## Over 6,500 Turn Out For Local Navy Event

### Festivities Complete Success

Seminole County Navy Appreciation Day was a complete success.

More than 6,500 people, Navy personnel and Seminole County civilians, turned out Saturday to celebrate the second such event to be staged here.

Senator Spessard Holland, at the noon Joyce sponsored luncheon held at the Mayfair Inn, told Navy and civic leaders "I think this spot is an ideal one for the continuation of a Navy base. I've always believed in keeping families together and when I see this fine family of civilians and Navy people it would hurt me to be a party to breaking it up."

One of the leaders in the effort to retain the Naval Air Station in Seminole County, Congressman A. S. "Syd" Harlong Jr., who, with Senator Holland, was in Sanford to attend the Navy Appreciation Day event, made it clear that he is in favor of expanding the local base, as he spoke to the luncheon group of nearly 100.

Rear Admiral Carl J. Pfingsdag Asst. Chief of the Bureau of Naval Aeronautics, a personal representative of the chief of his bureau, commented "In my job I have to work with all Naval Air Stations, 101 of them, and I see more complaints than anything else."

Speaking of the local base, however, the Navy official said "It's a pleasure to be in Sanford where we are appreciated and in Washington, we appreciate you, too."

Captain I. N. Curtis, Public Works Officer of the Naval Air Station, Jacksonville told the luncheon group "I am very happy to have been included among your guests. We're appreciative of the fine attitude of the people toward the Navy."

Other Navy officials to be introduced were: Captain J. T. Blackburn, Commanding Officer, Heavy Attack Wing One; Captain J. R. Rood; Captain Robert W. Jackson, Commanding Officer, Naval Air Station, Sanford; Cdr. Joseph M. Tully Jr., Cdr. Blaine (Continued On Page Two)

### W. C. Mokler, 65, Dies Saturday

William C. Mokler, 65, died suddenly Saturday morning. He came to Sanford four years ago and made his home at 810 Rosalia Drive.

Survivors include the widow Lydia; Mokler one daughter, Pauline Tobey, Irvington, N. J.; one son Ted Mokler of Irvington; one brother, Paul Mokler, Red Bank N. J.; one sister Mrs. Bertha Wiegand, Elizabeth, N. J.; and two grandchildren.

Funeral services were held today at 1 p. m. at the Gramkow Funeral Home with the Rev. Philip Schlessmann officiating.

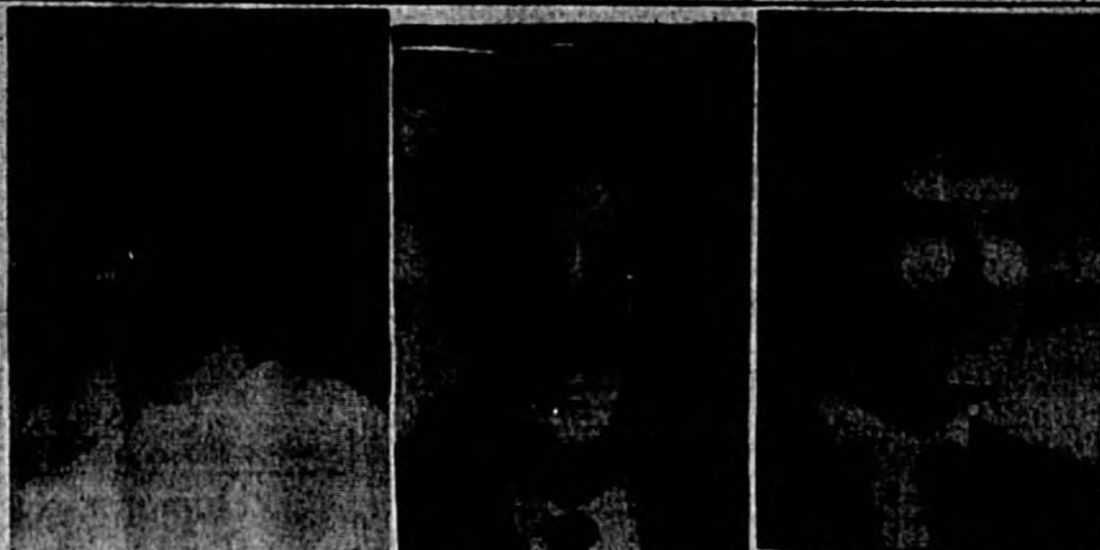

Remains will be sent to Irvington, N. J. for burial in Woodlawn Cemetery.

### Pan-American Day Topic Of Students' Talks At Rotary

A trio of persuasive Rollins College students highlighted the regular weekly meeting of the Sanford Rotary Club held at noon today at the Yacht Club, when they discussed Pan-American Day as a symbol of Inter-American cooperation and pleasant relations with the countries of Latin America.

Appearing on the program arranged by Robert L. Lamson of the local club with gracious assistance of his friend, Dr. A. J. Hanna of Rollins, were Miss Sally Peck of Washington, D.C., chairman of the group; Emilio Lelabo, of Barranquilla, Columbia and Manuel de Urresti of Biarritz, France. Since International Service is one of the four major "highways" of Rotary International, the program was in keeping with the aims and objects of the world-wide organization of business and professional men now found in over 90 countries of the World. In fact, according to L. L. Perkins, Jr., director in charge of international service activities in the club, Rotary may well lay claim to being international organization since it is in so many countries.

A member of the senior class at Rollins scheduled to appear, Vincente Antonetti, was forced to cancel his talk because of a conflict. Antonetti, who hails from Puerto Rico, was remembered by those present as having appeared on a similar program last year.

THE THREE SPEAKERS AT TODAY'S ROTARY luncheon during a Pan American Day Program. They are: (left to right) Sally Peck, Emilio Lelabo, and M. de Urresti. All are students at Rollins College.

### 33 County School Children Enter Spelling Contest

There will be 33 Seminole County school children vying for top honors in a spelling match which will be heard over WTRB on Tuesday night with the finals held on Thursday night at Sanford at Sanford Junior High School.

The spelling contestants will be heard in a practice session Tuesday night as they reel off the spelling of words furnished from a prepared list that contain both the simple and the complex words that even the professional grammarian sometimes find difficult.

Local spelling matches are under the direction of E. C. Stuebe, county director, who has been conducting the matches for a number of years.

Matches are sponsored by the Miami Herald in which 23 counties participate. Top two winners in the local spelling contest will go to Miami early in May to determine the South Florida spelling champion.

The Tuesday night match will be heard at 7:30 p. m. and the Thursday night match, to which the public is invited, will also begin at 7:30 p. m.

Contestants and the schools they represent are as follows:

- Lake Monroe: Alice Myers 12 yrs. 7th grade; Tony Baker 12 yrs. 7th grade; Janet Johns 13 yrs. 8th grade.
  - Lyman School: Peter Alexander 13 8th grade; Steve Moul 13 yrs. 8th grade; Camilla Kirkland 13 8th grade.
  - All Souls: Deanna Dietrichs 14 yrs. 8th grade; Richard Keefer 12 yrs. 7th grade; Mary Nelson 11 yrs. 6th grade.
  - Grammar School: Johnny Phillips 11 yrs. 6th grade; Donna Young 11 yrs. 6th grade.
  - Geneva School: Ruby Bowen 12 yrs. 6th grade; Jimmy Jacobs 11 yrs. 6th grade; Catherine Markowicz 10 yrs. 5th grade.
- (Continued on Page 10)

### Mayor Proclaims April As Cancer Control Month

Mayor David Gatchel proclaimed April as Cancer Control Month today and urged support for the American Cancer Society's Crusade in Sanford.

The 1957 ACS fund-raising and educational campaign was launched today. The nation-wide goal is \$30,000,000 which will be used in support of research, education and service programs.

The proclamation declares: "Because cancer is one of the most critical health problems our community, our state and our nation has ever faced, and because important progress in the battle to control cancer has been made through the efforts of voluntary agencies such as the American Cancer Society and its programs of research, cancer education and service, I hereby proclaim April 1957, as Cancer Control Month, and earnestly invite the fullest and most generous support for the annual Cancer Crusade that its life-saving work may continue. I also urge the medical profession, the press, radio and television and all agencies concerned to join actively in observance of Cancer Control Month."

### \$1,000 Damage Is Seen In Two-Car Collision Saturday

More than \$1,000 damage was estimated when two cars collided at the intersection of State Road 436 and 15-000 Saturday night shortly before 8:30.

Florida Highway Patrol Trooper T. Mack said yesterday that a 1935 Oldsmobile, driven by Roger Johnson, attached to the Heavy Attack Training Unit at the Sanford Naval Air Station, traveling south, smashed into a 1950 Chevrolet, driven by Charles Edward Smith of Apopka.

The collision occurred when Smith's car pulled out from the intersection into the path of the car driven by Johnson, said the Trooper.

Damage to the Oldsmobile was estimated at \$850 while damage to the Chevrolet came to approximately \$250.

Smith, complaining of a leg injury, was sent to the Winter Park Hospital.

Charges will be placed against Charles Edward Smith, said Trooper Mack.

## 1957 Legislature Faces Long Session

### Funeral Today For W. R. Hoyer

Funeral services for William Richard Hoyer, 83, who died last week at Seminole Memorial Hospital were held this afternoon at 3 o'clock at Brisson Funeral Home with the Rev. H. M. Thomas of DeBary officiating.

### Training Course Starts Tomorrow

The Girl Scout basic leadership training course starts at 9:30 to 1:30 p. m. tomorrow at the Presbyterian Youth Building.

### Southern Bell Group Manager Told

John Cooper, District Manager Southern Bell, announced today the appointment of Robert F. Shedden as group manager of Sanford, effective Apr. 1. In the Sanford group is Ovelo, Geneva, Sanford including the DeBary office.

TALLAHASSEE (AP) — The Florida Legislature opens its 1957 session Tuesday to perform the difficult feat of squeezing a trainload of requests into a year's tax money.

Already in Tallahassee for the first sound of the gavel is the Seminole County legislative delegation. They have carried with them a number of local bills including pay raises for the Board of Sanford City Commissioners, additional funds for county commissioners' expense, countywide zoning and annexation.

Senator Douglas Stenstrom, Representative Mack N. Cleveland, Jr., and Representative Gordon V. Frederick left Sunday for the Capitol City and the necessary pre-session planning before the session gets underway tomorrow. Advance indications are that when the gavel bangs the session into being, the House at 11 a. m. and the Senate at noon, it will touch off a long and spectacular performance. Above everything

else loom the record requests for money and constant talk of new taxes.

Although the Cabinet Budget Commission has recommended appropriations well within expected revenue, the exact state of affairs will not be known until Gov. LeRoy Collins delivers his message to the lawmakers at 3:30 p. m. Tuesday.

School teachers are demanding higher salaries and some even have threatened to strike to get them. Virtually every state agency is after a pay raise. A vast building program for the public schools, junior colleges, mental institutions, prisons, state agencies and public highways is being urged.

The Citizens Tax Council has recommended widespread revision of Florida's tax structure. A special committee is calling for the state to build more schools faster and catch up on an \$5 million dollar backlog of needs. A new state university is planned at Tampa. Collins is expected to recommend training program after which he served as a supervisor until his first manager's job in 1932.

Some background information on Shedden follows: He was born in Boston, Massachusetts in 1920. Attended grade school there. After grade school he attended Pomfret, Conn. Dartmouth college was his choice of colleges and he attended there until he enlisted in the U.S. Naval Air Corps in 1942. He saw two years combat in the Asiatic theatre as a carrier based fighter pilot. For his war efforts he holds the Navy Air Medal.

His hobbies include golf, shoots in low 90's and hunting and fishing. He and his wife, Virginia, were married in 1946, they met while she was a Naval link trainer instructor in Atlanta. Mrs. Shedden attended the University of Florida with Bob for two years. They now have two daughters, Christina and Marta, however, while she is busy with her children Mrs. Shedden still finds time to pursue her hobbies of tennis, sewing, and basket weaving.

Earl Turner, Manager of Sanford, will continue in the same capacity.

Partly cloudy through Tuesday. Chance of a few scattered showers this afternoon and tonight. Little temperature change.

ROBERT F. SHEDDEN

## Advice To The Lovelorn

Dear Miss Cry-Shoulder,  
I've liked a center boy and last year I went steady with him. This year he won't even talk to me. What can I do?

**Lovesome Gal**  
Maybe being a center boy has given him excessive self-confidence and superiority. If this is the case there isn't too much you can do. Try looking up to him as the great big hero type. If that doesn't work, try putting him in his place. Just because he is a center boy is no reason for him to ignore you. Let me know what happens! Whatever you do—don't show these boys if you want him.

**Miss Cry-Shoulder**  
When you read this you will probably think I'm crazy or something. So many teenagers complain because their parents are strict. Well I just wish mine were strict once in a while anyway. My parents let me date when I please without even meeting the boy, so where I like without asking me about it.

never tell me what time to be in so that I can't do something. They tell me to brush my hair to make my hair look better. It also gives me a feeling that they don't really care. Deep down I know they love me very much and I feel the same about them but Miss C. won't you please put a few words of advice for me in your column.

**Between the Devil and the Deep Blue Sea**  
Dear B. T. D. A. T. D. B. S.  
I can see where your parents are trying to teach you how to make decisions and accept responsibility but every child, teenage or so other, needs attention and understanding. Sit down and have a talk with your parents and explain that an understanding once in a while will help you more than making all of your own decisions.

**Miss Cry-Shoulder**  
I have a problem I think only you can solve. I want very much to get married in June. But my mother wants me to wait till I graduate.

She said if that was what I wanted, then she wouldn't stand in my way. I don't want to hurt her feelings. But I do love this boy very much.

