

Sharkey And Scott End Their Training For Big Miami Fray

Garden Corporation Insistent That Fight Won't Be Broadcast

Miami, Fla., Feb. 26.—Although the strongest kind of pressure has been brought to bear, the Melrose Square Garden Corporation, today apparently had to yield all efforts to bring about a reversal of its decision not to broadcast the Sharkey-Scott and Canfield-Risko fight show Thursday night.

The impression that the garden magnates would change their minds and permit the fight to be waffled out of the arena to all parts of the country as well as to the rest of the world gained circulation after information was received that the National Broadcasting Company was sending two men from New York.

"It was learned, in addition that strong influence had been brought to bear, not only by American radio interests, newspaper and listeners, but also by foreign broadcasting concerns who long to obtain bookings because of international character of the bouts."

However, William F. Care president and spokesman for the garden electorate, flatly said last night, before taking a train to New York, that there would be no broadcast, under any circumstances.

"We made our decision and will stick to it," Mr. Care declared. "We have advertised in new papers and by other means throughout the country that here will be no broadcast. We have told them, etc., on that definite understanding. Manifestly, it would be natural for us to do it, but we do not intend to do it, to change our minds, and permit the right to be put on the air. We do not do business that way."

Otherwise, the second bout in the palms is only three days off with the box office making a gallant struggle to get the entire gross "out of the red" and the principal commandants through which intensive training goes on night after night to keep in shape until the going starts them into action.

Nothing has happened thus far to alter the one-sided aspect of the weigh-in American main event. If anything, the impressive character of Jack Sharkey's last work out with the gloves yesterday evening held the general belief that he will polish off the heavy bout. Betting has been comprehensive by telephone. Roughly, the odds today were at 1 to 1 that Sharkey wins by a knockout some four rounds.

There was a strange and somewhat mysterious ending to the conclusion of game action by the two principals yesterday. Sharkey went at his sparring mate, who was an especially strong boxer. Rather than appearing a bit fatigued, he seemed keenly on edge, surely did almost savage. The crowd watching him at the Mount Beach Kennel Club was enthusiastic and so were the experts who crowded around him. A while later over in Miami, Scott finished his drill and climbed a tree cap in his improved racing room. One looks, unbroken today, strung out on the mat. The trainer was up during the night. The strong will of one new paper.

Phil Morrissey's reply to a few questions and out of a chair with a smile, blank and unflinching eyes. No crowd, no joshing, no spirit. It may not be significant, but the comparison between the rival camps seemed typical of just how the fight is regarded.

Dodgers' Camp Happy Over First Practice

CLEARWATER, Fla., Feb. 25.—(AP)—New was strictly business at the opening session of the Brooklyn Dodgers' spring training camp.

Three invalids of 1929, Glenn Wright, Del Rossette, and James J. Elliott, all apparently have recovered from the ailments that made them practically useless to the Dodgers last year. Wright was snapping the ball to his improved hitting form. The old champion, Hans Miller, was up to the top of the contingent still at Hot Springs, with his aides—Bishop, Foley and Dukes.

HANDICAP EVENT TO FEATURE CARD AT HOUND TRACK

Some Of Fastest Animals At Longwood Course Will Appear

The racing card at the Longwood Kennel Club tonight is featured by the Sharkey Handicap, a speed event in the sixth race for a trophy cup. The race will be over the quarter-mile course and some of the fastest dogs of the kennels will participate, among them being Hopeless Blitz, Cool Water, Passport, The President, Tony Taylor and others.

A good Monday night crowd attended the races last night, the feature of which was won by Gold Digger, an outsider which paid better than 8 to 1.

Thursday night a monster benefit will be held at the Longwood Kennel Club for the family of Police Officer Osterer of Winter Park who was killed not long ago while on duty. Mayor Caddy of Winter Park will donate a cup to the winner of the speed event on Thursday night's program.

ATHLETICS WILL HAVE FIRST PRACTICE TODAY

FORT MYERS, Fla., Feb. 25.—(AP)—Connie Mack, major owner of the Philadelphia Athletics, ordered a full sized squad of athletes to the ball yard today for the first spring practice.

