Bernice Bede Orl's this week in astrology

Dear Bernice:
I'm at my wit's end with my 13-year-old daughter. It's impossible to discipline her. She thinks she's always right. Does her horoscope show anything that could help me? Her birth date is Aug. 5, 1960. ---Desperate

DEAR DESPERATE:
I'M SORRY I DON'T HAVE YOUR BIRTH DATE AS WELL SO THAT I COULD COMPARE BOTH OF YOUR CHARTS. WORKING WITH YOUR DAUGHTER'S CHART ALONE, I CAN SEE THAT SHE IS NOT SOMEONE YOU CAN BE STERN WITH ONE MOMENT, THEN TENDER WITH THE NEXT. SHE WOULD BECOME VERY CONFUSED IF YOU LAY DOWN RULES, MAKE THEM REASONABLE ONES YOU'VE TAKEN TIME TO FULLY EXPLAIN. BE EXTRA-PATIENT WITH YOUR DAUGHTER. SHE'S APT TO LEARN HER LESSONS THE HARD WAY. ---BERNICE

NOTE: Send letters to Bernice Bede Orl, c/o this newspaper, 1200 West Third Street, Cleveland, Ohio 44113. Bernice cannot answer all the letters, only the ones of general interest.

BERNICE PREDICTS
THE WEEK OF DEC. 1-DEC. 7 OPENS WITH BUSINESS GETTING A BOOST FROM POWERS BEHIND THE SCENES. ALSO, CONSIDERABLE ATTENTION WILL BE CONCENTRATED ON FOREIGN AFFAIRS. SOME INTERESTING CONCEPTS WILL BE EXCHANGED BY KEY GOVERNMENT FIGURES. IT'S NOT LIKELY THESE WILL FIND MUCH FAVOR WITH THE SOVIETS. BUREAUCRACY HELPS ERODE THE EFFECTIVENESS OF PROGRAMS AT THE DOMESTIC LEVEL AS THE WEEK CLOSSES. SAGITTARIANS WOULD BE WISE THIS WEEK TO MINIMIZE DIRECT DEALINGS WITH PERSONS OF A PETTY NATURE. © 1974 by NEA, Inc.

THIS WEEK'S TOP PRIZE QUESTION:

GRAG GROSHAN OF TULSON, AZ ASKS:

HOW DOES A SIREN WORK?

THE PARTS OF AN AIR SIREN THAT MAKE THE SOUND ARE A LAKE AND A CYLINDER. THE CYLINDER FITS INSIDE THE LAKE. WHEN THE FREEMAN PUSHERS THE BUTTON, AN ELECTRIC MOTOR SPINS THE CYLINDER. FAN BLADES ON THE SPINNING CYLINDER PUSH AIR INTO THE SIREN. THE CYLINDER AND LAKE CONTAIN A NUMBER OF HOLES. WHEN THE HOLES IN THE SPINNING CYLINDER ARE LINED UP WITH THE HOLES IN THE SIREN, BURSTS OF AIR ESCAPE AND CAUSE SOUND VIBRATIONS—AND YOU HEAR THE LOUD WAILING NOISE. THE PARTER THE CYLINDER SPINNS THE LOUDER THE SIREN!

DEAR POLLY — A good case for a two-piece rod and reel can be made from the leg of an old pair of pants. Slit the leg lengthwise to form a narrow tube. Sew one end shut and make a flap on the other end. Use buttons or snaps for fasteners. Sew a strip of material to one side for a handle. — DEAN.

DEAR POLLY — A large family can keep one perpetually short of ice cubes. One solution: Identify a glass for each member of the family or let each use a different style or color of glass. Let each take their empty glass, including remaining cubes and store it in the freezing compartment. Bonus: A nice, frosted glass! — MICHAEL.

DEAR POLLY — I am always losing or misplacing those small brushes that come with powdered eye shadow. A cotton-tipped swab makes an excellent substitute. Use the same way you would a brush, then discard after one or two applications. — KAREN.

DEAR POLLY — Here's a clip-and-save for overnight campers: Take along two lengths of aluminum foil to put on the ground under your sleeping bags as a protection against dampness. — MARGIE.

DEAR POLLY — As I put the laundry away I told a pair of my husband's undershirts inside each undershirt. Fold the shirt lengthwise, lay the shorts on top and then roll up. Saves rummaging for underclothes and keeps the drawer neat and tidy. — MRS. R.A.

