

CO-OPERATIVE MARKETING BILL PASSED YESTERDAY; FARM BLOC STEAM ROLLER

Is Working With Great Precision in the Senate Now GET WHOLE WORKS

ADMINISTRATION SURRENDERS TO MOST POWERFUL LEAGUE IN CONGRESS

(By The Associated Press) WASHINGTON, Feb. 9.—The house co-operative marketing bill, a measure designed to aid the agricultural interests and pressed by the farm bloc was passed by the senate yesterday. Only one vote, that of Senator Gerry, Democrat, Rhode Island, was cast against the measure.

Two other senators, Brandegee, Republican, Connecticut, and King, Democrat, Utah, were paired against the measure and withheld their votes. The vote was 58 to 1 and the senate's action was regarded by some as the most sweeping of the victories yet attained by the farm bloc since, in accepting the house bill, the senate overrode its own judiciary committee which had reported a substitute measure. The substitute was defeated, 56 to 4. The bill now goes to conference for adjustment of differences with the house.

As passed by the senate the bill retains the provisions which relieve the co-operative associations from the application of laws prohibiting trusts or unfair business practices, placing the authority to determine which such acts have been committed with the secretary of agriculture. The senate substitute would have made the associations amenable to the present laws and it was around this point that debate revolved in the week the subject was before the senate.

During the closing hours of debate yesterday, reference was made to the bloc's power. This brought from Senator Norris, Republican, Nebraska, the statement that he had heard the bill had administration support.

"It is the first time in many months that the majority has come over to my side," he added. "It happens so infrequently that I feel I must make note of it. Maybe the administration is behind this bill. If that is so then I am glad they have come over into the same wagon with me. Whether they come because of me or in spite of me, I do not know, but I welcome them here."

The most important of the amendments accepted by the senate was one providing "that the associations shall not deal in products of non-members to an amount greater in value than such as are handled by it for members."

This, it was explained, makes it impossible for co-operative associations to be "stolen" by a group of individuals who merely by declining to admit new members resolve themselves into a closed corporation. Without the amendment, the group would be able, according to senators, to engage in competitive trade, buying other farmers' products to an unlimited extent. The amendment limits any association in the handling of the commodities of non-members so that what was described as a throttle of local business could not be obtained.

Other important provisions of the bill prescribe that no member of an association may have its activities, regardless of the amount of stock he holds, nor can any association pay dividends on stock or membership capital in excess of eight per cent a year. With respect to the authority granted the secretary of agriculture to control attempts to monopolize or restrain trade, the bill provides that notice of charges of alleged violations must be served on the offending association and it must be given an opportunity to defend itself. If found guilty of the charges, the secretary of agriculture may order the association to "cease and desist" and in event of its failure to do so, the case then may be referred to the federal courts for enforcement of the order and the filing of such decrees as the courts deem equitable.

Contract has been awarded Geo. A. Miller for the construction of a new building for the Tampa Childrens Home Society costing approximately \$110,000.

GASOLINE CARS FOR RAILROADS ARE SUGGESTED

OCALA BOARD OF TRADE WANTS A. C. L. TRAINS CONTINUED

(By The Associated Press) Ocala, Feb. 9.—Marion County Board of Trade will be represented at the State Railroad Commission hearing at Gainesville tomorrow on the application of the Atlantic Coast Line to discontinue trains 9 and 10 between Leesburg and Jacksonville, Numbers 2 and 35, Sunny Jim, between Lakeland and Ocala, and trains between Chiefland and Ocala. It is understood the railroad claims the trains are being operated at a loss and the Ocala delegation will suggest the commission investigate whether gasoline motor or electric cars can be substituted. This is believed to be the first time in Florida that the Commission has had this suggested as a substitute for the expensive local trains although the Seaboard Air Line has been testing such service on the Leesburg branch and are now operating such cars between Tampa and Lake Wales.

PRISONER KIDNAPPED, RETURNED TO HOME, OTHERS REPORTED FREE

(By The Associated Press) BELFAST, Feb. 9.—Major Miles, a prisoner taken by raiders of Northern Irish counties yesterday returned home today. Others from his district also reported released.

LEAGUE OF WOMEN VOTERS ACTIVE IN FORT PIERCE

(By The Associated Press) FORT PIERCE, Feb. 9.—The League of Women Voters of this city plans a house to house canvass to urge the women of Fort Pierce to join the league, pay tax and register in March.

Line of Steel On Ulster Border Presented Today

Five Thousand Armed Men Will Prevent Any More Kidnapping

(By The Associated Press) LONDON, Feb. 9.—Reports from Ireland indicated up to noon today that none of the Unionists kidnapped by raiding bands in Ulster yesterday morning had been released.

BELFAST, Feb. 9.—Ulster's frontier is a line of steel today as the result of raids yesterday in which many Unionists were kidnapped. It is estimated 5,000 armed men along the border from Portadown, County Armagh, to Belleek on the Fermanagh Donegal border.

STATE DENIES CHURCH STAY OF EXECUTION AT CHICAGO TODAY

(By The Associated Press) CHICAGO, Feb. 9.—State court today denied Harvey Church stay of execution for murder of two Chicago automobile salesmen. Sentenced to hang February seventeenth.

WANTS MANATEE VEGETABLES IN FROZEN CALIFORNIA

Bradentown, Feb. 9.—Manatee County Growers Association received from Commission House in Los Angeles, California, request for quotations on Manatee County celery, egg plant, peppers, particularly cardon lots celery.

BODY OF J. E. BUSH FOUND IN RUINS RICHMOND FIRE

RICHMOND, Feb. 9.—Discovery of the body of E. J. Bush of Richmond in ruins today brought known dead to five. Head and torso found and identified by letters in pocket.

A receiving Station for Cream has been established at Chipley which will boost the dairy business of that Section.

WEEKS' WEAK ON FORD PLAN GROUNDHOG TALK

VALIANT SECRETARY SCARED OF SHADOWS OF HENRY WHICH LOOMS IN THE SUN

(By The Associated Press) WASHINGTON, Feb. 9.—Opening sessions of the House military committee's investigation of the Ford contract offer for purchase and lease of the government properties at Muscle Shoals, Ala., revolved yesterday principally about the clauses relating to manufacture of fertilizers for the Nation's agricultural needs. Secretary Weeks of the war department, appearing as the first witness, repeatedly declared his doubt as to the whether fertilizers could be manufactured as cheaply at Muscle Shoals, and expressed his belief that amendments to safeguard better the government's interest in the \$100,000,000 investment already made should be incorporated in the offer as it was drafted.

To alter existing government policies regarding the lease of real estate or other properties and permit a 100 year lease of the water power and dams in Alabama, the secretary asserted repeatedly, would be an unwise act and should not be permitted. He advocated a reduction in the time clause from 100 years to 50, in the event congress should decide to accept the offer.