Please help me to decide.  
**True Blue**

If this boy really loves you he will want what is best for you. He will also want to do what your parents wish you to do. I say definitely finish school for your sake, for the sake of being a better wife and for the sake of making your parents happy.  
**Miss Cry-Shoulder**

## What If?

**By ANN VONDRAN**  
What if Jimmy B. drove normally?  
What if Audrey were a Junior instead of a Soph?  
What if Maggie L. was quiet instead of noisy?  
What if Sylvia P. was Sylvia B?  
What if Johnny W. was short instead of tall?  
What if Miss Rehn was married instead of single?  
What if Miss Simpson taught Gym instead of Typing?  
What if Virgil G. had to ride a motor scooter?  
What if Jimmy G. had Virgil's car?  
What if Seminole High wore Seminole Low?  
What if Mr. Bracken's eyes were black instead of blue?  
What if Graduation was in April instead of June?  
What if Mr. Ray wore "Bar-mudas" instead of suits.  
What if Seniors wore out two weeks instead of one?  
What if Freshmen had to carry Seniors books?  
What if Seminole Hi boys weren't so backward?  
What if Angelo C. was dumb instead of smart?  
What if Mr. Dean was principal instead of Dean of Girls?  
What if our stairs were escalators?  
What if Mary Grace's hair was green?  
What if Carol Nutt was in the Army?  
What if Phillip Byrd was happy?  
What if Dotty Metts wasn't bowlegged?  
What if Nancy Cash smoked cigars?

## Platter Chatter

**By KATHY CARLOS**  
Well, this is your S. H. S. DJ coming in loud and clear with some of the hits of the day.

"Party Doll" seems to be No. 1 with just about everyone these days. Some of the others are "Butterfly," "Walking After Midnight," "I Love My Baby," "I Dreamed," "33 Ways," "Come Go With Me," "Crazy With Love," "I'm Blushing With You," "Round and Round and a Million Others that it would take forever to list. I'm sure everyone will agree that the most up and coming song destined to be a sure hit is "All Shook Up" by none other than Elvis.

Sony James is doing quite well in the pop field as well as the country and western field with several of his recent recordings especially "Ist Date, Ist Kiss, Ist Love." This I predict a hit within a few short weeks. That's it for now gang. Keep tuned in for the latest on what's spinning with the Teens at S. H. S.

## Question Of Week

**By DALE LEWIS**  
By the time you are reading this, the Jr. Sr. Prom will be a pleasant memory. But for now—"What will you be doing Friday, March 29, between 3:30 p. m. and 9:00 p. m. (the time school's out until the dance begins)?"

Peggy Jane Lundquist—Sleep.  
Billy Tyre—Practice baseball. I reckon.  
Dotty Metts—No tellin'.  
Carol Nutt—Probably have a nervous breakdown.  
Mary Grace Hobby—I'll probably fall down and break my neck and not get to get to bed so excited!  
Bill Kirschhoff—Nehin!  
Kaye Jenkins—Resting up for a big weekend and getting ready for the Prom.  
Fred Behrens—No tellin'.  
Ann Vondra—Sleep, I guess.  
Richard Phagan—I'll be celebrating for the Prom.  
Murry Nance—Practicing track and then go home and get ready. Meredith Bell—Practicing track and then go get the coverage and then get ready for the dance.  
Henry Jason—Go home, mess around, get dressed, and take off like a bat out of hell.  
Pat Denthoe—Delivering packages.  
Donald Mathieux—Get out my car, and shine my shoes, go get a corage, go get the girl, and then I'll be ready.  
Mike Tamney—Nothing worth mentioning.  
Sylvia Price—Well, since primping won't do any good (Al says, "it

sure won't), I'm going to go to sleep and forget about the matter all time to get dressed, and hope Mother gets my dress finished. Now I'm going to ask you what YOU're going to be doing!

Me—I'll probably still be trying to make up my mind what to wear, and, of course, polishing Treasy's toe nails.  
Al Hianley—I'm going to practice baseball till 8:30.  
Linda Smith—I'm going home and finish my dress, and go to bed.  
Brentley Schirard—Go home. (Really?)  
Treasy Young—I'll be doing all of the hundreds of things we girls do before big dances like the Prom—I'll also be polishing your toenails!  
Kadie Harbour—Practicing baseball. (I should have known.)  
Juanita Wynne—Getting ready for the dance. I guess, it takes me about ten hours to get ready.  
Nan Cushing—The usual things—hair wash and set, fingernails, nice hot shower, and a two hour nap.  
Johnny Williams—Putting a transmission in my car. (Of course!)  
Penny Marian—Well I've got to go to Orlando and get my hair set and I won't be back till seven, and after that it'll be just one mad rush!  
Pat Harrington—Trying to get happy.

## Meet SHS Faculty

The teacher of the week for this week is the home economics teacher, Miss Barbara Ruprecht. Born in Philadelphia, Pennsylvania, she attended college at University of Tennessee in Knoxville where she majored in child development.

Miss Ruprecht has taught here at S. H. S. for 14 years where she has helped many a girl learn how to boil water and sew a stitch. She lives at 1215 Palmetto with her parents.

MISS BARBARA RUPRECHT

## What Would Happen If?

**By WANDA GILBERT**  
If we were—JoAnn Cape instead of Hood  
If we were—Celia Oldbury instead of Newbury  
If we were—Naggy Blackboard instead of Chalkley  
If we were—Mr. Bud Sitter instead of Leyer  
If we were—Yul Brynner instead of Wally Pope  
If we were—Dale Martin instead of Lewis  
If we were—Lynn Andrew instead of Jackson  
If we were—Harrison Jones instead of Smith  
If we were—Miss Cut instead of White  
If we were—Billy Dog instead of Wolfe  
If we were—Mrs. Warmman instead of St. John  
If we were—Pam St. Mary instead of St. John  
If we were—Linda Driver instead of Parker  
If we were—Joyce Arrow instead of Spear  
If we were—Miss Lower instead of Riser  
If we were—Miss Mare instead of Robn  
If we were—Mr. Pots instead of Kettle  
If we were—Mary Washington instead of Adam  
If we were—Patsy Salt instead of Morton  
If we were—Kay Vine instead of Ivey  
If we were—Barbara Heatburn instead of Calburn  
If we were—Jean Northward instead of Southward  
If we were—Gary Cooker instead of Baker  
If we were—Carl Remquist instead of Remquist  
If we were—Henry Bootmaker instead of Shoemaker  
If we were—Patty Darkfoot instead of Lightfoot  
If we were—Ray Chesapeake instead of Hudson  
If we were—Charles Pepsite instead of Koko  
If we were—Nether Williams instead of Jane  
If we were—Phillip Brave instead of Meeks

## Glee Club Attends District Contest

**By WANDA GILBERT**  
Two weeks ago the S. H. S. Glee Club took a very enjoyable trip to Daytona to the district singing contest.

What a sight! At 7:30 a.m. the whole group was on the bus, except for J. D. Stone who soon caught up with the detachment. Just imagine all those girls faces so early in the morning. Maybe you'd better not.

We arrived about thirty minutes before we entered a large hall for sight reading. Here we all stood around like totem poles afraid to move a muscle. The girls made a "superior" which is best and the boys came up with an "excellent". The mixed chorus also got an excellent in sight reading. Then we were ushered onto a large stage in the Peabody Auditorium where we sang to make our choral ratings. After watching the very splendid Leeburg chorus we were dismissed until 8:30 to do as we pleased. These poor little girl shops! They were all out of merchandise and had pockets bulging with money. The boardwalk was also an active scene with dancers juggling to their hearts content.

At 8:30 there was a mass rehearsal of all the senior high schools. Can you imagine 1,000 voices being directed by one man. It was tremendous, believe me. Then again we were assigned for a time to do a mass concert. As we stood and sang there was a thrilling feeling going through everyone. The singing was just beautiful.

After this there was a mad dash for the buses and all present and accounted for we left Daytona with a tired but contented feeling. What a day!

## Just Green With Envy

**By Kathy Carlos**  
This past week has been miserable for us underclassmen. Any one of us would have given our left arm to be going to the prom. Some of the Junior and Senior J's have offered their small bits of comforting advice on how we'll have so much to look forward to in our future years at S. H. S. So much for that, we're still green with envy.

Most of the Junior and Senior girls have been looking forward to the prom since they were freshmen and now it's time to go quite a few of them are stuck with new formal and no dates. What was wrong with some of those boys anyway? Well, you can't take them out and shoot them as much as you might like to. I just hope our sophomore and freshman boys won't be like that.

Although we're green with envy over you upper classmen we all hope you had one glorious time Friday that you will never forget.

## Dance Band Plays In Assembly

**By CARLA NEWBURY**  
With Leslie Smith leading the Dance Band, they put on a very good assembly program.

The members, in case some of you new people don't know, are Saxophones, Harrison Smith, Barry St. John, Dickie Ramirez, and Wally Pope; trombones Tommy Williams and Richard Powell; trumpets, Sidney Vihlan, Tommy Water, and Vivian Farrell. Gregory Walker was on the drums. And last, but not least, Pauline Rana accompanying on the piano.

The band opened with their theme song, and then they played KO KO MO, Deep Purple, and Pat Harrington, added touch to the bank song "Song from Moulin Rouge."

Signey Vihlan played a trumpet solo called "Summertime". It's the first time he has played it before Seminole High and he did a wonderful job.

As their last number, the band really jazzed it up and played "Alexander's Rag Time Band." (Oh yes, Bill Chisholm played the Bass.)

As a result the mixed chorus and the boys go to Tampa to the state contest.

## Why Not Read This!

**By KATHY CARLOS**  
Our school can be the best in the world or it can be the worst. It's just what everyone of us make it. We complain about having no school spirit, yet what have we contributed to S. H. S. in the way of school spirit. The answer to that is, some have a great ambition for S. H. S. to be the Best, and they take part in everything to encourage the idea. The others, nothing at all! A few can't put the idea over. It takes everyone working together.

If you think school spirit isn't necessary, you're just kidding yourself. Who wants a bunch of dead beats holding everything back?

If you want a good education you have no choice but to come to school, so why not make the best of the situation? I can't see going just half way and quitting. We have a principal who is doing everything to make S. H. S. the best, but I'm ashamed to say we're letting him down. Make your choice—either join in on things and encourage our school spirit or quit complaining because we lack it. I think that's being fair and square, don't you?

Well you've heard my opinion, I may be wrong but I don't think so this time. All I ask is for you to think the situation over. I've said it before I'll say it again. It's up to everyone of us what kind of school our school is, so please join and be a part of things. You, as a person, will benefit by it as much as S. H. S.

## Gossip Clouds

Lad M. has been seen talking with two brothers. Who do you like Linda, Ronnie R. or Kenny R?

What is happening between Glenda C. and Jimmy? How about that Cindy R?

I have heard Faye G. talking about a center boy lately. Could it be you Kenneth H.

I heard Rose Marie R. talking about having a date with Tommy B. I wonder if Diane W. knows about it.

Have you heard the GREAT news yet if you haven't how it is Nan Cushing and Meredith Scott. You'll make a darling couple.

It seems that Linda V. just can't make up her mind about Phillip B. or Johnny R. Come on Linda you can't have both—that just wouldn't be fair.

Why haven't we seen Kay I. and Duke B. in the halls lately? Seems Kay still has a crush on him, what about you, Duke?

Did you hear about the freshman going to the Jr. Senior Prom? Oh, don't be alarmed, they were just ship wrecked!

Glad to hear everyone enjoyed the Jr. Sr. prom. An accident for the Juniors! You all did a great job of organizing.

Where did Penny M. and Bete get such a nice RRD tan? ? ?

Sylvia Price and Al surely do make a darling couple. But isn't it getting to be monstrous? ? ?

Overheard in Home Ed—Kathy Carlos saying to her old standby mirror—"Mirror, mirror on the wall—I'm the fairest of them all."

and the rest of the student body will I hope we can say "Operation S. H. S." (Encouragement of School Spirit), well underway.

## Question For Teachers

**By WANDA BARRE**  
WHAT DO YOU PLAN TO DO WITH YOUR \$1,100 RAISE? (IF THEY GET IT?)

Mr. Ray: I shall set up a trust fund for the unknown soldier's mother.

Mr. Harris: travel around the world in sixty days.

Mrs. Rogers: I'm not spending it until I get the raise.

Mr. Wray: Buy me a new pair of shoes.

Mr. Fort: I'll wait until I see if there will be plenty of spending for it.

Mr. Stevens: I plan to spend it on my family.

Mr. Mathison: I'd use it on getting a better car.

Mr. Bracken: The administrative personnel have not been informed to what extent a 10% raise for teachers would affect their salaries.

Mrs. Beiseman: Make my first payment on a cabin cruiser.

Mrs. Ament: I'm not counting my chickens before they are hatched.

Miss Ruprecht: I'd build a swimming pool in my back yard.

Mr. Dabbe: (Church) start eating meat instead of ham.

