## Hawks Sets Record In Round Trip From Atlantic To Pacific

**Aviator Takes Thirty-six Hours For Coast To Coast Flight And Back Again to East**

**ROOSEVELT, FIELD, N.Y., June 29—(INS)—**In New York at 8:21 A. M. Thursday, in Los Angeles at 8:23 P. M. (Pacific Standard Time), on the same evening, and back on the Atlantic Coast again at 1:16 A. M. today.

This was the epochal flight completed by Captain Frank M. Hawks early this morning when he, locked in air, emerged from the shroud of darkness and fog over the field here, narrowly averting a serious crash in landing. He made the return flight in 17 hours, 48 minutes and 48 seconds, clipping 44 minutes off his own west-to-east non-stop record.

The transcontinental flier's actual flying time for the round trip was only 30 hours, 48 minutes and 48 seconds, for he started in Los Angeles seven hours and 14 minutes before taking off for Roosevelt Field.

In less than two days the speed demon of the skies set a non-stop record for both east-to-west and west-to-east flights, for him of 19 hours, 10 minutes and 32 seconds from this field to Los Angeles eclipsed the record of 21 hours, 51 minutes set last year by Capt. C. B. Collier and Harry Tuck.

The crowds at the field here this morning were taken unawares when Capt. Hawks suddenly appeared, for meager reports of his progress had place him behind his schedule on the return flight.

When Hawks arrived, 800 persons were on the field, including his wife, who has flown 7,000 miles with him. Bucking a western wind, he started the hangar three times and apparently was making a good landing when the crowd rushed out toward him. Either blinded by the flood light or else trying to avoid hitting the crowd, he swung the plane from the east side of the field toward the south side, over-shot the field and crashed clear through a galvanized wire fence. The left wing of the plane was damaged, but the flier was not hurt, and jumped out smiling.

The crowd raced down to that end of the field, and there was great confusion for a time, while the speed pilot was being consoled.

He said he had generally excellent weather and good visibility practically all day, and only struck a little for over Pennsylvania. He got weather reports easily by means of his radio throughout the trip, he said.

Mrs. Hawks was one of the first to greet him—with a kiss.

Mrs. Hawks had been waiting for her husband at the field for three hours, the said she was never apprehensive about him because he had done it before and she was sure he could do it again.

At no time was he in any trouble, he said. He brought with him three bundles of newspapers and a letter from the Mayor of Los Angeles to the Mayor of New York. In the confusion he forgot the newspapers, but somebody took them out of the plane and threw them into the automobile in which he was being driven off with Mrs. Hawks to their home in New York City.

**BANDITS ROB STRIP MAN**

**HIGHSTOWN, N. J., June 29—(INS)—**Two armed men robbed Edward J. Kuhn of \$50 in his stand on the Windsor Road at two A. M., today.

**Capone Denied Writ Of Error By Court**

**PHILADELPHIA, June 29—(INS)—**Judge John Walsh refused to grant a writ of error for "Scarface Al" Capone today. The court ruled no errors had been made in his arrest, trial and sentence to one year in jail for carrying concealed deadly weapons. Capone was not in court. The only recourse left the Chicago racketeer is an appeal to the state supreme court. His counsel, Congressman M. Goldfarb is expected to file the appeal at an early date.

### JENSEN PLANE STILL IN AIR AFTER RECORD

### JONES LEADS OPEN TOURNEY DESPITE WIND

**Atlanta Marvel Gets  
Lead Over Sarazen  
And Espinosa In Face  
Of Savage Weather**

**By Davis J. Walsh  
International News Service  
Sports Editor**

**WINGED FOOT GOLF CLUB,  
MAMMONECK, N. J., June 29—**Bobby Jones, greatest of all medalists, overcame wind and hazard and human opposition to shoot a 36-36-71 this morning in the third round of the national open golf championship and take the lead over the field. Two strokes back of Gene Sarazen and Al Espinosa at the start of the round, Jones caught and passed both shortly after the turn for home and matched the round three strokes beyond Sarazen and four ahead of Espinosa, both of whom found a causing pale too much for their control.

Sarazen had 76th, unruled Espinosa a 77. After going out in a par 36 Tommy Armour also finished with a 76 for a 51 hole total of 221.

This left only young Denshaw, of Columbus, O., as the only competitor with a chance to top Jones at the end of the morning round. Shute, like Jones sped to the turn in 35, one under par.

The drizzling, drizzling rain, which prompted Jones to take a 56 yesterday was no more today but in its place came a toody, blustering, unmerciful gale that turned good shots into bad and bad ones into something unpredictable. It even put to the great one himself at the outset, where he was two strokes over par for putting, wizardly to the master touch of his long game and put quickly yielded.

