## Strolling In Sanford

One of Sanford's well known fathers who was having a little trouble with his five-year-old son sent away for a book on Child Psychology. In it he read that he should never ask a child a question which could be answered negatively. Soon he was having success. "Which," he would ask, "do you want to eat, your carrots or your spinach?" "Do you want to put on your brown socks or your blue socks?" Everything was fine until the father and son were in a sporting good store. "Hey, Pop," asked the youngster, "which do you want to buy me, a catcher's mitt or a baseball bat?"

The board of the Seminole High School P.T.A. will meet at 7:30 p. m. tomorrow in the school music room followed by installation of next year's officers in the auditorium at 8 o'clock. Mrs. Hilda Wray is in charge of the program, "Exhibit of School Work," and refreshments will be served by the designated committee.

John Fite, son of Mr. and Mrs. K. W. Fite of Sanford, has won an \$800 scholarship in psychology at Duke University. Elected to Phi Beta Kappa last fall, he is an assistant editor of the year book, Quips and Cranks, has been secretary of the Davidson College Concert Band, and is a member of Kappa Alpha social fraternity and Delta Phi Alpha honorary fraternity. Last summer he was one of the 25 fellows given by the National Science Research Council for a special experiment at Davidson College, Davidson, N. C., where he is majoring in psychology.

## Allocation Plan Being Worked Out

WASHINGTON (AP)—A government-appointed committee worked today on details of a voluntary plan to allocate bulk police vaccine amid demands from some quarters for rigid controls.

A second police death was reported, meantime, among Idaho school children who had been inoculated.

The advisory committee was set up last week to recommend a plan of priorities under which the scarce vaccine, when it becomes available for commercial use, would go first to those areas and age groups most in need of it. The group met under the chairmanship of Dr. Chester B. Rader of the Department of Health, Education and Welfare.

THE CITY MANAGER'S OFFICE now has a photographic copier to simplify the task of making copies of the many reports and other items with which the office is confronted. Operating the machine is Mrs. Mary Harkey, secretary. (Staff Photo)

## Legislature Asked To Retain System

Request Made To Keep Chairman  
Of Road Group Full-Time Exec

## Rep. V. Williams Expresses Views On Turnpike Bill

TALLAHASSEE (AP)—The administration today asked the Legislature to keep the chairman of the State Road Department as a full-time policy-making executive and to retain the present system of appointing road board members to terms concurrent with that of the governor.

Road Chairman Wilbur E. Jones, road department resident Alty. Ross Stanton and other road department representatives appeared before the House Roads Committee to express their views on the Legislative Council's road reform bill. No formal action was taken.

The Senate Roads Committee will hold a hearing on the council proposals today. In addition to setting up a sufficiency rating for highway construction, provides for staggered terms of the road board members and would replace the board chairman as full-time administrator of the department with a \$15,000 a year highway director.

The chairman of the road board, now paid \$18,000 a year, would become a part-time policy making executive at \$6,000 a year.

Rep. Williams stated that while on a trip to California last fall he traveled a great deal on the roads of the state. "There was not a single limited access road in California in which a toll is charged. I think the reason is because the Legislature of California recognizes that a toll road costs about twice as much to build as does a free road. The reasons for that are many..."

"...I am yet of the opinion that the Legislature is passing a law which will vitally affect to their disadvantage many people who have helped make this a great state. I know of no county which will be less affected by the toll road than Seminole County; but, at the same time, I feel that among my obligations as a State Representative, is one which requires me to be almost as concerned about the welfare of the people of the other counties of Florida as I am about the people of my own county. It was for that reason that I opposed the bill..."

## Chinese Suburbs Invaded

U. S. Support  
Reassures Head

SAIGON, South Viet Nam (AP)—Reassured of American support, Premier Ngo Dinh Diem struck anew today at the shrinking private army of his foes at home and at Chief of State Bao Dai, who is watching the Vietnamese turmoil from the French Riviera.

Four battalions of National army troops stormed over three bridges leading to areas of the Chinese suburb of Cho Lon where two battalions of the Binh Nuyen held out in civil warfare that flared last week. The government objective was to mop up those men and permit five battalions which have deserted the Binh Nuyen, a commercial society which seeks to oust Diem, to switch to the army's side.