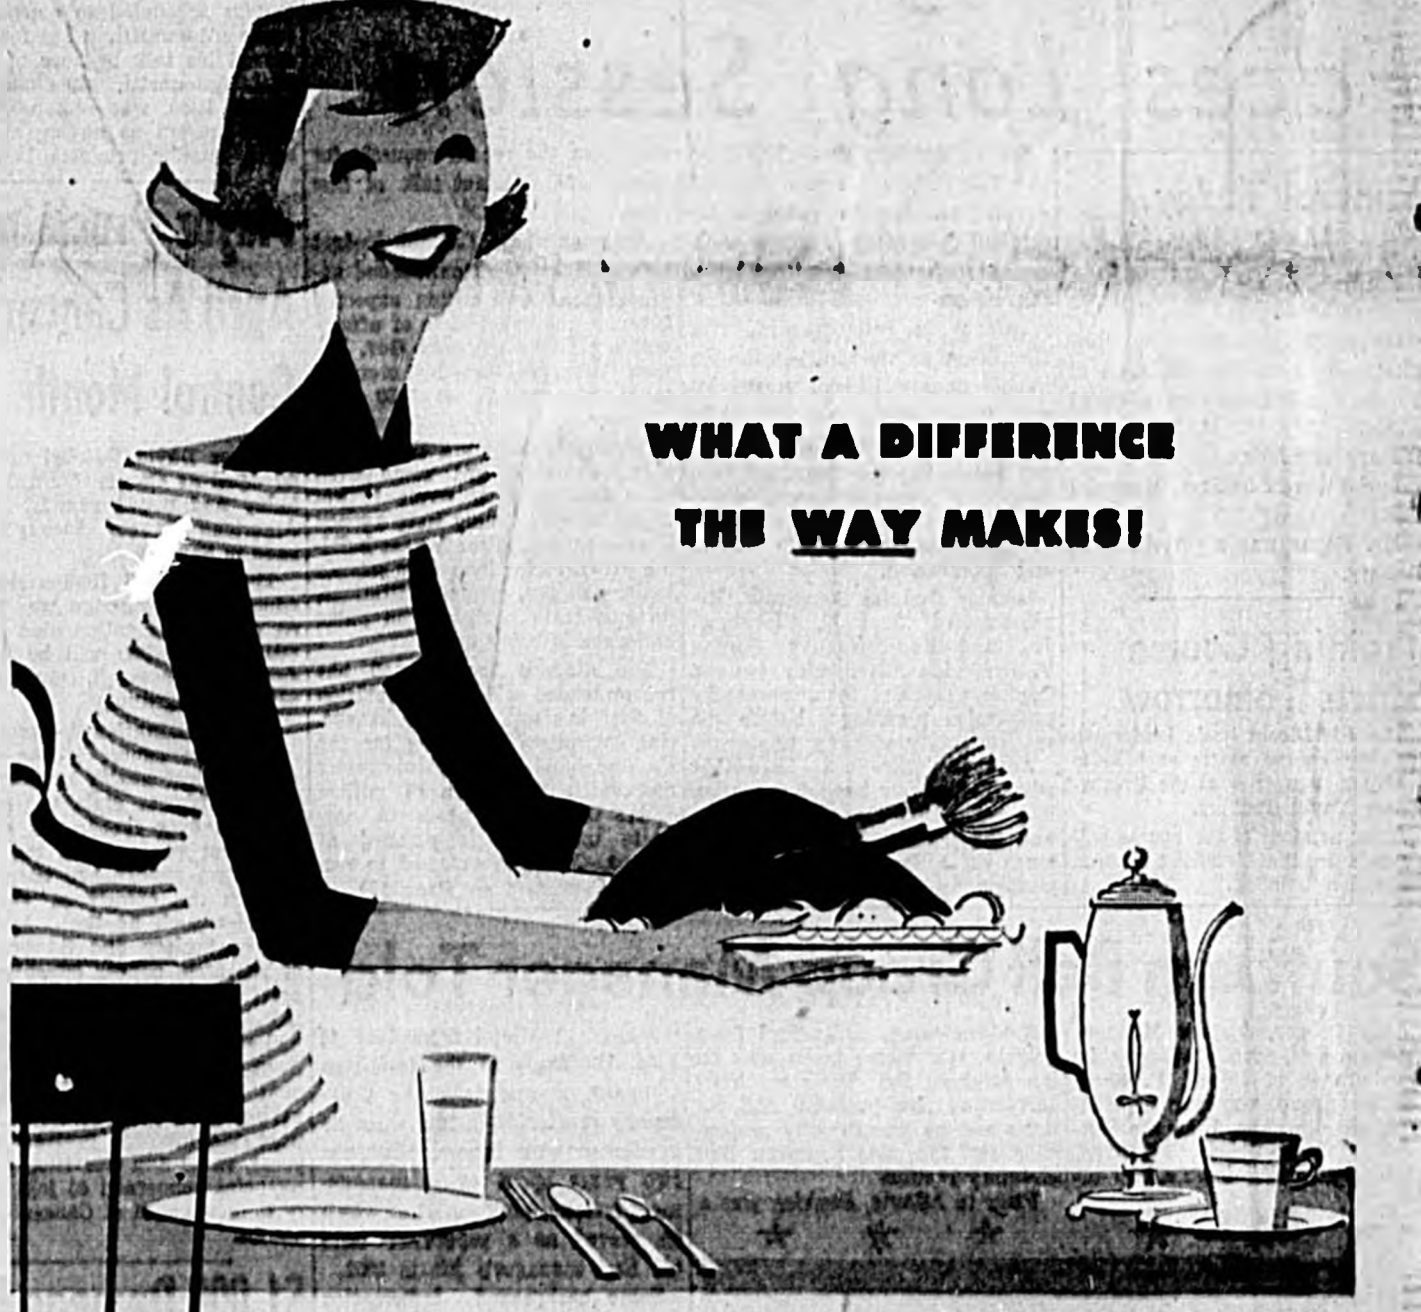

Miss Stevens: I'm going to wait until I get it.

Miss Whittier: Just let me get it and then I'll know what to do with it.

Miss Simpson: I'd have me a personal maid for everyday! I'd have a real cute coupe.

What is this we are seeing lately Linda V. and Johnny R. together. That might prove interesting.

Hey gang, we have a couple of vocalists among us, Wendell Brooks and Don Daly—were talking about you two! I!

WHAT A DIFFERENCE THE WAY MAKES!

FLAME TYPE TOP BURNER

Flame heat spills out all around the pan—heats up the whole kitchen—requires constant-burning pilots—creates smut and fumes that grime pots and pans, walls and curtains.

ELECTRIC TOP BURNER

Electric heat goes into the food—not into the kitchen. Direct contact between pan and heating element provides faster, thrifter cooking... cleaner pots and pans... cooler kitchens.

FLORIDA POWER & LIGHT COMPANY

207 Mequella Ave.

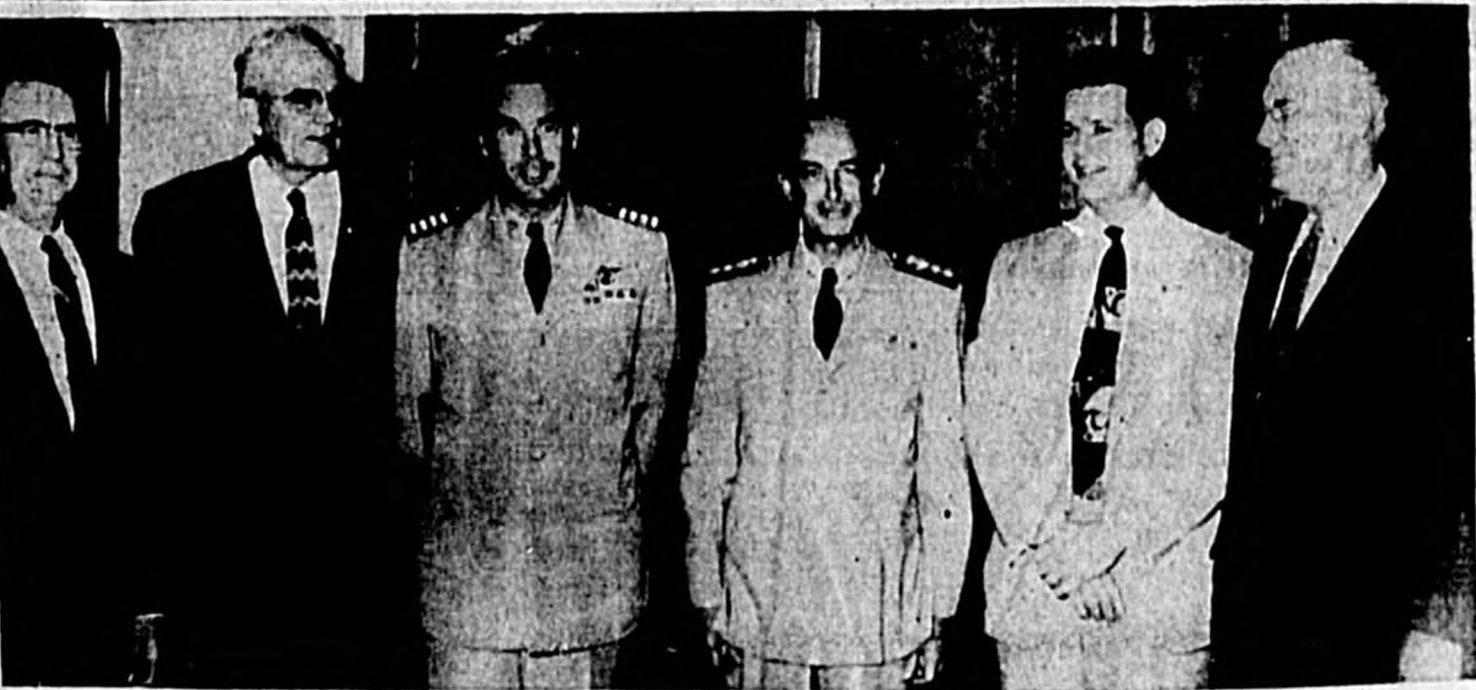

# Navy Appreciation Day Big Success

A PART OF THE HUGE crowd, estimated at over 6,300, attending the Seminole County Navy Appreciation Day. The crowd, seen above, is enjoying fried fish, boiled corn on the cob, cole slaw, celery, hush puppies, and coffee. "Everybody enjoyed themselves,"

said one Navy man in the picture. A civilian sitting nearby commented "We enjoy the Navy, we like the Navy, and we want to be with them." (Photo by Bergstrom)

VISITING DIGNITARIES WERE HONORED at the Mayfa's Inn Saturday at a Jaycee Sponsored luncheon. Gen. J. C. Hutchison (ret), Senator Spessard Holland, Capt. Robert W. Jackson, Rear Admiral Carl J. Pflingstag, Mayor David Gatchel, and Congressman A. S. "Syd" Herlong Jr. (Official U. S. Navy Photo)

HUSH PUPPIES AND FISH were the order of the day at the table for dignitaries during Navy Appreciation Day. (Left to right) Deputy Sheriff A. E. Evans, Chamber of Commerce Manager John Krider, Senator Spessard L. Holland, Gen. J. C. Hutchison, and Mayor David Gatchel. (Photo by Bergstrom)

IT COULDN'T BE BETTER said Rear Admiral Carl J. Pflingstag at Saturday's Seminole County Navy Appreciation Day. (Left to right) County Commissioner B. C. Dudd, Rear Admiral Pflingstag, G. Harold Alexander, Chairman of the Republican Party in Florida, and County Commissioner Lawrence Swafford. (Staff Photo)

SMILES OF APPRECIATION WERE SEEN throughout Fort Mellon Park Saturday during Seminole County's Navy Appreciation Day. Here is a group of Navy personnel enjoying their food at the day-long festivities sponsored by the Junior Chamber of Commerce. (Official U. S. Navy Photo)

THE KIDDIES, EVERY ONE OF THEM, had a wonderful time and enjoyed the Fish Fry at Seminole County's Navy Appreciation Day. Shown above are Tommy and Tina Brubaker, son and daughter of Lt. and Mrs. D. E. Brubaker. (Photo by Bergstrom)

# Thanks To All Who Helped Make Navy Appreciation Day Success

Sanford likes the Navy! And the answer to that exclamation came last Saturday when at least 6,800 people turned out for the Seminole County Navy Appreciation Day staged by the Seminole County Junior Chamber of Commerce.

Navy personnel, stationed at the Sanford Naval Air Station, and their families came to the celebration, as did local citizens from all over the county.

Fort Mellon Park was teeming with people from 4:30 in the afternoon until after the fireworks at night—and even then were reluctant to leave an sensational was the day.

Many people expressed their sincere opinion that Seminole County Navy Appreciation Day should become an annual event. And, as many did not know, the Saturday celebration was the second such event.

The Seminole County Junior Chamber of Commerce, with its resident, G. Andrew Spear and the two co-chairmen of the event, Harry Cannell and Garfield Willets planned carefully and well for the day-long celebration.

From the very first, cooperation from local citizens was excellent. This could be reflected in the two tons of fish, fried golden brown and delicious, a job handled by volunteer help under the direction of Gus Schmah. There were pyramid after pyramid of hush puppies, huge containers of cole slaw, 7,500 ears of boiled corn, crates and crates of crisp celery, can after can of coffee, a long line of drink boxes led down with cold drinks—all accomplished with volunteer help. And the serving lines, all twelve of them, manned by civic and fraternal organizations.

Frankly, the entire affair could have been judged as the feeding of one great big happy family—for only smiles and laughter, cheers of glee, and thousands of chuckles from pure satisfaction were all that could be heard.

The Seminole High School band performed "their very best" as they entertained the huge crowds during mealtime which extended from 4:30 in the afternoon until after 7 at night. The band, with their music, and the Corps of Majorettes with their precision steps and prances, all under the direction of bandmaster Ernest Cowley, added to the gaiety of the entire event.

Our commendations must go to all who had a part in making Seminole County Navy Appreciation Day a remarkable success.

## Try and Stop Me

By BENNETT CERF

**SOCIAL NOTES** in the Woppagee Daily Gazette:  
1. At the Odd Fellows' picnic Sunday, Mrs. Murchison won first prize in the ladies' rolling pin throwing contest. She threw her pin 99 yards.  
2. Mr. Murchison won the 100-yard dash.

