Were we talking the other days about actor Earl Holliman and his up-from-the-depths climb to success? Read on a little. In spite of all the talk about the beat generation, there still seem to be more than a handful of young ones interested in making something of themselves. Like Earle Belle and Murray Talenfeld.

The story of Earle and Murray comes courtesy of Vito, who runs the swank midtown East Side cafe. Chez Vito. They buttonholed him recently and said they wanted to hold a little cocktail party in his elegant deadfall. When Highway 441-27 is four-laned durthe latter part of this year, as has been redicted, traffic making its way into Cenal Florida will be curved away from Sanand Seminole County and thereby takinto crowded centers where traffic sparis ed congretion adds, not only displeasure to moveling, but also takes vicitors over a more regitous route.

To four-laning of Highway 48 from 14 4 another connecting link for Sanford its importance in the industrial picture We've always heard that important things should come first and we consider Highway will be shanged with the widening, paving, and four-laning of this important segment of Florida's highway system.

We've always heard that important things should come first and we consider Highway should come first and we consider Highway and to Sanford and Seminole County.

Those who are in charge of planning Florida's road system might well look at the feasibility of dividing the heavy load of traffic and let these important connecting links shoulder their burden too - a good way to preserve good roads and keep them in the "top of condition."

We've always thought that Highway 46 is an important part of Florida's road system. However, the upkeep and the modernization of the highway has not kept up with the route's importance.

With. West First Street being widened and paved to the Interstate system immediately north of Monroe Corner, the fensibility of control to the Eustis-Mount Dors-Tavares continuing the highway on to the county line and into Lake County seems important. It will certainly give the "Golden Triangle" country way of both Highway 46 and 415. residents casy access to the Interstate highway, as well as providing an access roud to Sanford and the East Coast,

Telephone Tax An Qut-Dated One

We've always heard that once a tax is imremove it. That's not the case though when the removal of the already out-dated transportation tax and the tax on telephone ser-

vice comes up. Back in the World War Two era, these to keep down the heavy burden of unnecessayy travel and the unnecessary use of the then heavily-hurdened communications system. Of course, the income from these sourcos assisted in the defense cost burden at that time.

In addition, there's another thought we'd like to inject. The telephone tax is an excoodingly bad one. In the first place, it's diswiminatory. There's no excise tax on water, mas, or electricity —and they're public utilservice is classed. The telephone is the only usential household utility that is so taxed.

The telephone tax cannot be evaded by the taxpayer, because he has to fork over without much effort on the Government's part, because the phone companies do the work of collecting from the people.

Here's another thing, the excise tax is a burdensome surcharge on top of all the other telephone taxes each customer must help pay. It's been figured that out of every \$1 the average user pays for telephone service, 28 cents goes to taxes.

The telephone excise tax has been with

Perhaps it is time that citizens inform their congressman and senators how they feel about these burdensome taxes -- whether you want them to become a permanent taxes were imposed as temporary measures "part of the tax structure -or whether you feel, as we do, that they should be replaced.

Man in Montreal Win Over Detroit

Plante Centrai

DETORIT - Jacques Plante, Montreal's foving netminder, had a welt on the side of his head today but an overtime victory and a three-game lead over the De troit Red Wings in the Stanley Cup semi-finals eased the pain. Plante was the central figure in 2-1 "sudden death" victory over Detroit Sunday night - both for his goal tending and for an injury which caused a near-riot on the Ice.

Plante was tumbled to the ice by Detroit's Bob Balley late in the second period and was m tionless for several minutes, But he returned to the net after a short intermission and turned back every Detroit effort there-

Crankcase Crisis

It seems this nice old lady drove into a Phillips 66 Station to fill up with Flite-Fuel. When the attendant checked the dipstick, he found she had only about a quart of oil left in her car. When he pointed this out, she replied: "Fine . . . as soon as I use that up, I'll put

Of course the Phillips Dealer explained that she needed ave quarte of oil for adequate lubrication!

Now that spring is here, it's time to think about the oil in your crankcase. If you are still using "winter grade" oil, it's time to change it. But why use two, when one will do? THE CARD OF THANKS Very often a Card of Thanks in The Sanford Herald meets a need which is difficult in fill in any other way. Not only is it is gracious expression of gratitude to those who have sent floral tributes but also courteously acknowledges the services and histonesses of the many to whom a personal note of thanks cannot well

Newspaper Cards of Thanks are accepted as socially correct. Emily Post, the noted authority on etiquette, feels they serve many good uses.

There is no prescribed form for a Card of Thanks, it can be as brief or as detailed as you desire. When the occasion comes you will find a sympathetically understanding member of our staff to assist you.

THE "IN MEMORIUM" NOTICE It is the custom of many families in this country to commented a bereavement by an "In Memorium" notice in newspaper classified columns. They find a real solace therein, Preparation of Scientian of a suitable verse brings back to them tender, pleasant recullections. As Eliza Cook, the English poet has so beautifully

expressed it:
"How cruelly sweet are the echoes that start what memory plays an old tune

What memory plays an old tune on the heart."

Alost frequently an in Memorium is inserted on the analyses sary of death, itowever, other dates, which it is felt are appropriate or meaningful are also selected. The birthday of the departed, the wedding anniversary, Memorial Day, even Christman are among other significant occasions chosen.

If you are hestiant to express your lander thoughts in section, you may avail yourself of the Herald's collection of original verses. These express in poetly beauty the emotions of the neartetrings. Among them are verses appropriate to any electmatance.

Cards of Thanks and in Memorium notices, due to the fact thes may run to considerable length, are billed at \$1.00 per column inch.

Widmark Says TV **Vicious Medium**

By VERNON SCOTT
United Press Bellywood Writer
HOLLYWOOD ——— Richard Widmark, who seared to film fame in "Kies of Death," says the title of that 1947 film might apply to most vicious medium for actors in history."

The usually mild-mannered actor lashed out at video as if it were a barrel full of rattleanakes. Most TV holdouts -Robert Tay-lor, Clark Gable - blast the medium with pop guns. Widmark cut loose with a howitzer.

Television runs through talent it squeezes every last bit of mileage out of actors it easts them aside. It's the same old rat-race that radio used to be —only worse.

Actors Soil Satertainment

"In the movie business actors are selling entertainment. The whole purpose of a picture is to purpose, self-admittedly, is to sell a product. And I don't like Madison Avenue dictating to sciors on determining art or good taste." Widmark paused to catch his breath in the MGM commissary where he is starring in "The Tun-

nel of Love." Leaving no loopholes in event blond leading man waded into the electronic medium with some

berry body punches. "Fortunately, I keep busy enough making pictures," he said. "I don't have to depend on TV for a living. No one appears in TV because they like it. It's great for youngsters getting start-ed. That's all.

"Even if I needed the dough I wouldn't be interested in making a series.

"Who wants to be seen by 50 million people. I feel bad enough midd I make a poor pleture and tive million see it.

Television has never developed its own technique for telling a dramatic story. It is a combination of pictures, radio and the theater. It doesn't do justice to any of

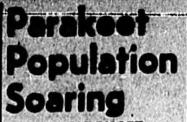

Widmark, like Burt Lancaster and Kirk Douglas, also non-TV performers, has a loyal following of fans who almost guarantee his pictures a profit. He stars in two or three films yearly, almost all of them lucrative participation

"This isn't sour grapes," the trim, athletically constructed actor added. "I've had hundreds of offers to appear on TV. I'll get hundreds more. "Television wants new faces all

the time —to replace the ones it runs through. I'm not going to travel that route."