A mortar barrage that shook the city heralded the attack after 48 hours of relative quiet.

The government troops quickly captured the old headquarters of the Binh Nuyen commander, Gen. Le Van Vien. Then they moved southwestward to the Shi Thien Duong Bridge, two miles away, where a bitter battle was joined.

Diem beat down an attempted coup at the weekend and launched a fresh offensive against Bao Dai. The premier's office announced a national assembly would meet here Wednesday to depose the absentee emperor who tried unsuccessfully to oust Diem last week.

Diem issued the announcement after conferring with U.S. Gen. J. Lawton Collins, President Eisenhower's special envoy who returned by plane from Washington today. Shortly after the general's arrival, U.S. Charge d'Affaires Randolph Kibler told newsmen at the airport American backing for the anti-Communist premier still stands.

### Try and Stop Me

By BENNETT CERE

AN INDUSTRIOUS forger had millions of fake ten-dollar bills piled up in his cellar, but they were such amateurish counterfeiters that he didn't dare to pass any of them. Furthermore, his wife ran away with a deep-freeze specialist, his beach house was washed away in a storm, and his car was stolen. "I have to admit I don't have much fun," he philosophized, "but I certainly make a lot of money!"

"Latest tale from Times concerns the Houston between who was complaining about excessive heat. 'Stop cranking,' advised her father. 'Thank you, here and go off on a trip.' 'What good would that do?' he countered. 'It's hot as over there!'"

"You're inhibited," an analyst assured a patient. "I want you to talk now about sex." "Well," began the patient haltingly, "it's certainly one of the best stores on Fifth Avenue."

### Lt. (jg) Charles H. Monroe Receives Transfer To Pensacola

Photographic Squadron 62 logged out one of the original members present when the squadron was commissioned in 1932, via the transfer route April 27.

Lt(jg) Charles H. ## Stirring Up Teachers

Ruts are easy to get into, and should be avoided. This not very impressive piece of advice applies especially to teachers, Dr. Alexander J. Stoddard, former superintendent of schools in Los Angeles, told an educational gathering at Spokane, Washington. Too many teachers have been teaching the same grade for so many years that it becomes automatic. They have nothing new to offer their classes, and their teaching is so dreary as to repel the pupils.

One way to cure this would be to make every teacher take a year's leave every 10 years, during which time he or she would be required to travel or engage in some other form of self-improvement. Another would be to transfer the teacher every five years or thereabouts, or have her teach a different grade level.

One objection to some of the proposals is that they will be expensive for the taxpayer. However, before plans reach that stage more study of teachers' needs is necessary. Perhaps groups of parents and other citizens could be invited to conduct local discussions. There is much that can be done in a community to include and enliven the teaching staffs that have nothing to do with the taxpayer's pocket.

## TODAY'S BIBLE VERSE

Art thou he that cometh or look we for another?—Matt. 11:3.—We must judge any philosophy, any teacher by their fruits. Those nations that most closely follow the teachings of the Great Nazarene are the very nations most are bursting with prosperity that give most care and thought to the widow and fatherless, the sick, the aged, the unlearned, the unskilled. No one wants to escape from any Christian country.

## Businessman Could Prolong Life

NEW YORK UP — The tired businessman might prolong his health and life if he really learned to think of his job in terms of romance rather than work.

"I have been resurrected by this idea," said Harvey Greenpan, a former six-killer man.

At 42 Greenpan, a financial genius, cashed in his chips, figuring he would soon die. Now at 61 he has chipped in his cash — some \$400,000 — to pioneer in the marketing of a new vitamin-rich fruit juice concentrate made from a little-known Puerto Rican cherry called the acerola.

"It is my latest and maybe my last romance," he said cheerfully during a visit here. "But however it turns out, it is more fun than buying chorus girls jewelry. I don't want that kind of romance."

Greenpan learned the bitter way the dollar that can come from pursuing the dollar too hard for his own sake.

He worked his way through Columbia University here, specializing in business law. At 30 he had his own financial firm. For the next dozen years he worked himself into a state of burnout, and then, in 1935, he collapsed. In addition to wealth he had piled up six king-size ulcers.

"I had more ulcers than freckles," he recalled. "A doctor told me that if I didn't undergo an operation for the removal of my stomach, I'd die."