Officer Kelly leaned into Mr. Gruber's coupe and reported, "Ya must be day-dreamin', bud. Your wife fell out of the back seat four blocks back."  
"So that's what it was!" exclaimed Mr. Gruber, with a heartfelt sigh of relief. "I thought I had gone deaf!"

Even though this was the second such event, we're sure that the future holds in store an annual recurrence of what has been termed over and over again "the most successful of all events" ever held in the community.

## Installment Plan

After a year-long study, the Federal Reserve System has made some interesting disclosures about buying on the installment plan.

It found that nearly half of all U. S. families have installment debts, and that about 13 per cent of individual income after taxes is now being paid out in installments.

The Federal Reserve survey disclosed that almost three out of every five families in the \$4,000 to \$7,500 income range have installment debts. Among younger married couples, almost seven out of ten with small children are buying on the installment plan. Credit of this kind is being used increasingly, it was found, and the old moral stigma on consumer debts is disappearing.

Many other findings were reported, but the core of the report is that installment debt is high and steadily rising. The report is certain to stimulate new discussion as to whether the Federal government should have the power to regulate buying in credit. It was this question that prompted President Eisenhower to order a survey a year ago.

The Federal Reserve System staff expressed no opinion, in the report, as to the amount of installment buying we now have in the nation's economy.

However, some economists have expressed concern about the large amount the American people have on the cuff.

Congress will soon have to decide whether some sort of regulation is called for. It is expected that any move on the part of Congressional leaders to dip into the buying habits of the American public will call for a quick rebuttal on the part of many millions of American people. Standards of living in American communities began to increase in ever increasing percentages when installment buying became the mode of bringing into homes the new fashions for living and modern improvements.

## Mechanized Postal Delivery

The mail carrier represents a curious backwater in this country's mighty surge toward a mechanized culture. In an era when everything else from milk to laundry is delivered on wheels, the postman still hoofs it with a heavy sack of mail. The system is both slow and expensive.

The Post Office Department has been experimenting with mechanized delivery of mail during the past three or four years. This work is now coming to fruition. A three-wheeled motor vehicle with a big mail bin has been developed and eventually postmen all over the country will be using it.

The little mail scooters are fast and maneuverable. They can carry up to 400 pounds of mail, as compared with perhaps 35 pounds in the old-fashioned mail sack carried by a postman. Their use will greatly speed up deliveries. In addition, the Post Office Department estimates that each vehicle will save about \$1,000 a year.

Mechanized postal delivery has been a long time coming. It ought to be put into widespread use as rapidly as is feasible.

Strict grammarians insist that it is more correct to say we rear children rather than raise them. Practical sociologists may feel that, to raise some children, rear treatment is necessary.

## ANOTHER DAY, ANOTHER DOLLAR

## Foreign News Commentary

**Foreign News Commentary**  
United Press Staff Correspondent

The United States soon may propose the admission of Spain to the North Atlantic Treaty Organization.

Spain itself is eager to join. It would be surprising if President Eisenhower and British Prime Minister Harold Macmillan did not discuss the question in their talks in Bermuda last week. Britain and France long have opposed Spain's admission to NATO. But it has been reported recently that they have changed their minds.

At a time when some other NATO countries are trying to reduce their armed strength as an economy measure, Spain's addition to the 13-nation alliance certainly would strengthen it.

## Fast Growing River Development Program Underway In Georgia

By JAN THOMAS  
United Press Staff Correspondent

ATLANTA (AP)—A fast-growing river development program in Georgia which ultimately may see inland ports as far north as Atlanta is quietly revolutionizing the state's facilities for industry and recreation.

Streams that once could be forded on foot in some places are being made navigable to heavy barge traffic. Giant lakes are being created to provide tourist sites that promise a booming trade. Fishing camps and yacht anchorages are springing up. Atlanta is recognized by the industry as the nation's No. 1 inland market for boats and motors. Amateur meteorologists even predict that impounded waters of new dam developments may mean a milder climate for some sections of Georgia.

The dams, built with federal funds, are providing vast amounts of power to run factories and light homes; water for industry, cities and farms. The navigable streams will permit barges to transport ore, oil, cement, grain, automobiles and other raw materials cheaply.

**Recreation Plus Industry**  
State parks, motels, cottages and summer colonies are dotting lake sites.

**State Secretary of Commerce**  
Scott Candler says the river development project will "revolutionize the industrial life of Georgia, provide jobs for thousands in agricultural areas and create a vast new potential for the tourist trade."

The latest link in the chain of navigable waterways being developed—the Jim Woodruff lock and

dam below Bainbridge—was dedicated last week. Engineers are now pushing for completion of the Buford dam and port on the Chattahoochee above Atlanta by fall, and they hope to finish the Fort Gaines and Columbia dams, above the Jim Woodruff, by 1962.

When they are completed, navigation will be possible from the Gulf of Mexico through Florida to Columbus, Ga., on the Chattahoochee. Enthusiastic "pipe dreamers" predict the river will some day carry wealth to a booming inland port in Atlanta.

On the other side of the state, Congress has authorized a six-foot navigable channel from Savannah to Augusta on the Savannah River.

Two projects—the Hartwell dam, which is under construction, and the Clark Hill dam above Augusta—will provide a firm flow of water for the channel.

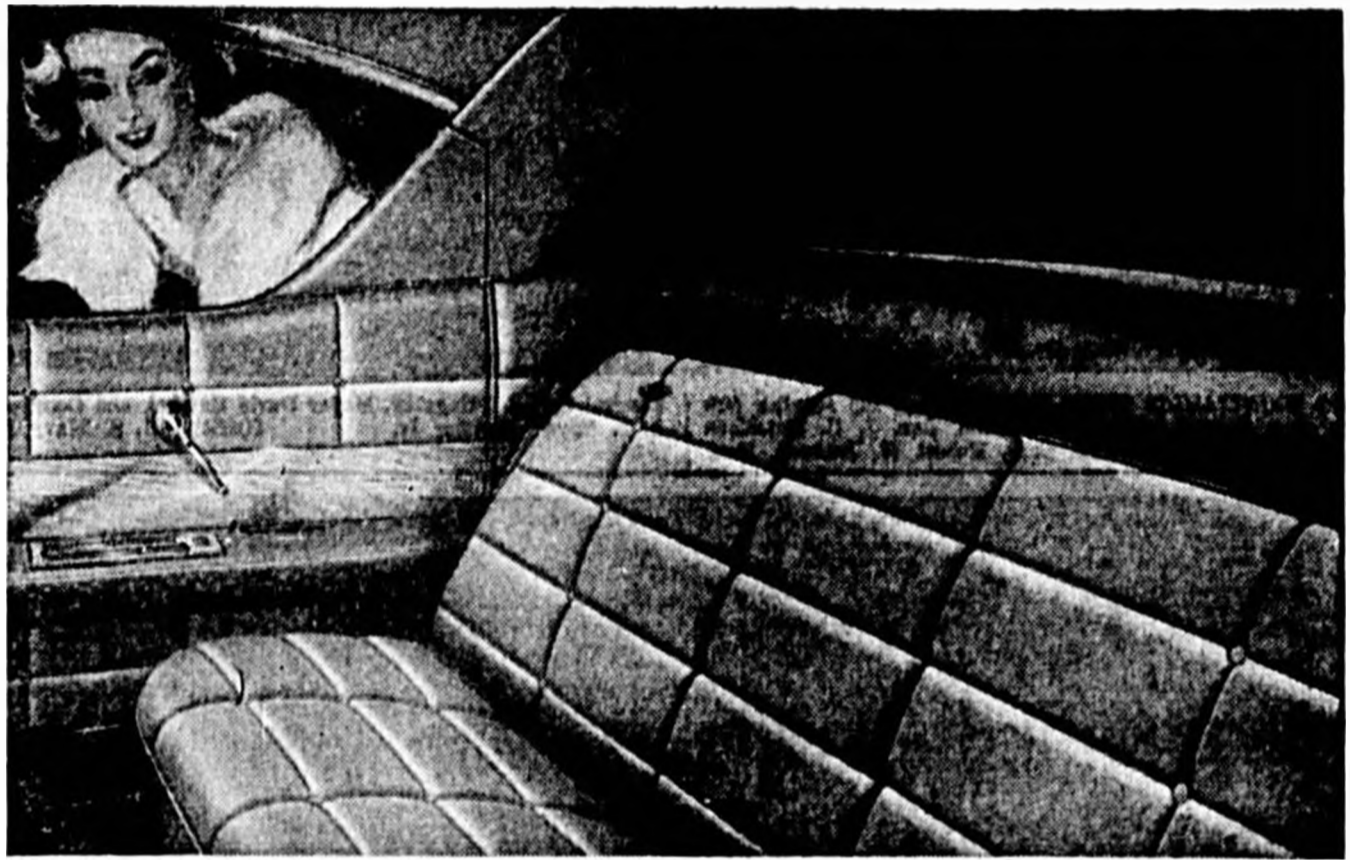

Allisoma was first. The state's first major federal dam project, the Allisoma near Cartersville, was completed in 1930. It is the initial project in a comprehensive plan for development of the water resources of the Alabama-Coosa systems in Alabama and Georgia.

"How much do you charge for an office call?"

## Step into a new world of Pure Luxury ROADMASTER 75

Custom Built by Buick NOW ON DISPLAY

A NEW CONCEPT in motorcar excellence awaits your inspection in the ROADMASTER 75 just introduced.

You will see what we mean the first time you glimpse the interior.

The impeccable tailoring and taste of the rich appointments are as obvious as the comfort is opulent.

The seats, for example.

They are meticulously fashioned in glove-finished fabrics of broadcloth or Nylon, with backs topped in supple, hand-buffed leather.

They are thickly layered with contoured foam rubber. They are wide, deep, superbly soft.

The doors present a new standard of luxury and restfulness—fully uphol-

stered and softly cushioned from floor line to window.

The instrument panel, below the safety cushion, is chromed from end to end. The deep-pile carpeting is backed by foam. The integral armrests are fully in keeping with the spacious grace of the car.

The complete interior is matched by the mechanical excellence that is ROADMASTER tradition.

Indeed, nowhere else among the world's fine cars can you enjoy superb performance quite like that of a ROADMASTER 75—from the instant response of its brilliant new Dynaflo, to the smooth obedience of its all-new air-cooled aluminum front brakes—newest and the finest in the car field.

## Now Hear This!

JACKY FENWICK

Just about anything I could add to what's already been said about last Saturday's celebration of Navy Appreciation Day would be anticlimactic! But, since it is the topic of conversation on everyone's tongue, I think I'll give you my version of it. What with a "baseball-loving husband, and two boys, one of who thinks that the sun only rises so that he can be in his way to the ballfield, naturally we attended the ball game between Dallas and Minneapolis at the Municipal Stadium. It turned out to be one of the best so far this year!

They must have caught some of the excitement that was radiating from the crowd! We were sitting in a good spot, (right behind home-plate,) to watch the arrival of the dignitaries, and the unhappy "blight" of the Navy photographer, who had his camera trained on one entrance, and trying so hard to keep the numerous children from getting within range, only to have all the "notables" come in the other entrance! But, "cest la vie!"

Following the ballgame, we "high-tailed" it downtown to partake of the "fish-ry!" We were lucky enough to find a parking spot within "hiking" distance of the park, and we were able to get served and seated without any waiting or confusion. This in itself is a "feather in the cap" of the Jaycees! The absolute ease and speed with which it was all handled was proof of the terrific planning and thought that went into the whole affair! I didn't speak to anyone who had to wait, and all you could hear was praise for the way the entire program was carried out. Those that weren't able to get there missed a "delicious feed"! The corn was my favorite, and I don't think there was a "tough" ear among the thousands served!

Our thanks also to the wonderful Seminole High School Band that played during the "fish-ry" and afterwards. An also to the cute majorettes who performed for the crowd. Found that by standing up we were able to hear most of the "words" spoken by

the honored guests. (Can't call them speeches, as all the men were very thoughtful, and kept them short! Probably shouldn't make that kind of a remark, but it is the truth!)

Actually, if we had been better able to hear, I'd have liked very much to hear the views of these important men on such an occasion! It was an unusual event, to say the least! These are Navy men here in Sanford who have been stationed at just about every Naval installation in the country, and I've yet to hear of one who has ever been entertained by the town he was stationed in! If there is such a person, I'd be very happy to hear about it! It would make a good topic for a column!

I guess that the ones who had the best time, everything considered, were the "kids"! The crowd was so huge, that they were gone before you realize it! And I guess it's the first time I haven't really worried about mine when they've disappeared at a big event like that! With most of the streets blocked off, and what traffic there was moving so slowly, there was no cause to worry. And I've never heard such "ohs and ahs" as I did during the fireworks display! The only thing that marred that was the children blowing back across the crowd, and getting in your eyes. And that was uncontrollable on the part of the Jaycees, or I'm sure they would have taken care of that too. As it was about the only detail they missed! I'm sorry we weren't able to stay for at least part of the "street dance" that followed the fireworks, but with two exhausted children on our hands, we headed for home and bed! (Mom and Pop were pretty worn out themselves.) And that seemed to be the general reaction around town on Sunday! Everyone was tired, but tired in a way that we were happy about, and didn't mind at all. Heard some talk about making it an annual event, a fact that all the Navy people would be thrilled about. And the

same ones who attended this year, (if they're still around) would be there next year, in addition to the very few who didn't get there Saturday!

As "spokesman" for one Navy family, may I extend my thanks to the Jaycees, and all the other organizations which helped them, for one of the most enjoyable days I've spent in Sanford, or anywhere for that matter. And when we stop to think of the reason behind all this, we can add our heartiest hopes that the Navy base will remain here in Sanford where we have no doubts that we ARE wanted.

