

CO. SOLONS MET LAST TUESDAY

MANY MATTERS OF IMPORTANCE TRANSACTED BY BOARD

Honorable board of county commissioners in and for Seminole county, Fla., met in regular session at 10 o'clock a. m. Tuesday, Feb. 6th.

Mr. R. J. Holly addressed the board in regard to payment for advertising pamphlets authorized by this board, and on motion of L. P. Hagan, seconded by C. W. Entzinger, clerk instructed to draw warrants on public fund for amount in said fund at this time.

On motion of L. P. Hagan, seconded by C. W. Entzinger, and carried, Dr. Denton and Attorney DeCottes are given authority to fix up and equip hospital room at county jail.

On motion of L. P. Hagan, seconded by C. W. Entzinger, and carried, Dr. Denton and Attorney DeCottes are given authority to keep home in a thorough sanitary condition.

Mr. R. J. Holly addressed the board in regard to payment for advertising pamphlets authorized by this board, and on motion of L. P. Hagan, seconded by C. W. Entzinger, clerk instructed to draw warrants on public fund for amount in said fund at this time.

On motion of L. P. Hagan, seconded by C. W. Entzinger, and carried, Dr. Denton and Attorney DeCottes are given authority to keep home in a thorough sanitary condition.

SEMINOLE COUNTY FAIR GREAT SUCCESS DESPITE THE COLD WEATHER

OPENED ON TUESDAY WITH AUTO PARADE. EXHIBITS ARE GOOD AND LARGE CROWDS IN ATTENDANCE

TODAY AND TOMORROW PROMISE GREAT CROWDS AND MANY FEATURES

The Seminole County Fair has been a great success. Even with a freeze to start it off and a rain in sight for the close the fair has by far exceeded the expectations of the most sanguine booster in the county.

The fair grounds are ideal this year with the exception that the space is limited, but the idea of a fair grounds and paid admission has been a success.

The old grand stand makes a remarkably fine display for fruits and here are citrus fruits in abundance made possible by the generosity of Chase & Co., in the Sunland Brand of fruits.

Near by are the booths of the Metropolitan Insurance Co., the W. C. T. U. Tent and the Rest Room with nice clean beds for the infants, the T. J. Miller & Son, tent and rest room, and Southern Express Co. headquarters and telephone booth.

In the machinery exhibit are the Hudson car, the Auburn car, the Oakland and the Ford cars on display. The Elder Springs Water Co. are on deck with bottles of this clear, sparkling water, the Milvis Marble Co., with a fine display of monuments and stone copings, etc.

On the other side of the machinery hall are the plumbing display of Mahoney-Walker Co., with engines, irrigation machinery, bath tubs, lavatories and all kinds of plumbing supplies, the Texas Oil Co., with all kinds of oils, greases, floor polishes, roofing, etc.

Electric supplies of all kinds. In the arts building the real display of the fair is held in the matter of light work, embroideries, laces, china painting, drawn work, etc. The Wakefield Preserving Co. of Geneva have a fine display of jellies and preserves in this building and the school exhibits are here also.

The poultry exhibit is under the personal supervision of Dr. Wendler, who is judging the exhibit and is one of the best posted men in the south on poultry.

The cold weather seems to have kept the stock raisers at home. The following awards have been made up to date:

Wednesday, Feb. 7, 1917. Mrs. Vina Oglesby, Oldest Lady on Grounds, 89 Yrs., 5 ft. 10 in. Sanford. W. A. Fox, Oldest Gent on Grounds, 87 Yrs., Box Cigars, Sanford.

Thursday, Feb. 8, 1917. SANFORD SCHOOLS (WHITE). Best General Exhibit, Grade 8, \$5. OUT OF TOWN, OVIEDO. (WHITE), \$5. SANFORD SCHOOLS (COLORED). NINTH AND TENTH GRADES (One Teacher), \$5. OUT OF TOWN, OVIEDO (COLORED), Blue Ribbon.

Poultry Awards. The Poultry Exhibit is a wonderful display of high class quality fowls. Special mention may be made of the wonderful display of Barred Plymouth Rock, Wyandotte, Light Brahmas, Black Langshans, of which there is a representation of all fancy varieties.

but for display only is one long to be remembered at Sanford. Among this display were leading winners at New York, Philadelphia, Buffalo, Boston and other northern cities, and the consensus of opinion of those who have seen Mr. Wendler's Barred Rocks previous years, unanimously agree that they are better birds than Mr. Wendler has bred in past years. Besides his great winning record in previous years.

