

## Burdette Faces Turley Today

by LEO M. PETERSEN

UPI Sports Editor

MILWAUKEE (UPI)—Two strong-armed right-handers, Lew Burdette, the hero of last year's Milwaukee victory, and Bob Turley, who fires bullets from his no-windup delivery, square off today with the underdog Yankees trying to even the World Series at one game each.

The weatherman promised the temperature would rise into the 60's but cautioned against possible showers during the afternoon. In the event of rain, Charles Seger, secretary-treasurer of baseball who is acting for ailing Commissioner Ford Frick, has sole authority to order a postponement.

The odds-makers, lacking Burdette, who beat the Yankees three times in 1957, made the Braves 11-10 favorites to win today's game and 6-5 to take the Series. Before Warren Spahn whipped the American League, 6-3, in 10 innings Wednesday, the Yankees had been favored for the Series, 13-10.

**Laugh At Odds**  
Manager Fred Haney of the Braves had laughed at those pre-Series odds. Today, Casey Stengel, the skipper of the Yankees, was laughing at them.

"I'm going with the guy who

won the pennant for me," explained Stengel. "He'll get us even. I don't worry about odds."

Burdette has a string of 24 1-0 scoreless innings going for him in Series competition—5 1-0 short of the record 29 2-3 scoreless innings which the late Babe Ruth set as a southpaw pitcher for the Boston Red Sox before he was sold to the Yankees and transformed into an outfielder and the greatest home run hitter of all time. Also ahead of Burdette is Christy Mathewson's string of 28 1-0 shutout innings in 1903 and 1911.

**Battle of Pitchers**  
Off to a slow start in the spring, the seventh and deciding game.

### Fred Haney Eyes 'Quick Knockout'

MILWAUKEE (UPI)—Fred

Haney, having won his first bout with the second-guessers, is now shooting for a quick knockout that would make him the second manager in history ever to gain a clean sweep over the Yankees in a World Series.

Milwaukee players think four-in-a-row is quite possible for them. And the usually cautious Haney, long-famous for his close-to-the-verge statements, even hinted at a possible sweep, which only John McGraw of the Giants previously achieved against the Yanks in the 1922 Series.

"You can't win 'em all unless you win that first game," Haney babbled after Warren Spahn hurled the Braves to a 16-inning 4-3

### No Rain Predicted

MILWAUKEE (UPI)—The weather bureau said there was "only a slight chance" of a sprinkle late today and that it probably wouldn't occur during the second game of the World Series.

Skies will be partly cloudy and the temperature a little warmer. A high of 60 was forecast with southwesterly winds near 15 miles per hour.

Scientists at Walter Reed Army Hospital have found perforated duodenal ulcers in monkeys subjected to stress.

Burdette wound up winning 20 games for the Yankees while losing 10.

Turley, who discarded a windup because "it gives me better control," won 21 games for the Yankees while losing but 2.

So the second game of the Series promises to be a duel of right-handers, just as Wednesday's first game was a battle of southpaws.

**Lineups Changed**

In his attempt to "get even," Stengel was expected to make some lineup changes. Norm Siebern, who bats left-handed, was expected to start in left field instead of the righthanded hitting Elston Howard. And catcher Yogi Berra was expected to replace Howard in the cleanup spot in the Yankee batting order.

Despite his ailing knee, left-hitting Billy Bruton was expected to get the call over the veteran Andy Palko in center field for the Braves.

Despite the not-so-favorable weather forecast, today's crowd was expected to equal Wednesday's 46,367 fans who jammed County Stadium to capacity.

After today's game the clubs will go to New York, where the third game is scheduled for Saturday. Friday is an off day for travel.

**Spahn 'Outfoxed' Yanks; They Kept Waiting For Curve**

"YOGI BERRA OF THE NEW YORK YANKEES, WHO WILL BE SETTING NEW WORLD SERIES MARKS EVERY TIME HE TAKES THE FIELD AGAINST THE MILWAUKEE BRAVES.

ADDING TO THE RECORD • By Alan Moyer

Bruton, Spahn Team Up To Put Braves Out Front

MILWAUKEE (UPI)—Out until the ninth when he batted for fielder Billy Bruton, still bothered Andy Palko fanned. The slender outfielder fouled off one pitch, took a ball, then connected with a Duren fast ball for his winning hit.

Duren also was on the mound when the Braves behind 3-2, tied the game in the eighth.

Bruton singled sharply to right center to score Joe Adcock with the run that gave the Braves a victory before 48,367 fans.