## Osteen News

By Mrs. E. F. Snyder  
Mr. and Mrs. Maurice Johnson and Dr. and Mrs. Phillip Brown of Belfast, Me. spent several days with Mr. and Mrs. Walter Danes.

Mr. and Mrs. Demey Dougherty of Green Cove Springs visited Mr. and Mrs. Robert Williams, Thursday. They are former Osteen residents.

The Nichols home has been purchased by Mr. and Mrs. E. B. Shiners and Mr. and Mrs. J. J. Redditt. They will move in soon.

Mr. and Mrs. Harold Pell and family and Mrs. Raymond Pell visited in Samsula, Friday.

Mr. and Mrs. W. E. Meeker of Jacksonville spent Saturday and Sunday with her parents Mr. and Mrs. Raymond Lawson.

Mr. and Mrs. Kenneth Olson and children of Boston, Mass. and Mr. and Mrs. Harry Thomas of Sanford were guests of Mr. and Mrs. Robert Williams, Sunday.

Mr. and Mrs. A. D. Reider of Sterling, Ill. called on Mr. and Mrs. Clarence Snyder Tuesday.

Mrs. J. L. Sanders has returned to her home in Boston, Ga. following a two months visit with relatives in the vicinity. She is a sister of Mrs. Raymond Pell.

Mr. and Mrs. P. T. Piety were dinner guests of Mr. and Mrs. B. L. Crenshaw in New Smyrna, Sunday.

The I. A. H. Club of the Methodist Church met Saturday afternoon with Mrs. Raymond Lawson in charge. Following an activity hour refreshments were served by the hostesses, Donna Stoll and Diane Jones. Mrs. W. E. Meeker was a guest.

The same ones who attended this year, (if they're still around) would be there next year, in addition to the very few who didn't get there Saturday!

As "spokesman" for one Navy family, may I extend my thanks to the Jaycees, and all the other organizations which helped them, for one of the most enjoyable days I've spent in Sanford, or anywhere for that matter. And when we stop to think of the reason behind all this, we can add our heartiest hopes that the Navy base will remain here in Sanford where we have no doubts that we ARE wanted.

MODELS REPRESENTING each of the ten clubs of the County Federation of Woman's Clubs shown are, left to right, Mrs. David Gatchel, Mrs. L. E. Swape, Mrs. F. E. Merriweather and Mrs. Carlton Peters. Standing behind chairs are, Mrs. Vincent Matecki, and Mrs. D. A. Harris. (Photo by Bergstrom)

## Scholarship Silver Tea, Style Show Held Friday Successful

The Scholarship Silver Tea and Fashion Show held Friday at the Sanford Woman's Club was even more successful than the Federation of Woman's Clubs had anticipated.

A freewill silver offering taken at the door by Mrs. C. O. Knox, Mrs. C. K. Fisher, Mrs. J. H. Innis and Mrs. V. Graff served to raise money for the Teachers Scholarship Loan Fund and for a \$50 scholarship for the outstanding high school senior going to college.

Mrs. Giltin White narrated the fashion show and introduced models representing each of the ten clubs of the Federation. Modeling for the Sanford Pilot Club was Mrs. David Gatchel, the Longwood Civic League, Mrs. Carlton Peters, the Seminole Home Demonstration Club, Mrs. Vincent Matecki, the Sanford Woman's Club, Mrs. F. W. Merriweather, the Oviedo Woman's Club, Mrs. Sparks Clout, the Sanford Garden Club, Mrs. Fred Ganas, the Altamonte Springs Garden Club, Mrs. D. A. Harris, the Altamonte Springs Civic Club, Mrs. K. H. Jutte, the Casselberry Woman's Club, Mrs. Lytle Swape, and the Sanford Business and Professional Woman's Club, Miss Betty Wolfman.

The stage was decorated with white wrought iron furniture and sprays of red gladioli and fern. Music was provided by Mrs. Paul Middleton at the piano.

Ensembles ranging from bathing suits to latest five dresses were provided by the Mary Ester Shop.

One of the highlights of the program was Collette, a talking French Poodle, owned by Mrs. John R. McLambelin of Lake Mary.

Attractive arrangements of yellow gladioli and Easter lilies set off the silver candelabra and silver service of the tea tables. Serving at the tea tables were Mrs. B. Gattaus, Mrs. Joe Land, Mrs. Leslie Bryan and Mrs. D. R. Urey.

Door prizes donated by local merchants of Sanford and surrounding area and were awarded

## Chiefs Wives Club Reorganized At Meeting Friday

The Navy Chiefs Wives Club was reorganized Friday morning through the efforts of Mrs. L. S. Brian. Mrs. Charles Meads presided over the meeting and nominations and elections were held.

The following were chosen: Mrs. Charles Meads, president; Mrs. Charles Meads, secretary; Mrs. Phillips, treasurer.

A representative from each squadron was also chosen to be on the Board of Directors. Representing Hatt, Mrs. K. White, N. A. S., Mrs. William Cotter, V. A. H. 5, Mrs. Nardine, V. A. H. 7, Mrs. J. C. Parsons, V. A. H. 9, Mrs. M. A. Rogers, V. A. H. 11, Mrs. W. F. Potech, and Easton, Mrs. William A. Johnson.

Publicity Chairman is Mrs. H. R. Sundvall.

The group decided the meetings would be held on the third Thursday of each month at 8 p.m. at the Chiefs Club.

Coffee and doughnuts were served after the business session was closed.

All Chiefs Wives are urged to attend the next meeting.

to those holding the lucky numbers.

Mrs. C. K. Fisher, president of the County Federation of Woman's Clubs, Mrs. Robert Bradford of the Altamonte Springs Garden Club, chairman of the brunch and Mrs. F. T. Merriweather of the Sanford Woman's Club, co-chairman, planned the hours of the affair, 11 a.m. to 1 p.m., so that working people would have an opportunity to attend. Sandwiches, coffee and cookies served at noon were furnished by each club.

This club feels that this was their most successful and worthwhile project of the year.

## Conring The News

BY VIRGINIA CONN

This blank sheet of paper is beginning to unnerve me, so I'll go ahead and say anything that comes to mind instead of waiting for the perfect phrases. Ony two words fit the job. Thank you. Thank you, Sanford, from the bottom of our Navy hearts. You have proved to us through Navy Appreciation Day how much you really like us! There was not a face at Fort Mellon Park Saturday night with the exception of a few children that did not have a smile from ear to ear. The whole day was wonderful from start to finish. We may even have a future Sanfordite in Admiral Pingstag, who thinks he may retire here. Who could blame him after attending the various phases of N. A. D.? To him it must be a slight unbelievably rare for a town to like its navy so; and to have the navy equally fond of the town. Morale is an all important factor in the services, and no one can deny that morale is in good shape in Sanford. Surely the word will go back to Washington that Sanford wants to keep the navy and is willing to put up with the noise and the risk. There is a risk, you know—not much as many large cities endure with airlines passing over all the time, but we had a tragedy last year, and the people of Sanford must be convinced that the advantages outweigh the disadvantages, and the possibility that there may be another accident.

However, once you have made up your mind, WRITE a letter. WRITE to the persons and places listed in this paper. Tell them why you want the navy here, or just say that you like the navy. Seratch it, type it, or print it, but write to Washington. The children in schools can write. They have navy friends, and their navy friends can write and say how much they want to stay in Sanford. Your letters are important, and they cannot come from anyone else. Which means that every private citizen in Sanford (including navy wives) is responsible for a letter to Washington, if he or she wants to be sure the navy will continue in Seminole County. Write NOW.

Shall I go back to the social notes for a few minutes? V. A. H. 11 had a luncheon at the Mayfair Inn Thursday noon. Sadie Nolde and Ellen Gonzales were the hostesses. Spring was the theme, and tiny nosegays at each place were the favors. Little cups of colored mints carried out the pastel feeling of spring, and Joan Fellini won the door prize of a large basket of spring flowers, which had dominated the table during the luncheon. Several new girls were introduced. They were Ann Purdy, Dodie Malczowski, Pat Trout, Joanne Thompson, and Kay Downs. Also present were Vi Mildahn, Anne Bear, Betty Emsanski, Pat Hansen, Virginia Deremio, Bert Burkholder, Jean Rossi, Alice Mills, Camille Metzger, Polly Brubaker, Millie Snee, Thelma Fentress, Teresa Martin, and Joan Fellini.

The same night a farewell dinner was given at the Mayfair honoring Vi and Charlie Mildahn, who are leaving for Norfolk, after the change of command ceremonies on Monday. An of V. A. H. 11 was present. The ball room was decorated for the occasion with cocktails being served in one end, and the other reserved for the large dining tables. John and Charlie's relief, presented the Mildahns with an engraved silver tray—a tribute to the former skipper and his wife from fellow officers and friends. Charlie thanked the assemblage, and presented engraved cigarette boxes to the following, who are also leaving, or have left for other units. Camille and Bob Metzger, Dick and June Duvall, Dave Russell, Dick Smith, and D. T. Price. The Mayfair orchestra played for dancing.

Threatened to print all the names of those seen at the fish-ry Saturday night, but I'm afraid there is not time. Did notice that Patty Murphy is home from Tufts for spring vacation, and visiting her aunt and uncle John and Jean Dooley. Also hear that Bill and Millie Thomas have orders to Norfolk.

Guests of Mrs. Forest Breckenridge in DeLand Wednesday for luncheon. Mrs. Breckenridge is a former resident of Sanford.

## W.S.C.S. Elects New Officers At Recent Meet

The Womens Society for Christian Service of the Methodist Church met Wednesday at the parsonage on the DeLand Highway. Mrs. Wayne Curry was hostess.

The program was given by Mrs. Blanche Helms and Mrs. Raymond Lawson.

The following officers were elected: Mrs. Raymond Lawson, president, Mrs. Blanche Helms, vice president, Mrs. Edna Clutter, treasurer and assistant vice president; Mrs. Wayne Curry, church secretary and promotion secretary, Mrs. V. P. Allman, secretary of Missionary Education, Mrs. William McDaniel, secretary of Social Relations, Mrs. Arthur Clark, secretary of Spiritual Life.

The next meeting will be at the home of Mrs. Blanche Helms.

# The Sanford Herald SPORTS

## Dallas Belts Millers 9-7 In 10th In Navy Appreciation Day Game

### 1st Round Of Spencer Memorial Completed

The completion of the first round of the Garland W. Spencer Memorial Tournament produced good golf and hot competition as the final results produced the field to eight yesterday afternoon at the Mayfair Inn Seminole County Club.

One of the hottest matches of the rounds was between C. E. Phillips and Bill Fleming as Phillips shot a 22 on the front nine and was only one up on Fleming when they made the turn and started in.

Another close contest came in the Carl Hubbell-Jim Cummings Match. On the front Hubbell fired three birdies in a row and at the turn his scorecard showed him only two up. He gained another stroke coming in for the win.

The winners of the first round will be those paring today are Carl Hubbell, Harry Tooker, E. B. Smith, Clarence Spencer, Wiley McMillen, Hugh Grier, Dr. Raby, and C. E. Phillips.

Phillips blazed the hottest trail for the first round with a trailing two under par 68 throw the favorite spotlight on his play for the week.

### Eagles Continue Winning Ways; Beat Rochester 8-2

The Dallas Eagles marched along on their merry winning ways yesterday afternoon in Memorial Stadium as Rochester, another Triple-A team to fall victim to their aggression, was bowled over 8-2.

Dallas hurler Tommy Rowers was a mainstay for the Eagles for the seven innings that he did duty from the mound for the victors, allowing only three hits and one run for his assignment. The one hit came in the seventh inning when Gene Green hit a homer with one on.

Gil Basutti took over the mound duties for Dallas in the eighth and promptly pitched himself into a tied ball game. He allowed two walks, a single, and a stolen base that tied the score at 2-2.

The Dallas defensive play looked good all through the game and into the stretch and gave ample backing to the two run lead that Dallas rolled up in the third inning when Mel Collins singled followed by Willie McCovey who tripled and was then batted across the score spot on a single by Ray Murray.

In the eighth inning the high flying Eagles more than evened the odds when McCovey tapped his third triple of the game followed by Don Tausig, Mickey Sullivan, and Bobby Prescott who each tapped out singles. Ramon Conde kept the scoring spree alive when he was called safe on a Rochester first base error and Elrick Cosmidis cleared the dust when he hit a home run with the bases loaded to give the Eagles six runs in the 8th after there had been two outs.

Dallas has on open date today.

### Chicago Makes Change

**EDITORS NOTE:** This is the 11th in a series on the 1967 prospects of the major league clubs.

By LEO H. PETERSEN

TAMPA, Fla. (AP)—The Chicago White Sox have made only one major change from the club which finished third, 12 games behind the pennant-winning Yankees in 1966. They switched managers.

They fired Marty Marion and brought in Al Lopez, who had specialized in finishing second with the Cleveland Indians. That change doesn't figure to make up that 12-game difference unless some of the deals the White Sox are contemplating pan out.

Lopez and Vice Presidents John Rigney and Chuck Comiskey are trying to land a first baseman, a left handed hitting catcher and a fourth starting pitcher.

The White Sox would like Roy Sievers of the Senators for first base man. Clint Courtney, also of Washington, as the left handed hitting catcher behind the No. 1 receiver, Sherman Lollar. As for a fourth starting pitcher, the White Sox haven't divulged whom they are after.

**Strong Down Middle**  
With Lollar catching, Luis Aparicio at short, scrappy Nellie Fox at second and Larry Doby in centerfield, the White Sox are strong "down the middle." However, they are hurting at the corners—first and third base.

