HOLLAND WINS BY LANDSLIDE

Seminole Gives Former Governor Large Vote; Smith Is Re-elected

Hendricks Wins Substantial Victory; Dodd Wins Seat on County Commission

Former Governor Spessard L. Holland swept Seminole County yesterday's Democratic primary by an even greater margin of victory than the two to one majority by which he was leading in the state as a whole, unofficial returns tabulated by The Sanford Herald revealed this morning. Holland carried every precinct in the county except one and obtained a majority of two and one-half to one.

Representative Joe Hendricks seeking re-election to the United States Congress, also gained a substantial victory over his opponent Tom Voss of Orlando, carrying every precinct except two and securing a majority of 685. There were 3,159 votes cast in the senatorial race, 2,981 in the congressional race.

In the local race it was nip and tuck between M. B. (T-Bone) Smith and his opponent, Dr. L. T. Doss, who is running for the state legislature, with Smith coming out Doss in the home stretch by a bare margin of 27 votes. The biggest upset of the election occurred in the race for County Commissioner when B. C. Dodd of Goldenrod, former candidate for county sheriff, defeated the incumbent, C. R. Clontz, in the race for county commissioner, group No. 4, in yesterday's primary election.

Dodd polled 1,472 votes while Clontz, of Orlando, received 1,338.

Local F.F.A. Team Winner In Contest

Members of the Seminole Chapter of Future Farmers of America, defeated the team from DeLand and won the sub-district contest in parliamentary procedure. They will compete next Friday in the district contest to be held at Ocala. If they win this they may advance to the state contest.

Five U. S. Sailors To Be Tried For Sabotaging Ship

Navy Man Accused Of Act While Aboard Japanese Cruiser

PEARL HARBOR, May 8, (AP)—Court martial charges are being prepared against five United States Navy crewmen accused of committing sabotage on the Japanese Cruiser Sakawa.

The captured Japanese warship is at Bikini to be used as one of the targets in the forthcoming atomic bomb tests.

The director of discipline for the 14th Naval District at Pearl Harbor, Commander L. W. McConaughy, announced that the charges are being prepared but he said he is not ready to disclose their exact nature.

The chief engineer aboard the Sakawa, Lieut. David Merrill, said that the sabotage was committed on Apr. 5, 6 and 7 while the Jap cruiser was at Eniwetok.

The engineer officer said the ship's fuel system was knocked out, instruments and valves were smashed and a high pressure steam line was cut.

McConaughy said the accused men had hoped to be relieved of duty aboard the filthy Jap warship. The discipline officer listed the five men as F. J. Larry, L. J. O'Connell, F. J. Stanley, Berrant of Baltimore, F. J. Robery Eby of Lansdowne, Pa., S. J. Lloyd Faulkner of Baltimore and S. J. William Lambright of East Palestine, O.

The Sakawa took 40 Japanese to Eniwetok. She exhausted her fuel supplies and had to be towed into the harbor.

Ware Will Speak At Women's Club Meet

Judge R. W. Ware will speak before the Seminole County Federation of Women's Clubs at the Altamonte Springs Women's Club Thursday at 1:30 P. M. on "Juvenile Delinquency".

Other speakers who will discuss "Youth Protection" will be Mrs. Edward Kircher, Mrs. O. P. Herndon, Mrs. P. H. Tappin and Mrs. H. W. Racker.

The meeting will begin at 10:30 A. M. and a covered dish luncheon will be served at 12:30 P. M. with members from the Sanford, Oviedo, and Altamonte Women's Clubs, Longwood Civic League, Lake Mary Chamber of Commerce, Fern Park 14, and Bear Lake 16.

Doenitz Goes On Stand At Nuernberg

Admiral Attempts To Prove Allied, Axis Navies Fought War In Identical Style

NUERNBERG, May 8, (AP)—Grand Admiral Karl Doenitz sought to prove before the Nuernberg War Crimes Tribunal today that the Allied and German navies fought the war in virtually identical fashion.

To back up his allegation, Doenitz—through his attorney—submitted charges that British warships and planes attacked German sailors in lifeboats or swimming in the sea.

"It is not my intention to criticize any war measures of the Allied powers. I want to show what naval warfare was really like. I could not do that by showing only German methods. I must also show Allied methods in order to prove that German practices, like those of the Allies, were legal."