It was the third hit in that inning off the speedballing Ryne Duren, who was called to the rescue of the Yankee's star southpaw, Whitey Ford, in the eighth.

Adcock got the Braves started with one out in the 10th with a single to right.

Duren got two strikes past him before Covington hit a high fly to Mickey Mantle that enabled Mathews to score after the catch.

The Yankees got the lead first in the fourth inning when Bill Skowron homered.

## News Briefs

### Rush Vs. Larsen

**NEW YORK** (UPI)—Bob Rush, a 23-year-old right-hander who never before has played in the World Series, today was named to start Saturday's third game of the classic for the Milwaukee Braves against Don Larsen of the New York Yankees.

### Ike Gets Check Up

**WASHINGTON** (UPI)—President Eisenhower, sportily dressed in what would be appropriate for a weekend in the country, entered Walter Reed Medical Center today for an overnight medical check up.

The chief executive, in a hours' long checkered coat and casual flannel slacks checked in at the hospital shortly after 1 p.m.

### Divers Find Plane

**KEY WEST** (UPI)—Navy divers today located the main fuselage of a "submarine hunter" plane that disappeared on a flight last Monday with 10 persons aboard. The Navy reported that the divers could see three bodies pinned inside the twisted and bent up section of the fuselage.

### Integration 'Out'

**LITTLE ROCK, Ark.** (UPI)—Gov. Orval E. Faubus said today that Little Rock's four closed high schools will stay closed all year unless the U. S. government lets him respond as private segregated schools.

### Burglar Gets Aid

**NEW YORK** (UPI)—A burglar had no trouble at all taking \$2,000 from the safe of a Greenwich Village advertising company.

Police found the combination passed on the heavy steel door of the open safe.

### Economy Costly

**BERLIN** (UPI)—A West Berlin city government employee won a \$25 prize today for an economy suggestion that abolished his own job.

### Whoa, Right There

**NEWARK, N. J.** (UPI)—Mounted policeman Frank Kremer made like a Wild West hero Thursday.

When a man ran out a wire carrying a bunch of coats, Kremer spurred his horse across the street, grabbed the man by the neck and hauled him onto the saddle.

Alfred Lynn, 20, was fended in jail on a larceny charge.

### 3 Killed In Plunge

**NEWPORT NEWS, Va.** (UPI)—A crowded gangplank at the Newport News Dry Dock Co. capsized under the weight of 14 workers Thursday, sending them plunging about 100 feet to the ground. Three were killed and two still were in critical condition today.

### Segregation By Sex

**TAMPA, Fla.** (UPI)—Criminal Court Judge L. A. Grayson, a staunch segregationist, has suggested that the sexes be kept separated in public schools if the sexes are ordered mixed.

### Beauty Welcomed

**JACKSON, Miss.** (UPI)—Brandon, hometown of Mary Ann Mobley, and Jackson, the state capital, were decked in patriotic bunting today to welcome the state's favorite magnolia beauty—Mississippi Miss America, Mary Ann Mobley.

### Court Says Firm Entitled To Costs

**TALLAHASSEE** (UPI)—The Supreme Court ruled yesterday that a Jacksonville construction firm whose property was condemned for the expressway was entitled to compensation to move its equipment.

The firm, Henry G. Dupree Co., received \$10,000 in payment for the land which was taken for the expressway project. \$4,000 of which was to be for the "reasonable cost of moving."

## Hypnotism Fails To Shake His Craving For Nicotine

**ROCHESTER, Minn.** (UPI)—Chain smoker Harold Scott, undaunted by the failure of his first hypnotic treatment, planned to ring up a British hypnotist again today for another try at shaking the cigarette habit.

Scott put in a call to hypnotist Henry Blythe in Tonbridge, England Thursday. Ten minutes and \$16 worth of transatlantic telephone calls later, Blythe declared he had tamed his subject out of his craving for nicotine.

Ten seconds later, a United Press International reporter asked Scott a cigarette. Scott didn't hesitate. He grabbed it and lit up.

"I guess it didn't take," he said with a smile.

But Scott added he still thought "there's a good chance it will work." Asked if he thought he thought he could break the habit without the help

## Sanford Selected By Chemical Firm

**Sanford's** ideal location, affording access by water, rail and highway, has succeeded in attracting the Allied Chemical and Dyk Co. here.

The property on Myrtle Ave. was leased by Allied Chemical and Dyk from the Orange State Oil Co.

Negotiations with city officials were conducted by H. P. Bill, assistant general superintendent of Allied Chemical and Dyk Co. Bill works from an office in Hopewell, Va.