In the display of Light Brahmas shown by E. W. Brown of DeLand, Fla., was second prize cockerel at Miami, second prize cockerel at Miami, second prize cockerel at Miami, second prize cockerel at Miami.

The Bull Orpington display of W. H. Coons of Bulow, Fla., was by far the best bunch of Pullets ever seen in this county and they lay too large Wendler just hung around those Bull Poles filling the pockets of his duster with nice, fresh eggs.

White Wyandotte. Wildhill Poultry Farm, Summerfield, Fla., First Cockerel, Second Hen, Third Pullet. J. A. Bistone, First Hen. Pi Games. Allen S. Hays, Jacksonville, Fla., First cock, first and second hen, first and second cockerel, first and second pullet.

Barred Rocks. Mrs. F. J. Niemyer, Longwood, Fla., first, cock, first and second cockerel, second hen, second pullet. Baldwin Palmer, Winter Park, first hen, first pullet, first pen. Buff Orpingtons. W. H. Coons, Bulow, Fla., 1, 2, 3, 4, 5. Cocks, 1, 2, 3, 4, 5. Hens, 1, 2, 3, 4, 5. Cockerel, 1, 2, 3, 4, 5. Pullets, first pen. Golden Campines. W. H. Coons, Bulow, Fla., first pen. Guinea. Wm. Reems, Sanford, first cock. Second hen. S. C. R. I. Red. R. L. Garrison, Sanford, first

cock, first and second hen, first and second pullet. Peafowls. Theo. Emmett Wilson, Sanford, First peacock, first pea hen. Partridge Wyandotte. Mrs. A. V. French, Sanford, first cock, first hen, first pullet. Black Langshans. E. W. Brown, DeLand, first cock, first and third hen, first cockerel, first pullet. Mrs. A. V. French, second cock, second pullet, second cockerel, second hen. Gold Wyandottes. Mrs. A. V. French, first cock, first hen, first pullet. Houdans. Mrs. A. V. French, first cock, first hen, first pullet. R. P. Red Games. Mrs. A. V. French, first cock, first hen, first pullet. Acornas. Mrs. A. V. French, first pullet. Silver Wyandottes. Mrs. A. V. French, first pullet. White Wyandottes. Mrs. A. V. French, first pullet. White Leghorns. Mrs. A. V. French, first pullet. Toulouse Geese. E. W. Brown, DeLand, Fla., first cock, first hen. White Holland Turkeys. E. W. Brown, first cock, first hen. Black Tailed Japanese Bantams. E. W. Brown, first cock, first hen. Lakenvellers. E. W. Brown, first cock, first and second hens, first cockerel, first and second pullet. P. C. R. I. Reds. E. W. Brown, first cock, first and second hen, first and second cockerel, first and second pullet. Red Carnous. E. W. Brown, first cock, first hen. Black Fan Tail. E. W. Brown, first cock, first hen. Purple Fan Tail. E. W. Brown, first cock, first hen. Rose White Fan Tail. E. W. Brown, first cock, first hen. Red and White Turbit. E. W. Brown, first cock, first hen. Blue African Owl. E. W. Brown, first cock, first hen. Blue African Owl. E. W. Brown, first cock. Blue Head Tumbler. E. W. Brown, first cock, first hen. Blue English Pouter. E. W. Brown, first cock, first hen. White Pigmy. E. W. Brown, first cock, first hen. Gold special for best display pigeons, ornamentals, etc., first, E. W. Brown. Second best display, Mrs. A. V. French. Cash special, best display poultry, E. W. Brown. Second best display, W. H. Coons. Automobile Parade. The automobile parade Tuesday was unique and distinctive from the fact that it was the only one pulled off where each participant was satisfied and every one obtained a prize. This was possible on account of the many prizes, not from any lack of cars, for every public spirited and progressive citizen in Sanford had a beautiful decorated car in the parade and by the Royal Extravaganza Band paraded over the principal streets of the city and ended at the fair grounds where the following prizes were awarded:

H. C. Lyman, first prize, \$25.00. R. J. Holly, second prize, \$15.00. J. D. Davison, third prize, Foster Owl Light. A. D. Smith, Fourth Prize, Case Lubricating Oil. Gulf Refining Truck, fifth prize, 5 Gals. Lubricating Oil.

SENATE IS WITH WILSON ON ACTION

RESOLUTIONS OF CONFIDENCE ADOPTED BY BIG VOTE

Washington, Feb. 8.—President Wilson's severance of diplomatic relations with Germany was approved formally yesterday by the senate. By a vote of 78 to 5 the senate expressed confidence in the President's course, adopting a resolution submitted by Chairman Stone of the foreign relations committee endorsing the withdrawal of American Ambassador Gerard from Berlin and the giving to German Ambassador Bernstorff his passports.