Another often reiterated suggestion involving a change in present language of the offer, the secretary pointed out, would require the operating company Mr. Ford is to create. The secretary said no provision existed in the offer guaranteeing a capitalization which the government might recover in whole or in part in the event the contract was violated. A provision of some sort was advisable, he said, which would permit the government to impose through legal means a penalty or forfeit should the company fail to carry out the terms of the offer.

"If I thought that development of the project by Mr. Ford would effect a material reduction in the cost of fertilizers," he said, "I would vote for his proposition, if I were in congress. But I am so in doubt as to that, I should hesitate to give any advice unless assured of a guarantee."

Asked what the annual consumption of fertilizer was, the secretary said it approximated 78,000,000 tons, and the Muscle Shoals plants could only produce at a maximum of 200,000 tons. That amount, he asserted, would not in his opinion, affect the existing market.

The war secretary previously had told the committee that Mr. Ford had declined to guarantee fertilizer production over a given number of years and had informed him in conversations that he would not manufacture the commodity at a loss.

COMMISSION CREATED BY HARDING

FOR CONVERSION OF 11 BILLION OWED THE UNITED STATES

(By The Associated Press) WASHINGTON, Feb. 9.—A bill creating a commission and otherwise making provision for the conversion of the 11 billion dollar debt owed the United States by allied powers was signed today by President Harding.

FLORIDA WOMAN DYE CAT BLUE—IT DIES

NEW YORK, Feb. 8.—Miss Margaret Owen, 22, a singer, has her freedom today because she has promised Magistrate Matting, that she will never again dye her cats to harmonize with her house draperies, or the vivid hue clothing she wears. Miss Owen was halted before the magistrate when agents of the Society for the Prevention of Cruelty to Animals testified she had dyed a valuable pet feline blue to match draperies in her home. The animal died, witness testified.

"If I consent to be lenient," said Magistrate Matting, "I want you to go back to Florida, and stop dyeing cats."

The Shriner's of St. Petersburg are planning to build a new building for their use costing approximately \$80,000. The building will be three stories.

CONSTRUCTION OF BATTLESHIPS HAS STOPPED

FOURTEEN CAPITAL SHIPS WILL NOT BE FINISHED SAYS DENBY

(By The Associated Press) WASHINGTON, Feb. 9.—Construction work on fourteen capital ships was suspended today by order of Secretary Denby under direction of President Harding. The step was taken in anticipation of ratification of the naval limitation treaty which resulted from the Washington conference and under which only three of the vessel involved will be completed as warcraft. The other eleven will be scrapped or converted to merchant ships under the treaty provisions. Secretary Denby acted after Assistant Secretary Roosevelt had discussed with President Harding the terms of the treaty affecting the new ships. Mr. Harding approved the suggestion that work be brought to a standstill immediately on the eight super-dreadnaughts and six battle cruisers pending final action on the treaty. In round figures, the building operations thus halted have cost the Government approximately \$5,000,000 a month.

Following ratification of the treaty, contracts for the new ships will be cancelled. The ultimate cost to the Government of this cancellation cannot be determined in advance, but naval officials believe that a considerable saving will be made through today's action.

Only one capital ship under construction was exempted from today's suspension order. She is the Colorado, more than 90 per cent complete, and which will be retained in the permanent fleet.

Ships on which work was stopped included eight first class battleships. While work on the battleships West Virginia and Washington was ordered stopped, one of these ships will be completed and added to the fleet when finished. Which is to be selected for completion has not been decided, but it has been indicated that the west Virginia probably will be named. It is believed by many officials that she can be finished more cheaply than the Washington, a sister ship of the post-Jutland class like the Colorado.

LOCAL TELEPHONES TELL STORY OF GROWTH

(By The Associated Press) ST. PETERSBURG, Feb. 9.—Growth of the permanent population of St. Petersburg is reflected in the increase in the number of telephone now in use. The local company now has 3,150 telephones in service, a gain of 1,127 during the last year. New telephones installed during the month of January 1922 numbered 291.

FOUL PLAY IS SUSPECTED ON STEAMER

NORTHERN PACIFIC THAT WAS BURNED TO WATER EDGE YESTERDAY

(By The Associated Press) NEWPORT NEWS, Feb. 9.—Survivors of the Northern Pacific are not satisfied that the burning of the vessel yesterday was wholly accidental. Captain Lusti declined this morning to make any statement but members of the crew were not so reticent. They suspect foul play before the ship left port but realizing can prove nothing the decline to make a direct charge or statement. Lusti warned the crew that the shipping board's orders prohibit their telling anything of the accident.

COLUMBIA PHONOGRAPH COMPANY GOES BLOOEY APPLY FOR RECEIVER

(By The Associated Press) WASHINGTON, Feb. 9.—Application for receivership for a Columbia Graphophone Manufacturing company made today in United States district court. Insolvency alleged.

ORLANDO FAILED TODAY TO FORM NEW CABINET

(By The Associated Press) LONDON, Feb. 9.—Former Premier Orlando of Italy failed in an attempt to form new cabinet says Rome dispatch.

SPECIAL TAXES NEEDED TO PAY HUGE BONUS---IT WILL RUN INTO THE BILLIONS

REPUBLICANS DO NOTHING REAL STARTLING

THEIR EFFORTS AT PEACE ONLY FOLLOW FOOTSTEPS OF WILSON

TAMPA, Fla., Feb. 9.—Addressing a crowd numbering thousands at the South Florida Fair Grounds this afternoon and tonight as chief speaker to the newspaper men of the state at the annual Rotary Press breakfast, Hon. William Jennings Brynn said "the Democrats should not be backward in giving credit to this (Harding) administration for what has been done" toward assuring the peace of the world through leveling of armaments, "but they would also remember that not a thing has been done at the conference that has not followed the Democratic line of march."

Quoting the Bible: "When the fullness of time has come is it possible to accomplish results," he said that the proper time had not arrived when the Paris conference was held; and that in five years from now the world will be able to accomplish greater things than it can at the present day. "The spirit of peace is abroad in the world. The same spirit will some day scrap the muskets the same as it scrapped the battleships. The world is coming nearer that day when it will be disarmed. If anybody asks you why the Democrats did not do in their administration what has been done at the Paris conference, you tell them that 'the fullness of time' had not then arrived."

A round hundred newspaper men from all parts of the state were guests tonight at the annual Rotary Press breakfast, the Tampa Rotary Club being the host. The "breakfast" was a real banquet served at the Tampa Bay hotel.

Backrow is Held as Material Witness in Confidence Case

Inquiries Continue to Pour Into Authorities at Lauderdale

(By The Associated Press) FORT LAUDERDALE, Feb. 9.—A charge of frequenting gambling house was made against William Backrow arrested Friday with a gang of alleged confidence men, dismissed but he is regarded as a material witness and was released under \$1,500 bond. Circuit Judge Davis, of West Palm Beach, will attend to habeas corpus writ which defendants attempt to sue out here Friday. Defendants did not attempt to make bond at least until habeas corpus proceedings are disposed of. Inquiries for photographs of prisoners continue to pour in to the local authorities from cities all over the country where the police believe the alleged confidence men might have operated.