Counting regulars and rookies about 20 players are in camp with another delegation that has been conditioning at Hot Springs by the end of the week. Some of the regulars, eager to get going, have been in the South more than a week, and a batch of others, including Lefty Grove, arrived yesterday.

The squad is to make up of pitchers Grove, Lownes, Ebinke, Shantz, Rummel, Mahaffey, Jones, Dickey, Baker, Stedman, Mahon, Liebhard and Sipe; catchers Cochrane, Perkins and Mattos; fielders Fox, Kress, Henner, Sama; the only tested outfielder on hand, The champion's regular trio of Sime, Hays and Miller, is to be joined by the contingent still at Hot Springs, with infidels—Bishop, Foley and Dukes.

City Will Seek To Recover Sum In Defunct Bank

H. H. Sterns in a letter written to the Commissioners, asked that they investigate the wrecking of his car on the City Line track on the night Dec. 25, on West First Street. He declared that his insurance company believed that he was the cause of the accident and therefore refused to repair his car. He offered \$500 to show the fine truck and not himself was to blame for the crash. The Commissioners moved that the matter be referred to W. J. Tighe, local insurance agent.

Commissioner Miller suggested that white arrows be painted on the pavement at the intersections of First Street with Magazine Park and Sanford Avenue. He said that by this plan traffic would be guided up and cause

CONFER WITH HOOVER

WASHINGTON, Feb. 26.—(AP)

Gates W. McGarrah, the new York banker who has been reported as seriously considering accepting the presidency of the international bank, called on President Hoover today. He is leaving for Paris this week. Mr. McGarrah would not discuss his conversation with the President nor would he comment concerning the presidency of the bank, organized under the Young plan for German reparations.

**LONELY ISLAND IN
SOUTH ATLANTIC
HAS FEW WOMEN**21 Young Men Are Eligible For Marriage;
Island Has 14 Girls

BUENOS AIRES, Feb. 26—(AP)—There are 11 girls of marriageable age on the lonely South Atlantic island, Tristan Da Cunha, which is so far removed from the rest of the world that a ship comes out once a year.

There are 21 young men of marriageable age from which those 14 girls may pick husbands. Those not chosen through necessity probably will remain bachelors, since few ever leave the island, and few come there to live.

Rev. Philip Lindsay, who has just come here from three years spent in mission work on the island, and whose mother lives at St. Albans, Vt., says 157 inhabitants live on Tristan Da Cunha with almost unbelievable simplicity.

They still dress after the early Victorian manner, and doubt the existence of airplanes and automobiles, of which he has told them. They cannot even understand how men can ride bicycles, the like of which they have never seen.

The community, which is self-governing and communistic, has but one firearm, an old blunderbuss. There is no currency, and alcohol is unknown. No doors have locks and there is no crime.

The principal crop is potatoes. They used to raise wheat but ravages of swarms of rats prevented success of the crop and now the islanders eat potatoes and such fish as they can catch. Every man works his own potato patch and does his own fishing. There are some cattle and sheep.

When Lindsay first arrived on the island in 1927 he found the potato crop had failed and famine conditions prevailing. There was a good crop in 1928, but this year again the single crop has failed and the inhabitants are threatened with distress. Half the population suffered in an influenza epidemic last June, and one died.

Lindsay says the predominant characteristics of the people are their cool humor, simplicity, and industry. Though they have great literary interest, their mental soundness has not been affected. They love sports, and play football and cricket according to their own rules. Running and jumping races also are frequent.

Tristan Da Cunha is a British possession settled about 1816 by English. Some American, Scotch, Italian, and South African negroes have gone there. White characteristics prevail. There are three islands in the group.

**Ruling Of Court In
Filipino Marriages
May Cause Trouble**

LOS ANGELES, Feb. 26—(AP)—The ruling of Superior Judge J. A. Smith that Filipinos are of the Mongolian race and therefore ineligible to marry whites in California was declared by legal authorities here today to have opened the way for invalidation of more than 100 marriages performed in this state.

Authorities said the ruling did not automatically invalidate marriages of Filipinos and whites performed since the passage of the state miscegenation law, but that it affords legal grounds for invalidation proceedings to be brought in individual cases.