Greenpan thought it over and decided he'd rather die than part with his stomach. He sold out his business interests and moved to Florida, figuring "I might as well be warm while I was dying."

"I decided I'd better do all the things I'd wanted to do and hadn't found time. One thing I'd always wanted was a home of my own on a small island. I told an architect to build me one, and he built it just the way I thought it should be."

## Karolyi Of Hungary

The late Count Michael Karolyi was a realistic statesman, and reaped the reward too often the fate of the type. A Hungarian nobleman and great landowner, he rose above his private interests and class prejudices, advocating policies that won him the epithet, sometimes applied in the United States by embattled conservatives to public men whom they dislike, "a traitor to his class." He advocated breaking up the great landed estates, and a democratic form of government.

All this as before and during World War I. When the loss of the war discredited the German and Hungarian ruling classes, Karolyi became president of Hungary. Unfortunately before he had time to do much, he was deposed by the Communist uprising of Bela Kun. When the Communists were put down in their turn, Hungary fell under the rule of the old reactionaries, headed by Admiral Horthy, who acted as regent till a time should come when a Hapsburg could again become king of Hungary. Horthyism led to Nazism, and Nazism led, through the war, to the present Communist dictatorship.

Throughout these years of oppression Hungarians must look back with longing to the days of Karolyi.

## Election Straws

If off-year elections are any sign of public sentiment, the Democrats should feel a close race with the Michigan Republicans. Early this month they ran such that only the official count will show who was elected to the Supreme Court and educational posts that were up. Next day they swept the field in the Chicago mayoralty election.

Though Michigan has gone Democratic for president and governor several times in the last 20 years, the off-year elections have almost always been strongly Republican. The state's political pattern is like New York's Detroit's heavy Democratic majority sometimes prevailing over the Republican rest of the state just as in New York the big city carries the day only when the Democrats really turn out.

The Chicago mayoralty vote has been called significant by a political prophet of some achievement, Louis H. Bun, former economist of the Agriculture Department. He found that when the Democrats carried Chicago the year before the presidential election, they triumphed nationally next year. The exception was 1952, when the Republicans, whom Chicago's 1951 vote might have seemed to doom, ran the best known and best-liked man in the United States.

Local considerations may well explain the Michigan and Chicago outcomes. These are likely, however, to increase the demand for another Eisenhower race.

"I took good care of my ulcers. For two years I did nothing but loaf and fish. Then I began to fear I'd die of boredom."

"All of us have a hidden romance in our souls. When you are out of circulation, this piles up in you. During those two years I decided that business really was my romance in life, but I hadn't been looking at it from that angle."

"I swore that if I ever got well, I'd be the busiest — and happiest — man in 48 states. And I am."

Greenpan never fully conquered all his ulcers but, as he says, "We worked out an agreement to work together to get along together on a basis of mutual respect."

In a few years Greenpan became a citrus magnate. In keeping with his new philosophy, his office in his Lakeland, Fla., mansion, is in a kitchen, where he directs operations from a comfortable armchair. The telephone is in the next room.

In 1948 while developing a citrus concentrate that could be taken by children allergic to orange juice, he conferred with Dr. James B. Wilson of the American Medical Assn. in Chicago. During the conversation Dr. Wilson, a nutritionist, mentioned that the Puerto Rican acerola was up to 80 times as rich in vitamin C as orange juice, and should prove a good natural source of this vital element for undernourished children.

"It was his idea," said Greenpan. "I just picked it up and shot grape with \$600,000 to see if it would work."

After five years of experimentation and plantation building in Puerto Rico, he has 25,000 producing acerola trees, 25,000 more planted. This year he expects to market six million cases of apple juice blended with acerola concentrate, estimated a market of 24

million cans within another few years, but sees no prospect of the product drying up the nation's thirst for orange juice.

"It should become a major industry in Puerto Rico and have a big market in Europe," he said. "Other producers are now entering the field. Maybe it's true that all pioneers die broke — but I've had a wonderful romance."

Those who know Greenpan best, however, doubt that he will ever be without a smile, an ulcer — or money in the bank.

## Here Is A Quick Look At History

WASHINGTON, UP — This is a quick look at history.