The actual operation is unique in that tankloads of liquid fertilizer can be mixed by a single operator manning controls in the pumping station. The fertilizer is the type used in groves and farms throughout the area.

In addition to the pumping station and storage tanks, the company constructed a pipeline from

### Mobs Demonstrate In Beirut; Army Kills 3, Hurts 12

**BEIRUT, Lebanon** (UPI)—The Lebanese army opened fire on mobs demonstrating against the new government Thursday night and today in areas that turned the page back in the final day of Lebanon's summer rebellion.

At least three civilians were reported killed and 12 wounded in the 24 hours of violence in Beirut. The wounded included a woman.

Lebanese forces were not involved in the bitter street clashes.

The army fired on the demonstrating crowds under orders to crush efforts of supporters of ex-President Castillo Chamoun to keep Beirut in turmoil.

Thursday night 1,000 of them led by the pro-Chamoun Christian Phalange, marched on the Defense Ministry. They joined repeated attempts to halt the march and the soldiers opened fire.

This morning the demonstrators were back on the street, some 400 strong.

An army patrol backed by ten armored cars and two tanks tried to tear down a phalangist barricade. The demonstrators fought back and again the army opened fire.

The mob, led by stick-wielding men, beat up burning rubble outside the main road leading into Beirut from the north in an attempt to cut off traffic into the capital and enforce a general strike.

**Cabinet Schedules School Bond Sale**

**TALLAHASSEE** (UPI)—The state Cabinet will try to sell another \$2,000,000 in school bonds six counties next Tuesday.

The six issues are part of bonds for 18 counties totaling more than \$12 million dollars which the state was unable to sell several weeks ago at a single letting.

However, school superintendents in Marion, Lake, Alachua, Columbia, Manatee and Hillsborough counties have assured state officials there will be buyers this time.

The new bonds amount to \$350,000 for Marion, \$43,000 each for Lake and Alachua, \$1,260,000 for Escambia, \$30,000 for Manatee and \$700,000 for Hillsborough.

Since the bonds first went begining on the open market, local school officials have been busy trying to get local bankers and investors interested in the issue which will provide funds for badly-needed school buildings.

The state decided to try to sell the bonds on a piecemeal basis, and since has sold issues for Bay, Leon and Pinellas.

The state Department of Education said Wednesday the state has made no promise to buy any of the bonds next week. The state bought \$200,000 worth of a Ruthless issue last Tuesday, but indicated it might not have the money to do it again.

**Ministers Want Law On Privilege**

**Earl Conley, 61, DeBarry, Succumbs**

Earl S. Conley, 61, DeBarry, died Thursday morning at the Seminole Memorial Hospital.

Mr. Conley came to DeBarry from Roanoke, N. J., last July from Bronxville, N. Y.

He was a furniture employee of a VA hospital. He was a member of the Episcopal Church and a life member of the DAV.

Services are held at 10 a.m.

Scouts, Red Cross, Salvation Army, USO, Mental Health, Nurses and Professional Women's Club, Elks Club, Lions Club, Alpha Omega and Miss Eva Hunt.

Mack Cleveland Sr. will address the local Lions Club concerning the Fire Prevention Week at its noon meeting Tuesday at the Civic Center. All members are urged to attend. Visitors are welcome.

An accredited Leadership Training School is being held at St. John Lutheran Church, Orlando through Oct. 26, at 7:30 p. m. on Tuesday and Thursday nights.

Sunday school teachers from the United Lutheran Church here will attend the classes.

**Six-Year-Old Hit By Car; Condition Termmed As 'Fair'**

**Sherrill Sandon, 6, of Tonawanda, daughter of Mrs. Kenneth Sandon, was reported to be suffering from a concussion, abrasions on her right arm, multiple cuts on her mouth, tongue and gum and loss of some teeth.**

No charges were placed against the driver of the car. The accident was called unavoidable.

**City Broke, Too**

**CHICAGO** (UPI)—Even as you read it a survey by the International City Managers' Association showed that three out of five cities in the United States borrowed money last year. The survey covered 324 cities of more than 10,000 population.

**Maternal Instinct**

**CASTINE, Maine** (UPI)—During the last 10 years, Mrs. Lloyd Farley's cat, "Baby," has

given birth to 101 kittens.

"She's well bred," he said.

But Scott added he still thought

"there's a good chance it will work."

Asked if he thought he thought he

could break the habit without the help

## Faubus Predicts Success

## Shut-In Soon Forgotten; Daily Life Is Monotonous

What is it like to be separated from family and close friends? To live from day to day the same empty schedule, the monotony of a static life broken occasionally by the visit of a relative or friend?

