all our greatest efforts such as public education, circulating libraries and the greatest propaganda campaigns of newspapers in the world, may fail to train people to read and reason, to cultivate noble and mental balance? If we have reached the state of mind where we must be constantly amused and entertained, might as well let the whole thing go to hell. It isn't worth saving. We must give our mechanized age a new direction, not too much that we are most probably empty.

The United States government has taken for granted that the people will be trained to read and reason, to cultivate noble and mental balance? ### Stewart Says:

#### Washington Awaits Germans' Reaction To Meeting-at-Sea

By CHARLES F. STEWART  
Central Press Columnist

CHURCHILL'S reaction to the new world order agreed on by President Roosevelt and Prime Minister Churchill is being eagerly watched for in Washington, and no doubt in London.

There's no speculation as to whether Hitler's reaction to the minutes of the Roosevelt-Churchill program's publication will be accepted as a foregone conclusion that Adolf would be

curious over it. The news is that the minutes of the meeting of the two leaders, which were held in the presence of the British ambassador in Washington, were made available to the press.

The German reaction may be more significant than the British. It is expected that the German government will issue a statement regarding the meeting.

It is recognized that the minutes will show away from the Roosevelt-Churchill declaration its intention to keep the world at all-around peace.

It is also recognized that the minutes will show away from the Roosevelt-Churchill declaration its intention to keep the world at all-around peace.

As previously remarked, Washington's reaction to the German government's reaction to the Roosevelt-Churchill declaration is being eagerly watched for in Washington, and no doubt in London.

Not much attention is paid to Italy. It is expected that the Italian government will issue a statement regarding the meeting.

Japan's reaction is likely to be impressed by the Roosevelt-Churchill declaration. It is expected that the Japanese government will issue a statement regarding the meeting.

The Japanese government is despotic all right, but it isn't a one-man affair like Adolf's or Duca Mussolini's. Adolf and Benito won't let their countries come to the democratic terms if they can help it, because, if they do, it'll mean good night for themselves personally.

Japan might bow to an obvious sense of its Oriental expansion campaign wouldn't be followed by a revolution in Japan. The Japanese are in terrible economic shape and now, naturally, it's about the limit due to their prolonged war in China. It's said, too, that they're troops on the Asiatic continent are being sent back to the home islands.

All the same, no single individual is likely to be the one to bring about a change in the Japanese government. It is expected that the Japanese government will issue a statement regarding the meeting.

It is expected that the Japanese government will issue a statement regarding the meeting.

C. P. Thompson

minutes after this B-24 bomber took off from Los Angeles airport, it crashed and burst into flames, killing a radio operator and critically burning two pilots. Doctors and army officials are working to save the lives of the two survivors. The body of the dead man, covered with a sheet in front of the motor, which was completely tipped from the fuselage. This was last test before the plane's delivery to the army.

### Ship Program Is Ahead Of Its Schedule

(Continued from page one) such materials cannot be tolerated, the board said.

All actions taken by the board will be publicly announced and the reasons for them stated.

"Thus," the statement said in conclusion, "in an hour, when free men must unite to defend their freedom, we shall move forward. In that spirit which holds that in a world where mad men are running loose, none but the free and strong and none but the strong are free."

To implement the declaration against hearing Wallace told reporters at a press conference after the board meeting that a nationwide inventory of all raw material supplies would be undertaken at once.

"Will you require businesses that have been hoarding materials to reveal what they have got," he was asked.

"We'll know what they've got," Wallace replied firmly.

### Russo-Finn Peace Talks Are Denied

MOSCOW, Sept. 3—(AP)—S. A. Lozovsky, vice commissar for foreign affairs, Tuesday night denied foreign reports that ac-

### Aid To Democracies Is Urged By C. I. O.

CAMDEN, N. J., Sept. 3—(AP)—Without mention of recent isolationist utterances by John L. Lewis, a major unit of the Congress of Industrial Organizations Tuesday resolved that the United States must give quick help to all nations resisting Hitlerism.

By a vote of 382 to 5, the convention of the United Electrical, Radio and Machine Workers of America passed a resolution declaring that:

"Our union approves the policy of the government in declaring that the defense of this country requires that all possible aid be given to Great Britain, the Soviet Union, China and other nations resisting Hitlerism, and urges the government to put this policy into effect with all possible speed and energy."