How did the United States get deeply involved with Chiang Kai-shek, with the island of Formosa where he has his Nationalist government, and with the Matsui and Quemoy islands, where he has his garrison outposts?

Chiang, boss of China since 1927, was an American ally in World War II. In 1943 at a Cairo conference President Roosevelt, Prime Minister Churchill and Chiang agreed China should get back Formosa after the defeat of Japan.

Japan had held Formosa since 1895, when the Chinese, then under a monarchy, lost a war with the Japanese and ceded the 200-mile-long island to them. Formosa is 100 miles off the China coast.

So after World War II Chiang, a coupled Formosa. But the Chinese Communists turned on Chiang in civil war. To help Chiang fight the Communists, the United States gave him two billion dollars in aid between the end of the war and 1949. Nevertheless, he steadily lost ground to the Reds.

On Aug. 5, 1949, the United States washed its hands of Chiang, giving him up as a lost cause, and published a record of its dealings with him. This paper said Chiang's government by its own corruption had lost the loyalty of the Chinese people. Therefore, Secretary of State Dean Acheson said, it would be useless for this country to intervene to save him. The Republicans were hot in their criticism of President Truman's handling of Chiang.

Late in 1949 Chiang, his government, and the troops he had left fled to Formosa and some islands much closer to the mainland than Formosa.

On Jan. 5, 1950, Truman said the United States would give Chiang no military aid, direct or indirect. He said the "United States will not pursue a course which will lead to involvement in the civil conflict in China."

Acheson said this meant the United States would keep hands off Formosa. Republicans complained the Democrats were leaving all Asia open to the Communists.

The picture changed June 25, 1950, when the North Korean Communists attacked South Korea. On June 27 Truman announced he would defend Korea and had ordered the 7th fleet to protect Formosa from attack by the Chinese Reds and at the same time to see that Chiang made no attacks on the Red mainland. President Eisenhower revoked the second part of the order Feb. 2, 1953.

The Red Chinese hardened Amer-

ican determination to defend Formosa by entering the Korean War late in 1950. Ever since, it has been American policy to protect Formosa from Red attack. U.S. aid to Chiang has resumed.

On Jan. 24, 1953, President Eisenhower asked Congress for, and got, formal approval to defend Formosa and any related areas, such as Matsui and Quemoy, if he thought they were necessary to the defense of Formosa. He has never said they were necessary. Nor has

he ever said they weren't.

On Feb. 1 the U.S. Senate additionally approved a treaty pledging this country to defend Formosa. Meanwhile, the Red Chinese claiming Formosa, Quemoy and Matsui, continued military preparations which may end in attack.

In justifying its support of Chiang before the world, the United States has to consider that problem of ownership of the three islands. Both the Reds and Chiang claim them.

## A Skin Inflammation That's Very Contagious

By HERMAN H. BUNDESEN, M.D.

PARENTS probably are more familiar with the results of impetigo contagiosa than they are with the name.

**Very Contagious**  
This is a skin inflammation and a very contagious one. It's caused by staphylococci and streptococci pus-forming germs and it usually strikes children.

One of the most common of skin diseases, it usually forms its crust-like scabs or pimples on a youngster's face, neck, ears or hands. Or, it may appear as a cold sore on his lips.

While these blisters or scabs are unsightly, they seldom itch or burn. Nevertheless, I must caution you against scratching them. The purulent material which is discharged from the scabs might lodge under your fingernails, thus making you a carrier to pass the disease on to someone else.

The most common sources of infection for children are pets, athletic clothing, boxing gloves and other children in school. Adults sometimes contract the disease on their lips.

## May Could See Many New Records

NEW YORK UP — Business recovery has brought industry and trade roughly back to the peak they climbed in the spring of 1953. The month of May could see new records set in many lines.

The feeling that the recovery is firmly based grows among businessmen. This leads an increasing number to look for good business all through this year, giving 1955 an excellent chance of being the best year yet.

May gives every sign of confirming this belief. As for the longer pull, President Eisenhower says he's had no "earnest warnings" from his economic advisers of a possible downturn in the second half of the year. What his advisers apparently worry about most is the chance that the business upsurge might tempt the country to "get into a false rush and then fall back."

