# Italian Flyer Sets New Speed Record

ASK FLOOD AD Causing Heavy Loss

HISTORY TO RushesOverHomes

VENICE, Nov. 5 .- (INS)--Major Mario De Bernardi, winner of the Schneider Cup in America two years ago, has established a new seaplane speed record of 313 miles and 820 yards in an hour, beating the old record of 282 miles an hour made by Lieut. Sidney N. Webster, of England, winner of the Schneider cup this year. Bernardi, who made his flight yesterday, averaged 477 kilometres and 876 metres, or 296 miles and 1460 yards an hour, which in itself is a world record, over a two mile lap. But at times the aviators attained a speed of 313 miles and 820 yards. The flight was made over the

make killing champions" of Colorado is the title now claimed by H.E. Italley and John H. Schutty, both of Denver, by virture of their taking the livesofninety-one reptiles in a single afternoon .

Dailey and Schutty drove to a point about 10 miles west of Platteville, Colo., with the intention of cinting rabbits. They spied a prairie dog town and stopped to investigate. Immediately, a giant rattler struck at them. This is the way Palley told of the battle;

"Well, I let the big snake have a barrel of scatter shot right between the eyes. We looked around and the short grass seemed to be alive with than. We just held our guns close to the grass and bam, am; bammed 'em till we ran out

We saw one snake about four lect long coiled ready to strike. I shot him and he jumped about sixteen feet into the air when he hit the ground he was in two pieces and came at us again. We finally killed him and he had eleven rattles The men brought back more than sixty rattles as evidence of their

## FUTURE FOR WOMEN

min will turn their attention to next," said Mrs. L. A. Wilson, president of the Woman's Engineering Society, of England, recently, "We find that the newer developments of industry offers the best scope for their activities, such as electrical work, in which they are doing specially well, and motor engineering. I have been at work since I was 10 years old when I entered a mill at Yorkshire, where I stayed until I was married, I have now taken up building work and am busy on my fourth scheme. It is a scheme of 210 houses at Egham. My husband has the mugonry and plastering contract, and I am the clerk of works. I find it quite easy to deal with the men. I issue orders through the foreman every day, and I um constantly in and out of the houses while they are being built- but I do not supervise roof building."

## DEATH TOLL MOUNTS

SYDNEY, Australia, Nov. 5 (INS)-Forty-six persons dead and injured was believed tobay to be the toll of the Marine disaster here yesterday when the steamer Tahiti rammed and sank the ferryboat Greycliff carrying more than 50 passengers.

U. S. AND FRENCH No Middies STOCK AUTOS TO MATCH EFFORTS

> Hispano And Stutz, Swiftest Cars Of Two Nations, Will Meet On Indiana Speedway Sometime DuringNovember

> INDIANAPOLIS, Nov. 5 (INS One of the most unique races in the history of the automotive world will be staged at the famous Speed way here when the Safety Stutz, which won the stock car speed championship of the United States, will contest with a Bolongne type of Hispana Suiza, said to be the fastest stock car of Europe, for the world championship. The match, race with the world

stock car championship. A prize of \$25,000, will be a 21-hour event and will be held the latter part of November, according to Stutz Motor Company officials. Seagrave To Drive

The Hispana Suiza Company has designated as drivers for the track classics, Major H. O. D. Segraves, famous British driver who hung up Beach, Florida, six months ago, and Charles T. Weymann, of Paris who designed the Weymann moto, body and who has a brillant race. Gil Anderson, veteran Speedway

driver will pilot the Stutz and an effort is being made to induce Frank Lockhart, winner of the t19-26 Speedway race to be alternate

Eccause of the uncertainty of the weather in Indiana during the latter part of November, no defir ite date for the race will be announced for some time.

The challenge of the American car to the speediest overseas motor vehicle was carried by F. E. Moskovies president of the Stutz Comrany who went to Europe to arrange the contest shortly after the Stutz car had won first, second and third places in the recent stock car races at Atlantic City, N. J., and Charlotte, N. C.

# It's fun to shop with Sally!

"Shop" is scarcely the word to say—she's so assured and jaunty about it. You love to go along. Her clothes are quite the thing as she swings expectantly down the street. Her complexion is young, lovely. And so eager, alert, is her gay, clean mind that into this shop she hastens, then out with a bundle. Into that shop, then out with another. "Yes, this is the right cold cream," selecting the simplest of two jars—the white, fluffy insides looking alike, equally fragrant. You'd think her rather casual about her purchases, till home again she unwraps the finest powder money can buy. The cake of soap kindest for Sally's skin. Sheer chiffon hose of wonderful wear. And they prove the finest powder, kindest soap, longest wearing sheer hose.

Every shop trip Sally makes a triumphant adventure. Out of magazines and newspapers she gathers the news that means getting what she wants, in the style and quality she wants it, at a price it is right to expect to pay. She never wishes after she's bought one thing that she'd considered longer and bought another. For Sally is sure. She has faith in her own good judgment and taste. Her choices come from an easy, happy survey of all that is buyable.

Sally reads the advertisments and remembers their news.

