Coal Miners At Work In Many of the Mines Some Awaiting Order

Situation Is Clearing In All Sections COAL IS NOW MOVING

AND THOUGHT ALL MATTERS WILL BE SETTLED AT MEETING TOMORROW

Chicago, Nov. 13. (By Associated Press) The bituminous coal miners throughout the country generally show disposition to await the formal notification by their immediate union officials of the message recalling the strike before returning to work so the needs received here would indicate. Work is being resumed in many of the mines however, and the situation is being cleared in every district where the soft coal miners were out.

Release of coal to meet emergency needs was begun today by the railroad administration's central committee as a result of the agreement of the miners and operators to meet Secretary Wilson for a conference on their differences.

Director General Hines has instructed regional coal committees to increase the amount of coal released as rapidly as it is correspondingly restored.

A shortage of coal in the southwest, Mr. Hines said, is reported, but with coal now moving in that direction the emergency will soon be met. Orders have gone out from the railroad administration to all managers to turn thousands of empty coal cars again toward the mines.

BULL FIGHTING IN OLD MEXICO WILL COME BACK

PRESIDENT CARRANZA CAN THROW IT BUT DOES NOT LIKE LIGHTING

Mexico, City, Nov. 12. (By Associated Press) An energetic effort is being made to restore bull-fighting, which has been in eclipse since President Carranza in 1915 prohibited such spectacles in the federal district and officials elsewhere frowned upon the sport. A petition asking the presidential decree be revoked, signed by more than one thousand citizens of the city of Orizaba, is now in the hands of the Chamber of Deputies and action upon it by the lower house is expected shortly. A similar petition last year failed in its purpose by a single vote. Many persons believe that, with stronger pressure brought to bear this year, a favorable decision will be reached.

Indicative of a desire to see how far they may go without official interference, is the staging of several exhibitions in Mexico City and its suburbs within the past few weeks while President Carranza was away on vacation. Advertisements as mere exhibitions in which well-known stars would "play with the bull," they developed into the real thing and once again the "pelados" had cheap meat on Monday, the poor class of natives always by custom being given the carcass of the bull after he is slain.

FRENCH BARK RUN DOWN—12 LIVES ARE LOST

ENGLISH CHANNEL SCENE OF ACCIDENT BETWEEN BARK AND STEAMER

Dover, Nov. 13. (By Associated Press) Twelve lives were lost when the French bark Colbert was run down in the English channel off Portland by the British Steamer Deserice. Two of the survivors were landed here.

BALTIC STATES GETTING TOGETHER AT KOENIGSBURG

COMMANDANTS OF INDEPENDENT TROOPS MEET IN TERRALLIED COMMISSION

London, Nov. 13. (By Associated Press) The Interallied Commission to the Baltic states at their first sitting at Koenigsburg. It is learned here invited Colonel Avaloff Bermonds, chief of staff, and the commanders of the independent detachments to attend the discussions at Tilsit. The commission has promised the officers a safe conduct to and from the meetings.

Mrs. R. E. Tolar was the Tuesday guest of relatives in Geneva.

NEGOTIATIONS BETWEEN BOLSHI'S— ESTHONIANS

LITHUANIANS WILL NOT PARTICIPATE IN THE AFFAIR

Helsingfors, Nov. 13. (By Associated Press) The peace negotiations between the Estonians and the Bolshaviki will begin Saturday. The Lithuanians will not participate in the negotiations.

STOCK MARKET STRONG TODAY NO DANGER

THAT LIQUIDATION WILL BE FORCED AT PRESENT MONEY RATES

New York, Nov. 13. (By Associated Press) Stocks were strong at the opening of today's stock market indicating that liquidation had run its course for the time at least. It is generally recognized however, that the market's future is wholly dependent upon the money rates.

RUMANIA IS WARNED BY COUNCIL

RECENT NOTE UNSATISFACTORY AND GERMANY ALSO WARNED AT THE SAME TIME

Paris, Nov. 13. (By Associated Press) The Supreme Council today discussed the note to be sent to Rumania in response to Rumania's recent note. The forecast of the allied reply says it will be firm the Rumanian note to be regarded as evasive and unsatisfactory. Another subject to be considered was the elections recently held in Silesia. A note to Germany warning the Berlin government that the sale of German aviation material is a violation of the armistice and will not be tolerated.

Must Check Cancer

London, Nov. 17.—"If the present death-rate from cancer is allowed to go unchecked no fewer than 25,000,000 people out of the present population of the world must die of this scourge," says Dr. Robert Bell, vice-president of the International Cancer Research Society. He makes a plea for the treatment of cancer without operation.

This is the time for the sales and the merchants who want to bring the trade to this city should use the columns of the Herald and help the trade at home movement.

LENINE IS AFTER INDIA COMMUNISTS

MAKES BLUFF AT GETTING INTO TURKESTAN TERRITORY

London, Nov. 13. (By Associated Press) Nicolai Lenine the Russian Premier has sent a letter to the Turkestan Communists in which he says the restoration of communication between Soviet Russia and Turkestan "opens the way for a struggle against universal imperialism" headed by Great Britain. The message is interpreted here as a hint at operations in the direction of British India and may be regarded as a bluff of the Bolsheviki to stop any British intervention in Russia.

OLD H. C. L. IS WORLD PROBLEM --IS REPORT

COMING INTO STATE DEPARTMENT FROM ALL COUNTRIES OF THE WORLD

Washington, Nov. 12.—That the whole world is struggling with the increased cost of living, is indicated in reports to the State Department. The creases in Europe are particularly high although in Latin-America the governments are anxious over the situation and are trying to find means of combatting the difficulties presented by the high prices of commodities deemed essential.