Doenitz sat stony faced in the prisoners' box as his fight for life began. Apparently neither Doenitz, the tribunal, nor the American audience knew the fact that today was the first anniversary of the surrender of all German armed forces by Doenitz, acting as Hitler's successor.

In addition to Doenitz' allegations regarding Allied naval tactics, the defense also submitted an affidavit from George Messersmith, present United States ambassador to Argentina and former American naval attaché in Berlin. The affidavit declares that Doenitz was not always mentally balanced.

Robert S. Herndon Completes Active Duty In U. S. Navy

Lieut. (jg) Robert S. Herndon, 207 East Fourth St., veteran of three and a half years of Navy service, was released to inactive duty in the Naval Reserve at the Jacksonville Personnel Separation Center yesterday.

Lieut. Herndon entered the Navy in October, 1942, and was commissioned at the Naval Academy in December, 1943. During his tour of duty he served as division officer aboard two aircraft carriers, the Thetis Bay and the Panther Bay, and participated in the invasion of Okinawa and the mine destroying operations at Shanghai, China.

A graduate of Seminole High School in 1939, Herndon received a bachelor's degree from the University of Florida in 1941 and a master's degree at the University of Florida. He is the son of Mr. and Mrs. R. E. Herndon.

BOSTON DISCHARGED

S. J. Thomas J. Boston of P. O. Box 61, Lake Monroe, has been honorably discharged from the United States Navy, according to information received here today from the Naval Personnel Separation Center, Jacksonville.

The best estimate of diplomatic authorities in Washington is that it may be several years before real conditions of peace are restored among nations. These authorities add that the prospects even for peace within several years have been darkened by the evident failure of the Foreign Ministers' Conference in Paris to reach an agreement on European peace settlements.

WINS NOMINATION

Former Governor Spessard L. Holland yesterday won the race for the United States Senate seat to be vacated by Senator Andrews at the end of his term. Holland carried the state by a majority over opponents Lex Green, Henry Burch and Mrs. Polly Balle. In Seminole County the Barrow statesman received 2,298 of the 3,149 votes cast.

County Board To Ask Action On Road 44 Route

Commission Agrees To Try To Sponsor Station Hospital

Action was today pronounced by the Board of County Commissioners in the form of a letter to be written by County Clerk O. P. Herndon, reminding the State Road Department that it has not yet designated a route for Road 44 through Sanford to Oviedo through chuluota to the Cheney Highway.

Mr. Higgins also asked the Board to pass a resolution to be presented to the government agreeing to sponsor or operate or have operated as a hospital, the hospital facilities which will be turned over to the County by the Navy at the Sanford Naval Air Station, if and when the government (Continued on Page Two)

Three Talks Made Today At Weekly Kiwanis Luncheon

Kiwanians today had triple enjoyment in the form of talks by Major W. B. Purdie, state public relations officer of the Salvation Army, who outlined the history and purposes of the organization; by Kiwanis District Governor Ray Carroll, who presided over the 100 percent record achieved by Sanford Kiwanis; and songs sung by Miss Phyllis Allen of the Seminole High School Glee Club, with Miss Ollie Dresser White (school music director, accompanying.

After praising the 100 percent record that Sanford Kiwanis share in its division with Clermont and Kissimmee Kiwanis clubs, each in its own membership group, Mr. Carroll presented a certificate of award in behalf of the Kiwanis Board of Trustees to Dr. L. T. Doss for his leadership of the club in 1945 and provided a laugh when he declared that "this was a lot more honor than being elected to the state legislature."

Titian haired Miss Phyllis Allen was so warmly applauded after singing "Rose in the Bud" and "Tell Me Daisy," that she had to sing an encore in the form of "Bells of St. Mary." She was, in addition, highly praised for her singing by P. Hixky-Wright who had charge of the program. J. W. Hall presided.

The club sang "Happy Birthday to You" for the benefit of the Rev. J. B. Root.

Establishing the peace that presents the toughest going problem in Europe on which the United States, Britain, Russia and France seem to agree at the moment is the problem of the Franco government in Spain. None of the Allied powers like Franco.