Warnings against such overconfidence and speculation have come recently from Washington. The Federal Reserve Board has raised

margin regulations for the second time this year, making it necessary to put up more cash when buying stocks. Federal agencies in

## Public Forum

This column is for Sanford Herald readers to use in expressing their opinions upon any matters of interest to the general public. We solicit your ideas and facts and claims of any existing conditions city wide, state and national; comments or criticisms of individuals, public officials, groups or organizations, but be temperate, fair and truthful. No personalities. The length of your letter depends upon the importance of what you have to say. All letters will be signed by writer with address, though signature will be withheld from publication upon request. Wherever possible letters should be limited to 300 or 300 words. The Herald reserves the right to edit or cut letters to fit the space available.

Dear Mr. Perkins:

In behalf of the Central Florida Chapter of the Crippled Children's Association, I want to thank you for your generous support in pictures and publicity given for the Easter Seal Drive. I have always appreciated the efforts of The Sanford Herald in supporting worthwhile projects and you certainly went all the way in helping us for which you have our deepest gratitude.

We are confident that we have reached more people this year and have told our message of services offered to exceptional children of Central Florida. Through your column I should also like to express my sincere appreciation to Mrs. Gladys Hall and her typing class at Vocational School for addressing envelopes for the drive, and to the Pilot Club for stuffing Easter Seals and letters, as well as sponsorship of the street sale of Easter lilies on April 9th, which netted the Drive \$91.38. The assistance of the High School girls in this work was a splendid contribution also. The Radio Station WTRN gave generous spot coverage, and Mr. Marion Harmon and Sally Green were wonderful help in utilizing the time to the best advantage. The Florida State Bank, and Mr. W. J. Peacock Jr., treasurer of the campaign, gave generously of their time and services in the detailed handling of the money. To all of these and to all the wonderful people all over the County who gave the grand total of \$1,047.53 to this Easter Seal Drive, our heart-felt thanks.

In addition to the above amount collected through the drive the Board of County Commissioners of Seminole County gave \$400 directly to Forrest Park School and the Sanford Kiwanis Club gave their annual \$75 to sponsor a crippled child at camp this summer. Now it is up to the Association and Forrest Park School to establish, develop and maintain many services which our exceptional children need. As a Director of both I want to express my deep appreciation to each and everyone who has helped in this Drive. The happiness and hope provided exceptional children through Easter Seal funds cannot be explained in a letter, such as this. I can only say that the sight of Easter Seals at work is so heart-warming that through the eyes of a volunteer who has been back-stage the Easter Seal Campaign is indeed a worthy one.

Sincerely yours,

Mrs. Harold A. Appleby

## Italian Artist Accuses Imitators Of False Attributes

By FRANK BRUTTO  
ROME (AP) — Silver-plated Giorgio de Chirico, one of Italy's top artists, says imitators have "flooded" the United States, France and Italy with paintings falsely attributed to him.

De Chirico's complaint was the latest salvo in a continuing international squabble between him and Bernard Dorival, curator of France's National Museum of Modern Art in Paris.

The feud started when the artist objected last month to the Paris museum's showing a surrealist painting entitled "Composition" and bearing the signature "G. de Chirico." It had hung in the gallery for five years, but the Italian said he had just heard about it. He called it a "gross fake."

Down came the canvas, Dorival said he and other French experts "were sure the picture is by de Chirico," but they'd oblige the artist. "No great loss," he sniffed. The painting had been seized from a smuggler at the French-Italian border and "we bought it because the customs sold it cheap," Dorival added.

That tore N. The Frenchman, De Chirico asserted, had assumed "an insulting attitude." "What is this?" he said to an interviewer. "First they let it hang for five years and then they remove it, not because I say it is false, but because they say it is no good."

He also accused the French museum of slighting Italian artists by showing too few of their works. In Paris, Dorival agreed his museum is devoted largely to French paintings, but pointed out that it is a French museum. Many foreign works are exhibited, "according to their merits," he added.

De Chirico, former exponent of extreme modernism but painting more conservatively these days, took particular exception to Dorival's charge that he had been "disowning, one after another, paintings in his former style. Prove it, the painter challenged."