INFERIOR BUILDING CAUSE OF COLLAPSE OF KNICKERBOCKER

WASHINGTON, Feb. 9.—A list of twenty-one "evidences of work of an inferior grade for such an important structure" was submitted late today in an exhaustive report on the collapse of the Knickerbocker theatre, by the five army and navy engineers, at the coroner's inquest into the disaster.

The fall of the theatre's roof, with the loss of ninety-eight lives, the report stated, was "a direct result of failure to sufficiently provide for the unusual conditions existing at the junction of the curved Columbia road wall to the stage wall."

The report of the army and navy engineers' investigation was submitted after testimony had been given earlier in the day by Robert Henry Davis engineer in the District of Columbia building inspector's office, to the effect that iron construction intended to support the roof of the theatre was below the requirements of inspector's office.

May Decide to Tax Gasoline One Cent Per Gallon

WILL SOAK FLORIDA

SINCE THIS STATE IS NOW BURDENED WITH GASOLINE TAXES

(By The Associated Press) WASHINGTON, Feb. 9.—A tentative estimate of \$350,000,000 yearly as the amount of special taxes that must be laid to finance the cash feature of the proposed soldiers' bonus legislation was made yesterday at an executive session of majority members of the house ways and means committee. The exact amount that is to be determined upon and the sources from which it must come will be taken up today by a subcommittee headed by Chairman Fordney.

Committeemen said it was not the intention to rely upon any part either of the interest or principal of the British or other foreign debts in connection with the bonus. They said that something around \$350,000,000 a year would take care of the cash payments to be made over the two and one-half years' period beginning January 1, 1923, and that the finding of definite and certain sources from which to obtain this amount was their immediate concern.

The \$350,000,000 estimate, it was explained, was made on the basis of figures presented at public hearings by fiscal officers of the army, navy and marine corps. These figures contemplated 50 per cent of the men who served with the army and 75 per cent of those who served with the navy and marine corps electing to take cash. This figure may be revised as the subcommittee studies the matter.

The first question before the tax subcommittee will be that of deciding whether the total amount of tax revenue is to come from a limited group of sources or whether the total will be spread over a wide field so as to make the burden as light as possible on those who have to pay. It was said there was two schools of thought in the committee on this question. Some members emphasized that it would be the purpose to so arrange the tax program as to interfere as little as possible with the recovery of business.

There was said to be a drift of sentiment in the committee for a tax of possibly one cent a gallon on gasoline and also a levy on the transfer of stocks and bonds. These are only two of a score of suggestions and it was made plain that there had been no decision as to these or any others.

PALATKA IS PUSHING FOR STATE CAPITAL

(By The Associated Press) PALATKA, Feb. 9.—Palatka is determined to push the campaign for removal of the state capital from Tallahassee to some point nearer the center of population of Florida and to this end the local Chamber of Commerce has increased the membership of its Capital Removal Committee from five to seven and announced that it is ready to go to work with a vim.

Members of the local organization point out that capital removal, which is expected to be an issue at the next meeting of the legislature, will depend largely upon the personnel of the state law making body, a majority of the members of which will be elected this year, and it is planned to ascertain the viewpoints of expectation that advocates of removal will support candidates in favor of the proposal.

CAPSIZE BOAT FOUND NEAR BIMINI OCCUPANTS LOST

(By The Associated Press) MIAMI, Feb. 9.—Capsized boat believed to be that in which three men left twelve days ago for Bimini found yesterday near Ragged Key twenty-five miles from Miami. Efforts to be made today to right vessel. Nothing heard of Mamians since they left here January 28th.

Post cards at the Herald office.

SOCIETY

MRS. FRED DAIGER, Society Editor, Phone 217-W

If you have any friends visiting you if you are going anywhere or coming home, or if you are entertaining, write a point card in this department, giving details, or telephone the item. It will be greatly appreciated.

SOCIAL CALENDAR

Thursday—The Woman's Auxiliary of the American Legion will meet at the Court House at 8:00 p. m.

Thursday—Mrs. S. E. Barrett will entertain the members of the Every Week Bridge Club.

Friday—The Mother's Club will meet at 3:30 at the Brotherhood rooms at Holy Cross Church.

Thursday—Mrs. H. B. Lewis will entertain the members of the Merrie Matrons Club at her home on Magnolia ave., at 3:00 p. m.

Friday—Sallie Harrison Chapter, N. S., D. A. R., will meet at 3:00 p. m. at the home of Mrs. S. Puleston at Rose Court.

Saturday—Children's Story Hour will be held at Central Park at four o'clock.

Saturday—Cecilian Club will meet at 3:00 o'clock at the studio of Mrs. Fannie S. Munson on Myrtle avenue.

Mr. and Mrs. Elste, of Bellview, Pa. were the guests yesterday of Mr. and Mrs. John Smith.

Mr. and Mrs. D. P. Drummond have as their guests the former's mother, sister and niece of Chicago, Ill.

Tom Martin has returned from Waycross, Ga., where he has been at the A. C. L. Ry. hospital for several months.

Mrs. W. J. Morrison has as her house guest at her home on Palmetto avenue, Mrs. Russell Lowe, of Canton, Ohio.

Mr. and Mrs. Charles Heineman, of Pittsburgh, Pa., are the guests of Mr. and Mrs. John C. Smith at their home on East Second street. They will leave the last of this week for their winter home at Avon Park, Fla.

The many friends of Mrs. J. S. (Aunt) Wilson will be glad to learn that she is convalescent after an illness of three weeks.

C. C. Spencer, of Pittsburgh, Pa., who has been the guest of Mr. and Mrs. J. S. Wilson for several days, leaves today for his home.

Mr. and Mrs. John Smith and their guests, Mr. and Mrs. Charles Heineman, of Pittsburgh, and Mr. and Mrs. Elste, of Bellview, Pa., motored to Orlando yesterday afternoon. They had the misfortune of breaking the axle to their car enroute home.

CECILIAN CLUB.

The program of the Cecilian Club to be given Saturday afternoon at 3:00 o'clock, at the studio of Mrs. Fannie S. Munson, will be a sonata program. Miss Ora Williams, reader will be the assistant talent.

All interested friends are cordially invited.

MRS. SYMMS ENTERTAINS.

Mr. and Mrs. R. F. Symms entertained with a bridge party of five tables at their attractive home on Interlachen avenue recently. The rooms were beautifully decorated for the occasion, violets and pink roses being used and their fragrance filling the rooms as well as making a pretty scene. The hostess served refreshments in her usual charming way. This is the second of a series given by the young married set.—Winter Park Notes in Orlando Sentinel.

BON-TON BRIDGE CLUB

A pretty compliment to her guest Miss Marie Floyd, of Opelika, Ala., was the bridge party given yesterday afternoon by Miss Fern Ward at her home on Seventh street, the guests including the members of the Bon Ton Bridge Club and the extra tables.