In Portugal the government, in an attempt to lower the cost of living, has placed, through the Minister of Finance, a part of its gold reserves in the banks of Lisbon.

In England, the cost of living above pre-war level is figured at 115 percent for September and 120 percent for October, as to actual necessities of life and based upon average living conditions of wage earners. A more distinct rise has occurred in the cost of commodities so far as the other elements of population in England are concerned, being unofficially estimated by some at approximately 135 percent with a steady upward trend.

In Sweden, figures furnished by the Swedish government indicate that the cost of living has increased 157 percent over the cost in June 1914. In the cities the increase has been very much greater than the average for the country.

The Argentine government has suggested to other South American countries and discussed with them an international arrangement with a view to doing away with import duties on unmanufactured food products as one means of cutting down the high cost of living. Information which has reached the State Department regarding this plan is to the effect that a suggestion has been made that a conference be called by the Argentine Minister for Foreign Affairs to discuss this question of exchange of real necessities of life free of customs charges.

In Brazil the tariff is being revised with a view to reducing the cost of living in that country. In Uruguay the percentage of increase of present cost of living over the cost in June, 1914, is estimated by the Uruguayan government at: food 52 percent, fuel 48 percent, light 75 percent, rent no increase.

Jap Boat For America

Tokio, Nov. 12.—The mercantile steamer, Eastern Merchant, built for the United States Emergency Fleet Corporation, was successfully launched yesterday at Tsurumi, near Tokio. This is the third vessel launched in Japan for the American corporation. She is of 13,000 tons deadweight.

Murderers of American Legion Boys Identified as Being I. W. W. Workers

AUSTRALIAN AVIATORS ARE KILLED

KILLED BY FALL OF AEROPLANE WHILE STARTING TO AUSTRALIA

London, Nov. 13. (By Associated Press) Lieutenants Douglass and Ross the Australian entrants in the England to Australia government fifty thousand dollar prize were killed today shortly after they had started their flight from Fremantle. The aeroplane in which they had started their flight fell to the ground killing both aviators. The flight had been arranged by the Australian government and had many entrants who were eager to not only get the glory for this long distance flight but also for the prize of fifty thousand dollars.

PRINCE OF WALES VISITS PRESIDENT IN WASHINGTON

WILL GO TO MOUNT VERNON TODAY TO VISIT WASHINGTON TOMB

Washington, Nov. 13. (By Associated Press) The Prince of Wales will visit President Wilson today and from the White House will go to Mount Vernon. He decorated eighty American officers and enlisted men this morning.

Hon. Forest Lake At Okcechohee

Hon. Forest Lake was at Okcechohee on Armistice Day and delivered the principal address at a meeting of the people of that county arranged under the auspices of the American Legion. There were several thousand gathered on the shores of Lake Okcechohee and with music and speeches and many other amusements the day was celebrated in regular style. Mr. Lake reports that he had the time of his young life and was royally entertained by the good people of that section.

Murder At Orange City

Daytona, Fla., Nov. 13.—Posses are searching tonight for an unknown negro, believed to have murdered Mrs. Susan B. Clarke, of Orange City, and probably fatally injured Mrs. Mura Marshall, near there. Both aged victims were beaten on the head and robbed. Mrs. Marshall was forced to tell where she had hidden fifty dollars.

Head of Legion

Minneapolis, Nov. 13.—Frank L. D'Olier of Philadelphia was tonight elected first national commander of the American Legion. The first annual convention of the legion came to a close at 9:30 o'clock. It was decided to open the 1920 convention at Cleveland, O., Sept. 27 of next year. The convention will probably cover a period of three days.

Declarations placing the American Legion on record against anti-American propaganda and activities were adopted this morning.

Endorse Ship Canal

Charleston, Nov. 13.—The Atlantic Deepwaterways Association, in annual convention here, today endorsed the project of the South Florida Canal Association for a ship canal across the southern peninsula of Florida from some point on the east coast, probably the Sr. Lucie inlet, to the gulf, by way of Lake Okcechohee and the Caloosahatchee river to Fort Myers. The request for the endorsement was made by a delegation of Floridians who were delegated by the Florida organization.

KING ALBERT AND QUEEN ELIZABETH REACH BELGIUM

HAVE BEEN ON VISIT TO UNITED STATES FOR PAST MONTH

Brussels, Nov. 13. (By Associated Press) King Albert and Queen Elizabeth and party arrived here today. They have been on a visit to many points in the United States and enjoyed their visit greatly. King Albert visiting many points that he had been on a previous visit about twenty years ago. The royal party received every attention and courtesy while here and return to their native land with a feeling of greater love and esteem for American and the American people.

SENATOR MARTIN DEMO. LEADER DIED YESTERDAY

HAD BEEN ILL AT VIRGINIA HOME FOR SEVERAL WEEKS

Charlottesville, Va., Senator Martin died at his home here after a lingering illness of several weeks. Thomas Staples Martin, United States Senator from Virginia, until his election in 1894 had been a railroad attorney from a small town, who had never before sought a public office. When it was found that the State legislature had chosen him in preference to one of Virginia's most popular citizens, the late Major General Lee, there was a storm of protest among the Democrats of the "Old Dominion."

Martin braved the opposition, however and on March 4, 1895 took his seat. His ability was soon discovered and from the date of his advent into national politics he served continuously in the Senate, rising to the floor leadership of his party and chairmanship of the important Appropriations Committee. He served in that capacity during the war Congress, where he was regarded as one of the leading figures in the Senate.

Senator Martin's father, John Samuel Martin, and his mother, Martha Ann Staples, were descendants of the early settlers of the Colony of Virginia. His father was a merchant and manufacturer of the Colony of Virginia, factor of Scottsville, Albemarle County, Va., where on July 9, 1847, young Martin was born. When he was six years old his parents removed to the country and thereafter he made his home in Albemarle county.