KIRBY ROGERS (above) of Stetson University will be the song leader for the revival at the First Baptist Church in Sanford. Speaker for the event will be John Maguire. The revival will run May 1-8.

## Missionary Union Hears Rev. J. Epps In Stirring Address

A challenging address on Alcoholism was delivered by the Rev. Jack Epps of the United Florida Dry before over 100 members of the Seminole Association of Women's Missionary Union at a meeting at the Longwood Baptist Church this week.

In his address, entitled "A Stumbling Block to My Father's World," the Rev. Epps declared that there were 15,000 bars in Florida, 94,000 alcoholics, and more venereal disease and illegitimate births in Miami than any other city of comparable size in the United States.

"The youth of Florida are receiving very little instruction and guidance in our public schools towards an understanding of alcohol and narcotics," he said. He urged Christians to take action by supporting legislation curbing this trend and by prayers and interest in the problem.

The assembly also heard the Rev. Charles Sanks of Stetson University speak on "Our Part in Making a Better World."

As the meeting opened, the group sang the hymn, "O Worship the King," followed by prayer. The devotion was presented by Mrs. J. L. Lee, Sanford, during which Miss Ruth Archer, minister of music of the First Baptist Church, Sanford, sang the devotion theme, "This Is My Father's World."

Mrs. A. J. Peterson, Sanford, who had charge of the business session, reported on action taken at the state WMU convention in Lakeland.

She urged participation in the Burney Gift Fund, which is an annual contribution by each society to the Margaret Fund students, who are the sons and daughters of the regular missionaries of the Southern Baptist convention Home and Foreign Mission Boards. She suggested that members remember these students with cards, letters or small gifts, and prayers.

Mrs. Peterson also urged members to contribute old gold or silver to the state office at Jacksonville for building fund to erect a meeting place at the Bible Institute at Graceville.

Lunch was served at noon. Prior to the Rev. Sanks' address, there was a hymn, "When I Survey the Wondrous Cross." The closing prayer was offered by the Rev. M. D. Jackson.

## Norman de V. Howard Chapter Of UDC Observes Southern Memorial Day

The Norman de V. Howard Chapter of the United Daughters of the Confederacy observed Southern Memorial Day recently at the home of Mrs. F. E. Roumillat Sr., 910 Palmetto Ave.

The invocation was given by Dr. W. P. Brooks Jr. after which the pledge to the American flag and the salute to the Confederate flag were given.

Mrs. George Harden then rendered a vocal solo entitled, "We're Tending Tonight."

Norman F. Morris addressed the group as guest speaker using as the topic of his talk, "Memorial." In his speech Mr. Morris brought out the point that in every country a memorial is set up for its war dead.

"These men gave their lives, that we might live," he stated. "They expect something of us in return for their gift. I feel that a living memorial is far superior to any other type. I believe they would appreciate our efforts to better our country by doing something for the youth. We have a responsibility to the youth."

He then went on to tell of the juvenile delinquency problems and how they are publicized instead of emphasizing the good things that are done. "For each one appearing before the courts we have 50 that are well behaved first citizens. We should use a positive approach rather than negative."

Mrs. Morris then said that "we hear schools, homes etc. blamed for our problem, I feel that we should blame the youth. They are old enough to know better and they could correct the problem better than older people."

"It would like to suggest that we renew our efforts to taking care of our responsibility to the youth and see that they are given spiritual guidance and keep faith with our war heroes. They will appreciate this living memorial and rest in peace."

After this inspiring lecture the roll call was taken by Mrs. B. L. Perkins after which Mrs. Harden sang another solo entitled "Beautiful Isle of Somewhere." The benediction was given by Dr. Brooks.

Mrs. J. M. Hayes gave a report on her trip to Richmond, Va. to see the ground breaking ceremonies of the home for the daughters of the confederacy and Mrs. Roumillat gave a report on her trip to visit General Robert E. Lee's home in Gettysburg.

After the meeting was adjourned the group met again at the camp of Mrs. J. H. Trudick on Lemon Bluff for a luncheon. Mrs. W. R. Dyson acted as co-hostess and Mrs. B. L. Perkins assisted in serving.

Those present were Mrs. A. B. Wallace, Mrs. D. D. Caldwell, Mrs.