Quantities of lovely golden Calendulas and ferns were artistically used in the rooms where the card tables were arranged.

High scores in the interesting game of bridge played during the afternoon was made by Mrs. Robert Hines, who was awarded a lovely lamp shade. The cut prize, an incense burner, was

won by Mrs. Ed. Betts. Miss Floyd, honoree, was presented a fancy comb as a memento of the occasion.

Following the awarding of prizes, the hostess served delicious refreshments consisting of deviled crabs in shells, creamed peas in timbals, hot rolls, pickles and coffee.

Those invited to meet this charming honoree were Mrs. Joe Chittenden, Mrs. Roy Chittenden, Mrs. J. D. Woodruff, Mrs. Ben Caswell, Mrs. Ed. Betts, Mrs. Dick Brown, Miss Agnes Dumas, Miss Pauline Trank, Mrs. R. Deas, Mrs. R. C. Bower, Mrs. Percy Mero, Mrs. Robert Hines, Misses Thelma Frazer, Daphne Wimbish, Florence Henry, Katherine Teague, Mildred Simmons, Zeta Davidson, Fred Wight, Lettie Caldwell, Fannie Rebn Munson, Zoe Munson, Marie Teague, and Mrs. Fred Wight, Mrs. C. R. Kirtley, Mrs. Donald Whitcomb and Mrs. Bryan.

HOSPITAL SHOWER AND RECEPTION

The annual "shower" and reception for the Fernald-Laughton Hospital will be held Friday, February 17th.

The reception will be held from one o'clock to five and all those who can will take their gifts then. All those who can not attend, please send your gifts to Mrs. T. M. Puleston, 801 Magnolia avenue.

This is a worthy cause and every one should respond. All the Guilds, Auxiliaries, Clubs, Circles, Societies and in fact all organizations should take an active part.

A list of the most needed articles will be printed in tomorrow's paper.

CIRCLE NO. 3.

Mrs. R. L. Shinholser, and Mrs. J. M. Moye, were hostesses Monday afternoon at a very pleasant meeting of Circle No. 3 of the Methodist church, at the home of Mrs. Shinholser on Oak avenue. This was the first meeting of the year under the direction of the new chairman, Mrs. R. L. Shinholser. She has thoroughly organized the circle and appointed the necessary officers and committees to carry the year's work to a successful conclusion. Her slogan is "A job for every one, and every one on the job."

At the close of a pleasant afternoon the hostesses served strawberry ice cream and delicious home made cake.

MEMBER THE ASSOCIATED PRESS

How do you like this springtime weather?

More travellers to Bimini have been lost. They don't say how.

Mayor of Los Angeles says that all the movie stars are not "bad". Well we hope so.

That picture of the "Great Commoner" in the Tampa Times makes him look much commoner than usual.

That man Taylor must have been a peach. All the movie girls wrote him notes and called him the "wonderful" man.

Man will lecture in Orlando on "Criminology." Suppos he has invited all the Orlando newspaper men to be present at the lecture.

California produce men are writing to Florida growers asking the price of vegetables. California evidently had a harder blow than the outside world knows anything about.

Ronches were found in a still near DeLand, says the Sanford Herald. Aw shoot! We've found flies in mine pie, too, but we still call for it now and then.—Tampa Tribune.

Those Irish are getting peevish again and trying to start something. Why not send Pussfoot Johnson over there to talk about prohibition and take their minds off matter.

We note by the papers that Italy cannot do without Orlando and have sent for Orlando to come back to Italy. We suppose that means Franklin King and Carl Dunn, also.

So much talk about the new dollar that we would just like to get hold of a new dollar some time and look at it. Since the war we have been unable to get that much money all at one time, consequently we do not know anything about the new money.

We understand that the government is about to issue a booklet on "How to Use the Postoffice." Fine business, this and it will also give the government printing office to get a job. Some time later we intend to get out a booklet entitled "How to Build Post-offices" that we think will be most instructive to the government.

Secretary Weeks who is very much afraid that Henry Ford's shadow in the sun will eventually blot out the Republican administration says that Henry is not the only pebble on the Shoals—that he has two other buyers. It is a lead pipe cinch that the Republican corporations will outbid Henry if for nothing more than to keep the Shoals from operating at all. It would pay "Big Business" to do this.

Miami's new city manager—we believe he is home raised—says mosquitos live nine months. Gosh! We've been told all the time they lived a short life and a merry one, and couldn't roam or wander from their own rain barrel more than a few hundred yards!—Tampa Tribune.

We don't believe they are so short lived as that. We have seen some on the coast that had long whiskers and we know they were at least fifty years of age.

After 100 or more have been killed in a defective theatre the government is investigating the cause of the disaster and they will probably put the blame on the man who owns the building. He is not the one. The man who designed the building and the firm that build the building and the building inspector of Washington are to blame. What does the average man who builds a home or a store or a theatre know about the construction. He leaves it to the people who are getting paid for knowing and yet when anything happens it is the owner who gets the full blame.

ADVERTISING THE CITY

Every city of any commercial importance is continually trying to extend its trade lines and its sphere of usefulness. A successful business man

is not content with a stationer business. He wants to progress. No city is content with a stationary population or trade. It wants to grow. Its growth must be from without if it is to make any substantial progress. It is a noteworthy fact that trade associations and merchants associations are annually putting on campaigns to extend the lines of trade for their respective cities. These associations are composed of wide awake business men who realize that a city never stands still. It either goes backward or forward.

To extend trade lines, wholesalers must extend lines a little farther outward each year. The same is true of the retailer. In these days of good roads and automobiles a few miles makes but little difference and people prefer trading in a live town. They will drive a considerable distance to trade at stores that carry a large variety to select, and where real bargains are to be had. There is but one way for the people to know the live town and to know of real bargains. That way is by advertising. There is no other possible means. People follow the advertising columns of a newspaper as closely as any other part of the newspaper. They are looking for quality and the man who has these is sure to advertise them. The public has come to understand this, and this is why you always find the streets of the city that advertises, well crowded with automobiles and the stores crowded with people.

Go into any home any evening and see the people reading the paper and the value of advertising will be readily understood. Not the head of the family only, but every member of the family reads the evening paper. Every line, from society to the advertising columns get a reading in the evening when people have time to relax while they look over the social, political and business chart for the day and tomorrow.

A city is judged very largely too, by its newspapers. A newspaper may be ever so newsy, editorially strong and artistically made up, but if it is not well filled with advertisements, strangers will either rightly or wrongly judge the town as being dead. Everybody understands that in a live town business men advertise. So that, outside impressions are made up largely by the advertising columns of a newspaper.—Reporter Star.

ORGANIZED LABOR TO FIGHT FOR EXISTANCE

During the year 1922, organized labor is going to be compelled to fight the hardest battle since the organization to hold the ground they have gained.