One under even fours to the seventeenth, Bobby uncovered that he needed a couple of birdies to crack 70 and equal his competitive course round of 69 for the first round. However, par was his limit. At the seventeenth, he didn't get into his drive and needed a fairly long second, which stopped 25 feet from the pin for a 4. He might have put a birdie on the eighteenth, however, if fate hadn't decided otherwise his second roll had itselfed their national honor. That day passed, however, having diminished, until at just General Prince De Ryck's, Cincinnati,大师fully admitted there was no longer any hope, and that the others must be given up for lost.

Meanwhile, another section of the executive committee committee mapped out plans last night for their final appeal. Next week will be devoted to a legitimate canvass of the situation with a number of personal delegations.

Work is going ahead on the clearing house idea. The committee appointed to draft the plan will make its first report at a meeting to be held next week in Lakeland. Several weeks will be required to draw up a workable scheme, acceptable to all parties involved.

**Head Of University  
Seeks To Reconcile  
Science To Religion**

**CHICAGO, June 29—(INS)—**Science enlightens religion, and religion enlightens science, is the key-note of the solution of the conflict between the two, said Dr. Thomas Jacobs, president of Oberlin College at Atlanta, Ga., while speaking in Chicago today. Dr. Jacobs is the author of a recent book which attempts the reconciliation of the two for the lay mind, called "New Science and Old."

"The inception of the book was a course offered to seniors at Oberlin in orient them about the key-note of the solution of the conflict between the two," Dr. Jacobs said. The French request for the loan of the \$400,000 was granted.

Jones' round topped off that of Louis Chaptal by a stroke for the honor of being the lowest of the round up to this time. Chaptal had held his game after being trapped at the first hole and came home with a remarkable 31, which included birdies at the twelfth and fourteenth and eagle at the sixteenth.

Their Cards:

Jones: 64-63-63-63-63

—31-145-54-31-71-215;

Chapta: 64-

—54-44-45-55-58

—143-335-351-31-72-229;

Shute finally collapsed on the last nine, taking a 41, for a total of 56 and an aggregate of 220.

The standing of the leaders at the end of 54 holes thus became: Jones 208; Sarazen 218; Espinosa, 219; Shute 220 and Armour 221.

**Hoover, Stimson Confer On France's Request On Debts**

**WASHINGTON, June 29—(INS)—**The embarrassing request France has put up now in the United States to postpone certain debts due Aug. 1, was the subject of a long conference between President Hoover and Secretary of State Stimson today.

The embarrassment arises from the doubt as to whether Pres. Hoover has legal authority to grant the French request without the express consent of Congress. On that point there are many divergent opinions.

Pointing out that the \$100,000 obligation is a purely commercial transaction, Senator Reed, (R) of Pennsylvania, who usually speaks for the Treasury, advised the administration to let the President grant the French request by the negative policy of merely not pressing for payment. Congress, he said, already had indicated its "acquiescence in the postponement" by passing the resolution conferring authority on the President provided the general debt agreement was ratified.

### BODY IS FOUND

**SANDERSVILLE, Ga., June 29—(INS)—**Relatives today found the body of Dr. E. T. Holmes, 57, of Macon, former president of Georgia Military College, lying beneath a tree, a pistol by his side.

## Spanish Aviators Are Found Alive And Safe Aboard Drifting Plane; Quartet Missing More Than Week

**Rescued Airman Sends  
Word All Are Safe;  
Madrid Goes Wild As  
Report Is Received**

**By Davis J. Walsh  
International News Service  
Sports Editor**

**LONDON, June 29—(INS)—**"We are perfectly well. Best regards," this message, hurtling through the ether from the North Atlantic, was received by International News Service here today from Major Ramon Franco, famous Spanish aviator who with three companions was shot off the Azores early today after being missing a week.

Major Franco's message was sent in response to a wireless query sent blue-absurd the British air mail carrier H. M. S. Eagle, which picked up the three men when they were received by the British admiralty this evening.

The message was sent in response to a wireless query sent blue-absurd the British air mail carrier H. M. S. Eagle, which picked up the three men when they were received by the British admiralty this evening.

Upon the recommendation of the Sentinel Madrid Society, which called a meeting to the fact that five cases of dogs with rabies had been reported here this summer, the City Commissioner of Animal Control took steps to check the menace of a safe guard against human life.

Acting on their instructions, Chief of Police Roy G. Williams announced a strict enforcement of a city ordinance which provides that all dogs must be licensed and tagged, supplementing thus, he said, must be inoculated with antirabies vaccine.

The license tag will cost a dog owner \$1.25. The City will issue the cost of inoculation using the funds collected from the tags for this purpose. Dog owners will be given a week to come in to the city office to receive their tags and have their pets vaccinated.

The license tag will cost a dog owner \$1.25. The City will issue the cost of inoculation using the funds collected from the tags for this purpose. Dog owners will be given a week to come in to the city office to receive their tags and have their pets vaccinated.