Voter Turnout Predictions Ranging From 25 To 52%

W.A. Adams (left) and A.E. Williams check voting machines

By DONNA ESTES
Herald Staff Writer

Candidates on the ballot include: Seat Number three — A. G. DeLattinbenders, A. A. (Mac) McClanahan (incumbent), Guy Thornton and Stella Woodhouse; Seat Number four — Delbert J. Boga, E. D. (Eddie) Keith and John G. Morris (incumbent). Nineteen absentee ballots have been issued by Seminole Elections Supervisor Camilla Bruce's courthouse office and had been returned early today.

The election will be officially canvassed by the city commission at noon Wednesday. In making his election turnout prediction, Tamm noted that freezing cold weather is forecast.

Casselberry, with 4,025 registered voters, may see more than the 40 per cent (1,600) turnout predicted by

Candidates on the ballot since the question of fluoridation of the city's water supply is also on the ballot. Casselberry's municipal elections operate slightly differently than the other cities. Three councilmen are to be elected from a field of four candidates. The top three poll the most votes will be elected to two-year terms.

Candidates include Charles Glascock (incumbent), John LeBlond (incumbent), Sal Orlando and Charles Sizer. The election will be canvassed immediately after the polls close at the fire house, where three voting machines have been placed.

Two council seats will be on the Altamonte Springs ballot at the three polling places at the city center, city hall and the Montgomery Road Fire Station.

City Clerk Mary Hawthorne predicts a 25 per cent turnout of the 3,592 registered voters, (750 to 900), "although I'd like to see at least 1,000 turn out," advises city voters to notice their voters registration card to find their voting place. Those whose voters registration cards show they live in Seminole County precincts 11, 23, 25 and 36 (south of SR 436 and east of I-4) should vote in city precinct 2 — the city hall. Those who live in county precincts 9, 12, 35 and 48 (west of I-4) should vote at the Montgomery Road fire station. A total of four voting machines are being used.

Candidates include: District three — George Perkins (incumbent) and District 4 — Sandra Glenn and Tom Radloff. Terms of office are two years. The election will be canvassed immediately after the polls close. Four absentee ballots were requested and two have been returned.

In Longwood where the most high powered election campaigns in years have been waged, City Clerk Onnie Shomate predicts a 30 per cent turnout (not more than 700) of the 1,254 eligible voters.

Four offices are on the ballot — two council seats, the mayor's post and the city clerk's office for two years. Longwood, the only Seminole city with an elected city clerk, has virtually rejected Mrs. Shomate to her ninth consecutive term when no one qualified against her.

J. Russell Grant, after unsuccessful campaigns for the city council in the past, also has

Sheriff Polk To Investigate Youth's Beating Complaint

By BILL BELLEVILLE
Herald Staff Writer

Seminole County Sheriff John Polk said today he is launching an investigation into a complaint that a deputy beat an 18-year-old Sanford youth after the youth was arrested for disorderly conduct Saturday night.

The boy's father, Melvin Fisher, 2109 W. 18th Street, filed the complaint with Polk this morning, alleging that his son, Mitchell, was beaten and required hospital treatment. Seminole Hospital in Sanford confirmed that Mitchell, "Mike" Fisher was treated and released at the hospital early Sunday morning. Hospital sources refused to disclose the nature of the injuries.

According to Fisher, his son was arrested by a deputy in the area of 13th Street in Sanford after a group of boys yelled at a passing patrol car. All the boys fled, except Mitchell, who said he was not involved in the incident. He was subsequently arrested. According to the youth, the deputy then took the youth to the Sanford airport and administered the beating.

Fisher said his son's eye, jaw, and back were injured in the beating.

The information will be made public, Polk said, if and when the board does meet.

Also, under the new law, a police officer cannot be suspended from office until the board convenes. A man may be reassigned, Polk said, but no action will be taken against him until the board renders its decision.

Polk said that prior to the law, he would resolve the complaint by calling both the officer and the complainant and try to "settle it then." If he believed the complaint to be serious, he would have his department investigate it and then recommend it to the Civil Service Board for review. He could also fire the officer before the board reviewed the case, even if it later meant reinstatement if his decision were reversed.

Before Oct. 1, the individuals filing the complaint did not have to be "under oath" at any time of their testimony, but now they do, according to Polk.

Grocery Bills Increase

From Staff and Wire Reports

Soaring sugar prices, already the target of government probes and consumer boycotts, boosted the price of this morning's grocery bill during November, an Associated Press market-basket survey shows.