Senators who voted against the resolution were Democrats, Kirby of Arkansas and Vandaman of Mississippi. Republican Gronna, North Dakota; Works, California and Lusk, Wyoming, were absent. The only other opposition came from the five senators who voted against the resolution when the roll was called. The ranking Republican leaders joined the Democrats in declaring their wholehearted support of the President.

Washington, Feb. 8.—Sweeping resolutions were passed yesterday by the senate which are similar to a resolution in both senate and house today and backed by a request from the administration that it be pressed to immediate passage. The president would be authorized under the bill to take over "in time of war" or any proclaimed national emergency any vessel owned by a citizen of the United States or by a corporation organized in the United States; any vessel building in the United States; any vessel registered under the American flag; any vessel purchased, leased or chartered by the federal shipping board; or any other instrumentality of water commerce within the country, including docks, warehouses and other terminal facilities.

A provision is attached specifically prohibiting sale of American vessels to foreigners or their transfer to foreign flags in time of emergency. Under the present law the President may lay such a prohibition by proclamation and a proclamation declaring it effective in the present emergency already has been issued by President Wilson.

Officials are much gratified at the response of shipping interests. The many shippers who have been asked as to the status of vessels concerned in partly completed sales have been told the transfers could not be made and all have agreed to drop negotiations without contesting the President's order.

Washington, Feb. 8.—The steady stream of reports telling of the destruction of merchant ships by German submarines was brought to a climax by a cablegram to the state department from Consul Frost at Queenstown announcing that the British passenger liner California had been torpedoed without warning and that an American citizen was among the survivors.

Whether this will prove to be the overt act to drive the United States into war no one would attempt to say tonight. President Wilson who must make the decision had retired when the news came and officials said not wake him. Late in the afternoon he had been informed of a message from Consul Frost telling of the sinking of the California, but giving no details as to the warning or the presence of Americans.

The President undoubtedly will wait for complete reports on the disaster before determining whether the time has come for him to go to congress to ask authority to "use any means that may be necessary for the protection of our seamen and our people."

W. I. Beatty of Newark, N. J., has purchased the Carter Farm of 82 acres located on the Sanford-Orlando road, five miles from Sanford.

Dates of Fairs

- South Florida Mid-Winter Fair and Gasparilla Carnival at Tampa February 2-10, 1917. Seminole County Fair at Sanford, Feb. 5th-10th, 1917. Osceola County Fair at Kissimmee, Feb. 14th-17th, 1917. Manatee County Fair at Bradentown, Feb. 20th-23rd, 1917. Sub-Tropical Mid-Winter Fair at Orlando, February 20th-24th, 1917.

Among The Theatres

Burton E. Stevenson, in writing "Little Comrade," from which the latest World Picture Brady-Made, "On Dangerous Ground," has been filmed, chose one of the most interesting and thrilling phases of the

great conflict, namely the secret services of the warring nations. All of the thrills that have been retained in the film version of the story and the result is a drama that is exceedingly interesting and entertaining. The leading roles in this film are portrayed by Gail Kane and Carlyle Blackwell, who are particularly well-suited for the parts that they enact. This delightful film will be the offering at the Lyric Theatre on Friday.

Lyric Tonight

Synopsis of "Love's Reward," Chapter Twenty of "Gloria's Romance." Cast: Gloria Stafford, Billie Burke, Dr. Stephen Woyce, Henry Kelke, Richard Freneau, David Powell, David Stafford, William Roselle, Pierpont Stafford, Wm. T. Carelton, Lois Stafford, Jule Power, Judge Freeman, Henry Weaver. Gloria Stafford is so delighted up on learning that the suspicious she had entertained of her brother, David, as the murderer of Richard Fre-

neau, her lover, were unfounded that she enters merrily into the entertainment arranged at the Stafford country home as a benefit performance the proceeds of which are to be turned over to the Red Cross, for the purpose of establishing a field hospital for the American troops stationed along the Mexican border. Gloria and Doctor Royce enact the balcony scene from "Romeo and Juliet," much to the delight of Bill and Doctor Royce plays his part in a wonderfully convincing fashion. Later, on the lawn, some classic dances are given, and then the Pied Piper of Hamelin appears and pipes all the guests to luncheon, which is served in the open air. One after another happy young couples stroll off by themselves. Judge Freeman beholds Lois, his daughter, arm in

arm with David, her husband, and smiles to himself when he realizes that at last the two are happy together and that David has never discovered Lois' affair with Freneau which so nearly ruined his home. In another part of the grounds Royce corners Gloria and suggests that when she goes to the Mexican border to establish the hospital he should go with her, as her husband, so, after she has pondered upon the dangers which may surround her should she go alone. And then the two young people pledge their love in a betrothal kiss. Finally, the scene fades into the one which began, and we again behold Billie Burke seated in a big chair with the novel "Gloria's Romance" in her lap. As we watch her, she

Music of Living

heaves a sigh of contentment, turns the last leaf of the book, allows the volume to fall to her side and in a close-up we discover she has reached "The End."