The ruling was returned yesterday by Judge Smith in granting a permanent writ prohibiting issuance of a marriage license to Tony V. Moreno, 21, Filipino, and Ruby Robinson, 23-year-old white girl. The writ was requested two weeks ago by Mrs. Sheila A. Robinson, mother of the girl, who contended the bridegroom was a Mongolian. The state law prevents a Caucasian from marrying a Mongolian or a negro person.

Judge Smith ruled, in spite of arguments of county counsel Everett Matson, who contended Filipinos are of the Malayan branch of the Caucasian race, that there are only three principal races, White or Caucasian, and Black or negro, and Filipinos are yellow.

Mrs. Erickson Gives Party At Club House

An outstanding feature of the decorated room used at the Washington bridge party given yesterday afternoon by Mrs. W. C. Erickson for the members of the Social Department of the Woman's Club and their guests at the club house, was a large portrait of George Washington which was draped with flags and placed at one corner of the stage. Other decorations consisted of quantities of masturbines and sweet peas arranged with fern in vases and bowls, and a profusion of small American flags.

Assisting Mrs. Erickson in receiving the guests was Mrs. A. C. Chamberlain, while Mrs. E. H. Lance, escorted them to their places and distributed the talcums. At the ten hour, when refreshments consisting of cherry pie à la mode were served, the hostess was assisted by Mrs. A. C. Chamberlain, Mrs. T. A. Tattersall, Mrs. E. H. Lance and Mrs. Walter Bach.

After scores were added, high score prize for the club members, two decks of cards in cases, went to Mrs. E. H. Ashcraft. Miss Mary H. Curtis of Warsaw, Ind., had high score among the guests and was given a bouquet of violets.

Those present were: Mrs. J. C. Gibson, Miss Mary H. Curtis of Warsaw, Ind., Mrs. E. Compton, Mrs. John Meisch, Mrs. John Bernhardt of Fairlawn, N. J., Mrs. H. F. those who come into Florida for winter recreation.

Our trouble has been that we have been too well satisfied with our success. The prosperity derived from our railroad terminals and production of citrus and winter vegetables has been so satisfying; this prosperity has come to us too easily with the result that we are not ambitious and watchful of other interests, which are just as important in the building up of a good town as those things we already have.

We have not taken into consideration the fact that Florida towns are essentially built in population growth by the contacts made through the coming in of winter visitors. These winter tourists come here ostensibly to get away from the rigors of a moist climate and are nearly always very impressed. It is estimated that one out of every 20 visitors coming into Florida eventually moves into permanent home.

I believe that if Sanford would make a strong and continuing effort to behalf of getting US State to winter tourist patronize this country to Florida, we will have done one of the most productive jobs we have ahead of us.

"We have everything we want for the encouragement of winter patronage. Our central location makes it possible for tourists to make headquarters here where comforts and便利ities can quickly take care of the needs of the trade. Our climate is ideal and our facilities for health and comfortable permanent residence are unequalled.

"Tourists are right now bringing millions of dollars in the state of Florida into our community. Our Chamber of Commerce is in full swing in our efforts to continue this trend. We are making every effort to attract tourists to our city and to keep them in our city.

"In addition to this we need to see that the winter tourists are properly entertained. I think the tourist program in Sanford could be improved with many small expenditures. Therefore we have tried to invite tourists from all over the United States and Europe. Take from the mid-tourist to the

far-out tourist, we have a lot to do.

"I am satisfied that if we will pack our bags and leave for two or three years in one single location or a limited number of locations, we can build up a very satisfactory tourist program.

"We have not been able to do this because there are so many pleasant diversions. Many hotels to choose from, reasonable rates of all. Within easy motoring distance of Yorkton, ancient Williamsburg and Jamestown, site of the first permanent English settlement in the New World. From Norfolk, Portsmouth, you have your choice of continuing your trip over the big highway through beautiful and historic Virginia or you may proceed by boat to Washington, Baltimore, New York, Boston, or Providence, driving your car along without trouble and at small expense.