Major Crisis Nears In Soft Coal Walkout

Administration Labor Officials Suggest Lewis May Speed Up Decision To Act

By ASSOCIATED PRESS
The crippling effects of the 8-day-old soft coal strike appeared today to be building up potentially to a major crisis for the country.

Some administration labor officials said privately they believe John L. Lewis has been waiting for the big crisis to strengthen his bargaining position with his unions in negotiation with the operators.

If these officials are right, some break may come soon in the coal strike since all indications are that the crisis is at hand.

These administration labor officials suggest that Lewis, taking stock of the situation now resulting from the prolonged walkout of his 100,000 soft coal miners, may speed his decision to act.

However, there is nothing of fact from the miners, the operators or from government labor men to indicate that any development toward settlement of the strike is expected soon.

On the contrary, Lewis' power as a man policy committee has shouted its approval of the UMW Federal Conciliator Paul Fuller acknowledged that his latest efforts to resolve the differences between the operators and the miners have been fruitless.

Fuller said he plans to redouble his efforts to speed a settlement. The Ford Motor Company announced that 110,000 employees will shut off at midnight tonight when the company suspends virtually all operations across the country.

A Ford spokesman says the shutdown results directly from the coal strike and a shortage of cars and coal transportation. He said that the coal strike lasts much longer.

A spokesman for the Chrysler Corporation and another for General Motors said their companies probably will have to curtail and possibly shut down operations completely if the coal strike lasts much longer.

Some 31,000 railroad men already have been laid off because of the coal strike and the Association of American Railroads says an additional 100,000 rail workers will be thrown out of work after May 15.

Simultaneously, the Civilian Production Administration has set up an emergency office in an effort to keep all public utilities going. C. P. A. boss John Small says the effect of the coal strike on the utilities is of direct and vital concern to the health and welfare of the nation and every effort will be made to keep utility service continuing, even if curtailed.

All this has led to a fresh outburst of warm words on Capitol Hill on what should or should not be done in the way of legislation to prevent such strikes. There is considerable clamor for both houses to take up immediately some kind of labor legislation. Amid the angry clamor, Senate Minority Leader Alben Barkley and Republican Senators Joseph Ball of Minnesota and Robert Taft of Ohio have spoken out against any heading action.

Only 2 Races To Go Into Runoff May 28; Hendricks Defeats Voss For Congress

FOR SENATE

14,019
9,163
106,316
198,529
1322 precincts complete out of 1647

JACKSONVILLE, May 8 (AP)—Florida's 54-year-old wartime governor, Spessard L. Holland, will go to the United States Senate pledged to full support of the United Nations and maintenance of a strong national military force until peace machinery has been perfected.

The former governor has been nominated to the United States Senate by a landslide of votes in Tuesday's Democratic primary. He still must be elected in the November general election over J. Harry Schud, a Republican, but in Florida the Democratic nomination traditionally means victory because the Republicans are outnumbered 16 to 1.

Holland will occupy the Senate seat vacated by retiring Senator Charles O. Andrews.

Actually complete returns give Holland a lead of almost 2 to 1 over former Congressman Lex Green, his closest rival. Holland's other opponent in the race for the Senate post were Henry Burch of Orlando and Mrs. Rose Balle of Fort Lauderdale.

Also elected with Holland are four incumbent congressmen. But a fifth Representative Pat Cannon of Miami has been defeated by a 32-year-old former Marine, George Smathers, also of Miami. The other congressional races, the incumbents who have submitted margins are Representative J. Hardin Peterson of Lakeland, in the First District; Representative Emory H. Price of Jacksonville, in the Second District; Representative Bob Sikes of Crestview, in the Third District; and Representative Joe Hendricks of Beland, in the Fifth District.

On the face of the unofficial returns only two state wide runoffs will be necessary in the second Florida primary on May 28. The runoff will be in the race of the Supreme Court and the Group I Railroad Commission.

In the Supreme Court contest, W. Raleigh Pettyway, a Miami lawyer, is leading his nearest opponent, Paul D. Harns of Miami, but Pettyway does not have a clear majority.

In the Group I Railroad Commission race, Wilbur King of Zolfo Springs is ahead but his margin also is not enough to forestall a runoff.

For group 2 Railroad Commission, the veteran incumbent, Leo Carter of Tallahassee, had little difficulty in winning re-nomination over his two opponents.