A Test

When looked and beheld with mixed, eyes dim and the light will split around quite fast while those which have not been tested will hardly split around.

BILLY EVANS SOLVES BASEBALL PROBLEM

(Written Especially for This Paper by the Famous American League Umpire.)

Several years ago a play came up in one of the minor leagues that created considerable discussion. Similar plays have come up in both big leagues, but the same ruling has always been adhered to, despite the argument created by the minor-league happening. Both sides of the question have been thoroughly threshed out many times, yet there are still some doubtful ones. Recently I saw the question brought up before a sporting weekly that answers all such arguments. The editor, in answering the question, took the opposite ruling to that in vogue in both big leagues, stated so in his answer, and insists that he is in the right, all opinions to the contrary notwithstanding.

In the minor league game in question, with one man out in the last half of the ninth, the home team needed three runs to win and two to tie. With men on first and third, the batter hit a sharp single to left field, which was played badly by the outfielder, the ball getting by him and rolling to the fence. All three men scored on the play and it seemed that the home team had won the game. As the batter crossed the plate the crowd began to surge on the field.

It happened that the man on first, when the hit was made, failed to touch third base. The mistake was noticed by the third baseman and also the umpire. When the ball was thrown in by the pitcher, the third baseman received it and touched third base. The umpire thereupon declared out the man originally on first who had failed to touch that base. That, of course, cut off a run. A large part of the crowd was on the field at the time.

The captain of the team in the field then raised another angle. He said that since the batter had technically passed the runner ahead of him because that runner had failed to touch third, he should also be declared out and that run also rendered void. The umpire allowed the run. Thus, the team lost at bat but believed it had won the game by a wide margin. The captain of the visiting team left believing that he had won by the same margin. What would have been the proper ruling?

The weather report was right.

you can never tell what the next day will bring forth.

And yet the consolation that it might have been worse than this.

We can all go to the fair this week and rejoice over the fact that we are still alive.

Half a celery crop at twice the price is better than a big crop that would not bring freight charges.

What makes these and other unpleasant things happen is the war.

The weather report was right.

The weather report was right.

There is no frost line in Florida or any other state.

It makes us sore though to think that this cold wave had to come just when we are holding the county fair.

But there is comfort in the thought that we can go right on planting a spring crop of potatoes, beans, tomatoes, peppers, and many other vegetables and they will be money in their toes at the present prices.

SHIP CANAL THROUGH FLORIDA

Governor Catts, according to the Florida Metropolis, has expressed himself in favor of the proposed canal through the heart of Florida.

Office Supplies

GET THE 'HABIT' of calling 148 when you need anything for your office. Come in and look 'em over.

The Herald Printing Co.

Office Supply Dept. PHONE 148

the Florida state drainage canals, and the other West to the Gulf of Mexico, down the Caloosahatchee river. The possibility of including the Ocklawaha river is also being discussed.

Says the Florida Metropolis: "It has been suggested, and it is believed possible, that a canal could be built without federal appropriation, or with a minimum of government aid. The plan as tentatively advanced, is for the canal district to be formed, each of the states on the Atlantic and Gulf coasts which would be benefited, including Florida, paying their proportionate portion of the cost, based on a calculation of benefits to be derived. This would afford all shipping a means of communication between the Atlantic and Gulf at a saving of practically a thousand miles, putting the ports of the Atlantic that much closer to the Panama canal and obviating the necessity of ships facing the dangers that always attend the rounding of the Florida peninsula. That such a plan would be acceptable to all the ports of the Atlantic and Gulf coast states is believed. There would be such a great amount of property involved under taxation along such a plan, that the mileage in each individual instance would be negligible, but the total sufficient to carry the project through."

Mr. Vans Agnew, however, believes federal aid would be forthcoming, not only because of the strategic value of the canal, but also because the government is generally willing to help those communities that help themselves. Thus when Jacksonville taxed itself to start harbor improvement, the war department immediately offered substantial aid.