After a primary education in the Scottsville school, N. Martin entered the Virginia Military Institute in March, 1864, when the cadet battalion of the Institute was mustered into the Confederate Army for the battle of New Market. Cadet Martin was ill in a hospital and missed the encounter, but upon his recovery he rejoined his battalion and served until the end of the war.

In October, 1863, he entered the academic school of the University of Virginia, but after two years he was forced to leave college by the death of his father and assume the responsibilities of a large family. He entered the mercantile business at Scottsville and began the study of law, reading at home. In 1864 he was admitted to the bar.

His interest in politics was aroused by his association with John S. Barbour, chairman of the State general committee of the Democratic Party, who made him a member of the committee. At that time the Democratic Party was threatened with disruption over the question of the State debt to the Federal government, and a "Readjuster Faction," headed by General Mahone and including negroes, sprang up. Senator Martin came into the political line, light of the state by meeting the challenge of the new organization, and under his leadership it was overthrown and the Democratic Party predominated.

In 1893 he was persuaded by his associates to enter the senatorial race

Twenty-Six Others Are Implicated INFORMATION FILED

ATTACK ON SOLDIERS HAD BEEN PLANNED WEEKS BEFORE ARMISTICE DAY

Centralla, Wash., Nov. 11. (By Associated Press) The man lynched Tuesday night after four members of the American Legion were shot during the Armistice Day celebration was identified today as Ernst Everetts said to be the organizer of the Industrial Workers of the world. Criminal information against twenty six of the alleged members of the Industrial Workers of the world has been prepared for filing with the County Clerk today by the County Attorney. All information it is understood would allege either participation in or criminal knowledge of killing four members of the American Legion.

One of the nineteen men arrested in the sweeping search for I. W. W.s immediately after the attack, confessed that plans were made months ago to get Warren Glimm and Arthur McEllerich, two of those killed, and Wm. Schales and Capt. David Livingston. The four had been active in suppressing radical activities in this community.

Without warning bursts of rifle fire swept the ranks of the marching overseas veterans as they paraded past I. W. W. headquarters. From that building across the streets bullets came. Persons in the crowds that lined the streets to honor the returned soldiers also drew weapons and began firing.

Glimm, leading a company of men dropped, mortally wounded. McEllerich, marching in the ranks, was killed instantly. Ben Casagrande died later from his wounds. John Earl Watt, George Stevens, Jacob Pfitzler and E. Kubanks also fell wounded, the first named probably fatally. Stevens was shot when he attempted to disarm an I. W. W. member standing on the street.

The fourth death of a parader was added when Dale Hubbard, recently returned from overseas, gathered a small band and started after the I. W. W. secretary, Hubbard and the fugitive grappled after a chase in which Smith fired frequently at his pursuers. As they clinched Hubbard received four wounds in the body. The police then overpowered Smith and he was taken to jail, later to be removed and hanged after citizens learned that four of the former soldiers had died.

BOLSHEVIKI CAPTURE FOUR REGIMENTS OF KOLCHAK TROOPS

ALL OFFICERS WHO REFUSED TO SURRENDER SHOT BY THEIR OWN SOLDIERS

London, Nov. 13. (By Associated Press) The Bolsheviki have captured four entire regiments of Kolchack troops and two divisions staffs between November 3 and 10th according to Bolsheviki wireless message. The message also states that all of the officers who refused to surrender were shot by their own soldiers.

and, after a bitter fight, was elected by the Assembly over General Lee. For reelection in 1901 Senator Martin defeated Governor T. Goge Tyler, another strong opponent. In 1904 the Democratic organization adopted the "primary plan" for election of governor and senators. This developed an eloquent and popular opponent in Governor A. J. Montague and even Senator Martin's friends were doubtful of the outcome as his ability as a debater and public speaker were unknown. Senator Martin "stumped" the state and achieved his third victory. On October 10, 1894, he married Lucy Chambliss Day, daughter of Colonel C. Fenton Day, of Smithfield, Va. Two children were born to them.

OVIEDO

Walker Dickson of Sanford is opening a garage in Oviedo. He has secured the building at the juncture of the Geneva, Chuluota, Oviedo roads. This is a splendid location for a garage and it is hoped Mr. Dickson will meet with great success.

Mr. and Mrs. R. H. White are the proud parents of a fine boy born Oct 31, Dr. Simmons in attendance.

Charles L. West Jr. entertained his little friends Saturday afternoon at a party in honor of his fourth birthday.

Mrs. T. G. Simmons and Miss Mary Brannon were shopping in Orlando Tuesday.

Mrs. Annie Averitt of Chuluota spent Wednesday afternoon in Oviedo.

Mr. and Mrs. L. E. Wright and Mrs. R. W. Lawton spent Wednesday in Orlando.

Rev. C. E. Guttridge of Haines City is visiting in Oviedo this week.

Mrs. C. L. West entertained the croquet club at her home at Lake Charm Thursday afternoon. A salad course with grapefruit juice was served, and a most delightful afternoon spent.

Owing to the ill health of her mother, Miss May Connolly has been compelled to resign her position in the school at Oviedo and leaves Saturday for her home in Valdosta Ga. It is with deepest regret of the patrons of the school and the many friends of Miss Connolly that she leaves Oviedo. Having taught here last year Miss Connolly has greatly

endeared herself to the people of Oviedo by her gentle manner and her sunny disposition. Miss Connolly's successor has not been named by the school board as yet.

The High School had charge of the regular Friday afternoon program at the school this week. The following program was greatly enjoyed by the visitors and the lower grades.

Boat song by High School.
Recitation: That Car, Virginia Wright.