In the contest here for the State Legislature a former member of the Legislature—Charles Lucke—apparently has won his old seat back on the basis of incomplete Duval county returns with only a few precincts missing.

Mahy Carlton led a four-man race for the State Senate, topping incumbent John Mathews by 13,372 to 9,305. These two go into a second primary run-off.

In Hillsborough county's 34th district, Senator Raymond Sheldon has won easily over four opponents. Senator W. Turner Davis of Madison, running in the tenth district which has expanded to include Taylor county by the 1945 re-nomination bill, has won a close race with R. C. Horne of Madison. Horne is a former Senator.

In the Marion county 20th district, Senator Wallace Sturgis of Ocala apparently has defeated Representative Buddy Barkin of Anthony.

DeMolay Chapter Is Reorganized Here

The DeMolay group of youths, sponsored by Knights Templar, was reorganized Monday evening at the Masonic Temple under the direction of The Rev. J. B. Root, J. O. DeMolay and William Tyrone Ingham and DeMolay degrees were conferred.

Harold Kastner was elected as master counsellor, William Ludwig, as senior counsellor, Hiram Ballock as junior counsellor, Silmon Dingfelder, as scribe and Spencer Harden as treasurer. The group planned a house party to be held some time this summer at Daytona Beach.

WEDNESDAY, MAY 8, 1946

BUILD OR WRECKER? I watched them tearing a building down, with a ho-heave-ho and a lusty yell. They swung a beam and a side wall fell. I asked the foreman: "Are these men skilled. And the men you'd hire if you had to build?" He gave a laugh and said, "No, indeed! Just common labor is all I need. I can easily wreck in a day or two. What builders have taken a year I thought to myself as I went my way. Which of these roles have I tried to play? Am I a builder who works with care. Measuring life by the rule and square? Am I shaping my deeds to a well made plan. Patiently doing the best I can? Or am I a wrecker who walks the town, Content with the labor of tearing down?" Author Unknown

President Seeks Stone Successor—headline. What is he looking for? A hard-hearted justice?

If all the Republicans registered as Democrats in Florida voted for the Democratic nominee, no wonder they won.

The railroads are making plans for a big strike on May 18, but they will probably run out of coal before then any way.

We noticed the head of your column in the Tampa Tribune Tuesday morning. Pete. What was the matter, a bad hangover?

Shortages Still Exist One Year After V-E Day—headline. And at the rate we're going will probably still exist for another year or two.

U. S. Steel Corporation announces 29,000 workmen will be laid off next week on account of the coal strike. "The more abundant life."

Gene Talmadge is going to run for governor of Georgia. And the CIO is going to come mighty near electing him just by being against him.

The Titusville Star-Advocate is really in a muddle. It can't figure out to save its life what Missouri lawyer will be appointed Supreme Court chief justice.

Silk stockings made from real Japanese silk will be back on the market in another week or two, but they will cost \$2.50 to \$3.00 a pair. Besides who wants any Japanese silk?

Isn't it funny in a political campaign how the money spent by the opposing candidate is always contributed by "insidious interests," while the money spent by your favorite candidate is supplied by the "average citizen"?

These are a number of business fields in Sanford into which entering veterans might go with profit to themselves and to the community: for instance, a shooting gallery, boat trips on the St. Johns River, sailboats and rowboats for hire on Lake Monroe, a good "serve yourself" downtown cafeteria.

According to Sidney Hillman, veteran CIO leader, the Republican party is trying to create an "unemployed reserve" of 25 to 30 million persons. What we would like to know is how the Republican party or anybody else could possibly benefit from this. We even 10 million unemployed. As a matter of fact, the Democrats would be more likely to benefit from such unemployment, since the country, extra votes Democratic. (Time Magazine)

Holland's Reward

The overwhelming victory gained by Spessard Holland in yesterday's Democratic primary was a fine testimonial to the high character, intelligence and political acumen of Florida's former Governor and provided an excellent stamp of approval for his administration of state affairs during the trying period of the second World War.

For the first time in a generation a Florida governor has been elevated to the rank of senator though many have tried it and failed. Not since Park Trammell, who was governor of Florida from 1912 to 1916, was elected to the Senate thirty years ago has any other Florida governor managed to retain sufficient popularity throughout his term of office to triumph at the polls again.