Ask anyone in a rest home, eager for the chance to say a few words to someone who is not part of the life of the home.

Life varies little. A typical day consists of breakfast, lunch, supper and an occasional television or radio program. Many people in the homes cannot read or hear clearly. Everything has been said.

### Luncheon Fêtes Miss Kay Estes

A luncheon at the Bowena Inn Orlando honored Miss Kay Estes yesterday. Mrs. E. F. Wheeler, Mrs. John Evans, and Mrs. William H. Martin were hostesses for the occasion.

The table was centered with an arrangement of white gladioli, white daisies, mums and white fuji emums. Individual place cards were used. Attached to each was a small nosegay tied with miniature wedding bells. These were favors.

Those present were Mrs. R. W. Estes, Mrs. P. G. Dodd, Miss Kay Estes, Mrs. W. K. Wigle, sister of the bride, West Palm Beach; MARYNEU "Twink" Ahnefon, S. C.; Mrs. A. M. O'Neal, Mathison; Miss Gretchen Holzaur, Miami; Mrs. C. R. Clonts Sr., Mrs. George W. Morgan, Mrs. B. C. Wheeler Jr., and Miss Peggy Fleming.

### CPO Wives Luncheon

The CPO Wives Club will have a luncheon at the Lake Monroe Inn on Tuesday Oct. 7. Members and guest are invited.

Reservations may be made with the following members who are in charge of arrangements: Mrs. May Roloff, Mrs. Marie Marshall, Mrs. Shirley Simms and Mrs. Mary Sundvall.

### Polly Parrot

The cost is small to outfit your children in Polly Parrots...

Ivey's

again and again; there is nothing new to discuss.

Those who are able sit around in silent groups on the porch. Those who tire easily are never far away from their beds. With the passing of time, relatives and friends tend to forget.

Mrs. Wells said that if residents of Seminole County would visit county and private homes, they would see the great need for individual attention. An afternoon spent driving around the country, perhaps stopping for ice cream or a few purchases.

Here is an opportunity to move in crowds once more, to discover new developments and evidence of progress and expansion. Imagine what this would do to revive the life of a listless and often embittered person. For days there would be something new to talk about.

It is hoped that those spending an afternoon with hostesses from that they will give their more room the club will so enliven themselves listing friends the desire to spend an afternoon in the same way.

The pleasant memory of having brought a little thrill into an otherwise dull and tedious life would be ample reward for the hostess.

Mrs. Wells hopes that as the year goes by, the participation of many members will give happiness to the shut-ins in Seminole.

Miss Nix will receive telephone

calls from anyone desirous of these services. Shut-ins do not have to be in public homes. They may be housed in private homes as long as they have no means of transportation.

### Engagement Told Oct. Rites Planned

Mr. and Mrs. James C. Pearson announce the engagement and approaching marriage of their daughter, Dawn Ann, to John David Powell, son of Mr. and Mrs. F. L. Powell of Fort Lauderdale.

The wedding will be an event of Oct. 18, at the First Methodist Church at 8 p.m. The Reverend T. C. O'Steen will officiate at the ceremony. There will be a reception immediately following the wedding in McKinley Hall.

Miss Pearson attended Sanford schools and was a graduate of Seminole High School. She has recently attended the Florida State University.

Mr. Powell is a graduate of Fort Lauderdale High School. He attended the University of Miami one year and transferred to Florida State University where he was graduated with a B.S. degree in Geology.

No invitations are being sent. All friends of the couple are invited to the wedding and reception.

### Bethany Class Has Election of Officers

The Bethany Class of the First Baptist Church elected new officers Tuesday night. The meeting was held at the home of their teacher, Mrs. Margaret Reynolds. Mrs. Marie Lewis was chosen president.

Taking office are: president, Mrs. Louise Thompson; vice-president, Mrs. Florence Stensstrom; secretary, Mrs. Sue Gurley; assistant secretary, Mrs. Linda Johnson; treasurer, Mrs. Virginia Taffer; publicity, Mrs. Elsie Moore. Six group captains were also appointed.

Mrs. Day Malickowski was a bidder for a white elephant sale. The proceeds were turned over to the class for future welfare aid.

The outgoing president, Mrs. Lewis, was presented with a gift in appreciation for her past service to the class.

The hostesses served refreshments. As the closing devotional, Mrs. Margaret Reynolds gave the meaning of the word "Bethany" and used "The Living Circle" about members were present.

The Executive Board of the First Presbyterian Church will meet in the Session Room at 10 a.m.

The Boy Scouts of the First Presbyterian Church will meet at 7 p.m.