Shoppers who avoided buying sugar, however, found sales on meat and eggs helped stretch the budget at the supermarket.

The AP drew up a random list of 15 commonly purchased food and nondurable items, checked the prices on March 1, 1973 at a supermarket in each of 13 cities and has rechecked at the beginning of each succeeding month.

The latest survey showed the bill was up 9 percent during November in every city except Dallas, where sugar was unavailable and therefore did not boost the total as it did elsewhere.

Several Sanford area shoppers indicated in interviews this morning that they have changed their sugar-buying and cooking habits since the sugar price has increased.

Mrs. W. L. Stoudenmire replied, "I don't buy it if I can help it at these outrageous prices. I have asked my boys to cut down, and I am buying sugar substitutes. I am using more honey and molasses and plan to use prepared cake mixes for my Christmas baking."

Mrs. Julia Davis said she has cut down on using sugar and has stopped baking sweets.

Mrs. S. V. McConnell said she does not do any baking and seldom buys sugar as she objects to the price.

Mrs. Sharon Owens explained, "I don't use that much, as five pounds lasts me two months. We just do without and don't have as many sweets as we don't need them anyhow."

Mrs. Sharon Williams revealed, "We used to drink sugar in tea, but I have not bought it for ages, as we just can't afford it. It's too high."

Those who are turning to sugar substitutes for economic or dietetic reasons are finding prices are going up on these products as well.

The average November increase in the 13 cities where the bill went up was 6 percent. It

Chamber Leader Gets Personally Involved

LONGWOOD — Gerald Ream, new president of the Longwood area Chamber of Commerce, has injected his personal enthusiasm into a baker's dozen of chamber programs for the year, ranging from a Children's Christmas Party to transportation for the elderly.

The owner of Silver Crest Furnishings on SR 434, west of SR 427 in the city, Ream is also an author of children's books, including "The Land of Charlie Cornsilk," published in 1973. He resides in DeVenshire.

One of the chamber's newest programs is Transportation for the Elderly (TOTE) a cooperative effort with Florida Technological University (FTU) and the Pan American Bank of Altamonte Springs.

Ream said the chamber and the other two groups are working toward gaining a federal grant, similar to one received in the City of St. Petersburg, to provide minibuses transportation throughout Seminole County for senior citizens.

Pan Am Bank has arranged special discounts for senior citizens at the Interstate Mall.

The chamber sponsored blood bank has been successful enough, Ream said, for Veterans of Foreign Wars Post 8207 and the Longwood Sermons Club to be given their own banks. And the chamber in addition has allocated 15 pints of blood for individuals from its blood bank that will serve not only chamber members, but senior citizens.

Continued assistance with the life-giving fluid is being made to Gary Staste, a Longwood youth afflicted with leukemia and currently receiving treatment in Houston. The chamber has also donated \$345 to a young man's family.

The first in a series of "gas-shut rotations" will be held this weekend at King Youth Ranch. Hart is commander of VFW Post 8207. The second gas-shut will be Dec. 16 at Glenn Richardson's Texaco at U.S. 1742 and SR 434.

In the planning stage are "Cinema Appreciation Seminars" of old movies, arranged through FTU for senior citizens and other information programs on taxes, trusts, accounting and finances will be held in the future.

Calling himself an "incurable do-gooder," Ream said a railroad safety program will be sponsored by the chamber in conjunction with the Seaboard Coastline Railroad; a Children's Christmas Party sponsored by the chamber in conjunction with the city government, city businesses and the Sermons Club will be held at the city park and community building Dec. 14. Councilman-elect J. R. Grant has been enlisted to continue playing the role of Santa Claus at the party. Grant has been the city Christmas Party's Santa Claus for the past 20 years.

Development of mini-parks in the community, renovation of city shuffleboard courts and the location of park benches in the business district are being planned.

The chamber is participating in a police department fund drive to aid Mrs. Geneva Burfield, the mother of a city patrolman, who is undergoing medical treatment in Ocala.

A better business committee is being initiated and expected to be set up in January for business and businessmen protection and to guard against "fly-by-night operators," Ream said. The chamber also plans to establish a permanent headquarters in the city historic district offices include Gene Duffey, first vice president; Bill Barbour, second vice president; Bob Farrell, secretary; Richard Swann, treasurer and Rod Cable, immediate past president, and new chairman of the board of directors.