But in nominating former Governor Holland to the Senate, the people of Florida have done more than overcome a somewhat moth-eaten political superstition. They have shown that they can recognize true merit when they find it and that they are not loathe to reward a man with higher office even though he has been a prominent political figure for a long time and has upon occasion of necessity been called upon to do things which were not popular.

Holland has been in politics almost continuously ever since he returned from the first World War as a captain in the Air Corps covered with decorations. He started out as a prosecuting attorney, then served as judge of Polk County. He served two terms in the State Senate and finally was elected governor over stiff opposition in 1940.

Throughout all that time Holland was active, aggressive, fearless, honest, never failing to take a stand on important issues, always fighting for what he thought was right, sometimes with popular approval, sometimes without it, but never failing to gain the admiration of friend and foe alike for his political courage.

That is why he has been promoted to the Senate, because the people know he will continue the good fight for what he thinks is right.

The Food Situation

Former President Herbert Hoover's preliminary report on the European food situation revealing that there are at least 150,000,000 people there who are entirely dependent upon overseas shipments for food during the next six months and that even now they are eating less than 1,000 calories a day as compared with 3,200 for the average American, shows how great is the problem confronting this country in alleviating world-wide distress.

In spite of the extent of the famine, the United States is falling down on its commitments, made six months ago, to export 125 million bushels of wheat. And this has come about, not through any lack of national planning, not through any lack of governmental supervision, restrictions and controls, but rather in spite of them because of the inability of men in high governmental positions to foresee the future and prepare for it any better than ordinary civilians.

"What has happened," explains the New York Herald Tribune, "is that domestic consumption has vastly exceeded estimates made at that time of apparent abundance. This consumption has not been by people, but by animals. In the first nine months of the season 275 million bushels of wheat were permitted to be diverted to the feeding of animals, a total twice as great as in any previous comparable period and three times the pre-war figure."

"It had become clear by the end of the first half of the crop year that the use of grain for feed would have to be curtailed, but the government continued to temporize, with the result that in the January-March quarter this almost criminally luxury use of wheat was at an even higher rate than in the first two quarters. Since March 1, one belated move after another has been made to save the situation, culminating finally in the recent decision to pay a bonus on wheat and corn delivered to the Commodity Credit Corporation before May 25.

"During the war there was sound justification for placing major emphasis on concentrated foods, which took up a minimum of shipping space. But with the end of the war the picture changed completely. The need since last summer has been for bulk grains, which, although they do not provide as high a type of diet as livestock are vastly more important at a time when people in many parts of the world are starving for lack of bread.

"The New York State College of Agriculture, in a report issued three years ago, warned against the wastage of food through diversion of grain to cattle at a time when the world problem would be one not of diet standards but of life or death. Former President Hoover was another who issued frequent reminders of the fact that, as the Cornell study pointed out, grain fed directly to humans will sustain from seven to eight times as many lives as the same grain consumed in the form of meat."

If it was true when one high government official boasted a few years ago when things had turned out right, "We planned it that way," it must be equally true now when scarcities lay bare every merchant's shelves and millions starve that "We also planned it that way."

County Board To Ask Action On Road 44 Route

(Continued from Page One)

ment approves this transfer. The Board agreed to this. Facilities at the hospital, have a cost value inventory of \$32,000, Mr. Higgins said.

Bradley Odham appeared in behalf of Mr. and Mrs. J. E. McEwan to ask what action had been taken in the form of a property trade in connection with lots ad-

joining the County hospital site on East First Street upon which Mr. and Mrs. McEwan had bid successfully in a sale of county foreclosed lots a month ago, and which Mr. Higgins had told the Commissioners should be included in the hospital site. Mr. Odham was directed by the Board to take the matter up with Mayor Got and the City Commission. Mrs. Ethel A. White appeared in behalf of Mrs. Ouida Wilson. County home demonstration agent, who is now recuperating from illness, to present a request made by Ralph A. Goodspeed that the county furnish cans at three cents

each, also the canning facilities of the Sanford Canning Kitchen on Geneva Avenue, to the women of Lake Monroe to can food in the form of beans, squash and other vegetables which are said to be going to waste. The Board agreed to the request.

Bids by C. A. Smith for two County-owned lots to which he had moved his home when its former site was taken over by the Navy, were accepted by the Board.