The Philathene Class of the First Presbyterian Church will meet at 7:45 p.m. with Mrs. W. H. Anderson, 216 Oak Avenue, Cohosette, Mrs. W. S. Brumley Sr.

The Princeton Baptist Church Training Union preparation week at 7:30 p.m.

The deacons of the First Baptist Church will meet in the chapel at 7 p.m.

Fourteen year intermediate G.A.'s will meet for a supper at the home of Mrs. Ed Harbour, 2509 Princeton Avenue.

Surprises are in store for all those attending. Tickets for the coming event will be available from CPO Wives Club members.

## Hospital Auxiliary Members Attend Recent District Meet

Twenty-two members of the Seminole Memorial Hospital Ladies' Auxiliary attended the annual meeting of the East Central District Association of Florida Hospital Auxiliaries. The meeting was held last week at the Daytona Plaza Hotel in Daytona Beach.

A coffee hour followed registration. Much credit is given the Halifax District of Daytona Beach, hosts for the occasion. The job assignments at the table of the chairman of honor brought out the detail work of the "Pink Ladies" in the form of artificial hibiscus bushes. Instead of growing flowers, the girls grew "Pink Puppets" for which the auxiliaries are famous. These hand puppets are made by the Women's Auxiliary and presented to each child who is hospitalized. The children take the puppets home with them when they leave the hospital.

Official welcome was given by Mrs. Howard Anderson, district chairman, Daytona Beach, who presided over the meeting. T. Fletcher Little, administrator, Halifax District Hospital, spoke at the assembly, expressing his personal gratitude for the work of the "Pink Ladies."

Auxiliaries gave individual presentations from their respective hospitals. Many of the hospitals gave their presentations in the form of skits or plays.

Twenty-two representatives from Seminole County were: Mrs. R. N. Blackwelder, Mrs. Christopher Butler, Mrs. F. C. Woodruff, Mrs. David Broome, Mrs. J. McKay Truluck, Mrs. R. C. Reznick, Mrs. J. V. Stowell Jr., Mrs. Saide Berry, Mrs. Eileen Rector, Mrs. Carl Galles, Mrs. G. Wakefield, Mrs. Philip Ahrens, Mrs. W. E. Gray, Mrs. Guy Strickland, Mrs. W. E. Kirchhoff, Mrs. Irving Pryor, Mrs. A. B. Peterson, Mrs. J. James Reedy, Mrs. G. J. Kostenich, Mrs. Priscilla Butler, Mrs. Edwin Epstein, and Mrs. Bert Newton.

Before adjourning for the day, the Women's Auxiliary, Halifax District Hospital, presented "Operation Cherry Red" Enacting the true meaning of "Pink Ladies."

Mrs. E. C. Rand, Mrs. Martha Hadley and Mrs. Edwin Gray pointed out the work of the volunteer workers beyond the recognition of the average citizen.

Dr. A. R. Carter, chief of staff of the Halifax District Hospital, extended an open compliment to those present for what they do and represent.

The twenty-two representatives from Seminole County were: Mrs. R. N. Blackwelder, Mrs. Christopher Butler, Mrs. F. C. Woodruff, Mrs. David Broome, Mrs. J. McKay Truluck, Mrs. R. C. Reznick, Mrs. J. V. Stowell Jr., Mrs. Saide Berry, Mrs. Eileen Rector, Mrs. Carl Galles, Mrs. G. Wakefield, Mrs. Philip Ahrens, Mrs. W. E. Gray, Mrs. Guy Strickland, Mrs. W. E. Kirchhoff, Mrs. Irving Pryor, Mrs. A. B. Peterson, Mrs. J. James Reedy, Mrs. G. J. Kostenich, Mrs. Priscilla Butler, Mrs. Edwin Epstein, and Mrs. Bert Newton.

The afternoon session began with a speech by Mrs. Albert Franklin, president of the Association of Florida Hospitals, from Jacksonville.

A clinic was held. Questions were asked and answers presented by the various heads of committees and representatives of the

state organization. Most outstanding in her presentation was Mrs. Eileen England, director of the School of Nursing, Memorial Hospital, Orlando. Mrs. England pointed out the qualifications and personal aspects which make the ideal nurse.

Before adjourning for the day, the Women's Auxiliary, Halifax District Hospital, presented "Operation Cherry Red" Enacting the true meaning of "Pink Ladies."

Mrs. E. C. Rand, Mrs. Martha Hadley and Mrs. Edwin Gray pointed out the work of the volunteer workers beyond the recognition of the average citizen.