### Give YOUR Child EVERY Chance

School days are the formative years which determine what will be the child's success in life. Give your child every chance to develop ALL of their potentialities—all of the qualities with which they are naturally endowed.

If their eyes are not right, they are handicapped in their studies and in the development of their potentialities, which is every bit as important.

Make sure their eyes are right before they go back to school. Have them examined now.

Florida Grid Chances Hang On Few 'It's'

GAINESVILLE, Sept. 3.—(Special)—Tom Lieb's University of Florida football team might be some place this season, but right now, the Gators aren't going anywhere. There's three most important "ifs" barring the way of what might be a great Florida team or what might be just another poor mat of the Southeastern Conference.

If Uncle Sam decides Forest Ferguson and Carl Mitchell, both good performers at end, and spark plug Tommy Harrison, halfback, can become better soldiers with another year's schooling; if a long list of injuries doesn't crop up; and if Lieb can discover about 14 sixty-minute men, those Gators are going to be pretty tough to handle this year.

Most of the other conference members are pretty well fixed as far as the draft is concerned, but the three Gators mentioned can't tell you if they're going to eat dinner at the campus cafeteria tomorrow or whether they'll fall in line at some army camp when show time is announced.

Ferguson and Mitchell represent a cutback at the flank positions. Loss of either grizzer would put a decided crimp in the Gator attack. Loss of both boys will settle down to something they don't talk about here in Gatorland.

Harrison, in all probability, can be replaced as far as his running ability is concerned, but the rest of the passing will be sorely missed. And losing Harrison would mean trying inexperienced material at the left halfback slot, a vital spot in the Lieb plan of advance.

It's too early in the year to attempt a description of what the 1941 Gators will be. Two days of practice have done nothing but loosen up some muscles. On the whole, however, the Gators appear to be in splendid condition at this point of the season.

The Sept. 20 opening knocks a week off the usual pre-training period which means the Gators will settle down to rough work earlier than before but only Lieb knows when the "band-butts" will start, and Lieb isn't doing much talking.

COMING BACK

BRING ON THE BEST TOMMY FARR

TOMMY GAVE A GOOD ACCOUNT OF HIMSELF WHEN HE WAS LAST HERE

Bryan Grant, Jr., Lifts Tournament Out Of Doldrums

By GAYLE TAILHOT NEW YORK, Sept. 3.—(AP)—Bryan Grant, Jr., of Atlanta, continued to supply practically all the excitement in the National tennis championships out on Long Island.

As Tuesday's contribution to ward lifting an otherwise dull tournament out of the doldrums, the southern veteran knocked the socks off big Gardner Mulloy of Miami, the eighth seeded star, by the quick scores of 6-3, 6-3, 6-2.

The upset came just in time to prevent the seeded men players from going into the quarter-final round with ranks unbroken. Only yesterday, Bitty knocked out the seeded foreign artist, Pancho Segura of Ecuador.

The distinction of supplying the lone upset in the women's ranks went to comely Hope Knowles of Philadelphia, who turned back seventh-seeded Mary Arnold of Los Angeles, 4-6, 6-4, 7-5, in a fought match that went almost into darkness.

Grant next bumps into Ted Schroeder of Glendale, Calif., co-holder of the National doubles title with John Kramer. Schroeder, seeded fourth, scored handsily over Charles Mattmann of New York, 6-4, 7-5, 6-2. The other four quarter-finalists Frank Kovacs, Don McNeill, Wayne Sabn and John Kramer, won their berths, 6-3, 6-3, 6-2.

New York Giants Set For Eastern Gridiron Battle

By JACK SORDS The New York Giants are expected to be a second year contender in the Eastern football conference when they meet the Philadelphia Eagles in the first game of the season on Sept. 15.

The Giants, who finished second in the Eastern conference last year, are expected to be a second year contender in the Eastern football conference when they meet the Philadelphia Eagles in the first game of the season on Sept. 15.

### School Opening Is Postponed 10 Days As Health Measure

County Officers Advise Late Start As Protection Against Paralysis

### New Date Is Set For September 18

Two-Weeks In County Regulation Is To Be Strictly Kept

Postponement of the opening of school from Sept. 1 to Sept. 18 has been recommended to and accepted by the Board of Public Instruction for Seminole County. Action was taken in a meeting of the board and school principals held at the City Hall this morning. T. W. Lawton, school superintendent, announced today.