R. H. Eubanks, in behalf of the Lake Mary PTA requested that a road be approved as originally-platted on a survey made of land donated some years ago by the late Jacob Sjolom for a public recreation park on the shore of Crystal Lake, which park was approved by the Commission at its last meeting. The Board agreed to open the portion of road needed to lead to the park from the main highway. It is planned by the Lake Mary PTA to erect concrete block bath houses for a public bathing place, Mr. Eubanks said.

The Board agreed to improve a road from Road 44 to property being developed on the south shore of Lake Harney by A. A. Jane and Royal House, and known as Rest Haven.

J. C. Fearson requested a road to his property on Crystal Lake at Lake Mary which he wants to develop as a tourist camp. The Board promised action on the matter if he would secure right-of-ways from owners of property that the half-mile road would lead to. The property was formerly known as Magnolia Manor.

A.C.L. To Install New Electric Clocks

New electric clocks will be installed in the Atlantic Coast Line Railroad station in this city, a local representative of the company said today.

Installations will also be made at other points on the system, it was revealed. All will be identical. Placed in both waiting and colored waiting rooms, the timepieces are of modernistic design. Their overall diameter is 30 inches and the cases will be manufactured of spun

Consult An Insurance Agent In Time!

An automobile insurance policy is of little value, until you have an accident. After an accident the premium may be infinitesimal compared to damage caused by your automobile.

Before you have an accident we can write you \$15,000 to \$45,000 bodily injury; \$5,000 property damage liability and \$750 medical payment for only \$24.35 on private passenger cars. Ask make your own automobile accident.

Gainesville G-Men Nip Celery Feds In Close Tilt, 8-7

University City Crew Shoves Over Single Run In Ninth For Measure

Blanc And Bass Nicked For Ten Hits Each; Locals Travel To Leesburg Tonight For Contest With Seventh Place Packers

The three game win streak of the Celery Fed, was broken last night in Gainesville when the G-Men pushed over a single run in the ninth inning to defeat the Celery Fed 8-7.

Blanc and Bass were each hit for ten hits by the G-Men during the contest. Blanc earned six runs, while Bass earned five.

On the mound for the G-Men was Manager Dick Bass. He was nipped for an even 10 hits by the Celery Fed. Bass walked one Fed while fanning five.

The Feds started off with a long when they required four rallies in the first frame and counted again with the fifth run in the second inning.

Gainesville pushed over their first tally in the half of the second but Sanford added an other hit margin in the third. However, Gainesville came within one mark of tying the Feds in the fourth.

Gainesville held the Feds at bay until the seventh inning. Meanwhile, the G-Men knocked the count with a single run in the sixth frame. In the seventh stanza, both clubs scored to knot the count at 7-7.

With two men out in the ninth, the winning run was shoved across by the G-Men.