Dr. A. R. Carter, chief of staff of the Halifax District Hospital, extended an open compliment to those present for what they do and represent.

## Sanford To Continue Its Fight For Canal

The Board of Rivers and Harbors has turned down a plan for construction of the Sanford-Titusville Canal as "not economically feasible," but this hasn't stopped Seminole County people who are convinced that it is "very feasible."

A local group is in Jacksonville today to get the full report of the engineers. People who led the fight to get approval of the canal were disappointed, but they won't give up the fight. Seminole County has the support of Sens. Spiegelman Holland and George Smathers and Congressman A. Syd Herlong.

There is no doubt that construction of the canal would make Sanford an important inland port. Sanford could become the most important port in Central Florida should the direct route to the Atlantic become a reality. The congressional delegation and local people said the canal would enhance greatly the recreation and industrial potential in the immediate area.

Although it would cost "big" money to construct the canal, the U. S. Navy alone would save some \$300,000 annually on fuel transportation costs. At this rate, the government could recover its investment in a relatively short time. This should be taken into consideration by the engineers who surveyed the Sanford-Titusville route.

Unfortunately, the rules require that the canal fight be abandoned, actively, for two years. Under regulations concerning such projects, the canal cannot be considered by the Army Corps of Engineers before this time lapse.

Smathers, Holland and Herlong said they planned to bring the matter up "as soon as the regulations will allow." In the meantime, local leaders plan to compile additional information that might be of help to them two years hence.

It isn't easy to work diligently on a project and then see much of this work erased by such a decision. Consistent effort, however, pays dividends. Perhaps the story will be the same in this case.

## Post Office Needed

The survey of space requirements at the Sanford Post Office will be completed in the near future, according to Sen. George Smathers.

We hope that the report will bear out the facts. Sanford needs a new building. That need will be more pressing in the near future. Working conditions in the post office are such that employees have little or no "elbow room."

During the recent business recession, certain federal projects, among them post offices, were authorized to provide employment and give the economy a boost. This was part of the program that President Eisenhower proposed to put a little more money into circulation and a little life into the economy.

Since business has staged a rally, little has been heard about the post office program. Another phase of the President's anti-recession program, the gigantic road construction measure, is sailing along as scheduled.

But, whether the funds would come from such an appropriation, or from the general operating revenue of the Post Office Department, the fact remains that Sanford should get a new building.

The Sanford City Commission has requested construction of a new post office. In addition, commissioners have a few ideas about the location of a new building.

We look forward to the announcement that a new post office soon will be under construction here.

## Band Day Slated At Florida State

TALLAHASSEE (UPI) — Florida State University celebrates its eighth annual Band Day Saturday with a massed half-time show at the FSU-Wake Forest football game.

Some 35 bands from Alabama,

Georgia and Florida have been invited to attend.

There will be a march through downtown Tallahassee Saturday afternoon, a pre-game show that night, then the massed bands and baton twirling majorettes during

the half-time.

Top news in the Ed Kirchhoff family came when pretty daughter Valerie, called from Tallahassee to say she had pledged her sorority Phi Mu.

End of school today will find harassed mothers making a mad dash to check blanket rolls, food bags, and giving with the usual

reservations for the latter are requested to be made with Noble Irving Pryor on or before Oct. 10; this one is a covered dish affair plus a minimum charge.

Hosts for the evening will be Noble and Mrs. Al Skinner and Noble and Mrs. Bob Billingham.

Special music and entertainment is being planned.

President Noble Bill will be assisted this season by Noble Ramsey as first vice; Noble Skinner as second vice; Noble Eddie Keith as chaplain; Noble Pryor as treasurer and Noble Pryor as secretary.

Conner said a year's experience with radar units to count motor vehicles has proved so successful that the Department plans eventually to replace the standard tube counting devices with radar units in urban areas.

He sold a test radar unit set up at Tallahassee operated 335 days out of 365, or 93.3 per cent of the year, whereas the familiar tube counting devices on a statewide basis for the same period of time operated only about 80 per cent of the time.

The reason the tube devices operated less efficiently was because of damage from the hundreds of vehicles crossing them daily.

The radar unit also proved more accurate on hourly vehicle counts. This is because the radar unit is a vehicle counter while the tube device is an area counter. Furthermore the radar unit suspended over the roadway can count traffic in individual lanes where as the tube devices, stretched across the highway, cannot.

The radar counting units are expected to be used more in urban areas because of their accuracy in determining traffic loads at given hours.

WEST PALM BEACH (UPI) — Some 300 public health workers from throughout Florida were on hand today for the opening session of the annual Florida Public Health Assn. convention.