If other Atlantic and Gulf states would not secure a share of the benefits, the canal would not be built. The project is being discussed by the Florida Metropolis.

The Florida Metropolis, in its issue of January 27, 1917, has published a long and interesting article on the proposed canal. The article is a reprint from the Florida Metropolis, and is well worth reading. It is a long article, but it is very interesting and informative. It discusses the various aspects of the canal project, including the cost, the benefits, and the political situation. It also discusses the various organizations and individuals who are involved in the project.

THE WOMAN'S CLUB OF SANFORD

FOUR YEARS OF ITS HISTORY AND ACHIEVEMENTS

As a result of the agitation to amalgamate the various women's clubs of Sanford in the spring of 1913 the present Woman's Club was organized. The nucleus of its membership coming as charter members from the Wednesday Club, the Music Club, the Welaka, the Lend a Hand Club, a civic and philanthropic organization composed of young unmarried ladies, and the West Side Improvement Association. The amalgamation was largely due to the efforts of Mrs. J. W. Dickins and to that end meeting was called for representatives to the above named organizations to meet at the home of Mrs. Henry Wright at that time chairman of the club expansion committee of the Florida Federation of Women's Clubs. These ladies were Mrs. S. O. Chase, Mrs. Geo. L. Maris and Mrs. E. W. D. Dunn, Wednesday Club; Mrs. J. W. Dickins, Mrs. Egbert Lake and Miss Laura Fish, Welaka Club; Mrs. M. M. Martin, Miss Mahoney, Music Club; Miss Mahel Bowler, Lend a Hand; Mrs. W. A. Terhune, West Side Improvement Assn.; Mrs. S. O. Chase was appointed provisional chairman and Mrs. J. W. Dickins, secretary. A committee on condition were Mrs. Chase, Mrs. Dickins, Mrs. Martin, Mrs. Dunn and Miss Fish. On April 19th, 1913, a large body of women met at the Star Theatre, Mrs. Geo. L. Maris presiding, to vote on the adoption of the constitution and to organize the Woman's Club of Sanford, which from that time to the present has played an important part in the educational, cultural and civic life of the town. The constitution, which was drafted from the West End Club of Chicago, with several additions from the Morgan Park Woman's Club through the kindness of Mr. D. J. Thrasher from M. P. Robinson, has since prevailed. The pioneer officers of the club were Mrs. J. W. Dickins, president; Miss Laura Fish, 1st vice president; Mrs. M. H. Bowler, who shortly after resigned, was succeeded by Mrs. C. E. Walker, 2nd vice president; Mrs. S. P. Tolson, 3rd vice president; Mrs. W. E. Tolson, recording secretary; Mrs. Henry Wright, corresponding secretary; Miss Annie Hawkins, treasurer. Chairman who were also included on the board of managers were Mrs. Geo. L. Maris, Literature Dept.; Mrs. Norma King McLaughlin, Social Dept.; and Mrs. R. A. Terhune, Welfare Dept. This board rendered faithful and loyal service during their terms of office and have been succeeded by officers equally efficient and faithful and each department has played an important part in bringing the club up to its present high standard of efficiency and have given it the prominence it enjoys in the State Federation.

It may be said of the Literature Department that it is the rarest literary organization in the Federation for this year is making history for the Sanford club because of the excellence of the papers prepared by its members, two of which (Miss Lillie Parson's and Mrs. Geo. B. Dickenson) are on file, by request of the state chairman of literature, to be used by the information bureau of the Federation.

The Music Department is noted too for the interest and charm of its programs and is not excelled by any. This department possesses an unusual degree of talent both in voice culture and musical ability.

The Social Department is recognized for its beautiful functions and gracious hostesses. Especially is this true of the annual Christmas ball and annual reception to the club.

The Welfare Department, which by no means possesses all the workers of the club is yet the club's working department and covers a wide field of activities. The West Side Improvement Association with Mrs. J. D. Perkins, president, gave to the Woman's Club an active group of earnest women who formed a road foundation, augmented by the work of the club.