At the present time many of newspapers are failing to renew their contracts with the International Typographical Union and are conducting their shows up in what is known as the "American plan." The contracts between the operators and coal miners expire in March and it is generally understood that the operators will refuse to sign any more contracts. John L. Lewis, president of the Mine Workers of America, has already sounded the warning to organized labor and has requested the various railroad organizations to join with the mine workers in forcing an issue by tying up all the industries to make the operators sign up.

The miners requested the operators to meet them in Pittsburg to discuss wage scales in the anthracite fields and the operators refused to attend the meeting. Mine owners in both the bituminous and anthracite fields have gone on record that the "check-off system" will be abolished with the completion of the present contract. This system provides that the coal operators collect dues from the workmen and remit them to the union.

Cigar manufacturers are already refusing to sign any further contracts and a number of former union shops are now operating under the open shop plan.

It is freely predicted among railroad men that the railroads intended to use every possible measure to break up organized labor within its ranks, and that when committees wait upon general managers of railroads it will be found that the sailing is going to be mighty rough.

The fight against organized labor has been brought on by unsettled economic conditions; the problem is a three-cornered one—labor is kicking on the high cost of living, the merchant is kicking because of the high cost of merchandise, the manufacturer claims the high cost of merchandise is due to high freight rates and the railroads claim the high cost of freight rates is based upon the high cost of labor; therefore something must give. What that something is depends upon how hard organized labor presses it claims for more concessions both promised and implied.

If organized labor wishes to keep off the rocks, instead of one big union, as John L. Mitchell would have, organized labor should take the advice of one of its captains, W. L. Lee of the Brotherhood of Railroad Trainmen, who told the trainmen that it

would be suicide for them to strike with economic conditions as they are at present. What Lee told the trainmen applies to all lines, the printers took the wrong time to go after their 44-hour week, and forced the issue while economic conditions were topsy turvey, newspapers had no trouble in securing men to fill the places of those that walked out. The cigar makers took the wrong time and are still suffering from the folly of their haste. The railroad organizations showed the wise guidance of level heads and postponed the climax until times are more propitious. What the miners do is a question for the future. But on the whole organized labor should be prepared, because the struggle is bound to come.—Lakeland Star.

THE IMPORTANCE OF PROHIBITION

The issue of National Prohibition transcends that of any other single question that confronts the American people today. It is a question whether by preachment or example we shall weaken the laws of the land and shake in others that inherited devotion for the Constitution and respect for the written laws of the nation.

Representative Nelson's notable speech in Congress in which he says: "A concerted movement of gigantic proportions supported by every liquor agency and antiprohibition propaganda in our country is today attempting to break down public opinion and create a condition of nullification." He further adds: "The Eighteenth Amendment will never be repealed." That fact is admitted by even the strongest opponents of the prohibition law. It will be even a fundamental part of our Constitution. The only issue is: "Shall it be enforced, or, shall it be nullified?"

The presidents of many foreign countries, including the President of Austria and Chile and our own President Harding approve prohibition. I read that he says: "In every community men and women have had an opportunity now to know what prohibition means. They know that debts are more promptly paid; that men take home wages that were once wasted in saloons. The families are better clothed and fed and more money finds its way into savings banks. The liquor traffic was destructive of much that was precious in American life. In the face of so much evidence on that point what conscientious man would want to let his own selfish desires influence him to bring it back?" I am glad that Orlando has taken a forward step in the uplift of humanity.

Cordially yours, J. B. LEWIS, in Orlando Sentinel.

HIGH SCHOOL MINSTREL

Have you ever seen a High School Minstrel show? If not, you have missed something in your life. The minstrel show to be given on Wednesday night, Feb. 15 at 8:30 at the High School Auditorium by the Leesburg High School is one of the cleverest and most entertaining you ever saw. Buy a ticket. It will help you and help our High School. Admission 25 and 50 cents.

LITERATURE AND MUSIC DEPARTMENTS OF THE WOMAN'S CLUB

The Literature and Music Departments of the Woman's Club held a most interesting meeting on Wednesday afternoon. Mrs. A. M. Phillips, chairman of the Music Department presided. The subject was "Carmen" and John Howard Payne, one of the opera. The first number was a fine paper on Carmen written by Mrs. J. B. Starling and read by Mrs. Jno. Leonardi. Mrs. Maines played a Victrola record. "The Toreador's Song" from Carmen. Mrs. R. C. Maxwell next read an interesting paper on John Howard Payne, the author of "Home Sweet Home," after which Mrs. Phillips sang this beautiful song said to have been the favorite of Jenny Lind.

After a short business meeting the departments adjourned.

"UNDER THE LASH" AT STAR TONIGHT

It has been said that clothes do not make the man. Gloria Swanson applies the adage to screen acting and declares that clothes do not make the actress.

The pretty Paramount star is given an excellent opportunity to prove her contention in her second starring vehicle, "Under the Lash," from the book and play, "The Shulamite," which will be shown at the Star theatre tonight for in this picture Miss Swanson is seen as the modest wife of a South African Boer farmer.

Miss Swanson always had been noted in the Cecil B. DeMille production in which she has appeared, for her beautiful and gorgeous gowns. But in "Under the Lash" she shows that the gowns had nothing to do with her

talents as an actress, for all through the production she wears the quaint, old-fashioned frocks and dresses typical of her station as the wife of a Boer farmer, and does not don a single modern stylish gown for any of the scenes of the production. The story deals with the trials of Deborah Krillet at the hands of her cruel husband and of her love for a young Englishman who plays a big part in the story of her domestic tragedy. Mahlon Hamilton is the leading man and in the supporting company are Russell Simpson, Lillian Leighton, Lincoln Steadman and others.

STATE RAILROAD COMMISSION WILL MEET IN GAINESVILLE

GAINESVILLE, Feb. 9.—The State Railroad Commission has announced that it will meet in Gainesville February 10 to consider a request of the Atlantic Coast Line that it be permitted to discontinue operation of certain trains in the state. The trains the railroad wishes to discontinue are numbers 9 and 10, between Jacksonville and Leesburg, Numbers 140 and 141 between Chiefland and Ocala and Numbers 32 and 35, the "Sunny Jim", between Lakeland and Ocala. The road also wishes to rearrange its passenger service between Rochelle and Palatka.

Numerous protests have been made by business men and commercial organizations because of the proposal to discontinue the trains and it is expected they will have representatives at the hearing.

CREW PICKED UP FROM BURNING STEAMER FOUR MEN KILLED

(By The Associated Press) NEW PORT NEWS, Feb. 9.—Captain Lusk of shipping board steamship Northern Pacific was destroyed by fire yesterday off Delaware breakwater this morning declined to make any statement regarding the disaster which cost the lives of four men. The vessel docked here this morning with twenty-two survivors picked up from three life boats. Five others of skeleton crew arrived aboard another vessel last night.

TWELVE MISSING IN HOTEL FIRE AT RICHMOND

RICHMOND, Feb. 9.—Twelve still missing or unaccounted for, total known and positively identified dead four. Search of ruins for bodies continuing.