Unless they obtain Sievers, Lopez will have to choose between the veteran Walt Dropo, who hits the long ball but not often enough; and three rookies, Norm Larker, Ron Jackson and Jim Marshall at first.

At third, Bubba Phillips, who did most of his playing for the White Sox last season when he hit .373 as an outfielder, is getting the nod over veteran Fred Hatfield and Sam Esposito, an infield reserve last year who can field but not hit.

Fanking Doby is the outfield will be Minnie Mino in left and Jim Rivera in right. Rivera, however, is among those being offered for bait in the proposed Washington deal.

Rookie Jim Landis, who hit .429 at Colorado Springs last season and then was sent to Memphis where he had a batting average of .257, has been hitting the ball hard and probably will stick along with Dave Phillips and the veteran Ron Northey as outfield reserves.

**Rookie Has Chance**  
Another rookie, Earl Batty, formerly of Toronto, could wind up the No. 2 man to Lollar if Chicago doesn't get Courtney.

For his pitching "big three" Lopez will have southpaws Billy Pierce 20-9 and Jack Harshman 15-11 and right hander Dick' Donovan 12-10. The fourth pitching spot is wide open with Bob Keegan 2-7, Jim Wilson 13-14 and Jerry Staley 2-3 the leading possibilities.

Dixie Howell, once rated the best relief pitcher in the league but who slumped to a 5-6 record last year, and the 42-year-old Ellis Kinder will lead the bullpen corps with Paul LaPalme, a southpaw, also a relief possibility.

Bonus pitcher Jim Darrington must be kept. Other pitching pos-

**"They Never Gave Up"**  
Sally Parker

Bottom of the ninth, Dallas at bat and behind 5-7, Minneapolis pitcher, Juan Fernandez working on the mound and growing stronger. Dallas has two outs and the batter has two strikes, two balls. Most of the 3,000 fans begin to pour out of the stands—then, a wild pitch, a hit batter Jim Conde comes to bat for Dallas. Fernandez stretches the count; Conde connects—a home run over left field fence and the score is tied. The game goes into extra innings and the fans making their way out of the park take seats at vantage points.

Top of the 10th. One out; Minneapolis at bat; Orlando Cepeda at bat, Cecil Patrick working on the mound for Dallas. Cepeda has had four hits in four times at the plate—Dallas gives him an intentional walk. He moves to first giving a man at first and second. Dougie play—Patrick out of trouble.

Bottom of the 10th. Fernandez working hard for Minneapolis. Fans two, then gives up a walk—Willie McCovey, Dallas' power hitter at bat. He has gone hitless for the game? Minneapolis decides to pitch to him. The entire infield and outfield shifts hard to the right to field against the left-handed batter. It looks like a Ted Williams defense. All of the players are concentrated from second base to the right. McCovey fouts twice then connects a solid blast. The ball pops high and then straightens out to centerfield and clears the fence above the 370 foot marker. Dallas wins 8-7.

That was the thrilling result of Sanford's most pitched rivalry Saturday afternoon in Memorial Stadium before some 3,000 Navy Appreciation Day spectators that included Senator Holland among others in the classification of dignitaries attending the game.

"Roy" Ryan, manager of the Minneapolis Millers, big brother of the fabulous New York Giant Farm System, was quick to admit that the pitched rivalry between the two top teams of the Giant System, was no imaginary thing.

"No matter how lousy those guys have been all week they (Dallas) played been all week, they against us," he said.

Sally Parker, manager of the fired up Dallas Eagles, enthusiastic after the upset victory, said, "The boys really wanted this one and they never gave up. That made the difference."

The Line Score	
Minneapolis	011 210 020 8
Dallas	010 100 302 8

**R H E**

Dallas: Wall, Patrick (6) and Murray, Jackson (6)

**Home Runs**  
Dallas: Conde (two out, one on, 9th); McCovey (two out, one on, 10th)

**Batteries**  
Minneapolis: Jim McDonald and Joe Dahlike.

# Sanford Back In F S L

## Minneapolis Wins Game In 1st Inning

Every baseball season has its odd games, and the losers of the New York Giant Farm System no exception. Yesterday the Minneapolis Millers, triple-A big brother of the Giant system, won a game from Houston 8-4 that will be the talk of the baseball philosophers for a week or so.

Despite going hitless for the last 5 and one-third innings of play, the Millers won the game. But that wasn't all. The very minimum number of Minneapolis players went to bat in eight and seven innings that means 28 batters. Only one man touched first base for the last eight and one-third innings and that was in the 6th when Ed White drew a walk only to have the next batter hit into a double play.

The first inning meant the winning ball game for Minneapolis as they turned on the rout sign after two were out in the opening inning. Houston pitcher Dick Hicks allowed five hits that materialized into five runs before he made the long walk to the showers and was relieved by hurler Giannechini. Giannechini retired the sides in the first inning and allowed no more hits through the fifth, nor did Mumm or Ludwig who did duty on the mound for the losers.

Minneapolis	500 000 008 5 5 1
Houston	000 011 008 4 11 0

**Home Runs**  
Houston: Fred McAllister (9th, none on)

**Batteries**  
Minneapolis: Miller, Bowman (8), and Thomas  
Houston: Hicks, Giannechini (1), Munn (6), Ludwig (9), and McCordie

## Seminoles To Seek Third OBC Victory Against Melbourne

The Sanford Seminoles will move back onto the home scene for baseball in Memorial Stadium tomorrow night as they seek their third Orange Belt Conference victory in a row and a firm hold on third place in the conference at the expense of Melbourne.

The Seminoles will send their fired up diamond representatives into a game that could well be decisive for the Seminoles future as they attempt to redeem them selves of a one sided season opener before the home town folks.

Fast-baller Eddie Barbour will get the starting nod for mound duty for the Seminoles. Baseball mentor Dave Laude said this morning that Barbour had had a tendency to tire out late in a game but, "He's been running hard and getting himself into shape and I think he'll go all the way for us tomorrow night."

Laude said that the newly reshuffled team will have the opportunity to show the home fans that experience left before determination and desire. They're looking forward to this game," Laude remarked today.

Game time is 8 p. m. tomorrow night.

## Leesburg Will Open Season Here Apr. 12

Sanford is back in the Class D Florida State League.

That developed at a loop director's meeting here yesterday noon according to league president John Krider, who said that only a "few loose ends need to be tied together" before the end of this week to make it an absolute certainty.

This means that Leesburg, owned by the Milwaukee Braves, will open the 1967 season in Sanford on Friday night, April 12 against a Sanford team made up of players from at least two, if not three, major league clubs.

As many fans and numerous business men know, the past two weeks have been unusually hectic in that a small group of enthusiastic fans have been scouring the city seeking donations and pledges.

As of last Monday, there was reason to believe that the New York Giants would be in a position to give the local group a complete team of prospectively capable Class D players, plus a manager.

Heartened, a local sponsoring group that included Cotton Brown, John Keeling, George Kenis, and others, renewed their efforts, and by late last Friday, they apparently had over \$10,000 in sight made up of cash, pledges, and promises of merchants and fans who were ready to buy advertising space on fences, scorecards, and otherwise.

This group met with Carl Hubbell, head of the last farm system, late Friday to learn that whereas as of Monday it appeared that the Giants might have had a complete Class D team, as late Friday only five or six players appeared to be what Hubbell indicated were major league prospects.

It was explained to the local group that since the Giants did not as of Friday have what they would call a team that would be a credit both to the Giants and to the fans of Sanford, the Giants had no alternative but to say that they could not supply the full and bruises. "It's not always best to run to your doctor for every little sore place or treat it with heat," he said.

His recommendation was to give minor scrapes and bruises exercise by walking, flexing, or gentle massage. "Nature will give minor bruises and strains the proper amount of heat by heat generation in the body," he said.

But, warned Woodall, see the doctor immediately if the bruise or strain seems serious.

## Doctor Says Heat Will Aggravate Muscle Strain

Dr. A. W. Woodall issued a stern warning to the many participants of spring sports who apply heat in wholesale dosage for all muscle strains and bruises in an interview this morning.

Woodall's warning to the athletic groups of Sanford came after a fury of bruises and strains by young athletes who had applied heat only to find their soreness aggravated.

"Wholesale application of heat to inflamed muscle tissue can sometimes drive irritability deeper and lengthen duration of soreness," he said.

Woodall said nature's way of handling soreness was the best cure for minor muscular strains and bruises.

So, as of this morning, Krider, with Trautman's cooperation, was busy working out the details of a team which would be supplied by Brooklyn and the Giants, as well as Pittsburgh—each team to supply some players and cash.

At yesterday's director's meeting, it was learned that St. Petersburg, a New York Yankee farm, may have to release Dyke Wilson, veteran who was with Orlando and St. Petersburg last year. Wilson, a Sanford resident, would be offered to Sanford, according to Herb Smith, president of the St. Petersburg club.

In other words, as Krider said, "we're back in baseball and I am sure the fans here will respond enthusiastically. I am amazed at the fine reception the local group has received so far. Not a single turn down. It's been years since there has been as much enthusiasm, and I look for a fine season, thanks to the Giants and Brooklyn, and perhaps the Pirates."

Addition of Sanford means that major leagues will be financing and supplying players for seven of the league's eight cities.

The Yankees are backing St. Petersburg, Phillies are at Tampa, Cardinals are at Daytona Beach, Cleveland at Cocoa, Cincinnati at Palatka, Milwaukee at Leesburg, while Toronto, strongest of the few independent teams in baseball, is working with Gainesville.

The name of a popular former Sanford player came into the picture yesterday as a possible full time business manager. He is Mayo Langston, and the local group will attempt to contact him at once to see if he is interested.

The league will play a 140-game schedule split into two halves. The first half opens Friday April 12 and closes Thursday night, June 20. The second half opens Saturday, June 22 and ends Saturday night Aug. 31.

Winners of the halves will meet in a three out of five game series, the winner to be awarded the 1967 pennant. Players of this team also will split an \$800 pot.

An all-star game is to be played Friday night, June 22, on the grounds of the team leading the league at midnight Sunday, June 8.

Managers already assigned around the league:

Johnny VanderMoer of double no-hit fame, at Palatka; Ray Wilson at Daytona Beach; Hank Maslaski at Cocoa; Ned Wilcox at St. Petersburg; Charlie Gansaway at Tampa; Tom Giordano at Leesburg; and Red Dulahey at Gainesville.

## Hyalinths Put Sad End To Club's Barbecue, Cruise

The curse of hyalinths put a sad end to what had been a gala chicken barbecue and cruise put on by the Sanford Boat and Ski Club for outgoing officers yesterday afternoon on Lake Monroe and the St. Johns River.

A large turnout of members honored outgoing officers of the club at the barbecue staged on Frank Woodruff's Cove on Lake Monroe and retiring commodore Joe Nicholas was presented bron lighting equipment by Dr. A. W. Woodall, newly elected Commodore of the club, representing the club.

After the barbecue and short session of skiing, the club made a boat-cade along the St. Johns River to Blue Springs. On the return trip the boating enthusiasts found themselves trapped by a wall of hyalinths that had blocked the mouth of the river into the lake beyond the bridge.

Many members' boats were stuck and were unable to force through the thick matting of floating foliage and had to have a path cleared by an inboard yacht before they could land their vehicles.

After the long delay before some of the members and guests could be landed, Woodall said that his club would consider making recommendations for action to have the marts to pleasure craft boating removed.

"It's a shame that we can't do something to have these awful obstacles removed so that Lake Monroe and the St. Johns River in Seminole County can have its beauty exploited by the many families who want to have fun and health along the sunny waterways so close to them."

McCovey (two out, one on, 10th)

## Calendar

**MONDAY**  
The Y.W.A. meet from 6:30 to 7:30.  
Circle number 10 of the W.S.C.S. will meet at the home of Mrs. W. F. Patsch, 121 Laurel Dr. in Pinecrest, at 8 p.m.  
The Boy Scouts of the First Presbyterian Church will meet in the Scout Room at 7 p.m.  
At 7:45 p.m. the Philathea Class of the First Presbyterian Church will meet at the home of Mrs. Olive Hunt, 2465 Palmetto Avenue. Co-hostess will be Mrs. Katie Willis.  
The W. S. C. S. of the First Methodist Church will have an Executive Board meeting at 9 a.m. followed by the regular at 9:45 a.m. Circle number 6 under the direction of Mrs. J. N. Azzarillo will present the program. Nursery will be open for those desiring to use it.  
The Golden Circle Class of the First Baptist Church will hold its monthly business and social meeting at the home of Mrs. L. H. Trips, 2410 Key Ave. at 8 p.m. Mrs. Herold Heckenbach will serve as co-hostess.  
The Gleaner's Class of the First Baptist Church will hold its regular monthly meeting at the home of Mrs. Myron Smith of Flora Heights at 7:30 p.m. Mrs. Fred Myers will serve as co-hostess.  
The Brownie Scouts of the First Presbyterian Church will meet in the Youth Building at 3 p.m.  
The Pioneer Fellowship of the First Presbyterian Church will meet for supper, program and recreation in the Youth Building from 6 p.m. through 8 p.m.  
The Daughters of Wesley Sunday School Class of the First Methodist Church will meet in McKinley Hall at 7:30 with Mrs. A. E. Stevens group as hostesses.  
The Associational Baptist Brotherhood meet at Oak Hill Baptist Church. Supper will be served at 7 p.m.  
The Sanford Unity Class will meet at the Valdez Hotel at 8 p.m. The Rev. Josephine Stuckie, teacher. The public is cordially invited to attend these classes.  
The Sanford Tourist and Shuffboard Club will meet at 6 p.m. for a covered dish supper followed by a regular meeting at the club.