Dogs are required to carry a tag which will be given to the police department and when that is issued, the dog will be given a tag showing the name of the owner and the name of the dog attached to a collar. In order to round up all dogs at the earliest time possible, Chief Williams and a special officer will be employed to pick them up.

Owners will be given an opportunity to identify their dogs and acquire tags during the coming week. After that, all animals picked up without tags will be destroyed in accordance with provisions of the law.

Meanwhile, the Committee

were slated to pass an ordinance Monday incorporating the provisions of the present law with the amendment for inoculation.

Chief Williams characterized the matter today as a serious problem. He said human lives are endangered, especially those of children, and he urged the citizens' cooperation in remedying the situation.

Strangers grasped each other

hands in the street and exchanged accumulated in front of enter-peneur buildings and newspaper offices, shouting, gesticulating, laughing with joy and crying those free flowing tears of relief. Never in the history of Spain had

### Improved Business Conditions Are Found By Evans In Northern States

**Reporting that business conditions are good in the North and show improvement every day,** Dr. James Evans, county commissioner and extensive property owner, returned home Friday full of enthusiasm and feeling optimistic about the future.

"After studying business conditions closely for the past six weeks I am convinced that we are on the eve of the greatest era of prosperity this country has ever experienced," Mr. Evans declared.

Mr. Evans, who owns extensive manufacturing interests in Boston, reported that his plant, doing an unprecedented volume, was in excellent condition, he said, calling attention to the fact that carpenters in New England are receiving \$1.27 1/2 per hour and other craftsmen are receiving wages that are proportionately as high. Laborers, he reported, are getting as high as \$5 a day.

The County Commissioners found people more interested in Florida than ever before. With a single

**Young Sunday School Teacher Is Victim Of Attack Last Night**

**ATLANTA, June 29—(INS)—**Alive and safe after more than a week of drifting on the seas, Major Ramon Franco and his three companions who had been given up for lost while attempting a trans-Atlantic flight, have been found near the Azores by the British air mail carrier "Eagle," according to an official message from the vessel to the British Admiralty today.

After several days of searching the waters between the Spanish mainland and Portuguese mainland and the Azores, watchers aboard the Eagle sighted the huge British

aircraft drifting on the waves. The vessel steamed closer, and ascertained that in spite of their hardships and incredible escape from disaster, the airmen were safe and apparently in good physical condition.

Miss Grace Elizabeth Major, 25, was the victim. She is suffering from a badly bruised left eye and head injuries which doctors fear may be concussion of the brain. She was a housekeeper in Hollywood, she said, and taught a Sunday school class to the First Baptist church there.

Detectives Roy Whately and J. C. Davis, who are assigned to the case, reported that her baggage had been ransacked but that although there was no money, several valuable articles of jewelry had apparently been overlooked by the robbers.

"We are virtually blind for the entire journey through a blanket of white,"

## Schmeling Beats Basque Leaving Him With Badly Battered Face At Finish

By Davis J. Walsh,  
International News Service  
Sport Editor.

NEW YORK, June 25.—Fifteen years ago, the Kaiser dreamed of world dominion, the silly, empty dream of a mind that knew vanity as its engrossing emotion. Today, he sits at Drott, alone, unloved, and waits for death while the world he sought to conquer lies at the feet of a former subject who, wiser than the master, is content to conquer only in the field of sport.

The world is not yet Max Schmeling's for the mere asking but one more victory such as that scored over Paulino Uzcudun, the Spaniard, in 15 rounds at the Yankee Stadium last night and the foaming stein will be the water bucket and the pretzel the favorite bouquet of fistians. Schmeling today needs another step up the ladder and the heavyweight championship of the world will be his, to have and to hold until the better man comes along.

He will try to take that crucial step in September in a final bout of the heavyweight series against Jack Sharkey, the vulnerable, and many last night in the mill-fund's crowd of 40,000 seemed convinced that ultimate failure would

be in store for the unbeaten

in five Americans starts and successive victories over Risko and Paulino, they regard him now as a man of destiny.

Schmeling was only a lad just

out of his toddling kits when the Germans broke over the borders of Belgium in 1914 but from the tenth round onward, last night, he was just another fighting Prussian of the old days, staunch in adversity and desperate in his will to win. Going into the tenth round of what had been a dull fight with a fairly even one, he fairly cut the stout, old Basque into human hamburger with short, chopping, punishing punches and at the end Paulino was a pitiful sight, with eyes all but closed and his face a vague, unhuman smear of crimson, he tottered on the verge of knockout for the first time in his career.

The knockout didn't materialize but Schmeling was quite without blame in the matter. He hit that stanch old whalebone which Paulino carries directly below his lower lip with punch upon punch

with almost cruel monotony. The Basque, not unlike the stricken animal in the bull ring just before the kill at his own Seville, stood braced in mid-ring, his mouth open and glazed eyes peering agonizingly out from puffed and bleeding lids, and took the rain of blows upon a head unbowed.