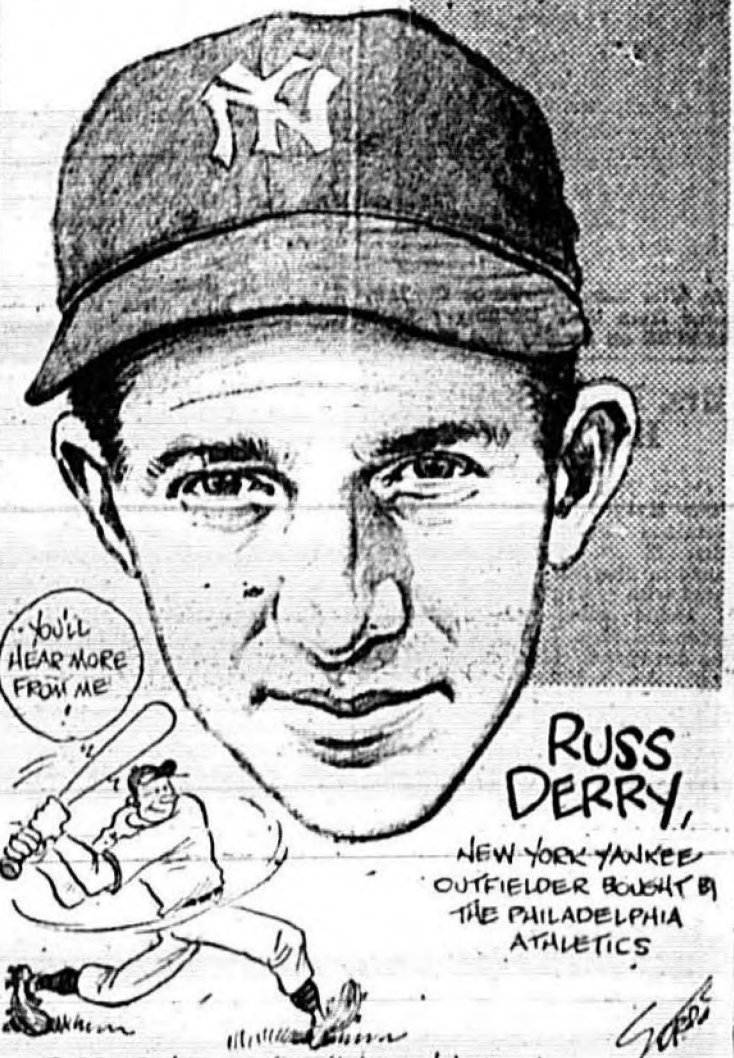

Buddy Lake led the Feds at the plate with three singles in five trips to the slatter. He collected a pair of hits in four official at-bats while Ed Levy and Jerry Stevenson also registered two each. Doubles were hit by Edie, Stevenson and Al Bryant.

Shortstop Frank of the G-Men captured hitting honors for the evening with four safeties in five trips, including a circuit clout.

Only two errors were committed by the Feds while the G-Men recorded five.

Tonight the Feds travel to Leesburg and Jodie Huntington will probably get the hurling assignment. Thursday night, the locals return to Sanford for an other engagement with the Packers.

By Jack Sords

Russ opened up the Yankees' slugs. Scanned last week six 100 homers, out with the bases loaded.

SANFORD, FLORIDA

INSIDE SPORTS REPORT

By JULIAN STENSTROM

The double header tonight at the Lakeland Softball Park between the Lions Club Junior League all stars and the Rotary League all stars and the championship Midgates should prove interesting and stimulating to local baseball fans who will be on hand for the affair.

During the past season, we witnessed a few of the tilt, in each league and although some of the games were wild, one-sided and what have you, there is no doubt that it gives the fans a real thrill, particularly the tilt between the Cubs and the Lions all stars, should be a very interesting game.

Harold Chase will hurl for the Cubs and fans will see one of the best left catchers to display his talents here in many baseball seasons. The youngsters who work behind the plate and take care of the tosses will be Jimmy Robinson, Al Bryant, and Tommie.

To our way of thinking, an opportunity to watch Jennings tonight should be something.

Plan Encampments for Woodmen Uniform Rank
"Fraternity in Action"
Lt. Col. Edward Howell, All-American football star, former-coach at Kansas State Teachers college, Louisiana State and Yale universities, and army athletic and military training officer during the war, has joined the Woodmen Society's staff to direct the activities of Woodcraft's semi-military Uniform Rank.
Five District Encampments, offering Uniform Rank members a week of healthful out-of-doors recreation, are being planned to be held this summer.
The Uniform Rank is one of many "Fraternity in Action" activities of the Woodmen Society that give members the opportunity to increase their circle of friends and to enjoy many pleasant social hours. These are "plus" benefits Woodmen receive with safe, sound, legal reserve Woodmen life insurance protection furnished them at cost.
Call the local Woodmen representative. Let him give you the facts about Woodmen insurance protection and fraternal benefits.

ONLY BY HIGHWAY
Can You Really See Florida
There's just one way to know and enjoy the magnificent country in which you live. That's to see it close-up, within hand-clasp of its friendly, interesting people. And that way is the highway. Which is by way of saying "by Greyhound" - for Greyhound serves nearly all the famous highways and highroads of this amazing America.
In the colorful, tropic, breeze-swept state of Florida, Greyhound will take you over a great network of fine highways, where glorious scenery is yours for the looking - where historic landmarks hold the visitor in thrilling interest. Yes, Florida is one of the world's greatest all-year playgrounds... and you'll find your trip over the famed peninsula state via Florida Greyhound a fascinating journey... a succession of delights to be had ONLY BY HIGHWAY!