**WEDNESDAY**  
Prayer meeting will be held at the First Baptist Church at 7:30 a.m.  
The Children's Confirmation Class of Holy Cross Episcopal Church will meet after school at the Parish House at 3:45.  
At 7:30 the Mid-week Lenten service with sermon "Deadly Sins" will be held at the Holy Cross Episcopal Church. Adult choir rehearsal will follow the evening service, with rehearsals beginning on Holy Week and Easter music.  
The Catholic Women's Club will hold its regular monthly meeting at 8 p.m. at the Yacht Club. Election of officers will be held.  
Circle No. 9 of the Women of the First Presbyterian Church, Mrs. Joe Baker, Chairman, will meet with Mrs. J. G. Dunn, 1200 South Oak Avenue, at 10 a.m.  
The Girl Scouts of the First Presbyterian Church will meet at 3:30 p.m. in the Youth Building.  
The Mid-Week Bible Hour of the First Presbyterian Church will be conducted by the pastor Rev. A. G. McInnis, at 7:30 p.m. The Chancel Choir of the First Presbyterian Church meets for rehearsal at the Church at 7:30 p.m.  
The Sanford Woman's Club will meet for a luncheon at 12:30 at the Club building. Hostesses will be Mrs. B. R. Beck, Mrs. W. R. Nichols, Mrs. A. H. Ferber, Mrs. L. E. Thompson, Mrs. Frank Evans, and Mrs. Stephen Ter Horst. Guest speaker is scheduled to be Mrs. C. L. Mensor, First Vice President of the F. F. W. C.

**Civic Club Meet Wednesday Gives Musical Program**  
ALTAMONTE SPRINGS—A musical program will follow the business meeting of the Altamonte Springs Civic Club when it meets at 2:30 p.m. Wednesday at the Community House.  
Mrs. J. D. Morrison will preside over the business meeting and reports will be heard at this time on the recent club sponsored ham supper.  
Miss Annie Cline, program chairman, will introduce those participating in the program. Included in this group are Altamonte's own Mary Jane Smith and Catherine Crews, who will each give a vocal solo. Also an anthem will be given by the Altamonte Community Chapel choir. Mrs. Don McMahan will be piano accompanist.  
The second part of the program will be by the contralto soloist and voice instructor, Mrs. Grace Carrington Schram of Winter Park.  
Hostesses are Mrs. Clifford and Mrs. H. G. Fuller.

THIS SPRING SUIT with a peg-top skirt and dolman sleeves comes from the George Carmel collection. Designed in gray and white imported honey-comb tweed, a self-fabric belt emphasizes the wide-sleeved, bloused look.

FRIGERE'S "BIB AND TUCKER" costume of toffee-colored chevron silk and wool is designed for spring. The cardigan jacket covers a sheath with a bib front of white glossy linen.

### New Idea Solves Sitting Problems

Save \$100 a year... on baby-sitting bills!

How? Two young men from the Midwest have found out that many persons want to know the answer to this question.

A new idea in baby sitters clubs has been spreading rapidly throughout the country. Jack Howey and Bob Schwarz, members of such a club in Michigan City, Indiana, were so satisfied with the way they saved money that they contacted other clubs, exchanged ideas and then set down on paper the step-by-step procedure for others to follow in starting their own clubs.

A functioning club works something like this: Let's say you need a baby sitter for next Saturday night from 7:30 to 11. You call this month's club "bookkeeper" and make your request. She then contacts other members.

As soon as the bookkeeper has club members who are "in debt" located a club sitter, you are notified and can forget all about it. At 7:30 Saturday evening your sitter arrives... you didn't even have to pick her up (or him, as the case may be.) You can now enjoy an evening out knowing your children are in the hands of a reliable, adult parent like yourself who will know what to do when the baby wakes up unexpectedly or little Jane gets a tummy ache.

The following day your sitter phones the bookkeeper and your records are debited with 3 1/2 hours—hours, not money! The sitter, at the same time, receives 3 1/2 hours of credit. Next week sometime you or your husband may be sitting at another member's home so that couple can attend a PTA meeting.

This sit-for-sat arrangement will save families as much as \$100 a year and it works so well that clubs, with the help of the Howey and Schwarz procedure packets, are being formed almost as fast as the material can be gotten into the hands of money-saving parents.

Howey, who is city editor of the newspaper in Michigan City, says that the 30 to 40 member families in each of the clubs are almost all young couples who do not have parents or relatives in town. The husbands are in all occupations. One club has a college professor, two or three engineers, a mailman, a couple junior executives, two newspapermen and a pharmacist among its members.

"We're found," Howey said, that some people are hesitant about starting a club because most of the clubs we have helped they won't be able to find 30 or 40 families who are interested. started with just a few members and before they knew it they had waiting lists. I guess good news travels fast. By keeping the operation simple and on a business

E. Lowry, Mrs. Laura Kilbee, Mrs. Hattie Atkinson, Mrs. Bertha Lindry, Mrs. Ed Guyett, Mrs. John Thomas, Mrs. J. W. Yarrow, Mrs. Fred Youls, Mrs. Mrs. Ed Yarrowburgh and Mrs. Frank Pitts.

### Band Parents Held Meeting Tuesday Eve.

The March meeting of the Seminole High School Band Parents Association was held Tuesday evening at 8 p.m. in the Band Hall. Reports of the District Contest held in Apopka March 15 were given by band director, Ernest Cowley.

like basis a successful club can be under way in a few days."

Tentative plans were made to contact the principals of the Junior High Schools and parents with the idea of setting up a citywide Band Parents Association. Punch and home-made cookies were served to those present after the business session was brought to a close. A program was presented by four high school students who had attended the band camp last summer in Miami. They were, Dickie Rountree, Wally Pope, Irma Jean Corley and Berry St. John.

### Annual Check-Up Vital For Women Past Forty

By HERMAN M. BUNDESEN, M.D.  
ARE you a woman over 40? Then this column is especially for you. I've always urged annual medical checkups for everyone. After the age of 40, however, this becomes particularly important. If your physician thinks it is advisable. Complete Report Your doctor also will want a complete and honest report on your personal history, including the state of your health, any recent medical attention and information on marital, sexual and family matters. Seldom do these insidious diseases present any symptoms until they are fairly well developed. Found in Time Through annual, or even semi-annual physical examinations, your doctor can detect such disorders before they become really serious. When I say physical examination, I mean a thorough checkup. For a woman past 40 this should include: An examination of your entire body, a blood and laboratory test

and a test for diabetes and particular attention to the pelvis are in order, a Papanicolaou vaginal smear test to detect any indication of cancer, blood and urine tests and an electrocardiogram if your physician thinks it is advisable. Some of them are diabetes, cancer and diseases of the kidney, heart and blood vessels. I want to emphasize, as I have so many times before, that you must be completely frank in giving this information to your physician. So make an appointment right now before you forget about it. Get that annual checkup soon. QUESTION AND ANSWER E. S.: Would trembling, sickness of the stomach, fainting and irritation be symptoms of a nervous breakdown? Answer: These symptoms may occur in psychoneurosis commonly known as a nervous breakdown.

SEMINOLE HIGH STUDENTS enjoying the Junior-Senior Prom held Friday evening at the Mayfair Inn were: couple in fore-ground, Mary Grace Hobby and Claude Hittell. Left to right on the stairs were, Pat Harrington, Teddy Walker, Dot Metts, Johnny Yeackle, Eva Jo Wynne and Pete Latham. (Photo by Bergstrom)

Wearing glasses will not weaken nor strengthen the eyes, glasses only focus light rays to enable the eye to see more clearly with them on.  
I will not be responsible for any debts incurred by any one other than myself after March 1st, 1957.  
Richard E. Ransbottom

**Over**

(Continued from Page 1)  
 The Chief Executive Officer of the United States Navy, Admiral Arleigh B. Burke, was the guest of honor at the Navy Appreciation Day luncheon at the Sanford Hotel, Sanford, Fla., today.

A letter of the Navy Secretary, Admiral Burke, was read by the Rev. J. M. Miller, pastor of the Sanford Methodist Church. The letter commended the citizens of Sanford for their generous support of the Navy and the Navy Appreciation Day luncheon.

Admiral Burke, who is the first of his rank to be promoted to the rank of admiral, was born in 1897. He served in the Navy during World War I and World War II. He is currently the Chief of Naval Operations.

Admiral Burke's visit to Sanford was part of a tour of the Navy's operations in the Southeast. He will be in Sanford for several days.

Admiral Burke's visit to Sanford was a great honor for the city. The Sanford Hotel was filled with guests for the luncheon.

The luncheon was a great success. It was a pleasure to have Admiral Burke in Sanford. The Sanford Hotel was a great host.

Admiral Burke's visit to Sanford was a great honor for the city. The Sanford Hotel was filled with guests for the luncheon.

The luncheon was a great success. It was a pleasure to have Admiral Burke in Sanford. The Sanford Hotel was a great host.

Admiral Burke's visit to Sanford was a great honor for the city. The Sanford Hotel was filled with guests for the luncheon.

(Continued from Page 1)  
 The visiting dignitaries were taken on a guided tour of the Sanford Naval Air Station. Each visitor was presented with a folder familiarizing him with the Navy Base and pointing out points of interest throughout the base.

As the completion of tour and a parade through Sanford the dignitaries and civic leaders attended the Jaycee Navy Appreciation Day baseball game between the Sanford and Sanford teams.

The fish fry, with over two thousand pounds of fish fried by Guy Schmah and his committee of volunteers, plus thousands of fresh popples, cabbage slaw, boiled corn on the cob, and celery.

Naval War College, in Newport, R. I. He was assigned to the Bureau of Aeronautics before reporting to VAW-11 in July, 1955 as Executive Officer.

His various decorations include the Distinguished Flying Cross with two stars, the Air Medal with three stars and the Presidential Unit Citation. CDR. Bear also has been awarded the Asiatic-Pacific Campaign Medal with four stars, the Philippine Liberation with one star and more recently the Korean Service Medal.

A native of Fredonia, Pa., CDR. Bear is a graduate of Thiel College, in Greenville, Pa., and a member of FFA Masons, Hebrew Lodge, Mercer, Pa. He is also a member of the Elks Lodge in Sanford.

CDR. and Mrs. J. H. Bear are now residing at 3006 Grandview St. in Sanford. They have three children: Barbara, age 9, Sandra, age 7, and Patricia, age 5.

started shortly after 4:30 p.m. The more than 2,500 people, had filled into the second set area of Fort Mellon Park to enjoy their special luncheon to the visiting dignitaries, wait for the awarding of a new Ford automobile, see a gigantic display of fireworks, and then enjoy street dancing until near midnight.

Congressman Herieng, introduced to the huge crowd needed in the park, assured Sanford citizens and Sanford Navy people of his wholehearted support in keeping the Naval Air Station in Seminole County. "It is wonderful to see such close relations between the local people and the Navy," he said. "I want you to know that I am with you and will keep on working for you."

G. Harold Alexander of Fort Pierce, chairman of the Republican Party in Florida, introduced earlier at the Mayfield Inn luncheon, held the huge group at Fort Mellon Park. "I wish you many happy years of splendid association with the personnel of the Sanford Naval Air Station."

The entire affair, day-long, went off without a hitch. Sponsored by the Seminole County Junior Chamber of Commerce, Harry Canal and Garfield Willetts were the co-chairmen who staged the gigantic affair.

Mayor David Gatchel, a member of the Jaycee himself, was chairman of the Invitations committee. The mayor, pressed for time to carry out a complete program for the day without interruption, did not read numerous telegrams from officials invited to attend the gala affair showing Sanford and Seminole County's deep appreciation of the Navy.

Among the telegrams received by Mayor Gatchel was one from Vice President Richard Nixon. The Vice President said "Mrs. Nixon and I appreciate your invitation to the Seminole County Navy Appreciation Day. Unfortunately, however, because of previous commitments we cannot be with you to enjoy the occasion."

Sanford George Sanborn said in his telegram to the Mayor, "I regret exceedingly that I am unable to be with you on your Navy Appreciation Day due to a long-standing engagement with Senator Ryrd in Richmond. The Sanford Junior Chamber of Commerce, the Chamber of Commerce, the Merchants, businessmen, City and County officials, and all of the people of your area are to be congratulated and commended for making possible this celebration to express their deep appreciation to the Navy and their desire that the Naval Air Station be retained at Sanford. I share these sentiments and it is my hope that this station will remain at Sanford. I shall continue to urge that the Secretary of the Navy do everything possible to authorize its retention."

Only expressions of praise were heard from everyone as the day drew to a close Saturday. Rear Admiral Pfingsaid said "This has been wonderful. It is certainly a gesture of appreciation from the people of the area."

David Thraeber, one of the Jaycee members and vice president of the organization said "I'm thrilled, it was a complete success."

Mayor Gatchel commented "I'm well pleased—I'm so pleased and I don't see how we could have made it much bigger."

Captain Robert W. Jackson stated that "It's wonderful. It is a tribute."

Captain J. E. Roody, who will assume command of Heavy Attack Wing one in July, said "Marvelous—I've never been present at an event such as this."

And throughout the huge crowd seen in Fort Mellon Park similar statements were made by both civilians and Navy people alike.

The automobile was awarded Saturday night to Martin Taylor of 849 Prim Drive, Orlando. Taylor had made his contribution to help "retain the Naval Air Station in Sanford" to Jim Hunt and to Ed Hunt. He is a representative of the Square Deal Machinery Co., who is a visitor often in Sanford.

 commend a big program of reform and building in the prison.

Technically, the Legislature is limited to a 90-day session, but the proposed new state Constitution drafted by a special commission could force an extra month, particularly if legislative reappointment, unsettled after two years of haggling, brings on another deadlock.