PROHIBITION IS AGAIN ISSUE IN "FLY" PROBING

pieces of baggage inspected since this quarantine was placed into effect than no liquor has been found?" asked the Congressman. "What I said," replied Dr. Newell, "was that no reports to that effect have been made to us." "Newell, doctor," continued Cram, "I wish you would come to Washington and testify to that effect. I do not blame you under stand, for not trying to enforce the 18th Amendment. I will be satisfied if you have not hampered any of the other government agencies in their work."

Chairman Wood questioned Dr. Newell at length regarding the work of inspectors searching for fruits and vegetables hosts to the fruit fly, especially at railway stations. Dr. Newell was asked if the inspectors examined the outside and top of railway cars in their search for the pest.

"The cars are there for the inspectors to see," replied Dr. Newell. "Personally I do not believe a fly could ride on the outside of a car because of the air force exerted by a moving train."

"Well," replied Chairman Wood, "in 99 cases out of 100, these quarantine regulations are not worth the paper they are written on."

"Dr. Newell said he did not agree with him."

"Well, you bugologists wouldn't agree with anything," Wood replied.

In reply to a question by Cramton whether inspectors examine express and freight cars, Dr. Newell said that they had not all the railroads had agreed not to carry uninspected material that might be host to the pest.

"Is that on the theory that flies will not ride on anything except a pullman car?" asked Cramton.

"No sir, it is not," replied Dr. Newell. "But we have not had the money to absolutely close up all the avenues to prevent the fruit from entering most of the distribution area."

Dry Opponents Continue Fight Upon Statute

(Continued from page one) return to state control of liquor, contending this would not be difficult as state statutes dealing with the question again would take force.

Immediately after the statement was presented, Dr. Francis J. Gerry, in charge of the psychopathic hospital of Cook county, Illinois, took the stand. He was the first of a long list expected to appear before nightfall, others including W. W. Atterbury, president of the Pennsylvania Railroad; and Republican national committeeman from the Keystone State, and Pierce R. Duane of Wilmington, Delaware, chairman of the board of the E. I. du Pont de Nemours and Company and a prominent personage in financial affairs.

Gerry's testimony was elicited momentarily by the reading of a statement from Wallace Irwin, a member of the authors and artists committee of the pro-sobriety Com. against the prohibition amendment.

"Confession to tyranny is as innocent as trying to stop a wind's instruments and that for revolt against opium alone author by these would have been no United States of America. Under there is strength in being plain in battle even against the tyranny of a hostile minority. The United States of America cannot endure in the free country of a few people."

Maltbie Named Head Of Rotary Club Yesterday

(Continued from page one)

On June 24 through June 27, Mr. Latley said that this twenty-fifth anniversary convention was planned to pay homage to Paul P. Harris, president emeritus of Rotary International and founder of the first Rotary Club in February of 1905 in Chicago. "Rotary and then should be called in service to a human need for fellowship," the speaker declared, and continued by saying "this desire of Paul Harris for friendly companionship proved a universal need among the business and professional men." Few cities are known to be without civic clubs today, and there are approximately ten thousand Rotary clubs in existence with nearly three hundred thousand members enrolled. Mr. Latley concluded.

Reynold Leigh Patch of Stowman, Mass., who was a visitor of the Luncheon yesterday, gave several song selections accompaniment of Paul Robson, piano.

THAT GOOD GULF GASOLINE MADE BETTER

A BRAND-NEW ANTI-KNOCK GAS-400° END POINT NO EXTRA COST

*f*or twenty-five years That Good Gulf Gasoline has been an honest, high powered, clean, straight-run petroleum product. Now it is made better. Each year the high compression motor becomes more popular with makers of automobiles, bringing into requirement gasolines of Anti-Knock value and lower end point.

The new Good Gulf Gasoline meets these requirements in every respect. It is a 400° end point . . . vaporizes to the last drop, a high Anti-Knock quality . . . not a knock in a tank full.

Every motorist should know that a 400° end point gasoline vaporizes more quickly and completely than ordinary gasoline of 437° end point. This quick vaporization affords easier starting . . . gives more mileage . . . because every drop is converted into power.

That Good Gulf Gasoline contains no Anti-Knock fluid or chemicals of any kind . . . no dope. There is no extra cost . . . same price it has always been.