Drumley, Mrs. Rene M. Leffler, Mrs. F. E. Roumillat, Mrs. W. D. Kirby, Mrs. J. H. Nicholson, Mrs. M. Hayes, Mrs. George D. Bishop, Mrs. Claude Herndon, Mrs. Mrs. M. S. Williams, Mrs. R. F. Robinson, Mrs. W. A. Morrison, Mrs. Volie Williams Sr., Mrs. J. M. Trudick, Mrs. George Harden, Mrs. Mary Leffler Strong, Mrs. H. E. Morris, Mrs. E. H. Laney, Mrs. Zeb Rutledge, Mrs. W. P. Fields, Mrs. A. K. Rosseter, Mrs. James Ridge, Mrs. B. L. Perkins, Mrs. Trudick, Mrs. Dyson, and Mrs. Steinkland.

## Senior Class To Give Annual Play

The Senior Class of Seminole High School will present its annual senior play "Cheaper by the Dozen" a comedy in three acts, written by Frank B. Gilbreth Jr. and Ernestine Gilbreth Carey, on May 10, in the S. H. S. auditorium at 8:15 p.m.

"The humor in the story is genuine and delightful and the story has meaning and importance," said Mrs. Nellie Coleman, director.

Frozen Brussels sprouts are widely available and so nutritious that they can be used often to good advantage in family menus. Try serving them with browned butter and toasted almonds. Or team them with cream sauce and a topping of crisp crumbled bacon.

Unlike Arcareo, who rides free lance, Guevin is under contract to Alfred G. Vanderbilt's stable. This has had its reward because Vanderbilt is the last owner to have a Native Dancer, Social Outcast and Find among his stake winners. Arcareo, who in the last 15 years has been the rider most in demand for rich races, is the only jockey who has won the Derby five times. At the age of 40 he is favored to make it No. 6 with Nashua, the William Woodward colt he couldn't ride in the Wood because of a "compulsion" for a minor riding infraction.

In February, when Ted Atkinson, aboard Saratoga, lodged a claim of foul against Arcareo and Nashua in the Flamingo, Arcareo said:

"Nashua is the best 3-year-old. He will make any horse quit and as he has yet to run his best race, Arcareo and I think we will get a big check to prove it in the Derby. The first of racing's Big 3—the others are the Freshman at Pimlico, May 28 and the Belmont at Belmont Park on June 11.

## Strolling In Sanford

O. P. Herndon swears this is the truth, the whole truth and nothing but the truth. He claims it happened in his early days in court work. A defendant was accused of stealing a tool kit. The man, insisted he'd taken the kit for a job. The judge asked him how far he'd carried it.

"Just over to my house — a couple of blocks."

"Ten days for carrying the job, too far," ordered the judge.

## New York Manhunt Ends At Beginning; In County Prison

CANTON, N. Y. (AP) — A manhunt through northern New York wilderness has ended where it began in St. Lawrence County Jail, from which four men fled Wednesday.

Freshly shaven and clothed, Patrick Brooks, 28, of Gabriels, walked quietly into the main jail office at 8:08 last night. A friend drove him from the swampy woodland where he had been hunted since Friday. Two children rode with them.

The final scene stood: one desperado dead, one wounded and two in custody. A state trooper was recovering from his wounds. Leon Castiglione, 24, was taken after a gun battle Friday. Frank Ialacqua, 44, Utica, and Ralph LaShomb, 26, were shot when troopers found them yesterday morning. Ialacqua was killed.

More than 300 state police, sheriff's deputies and volunteers took part in the manhunt in rough country near the Canadian border.

## Minneapolis Doctor Faces Arraignment On Murder Charge

MINNEAPOLIS (AP) — Dr. A. Arnold Axilrod, Minneapolis dentist, faces arraignment today on a first-degree murder charge in the strangling death of Mrs. Mary Moonen, 21, one of his patients.

Dr. Axilrod was indicted late Monday by the Hennepin County grand jury. The true bill came just 10 days after Mrs. Moonen's body was found in a Minneapolis Lake District alley.

In statements to police, Dr. Axilrod admitted having taken the woman for a ride the night of April 22, only hours before her body was discovered.