The Things Worth While: Organized April 19, 1913. Federated May 21, 1915. Incorporated June 16, 1916. Club house and lot bought in 1914.

hundred dollars. The other departments are at work. A big asset of the club is its beautiful concert grand piano bought at a cost of five hundred dollars, two hundred of which was paid by the Music Department. The Junior Civic League under the leadership of Mrs. Henry Wright, its organizer, Mrs. H. C. Gorrer and their efficient little president, Julia Luing, has been a potent factor in the civic work of the club and through them have been given some of its most enjoyable programs. Programs throughout the departments have been interesting and instructive. While department days to the general club have been among the most successful of the year.

convention and a resolution against social drinking are among the resolutions adopted by the club. Side by side in value to the community stand the Rest Room and the Community Christmas tree, both of which have been supported by and had the cooperation of the Board of Trade, individuals, men's clubs and club women. Both stand for the community interest and welfare. Through the generosity of organizations and individuals fifteen families were supplied with boxes of groceries, toys and fruits and some clothing, also was distributed at Christmas in addition to which a box was sent to the Children's Home Society and the Orphanage at Ft. Pierce. In addition to these things the club has done much for the poor of the community.

Annually gives \$5.00 to the Domestic Science scholarship in the Woman's College, Tallahassee. \$25.00 pledged to State Park and \$15.00 already paid. Fifteen dollars paid on cemetery improvement and earnest effort to secure good road to cemetery through the county commissioners.

Mother of the state wide bill for medical inspection in public schools. Initiative taken by Mrs. E. W. D. Dunn, chairman of health committee in 1913. Active in the equipment of linen, cutlery, silver, china and bedding for the County Home. Active in the anti-tuberculosis campaign. Selling Red Cross seals annually in this cause. Active in relief work for the poor of Sanford. Boxes of clothing and toys sent to European children in the war zone for Christmas, 1915. Clean up campaigns conducted under the auspices of the club semi-annually, since November, 1913, in cooperation with city forces. Through the cooperation and influence of the Woman's Club, many civic improvements have been made and civic betterment prevails. Especially is this true of streets, alleys, parks, parkways and home grounds. Including the contest this week, four Better-Baby Scientific contests have been held under auspices of club. Three Baby Parades, for which prizes were given, and last year Baby Campaign Week in the interest of baby welfare was observed, the proceeds of the morality play being sent to the Florida Children's Home Society. Boxes of clothing and toys and financial aid have been given the same institution and also to the Orphanage at Enterprise. Through the influence of the club forty children of the Methodist Orphanage were given the privileges of the Seminole County Fair and various other treats, including a picnic dinner served by the ladies of the Methodist church two years ago. On this occasion also was secured for the colored school children of Sanford the opportunity to visit the fair. The club has cooperated actively with the colored women of Georgetown for the better conditions of their environment, have discussed before the school's civic work in which the children might help and have distributed quantities of literature among them. It was also due to the activities of the club that the government and state health exhibits were brought to Seminole county's first fair.

The club has been a great help to the community in many ways. It has organized a health committee, which has been instrumental in securing a good road to the cemetery. It has also been instrumental in securing a good road to the cemetery. It has also been instrumental in securing a good road to the cemetery.

Pretty Home Wedding
Surrounded with much interest the marriage of Miss Lillian Eugenia Goertz to Mr. Wade Hampton Singletary took place at seven o'clock Sunday evening at the home of the bride's parents, Mr. and Mrs. Frank Goertz, Rev. Father Fox of Orlando performing the impressive marriage ceremony of the Catholic church.

The living room, where the ceremony was performed, was prettily decorated in white and green with vases of pink Killarney roses giving a relieving touch of color among the potted plants and ferns arranged about the room. Over the window and draperies trailed graceful sprays of fern which also drooped about the chandelier. In the dining room where the wedding supper was served a color note of blue and white prevailed, offset with stands of ferns. Streamers of blue and white festooned the ceiling, reaching from the blue shaded chandelier to the cor-

ners of the room. Vases of roses adorned the table and asparagus spengeri drooped over the doors and windows.

For the wedding the bride wore a lovely coat suit of midnight blue taffeta, with which was worn a spring hat of blue stin to match the suit. The coat was made with box-plaited back and belted on the sides, with plain front which fell over a blouse of white silk crepe-de chine. The skirt was made with inverted pleats and wide belt and the whole suit was finished with covered buttons of self material. A corages bouquet of bride's roses and ferns completed the charming costume. She carried a white prayer book.

The bride who is a very attractive young girl is the youngest daughter of Mr. and Mrs. Frank Goertz. The groom is a popular engineer of the Atlantic Coast Line Railroad.

Every Week Bridge

Mrs. Margaret Barnes delightfully entertained the Every Week Bridge Club on Saturday afternoon, Miss Mays, the guest of Mrs. Forrest Lake being the only substitute. The prize for high score was won by Mrs. Thomas A. Neal. It was a lovely Colonial candlestick in crystal and silver.