### Higgins Confers In Jacksonville On River Canal

Edward Higgins, secretary of the Seminole County Chamber of Commerce, at a conference with officials of the United States Commerce Office in Jacksonville yesterday, was told that the report on the John-Indian River Canal had been sent to the Division office at Richmond, Va.

A public hearing concerning the project will open up a branch inland waterway from Sanford to the Indian River on the East Coast will probably be held after the Board of Army Engineers in Washington, Mr. Higgins said.

In Jacksonville Mr. Higgins presented the City's project for a new building and proposed plan in Fort Mallon Park. The FWA is being asked to contribute 25 percent of the cost of the project.

Higgins was assured by the FWA that regional interests at the FWA should not be overlooked and that the project would be a boon to the Sanford area.

### Russian War Is Believed Near Climax

Assault On Leningrad Has Been Checked; Soviets Announce; Nazis Draw Close

By Associated Press  
The battle of Russia was surging toward a climax today in the four principal sectors of the main Russo-German front—on the immediate approaches to Leningrad in the north, on the front west of Moscow, the railways and highways converging on Kiev and the siege ring around Odessa.

The Russians said the assault on Leningrad, now threatened from the north by the victorious Finns and on the south by the Germans, had been checked, but Franks, Moscow organ of the Communist Party, admitted the assault, treacherous, enemy is breaking through on the approaches to the city.

The Russians said they had made their deepest counter-thrusts somewhere west of Moscow, while the Red fleet was attempting to relieve Odessa by landing storm troops behind German-Rumanian lines.

The Russians appeared last night to be still stepping up their biggest counter-offensive of the war along the center, where it was claimed the Germans had been thrown back more than 20 miles in a vigorous effort to fix a static front which with the aid of approaching bad weather might keep the invaders indefinitely at bay.

Soviet military dispatches reported that the heavy protecting forces of the Red Army in the vicinity of Leningrad were to be reorganized into a single front.

The Soviet northwestern frontier in the Baltic region was declared to have had its grim collection of refugees and members of the people's army in a widely determined counter-offensive which reached the front lines three miles from their advanced positions before Leningrad.

And in the far north Moscow claimed yesterday that Red troops supported by sailors landed from the Black Sea fleet against the invading Germans along the southern shore of the Caucasus and allied possessions, although the city's port was not denied.

The Soviet general staff itself in the continuing for the morning indicated that the most serious situation was the German offensive against Leningrad.

The Russian said their fighters along the southern front and the Black Sea fleet were to be reorganized into a single front.

The Russian said their fighters along the southern front and the Black Sea fleet were to be reorganized into a single front.

The Russian said their fighters along the southern front and the Black Sea fleet were to be reorganized into a single front.

## Churchill Asks Full U. S. Aid

Assassin Caught After Wounding Laval And Death

The crowd quickly grabs Paul Collette (arrow) after the young assassin's wounding of Pierre Laval, former French premier, and Marcel Deat, head of the French Fascist Party, at a Versailles review of French troops organized to fight Russia. Collette, a De Gaulleist, admits he volunteered for the legion to get within shooting distance of his two pro-German victims.

### Prime Ministers Of Britain And Canada Call Strongly For Backing In Fight

### Guarantee To British Urged

### Russian Losses Said To Exceed German In Bloody Battles

LONDON, Sept. 4.—(AP)—Prime Minister Winston Churchill of Britain and W. L. MacKenzie King of Canada both called today in diplomatic but strong terms for full United States backing in the struggle against Nazi Germany.

Churchill declared the only way to defeat Germany was through full co-operation of all nations which "as yet lie outside the range of the conqueror's power."

Prime Minister King, following speaker at a lord mayor's luncheon in London, suggested that the United States give Britain a guarantee like that given Canada three years ago—that the United States would not stand idly by if Canadian soil were threatened by another empire.

### Lend-Lease Fund Will Go To Aid Of Polish Army

WASHINGTON, Sept. 4.—(AP)—President Roosevelt today authorized the first lend-lease aid to the exiled government of Poland in London, permitting military equipment to go to Polish troops training in Canada.

Provisions for the time being, the Senate started fast-paced consideration of the unprecedented \$2,579,800,000 revenue bill yesterday and approved new increases of \$117,000,000 over similar legislation passed by the House.

As the debate started, Chairman George (D., Ga.) of the Finance Committee, told his colleagues that all groups would have to practice "strict patriotism" in bearing a heavier tax load. "Under this bill," he declared, "every corporation and individual will know in a grave emergency."