He didn't fall. His knees buckled and drooled but they didn't forsake him altogether. Paulino was a stirring figure in defeat,

though a grawsome one.

Schmeling was equally impressive in victory. He looked the part of a downright good fighter once his handlers sent him out to fight. They said afterward that they were "peeing" him. If this is the case, I wonder timorously suggest that they try him out hereafter in some of the trotting events. Schmeling, much after the manner of the rest of the world is a good fighter only when he fights.

His own version of the circumstances after the fight was that he injured his favorite right on Paulino's favorite eyebrow in the fifth round and that, thereafter he had to fight largely with the left, supposedly an inferior weapon.

Whatever the reason—whether it was that one must go thumping through the dictionary for another word fit courtesy in order to call this fight at the end of nine rounds. Neither had done anything to be the other on a very large scale. The first two were Schmeling's because he was willing to let go with a left hand Paulino was unwilling to let go with anything. The next two were even because neither man was able to muster a scowl more ferocious than the other's. Paulino then came on with a body attack to win the fifth sixth and eighth, with the seventh even. The ninth also was without sufficient action for any observer to call his shots. Then suddenly they took the blankets off a man who really could pitch and the idea was very bad news to the man who only could catch.

If Schmeling's right was injured, then Paulino was lucky for the first and only time during the evening, for it was with the damaged right that Max sorted the wet wash for the trip to the laundry that followed. However, mistaken notions of this kind will crop

up and, lest one forget, it might be well to mention at this juncture that the pre-conceived idea of Schmeling's weak jaw and stomach was not borne out by facts.

Paulino may not be able to punch a good, deep dent in your derby, as alleged, but he can thump you in the ante room and occasionally on the china closet with some degree of emphasis. In fact, he not only cuts, but did last night and Schmeling took it all, then came on and won as the stretch runner and champion must.

Anyhow, the damaged right had landed once, twice, thrice, in the tenth round and it must have hurt Max terribly; maybe, almost as much as it hurt the Basque's chin.

It was here that he first began to wobble and bleed and it is a matter of record that he never stopped until the final bell called off this strange torero with the heavy Teuton features that some say resemble Dempsey's.

Briefly and gallantly, Paulino rallied to carry the attraction to the twelfth but the previous round had seen the German leave him almost sightless with a series of stabbing lefts and no-Rally or no rally, the end was not far off.

It would have come immediately

to a man less hardy of head and heart. Paulino may be washed up but he isn't spotlessly clean yet. As for Schmeling, he would have knocked out anybody else in the bunches of the last five rounds.

A good fighter, this first German to get so close to a heavyweight champion, and a pretty smart one, at that.

Tallahassee—Building permits issued here during month of May totaled \$175,542.

TOBACCOES

You'll find a full and complete line of all kinds of tobaccoes, pipes, cigars, cigarettes and chewing tobaccoes here at all times.

**Would You Know One If You Saw It?**

If you ever came face to face with a germ, would you recognize it? Of course, it is not likely that you ever will see a germ, unless you own a remarkably powerful microscope, for you would have to magnify one over 1,000 times to make it look as big here. But you should recognize the fact that these tiny germs can get into your blood streams through the manifest cut and give you typhoid fever, tuberculosis, locking blood poisoning, and many more important and perhaps fatal diseases. There is one safeguard against these dangers—washing every cut, no matter how small, thoroughly with Liquid Borosil, the safe antiseptic. You can get Liquid Borosil at Sanford Drug Co., Laney Drug Store, Roselli & Anderson, U.S.A. Pharmacy.

BIBLE VERSE FOR TODAY

**THE EARTH'S PRESERVATION**—Ye are the salt of the earth; but if the salt have lost his savour, wherewith shall it be salted? It is therefore good for nothing, but to be cast out, and to be trodden under foot of men.—Matthew 5:13.

**PRAYER**—May our ambition, Lord, be so to live that every day the earth may be purer and sweeter.

**THE HEART**  
The mind is too opaque  
To understand the heart  
Which thrives on other roots  
Than intellect and art.

The mind grows like a pearl,  
Predicted to be flame;  
The mind is tested by change,  
The heart remains the same.

I have no accurate words,  
To dazzle or attract;  
You, who are pleased by truth  
And tormented by fact.

My voice are stirred by things  
You would not recommend,  
And so I must remain—  
Platonic to the end.

Stumbling through rhetoric  
To captivate a smile;  
Praying the heart may cease  
Its pounding for awhile.  
By Harold Vinal

When better golf is played, Bob  
by Jones will teach the others how,  
And how.

If we could see ourselves, as others  
see us there would be considerably  
fewer turned up noses.

When you are in Rome do as the  
Romans do; when you are in Paris  
let your conscience be your guide.