Reading: The Tale of Private Scott, Solo: Dream Faces, Mabel Swope.
Composition: The Huns, Elizabeth Lawton.

Talk: Moving pictures are beneficial to general public and school work.

Gayle Marshall
Piano solo: Narcissus, Ruth Young.
Talk: The use of the study of Latin.

Walter Carter.
Piano solo: Moonbeams On The Lake, Catherine Young.

Reading: How a married man sees on buttons, Eunice Clark.
Solo: I Wish I Had A Girl, Frances Swope.

Mrs. R. H. Wight has as her guest her mother, Mrs. Mc Millan and her brother Mr. Roy McMillan of S. C.

On Thursday evening Nov. 6, Rev. and Mrs. L. E. Wright celebrated their 25th wedding anniversary at the Methodist Parsonage. The color scheme carried out in these decorations was green and white. The dining room was artistically decorated with bamboo and palms, while the parlor was decorated with feathery purple wild flowers. Just opposite the door was a large arch with a bridal bell in the center under which the bridal party stood. About one hundred guests were assembled and at nine o'clock the strains of the wedding march, beautifully rendered by Mrs. T. W. Lawton announced the entrance of the bridal party. Leading the party was Rev. C. E. Guttridge followed by Virginia Wright, maid of honor with Revidy R. Wright best man, little misses Elizabeth and Amelia Wright flower girls, little Miss Willda Young ring bearer and the "bride and groom" Rev. and Mrs. Wright. The bridal party faced the audience and Rev. C. E. Guttridge made a most appropriate talk, speaking of the occasion as being one worthy of celebration and congratulations.

After Mr. Guttridge's talk the guests congratulated the happy couple all of Mr. Wright's six children were present except the eldest L. E. Wright Jr. who is in Washington and could not get away from his business at this time. One of the unique features of the occasion was the fact that Mr. Wright wore the silk vest he had worn at his wedding twenty-five years ago. There were many elegant and useful presents given Mr. and Mrs. Wright by their host of friends.

Miss Ruth Young played a beautiful piano solo, Mrs. Chas. Lee and Rev. C. E. Guttridge sang Larkboard Watch as a duet, "Silver Threads Among The Gold" was sung by a chorus and as a closing number Auld Lang Syne. Cream and cake were served as refreshments, the Boy Scouts and Camp Fire Girls serving, while Miss Mary Brannon presided over the punch bowl.

On Thursday afternoon Mrs. Frank Wheeler was given a surprise party by her family and at Orlando Friday afternoon.

The Woman's Club had a most interesting meeting Friday afternoon the subject being Sufferage.

WILL MEET IN ORLANDO

Synod of Florida In The Presbyterian Church of Florida

Presbyterianism is growing in the state of Florida. The Synod of Florida consists of three Presbyteries—Florida, Seawannee and St. Johns. Its territory

covers the entire state with about 150 churches, 75 ministers and 10,400 communicants. Each Presbytery meets twice a year but the Synod but once a year, and reviews the work of the whole state and checks up the work of the Presbyteries and helps to unify it.

The local church has made good growth and is one of the strongest churches with its gifts for benevolence, ranking among the highest in the state. Dr. McConnell began his fifth year here last Sunday. There have been 223 additions to our church during these four years, and the present year the most promising of all. During that period \$12,000 of debt has been lifted and the church faces the future with a great deal of encouragement.

The Synod convenes on Tuesday night at 8:30, with a sermon by the retiring moderator, Rev. W. S. Patterson, of Madison. This will be followed by the election of a moderator and temporary officers. Dr. W. B. Y. Willie, of Dunedin, is the permanent clerk.

The sessions of the Synod will continue throughout Wednesday and Thursday with popular meetings at night. Dr. J. C. Tunis, of Tampa, Jos. A. Venable, D. D., of Jacksonville, and Dr. Armstrong, of Atlanta, and Rev. J. O. Reaves, of Columbia, S. C., will be among the speakers.

One of the most important matters before the Synod will be the election of a representative to meet with the new Assembly committee on union with other Presbyterian bodies. The sessions of the Synod will be open to the public and a very cordial invitation is extended to all.

Norma Talmadge, An American Girl Again

Having appeared in her last two productions in character roles—in "The Forbidden City" as a Chinese girl and in "The Heart of Wetona" as an Indian maiden, Norma Talmadge comes back to the screen in her latest Select Picture "The Probation Wife," as an American girl.

In this picture, which Select Pictures offers on Friday at the Star Theatre, Norma Talmadge is seen as Jo, a child

of the underworld, while her supporting cast includes Thomas Meighan, leading man, Florence Hillings, Alec B. Francis, Walter McEwan and Amelia Summer-ville, in addition to several others who are also well known on the screen. "The Probation Wife" is the story of a girl inmate of a dive. The cafe raided and she is sentenced to three years in the reformatory. After two years she escapes and meets her benefactor of two years ago. They are married but pretty jealous and a number of important incidents serve to draw them apart. The day finally arrives when Jo and her husband are once more reunited. The picture is a human one—alive and throbbing—and holds your interest to the end.

STRIKES IN VIENNA

Have Tied Up Country Until Business Is Dead

Vienna, Nov. 10.—Strike succeeds strike throughout Austria and particularly in Vienna. Wage and salary earners of every kind are affected. In nearly every instance concessions follow.

The crown lately has had an actual purchasing value of about two cents American and continues at this writing to depreciate while the government's printing presses try to keep up the supply to pay government salaries.

Food is scarce and usually of poor quality particularly the bread, coarse, heavy and almost black. Prices go up as the crown falls. A suit of clothes that last week was priced at 2,400 crowns is this week 3,000 crowns.