U. S. PROCEEDS TO CARRY OUT EDICTS OF ARMS CONFERENCE

(By The Associated Press) WASHINGTON, Feb. 9.—Executive departments of the government took steps today toward carrying out the edicts of the armament conference without awaiting ratification by the senate of the several treaties resulting from the conference, while the American delegation to the conference worked on their report which will be submitted to President Harding and leaders in the senate before marshaling their forces for the fight on ratification of the several treaties. Announcement was made during the day that President Harding had ordered discontinued all work on additional fortifications on the island of Guam and in the Philippine islands, thus taking note of the clause in the naval treaty which fixes a status quo for these Pacific islands.

The president, it was stated, at the white house also would order suspended all work on naval craft now building which are destined for the scrap heap under the five-power treaty with Great Britain, France, Japan and Italy. The final order to discontinue such construction, however, will not be issued until the treaty is ratified, it was said.

Secretary Weeks, in furtherance of the president's order regarding the Philippines cancelled the orders for sending new guns to replace those in the fortifications there. Secretary Denby also announced that some military equipment, including mines, destined from Guam, had been ordered returned.

Discussing his action, Secretary Weeks said the orders had been cancelled as an evidence of the good faith of this country to carry out in spirit and letter the provisions of the naval treaty respecting the fortifications of Pacific islands.

OFFICERS HEAD POSSE TO SCENE OF CONFLICT WITH MOONSHINERS

HUNTSVILLE, Feb. 9.—State and federal officers headed a posse today bound for King's Cove, near Newmarket, Ala., where two alleged moonshiners were killed and a federal officer wounded in a battle yesterday.

\$25,000 will be spent by the St. Petersburg Athletic Association to complete their ball grounds.

ENTERPRISE ETCHINGS

Last week was indeed a banner week for the Public School of Enterprise as the guests of Benson Springs Inn proved themselves great friends of the school by entertaining the community and friends on two evenings. On Monday evening the ladies of the Inn gave the play "How the Story Grew" to a large audience, and on Thursday evening Mr. Peter MacQueen F. R. G. S. of the Inn, gave a most wonderful lecture, "The Rebuilding of the World," illustrating the lecture with two hundred colored slides taken by Mr. MacQueen in Japan, Mexico, and Europe, before during, and after the World War. The lecture was given to a full house as this was the third appearance of Mr. MacQueen here this winter and everyone knew what a treat awaited them. The entire proceeds of the two evenings were presented to the Parent-Teachers Association for the piano fund.

Miss Sarah Davis of DeLand spent the week end here with her grandmother, Mrs. S. S. Davis.

Mrs. Henry Murry and guests, Mr. and Mrs. Chas. Watjen, Mrs. Sam C. Toms and Mr. and Mrs. Chas. Cochran returned Saturday after spending several days very pleasantly sight seeing on the East Coast.

Prof. J. J. Mires and family are the proud possessors of a new "Baby Overland" purchased of the DeLand Overland Co., on last Saturday.

Mr. Sam C. Toms returned to his home in Montgomery, Ala., on Sunday after several weeks spent with relatives here. Mrs. Toms will remain with her father and family a while longer.

Mrs. Alfred Rider is now with Mrs. Emma Count while her husband is in Lakeland.

Miss Sarah J. Burns left on Friday for Tampa where she will attend the Fair and visit friends for several days.

Mr. and Mrs. William Lache, Jr., are now located in one of Mrs. Brook's apartments.

Mr. and Mrs. E. L. Shotwell of Johnstown N. Y. are again greeting friends here having arrived Sunday.

The Episcopal Rectory is rapidly undergoing needed improvements.

Rev. Arthur S. Peck of Sanford conducted services at the Episcopal Church on Sunday afternoon. Mrs. LaKash and sister, Mrs. Taylor, Mrs. Robson, Mrs. Vaughn, Mr. Stone and Mr. Miller accompanied Rev. Peck over from Sanford.

Mr. Hoy J. Burns left on Sunday, returning to school after a week spent with his parents.

Mr. Morrison who has been employed on Dr. Fowl's house on the Boulevard left for DeLand on Monday.

The Parent Teacher's Association will hold their regular monthly meeting at the school building on Thursday evening. A speaker from DeLand is expected to address the Association that evening. All members are urged to be present and all friends are cordially invited to meet with them.

Ground has been broken at Fort Lauderdale for the construction of a Catholic Church costing around \$10,000.

UPSALA AND GRAPEVILLE

Even Magnusson came up with Mr. and Mrs. Fry Saturday from Windemere, spending the night at the home of Mrs. J. E. Lundquist, his sister, and coming out with Mr. and Mrs. Ericson to the meeting at Paola.

Forest West made a trip to Winter Park on Wednesday where he disposed of two of his lots there in the suburbs.

Mr. and Mrs. Raymond Butler and son are moving to Miami from Brunswick, Ga. Mrs. Butler and son visited for a week at the home of her brother Volie Williams and wife and other relatives and friends of her girlhood days.

Mr. and Mrs. V. C. Collier and daughter, Bright, were guests on Sunday at the home of Mr. and Mrs. West and Monday and Tuesday Mrs. Collier spent with her old schoolmate, Mrs. Minnie Westerdick, Mrs. Best bringing her out in her car, her husband being away on business at Jacksonville.

Mrs. W. W. Faussett, of Miami, visited at the home of her step-mother, Mrs. George Clark last Wednesday.

Another little daughter came to bless the home of Mr. and Mrs. Jesse Lee on West First street, February 1st, 1922, mother and child are doing well with Mrs. Maude Powell as nurse under Dr. Denton.

Barney Beck has lately improved his cottage by having put out a row of oaks in the street and yard for shade. A great comfort in our sunny southland.

A number of our folks have been down with the grippe, among them being Mrs. E. F. and Mrs. E. W. Lundquist and Mrs. Tyner. Miss Eunice Tyner remained home this week to care for her mother.

We hear that Mr. Derby, who is here on a visit from Pennsylvania regrets he ever sold out his property and home here, being surprised at the business being done in our state, and says times are very dull in the north.

A pleasant time was had by all who attended the party given by Mr. and Mrs. T. O. Tyner last week on Thursday night in honor of their daughter, Miss Eunice Tyner. There were fifty-seven out, mostly from this place, and Engineer Tew and wife and children were out from Sanford. We were all pleased to see Mrs. J. E. Vaughn able to be out. Twelve delicious homemade cakes with coffee were served for refreshments. Preacher Clark and wife also stopped in on their way home.

Mr. and Mrs. Noah Fry and mother, Mrs. Bengston, and Mr. and Mrs. Fred Kreil and babies came up from Windemere Saturday night and with Mr. Tyner's family gave a surprise dinner for Harry Caves and wife Sunday at his tent and they went back with them and Elmer Tyner for a few days visit at Windemere. The men folks brought Happy Jack out to Paola to give us a talk. We were pleased with his urging the young folks to stick close to the home nest. He tells us we misunderstood him as his dog's name is Uno.