The attorney general's bill drafting service reports it already has prepared more than 200 new laws and resolutions for introduction—"a little ahead of the last session." The number should reach 3,000 or 4,000 by session's end.

Collins already has said he will try again to have the Legislature abolish the price-fixing powers of the Milk Commission—an issue which touched off loud and bitter debate in the 1955 session.

He also has said he will try to have the Legislature abolish the price-fixing powers of the Milk Commission—an issue which touched off loud and bitter debate in the 1955 session.

## 'Pressure' Causes Navy To Reconsider Plans For Moving Base

### Semi Trailer-Truck Smashes Into Rear Of Car; One Hurt

A 1957 Mack semi trailer-truck smashed into the rear end of a passenger automobile at Benson Junction on Highway 17-92 yesterday before noon with damage estimated at more than \$15,000.

Driver of the truck, Felton Lamar Hobbs, 40-year-old Eastman, Ga. man, was taken to Fish Memorial Hospital in DeLand with a possible fractured right shoulder and a cut on the back of his head.

The huge truck, hauling heavy machinery was traveling south when it crashed into a 1957 Chevrolet sedan being driven by Henry Louis Martin, 29, of 134 E. Michigan Ave., DeLand.

Damage to the truck was estimated at \$15,000 and to the car at \$500.

Florida Highway Patrolman M. E. Norris investigated the accident.

Norris said that the truck, traveling an approximate 45 miles per hour crashed into the car traveling an approximate 10 miles per hour as he attempted a left turn into the Benson Junction road.

As the truck and trailer, a flatbed for hauling the heavy equipment, jackknifed it threw the passenger automobile into the ditch then overturned and clipped a power pole.

The pavement was gouged and turned into the Benson Junction truck turned over on its side and slammed into a huge wood pile. Damage to the power pole and lines was estimated at \$300.

No arrests were made.

### Plat In Chuluota Area Okayed; Has 200 Home Sites

A plat was approved this morning by the Board of Seminole County Commissioners that will probably get underway shortly the development of hundreds of homesites in Chuluota.

Lake Mills Shores, one of four subdivisions in the original North Chuluota plat, was approved.

Ludomil W. Morski, owner and developer of the entire site, said that the plat approved this morning contained approximately 200 home sites.

Lake Mills, one of six lakes in the overall development, is adjacent to the new platted area.

Morski, in a Sanford Herald story last week, predicted that Chuluota will grow into one of Seminole County's finest cities and predicted a population of 10,000.

Already, streets are being built in the area to add to the already-paved streets of the North Chuluota plat.

In addition to the paved streets, Chuluota also has its own water system of over five miles of three and four inch water mains.

Also in the plans for the subdivision is a recreation building which will be constructed from the former Chuluota School purchased from the Seminole County School system.

WASHINGTON (AP)—The Navy said Saturday the "pressure" applied by Sanford residents is causing it to reconsider plans to abandon its air station there.

In February the Navy said it planned to move to a new station because of crowded flight conditions at Sanford. Now it is reconsidering and expects a final decision about June 1. In answer to questions, the Navy said:

"There has been a great deal of pressure applied by the people of Sanford to keep the air station there even though the traffic pattern would be right in the city and people would be living immediately adjacent to the air station and the noise of the aircraft.

"There is also limited room for expansion. However, the Secretary of the Navy has indicated that the decision on the disposal of Sanford is not yet final and probably would not be made until around June 1. The people in Sanford would rather have the station despite the danger of aircraft operation in such close proximity and the noise."

Congressman A. S. "Syd" Herlong, in Sanford for the Seminole County Navy Appreciation Day, said Saturday "In view of the work that has been done to retain the Naval Air Station in Sanford everything now looks optimistic. Nothing official has come out of the Navy Department.

"I think the reason we have been able to make as much progress as we have is because the people got together and worked with one another," he said.

Senator George Smathers, in a telegram expressing his regret in not being able to come to Sanford for the countywide Navy Appreciation Day "It is my hope that the Sanford Naval Air Station remain at Sanford I shall continue to urge that the Secretary of the Navy do everything possible to authorize its retention."

And Senator Spessard Holland, expressing his attitude toward retaining the Navy Base in Seminole County said to a Jaycee sponsored luncheon Saturday "I think this spot is an ideal one for the continuation of a Navy Base. I've always believed in keeping families together and when I see this fine family of civilians and Navy people—it would hurt me to be a party to breaking it up."

W. Austin Smith, a member of the engineering firm of Smith and Gillespie of Jacksonville, when asked if the sewage treatment plant is a necessary or desirable said "It is a point whether you want the water polluted or not or if you want the people to even think of it as polluted water."

However, members of the Board of Commissioners disagreed with the engineer when he said "It is all (sewage) concentrated which is a worse condition—and now you are doing something about it."

Mayor Gatchel and Commissioner Higginbotham immediately disagreed with Smith.

However, no action was taken at last night's meeting due to the lack of a financial study of the sewer services of the city.

Further studies on the proposed revenues from the water and treatment plant will be continued when both the engineer and fiscal agent study the report.

Wilson Holt, who represents Goodbody and Co. of St. Petersburg, commended the city on its record of debt payment. He told the commissioners "You have a very nice record of debt payment. There are so many who have gotten by with just levying enough to pay interest. Your record of debt payment is far above the average."

To a question as to whether the city could pledge its utility tax to a port authority, Holt stated "In order to pledge a city tax you must have a city project."

Holt told the commissioners last night that in order to finance the project it would have to be "backed up an additional pledge, either ad valorem tax, or utility tax, in addition to the revenue."

Bostwick presented additional sketches which included a traffic flow map and a sketch of dock facilities utilizing present road facilities.

However, commissioners, appearing more interested in details of financing the project directed most of their questioning to Holt.

The fiscal agent supported the

use of the city management when Mayor David Gatchel places the possibility of a port authority before the commissioners. Holt said "A port authority would have taxing power and would be able to levy tax. The people of the city would still be paying without the management."

Optimism was added to the prospects for a Docks and Terminals for Sanford when the Board of Sanford City Commissioners discussed the half million dollar venture with W. M. Bostwick, engineer, of Daytona Beach and the city's fiscal agent, Wilson Holt of St. Petersburg.

Holt told the commissioners last night that in order to finance the project it would have to be "backed up an additional pledge, either ad valorem tax, or utility tax, in addition to the revenue."

Bostwick presented additional sketches which included a traffic flow map and a sketch of dock facilities utilizing present road facilities.

However, commissioners, appearing more interested in details of financing the project directed most of their questioning to Holt.

The fiscal agent supported the

## Governor Seeks Over \$94 Million In Taxes

DAMAGE TO THIS TRUCK was estimated at \$15,000 when it smashed into the back end of a passenger automobile and then turned over clipping a power pole. The 1957 Mack truck and flatbed trailer was hauling heavy equipment when it jackknifed yesterday shortly before noon at Benson Junction. (Staff Photo)

### Teacher Pay Raise Proposed

TALLAHASSEE (AP)—The Florida Legislature opens today for what is predicted to be a history-making and harmonious session.

A new Constitution is expected to come out of the 1957 session. But the average citizen is most interested in the possibilities of new taxes. Gov. LeRoy Collins said Monday he will ask the lawmakers to levy new taxes.

Rep. Doyle E. Conner of Starke becomes speaker of the House, with Rep. Mack Cleveland of Sanford as speaker pro-tem. Mrs. Lamar Bledsoe as chief clerk and Amos Davis as sergeant-at-arms.

Veteran Sen. William A. Shanks of Gainesville takes office as president of the Senate, Sen. Irlu Bronson of Kissimmee as president pro-tem, Bob Davis as secretary and LeRoy Adkinson as sergeant-at-arms.

Leaders See Harmony

Predictions for a harmonious session came from the governor, Conner and Shanks. All three concurred in the governor's statement that "the legislators have done more advance work this time than ever before."

Gov. LeRoy Collins today called for \$84,878,000 in new taxes to finance everything from teacher pay raises to increased old age pensions in the next two years.

Collins recommended the \$80,378,000 be raised by eliminating from the state sales tax present exemptions on low-cost clothing, automobiles, heavy industrial equipment, alcoholic beverages and taxable items purchased for charitable, religious, institutional, educational and farm use.

The rest would come from an optional 30 per cent increase in automobile license tag fees, all of it to be returned to the counties levying it and earmarked for school purposes.

Collins proposed a flat \$300 annual teacher pay raise from the state, plus \$200 per teacher in the state. (Continued on Page 8)

### Speakers Bring Out Pan-American Relationship Value

The value of Pan-American relationships was brought to the attention of Sanford Rotarians at their weekly meeting yesterday afternoon by three students of Rollins College in a program arranged by Robert L. (Bob) Lamont with the aid of Dr. A. J. Hanna.

In introducing Miss Sally Peck, chairman of the group, Lamont called her "a Latin American from Washington, D. C." interested in our neighbors to the South. Miss Peck told of the Organization of American States which will celebrate its anniversary on Apr. 14; of Simon Bolivar's vision of a New World

(Continued on Page 8)

### Chances Of Fielding Ball Club Here 50-50

"There's a 50-50 chance to field a ball club here in Sanford," John Krider, president of the Florida State League told the Board of Sanford City Commissioners last night during a discussion with

W. C. "Red" Hires regarding the possibilities of Sanford's entry into the Florida State League this season.

Hires asked the city for the use of the Sanford Memorial baseball stadium, complete during the coming season's 70-game home schedule.

He told the Board of Commissioners that "So far we have \$3,000 pledged and we have plans to secure the additional \$7,000 to operate the club."

"We've been working for the past three weeks to determine whether we could operate this year without losing money," he said.

Some new developments have come up and there is a possibility that we could get ball players but there are a lot of loose ends to tie up yet, Hires explained.

Commissioner Scott asked "Are you going to use the stadium to develop ball players or to make money?"

Hires said "We are set up as a non-profit organization and the only way we could get ball players is by developing players."

Comparing the local baseball group's request with the request made by the local schools the

(Continued on Page 8)

### Galloway To Get Stamp Machine Letter Sealer

Purchase of a Pitney-Bowes stamp machine and letter sealer was authorized by the Board of Seminole County Commissioners this morning for the Office of the Seminole County Tax Collector.

John Galloway appeared before the board to ask permission to purchase the machine which is manufactured exclusively by the Pitney-Bowes Co.

The Tax Collector said that more than 30,000 pieces of mail are stamped and mailed from his office. "We will save enough money in three years to pay for the machine he said, "in the economy of the operation."

George H. Vinson, representative of the manufacturer, told the board of commissioners that the machine would seal and stamp approximately 175 pieces of mail per minute. "Everytime an envelope is mailed," said Vinson, "the Tax Collector will save a half cent."

Cost of the machine was quoted at \$748.60. However, the calculator and recording portion of the machine will be rented from the post office at \$7.20 per month.

Additional discussion relative to the Docks and Terminals project will await the advice of an experienced warehouseman, according to the final decision of the board last night.

"I would rather take the advice of a man whose lifelong experience has been in this business, in the selection of a site and the final decision on proposed plans for the facility," said Bostwick.

### Top News In Brief

WASHINGTON (AP)—Postmaster General Arthur E. Summerfield warns he may have to end Saturday mail deliveries and postal money order services if Congress does not restore a \$8 million dollar House cut in the postal budget.

DEARBORN, Mich. (AP)—Mayor Orville L. Hubbard said today he will "keep working" on his plan to create a "Dearborn, Fla." for retired and vacationing residents of his city, despite the vote of disapproval of the plan by citizens.

The possibility of an additional tag-for automobile use within the City of Sanford loomed last night when the Board of Sanford City Commissioners heard a proposal that the "permit" be used to secure additional revenue for street building and maintenance.

"This may be the solution," said John Krider, former Sanford City Commissioner, as he proposed that a permit be issued for automobiles within the city limits.

"It's been the policy of the commission to pay for street building, street maintenance and street repair from millage and street thinking is that next year you will need additional millage," he said.

"I think that the people who use the streets should pay for them just as other cities do that have tags for that purpose," Krider said.

Instead of putting on additional

at millage "I would like for you gentlemen to consider this proposal," he said.

"I believe it would be a very popular thing because people don't complain too loud when they see what they're getting," Krider said.

The Chamber of Commerce executive explained that the tag revenue, from the new city permit, would bring in approximately \$10,000 which should be earmarked for city streets.

At present, approximately \$23,000 is included in the 1956-57 budget for streets and street maintenance.

Krider told the Board of Commissioners that by utilizing the tag permit, new taxes would not have to be levied for proposed streets. It was estimated that at least 2 1/2 mills would be necessary to obtain additional monies for street projects.

### Weather

Partly cloudy with little temperature change through Wednesday; low 60 to 65.

### Pryor Will Head Cancer Crusade

Irving Pryor has been appointed General Chairman of the 1957 Cancer Crusade in Seminole County, according to an announcement made by Mrs. Julius Dingfelder, President of the County Unit.

Pryor, serving as Chairman for the second year, will have Roy Britz as Co-Chairman in charge of the business area; Mrs. Phil Stanley as Chairman of the Women's Division in charge of residential solicitation; and Miss Myrtle Wilson in charge of County areas.

A concentrated one-day solicitation entitled "C-Day" or "Conquer Cancer Day" has been scheduled for April 9th when, under the leadership of Mrs. Stanley, hundreds of volunteer workers will conduct a Drive to leave educational literature and solicit funds.

"Today," Pryor said, "more Americans than ever before are being saved from cancer. The success of C-Day in our area, and throughout the Nation, promises greater gains to come, and will bring us one step closer to our common goal; the ultimate conquest of cancer. I know I can count on our community to contribute its share toward the achievement of this goal from which all of us will benefit."