Charming House Dance

Miss Eleanor Herring was the gracious young hostess at a small and early house dance on Saturday evening. A delightful time was enjoyed by the young folks who were besides the hostess, Misses Serita Lake, Norma Herndon, Dorothy Rumph. The boys were Edmund Meisch, Gleim Lingle, Max Stewart, Leslie Woller.

M. Ludo

Notwithstanding the intense cold of Friday night the M. Ludo of Japan and his clever group of assistants arrived in Sanford as scheduled and gave a most creditable performance at the Lyric Theatre, to a fair sized audience. The appearance of Dr. Blocker and the artists from the Green Room Club of the University are always cordially greeted by a Sanford audience and

their appearance on Friday night was no exception to the rule.

Better Baby Contest Postponed

Much to the regret of the Better Baby Contest committee, the contest has been postponed and will not be held until the Baby Campaign Week in March. Owing to the constant demand and urgent cases before the Sanford physicians this week, it has become necessary to make the postponement. The contest cannot be held without medical examiners and the doctors cannot give the time at present. However, due notice will be given and parents of Better Babies will have the opportunity to present them for examination.

Date of Kid Contest Changed

Owing to the opening of the Chautauqua on Friday, Feb. 16th the children's skating contest and the "Rube" party has been changed and will be announced later.

Births

Mr. and Mrs. J. R. Stewart announce the birth of a little son, Saturday, February 3rd.

Class in Expression

Miss Gretchen Schultz will open a class in expression and interpretation on Monday at her home on Park avenue. Miss Schultz is a dramatic reader of note and is opening the class by special request. Further information can be secured from Miss Schultz.

Turkey Dinner

Mrs. J. S. Wilson entertained delightfully with a turkey dinner on Thursday. Turkey, cranberry sauce and all the accessories were deliciously served at six o'clock with covers laid for ten. The table was prettily arranged with quantities of pansies and gladioli. Guests on this charming occasion were Mr. and Mrs. C. E. Henry and daughters, Ethel, Florence and Ruth, Mr. Harrold Smith and Mr. and Mrs. John C. Smith.

A congenial party that motored to Altamonte and spent the day Sunday, the guests of Mr. and Mrs. John Landman were Mr. and Mrs. Fred Walsman, Mr. and Mrs. J. C. Smith, Mr. and Mrs. J. S. Wilson and Mr. Harrold Smith. The entire party spent the afternoon with Mr. and Mrs. Herbert Lyman at Forrest city returning to the Landman house for tea.

Cost noted on Page Seven

ANNOUNCEMENT

The Business College will open Monday, Feb. 12, on the second floor of the Seminole County Bank Building, with private entrance on Magnolia avenue. The space is being completely finished this week, machinery and equipment are on the way and everything will be in perfect readiness on the opening day of school. A material reduction in scholarships is offered to Charter Members, and if you have not already enrolled it will pay you to investigate this week for scholarships will advance to regular prices on Tuesday, February 13. Tuition payable monthly or on the scholarship plan.

COURSES OF STUDY:

Commercial Course: Instruction in Bookkeeping and Banking including single and double entry, corporation and cost accounting, Arithmetic, Rapid Calculation, English Spelling, Correspondence, Penmanship, Commercial Law, Office Methods and Practice.

Stenographic Course: Instruction in Shorthand, Typewriting, English, Spelling, Correspondence, Penmanship, Office Methods and Practice.

Short Combined Course: A short course in Bookkeeping and the complete Stenographic Course. This is the course for those who want the best general business training in the shortest possible time.

Secretarial Course: The Commercial and Stenographic Courses complete. There is a demand for graduates of more than average ability for secretarial positions, and this course qualifies one for these positions.

Special Courses: Our method of individual instruction enables us to offer special courses either in the regular business or Academic subjects to meet individual cases.

Method of Instruction: Our instruction is by the individual method, day and night. Each student pursues an independent course and progresses according to his or her ability.

This is an opportunity to secure a high-grade business education right at home. Every thinking young man and young woman in Seminole county should grasp this chance at the reduced rate. The Pan American College of Commerce is incorporated and established in Florida. It is endorsed by the Sanford Board of Trade, the Miami Chamber of Commerce and bankers and business men every where. Ask any banker or business man in Sanford what he thinks of the Business College. Temporary information office at 210 E. First St., and at the Board of Trade room at the Fair.

Board of Trade Notes

We started late, its true, but the Board of Trade has assurance of several families who will erect winter homes in Sanford the coming season. Some one will build, furnish these houses and homes. This is the sort of work your Board of Trade is doing and will continue.