And of course we think, that Mr.  
Reeves' whole name appeared in a  
column as "Bob," had a  
little room to kick.

Farceignly in sometimes or  
that we慷慨地 gave  
hand painted car muffs to the  
lady who got drunk on stuff.

Standing In Mexico says a  
Madame, before now, who in the  
days to be? Oh yes, he used to  
say a second base for the Cards  
but who got drunk on stuff.

Our office boy is thinking of  
starting to work for a yeast man  
manufacturing company up the river  
but he ought to have a rapid rise  
to the top.

A friend in politics says most  
of the trouble at the formal meals  
in Washington is not about which  
chair but which forks Belvoir  
Free Press.

The Tampa Tribune records that  
Mr. Edmund Basque in Florida  
last winter. Perhaps it isn't necessary to say that for awhile, at  
least, he'll be deprived of Basque  
in the meantime.

Government authorities say big  
beer is being served on the Leviathan  
and her owners emphatically deny it. We were never much on  
psychoanalysis, but it looks as if  
Leviathan is lying.

No much hypocrisy has been  
displayed in connection with the ob-  
servance of prohibition laws that  
the revelation of a dry senator's  
extensive use of wine aroused  
scarcely a ripple of interest.

It must make other members of  
the dry family jealous to think  
that one of their number is con-  
tributing to so much more publicity  
than the others, but then those who  
are ignorant ought to be a little  
more enterprising.

At least all we are willing to bet  
in connection with the Presi-  
dent's law enforcement commis-  
sion and its important labors is  
that the minority report will be  
more interesting than the majority one.—Ohio State Journal.

According to various Hor-  
tense, if you see a girl whose  
face seems to need washing, the  
chances are that it is only an  
artificial tan, but, even so, it  
may need washing.—Springfield  
Union.

Recalling the cub reporter who  
didn't write anything about the  
wedding because the groom failed  
to appear, an Arkansas country  
correspondent says, "There is  
no news this week on account of  
the flood."—Detroit News.

The governor of Florida recom-  
mends an amendment reducing  
the length of residence necessary  
for divorce to six months. There  
is nothing that state won't do for  
the convenience of winter so-  
journers.—Louisville Courier-  
Journal.

## A Test Of The Gasoline Tax Law

It now appears certain that the gasoline tax bill, as recently enacted by the Legislature, is to be the center of a court fight waged upon the constitutionality of its provisions. The attack on the tax is not upon the fact that an extra cent was added but upon the methods of distribution of the funds to be collected. In the test case, opponents of the measure will claim that the two-cent levy for the purpose of paying the bonded indebtedness of counties and districts, where bonds have been issued for road purposes, is unconstitutional. A similar charge will be made with reference to the one-cent levy, which is proposed to be distributed among the counties for common schools and road purposes. The allocation of the other three cents, the same as under the former law, is deemed to be in accordance with constitutional provisions.

Under the terms of the present gas law, three cents went to the State Road Department for the construction and maintenance of roads; one cent was divided equally among the counties to build county roads, and another cent went to the schools. A redistribution of the funds was favored by the Carlton administration principally for the reason of affording tax relief to the counties in the retirement of road bonds. Under the terms of the recently enacted measure only two cents would have gone to the State Road Department, two cents to pay off the road bonds of the counties, one cent for distribution among the counties, two-thirds of which was to be given to the public schools and one-third to county roads, and the extra cent was tagged on when it was ascertained that the schools had lost in the reapportionment of the original five-cent levy.

Since the validity of the act has been questioned it is well that the litigation is to be pushed as rapidly as possible in order to obtain an early ruling of the court and thereby save county boards any possible embarrassment. Just now the commissioners of the several counties are making up their budgets and preparing to set their tax levy. If, as it has been pointed out, the boards make their plans to receive aid under provisions of the Bill and then learn several months from now that the gas tax law is unconstitutional, they would be in a dilemma from which they could not extricate themselves without numerous difficulties. If, on the other hand, the act is declared to be valid, the administration forces would be materially strengthened by the victory.

## Greater Armaments

Ten years ago yesterday the Versailles Treaty was signed thereby signaling the close of the greatest war in history, a war admittedly caused, to a large extent, by the super-militarized conditions in certain nations. We often hear then of the dangers from too great armies and navies. We also heard that it was the purpose of the Allies, if successful, to bring it about that no such armed force at the Kaiser possessed could ever again rear its head to threaten the peace of the world. But, we suppose, this has been forgotten, and today we find the world powers engaged in a frantic expenditure of money to build huge fleets and vast armories.