If you read the advertisments regularly, you can appraise what you buy with clear, calm judgment of a professional

# New Buick Elicits Much Praise All Over Country

FLINT, Michigan, Nov. 5.—Buick engineers' provision for easy and positive chassis lubrication in the they fell. Following a heavy rain models for 1928 is one of the most widely appreciated features about the new car, declare dealers who storm a native discovered the are visiting the factory here this month. The dealers' praise has been doubly gratifying to factory officials because it reflects comment heard among owners of the new Buicks.

"While the dealers are enthusiastic about the style, comfort and performance of the new cars, all of

which we knew they would like, it is plain that some comparatively minor refinements also are "going over big", soid A. H. Sarvis, assistant general sales manager, who is acting as host to the visiting dealers.

"Not only women owners, but men too, are finding that the adjustable steering wheel, the re-designed seat cushions, and the remarkable accessibility of all controls from the driver's seat provide an entirely new experience in driving. And everyone who has bought the new car, apparently, appreciates its new ease of lubrication.

"The change which makes greasing of Buick for 1928 so easy is ingenious, yet simple. It is merely who discovered them sent a bagful to the authorities at Hyderahad demanded payment for the "pearls" point where they may be lubricated from the side. A little trapdoor on either running board apron gives access to them. Similarly, rear grease connections, which used to necessitate lying under the axle, have been brought out within easy reach. The whole job of greasing may be cone now in a few minutes

without so'ling hands or clothes.' The refinement of Bulck's lubrication system was adopted after experiments with every greazing system known. Buick engineers believe it the most praction of the Thames every William Benteal arrangement that can be worked out, since it in vart is likely to be slighted. They feel that it is one of friends scrambled to his rescue has the many reasons why Buick for 1928 is enjoying he most sensational public reception in all Buick his was him in the face and his arms

tory, a reception to which record-breaking sales fig- ures testify.

in this clever advertising yarn, spokesman would make. adapted by Andrew Bennison from an Anita Loos story, Lowe is cast us an enterprising, breezy soap salesman, with big ideas and but made possible through a \$2,500,000 little cash-on-hand background. It seems very positive that its chief For Mr. Green wanted a back- appropriation by the last session of is one of those things in which all velt declared, if Rosevelt could to characterize is called forth.

"I like this type of role," Lowe answered when asked about the purt. "A chap like Pete King is so real and so life-like he just grows on a person as the story

"You meet so many Pete Kings in real life that his type will appeal to a greater majority than the sophisticated hero type. He will not only appeal to them but they will like and remember him long after the handsome hero has faded from their conscious minds.

"Personally, I'm thoroughly enoying Pete. He reminds me of a fellow I used to know in college, who could borrow money from anyone in town and make them enjoy donating, even though they knew it was gone forever. He had the greatest personality I've ever come in contact with—and while he should have used his imagination as a writer or a salesman. I think he finally settled down to a

most prosaic business career."
Lowe, before entering pictures, was a favorite on Broadway and on the Los Angeles stage. His early training in theatricals was obtained in school plays at Santa Clara University, where he studied to be a lawyer. Most of his earlier successes in pictures were sophisticated characters, but since his phenomenal success as Ser-geant Quirt in "What Price Glory," he has changed his screen character entirely, and very successfully.

Albert Ray directed "Publicity Madness" in which Miss Moran and Mr. Lowe are supported by an excellent cast.

# Get your dollar's worth

GRANDMOTHER reads the latest market prices—"Lands sakes alive!" she exclaims. "why, when I was young we didn't have to pay half so much." Yes, in "the good old days" milk sold at five cents a quart, potatoes at forty cents a bushel, sugar twenty-five pounds for a dollar, and so on. And, in "the good old days" laborer was paid a dollar a day or possibly a dollar and a quarter. But who wants to go back to "the good old days"? Not you-not me.

Prices are higher now, but wages are higher too. You pay more, but the goods you buy are of better material, they are better made, they last longer. Even foodstuffs are better. Inspection and extra care insure their quality.

The dollar can still buy a dollar's worth. Read the advertising in the newspapers and you will find that they will help your dollars go a long way. Advertising tells you where you can get full value for your money. The young housewife of today shops even more intelligently than "grandma," for the advertisements are her guides, they make her a competent judge of values.

Merchandise must be good or it could'nt be advertised. Read the advertisements and get your dollar's worth

FOR CONSTIPATION

Found Black-Draught So

Satisfactory, He Has No

Need to Change.

Wiggins, Miss.-Mr. A. L. Cone, a well known Wiggins resident, says:

Draught for constipation. I have never had to take a great deal of medicine, but for fully 30 years I have by using it, known Black-Draught to be a great medicine, and when I found it so satisfactory, I haven't seen any need to change.

"When I get constipated, I feel all out of sorts and tired and sluggish and I take a few doses of Black-Draught. It regulates my bowels and I get all right. My wife takes more Black-Draught than I do. She

is a great believer in it too, so we keep it in the house. It will cleanse

the system and help you, if you use

Constipation leads to a great deal of sickness among those who do not understand its dangers, and who neglect to treat it without delay.

Black-Draught, with the natural, prompt action of its purely vegetable ingredients, quickly relieves constipation and helps to drive out the poisons so as to leave the organs in a state of healthy activity.