LADIES OF HOUSE WISH TO REMAIN IN LEGISLATURE

Women LawMakers Indicate Intentions To Stick To Posts

WASHINGTON, Feb. 26.—(AP)—With many kettles on the boil, the "ladies of the house," with one exception, want to continue their legislative careers in Congress.

Mrs. Pearl Peden Oldfield, Democrat, Kansas, will not run for re-election. She made that statement quietly, and with as little explanation as it was once made by a former president.

But all seven of the others are in the midst of plans for further law-making futures.

True, Representative Ruth McCormick, Republican, Illinois, will not try to succeed herself as a congresswoman-at-large. But that is because she is campaigning for a seat in the Senate. A train took her westward from Washington today for another speech-making whirl.

Representative Katherine Langley, Republican, Kentucky, who succeeded her husband, and whose further candidacy had been somewhat in doubt, today definitely said she would be a candidate for re-election. Any suggestion that her husband might wish to return to his old seat in Congress was thus set at rest.

"I am interested in several pieces of legislation for my Kentucky mountain district that I wish to complete," said Mrs. Langley.

Back from making a keynote speech at a meeting of the Democratic state committee in Jacksonville, Representative Ruth Bryan Owen of Florida, was all enthusiasm for the June primaries. Mrs. Owen's first election, contested on a citizenship basis because of her marriage to a British army officer, is still under consideration by a House elections committee. But she is ready to run again, leaving her campaign on bills passed and bills pending.

With a federal banking bill, a disabled soldiers bill, and a bill for books for the blind pending, Ruth Baker Price, Republican, New York, frankly wants to return back to the House of Representatives and finish what she has started.

Already veterans of three campaigns, Representative Mary Norton, Democrat, New Jersey; Representative Edith Nourse Rogers, Republican, Massachusetts; and Representative Florence P. Kahn, Republican, California, are planning to swing into the fourth with customary zest. Mrs. Rogers, who has much veterans legislation to sponsor, will avoid wasting time by using an airship whenever possible in her campaigning. Mrs. Kahn whose motherly tact and manner has done much for winning for the gold star mothers their trip to France, wishes to see the completion of the memorial voyage which she has sponsored. And Mrs. Norton, having won a hospital for her home district now wants to further her bill for the repeal of the Eighteenth Amendment.

Dan Beard Scores Smoking Mothers At Scout Meeting

MIAMI, Fla., Feb. 26.—(AP)—Blue spirals of smoke from the cigarettes of bicker mothers are dimming the pathway to success for modern youth in the opinion of Daniel Carter Beard, national commissioner of the Boy Scouts of America.

Speaking before the Dade County Scout Council yesterday Commissioner Beard said: "The boys of today are better than the boys of 50 years ago. The reason for this crime wave is that the parents aren't on the job today."

"Bring back the mothers of yesterday and all this lawlessness will soon cease. Mothers are too busy smoking and drinking today to pay attention to their children. The children are fundamentally better than they ever were in the history of the country. It is bad example at home which starts them on the wrong road. I have no respect for a mother who will sit around puffing on cigarettes in front of her children. She is throwing a smoke screen over the path of life for them."

Now Millions More Stop "Dosing" Colds

Better External Treatment Wins New Users All Over the World

Every year since the introduction of Vicks Vapo Rub, more and more people have given up the old fashioned way of "dosing" colds and turned to this modern external method. Today the whole trend of medical practice is away from needless "dosing."

Mothers of young children especially appreciate Vicks because there's nothing to swallow and, of course, nothing to upset delicate stomachs. Just rubbed on its medicated vapor are released by the heat of the body and inhaled direct to the inflamed air passages. At the same time Vicks acts through the skin like a poultice or plaster "drawing out" tightness and soreness.

Year by year, the fame of Vicks has spread from neighbor to neighbor and from state to state, until now it is used for the colds of adults as well as children in every country.

The ever-growing demand for this modern method of treating colds is shown in the familiar Vicks slogan: Made famous when Vicks reached "17 Million Jars Used Yearly," later raised to "21 Million." These figures are again being changed, as there are now "Over 26 Million Jars Used Yearly" in the United States alone. (Adv.)