But Vienna is quiet, although still congested and with a large idle population drawing out-of-work stipends from the government. This element is gradually being reduced, however, the figures showing about 112,000 this week against 160,000 a few weeks ago.

FARMERS HAVE EXPENSE ALSO

The American Co-operative Journal is holding meetings to discuss agricultural matters. The subject billed for the first meeting is "Collective Bargaining for Farmers." And the news has drawn loud and angry outcry from the protagonists of the class called "consumers." They complain that they will be crushed between organized labor on the one side, and a farmers' trust on the other. The farmer, they lament, will be the most dangerous kind of profiteer.

Well, keep your shirt on. Let us look into this thing. A Michigan farmer lately shipped to the city two bushels of early apples, which were sold for \$1.10 per bushel—total \$2.20 for the load. His expenses were: baskets, 40 cents; labor and spraying, 20 cents; freight and crating, 56 cents; commission, 22 cents. His profit was 82 cents. The retail price we can, of course, only guess, as he was through when he reached the commission agent. But it is well that the city where he sold his apples was near-by, so that the freight and crating could be kept down to 56 cents. His original investment is . . . of course, . . . We can hardly blame the farmers for wanting to profiteer.

J. S. Dinkel was transacting business in Sanford on Monday.

The Civic League held its regular meeting on Tuesday afternoon.

November the eleventh being a legal holiday our Post Mistress, Miss Lovell, who is on vacation, knew she went but we hope she had a good time and we certainly missed her smiling face at the P. O. window.

The "Midway" garage will soon open its doors to the public.

GENEVA

Mr. and Mrs. Ernest Tolar of Sanford are spending a couple of days with Mrs. Tolar's sister Mrs. H. H. Pattishall.

Mr. and Mrs. Porter Wakefield and Mrs. Aubrey Moran spent Wednesday in Sanford.

Fred Ballard had the misfortune to severely cut his wrist on a broken glass bottle last Monday, but had the presence of mind to tightly cord his arm until he could reach Dr. Marshall at Sanford.

Mr. and Mrs. Geo. Geiger have the sympathy of the entire community in the loss of their fourteen months old daughter, who died Monday after a two weeks illness.

The friends of Mrs. C. F. Harrison will be sorry to learn of the illness of her mother Mrs. S. Williams.

Mr. C. F. Olmstead of Ft. Pierce is spending much time in Geneva in the interest of the orange business.

Miss Edna Geiger was suddenly called from Orlando on account of the illness and death of her baby sister.

The parents and Teachers association met last Friday, with a good number in attendance. After a short program rendered by the pupils of Miss Flynts room, the president, Mrs. W. A. Whitcomb called the meeting to order and after the reports of the various committees were read and all business attended to, refreshments were served and the meeting adjourned.

Mrs. L. P. Chamberliss is recovering from her recent illness.

Mrs. J. L. Brown and baby of Talby are visiting Mrs. Brown's parents Mr. and Mrs. R. Q. Gresham

Orrie Matthews made a business visit to DeLand last week.

Bert Pattishall and Meade Baker both students of Stetson; spent the week end with home folks.

Armistice Day was celebrated in a fitting manner by our people, at the school house grounds; They began to gather at five p. m., soon after the community sing began with Mrs. Phillips of Sanford as leader, after which a pork barbecue and all the good things that go with it was served on long tables in picnic style, immediately after supper each soldier present gave a short talk about where and what he was doing on November 11, 1918. M. E. Dooley then announced that the real program of the evening would begin with a song, "The Happiness Brigade," by five of our brightest little girls, accompanied by Miss Elizabeth Stones on the piano, next was a speech by Mrs. W. A. Whitcomb in which she explained the work of the recently organized Parents and Teachers Association and of the work they hoped to do in the near future. Following this was a song by little Miss Ruth Libby which deserves special mention. Mrs. Endor Curlett then spoke on the

work of the Red Cross. The work which has lain next her heart for so many months past.

Mrs. M. E. Dooley, who is Geneva Eloutronist, then gave us "In Flanders Fields" which was much applauded. Following this was a recitation by Little Miss Mirium Whitcomb, delivered in her usual charming manner, and then came the real treat of the evening, what all had looked forward to for days, the speech by Dr. Hyman of Sanford

The audience listened spell-bound to the interesting experiences related by Dr. Hyman of his work of love as chaplain in the late war. At the close of his address Dr. Hyman admonished us to so love that at the end "Well Done" would be spoken to all by our Lord.

Mrs. Phillips of Sanford added interest and charm to this address by her singing dressed in the costume of a Red Cross nurse.

Last but not least was the folding up of our service flag, which was done by Rev. L. A. Wright in an impressive manner.

Rev. Wright spoke of the young men represented by the seventeen stars on the flag and the one of silver who had paid the supreme sacrifice, as he placed the folded flag in a box, locked it, and handed it to Mrs. Endor Curlett, chairman of the A. R. C.

Honorable mention was also made of Harry Phillips, Perry Taylor and Cyril Raulerson, who were at one time Geneva boys, but were enlisted from elsewhere, and who too, have lost their lives in the service of their country.

This ended the program for the evening after all singing, "The Star Spangled Banner" the meeting was at an end.

Those attending from Sanford were Dr. and Mrs. Hyman and children, Mr. and Mrs. Phillips, Mr. and Mrs. David Spear, Mr. and Mrs. W. L. Seig, Mr. and Mrs. Jenkins, Mrs. and Miss Stewart, Mr. and Mrs. Ernest Tolar and daughter.

Geneva feels indebted to Mrs. W. A. Whitcomb for securing Dr. Hyman as a speaker, for we realize that he must be much sought for, and feel grateful to Dr. Hyman and Mrs. Phillips for their services.

WEST GENEVA AVENUE

The weather is still warm but the nights are very cool but I guess when the cold wave does come we will wish for warmer days to come again.