A number met in the little room Tuesday evening at the church for Bible study and if it is as cold next time we are all invited to come over to Mrs. Hirachi's where we can be more comfortable.

Rev. Albertson and wife were guests over night at the home of Mr. and Mrs. Balinger and Upsala was well represented at the Institute on Sunday at Paola. Mr. Hicks, their superintendent, offered the invocation, Rev. Albertson giving us a talk on the model Sunday school; a temperance selection "The Prisoner at the Bar" by Mrs. Albertson and a splendid sermon by Brother Clark, then the noon hour with its bountiful dinner and hot coffee and the chance to get acquainted with "Happy Jack" and each other. For the afternoon service Rev. Clark spoke on the need of education of our church school and our following the positive side of Christianity: "Jesus' command that we love one another as He loves us." Mrs. Edwin Lindquist of Upsala, and Miss Gladys Huke, of Paola, were elected to have charge of this vital part of our work, the cradle roll. Brother Ericson gave us a good message and Geo. Ballinger a few notes on home, mother and God. Mrs. Stafford had charge of the music and we enjoyed the class song by the girls very much. It was a feast of good things. We were pleased to see so many new and old friends: Prof. Pedmore, wife and baby, Mr. and Mrs. Dunn and family from Lake Mary, Mr. and Mrs. Cameron, late of Wersdale, but now of Sanford; Mr. and Mrs. Young, Mr. and Mrs. Cook, Mr. and Mrs. Purdon and children besides our own and Paola people.

All are invited for the Bible study Thursday night at the home of Minchew, at Paola, led by Rev. J. S. Clark.

OVEIDO

Mrs. S. W. Swope and Mrs. Mary West left Friday for St. Augustine where they will visit for several days Miss Mable Swope.

The whole community was shocked Friday by the sudden death from heart trouble of W. E. Argo, Sr. Mr. Argo had been sick for two or three weeks but seemed to be improving. Friday morning he felt better than usual and went to his store which was just across a vacant lot from his home. He attended to a few small duties at the store but a little after nine o'clock he called to someone to go for the doctor as quickly as possible. Dr. Simmons reached him in a few minutes, his office near by, but too late to help him. His wife and son were summoned and were with him at the last, though he was unable to recognize them. The funeral was held at the Oveido cemetery Sunday morning at ten o'clock, the services being conducted by Rev. J. N. Thompson. Rev. L. and Mrs. Hickman of Atlanta sang a beautiful solo. Many friends from Sanford, Orlando and Golden Rod were present bringing with them beautiful floral offerings in memory of their lost friend and words of love and sympathy for his bereaved family. Although at a season when few flowers are in bloom, the grave was laden with most beautiful designs from friends of the deceased and his family all over the state. Mr. Argo is survived by his wife and two children, W. E. Argo, Jr., and Miss Palmer Argo, aged eighteen and thirteen respectively. Also by two sisters, Mrs. Barlow of Sanford and Mrs. Polhill of Fernandina, besides several nieces and nephews to whom the people of Oveido extend deepest sympathy in their bereavement.

Mrs. Burrender and her son Palmer of Jacksonville, mother and brother of Mrs. W. E. Argo are spending the week in Oveido.

Miss Elizabeth Lawton spent the week-end with her parents Mr. and Mrs. W. J. Lawton last week returning to Rollins College Sunday afternoon.

The schedule of trains on the Lake Charm branch of the Seaboard Air Line Ry., changed Tuesday so that the train now comes from Orlando in the afternoon at four o'clock and returns at five. This gives Oveido two afternoon and no morning trains.

Lee Conoly of Valdosta, Ga., spent several days this week with his aunt Mrs. J. B. Jones.

Dr. Owens of Atlanta, Ga., is conducting a revival meeting at the Baptist church this week, being assisted by Mr. and Mrs. Hickman who furnish beautiful and most inspiring music for the meeting. The services have been well attended and greatly enjoyed by all and it is hoped that much good will result.

Mrs. J. Lee Ensign and children, of Tallahassee arrived Tuesday for a few weeks visit to her sister Mrs. W. E. Argo.

Mr. and Mrs. H. B. McCall and sons, Edward and Warren and Miss Ethel Taylor spent Sunday in Lakeland.

Hal Morgueridge of Selma, Ala., is the guest of his aunt, Miss Napier at Lake Charm Inn.

CLASSIFIED ADVERTISING COLUMNS OF THE DAILY HERALD

LIKE GREAT, THROBBING MARTS OF TRADE ARE THE CLASSIFIED ADVERTISING COLUMNS OF THE DAILY HERALD

Strange—what an immense amount of goods and services are bought and sold day after day through the classified section of this paper.

In the throbbing marts of the East one could buy, sell or exchange almost anything that has any kind of value; in Sanford an increasing number of people are using the modern mart—the classified section of this paper.

Many a family has more comforts—even luxuries—through taking advantage of the chance to buy things for a half or less from the advertisers.

Whether it be a job, a service, a business or an article advertised for sale—each want-ad represents a human desire with a hope for its fulfillment. He who responds profits equally with him who has sent out the call, for it is always "something for something," with the honors even on both sides. Study the classified section of—

The Daily Herald

THE WEATHER

For Florida: Mostly cloudy tonight and Friday; warmer tonight and in the North and Central portions Friday.

PERSONALS

Looks like rain as this paper goes to press.
Fine weather for our crops. Warmer weather is predicted.
We are getting all kinds of bands and everything. Get out your savings bank.

R. J. Cant, representing the Atkins Saw & Tool Co., of Indianapolis, was in the city today.

The Piggly-Wiggly Stores are coming to Sanford. Read their advertisement in this issue of the Daily Herald.

R. G. Smith, of Oviedo, was in the city today on business and reports his new home as almost completed. B. G. is getting off his orange crop and getting a good price for them.

Mr. and Mrs. William J. Walker, of near Charleston, S. C., and Mr. J. Heyward Furr and Jr. of Charles-

ton returned home on the 8th, after a delightful month with Mr. and Mrs. J. St. Clair White, Jr., on West first street.

HOW THEY STAND

The following figures show the standing of the young ladies in the Melville Comedians popularity contest:

Ruby Hart	30,800
Mildred Holly	36,050
Hattie Estridge	26,600
Allie Gillon	26,500
Esther Miller	18,550
Marie Teague	17,050
Agnes Dumas	14,000
Mary Lou Brown	11,150
Florence Henry	10,350
Fern Ward	8,200
LeClaire Jones	6,050
Helen Chorpeneing	4,400
Margerie Clay	4,000

WILL INVESTIGATE FIRE ON NORTHERN PACIFIC

WASHINGTON, Feb. 9.—Investigation fire which destroyed Northern Pacific understood today been instituted by Government.