Dr. John D. Porterfield, assistant surgeon general of the U.S. Public Health Service, was to give the main address.

The convention ends Saturday.

# Seminole In Apopka For Orange Belt Tiff

**By Jerry Coxington**  
The aggressive Sanford Seminoles will travel to Apopka tonight where they will face the Blue Darters in the first Orange Belt Conference contest. The Darters played their first OBC contest last week, defeating Leesburg, 7-0.

The Seminoles now hold a 13 record and would like to add another victory to this record. Coach Jim Pigott has worked his charges very hard this week in an effort to stop the fast Darter.

team. The local squad also has polished its offense.

After suffering their first defeat last week at the hands of a great Seabreeze squad, the Seminoles are determined to show tonight that they have what it takes to have a winning season.

The offense has been very effective this week and the passing continues to look very good. Big Harold Stone is running hard and should be the biggest worry for the Darters. He is a power runner and a good bet to roll up plenty of yardage tonight.

The passing of Cecil Dandridge

has looked good. Ends Allan Swain and Giald Jones have been on the receiving end of most of them. Vernon Kirk also is a fine receiver and should get in the passing act frequently. He also is a fine runner and a good defensive back. The entire offense looks much improved and if it begins to click tonight it could mean real trouble for the Darters.

David Stanley and his crew on the forward wall have worked out their problems of last week and seem set to give Gerald Odham and his crew a run for their money. Odham and Stanley are probably the best guards in central Florida and they play opposite each other on the line, so it should prove to be quite a battle.

The tackle positions have shown much improvement this week with Don Carter, Ross Neely and Charlie Bogan helping the chores. If this spot comes through for defense, coach Dave Laude, the wall should be solid for tonight's encounter. With Keuy Lake as running mate to Stanley and Jones at ends, the line should be ready to stop any running attack that the Darters might use.

It should be a fast and exciting contest. With the showing of both squads in previous contests, the only way to call this one is a toss-up. The Darters are a good club, but it is doubtful that they are as fast and aggressive as the powerful Seabreeze squad that defeated the Seminoles last week.

In the seventh, successive hits by Aaron, Covington and Torre and a sacrifice fly by Crandall produced two more runs.

In the eighth, a walk to Bruton and a double in by Mathews, a sacrifice, Mathews and Aaron yielded the final three.

The Yankees, up to the ninth, were impotent before Burdette except for Mantle's homer in the eighth.

When it was over, Burdette had beaten the first pitcher ever to beat the Yankees four games in a row in Series play.

He pitched a complete game and scored on a single by Covington.

## News Briefs

### Elvis Followed

**BAD HOMBURG, Germany (UPI)** — Elvis Presley spent an eventful afternoon Sunday visiting his father and grandmother in town. The soldier set out by taxi from the U. S. barracks at Friedberg where he is stationed. He was followed by a convoy of autos, motor scooters, bicycles and assorted other vehicles, most of them with horns at full bark.

### To Study 'Mixing'

**STAFFORD SPRINGS, Conn. (UPI)** — The Rev. Roland T. Headrick, one of the first Negro ministers of all-white congregations in the United States, will travel through the South to study desegregation.

### Conviction Upheld

**RICHMOND, Va. (UPI)** — The U. S. 4th Circuit Court of Appeals today upheld the second conviction under the Smith Act of former Carolinas Communist leader Junius L. Scales.

### Rikita Elaborates

**MOSCOW (UPI)** — Soviet Lee, native Rikita Khrushchev said Sunday the Soviet Union could go to the aid of Communist China only if the United States attacked the mainland.

The statement of Soviet policy was accompanied by a declaration that President Eisenhower distorted and wrongly interpreted Soviet Foreign policy in his press conference last week.

### Seawolf Surfaces

**ABOARD SRV SKYLARK, At Sea (UPI)** — The atomic submarine USS Seawolf came up from the depths of the Atlantic Ocean today after being submerged for exactly 60 days.

### Janice Building Up To Near-Hurricane

**MIAMI (UPI)** — Tropical storm Janice, building up rapidly to near hurricane intensity, whipped the Bahamas today with 65 mile-an-hour winds. The weather bureau advised the South Atlantic coastal residents to keep in touch with future advisories.

At 11 a.m. the storm was 190 miles southeast of Miami, moving in a north-northeast or northeast direction at 17 miles per hour. The weather bureau cautioned that the future movement of the storm and its direction were uncertain.

Gradual intensification will continue with some squalls of burst. One likely within 18 hours," the weather bureau said. "The area of gale winds in the Northern semi-circle will expand considerably during the next 24 hours."