Mr. Nicola is still on the sick list. Can't see no better days yet.

Mrs. Will Robinson was a pleasant caller at Mrs. Jack Vaughn's Sunday afternoon.

There was a number of people in Sanford Tuesday to the big celebration but was not able to find the place. The next time we start to a Sanfords celebration we will try to get on the right road.

We learn Orlando had the big day. That's the place to go to have a good time.

There seems to be a lot of sickness round now with bad colds. We hope it isn't the flu coming.

Mrs. Knight left last week for Jacksonville where she will spend several weeks with friends and relatives

We learn the price of oranges has dropped on account of so many being shipped green. From the way they are dropping from the trees I don't think there will be many left for the market soon

There is such a change in this world now a days. People ought not to be surprised at nothing. We have got to take it as it comes, let it be good or bad

Well, Christmas will soon be here. What are we going to have on that day? A plenty of sugar to cook something good or not?

We hear there will be sugar in Sanford by Saturday, but the price will be sky high

What people ought to do is raise cane and make their own sugar in the south and then they won't have to depend in other places for the sugar and syrup. There is nothing like having such at home

Fifty years ago there was nothing thought of, every body made their own sugar and syrup at home and never thought of such a thing as buying it and could be done again

EAST SANFORD

Some of the East Side folks celebrated Armistice Day. Mr and Mrs C E Chorpene and their young people together with Mr and Mrs W R Prevatt and son Niel, Mrs Graham Hunter and Robert Grier drove over to Sweetwater branch and had a successful days fishing enjoying a fish fry dinner and brought home fish for supper. Mr and Mrs Joe Cameron and party were among those going to the ball game

Mr and Mrs L. M. Lucas and little daughter joined a party and

Criticism and Citizenship
It is the plain, public duty of every citizen to criticize proposed government measures believed to be harmful.
Swift & Company is in a better position perhaps, than others, to understand the meat packing business in all its relations to public and private interests, even though the others may have been giving the subject a great deal of sincere attention.
Swift & Company is convinced that interference with its legitimate business function by governmental agencies, however well intentioned, would be an injury to every man, woman and child who wants meat to eat, as well as to the men who raise the meat and to those who dress and distribute it.
Maximum service that cannot monopolize because of keen competition and lack of control over sources of supply is furnished at a minimum of profit—a fraction of a cent per pound from all sources.
Therefore Swift & Company is taking every legitimate step of citizenship to prevent such interference.
These advertisements are intended to help you, and to help Congress decide what is best to be done. Mistakes are costly and apt to be harmful in these trying times.

Dr and Mrs Hazeldine have an attractive bungalow built and near their residence on the lake along a row of bath houses and a pavilion so people can get an occasional dip and dance without going to the ocean, their place has been very popular this season.

This should come in soon our summing up of East Sanford improvements last week was accidentally over looked when sent to post.

The ladies Mrs. H. G. Deiterich (chairman of East Sanford auxiliary), Mrs. W. W. Dresser, Mrs. E. M. Galloway and Miss Mayme Steel who solicited for the Red Cross in the 3rd Roll call were much pleased with the ready response of almost every family in East Sanford.

GRAPEVILLE AND UPSALA

Real Florida weather and fine gardening.

Glad to see the schools closed and that the paper will also observe Armistice Day as a holiday; the young folks in our neighborhood greeted it right royally.

Elmer Tyner is expecting to take a day off and visit in Tampa soon. Quite a few from this place attended the Baptist services in town, at night to hear Brother Hyman

A number of the folks went fishing among who were Barney Beck and family and Mr. and Mrs. Westerdick and their sister Mrs. Benton. They enjoyed the holiday at Enterprise in company with others. Some of the young people spent a part of the day in Sanford.

Mr. and Mrs. Will Evans a two little ones of Tampa accompanied by their sister, Mrs. Hester and mother of Lake Mary, were welcome callers in our section Monday afternoon.

Mr. and Mrs. Evans were our neighbors a few years back and we were pleased to learn that they are well and prospering.

Mrs. George Benton of Rochester New York is visiting at the home of her brother, A. F. Westerdick having arrived last Sunday. She made the trip by water to Jacksonville and this is her first visit to the sunny southland she recently spent a winter in South America and another in England in search of health.

Rev. Edwards came over from Lake Mary, Sunday, Mr. Durant whose guest he was while there, kindly bringing him over. He gave us a splendid sermon on "The Shinning Face," spending the night at the home of Mr. and Mrs. Ballinger. He continued his trip on to Montgomery and then to St. Louis attending the conference.

Sunday School at 2:00 now, with Rev. Ericson as leader. Rev. De. Brower of Sanford has promised to come out and speak to us at 3:00 and we know that we always benefited by his kindly talks.

Mrs. Ballinger spent a few days in town with her old friend Mrs. Collier.

MIAMI STRIKE IS CALLED OFF BY TRADES COUNCIL

MAYOR PREPARED FOR TROUBLE AND THIS IS AVERTED BY LATE ORDER

The following from the Miami Sunday Herald will be interesting to the people of this section:

Deciding at the last moment to put the interests of Miami first, and the principles and policy of organized labor second, temporarily, at least, an order was issued yesterday declaring the general strike which was to have become operative tomorrow morning at 8 o'clock.

After a week of meeting by the various unions for the purpose of considering in detail the proposition to strike, and numerous conferences, shortly after 1 o'clock yesterday P. Mackey, president of the Miami Building Trades Council, issued the following statement:

"To the general public: At a joint meeting of the executive boards of the Building Trades Council and the Central Labor Union, held Saturday morning, November 6, it was decided that all men return to fair jobs Monday morning, and to hold the general strike in abeyance. This was done as it was thought to be for the best interests of the city of Miami.