And while this is going on the agencies of peace are hard at it, making treaties to renounce war and otherwise taking such action as might deter nations from resorting to arms as a means of settling disputes. Oddly enough military expansion continues to go forward and we are reminded of the words of someone who implores: "After signing an agreement with twenty-six nations outlawing war, the United States starts construction on fifteen new cruisers, how many cruisers would she build if no treaty had been signed?" In other words, there is something very inconsistent about talking peace and preparing for war. Of course the argument is that strength of arms will act as a sedative for militaristic thoughts, and this might be a reasonable argument if the example of history didn't prove that, when a strong fighting machine is formed, its use for it is usually found.

We do not blame the agents of peace for continuing their efforts but it does seem regrettable that they cannot enlist more concrete support as an evidence that all is not insincere.

## A VICTOR IN PEACE

NEW YORK TIMES

Mr. Owen Young himself tells the story that when he was a freshman logicie he thought he deserved advanced training in mathematics, and so informed his professor when he came to report for examination. When he appeared at the appointed place he found written across the board the single question: "Two times two equal what, and why?" After convincing his knowledge on the subject holding several attempts at an answer he decided to accept the place in the class in which he found himself. In applying the story to his recent reparation experience, he said, on receiving a medal of appreciation four years ago that in the Dawes plan they had simply said "two times two equal what, and why?" After convincing his knowledge on the subject holding several attempts at an answer he decided to accept the place in the class in which he found himself.

In applying the story to his recent reparation experience, he said, on receiving a medal of appreciation four years ago that in the Dawes plan they had simply said "two times two equal what, and why?" After convincing his knowledge on the subject holding several attempts at an answer he decided to accept the place in the class in which he found himself. He added, that this was, after all, not the best answer, and said that the question, however, is a great international financial obligation which must be discharged without delay, without impairment of good faith and yet within the narrow limitations of economic possibility. This was to be solved, only by simple and careful methodical experiment. He added, and said that the question, however, is a great international financial obligation which must be discharged without delay, without impairment of good faith and yet within the narrow limitations of economic possibility. This was to be solved, only by simple and careful methodical experiment. He added, and said that the question, however, is a great international financial obligation which must be discharged without delay, without impairment of good faith and yet within the narrow limitations of economic possibility. This was to be solved, only by simple and careful methodical experiment. He added, and said that the question, however, is a great international financial obligation which must be discharged without delay, without impairment of good faith and yet within the narrow limitations of economic possibility. This was to be solved, only by simple and careful methodical experiment. ## Social And Personal Activities

MISS MARGARET PETERS, Society Editor  
Office Telephone 148.

### Social Calendar

#### MONDAY

The regular business meeting of the Woman's Missionary Society of the First Methodist Church will be held at 3 o'clock at the church.

The monthly business meeting of the Dependable Class of the First Methodist Church will be held at 8 o'clock at the home of Mrs. Harold Appleby, corner of Washington Avenue and Twentieth Street.

The Woman's Missionary Society of the First Christian Church will hold its monthly meeting at 3 o'clock with Mrs. A. H. Byrd and Mrs. James Richards as leaders.

Circle Number Seven of the First Baptist Church, Mrs. L. E. Estridge, chairman, will meet at 3:30 o'clock with Mrs. Charles Schaefer, 303 Holly Avenue. Members are asked to bring their mission study books.

The Woman's Guild of the Cross Episcopal Church will meet at 4 o'clock at the Parish house.

Circle Number Eight of the First Baptist Church will meet at 3:30 o'clock with Mrs. Robert Glenn, 100 East Fourth Street.

Circle Number One of the Presbyterian Auxiliary, Mrs. Brown, chairman, will meet with Mrs. Frances Russell at her home in Washington Court, Wynewood at 4 o'clock.

Circle Number Two of the Presbyterian Auxiliary, Mrs. Caldwell, chairman, will meet with Mrs. M. B. Kelly, 1112 Myrtle Avenue at 4 o'clock.

Circle Number Three of the Presbyterian Auxiliary, Mrs. Walter L. Cooper, chairman, will meet with Mrs. Fred Williams, Crystal Lake at 3:30 o'clock.

Circle Number Four of the Presbyterian Auxiliary, Mrs. William Erickson, chairman, will meet with Mrs. H. L. Peck Jr., 406 West Eighteenth Street at 4 o'clock.

Circle Number Five of the Presbyterian Auxiliary, Mrs. James Gillon, chairman, will meet with Mrs. S. C. Dunn, 410 West Nineteenth Street, at 3:30 o'clock with Mrs. Ralph Miller as assistant hostess.

Circle Number Seven of the Presbyterian Auxiliary, Mrs. J. P. Ridge, chairman, will meet with Mrs. C. E. Rawson, 2425 Mellon Avenue, at 3:30 o'clock.

Circle Number Eight of the Presbyterian Auxiliary, Mrs. D. A. Thrasher, chairman, will meet with Mrs. W. B. Zachry, 419 Myrtle Avenue at 4 o'clock.