Charles Wetherill, inspector of detectives, said Axilrod claimed to have blacked out after Mrs. Moonen accused him of fathering her unborn child. In his statement, the dentist said Mrs. Moonen alleged she had been assaulted while under sedatives in the dentist's office. He denied the charge.

Conviction upon first-degree murder charges carries a mandatory life prison term.

## European Raiders Blamed In Attacks

TUNIS, Tunisia (AP) — European terrorists were blamed today for attacks on two French members of organizations favoring French control of Tunisia. One of the victims was in a hospital with a fractured skull.

The assaults last night were believed inspired by a mass meeting Saturday at which 6,000 French residents of Tunisia denounced recent French-Tunisian accords promising self-rule for the protectorate.

The injured victim was Dr. Etienne Burnett, 55-year-old retired director of the local Pasteur Institute. He was bludgeoned on his doorstep.

Prof. Charles Pignon of the Institute of Higher Studies was attacked by three young men who tried to force their way into his home. He escaped by slamming and bolting the door.

## Opposition Is Said To Have Vanished

WASHINGTON (AP) — Sen. Byrd (D-Va.) said today most of the Senate opposition to the liberalized foreign trade bill appeared to have disappeared.

Byrd, floor manager for the bill, said in advance of a second day of floor debate there is a possibility of an agreement to limit debate starting tomorrow and that the bill might pass without change tomorrow night.

"That would be three days, and not so long ago we were afraid it might take 30 days," he said.

Majority Leader Lyndon B. Johnson (D-Tex.) said he was working on a time limitation agreement.

## Cao Dai Forces Switch

Defense Minister  
Tells Of Support

SAIGON, South Viet Nam (AP) — Gen. Trinh Minh The, top Cao Dai general and one of the chief supporters of the free Viet Nam Revolutionary Committee, was killed in action tonight.

His death was disclosed a short time after hand-biting troops of the Cao Dai religious sect joined the Nationalist army of Premier Ngo Dinh Diem in an offensive against the Binh Xuyen rebels.

Gen. The's Cao Dai forces were once allied with the Binh Xuyen Society and the Hoa Hao Sect in a united front demanding Diem's resignation. But the general switched sides three months ago when Gen. La Van Vien, the Binh Xuyen leader, rejected demands that armed struggle be avoided.

Gen. The had thrown four battalions of his troops, perhaps 2,500 men, to Diem's support in mopping up Vien's battered force of 2,000 men on Saigon outskirts.

He died while directing the battalions in this action.

The Cao Dai general was fired upon by Binh Xuyen commandos in an armored motorboat and died instantly.

This blow to the armed forces premier was marshalling all his supporting Diem came as the support for a political victory over Chief of State Bao Dai.

## Road Department Proposal Studied By Subcommittee

TALLAHASSEE (AP) — Road Department proposals that the chairman be retained as the chief administrative officer and that the present method of appointing road board members remain unchanged are being studied by a Senate subcommittee.

The House Roads Committee accepted proposed amendments offered by Chairman Wilbur E. Jones but the Senate committee after a hearing last night turned the suggestions over to a subcommittee composed of Sens. Tapper, Fort St. John, Bacher, Vero Beach, and Carraway, Tallahassee.

Tapper, who headed the Legislative Council Roads Committee which drew up the new highway code bill, indicated he disapproved the Road Department's proposal that the chairman's salary be increased from \$12,000 to \$14,500 and that an executive director and the chief engineer each be paid up to \$14,000.

"There'll be no \$14,000 salaries," Tapper commented.

## Approach Means Success Or Failure

JACKSONVILLE (AP) — A woman told a power convention today "the right approach in working with men can mean success or failure of a woman in any employment."

She was Alma Armstrong, personnel director of the Jacksonville Civil Service Board, talking to delegates to the American Public Power Assn.

She said "A smile, a sense of humor and the attitude that she can learn something from a man are always helpful attributes."

She said too, that a woman who does equal work to a man "is entitled to be heard in her cry for equal pay."

## Russia, Satellites Will Meet May 11

VIENNA (AP) — Warsaw radio announced today that Russia and her seven East European satellite states will meet in the Polish capital May 11 to set up a unified military command.

Western observers in Vienna said the move apparently was being taken to provide the legal basis for retaining Russian troops in Hungary and Romania after the expected end of the four-power occupation of Austria.