C. D. Mackey, "President Building Trades Council" Partly of the same

It is understood from the statement that for the present organized labor in Miami will not seek to interfere with building operations here on which non-union men are now employed or may be employed, but no union men will work on such operations. It was stated that while non-union men may be brought to Miami for the purpose of establishing the open shop system the labor organizations here are confident that the majority of such importations will be absorbed, sooner or later, by the various unions. The prediction is based on the numbers taken into the union from those that have recently brought to Miami.

As the case now stands, it would seem that Miami is an open shop town to the extent that anyone may have a building erected by non-union labor, but by non-union labor only, as the union men will not be permitted to be engaged on the same job with them.

Union men express the opinion non-union workmen can not be obtained to construct and equip modern buildings. This is especially true of the plumbing part of the job, as it is practically impossible it is stated, to secure other than union plumbers.

Members of the Harvey Seeds Post, American Legion, 250 strong, went to the City Hall yesterday and offered their services, in the event of there being any disturbances as a result of the pending strike. They were headed by A. J. Cleary. Mayor Smith swore them in as special policemen and authorized them to carry arms. He made a brief address to the men, part of which follows:

"You men who shed your blood in France and sweated in the camps of this country stood for law and order—and that is what our legion stands for today. I am swearing you men in as special police of Miami for the purpose of preserving law and order. I do not want you to start any trouble, but if it is started I want you to see it finished in true American Legion manner. I have heard rumors floating around the streets, and I can not afford to disregard rumors at a time like this. The women and children and the disinterested people of this city are more important than any dispute between union labor and non-union labor. I am a disinterested party, but I am sworn to uphold the law, and in swearing in you men for the same purpose I know that each of you will do his full duty.

"Sufficient equipment will be furnished you in the way of small arms and machine guns, but I want to warn you that under no circumstances must you begin trouble. When it starts you know how to finish it.

"I am not going to ask you to go some place I won't go, because if trouble begins I am going with you. I do not anticipate any serious trouble, because the vast majority of our citizens are law-abiding, but there are always a few on both sides of a proposition who have nothing at stake but their own worthless lives. I am now appealing to you through the people of Miami not to congregate on the streets in crowds and not to listen to irresponsible agitators on either side, but to uphold the fair name of the city."

For Quoting Cotton Prices Washington, Nov. 12.—Arrangements are being completed by the department of agriculture by which cot-

ton planters and others interested in the price of cotton soon will be able to obtain actual cotton prices of the different grades of cotton in the various primary markets and especially of the ten lower grades of cotton not deliverable on future contract. The price will be issued from Memphis, Atlanta, New Orleans, Dallas and Charlotte for the districts suggested by those cities and will be telephoned or telegraphed at the expense of the receiver or mailed free to any one asking them. The quotas also will include actual prices at which cotton seed is bought and sold in each district.

The cotton price quoting service will begin first at Memphis and Atlanta and later at New Orleans. The service in the other two cities will be organized afterwards. B. R. Oastler at present is in Memphis organizing the service for West Tennessee, North Mississippi, Arkansas and Missouri. R. B. Sutton is in Atlanta organizing that district which includes Georgia, Alabama, excepting Mobile, Florida,

and East Tennessee. Organization of the New Orleans district will be in the hands of the board examiners there.

Western Union Officials Here
Coming in on their private car yesterday from Orlando were the following officials of the Western Union Telegraph Co.: H. C. Worthen, General manager, L. H. Beech, supt. plant department, S. L. Burt, supt. traffic department, I. J. Maxwell, Dist. Commercial Supt. They made an inspection of the local office and plant and spent several hours here. They are making a tour of Florida.

Jug Cut His Arm
Fred Ballard had an accident at his home near Geneva last Monday that might have proven serious. While filling a jug with water at Lake Harney the bottom of the jug fell out the fragments cutting his wrist severing two of the veins. He was rushed to Sanford and received treatment by Dr. Marshall and is getting along nicely

at this writing. Just a year ago on the same day his wrist was broken on the battlefield in France and Fred seems destined to have something happen to him on Armistice Day no matter where he may be located.

Shells Discovered Something
Rheims, France, Nov. 13.—Ruins of great archaeological importance have been brought to light by the German shells which crashed through the vaults of the Rheims Cathedral during the bombardment. The present building was erected in the thirteenth century, probably on the foundations of the old Frankish basilica enclosing the tomb of Saint Remi, who died in the sixth century. It is the foundations and crypt of this building that have been unearthed. They appear to date from the ninth century, say experts.

Announcing the Arrival of that New Reo "Six"

Our first Reo Six—that new Reo Model about which motorists have expressed such a lively interest—has just arrived.

It is the handsomest car ever turned out of the Reo shops.

And mechanically it is the epitome of Reo experience—the ripest in the industry—as it is also the crowning achievement of Reo engineering.

We are tempted to use up a lot of space telling you of the many points of superiority of this latest Reo, but we purposely refrain—for we want merely to whet your appetite and excite your curiosity so you will come in and see it.

For only then can you appreciate the tremendous strides that have been made in design and construction and finish of a motor car.

We will say this—in one regard this Reo transcends all others—even its own predecessors.

That is in the lubricating system.

Can you imagine—you experienced motorists—how much longer the life and how much greater the satisfaction of driving an automobile if you could be certain that every moving part—every part not only of motor, transmission, and axles, but of chassis as well—were constantly and positively bathed in oil?

Well you will find in this new Reo Six a lubricating system that guarantees just that.

Need we say more to induce you to come in at your earliest convenience to see—to study in detail—to ride in—and to yourself drive—this latest product of the Reo laboratories.