Circle Number Nine of the Presbyterian Auxiliary, Mrs. A. H. lace, chairman, will meet with Mrs. E. Bolz, 2205 Melton Lane, at 8:30 o'clock.

Circle Number Nine of the First Baptist Church will meet at 3:30 o'clock with Mrs. George R. McCall at her home, 117 West Nineteenth Street.

Circle Number Four of the First Baptist Church, Mrs. John Abrahams, chairman, will meet at 8:30 o'clock with Mrs. F. W. Stanley, 1103 Elm Avenue.

TUESDAY

The Atheneum Class of the First Baptist Church will hold its regular business and social meeting at 4 o'clock at the church with Mrs. J. B. Dotsey, Mrs. E. Warren, Mrs. C. P. Henderson and Mrs. J. C. Mitchell as hostesses.

Seminole High P.T.A. Has Called Meeting

The members of the Seminole High P. T. A. held a called meeting recently at the school auditorium with Mrs. J. N. Robson presiding. The meeting was called to settle unfinished business of the year.

At this time Mrs. A. M. Phillips was elected to serve as president for the coming year in the place of Mrs. Robson who resigned. Mrs. G. E. McKay, newly elected secretary, also resigned at this time and Mrs. R. R. Deas was elected

serve as secretary. It was decided that the P. T. A. should have charge of the school grotto during the next year and the board of education was chosen to manage it.

After matters of importance the meeting adjourned. A large number of members were present.

#### PARACHUTE FAILS

NEW YORK, June 29—(INS)—Bennie Mizrahi, 22-year-old Japanese today jumped from Manhattan Bridge to the amazement of spectators with a home made parachute strapped to his back. The chute failed to open in the 120 foot drop. He was rescued from the water by police and is recovering at Bellevue Hospital, where they spent the day.

### U.D.C. Chapter Holds Bridge Party Friday

#### PERSONALS

Miss Pearl Robson left Thursday for Jacksonville, where she will spend several days with friends.

Mr. and Mrs. Cordell will spend the summer at Rochester, N. Y., but they expect to return here in the Fall to make their home.

Mr. and Mrs. K. G. Soderstrom and children of West Sanford, have returned from Savannah, where they spent a two weeks' vacation.

Dr. and Mrs. H. W. Rucker and son left Saturday for points in Tennessee, Kentucky and North Carolina where they will spend a month visiting relatives.

Mr. and Mrs. John R. Jernigan and family of Wetumpka, Ala., arrived Friday to spend some time here as the guests of Mr. and Mrs. J. N. Hayes, who was presented with a linen bag for "low score." Mrs. S. Hamm, who was lucky in cutting, received a box of stationery.

The rooms where the tables were spread for play were adorned with a profusion of roses and violets arranged with tortoiseshell bowls and bowls. The tortoiseshell and other bridge accessories were in white and were adorned with red bows of satin ribbon, developing a red and white color scheme. Further emphasizing the color motif were the prizes which were wrapped in white and tied with red satin ribbon. All flowers used for decorations were presented to co-ordinate with the room.

Word has been received here that Mrs. E. M. Calloway, who has been in New York for some time, is visiting Mrs. W. E. Watson at Crawford, N. J. Mrs. Calloway, who has been ill, is said to be very much improved.

At the tea-hour refreshments were served by Mrs. A. P. Connell, assisted by Mrs. W. C. Hill, Mrs. B. D. Caswell, Mrs. G. W. Spencer, Mrs. Claude Herndon, Mrs. D. Caldwell, Mrs. George D. Bishop, Mrs. J. A. Dentist and Mrs. B. L. Perkins.

Among those seen playing were Mrs. J. G. Sharpe, Mrs. George A. DeGrazia, Mrs. J. L. Hurt, Mrs. S. D. Hitchcock, Mrs. M. H. Murphy, Mrs. G. F. Smith, Mrs. George D. Bishop, Mrs. A. J. Richardson, Mrs. George Witmer, Mrs. A. P. Connell, Mrs. John H. Macdonald, Mrs. S. O. Chang, Mrs. F. E. Remondini, Mrs. W. C. Hill, Mrs. R. Holly Jr., Mrs. B. J. Holly, Mrs. George Davis, Mrs. L. P. Hagan, Mrs. D. Caldwell, Mrs. A. B. Wallace, Mrs. Paul Burgess, Mrs. H. H. Blandley, Mrs. I. L. Perkins, Mrs. H. C. Long, Mrs. J. C. Bennett, Mrs. John C. Smith and Mrs. W. R. Campbell.