In a minority committee report, Senator La Follette (R., Wis.) protested vigorously against the committee's decision to reduce personal income exemptions from \$2,000 to \$1,500 for married persons and from \$600 to \$750 for single individuals.

Calling the measure "a vicious assault on the work and life tax payer," La Follette declared that it "sinks the poor while confirming the profitable and strengthening the corporate wealth and power engendered by the defense program." It "places the goose that lays the golden egg."

### Drivers Warned To Get Licenses Soon As Possible

Average Of 400 Per Day Must Be Issued In 22 Days

Applicants for new driver's licenses are coming in too slow and a last-minute rush in the days immediately before Oct. 1, the date when the old licenses expire, will probably force many to stand in line for hours, Judge K. W. Ware warned today.

After Sept. 30, no 1941-42 licenses will be issued to applicants without a driver's examination, whether the applicant has a 1940-41 license or not, Judge Ware explained.

The ruling was made known by the Department of Public Safety in a letter received by the judge today.

Until noon today only 300 licenses had been issued, since the opening date of Sept. 2. Judge Ware revealed.

While the deadline 22 days away may seem a long time to those who expect to get their licenses, putting it off until the last minute will cause a lot of trouble to both the applicants and to this office, Judge Ware said.

### 13 White Men To Be Called In October Quota Of Draft Board

Drift call for Seminole County was set at 14 white men today by the State Headquarters of Selective Service at St. Augustine

and that number will be reduced to 13, Judge Ware explained. The quota for volunteers will be set by the State headquarters, announced today.

To date questionnaires have been sent out to men whose order number is 2050 or under to fill the September call of seven men to leave on Sept. 15, Mr. Carter explained.

No call has been received for negroes in October as yet, but seven negroes are to be inducted from this county on Sept. 17, in accordance with the September quota, Mr. Carter said.

Local Draft Board Will Assist Returning Soldiers To Get Jobs

The local board re-employment office must look for local employment opportunities. For this purpose he should obtain the cooperation of local chambers of commerce and boards of Trade, Rotary, Kiwanis, Lions, Ex-Like groups, labor unions, the American Legion, Veterans of Foreign Wars and similar organizations.

The War Department is co-operating with selective service system in carrying out the obligation of the government to obtain civilian jobs for returning soldiers, the director said.

### Good Scores Are Made At Regular Gun Club Match

Roy Williams Leads 100 Members With 100 Upon Pistol Range

Scores in the high 90's predominated yesterday at the regular weekly shoot of the Seminole Gun Club at its range on the lake-front, though comparatively few members turned out.

Roy Williams led the marker with a 100 in the rapid fire matches, and 293 in the match score.

Good scores were made by J. V. Jones, who has considerably improved since he joined the Gun Club, it was reported. Mr. Jones has practiced consistently and now shoots in the 90's.

Asked whether the Gun Club would continue to hold its weekly shoots on Wednesday afternoons, now that the summer half holidays of the stores have been discontinued, secretary Ned Smith replies that shoots will still be held Wednesday as far as he knew.

NAME	SCORE
Roy Williams	100
Jasper Wolfe	99
J. V. Jones	96
W. H. Knaser	94
Leo Butler	93

Match scores were:  
Name Slow Times Rapid Match  
R. Williams 25 98 100 233  
J. Wolfe 99 95 98 232  
J. Jones 97 95 98 228  
W. Knaser 94 94 97 275  
L. Butler 93 93 88 274

### Civil Workers Will Aid Defense Tests

WASHINGTON, Sept. 4.—(AP)—Thousands of civilian volunteers will co-operate, the War Department announced Wednesday, when the army air force combat command carries out intensive tests of the eastern seaboard's air defenses next month.

The exercises, scheduled for intervals from Oct. 6 through Oct. 24, will extend from New England to Georgia and will provide tests of pursuit and interceptor aircraft, anti-aircraft artillery, searchlight batteries and the air raid warning service.

The State Beverage Department reported Wednesday that Florida's alcoholic beverage receipts totaled \$2,223,834 for August, a net gain of 14.25 percent over the same month of 1940.

Officials said the increase was due to the fact that the State Beverage Department reported Wednesday that Florida's alcoholic beverage receipts totaled \$2,223,834 for August, a net gain of 14.25 percent over the same month of 1940.