This is the "Six" you asked us to build—a six of that quality that guarantees satisfactory performance with longevity and low upkeep.

United States Royal Cord Tires are standard equipment, front and rear, on this new Six.

A FAMILY MEDICINE

In Her Mother's Home, Says This Georgia Lady, Regarding Black-Draught. Relief From Headache, Malaria, Chills, Etc.

Ringgold, Ga.—Mrs. Chas. Gaston, of this place, writes: "I am a user of Theodor's Black-Draught; in fact, it was one of our family medicines. Also in my mother's home, when I was a child. When any of us children complained of headache, usually caused by constipation, she gave us a dose of Black-Draught, which would rectify the trouble. Often in the Spring, we would have malaria and chills, or troubles of this kind, we would take Black-Draught pretty regular until the liver acted well, and we would soon be up and around again. We would not be without it, for it certainly has saved us lots of doctor bills. Just a dose of Black-Draught when not so well saves a lot of days in bed."

Theodor's Black-Draught has been in use for many years in the treatment of stomach, liver and bowel troubles, and the popularity which it now enjoys is proof of its merit.

If your liver is not doing its duty, you will suffer from such disagreeable symptoms as headache, biliousness, constipation, indigestion, etc., and unless something is done, serious trouble may result.

Theodor's Black-Draught has been found a valuable remedy for these troubles. It is purely vegetable, and acts in a prompt and natural way, regulating the liver to its proper functions and cleansing the bowels of impurities. Try it. Insist on Theodor's the original and genuine. B 79

the following resolution and moved its adoption, same being seconded by Comr. C. W. Entzminger, and adopted:

Whereas, under the law of this State an International Exposition will be held in the State of Florida, commencing November 11th, 1922 for the purpose of commemorating the Florida Purchase, and

Whereas, it is the desire of this Commission that said Exposition prove a gigantic success, and this Commission fully endorses said Exposition, and believes that the same will be a great factor in advertising this State, in assisting in the development of its resources and in the increase of its population, and

Whereas in the opinion of this Commission, the City of Jacksonville is a proper and appropriate place to hold said Exposition, said City having far greater railroad and hotel facilities than other cities which are now negotiating for the holding of said Exposition in or near them, and

Whereas the County Officials of Duval County and the City Officials of the City of Jacksonville are prepared to furnish to the Centennial Committee, proper and appropriate sites.

Now therefore be it resolved, that the Board of County Commissioners of the County of Seminole, hereby request the Florida Centennial Exposition Committee to hold said Exposition in or near the City of Jacksonville.

Be it further resolved that a certified copy of this Resolution be sent to the Chairman of the Florida Centennial Exposition Committee and to the Chairman of the Board of County Commissioners, Duval County, Florida.

What stronger proof of the merit of Doan's Kidney Pills can Herald readers demand than the statement of a well-known local resident? The evidence that follows should convince the most skeptical doubter. Ask your neighbor!

A. M. Adams, carpenter, 811 Magnolia avenue, Sanford, says: "I have used Doan's Kidney Pills for attacks of lumbago. Stopping over so much is what brought on this trouble and at times I went around all bent over; my back was so lame and sore. My kidneys acted too freely and I had to get up several times during the night. I got Doan's Kidney Pills at Phillips & Co.'s Drug Store, and they rid me of that lumbago and put my kidneys in fine shape."

ELDER SPRINGS WATER

THOMAS D. BAKER, Ph. D.

Analytical and Consulting Chemist - Professional of Natural Sciences Emeritus, Rollins College, Florida

Private Laboratory of Rollins College Winter Park, Fla., Nov. 11th, 1918

Mr. T. O. Charles Sanford, Fla.

Dear Sir: I have completed careful chemical analysis of the sample of water that you brought me early last week, and have obtained the following results:

Color	Clear	Chlorine	1.75 parts per million
Reaction	Neutral	Total solids	6.00 parts per million
Free Ammonia	00 parts per million	Hardness	23.03 parts per million
Albuminoid Ammonia	Trace	Nitrate	Trace

The absence practically of free and albuminoid ammonia in this water and its very small amount of chlorine indicate its excellent quality for household purposes. In addition to the good quality characteristics of superior household water, it possesses special features of much value, especially those of excellent natural aeration and LOW degree of hardness.

The bacteriological analysis, resulting in an average total count, in four samples of the water, of 3 bacteria per centimeter in standing water, or other harmful bacteria, is a very good quality indicated by the CHEMICAL analysis.

Of the many waters of this and other regions that I have analyzed, I have found none superior in all good qualities to that of the "Elder Water."

Yours very respectfully,
(Signed) THOMAS D. BAKER

IT'S NOT YOUR HEART IT'S YOUR KIDNEYS

Kidney disease is no respecter of persons. A majority of the ill-suffering people today can be traced back to kidney trouble. The kidneys are the most important organs of the body. They are the filters, the purifiers, of your blood. Kidney disease is usually indicated by weariness, sleeplessness, nervousness, despondency, backache, stomach trouble, pain in loins and lower abdomen, gall stones, gravel, rheumatism, sciatica and lumbago. All these symptoms are nature's signals to warn you that the kidneys need help. You should use GOLD MEDAL Mergalium Oil Capsules immediately. The soothing, healing oil stimulates the kidneys, relieves inflammation and destroys the germs which have caused it. Do not wait until tomorrow. Go to your drugist today and insist on GOLD MEDAL Mergalium Oil Capsules. In twenty-four hours you should feel health and vigor returning and will bless the day you first heard of GOLD MEDAL Mergalium Oil. After you feel that you have cured yourself, continue to take one or two capsules each day, so as to keep in first-class condition and ward off the danger of other attacks. Ask for the original imported GOLD MEDAL brand. There also, money refunded if they do not help you.