The advisory warned the northern Bahamas to be on the alert for hurricane winds later in the day or tonight.

### Prison Is 'Home'

**ST. CATHERINES, Ont. (UPI)** — William Mallette thinks there's no place like jail. The 25-year-old Canadian has spent all but one year since 1948 behind prison walls, according to Crown attorney Lloyd Goodwin.

He was assured another five years confinement recently when he was convicted of breaking and entering three businesses in the St. Catherines area.

## Sanford Occupies New Fire Station

Sanford's Fire Station No. 2 on French Ave. near 11th St. now is occupied.

The \$37,000 structure, a part of the city's capital improvements, was completed early in the summer.

Due to final furnishings and vacation schedules, actual occupancy was delayed.

The station will be manned by three or four men. It is equipped with a new American LaFrance 750-gallon pumper, a Dodge Power Wagon, for fighting grass and brush fires, and also with an old American LaFrance truck which is used as an auxiliary unit.

The station is tied in with Station No. 1 both by radio and telephone. The communication system provides alarm simultaneously at both stations. In addition, the stations are equipped with a private phone line. Fire-fighting equipment will be discharged according to location of the fire.

Equipment remaining at Station No. 1 in downtown Sanford consists of a new American LaFrance, 750-gallon pumper, a Seagraves aerial ladder truck; an International pump, capable of pumping 800 gallons per minute, and the second old American LaFrance as an auxiliary unit.

Fire Chief Mack Cleveland will remain in office at the down-

**FIRE PREVENTION WEEK** — Acting Mayor A. L. Wilson signs a proclamation calling attention to Fire Prevention Week as Ralph Wight, left, Al Chiles, right, and Fire Chief Mack Cleveland Sr., look on. Wight and Chiles are members of the Jaycees, which sponsor the annual observance. (Staff Photo)

### Mayor's Mayor

**SANFORD** — Mayor Merle Warner is reported in "good" condition at Seminole Memorial Hospital today, following an emergency appendectomy last week. Any question as to why a mayor is needed was answered Friday. Top photo shows Commissioner Al Wilson, appointed acting mayor, doing the official honors; bottom photo, no mayor was available to sign proclamations, or the city payroll.

### Pope Near Death; Last Rites Given

**CASTEL GANDOLFO, Italy (UPI)** — Pope Paul VI, in the winter of his 82nd year, suffered an apparent cerebral thrombosis or stroke, early today, and the last rites of the Roman Catholic Church were administered. There were grave fears for his life.

Vatican sources said the Pope suffered periods of unconsciousness.

Vatican sources said the administration of last rites was "a precaution" and that the Pope was rallying. But there was no minimizing the gravity of his condition.

An official medical bulletin signed by three doctors who were urgently called to the Pope's bedside at his summer residence here in the Alban Hills said the pontiff was stricken by "cerebral circulatory disturbances" at 8:30 a. m.

**BUSINESS WOMEN'S WEEK** — Mrs. Esther Evans, left, and Mrs. Betty B. Baker stand beside Mayor Merle Warner's empty chair, awaiting an official signature for a proclamation for National Business Women's Week. Warner was in the hospital and the two B&W members had to return to work before Warner could appoint an acting mayor. Mrs. Evans is second vice president and membership chairman. Mrs. Baker is B&W president. (Staff Photo)

### As Proclamation Said--- Mayor Proved The Point

Judge by its beginning, this is going to be a busy week. It is Fire Prevention Week and National Business Women's Week, both of which are being observed in Sanford.

But, just for the sake of safety, it also is Fish and Seafood Week, Peanut Butter Week, and, believe it or not, Emergency Work Week.

Fire Prevention Week has been proclaimed in Sanford by Commissioner A. L. Wilson, acting mayor while Mayor Merle Warner was scheduled to sign his name to the "Emergency Work Week" proclamation, issued to emphasize the importance of first aid. He was too busy presiding what the proclamation said: emergency work.

A official medical bulletin signed by three doctors who were urgently called to the Pope's bedside at his summer residence here in the Alban Hills said the pontiff was stricken by "cerebral circulatory disturbances" at 8:30 a. m.

**NATIONAL BUSINESS WOMEN'S WEEK** — Miss Wilson's signature.

Although the proclamation didn't get an official signature, the B&W Club is observing the B&W Club is observing the week.

"We definitely are coming to Sanford," Voldom said. "The machinery and equipment will be assembled here. We are building the vacuum tank in Cedarville, N. J. and will ship it here as soon as it is completed."