Also Mrs. A. H. Mahoney, Mrs. Harry Wilson, Mrs. O. F. Holden, Mrs. E. D. McElroy, Mrs. William R. May of Oquinn, Mrs. Karl Shultz, Mrs. H. W. Parker, Mrs. George Herdon, Mrs. Earle E. Jones, Miss C. Hardin, Miss Betty Ashton, Mrs. M. L. Major, Mrs. Morris Spangler, Mrs. M. A. Arndt, Mrs. N. H. Hayes, Mrs. C. A. Taylor, Mrs. C. W. Baker, Mrs. R. L. Miller, Mrs. J. B. Caylor, Mrs. J. C. Mitchel, Mrs. E. C. Smith, Miss Bobbie Chapman, Mrs. R. L. Peck Jr., Mrs. W. W. C. Smith, Mrs. S. S. Boward, Mrs. H. A. McMichael, Mrs. W. L. Lester, Miss Virginia McMichael, Miss Elizabeth Smith, Miss Helen Compton and Miss Louise Hickman.

During the course of the evening bridge games were enjoyed by the guests and prizes awarded to Miss Margaret Peters, G. W. Spencer Jr., and Harry Woodruff. Miss Peters received both salts in a modern case for having high score among the girls, while Mr. Spencer was given a tie for holding high score among the men. Mr. Woodruff, held the lucky tally and was the recipient of a set of playing cards.

A profusion of tea, sardines, roses and other summer flowers were arranged with fern about the rooms where the guests were entertained while the ladies were put out designs of ships in brilliant colors fashioned along domestic lines. The prizes were wrapped with lavender tissue paper and tied with a large bow of satin ribbon.

At the supper hour the hostess served a salad and ice course. She was assisted in serving by Mrs. R. J. Holly Jr. Those invited to be with Miss Murphy were: Mr. and Mrs. R. J. Holly Jr., the Misses Oliva Newman, Camilla Peterlin, Kitty DuBois, Margaret Peters and Frank Woodruff Jr., Robert Dodson, Harry Woodruff, G. W. Spencer Jr., and William Dash.

Mr. W. W. Nelson and Chandler Nelson of Longwood, and Miss Mary Murphy of Victoria, Texas motored to Jacksonville Saturday

and Sunday, where they spent the day.

Mr. and Mrs. McCauley,

(adv.)

### Faculty of Diplomatic College

The University of Southern California has just opened its newest school, the College of International Relations, an institution that has been organized to teach in such matters as diplomacy, international commerce and kindred subjects. The idea is to promote friendly relations between all the nations of the world.

The faculty of the College of International Relations, left to right: Chancellor Rufus H. von Kleinsmidt, Dr. Karl G. Leistikow, Syracuse University; Dr. Aretha Reinhard, Mills College; Bishop Bertrand Stevens, Charles K. Edmunds, Pomona College; Congressman Frederick M. Davenport, New York; Dr. E. C. Moore, University of California; Harry T. Collins, University of Pennsylvania; W. D. Peet, Peking, China; Mrs. Susan M. Dorsey, Superintendent, Los Angeles Schools; and H. L. Schenck, University of Arizona.

We invite you to worship with us:

**FIRST CHURCH OF CHRIST, SCIENTIST**

Christian Science services are held every Sunday morning at the

Waukegan Club, 160 Oak Avenue, Waukegan, Ill., subject to tomorrow morning. Services at 11 a.m. Previews at 10 a.m. Sunday.

**SECOND METHODIST CHURCH**

o. P. Bullock, Pastor

Services at 10:30 a.m. Prod.

### London Society Is Formed To Change Style Of Raiment

LONDON, June 29—(INS)—

War has been declared on the collar button. The future dress of man will be a tunic shirt, open at the neck and with sleeves rolled up; shorts and a tunec jacket will be the outer wear. In an effort to revolutionize man's dress, an organization has been formed here by an actor, an artist, a school teacher, three doctors and a high representative of the church. The organization is known as the "men's dress reform party."

Mr. Alfred C. Jordan, secretary of the party, today explained the organization's aims: "We want to make men's clothing less ugly and less cumbersome, men wear far too much. Perhaps the first thing to abolish is the collar button. Men have far too many buttons to trouble them anyway, and on some of the latest shirts there are as many as 20 buttons. Enclosed in dressing."

The very Rev. W. R. Inge, the "Glamour Doctor" of St. Paul's Cathedral, who is one of the founders of the organization, is of the opinion that pantaloons and shirt are an ideal kit for half-naked men.

Mrs. M. E. Doddy will leave for Detroit, Mich., where she will be joined by her brother, Charles Brown. On her return she will visit at Bloomsbury, Ill.

The Rev. Thomas Williams started his new year here last Sunday with a good attendance. He was accompanied by his brother and two daughters, Rachel and Dorothy, of Rhine, Ga., his former guests.

Mr. J. L. Lively and daughter, Eddie and Nedie, will have dinner Saturday at Midway, Fla., where they will see Mrs. Lively and spend the summer.

Mrs. William Kilbey is confined to her home with influenza.

Mr. and Mrs. Charles Phillips are attending the Grace Growers Association which is being held in Orlando this week.