BRITISH INDIAN POLICE FIRED ON MOB SEVERAL ARE KILLED

(By The Associated Press) LONDON, Feb. 9.—British Indian police fired on mob of ten thousand natives during serious riot in Tiruvannamalai, eighty-five miles south of Madras Tuesday killing three and wounding eight says Madras dispatch filed Tuesday and received here today.

SANFORD'S TEMPERATURE

Well, the old bulb took a drop yesterday but just as we were about to say so it went up again today and as we pen these few lines on our elegant upholstered, natural oak, full stuffed, Louis XIV typewriter the windows and doors are opened by the draft from the bank and we are enjoying beautiful sunshine. 57 was recorded yesterday for the maximum, 39 for the minimum and it looks like it would go up to 80 today. Nothing hurt, everybody safe. Have you been up in a balloon lately?
5:40 A. M. FEB. 9, 1922
Maximum 57
Minimum 39
Range 18
Barometer 30.54

SIXTEEN-INCH GUNS WILL BE SCRAPPED

(By The Associated Press) WATERLOO, N. Y., Feb. 9.—Officials of the United States arsenal here say under the program adopted at the Washington conference at least twenty 16-inch guns now under construction here must be scrapped.

BOWLING LEAGUE NOTES

By a Man Who Knows More About "Notes" than "Bowling"

In a regular scheduled match on the Parish House alleys last night the Rotary Club took advantage of the fact that the Kiwanis Club was slightly crippled and trimmed them to the same tune the Kiwanis did the Rotary the last time these same two teams met.

Bower, the Kiwanis star, was out of town, and his absence was felt as will be seen by the following score:

The Men's Club furnished refreshments during the game.

Rotary				
Britt	149	125	134	408
Housholder	143	156	145	444
Deas	97	126	141	364
Knight	112	108	132	352
Stevens (H. R.)	103			103
Henry	138	128	266	
Club total				1937

Kiwanis				
Lloyd	131	140	144	418
Wight	131	100	127	358
Thigpen	87	121	110	318
H. P. Smith	107	94	98	299
John Smith	98	111	102	311
Club total				1704

Standing of the Clubs			
	W	L	Pct
Men's Club	3	2	.600
Congregational Club	2	2	.500
Kiwanis Club	2	2	.500
Rotary Club	1	2	.334
Kiwanis Club vs. Congregational Club next Monday.			

The averages compiled after last night's games show that Bower is way in the lead, Bolding second, while Britt, Overlin and Carter hold down third place, each one with an average of 130. K is for Kiwanis, R for Rotary, M for Men's Club, and C for Congregational Club. The different players are getting into form fast and some big surprises are looked for between now and this time next week. The averages are as follows:

Games, Tl p'd Pct.			
Bower (K)	9	1538	170
Bolding (C)	12	1774	147
Britt (R)	9	1172	130
Carter (K)	6	783	130
Overlin (M)	15	1957	130
Renaud (C)	11	1423	129
Lloyd (K)	12	1542	128
Pennington (C)	9	1167	127
Snyder (M)	9	1161	126
Bennett (M)	15	1858	123
Betts (M)	15	1859	123
Knight (R)	9	1098	122
Housholder (R)	8	1090	122
Higgins (R)	3	360	120
Fox (M)	4	475	118
Matthews (M)	3	352	117
Wight (K)	8	936	116

SANFORD FLORIDA

OFFICE SUPPLIES AT HERALD OFFICE

Piggly Wiggly

ALL OVER THE WORLD

How You Shop at Piggly Wiggly

You walk through the Turnstile on the left and take one of the baskets or you can bring your own if you like.

A PIGGLY-WIGGLY store was made for you. It was made for her who is just a plain woman. It was made for her who goes about in silks. It was made for her who walks. It was made for her who rides in an automobile.

It was made for her who uses a gingham apron while she gets ready an evening meal for the home-coming of her man. It was made for her who lets the cook prepare the meal for the Lord of the house.

A PIGGLY-WIGGLY was made for everybody. You choose soup and there it is. You choose your brand and put into your basket the desired number of cans. You want sugar and it awaits you in packages of various sizes, wrapped and sealed. You want flour, and you select your sack. You want jam, jelly or marmalade, rolled oats, cornmeal, catsup or soap, starch or canned tomatoes, sardines or celery salt—and whatever you want is here set before you, with nothing but arm's reach between your desire and its fulfillment.

Nobody speaks to you unless a friend greets you. Nobody says: "I'm sorry we're out of that, but here is something 'just as good'."

You don't have to stand around while Mrs. Smith argues the price of canned peas, or lose time and patience while Mrs. Doe talks twelve chapters on a box of crackers. You need not ask any questions. They're all answered in advance in plain figures. They're all answered in advance on labels.

At PIGGLY-WIGGLY you select with your hands your fruits and vegetables, so you get the size and kind you want, not what somebody wants to hand you. At PIGGLY-WIGGLY you buy by weight, not by measure, the only fair and honest way.

At PIGGLY-WIGGLY a little child can shop as well as the most experienced buyer, as only nationally known products are on the shelves and the same prices are for each and all.

Butter, Lard, Cheese or Bacon—you stand before the big plate glass refrigerator—you see what you want and the price of each article. You open the door, make your selection, the door closes automatically, every compartment is

completely sealed, no cold gets out, no heat gets in, you are impressed by the cleanliness and orderly arrangement.

PIGGLY-WIGGLY stores are clean, the goods are clean, packages in all PIGGLY-WIGGLY stores are weighed and sealed by automatic machines. Purity and goodness are sealed in—dirt, vermin and moisture are sealed out.

Under the PIGGLY-WIGGLY system the customers, instead of being a dead load, become, and are, part of the machinery of service and delivery, and save for THEMSELVES the cost of the service they render themselves—you buy only what you want—see the SAVINGS that you make by the plainly-marked price tags on everything, and you estimate at a glance just how much you have earned for yourself every time you visit and patronize PIGGLY-WIGGLY. PIGGLY-WIGGLY wouldn't sell John D. Rockefeller a package of pepper on credit.

It wouldn't take a telephone order from President Harding.

It wouldn't deliver a carton of cornflakes or a hundred dollar order to anyone on top of the earth for any kind of pay—or free.

In less time than it has taken you to read the last ten paragraphs you will have in your basket soup, sugar, flour, jam, salt and whatever else you want. You have picked out the particular brands you want without suggestion or persuasion from any one, without risking a curt word by refusing to take "something just as good." If you wanted all big apples or all small oranges you have them. No one to fume, frown or fuss about it.

Now, you are at the checker's desk; your purchases are footed up on an Adding Machine made especially for PIGGLY-WIGGLY; you are handed the slip; your packages are placed in a paper sack; your change is handed you from the Cash Register and you are on your way rejoicing. You have hurried or have taken your own-sweet time; you are your own boss. Instead of paying some one to waste your time, you pay yourself in lower prices to save your time.

Mr. W. A. Kay, local representative, at the Seminole Hotel, will be glad to tell any Sanford folks how they may co-operate in bringing a PIGGLY-WIGGLY to Sanford at once.