Finishing this season and going back to the city we need to announce our plans and especially under the name of the Board of Trade to other cities less attractive than Sanford.

During the Fair, Mrs. Gerror, Mrs. Abernathy, Mrs. Morgan, Mrs. Goodhue and Miss Mettinger will be in attendance at the Board of Trade booth on the Fair grounds. These ladies are members of the Woman's Club, and their services are highly appreciated by the Board of Trade. They request the secretary to say that any statements they make about Sanford and Seminole county they can prove by the ministers.

Want everybody to register at the Board of Trade booth on the Fair grounds.

Boost a penny's worth. Post-cards free, mail one home. Board of Trade booth, Fair grounds.

Mr. Mike Franklin, New York, Mr. Ben Swartz, Philadelphia, Mrs. Lora A. Mix and Mrs. E. Brady, Stamford, Conn., were Board of Trade visitors yesterday.

Messrs. Towser, Talton, Ulster, Tibbets, Witherington, Barnes, Shubert, Anderson, Goode, Itner and Briggs were Special Board of Trade visitors in Sanford Friday. That day the Board of Trade booth on the Fair grounds was crowded with people that will be in the city during the season.

A large number of people are coming to Sanford and Seminole county, and a great lot to winter guests in future and probably locate here.

Those are the best who have not left the city.

It is a fact that you are progressive and you intend doing this but just over-looked it so far. Your membership in the Board of Trade is the best investment you can make. It has already paid you a handsome dividend and within 12 months will more than double. See it at it doesn't.

The secretary is glad to have so many out of town members visit the Board of Trade office. Keep it up and we'll be up to the limit. He also appreciates the many kind expressions and assurances from the various members. With such a spirit among the members as this we can't help but put the city where you want it. We think what you want and we are in the shape of producing.

It doesn't make a darn what happens here. Say anything and everything you want to about Sanford and Seminole county. That's good and you can't tell a story.

Last Sunday found the greatest number of tourists in Sanford that has been here any one day in six years. The secretary met and talked to forty-two and everyone acknowledge the possibilities of Sanford and are delighted with the city, the lake and the people they meet. They have been assured of an agreeable surprise and believe me they'll get it.

While you are visiting the Fair, you can pay your dues either at the office in the Hotel Carnes or at the Board of Trade booth on the Fair grounds.

Mrs. Wakefield may think she will get back to Geneva with that fine display of Seminole county products; but unless she stays on guard all night there will be a sample or two on display at the Board of Trade office bright and early the day after the fair.

A different sort of calamity will have to be invented to effect The Herald editor. With two members of his family in the hospital and with a home badly burned by last Friday's fire he was piloting several around the city yesterday impressing them with Sanford and other Seminole cities. We can't spare the editor even for a vacation.

The building is built with the highest quality materials and is most comfortable.

TO TEST RAW MATERIALS
Laboratory Has Been Provided at University of Florida

All material for paving or building roads submitted by the various counties will be given complete tests free by the branch office of the state road department located in the University of Florida college of engineering, Gainesville. A complete laboratory outfit for the work is being installed and county officials are invited to submit samples. The only cost to the county will be express charges on the samples.

M. K. Armes, assistant engineer in charge of all the work in this division and will be aided by men expert in their lines.

"This will give an added interest to the study of rural problems by the students in the college of agriculture for as farmers they recognize the value of good roads in the matter of increasing farm profits.

Instructions for sending in samples to be tested will soon be furnished to all county officials in the state. Accounting for it.

Maxing noted four had been told that had made the sun shine, God made the rain. She was very much interested in the weather forecast on the front page of the newspaper, which for a week had been very accurate. It had been "fair and warmer." Then came a day when the weather man said "fair"—but the rain came down in torrents. After mother had read the forecast to her, Maxing exclaimed, "Oh, well! Maybe today God's paper wasn't delivered."

In Perfect Faith

Grandma and granddaddy of four were watching grandma cover their faithful old friend back with soil. Little Maxing looked up and saw grandma crying. It moved her so that she thought she would say something to comfort her, so she walked a little while until the task was completed, and then looked up at the old pair and said: "Well, don't cry, grandma. Poor old hat has gone to dog heaven."

The profit of feeding the products of the soil and the profit of returning soil some fertilizer ought to be a matter of common sense to every farmer. If one farmer must see that these two things go together, there ought to be enough good farmers to see that these two things go together. There will always be a lot of farmers on the farm.

There will always be a lot of farmers on the farm. There will always be a lot of farmers on the farm. There will always be a lot of farmers on the farm. There will always be a lot of farmers on the farm.
